

Go Alone #Chapter 21 – 30

Read Go Alone Chapter 21

Chapter 21 Yun Lingxiang

“What do you want to do?” Wang Lin was stepped on by Ye Yu, and said with a bit of panic and pretending to be strong.

“Didn’t I tell you earlier? Talk about business!” Ye Yu patted Wang Lin’s face with a dagger, “and it’s a big business!”

“What big business?” Wang Lin asked.

“The business of buying and selling human life, isn’t that big?” Ye Yu pointed at Wang Lin and said, “Let’s talk about it, what are you going to use for your life!”

This sentence gave everyone a glimpse, is this guy still robbing him?

“Ye Yu! Don’t deceive others too much!” Qian Xiangcheng roared beside him.

“This sentence is funny! You dressed like this ghost to kill me at night and said that I deceived people too much, which is shameless!” Ye Yu laughed, “I hate shameless people the most in my life!”

Wang Lin was stepped on by Ye Yu and felt the dagger slashing at his Adam’s apple from time to time. He was terrified: “I am a member of the Wang family. If you dare to move me, you will die without a place to bury you!”

“Who are you scaring?” Ye Yu chuckled, “Believe it or not, if I kill you now, none of your kings can find me!”

“You...” Wang Lin wanted to speak harshly, but the chill of the dagger made him afraid. This is not Qingyang City, and the power of the Wang Family can’t reach here yet. Ye Yu killed him and turned and left. The Wang Family couldn’t help him.

“What do you want to buy my life?” Wang Lin admitted, and there was nothing to say about his skills being inferior to others.

“What do you have?” Ye Yu asked.

“This time I ventured to get two spirit storage pills, and use one to exchange my life and Uncle Wang’s life!” Wang Lin said.

“Does it count!” Ye Yu kicked Wang Lin fiercely, “You two will get one for one life, do you think I am very poor at math!”

"Then what do you want?" Wang Lin gritted his teeth.

"Two!" Ye Yu replied.

"Impossible! A soul storage pill is infinite value, and it is not exchanged for a thousand dollars. One is the limit I can come up with!" Wang Lin roared.

"Then you go to die!" Ye Yu kicked directly in the middle of Wang Lin's legs, and Wang Lin suddenly screamed like a murder, and many people even heard the sound of broken eggs.

Ye Yu's fierceness caused everyone present to numb their scalp. This guy is too ruthless. If he doesn't agree, he will abolish Wang Lin's male roots?

"If you don't want to give it, then die!" Ye Yu didn't forget this guy's idea of playing Xueyan. Is he really afraid to kill him?

Ye Yu's fierceness finally made Wang Lin shout in horror: "Give it! I'll give it!"

Ye Yu's foot on Wang Lin was released. He helped Wang Lin up very friendly and helped Wang Lin tidy up his clothes by the way: "Brother Wang is really business savvy. This time you have made a profit and you have a good cooperation. Ah, welcome to cooperate again next time!"

The ghost has you next time!

Wang Lin's painful forehead was full of cold sweat. He scolded Ye Yu thousands of times in his heart, and the huge pain under his body made him panic. Did this kick abolish the possibility of him being a man?

But under Ye Yu's lustful might, he could only order people to get the pill for storing spirits.

"Can the spirit soldier return it to me?" Wang Linqiang held back his hatred, gritted his teeth and asked Ye Yu.

"Brother Wang mean, this dagger is a treasure handed down from my ancestors, do you want to grab it?" Ye Yu glared at Wang Lin like a blasted cock.

The pain under Wang Linren glared at Ye Yu: This is his ancestral treasure, when did it become yours.

"This spirit soldier..."

Before Wang Lin had spoken, Ye Yu furiously said: "I am what I am, who dares to hit my family heirloom idea, I will never die with him!"

“...” Jiang, Li and Qian’s three family members have black lines on their foreheads, and they are so angry and aggrieved by taking other people’s things as their own.

Wang Lin hated Ye Yu’s bones, and the veins on his fist were surging. This spiritual soldier is of great significance, and he doesn’t know how to explain it to the family if it is lost. But he couldn’t beat the opponent, so he could only watch him hide in his arms.

