

Genius Summoner

Chapter 1741: I Found You (2)

That was close... Yun Feng couldn't help but sigh. The fire just then was as powerful as that of a Grade 7 God King, and it was instantaneous! Everything was instantly set on fire! If she didn't react fast enough, she would probably have been burnt into ashes right now.

"You dodged it?" Wuya noticed that Yun Feng was still on his back and was safe and sound. He couldn't help but feel very surprised. That move just then could be said to be his sure-kill move. Anyone who got close to him or was already on his body couldn't dodge it! They would be burnt by the flames he unleashed in an instant! She dodged it and was unscathed?

Yun Feng jumped down from the icicle and her body quickly moved towards Wuya's neck. Wuya sneered. Did she think everything would be fine after dodging this attack? That was a huge mistake!

"Roar!" With a furious shout, the muscles in his body tightened again! Wuya's huge feet shook fiercely from the ground! Countless red thorns instantly jumped out of his body!

Huge and sharp red thorns instantly shot out, making Wuya look like a fiery red hedgehog from afar!

Yun Feng reacted keenly. She immediately jumped up and stepped into the void again! However, everything wasn't over yet!

"Ha!" Wuya roared as countless tiny fiery red tips opened at the same time!

"What?" Even Yun Feng was shocked! Her body was still in the air. These fiery red thorns could be opened. The scorching fire inside was enough to destroy her!

As expected of a Grade 7 God King! Yun Feng sighed in her mind and knew that she could only leave right away! Without any hesitation, she immediately turned around and green wind elements rose. Yun Feng turned into a beam of green light and jumped off Wuya's back!

"You want to run? It's not that easy!" Wuya's voice came. The flames in the countless sharp thorns shot out at Yun Feng at the same time!

Oh no! Yun Feng frowned and sped up again. Her speed had already reached the limit! However, the fire was even faster than her and was already in front of her!

"Earth Shield!" He waved his wand and the golden Earth Shield blocked Yun Feng. In just a few seconds, it instantly collapsed!

"Fengfeng!" Seeing that, Qu Lanyi flashed and went forward! The depths of his black eyes were red. Red dark patterns instantly appeared in his palm and a stream of thick dark elements shot out of his palm, approaching the red fire that fell from the sky!

"Poof! Poof! Poof!" The dark elements swallowed crazily! The red fire was finally blocked. Qu Lanyi extended his hand and pulled Yun Feng back. The two of them retreated to a safe distance.

Wuya narrowed his eyes and looked at the two of them. Yun Feng and Qu Lanyi both looked serious. Both of them knew that the other party wasn't a simple opponent. It would probably take a lot of effort to deal with him.

"Grade 7 of the God King Level..." Yun Feng mumbled. She had already increased her strength to Grade 3 on Wuya's back and dodged two of his attacks. If she was at Grade 2 of the God King Level, she probably wouldn't be able to dodge at all!

Both parties suddenly fell silent and stared at each other solemnly. It wasn't true, but they were looking for the next optimal moment to attack!

"Chirp, chirp, chirp..." A tiny voice suddenly sounded. Then, a little figure staggered out of a corner and rubbed against Wuya. Wuya was stunned! Yun Feng was also stunned!

That little thing... Wasn't it the little You Yan she got back then? It came here!

"Let's go back!" Wuya was a bit embarrassed. He kicked Little You Yan, who was next to him, and Little You Yan rubbed her body against his. It was obvious that she didn't want to leave. The stalemate instantly turned into another atmosphere!

Qu Lanyi was a bit shocked. Looking at the little thing next to Wuya, he was a bit speechless. Wuya kicked her hard again, but Little You Yan still refused to leave. She even let out a chirp in dissatisfaction. This was the first time Yun Feng heard Little You Yan make a sound.

Wuya was very embarrassed. He, the dignified Lord Wuya, was at his wit's end because of this little thing. Besides, it was such a situation... How embarrassing!

"Chirp chirp?" Little You Yan looked around for a while and was slightly startled when she saw Yun Feng with her big watery eyes. She blinked a few times. Yun Feng smiled lightly. It seemed that she didn't forget her.

"Chirp?" Little You Yan left Wuya's side and swam towards Yun Feng tentatively. Seeing that, Wuya immediately roared, "You can't go over!"

At this moment, Yun Feng slowly squatted down and extended her arm with a faint smile on her face. "Kid, you still remember me?"

Wuya was stunned. What? She was an old friend of this little thing? Qu Lanyi was also stunned. Fengfeng knew this little thing?

There was a glint of light in Little You Yan's big watery eyes. Her body swam towards Yun Feng happily, but she shrank back again after swimming a few times. She probably remembered that Yun Feng took its blood for Ze Ran back then and looked a bit suspicious.

"I was trying to help my friend back then. I'm sorry for hurting you." Yun Feng apologized sincerely. Even though Yun Feng only took some of her blood and didn't hurt her at all, Little You Yan left Yun Feng in a fit of anger. She was more or less hurt in her mind.

Little You Yan's body lingered a few times. Yun Feng waited quietly without moving. Finally, Little You Yan seemed to have overcome the obstacle in her mind and swam towards Yun Feng very firmly. She first circled Yun Feng's hand a few times to familiarize herself with her smell. In the end, she rushed into her arms happily and rubbed against her, acting cute.

Yun Feng's heart felt warm. It couldn't be better if it could get close to her again. She caressed its little body with her hand and Little You Yan let out a happy cry. Its two transparent whiskers fluttered happily with a happy look.

Qu Lanyi widened his eyes. What exactly was going on?

Yun Feng touched Little You Yan and looked up at the huge You Yan in front of her. "Kid, can you hide first?"

Little You Yan wagged her tail and rubbed against Yun Feng's arms a few times, as if she didn't want to leave. Yun Feng was helpless. How could she fight like this?

"Little thing, do you know her?" asked Wuya. Little You Yan, who was in Yun Feng's arms, turned around and swam out of Yun Feng's arms. She chirped at Wuya a few times. Wuya looked a bit weird. He looked at Yun Feng deeply a few times and finally sighed. "Never mind. For the sake of this little thing, I won't argue with you."

Yun Feng was stunned. She didn't expect things to develop like this! Wuya seemed to care about this kid a lot?

Chapter 1742: I Found You (3)

Little You Yan wiggled her body happily and chirped at Yun Feng. Yun Feng smiled lightly. Another person whose words she didn't understand came.

Yun Feng's heart stirred and she held Little You Yan in her hand. Little You Yan twisted her body in enjoyment. Yun Feng whispered and Little You Yan nodded as if she understood. Once Yun Feng let go, Little You Yan swam towards Wuya unsteadily and rubbed against Wuya's feet, chirping.

After a while, Little You finished chirping and swayed her little body at Yun Feng. Wuya looked conflicted. In the end, he sighed heavily again. "Never mind, never mind."

Wuya bent down and extended his huge hand slowly. Little You Yan arched her head. Wuya raised his huge hand into the sky and turned around. "You two, come with me."

Joy appeared in Yun Feng's eyes. Qu Lanyi was slightly stunned. "Fengfeng, what exactly is that little thing?"

Yun Feng smiled gently. "It's a long story..."

The appearance of Little You Yan instantly turned the situation around. Wuya cared about Little You Yan a lot and agreed to help Yun Feng for her sake. Yun Feng wasn't very confident about this. She was just trying. It seemed that Wuya cared about this kid more than she thought.

Wuya's heavy footsteps sounded ahead, deafening. The tremors on the ground kept going on, while Yun Feng and Qu Lanyi followed behind. Along the way, the Magic Beasts lurking in the Ming Barren Mountain Range were all quite surprised to see this scene!

"Who exactly are they to be able to follow Lord Wuya?"

"Is she an honored guest?"

The Magic Beasts discussed spiritedly as they followed Wuya deep into the Ming Barren Mountain Range. Wuya didn't stop until they arrived in front of a huge cave. He sat down on the ground with his huge body and the ground shook fiercely again!

"Tell me, who are you looking for?" Wuya said as he put his hand on the ground. Little You Yan swam out and flipped a few times in the air happily.

"He's from the Chili Clan. He's hiding in the Ming Barren Mountain Range right now."

"Chili? Don't they live in the North Sea? Why did he come to the Ming Barren Mountain Range?"

Yun Feng frowned. "It's a long story."

Wuya was silent for a while. "Since I've promised you, I definitely won't go back on my words. Wait here for a few days. There will be a result."

Yun Feng was silent. A few days... It seemed that she had to go beyond the five-day deadline after all. Even with Wuya's help, she couldn't find that person in two days. "Sure, thank you."

Wuya glanced at Yun Feng. Yun Feng looked at Little You Yan and asked the question in her mind. "Why do you value this kid so much?"

Wuya was startled. He looked at Little You Yan with his burning eyes. "I owe this little thing a lot more than this."

Yun Feng was slightly stunned. Then, she smiled lightly and didn't ask anymore. The two of them waited here. Wuya would do the searching. Yun Feng played with Little You Yan. Seeing Yun Feng again, the misunderstanding between them was removed. Little You Yan seemed especially close. Yun Feng also told Qu Lanyi how she met this kid. Qu Lanyi could only shout after hearing that. How mysterious was fate?

The five-day deadline had already passed, but Wuya was still in the search state. Yun Feng was also mentally prepared. Even though she agreed to five days back then, she couldn't give up now! Otherwise, all her efforts would be in vain!

The members of the Chao Xi Clan, who were already restless outside, waited for five days. Seeing that Yun Feng didn't come out as promised, a smile appeared at the corners of Hao Tian's mouth. He had already expected that she wouldn't come out. Five days was too short for the search.

"Let's go!" Hao Tian gave an order and entered the Ming Barren Mountain Range with a group of people, while Luo Teng rushed in with another group of people. Since Yun Feng couldn't find that guy, let us find him. Whoever finds him will get him!

Under the lead of Hao Tian and Luo Teng, the twenty or so powerhouses of the Chao Xi Clan entered the Ming Barren Mountain Range and started searching. Yun Feng and Qu Lanyi were still waiting deep in the Ming Barren Mountain Range. There was news, but it wasn't about Chili, but about the Chao Xi Clan.

"The members of the Chao Xi Clan also came in?" Wuya couldn't help but feel surprised after hearing that. There were quite a lot of people from the Chao Xi Clan this time. Wuya frowned. "What exactly do they mean..."

Yun Feng sneered. Hao Tian was indeed meticulous. He saw that there was something unusual behind her every move. This time, he was probably going to get involved. If they really found that person from the Chili Tribe earlier and got the map fragment, it would be difficult for her to get it again.

"They're also targeting that person from the Chili Tribe," said Yun Feng with a hint of coldness on her face. "I overestimated Hao Tian's patience."

"What's wrong with that person from the Chili Tribe? Why are so many people chasing him?" Wuya was puzzled. Yun Feng chuckled. "That person certainly has value."

"Chirp, chirp." Little You Yan cried a few times. Yun Feng reached out and touched it. "If the Chao Xi Clan finds it first..."

"No, the Chao Xi Clan doesn't have the right to speak in the Ming Barren Mountain Range," said Wuya in a deep voice. It seemed that he had a lot of grudges with the Chao Xi Clan.

Another three days passed. The search on Wuya's side finally yielded results. They finally found traces of that person from the Chili Tribe. According to the investigation, that person from the Chili Tribe was hiding in an especially hidden place and would keep changing. He definitely wouldn't stay in the same place for a long time, which showed how cautious he was.

"I can't confirm his exact location, but I can narrow his range of movement. He's currently deep in the mountains on the lower right corner of the Ming Barren Mountain Range."

Yun Feng nodded. She was already very gratified to have such information. In order to prevent that person from moving again, Yun Feng and Qu Lanyi immediately set off. Little You Yan twisted her body and seemed to be following them. Yun Feng chuckled and touched her. "Kid, stay here."

Wuya was silent. Little You chirped a few times and finally nodded. Yun Feng turned around and rushed to that area with Qu Lanyi. The two of them were extremely fast and unleashed their full strength!

"Why don't we take it with us? Can't you just put it in a dimension container?" said Qu Lanyi. Yun Feng smiled lightly. Thinking of how happy Little You Yan and Wuya were together, she said, "It should stay here, not next to me. I'm a human being after all."

Chapter 1743: I Found You (4)

Qu Lanyi's black eyes glittered. In the end, he smiled casually. "You're right."

The two of them arrived at the area Wuya mentioned in less than half a day. In front of them was a forest deep in the mountains. The bushes were dense. After hiding, it was really difficult to detect him when he hid his aura. According to the traces of that person

from the Chili Tribe, he was now in the east. It seemed that he was planning to leave the Ming Barren Mountain Range.

Yun Feng closed her black eyes. Golden earth elements spread out from her feet and penetrated the ground, extending endlessly underground like the roots of a tree. Compared to the Ming Barren Mountain Range, this area was enough for Yun Feng's mental strength!

"Found it." After a while, Yun Feng opened her black eyes and flashed into the forest. Qu Lanyi followed closely behind. The two of them were as fast as the wind. Yun Feng changed her direction from time to time and kept going deeper. Qu Lanyi couldn't help but whisper, "That person was quite careful on such a complicated route."

Yun Feng curled her lips. So what if he hid carefully? She could see everything clearly in her eyes!

The two of them continued running. After arriving at a flat ground, Yun Feng suddenly stopped and gathered the power of the golden earth element in her hand, slapping the ground fiercely!

"I found you!"

"Boom!" A few cracks were torn on the ground! A figure escaped from the cracks with a whoosh and ran deep into the forest!

Qu Lanyi slashed with his hand and sent out a beam of light element, but that person's movement was very strange. He escaped Qu Lanyi's pursuit!

The two of them looked at each other and immediately got up to chase after him! Yun Feng twisted her wrist and the Finger Spiritual Jade appeared in her hand. She waved it gently in front of her and a tiny aura was put into the Finger Spiritual Jade! Looking at the new glittering light spot on it, Yun Feng's black eyes were full of smiles.

"If we're playing hide-and-seek, I'm better at finding people." Yun Feng smiled lightly and stopped. Qu Lanyi looked at the dot of light on the Finger Spiritual Jade that was running crazily and changing its location. He smiled lazily. "Let him run first. We'll chase after him slowly."

The two of them looked at each other and smiled. They chased forward. With the Finger Spiritual Jade in their hands, no matter how capable that guy was, he wouldn't be able to escape from the tracking of the Finger Spiritual Jade no matter what, unless he disappeared from this world!

"Brother! There seems to be something over there!" Luo Teng looked at the east in confusion and immediately contacted Hao Tian. Soon, Hao Tian's voice came. "It's very likely Yun Feng. Chase after her and don't let her notice."

"Alright!" Luo Teng nodded and said to the ten people behind him, "Keep your auras well and don't reveal anything!"

A dozen figures moved east and came to the area where Yun Feng was just then one after another. Looking at the few deep cracks on the ground that suddenly opened, a scorching light ignited in Luo Teng's eyes. It was indeed done by Yun Feng! She was here!

