

## Genius 126

### Chapter 126 Suspected Love Rival\_1

Watching the departing BMW, Fang Dacheng's expression seemed relatively better as he immediately stopped Shen Yang, who was about to call the police.

"No way, Boss, could you have seen wrong?"

"Since when could Fourth Brother drive? I didn't even know..."

However, Fang Dacheng's words immediately met with opposition from everyone. Among them, aside from Xiao Nan, who had a driver's license, no one else did. Fang's original circumstances, although slightly better than Fang Dacheng's, were still somewhat inferior when compared to the rest, making it even less likely that he could drive.

"Didn't you guys finish already? Why are you still standing here?"

Just then, Xiao Nan also finished eating, and, while wobbling like a crab, he came out, picking his teeth with a toothpick, and saw his brothers debating at the entrance of the cafeteria, which he found very strange.

"Second Brother, you arrived just in time. Your car got stolen!"

Shen Yang immediately shouted, clearly not believing that Qin Fang could drive.

"Eh, my car got stolen?"

Xiao Nan was taken aback, with a look of astonishment on his face.

"No, don't listen to their nonsense. I saw that it was Fourth Brother driving..." Fang Dacheng quickly tried to explain.

"Fourth Brother can drive?"

But Xiao Nan was even more surprised and couldn't help blurting out the question almost instinctively.

"Look, I told you, the driver definitely wasn't Fourth Brother; the car must have been stolen. We better call the police quickly, or by now Second Brother's car might already have been driven out of Ninghai..."

Shen Yang took out his phone again, preparing to call the police.

"Wait, wait... The Third, what's all this fuss about? I haven't finished talking yet. I did indeed lend my car to Fourth Brother!" Xiao Nan finally started to react and quickly grabbed Shen Yang.

"Ah!! So the person driving was really Fourth Brother?"

Upon hearing what Xiao Nan said, everyone was extremely surprised, finding it hard to believe that this was true.

"Guessing is useless, just go check it out! Fourth Brother told me he's going to take Tang Mei Mei to the city to watch a movie tonight. Head over to the girls' dorm area, and you'll definitely see him..."

Xiao Nan immediately said with a chuckle, especially when mentioning the girls' dormitory, his expression was particularly lascivious.

...

Downstairs of the girls' dormitory.

Qin Fang parked the car neatly not far from the entrance, clearly visible from the dormitory's doorway.

"Wow, a BMW..."

In Ning University, it wasn't uncommon to see rich second-generations driving various luxury cars on campus. There were even some wealthy men who kept female students as mistresses, occasionally picking them up in their cars.

Although such individuals were very much resented by the male students of Ning University, they couldn't help wishing they were in that position themselves. In reality, society was just that materialistic, and the female students had become increasingly practical and vain, preferring to be mistresses rather than dating poor students.

Because of this, whenever a luxury car appeared near the girls' dormitory, the girls passing by couldn't help but take a second look, at least to recognize which rich Young Master had come to flirt or which beauty had given herself away for money.

Of course, the type of car driven was also a standard for judgment.

Qin Fang did not get out of the car. To be honest, he couldn't quite handle the scorching gazes of the girls outside the car, as he was not a rich second-generation accustomed to a life of luxury and was still rather shy.

Knock, knock, knock, knock~~

Just as Qin Fang was about to call Tang Feifei, he heard a sound at the window. Looking up, he saw a rather attractive, sexily dressed senior smiling brilliantly at him.

"Hey, handsome, waiting for someone? Do you mind... "

Qin Fang rolled down the window, looking puzzled at the senior, and heard her say that while also playfully flicking her deep V-neck camisole, exposing some of her soft, fair skin.

"Sorry, I mind..."

Unfortunately, the senior clearly got the wrong person. She hadn't even begun her words, let alone deployed her sure-kill technique, before Qin Fang already rolled up the window and left her with that icy statement.

"What the hell!"

The senior's face changed drastically as she was ignored, cursively erupting with a vulgar expression, and even gave Qin Fang the middle finger. All of this was ignored by Qin Fang.

Screech~~~thud!

Not long after Qin Fang's car had stopped, accompanied by a grating sound of tires screeching, a yellow Lamborghini sports car executed a beautiful drift stop right next to Qin Fang's car, narrowly avoiding a collision.

Wow, a Lamborghini...

The young man sitting inside the Lamborghini was of a similar age to Qin Fang. He was dressed in expensive Versace casual wear, sporting a pair of black sunglasses, and was undoubtedly handsome—the kind that would make Qin Fang look downright ordinary by comparison.

As Qin Fang noticed the young man in the neighboring car, the other party also looked over and gave a smile—a very gentle one, although Qin Fang found it to be rather insincere. Still, he nodded back politely in response.