Ye Yu ignored Wang Lin and turned to Qian Xiangcheng: “Two soul storage pills, in exchange for Qian Leopard’s life!”

Qian Xiangcheng watched Ye Yu step on Qian Bao’s body to threaten him, and he said coldly, “Isn’t it one?”

“Have you learned mathematics well? One can only be exchanged...oh. It’s true that he is a person, but the business is not like this. Qian Leopard represents the Qian family, and is a family of two!” Ye Yu replied Qian Xiangcheng .

“I didn’t get anything for this adventure, and I can’t get two spirit storage pills!” Qian Xiangcheng said.

“I understand!” Ye Yu smiled and looked at Qian Xiangcheng. “You’ve seen Qian Leopard upset long ago. I hope I can solve him now, right. Oh, we don’t know each other. Can I help you?”

As Ye Yu spoke, his feet suddenly used force, and everyone heard the sound of bones cracking.

“Stop!” Qian Xiangcheng was horrified. He was a strong man in the Yunling Realm Xiaocheng and a loyal old man in his family. He couldn’t help but save him.

“It’s okay! Just a servant, kill if you kill it! It’s a good thing to save two spirit storage pills. As far as I know, it’s hard to buy a spirit storage pill!” Ye Yu sighed, “Don’t worry about it. Little loss is big!”

Listening to Ye Yu’s teachings, Qian Xiangcheng couldn’t wait to tear Ye Yu’s mouth apart. In this guy’s mouth, he seemed to have become an evil master.

Qian Xiangcheng looked at Li Ang: “Lend me two soul storage pills!”

“There is little money, I really think I have no obligation to help you!” Li An smiled.

“My Qian’s two streets east of Qingyang City belong to you!” Qian Xiangcheng said.

“Deal!” Li Ang directly agreed.

Ye Yu was stunned when he heard that he was actually not very clear about the value of the Soul Storage Pill, but only when he heard Qiancheng trade two blocks for two, he knew how precious it was.

“Posted this time!” Two streets, this is the rhythm of the big tyrants that is properly placed on the earth.

The four Yun Ling Pills soon arrived in Ye Yu’s hands, and Ye Yu threw them to Xue Yan without seeing them, and then smiled: “Happy cooperation! Looking forward to the next time!”

The corners of the mouths of the Wang and Qian family were twitching, and they dared not speak any more.

At this time, Ye Yu took out the jade book from Lie Tao’s palm and handed it to Jiang Zhijie and said, “You should keep this thing in the Jiang family. This young master doesn’t want to be killed again!”

Isn’t it just what you want to kill someone else? You can do business again! Jiang Yutong slandered Ye Yu in his heart, and he might still be very pleased to get Yushu.

Wang Lin was helped to leave. He sent someone to find a doctor. The pain made him more and more apprehensive. He was afraid that he would not be a man.

...

When everyone left, Ye Yu and Xueyan returned to the room. He asked Xueyan to pack up his things: “That kick will definitely abolish Wang Lin. They will never give up, take advantage of the fact that no one dares to stop us now, and quickly leave here!”

“Aren’t you invincible? Are you afraid of them?” Xue Yan winked like silk, smilingly overwhelmed the country.

“I’m just afraid of trouble!” Ye Yu gave Xueyan a white look, “I’m afraid that Wang Lin will still be abolished for you. However, a few Spirit Storage Pills were received accidentally. Hehe!”

Xueyan smiled and looked at Ye Yu: “The four Spirit Storage Pills are worth your risk. If you can’t get into the Condensed Spirit Realm, you can rely on this Spirit Storage Pill.”

Ye Yu’s eyes lit up: If he can reach the Spirit Storage Realm, he will cooperate with combat skills. Even if the Wang and Qian family were in trouble, he could deal with it more calmly.

The most important thing is that he wants to accumulate his own aura!

...

Chapter 22 A paperweight firmament

Ye Yu and Xueyan took advantage of the night to leave, still riding down the river in the boat.

“Aren’t you afraid of trouble? Why go to Qingyang City?” Xue Yan asked.

