Chapter 97 If No One Saw It, It Doesn't Count

"Then I'll be busy now. Call me if you need anything."

Realizing that she had done something bad, Miss Joy smiled awkwardly, then said goodbye to Yu Feng and the others. After all, she still had a lot of things to do.

"What a beautiful woman! This is the first time I've seen such a beautiful lady."

Xiao Gang watched Miss Joy walking away, and the blush on his face became more and more obvious.

"Come on, Joey always looks like that."

Xiaoxia was speechless about Xiaogang's behavior. It was as if there was no Pokémon Center and Miss Joy in Nibi City.

Don't all Miss Joys look like that?

"Is it another relative? What do you think, Xiao Feng?"

Xiaozhi turned his gaze to Yu Feng. After all, everything was under his control at the moment.

"That Dayou is still useful. I believe our old friend will help us. Also, Xiaogang, stop being in a daze!"

Yu Feng closed his eyes, as if he was communicating with Ai Guanshi. Not long after, the super power fluctuations in Yu Feng's eyes dissipated.

"Go find him quickly. Now is a good time to help him. I also recorded what happened just now."

Yu Feng showed Xiaoxia and the others the recorder in his hand, and what was playing was what Dayou had just said.

"Xiao Feng, aren't you going?"

Xiaozhi was a little confused as to why Yu Feng didn't go with them.

"I already have Charmander, and I've trained it very well. I don't want to tame that other one, so you guys have to do the work of improving its favorability. Do I need to tell you more?"

Yu Feng saw the clear stupidity in Xiaozhi's eyes, covered his forehead, took out Charmander's Poké Ball and released Charmander. The Charmander made a Poss gesture towards them.

The slightly bulging muscles on his arms, his sharp eyes, and the fiercely burning flame on his tail all show that this little Charmander is well-trained.

Now Xiaozhi also understood why Yu Feng was not interested in Charmander. That Charmander looked thinner than Yu Feng's Charmander, so it was natural that he was not interested.

"Alright, alright, hurry up and go to Ai Guanshi, he is waiting for you there."

Yu Feng waved his hand to signal them to leave quickly and not stay in front of him.

Seeing this, Xiaozhi and the other two didn't say anything. They put on their raincoats and rushed into the heavy rain.

Yuto Seidai was not interested in this either and chose to stay in the Pokémon Center with Yu Feng, waiting for their return.

Shortly after they set off, Miss Joy was about to turn off the lights, and she looked at Yu Feng and Yuto Seidai who were still sitting in the hall with some curiosity.

"Aren't you two going to rest? You know, trainers need to rest well."

Although she didn't know what happened, she still advised them to go to bed early. A trainer's bad spirit would affect the Pokémon.

"Ah, it's okay. By the way, Miss Joy, could you please prepare for treatment? There's a Charmander that needs to be sent over for treatment."

Yu Feng smiled and shook his head to indicate that it was okay. He could stay up late for several days. But he suddenly remembered that Xiaozhi and the others were going to come back with Charmander.

Instead of rushing to prepare treatment equipment, it is better to talk to Miss Joy in advance and have her prepare them in advance.

"What happened?"

Miss Joy felt something was wrong after hearing Yu Feng's words. How did he know that a little fire dragon would be delivered soon?

Seeing that Miss Joy didn't quite understand what was going on, Yu Feng simply told her that they met an abandoned Charmander on the road and why they had a conflict with Dayou and others just now.

"What! Is there such a thing?!"

When Miss Joy heard that Dayou abandoned Charmander and lied to him that he would take him back, she became furious.

He could have just released it, but he deceived and abandoned Charmander. In the eyes of Joey, who loves Pokémon, this is the greatest evil.

She originally thought that Yu Feng and the others had an argument with them just because of something Dayou and the others said, but she didn't expect that there was such a terrible thing involved.

Moreover, Miss Joy looked at the heavy rain outside with concern. Today's weather was a threat to Charmander's life.

"Don't worry, we will deal with this scum. He will be blacklisted by the Pokémon Center. After the investigators find out what he did, if it is too serious, we will deprive him of his trainer status."

This is only what Yu Feng and the others know, and looking at his indifferent attitude, one can imagine that Dayou must have done this many times behind the scenes.

Originally, Miss Joy just thought that he just had a bad temper and a bad attitude towards Pokémon, but she didn't expect that there would be such a thing. This really touched their minefield.

"I understand, but Miss Joy, can you let me teach him a lesson when the time comes?"

Yu Feng nodded. He was not sure why Xiaozhi did not tell Miss Joy their true situation in the original novel, but he was sure to tell her. With Miss Joy's personality, it would be impossible for Dayou to remain in pain.

"What lesson? Good kids shouldn't fight, even if you don't look like a kid. If you fight, you will be stripped of your trainer status."

When Miss Joy heard that Yu Feng wanted to teach Dayou a lesson, she made a big cross with her hands, indicating that violence was not allowed.

But then he stuck out his tongue playfully and whispered, "If no one sees it, it doesn't count as a fight."

Yu Feng looked at Miss Joy's playful expression and nodded in understanding. It seemed that Dayou had offended Miss Joy badly, otherwise Miss Joy would not have minded his use of violence.

"But I'm still a little worried about the child. This rain has been falling for a long time."

For a fire-type Pokémon like Charmander, rain is the most serious thing. Under normal circumstances, it will find a place to hide from the rain, but Daisuke lied to Charmander that he must wait there, which means that Charmander will definitely not find a place to hide from the rain.

If the flame on the tail goes out, it will be doomed. Miss Joy walked to the window and looked outside worriedly, but she didn't know that Yu Feng sent the butler to look after the little fire dragon.

At this moment, a flash of lightning suddenly appeared outside, illuminating half of the sky.

Looking at the lightning, Yu Feng knew that Xiaozhi and his crew had already picked up Charmander and would be back soon.

As he expected, not long after, Xiaozhi and Xiaogang, who were both soaked, walked in holding Charmander, who was in a very bad mental state.

"Ms. Joy, please! This little Charmander is about to die! Look at the flame on his tail."

Xiaozhi panted and looked at Miss Joy who was waiting at the window. Seeing Miss Joy rushing over, Xiaozhi pointed at Charmander's tail flame that seemed to be about to go out with a worried look on his face, regardless of his own fatigue.

Even though Yu Feng guaranteed that there would be no problems with the Charmander, the flame that looked like it was about to go out was really worrying.
