Chapter 1771: I Want Your Life (2)

1771 I Want Your Life (2)

Everyone's expression immediately changed again! The slaughter had already spread quickly!

Gong Tianqing couldn't bear to see the miserable scene below the platform. Looking at the few God-Level experts who were still indifferent here, she couldn't help but roar, "Can't you see? Go and save these people!"

The few leaders of the East Continent all said, "The responsibility of these powerhouses is to protect us. That's all."

Gong Tianqing suddenly widened her eyes. Dan Qing and Dansu could only feel anxious. They watched the pharmacists get taken away, but there was nothing they could do! The difference in strength was too great. They couldn't beat them at all!

"As expected, the so-called leaders of the East Continent really only have brains and breathing," said Yan Ming coldly. He waved his hand gently and two figures jumped out from behind him, rushing towards the chaotic battle below!

"Kid, you're just the deputy of the Bright Moon Hall. You can die, but we can't," said the Emperor of Ovey. Yan Ming sneered and didn't say anything else. Gong Tianqing said with ridicule in her eyes, "You're truly knowledgeable. No wonder the Yun family wanted to break away from the East Continent. That's truly a wise move."

The few people on the East Continent all looked a bit embarrassed, but in the current situation, these powerhouses couldn't take half a step away from them!

Gong Tianqing turned around and was about to rush down, when the Potion Elder quickly stopped her. "Why are you going? You're not their match with your strength."

"I can't just watch these people die for nothing! I'll save as many as I can!"

Yun Feng chuckled. Tianqing's personality really hadn't changed. She was still the same as before. Even though she had an unusual thing like the Dead Fire, a powerful weapon that could burn the soul, she was very kind-hearted. It wasn't true that she

wasn't a match for those people with her strength. Apart from the light element, Tianqing's Dead Fire could also deal with those people of the Blood Souls.

As Gong Tianqing's strength increased, she would have the Dead Fire to give the Blood Souls a head-on blow sooner or later!

"Do you think you can survive with these few people here?" Yun Feng said coldly with a freezing gaze. "How can some Gods resist a God King? You will die sooner or later."

"What did you say?" The few leaders were all enraged. The few God experts were also quite angry. "If you're so powerful, why don't you save those people?"

Yun Feng curled her lips. She certainly had to save them. She wouldn't let go of any of the Blood Souls! If they wanted to kill the people here, she would do the same to them!

She flipped her wrist gently and the five-color Rings of Contract appeared. Everyone widened their eyes when they saw it!

"You are?" Yan Ming's body trembled violently! He stared at Yun Feng's face with his black eyes and sized her up back and forth. Was it her? Was it her?

Dan Qing and Dansu also widened their black eyes! After the surprise, endless smiles appeared in the Potion Elder's eyes, while Gong Tianqing looked at the unfamiliar woman in front of her with excitement on her face. Five-element light flashed out of the Rings of Contract and stopped in the sky. Five contracted Magic Beasts appeared at the same time!

"Don't let anyone from the Blood Souls go!" Yun Feng said.

"Yes, Master!" The five contracted Magic Beasts replied at the same time and dispersed, joining the chaotic battle!

"Yun Feng!" Shang Qu and De Lan suddenly shouted. Yun Feng chuckled and waved her hand on her cheek. The Thousand Shadows Mask was taken off and her original face was revealed. She turned around and glanced at everyone with her black eyes. "It's been a long time, everyone."

"You kid..." The Potion Elder smiled helplessly. Gong Tianqing smiled happily. "It's really you!"

Yun Feng nodded with a smile. "Yes, it's indeed me. Tianqing, it's been a long time."

Dan Qing and Dansu blinked a few times. It was Yun Feng herself. No wonder... However, this girl's pharmaceutical expertise had improved too quickly! Back then, when they watched her take the assessment at the Pharmaceutical Institute, she was only a three-star master. And now, she had reached the Grandmaster Level!

The few leaders of the East Continent immediately put out their anger. The few God-Level experts who were still dissatisfied with what Yun Feng said just then also took a few steps back silently. They certainly knew in their minds who Yun Feng was! She was an insurmountable existence, a five-element summoner!

“You must be Qu Lanyi.” Yan Ming looked at Qu Lanyi. Qu Lanyi raised his thin lips and took off his mask, revealing his handsome face. Yan Ming’s temples throbbed fiercely with an extremely complicated feeling in his mind. Qu Lanyi raised his brows. As expected, this kid didn’t have a simple goal for his Xiao Feng.

“With you here, Yun Feng, we should be fine!” Shang De said with a relieved look. The leaders of the East Continent all had the same expression. The others all frowned slightly. Yun Feng sneered. “You have nothing to do with me.”

Indeed, the Yun family had already left the East Continent. What did these leaders of the East Continent have to do with Yun Feng? She wouldn’t be responsible for their lives.

“Those few God-Level experts are enough to protect you,” said Gong Tianqing. The people of the East Continent were indeed shameless. They used Yun Feng like this. Thinking back, the Yun family must have been used on the East Continent! And now, they were still acting as if it was natural!

“Hey, well...” The few people on the East Continent were all stunned. Yun Feng ignored them. The Potion Elder said, “Kid, can you break the space blockade of the God King Level?”

“Don’t force yourself,” said Dansu with concern in her eyes. Yun Feng smiled lightly. “Whether or not I can break it depends on what grade the God King is.”

Yan Ming’s eyes brightened! “Yun Feng, have you already reached the God King Level?”

Yun Feng smiled and didn’t say anything. Qu Lanyi said, “We don’t have time to catch up with these people. I’ll find out where the God King of the Blood Souls is and lure him out. Fengfeng, try to see if you can break the space blockade.”

Yun Feng nodded. “Be careful.” After reminding each other, Yun Feng and Qu Lanyi jumped into the air. Gong Tianqing mumbled, “The God King Level. As expected of Yun Feng.”

The Potion Elder nodded with a smile. “That’s normal. With her talent, she should be like this.”