“The most dangerous place is the safest place. They think that I am afraid to enter Qingyang City and escape.” Ye Yu said, “Besides, you and I are not familiar with each other. I don’t know how long I will not enter Qingyang City. People can be found!”

While talking, Ye Yu opened the jade box containing the spirit pill, which contained a few glass bead-sized pills. As soon as the jade box was opened, it exuded the fragrance of medicine, and the spirit of heaven and earth spread out.

“Each soul storage pill contains a rich and vigorous spiritual aura of heaven and earth, and many disciples of big powers use it as the most important resource for cultivation!” Xueyan pointed to Ye Yu, “Try using one!”

Ye Yu nodded, with a spirit storage pill in his mouth, and he was running the good fortune decision. He instantly felt a stream flowing into his body between his mouth and tongue, and merged into his body with the operation of his practice.

The aura turned into a stream, this kind of vigor surprised him. During Ye Yu’s decisive movement, he clearly felt that the aura of heaven and earth in his body was increasing at a visible speed.

Ye Yu’s revolving good fortune must be faster and faster, and the spirit storage pill is constantly getting smaller, turning into a gurgling spirit spring and submerged in Ye Yu’s body.

Xue Yan was very surprised by the side. An ordinary cultivator could absorb half of the aura of a Spirit Storage Pill, but Ye Yu actually absorbed all the aura of the Spirit Storage Pill. But he actually absorbed it completely, not a ray of aura was wasted.

Being able to achieve no waste can only show that Ye Yu’s cultivation technique is extraordinary. Even if it is a land quality technique, it is somewhat difficult to achieve no waste in the spirit realm.

“You really are a secret in your whole body!” Xue Yan smiled, wondering if Ye Yu practiced the Heavenly Grade Cultivation Technique?

The quality of a set of exercises is directly related to the quality of the practitioner's foundation. Good exercises can not only build a solid foundation, but the thickness and purity of aura can far exceed the same level.

"If it's really a heavenly rank technique, and if you match your physique without fear of Nine Profound Yin Thunder, it will be enough to make you soar into the sky!" Xue Yan muttered to himself.

Tianpin exercises are the treasures of many top forces. Xueyan is even more looking forward to Ye Yu's ability to reach the marrow-cleansing state, so as to wipe away the dust, what will his jewel be like? Can it shine on the whole world with dazzling brilliance?

A soul storage pill was completely absorbed by Ye Yu, and Ye Yu felt that his spiritual energy concentration had increased by more than 30%. Ye Yu was shocked by this result. A Spirit Storage Pill had such a miraculous effect. If he cultivated himself, he didn't know how long it would take to accumulate such a concentration of heaven and earth aura.

In other words, these four spirit storage pills are enough to double his aura concentration.

"Other medicines are resistant, and after using one, the effect will be reduced. But the Spirit Storage Pill is different. It accumulates the aura of heaven and earth, so every time you use it, the effect is the same. In some big forces, This is also a hard currency for practitioners." Xueyan gave Ye Yu some common sense in popular science.

Ye Yu nodded, thinking of Yun Ling Jing Xiao Cheng, he asked again: "Heaven and earth take one of all phenomena and Yun Ling, is there anything special about it?"

"Have you thought about what kind of spirit?" Xue Yan asked.

Ye Yu replied: "What kind of spirit is the strongest, so I will possess what kind of spirit. Young Master Ben must possess the strongest aura in the world!"

Listening to Ye Yu's shameless words, Xueyan chuckled and said: "There are thousands of spiritual elephants, but even if the horrible elephants such as dragons, mountains and rivers, and vast starry sky, they cannot be regarded as the strongest, they can only be regarded as the strongest. Top-notch. Since ancient times, there have been countless geniuses of Tianzong, and they have dissatisfied with each other's aura. But there is only one kind of aura, and they are willing to admit it as the strongest aura!

"What kind of spirit?" Ye Yu asked.

"There are thousands of red dharma, and there is only one method called respect, and you can enjoy three reincarnations in one day!" Xueyan said with a sigh, "The reason

why this kind of method is called respect is that it enters the aura in an instant, and it contains an invincible aura. It is the only recognized supreme spiritual image in the world."

