

## Genius 34

### Chapter 34 Skill: Riding\_1

...

"Tang Feifei, think it through, Bai Yushan isn't close. If you keep riding in a car, it would be much more comfortable than this..."

After arranging everything, Qin Fang was ready to hit the road with Tang Feifei. When he brought out the second-hand bicycle, Qin Fang couldn't help but struggle once more.

"Don't even think about getting away, I'm riding it! Haha..."

Tang Feifei was like a mischievously cunning fox. It seemed that only this could be the greatest punishment for Qin Fang. Poor her—with her belly still round and bulging, her diet plan was directly scrapped.

"All right then, let's get going!"

Over twenty kilometers was indeed not a short trip, but if he could be in the company of a beauty like Tang Feifei, Qin Fang didn't mind a bit of hardship.

After cleaning the rear seat of the bicycle, Qin Fang and Tang Feifei said goodbye to Xiao Muxue, who was staying at home, and then the two of them pushed the bike out of the yard.

"Come on up, Tang Feifei..."

Qin Fang steadied the bike and said to Tang Feifei. His expression was as serious as before, with a slight reluctance, yet there was a flicker of amusement in his eyes.

Tang Feifei lifted the corner of her skirt and tilted her body to sit askew on the rear seat of the bike. The pose was rather nice, but Qin Fang unexpectedly caught a fleeting glimpse of springtime from her skirt-twisting action, immediately making him somewhat breathless.

Breathe~ In~ Breathe~ Out~

After several deep breaths in the shadows, Qin Fang managed to calm the restlessness of his virgin heart, then immediately mounted the bike with a strong step, and a great force propelled the bicycle forward rapidly, perhaps a bit too fast and eager.

Despite the seemingly inconspicuous pedal push, the sudden jolt from Qin Fang made Tang Feifei lean deeply and subtly against him. Almost instinctively, Tang Feifei hooked an arm around Qin Fang's waist for stability.

Yet this gesture was quite suggestive, especially during the hot summer when clothes were thin. The palm of Tang Feifei's hand could clearly feel the warmth of Qin Fang's body, especially the slightly raised muscles of his abdomen.

"Who would've thought Qin Fang looked so thin yet actually had abs..."

It's unknown if those prim and conservative ladies all harbored a restless heart, but Tang Feifei's first thought was not of helplessness or shyness, but rather fixated on the muscles of Qin Fang's abdomen.

"Yah, so shameless..."

However, Tang Feifei was quick to react, immediately feeling that it wasn't quite appropriate. She couldn't help but silently chastise herself. Her snow-white skin blushed even further, her head lowering almost hiding behind Qin Fang's back, but her hand remained on Qin Fang's abdomen, reluctant to move away.

As one of the parties concerned, Qin Fang should have been excited about such an intimate contact with the beautiful Tang Feifei. The restless little hand on his abdomen was even subtly shifting, and if it moved just a bit lower...

However, what concerned him most now was not that, but...

"Skill comprehension: Riding, Skill Level: Beginner, Proficiency 0%, Riding a mount can increase a certain movement speed, with the increase determined by Skill Proficiency and mount quality!"

Qin Fang never expected that his recent attempt, a simple kick, would lead to the comprehension of a skill he had long sought after, albeit a skill that appeared rather simple and useless: Riding.

"Damn it..."

Seeing such a skill made Qin Fang feel the urge to grind his teeth in frustration.

He had been trying to comprehend more skills recently but could never seem to find the right approach. It was ironic that he finally comprehended one, and it was such a nonsensical skill.

"Riding, riding... Why couldn't it have been driving?"

Qin Fang felt somewhat helpless. He couldn't discern any pattern in the way he attained this skill and could only weakly complain to himself.

"What's up, Qin Fang?"

So engrossed in his misery, Qin Fang didn't notice Tang Feifei speaking to him from behind until she gently pinched his belly, snapping him back to reality.

"I'm fine, just conserving energy. Over twenty kilometers, that's quite the distance..."

Qin Fang turned around, flashed a brilliant smile, and joked cheerfully. However, his feet kept moving swiftly as the Proficiency of his Riding Skill steadily increased. Though it wasn't growing as fast as the 0.1% increase with ramen, nor did it have the terror of gaining 1% with every successful Sneak Attack,

the advantage was that he kept pedaling his bicycle, which meant the accumulated total was actually increasing faster than those two skills.

"Or, should we just take a car instead?"

Seeing Qin Fang like this, Tang Feifei couldn't help but feel a pang of sympathy and made the suggestion, albeit reluctantly.

"No need, Tang Feifei, cycling is actually quite nice. No traffic jams, a gentle breeze, and it's good exercise... it's not bad at all..." Qin Fang was quite open-minded. The benefits of cycling were numerous, but most importantly... he needed to improve his Riding Skill's Proficiency.

"That's good then, you're working hard!"

A radiant smile immediately spread across Tang Feifei's face, and in her excitement, her body accidentally bumped against Qin Fang's back.

"By the way, Qin Fang, you don't have to call me Tang Feifei. Just Feifei is fine!"

As her relationship with Qin Fang grew closer, Tang Feifei began to loosen up. She even allowed Qin Fang to call her by a name she generally didn't like boys to use, a kind of tacit approval, although Qin Fang was oblivious to this.

...

Bai Yushan is located in the southwest of Ninghai City, on the edge of the Yangtze River, known for its exceptionally beautiful scenery. At the base of the mountain lies Baiyu Lake, which isn't very large but is renowned for its crystal-clear water and picturesque views, making it an ideal spot for picnics, camping, and recreation. Especially as it's adjacent to Baiyu Lake Resort, a luxurious resort in Ninghai City that is second to none.

Baiyu Lake Resort, nestled between Bai Yushan and Baiyu Lake, boasts comprehensive facilities, including a small open-air barbecue area, which becomes a popular spot for camping and barbecuing on weekends and holidays.

Moreover, Baiyu Lake serves as a natural swimming venue, offering swimming, lake tours, diving, and pretty much everything one could wish for.

And that was the destination of Qin Fang and Tang Feifei's journey. Their fellow classmates, who were about to leave the city and study elsewhere, had arranged to meet them there.