If Qin Fang's BMW Z4 could be considered luxurious compared to ordinary private cars, then it was nothing next to this Lamborghini worth at least three million.

The same group of girls was now looking at the Lamborghini with eyes as if they had seen a mountain of gold, their eyes nearly turning green with envy.

Especially the sexy senior who had just been rejected by Qin Fang, she flung herself at the handsome guy, using the same tactics and words, only to receive a single word in response... "Scram"!

Qin Fang didn't expect such a refined-looking young man to deal with a pretty senior sister with such language and couldn't help but sigh to himself, "What a personality." At least he wouldn't be capable of that.

When he saw Tang Feifei and Xiao Muxue come out of the girls' dormitory building, Qin Fang immediately opened the car door, stepped out, and walked over to Tang Feifei with a radiant smile.

What surprised him, though, was that the Lamborghini hunk got out of his car at the same time, also wearing a bright smile as he approached Tang Feifei.

In that moment, the eyes of the two men met, each filled with a hint of surprise and an involuntary sense of wariness and defense.

"Fangfang, you're so early, I was planning to go to the parking lot to meet you..."

Seeing Qin Fang, Tang Feifei rushed over with a big smile on her face and then cheerfully hugged him, making it seem like the two were incredibly affectionate, which made Xiao Muxue's complexion turn slightly gloomy.

"How could I let you come to pick me up..."

Qin Fang affectionately pinched Tang Feifei's cute little nose, chuckling as he spoke.

"By the way, Fangfang, how do you know how to drive? I don't remember you learning..."

But soon, Tang Feifei remembered this detail and asked curiously, as she knew Qin Fang too well over a long period of time.

"This... keep your voice down, don't let others hear. Actually, I don't have a driver's license!"

Qin Fang pulled Tang Feifei to his side and whispered in her ear, meanwhile, his warm breath tickled her sensitive earlobe, causing her to feel itchy and her ears to turn red.

However, when she heard this, her little mouth gaped open in surprise, then she whispered back into Qin Fang's ear, "You're so bold, driving without a license..."

The two of them whispered back and forth, completely ignoring Xiao Muxue and the Lamborghini guy, making the situation quite awkward for them both.

"Sorry for getting caught up in conversation and almost forgetting the important stuff!" Fortunately, although Tang Feifei was a bit scatterbrained, she finally remembered the main topic.

"Fangfang, Muxue, let me introduce you. This is Lu Xuan, the older brother from the aunt's house next door when I was a child, now a senior at East Sea University..."

"Hello, Qin Fang! Feifei's boyfriend!"

Qin Fang was quite proactive in shaking hands with Lu Xuan, who returned the gesture with courtesy. However, upon hearing Qin Fang mention that he was Tang Feifei's boyfriend, Lu Xuan's gaze tightened slightly as he instinctively looked Qin Fang up and down.

"Brother Lu Xuan, this is Xiao Muxue, my best friend..."

Seeing that Qin Fang and Lu Xuan seemed to be getting along well, Tang Feifei happily introduced Xiao Muxue to Lu Xuan.

"Hello, Miss Xiao!"

Lu Xuan greeted her very gentlemanly, reaching out his hand just as he had with Qin Fang.

"No worries!"

Unfortunately, Xiao Muxue seemed uninterested in his gentlemanly demeanor and didn't reach out her hand. Instead, she responded indifferently, occasionally glancing at Qin Fang somewhat unnaturally.

"Fangfang, Muxue, Lu Xuan happened to be free today, so I invited him to come with us to the movies. It worked out well, with two cars— Feifei and Fangfang in one, and Lu Xuan with Muxue in the other... Muxue, is that okay?"

Tang Feifei, seemingly oblivious to Xiao Muxue's reaction, had already made arrangements, looking sincerely at her.

"Yeah, that's fine!"

Xiao Muxue nodded calmly as her gaze inadvertently swept across Qin Fang's face once more.

...

"This is getting interesting. Xiao Mei Mei is one of Fourth Brother's people, and now this wealthy, handsome guy has shown up to compete with him. This is really going to be entertaining to watch..."

Watching the two cars drive off, Xiao Nan spoke with a weird expression.

Smack~~

"Second Brother, you're being unfair. Someone is trying to poach our brother's corner, and yet here you are, taking pleasure in his misfortune. Deserves a smack!" Shen Yang acted as if he was upholding justice as he justified the slap he had just given Xiao Nan.

"Come on, am I that kind of person? Let's go back and come up with a foolproof plan for Fourth Brother to score. We absolutely can't let that pretty boy succeed..."

Xiao Nan patted his chest, putting on the air of eradicating evil as he spoke.