Yan Ming's eyes glittered. A God King. She was already a God King! It had only been a dozen years. When he first met her, she was only at the Monarch Level! And now, she was already at the God King Level! Besides, she had all five contracted Magic Beasts!

Chapter 1772: I Want Your Life (3)

1772 I Want Your Life (3)

Yan Ming looked down with his black eyes. The participation of the five contracted Magic Beasts turned the tide of the battle in an instant. The Blood Souls stopped killing and many of them were chased to death by Yun Feng's contracted Magic Beasts! Yan Ming's heart pounded violently as he watched. What kind of a difference was this? He had been working hard all these years to climb up... However, he was still far behind her!

Yan Ming clenched his fists and gritted his teeth. "This is the difference. I expected it back then, didn't I?"

He had expected it and was also shocked. He was dealt another blow! Yan Ming smiled wryly. He knew it in his mind, but he finally realized that he hadn't given up and had always had expectations for her. And now, reality cruelly destroyed all his expectations again.

The man who was worthy of her couldn't be him.

The battle intensified. The three Hall Masters were entangled in the battle and were all shocked to see the five contracted Magic Beasts! The three of them had the same thought. Was she here?

"It's not bad if it's really her. The current situation can be controlled!" The Master of the Bright Moon Hall attacked and roared. The Master of the Ancestral Forest Hall and the Master of the Thousand Snow Hall had different expressions. Their relationship with Yun Feng was a bit tricky and they had some personal grudges. However, in the current situation, they should beat the enemy in front of them back first!

Yun Feng's attack turned the tide of the battle. Half of the dozen members of the Blood Souls were killed. Yun Feng's five contracted Magic Beasts were all at the God King Level! They could be said to be crushed along the way!

"Buzz, buzz, buzz!" The space trembled in the void and a figure slowly appeared from inside. He was wearing a black robe with dark red patterns around his body. His face was pale and his eyes were evil. After seeing the five contracted Magic Beasts, there was a hint of surprise in his eyes. "Five-element contracted Magic Beasts? They belong

to the same person or different people? A summoner at the God King Level exists on this continent?"

"Old man, you're willing to come out?" A beam of light shot in a straight line! The black-robed man's body swayed and he dodged easily! Qu Lanyi frowned. He dodged so easily. It seemed that his strength wasn't simple.

After the black-robed man dodged the attack, he counterattacked. His black robe suddenly opened and a huge black hand flew out! It went straight to Qu Lanyi's chest! Qu Lanyi immediately retreated hundreds of meters. He quickly shot out light elements and blocked the black hand for the time being, barely dodging it.

The black-robed man raised his brows. This kid could dodge his attack? The black robe flashed again and the giant black hand continued to chase after him. Qu Lanyi's black eyes darkened. This old guy was much stronger than him! His black eyes were instantly covered in redness and red light flashed in his blood-red eyes. He also extended his darkness hand and his two hands collided fiercely, perishing together!

"You're a God Lord!" Qu Lanyi was stunned. The moment they came into contact, he had already detected the other party's strength. The black-robed man's expression changed abruptly! "Kid, who are you?" This kid could detect his strength!

Qu Lanyi curled his lips. Seeing that he didn't intend to answer, the black-robed man was a bit angry. "If you don't tell me, I'll make sure you never say it!" His black robe suddenly opened! Countless black eyes attacked Qu Lanyi at the same time! Qu Lanyi took a deep breath. Red patterns appeared again and spread to his neck!

Two different colors, light and darkness, glittered around him. The black-robed man's pupils shrank fiercely when he saw this! Light and darkness on the same body!

"Boom!" A huge bright pillar of light flew out of Qu Lanyi's hand and blood-red light burst out of his black-robed man was obviously stunned!

"You can detect it to this extent? It's indeed interesting!" The black-robed man said excitedly as he looked at Yun Feng with scorching eyes. "You know this. It seems that I can't let you live. Whether you live or die is the same for the Blood Souls."

"Swish!" The black-robed man moved. The black-robed man flashed over like a shadow!

Qu Lanyi immediately pulled Yun Feng back. The two of them turned around and flew out quickly! Their speed soared all the way. Qu Lanyi and Yun Feng didn't dare to stop at all. The God Lords behind them were chasing them fiercely! He was getting closer and closer!

"The space ahead is sealed. We can't get out." Qu Lanyi frowned and couldn't help but grab Yun Feng more tightly. An ear-piercing voice kept coming from behind. "Yun Feng, Tu Wei let you escape. You'll never be able to escape from me!"

bloodshot eyes!

The two energies collided in the air with a shocking sound! The powerful impact energy came next. Qu Lanyi's body was directly hit and he flew out quickly!

"Lanyi!" Yun Feng's voice sounded. A pair of huge green wings flashed from the energy and she held Qu Lanyi's falling body tightly with both hands, pulling him out of the crazy energy vortex forcefully.

Yun Feng looked at Qu Lanyi nervously. "Are you alright? I didn't expect the Blood Souls to send out a God Lord this time."

Qu Lanyi looked solemn. He pushed Yun Feng's arm away and the two of them stood in the sky. Yun Feng frowned and said, "The space blockade seems to have been done specially. Even Meatball can't break it. The lightning Fantastical Beast told me the level of the space blockade."

Qu Lanyi raised the corners of his mouth. It seemed that the lightning Fantastical Beast wasn't planning to help this time.

A figure in black stood far away and narrowed his eyes as he looked at Yun Feng. He slowly said, "You're Yun Feng?"

Yun Feng's expression turned cold. A God Lord. He should be a core member of the Blood Souls like Lord Tu. Why would a core member of such a high level appear in the Pharmaceutical Contest? He didn't have to do anything to capture these pharmacists at all. Perhaps... he was here to find the Element Seed?

"You're quite capable. You destroyed two bases of the Blood Souls and ruined a lot of our plans."

Yun Feng sneered. "I'll destroy more."

The black-robed man laughed hoarsely and let out a rather ear-piercing laugh. "The higher-ups value you very much. I can't help but feel curious about you. Only Tu Wei fought with you. It's my turn now."