"Brother, I can confirm that Yun Feng did it just then!"

"Wait for me there. Don't act on your own."

The connection was cut off. Luo Teng looked at the cracks on the ground with glittering eyes for a long time. Finally, he gritted his teeth and looked at the forest in front of him. He waved his hand. "Let's go in!"

In the depths of the forest, two figures rushed forward. Yun Feng looked at the Finger Spiritual Jade in her hand. The glittering light spot on it was still moving constantly. The person hiding was obviously frightened and was running crazily. He didn't dare to stay in the same place for long at all, like a frightened bird.

Yun Feng and Qu Lanyi followed behind unhurriedly and kept a suitable distance from him. The Finger Spiritual Jade covered a huge area. Even though they were far away, they could still detect that person's whereabouts. On the contrary, that person couldn't feel Yun Feng and Yun Feng's aura at all.

They chased forward unhurriedly. Yun Feng and Qu Lanyi were very patient. After all, that person couldn't avoid the tracking of the Finger Spiritual Jade no matter how hard he tried. However, after a while, Yun Feng found something different on the Finger Spiritual Jade. A flashing dot suddenly lit up behind the two of them. Yun Feng looked at the flashing light. Luo Teng?

Anyone who came into contact with Yun Feng that she thought was important, she would record their auras with the Finger Spiritual Jade. The Finger Spiritual Jade had already recorded dozens of auras right now, and it had never made a mistake. This was also its power. It could analyze and record all the auras accurately and mark them in the area it searched. Back then, the Hall Master of the Bright Moon Hall gave the Finger Spiritual Jade to Yun Feng. At that time, the three Hall Masters each had one. The Ling family could be considered to have unleashed the power of space to a certain extent by making such a thing.

"Who is it?" Qu Lanyi looked at the Finger Spiritual Jade and raised the corners of his mouth. "Is it Hao Tian and Luo Teng?"

Yun Feng was surprised. "You expected this?"

Qu Lanyi chuckled. "Isn't Fengfeng the same? Otherwise, you wouldn't be so calm when you saw it. Hao Tian knows very well that Luo Teng has been chasing after you every time. This time will certainly be no exception. It's expected that they'll enter the Ming Barren Mountain Range."

Yun Feng glanced back slightly. That was indeed the case. Back then, Luo Teng tried everything he could to follow her. He was always unwilling to give up the map fragment in his mind. Even though Yun Feng had expected it, Luo Teng might ruin things if he followed her. Luckily, she had the Finger Spiritual Jade. Yun Feng would know where Luo Teng was. If Luo Teng really chased after her relentlessly, she might be able to get rid of him.

"How annoying," whispered Qu Lanyi coldly with impatience in his black eyes. They didn't have time to deal with this kid called Luo Teng anymore. It was fine if he didn't do anything bad, but if he did, Qu Lanyi would strike first!

Yun Feng and Qu Lanyi changed their strategy. Both of them compressed their auras to the minimum and sped up, walking in a more secretive direction. They especially paid attention to the traces they left along the way. Yun Feng just didn't have time. If she had time, she might have led Luo Teng in the wrong direction.

"She's gone?" Luo Teng looked at the clues that were suddenly interrupted. He didn't believe it and searched carefully again. There was nothing. There was no aura, not even a trace!

"That's impossible!" Luo Teng shouted in a low voice. The traces ahead were still so obvious. Why did they disappear halfway here? It was as if the traces had been erased by force! Luo Teng's black eyes glittered. Did Feng Yun do it herself? Luo Teng gritted his teeth and looked around. It was possible in any direction. It was truly a pity that he lost the chance to track her just like that! Even if he wanted to continue chasing her right now, he didn't have any clues to use! He could only wait here and meet up with Hao Tian.

Chapter 1744: It Belongs to Yun Feng After All (1)

"It seems that they've stopped for the time being." Yun Feng looked at the Sound Transmission Jade in her hand with a smile. Luo Teng's light spot stopped at a place and didn't intend to move. Yun Feng and Qu Lanyi continued moving forward. After a while, another light spot appeared on the Sound Transmission Jade, Hao Tian.

"They've met up?" Qu Lanyi raised his brows. Yun Feng smiled casually. What the two brothers did had nothing to do with her. What she needed to do right now was to find the member of the Chili Tribe!

"Brother, you're here!" Luo Teng immediately went up to Hao Tian when he saw him. Hao Tian rushed all the way here with a rather gloomy face. "Didn't I ask you to wait there? Why did you move without permission?"

Luo Teng stammered and didn't say anything. Hao Tian glared at him fiercely. "What kind of person is Feng Yun? It's fine if you can't catch up with her, but once you do, what do you think you can do to her with your own ability?"

Luo Teng couldn't help but blush. "Even if I can't, there are others..."

Hao Tian sneered again after hearing that. "Xiao Luo, don't forget her identity! Do you think she lacks helpers?"

Luo Teng was startled. Right! Feng Yun was a summoner among humans! And she had multiple elements. What she lacked the least was helpers! If he really caught up with her, there was really nothing he could do. He might just be beaten up passively!

"Never mind." Seeing that he was a bit repentant, Hao Tian couldn't bear to scold him. "You stopped here and didn't move forward. I'm afraid you've already lost her, right?"

Luo Teng blushed again. "Brother, you know everything..."

Hao Tian couldn't help but shake his head and sigh. It was good that his brother lost her. He couldn't let Xiao Luo face Feng Yun directly!

"It doesn't matter if we lose her. It's already not easy for you to find her. She's active in this area right now. The people she wants to find are also here. Spread out! Search completely!"

"Yes, sir!"

The twenty powerhouses around Hao Tian and Luo Teng dispersed and rushed to the depths of the forest to start a carpet search. Luo Teng followed Hao Tian embarrassedly. Hao Tian didn't say anything. He only asked where he lost Yun Feng. After Luo Teng explained, Hao Tian finally understood a bit.

Xiao Luo, this stupid kid, had obviously been tricked!

Hao Tian immediately decided to give up the clues he had. The two brothers rushed into the depths of the forest in a new direction. Luo Teng had always wanted to ask why they didn't follow the original clues, but seeing Hao Tian's gloomy face, he didn't dare to say anything else.

The two groups of people started a careful search. The member of the Chili Tribe was truly unlucky. He was still found after hiding in such a huge place. The people who were searching for him were all extraordinary!

Being chased by two groups of people at the same time made him even more frightened. He was already nervous and uneasy in his mind, so he couldn't sleep or eat in peace. It also made Yun Feng put aside the arrest that could originally be carried out successfully.

The two of them were sitting on a tall tree at this moment. The current situation was disadvantageous for Yun Feng. Hao Tian and Luo Teng and the unrestrained large-scale search made the situation that could originally be stabilized full of changes again.

The light spot that belonged to the person from the Chili Tribe on the Sound Transmission Jade was still in the range of the Finger Spiritual Jade. However, in less than an hour, he had already changed more than a dozen places. He could only stay in each place for a few minutes at most, which made it very difficult for Yun Feng.

It wasn't difficult to take action, but Yun Feng had to seize the opportunity. She had to prevent Luo Teng and Hao Tian from finding anything. Once the two of them were involved, the capture operation might be ruined. Also, the powerhouses who were searching wantonly in the forest were all hidden dangers.

"Why don't we just kill them?" said Qu Lanyi coldly with bloodthirsty light in his eyes. "Rather than guarding against them, it's better to eliminate all the obstacles."

Yun Feng frowned. "It's not impossible to kill them, but there are too many powerhouses. Rather than wasting our energy on them, it's better to capture that person of the Chili Tribe in one go." Yun Feng waved the Finger Spiritual Jade in her hand. "After all, we still have an advantage. We're the only ones who know the exact location of that person."

Qu Lanyi raised his brows. "You mean..."

Yun Feng's black eyes glittered and there was already a smile. "Rather than letting him continue running aimlessly, it's better to force him to a place we think is satisfactory."

"And then capture him in one go?"

The two of them looked at each other and smiled. They had already reached a consensus. That person from the Chili Clan was going to be a turtle in a jar.

Hao Tian and Luo Teng still didn't find anything. Hao Tian's face became gloomier and gloomier. It was hard to say if Feng Yun was like them. If she found what she wanted earlier, they would have gotten nothing.

"Brother, what should we do now?" Luo Teng was also very anxious in his mind. The two of them didn't say anything, and the other powerhouses who were searching were no exception! That Chili was quite good at hiding. So many people were looking for him, but they still couldn't find him!

Hao Tian frowned tightly and finally said, "We can only change our target right now. If we can't find that person, go find Feng Yun! We'll definitely get something if we find Feng Yun!"

Luo Teng's eyes brightened. That was indeed the case! They only needed to sit back and reap the benefits!

Hao Tian changed his plan and ordered everyone to stop tracking down that person from the Chili Tribe and track down Feng Yun instead. Even though Yun Feng didn't expose herself, she didn't hide herself either. In less than half a day, the powerhouses found Yun Feng.

"Very good. Keep an eye on her. Don't expose yourselves no matter what she does. Just keep an eye on her from afar!"

After receiving Hao Tian's instruction, the powerhouses all followed Yun Feng carefully without batting an eyelid. Luo Teng looked confused. "Brother, if you've found her, why didn't you chase after her?"

Hao Tian frowned. "If she can fool you like that, she must know that you're following her. She must have some means to detect you, or even me."

Luo Teng was surprised. "What about those powerhouses? Wouldn't Feng Yun notice?"

Hao Tian pondered for a moment and finally said, "Although I'm not sure, I've probably figured out something. She's never seen those powerhouses at all. She shouldn't be able to discover them. Those who can be discovered by her seem to have dealt with her before."

"Then what should we do now? Wait here?"

Chapter 1745: It Belongs to Yun Feng After All (2)

Hao Tian chuckled and patted Luo Teng's shoulder. "Xiao Luo, you're still too hasty."

Luo Teng blushed. He was indeed inferior to Hao Tian in every way.

"As I said just then, you and I are both targets that are very likely to be discovered by her, so we certainly can't get close easily. We can seize the opportunity when those powerhouses monitor her whereabouts. It won't be too late to appear when she misses the opportunity or doesn't have time to pay attention to us."

It had to be said that Hao Tian was indeed good at judging the situation. He didn't get the title of the strongest person in the West Sea for nothing. His mind was top-notch in

all aspects. Those powerhouses carried out Hao Tian's instructions and followed Yun Feng from afar. They restrained their auras extremely well. Coupled with the fact that they deliberately didn't want Yun Feng to notice their whereabouts, Yun Feng indeed didn't notice them.

Yun Feng followed her original plan and carried it out secretly with Qu Lanyi. Yun Feng had come into contact with that person from the Chili Tribe once. He escaped extremely quickly! She joined forces with Qu Lanyi, only to let him escape. It had to be said that Yun Feng didn't expect this. However, it was different this time. She came prepared this time and invited him into her trap!

In order to catch that person without fail, she certainly had to make a lot of preparations. Yun Feng buried the earth element in the designated area in advance. Once that person of the Chili Tribe stepped in, he would definitely be tied up firmly! Just in case, Qu Lanyi also kept the dark element as a backup. If that person of the Chili Tribe had a chance to escape the restraints of the earth element, there was still a dark element waiting for him!

After preparing everything, the two of them started the trap operation. It had to be said that Hao Tian was smart at this moment. He only assigned a few of the twenty powerhouses to follow Yun Feng. The other sea demons pretended to search wantonly, so that Yun Feng would think that he hadn't changed his plan.

After Yun Feng arranged everything, she paid special attention to Hao Tian and Luo Teng, but she found that neither of them was in the search area of the Finger Spiritual Jade. They were very far away from her.

The baiting operation began at this moment. Yun Feng and Qu Lanyi followed the instructions of the Finger Spiritual Jade and ran towards the place where the person of the Chili Tribe was hiding. They deliberately released their aura and pressure. As expected, the person of the Chili Tribe who was hiding immediately turned around and ran!

The two of them caught up all the way. Their auras were intermittent. Such a chase seemed even more erratic. After a few frights, the member of the Chili Tribe had already panicked completely and didn't know where to hide. He unknowingly ran towards the designated place Yun Feng had planned!

Yun Feng and Qu Lanyi looked at each other and smiled. Very good!

The member of the Chili didn't know that there was a huge pit ahead for him to jump into. He only knew to run forward. His speed seemed to have reached a certain peak. He was so fast that Yun Feng and Qu Lanyi clicked their tongues!

"He's clearly at the God Level. Why is his movement so fast?" Qu Lanyi and Yun Feng followed closely behind. Yun Feng looked at the light spot that was moving crazily on

the Finger Spiritual Jade and her black eyes glittered. "He must have some special means. With the map fragment, he should have the ability to escape."

Soon, the member of the Chili Tribe was chased by Yun Feng and Qu Lanyi. Under their deliberate guidance, he finally entered the area that had been set up beforehand!

"What?" An exclamation suddenly sounded from the ground. Yun Feng and Qu Lanyi, who quickly followed behind, both had a smile in their eyes!

"Crack!" Not far away, there was dust and fog. The earth element Yun Feng had set up in advance was triggered. Tall walls surrounding four sides suddenly jumped from the ground and trapped a certain figure who wanted to jump out quickly!

"Swish, swish, swish..." Two figures arrived. Yun Feng looked at the wall of earth that jumped out of the ground and heard a slight sound from inside. It must be the trapped figure trying his best again. Yun Feng fell from the sky and was about to take down the guy who was trapped when she heard a crack. A part of the wall of earth was suddenly penetrated from the inside!

Yun Feng was stunned! A figure quickly swept out from inside at an unimaginable speed!

"Argh!" Another scream came. Even though the earth element had been broken, Qu Lanyi's dark element was still waiting for him!

"Pa, pa!" Two huge black hands suddenly grabbed the feet of the figure who wanted to escape and pulled fiercely. The figure was forcibly pulled back! Qu Lanyi's black eyes darkened. He waved his hand and dragged even faster! However, at this moment...

"Boom!" A stream of air came with a powerful force and turned into a sharp blade, slashing fiercely at the huge hand formed by the dark elements! The fighting energy instantly burst out and cut the huge hand of the dark elements in half!

Qu Lanyi looked cold. Yun Feng's expression changed and she raised her hand! She instantly threw out the Water Chains, wanting to roll that person over!

"Swish, swish, swish!" A dozen figures suddenly appeared and knocked Yun Feng's Water Chains back! A figure descended from the sky. The Magic Beast extended its big hand and pulled. That person of the Chili clan was already firmly in its hand!

"Hao Tian." Yun Feng looked at Hao Tian and Luo Teng, who suddenly appeared, and the many powerhouses behind them coldly. Hao Tian chuckled and looked at the Chili member, who was struggling to escape from his hand. He tightened his grip. "Does this count as the mantis stalking the cicada, unaware of the oriole behind?"

Qu Lanyi sneered. "Oriole? You're not worthy."

