Chapter 11 purpose

The black thunder was still raging, but the mark on the woman's forehead flashed, and after her entire breath weakened to death, the thunder and lightning seemed to have no target, and it blasted everywhere.

The boiling thunder and lightning were everywhere, Ye Yu tightly hugged the woman, and he could not enjoy the gentle touch. He treated the whole person as a quilt covering a woman to resist the violent black thunder for him.

Fortunately, after the woman's breath disappeared, these black thunders no longer focused on attacking her, so Ye Yu could rely on his body to block the violent black thunder for her.

It seems that because there is no woman, these black thunders quickly retreat and disappear like a tide after raging violently.

The black thunder cleared, and the sky was clear.

Ye Yu let out a sigh of relief, his tight body relaxed, and his gaze shifted to the woman, at which time she passed out. The mature body is curled up in her arms, her beautiful eyes are closed tightly, and her bulging figure is fully revealed. The whole body is like suet jade, with the ultimate seductive curve.

The clothes were burned out by thunder and lightning, and she was such a beautiful woman who was quietly nestled in his arms.

"Damn!" Ye Yuxin was trembling, his eyes swept over the woman's long legs, and he could even see the blush in it, which caused Ye Yu's blood to be ignited, so he quickly looked away.

"Monster! Isn't this life-killing?" Ye Yu touched his nose, feeling that blood was about to flow out.

Ye Yu looked at the messy earth, and he walked out holding the woman. The ghost knows that Hei Lei will come again, so he will hold her and leave here before talking.

The woman woke up just after Ye Yu moved away from the area of the thunder field.

"what..."

When she woke up, she screamed for the first time, her face oozing blood, her pink face was beautiful, and she was as beautiful as drunk, and she was so beautiful that it turned all living creatures upside down.

“Don’t shout so loudly! It’s hard enough for me to hug you all the way to escape from the black thunder area, and I need to withstand your sonic attack!” Ye Yu said while looking at the woman.

Only then did the woman remember the previous scene, feeling a survivor. She was surprised that the man actually helped her block the black thunder, and she survived.

Thinking of the horror of the black thunder, she asked Ye Yu: “Who are you? Why can you withstand the Nine Profound Yin Thunder!”

“My name is Ye Yu!” Ye Yu replied, “That black thunder is called Jiu Xuan Yin Lei? It sounds domineering, but when I raise my hand, it disappears in ashes!”

The woman looked at Ye Yu, no matter how she looked at it, she was not the supreme powerhouse who could resist the Nine Profound Yin Thunder. However, he was not afraid that the Nine Profound Yin Thunder was what she saw with her own eyes.

“Who are you? What kind of evil did you commit that caused such a terrifying thunder to strike you.” Ye Yu sighed.

Women want to curse, how do you talk, what do you mean by doing evil and making thunder.

“I am Xueyan! This time I came to the Demon Tomb for one thing, but I did not expect to be calculated by someone to attract the Nine Profound Yin Lightning Thunder to kill me!” When Xue Yan spoke, she found that she was not alone. Close to Ye Yu, his face couldn’t help but feel hot.

“Can you find a set of clothes!” Xue Yan didn’t think about getting out of Ye Yu’s arms, but she was surprised to find that Ye Yu’s breath could dissipate the black thunder, which made her feel a little weird.

The black thunder invaded her body, although she saved her life with the self-styled true spirit, she might insist that the Nine Profound Yin thunder was too corrosive and could not be resolved as soon as possible, she would still die. So although she is shy and embarrassed, she will not give up her life because of her shyness like a little girl.

“Where do you want me to find clothes in this barren mountain!” Ye Yu’s eyes fell on Xue Yan, the greasy white rabbit towering high.

Xueyan naturally noticed the look in Ye Yu’s eyes, and even though she tried hard to maintain her generous posture, she couldn’t help but flushed.

Xue Yan didn't speak, but stared at Ye Yu shinningly, staring at the clothes on Ye Yu's body.

"Damn! You weren't the idea of hitting my clothes!"

"Don't think about it, don't even think about killing it, I'll be naked if it's given to you!"

"What kind of look do you have, do you think I will compromise if you look at me pitifully?"

"Don't stare at me, I'm not stupid, I'm just a fool to give it to you!"

"..."

Ye Yuyi refused Xueyan verbally. As a man who had a stand and never be tempted by beauty, after Ye Yu blinked a few eyes, he took off his clothes to Xueyan.

Xueyan puts on Ye Yu's robe, there is nothing inside, and the empty look adds a few different charms. Ye Yu touched his nose, this time he really had a nosebleed.

The most important thing is that at this time Xueyan opened his mouth and said: "Hold me!"

"puff..."

Ye Yu felt that the blood in his nose was flowing into a river.

...

Ye Yu only wore a pair of short pants and walked out of this desolate place with Xueyan in his arms. He was looking for the Yan family along the way, but he had never seen one. Ye Yu thought of Yan Shengting, wondering if she was struck by black thunder.

Ye Yu is completely unfamiliar with this world, and was caught by the Yan family when he first came here. For this world, I only learned about it from books. Ye Yu got rid of the Yan family and naturally wanted to live well. And if you want to live, you must first integrate into this world. He can't be a savage in the wilderness.

It is easy for a person to travel through the wild mountains and ridges to cause depression and fear, which is even more terrifying than Guan Xiaohei. Fortunately, Ye Yuqing still had a Xueyan next to him, and he could finally squeeze out the confusion about this unknown world.

Ye Yu asked Xueyan about his nearest city and village if she knew, but Xueyan also didn't know. This makes a bitter smile, and can only look for people aimlessly, and he can survive well if he finds someone.

His primary goal now is to quickly find the city, find clothes to wear, have a good meal, and then understand and integrate into the world.

On the way, Ye Yu learned from Xueyan that she was attacked by the Nine Profound Yin Thunder, so she could save her life by proclaiming herself. Although she is strong, she can't exert a ray of strength now. On the contrary, the reason is that she was injured more than ordinary people Be weak.

Ye Yu is very charming holding Xueyan, Xueyan is just wearing his clothes, and occasional movements will be sultry. Under this beauty, Ye Yu didn't feel that headless flies walking around without direction was a kind of torture.

In the end, Ye Yu found a river. If there is a river, there may be people with smoke. So he cut off a huge ancient tree on the bank of the river and dug out a small boat. Fortunately, he reached the Spiritual Realm, otherwise it would be difficult to complete this task.

"You are actually in the Spirit Realm!" Xueyan and Ye Yu entered the ship and said. Although she was self-proclaimed, she still had her eyesight. The strength that Ye Yu showed by cutting the tree was only the Spirit Realm.

Although Xueyan guessed along the way, it still feels unbelievable to get certain, how can such a person be fearless of the Nine Profound Thunder.

Can block the Nine Profound Yin Lightning, or it is to have the supreme strength, relying on strength to block. Either the physique is special, and the physique that is just as strong as the Yang is naturally not afraid of the Nine Profound Yin Lightning.

It's just that the constitution of Zhigangzhiyang, standing there is like the same blazing sun, with its inner brilliance, stunning the world, and it will definitely not be as ordinary as Ye Yu.

"Yeah! I am the Yun Ling Realm! Don't you think I'm so powerful? I can possess the Ling Realm at such a young age, but don't be surprised, a genius, it is always so radiant and incredible!" Said to Xueyan.

Looking at Ye Yu, who was about to blow himself into a generation of gods, Xueyan was dumbfounded: The confidence that came from this guy, a spiritual realm made him lift his tail to the sky.

"Yes! You are a genius!" Xue Yan didn't want to hear this guy anymore, let's brag, she interrupted quickly, "But can you tell me, what on earth did you use to block the Nine Profound Yin Thunder?"

"Do I still need to block? Standing there, I will not invade and avoid the thunder!" Ye Yu said proudly.

Xue Yan didn't bother to listen to such nonsense, but thinking that contact with Ye Yu's body could effectively dispel the black thunder, Xue Yan felt that this sentence was not necessarily a boast.

Nine Profound Yin, thunder and evil, filthy and cold, can erode people's vitality and kill them, but then cause the sun to burn themselves in the body. Ye Yu is not the strongest physique but can block it. If it is not due to the physique, it can only be that his vitality is so vigorous that the Nine Profound Yin Lightning cannot be wiped out.

It's just... how is this possible?

## Chapter 12 Good luck

Xueyan and Ye Yu sailed down the river together. During that time, Ye Yu asked Xueyan: "That's right! You said you came here to get something calculated? What is it?"

"A book of heaven!" Xueyan's answer made Ye Yu's heart beat, thinking as expected, "I accidentally learned that a book of heaven is in this area, but now it seems that it should have been deliberately released by that person in order to deal with it. I!"

"What is the heavenly book?" Ye Yu asked curiously.

"It is rumored that it is a volume of practice that contains the supreme secret technique, and it contains the supreme great road, evolved from the chaos of heaven and earth!" Xueyan replied, "it is enough to support the eternal existence of a teaching!"

"Is it so scary?" Ye Yu was frightened by Xue Yan's words, just that volume of golden book that would make a teaching last forever?

Xue Yan smiled and didn't explain anything. What she said still has some reservations. The book of heaven can support more than just a teaching that will last forever. It is the treasure of the immortals and gods that will fight until the blood is flowing.

Seeing Xueyan's demeanor, Ye Yu could no longer suppress his curiosity about the book of heaven. He reached the spiritual realm, and his mind was so impressive that he could not help sinking his mind into his forehead.

"boom..."

As soon as Ye Yu's mind sank into his forehead, he felt his head bang. He entered a world in which a golden book of heaven hovered in the center.

It's just that before he can take a closer look, he will see countless runes surging out of the heavenly book, endless golden runes, spewing out like the ocean. These golden runes were finally intertwined, and the veins like meridians appeared. These veins were reorganized again and slowly evolved into a rune man composed entirely of runes. The

runes on the rune were unpredictable, and the intertwined meridians were also there. Beating with a strange frequency, this change is mysterious and mysterious, containing countless changes. The evolved textures include mountains, rivers and grass, sun, moon and stars. One after another vast scrolls flashed on Fu Ren.

There is no difference between a person standing there and a person, except that there are countless veins in it, and these veins carry the heaven and the earth. Ye Yu is immersed in it, and only feels that he is wandering in the vast universe, which is incomparably mysterious.

“Good luck!”

This was the information Ye Yu got from the heavenly book, but it was the two words good fortune that caused Ye Yu to turn up the huge waves in his heart.

