

Gardevoir 87

Chapter 87 I want to be delicious!

The matter with Xiaozhi has come to an end for the time being. Now let us turn our attention to Yu Feng who has returned to the forest.

Yu Feng returned to the long-lost forest, or rather the forest of his hometown?

Compared with the forest outside, Yu Feng suddenly felt that his own forest was so familiar. At least there were not so many miscellaneous insect Pokémon. It was simply a paradise.

Looking at the scenery in front of him and the cute butterfly flying by, Yu Feng felt refreshed. Finally, there were no insects like caterpillars.

"Oh, that's right, come out everyone!"

Yu Feng looked at the forest and suddenly remembered that the little guys in his team had not been home for a long time, so he quickly let them all out.

"Mm!"

"Ai Wan!"

"Hi!"

"Chirp~"

"Chirrut!"

"Shanai~"

Many Pokémon, including Shiny Gardevoir, were released, and they became active when they saw the familiar environment.

"Alright, alright. Everyone listen to me. If there are any tribesmen here, go back and take a look. If there are none, come back with me!"

Yu Feng clapped his hands to attract their attention to himself. Seeing that their attention shifted from why they were all let out to himself, Yu Feng nodded with satisfaction.

Inform them of your next itinerary. After all, it would be too much not to let them visit their families after they have finally come back.

"Ai Wan!"

Ai Guanshi was the first to shake his head to express his attitude, then he felt it was not appropriate to reply so quickly and started to explain with gestures.

"Yeah, I see."

Yu Feng looked at Ai Guanshi's actions thoughtfully, but the Shining Gardevoir behind him slapped his palm as if he suddenly realized something.

"Chirrut? (What did she say? Why didn't I understand?)"

Kirlia on the side looked at Yu Feng in surprise as he was in deep thought, and the Shining Gardevoir behind him who suddenly realized something, as well as the one who was smiling with squinted eyes, and the flowers representing happiness all around him materialized.

She was a Pokémon after all, so why didn't she understand what the Butler wanted to say? She only understood that he didn't want to go back, but she didn't understand a word of the gestures that followed.

Yu Feng was also very surprised when he saw his sister's puzzled expression. She seemed to not understand why you still didn't understand what she meant when you were raised by Ai Guanshi.

"She said she wasn't going back."

Although he didn't understand, Yu Feng still patiently explained to his sister what Ai Guanshi meant.

"boom!"

"Chirrut! (Of course I know what that means, I mean what I'll show you later!)"

Yu Feng flashed and was lying on the ground with a big red bump on his head, while Shining Kirlian stood aside, wiping his hands and complaining.

"I know, but you're still asking! She said there's no point in going back. They just need to find someone to take care of them forever. Her mother trained and ran with a human a few years ago. She can just take care of me now."

Yu Feng climbed up awkwardly with help tears streaming down his face (QAQ), and gently stroked the big bag that was emitting a red glow.

Why do you ask him if you know the answer? You will be beaten if you tell him. How can such a thing happen in this world?

"Chirrut? (Don't you humans have an old saying that goes, 'If you don't return home with wealth and honor, it's like walking in fine clothes at night'? I'm going back to show off to them.)

Shining Kirlian was a little puzzled as to why he didn't go back. He had to show off to those butlers who were old and hadn't found anyone to take care of.

If she were the steward, she would have to bring Yu Feng to the clan territory to show off to those people, so as to make those stewards who have been unable to find him envious.

"That's not how that phrase works, forget it."

Yu Feng was just about to refute his sister's words that this was not how it should be used, but for a moment he couldn't think of any good way to refute.

"Mm!"

Flash fan Blim said that she wanted to go back and see, as she was about to evolve, and asked her family if there were any good ways to evolve.

"Okay, remember to gather at our place this afternoon, you know the way."

Yu Feng made an OK gesture to indicate that he understood, and told the flash fan Blim to remember to come and gather in the afternoon.

"Mum~"

After responding, Flash fan Blim skipped towards her home.

After dealing with the matter of Mibrim, Yu Feng, oh no, it's Shiny Gardevoir, turned his gaze towards his younger sister who had been observing him since a while ago.

"Chirrut! (Look at me, let's go back together.)"

Shining Kirlia rolled her eyes at her brother. What's the point in saying so much when the whole family lives together?

"Well, of course I know that. I'm just testing you. What about you, little fairy? Do you want to go back with us or go visit your people?"

Yu Feng coughed awkwardly a few times. Could he say that he didn't react for a moment? Finally, he squatted down and gently stroked the little fairy's head, asking her what she was going to do.

"Chirp~"

The little milk fairy shook her body, indicating that she wanted to go back for a while. She felt very useless now and could not help in the battle. She could only provide some cream for the butler to make the cake.

Thinking of this, the little fairy shrank up and looked depressed.

Ai Guanshi came over and patted Little Milk Fairy on the head, signaling her not to be depressed. The two of them were not here to fight, except that Little Milk Fairy did have less flavor now.

I must add more flavored cream this time when I come back so that the cake won't be too monotonous.

And Xiao Feng can't eat anything too sweet, so she needs to neutralize it with black tea.

Ai Guanshi stroked Xiao Xiannai's head absentmindedly.

"Chirp~"

Little Milk Fairy also sensed the butler's absent-mindedness, and decided to go back and ask the tribesmen how to make her cream taste better.

"Okay, okay, don't push yourself too hard."

Yu Feng didn't know whether to laugh or cry about Little Milk Fairy's decision. He didn't expect her to fight in the first place. As for something more delicious, it would have no effect on him as long as it wasn't too sweet.

Well, you know, he used to love sweet things, and now he likes sweet things even more, but if he eats too much, bad things will happen.

That situation really scared him, and he almost thought he could never change back.

"Chirp~"

The little milk fairy also said goodbye to Yu Feng and twisted her way towards the tribe. She must know how the tribe members became so fond of the taste of their cream.

What? You ask why not ask Charmander? Her family is not here, so it is useless to ask. She can only go with him obediently. A cute broken-shell dream like Charmander is born to go with him obediently, hehehehe!

Oh yes, this also applies to Gardevoir's series of evolutions. Pokémon as cute as them are born to be eaten, hehehehe.

I don't know when Yu Feng had already foolishly hugged a Ralts that came out to greet them and was clinging to him madly. He looked like he wanted to refuse but didn't know how to say it, with his face blushing so much that steam was coming out. It was so adorable!
