

## Genius 125

### Chapter 125 Driving is Also Riding\_1

"Forget it, with the way you and Tang Mei Mei are all over each other, we can't stand it. Just go and report to Tang Mei Mei already!" Unfortunately, Qin Fang's good intentions were instantly met with a series of middle fingers.

Qin Fang had lunch with Tang Feifei, and when they appeared hand in hand in the cafeteria, they happened to be seen by Shen Yang, who had lunch a bit later. As soon as he returned, he described the scene to everyone.

Despite his large size, Shen Yang was quite the storyteller. He managed to turn a simple event into an episodic novel, blowing it out of proportion until Qin Fang and Tang Feifei's relationship was finally confirmed to have progressed to the next level.

"You guys are ruthless!"

Qin Fang also responded with a middle finger and then made a quick escape, exactly as his buddies had said, since Tang Feifei had arranged to have dinner with him that evening.

However, what surprised Qin Fang was that during dinner, it wasn't just the two of them; Xiao Muxue was also there.

"Congratulations, Qin Fang, you two finally became a couple!"

When Xiao Muxue saw Qin Fang, her eyes flickered uncertainly, but she still managed to put on a smile and said.

"Thank you!"

Qin Fang hardly dared to meet Xiao Muxue's gaze and just nodded in appreciation while looking down.

"You won't mind if I sit here and be the third wheel, will you? If it's not okay, I can sit over there..." Xiao Muxue asked with a chuckle, although it seemed she didn't really intend to leave.

"No need, Muxue! Let's eat together... I'm going to the movies with Qin Fang later tonight, do you want to join us?"

Perhaps because she had won this battle, Tang Feifei's hostility towards Xiao Muxue had lessened a lot, and her gaze had become much softer at least.

"That... wouldn't be good, would it?"

Xiao Muxue hesitated, asking the question. It already took all her courage to stay and not leave, but to go to the movies and watch Qin Fang and Tang Feifei being lovey-dovey was more than she thought she could handle.

"Of course, there's no problem! You know, there's an American blockbuster that just came out tonight, and it's so good. All the girls in the dorm recommended it to me! You should come too; the more the merrier!"

Tang Feifei said with a beaming smile, pulling Xiao Muxue to the side. The two of them started discussing the plot of the movie, enthusiastically excluding Qin Fang as if he were just a breeze that passed by, making him feel exasperated at such an inattentive girlfriend.

"Now that you mention it, it does sound really good! I'll go too..."

Xiao Muxue eventually agreed hesitantly, giving a glance toward Qin Fang.

"Great, we'll meet you downstairs at six! Fangfang, borrow Xiao Nan's car for tonight. The movie theaters around the university town aren't great, let's head to the city!"

"Okay, no problem! But... I don't know how to drive!"

Qin Fang nodded, knowing that Xiao Nan initially came to school driving a BMW. However, the car had been parked at the school for over half a month, as Xiao Nan and his friends usually hung out together and had barely used it.

Borrowing the car seemed easy enough, but the problem was that Qin Fang didn't know how to drive, which made having a car pointless.

"Don't worry, just borrow the car, and leave the rest to me."

Tang Feifei took charge confidently, making Qin Fang feel quite surprised, as he didn't remember Tang Feifei ever mentioning she could drive.

He didn't doubt her, though, as Tang Feifei's family background suggested that it wouldn't be strange for her to know how to drive.

After the three of them finished dinner, they went their separate ways; Xiao Muxue went back to her dorm to get ready, and Tang Feifei decided to take a walk with Qin Fang to help digest their food.

"Feifei, it's one thing for the two of us to go to the movies, but why did you invite Muxue too?"

The more Qin Fang thought about it, the more something seemed off, so he couldn't help but complain.

"Hmmp, what's up? Now that we're together, we can't let Muxue be all alone, can we! Eh, stop asking so many questions; you'll find out soon enough."

Tang Feifei hummed, as if she had let something slip with her first statement, quickly putting on an air of secrecy and cutting the conversation short. Claiming she wanted to go back and get ready, putting on a nice outfit, she sent Qin Fang away.

Confused, Qin Fang had no choice but to return to his dorm, where his brothers were doing their own things—some eating, some playing basketball. Only Xiao Nan was sitting on the bed playing on his computer, which was his usual habit.

"Second Brother, are you using your car? If not, could I borrow it tonight? I'm taking Feifei to the city for a movie..." Naturally, Qin Fang didn't forget to ask Xiao Nan for the car. While changing his clothes, he spoke up.

"If you need it, just take it. The car keys should be on the desk; just look for them yourself..."

Xiao Nan seemed to be zoning out with a lecherous expression on his face, not even turning his head as he spoke.