Tu Wei should be that Lord Tu. Yun Feng frowned. She was now at Grade 2 of the God King Level. If she forcibly upgraded to Grade 5 of the God King Level, she would be considered half a God Lord powerhouse together with Lanyi! There was almost no chance of her winning in a battle!

"I already know that you have the Fantastical Beast and the Element Seed," said Yun Feng. The black-robed man was obviously stunned!

never be able to escape from me!"

God Lord Level... Yun Feng's heart sank and her black eyes glittered quickly. "We can't break the space "You can detect it to this extent? It's indeed interesting!" The black-robed man said excitedly as he looked at Yun Feng with scorching eyes. "You know this. It seems that I can't let you live. Whether you "The space ahead is sealed. We can't get out." more tightly. An ear-piercing voice kept coming from behind. "Yun Feng, Tu Wei let you escape. You'll "Swish!" The black-robed man moved. The black-robed man flashed over like a shadow!

Qu Lanyi immediately pulled Yun Feng back. The two of them turned around and flew out quickly! they were chasing them fiercely! He was getting closer and closer!

Their speed soared all the way. Qu Lanyi and Yun Feng didn't dare to stop at all. The God Lords behind

Chapter 1773: I Want Your Life (4)

1773 I Want Your Life (4)

Qu Lanyi was stunned for a moment. Then, he understood Yun Feng's intention. "It's too risky!"

Yun Feng smiled. "That's the only way to break the stalemate!"

Qu Lanyi thought for only a few seconds and nodded. He clenched his fists and the two of them suddenly stopped. Yun Feng clasped her hands fiercely and pressed different elements into her hands fiercely! Qu Lanyi's light and dark elements instantly burst out!

The black-robed man who was chasing them let out an ear-piercing laugh. His black robe flipped and countless huge black hands extended from the inside of the black robe, grabbing at Yun Feng and Qu Lanyi! They were like arrows at the end of their flight. He must finish off Yun Feng today! He must capture her soul and bring it to the Blood Souls!

Yun Feng and Qu Lanyi attacked at the same time! The two Grade 5 God Kings' power combined. The black-robed man burst into laughter. "You're just half a God Lord. Die!"

Countless giant black hands reached out. The dark elements of the power of a God Lord were about to collide with the combined energy of the two of them. "Now!" Yun Feng roared. Their mental strength instantly surged out and they pushed their power aside forcefully, deviating from their original trajectory!

The power of the God Lord rushed straight at them without weakening at all. Yun Feng and Qu Lanyi had already dodged. There was a shocking explosion! The power directly hit the space blockade!

"Crack!" The space blockade showed signs of breaking!

"What?" The God Lord of the Blood Souls didn't expect Yun Feng and the others to do this at all. They used his own power to break through his space blockade! What a cunning Yun Feng!

Yun Feng and Qu Lanyi swung their hands and unleashed another wave of fierce mental strength, hitting the crack that was vaguely broken heavily together!

"Crack! Crash!" A gap was opened in the space blockade! The two of them were delighted. It worked!

"Damn it!" The God Lord of the Blood Souls immediately moved. Qu Lanyi quickly grabbed Yun Feng and rushed out of the gap. The God Lord rushed out crazily. He thought he would be able to capture Yun Feng easily, but he didn't expect them to have an opportunity! No wonder Tu Wei said that Yun Feng was very tricky. He didn't believe it at first. Now, he had to admit that he had underestimated her. She escaped under his watch at the God Lord Level.

Without the restriction of the space blockade, Yun Feng didn't have anything to worry about anymore in her mind. The God Lord powerhouse of the Blood Souls was still chasing after her relentlessly, and a thought quietly rose in Yun Feng's mind.

Every time the Blood Souls appeared, there would definitely be a storm of blood. There would be powerhouses stronger than her every time, and she could only escape in the end every time. She wasn't strong enough in the past, but she had already stepped into the God King Level right now. Even though her opponent was at the God Lord Level, she didn't intend to let it go this time!

Every time, the Blood Souls harvested so many lives and souls. This time, she wanted this God Lord's life!

"Lanyi, no matter what I do later, don't care about me." Yun Feng said in a low voice. Qu Lanyi was stunned! "This time, I'll take his life!" Killing intent appeared in her clear black

eyes. Yun Feng's hatred for the Blood Souls for a long time burst out at this moment. Taking the life of a God Lord would also cause a huge blow to the Blood Souls! She wanted the Blood Souls to know that Yun Feng was no longer the Yun Feng she used to be. She had already grown up! She was threatening them!

"Got it," said Qu Lanyi. His telepathic connection with Yun Feng had always let him know that Yun Feng wouldn't fight a battle she wasn't confident in. Even if something happened, he would be here to protect her!

"Cut off his escape route for me. It'll probably be very difficult to take his life with one attack... His soul will most likely escape..." Yun Feng frowned. Qu Lanyi chuckled. "Don't worry. Leave it to me."

Yun Feng nodded. The two of them immediately turned around and returned! The God Lord chasing after them was slightly stunned. Then, they burst into laughter! They came to his door? Very good!

"Soul Breath!" He roared excitedly as the dark elements surged out like waves. Yun Feng and Qu Lanyi immediately knew that the God Lord was using a big move! The two of them immediately dispersed. The black-robed man smiled coldly and the dark elements surged towards Yun Feng like a tide. He wanted to kill her first! This huge problem!

"Earth Shield!" With a furious shout, a golden barrier appeared around Yun Feng and enveloped her firmly. The God Lord smiled hoarsely and the dark elements instantly enveloped Yun Feng. His body also melted into it instantly!

"A mere barrier can't protect your life!" He attacked! The earth element shattered! dark elements surged in crazily and his evil eyes were full of blood excitement. However, a figure came right at him and instantly approached!

The black-robed man subconsciously stepped back. Yun Feng's hand was already on his black robe! There was a talisman under her palm!

"This is..." His pale facial features were almost distorted. He had already felt the power contained in this talisman! It was enough to destroy him! The power of a God Venerable!

Her black eyes were bloodthirsty. Her mental strength surged into the talisman and the power of the God Venerable exploded!

