

Gardevoir 89

Chapter 89 Are you stupid?

"Okay, okay, don't be curious. If mom is willing to talk, she will tell you when the time comes."

Yu Feng and Shining Gardevoir made a cross sign at the same time, indicating that they didn't want to talk about this topic anymore.

Her mother would naturally tell her what she should know, but she would never tell her what she shouldn't know no matter how much she was asked.

"Sana. (Okay, okay, let's go. Your mother has been waiting for you for a while.)"

"Sana. (Why doesn't anyone believe that I keep my mouth shut?)"

Seeing that they were unwilling to tell her what they were talking about, Gardevoir had no choice but to lead them into the forest, still muttering to herself. She was obviously very tight-lipped, so why didn't anyone believe her?

Although she was talking to herself, judging from her body shape, the sound of her talking to herself must be quite loud.

Of course, it is possible that she did it on purpose? Anyway, Yu Feng and Shining Kirlia could only pretend that they didn't hear what she said and walked forward with their heads down.

However, there is a disadvantage to just walking forward with your head down, which is that you cannot see the road ahead.

So...the man and the elf bumped directly into two balls of warmth, and then they heard the sound that appeared in their nightmares.

"Shanai! (I miss my babies so much, come and kiss me.)"

Looking at the babies who couldn't wait to run into her arms, Mother Gardevoir felt relieved. She didn't expect that her children thought of her like this. She suddenly felt that all these days of waiting were worth it.

"!!!!!!"

"!!!!!!"

Yu Feng and Shining Kirlia didn't expect that their mother was lying on the ground waiting for them in order to ambush them. They were so stupid that they didn't look at the road and walked into their mother's arms.

"Aunt, save me!"

Yu Feng looked to his aunt for help, hoping that she could rescue them. He would rather gossip with his aunt than accept his mother's "angel's kiss".

"Sana~ (I didn't hear you, I didn't hear you, auntie, I'm very angry now~)"

Aunt Gardevoir turned her head to the side and grabbed Shining Gardevoir to prevent her from rescuing Yu Feng and the others, telling them that they deserved it for not gossiping about her.

Looking at the situation in front of them, Yu Feng and his sister closed their eyes in despair. They could not escape this "Angel's Kiss".

.....

Yu Feng and his sister were squatting in the corner, looking gray as usual. Even Shiny Gardevoir, who was pulled aside to talk, was in a bad mood. He wanted to cheer up but couldn't muster any energy at all.

"Shana~ (I didn't expect Xiao Fengfeng and the others to be so proactive this time. Mommy, I'm so happy~)"

After sucking her children, the mother of Gardevoir held her face with a flushed face. She hadn't seen her babies for nearly a month, and this time she was finally satisfied.

"Shanai~ (Is it possible that it wasn't our initiative?)"

Shining Gardevoir's face was full of haggardness. After all, she and Yu Feng were the same person. Their perceptions were the same. She also felt the "Angel's Kiss" that Yu Feng felt.

Well, there's nothing wrong with the kiss itself, but if you look at it from another perspective, it's like a giant opening her bloody mouth to kiss someone.

Moreover, the power of skills will increase accordingly as your body gets bigger, so it's normal to feel that your body is hollowed out.

"Ahem, okay mom, we have to get down to business."

Yu Feng wiped his pale cheeks, and his face became rosy again as if by magic.

"Sanae? (Business? Didn't you come back because you missed mom so much? Mom is so sad that she can only squat in the corner and cry by herself.)"

When Gardevoir's mother heard that Yu Feng was going to talk about serious matters, she covered her face and cried. It turned out that her child didn't come back just because he missed her. She was really old and wise, and even her own child didn't like her.

She squatted aside and wiped her tears quietly, but her eyes kept looking at Yu Feng and Shining Kirlia, hoping that they could come to comfort her and let her replenish Xiao Fengfeng's energy.

Yu Feng's forehead was full of black lines when he heard this. His mother really didn't forget to suck his sister at this time.

As soon as he thought about it, Shining Gardevoir knew what to do now. He smiled and asked his aunt who was watching the show on the side to leave. He also considerately locked the door and put a seal on it to prevent anyone from teleporting in without paying attention.

That's right, it was my aunt who was talking about it. Shiny Gardevoir knew that her seal would definitely be broken by her aunt, and she put the seal just to remind herself that the one inside could stop.

"Sanae! (Hey, I still want to watch the show!)"

The aunt was dissatisfied as she was hugged by Shiny Gardevoir and walked out. She obviously wanted to see how the situation would develop next, but Yu Feng knew her weakness and slowly took her out.

After making sure that the spectators had left, Yu Feng apologized in her heart, stuffed her still confused sister into her mother's arms, and started to talk about the serious matter she wanted to talk about.

.....

"Sanae! (Hey, aren't you curious about what they are talking about?)"

After the aunt was carried outside, she knew that she would definitely not be able to get in, but she was really curious and her heart felt itchy as if it was being tickled by a cat.

She felt uncomfortable if she wasn't allowed to listen to gossip! Her eyes rolled around as if she was thinking of some way to be allowed in to listen to the gossip.

Suddenly, as if she had thought of a good idea, a light bulb popped up in her head. However, my aunt didn't keep the bulb on for long. She felt that the light was too dazzling, so she slapped the bulb into powder with a slap.

"Sana! (Hehehe, Xiao Fengfeng.)"

Then he walked up to Shiny Gardevoir with a smile, looking at Yu Feng in front of him with a seductive expression on his face.

Her idea was very simple. No matter whether the 'Yu Feng' in front of her was a man or a woman, the original Yu Feng was a male Gardevoir, so it would be impossible for him to resist the charm of a member of the same race as her.

You have to know that you are the most beautiful one in the tribe (self-proclaimed), and I believe that as long as I use a little trick, Yu Feng will surrender and retreat without a fight and open the door for me obediently.

Shiny Gardevoir had the expression of an old man on the subway, and he simply couldn't bear to look at the aunt in front of him. The weird expression was simply torturing her.

"Sana. (Just say what you want to say, don't make that expression. It really makes me feel a little...)"

Shiny Gardevoir made a vomiting gesture, stopping my aunt from taking any further action and signaling her to speak frankly. Even though she liked Gardevoir very much, my aunt's expression was really hard to describe.

"Shanai! (What are you talking about! I am the most beautiful in the tribe! Forget it, aren't you curious about what they are talking about?)"

The aunt stomped her feet when she heard the tone of Shiny Gardevoir's words, but then she remembered what her main business was and continued to seduce Shiny Gardevoir with seductive words.

When Shiny Gardevoir heard this, she looked at her aunt as if she was a fool, as if she wanted to know why she said such a thing.