Ye Yu read a lot of books in Yan’s house and knew that there are some taboos in this world. The naming cannot be arbitrary, and this celestial book is named after good fortune... Ye Yu didn’t need to think about it to know that this celestial book was absolutely stunning.

As the runes spewed, this volume of the heavenly book slowly opened, except for the rune man composed of the weird golden veins, there were only nine ancient characters.

Perhaps it cannot be said to be an ancient character, but it may also be nine symbols. The nine symbols are suppressed on the countless strange veins of the heavenly book, exuding a faint golden light, and a mysterious and mysterious aura radiates from it.

Ye Yu glanced at it, trying hard to remember this symbol, but when he stared at the ancient characters, he could remember it, and as soon as he looked away, he would forget it completely, as if the memory had been erased by someone.

Ye Yu didn’t believe in evil and kept trying. But the result is all like this, these nine ancient characters can’t be remembered.

What kind of ancient character is this, it can cut people’s memory, is it true that the ancient character will not allow it to be acquired by others?

Ye Yu didn’t get the answer, because in the next instant, the rune man made up of sky runes plunged into him. Ye Yu was directly dizzy, his head burst open, and his mind was directly blown out.

All of this was completed in an instant, and Ye Yu, who had withdrawn from his mind, felt uncomfortable in his head, which made him involuntarily run the practice method to alleviate this pain.

Xueyan watched Ye Yu's practice, she frowned quickly, and couldn't help reminding Ye Yu: "In the early stage of the Yun Ling Realm, it is also called the Na Ling Realm. Na Ling does not only rely on breathing to absorb the spirit, but should resonate with the aura with the whole body. , So as to achieve the effect of absorbing the spiritual energy of the whole body."

Ye Yu ran the practice twice, and the pain in his head was relieved a lot. At this time, he found that the 'Talisman of the Heavens' was imprinted in his mind. His mind moved, and he was about to try to practice, but he heard Xueyan pointing him. , He stopped and asked doubtfully: "The whole body is full of spiritual energy?"

"Didn't you just boast that you are a god-man? You don't even know this common sense, do you?"

"Of course I know!" Ye Yu raised his head and chested out, "Is this genius still capable?"

Xueyan almost laughed out loud, this guy obviously didn't understand anything, and he was still blowing hard here, and he didn't know how his level of cultivation reached the spiritual realm.

"Are you sure you know how to practice?" Xue Yan asked, looking at Ye Yu.

"Of course I understand! One path of cultivation is about tempering the body, so that the body will be absorbed into the body and baptized, and the whole body will be transformed into a pure body and free from the mundane." Ye Yu answered Xueyan, proud that the book he was reading in Yan's house was not white. watch.

"Then do you know what it means?" Xue Yan's beautiful eyes fell on Ye Yu, and his legs staggered randomly. Ye Yu's loose clothes could not completely cover Xue Yan, and his white legs attracted his attention.

"Of course I understand!" Ye Yu replied, but he muttered in his heart what is the meaning of this sentence, "but I don't want to tell you, what should I do if you learn it?"

What else can I learn from you with my strength?

Xueyan couldn't laugh or cry, and Bai Ye Yu gave a glance: "The tempering of the body, the absorption of the spirit into the body, the baptism of the whole body, the pure body, and the detachment from the commonplace all represent a realm. The tempering of the body is a way of practicing in the red dust realm. The body represents reaching the spiritual realm, reaching the spiritual realm. In the devil tomb, you can support a small family. And baptizing the whole body impurities is a manifestation of the marrow-washing state, and reaching the marrow-washing state can support a big family. , Can walk sideways in the devil tomb. And being transformed into a pure body means that the world believes that the fetus is the purest, which represents the holy birth state, this

state is the most powerful person in the devil tomb, stomping the devil's tomb will tremble, He is the master of the devil tomb. If you can reach this state, you can dominate in this devil tomb, but you can just think about it. As for leaving the mundane, you are not a layman but a deity! This realm ...No one can reach the magic grave."

Ye Yu thinks of the Skyfire Sect, it seems that there is a holy birth state sitting in town, no wonder Gu Hongan is so arrogant!

"Isn't this Kyushu? Why are you called Demon Tomb!" Ye Yu asked.

Xue Yan shook his head and said, "Kyushu is what you call it. In fact, this is not Kyushu. This is an ancient land. It is rumored that a great demon is sealed underground, so we call it the Demon Tomb."

"The vast and boundless land of Kyushu is just to seal and bury a peerless great demon?" Ye Yu couldn't believe it.

"It's only passed down through the ages, as for whether it is not known to anyone, but even if a great demon is really sealed, countless years have passed, it has turned into loess!" Xueyan said, "These legends that are too old will not be said for the time being. Now, the main purpose is to learn how to practice and improve your own strength. If you still want to absorb the aura of heaven and earth only with your breath, the growth rate is too slow."

"So you want to absorb the spirit of the world with your whole body?" Ye Yu said, thinking of Xueyan's previous words.

Xueyan nodded and said: "Gunner can only rely on breath, and after reaching the spiritual state, you have to learn to absorb the aura of heaven and earth with your whole body. Imagine that you just rely on breathing to swallow the aura of heaven and earth, and the pores of others are all over the body Is this speed comparable to absorbing the aura of heaven and earth?" Xueyan paused when he said that, and continued, "If you practice in the current way, you want to advance to the next level, you don't know how long and how long."

Seeing Ye Yu's thoughts, Xue Yan continued: "The spiritual cultivation of the whole body lies in the resonance of the body and the spiritual energy. The more resonance, the more and more refined the spiritual energy is incorporated into the body each time."

"Young Master Ben is a genius, isn't it just that the body and the aura resonate? What's the problem with this!" Ye Yu muttered.

"Cultivation can't achieve more than five times of physical aura resonance. You can't call it a genius! A practitioner is strong or not because of the richness and purity of the aura. The richness of your aura is okay, but the purity...you have the purity of the aura. Is it?" Xue Yan asked.

by! This sentence is too heartbreaking!

“What’s the matter, this young man will show you the practice.” This woman looked down on people too much.

“Don’t feel shocked, what I said is the truth. I’m sorry to tell you that when I first practiced in the Yunling Realm, there were nine resonances!” Xueyan giggled, “You only need to be able to three times. I will admit that you are a genius!”

Xueyan smiled with beautiful eyes, this guy has no knowledge of practice, and he likes to open his mouth to blow. If you don’t hit you, you will feel that you can go to heaven.

“Nine times, nothing, I will surpass you every minute!”

In front of women, especially in front of beautiful women, he can be ashamed.

Ye Yu’s mind was immersed in the heavenly book, and he thought that if this is truly a peerless treasure, it shouldn’t be difficult for the exercises contained in it to help him resonate several times. You must know that his previous practice only relied on a practice technique that Yan Shengting threw to him casually.

Ye Yu practiced along the path of Good Fortune Jue, and the meridians around his body suddenly vibrated, shaking faster and faster with a strange frequency, and the spiritual energy inside his body madly shuttled through it.

Sitting there, Ye Yu’s spiritual energy was flowing in an incomprehensible way, mysterious and complicated, as if the rhyme of Taoism was flowing, with an inexplicable taste.

Ye Yu felt the whole body, whether it was breathing, blood flow, and muscle jitter, all turned into the same frequency, completely becoming a whole.

At the same time, the heaven and earth aura from the outside world was drawn, and Ye Yu’s entire body resonated with it. At this time, Ye Yu no longer only relied on breathing to swallow the spiritual energy of the heavens and the earth, but his body pores opened wide, and he was also devouring the vitality of the heavens and earth madly.

Every time it resonates, a puff of turbid air is spit out from the mouth, as if it is spraying clouds and mist.

Xueyan saw that Ye Yu was really struggling to practice, she smiled and wanted to wait and beat this self-perceived fellow again.

But the scene in front of her made her beautiful eyes bewildered: “This... how is it possible?”

Ye Yu's body really resonated with the spirit of heaven and earth, and it was connected once at a time, experiencing four times in a short period of time.

"You have three times, you admit that you are a genius!" Xue Yan couldn't help but feel hot when she remembered what she had said before.

And this was just the beginning. After Xue Yan saw it four times, Ye Yu's body resonated again.

Xueyan counted it one at a time, and when she counted it for the ninth time, she was dumbfounded. By the tenth time, her face was already hot enough to burn.

She showed off nine times, but...he ten times!

Ten times is complete! Is the limit! Those who can cultivate to this level are not to mention unique, but there are only a handful of them!

The most important thing is that the time for him to practice at a time is incredibly short. Xue Yan thinks that the time for one practice in his own spiritual realm is twice as long as that of him.

Ye Yu breathed out his last breath, and he clearly felt the change in his own strength. If he was a child before, then he was an adult at this time. The aura in the body has not only improved a lot, but the purity is also much higher than before.

"It's only nine times, also blowing in front of me, Ben Shao said too many minutes to let you learn to be low-key!" Enjoying reincarnation in one day with the practice of the Book of Heaven, Ye Yu believes that he will never be worse than others, and the facts are just as he guessed. Like that.

Xueyan's face is red, but he has doubts in his heart.

A person who is not afraid of the Nine Profound Yin Lightning and can accumulate ten resonances is definitely not an ordinary person. Although she didn't see where Extraordinary is at this time, the more she couldn't see through, the more Xueyan felt that Ye Yu was extraordinary.

"Are you interested in worshipping me as a teacher?" Xue Yan suddenly said.

"Hello?" Ye Yu tut looked at Xueyan, "I didn't think you were such a person!"

"Who?" Xueyan was inexplicable.

"We hugged and hugged, and we have seen each other honestly and slept together on the same boat. What a close relationship between men and women. But you want to

turn me into an apprentice!" Ye Yu was heartbroken," I didn't expect your tastes to be so heavy, would the sadomasochism of the master and disciples make you more excited?"

"Puff..." Xue Yan almost spit out a mouthful of blood, what the \*\*\*\* said, you want to be shameless.

"Master and disciple, I feel guilty when I think about it, this..."

Seeing that Ye Yu was still talking nonsense, Xue Yan quickly stopped and said: "In the future, we will be sisters and brothers, not masters and apprentices!"

"Sister and brother? Are you sure we want to be sister and brother?" Ye Yu asked with a weird expression.

Seeing Ye Yu's appearance, Xue Yan had a bad feeling in his heart.

Sure enough, I heard Ye Yu say: "I once had a dream. I dreamed of being able to have a beautifully gentle, gentle and considerate rich lady to take care of me! Sister Xueyan, are you rich or not? This is very important? Otherwise, it's impossible. Can afford me!"

