

## Genius 226

### Chapter 226 Sneaking Around\_1

Fortunately, Lei Zi was quite thoughtful and managed to extract the jade before Qin Fang got killed by Tang Feifei's glare; otherwise, Qin Fang really wouldn't know how to placate Tang Feifei's temper.

"Fangfang, how's the quality of this water jade? Is it better than Muxue's?"

Clearly, the war between women was always ongoing, even if they seemed as close as sisters when talking, everyone still harbored a strong desire to win.

Xiao Muxue also looked over to Qin Fang upon hearing this, seemingly eager to know the answer as well.

"It's of the bean green variety, quite good..."

Qin Fang dared not comment further, offending neither would be appropriate, so he could only casually offer a comment.

Both women didn't seem too satisfied, but considering that Lei Zi and Shen Liang were nearby, they didn't pursue the matter. After all, the two pieces they picked out had both turned into jadeites, and Qin Fang had promised to give them to them, which made them really happy.

Lei Zi and Shen Liang continued to work hard, carefully extracting both pieces of rough stone. Tang Feifei's piece was the smallest, only size 4, while Xiao Muxue's was only size 5. The results made Tang Feifei a bit jealous, but seeing that her piece seemed more transparent while Xiao Muxue's had some impurities, she felt satisfied that hers was better.

"Hmm, both pieces are not bad. Although the type of jade isn't the best, the sizes are not small and each could probably sell for about a hundred thousand—enough for a pair of bracelets and some small pendants..."

With the two jadeites laid out, Qin Fang provided a fairly straightforward assessment.

"A hundred thousand? That expensive? I don't want it then..."

Xiao Muxue was startled upon hearing this, then realized that the piece Qin Fang had previously found was worth two million. Her own piece was obviously not as good, but she didn't expect it to be this expensive. Although she and Qin Fang had a little-known relationship, it was still unsuitable, and she rejected the offer immediately.

"Then I don't want it either..."

Seeing Xiao Muxue's reaction, Tang Feifei immediately pushed the jadeite away as well, not wanting it.

Qin Fang was slightly taken aback, then laughed and pushed the jadeites back to the two ladies, "Ladies, you both chose these pieces yourselves, and I had already promised to give them to you. Saying you don't want them now is a bit too late..."

"If you really feel bad about it, then... how about each of you gives me a kiss, and we'll call it even?"

The two beauties were obviously a bit reluctant to part with the jadeite. Women have an impulsive and passionate nature towards jewelry that men can't imagine, and Qin Fang immediately said with a chuckle, proposing such a cheeky demand.

"You wish!"

Tang Feifei was the first to flush red with anger at Qin Fang's words. Although she was already quite close to Qin Fang, their interaction had only progressed to holding hands, an arm over shoulders, and a waist hug. Anything more than that hadn't happened, and now this?

"You said it!"

In contrast, Xiao Muxue laughed and immediately pounced on Qin Fang, pressing her lips passionately against his with a fiery kiss before quickly pulling away.

"Ah, my first kiss..."

After saying this, she hugged the piece of jadeite and muttered under her breath. However, the almost sneaky smile in her eyes betrayed her intentions. Clearly, the kiss had been deliberate.

"Then I want it too..."

Xiao Muxue's actions left Tang Feifei dumbfounded. This was her boyfriend being kissed by another woman right in front of her, a provocation to anyone's pride. Riled up, Tang Feifei grunted and threw herself at Qin Fang as well, her tempting lips locking onto his, even more fervently than Xiao Muxue and refusing to let go.

Qin Fang was also stunned, but when a beauty took the initiative, he naturally wouldn't refuse. He eagerly wrapped his arms around Tang Feifei's slender body and kissed her deeply. Somewhat experienced by now, Qin Fang pried open Tang Feifei's teeth and his tongue mingled with her soft one.

Meanwhile, Qin Fang's other hand wasn't idle; it explored Tang Feifei's body, bringing her an array of strange sensations, and her lower half began to moisten, stirring feelings within her.

Xiao Muxue, watching the couple in front of her, felt a mix of envy and jealousy. She sneakily reached for Qin Fang's lower body, arousing him and making his member grow intensely hard.

Wuu wuu wuu~~

At that moment, Tang Feifei fell onto Qin Fang's body, their bodies pressed tightly against each other. When he reacted below, he immediately butted against Tang Feifei's now-somewhat moist area, bringing her waves of immense pleasure, making her feel... as if she had urinated?