Ye Yu's heartbeat accelerated, and asked Xueyan: "What kind of spirit? Is the universe, the heavens, the earth, the mountains and the rivers, or the all phenomena come out together?"

"Neither!" Xue Yan shook his head, "You can't think of his aura, it's just a page!"

"A page?" Ye Yu was stunned, looking at Xueyan and said, "A page, this is not as good as a blade of grass! This is too popular!"

"Everyone thought so when they saw it for the first time. It wasn't until one day when they saw a piece of paper covering the sky, a piece of paper cutting off the galaxy, and a piece of paper reflecting the mountains and rivers, they understood how terrifying they were wrong. !" Xue Yan sighed, "His spiritual image has already returned to its original nature. He can shape any phenomena in the world he wants on paper, and this piece of paper contains the universe."

"A piece of paper can cover the sky and cut the galaxy!" Ye Yu was shocked, what kind of supreme method was this?

"Of course, he has just reached the Yun Ling realm without such ability. But also relying on this page to suppress the genius of an era, any genius of the spirit will be cut off under his page." Xue Yan said, "Later, someone who is supremely powerful has studied it and said that when he first reached the spiritual realm, he created this page with the power of his three reincarnations, but his spirit and spirit have shaped the imprint of all things and all things on the paper. Although it is not obvious, Can create an unlimited growth possibility!"

"Possibility of unlimited growth!" Ye Yu muttered to himself.

"Practicing a path is a process of continuous growth. What kind of spiritual image is shaped means that your future practice will also be affected by the spiritual image. This is why the genius strength of shaping the Shenlong is progressing so fast, because the Shenlong has its own avenue of heaven and earth, you The more you perfect your spiritual image, the more you will be able to intercept the spirit of Shenlong. This kind of growth promotes each other, but it is also limited because of it." Xue Yan said after a pause, "But that one, he returns to his innocence. He can shape anything on a page, even if the shape is not satisfied, he can erase it and then shape it. This gives him infinite possibilities without being affected by any kind of spiritual image and Taoist rhyme."

"In this world, how many people use this method!" Ye Yu asked.

“He came out with this method, and many people learned it. Countless people of that generation have shaped a page, but...” Speaking of Xueyan, smiled bitterly, “How many people are ruined on this page!”

Seeing that Ye Yu didn’t understand, Xue Yan explained: “He can only use this method. Because he shaped this page with the power of three observations of reincarnation in a day, this page can carry any spiritual image. Others have no such ability. Although they have created a page of paper, it is too fragile. Even if a blade of grass is imprinted on it, it can be carried through by the grass. It is just waste paper!”

Xueyan explained: “In this world, only one page of his paper can carry all things and all things, so there is a saying that there is only one law!”

Ye Yu was thoughtful and couldn’t help thinking of himself. Then what kind of spiritual image did he create? Follow in his footsteps to shape a page?

Ye Yu soon denied that his path might not suit his own path. The most important thing is that enjoying reincarnation in one day is a secret and must not be exposed. If you shape the same thing, the effect is the same. Then... others are not fools!

...

Chapter 23 Silently looking back

Good luck is extraordinary!

It is also extraordinary to enjoy the spiritual realm of reincarnation in one day!

With the four Spirit Storage Pills, Ye Yu’s strength skyrocketed, and the spiritual energy inside his body swelled like a tsunami riot, faintly rushing out of his body.

But Ye Yu was not in a hurry to accumulate spirit, he was brewing and thinking.

Xueyan knew that Ye Yu had reached the key point of Yun Ling, and she said to Ye Yu: “What kind of spiritual appearance is important to you. I hope you can grow a holy beast, so that you can compete with those gods!”

“Your requirements for me are too low, right?” Ye Yu asked Xueyan.

Xueyan happened to be drinking water, and these words made her choking and coughing: “Young master, don’t you just stop blowing, okay? Do you know what the sacred beasts represent? How many people in this world can accumulate the sacred Beast elephant. You must be able to produce holy beasts enough to look down upon the heroes!”

"I am not the same as the glamorous **** from the outside world!" Ye Yu said, "How can my talents be compared to them!"