Xueyan went crazy, who she knew, what was in her head, if she was still in strength, she really wanted to slap it and take a look.

"Sister Xueyan, except I don't know if you are rich or not, you meet all the requirements of my dream girl!" Ye Yu said shyly.

"You are not allowed to call my sister in the future!" Xue Yan said angrily.

"Oh! Actually, I am willing to try my master and apprentice! Master!"

"Get off!" Xueyan is going crazy!

"..."

## Chapter 13 Clothing thief

In the days that followed, Ye Yu would practice daily, and the heavenly book was really extraordinary. In just a few days of cultivation, Ye Yu advanced by leaps and bounds, and the aura in the heavens and the earth in his body became rich several times. This improvement surprised him. Of course, there was Xueyan's credit. Many of Ye Yu's questions about cultivation were answered by asking her. Under Xueyan's teaching, Ye Yu finally had a general understanding of cultivation.

Ye Yu occasionally wanted to memorize those ancient characters in the book of heaven, but he was still cut off to remember, the ancient characters could not be remembered, and he felt that those ancient characters were more extraordinary.

The Nine Profound Yin Lightning is very corrosive, and it rioted directly in Xueyan's body several times. If Ye Yu was not by his side and helped to wipe out the part, Xueyan didn't know if he could resist it.

The method of obliterating the black thunder is fascinating. Every time Xueyan is flushed and shy, but Xueyan is not a little girl, she will not squander her life because of her hypocrisy.

Hei Lei's torture even made Xue Yan only sleep with Ye Yu. Her sleeping appearance was very bad, and sometimes a pair of big long legs were placed directly on Ye Yu's body.

This is a fairy, holding her is already torturing enough, and entwining him in various positions, Ye Yu doesn't know how much he keeps his nosebleeds every day.

Of course, Ye Yu is not an honest person, and his hands are not restless when sleeping, and he is used to climbing up to a flexible place. Ye Yu didn't think about doing anything else, but with this thought, she could see the golden mark on Xueyan's forehead flashing, and Ye Yu stopped quickly with fright. What a joke, this woman is a person who can wipe out a large sea of thunder. If she stimulates the golden mark to erupt, he doesn't know if Xueyan can survive, but he will definitely not survive.

The two of them walked down the river all the way in this kind of charm, but they were still nowhere to be seen.

When I am hungry, I eat river fish, and when I am thirsty, I drink river water. I feel dependent on each other when I am wandering, and my relationship is getting closer and closer.

...

night!

Cool as water!

Ye Yu was dressed by Xue Yan, his naked upper body stood on the bow, staring at the starry sky in a daze.

Xue Yan looked at Ye Yu's extraordinary back, slender and tall. The whole person was embedded in the silent Jiang Tian picture scroll. At this moment, it was quiet not like him who was shameless and unruly.

These days, Xue Yan often sees him staring at the starry sky in a daze. Every time he is particularly quiet, his deep eyes show unspeakable emotions.

Xueyan is used to Ye Yu's sassy and shameless narcissism. Seeing him like this, he was infected so that there was an emotion flowing in his heart, and a woman's heart was always softer.

"Sister Xueyan!" Ye Yu suddenly turned his head.

"Yeah!" Xue Yan replied softly, with a soft voice, this time he never refused the title.

"You can resist the nine days of cloudy thunder for so long, so strong. Then can you cross the galaxy?"

"How can I cross the galaxy! You think of me too much!" Xue Yan replied.

"Ah! Can't you?" Ye Yu looked at the starry sky with a bit of sentimentality. After being in this world for so long, his parents hadn't contacted him for a long time. What kind of sadness would they be now, a mother suffering from rheumatism, Can she withstand this blow? Which star are they in the sky?

"Are you hiding something sad in your mind? You can tell me, maybe I can help you!" Xue Yan asked Ye Yu softly.

Ye Yu looked at the temptation of a beautiful woman who made the population dry, and Ye Yu, who couldn't blend into the world, couldn't help but stretched out his hand and hugged Xueyan, burying his head in her arms, trying to get rid of the feeling of loneliness in a foreign land. .

The moment Xueyan was hugged, his body became stiff. Although they hugged many times, Xueyan felt strange this time.

A woman's heart is not always frozen by ice, it is also touched.

Xueyan felt that Ye Yu, who was holding him tighter and tighter, seemed to be a scared child. She was stunned and stretched out her hand to hug Ye Yu's head, gently letting Ye Yu hold him.

"Is there anyone in this world who can cross the galaxy?" Ye Yu asked suddenly.

"If a cultivator can cultivate to the eternal realm of one-person town, he can cross the galaxy!" Xue Yan replied.

"Have anyone practiced before?"

"Yes!" Xue Yan replied.

Ye Yu suddenly raised his head and looked at Xueyan. Can someone really cross the galaxy in this world?

“Although there is! It is almost impossible to reach this level. From ancient times to the present, how many talented generations in this world, how many can they reach?” Xue Yan said.

Ye Yu let out a sigh of relief, dispelling his emotions. Since there are people in this world who can cross the galaxy, why not try it yourself.

If your parents are here, if you don’t travel far, you must travel well.

He can’t tell his parents where he is, so go home.

Others can go to the point of crossing the galaxy, why can’t he?

Ye Yu’s heart became firm all of a sudden. This world is extraordinary. As long as he can go back, his parents’ malaise can be easily eliminated.

“I want to go back!” Ye Yu muttered to himself as he looked at the vast starry sky with firm eyes.

“Sister Xueyan! Thank you!” Ye Yu found the target, no longer as confused as when he first arrived, he thanked Xueyan.

Xueyan didn’t know what Ye Yu thanked her, but seeing Ye Yu regained her previous vitality, she also showed a smile.

Ye Yu was dumbfounded for a while, staring at Xue Yan in despair.

...

Xue Yan discovered that after that night, Ye Yu suddenly changed his personality. He became particularly fond of cultivation, and Xue Yan felt unbelievable that his strength had improved. He was about to reach the initial peak of the Yun Ling realm.

“This guy, doesn’t he really want to be the strongest in One-Man Town, right?” Xue Yan looked at Ye Yu who was obsessed with cultivation and couldn’t help himself.

If so, his goal would be too ambitious. People in Duzhen forever, it makes people desperate to think about it.

After drifting for more than ten days, Ye Yu and Xueyan finally saw the crowd. Not a village or a city, but a big ship.

“Finally I saw someone!” Ye Yu was overjoyed, “Great, I’ll steal a few sets of clothes, I can be tortured to death by you these days, fairies, make me bleed every day!”

Xue Yan wore his generous clothes. Although he covered his body, he occasionally broke out in the spring. That kind of undisclosed charm is the most seductive.

Xueyan's face was instantly hot as drunk. She bit her teeth and wanted to rush to bite Ye Yu directly.

Ye Yu secretly drove the boat to the side, and one turned over and climbed up directly against the big boat. With his strength at this time, it was easy to do this.

Ye Yu climbed into the big boat and searched for several rooms, but he never found any clothes, let alone women's clothing suitable for Xueyan.

It wasn't until seven or eight rooms that he found a suitable dress in one room.

Ye Yu turned the drawers and smashed the cabinet, gathered up the clothes Xueyan was going to wear, holding a pile of clothes, opened the door of the room and was about to leave.

But when Ye Yu opened the door, stood at the door a beautiful and elegant woman, her skin radiant than snow, her eyes were like clear water, she was tall and peachy, and her posture was light. A red dress outlines her exquisite and embossed appearance. Infinitely beautiful curves, at this time she was stretching out her snow-white hand to push the door open.

Jiang Yutong was angrily because his brother drove her back, but he never thought that a thief walked out of the room before he opened the door of his room.

Most importantly, the thief was naked and holding her pile of clothes. And what is he holding in his right hand... his own bellyband, the bellyband that wraps his chest every day.

"Ah!" Jiang Yutong screamed, "Abnormal, beast, beast!"

Jiang Yutong rushed towards Ye Yu, kicked towards Ye Yu fiercely with his feet, and went straight to the middle of Ye Yu's legs. Ye Yu naturally wouldn't be kicked by him. Listening to this woman's scream, Ye Yu didn't want to escape very fast. What a joke, she didn't know how many people were disturbed by this woman's sharp voice.

"Deadly perverted, put down my belly, what did you do with it. Ahhhhhhh!" Jiang Yutong screamed, thinking of a possibility, she would vomit out the sick. Is this thief stealing a woman's belly to do that disgusting thing?

"Perverted! Stop for me, I want to kill you!" Jiang Yutong roared, she couldn't accept this happening.

Hearing Jiang Yutong's curse, Ye Yu staggered and almost fell to the ground.

"This woman scolds herself for being perverted. What does she think of herself?"

Ye Yu leaped back to the boat, threw his clothes to Xueyan, and hurried away while holding the boat: "Damn, I used to be the most disgusting clothing thieves. I didn't expect that one day I would do it, and I would be caught by others. Curse pervert!"

Xueyan laughed out loud as she listened to Ye Yu's words.

...

## Chapter 14 exchange

Even if he stole clothes and was caught, Ye Yu felt hot even though he had a thick-skinned skin, so he ran away with a small boat!

But he did not escape after all, and soon Jiang Yutong led a group of people to surround them in the center.

"Perver, thief!" Jiang Yutong stared at Ye Yu angrily, flames burning in those beautiful eyes.

Seeing that Ye Yu couldn't escape, he could only abandon the oars and look at Jiang Yutong, she was elegant and beautiful, beautiful and youthful.

"Miss, you and I have never been in my life, you suddenly call me a thief, others will think I did something to you. I don't care, but you are a girl, and it is your reputation that hurts!" Ye Yu faced Jiang Yutong seriously. Say.

"You..." Jiang Yutong exploded. This guy stole something and arrogantly taught him. He said to the man next to him, "Brother, this is the man who stole clothes in my room. You will kill him!"

"Miss, I have always been upright and kind in my dealings. Whoever around me doesn't praise me for being a gentleman, what do you call me...clothes thief... actually my most disgusting clothing thief, you are to me Great insult, I need your apology!" Ye Yu said angrily.

Jiang Yutong was dumbfounded, did this thief even bite back?

"I saw you with my own eyes, and you still want to deny it!" Jiang Yutong bit her teeth.

"Miss is really jokes, when did you see me, I have no impression at all!" Ye Yu said seriously, "Did the young lady admit the wrong person, or her eyes are not very good?"