She said she wanted his life!

Chapter 1774: Alliance Front (1)

1774 Alliance Front (1)

“Boom!” A loud sound exploded in the sky!

A powerful force exploded from the talisman under Yun Feng's palm and directly penetrated the body of the Blood Soul completely!

“Argh...!” With a hoarse scream, the black robe was instantly torn! A ball of black color spread out from under the black robe and was shattered by the powerful force! How could a mere God Lord resist the power of a God Venerable?

An extremely dense ball of black quickly escaped from the light black color that filled the sky! Yun Feng quickly threw out her mental strength and hit the soul! However, the soul was only weakened a bit and wasn't fatally injured. It sped up and ran all the way, but it was destined that it wouldn't be able to escape!

“I'm waiting for you,” said Qu Lanyi coldly. He clenched his fists in the air and light elements flew out of his hands like a net, covering the fleeing soul! He clenched his fists hard with his slender fingers and the net formed by the light elements instantly shrank, enveloping the soul!

“Zi, zi, zi!” The light element collided with the dark element and let out screaming sounds. The soul entity enveloped in it struggled in pain and wanted to continue using its last bit of strength to jump out. However, Qu Lanyi sneered. The light element increased again and enveloped it completely!

“Argh...” This time, it was the scream of the soul. It finally stopped struggling and completely quieted down.

Yun Feng rushed over. The power of the talisman in her hand had already been detonated by her. She had used up all three of her master's talismans. This time, she had gained something. She had captured a soul of the God Lord Level. Even though the power of her master's talismans was huge, as her strength kept increasing and the Blood Souls kept developing, Yun Feng understood that she couldn't put all her hopes on external things in the end. Soon, even the power of a God Venerable might not be able to severely injure the Blood Souls. She had to use her power. It wasn't a waste to use her master's talisman to kill a Blood Souls General this time.

Qu Lanyi retracted the light elements. His soul was extremely weak under the envelopment of the light elements. Even though he was at the God Lord Level, his soul wouldn't be able to do much after losing his body.

“Humph! I won't say anything. It's useless for you to catch me!”

Qu Lanyi raised his brows. Yun Feng sneered and instantly closed her black eyes. Her consciousness sank into darkness. "Red-Eyed!" Yun Feng roared. After a long time in the darkness, the sound of chains came. "What's wrong?"

A pair of huge red eyes slowly opened. The last time he got the water element seed, it seemed to have consumed a lot of his strength. The Red-Eyed in front of her wasn't as lively as before.

"You can swallow the souls of Magic Beasts, but... what about humans?" Yun Feng said slowly. Red-Eyed was stunned for a moment. In the end, he burst into laughter. "Humans? That depends on what kind of humans they are."

"What if it's the soul of a member of the Blood Souls?"

A trace of interest flashed through the giant red eyes. "I'm very interested in humans who are related to Magic Beasts."

Yun Feng frowned. She kind of understood what Red-Eyed meant. It seemed that the souls it could swallow weren't just Magic Beasts, but also humans that were related to Magic Beasts. To be exact, as long as humans had Magic Beast elements in their bodies, like her and Ze Ran, their souls could also be swallowed by it!

Yun Feng wasn't sure if the people of the Blood Souls were related to the darkness Fantastical Beast. "What if you only swallow the soul of a human..."

Red-Eyed burst into laughter. "What do you think your body is? A body can only have one soul. If a second one is added, the body certainly won't be able to accommodate it."

Yun Feng frowned. The Red-Eyed smiled again. "Don't you always like to take risks and try? Even though I can't devour a human soul, I can still keep your life. If I can't devour it, I can send it out later."

Yun Feng raised her brows. It had such an ability? Red-Eyed slowly narrowed its eyes. "However, I am not successful every time."

Yun Feng's black eyes glittered. She certainly knew that everything was risky. She wouldn't succeed without taking a certain risk.

"If you devour a God Lord-level soul, how much will my strength increase?"

"God Lord Level?" Red-Eyed was stunned. "You're only at Grade 2 of the God King Level right now. You caught a God Lord Level soul?"

Yun Feng nodded as surprise flashed through the Red-Eyed's eyes. "If you're at the God Lord Level... If I can devour it, your strength... can increase by three grades."

Three grades, which meant Grade 5 of the God King Level. Yun Feng frowned. It was indeed long and difficult to advance in strength at the God King Level. A God Lord-Level soul could only increase her strength by three grades, but it was still considerable. Grade 5 of the God King Level. She and Lanyi would both be at Grade 5 of the God King Level. If her strength increased again, she could fight with a God Lord-Level powerhouse next time!

“Wait a moment. I’ll send that soul in. I hope you can eat it.” Yun Feng curled her lips and her consciousness instantly swam out. Red-Eyed finally mumbled, “How exactly did she catch the soul of a God Lord? The level she crossed isn’t just small!”

Yun Feng opened her black eyes. The weak soul was firmly controlled by Qu Lanyi in the light elements. Seeing Yun Feng open her eyes, it smiled evilly. “No matter what you think of, I won’t say anything. Yun Feng, don’t even think about using me!”

Qu Lanyi clenched his fists and the light elements immediately tightened. The soul screamed in pain. Yun Feng smiled coldly and grabbed the soul in her hand, squeezing it fiercely. Her black eyes glittered with an inexplicable light, which made the soul a bit scared.

“W-What are you doing?”

Yun Feng raised her thin lips and said softly, “Let’s see how much energy you can provide me.”

“What do you mean? What are you doing?” The soul screamed. The next second, Yun Feng’s red lips opened and she swallowed the soul directly, sending it to Red-Eyed! Qu Lanyi was dumbfounded! He knew that she could swallow Beast Souls to absorb energy. When could she swallow human souls? Even though the Blood Souls were extraordinary, they were all real humans. Would she be in danger?

Yun Feng had already swallowed the soul. Qu Lanyi didn’t dare to do anything, fearing that his carelessness would scare her and cause more serious consequences. He could only calm down and wait, ready to save her at any time. His heart was already in his throat, fearing that something would happen to Yun Feng.