Forced her small mouth to escape from Qin Fang's, her pretty face already flushed red, while Qin Fang's hand was still roaming her body, the contact at her lower half unbearably itchy.

"Pervert, you're still touching..."

Tang Feifei knew all too well what was pressing against her most private part, yet she was too embarrassed to say it out loud and could only complain about Qin Fang's hands wandering on her body.

"This... it's a reflex action!"

Looking at the sultry beauty in front of him, Qin Fang really wanted to pin her down and whip her to his heart's content, but clearly that was not appropriate, so he reluctantly stopped his hands.

"Ah, Muxue, you're still here..."

It was only then that Tang Feifei noticed Xiao Muxue, who was looking at her with a teasing expression. She suddenly remembered that she had been too absorbed and had forgotten about her. Her face, already red, turned even redder.

"You're the worst! Hmph..."

Seeing Qin Fang's smiling face, Tang Feifei was even more cross. She bit his shoulder after opening her small mouth and quickly escaped from his body, heading toward her little house.

Xiao Muxue followed her out to take a look, but soon came back.

"Satisfied?"

Looking at Qin Fang, who seemed to be savoring the earlier sensation, Xiao Muxue teased with a chuckle and even... directly lifted her skirt, straddling Qin Fang's legs.

"Want to try again..."

Xiao Muxue was as direct as ever. Under Qin Fang's surprised gaze, she kissed his lips once more, opening her teeth willingly, inviting Qin Fang to enter.

"Muxue, Feifei is still..."

It seemed ever since that night, when he learned the reasons behind Xiao Muxue's openness towards him, Qin Fang didn't feel as resistant to her as before. But the thought of Tang Feifei possibly coming back any minute made him wary—he didn't want to be caught in the act.

"Don't worry, Feifei is taking a shower. She was, after all, quite worked up by you..."

Xiao Muxue, with a wicked smile, energetically reciprocated Qin Fang's affections and even reached her small hand under his T-shirt, further stoking Qin Fang's passions.

Perhaps it was the environment that gave Qin Fang the thrilling sensation of a secret affair, and the excitement grew stronger between the young man and woman, pushing the boundaries of their interactions even further.

After Fan Ning's nurturing, Qin Fang, though not an expert, was surely not a novice anymore. Coupled with his high proficiency in One-Handed Weapon Mastery, his hand quickly found its way under Xiao Muxue's clothes, a plump and smooth mound already within his grasp.

Fan Ning was fine in every other aspect, but her chest was flat. Qin Fang, holding her in sleep, could only grasp two small buns. Compared to Xiao Muxue's large "pineapples," it just wasn't on the same level, thrilling Qin Fang immensely.

But such moments were brief. The two only briefly lost themselves in passion before immediately separating to straighten their clothes, as Tang Feifei could return at any time.

"I hope you'll take me soon..."

As she left Qin Fang's body, Xiao Muxue whispered shyly in Qin Fang's ear, her tender, gentle words, her soft voice, and the warm breeze brushing past his ear nearly shattering his resolve.

"There will be a day..."

Perhaps the situation with Fan Ning had opened up a crack in Qin Fang's heart. To a woman who was so devoted to him like Xiao Muxue, he was surely not going to let her go, though he was still contemplating whether to completely 'devour' her or not.

Sure enough, Tang Feifei returned not long after, already changed into new clothes. That was rather quick; perhaps she feared that Qin Fang and Xiao Muxue might cheat in her absence.

However, what she saw was Qin Fang and Xiao Muxue sitting in front of the computer, discussing how to design a bracelet and accessories from the piece of jade.

Relieved that her fears did not materialize, Tang Feifei quickly joined the discussion. After all, her piece of jade definitely needed to be made into finished jewelry; it couldn't just be left to sit as a display item.

Xiao Muxue discreetly sent a triumphant look to Qin Fang, obviously very pleased with the arrangement. She had made further contact with Qin Fang, and Tang Feifei remained oblivious.

While Qin Fang felt somewhat guilty about Tang Feifei, the thrilling sensation of the secret encounter was irresistible, fueling an unstoppable urge that diluted the trace of guilt. Then he gently wrapped his arm around Tang Feifei's slender waist and joined the discussion.

Everything seemed just as harmonious as before, yet relationships between them all had progressed significantly.