Hao Tian's expression was cold as he glanced at Yun Feng. "Five days have already passed. You didn't walk out of the Ming Barren Mountain Range. You violated the agreement back then. I don't think I went too far right now."

Yun Feng frowned. "Then you should know very well that five days is just a formality."

Hao Tian was stunned for a moment. Then, he chuckled. "No matter what, you violated the agreement first. Therefore, I can't give this guy to you."

Yun Feng and Qu Lanyi both looked gloomy. It seemed that they were going to fight? Hao Tian had also entered the God King Level. He was the most threatening opponent in the arena, but it was fine if he was alone. This time, he even brought nearly twenty God-Level powerhouses with him. There were so many of them that they were equivalent to a few God Kings!

This way, Yun Feng's side was obviously at a disadvantage and couldn't win at all!

Yun Feng gritted her teeth secretly. If she couldn't win... was she going to give it up for nothing? Impossible!

Hao Tian clenched his fists. The person he was holding coughed in pain with a hint of despair in his eyes. Luo Teng said, "Brother, Feng Yun might not be looking for him, but for what he has."

Chapter 1746: It Belongs to Yun Feng After All (3)

Hao Tian raised his brows. He certainly knew that, and he also wanted to know what Feng Yun was chasing!

Yun Feng frowned. She couldn't let Hao Tian know about the map fragment. She believed that this member of the Chili Tribe wouldn't tell anyone easily, or his life might end in the next second!

"Feng Yun, what exactly are you chasing?" Hao Tian couldn't help but ask as he looked at Yun Feng with a different gaze. Yun Feng sneered. It would be strange if she could tell him under such circumstances!

"It doesn't matter if you don't tell us. We'll take this person back to the Chao Xi Clan and interrogate him carefully." Hao Tian sneered and turned around with the person in his hand. Yun Feng and Qu Lanyi attacked at the same time. How could they let him leave just like that?

"Boom! Boom! Boom!"

The two auras collided and dust rose! Two figures rose from the dust and rushed to Hao Tian's side!

Hao Tian only chuckled. A dozen figures had already stood in front of him!

Damn it! Yun Feng roared in her mind! Unfortunately, she couldn't summon her contracted Magic Beasts yet, or else...

"Feng Yun, you're indeed very strong, but one against a dozen seems a bit too much for you. I advise you not to fight head-on." Hao Tian said as he looked at Yun Feng coldly.

"Hao Tian! The Ming Barren Mountain Range isn't under the jurisdiction of the Chao Xi Race!" Qu Lanyi roared. Hao Tian frowned slightly, and Luo Teng burst into laughter. "Haha! What a joke! The Ming Barren Mountain Range is within the territory of the Chao Xi Race. It's certainly under the jurisdiction of the Chao Xi Race! If it's not up to Chao Xi, who else can say anything?"

"Me!" A deep voice suddenly sounded, followed by the violent tremors on the ground! Hao Tian and Luo Teng's expressions both changed!

A scorching aura pounced on them! It instantly forced the people on Hao Tian's side to take a few steps back!

"Who is it?" Luo Teng roared furiously in his mind! Even Hao Tian looked slightly angry. Someone dared to be so presumptuous!

"Wuya!" Yun Feng was delighted in her mind. She looked up and saw Wuya's huge body walking over. The ground shook and heat waves surged. There was even the sound of fire burning! The closer Wuya's powerful aura got, the more gloomy Hao Tian became. He certainly knew that Wuya's strength was much higher than his!

When Wuya came here, a path was opened up by his feet in the dense forest. The grass along the way was burnt and the trees were pushed down. Hao Tian looked up. "Who are you?"

Wuya looked at Hao Tian with glittering eyes. "Which one of you wants to cause trouble here?"

"What did you say?" Hao Tian was enraged, but he didn't dare to raise his hand and attack. He could only suppress the anger in his heart. His rationality was still there.

"Chirp, chirp." A little figure swam out of nowhere and staggered towards Yun Feng. Yun Feng quickly opened her arms and held Little You Yan in her arms. Little You Yan let out a few chirps happily and rolled in Yun Feng's arms happily.

Wuya glanced at Yun Feng silently. Yun Feng smiled lightly and knew that it was all thanks to little You Yan this time, or Wuya wouldn't have interfered with her business.

"The Ming Barren Mountain Range is in the territory of the Chao Xi Clan, so it's certainly under the jurisdiction of the Chao Xi Clan! My brother is the top member of the Chao Xi Clan and also the top member of the West Sea!" Luo Teng roared furiously. Wuya rolled his eyes and flames appeared in them. "The top member? How ridiculous! What does the Ming Barren Mountain Range have to do with the Chao Xi Clan? When did the Chao Xi Clan become so thick-skinned to care about the Ming Barren Mountain Range?"

"You..." Luo Teng wanted to say something else, but Hao Tian stopped him with a complicated expression.

The Ming Barren Mountain Range was an extremely special area in the territory of the Chao Xi Clan. To be precise, even though the Ming Barren Mountain Range was in the territory of the Chao Xi Clan, it wasn't under the jurisdiction of the Chao Xi Clan. Hao Tian was also very puzzled as to why there was such a unique area. The older generation of the Chao Xi Clan only told him that this was the rule.

After all, Hao Tian was also a young man. Even though he was much calmer than the others, he wasn't mature enough after all. In his mind, everything in the territory of Chao Xi was naturally under the control of Chao Xi, without exception!

"Xiao Luo, don't say anything for now," said Hao Tian as he looked at Wuya. "Senior, I know that there are so-called rules, but time has passed. We don't have to follow these rules."

"Kid, who do you think you are?" Wuya said, blocking Hao Tian's words. Hao Tian looked embarrassed. This was the first time he had been looked down on like this.

"What five days? Do you really think the Ming Barren Mountain Range belongs to Chao Xi?" Wuya was also slightly enraged. "Do the old guys of the Chao Xi Clan think so too?"

Hao Tian's heart sank. The elders of the Chao Xi Clan certainly didn't think so. They all adhered to the so-called rules. Seeing that Hao Tian was silent, Wuya sneered. "Those old guys aren't stupid. The Ming Barren Mountain Range isn't Chao Xi's territory. Nothing you say counts here!"

Hao Tian's face darkened. He kind of understood who Wuya was helping.

"Hand over the person in your hand," said Wuya coldly. Hao Tian's heart sank. That was indeed the case! He couldn't help but tighten his grip. The Chili member, who had been strangled, whimpered in pain. Luo Teng roared, "Hand him over? In your dream!"

"We caught him," said Yun Feng casually. Luo Teng raised his brows. "So what? You violated the agreement first!"

"If I didn't hear it wrong, your so-called agreement doesn't count at all." Qu Lanyi raised his brows with mockery in his eyes. Luo Teng paused and looked at Hao Tian for help. Hao Tian gritted his teeth. He didn't expect Feng Yun to have a relationship with such a person! When exactly did this happen?

"Kid, based on what you said just then, I can take your life! Now, hand this person over and I'll spare your lives!"

Hao Tian's face darkened even more. What Wuya said wasn't fake at all. Hao Tian knew very well that if he didn't hand the guy over, he might not be able to walk out of here today!

Hao Tian wasn't a hot-blooded and impulsive person. He had been weighing the pros and cons. He would never joke with his life. Besides, he had Xiao Luo by his side. He couldn't joke with him! Even though he had twenty powerhouses on his side, they weren't a match for the person in front of him! He had miscalculated in the end today! What a pity!

Chapter 1747: It Belongs to Yun Feng After All (4)

Hao Tian's expression changed. He loosened his hand and threw it forward forcefully. The Chili member, who was being strangled in his hand, was immediately thrown over. After regaining his freedom, he turned around and was about to run again, but Qu Lanyi's dark elements caught him and dragged him from the ground!

"Brother! Why did you..." Luo Teng was immediately dissatisfied when he saw what Hao Tian did. Hao Tian looked at Luo Teng coldly and then gritted his teeth. "He's already been handed over."

Wuya's eyes glittered. "I'll give you half a day. If you don't leave this place, you'll still die! Also, if the members of the Chao Xi Clan step into the Ming Barren Mountain Range again, I'll kill them without mercy!"

Hao Tian's temples throbbed a few times. Luo Teng looked incredulous. He wanted to argue further, but Hao Tian pulled him away forcefully. Hao Tian and the others left in a hurry. It would be difficult for them to leave the Ming Barren Mountain Range in half a day!

"Brother! What's wrong with you?" Luo Teng was held tightly by Hao Tian as he rushed out. He was very dissatisfied in his mind. In his opinion, even if they didn't hand the guy over, so what? At most, they would fight. At worst, they could escape from here!

"We don't have any chance, whether we fight or run." Hao Tian said with a gloomy face. Luo Teng was stunned. "We miscalculated. We still lost to her, Feng Yun!"

"Brother, you're too cautious. Do you have to hand him over just because that giant creature said so?" Hao Tian didn't explain much on the way out of the Ming Barren Mountain Range. Time was tight. They should leave the Ming Barren Mountain Range first. However, Luo Teng was obviously unwilling to accept it. His expression was full of unwillingness and he was also very dissatisfied with Hao Tian.

In Luo Teng's eyes, Hao Tian was the most powerful person in the West Sea and an omnipotent big shot! However, he was suddenly suppressed and he was even running out of the Ming Barren Mountain Range in a hurry. This was a huge insult in Luo Teng's mind!

Hao Tian's face darkened. He held Luo Teng's hand and walked out quickly. Half a day had passed. The group finally left the Ming Barren Mountain Range and arrived outside safely.

Hao Tian looked at Luo Teng with a gloomy expression. "There are some things you don't know. The Ming Barren Mountain Range is indeed as he said. Even the Chao Xi Clan can't interfere."

Luo Teng was startled. "How is that possible? I've never heard the elders mention it!"

Hao Tian frowned. "How can the elders talk about such a thing? Besides, there's no need for you to know."

Luo Teng finally calmed down a bit, but he had a lot of doubts. Hao Tian said, "I have doubts in my mind like you, but the elders of the Chao Xi Clan never explained it. They only said... this is the so-called rule."

"Rule?" Luo Teng was puzzled. He turned around and looked at the Ming Barren Mountain Range behind him, feeling puzzled.

"Let's go back. Even if the elder of the Chao Xi Clan is here, that person might not be able to give him face. What I'm more curious about right now is how Feng Yun knows him!"

What Hao Tian said made Luo Teng's heart pound a few times. That was indeed the case. Feng Yun was a human being. How could she have a relationship with such a person in the Endless Ocean? How exactly did she do it?

The two brothers both frowned tightly. Their understanding of Yun Feng was shrouded in a layer of mystery. They couldn't see through her no matter how they looked at her.

In the Ming Barren Mountain Range, after all the members of the Chao Xi Clan left, Wuya looked at Yun Feng. "They've already left. After you finish your business, leave as soon as possible." After saying that, Wuya turned around and was about to leave with heavy steps. Little You Yan, who was in her arms, nuzzled against Yun Feng's hand and looked at Wuya with desire in her little head, but she didn't do anything. She only glanced at Yun Feng.

Yun Feng chuckled. "Senior Wuya!"

"Is there anything else?" Wuya stood still and glanced at Yun Feng in confusion. Yun Feng opened her hand and gently let go. Little You Yan's body was thrown out gently by her. Yun Feng pushed its little body with her finger, asking it to leave with Wuya. Little You Yan chirped a few times with hesitation.

"It's better for it to follow Senior Wuya. This place is more suitable for it to grow up. There are too many unknowns if it stays with me," Yun Feng whispered as she pushed Little You Yan hard. Little You Yan looked at Yun Feng pitifully and finally turned around reluctantly, looking back from time to time.

"Is it willing?" asked Wuya. Yun Feng smiled lightly. "Of course it is."

"If that's the case, it's decided." Wuya extended his huge hand and put it on the ground. Little You Yan hesitated for a while before she finally arched her body and swam up. She chirped at Yun Feng a few times and raised her huge hand. Wuya took heavy steps again and walked deeper into the Ming Barren Mountain Range.

Yun Feng watched them leave with a smile. She didn't know when she would come to the Endless Ocean again after this.

Wuya and Little You Yan left. Yun Feng didn't look away until she couldn't see Wuya's tall figure anymore. Qu Lanyi waited quietly on the side and held a certain someone of the Chili Tribe firmly with his black hand. After settling everything, it was time for her to focus on her own business.

"Do you want to hand it over yourself, or do we have to do it ourselves?" Yun Feng walked to the person who was pressed firmly on the ground and asked in a low voice from above. Qu Lanyi raised his arm gently and pulled the man up from the ground with his dark hands, lifting him in the sky.

"W-What do you mean... I... I don't understand..."

Qu Lanyi raised his brows coldly. "You don't understand? Don't you know that so many people are chasing you?"

"I... I don't know why you're chasing me..." The person hanging in the air looked dead and his tone was very tough.

Yun Feng's black eyes were slightly cold. "If you don't take the initiative, we'll have to do it ourselves."

"What are you doing? I really don't have the thing you want!"

Yun Feng didn't care about that. Her mental strength instantly invaded this person's body and searched carefully from the inside out! This person of the Chili Tribe was weaker than Yun Feng to begin with. He couldn't resist Yun Feng's mental search at all. After a while, a small ring was found on his body by Yun Feng. Seeing that, the member of the Chili Tribe changed his expression. Qu Lanyi and Yun Feng certainly knew that there must be something they wanted inside.

"It seems that this is what we want." Yun Feng played with the small ring. As expected, it was covered with an extremely magnificent power of space. The Chili clan had done their best to protect this map fragment.

Chapter 1748: I Care About You Very Much (1)

"Don't even think about it. You can't open it at all!" A certain someone hanging in the air sounded extremely relaxed at this moment. He was no longer as nervous as before and he even looked at Yun Feng with a bit of provocation in his eyes. "It's not so easy for someone to get something from the Chili Tribe!"

Qu Lanyi retracted his finger and pressed the man to the ground again. The man burst into laughter! "You can't open it! Just give up!"

"How was it?" Qu Lanyi walked to Yun Feng and looked at her slightly furrowed brows. Under Yun Feng's attack, the power of space in the small ring wasn't broken!

"No, the power of space covering it is very powerful." Yun Feng frowned and stared at the ring in her hand. If she couldn't break the power of space, she wouldn't be able to get what was inside! "Let me try." Qu Lanyi's black eyes darkened. The space around the ring instantly distorted! However, the power of space on the surface of the ring didn't change at all!

"Haha! As I said, you're still a bit too weak to take the things of the Chili race! You can't open them at all!" A certain someone, who was pressed to the ground, was still mocking and roaring. Qu Lanyi walked over with a cold gaze. "Can you open it?"

"Me? How can I possibly open it? Just give up! Don't even think about getting the things of the Chili Tribe!"

Yun Feng laughed coldly! "This thing doesn't belong to the Chili Tribe! It just fell into the hands of the Chili Tribe. After all, this ring is only covered with a layer of spatial power."

"Hahaha! Even if it doesn't belong to the Chili Tribe, you won't get it either!"