Chapter 1775: : Alliance Front (2)

Chapter 1775: Alliance Front (2)

Time passed minute by minute. Yun Feng stood there with her black eyes closed and her expression didn’t change at all. Qu Lanyi didn’t know the situation in her body, so he still didn’t dare to make a sound. He even slowed down his breathing and almost couldn’t hear it.

Fengfeng! Qu Lanyi could only call out anxiously in his mind, hoping that Yun Feng would wake up soon. He waited patiently until he ran out of patience!

At this moment, a storm of invisible energy kept spinning and accumulating in Yun Feng's body! Yun Feng's strength was like a volcano that could explode anytime! Qu Lanyi's eyes brightened!

The energy vortex instantly exploded, and Yun Feng's strength increased by three levels like a roller coaster!

Her aura changed, and her strength changed!

Qu Lanyi was surprised. Three grades. She had advanced by three grades! What kind of speed was that?

The aura that belonged to a Grade 5 God King spread out of Yun Feng's body and into the void! The space seemed to be suppressed and made some slightly distorted sounds. She opened her black eyes and all the aura was instantly retracted.

"Congratulations, Grade 5 of the God King Level," said Qu Lanyi with a smile. Yun Feng pursed her lips and smiled. Feeling the powerful energy that filled her body, she found it a bit unbelievable. Red-Eyed could really do it. It swallowed all the soul of the God Lord of the Blood Souls! It could be said that it squeezed all the energy out without wasting any. She was at the peak of Grade 5 of the God King Level right now. When the time came, she could make another breakthrough!

"The darkness Fantastical Beast is truly in the hands of the Blood Souls!" Yun Feng frowned and said. Red-Eyed obviously felt a subtle aura of a Magic Beast during the devouring process, or it wouldn't have been able to swallow the soul successfully. It seemed that it was undoubtedly true that the Blood Souls had the darkness Fantastical Beast in their hands.

"Every member of the Blood Souls is related to the dark element. Is it also because of the darkness Fantastical Beast?" Qu Lanyi guessed. Yun Feng's heart sank. The darkness Fantastical Beast was in the hands of the Blood Souls, but they didn't master it completely. She also had a part of it! Also, the dark element Seed was probably under the control of the Blood Souls.

"If I'm right, the upper echelons of the Blood Souls are all related to the darkness Fantastical Beast. The other ordinary members are different."

Qu Lanyi raised his brows and understood what Yun Feng meant. Yun Feng curled her lips. "This confirms something. Some of my original guesses can be confirmed. This way, our countermeasures in the future can be more reliable." Qu Lanyi nodded and chuckled. "You killed a God Lord this time and gave the

Blood Souls a blow to the head. They'll grit their teeth in hatred."

Yun Feng chuckled. "We must let them know that I don't dodge every time. I'll also fight back fiercely!"

Qu Lanyi suddenly became serious. "In this way, the Blood Souls' attitude towards you will change again. They'll pay more attention to you and hope to eliminate you! In their eyes, you might be regarded as a huge problem after this."

Yun Feng curled her lips with only coldness on her face. "It's fine. The Blood Souls and I have already been mortal enemies. Neither of us will let the other party have an easy time. One of us will completely disappear from this world!"

Yun Feng was already prepared to die when she embarked on this journey. She kept moving forward. What awaited her might be the peak of her strength, or the invitation of death.

She wasn't afraid of death. She had never been afraid of it.

The two of them immediately returned after killing the God Lord. The caster of the space blockade had already died and the space blockade was also broken. Apart from this God Lord, there were only a group of lackeys left. Yun Feng's five contracted Magic Beasts had already killed a dozen people of the Blood Souls, and the people of the Blood Souls who were fighting with the three Hall Masters saw that the situation wasn't good and ran away when they had an opportunity.

The three Hall Masters had been fighting for so long, but they still let the enemy run away in the end. They were all a bit angry. Luckily, the situation at the scene had already been completely controlled. More than half of them were dead or injured and a lot of the pharmacists were dead. These losses were inevitable.

The sudden attack of the Blood Souls this time also woke up the East Continent and the West Continent. The East Continent and the West Continent didn't know about the Blood Souls at first, but they had to pay attention to them now.

The situation was completely stabilized. The Pharmaceutical Contest ended in chaos and bloodshed. The attack of the Blood Souls was completely repelled.

Yun Feng contributed greatly. After the Pharmaceutical Contest ended, Yun Feng didn't leave with Qu Lanyi immediately, because too many people she knew were present. There was something important that she had to explain to the leaders of the East Continent and the West Continent.

It was imperative to join forces.

The leaders of the East Continent and the West Continent returned to the territory of the Shengyao Empire first. They rested in the royal palace of the Shengyao Empire and met up. There were some things that had to be explained. Dan Qing and Dansu also came. This time, the Blood Souls' target was the pharmacists. The Pharmacists' Union couldn't just sit back and do nothing.

These people didn't know the details of the Blood Souls. Yun Feng first told them about the Blood Souls' actions, goals and means. After that, the leaders of the East Continent and the West Continent were all a bit shocked.

"There's actually such an organization lurking?" Dan Qing and Dansu were shocked. If it weren't for their own experience this time, they really wouldn't dare to believe it!

The leaders of the East Continent and the West Continent didn't look good. Yun Feng explained the strength of the Blood Souls very clearly. This was undoubtedly a heavy blow. The East Continent and the West Continent could be said to be in grave danger right now.

"The purpose of the Blood Souls, like you said, is just some special family bloodlines... We're..." The Emperor of the Shengyao Empire said with a glint in his eyes. Yun Feng curled her lips and sneered. "Nobody can stay out of it. Once the Blood Souls are ready, who can escape?"

The Emperor of the Shengyao Empire looked a bit embarrassed. Staying out of it was the best solution.

"Right now, only the Central Continent and the Inner Area have the strength to resist the Blood Souls," said the Thousand Snow Hall's Master. "Even if we help, it's just a drop in the bucket. It won't be very useful. The Yun family, on the other hand, is the main force."

