Chapter 77: Awkward Self-Introduction

"That's enough, stop bragging. Are you saying you can beat me?"

"I'm from the Cerulean City Gym."

Xiaogang was not sure what Xiaochun's attitude was towards what she said, but Xiaoxia could no longer hold back her anger, and she questioned Xiaochun angrily.

"Oh, Cerulean City. It's a water-type Pokémon. You know I've won a lot of them in mock tournaments, you see."

Xiao Chun didn't react much when he heard Xiao Xia's words. He just turned on the machine next to him and called up an interface.

I saw a scene of two Pokémon fighting above. The one on the opposite side was a Gemstar, and the one on my side was a Smurf.

I saw Koudaihua launch an attack, instantly killing the Gem Starfish, and then the settlement screen appeared.

"What the hell is this? A mock match is a mock match and I am me. Do you want to give it a try?"

Xiaoxia was angry at this inexplicably confident person. How could ordinary trainers compare to gym trainers? Gym trainers were responsible for protecting the city.

There is a gap between machines and humans, not to mention the gap between gym trainers.

"I won't lose."

Xiao Chun was obviously very confident, after all, he had a secret weapon to deal with water Pokémon.

Xiao-Chun brought them to the actual combat area in the middle and stood confidently on the other side.

"Xiaoxia, why do you have to fight Xiaochun?"

Xiaozhi felt helpless about Xiaoxia's unreasonable anger. After all, it was completely unnecessary.

"I don't know. Anyway, the situation forced me to do this. Now that things have come to this, I must vent my anger!"

Xiaoxia really doesn't like this kind of blindly confident person. After all, saying that the gym leader is not good is also saying that she is not good enough. She really doesn't know what the gym leader does every day?

Misty released Starfish with a very gorgeous move. As soon as it landed on the field, Starfish seemed to feel the trainer's anger and became very energetic.

"You can never win if you use a water-type Pokémon in a place without water. I have a grass-type Pokémon called Sapphire that is resistant to water!"

Xiaochun was very proud to see the water-type Pokémon released by Xiaoxia. After all, not only would the combat power of a water-type Pokémon like Starfish be greatly reduced when out of water, but he also had Smurfette, which was able to restrain water-type Pokémon.

How to lose when Koudaika hits your face?

Xiao Chun also released the stupid flower with a silly look on his face.

"You underestimate the Cerulean Gym. Go, Starfish!"

Xiaoxia was already furious. Who told him that any water-type Pokémon could not live without water?

After all, it was not a gym battle, so there was no need to let the challenger attack first. Misty directly ordered Starfish to attack.

The Gem Starfish fired a shot of water from its water gun and immediately sent away the Dazeflower who was standing there in a daze waiting for instructions.

"That's impossible. Kou Daika shouldn't be afraid of water."

Xiao Chun was somewhat skeptical about his life. He had defeated Starfish many times with Kochika in mock battles, but why was he defeated by Starfish in actual combat?

Just when Xiao Chun was still doubting himself about his life, a female voice came from behind him: "So you can't do it. Your opponent is the girl from the gym in Cerulean City. The water-type Pokémon she holds must be of a high level."

Yuto Seiji appeared behind Xiaochun at some point, and brought back the students who had been scared away by Yu Feng.

"You're not concentrating enough on your studies. You're annoying to me."

Yuto Seiyo looked at Xiaochun with arrogance. Someone like him who didn't study seriously was an eyesore just standing in front of her.

"Is that you, Yuto Seidai?"

"You'll be a beauty in eight years!"

The two of them had fawning expressions on their faces and even used honorific titles.

"you?"

Yu Feng and Xiao Xia looked at Xiao Gang and Xiao Zhi with great contempt.

"I've never had that much respect from either of those guys."

Xiaoxia's contempt was about to overflow. How could these two guys not be pretty? Fortunately, Xiaofeng was not as superficial as these two people and only looked at their appearance. This made Xiaoxia feel a little more comfortable.

Girl, you should know that the two women present here are not even as pretty as him, and his preference is Gardevoir, it would be strange if he could have any reaction.

"Yes, I am the top star in the beginner class of the world-renowned cram school, the Pokémon Research Class."

Yuto Seidai was intoxicated as she recited her self-introduction, which was so embarrassing that it could be deducted with her toes, accompanied by movements that looked very gorgeous.

"In the far reaches of the Milky Way, the shining Andromeda is what people call me, but my true identity is Yuto Seidai!"

Yuto Seidai finally finished her narcissistic self-introduction, and Yu Feng had successfully dug out a three-bedroom, one-living-room apartment with his feet.

Well, in the physical sense, Yu Feng's butler has already started cleaning the dust that Yu Feng has fixed.

"I hope that my classmates will be my best rivals, that we can learn from each other, respect each other, and create a better future for the Pokémon era together."

Yuto Seiyō put his hand on his chest and told his thoughts, then he changed the subject and said to Xiaochun very seriously: "But what do you look like?"

Ignoring Xiaochun's shocked expression, Yuto Seiji's words pierced Xiaochun's soft spot like a sharp sword.

"I beg you, can you please become stronger? If you can't make progress, don't show up in front of me, leave here, goodbye."

Yuto Seiyō seemed to have finished saying what he wanted to say, then turned around and left without hesitation, leaving behind Xiaochun, whose world seemed to have darkened in an instant.

"Wait a minute, protecting weak boys is what a real woman should do. I, Xiaoxia, am the most beautiful girl in the world, and I will never forgive you for what you did."

Misty had always disagreed with this system, and with the performance of Satoshi and Brock, Misty now dislikes Yuto Seidai.

Yuto Seidai, who had his back to Xiaoxia, raised the corner of his mouth slightly and said to Xiaoxia without turning his head: "Haha, I won't be polite to girls."

Now it was Xiaozhi's turn to get nervous. He didn't know who to help. If he helped Xiaoxia, but Yuto Seidai was so cute, or if he helped Yuto Seidai, but Xiaoxia was his companion.

"I now how to do?"

Desperate, Xiaozhi looked at Xiaogang and asked him what he should do. After all, these were things he had to do himself.

"Xiaozhi, being dragged into a war between women will have terrible consequences!"

As a person who has experienced this, Xiaogang tells Xiaozhi what terrible things will happen if he is involved in a fight between girls, even though he has never experienced such a thing.

Xiaozhi also showed a surprised expression to give Xiaogang face.

Yu Feng was speechless when he saw the two men in front of him who had never been with a girl but were trying to pretend to be very experienced.