Yun Feng raised her brows. She had plenty of ways to break the power of space! So what if it was the power of space of the Chili Clan? With a thought, Yun Feng carried Meatball out of the dimension container. Meatball glanced at Yun Feng in confusion. Its mouth was still full, as if it was eating.

Yun Feng looked at its bulging cheeks and wondered how many ultimate ores it swallowed... Yun Feng loosened the ring in front of Meatball. "Break it."

Meatball's mouth moved and immediately made creaking sounds. There was no telling how many ores there were. After a while, Meatball swallowed them. Its little body floated in the air and it looked at the ring in front of it in disdain. It opened its little mouth and showed its sharp teeth, biting it fiercely!

"Crack!"

With a crisp sound, the power of space that Yun Feng and Qu Lanyi were unable to break was bitten through by Meatball!

"W-What?" A certain someone, who was pressed to the ground, suddenly narrowed his eyes! The ring's protection had been broken! How was that possible? That thing...

"Nana." Meatball mumbled in dissatisfaction. Yun Feng understood that she was disturbing it while it was eating. Looking at the increasingly obvious red patterns on Meatball's body, Yun Feng couldn't help but feel a bit worried. "Swish!" Meatball voluntarily returned to the space and continued eating. Qu Lanyi couldn't help but smile wryly. "Fengfeng, are you running out of ultimate ores?"

Yun Feng was speechless. She had never checked the number of ultimate ores at the moment, but according to how Meatball ate, even if the Ultimate Crystal Beast could replenish ultimate ores endlessly, it wouldn't be able to keep up with Meatball's eating speed. However, it didn't matter how much Meatball ate. After all, it needed to absorb a lot of energy.

"You broke it!" The member of the Chili Tribe roared. He struggled fiercely a few times, but was held down by the black hand firmly. Yun Feng immediately closed her black eyes and invaded the ring with her mental strength. This small ring was empty. Apart from a small box, there was nothing else.

When Yun Feng opened her eyes, she had already taken the wooden box in her hand. She twisted her wrist and the wooden box and the ring all entered Yun Feng's dimension container. Qu Lanyi looked at a certain someone on the ground. "What should we do with him?"

Yun Feng frowned. This person didn't know about the map fragment at all. He only knew that the things that were handed to him couldn't be taken away by others. The Chili Race kept it extremely secret. Even if they asked him to take it away, they wouldn't let him know that the map fragment was inside.

"Ignore him." Yun Feng whispered as she glanced down at his feet with her black eyes, as if something was wrong.

Yun Feng walked forward and observed carefully. She finally understood why he had such a strange speed during escape. There were a few pairs of extremely protruding webs, like the gills of the Sea Clan. They bulged one after another. These things should provide a powerful impetus for his running. Yun Feng counted. There were five pairs of such things on each of his feet.

It was fine to let him go, but he was extremely fast. It was hard to say if he would ruin their business. Thinking of this, Yun Feng's mental strength immediately turned into a sharp blade and surged out!

"What are you doing?" The guy from the Chili Tribe noticed Yun Feng's movements, especially when she kept staring at her feet. Was she trying to...

"Poof!"

The sharp blade formed by mental strength stabbed down fiercely, directly piercing into the protrusions on the feet. The member of the Chili Tribe let out a painful scream and his entire body twitched a few times!

The dark hand pressed him to the ground firmly. The muscles on the body of the member of the Chili clan were completely twisted, which showed what kind of pain he suffered. Yun Feng's black eyes darkened and the mental blade changed its angle again, probing inside!

"Argh...!" Another scream came. With the blood, the two lines of protrusions on his feet had already been dug out by Yun Feng!

"Ugh!" As if he couldn't withstand such pain, the guy from the Chili clan twitched fiercely again and completely fainted. Yun Feng stood up. This way, his speed would drop a lot and he wouldn't cause trouble for them.

"Let's go." Qu Lanyi walked over and glanced at a certain someone on the ground. Fengfeng was too merciful...

Yun Feng nodded. It was good that the guy fainted. Yun Feng originally planned to leave this place and enter the Dragon Palace again, but there was no need to leave anymore. A beam of light flashed and the two of them quickly entered the Dragon

Palace. Then, the Dragon Palace disappeared, leaving only the member of the Sea Clan who fainted from the pain on the ground.

After entering the Dragon Palace, Yun Feng took out the box she got. There was nothing around the box. She opened the box very simply and a map fragment lay quietly in the box. Yun Feng first used the power of the five elements to investigate and suddenly found that this fragment wasn't one of the five elements!

Chapter 1749: I Care About You Very Much (2)

"Lanyi..." Yun Feng looked at Qu Lanyi in surprise. If she was right, this should be a fragment of the light element seed! The five elements each had two pieces, but light and darkness only needed one!

Qu Lanyi's enthusiasm couldn't help but boil. The light element seed? If that was the case... What kind of healing ability did the Element Seed have? Would it help his physique?

His black eyes were closed. A ribbon of light slowly came out of Qu Lanyi's body and directly penetrated the map fragment. After the map fragment was soaked in the light elements, it floated out of the box and slowly spun in the light elements. The lines on the fragment were constantly changing!

Finally, in the light, the patterns on the fragment froze after repeated changes!

At the same time, Qu Lanyi retracted the light elements in his body!

Yun Feng held the map fragment in her hand and looked at it carefully. She had never been to the place drawn on the map fragment at all. It seemed that it was impossible to search blindly. Perhaps she should let her master take a look. With her master's experience, he might know this area. The light element seed didn't fall into the hands of others, especially the Blood Souls. This made Yun Feng very lucky. Compared to the five elements, the light and darkness were even more special. If they fell into the hands of the Blood Souls, the consequences would be unimaginable!

"Let's continue searching for the other map fragments first," said Qu Lanyi. Yun Feng was stunned. Qu Lanyi smiled casually. "We've already got the map anyway. We don't have to worry about not being able to find the light element seed. Rather than looking for the light element seed, it's better to find the other fragments first. They'll be a help to you, Fengfeng."

Yun Feng's expression suddenly became a bit colder. "Lanyi, is that how you think of me? Am I always self-centered?"

Qu Lanyi was stunned. Seeing Yun Feng's expression, he quickly shook his head. "That's not what I meant. It's just that the light element seed isn't very badly needed right now..."

"Why not?" Yun Feng suddenly shouted furiously! "Do you think I don't understand what the combination of light and darkness means? Every time the light and dark elements appear at the same time, do you really think I'm blind and can't see the red patterns on your body?"

"Fengfeng..." Qu Lanyi mumbled. He wanted to say something, but couldn't.

"Even though you didn't say anything along the way, it doesn't mean that I don't know! To me, your matter is the most important! Is your body of light and darkness in danger? What do those red patterns represent? Are you enduring the pain I don't know?"

Emotions seemed to be erupting in an instant. The fear that had been squeezed in the bottom of her heart by Yun Feng was completely vented at this moment. Qu Lanyi was so shocked that his heart was still hurting.

Along the way, Yun Feng carried countless responsibilities on her shoulders. She had been running and busy. He thought she wouldn't notice him, because there were too many things that consumed her mental strength. He didn't want to affect her because of his business. It turned out that she saw everything. When he didn't know, she was worrying for him and making his heart tremble.

Qu Lanyi extended his arms and pulled this woman, who was only venting her fury, into his arms fiercely. He tightened his arms and held her in his arms fiercely, even rubbing her into his flesh!

Qu Lanyi's heart was pounding furiously. She had always cared about him so much, so silently and passionately. His Fengfeng, the woman he loved...

Yun Feng's eyes suddenly became a bit wet as she spoke, especially after she was held in these warm arms. The things that had been accumulating in her heart suddenly burst out. She had a lot on her shoulders and too many things were consuming her energy, but it didn't mean that she couldn't see the people around her. Even though she was silent, she put everything at the bottom of her heart. There were some things she didn't say, but she had been caring for them silently.

Especially after experiencing the death of her loved ones, Yun Feng was more or less a bit afraid in her mind. She was afraid of losing them. She was afraid that she would lose more and more people in the end... You Yue, the ancestor, and even others! Would there be... Lanyi?

Yun Feng knew in her mind that this road would definitely be stained with blood. Even in the final battle, sacrifices were inevitable! Even though she had already made up her mind, she was still afraid in her mind.

The ecstasy of getting the light element seed map just then was completely refuted by what Qu Lanyi said, which made Yun Feng angry and aggrieved. Did he not care about himself at all? Did he think that she knew nothing about him?

The two of them hugged each other quietly. Neither of them was in a stable mood. Qu Lanyi said in a low voice, "I said something wrong. I didn't mean that. Fengfeng..."

Yun Feng stood quietly. The emotions in her mind had already calmed down a bit. She certainly knew that Qu Lanyi didn't mean that. He was just a bit angry. In Yun Feng's mind, the light element seed represented the source of healing power. That thing would definitely be able to help Lanyi! Even if Yun Feng had to give up searching for the other map fragments, she wouldn't give up the light element seed!

Qu Lanyi sighed deeply and caressed Yun Feng's long hair slowly with his big hand. "How can you not be worried about me? I just... don't want to divide your attention. After all, you still have a lot of things to do..."

"No matter how many things there are, we can postpone them," mumbled Yun Feng. Qu Lanyi chuckled. "Yes, yes. My wife, you're right. I've always been too humble. I definitely won't think that way in the future. You certainly have to put my business ahead of yours."

Yun Feng nodded silently. Qu Lanyi's heart was about to melt. He couldn't help but hold Yun Feng even tighter. She cared about him so much, and so did he for her.

"If that's the case, we'll have to find the light element seed next. As for the other map fragments, postpone them!"

Yun Feng raised her head and looked at Qu Lanyi with her black eyes. Qu Lanyi smiled gently. There was finally a smile on Yun Feng's face. "Alright, have you seen the terrain drawn on this map?" Yun Feng retreated from his arms and handed the map to Qu Lanyi. Qu Lanyi looked at it carefully and shook his head. "I've never seen it at all. There are too many places in this world that we haven't been to. We're still inexperienced."

Chapter 1750: I Care About You Very Much (3)

Compared to the others, Yun Feng and Qu Lanyi had already been through a lot. The two of them had visited almost all the places that people dreamed of going to, or even dared not to think about. What the two of them had experienced and seen along the

way was far from what ordinary people could compare to. Among their peers, nobody could compare to them anymore.

"Why don't we go back to the headquarters of the Yun family first and let Master take a look?" Yun Feng said. "Master might know."

Qu Lanyi was silent for a few seconds. "What if... Senior Feng doesn't know either?"

Yun Feng's face darkened and she couldn't help but clench her fists tighter. "I believe that someone knows where this place is, even if I have to make this map public!"

Qu Lanyi was stunned for a moment. Then, he smiled helplessly with affection on his face. "Alright, I'll listen to you. We'll do whatever you say. Let's go back now."

Yun Feng nodded. Through the Teleportation Array in the Dragon Palace, Yun Feng and Qu Lanyi soon returned to the human world. Together with the extremely convenient Spatial Teleportation Array, the two of them soon came to the Inner Area. The Inner Area was as peaceful as usual and didn't have much of a commotion. The Yun family had an absolute dominant position in the Inner Area as usual.

The members of the Yun family were all delighted that Yun Feng came home this time. Basically, every time Yun Feng came home, the members of the Yun family were excited from the bottom of their hearts. After all, Yun Feng's name had already been famous everywhere. Everyone knew her.

The three elders of the Yun family were certainly happy to know that Yun Feng was back, but they didn't disturb her. After talking to the three elders of the Yun family in a hurry, Yun Feng found Feng Qingxuan. Feng Qingxuan was quite surprised at Yun Feng's speed of returning this time. After all, it wasn't easy for her to collect the map fragments.

"Master, do you know this place?" Yun Feng took out the map fragment before Feng Qingxuan said anything. Feng Qingxuan was stunned for a moment and chuckled. "Disciple, you're quite fast. You've already got a complete map in such a short time."

Feng Qingxuan looked at the place on the map carefully and frowned. "This place... I've been there, but I can't remember where it is exactly... I just find the terrain on the map very familiar..."

Yun Feng was delighted in her mind. It was a good thing that her master had an impression of the place! There were finally clues!

"Disciple, let me think carefully..." Feng Qingxuan was a bit embarrassed. He was indeed old and senile.

"Of course, I'm not in a hurry. Master, take your time."

"Right, disciple, this map seems to be much smaller. Is it... one of the Light and dark elements?" A glint of darkness flashed through Feng Qingxuan's eyes. He glanced at Yun Feng, who nodded. "Master is right. This is the map of the light element seed."

Feng Qingxuan's black eyes glittered. He looked at Qu Lanyi and pondered for a moment. "Got it. Give me some time to think."

"Then I won't disturb you, Master." Yun Feng bowed and was about to leave, but Feng Qingxuan said, "Kid, stay. I have something to say to you."

Qu Lanyi immediately stopped. Yun Feng was a bit confused. Feng Qingxuan smiled helplessly. "Disciple, I can't do anything to this kid."

Yun Feng blushed and looked a bit embarrassed. That wasn't what she meant. She just cared what her master would say to Qu Lanyi... Perhaps she should find time to ask her master. Her master would definitely know some solutions to the problem of Lanyi's physique.

Yun Feng nodded and turned around to leave. She had been paying attention to what her master and Qu Lanyi said in her mind. After taking a few steps, a figure rushed over. "Aunt Feng!"

"Lingyu?"

The pretty girl ran over. Seeing Yun Feng's delighted look, the girl ran over with a sweet smile on her face. "As soon as Aunt Feng came back, my mother asked me to find you!"

Yun Feng was surprised. Yun Xiang didn't come in person? "What is your mother doing? Why did she ask you to come here?"

Yun Feng held Lingyu's little hand and walked forward. Lingyu chuckled. "Mother is busy being angry with father."

Yun Feng raised her brows. Yun Xiang was straightforward to begin with and was a bit hot-tempered, while Bai Qingfeng was gentle and very tolerant. Even if there was a conflict between the two of them, it wouldn't be long. After all, their relationship was obvious. Yun Xiang must be throwing a tantrum again.

"That's your mother's temper. Hasn't your father always given in to her?" Yun Feng chuckled, but Yun Lingyu frowned slightly and his face suddenly darkened. "This time... Father went too far. Mother is really angry."

Yun Feng was even more surprised in her mind after hearing that. Bai Qingfeng, who loved Yun Xiang so much, was willing to anger Yun Xiang? According to Yun Xiang's personality, it would definitely be Bai Qingfeng's fault if she was really angry.

"What exactly happened?" Yun Feng raised her brows. Yun Lingyu frowned and finally said, "Some people have come to the Yun family recently."

"Some people?"

Yun Lingyu nodded. "Yes, some of the uncles of the Yun family. They have already got married and have children. These people can be considered relatives. They're all envious of the Yun family and came here."

Yun Feng frowned. That wasn't a big deal. She was just afraid that these people wouldn't be obedient and wouldn't know their place.