"Don't you know the principle of accumulation? There are strong and weak Blood Souls. You certainly can't deal with the strong, but can't you deal with the weak?" Qu Lanyi said with mockery in his words. The Thousand Snow Hall's Master blushed. "That's not what I meant.."

Chapter 1776: Alliance Front (3)

"Guys, even though the Blood Souls are powerful, our side isn't weak either! If we can't join forces, the Blood Souls will certainly have an opportunity. Rather than letting them defeat us one by one, the alliance will give them some pressure."

Yun Feng's words were sincere. In terms of strength, the four ancient families were certainly the strongest among the humans. They were certainly the main force to deal with the Blood Souls. However, this didn't mean that they didn't need the support of other forces. The four families were only dealing with the cores of the Blood Souls. Most people of the Blood Souls still had to be resisted by the power of the alliance!

There was silence at the scene. Those in power knew what it meant to join this alliance. Fighting the Blood Souls wasn't something that could be done overnight. It was very likely that they would lose their lives.

Yun Feng said, "It's all voluntary. It will be your choice to stay out of it."

"What do you mean by staying out of it? Nobody can stay out of it. The Bright Moon Hall will join!" The Hall Master of the Bright Moon Hall was the first to speak. Yun Feng was a bit surprised. Thinking about it carefully, the Hall Master treated her quite well. He was the one who gave her the Finger Spiritual Jade back then, which played a huge role.

"Hall Master, have you thought about it?" said the Master of the Ancestral Forest Hall sarcastically. "You must know that the Blood Souls aren't easy to deal with. The West Continent might not be their target. Why do you have to die for others?"

The Thousand Snow Hall's Master frowned. "The Master of the Ancestral Forest Hall is right. Why don't you consider it again, Master of the Bright Moon Hall?"

"Hall Masters, please think carefully," said Yan Ming, who had been silent. "If you're unwilling to join, that's fine. However, all cooperation from the Bright Moon Hall with you will probably be terminated."

What Yan Ming said made the expressions of the Master of the Ancestral Forest Hall and the Master of the Thousand Snow Hall change drastically! Yun Feng raised her brows. It seemed that Yan Ming indeed had something in his hands. Cooperation? Did he have all the economic lifelines of the West Continent in his hands?

The Master of the Bright Moon Hall burst into laughter. "Kid, don't scare the two Hall Masters."

Yan Ming curled his lips coldly and didn't say anything else. The faces of the Master of the Ancestral Forest Hall and the Master of the Thousand Snow Hall glittered. It was obvious that they were in a dilemma.

"The Pharmaceutical Institute must join. The Blood Souls' goal includes the pharmacists. We can't stay out of it. If a war breaks out, you need the support of potions," said Dan Qing. Yun Feng was a bit worried. "Elders, this is a huge decision after all. Don't you need to ask the president of the Pharmacists' Union?"

"It's just in name. Dan Qing and I have the final say," said Dansu with an unusually serious and tense expression. Dan Qing chuckled. "That's indeed the case. We can make the important decisions. I don't think the others will object."

Yun Feng nodded. "That's great. Elder Dan Qing is right. The support of potions is very important."

The Potion Elder chuckled on the side. "Kid, Juxing will join because of you. The five elders won't have any objections."

Yun Feng curled her lips and nodded with a smile. It would be a great help if Juxing could join.

The leaders of the three empires on the East Continent didn't do anything. In the end, they looked at each other and reluctantly said that they wanted to join. Under Yun Feng's pressure, the Master of the Ancestral Forest Hall and the Master of the Thousand Snow Hall also made a decision after struggling. It was inevitable. If they didn't join, they would really be isolated.

In this way, the East Continent and the West Continent barely reached a consensus and joined the alliance against the Blood Souls. Dan Qing thought for a moment. "Kid, with your relationship with the Mercenary Union, it shouldn't be a problem for the Mercenary Union to join, right?"

"The Red Maple Mercenary Union will definitely join." Yan Ming said on the side. "The Red Maple Mercenary Team's combat strength is now the top of the mercenary groups on the East Continent. Their status can be considered the leader of the Mercenary Union. The addition of the Red Maple Mercenary Team will certainly lead the other mercenary groups, and Yun Feng has absolute appeal in the Mercenary Union. It won't be a problem."

Yan Ming glanced at Yun Feng after saying that. Yun Feng was stunned. He was so familiar with her business? This was the situation on the East Continent.

Zhan Li, the president of the Mercenary Union, was her self-proclaimed father. How would the Mercenary Union not join the alliance when he gave the order?

"It'll be much easier if the Mercenary Union joins." The leaders of the three empires on the East Continent were obviously relieved and their faces were much more relaxed. Yan Ming sneered on the side. "What's there to be afraid of? Do you think the power of the alliance is only so much? I think it's far more than that."

Qu Lanyi frowned. Yan Ming was so observant? He saw so much?

"What do you mean?" The Master of the Bright Moon Hall was also puzzled.

Yan Ming's black eyes were deep and his tone was deep and clear. He said, "The

Blood Souls aren't just powerful enemies in the human world, but also in the Magic Beast world. With Yun Feng's identity and ability, it shouldn't be surprising for her to rope in allies from the Magic Beasts, right?"

Yun Feng was shocked. Yan Ming chuckled and looked at Yun Feng with a smile in his eyes. "Am I right?"

Yun Feng curled her lips. Yan Ming was too smart.

"Of course, allies of Magic Beasts are indispensable."

Everyone at the scene had surprise and admiration on their faces. Yun Feng was the only human being who Magic Beast allies! Which human being had a friendly relationship with a Magic Beast? How could they let a Magic Beast work for them?

"Yun Feng, you could've told us earlier so that we can be at ease." The Emperor of Ovey couldn't help but complain.

"If you don't join, it's useless even if she said anything." Yan Ming stopped the Emperor of Ovey's words. There was only a mocking smile at the corners of his mouth. The Emperor of Ovey held back the anger in his heart and didn't dare to say anything.

