Chapter 78 I'm Humiliating You

The tension between Xiaoxia and Yuto Seidai is getting more and more serious, and electric sparks have begun to appear in the air.

"Use this against Water Pokémon, and Rumblestone against Rock Pokémon!"

Yuto Sundae slowly walked to the shelf full of Poké Balls, picked up a Poké Ball, and threw it out with a very gorgeous move. A Rhydon with very sharp eyes appeared on the field.

"That's impossible! Rock-type Pokémon should be most afraid of Water-type Pokémon!"

Now it was Xiaogang's turn to lose his composure. This Yuto Seidai was obviously not a young and reckless person like Xiaozhi.

She couldn't possibly not know that Rhydon was severely suppressed by the water system, so why did she still send out Rhydon with four times the power of weak water?

"Even if rock-type Pokémon are afraid of water, we can still win as long as we have enough levels."

Yuto Seidai is very confident that attribute restraint is not the determining factor. As long as the level of a rock-type Pokémon is high enough, it is not impossible to defeat a water-type Pokémon.

As if to confirm what Yuto Seidai said, the Rhydon took the initiative and smashed down towards the Gem Starfish.

The Gem Starfish nimbly dodged Rumble Rock's clumsy attack, then sprayed water at Rumble Rock, which was still on the ground.

Rumblestone glanced sideways at the Gem Starfish that was pointed at him, then leaped back and slammed directly into the Gem Starfish with the water gun, shattering even the gem in the center.

The jewel starfish flew directly out of the window and fell into the pool below.

"How could such a thing happen?"

Looking at the marks left by the Gem Starfish on the window, Xiaoxia's face turned very ugly. She couldn't believe that her Gem Starfish was defeated by the Rumble Stone. The Rumble Stone was clearly four times more powerful than Weak Water.

.....

"Well, that's your favorite swimming pool. If you don't want to give up, you can use other water-type Pokémon to duel."

Yuto Seida looked at Misty, who was holding the Jewel Starfish with an ugly face, and her tone was full of disdain, as if it would not be difficult to defeat such a weak gym leader even in a restrained territory.

"So you deliberately brought out the Pokémon that is afraid of water to duel, right?"

Xiaoxia could see through Yuto Seidai's intentions. In addition to humiliating her, she also wanted to tell the people behind her that attribute restraint was not very important.

"Of course, Pokémon need to be trained to become stronger. If the level is high enough, a Pokémon that is afraid of water can also win. This is calculation."

Yuto Seidai was as arrogant as ever, and then he tilted his head and looked at Xiaochun and asked, "Xiaochun, do you know what I mean? What determines the outcome of a Pokémon battle is not only the attributes of the Pokémon, but also the level. Only by learning to calculate this can you become a first-class Pokémon trainer."

Even in this situation, Yuto Seidai did not forget to educate Xiaochun.

"Wait..."

Xiao Zhi was about to speak when he was suppressed by Yu Feng. After seeing Yu Feng gave him a look that showed he believed in him, Xiao Zhi patiently watched Yu Feng's performance.

"Although what you said is correct, level is not the key to determining Pokémon battles."

Yu Feng signaled to Ai Guan Shi to treat the Gem Starfish, and then stood solemnly in front of Yuto Seidai.

Ai Guanshi came to Xiaoxia and smiled, motioning Xiaoxia to hand the jewel starfish to her.

After taking the jewel starfish from Xiaoxia, Ai Guanshi's expression became serious. He rubbed his hands together and crystal spots of light slowly covered the jewel starfish.

It didn't take long for the Jewel Starfish to regain her energy and comfort Xiaoxia who was worried about her.

"Thank you, Xiao Feng."

Xiaoxia was very grateful to Xiaofeng for her help. The Gem Starfish had been with her growing up. Just now she really felt like the sky was about to fall.

"Who are you? I'll tell you again, I will not show mercy to girls."

Seeing another girl coming, Yuto Seidai's expression was as arrogant as ever, even though the girl in front of him was very beautiful.

"I'm a man! Um... Yu Feng from the Super Power Forest."

When Yu Feng introduced his location, he thought for a moment and finally said the name of the forest.

"How many badges do you have? Or do you only have two like the little boy behind you? Oh, you are traveling together, so that means you only have two badges too."

When Yu Feng said that he was a boy, Yuto Seidai felt his cerebellum shrink a little.

She looked carefully at Yu Feng's delicate face. How could such a beautiful face belong to a boy?

Yuto Seidai observed Yu Feng carefully, trying to find evidence that he was a girl, but unfortunately his barren chest and slightly protruding Adam's apple showed that he was a boy.

Her proud looks were actually surpassed by a boy? This made Yuto Seidai feel a little frustrated, but soon her eyes were attracted by Xiaozhi who seemed to have ADHD behind her.

Xiaozhi opened his clothes like a pervert and showed off his two badges.

Yuto Seidai said it out of spite and regretted it immediately, but in order to maintain her own image, this matter cannot end like this.

"....So what?"

Yu Feng followed Yuto Seidai's gaze and was speechless. Who in the family would understand? Xiaozhi was showing off his badge. Was this something that could be shown off?

"So you are a beginner. How many days have you volunteered to be a Pokémon trainer?"

After hearing Yu Feng's words, Yuto Seidai continued without thinking. At this time, she hated herself for being able to finish Yu Feng's words instantly every time.

"Ms. Yuto, he was the one who just threatened us!"

At this time, the people behind also realized that it was Yu Feng who had threatened them in the fog just now, so they reported what had just happened to Yuto Seidai with exaggeration.

"Oh no, I thought you were so awesome, but you're the same as the kid behind you? You can't even educate a Pokémon after all this time? It's common sense that Pokémon are kept in Poké Balls."

After hearing the students' explanations, Yuto Seiyō's slight favorable impression towards Yu Feng disappeared completely. She pretended to be surprised and looked at Yu Feng and the steward beside him.

"Why do you care how I raise my Pokémon? If you are so awesome, why don't you tell Miss Joy and Miss Junsha not to leave the Pokémon outside?"

Yu Feng didn't care about the spoiled Yuto Sundae. How come he is an unqualified trainer just because he doesn't put Pokémon in Poké Balls?

Say this to Miss Joy and Miss Junsha and see if they will slap you in the face.

I don't know where you learned this, but you're showing off your superiority?

"Pokémon trainers usually carry six Pokémon with them..."