"..." Xueyan didn't bother to talk to Ye Yu, and when you learned the spirit, you would know how difficult it is for the holy beast to be stored. In fact, she asked Ye Yuyun that the sacred beast itself was a bit difficult, without the traction of the holy blood, but how many people in the world have produced the sacred beast by herself?

Ye Yu had his own plan. If one day to observe reincarnation is only to accumulate the holy beast, how could he be worthy of the reputation of the dominance of this Dharma.

After being close to Ye Yu for so long, the Nine Profound Yin Lightning in Xueyan's body has also weakened a lot. Xueyan naturally spent much less time getting close to Ye Yu, and the sudden change of Tian Tian's fragrance in her arms made Ye Yu very uncomfortable.

"You see that we are so close, do you want to do something happy! Don't worry, I will be responsible!" Xue Yan's icy muscles, slender waist, full chest, and straight and slender long legs are amazing. Ye Yu couldn't help being greedy every time he looked at it.

"What is a happy thing?" Xue Yan's beautiful eyes looked sideways.

"It is my strength to make up for your shortcomings, to have a thoughtless exchange, and finally I turn into a clear stream, flow into your world, and realize the great harmony between you and me!" Ye Yu explained.

"Turn into a clear stream and flow into my world?" Xue Yan was taken aback, but she quickly realized that although she was a big person, she was flushed with Ye Yu's naked words, and a beautiful leg flew directly towards Ye Yu." If you dare to talk nonsense, I will get rid of the seal and clean up you first!"

Naturally, the long legs could not kick Ye Yu, but the flexibility and grace of the figure made Ye Yu dazzled.

...

Qingyang City!

Liuyun Inn!

Tianhuo Sect Gu Hongan and a young man surrounded a woman with a group of people in the center.

The woman is beautiful and exquisite, with a graceful figure, her skin is like a jade, she has bright eyes and white teeth, and she has the color of a country and a city, and she has a peerless look.

“Miss Yan’s family! Let’s do the calculations!” Gu Hongan looked at Yan Shengting, “At your Yan’s house that day, you bullied and insulted my Heavenly Fire Sect. It’s time to give an account!”

“Brother Gu, that was a misunderstanding!” Yan Haitian hurriedly continued, “That was really an accident.”

“What about the kid, hand it over.” Gu Hongan said coldly, ignoring Yan Haitian.

“The Yan family’s ancestral land has undergone drastic changes and was directly destroyed by ten thousand black thunders. We have separated from him, and we don’t know where he is at this time!” Yan Haitian replied.

“In the land of Nine Provinces, no one has dared to insult my Skyfire Sect. Since he is not here, then you Yan family will replace him...” Gu Hongan’s momentum surged and he wanted to suppress the Yan family’s children and leave.

However, he was stopped by a young man next to him before he even made a move: “Don’t be rude to your sister-in-law!”

“Yes! Second Young Master!” Gu Hongan quickly stepped back and bowed to salute the young man.

The young man came out and stood in front of Yan Shengting and said, “Miss Yan, my eldest brother has been thinking about it since he saw you. For this reason, he almost went into trouble during this retreat. Big brother really loves you!”

Yan Shengting looked at the young man and said, “Thank you for the love of Young Sect Master, but Sheng Ting is already married and has no relationship with Young Sect Master.”

“Haha! Miss Yan, why bother to deceive herself! Do you think that we can deceive us by hosting a wedding?” The young Li Feng smiled and looked at Yan Shengting, “I’m afraid that your husband is not separated, but after using it. Be killed by you!”

“Nothing!” Yan Haitian replied anxiously.

“Do you know it in your heart!” Li Feng said, “Yan’s ancestor land is bombarded by thousands of thunder. Why are you alive, but your uncle is gone? This is a bit unreasonable!”

"Some of you from the Tianhuo Sect have seen my wedding scene. The second young master thinks I am a lie, so there is nothing to say!" Yan Shengting said.

"It's okay! Even if you are really married, but my eldest brother is obsessed with you, we don't care about it!" Li Feng said, "Please, come with me to the Heavenly Fire Sect!"

"Since I am married, I will naturally no longer have anything to do with your Young Sovereign!" Yan Shengting refused.