Jiang Yutong didn't expect this \*\*\*\* to be so shameless that he could deny it if he was caught by himself.

Jiang Yutong turned his eyes to Xueyan beside Ye Yu, and saw Xueyan's face. Even as a woman, she was lost for a moment. This woman was too immaculate and perfect, and almost evil.

"The clothes on her are mine, do you still want to deny it?" Jiang Yutong said almost gritted his teeth.

"Miss, don't be kidding you. I know we Xueyan wears this beautiful dress, but you can't try to take it because it's beautiful. What's more, our family Xueyan is amazing in wearing this dress, it doesn't mean you can do it too. Amazing. The key is not in the clothes, but in the looks of the person!" Ye Yu replied solemnly.

Is this guy calling himself ugly? Jiang Yutong was furious, and the fists held by those snow-white delicate hands were shaking.

He actually hates me, is this lady ugly? Have a face with a face, and a figure with a figure! How many talents are greedy for Miss Ben!

Looking at the sister who was going to run away, Jiang Zhijie stood a step forward, awakened from the beauty of Xueyan's inverted sentient beings and said: "This dress is indeed exactly the same as the sister's!"

"Really?" Ye Yu said, "Then your sister is really tasteful, and she can choose the same clothes as our Xueyan!"

"..." Jiang Zhijie was speechless. Does this guy understand human words?

"My sister saw you stealing clothes with her own eyes, did you really not admit it?" Jiang Zhijie's tone was also a little cold.

"You slander me so, don't you have any shame?" Ye Yu was angrily.

Seeing Ye Yu's excitement, Jiang Zhijie frowned slightly. Did his sister really make a mistake? He couldn't help looking at Jiang Yutong.

Jiang Yutong was furious, did this guy even doubt him when his brother acted?

"My name is embroidered on my belly!" Jiang Yutong said, staring at Ye Yu.

"Damn!" Ye Yu wanted to scold his mother. Unexpectedly, unexpectedly, this woman actually made a mark, as for a piece of clothing?

"Really? What name is embroidered, I'll show it to you?" Ye Yu asked.

"Jiang Yutong!" Jiang Yutong stared at Ye Yu, the proof was overwhelming, how could you deny it.

“Ah! No!” Ye Yu widened his eyes, looked at Jiang Yutong in astonishment, and said, pointing at Xue Yan next to her, “She is also named Jiang Yutong, and she also likes to embroider names on her clothes. I teach her about this bad problem. Many times, but she never changes!”

“...” Jiang Yutong was dumbfounded.

“...” Jiang Zhijie was dumbfounded.

“...” The people who followed the Jiang sisters were also dumbfounded.

This guy is still shameless, how could he be so shameless. You just said our family’s Xueyan, now Xueyan has become Jiang Yutong. And the expression is so good and so real that people who don’t know think it is true.

Only Xueyan smiled beside him. With Ye Yu these days, this guy’s face had already been taught. Shame... Does he have it?

“I didn’t expect us to be so destined!” Ye Yu sighed, “Come on, let’s drink a glass of river water together and be friends!”

“...” Jiang Yutong couldn’t listen anymore, and if he continued speaking to this guy, he would become stealing his clothes by himself.

Jiang Yutong drew out the long sword in his hand and pierced Ye Yu directly with a sharp sword, which penetrated through it, bringing the sound of breaking through the sky.

“Girls, don’t always shout and scream, learn from our family’s words, be gentle and considerate, and be intelligent!” As Ye Yu spoke, the aura in his body rushed out, and with a wave of his arm, the powerful force rolled directly towards Jiang Yutong. .

The long sword in Jiang Yutong’s hand was swept away in an instant. She was shocked by this force and flew directly onto her ship, staggering back several steps before she could stand firmly.

“Survival Realm!” Jiang Zhijie’s heart was shaken. He didn’t expect that this 17-year-old boy was actually in the Yunling Realm, and he could shake back Yutong who was the peak of the Red Dust Realm with a single wave, and his strength was extremely strong.

Jiang Yutong couldn’t believe it at this time, how could this guy be in the Yunling Realm.

“This brother!” Jiang Zhijie suddenly bowed to Ye Yu with a fist, “We don’t have to be entangled with a suit, but can you do me a little favor!”

“Brother!” Jiang Yutong shouted anxiously, but was stopped by Jiang Zhijie.

“What’s busy?” Ye Yu is always a little bit frustrated when he stole something from someone. He was also relieved to see that the other party was willing to stop pestering him.

“Your Excellency is the Yunling Realm, powerful, I don’t know if you can \*\*\*\* our brothers and sisters back to the city!” Jiang Zhijie said.

“Return to the city?” Ye Yu’s eyes lit up. He knew nothing about the world, and he couldn’t find people when he wandered all the way. It would be best for them to lead the way to the city.

“Although you slander me as a clothing thief, I have always been generous and tolerant and will not hate you for it! Not to mention, being helpful is my most common quality.” Ye Yu said, “By the way, tell me what you have encountered. Danger, I will \*\*\*\* the invincible one!”

“Brother! This guy stole me...” Jiang Yutong said anxiously when her elder brother invited him to the boat.

Jiang Zhijie ignored her, and the Yunling practitioner who followed Jiang family this time died. They need a place in Yunlingjing Town.

Although this guy lacks in character, but the strength is there, if he can stand on their side, those people will not be unscrupulous.

...

## Chapter 15 Xiaocheng

Get on the boat with Jiang Zhijie, Ye Yu figure out what Jiang Zhijie asked him to help!

The four great families of Qingyang City discovered a ruin, so they came to explore. The Jiang family was out of luck. Although they had obtained some treasures from the expedition, the strong spiritual realm who followed them was accidentally in danger. Without the deterrence of the spiritual realm, this has also led some people to have ideas and want to \*\*\*\* the treasures they brought from the ruins.

“Then you are looking for the right person. I sit here and make sure that no one dares to move you, but you want me to protect. Do you want to prepare some food first? This is the most basic etiquette!” Ye Yu and Xueyan eat river fish every day I feel like vomiting.

Jiang Yutong heard Ye Yu actually say that they didn’t understand etiquette, so he was angry with him again. You, a perverted clothes thief, are embarrassed to say etiquette.

“This is natural!” Jiang Zhijie nodded, and walked into the cabin with Ye Yu and Xueyan.

Many people in the cabin, one of the teenagers with sharp-mouthed monkey cheeks sneered when Jiang Zhijie saw Jiang Zhijie: "Jiang Zhijie, if you don't want to take out what you got at the ruins, you just said, saying that his sister's clothes were stolen and wanted to catch a thief to avoid the meeting. The excuses are too bad, do you think we are all fools? You just steal clothes if you don't steal?"

Ye Yu burst into tears when he heard the man's words, and quickly walked forward and held the young man's hand with both hands and excitedly said, "My confidant! After seeing so many people, I finally saw a smart man. Big brother, but Don't be so sincere. Even though the excuses they make are terrible, they will have nowhere to be self-contained if you dismantle them like this. Don't tell me, they are still good friends!"

"Damn!" Everyone in the Jiang family wanted to scold their mother.

You are still not human, we invited you to come, but you are on the side of the enemy!

Who else has a terrible excuse!

Who can be ashamed!

You are so shameless, can you feel at ease with such a shameless conscience?

Jiang Yutong's chest was undulating, and her teeth creaked. She wanted to kill the beast.

"Go away!" Qian Xiangchen was almost holding the gloves with excitement on his face, and his heart was very angry. The stinky boy who emerged from this place flew directly towards him with one foot.

Ye Yu hurriedly escaped, but Jiang Yutong giggled when he saw this scene: "People don't treat you as a confidant, with a hot face and a cold ass!"

Ye Yu was so angry, he was so sincere, but the other party wanted to kick him.

As the young master of the Qian family, Qian Xiangcheng obviously didn't want to care about little people like Ye Yu. He looked at Jiang Zhijie and said, "Since you're here, then continue the discussion just now. Come out!"

"Humph! We had an agreement before the four of us came to the site together. No matter what we got in the site, whoever brought it out belongs to him. Qian Xiangcheng, what do you mean now?" Jiang Zhijie hummed.

"You Jiang family can bring out these things, you snatched them from our Qian family, you go against morality and justice!" Qian Xiangcheng replied.

"You fart!" Jiang Zhijie's body was shaking. "These things were brought out from the ruins by our uncle Jiang desperately. For this reason, he died at the ruins. What does it have to do with your Qian family!"

Qian Xiangcheng said dismissively: "Uncle Jiang you grabbed it from our hands!"

"You..." Qian Xiangcheng's reversal of right and wrong made Jiang Zhijie's angry eyes red, and he turned his head to look at the young masters of the Li and Wang family.

The young master of the Li Wang family waved his hands: "We will not participate in the matter of your family."

Qian Xiangcheng is anxious, but he also knows that the four major families in Qingyang City are not in a good relationship.

"Huh! Since we can't agree, we will follow the old rules of the four of us, and the ring will decide the winner." Qian Xiangcheng said, "We lost, and those things were stolen by you. We will admit our lives, but if you lose. , Just hand over the things!"

"You are going to grab it!" Jiang Zhijie said angrily.

Qian Xiangcheng said coldly, "What's the matter if I just want to grab it?"

While Qian Xiangcheng was talking to the city, behind him, a man with fleshy flesh came out, and power surged from him, rushing directly towards Jiang Zhijie with great pressure, and Jiang Zhijie was directly overthrown to the ground, embarrassed.

"Of course, it's not for not giving you a chance. If your sister stays with me for one night, my Qian family won't care about your Jiang family's grabbing jade ganoderma and pill." Qian Xiangcheng smiled and looked at Jiang Yutong. The woman's condensed skin is as tender as water, with charming curves, and the veil can't hide the plump peaks. It's really worth playing.

"You're looking for death!" Jiang Zhijie roared when Qian Xiangcheng actually hit his sister.

"Give you two choices. Either hand over the money robbed house or let your sister stay with me for one night!" Qian Xiangcheng hummed.

"I won't accompany you when I die!" Jiang Yutong said angrily, and Yu hand clenched his fist tightly.

"In this case, Uncle Leopard, then trouble you!" After speaking, Jiang Zhijie took a step back. The cross-cutting man walked to Jiang Zhijie.

Jiang Yutong watched Qian Bao want to take action against her brother, Hua Rong turned pale, and said anxiously to Ye Yu: "Save my brother, I will never mention your stealing clothes again. I will promise you what you ask for?"