"Since the alliance has been formed, there should be a leader," said Dan Qing. Everyone at the scene was stunned and they subconsciously looked at Yun Feng. In terms of leadership, Yun Feng was undoubtedly the leader.

"Kid, I think you're the only one who can." The Potion Elder chuckled and said,

"These forces are gathered because of you. If you're not the leader, who should

Yun Feng smiled wryly. She would rather work hard than take on this so-called leadership position. Her personality wasn't suitable at all. Besides, she had a lot of things to do and didn't have time to manage the entire alliance at all.

"I'm not suitable. This isn't modesty, but the truth," said Yun Feng. "I still have a lot of things to do. I'm just making a suggestion. Choose another leader.."

Chapter 1777: : Alliance Front (4)

Chapter 1777: Alliance Front (4)

"I agree. Yun Feng has more important things to do and doesn't have much energy to manage them. She can be a nominal leader," said the Thousand Snow Hall's Master. "A nominal leader can reassure the various forces in the alliance. Someone else will manage the details."

"That's a good suggestion, Thousand Snow Hall's Master." The Ancestral Forest Hall's Master immediately agreed. "Yun Feng will be the leader. The person in charge will be another person. This candidate must have enough strength and status."

The few leaders of the East Continent immediately lost hope. In terms of strength, they couldn't compare to the three Hall Masters of the West Continent.

"Only with strength can you intimidate others. Only then will the people in the alliance be convinced," said the Master of the Ancestral Forest Hall. He glanced at the East Continent and chuckled. "I don't think the few people on the East

Continent have the strength to stand up."

The East Continent was a bit embarrassed. The members of the royal families of the East Continent didn't care about their strength. Anyway, they were protected by their guards. It was fine as long as they had some strength, unlike the West Continent.

"It seems that this candidate can only be chosen from the West Continent. Do you have any objections?" said the Thousand Snow Hall's Master. Dan Qing and Dansu remained silent. It didn't matter who led them. It didn't matter to the Potion Elder. Even if Juxing joined, it wouldn't be manipulated by anyone. The West Continent didn't have the ability.

"Is there anyone who wants to recommend themselves?" Qu Lanyi raised his voice and looked at the Thousand Snow Hall's Master with his black eyes. "Is it you, Thousand Snow Hall's Master? Or the Ancestral Forest Hall's Master?"

"Why can't we?" The Hall Masters didn't hesitate. Qu Lanyi raised his brows with mockery in his eyes. "Why can't you? How? In terms of strength, there are many people in the alliance who are stronger than the two Hall Masters."

"Our identities are different!" said the Master of the Ancestral Forest Hall. Qu Lanyi smiled again. "Yun Feng is the leader. You're just the subordinates. Do we need the two of you to intimidate others with your strength? Yun Feng alone is enough. And her identity. You're just Hall Masters. How can you be respected? The person in charge must be capable of doing it. I'm afraid the brains of the two Hall Masters aren't enough."

"You..." The two Hall Masters were quite angry, but they couldn't refute anything. That was indeed the case. In terms of strength and identity, Yun Feng alone was enough.

"Guys, I recommend someone," said Yun Feng. Dan Qing said, "Since you recommend them, they must be someone you trust."

Yun Feng nodded and looked at Yan Ming with her black eyes. Yan Ming was slightly stunned. "I recommend Yan Ming."

The Master of the Bright Moon Hall was slightly stunned. He then burst into laughter. "Not bad, not bad! Yan Ming is undoubtedly smart and very capable at doing things. He's most suitable!"

"No!" The Thousand Snow Hall's Master said coldly. "He's too young and doesn't have any strength at all. He's not qualified!"

"If he can't do it, why is he still holding the lifeline of the Thousand Snow Hall in your hands?" The Hall Master of the Bright Moon Hall raised his brows and glanced at the Hall Master of the Ancestral Forest Hall. "You two know Yan Ming's ability. His head is incomparable."

"I've known Yan Ming for a long time. His brain is indeed top-notch. I'm ashamed of my inferiority. I believe he won't let me down." Yun Feng looked at Yan Ming after saying that. Yan Ming was silent at this moment.

"It seems that he's unwilling?" asked the Potion Elder. Yun Feng was stunned. She had never thought this. Even though it was a suggestion, she couldn't force it if Yan Ming didn't want to. However, it was a pity that he didn't take this position. She wouldn't be at ease if it were anyone else.

"If you don't want to, just say it." Qu Lanyi was quite angry. Yan Ming glanced over and stood up, looking at Yun Feng with his black eyes. "Why did you recommend me? What do I have that you trust? Aren't you afraid that I'll interfere and destroy this alliance?"

Yun Feng smiled lightly and looked into his eyes with her clear black eyes. "You won't."

Yan Ming was suddenly stunned and didn't know what to say. In the end, he could only smile helplessly. He really couldn't beat her. "Sure, just be the boss. I'll take care of everything for you."

Yun Feng's heart was warm. "Thank you." It had been so many years. She was certainly grateful that he was willing to help her.

Yan Ming's lips trembled. He wanted to say something, but he swallowed it in the end. He only nodded and sat down again. Even if someone objected to Yun Feng's proposal, it was suppressed. The alliance of the East Continent, the West Continent and the power of Juxing was formed. Yun Feng was the titular leader, while Yan Ming was the actual person in charge of everything. The alliance was named the East and West Alliance, but this was certainly just a part of all the combined forces.

The East and West Alliance had just been established. There were a lot of things to do. Yan Ming had to run around the East Continent and the West

Continent and deal with a lot of things. Yun Feng had her own things to do. With Yan Ming here, she could be at ease. She still had to find the light element seed. Yun Feng planned to leave. The Potion Elder had already returned to the Central Region with Gong Tianqing. Even though Gong Tianqing was a bit reluctant, she could only do that. However, she would have more chances to meet her in the future. After all, Juxing had joined the East and West Alliance and she would certainly have to go back and forth frequently.

The day before they left, Yan Ming, who seemed to be very busy, found Yun Feng. "Can I talk to you alone?"