"Your husband is probably dead. If so, what does it matter if you remarry!" Li Feng said nonchalantly, "You don't have to go with me, then call your husband out now. How else can my elder brother Give up?"

"You..." Yan Hai was in a hurry, but he couldn't help it. Although Yan Shengting got the inheritance and got the ancestor weapon. But she suffered heavy losses, especially in order to protect them in the end. She even burned her essence and blood to drive Guding away from the black thunder. This made her hurt more and more. In the short term, she could no longer rely on the power of inheritance. Fear them?

Ye Yu? He must be dead! Someone in the Yan family saw him rushing to the depths of Lei Hai, fearing that he had been blasted into scum, so they went there to look for Ye Yu.

"Since you can't call it out, then Miss Yan Jia will come with me! Big brother has a heart demon for you, and the younger brother can't help him do what he wants!" Li Feng looked at Yan Shengting and said.

"Second Young Master, is this forced?" Yan Shengting said calmly.

"In this land, few people can reject my Skyfire Sect!" Li Feng said, "I am curious, my eldest brother can't do it, so you want to refuse with fake marriage!"

"I'm really married!" Yan Shengting corrected.

"Gu Hongan can believe it, but don't think I'm a lie. If you are really married, then you are not alone here." Li Feng sneered, "As for the disaster of the Yan family's ancestors, you think we will believe it. Not long after Gu Hongan left, you said that thousands of thunderstorms were raging over there. If so, are you still alive? I'm afraid it's just to get rid of the excuse that your fake husband made! Hehe, in fact, I hope my elder brother treats you Give up, this is a good thing for him to practice, but he can't do it. If you can help him, it would be the best, please ask your husband."

Yan Shengting frowned. She just wanted to say something, but she heard a voice.

"Boss, come to a nice room!"

The familiar voice made Yan Shengting look sideways. She stared at the slender figure blankly, and the whole inn was silent at this moment.

Yan Shengting couldn't help but recall this scene many years later.

Looking for him is not available, but when he looks back, he stands quietly in front of the door.

Sometimes, is fate really a match between heaven and earth?

Chapter 24 Fake play

When Ye Yu walked into the inn, he noticed the weird atmosphere of the inn, and then he saw Yan Shengting, whose face was like jade, standing there showing a moving curve.

"Why is she here too?" Ye Yu was startled. He and Xue Yan entered Qingyang City after a few days, in order not to meet Qian Xiangcheng and the others, but never thought of finding an inn at random to meet him. Yan Shengting and a group of people.

Ye Yu glanced around and found that Yan Haitian and Yan Jun were still alive. He couldn't help but sigh that they were so lucky that they could actually survive such lightning.

"Uncle! We looked for you everywhere, and finally found you, I thought you were in trouble!" Yan Haitian walked quickly to Ye Yu, holding Ye Yu's hand with excitement, with a happy appearance.

"Damn! What's the situation?" Ye Yu couldn't respond a little. When did the Yan family be so enthusiastic about me. But when Ye Yu saw Gu Hongan, he understood why Yan Haitian called his uncle. Ye Yu was very unhappy, and Yan Haitian was making trouble for him.

Ye Yu naturally didn't want to cause trouble, especially in Qingyang City. You have to know that you have just cleaned up the two young masters of the Qianwang family not long ago, and you have to keep a low profile in Qingyang City.

But seeing Gu Hongan's cold eyes looking at him, Ye Yu gave a wry smile, knowing that this trouble is unavoidable.

"Special, I just want to adapt to life in this world in this city, how can I run into them at any inn." Ye Yu cursed in a low voice, looking at Yan Haitian beside him, angered. Without even thinking about it, he kicked Yan Haitian fiercely, and then his fist fell on him like raindrops: "Dog stuff! Leave my uncle and run away by yourself, do you have any focus on being a servant!"

“I’ll kill you! If I die, your young lady will not be a widow!”

“My uncle is mad, dog minion, I will kick you to death!”

“...”

Ye Yu punched and kicked Yan Haitian, yelling at a dog-minded dog, completely treating Yan Haitian as a servant and venting.

The corners of the Yan family’s mouth twitched when they watched, and this guy had too much drama. If you call you uncle, you really consider yourself an uncle.

