

Gardevoir 84

Chapter 84 I want to travel with you.

"Yawn, huh? What are you doing?"

Xiaoxia finally woke up from her sleep, and when she came out, she saw Xiaozhi, who was lying on the ground covered in black, and Pikachu, who was tired and panting.

I was a little curious, were they performing some kind of performance art? Why were they lying on the ground outside in all black?

Ash and Pikachu were too tired to talk anymore, there really wasn't anything to say right now.

"Bang! Bang!"

The sound of Yu Feng and Shining Kirliain fighting could be heard. Both of them were engaging in physical combat with brilliant white light wrapped around their hands.

The action of "You punch me and I kick you" and this fist-to-flesh fight made Xiaogang, who came from behind, eager to try.

However, considering that the white light wrapped around the fist was either a million-ton punch or some other boxing skill, if he didn't want to get into trouble, it would be better for him not to go up and cause trouble.

Of course, what they didn't know was that because Yu Feng and Shining Kirliain were now with them, their training volume had been reduced a lot.

At least there won't be skills like mental power flying all over the place. If Xiaozhi and the others were to see the amount of daily training, they would be dumbfounded.

.....

"Hiss, be gentle."

Xiaozhi gritted his teeth as Xiaogang applied the medicine, and cried out in pain from time to time.

Xiaogang carefully applied ointment to Xiaozhi's injured part. Miraculously, the scar on Xiaozhi's injured part became very shallow not long after the ointment was applied. Xiaogang comforted Xiaozhi while applying the ointment: "Okay, okay, it's almost done. It's done."

After Xiaogang applied the ointment to Xiaozhi, he packed it up and put it back into his backpack. Maybe he could use it again next time.

"Why did you suddenly start morning training? Have you come to your senses?"

Xiaoxia was curious about why Xiaozhi suddenly got up early in the morning to start training. Could it be that Xiaozhi had suddenly become smart and realized that his training volume was not enough, so he got up for morning exercises?

Feeling relaxed, Xiaozhi explained to Xiaoxia and Xiaogang why he did morning exercises, and also emphasized how Xiaofeng pulled him out.

Unfortunately, things did not develop as he had imagined where everyone went to attack Xiao Feng. Instead, they all gave Yu Feng a thumbs up to show that he was doing a good job.

"Well done Xiao Feng, I wanted to train him the last time he lost to Xiao Ming."

Xiaoxia crossed her arms and admired Yu Feng's behavior. After all, she wanted to train him since Xiao Ming ridiculed her last time. Xiaogang didn't care about such things after all, his goal was to be a breeder rather than a trainer.

But Xiaoxia couldn't stand this grievance. It was just that because of traveling all the time, getting up too early in the morning would be bad for the skin. She had to rush on the road at noon and had no time to train. In the afternoon, she had no choice but to rest early otherwise it would be bad for the skin.

Yes, Xiaoxia, the most beautiful girl in the world, would never do anything that is bad for her skin.

"Well, Pikachu did a good job. Although he was hit by Charmander eight times, he also hit Satoshi thirteen times. As a reward, Charmander and Miblim will have three days of delicious food. As for Pikachu, I'll give you one day as well. As for Satoshi."

Yu Feng finished his sparring with his sister and came to arrange rewards for Charmander and the others. He even gave Pikachu a day as a reward. As for Xiaozhi...

It's not that he doesn't want to give it. Pikachu was able to hit him thirteen times in half an hour while being restrained by Charmander and Miblime. Now Xiaozhi's physical fitness is not yet at the level to be able to move at high speed later.

Ignoring the somewhat disappointed Xiaozhi, Yu Feng looked at Xiaogang and Xiaoxia and said, "Have you packed up? If everything is ok, wait for Xiaozhi and I to pack up a little and then leave."

After getting confirmation from Xiaogang and Xiaoxia, Yu Feng nodded and left the lost Xiaozhi there.

"Xiaozhi, I suggest you go pack your things quickly. Xiaofeng won't wait for you too long."

Xiaogang suggested that Xiaozhi pack up quickly. Although Xiaofeng could be funny sometimes, he would always stick to his decision.

Xiaozhi then realized that Yu Feng didn't care about what he did. You know, Yu Feng has superpowers and can definitely go back and forth faster than him. If he didn't go, they would really leave by themselves.

.....

"Is it really okay for us to leave without telling Yuto Seidai?"

While walking on the road, Xiaozhi seemed to remember something and said to Xiaoxia and the others with some uncertainty, after all, he had stayed for a night out of someone else's kindness, it would not be right to leave without saying goodbye.

"That's right. At least she let us stay for one night. Is it really okay to leave without saying goodbye?"

Xiaoxia was also a little uneasy. Although Yuto Seidai was not a good person, at least he let them have a good rest for the night. Is it really okay for him to just leave without saying goodbye?

"I always feel that she has bad intentions. She was staring at me yesterday. I feel numb just thinking about it now."

When Yu Feng heard them talking about this, a big drop of cold sweat ran down his ear. You know, he left because of this.

Yesterday, Yuto Seidai was staring at him. If he really told her that he was leaving, who knows what would happen.

"Xiao Feng is right. Yuto Seidai was indeed staring at him yesterday."

Xiaogang also agreed with Yu Feng's words. To him, he knew exactly what the beautiful girl did. She had indeed been staring at him without stopping yesterday.

Thinking of this, Xiaogang couldn't help but burst into tears and bit his handkerchief. He didn't even have this kind of treatment, which really made people envious.

"Really? If you're jealous, don't say it out loud!"

Xiaoxia didn't know why she wanted to go up and grab Xiaogang's ears, but she forced herself to hold back. After all, it was not polite to grab someone's ears for no reason.

"Anyway, let's go quickly. I always feel like someone is thinking about me."

Yu Feng shrank his body. This feeling was really bad. He always felt like someone was thinking about him, but he couldn't tell who it was. It was really an uncomfortable feeling.

He didn't see anything strange when he predicted the future. Perhaps he was not very proficient in predicting the future and could not see things that far ahead. If he asked the old patriarch or his mother to take a look, they should be able to know what would happen to him.

But it would not be nice to bother them just for this, so I'd better go back next week and ask.

Yu Feng decided to go back next week, so he called Xiaozhi and the others to continue on their way. He was becoming more and more uneasy as he stayed any longer.

"Hey! Wait for me!"

A female voice interrupted everyone's progress, and when they turned around, it was none other than Yuto Seiji.

Now Yu Feng finally knew where his uneasiness came from. It turned out that Yuto Seidai was coming over. Looking at her full of equipment and backpack, she couldn't be traveling with them.

Suddenly he had a horrible guess. Could it be true that the rumor on the Internet in the previous life that Sundae was Shirona's distant cousin be true?

But that was obviously just a joke, if it were true then...

"I've decided, I want to travel with you!"