"Accept all requirements?" Ye Yu's eyes lit up, and he looked up and down Jiang Yutong. The exquisite curves showed the unique beauty of a girl, like a budded flower bud blooming with a fragrance, although it is a little blue, it also has the unique beauty of a girl. .

"You..." Jiang Yutong became angry from embarrassment, are these stinky men so disgusting?

Jiang Zhijie watched Qian Bao swinging his fist and hit him. His face changed drastically. Qian Bao was in the Spirit Realm, which he couldn't resist. He staggered to get up and escape, but it was too late. The fist quickly grew bigger in his eyes.

"what!"

Jiang Zhijie closed his eyes in fear and screamed, but he never noticed that his fist hit him. He opened his eyes and found that Ye Yu was standing in front of him and punched Qian Bao with his fist.

"Ye Yu!" Jiang Zhijie was overjoyed. He didn't expect that the person he invited temporarily would be really willing to help himself.

Qian Xiangcheng thought that the young man who was holding his hand enthusiastically before could actually block Qian Leopard: "I underestimate your Jiang family, you still have the Spirit Realm!"

Ye Yu looked at Qian Xiangcheng and sighed: "I thought you and I would be confidants, but I didn't expect you to be such a disgusting person."

Jiang Yutong's face looked a little better. Although this guy was abnormal, he still had a conscience.

"You said that if you are a bad person, you can't be bad completely. Forcing the beauties to sleep and grab things, why are they given the opportunity to choose one of the two, and then they can't do it together. Isn't the bad beast good at all?" I hate people who are not good at doing things.

Jiang Yutong wanted to slap herself very much, how could she think this guy has a conscience.

Qian Xiangcheng was given a crackling lesson, and he was furious: The kid who popped up here and there, what kind of thing is he, actually teaches himself to be a man here!

“Jiang Zhijie, is it useful even if you hide a Spirit Realm?” Qian Xiangcheng smiled fiercely, “Uncle Leopard, let him see your true strength.”

When Qian Xiangcheng’s voice fell, Qian Leopard roared, and then the power on his body surged out. Everyone felt an oppressive force, and a blood leopard phantom appeared on Qian Leopard’s body.

“Xiaocheng Yunling, you have succeeded in Yunling!” Jiang Zhijie and the others looked at Qian Leopard with a huge change in expression.

The hope that had originally arisen because Ye Yu helped him disappeared at this time, and his face was pale as paper.

Xiaocheng in the Yunling Realm, even if Uncle Jiang is alive, he can’t stop him, let alone Ye Yu!

...

## Chapter 16 Don’t regret

There are four levels in the aura: initial, minor achievement, great achievement, and perfection.

Initially, it was Ye Yu’s current level, absorbing the spirit into the body.

But the reason why the Yunling State is called the Yunling State is that this state can nurture all things in the body.

All things and all phenomena can take one of them, which is shaped into an embryonic form with the spiritual energy of heaven and earth, that is, the small state of the aura. All things and all phenomena have an aura, and the success of the accumulation of spirit also means taking the aura of all things and all phenomena into the body.

It’s just that it’s difficult to accumulate spirits, it needs to accumulate a terrifying amount of heaven and earth auras, and then shape them with extraordinary means.

As for what to shape, it depends on the individual’s talent and aptitude. Some people just shape stones that can be seen everywhere, some people shape peerless sacred beasts such as dragons and phoenixes, and some even shape heaven, earth and mountains.

But no matter what it is shaped, it represents a transformation. It has climbed a peak, and its strength has risen far beyond the initial stage of the Yun Ling Realm.

Jiang Zhijie couldn’t believe that Qian Bao had actually climbed a peak and succeeded. You need to know how many aura spirit realms are stuck at this step, but he succeeded.

“Uncle Leopard, tie Jiang Yutong over to me. If he doesn’t take out the spirit storage pill, then take her to it!” Qian Xiangcheng looked at Jiang Yutong obscenely.

Seeing Qian Bao walking towards Jiang Yutong, Ye Yu stood in front of him and said, “Hey! Don’t take me too seriously.”

Ye Yu’s words made Qian Leopard look at Ye Yu gloomily: “If you want to die, then I will give you a ride first!”

His fist swept towards Ye Yu, like a leopard impacting, with a ferocious and tyrannical feeling.

Jiang Yutong changed his outlook on Ye Yu for the first time, but he didn’t expect that this guy would even help them when he knew that Yunling had become so young. It’s just... Ye Yu can’t be his opponent.

Seeing that Qian Bao’s fist was about to hit Ye Yu, Jiang Yutong could not bear it. This blow would severely damage Ye Yu.

“bump!”

The fists banged together without suspense, without any fancy. In fact, Ye Yu didn’t know any moves, he could only directly resist the opponent in such a simple way.

The powerful force shook Ye Yu’s arm numb, he staggered back, stepped on the thick deck under his feet and broke directly, and it took a few steps to stabilize his body.

Qian Leopard was the same. He took a few steps back to stabilize his body, but the hand that confronted Ye Yu was trembling violently.

“laugh...”

Everyone, including Wang Li’s family, had their eyes widened at this time, looking at the scene inconceivably, and it was difficult to accept this result.

Jiang Yutong opened her \*\*\*\* red lips, covered her small mouth with her hand, and stared at Ye Yu with excitement.

He...he... actually blocked Qian Leopard, and even gained the upper hand in strength.

“It’s impossible!” Qian Leopard couldn’t believe this result. After he succeeded in Yun Ling, how could he still be unable to suppress the opponent in strength. It was just the sharp pain in his arm that reminded him that this was the truth.

“Yun Ling Xiaocheng, that’s it!” Ye Yu stood with his hand in his hand, looking very disdainful.

Of course no one saw Ye Yu slamming his hand secretly, and no one knew Ye Yu was cursing in his heart, "It hurts, it hurts so much. The strength of the Yun Lingjing Xiaocheng is too strong."

Although Qian Bao's hands were sore as to split, he didn't believe that Ye Yu was his opponent. He rushed forward again and blasted Ye Yu directly.

Jiang Yutong tightened his heart again, only Xueyan watched this scene calmly.

Qian Bao and Ye Yu fought against each other several times, and every time Ye Yu forced Qian Bao back, Qian Bao's two hands were shaken with extreme pain. At this time, he finally believed that this young man had to be stronger than him in strength.

how can that be? Qian Bao stared at Ye Yu fiercely, unable to accept the fact that he was just the beginning of Yun Ling, how could he compare to Yun Ling Xiaocheng himself. Is the first order and the first peak joking?

"Good, good!" Jiang Zhijie clapped his hands in excitement, thinking that a person he brought casually could actually block the Yunling Realm Xiaocheng. As long as he could block Qian Leopard, he wouldn't be afraid of them when he returned to the city.

Qian Xiangcheng's complexion was ugly to the extreme, he was about to succeed but had such an accident, he wished to shave Ye Yu.

"Uncle Leopard, he is only the beginning of Yun Ling, definitely not your opponent, don't keep it, do your best to kill him!" Qian shouted to Cheng.

"Who didn't do my best, I did my best, I keep a fart!" Qian Bao wanted to scold his mother, but he couldn't say these words. Yun Ling Xiaocheng couldn't do Yun Ling's initials, so he was embarrassed to say it. .

Qian Leopard pounced on Ye Yu again. Qian Leopard discovered that although Ye Yu's strength surpassed him, he didn't understand the moves at all. This might be an opportunity.

Qian Bao did catch Ye Yu's weakness. Ye Yu had just started to practice, and what moves there would be, all relying on his strength to smash it indiscriminately.

Qian Leopard was frustrated. This guy was too insidious. He used three indiscriminate moves one after another, kicking people, spitting people, piercing people's nostrils, and smashing people's eyes. There is a cultivator here and there, it's completely a rogue road.

However, this gangster is powerful, and he dare not underestimate this kind of indiscriminate means, forcing him to fight against Ye Yu many times.

Jiang Yutong watched Ye Yu suddenly spit and kick her crotch and couldn't help her face getting hot. Is this guy a cultivator?

Young Master Li couldn't help but say to Jiang Zhijie at this time: "Are you the gangster found there? It's an eye-opener!"

A word made Young Master Li want to get into the ground.

"bump..."

It was another bump, and only a sound of broken bones was heard. Qian Bao held his hands and backed quickly, with blood flowing out of his hands.

"Don't fight, don't fight! It hurts me to death!" Ye Yu jumped out of the ring and shook his arm vigorously.

Brother, what's your name? You smashed people's bones and bleeds. They haven't called it pain yet!

But although many people were speechless, they were shocked inside. It was incredible that Qian Leopard's Yun Ling Realm Xiao Cheng had lost.

Qian Xiangcheng clenched his fists tightly and stared at Ye Yu gloomily. Five spirit storage pills are enough to support his success in the accumulation of spirits, this kid has ruined his major event.

Jiang Zhijie got excited and looked at Qian Xiangcheng and said, "What else do you have to say, according to the old rules, the match will determine the winner. That is my Jiang family's victory!"

Qian Xiangcheng glanced at Ye Yu and said nothing.

"Since your family is in trouble, let's talk about the distribution of this item!" Young Master Li walked out, pointed to a jade box in the center of the cabin and said, "This item was brought out by the four of us. , According to the rules, one copy for each family. However, none of the four of us can open this jade box."

"Bring back to my Wang family, my Wang family will definitely be able to open it, and it will be redistributed at that time." Young Master Wang said at this time.

"After entering the door of your king's house, do we still have to come back? What's more, when you opened the jade box in your king's house, you will tell us that there are only a few pieces of torn paper in it. Do we believe it or not?" said Young Master Li, "the most The good way is to open it now and distribute the contents evenly!"

“Your idea is good, but it must be able to open it. The problem now is that we have tried many methods but have not opened it yet!” Young Master Wang snorted.

“This jade box is placed in the center of the ruins. It is obviously the most precious. It can’t be said that there are incredible things in it.” Young Master Li said this, he paused and suddenly looked at Ye Yu and said, “Brother Ye is extremely powerful. , I wonder if I can try to help open it?”

Ye Yu looked at the jade box in the middle, glanced at the members of the four families, and suddenly pointed to his nose and said, “You really want me to help?”

Young Master Li said: “We have tried many methods. Only when Heaven and Earth Spiritual Qi touches it can this jade box respond. Brother Ye is in the Spirit Realm. You can try to open it!”

Ye Yu nodded, then looked at Young Master Li seriously again and said, “Do you really need my help?”

“of course!”