A raindrop-like fist fell on him, and Yan Haitian wanted to scold his mother.

Who is your dog minion!

revenge!

This **** is naked revenge!

But Yan Haitian didn’t dare to resist, so he could only look at Yan Shengting with his cry for help.

“Ye Yu! Enough!” Yan Shengting scolded and stopped.

He yelled at Yan Shengting: “Enough is enough, how did you learn from the four virtues, dare to scold your husband, is it because you haven’t hit enough ass!”

Ye Yu walked directly in front of Yan Shengting angrily, grabbed Yan Shengting’s waist, and then hit her **** with his hand and hit her ass: “You still dare to be fierce to me, you guys I just want to run by myself, and I don’t know how to give me a hand. It is true that the husband and wife are birds of the same forest.

“Papa...”

Ye Yu pumped down Yan Shengting’s butt, and Ye Yu enjoyed the warm and soft feeling.

Yan Shengting’s face was smeared with drunken crimson, and her teeth creaked. Yan Haitian just called you uncle, why are you doing so many scenes? Take the opportunity to take advantage, right?

“Ye Yu! Put...”

Before Yan Shengting finished speaking, Ye Yu slapped a few times again: “Ye Ye Ye, did your husband forget to call? I tell you, if you admit your mistakes today, I will fight until you admit your mistakes!”

Seeing that Ye Yu’s slap was about to fall again, Yan Shengting who couldn’t stop Ye Yu at all was scared and hurriedly said: “Husband, I was wrong!”

After Yan Shengting said these words, she only felt that her face would burn. She couldn’t believe that such words came out of her mouth.

“For your obedient sake, I will let you go today!” Ye Yu snorted before letting go of Yan Shengting.

Everyone in the Yan family gritted their teeth with hatred, but the enemy is currently only a ninja.

“I’m sorry everyone, my wife is not obedient, I can only teach her.” Ye Yu arched his hands at Li Feng and said with a high spirit, “Man, you have to have absolute authority at home, right?”

Li Feng stared at Ye Yu with an extremely gloomy expression. The woman his elder brother liked was married to this person?

“Your Excellency is really a big man!” Li Feng said.

“That’s not it, it’s not me. I said no two at home, man, if you don’t have this ability, you should be a man.” Ye Yu said proudly.

Li Feng ignored Ye Yu, but looked at Gu Hongan.

Gu Hongan nodded and said, “This kid hurt me that day and insulted the Skyfire Sect!”

“Very good!” Li Feng stared at Ye Yu, “You really are Yan Shengting’s husband!”

“Don’t ask such nonsense, it will make people doubt your IQ!” Ye Yu sighed and greeted Xueyan who was still outside the door to come in.

At this time everyone saw Xueyan, even though Ye Yu was worried that Xueyan’s beauty would cause trouble and asked her to cover her face and put on loose, non-conspicuous clothes, her temperament still attracted everyone’s attention.

“You are Yan Shengting’s husband, then who is this woman?” Li Feng stared at Ye Yu.

“Isn’t it normal for a man to have three wives and four concubines?” Ye Yu looked at Li Feng suspiciously, holding a woman’s waist with one hand, “Does this also need to be asked?”

Xueyan heard Ye Yu's words without shame, her eyes matched with a smile, but her hand pinched Ye Yu's waist fiercely without leaving a trace, Ye Yu sucked in a cold breath when she was in pain, but her face But I have to work hard to maintain a smug smile.

Yan Shengting glanced at Xue Yan, wondering what the relationship between this extraordinary woman and Ye Yu was.

"Your Excellency is really romantic!" Li Feng sneered, "I just don't know if I have life to enjoy it!"

"You don't have to worry about it!" Ye Yu replied to Li Feng, "You only need to be jealous, envy, hate!"

Li Feng did not answer Ye Yu, but turned his gaze to Gu Hongan.

Gu Hongan understood it attentively, and took a step forward and stared at Ye Yu and said, "The thing that you hurt me and insulted my Skyfire Sect that day, let's forget it!"

"How do you want to count?" Ye Yu asked.

