Chapter 68 Who is the fertilizer?

"Okay, who is the fertilizer that's going to help me win 99 games in a row? One step forward?"

Xiao Ming looked at the four people in the audience with an arrogant look on his face, as if he didn't take them seriously.

Yu Feng and the others looked at each other and took a step forward together, which made Xiao Ming break out in a cold sweat.

"Oh, so there's no room for negotiation? Well then, according to the rules of martial arts - it's a one-on-one duel, and no one is allowed to break the rules!"

"The blue-haired one who plays with the Poké Ball, come out. Yes, that's you."

Xiao Ming took a look and picked Yu Feng who was playing with the Poké Ball. Yu Feng pointed at him in surprise and walked forward.

"Why are you looking so weird? You can't even beat me with one punch!"

Seeing Xiao Ming's arrogant words, Xiao Xia and Xiao Gang silently made the sign of the cross for Xiao Ming in their hearts. Now they could only pray that Xiao Feng would be in a better mood.

"Pfft! What are you doing?"

Yu Feng didn't say anything, his eyes flashed blue, and Xiao Ming punched himself.

Xiao Ming, who had finally recovered, looked at Yu Feng, whose eyes were flashing blue light, tremblingly.

"I am a person with super powers."

Yu Feng used his superpowers to pick up a stone and then held it in the air, and the stone immediately turned into the shape of Pikachu.

"People with super powers should stop causing trouble."

After hearing Yu Feng's explanation, Xiao Ming's renal arrest occurred. He just wanted to achieve 99 consecutive wins and didn't want to be beaten.

"There's something wrong."

It seemed that Yu Feng was in a good mood today. He just rolled his eyes at him and didn't do anything.

But who knows if he can be chosen from the crowd? No matter how you look at it, he is not the easiest to play against.

"You did something wrong and you still talk back! If it weren't for you having super powers, I would have killed you a long time ago."

Xiao Ming's whole body is soft except for his mouth, which is hard. He won't let go even if he chooses the wrong person.

"The short guy in there, who is only five feet and a half inch short, is you. You have to admit that you are short. Stand firm when you get beaten."

I looked at the people again, and then looked at the shorter blue-haired guy behind them. The one in front was so strong, so the one behind couldn't be that strong.

How could Qiang hide behind others!

"Sana? (Me?)"

The shining leader Gardevoir was very confused. He originally wanted to sneak attack Yu Feng and give him the kiss of death, but they had the same idea and could not find a good opportunity to attack. He finally got ahold of him but didn't pay attention to his own situation and was pointed out by someone?

Yu Feng also patted his chest in horror. He quickly sensed the thoughts of his other self. Who did she learn this from?

But since Shiny Gardevoir was singled out, he simply didn't want to hide. After all, there was nothing to hide. He would just hug it and kiss it. Its psychic power was weaker than his, so he couldn't cheat and turn back into himself.

Without caring about Yu Feng's increasingly horrified expression behind him, he pushed aside a few people and stood up.

"I despise dishonest people the most in my life. Sit down!"

Xiao Ming looked up at the shining leader Gardevoir, who was several times taller than himself standing on the field, and suppressed his fear and told her to go back and do her best.

Shiny leader Gardevoir looked at Xiao Ming speechlessly. That's it? I thought you were so tough, but that's it?

As a result, he failed to launch a sneak attack on the main body. No matter what, the shining leader Gardevoir leaped forward and was ready to forcibly grab Yu Feng and give him a motherly kiss.

"That squinty-eyed guy is so cool, come out."

Xiao Ming looked around at the few people and found the man with squinty eyes and a look that made him look easy to bully.

Xiaogang's muscles are tense. Even though he takes care of his younger siblings, it's impossible for him to jump from a four or five meter high stand without any problem without a healthy body.

"Hey, this is a Pokémon battle, not a Trainer battle..."

"I'm not calling you, squinty-eyed brother. I'm calling that...that...that girl with orange hair. Yes, I've tolerated you for a long time. You're a girl mixed up among three grown men."

Seeing Onix appearing behind Xiaogang, Xiao Ming decisively chose to follow his heart. It looked like this Onix was not easy to beat. Then he looked at Xiaozhi. Everyone else was so strong, so this silly-looking kid must not be a weakling either.

Xiao Ming's eyes focused and he saw Xiaoxia, the only girl among the group. However, Xiaoxia seemed to see that he wanted to bully people, so the Gem Starfish had been released in advance.

"Alright, that's impressive. None of you look like a normal trainer. It's your own fault. Today's duel is cancelled."

Xiao Ming made a cross with his hands vigorously, indicating that he wanted to fight rather than be abused. None of them looked like a regular trainer.

They are either water-type Pokémon, giant Pokémon, or psychic Pokémon. Are these people really legal?

Now it was Xiaozhi's turn to be unhappy. You've asked everyone but not me, right?

"You put up such a big sign to promote your record, I will break your record!"

Xiaozhi was a little excited when he ran onto the battlefield. He wanted to challenge a strong enemy, so how could he let Xiao Ming, such a good opponent, escape!

"Bah! You don't have to brag there, you and I are on a completely different level!"

Looking at Xiaozhi's reckless look, Xiaoming knew that Xiaozhi's silly appearance was real. He pulled the whip and wanted to hit him, but he couldn't move. His eyes couldn't help but look at the person in front of him who couldn't move him.

Sure enough, there was a blue light flashing in Yu Feng's eyes, and he was about to question Yu Feng.

"You can play with the whip, but you are not allowed to whip people."

Yu Feng made a prohibiting gesture, indicating that no one was allowed to scare people.

"After I get my 100th victory, I'm going to go on a journey to get the badge!"

Although Yu Feng stopped him from showing off, Xiao Ming still expressed his thoughts. After all, he was only two wins away from going on a trip.

"It turns out he's almost achieving his goal."

"No wonder he works so hard."

Xiaogang and Xiaoxia then understood why Xiaoming wanted to set up such an informal gym, which was to win 100 games and challenge the gym.

"I just thought, if his winning streak was broken at 99, he would cry really loudly."

Yu Feng and the Shiny Boss Gardevoir made the chin-touching motion at the same time. Sure enough, Yu Feng cheated and assimilated the consciousness. It was a big failure that the Shiny Gardevoir didn't kiss Yu Feng.

Xiaogang and Xiaoxia on the side looked at Yu Feng with eyes of a devil, as if they wanted to know why such a beautiful person had such a vicious mind?

However, after Yu Feng said this, they also wanted to see if Xiao Ming would cry hard if his winning streak was broken with the last victory.

Looking at the two of them thinking, Yu Feng rolled his eyes and said, "You guys have started to think so, so stop calling the eldest brother bad by the second brother!"

As for why it was said to be 99 consecutive wins instead of 98, you are kidding. Do you really think that the current Smart can beat a trainer of this level?

No, no?
