Chapter 66 That's it

"I can now fully understand the feeling of having garbage sucked into a vacuum cleaner!"

Kojiro, who was numbed by a 100,000-volt electric shock and spoke with a hint of electronic music, complained weakly about his current feelings.

"It should be a washing machine, right?"

Musashi, who was also annoyed by the electric sound of speaking, refuted Kojiro's description.

The three were then sucked directly into the machine and sprayed out from the pipe outside the gym.

"It feels ominous!"

The trio that was blown into the sky by the water pipe let out a wail, then gradually turned into stars and disappeared.

The little sea lion that had been washed out long ago was clapping and celebrating the disappearance of these troubles.

Although the three members of Team Rocket were sucked away by the machine and turned into shining stars in the gym, the machine did not stop working. Pikachu, who was sucked into the water, is about to face the same situation as Team Rocket.

At this time, Shining Kirlia, who was depressed enough, glanced at Pikachu in the water, and pulled the control lever of the machine in the air with lifeless eyes.

The machine operated the steering Pikachu and it was projected through the air along the water flow, landing safely in Sakura's arms.

Everyone simply cleaned up the messy venue.

Shining Kirlia cried while holding her burnt badge. This was the only badge she had ever won! She would definitely give Team Rocket a hard time the next time she saw them!

"What an unexpected troublemaker."

Xiaoxia stood with her hands on her hips, looking at the mess in front of her, feeling indescribably sad.

"Who should be considered the winner in the end?"

Xiaozhi still cares about who wins the game, after all, he, Xiaoxia and their Pokémon have not played yet.

"Yeah, anyway, just treat your two matches as being interrupted."

"It doesn't count. It doesn't count."

"It's a draw!"

"So I can't get the blue badge."

Hearing them say this, Xiaozhi lowered his head with a disappointed look on his face. After all, if it was a tie, he wouldn't get the blue badge.

It looks like I have to wait a few more days before coming back. After all, not everyone is willing to give me a badge like Xiaogang.

"No, this one is yours."

Sakura interrupted Xiaozhi's loss. A badge appeared in her hand without her knowing. She held it in her hand and looked at Xiaozhi with a smile.

"Sister Sakura, I didn't lose to him."

Misty was very confused as to why Xiaozhi was given the blue badge when it was clearly a draw, and she did not lose to Xiaozhi.

"It was Pikachu who resolved the crisis just now. If Pikachu had been sent out at the beginning, Misty's Pokémon would have had no chance of winning."

Seeing her sister's puzzled expression, Sakura didn't find it strange. After all, if Xiaozhi sent out Pikachu for the first time, her sister would be restrained. It would be useless to hide anywhere because the field was full of water.

"Okay Xiaozhi, take it. Oh, and here's yours."

Sakura handed the blue badge to Xiaozhi, and when she saw Shiny Kirlia holding the burnt badge, she smiled and took out a badge and handed it to her.

.....

"Xiaoxia, you have to keep working hard to become a trainer, otherwise not only will you not be as pretty as us, but you will also..."

Mudan said this meaningfully, and Xiaoxia blushed in anger.

"Sister, how's it going? Did you pass the gym?"

When Xiaoxia was saying goodbye to her sisters, Yu Feng appeared next to Shiny Kirlia, and stroked her head as he saw his sister still staring at the blue badge.

"Chirrut! (Don't touch my head. If I don't grow taller, you're responsible.)"

Shining Kirlia slapped Yu Feng's naughty big hand away in disgust. Doesn't he know that slapping your head won't make you taller?

She is the shortest in the family now. What if she becomes even shorter if she is touched again?

"Okay, okay, I won't touch you. What do you think of challenging the gym?"

Yu Feng suddenly felt bored. She was not cute at all like she was when she was a child. She hugged her brother and called him "brother". "Brother, I'm afraid my sister will never come back."

"Chirrut. (That's all!)"

Shining Kirlia tilted her head as if with some disdain, of course, this premise is that one has to ignore the blue badge she was holding tightly in her hand.

"Negative, your heart rate is fast and it's a sign of excitement."

Yu Feng suddenly told his sister in a serious tone what he had observed.

An increased heart rate and rising body temperature are signs of excitement!

"Chirrut! (You're going to die! Don't use your super powers to peek at other people's bodies!)"

Hearing her brother's words, Kirlia's cheeks turned red, and then she realized that her brother must be using super powers to observe her, and she punched her in the stomach in anger.

"puff!"

Yu Feng fell to the ground holding his stomach and could not get up. He only left a thumbs up to Shining Kiria, indicating that he recognized her strength.

"Hey, Xiaoxia, it's fine if you say you can't compare to us in beauty, but how come you can't even compare to the people in your industry?"

Seeing Yu Feng, Mudan complained about Xiaoxia with a smile. After all, it was okay that she couldn't compare with her sisters, but it was really miserable that she couldn't even compare with her peers.

"No way! Xiao Feng is a boy!"

After saying this, Xiaoxia covered her mouth. She felt like she had said something very wrong.

As expected, the sisters laughed even happier when they heard that Yu Feng was a boy. They all teased Xiaoxia: "You can't even beat the boys. You should just be a Pokémon trainer."

"By the way, does Xiao Feng have a girlfriend?"

Changpu poked Xiaoxia's waist and asked in a low voice whether Yu Feng had a girlfriend.

"Why are you asking this all of a sudden?"

Xiaoxia suddenly became a little alert. Why did her elder sister suddenly ask about this? What did it have to do with her whether Xiaofeng had a girlfriend or not?

"Don't worry about it. Just tell me whether you have it or not."

Sakura also came over from the side. The more Yu Feng looked at it, the more beautiful it became. It turned out that the saying was true: if a Pokémon is beautiful, its owner must be beautiful too (self-admitted).

"No, Xiao Feng was raised by elves, and now she is traveling to find her family."

After Xiaoxia said this, her three sisters' eyes suddenly lit up.

"Xiaoxia, you don't mind having another brother-in-law, right?"

Sakura rubbed her hands and asked Xiaoxia for her opinion. As for Yu Feng's opinion? It didn't matter. She was the one pursuing him anyway. Pretty people always get preferential treatment.

"What do you want to do? I'm warning you, Xiao Feng is only ten years old. You will be captured by Junsha."

Xiaoxia looked at her sisters with a wary look. Xiaofeng was only ten years old and couldn't let herself be bullied by her sisters!

At this time, Xiaogang also returned to the team. After Xiaozhi showed off the blue badge to him, Xiaogang suggested that they continue their journey.

All the purchases have been completed, and the next step is to go to the next gym to get the next gym.

Yu Feng also quickly got up and pulled his sister to catch up with Xiaozhi and Xiaogang who were gradually going away.

Xiaoxia also hurriedly said goodbye to her sister, quickly followed and started arguing with Xiaozhi.
