

## Genius 127

### Chapter 127: The Groping Little Hand in the Dark\_1

"Feifei, what's the meaning of bringing Lu Xuan here?"

In the car, Qin Fang had been silent for a long time but couldn't help asking, especially after recalling the two eye contacts with Xiao Muxue previously, it gave him a heart-wrenching feeling.

"To introduce a boyfriend to Muxue! Why? Are you feeling sorry?"

Tang Feifei spoke very calmly and even seemed to be teasing Qin Fang intentionally.

"What do you mean, feeling sorry! I just think Muxue doesn't seem very willing, and besides, they're not familiar with each other. Forcing them together like this is really inappropriate..."

Qin Fang certainly wouldn't admit that he was indeed very upset, he simply found another excuse.

"What's inappropriate about that? I think it's quite good! Lu Xuan is handsome, well-off, and has a great personality, and Muxue is beautiful, very gentle, and kind. They're truly a match made in heaven... Besides, Muxue didn't have any objections, or else she wouldn't have agreed to come along and even got into Lu Xuan's car!"

Tang Feifei argued her point confidently.

Even though her relationship with Qin Fang had been confirmed, she always felt that Xiao Muxue was her biggest love rival. If she allowed Xiao Muxue to stay by Qin Fang's side, she would really feel uneasy, so she came up with such a plan.

"You, ah, forget it, I won't say anymore..."

Qin Fang looked helplessly at Tang Feifei, wanting to scold her, but seemingly couldn't find the right words.

The two fell into mutual silence. Qin Fang didn't have a driver's license, so naturally, Tang Feifei was driving. However, the performance of the BMW Z4 was still good, and it could follow tightly even behind a sports car like the Lamborghini.

...

Nobody knew what happened between Lu Xuan and Xiao Muxue in the car, but when the two got out, Xiao Muxue was still calm, while Lu Xuan's face was slightly gloomy, quickly concealed by his bright and gentle smile.

"I'll go buy the tickets!"

After parking the car, the four of them gathered at the entrance of the cinema, with Lu Xuan actively offering to buy the movie tickets.

"I should do it!"

Unexpectedly, Xiao Muxue suddenly volunteered, and without waiting for Tang Feifei and the others to agree, she went straight to the ticket booth.

"Lu Xuan, you didn't do anything to Muxue..."

Tang Feifei naturally noticed Lu Xuan's abnormal mood. Even though she felt that Lu Xuan wasn't that kind of person, she couldn't help but ask.

"Feifei, what are you thinking? Nothing happened! It's just that Miss Xiao's personality is indeed quite special, and I simply haven't been able to adapt yet!"

Lu Xuan said with a smile, trying to keep his expression as natural as possible.

But Qin Fang sensed something from this; apparently, Lu Xuan had been put in his place by Xiao Muxue, and judging from his look, it hadn't been light. He wondered what Xiao Muxue had done to him to make his expression so unpleasant.

After a short while, Xiao Muxue came back, holding four movie tickets and apologetically said to Tang Feifei, "Sorry, Feifei, the couple's seats are sold out, only the ones in the main hall are left..."

"Ah, they sold out that quickly!"

Tang Feifei seemed very disappointed. She had wanted to have a world for just her and Qin Fang when coming to the movies, and the reason she brought Xiao Muxue along was to hope some handsome guy would sweep her off her feet.

As a result, not only had no one swept her away, but it had also turned into their third wheel situation, a case of trying to steal a chicken only to end up losing the rice used to lure it.

"Feifei, why don't I just book a whole hall then?"

It was then that Lu Xuan stepped forward, immediately and confidently making the offer.

Of course, booking a whole hall might cost a bit, but for Lu Xuan, that was a trifle, so naturally, he had the boldness to say such a thing.

"No need, actually, it's quite nice with more people, that's how you get the atmosphere..."

However, Tang Feifei obviously did not side with him, immediately shaking her head to decline, and took the four movie tickets from Xiao Muxue's hands to glance at them, "Not bad, they're actually four seats together, this way we can talk while watching the movie..."

Tang Feifei's sudden change left Lu Xuan feeling as if he had shot himself in the foot, inwardly he was very frustrated.

Little did he know, the tranquil days Tang Feifei had been enjoying since she started dating Qin Fang had been very comfortable, gradually she couldn't quite stand Lu Xuan's wealthy Young Master swagger of throwing money around. Perhaps influenced by Qin Fang, or out of respect for Qin Fang, this time it had turned out to be Lu Xuan who reaped the whirlwind.

"Well, alright then, if it's good for you, it's good for me... I don't mind either way..."

Lu Xuan could only appear very generous and then went out of his way to buy a whole bunch of snacks, all the stuff that girls love to eat while watching movies.