"I hate these people. They all came for the Yun family's reputation. After they came, they became more and more presumptuous. Many of their behaviors ruined the Yun family's reputation!"

Yun Feng's face suddenly darkened! "Do the three elders of the Yun family know about this?"

Yun Lingyu shook his head. "How would the three elders know? Those people won't go too far. If the three elders know about this, they'll definitely kick them out! They did everything in secret..."

Yun Feng's expression was cold. As their strength and status kept increasing, the Yun family certainly became a huge pie in everyone's heart. Did everyone want to have a share? Right now, the Yun family was quite powerful. It was time to deal with some parasites.

Chapter 1751: Idiotic Woman (1)

From afar, Yun Feng saw a few strangers she had never seen before gathered in front of her. A group of people was gathered there. There were men and women talking about something in a low voice and then burst into harsh laughter. The few of them looked very young and their strength wasn't high. They were only at the Commander Level.

Lingyu pulled Yun Feng's hand and mumbled softly, "Aunt Feng, that's a few of the people I'm talking about." Lingyu pouted in disdain, as if she didn't like these people at all. Yun Feng frowned slightly. Not to mention Lingyu, even she, a "stranger" who had just met them, found it very difficult to have a good impression of them.

Yun Feng asked Lingyu not to say anything. The two of them stood far away quietly. Yun Feng focused carefully. Soon, their discussion, no matter how low it was, entered Yun Feng's ears clearly, word for word.

"Today was truly awesome. Not everyone could come to the Inner Area in the past. And now, we're swaggering in!"

"That's right. I thought the other families in the Inner Area were very powerful, but they were still bullied by us!"

"The Yun family is truly extraordinary. Luckily, we've hooked up with the Yun family. Our lives in the future... will probably be free and easy!"

"How miserable was that person from the Baili family today because of us? He didn't even dare to fart!"

"Do you think he dares to say anything? We have the Yun family behind us. He can only suffer in silence."

"Who are we going to tease tomorrow? We've almost mocked all the large and small families in the Inner Area. Why don't we find a reason to cause trouble for the Ji family?"

"That Ji family is a second-rate family. You want to cause trouble for them... How exciting!"

"Hahahaha! You're right. Let's make a good plan. Otherwise, how boring would our days here be..."

The few of them continued to talk and laugh. Yun Lingyu was so angry that her little hands trembled. "Aunt Feng, these people are truly too shameless!"

Yun Feng didn't say anything, but her expression said everything. They had mocked all the large and small families in the Inner Area? They, who were only at the Commander Level, were like ants in the Inner Area! If the large and small families in the Inner Area hadn't been scared of the Yun family, how would they have tolerated their impudence? These parasites wanted to use the Yun family's status to satisfy their ridiculous and shameless thoughts! Yun Feng's black eyes darkened coldly. If she didn't remove these parasites completely, they would destroy the Yun family sooner or later!

"Lingyu, go back first." Yun Feng lowered her head and said to Lingyu. Lingyu pursed her lips and nodded. Perhaps knowing Yun Feng's next move, Lingyu said, "Aunt Feng, you must kick these despicable people out of the Yun family!"

Yun Feng chuckled and touched Lingyu's face with her hand. "Don't worry. I won't let these vermin destroy the Yun family."

Yun Lingyu nodded and turned around to leave in another direction. Yun Feng looked at the few people in front of her with her black eyes and walked over slowly. Her footsteps were very light and she almost made no sound when she landed. It wasn't until she got very close that the group of people who were talking in a low voice suddenly realized

that someone was approaching. They were all shocked and looked at Yun Feng in dissatisfaction.

"Who are you? Why aren't you making a sound when you're walking?"

Yun Feng chuckled. "I've never seen you here at home."

The few of them raised their brows and looked at Yun Feng. One of the young men said, "Oh, you just came back from work outside, right? You certainly don't know who we are. We're the relatives of the Yun family. We're family after all."

What a shameless statement. Family? Yun Feng sneered in her mind and continued without batting an eyelid, "I wonder... which branches are you from?"

The few of them introduced themselves one by one. Yun Feng remembered them in her mind. These few uncles had quite a high status in the Yun family. No wonder these people were so presumptuous even though they weren't strong. They probably thought that they could do whatever they wanted in the Yun family with their relationship with the uncles?

"Oh, I see." Yun Feng smiled again. "I saw you chatting happily here just then. What are you talking about?"

"Nothing. We were just chatting casually." The few of them all chuckled. Yun Feng raised her brows. It seemed that they knew how to restrain themselves in front of the Yun family, but they were so presumptuous behind other people's backs. Those few uncles were probably kept in the dark, or they wouldn't have been allowed to ruin the Yun family's reputation like this. The Yun family would never allow such a thing to happen.

They wouldn't expose their true colors in front of the Yun family. In that case... if she wanted to punish them, she had to catch them on the spot.

"Alright, you can talk here first. I still have something to do. I'll go first." Yun Feng nodded with a smile and turned around to leave. Her footsteps were neither fast nor slow. When she was walking forward, a figure walked in front of Yun Feng. She had a beautiful face and a graceful body. When she saw Yun Feng, she smiled sweetly and very friendly.

Yun Feng also smiled back. The two of them brushed past each other. Yun Feng only smelled a very strong perfume that assailed her nose. Yun Feng almost choked.

"Piao Xue, you're here!"

"We've been waiting for you for a long time. Why are you so late?"

A voice came from behind. Yun Feng waved her hand and the space around her was instantly sealed completely. She disappeared.

"Sorry, I'm a bit late. I went to find Brother Bai just then."

"Bai Qingfeng again? Piao Xue, even though Bai Qingfeng is a bit good-looking, he's already married."

"That's right, Piao Xue. With your looks, you'll definitely be able to find the best!"

Hearing such words, Yun Feng was immediately enraged in her mind. She looked at this woman called Piao Xue coldly with her black eyes. Was the conflict between Yun Xiang and Bai Qingfeng caused by her? Had Bai Qingfeng really changed his mind?

That was impossible. How could a woman like Piao Xue compare to Yun Xiang? The difference in strength was like heaven and earth. Even though Yun Xiang looked a bit handsome, she was also very good-looking. The only advantage of Piao Xue was that her personality was a bit weak. She gave people the impression that she was gentle. Men might be a bit unable to resist such a cute and lovable person. Thinking of this, Yun Feng's face darkened. Yun Xiang had a strong personality. Perhaps Bai Qingfeng... became close to her because of this!

If that was the case, Bai Qingfeng didn't deserve to stay in the Yun family, let alone be Yun Xiang's husband!

Chapter 1752: Idiotic Woman (2)

"You won't understand. What other people have is always the best." Piao Xue smiled sweetly. "It's just a pity that I never meet a man I can fall in love with... Even in the Yun family."

"Aiya, Piao Xue, do you have to worry? With the Yun family's reputation, you can choose whoever you want in the Inner Area!"

"Right, right!"

"Humph! What do you know? I heard that Yun Feng of the Yun family has a lot of talented and handsome men with her. It won't be bad if she's willing to give me one."

Yun Feng sneered. That was truly wishful thinking. She wasn't even fit to carry their shoes.

"Haha, you're right. She can't accept so many men. She might as well give one away."

"Right, Piao Xue, we plan to find a reason to go to the Ji family tomorrow. Are you coming?"

Piao Xue was startled. Then, she lowered her voice and said, "I just got the news that Yun Feng seems to be back."

"Yun Feng? Are you talking about Yun Feng from the Yun family?"

Piao Xue nodded. The expressions of the few of them immediately changed. "So, we'd better not do anything during this period of time. Don't let Yun Feng find out, or we'll be in trouble!"

"If she doesn't leave, are we going to hold it in forever? Are we really not going to do anything? That life is too boring!"

Piao Xue chuckled. "Why are you in such a hurry? Yun Feng doesn't stay for long every time. She'll leave in a while. After she leaves, we'll do what we need to do."

The others all chuckled and nodded after hearing that. "You're right. Don't let her have anything on us, or we'll really be in trouble."

"That's right. Let's restrain ourselves a bit during this period of time. Ah, how boring..."

"Why don't we think of a way to tease others during this period of time? After she leaves, we can put it into practice. What do you think?"

"Haha, that's a good idea. Not bad, not bad!"

The group of people laughed wantonly again, while Piao Xue mumbled thoughtfully, "I heard that Yun Feng always has a man with her. His identity and strength are quite noble. It'll be great if I can see him..."

These people were planning their big dream. They didn't know that everything fell into Yun Feng's eyes. Yun Feng's black eyes were deep and her expression was cold. She wanted to uproot all these parasites! The Yun family couldn't tolerate disasters like them!

Since they were looking forward to her departure, she might as well leave. Yun Feng pondered for a moment. If she didn't leave, these people wouldn't dare to do anything boldly. She wouldn't be able to catch them and she wouldn't have a solid reason to eliminate them. This time, she wouldn't just eliminate these people, but it was also a wake-up call for all the members of the Yun family! Not only did they have to manage themselves, but they also had to manage everyone related to them. They didn't want to embarrass themselves because of them! It was also a warning to all the vermin who wanted to rely on the Yun family. The Yun family couldn't tolerate them!

Yun Feng didn't go to find Yun Xiang or anyone else that day. Instead, she returned to her residence. Qu Lanyi came back late at night with a hint of joy on his face. Yun Feng was relieved to see that. It seemed that her master said something good.

Yun Feng asked about the conversation between her master and Qu Lanyi tentatively. Qu Lanyi only smiled and said that this was an agreement between him and Senior Feng. He couldn't mention it to a third party, not even her. Yun Feng didn't ask anymore, but the anger between her brows made Qu Lanyi realize that something was wrong.

Yun Feng told Qu Lanyi briefly what she knew today. After that, Qu Lanyi only sneered. "Does that Piao Xue really think she's an angel on earth? Who does she think she is? How dare she steal Yun Xiang's man?"

Yun Feng frowned. "I believe that Bai Qingfeng shouldn't be bewitched. That woman... is just a bit more feminine than Yun Xiang..."

Qu Lanyi curled his lips. "If you have a plan, just do it. You should eliminate these disasters as soon as possible, or the reputation of the Yun family in the Inner Area will be destroyed by them sooner or later."

Yun Feng nodded. The Yun family had always stood in the Inner Area with a positive image. Not counting the families that had a grudge against the Yun family before, if some families that were on good terms with the Yun family developed resentment and dissatisfaction with the Yun family because of these people, it would be a loss for the Yun family, especially when they needed to unite all the forces right now!

It didn't matter how weak the allied forces were. They should unite as much power as they could. The more power they had, the more likely they could turn the tide of the final battle!

The next day, Yun Feng met the three elders. Soon, Yun Feng set off on the same day, which made many people in the Yun family very regretful. They thought she could stay for a few more days this time, but she still came and went in a hurry. However, what was different this time was that Qu Lanyi stayed and didn't leave with Yun Feng. This surprised the members of the Yun family, but they didn't say anything.

Qu Lanyi stayed in Yun Feng's yard and didn't go around the Yun family much. The three elders of the Yun family also said not to disturb him. Nobody knew that an unfamiliar figure was also in Yun Feng's yard, except for Qu Lanyi.

"The news of your departure should've spread," said Qu Lanyi with a smile. He pressed the person's cheek with his slender fingers. "Why do you have to choose such an ordinary face?"

The ordinary-looking woman chuckled. "It's best to have such a face, which is easy to forget." That's right. This was Yun Feng, who was wearing the Thousand Shadows Mask.

"If you want to get something on them, it's better to move with them."

Yun Feng had the same thought. "It's just a pity that they're very vigilant. They're all on the same side. Besides, Lingyu said that they're all acting in private. They can't let the Yun family know."

"Humph, you've really put in a lot of effort." Qu Lanyi was disdainful. Then, he rolled his black eyes. "Why don't you bring one of them back? Wouldn't it be good if you disguise yourself as her and move with them?"

"Doesn't the Thousand Shadows Mask change your face randomly?" Yun Feng was puzzled. Qu Lanyi chuckled and kissed her ordinary face gently. "This thing doesn't just do that. Do you know why it can show different faces every time?"

Yun Feng was puzzled. Qu Lanyi said with a smile, "Because this mask has touched more than a thousand faces. Those faces are automatically memorized by it and mixed up. So, the faces shown every time won't be repeated."

Chapter 1753: Idiotic Woman (3)

Yun Feng was surprised! That was it! She couldn't help but reach out and touch it. This thin layer of stuff had such a powerful effect!

"As expected of the Naxi family..." Good things were truly good things!

Qu Lanyi chuckled. "So, if you put the Thousand Shadows Mask on one of their faces, it'll automatically remember. I have a way to make it show that person's face."

Yun Feng curled her lips. "If that's the case, it can't be better."

While the two of them were talking, a figure had already run out of Yun Feng's yard with a very anxious look. "Uncle Lanyi! Uncle Lanyi! Are you there?"

"Is it Lingyu?" Qu Lanyi raised his brows. The two of them immediately walked out of the yard. Lingyu was waiting there anxiously. After all, this was Yun Feng's yard. Nobody could step in at will.

"Uncle Lanyi, is Aunt Feng really gone?" Lingyu's little face was full of anxiety. Qu Lanyi didn't know what to say. She was right next to him, but she had changed her face. Qu Lanyi sighed. "About that..."

Lingyu glanced around and saw a completely unfamiliar woman next to Qu Lanyi. She looked extremely ordinary, but Yun Lingyu's eyes suddenly brightened! "Aunt Feng, you're Aunt Feng! Right?"

Yun Feng and Qu Lanyi were both shocked! This kid recognized her!

"Aunt Feng!" Lingyu immediately ran over and grabbed Yun Feng's hand. Yun Feng wanted to deny it at first, but the anxiety in Lingyu's eyes made her heart ache. She couldn't bear to lie anymore. "It's me. What's wrong?"

"It's really Aunt Feng! Aunt Feng is still here. That's great!" Lingyu called out happily. Yun Feng reached out and touched her face. "However, you must keep this a secret from anyone. You can't even tell your mother, understand?"

Lingyu nodded. "Aunt Feng, are you going to take the opportunity to chase those people away?"

Yun Feng nodded and didn't intend to say anything else. "Tell me about yourself first. What exactly happened? Why did you come here in such a hurry?"

Speaking of herself, Yun Lingyu immediately became anxious again. "That woman... came to find my father again! My mother is really angry this time! She said that she wants my father to leave the Yun family, or she will!"

Qu Lanyi couldn't help but laugh. Yun Feng immediately looked at him reproachfully. How could he still smile at this point? It must be that woman called Piao Xue... Yun Feng had just left and she couldn't wait to find Bai Qingfeng again?

"What exactly is Bai Qingfeng doing?" Yun Feng gritted her teeth. If Bai Qingfeng was in front of her, she would definitely slap him!

"Take me there!" Yun Feng was enraged. Lingyu immediately pulled her forward. At this moment, Qu Lanyi suddenly said, "Wait, you won't be able to get anything out of him even if you go. Leave the men's business to me."