“Then you guys don’t regret it!” Ye Yu suddenly smiled at the people of the four families. This smile made Jiang Yutong and others have a bad foreboding for a moment.

...

## Chapter 17 Combat skills

Sure enough... Jiang Yutong’s hunch came true!

I saw Ye Yu directly drew the long knife of a servant of the Jiang family, and then severely slashed towards the jade box.

“No!” several people yelled anxiously.

But the overbearing knife slashed on the jade box, and heard a clang, the whole ship board was shaking, and many people’s hearts were trembling with fear.

“Damn! It’s so strong, I didn’t cut it open with a single knife!” Ye Yu looked at the jade box but didn’t cut it open. He didn’t want to, and slashed towards the jade box again with a slap. The banging sound made everyone’s hearts tremble. .

Seeing that Ye Yu had to raise a long knife to cut, Jiang Zhijie hurried forward and grabbed Ye Yu’s hand: “Brother Ye, don’t cut it!”

“Don’t you want me to help open the jade box? I’ll help you!” Ye Yu looked at Jiang Zhijie inexplicably.

Help you uncle!

Almost everyone had this sentence in their hearts, what a joke, if you chop it down like this, even if you cut open the jade box, it will easily destroy the contents.

If you use this method, what shall we ask you to do?

“Brother Ye!” Jiang Zhijie touched the cold sweat on his forehead, “You can easily damage the contents of the jade box if you slash it like this!”

“It’s not mine, it’s damaged if it’s damaged.” Ye Yu said casually.

“...” Jiang Li and Wang Qian are all speechless. Is this your logic?

“Brother Ye, if you can open it, the share that my Jiang family has received will also be shared with you!” Jiang Zhijie has his own plan. Without Ye Yu, he can’t keep anything. It’s better to take this and don’t know if you can open it. The jade box is a favor.

“Damn! You didn’t say it early!” Ye Yu hurriedly threw away the long knife in his hand, ran to the jade box, carefully picked up the jade box for inspection, and complained to Jiang Zhijie dissatisfied, “Why didn’t you stop me sooner? What should I do if this jade box is broken?”

Jiang Yutong is speechless!

The young masters of Wang Li’s family are speechless!

Everyone else is speechless!

Jiang Zhijie calmed down for a long time, and then he suffocated a sentence: “Brother Ye! People still need a little ethics!”

Ye Yu didn’t answer Jiang Zhijie’s words. At this time, he was surging with the vitality of heaven and earth and instilled into the jade box. The jade box emitted a bright light, but there was no tendency to open it at all.

Ye Yu tried in various ways, but the jade box just gave off a bright light, but couldn’t open it.

The young masters of the Li Wang family sighed when they saw it, and it seemed that Ye Yu could not open the jade box.

“Ye Yu, you can press the fifth bump on the left side of the jade box, the third bump on the front and back, and the eighth bump on the upper and lower sides of the jade box.”

Xueyan, who had been behind the crowd, suddenly spoke, and she walked out lightly with her slender and straight legs, and the beauty of her proud figure was set off by the swinging steps, and her stunning appearance was suffocating.

At this moment, there was dead silence all around. They all stared blankly at this beautiful woman who couldn't find any flaws, and the beauty made them feel unreal.

Young Master Wang was even more obsessively staring at Xue Yan, his eyes swept across Xue Yan's mature and slim body. His firm chest and slender waist made him full of fiery eyes.

Xue Yan ignored these gazes, she walked to Ye Yu and pointed out a few places with her hand. Because the distance was too close, they stuck together affectionately.

What kind of affection did Ye Yu and Xueyan do these days? They naturally don't think there is anything, but in the eyes of others, they are going crazy with jealousy and envy.

"How can this kid He De let such a woman intimacy him!"

With a jealous gaze, Ye Yu pressed down everywhere with aura according to Xueyan's instructions, and the jade box finally opened with a click. Ye Yu was not surprised by this. Xueyan was a figure who could wipe out a large area of Thunder Sea. Although she stood beside him like a little girl at this time, Ye Yu understood that this was an extraordinary goddess!

The sound of the jade box opening finally awakened everyone present from Xueyan's beauty, and they all looked at the jade box.

In the jade box is a page of jade book, the jade book is crystal clear, but there is Taoism flowing in it. This makes many people happy, something that has Taoist rhyme flowing is definitely not Fanpin.

Sure enough, soon everyone noticed the words engraved on the jade book: Lie Tao Palm, Huang-level mid-level combat skills.

laugh...

All the people who saw the words on the jade book took a cold breath, their eyes were fiery, staring at the jade box in Ye Yu's hand.

It was actually a mid-yellow combat skill of the four grades of Heaven and Earth Xuanhuang, and it was also mid-level. Combat skills, which can greatly enhance the combat effectiveness of practitioners, and high-grade combat skills are very rare. As long as it is a high-level combat skill, it must contain the rhyme of the great avenue. What can intercept part of the avenue is naturally extraordinary. Countless people in the world will not be able to observe combat skills for a lifetime.

The peculiar knowledge of the four major families in Qingyang City is nothing more than a yellow-ranked high-grade combat skill. In other words, the combat skills in this jade box are only inferior to their Zhenjia's unique knowledge. You know, the four big families are all big families with a cleansing marrow realm.

Everyone in the four families started breathing quickly, staring at the jade box.

"What do you guys do with such an attitude? You want it, it's okay, I'll break it into four and give you an average score!" Ye Yu said with a smile.

"Don't!" The four families of Qian Wang, Li and Zhao were shocked. The jade book was broken, and the Tao Yun on it disappeared. Without the combat skills of the Tao Qi Yun, it was just useless and useless.

"Since you don't break it, how do you distribute it?" Ye Yu said while looking at the four companies, "You can't divide one combat skill into four!"

"It's easy!" Young Master Wang stood up and said with a smile at this time, "Since we can't cut it, then our four big families can only share it. I propose that after returning to the city, how about the four families building a tower and placing jade books together for practice! "

"Yes!" Young Master Li answered first.

Zhao Zhijie and Qian Xiangcheng also nodded and agreed to the proposal.

"It's probably less than two days since Lucheng returned to the city. As for these two days...Since the combat skills were opened by Brother Ye, they should be kept by Brother Ye for the time being!" Young Master Wang's words surprised Ye Yu.

Jiang Zhijie was naturally happy. He said to Ye Yu: "Brother Ye, then you will keep it for the time being. Don't worry, I promise you a share, then my Ye family will definitely reserve a place for you to practice combat skills until you learn it. until!"

"Listening to Zhao Shao, Brother Ye is not the Zhao family anymore. It's good for an outsider to help keep it, it's fair to the four of us!" Young Master Li also said.

Ye Yu looked at the combat skills in his hand, this was something that was enough to make people lose their heads, and it was extremely precious. Since these people were willing to let him hold it on their behalf, Ye Yu would naturally not refuse.

Qian Xiangcheng watched Ye Yu, Jiang Zhijie and the others leave with the jade box, his eyes were very gloomy, but he couldn't help but feel very aggrieved.

"Little money! Are you unwilling in your heart!" Qian Xiangcheng suddenly heard a voice.

"You don't care about my business!" Qian Xiangcheng snorted coldly when he saw Wang Shao standing in front of him.

"Haha! If I could help Qian Shao get revenge," Wang Shao said with a smile.

"What do you mean?" Qian Xiangcheng looked at Shao Wang.

"Why do you think I would recommend him to take Yushu!" Wang Shao smiled, "You don't really think I'm so generous!"

Seeing Qian Xiangcheng looking at him suspiciously, Wang Shao smiled and said, "One Yunling Realm Xiaocheng is not an opponent, so how about two? If it is not enough, how about adding another Yunling Realm?"

Qian Xiangcheng was taken aback, and then said in shock: "Uncle Wang has also reached the Yunling Realm?"

"Qian Shao is smart, not only did he reach it, but I also had the opportunity to step into the Yun Ling realm." Wang Shao laughed, "That kid is very strong, but you and I can see his weakness, he doesn't understand. The moves can only be won by strong power. One aggregate spirit realm's power can play a role, but what if there are two aggregate spirit realm's powers?"

Wang Shao smiled and said: "Two fists are hard to beat four hands. The advantage of strength is not enough for him to face the two Yunling Realm Xiaocheng. Plus me, he is safe to clean up!"

There are two Yun Lingjing Xiaocheng and Wang Shao, it is absolutely foolproof to deal with a Ye Yu, but...

"What do you want?" Qian Xiangcheng asked.

"This success, I will give you all the spirit storage pills, and the jade book that we grabbed can be divided between our two families! But...that woman, it belongs to me!" When it comes to this, Wang Shao's eyes are full of madness and fiery, that upside down sentient beings. The woman who thinks about it makes him excited.

Qian Xiangcheng thought of the many rumors about him in Qingyang City, and smiled on his face: "Okay! He will be killed tonight!"

...

Chapter 18 Ye Yumengchen

Zhao Zhijie arranged the best room for him and Xue Yan, and Xue Yan habitually nestled on Ye Yu. These days, the black thunder in his body was affected by Ye Yu's breath and weakened by a little.

Seeing Ye Yu looking at the Yushu combat skills, she said, "The most important thing in practicing combat skills is to evolve the rhyme in it. The rhyme evolves, and everything will come naturally."

"Rhyme?" Ye Yu looked at Xueyan, her eyes were unusually charming, and her skin was as soft as fat, and it was eye-catching.

"One way of practicing is to cultivate the Great Dao of Heaven and Earth. Whether it is practice exercises, combat techniques, or other secret cultivation techniques, they are essentially intercepting the Great Dao of Heaven and Earth. The reason why combat skills are powerful is that they intercept part of the Dao of Heaven and Earth. So it can evolve the charm of heaven and earth and show great power. Therefore, if you practice combat skills, you can't understand the rhymes contained in it. Even if you learn the moves, it will only be in vain."

Speaking of this, Xueyan paused and continued: "What's more, it is difficult to evolve his moves without realizing the rhyme. This is a complementary process!"

Ye Yu looked at the flowing rhyme of the jade book, and the palm prints appeared in the flowing rhyme of the jade. The palm prints were mysterious and complicated.

"Practicing combat skills is a long-term process. Although Huang Pin combat skills are the most superficial and the worst in intercepting the Great Dao of Heaven and Earth, it contains the rhyme of Dao Dao after all, and you have the spiritual realm. It is very difficult to practice!" Xueyan Remind Ye Yu.

"How long will it take you to practice?" Ye Yu asked Xueyan.

