Chapter 94 I will let him feel the despair

Xiaozhi's actions attracted everyone's attention. Under everyone's gaze, Xiaozhi said proudly, "I don't know who that Charmander is waiting for on that stone, right, Xiaofeng?"

Then he looked at Yu Feng flatteringly and asked him to say whether his opinion was correct.

"You are right. This little Charmander is indeed waiting for someone as you said, but..."

Yu Feng jumped up and squatted beside the little fire dragon, closed his eyes and gently stroked his head.

Charmander tilted its head and looked at the human in front of him who was full of the breath of nature. You said he was of the same race but he looked like the human behind him. You said he was a human but he was full of the breath of Pokémon.

But he was very weak now and just rubbed Yu Feng's hand slightly to express his affection. Seeing this scene, Xiaozhi on the side just bit the handkerchief. He had never stroked Charmander like this before.

"But what? Xiao Feng?"

Xiaoxia was disgusted by Yu Feng's behavior of speaking half-sentences. It was just as disgusting as going to the bathroom without bringing any toilet paper, asking the neighbor to borrow some but getting handed a piece of sandpaper instead.

"He's already someone else's Pokémon."

A green light flashed across Yu Feng's hand, and the little fire dragon's listless look became better.

As if knowing that Yu Feng had helped him treat it, the little fire dragon raised its body with difficulty and rubbed Yu Feng's trouser leg.

"Is that so? We should leave his treatment to his master."

After knowing that this Charmander had an owner, Xiao Gang was helpless. In Charmander's current condition, it was impossible to forcibly transfer it. Given his poor physical condition, he would definitely get into trouble if he resisted.

"I hope the person he is waiting for can come soon."

Knowing that Charmander has been captured, Xiaozhi can't force it anymore. This may be the case that what is destined to happen will happen, and what is not destined to happen should not be forced.

I can only hope that the person Charmander is waiting for will come soon.

"Hey, hey, can't you guys see that? He's been abandoned!"

Yuto Seidai couldn't stand it anymore. This little Charmander was staying here stubbornly. It must be because the people who abandoned him told him to stay here and not leave.

"Yes, his physical condition is very bad, and he has been abandoned here for at least two days. If you wanted to take him away, you would have taken him away long ago, right?"

Yu Feng frowned, he finally remembered what was going on this time. This event was about Ash taming Charmander, and this Charmander would be the future Sprite.

Unfortunately, his first trainer was a person who was even more disgusting than Gougou. He seemed to remember that his name was Daisuke? It seemed that he abandoned him because Charmander couldn't defeat Water Pokémon.

"Ah, let's take him away quickly!"

Xiaoxia's face suddenly became serious. If the abandoned Pokémon didn't take them away by their owners, they would die.

"No, you can't take him away. He's very weak."

Xiaogang refuted Xiaoxia's statement, saying that if it couldn't be put into the Poké Ball, there would be no way for them to take Charmander away without fighting.

Charmander's body certainly can't withstand such serious damage now.

"Doesn't Xiao Feng have Psychic-type Pokémon? Use Psychic to take him away."

Xiaoxia was so excited that she almost revealed the fact that Yu Feng had superpowers. Yu Feng could tell others about this himself, but she couldn't do it for him.

I had to say that Yu Feng had a psychic-type Pokémon that could use its psychic powers to take him away.

"I can take him away, then what? After I cure him, can I let him come back and wait for others here?"

Yu Feng shook his head. It was not that he didn't want to save her, but her heart was ill and could not be cured by medicine.

Even if Charmander's condition is cured, he will definitely come back here to continue waiting for people.

"Then let him be abandoned here?"

Xiaozhi felt a little reluctant. He couldn't just let Charmander stay here like this. What if it rained and the flame on Charmander's tail went out?

"Only by letting him release that scumbag trainer will you have a chance to subdue him. Otherwise, he will continue like this even if you leave."

"Since he was abandoned here, it means that the trainer is from nearby. We will definitely find him if we look for him nearby."

Yu Feng knew very well that if he let Charmander continue to stay here, he would die, but if he didn't let Charmander give up his scumbag trainer, this situation would definitely continue after they left.

"Then what shall we do?"

Xiaogang was also a little anxious. After all, when it comes to his love for Pokémon, he is no less than Xiaozhi, and the situation of Charmander in front of him is very dangerous.

"Don't worry, listen to me. I looked at the map and found that there is a Pokémon Center nearby."

Yu Feng didn't finish his words, because he knew that Xiaozhi and the others would understand what he meant even if he didn't explain it clearly.

"You mean, if the trainer who abandoned Charmander is from nearby, then he would most likely be in that Pokémon Center, right?"

Yuto Seidai is indeed an excellent student. She immediately knew what Yu Feng wanted to express. The fact that there is a Pokémon Center nearby means that the person who abandoned Charmander must be resting there.

If they were from nearby, they would definitely be over there, because apart from that Pokémon Center, the nearest Pokémon Centers were all in Vermilion City.

Unless there is an accident, it will definitely be there with me.

"That's right. As long as nothing unexpected happens, we can see this scumbag somewhere, and then show Charmander what he said or his behavior."

Yu Feng snapped his fingers and praised Yuto Seidai's wisdom. That's right, as long as there is no accident, he will definitely be there. As for whether there will be an accident, it will definitely not happen. What kind of trainer would not take a good rest in the Pokémon Center?

"What about Charmander? It looks like it's going to rain. If Charmander stays like this, there will definitely be problems, right?"

Xiaozhi looked at the sky which was beginning to become gloomy and said with some concern. After all, he had just looked in the illustrated book that the flame on Charmander's tail went out, which meant that he had reached the end.

"Do you not believe me, or do you not believe Ai Guanshi?"

Seeing Xiaozhi who was still worried about Charmander, Yu Feng raised his eyebrows. Did he look down on him?

"Ai Wan!"

The butler who appeared out of nowhere looked at Xiaozhi angrily, suspecting that she could be slapping Yu Feng in the face!

"Let the butler block the raindrops near the tail? This is a really bold idea."

Xiaogang immediately guessed Yu Feng's idea. It has to be said that this idea is very bold, but it is also the best way for Charmander to clearly see the true face of the scum trainer, provided that the trainer is in the Pokémon Center.

"Oh, don't worry, I've asked Flash Kirlia to use Future Sight to check, and our actions will go smoothly this time."

The anger in Yu Feng's eyes was almost out of control, and he really wanted to beat up that guy named Dayou.

Yu Feng didn't know when he picked up a palm-sized stone and squeezed it hard. The stone instantly turned into powder and slowly dispersed from his body.