"You?" Yun Feng was suspicious. Qu Lanyi coughed. "There are some things that men don't tell women. They can only tell men. Alright, I'll tell you the reason after I ask."

"...Alright." Even though Yun Feng didn't really understand, she more or less accepted it. If she questioned Bai Qingfeng, Bai Qingfeng might think that Yun Xiang asked her to come. Would their relationship become even more strained? It was good that Lanyi went.

"Let's go, Lingyu." Qu Lanyi chuckled. Yun Lingyu was still a bit worried. Yun Feng chuckled. "It's fine. Leave it to him. I'll go with you to take a look. Is Piao Xue still here?"

"Aunt Feng knows her name?" Lingyu was puzzled. "Her name will dirty Aunt Feng's ears."

Yun Feng smiled. It could be seen that Lingyu hated Piao Xue to the core. If she weren't a member of the so-called relatives of the Yun family, Lingyu would have attacked without hesitation and thrown her out of the door of the Yun family with his own hands. There were a lot of things that only Yun Feng could truly intimidate in the huge Yun family. Only Yun Feng could do them, and nobody else could.

"She comes to find my father every day and says that she wants to learn how to make potions. She comes every day. How annoying!"

Learn to make potions? That was a good excuse. Bai Qingfeng was the top pharmacist in the Yun family. Even though such a title was not really true, it was useful. Besides, the Yun family indeed needed pharmacists. There were still too few pharmacists. Other people certainly wouldn't think that Piao Xue had ulterior motives.

"That woman comes to pester Father every day with this excuse. She's not here to learn potions at all!" Lingyu was indignant. Yun Feng and Qu Lanyi listened quietly and soon came to Yun Xiang's yard. Before they walked in, they heard a sickeningly sweet voice.

"Brother Bai, am I right?"

"It's not bad, but there are some small mistakes."

"What mistake? Brother Bai, tell me quickly..."

Yun Feng's entire body went numb and Lingyu's expression was completely gloomy. She couldn't help but clench her fists fiercely. Yun Feng looked at her expression and knew that this shouldn't be the first time such a situation happened, or she would have rushed forward to investigate.

"Silly Bai! Are you done?" Yun Xiang's furious roar came with a shocking momentum. Yun Feng knew that Yun Xiang wouldn't tolerate it with her temper. As expected, she started to flare up again.

"Brother Bai, she's so fierce..." Piao Xue's voice came. Yun Feng only felt hypocritical. Then, Bai Qingfeng's voice came. "Xiao Xiang, I'm teaching her. Can't you be quiet for a while?"

"Silly Bai! Get out of here right now! And this woman, get out of here too!" Yun Xiang completely lost her temper. Yun Lingyu immediately let go of Yun Feng's hand and ran in. Yun Feng and Qu Lanyi also followed him in and saw the situation inside.

Yun Xiang stood there with anger all over her body! Bai Qingfeng, on the other hand, stood there with a headache on his face. Piao Xue leaned against Bai Qingfeng very weakly, as if she would fall on the ground without him.

"Stay away from my father!" Lingyu said. Piao Xue's black eyes glittered and he smiled provocatively. Then, he whispered pitifully, "Brother Bai, I think I shouldn't come to find you. Even though I have the confidence to learn, but..."

Bai Qingfeng's expression changed. "Lingyu, you're messing around too!"

Yun Lingyu pursed his lips tightly and shot a sharp gaze at Piao Xue. With her strength, she could crush this woman with her finger, let alone her mother! However, she couldn't do anything! She could only hold back her anger!

Chapter 1754: Idiotic Woman (4)

"Tut-tut, how lively." A male voice sounded. Everyone immediately glanced over. Bai Qingfeng frowned. "Why are you here?"

Yun Xiang was also stunned. She knew that Yun Feng had already left the Yun family, but Qu Lanyi stayed. Why was he here today? Yun Feng looked at Piao Xue and obviously found that the woman's eyes were already dull. She stared at Qu Lanyi firmly, like a bee staring at nectar.

"I'm here to watch your show." Qu Lanyi smiled casually. A trace of embarrassment flashed through Bai Qingfeng's face. Piao Xue that had been "cuddling" Bai Qingfeng suddenly left and smiled at Qu Lanyi sweetly. "Who is this brother?"

Brother? Yun Feng, who was following him, raised her brows. Qu Lanyi couldn't be bothered to talk to her at all. He gave Bai Qingfeng a look. Bai Qingfeng immediately understood. "Come with me." The two men then walked into the house. Seeing that Qu Lanyi ignored her, Piao Xue wanted to follow them shamelessly, but the door was closed in front of her. She was rejected.

"You deserved it." Lingyu mumbled softly. Yun Xiang said rather sarcastically, "Brother? You're really shameless to call him that."

Piao Xue chuckled and turned around. "I know you and your daughter hate me to the bone, but so what? You don't have the ability to touch me in the Yun family's territory. It's ridiculous when I think about it. We've bullied the members of the Yun family."

Yun Xiang gritted her teeth. Her fighting energy had already gathered in her hand. Piao Xue's expression immediately changed slightly. She knew her strength and she couldn't

provoke her too much. After all, any member of the Yun family could torture her to death, especially Yun Xiang... She only dared to mock her slightly.

"Humph! I won't bother Bai Qingfeng anymore in the future. He's still far from that brother just then!"

Yun Xiang suddenly burst into laughter. "How shameless are you? Do you really think you're capable? He's Yun Feng's man. How dare you think about snatching him?"

"What? She's the person who's been following Yun Feng!" Piao Xue was stunned as unwillingness and jealousy flashed through her eyes!

"Uncle Lanyi won't even look at you. Don't even think about it. A woman like you can't even compare to Aunt Feng's toes," said Lingyu. Piao Xue was so angry that her face turned red and pale. In the end, she snorted coldly and walked out.

Yun Feng, who had a plain face, was obviously ignored. It was good that she was ignored. Piao Xue was truly thick-skinned and had no bottom line at all.

With her personality, she probably wouldn't give up. The most handsome people in the Yun family included Yun Feng's brother, Yun Sheng. The reason why she didn't dare to play tricks on Yun Feng's brother was because of Yun Feng. After all, he was Yun Feng's brother. However, Bai Qingfeng wasn't like this, so she dared to do it.

This woman had the intention but not the courage. However... she would have the courage one day. After all, Yun Feng had already left the Yun family.

When she returned to her yard that day, Yun Feng had already made up her mind what to do next. Qu Lanyi came back and told Yun Feng what Bai Qingfeng was thinking. Bai Qingfeng didn't have any intention on that woman called Piao Xue at all. He was also very annoyed with that Piao Xue. However, the Yun family lacked pharmacists. Most members of the Yun family weren't interested in potions. Bai Qingfeng only endured it because he wanted to help the Yun family nurture a few more pharmacists. However, he didn't intend to endure it anymore right now. That Piao Xue wasn't talented in potions and didn't study seriously. Bai Qingfeng's patience had reached its limit. They had arrived earlier, or Bai Qingfeng planned to kick Piao Xue out himself.

Yun Feng only smiled mockingly after hearing that. Even though Bai Qingfeng was thinking for the Yun family, he had to consider Yun Xiang's feelings. That person called Piao Xue clearly didn't care about learning potions. Couldn't Bai Qingfeng see that? This was enough of a headache for him. It was very difficult to coax Yun Xiang.

"Brother Lanyi!" A sweet female voice came from outside. Qu Lanyi's face suddenly turned cold! Yun Feng's face also darkened. That woman dared to come!

"Brother Lanyi, are you there?" Piao Xue's voice came. Qu Lanyi instantly attacked! A fierce mental strength hit the outside and a scream came from outside! "Argh!" Then, there was the sound of someone falling heavily to the ground!

"Now she's quiet." Qu Lanyi curled his lips indifferently and slowly retracted his hand without looking sideways. Yun Feng curled her lips. It was good to teach her a lesson so that she would know what it meant to be superior.

Chapter 1755: Dead (1)

After Qu Lanyi's attack last time, Piao Xue didn't appear again and was nowhere to be seen in the Yun family's territory. In the end, Yun Lingyu brought the news that Piao Xue was already injured. Even though she wasn't seriously injured, it was enough for her to lie down for half a month. It could be seen that Qu Lanyi's attack wasn't light.

Qu Lanyi didn't care about Piao Xue at all. As Piao Xue recuperated, the movements of those troublemakers were delayed again. Even though they didn't look any different on the surface, they were already seriously dissatisfied in their minds. Yun Feng heard a lot of their dissatisfaction in private. They would take action after Piao Xue recovered.

There was finally a smile on Lingyu's face when she came these few days. The relationship between Bai Qingfeng and Yun Xiang had finally improved a bit, but Yun Xiang wouldn't forgive Bai Qingfeng so easily. It would probably take more time for the couple to reconcile with Bai Qingfeng. Yun Feng was very satisfied with this phenomenon. Even though Bai Qingfeng was doing this for the Yun family's own good, he completely ignored Yun Xiang's feelings and let that Piao Xue mess around. Yun Xiang was already kind enough not to do anything. Since he knew what Piao Xue was planning, he shouldn't have indulged her too much.

Qu Lanyi, on the other hand, had a different opinion. The two of them even discussed this matter. In the end, they concluded that men and women had different thoughts.

During these few days, Yun Feng walked around the Yun family and collected more information about these so-called "relatives". There were about thirty such people in the headquarters of the Yun family right now. After all, this was the Yun family. Even if they were relatives, they couldn't possibly move their entire family here. The people of the Yun family who came to the Inner Area were all young people. It seemed that they hoped that they could get benefits from the Yun family and increase their strength.

Among the thirty young people, the few people led by Piao Xue could be considered the leaders. Their strength was considered outstanding among the thirty of them, so they acted as the leaders. However, there were only ten people in total who were qualified to move with them. Including Piao Xue, there were eleven of them.

Most of the things that damaged the reputation of the Yun family were done by these eleven people, but not participating didn't mean that they were not wrong. The remaining people all wanted to participate, but Piao Xue didn't give them a chance. After all, these young people, who carried the hope of their branches, would let them down.

These thirty people usually behaved well, especially in front of the members of the Yun family. They were almost all very obedient. Many young people of the Yun family couldn't be bothered with them at all. They were all obsessed with cultivating their strength, while the elders of the Yun family had endless things to do. Nobody cared about these thirty people with special identities for a while.

They were usually obedient, but they were so presumptuous behind other people's backs. Even though it happened right in front of the eyes of the Yun family, for various reasons, nobody noticed that these people were hypocritical. Yun Feng sighed. If Lingyu hadn't told her voluntarily, she might not have noticed it. She wouldn't have cared about this at all during the short period of time she was back home. If she really left, the Yun family would definitely be in trouble in the future!

A thousand-mile dam could be destroyed by an ant's nest!

Yun Feng had been paying attention to Mu Canghai's condition during this period of time. Last time, he was severely injured and she left him in the headquarters of the Yun family to recuperate. This time, she didn't see him when she came back. She went to Mu Xiaojin's yard quietly and finally learned something. Mu Canghai had already recovered, but he suddenly fell silent for a while after he recovered. Then, he went into seclusion to cultivate and didn't see anyone, not even Mu Xiaojin.

Yun Feng smiled helplessly. Did Mu Canghai think that she detested him, so she left him in the Yun family? Was that why he cultivated so hard? Thinking of his injuries last time, Yun Feng didn't regret her decision. Rather than letting him do everything for her like that, she might as well let him calm down. It wasn't a bad thing to increase his strength.

Besides, her future trips would be even more dangerous. If he acted like this every time, Yun Feng really planned to not take him with her. She didn't want him to lose his life for her. If Mu Canghai was only doing this for her, what was the point of his resurrection?

Her master was still thinking. There was still no updates of the place drawn by the map fragment, but Yun Feng wasn't in a hurry. She had to deal with the Yun family's business first before she could do anything else in peace.

Soon, half a month had passed. Without these pests wandering around, the Yun family had been much quieter recently. Piao Xue's injuries had recovered and she appeared in the Yun family again. Those pests that had been silent for a long time finally moved again.

This time, when Piao Xue recuperated, she received the greetings of many members of the Yun family. After all, in the eyes of the Yun family, she was still a rather obedient descendant. Besides, her words were gentle and she looked so weak. Naturally, they thought she was harmless. Many elders came to care about her, but Piao Xue didn't want to tell them the reason for her injury. After knowing that, Yun Feng only sneered. Wouldn't it embarrass her if she told them?

Not only did she embarrass herself, but if the members of the Yun family knew that she dared to covet Yun Feng's man, they would be the first to not let her go! Piao Xue knew this very well, so she certainly didn't dare to say anything. She didn't say a word about Qu Lanyi either. She probably wouldn't give up the evil intention in her mind, but she didn't have the courage anymore.

Yun Feng had already figured out a lot of things these days, such as the place where these people often gathered. After Piao Xue recovered, these people would soon gather together. As expected, on the third day after Piao Xue recovered, these people had already gathered in the same place.

And Yun Feng had already been waiting there before they arrived.

In an extremely hidden corner, even though the Yun family's house wasn't very big, it had been expanded after renovation. In addition, the Yun family didn't have a lot of people to begin with, so the place certainly seemed a bit empty. She didn't know this hidden corner at first. Almost nobody would come here.

"Piao Xue, why are you so seriously injured?"

"That's right. Who bullied you? We'll take revenge for you!"

"It took you half a month to recover. Who exactly did you provoke? Tell us quickly!"

A dozen people sat together. Piao Xue sat in the middle, while the others surrounded her on both sides, forming a circle. Their words were full of concern, but Piao Xue pursed her lips and looked very gloomy. Yun Feng hid in the space on the side and watched the fun leisurely.

Chapter 1756: Dead (2)

"Piao Xue, say something! No matter who it is, isn't he afraid that we'll use the name of the Yun family to suppress him?"

"That's right. He injured you so badly. We have to find him!"

Piao Xue sat there with a gloomy face. Hearing the comments around, she couldn't say anything at all. What could she say? She was slapped out by Qu Lanyi and ended up like this? If she said it, wouldn't she feel like she went for wool and came home shorn? She would be so embarrassed!

"Alright, I'm fine now, right? Don't ask anymore." Piao Xue said with a cold face, as if she didn't want to talk about it. Seeing that she wasn't willing to talk about it, the others didn't ask anymore.

"Now that you've recovered, our plan can be carried out, right?" Someone couldn't wait anymore.

"We've thought of a lot of good ways these days. We have to try!"

"That's right, that's right. It's time for us to move!"

Piao Xue chuckled with gloating eyes. What was so great about Yun Feng? Why was she worthy of such a good man? Strength? She would reach such a height sooner or later! Status? She was also a member of the Yun family. After all, she wasn't any worse than Yun Feng. Yun Feng might not even be as good-looking as her!