Xueyan smiled and said: "If I am not self-proclaimed, the strength is still there. Huang Pin combat skills can be learned by flipping hands. A person with a high enough level himself intercepts the deep avenues of heaven and earth. The simple rhyme of Huang Pin combat skills is naturally handy. . But you are different. The Yunling Realm is not even included in the gate of cultivation, so it is naturally very difficult to cultivate combat skills."

"I heard it, you are mocking me for being weak!" Ye Yu looked at Xueyan.

Xueyan giggled, her mature body was vividly highlighted and \*\*\*\* and sultry: "Don't you think you are strong."

Ye Yu ignored Xueyan, his eyes immersed in the jade book, the rhyme of the jade book was flowing, and palm prints were constantly flashing. Ye Yu stared at the palm print, his hands constantly changing and imitating the palm print.

Xueyan looked at Ye Yu like this, and smiled and said nothing. The yellow-level combat skills are still too advanced for Ye Yu. If he reaches the spiritual realm, it will be relatively easy to cultivate.

Ye Yu's mind was immersed in the jade book, his palms were constantly changing, and the power in his body was also running, turning his body with good fortune. Ye Yu only felt that his mind was clear and his body and mind were empty, and only the palm prints in the jade book were left in his eyes.

But Ye Yu was extremely surprised that the palm prints at this time were different from just now. The palm prints he saw at this time were clear and simple, without the cumbersome and mysterious before. Soon Ye Yu discovered that it was not that the palm print was simpler, but that he could see it more clearly. These simple palm prints are combined together, and finally become mysterious and complex palm prints.

The palm print seemed to be broken down, a complex and mysterious palm print turned into dozens of simple and clear palm prints.

Ye Yu's heart shook, thinking that all of this only appeared after the operation of the Good Fortune Decision, and the palm print was broken down under the Good Fortune Decision. This... What good fortune actually has this kind of weirdness?

Ye Yu was immersed in it, and the simple palm prints were naturally simple to understand, and he had a faint understanding in his heart.

Xueyan watched Ye Yu completely immersed in the jade book, and smiled and reminded: "Cultivate a path, don't force it, it will easily hurt the soul. Combat skills are not achieved overnight, it takes time and slowly..."

It was just that Xue Yan's words came to an end quickly, and she stared at Ye Yu in disbelief.

In Ye Yu's palm, a series of runes appeared. These runes were intertwined and had a strange Dao rhyme. Dao rhyme covered Ye Yu's palm. Between Ye Yu's palms, a flame-like aura appeared.

Ye Yu sat there cross-legged, palms constantly churning. The palm prints he made became more and more mysterious and more and more, and in his palm, more and more runes were also condensed, the rhyme of Taoism flowed in it, and between the tumbling, there were waves tumbling.

"Let's palm!"

Xueyan felt dry and dry, and stared blankly at the palm prints that emerged.

He is only the initial stage of the Spirit Realm, why can he realize the palm of the storm in an instant. This is a combat technique that intercepts the rhyme of the Great Dao, and it is a set of extremely advanced combat techniques compared to the Yunling Realm.

Even if she was in the Yun Ling Realm, she would definitely not be able to cultivate a set of Huang Pin combat skills so quickly.

“What is his origin?”

Xueyan felt that Ye Yu was more and more weird, not afraid of the Nine Profound Yin Lightning, which was enough to shake one party, and then resonated with the spiritual energy of the heavens and earth to completeness, and now he can cultivate Huangpin combat skills in a single thought. This is simply incredible!

“So many strange things, only one explanation can make sense, and that is his physique!”

Xue Yan thought of a possibility that made him horrified, could it be that Ye Yu is a flawless fairy. But... even if it is a flawless immortal body, it is impossible not to fear the Nine Profound Yin Lightning!

Xue Yan stared at Ye Yu. Ye Yu had already entered the country at this time and was completely immersed in the practice. He found that the operation of the good fortune jue practice became more and more handy, and the palm prints were constantly churning out in his hands.

“If it’s just an extraordinary physique, he should be dazzling, and he will never look like an ordinary person! Like a nine-sun Taoist body, standing there like a blazing sun; like an immaculate body, standing there surrounded by a ring of gods, Dao Yun is entangled and does not touch the mortal dust.” Xueyan muttered, “Unless it is, he is covered in dust.”

Xueyan guessed that there was only one result, just like her, at this time, self-proclaimed herself was also covered in dust, so her vision was not obvious.

“If he is covered in dust, then the dust needs to be washed off.” Xueyan looked at Ye Yu, “Washing the marrow realm can sweep away the dust on the pearl, so that the pearl will regain its brilliance!”

Xueyan couldn’t help being excited and looking forward to this thought. What a terrifying physique that can be fearless of the Nine Profound Yin Lightning and cultivate combat skills with one thought.

Is this a physique beyond the supreme immortal body? So what kind of physique is this?

Xue Yan stared at Ye Yu, only hoping that he would reach the marrow-washing realm now and help her solve the mystery. Because even the extremely high-ranking physiques such as Innate Dao Body, Wild Ancient Body, and Primitive War Body, she had never heard of this ability.

Ye Yu was immersed in it, Xue Yan looked at Ye Yu scorchingly: You reach the marrow-washing state as soon as possible, let me see what kind of physique you are, it is so extraordinary.

Ye Yu didn't know what Xueyan was thinking. He was immersed in the practice at this time, and the good fortune was moving faster and faster, his head became clearer and clearer, and palm prints continued to be punched out between the flips of his palms.

...

Outside the cabin, there were three people in night clothes at this time, and they slowly approached the positions of Ye Yu and Xueyan.

"Two Yun Lingjing Xiaocheng plus me are enough to kill that kid easily. But you can't hurt that woman!" One of them stared fiercely at the cabin where Ye Yu was, his eyes full of licentious thoughts.

"Don't worry, Shao Wang, that kid is just trying to force me. This time the two of us will be enough to clean up him, but Shao Wang will play with that woman!" A burly man beside him smiled.

"Quick battle!"

The three went straight to Ye Yu's cabin.

...

Chapter 19 Big business

"boom!"

The three broke into the door, and the door broke directly. Ye Yu and Xueyan were startled, they looked over and saw three men in night clothes staring at him fiercely.

Ye Yu put the jade book away, looked at the three of them and said, "Are you interesting?"

The three of them didn't understand Ye Yu's words, so they looked at each other and frowned. What's the point?

"Do you think people can't see it when you wear night clothes? Qian Leopard, can you have a snack? Can you tie your bucket-like waist tighter, and shave your weed-like hair directly. And Shao Wang You, if you cover your face and think that others can't recognize you, can you trim your curved eyebrows." Ye Yu said dissatisfiedly, "Don't you insult my IQ, okay? A cover up face. Who do you show it to!"

Ye Yu's crackling scolding made Shao Wang and the others dumbfounded. Didn't you see our fierce eyes? Shouldn't you worry about what we are going to do to you? At this time, we are still gesticulating about dressing up!

"It doesn't matter if you recognize it or not, it's just that you have a reason to shirk responsibility." Shao Wang tore off the black kerchief on his face, and his gaze fell on Xue Yan, her charming and enchanting and \*\*\*\* body caught his eyes. A fiery flame burned out, and his breathing became rapid.

"You two deal with him! A quick fight and a quick decision!" Shao Wang didn't want to wait for a moment, his eyes were scorching toward Xueyan.

When Ye Yu saw this scene, he sighed: "If you two are united, do you think I can do nothing?"

"Enough to clean up you!" Qian Bao smiled sullenly, "Brother Wang, you attack him to the left, I attack him to the right, and quickly resolve him."

"Okay!" Another Yunling Realm Xiaocheng Wang Uncle nodded, his body vigorously rumbling.

Ye Yu pulled Xueyan down behind him and glanced at Wang Shao and the others: "It's better for the three of you to go together, just in time I try what I just learned!"

"Then make you perfect!" Uncle Wang took the lead in attacking Ye Yu, and pushed him with a palm, embracing gravity, and slashed Ye Yu's Adam's apple straightly.

Ye Yu didn't speak, just flipped his palm, and the power surged to the palm of his hand. Runes were generated between the changes, and then changed again and again. Seeing that he was about to cut his throat, Ye Yu swept his palm clockwise.

With a palm out, a phantom image of a large palm appeared in his palm, and he patted it directly. The phantom shadow of the palm burned directly, turning into waves of flames, bursting out wave after wave.

This scene made Wang Shao and the others stare. They only saw Ye Yu's palm evolving into a heat wave, majestic and terrifying, sweeping across, it was like a rushing wave that instantly rushed to Uncle Wang.

There was no suspense, only a click, and the bones of Uncle Wang's palm shattered. While Lie Tao hit him, a burned palm print appeared on his chest, and Uncle Wang spurted blood out of the door.

"Just rush in without knocking at the door, and don't speak morality at all, then get out!" Ye Yu muttered, retracting his palm. His heart was also shocked, his combat skills were indeed extraordinary, and his combat effectiveness more than doubled.

"Lie Tao Palm!" Wang Shao and Qian Tao stared at Ye Yu in disbelief. Lie Tao palm, isn't this the combat skill in the jade box? Why can he show it!

Could it be that...he just learned it?

But how is this possible? This is a combat technique! Contains part of the battle skills of heaven and earth. How could it be possible for him to practice successfully in this short period of time.

They were extremely horrified, but Ye Yu was also excited in his heart: the combat skills were really terrifying. If there is divine help, the combat effectiveness has more than doubled.

One palm can severely injure a practitioner comparable to him, this is the powerful lethality displayed by combat skills.

"It's your turn!" Ye Yu looked at Wang Shao, his lustful eyes staring at Xue Yan very upset him.

Wang Shao and Qian Tao looked at each other, and they rushed towards Ye Yu from left to right.

"How can you stop me?" Ye Yu scorned.

"Really?" At this time, Wang Shao smiled gloomily, and took out a dagger from his arms. This dagger was shining with inspiration, and there was also a rhyme flowing. He brandished a dagger and pierced Ye Yu fiercely.

"Ling Bing! Ye Yu be careful!" Xue Yan reminded in shock.

When Ye Yu saw Dao Yun on his dagger, he was left with a heart, and his figure had already retreated.

The dagger was stuck in the place where Ye Yu was before, and the dagger appeared in the shadow of tiger teeth. With a roaring sound, the thick ship board of Ye Yu's combat power was directly shattered, even the steel was directly pierced.

"Sneez..." Ye Yu sucked in a cold breath, never expecting the dagger to be so powerful.