Yun Feng raised her brows and glanced at Qu Lanyi. Although Qu Lanyi was unhappy, he nodded. Yan Ming looked at Qu Lanyi. "Thank you. It's just for a while."

The two of them walked outside. At this moment, the moon was already in the sky. The starry sky was very beautiful. The sky on the East Continent was very blue and clear. The night sky was different from other places and had a different charm. The two of them looked at the starry sky quietly and didn't say anything. After a long time, Yan Ming turned around and looked at the side of Yun Feng's face. "Really? You trust me so much?"

Yun Feng smiled and turned around. A layer of faint moonlight shone down, giving her face a hazy color. "Why should I not believe you?"

Yan Ming was slightly stunned. Then, he chuckled. "What reason do you have to trust me?"

Yun Feng was helpless. "Why do you have to think about the reason? If I trust you, so be it. If I don't trust you, so be it."

"You're still as innocent as before. Do you know how much I took advantage of you when I made you my fianc back then?"

Yun Feng chuckled. "Really?"

Yan Ming suddenly fell silent. "Yun Feng, how have you been these years?"

Yun Feng curled her lips. "Very good. What about you?"

Yan Ming took a deep breath. There was a kind of feeling surging in his chest. He wanted to vent it out and say it. If he said it, he would be free and he would be able to escape that dream forever. He wouldn't miss her like this anymore.. However...

Chapter 1778: : Alliance Front (5)

Chapter 1778: Alliance Front (5)

"I'm fine too." He suppressed all his emotions. So what if he said it? So what if he didn't?

"Alright, that's good." Yun Feng nodded. Yan Ming could be considered her old friend. Her old friends were all very good. They were truly not bad. "I knew you would achieve great things back then. I was right."

Yan Ming smiled gently. "The illegitimate son back then has now become the leader of the East and West Alliance. My identity as an illegitimate son might taint your halo."

Yun Feng frowned. "Didn't I say that nobody can choose their birth? The title of illegitimate son isn't something you can choose, but you can change how you live. You've already changed."

Yan Ming suddenly burst into laughter and smiled extremely happily, as if he had never been so happy before. It was such a good feeling, just like what she said back then. What she said wasn't much different. Yun Feng, you haven't changed at all after so many years, but I have changed a lot.

Yan Ming quietly took a step closer to Yun Feng, then another step, then another small step, until the edges of their clothes touched gently. Yan Ming couldn't help but put on a smile at the corners of his mouth, but there was a hint of sorrow in his eyes. This was the closest he could get to her. It was impossible for him to get any closer.

"Yan Ming, a lot of things have changed after so many years, but you're still here. I'm really glad." Yun Feng suddenly thought of Ze Ran and couldn't help but feel a bit sad in her mind.

"I've always been here," said Yan Ming. Yun Feng looked back at Yan Ming, who suddenly raised his arm and gently put it on Yun Feng's hair. When his finger touched the soft hair, Yan Ming's heart trembled fiercely! He retracted his finger and held a leaf that appeared out of nowhere. Yan Ming stepped back.

"This leaf was on your hair."

Yun Feng smiled. Yan Ming said, "It's getting late. Go back, or Qu Lanyi will think. I should go too."

"Yan Ming, I still have to thank you," said Yun Feng solemnly. Yan Ming sighed helplessly and waved his hand in the end. "Got it. You don't have to thank me. This will be good for myself."

Yun Feng smiled. She knew that he wasn't helping her for his own benefit. She nodded. "Then I'll go back first."

Yan Ming nodded and watched Yun Feng leave. He didn't crush the leaf in his hand until he couldn't see her anymore. His fingers were trembling slightly. His heart couldn't calm down for a long time just because of the dream-like touch just then.

"My lord." A gentle voice called out as a charming figure appeared. Yan Ming's face darkened and he turned around. "How dare you eavesdrop?"

The woman bit her lips gently. "I didn't do it on purpose..."

The anger in Yan Ming's eyes was suddenly extinguished. He looked at a certain place in the sky in a daze and suddenly felt that a certain place in his heart was empty.

The woman slowly walked over and walked to Yan Ming's side. She looked at him carefully and aggrievedly with her eyes and said in a low voice, "She... is the person you can't forget, isn't she?"

Yan Ming didn't say anything. The woman stood next to him and bit her red lips. She didn't say anything either. She just stood there quietly with Yan Ming. In the end, Yan Ming sighed slowly and turned around. "There's no such thing as someone you can't forget in this world. There are only people you don't want to forget."

The woman was stunned and immediately looked even sadder. There was no one he couldn't forget. There were only people he didn't want to forget. He had always relied on her and didn't want to forget her.

Yan Ming turned around and walked past the woman expressionlessly. Some things should be buried at the bottom of his heart. He would rather let it rot and become a part of him than open it in front of his eyes and see it wither and dissipate.

The next day, Yun Feng and Qu Lanyi left. There were still a lot of things for Yan Ming to deal with in the Mercenary Union. As he said, Yun Feng left everything to him. Even though she felt a bit guilty in her mind, that was all she could do right now.

Yun Feng and Qu Lanyi rushed to the venue of the Pharmaceutical Contest again, planning to explore the light element seed in depth. Qu Lanyi finally asked, "What did Yan Ming say that night?"

Yun Feng was stunned for a moment and chuckled. "Nothing. We just asked about each other's situation and didn't say much."

Qu Lanyi snorted. Fengfeng was just emotionally insensitive. That kid liked

Fengfeng. Along the way, he had at least three love rivals. Even though Ao Ah Jin, Ze Ran and Yan Ming were all beaten up by him, there was still an even more troublesome person, Xuan Yi, the bespectacled kid from the Summoning Union, also known as Ling.

They had the same identity and similar strength. His unique attitude and respect for Fengfeng had always made Qu Lanyi uncomfortable from the bottom of his heart.

Yun Feng looked at the awkward expression on Qu Lanyi's face and chuckled. She took out the Finger Spiritual Jade and glanced at it. Yun Feng was immediately stunned! The glittering light spot on the Finger Spiritual Jade was not far ahead of them.. Yun Feng mumbled, "Why is he here..."