Soon, the movie began, the four of them entered after having their tickets checked, quickly finding their seats in a relatively secluded corner. It wasn't particularly good seating, but they could still see the movie clearly.

"I'll sit inside with Qin Fang, Muxue, you sit outside with Lu Xuan..."

Although she wasn't very satisfied with the seats, since they had already been purchased, there was no other choice. Tang Feifei took the lead by pulling Qin Fang to the inner seats, and then spoke to Xiao Muxue.

"Alright, then I'll sit next to Qin Fang..."

Xiao Muxue didn't object and directly sat down in the third seat, which left Lu Xuan with no choice but to take the outermost seat, causing Tang Feifei to feel stuck.

She had pulled Qin Fang inside. She was on the inside, and Qin Fang was on the outside. As soon as Tang Feifei sat down, she was definitely next to Qin Fang, which of course made her somewhat dissatisfied.

But for her to actively offer to switch seats with Qin Fang would make her look petty, so she had no choice but to sit down reluctantly, although one hand was still tightly holding onto Qin Fang as if afraid he would run away.

The movie started quickly, and all the lights in the cinema went out. Only the faint light from the screen remained.

This was a big-budget American blockbuster featuring the most advanced special effects. It required 3D glasses to truly appreciate the effects. Thankfully, these were all prepared, and everyone put on their glasses to start enjoying the movie.

The plot of the movie was quite good. Qin Fang and the others quickly became engrossed in it, with only Tang Feifei and Xiao Muxue occasionally taking a break to snack on something.

About half an hour after the movie started, while Qin Fang was deeply captivated, he suddenly felt a hand on his leg.

"Feifei, stop messing around..."

Qin Fang almost subconsciously thought it was Tang Feifei and blurted out those words, and the hand immediately withdrew.

"Fangfang, what did you say? I didn't hear clearly!"

Equally focused on the movie, Tang Feifei didn't know what had happened. She only heard Qin Fang call out her name and immediately asked curiously.

"Oh, it's nothing, let's keep watching the movie!"

Qin Fang immediately felt puzzled. There definitely had been a hand on his leg, gently groping, but it wasn't Tang Feifei's. So who could it be?

Almost as he contemplated this, the hand reached for Qin Fang's leg again, and this time, it slowly slid toward his thigh.

Muxue!

It was her hand!

Qin Fang suddenly felt incredibly incredulous. The hand was Xiao Muxue's.

Qin Fang was slightly startled, glancing at Xiao Muxue next to him in surprise, feeling the unusual stimulus of that hand moving at the root of his thigh.

But Xiao Muxue seemed to have no reaction at all, watching the movie very seriously as if the hand underneath carelessly touching him wasn't hers.

Tang Feifei seemed to have been immersed in the suspenseful plot and lavish, lifelike special effects, especially the 3D effects which were incredibly realistic, occasionally eliciting from Tang Feifei bursts of screams and amazed exclamations, which overwhelmed the suppressed panting from Qin Fang.

"Stop moving!"

Qin Fang grabbed Xiao Muxue's mischievous hand and said in a very low voice which, in such an environment, probably only the two of them could hear.

"I'll move!"

But Xiao Muxue showed no intention of backing down. On the contrary, she seemed eager to intensify her actions. Her hand wriggled away from Qin Fang's grasp and once more found his thigh, this time heading straight for Qin Fang's "little brother."

Hiss~~~

When Xiao Muxue's hand took hold of Qin Fang's "little brother," he involuntarily gasped, and his "little brother" began to swell in her palm, even through the layer of his pants, it already gave Qin Fang a considerable thrill.

Glancing at Tang Feifei and Xiao Muxue's expressions more carefully, the dim lighting made it hard to see much, especially since it was the movement down below, carried out in the darkness.

Seemingly feeling Qin Fang's excitement, Xiao Muxue grew bolder, completely disregarding the modesty typical of women, and began to gently stroke him through his pants, making Qin Fang's "little brother" even more rigid.

Xiao Muxue's hand was smooth and delicate, and Qin Fang's pants were very thin. Despite the two layers of fabric, it felt almost the same as direct contact. Qin Fang could distinctly feel the heat from Xiao Muxue's palm and her unpracticed technique.

Qin Fang was, after all, a virgin, and he couldn't handle such a strong and blatant stimulus. Especially since his girlfriend was present, he felt tormented both physically and mentally, which made his body even more sensitive.

As his "little brother" grew harder, he felt an intense urge, and finally, under Xiao Muxue's manipulations, it erupted, and Qin Fang instantly felt a wetness inside his underwear!

Oh no, this is bad...