Thinking of this, Piao Xue couldn't help but smile even more sinisterly. The anger was caused by Qu Lanyi was all directed at Yun Feng. Wasn't the Yun family the thing she cared about the most? Then she would destroy it! Destroy it with all her might!

"Alright!" Piao Xue said loudly. "The same time and place tomorrow. Think of your ideas. We'll go to the Ji family tomorrow!"

"Hahaha, alright!" The others immediately repeated loudly. Yun Feng watched coldly on the side. You're digging your own grave. This is your final result.

That night, Yun Feng caught one of them. She caught her easily without alerting anyone. Yun Feng knocked her out directly. She was so strong that the woman wouldn't wake up until tomorrow. With Qu Lanyi's help, the Thousand Shadows Mask was quickly made. After Yun Feng put it on, she became one of them without any flaws.

The next day, Yun Feng knew the place, but she didn't know the time. She could only wait there early in the morning. After the others arrived, she hid not far away and rushed over, pretending to be panting.

"Meng Qin, what took you so long?"

At this moment, Meng Qin, who was Yun Feng, panted a few times and finally said, "I woke up late. Didn't I rush over?"

Meng Qin had always been arrogant. Yun Feng's tone imitated hers perfectly. These people didn't notice it. Only Piao Xue frowned slightly. "Meng Qin, you seem a bit different today."

"How am I different?" Yun Feng raised her brows, and so did Meng Qin. Piao Xue only frowned and didn't say anything. "We're all here. We're going. Right, Meng Qin, didn't you say you had the most thoughts yesterday? Tell us. Usually, only your idea is reliable. The others aren't good."

Yun Feng was slightly surprised. Then, she smiled awkwardly. "... I was too excited yesterday. I can't remember anything right now."

The few people next to her immediately had an internal conflict. At this moment, Meng Qin lowered her head and the corners of her mouth curled up slightly.

"You were the loudest yesterday. You were truly unreliable at the critical moment." Someone had already started to mock and ridicule her. Meng Qin stood there with a proud look. There was also a grudge between these people and they weren't very united. It was extremely rare for them to be like the members of the Yun family. This could even show how precious the Yun family was right now. These people only saw the Yun family's current glory and they didn't know how the Yun family came to this point.

It could be said that Yun Feng spent a lot of effort on this. How could she let them destroy it like this?

"It's fine. It's good that the rest of us have thoughts. Let's go," said Piao Xue. She glanced at Meng Qin, looking obviously a bit unhappy. "Meng Qin" looked elsewhere. The group moved as usual and rushed towards the Ji family.

Yun Feng followed them all the way and didn't say much. She only heard their discussion. Even though some people wondered why she was so taciturn today, Yun Feng only said indifferently that it was nothing and the others ignored her.

They soon arrived near the Ji family. This group of people didn't come to the door as Yun Feng expected, but waited outside the Ji family. What were they waiting for? Yun Feng was suspicious and also started waiting quietly. This group of people was still a distance away from the door of the Ji family. It seemed that they didn't want to disturb the Ji family with their next move.

"He's out! He's out!" Someone shouted excitedly. The others also looked over excitedly. Yun Feng looked up and saw a skinny figure coming out of the Ji family. He looked sick and listless. He was very weak... Yun Feng immediately understood who they were waiting for.

"The most famous useless man of the Ji family. Let's go! Let's go up and tease him!" Piao Xue ordered. The others all chuckled softly with malicious light in their eyes. That guy was famous for being useless... Yun Feng's black eyes darkened. They only dared to target these people. They bullied the weak and feared the strong!

"Let's go! Meng Qin!" Someone pushed Yun Feng gently. Yun Feng sneered. "I'm coming."

This smile obviously stunned that person for a moment. An unknown coldness suddenly surged out of the bottom of his heart. "What's going on? It's so strange..." That person glanced at Yun Feng strangely and ran forward. Yun Feng followed behind. The target they locked onto was soon surrounded by them. Yun Feng walked over and saw the inexplicable panic in the eyes of the young man in the middle.

"W-Who are you? What do you want?" The young man glanced around and wanted to retreat, but he was already surrounded. There was no place for him to retreat at all.

"Ji Anling, the famous loser of the Ji family." Piao Xue smiled sweetly, but she said evil words! The young man couldn't help but feel a bit angry after hearing that!

"Who exactly are you?" The young man couldn't help but shout. Someone immediately reached out and pushed him fiercely. The young man staggered and almost fell on the ground.

"Trash, we're here to let you know that someone like you is simply embarrassing the Ji family and the Inner Area!"

The young man's body trembled. "I know who you are... You're from the Yun family."

Chapter 1757: Dead (3)

"Hm, at least you know what's good for you. You must know that a loser like you doesn't deserve to stay here at all in the Inner Area! Since we're members of the Yun family, we should work for the Yun family and deal with a loser like you! Then, we can make the Inner Area cleaner!"

The young man stood there quietly and gritted his teeth, not saying a word. He had already heard about these people. There were always a few useless people in every family. No matter how hardworking they were, they weren't as good as others. He happened to be one of them. A lot of people from the other families were bullied like him. Was it his turn now?

These people... If it weren't for the Yun family's name... The young man gritted his teeth and listened to these unpleasant insults. Endure! Who asked them to have the Yun family behind them?

"The Yun family doesn't want someone like you to appear in the Inner Area. Do you have any good way to teach him a lesson?" Piao Xue asked loudly. The others all burst into laughter. "There are plenty of ways. Let's try them all today."

The young man raised his head. This was intolerable! The young man flipped his wrist and gathered fighting energy in his palm. Seeing that he still wanted to fight back, these people were a bit surprised. The others just let them bully them silently!

Piao Xue shouted fiercely. Her fighting energy immediately circulated inside her body and hit the young man's body a step faster. The young man staggered a few steps and spat out blood, looking even weaker.

"You still want to play tricks?" Piao Xue said coldly with a very arrogant expression. The others were immediately enraged in their minds and wanted to attack one after another! Yun Feng's heart sank when she saw this. Even though these people were only at the Commander Level, their combined attack power was fatal to this young man of the Ji family!

It wasn't enough to bully him, but she also wanted to take someone else's life?!

The aura circulated quietly inside her body. Yun Feng was about to attack when a voice came quickly. "What are you doing?"

Piao Xue was shocked. The dozen people around the young man immediately took a step back. A figure rushed over in a hurry with an astonishing aura! His strength had already reached the peak of the Monarch Level!

Piao Xue's face darkened. The others all knew that the person who rushed over was much stronger than them. They only felt that it was a pity that someone came. When the person arrived and saw the blood at the corners of the young man's mouth, he was enraged!

"How dare you hurt a member of the Ji family!"

"Sister Yu, forget it..." The young man of the Ji family mumbled weakly. The girl who rushed over immediately held him and looked at the dozen people in front of her angrily. "How bold of you!"

Piao Xue suppressed the cowardice that suddenly appeared in her mind. So what if she was strong? Due to the reputation of the Yun family, she wouldn't dare to do anything to them! The Yun family's support immediately made Piao Xue feel at ease.

The young man of the Ji family pulled the girl's sleeve. He didn't want her to be implicated in his matter. No matter how detestable these people were, the Yun family was behind them. "Sister Yu... Forget it."

"What do you mean, forget it? How dare they bully you like this? How can I let them go so easily?"

"Humph! Do you know who we are?" Piao Xue snorted coldly. The girl of the Ji family slowly narrowed her black eyes. "No matter what your identity is, how can I let you go so easily after hurting a member of the Ji family?" After saying that, the girl suddenly moved her hand and fighting energy surged out, making a buzzing sound! Piao Xue's expression immediately changed when she saw that. Was she going to attack?

"We're members of the Yun family! If you hurt us, aren't you afraid that the Yun family will cause trouble for the Ji family?" Someone shouted loudly. The girl of the Ji family frowned. "Members of the Yun family?"

"That's right! We're members of the Yun family! So what if we hurt him? He's a famous loser of the Ji family and a disgrace to the Inner Area! The Yun family also feels ashamed!" Piao Xue said loudly, but the girl of the Ji family sneered.

"If you're really members of the Yun family, I think the Yun family is just so-so! It's a shame for the Yun family to have people like you!"

"W-What did you say?" Piao Xue was so angry that her face immediately flushed. The girl of the Ji family continued, "It's not the Yun family's place to interfere with the Ji family's business!"

Piao Xue was enraged, but she didn't have the courage to flare up in front of an opponent stronger than her. She bullied the weak and feared the strong. She couldn't help but chuckle as she thought of something. "The Yun family is the most powerful family in the Inner Area. The Ji family can't disobey the Yun family no matter what! Do you know Yun Feng? She asked us to do this!"

Yun Feng suddenly raised her brows after hearing that. What a shameless excuse. That woman wanted to use this to defame her?

"Yun Feng?" The girl of the Ji family was shocked. Then, she immediately denied it. "That's impossible! How can someone like Yun Feng be associated with people like you?"

Piao Xue was enraged again. What did she mean by people like them? How noble was Yun Feng?

"It's up to you whether you believe it or not, but I am telling the truth. Yun Feng even asked us to pay attention to the movements of the various families. If they have any bad

intentions, she'll eliminate them herself!" The more Piao Xue said, the more complacent she became. She did it on purpose and blamed everything on Yun Feng. Wasn't Yun Feng very capable? Such a conflict was certainly nothing to her.

The others were all terrified after hearing that. "Piao Xue..." Someone tried to remind her. How could they blame everything they did on Yun Feng? What kind of courage did she have?

Piao Xue ignored the others and continued eloquently, "What you said just then is enough for Yun Feng to finish off the Ji family herself."

The young man of the Ji family immediately turned pale after hearing that. "Don't... Don't tell Yun Feng!"

"You're scared now? You must know that with Yun Feng's strength, wouldn't it be easy for her to destroy the Ji family?" Piao Xue sneered. The young man of the Ji family turned even paler and his body also swayed. "Don't..."

The girl of the Ji family gritted her teeth fiercely and held the young man next to her with her hand as she widened her eyes. "Go and talk to her! I think I'm right! If she's really willing to destroy the Ji family for you, it'll be Yun Feng's incompetence!"

"Well said." A voice sounded. Piao Xue turned around and saw the person who spoke clearly. Her expression immediately changed! "Meng Qin! What did you say just then?"

The people around all looked over with a hint of disbelief in their eyes. What did Meng Qin eat today? How dare she say... Well said?!

Chapter 1758: Dead (4)

"I said, she's right," said Meng Qin as she glanced at Piao Xue with her black eyes. Piao Xue's breath tightened. She wanted to scold her loudly, but she suddenly lost her courage!

"What kind of gaze is that?" Piao Xue's tone was obviously much weaker. Meng Qin slowly walked over. The girl on the opposite side chuckled. "Do you see that? Your own people think I'm right!"

"Get off. Don't embarrass yourself here!" Piao Xue shouted fiercely. "Meng Qin" raised her brows. She couldn't tell that Piao Xue could speak with such a fierce tone despite her delicate appearance. Indeed, one couldn't judge a book by its cover. Appearance didn't mean everything.

"Did you hear what I said?" Seeing that she still didn't react, Piao Xue shouted angrily again. "Meng Qin" stood there and said in a low voice, "It's indeed not something I can stand living with someone like you."

"You..." Piao Xue was shocked! She belatedly realized that this person might not be Meng Qin at all! How would Meng Qin dare to talk to her like this?

"Who exactly are you? You're not Meng Qin!" Piao Xue suddenly shouted and pointed at Meng Qin. The others were also shocked. If it wasn't Meng Qin, who could it be? Who exactly sneaked into them with Meng Qin's face?

The girl of the Ji family looked like she was watching a good show and frowned slightly. She always felt that the woman in front of her gave her an inexplicable pressure that faintly emitted.

"Meng Qin" wiped her face gently with her hand and a mask that was as thin as a cicada's wing was removed. She twisted her wrist gently and the Thousand Shadows Mask disappeared, revealing Yun Feng's original body. She had a jade-like face and noble facial features that emitted the aura of a queen. Especially her eyes, they emitted a fierce gaze that Piao Xue couldn't resist at all!

"Who exactly are you?" Piao Xue staggered a few steps back as her heart raced. She sized her up. Who exactly was she?

Yun Feng curled her lips slightly and looked at Piao Xue directly with her black eyes. "Who am I? Didn't you mention my name just then?"

Piao Xue immediately turned pale! The others all gasped!

"Are you... Yun Feng of the Yun family?" The girl of the Ji family seemed to be mumbling as she stared at Yun Feng with her black eyes. Her blood was boiling in her body. She was Yun Feng! The young man of the Ji family staggered again. Yun Feng... He was lucky to see her!

"That's impossible!" Piao Xue suddenly shouted. "Yun Feng left the Yun family many days ago. Where did you come from?"

Everyone was in shock. Yun Feng sneered. "It doesn't matter who I am, but I won't let any of you ruin the Yun family's reputation outside!"

These words were like an arrow, piercing fiercely into the hearts of these people!

"Let us go? Who do you think you are? Do you think we'll believe you when you say you're Yun Feng?" Piao Xue was still lying to herself. The news of Yun Feng leaving the Yun family was held in her hand like a life-saving straw. That woman couldn't be Yun Feng! Yun Feng had already left!

"You're truly an idiot. Can't you see that she's Yun Feng in the flesh?" The girl of the Ji family snorted and looked at Piao Xue and the others with ridicule in her eyes. "She's far stronger than you. Her aura is obvious. If she's not Yun Feng, are you?"

Piao Xue gritted her teeth! That couldn't be! If the woman was really Yun Feng, she would have caught everything Piao Xue did. Piao Xue... couldn't stay in the Yun family at all! She didn't want this to happen! She couldn't leave the Yun family!

"I don't believe it!"

Yun Feng raised her brows. It was such an obvious fact, but she was still gritting her teeth and being stubborn. She probably knew that she was in trouble. It didn't matter. There were certainly countless people who could prove if she was Yun Feng or not. Even though she could prove her identity by showing her contracted Magic Beasts, it wasn't worth it to do this.

Yun Feng turned around and approached the girl of the Ji family. "I won't show mercy to these people. As you said, if there's really such a group of people in the Yun family, it'll be our own humiliation."

The girl of the Ji family suddenly blushed in embarrassment and nodded. "I was just angry. We know the Yun family very well in our minds."

Yun Feng chuckled. "These people might still deny it. By then, I hope you can go to the Yun family to prove it."

The girl of the Ji family quickly nodded. "Of course! If there's a need, I'll call the other families too!"

Yun Feng nodded. "That couldn't be better." She glanced at the very weak young man on the side with her black eyes. Yun Feng twisted her wrist and a bottle of Life Potion appeared. Yun Feng handed the potion to the young man. "This master-level Life Potion is enough to make your physique several times stronger. Just because you're not talented doesn't mean you can't succeed."

The young man quickly held the bottle in his hand tightly as his black eyes glittered crazily! Master-level Life Potion!

