### Chapter 97 Pitfall: Naked Run\_1

The more Qin Fang succeeded in hitting the target, the uglier Li Feng's face became, and the look he gave Qin Fang grew increasingly sinister, his handsome face almost completely twisted with malice.

"Young Master Li, things seem to be going poorly for you..."

Qin Fang, however, seemed completely oblivious to Li Feng's glare, relentlessly taunting Li Feng's nerves with his words.

Li Feng made no move, but his sinister eyes, twisted face, and the hand clutching the gun all indicated the extreme anger boiling within him.

His two lackeys were also repeatedly provoked by Qin Fang's taunts and seemed ready to lose it, prepared to rush out and beat Qin Fang up, especially the one who had been fiercely kicked by Qin Fang earlier and was still rubbing his chest.

"Everyone, stay freaking calm..."

Just as they were about to act, a hand as hard as steel landed on their shoulders, forcibly holding them down. Turning around, they saw a soldier with a scarred face looking at them with a smile that wasn't quite a smile, and their rising anger immediately subsided.

They dared to help beat up Qin Fang because Qin Fang was seemingly without any backing; bullying him was just bullying him. But in this military camp, picking a fight with a soldier who clearly wasn't someone to mess with was something only someone who had their head smashed by a door would do.

"Qin Fang, don't get cocky..."

Li Feng's teeth gritted with rage, and with a snap, he threw the gun he was holding onto the ground and turned, making as if to leave.

"Yo, Young Master Li, you're not planning to flee the battlefield, are you? That doesn't sound like your style..."

Seeing that Li Feng couldn't withstand his taunting and was finally about to flee, Qin Fang naturally did not skimp on his mocking words, as this was all within his expectations.

"Hmph, save your cheeky remarks. We've only fired four shots. Even if you hit them all, so what? You haven't beaten the majority yet. I haven't lost... I'm not competing today!"

Li Feng was indeed quite the ruffian, declaring his intention with a boisterous bravado typical of a rich young master.

"Hey, kid, deserting isn't a good habit!"

However, before Li Feng could even react, suddenly a strong and powerful arm was draped over his shoulder, restraining him.

"Who... who are you? What do you want to do?"

Looking at the dark skin, the rough large hand, and the stains on the military uniform, Li Feng's face instantly turned deathly pale, and he seemed quite frightened as he stammered his question.

"Asking who I am? You don't need to worry about that. The thing I hate to see most is a deserter! Get back there now..." The one speaking, of course, was Scarface. He had been enjoying the spectacle on the sidelines. How could he not see the conflict between Qin Fang and Li Feng?

He was quite fond of Qin Fang and treated him as a friend. When a friend was in trouble, it was natural to lend a hand.

"Chen Xiaochao, stop!"

But Scarface's intent to force Li Feng to continue the shooting competition wasn't so easily pursued; accompanied by a loud shout, several military officers entered the scene.

"Yo, isn't this Staff Officer Li? What brings you out for a stroll today!"

Scarface's real name was Chen Xiaochao, but now he showed no sign of panic; instead, he cracked a smile at the officers, particularly the one leading them. Despite being of a much lower rank, it seemed he wasn't intimidated at all, perhaps embodying the saying: "A staff officer without rank is like a fart without a sound."

"Release him right now, these are students here for military training. No messing around, or I'll report to the higher-ups and hold your captain responsible..."

This Staff Officer Li, though not of a high rank, seemed to have powerful backing, and he spoke with considerable authority, momentarily silencing Scarface.

"Release, release, I'm releasing him right now..."

Scarface, with no other choice, reluctantly let the person go, but as he threw Li Feng out, he deliberately smeared his greasy palm across Li Feng's body a couple of times while clicking his tongue, seemingly muttering something, although no one else could hear it.

"Ah~~~"

It didn't matter that others couldn't hear; Li Feng, who was close by, did hear it. His face, which had begun to take on a rosy hue, immediately turned ghostly pale, and then he let out a scream, tearing off his military training uniform as he madly rushed outside.

Before he even got out of the crowd, he had already stripped off the military uniform he was wearing on the outside, revealing his fair upper body. Mainly, Li Feng's upper body really didn't have much flesh, and it was fair, a clear sign of someone pampered.

"Hey, who would have thought that Young Master Li's figure is actually quite good!"

"It is good, a real beanpole! Unlike Brother here, so broad and powerful!"

"Do you guys think his lower half is the same? Especially his... you know what."

Many who were present started buzzing, their faces sporting mischievous grins.

"Wow, the competition isn't even over, and this kid has already surrendered by streaking!!"

Scarface clearly wasn't going to miss such an opportunity and immediately began to jeer, snatching the lines that Qin Fang should have said.

"You've got guts! We'll see..."

The look on the face of the staff officer with the surname Li changed from purple to red, obviously enraged to the extreme, but unable to vent his anger, could only bitterly leave one harsh remark before turning to leave with his people.

"What a loser!"

When Qin Fang walked up to him, he just happened to hear him muttering, and couldn't help but ask worriedly, "Scarface, you won't get into trouble for this, right?"

"No trouble. Our little squad, although also part of the military district, has direct leadership over the district itself, so they have nothing to do with us..."

Scarface seemed utterly unconcerned as he said, "By the way, what's the grudge between you and that kid? He looked as if he wanted to kill you."

"Ah, it's a long story..."

Qin Fang felt a natural affinity for Brother Scarface, so he briefly explained the grudge between him and Li Feng, especially how Li Feng had tried to set him up a few times, clearly explaining everything, which made Scarface even angrier, "Damn it, these rich kids are really no good, next time I see him, I'll show him!"

"Forget it, Brother Scarface, I'll handle this matter! Just today's fiasco has made him the talk of the town at Ning University. Although he wasn't completely naked, that's almost half-naked, isn't it..."

Qin Fang said with a sly smile on his face, "Second Brother, I've been watching you for a while; did you get it?"

At this moment, Xiao Nan approached mysteriously, proudly pulling out a mobile phone from his pocket and flaunting the pictures and videos inside, "Rest assured, once I'm back, I'll post this video on the campus network. I don't believe this won't stink him up..."

Li Feng was plotting against Qin Fang, but since Qin Fang had now openly challenged Li Feng, he naturally didn't need to be too polite. With the help of a few brothers to devise a plan, there were now these photos and videos available, all designed to tarnish Li Feng's reputation.

"Kid, I like it..."

Far from finding Qin Fang despicable, Scarface actually quite liked his style, "By the way, let me tell you something, that kid just now probably has severe obsessive-compulsive disorder regarding cleanliness. Make good use of it..."

"OCD?"

When they heard this, both Qin Fang and Xiao Nan were momentarily stunned, only then did they realize why Li Feng had acted so crazily stripping his clothes after just a few words from Brother Scarface, and why the previous time when Qin Fang vomited on him, he didn't confront Qin Fang but immediately left. It was this issue causing trouble.

Qin Fang and Xiao Nan exchanged glances, both gleaming with malicious intent.

OCD isn't a big problem, but it isn't small either; normally it might not be an issue, but when exploited by others, it can be quite fatal. Like Brother Scarface had just demonstrated its destructive power to Qin Fang, hence this episode with the streaking video was produced.