"Ling soldiers are treasures refined by intercepting parts of the Great Dao of Heaven and Earth. They contain mighty power, so be careful!" Xue Yan reminded Ye Yu from the side.

"This is my life-protection method, and it is also one of the treasures of my Wang family. Can you stop it?" Wang Shao smiled darkly, staring at Xueyan and said, "You will enjoy it tonight!"

After that, he actually didn't care about Ye Yu. Pounced directly at Xue Yan.

"Damn it!" Ye Yu yelled, naturally he couldn't let Shao Wang take Xueyan away. Ye Yu's palm prints were constantly punched out, and the palm prints came together one after another.

He stood in front of Xueyan, no matter what, he gritted his teeth and slapped his palms to face Wang Shao.

"Ye Yu! Rewind! You have just practiced Lietao Palm, and you are not the opponent of Lingbing!" Xue Yan yelled anxiously.

"What do you do if I retire?" Ye Yu replied, ignoring Xueyan, he drove the palm of Lie Tao to the extreme.

"I'm looking for death, no wonder anyone else!" Wang Shao laughed, aura poured into the dagger, and the dagger instantly turned into a vicious tiger tooth, piercing towards Ye Yu.

"Let's palm!" Ye Yu yelled, his palm prints turned into blazing waves in front of him, and he went straight to the phantom of the sharp tiger teeth.

Xue Yan looked at Ye Yu, who was blocking her body with a complicated expression, but when he saw Ye Yu's Lie Tao palm, he was surprised. He practiced Lie Tao palm more profoundly than he had imagined.

"Boom...boom..."

As Huya and Lie Tao's palms banged against each other, loud noises continued, and the furniture beside them shattered and shattered.

"bump..."

Another palm print passed, Wang Shao was shaken back several steps, bleeding from the corners of his mouth.

“The spirit soldier is nothing but this!” Although Ye Yu was marked with a blood mark by the sharp spirit soldier, he still laughed.

Ye Yu was about to take advantage of the victory and chase, Qian Bao directly killed from the side, the shot was extremely fierce, and directly blasted Ye Yu’s heart.

“Get out!” Ye Yu hurriedly turned the palm of the fierce wave to meet Qian Bao, and directly shook Qian Bao back.

Wang Shao saw this, and regardless of the tossing blood, the dagger pierced Ye Yu’s head fiercely.

Ye Yu fought with them, and Lie Tao fought out with one palm and one palm. The more he fought, the more skillful he became. Of course, he was wounded under the siege of the two during this period, and the dagger cut through him several times.

But under this pressure, Lie Tao’s palm Ye Yu was able to fight with ease. Xueyan watched this scene, and his nervous heart relaxed.

“Practicing skills with battle! Lie Tao’s palm is completed!”

Sure enough, after Xue Yan’s words fell. Ye Yu turned it out with a palm, and at this moment it was like a tumbling flame, majestic and vigorous, and rushed directly to Qian Bao.

“Puff...”

Qian Leopard sprayed blood and smashed the door directly.

At this time, Ye Yu looked at Shao Wang.

“Don’t come here!” Shao Wang was horrified. He had never thought that Ye Yu was so powerful, and he was not an opponent of a small Chengdu with a spirit weapon in his hand.

“It’s not up to you now, but...now I have a big deal to do with you!” Ye Yu looked at Wang Shao with a smile.

“What business?” Shao Wang asked reflexively.

...

Chapter 20 No humanity

Master Li's room, Li Ang!

Qian Xiangcheng and Li An sat opposite each other, and Qian Xiangcheng's eyes narrowed with a smile as he listened to the banging sound of the boat.

"Little money, the sound of banging outside seems to be fighting, let's go see what's going on!" Li Ang frowned as he heard a loud noise.

"Is there? Why didn't I hear it! Oh, Shao Li, you got it wrong! Come on, we rarely sit together and have a drink, and have a few more drinks!" Qian Xiangcheng smiled and reached out to stop. Ang Lee got up.

Are you kidding me? I'm here to hold you back, and I'm afraid you will disrupt the situation. After all, in case the Li family and the Jiang family union should change.

"Lack of money, it's true..."

Ang Lee wanted to say something, but Qian Xiangcheng dragged him to sit down, "Don't worry about that much, let's drink first, and wait until we have something to watch!"

Ang Li seemed to understand something, he looked at Qian Xiangcheng and said nothing.

Seeing this, Qian Xiangcheng smiled: "Don't worry, we will never offend the interests of your Li family!"

Hearing this assurance, Li Ang sat down and said, "It's the best!"

"Hahaha! Come, Li Shao drink!" Qian Xiangcheng laughed. The relationship between the four Qingyangcheng families is not good. As long as the Li family's interests are not damaged, Qian Xiangcheng is confident to persuade Li An to stand by, and now it is confirmed. To this point.

"You do this, I'm afraid the Jiang family won't stand by then!" Li An said.

"Could it be possible that his Jiang family can still fight with our two families? What's more, the four families once said that each of the younger generations has their own skills! Jiang Zhijie is not as good as others, what can they say!" Qian Xiangcheng smiled.

"You are so confident that you can deal with Jiang Zhijie!" Li An asked, "The young man Jiang Zhijie invited is not easy. The Spirit Realm can initially defeat Xiaocheng!"

"How about he can beat Uncle Leopard? You may not know that Uncle Wang is also at the Xiaocheng realm, and Wang Shao has also reached the Yunling realm. This camp

is enough to easily crush him.” Speaking of this, Qian Xiangcheng laughed again. , “And I got news that Shao Wang actually took out one of the Wang family’s spirit soldiers, and they only had two in the entire Wang family. Hey, do you think there is still suspense this time?”

Ang Li was silent, this kind of camp was indeed not something that a Spirit Realm could initially deal with. It’s just... After dealing with the Jiang family, will they target themselves?

Fortunately, it is not far from Qingyang City, and when you arrive at Qingyang City, you will be fearless.

...

Jiang Zhijie’s room.

Jiang Zhijie and Jiang Yutong were discussing Ye Yu when they suddenly heard a loud noise. After hearing this for a while, their complexion changed drastically.

“From the direction of Ye Yu’s room!” Jiang Yutong said.

“Not good!” Jiang Zhijie’s expression was extremely ugly. These people knew that Ye Yu was able to fight against Xiaocheng Stage and even dared to attack Ye Yu. Then there was only one problem. They were confident that they would take Ye Yu.

Jiang Zhijie thought of the terrible consequences. Without Ye Yu’s guards, their Jiang family would be the fish on the chopping board to be slaughtered. The most important thing is that the loss of combat skills will also be counted on them.

...

“What business?” Wang Lin stared at Ye Yu in horror, holding the dagger tightly.

“Let’s put the dagger down first!” Ye Yu said to Wang Lin, “When you talk about business, you must pay attention to peace and make money. You have a big dagger at me, how insincere you are!”

Naturally, Wang Lin would not put down his dagger. He looked around, trying to escape.

“Since you don’t let go, then I’ll help you!” Ye Yu shot up and walked towards Wang Lin as he spoke.

Neither of them was Ye Yu’s opponent just now. At this time, Wang Lin alone was not Ye Yu’s opponent. After Ye Yu’s repeated attempts, the dagger in his hand was finally shaken by Ye Yu’s palm.

When Jiang Zhijie and Jiang Yutong arrived, they happened to see this scene and watched Wang Lin slam into Ye Yu's door with a bang. They looked at each other, and their eyes were full of horror.

...

Qian Xiangcheng and Li Ang sat facing each other and heard another loud noise, and the smile on Qian Xiangcheng's face increased.

"That kid seems to be beaten badly! He wants to fight us!"

Qian Xiangcheng's words were proud and arrogant, Li Ang did not speak, just took a sip of wine. At this time, a servant of the Li family came in from outside, and he whispered a few words in front of Li Ang.

Upon seeing this, Qian Xiangcheng smiled triumphantly: "Shao Li, did the kid break his hand and his foot? The woman next to him was snatched away by Shao Wang. Haha, let your subordinates say it directly. What do you need to cover up?"

Li An looked at Qian Xiangcheng with a weird expression, and opened his mouth without making a sound. Finally, he said, "Um...you should go and see if you have less money!"

"Okay, good! Let's take a look at Shao Li! The revenge is avenged, my heart is flying! Go and see how miserable that kid is!" Qian Xiangcheng excitedly led the way.

...

Qian Xiangcheng reached the destination first, but when he looked at the three people lying on the ground, especially when Wang Shao was stepped on by Ye Yu, the smug smile on his face instantly stiffened, and he shook his head vigorously, finally convinced that he was in front of him. What I saw is true.

"It's impossible!" Qian Xiangcheng yelled frantically.

Ang Li followed Qian Xiangcheng and glanced sympathetically at Qian Xiangcheng, who was neurotic. Sure enough, he was unreliable, saying that Ye Yu had been cleaned up, but he didn't expect the two of them to be cleaned up by Ye Yu.

It's just that, with two Yunling Xiaocheng Stages and Wang Lin holding a spirit soldier, why is he an opponent? Could it be that Qian Xiangcheng was boasting that their strength was not so strong at all, and there was no spiritual weapon.

"Uncle Leopard! What's the matter? Why are you lying here!" Qian Xiangcheng asked Qian Leopard angrily.

I just wanted to run over, but I saw Ye Yu stand up with a dagger in his hand pointing at Qian Xiangcheng: "It's just here, I'm waiting for you!"

Looking at the dagger in Ye Yu's hand, Qian Xiangcheng recovered some sanity, and a chill came out of his body.

Li An naturally discovered that the dagger in Ye Yu's hand was the Wang family's spirit soldier, which made his heart jump. Qian Xiangcheng didn't lie, so how did he hit the three people hard?

His doubts were quickly explained: "Master, he has cultivated Lie Tao's palm, and the three of us are not his opponents!"

Qian Xiangcheng cursed directly: "What are you fart, how long does it take him to get the jade book, and how can it be completed!"

Other people, including Li Ang, didn't believe it either, thinking that the reason was too false.

But when their eyes fell on Uncle Wang Lin, their hearts continued to sink. The expressions of these two men were very attitude, and they all told them that what Qian Bao said was the truth.

"How is this possible?" Everyone was shocked, unable to accept the fact that combat skills could be learned in an instant?

Nima!

Is there any humanity?

Ang Lee was about to swear, he couldn't accept such a fact.

No matter what these people think, Ye Yu just looked at Qian Xiangcheng and said, "Everyone is here, let's just have a business talk!"

...