The girl of the Ji family was ecstatic in her mind. A master-level potion! She was really Yun Feng. Apart from Yun Feng, who else could give out a master-level Life Potion so generously? Yun Feng wasn't just strong. She was also a famous genius in the pharmaceutical world!

The young man didn't know what to say. In the end, he only said "thank you" with a trembling voice. Yun Feng smiled lightly and turned around. Those people who were still extremely arrogant just then were all petrified on the spot!

Yun Feng, she was really Yun Feng!

Even the most stubborn Piao Xue's face completely collapsed and she was already sitting on the ground with weak legs! A master-level potion... She gave it away casually. She was really Yun Feng! However, what was going on when she left the Yun family? Perhaps... she did it on purpose? Piao Xue fell on the ground, as if she could predict her future ending.

Yun Feng returned to the Yun family. Her sudden reappearance, which should have already left home, immediately shocked the members of the Yun family. What shocked the Yun family even more was that Yun Feng gathered everyone in the Yun family and issued a summons. Whether they were busy outside or cultivating in seclusion, they all put down what they were doing and came out. The members of the Yun family all gathered in the atrium of the Yun family and looked at the people around Yun Feng curiously. Hm? Weren't they all relatives of the Yun family?

Discussions rose around. Yun Feng stood there with a cold face and didn't say anything. The dozen people around her didn't dare to say anything either. Their faces were all ashen as they stood there dejectedly.

"Yun Feng, what are you doing?" The few uncles related to these people all walked over. They didn't know what Yun Feng was doing. These people were all from their wives' side after all. Did they do something wrong?

Chapter 1759: Dead (5)

"Uncles, I'll explain everything to you later," said Yun Feng. The uncles also smiled and didn't say anything else.

After all the members of the Yun family were gathered, Yun Feng first glanced at them indifferently and then said, "I gathered everyone because I have something to tell you. The Yun family is the top in the Inner Area right now because of the hard work of everyone in the Yun family."

Yun Feng paused for a moment and then said, "The Yun family has been developing like the sun in the midday sky these years. There's nothing wrong with some people coveting the reputation of the Yun family. Since you're in the Yun family, you should know your status and identity!"

The members of the Yun family all frowned slightly. What exactly did this mean?

"What are you doing?" A few women's voices immediately sounded. Then, a few figures rushed in recklessly. Yun Feng frowned. Those few uncles just then also frowned. They were all their relatives.

"Aunt!" Piao Xue, who was still looking gloomy just then, suddenly cried. Two streams of tears fell, making her look pitiful. These women were immediately anxious when they saw this. They were about to rush forward, but they were pulled back by the few uncles. "Why are you here? Go back quickly!"

"Go back? And let Xiao Xue be bullied like this?! I won't allow it!" One of the women shouted and looked at Yun Feng. "What exactly did Xiao Xue do to make you angry? Do you have to treat her like an outsider? Who are you? You don't have to care about her at all!"

Yun Feng's black eyes darkened slightly and she didn't say anything. The few uncles immediately blushed. "What are you talking about? Go back quickly!"

"No! Xiao Xue is my niece. I can't let her be bullied!"

"Uncle, I didn't do anything at all. I just offended her a bit..." Piao Xue squeezed out a few more streams of tears and looked at the members of the Yun family pitifully. "You know my usual personality. Even though we're in the Yun family, we know what it means to live under someone else's roof. Are we usually inappropriate?"

The members of the Yun family all frowned. These people were usually very nice and polite, but what Yun Feng said couldn't be made up!

"Yes, she's Yun Feng. You believe everything she says! But you can't listen to one side of the story!" Piao Xue turned around. "Master Yun, why do you have to argue with me..."

Yun Feng sneered. She had seen too many shameless people like this. Playing tricks with her like this? That girl was still a bit too young.

"Well... Yun Feng, Piao Xue and the others are really obedient. Is there a misunderstanding?" The uncles of the Yun family said. Yun Feng chuckled. "I've always been reasonable. Of course, I can't listen to anyone's side of the story. Then, let someone else talk!" Yun Feng clapped her hands and a few figures walked out of a corner. Seeing that, Piao Xue immediately widened her black eyes! Weren't they the victims she had bullied before?

The few of them walked to Yun Feng and introduced themselves to the members of the Yun family. The members of the Yun family were even more confused. What did this have to do with the members of the other families?

Yun Feng nodded slightly. The few of them told them everything that Piao Xue and the others had done. After hearing that, the expressions of the members of the Yun family changed drastically! Especially the few uncles who were related to them, their faces had already darkened!

"That's impossible! They're spreading rumors!" The few women shouted. "Piao Xue and the others can't possibly do such a thing. Besides, they're all quite strong. How can they let others bully them for nothing? They must be..." The woman fell silent at this point. The members of the other families all sneered. "They're using the Yun family's name to suppress us. It's better for us to avoid trouble."

"How dare you!" The few uncles immediately burst into an uproar! The Yun family was the most important thing in the minds of the Yun family. That was their root! Their home! Nobody could insult them! Not even the members of the Yun family, let alone these people!

"Uncle, this isn't true. I didn't do it!" Piao Xue was terrified. She stammered and explained for a long time. The few uncles were already enraged!

"You people! How dare you ruin the reputation of the Yun family!" The few uncles were enraged! They clenched their fists so hard that they made creaking sounds! The other members of the Yun family were also enraged and dissatisfied. These people were all different on the surface, and they were all kept in the dark!

"It's fine if you behave yourselves. Unfortunately, you don't know your place," said Yun Feng. The few women immediately shouted, "Yun Feng! You're a powerhouse. Aren't you afraid that it'll damage your dignity as a powerhouse and you'll be said to be bullying the weak?"

"What did you say?" Before Yun Feng said anything, the uncles were enraged again. "What right do you have to say that about Yun Feng? What do you women know?"

"We're right! If we're married into the Yun family, aren't we members of the Yun family?"

Yun Feng sneered. "Alright, you are members of the Yun family. Since she's a member of the Yun family, the Yun family certainly has its own rules!"

"...Rules? What rules?" Piao Xue's body trembled. Yun Feng curled her lips. "Uncles, you..."

"You don't have to care about us! It's fine if we don't have such relatives!" The few uncles were truly enraged. It was their shame to have such relatives! It was also because of them that the Yun family was implicated! This made them so ashamed that they couldn't show their faces! Luckily, the evil deeds of these people were exposed as soon as possible, or it would be difficult for them to explain if there was really a misunderstanding in the Inner Area.

"Wait!" Piao Xue suddenly shouted. "I'm not a member of the Yun family!"

Yun Feng raised her brows. Piao Xue continued to shout, "My surname isn't Yun and I don't have the blood of the Yun family in my body! I... I'll leave this place right now, right now!"

The members of the Yun family all looked disgusted. Why didn't they notice the real faces of these people? The reputation of the Yun family was ruined by such relatives. It was truly...

"How can we let you go so easily?" Someone in the Yun family shouted with anger burning in his heart!

"That's right! You damaged the Yun family's reputation. How can we let you go so easily?"

Piao Xue's face was full of tears. She regretted what she did. She had only done some bad things. Besides, she was bullying useless people! "They're all useless people of the various families. So what if we bully them? The strong prey on the weak in this world. It's the same everywhere!" Piao Xue shouted fiercely. Yun Feng's expression was cold.

"There are no useless people in this world at all. There are only people who are unappreciated."

Piao Xue was stunned and looked at Yun Feng in a daze. Yun Feng curled her lips coldly. "Since you said that you're not a member of the Yun family, the Yun family has nothing to do with you at all. Your life and death in the future have nothing to do with the Yun family."

Piao Xue shivered and couldn't help but glance at the people she once bullied in the name of the Yun family. Even though these people were useless, they were quite strong!

"Don't... Don't be like this... I... I was wrong..." Piao Xue said with a trembling voice. "I won't do it again..."

"People have to be responsible for what they did. Nobody can escape," said Yun Feng. She extended her hand and her mental strength immediately rolled up Piao Xue's body, throwing it to those people. "I'll leave her to you to deal with. Let's settle your grudges."

"Xiao Xue!" The woman immediately screamed in shock when she saw that. Seeing that Piao Xue was taken away by those people, she would definitely die!

"Yun Feng! How can you be so heartless? You're not even willing to let go of a weakling!" The woman roared loudly. Yun Feng glanced over coldly. "The dignity of a powerhouse doesn't exist in my eyes at all. If anyone harms or hurts the Yun family at all, I certainly won't let them go. That's my rule."

The woman's body went limp. She knew that it was useless to say anything else. Her niece was definitely dead this time... There was no saving her... Yun Feng had already said that. How could she still live?

"The so-called relatives, listen up. The Yun family has its own rules. If something similar happens again, I won't hold back! When the Yun family is glorious, you can share the glory if you want! However, if you hurt the Yun family at all, this will be the result."

A miserable cry sounded outside. The hearts of the members of the Yun family trembled after hearing that, but they didn't blame her in their minds at all. If it were them, they would definitely do the same!

After this incident, the relatives didn't have the courage to stay in the Yun family anymore. They walked away and dispersed. Those people who were ready to make a move and wanted to climb up the ranks were completely obedient. Outside the wilderness, an extremely messy corpse was lying there. Yun Feng waved her hand and a ball of fire surrounded the corpse, completely burning the body. The ashes were dissipating in the air.

After she died, she didn't even leave a trace of ashes.

Chapter 1760: Pharmaceutical Contest (1)

The group of people led by Piao Xue ended the most miserably. After all, she was the one who started everything and she was the one who caused the most trouble in the Yun family. The relatives immediately dispersed from the Yun family. They knew in their minds that they could come to the Yun family, but it wasn't a place where they could behave atrociously. With Yun Feng's action, any member of the Yun family would probably be able to do anything if something similar happened to the Yun family in the future. Yun Feng didn't have to deal with it herself.

This time, the three elders of the Yun family didn't show up for Yun Feng's punishment. They seemed to be letting Yun Feng deal with everything. The three elders of the Yun family also knew that Yun Feng pretended to leave, or they wouldn't have turned a deaf ear to the matter at all. After this matter, the large and small families in the Inner Area that almost had animosity changed their opinion of the Yun family again. Yun Feng's action preserved the Yun family's reputation very forcefully. If there was a hidden storm in the Inner Area, if she didn't pay attention to it, there might be bad consequences in the end.

After dealing with these relatives, good news finally came from Feng Qingxuan's side. Yun Feng and Qu Lanyi rushed to Feng Qingxuan's place immediately. Feng Qingxuan chuckled. "Disciple, I've thought for so long and finally remembered where this place is."

Yun Feng heaved a sigh of relief in her mind. "It's good that Master remembers. I'm not in a hurry."

Feng Qingxuan chuckled and pointed at a place on the map. "This is the place that arouses my memories. Disciple, come and take a look."

Yun Feng walked over and looked at the small map carefully. The map fragment was much smaller than the other two pieces that were connected together, but the terrain depicted on the map was also detailed. However, she had to observe it carefully. Yun Feng looked at it carefully for a long time and suddenly felt that the place drawn on the map looked a bit familiar to her.

"Strange... Why do I feel that this place is also very familiar..." Yun Feng mumbled. Feng Qingxuan looked at her with a smile. "It's great that you find it familiar. You must have been to this place before."

Yun Feng looked at Feng Qingxuan in confusion. Why was her master so sure? Qu Lanyi also walked over and looked at it carefully. He couldn't tell what was wrong, but the more he looked, the more he felt that this place was familiar and he had been there...

"Master, why are you so sure?" asked Yun Feng. Feng Qingxuan chuckled and looked at Yun Feng. "Because the area marked on this map isn't anywhere else. It's a part of the East Continent!"

"The East Continent!" Yun Feng was surprised! She looked carefully again. After her master's reminder, Yun Feng saw it even more clearly. The terrain depicted on the map was still unfamiliar, but it was already gradually approaching the territory of the East Continent. It was a bit similar, but different!

"The East Continent used to have four empires. We've visited all four empires. It's impossible for us not to recognize it." Qu Lanyi frowned and looked at the map carefully. "Besides... the terrain drawn on this map is a bit different from the current East Continent..."

"Kid, you're talking about the current East Continent... The vast continent hasn't been ruled by humans since ancient times. The East Continent and the West Continent and the Central Continent were developed later. With the arrival of humans, the current terrains were formed. The Map of Elements is ancient, so the terrain depicted is certainly ancient, not right now."

"This map should depict the East Continent a long time ago. As time passes, not only will the dynasties change, but even the territory, terrain and geographical environment will also change with time."

"Disciple, you're right. I've been staring at it. This terrain is very close to the current East Continent. Thinking carefully about the passage of time, I should be able to reach the same conclusion."

"A part of the East Continent. Which part is marked on this map?" Qu Lanyi frowned. Yun Feng chuckled. Wasn't that simple? As long as she compared the map of the East Continent with this map fragment, she would be able to come to a conclusion.

It couldn't be easier to get a map of the East Continent. Soon, a map of the East Continent was in Yun Feng's hands. Now that the Cashya Empire was completely destroyed, the East Continent had become the three empires. The total area of the Fengyun Empire remained the same, while Shengyao and Ovey divided the territory and resources of the Cashya Empire. Their territory and influence had expanded a lot, and the overall combat strength of the empires had changed. Even though the two countries got a lot of benefits from dividing the Cashya Empire, they didn't dare to attack Fengyun easily.

One was because of the restrictions of the Mercenary Union, and the other was because the Red Maple Mercenary Team was still rooted in the Fengyun Empire. The two countries certainly knew who was behind the Red Maple Mercenary Team. That was Yun Feng! The two of them certainly didn't dare to provoke her easily. Even though they were restless, they had never dared to attack easily.

The result of the map comparison soon appeared. The place drawn on the map was indeed a part of the East Continent. Even though many parts couldn't match precisely, it should be where it was. Yun Feng looked at the area on the map of the East Continent and chuckled. The area indicated on the map was the territory of the destroyed Cashya Empire!

"The light element seed appeared in such a place..." Yun Feng smiled helplessly. She had never thought that the Element Seed would appear in the human world, and even in the territory of the Cashya Empire! When the Cashya Empire still existed, who would have thought that such a powerful thing existed in the territory of the empire?

"Now that the Cashya Empire has been divided up, Ovey and Shengyao haven't heard anything about the Element Seed?" asked Qu Lanyi with a frown. Feng Qingxuan, however, snorted. "Even the families in the Inner Area aren't qualified to know how precious the Element Seed is, let alone them."

Yun Feng thought so too in her mind. Only the four families could know about the map fragment. As for the empire on the East Continent and the three halls on the West Continent, they weren't qualified to know about the map fragment yet. And only her master knew the truth about the map fragment.

"We can only go there in person. We won't know if it's in Ovey or Shengyao unless we visit them," said Yun Feng. Qu Lanyi nodded. Feng Qingxuan handed the map to Yun

Feng and said in a low voice, "Although the area where it appeared is ordinary, it's not easy to find the Element Seed. Besides, you've had experience with the water element seed. You can't approach it easily. If you really have to, use some special methods."