Initially, Qin Fang didn't pay much attention and began rummaging around on Xiao Nan's desk for the car keys. However, after searching for a while to no avail, he decided to ask Xiao Nan.

But just then, he happened to notice the car keys hanging by Xiao Nan's bed, so he immediately walked over to grab them. As he leaned over, he glanced at Xiao Nan's computer screen and instantly froze.

"Second Brother, what are you doing? Having a nude chat?"

Qin Fang exclaimed in surprise at the sight of a woman's smooth body displayed on Xiao Nan's screen, lying on a bed with a pink stick inserted in her private area, which seemed to be the legendary masturbator.

Smack~

Xiao Nan immediately shut his laptop and retorted, "Fourth Brother, don't talk nonsense. What nude chat? Do you see me naked? My clothes are all in place... I was watching porn, just porn, got it? Forget it, why am I even explaining this to a little virgin like you? I'm off to eat!"

After saying that, Xiao Nan crawled off the bed and slipped away.

"Porn? It didn't look like it... It seemed like he was using a webcam... Could it be that I saw it wrong?"

Qin Fang was somewhat puzzled and questioned himself, but without any concrete evidence, he could only assume he was mistaken. He then followed suit, taking the car keys and leaving the dorm to go get the car from the parking lot.

...

Xiao Nan's car was a BMW Z4 with only two seats, meaning there was just enough space for him and Tang Feifei.

"I don't know what Feifei was thinking, insisting on bringing Muxue along when there's clearly only two seats. How are the three of us going to travel?" Qin Fang couldn't help but smile wryly at the sight of the car.

Honestly, despite his own considerable net worth, luxury cars like these were still beyond his means. It was said that Xiao Nan's car was the latest model, priced at nearly a million yuan. And this was merely Xiao Nan keeping a low profile since his arrival in Ninghai—if he were in Southern Guangdong Province, he'd be driving Lamborghinis, Ferraris, Porsches.

"Why don't I try out what a million-dollar luxury car feels like?"

Qin Fang held the keys in his hand, unlocked the electronic lock, and chuckled as he sat inside the car. You really couldn't deny the lavishness of the interior. If he opened the roof, it would become a convertible sports car—an eye-catcher if he were to drive it around.

Unfortunately for Qin Fang, he didn't know how to drive!

Almost as soon as the thought crossed his mind, a prompt unexpectedly appeared in Qin Fang's head, momentarily stunning him, his eyes wide open in disbelief.

"Driving counts as riding?"

Qin Fang could feel a cascade of black lines rolling down his forehead. This was the first time he had learned that driving a car could have such a connection with the riding skill in games.

"It does seem to be the case..."

However, reflecting on the introduction of the Riding Skill, it seemed that having a mount qualified as riding, and the BMW Z4 under his butt was exactly that—a mount. Although not in the narrow sense, but in a broader sense.

With this realization, Qin Fang's mood improved considerably. He had once complained about mastering such a seemingly useless skill, not realizing its true potential.

The Cycling Skill, like the Repair Skill, had a broad scope of coverage—riding bicycles, straddling horses, and even operating cars, tanks, airplanes, space shuttles, and more were all part of the Riding Skill.

As soon as Qin Fang sat in the car, his mind immediately prompted him on how to drive it.

What thrilled Qin Fang the most was that his daily cycling for proficiency—though he hadn't kept it up for long—had significantly increased his proficiency level, and this same proficiency could be applied to driving the car.

In just a few minutes, Qin Fang was able to smoothly steer the car into motion.

"Is driving really this easy?"

Qin Fang maneuvered around the parking lot with ease and quickly became more proficient, especially as his Riding Skill continued to improve.

In just over ten minutes, Qin Fang had transformed from a complete novice who had never touched a steering wheel into an experienced driver. Even though he lacked a driver's license, his skill level was now at least equivalent to someone who had been driving for a year.

"Tsk tsk, I can even show off in front of Feifei later!"

Having learned how to drive so swiftly, Qin Fang was convinced that not even the most talented prodigy could match him. The first thing that came to his mind was to surprise Tang Feifei. So he decided not to wait for her to pick up the car and instead drove the BMW Z4 out of the parking lot towards the girls' dormitories.

"Damn, isn't that Second Brother's car? Isn't he eating in the cafeteria? How come his car is being driven away?"

"Could it have been stolen?"

Just as Qin Fang drove past the cafeteria entrance, Shen Yang and others who had just finished their meal saw the departing BMW and were astonished, even reaching for their phones to inform Xiao Nan and potentially call the police.

"Don't call the police, the driver looks like... Fourth Brother Qin Fang!"