"You smashed me once, and I smashed you once, what about this matter?" Gu Hongan said.

Ye Yu looked at Li Feng: "Do you also mean that?"

"Your business with him has nothing to do with me!" Li Feng looked at Ye Yu with a smile, "Of course, if you are smashed to death, I will still pay my own pocket to help you bury a treasure of Feng Shui!"

Ye Yu touched his arms, and then said embarrassingly: "I'm sorry, I'm very poor, so if I smash him to death, I can only bury him casually with a roll of mat!"

"Looking for death!" Gu Hongan roared, he could tolerate Ye Yu's words, the power in his body rioted, and finally a giant python appeared on him.

"Survival Realm Xiaocheng!" Yan Haitian's expressions changed. They never thought that Gu Hongan would enter the Yunling Realm Xiaocheng before him. You must know that Gu Hongan was even worse than him before.

Even though Yan Shengting knew that Ye Yu had reached the Yunling Realm, she didn't think that Ye Yu was Xiaocheng's opponent at the Yunling Realm. She just wanted to pull Ye Yu back.

But I saw Ye Yu threw up excitedly: "It's a good come, just to try how strong I am at this time!"

While speaking, Ye Yu's arm vibrated, and his palm prints, Lie Tao's palm directly met Gu Hongan's giant python fist.

Everyone in the Yan family is in a mixed mood. They don't like Ye Yu, and even want to kill Ye Yu, but at this time they hope Ye Yusheng. However, Ye Yu is definitely not Yun Ling Jing Xiao Cheng's opponent.

"Send you to die!" Gu Hongan hit Ye Yu's head directly with his fist.

At this time, Ye Yu's palm shook suddenly, his palm prints whizzed out, and the flames burst out like a torrent of fire.

At this moment, all around looked at the scene as dead and quiet!

...

Chapter 25 Trying to conquer the phantom

Gu Hongan flew out screaming as if a wire was broken, and slammed on the ground fiercely. The floor cracked like a spider web, and everyone heard the cracking sound of broken bones.

Everyone was shocked by the result. Especially Yan Shengting was the most shocked in her heart. He had grown to this point how long they had been apart.

"Combat skills!" Yan Shengting's ruddy lips let out a thin breath, which is a bit weird. How did he learn combat skills?

Li Feng never thought of such a result. Looking at Gu Hongan who had passed out, he wanted to kick a few more feet: This **** actually told him that Yan Shengting's husband was a waste. He had never practiced, and a single blow could hurt you again. Is it called never practice? He shouldn't believe in Gu Hongan! That's right, how could someone who can make Yan Shengting marry willingly be a waste.

"What are you doing? Don't hurry to find the rotten mat and roll him up and bury him!" Ye Yu flew over to Yan Jun next to him, "I will die of anger with you minions!"

"Go!" Li Feng waved his hand, letting the two people behind him lift Gu Hongan away, and led everyone away gloomily.

Watching Li Feng leave, Yan Shengting and the others sighed in relief, but their eyes fell on Ye Yu and showed awe. This young man is too strong for them to believe.

"Uncle Haitian, hurry up and pack things, let's get out of here as soon as possible!" Yan Shengting suddenly thought of something, and while instructing Yan Haitian, she said to Ye Yu, "The strength of the Tianhuo Sect in Kyushu is very strong, and his power is

everywhere. The Sky Fire Grotto not far from Qingyang City is the power controlled by the Sky Fire Sect!"

"Tianhuo Cave?" Ye Yu asked curiously, "Is he strong?"

"The master of the Skyfire Cave was once a disciple of the Skyfire Sect. He has long possessed the power of the Yunling Realm, and he also has the dragon python spirit elephant. The strength is extremely powerful, especially the set of combat skills learned from the Skyfire Sect. The fighting power is beyond imagination. There is a reputation around Qingyang City, and few people dare to provoke him!" Yan Jun explained beside him, "Li Feng has suffered a loss this time, I am afraid that he will seek his help."

Ye Yu looked at Xueyan and asked, "Is the dragon python spirit very powerful?"

"The dragon python carries a sacred beast bloodline, so those who can accumulate this kind of spirit image will be very powerful. You haven't even reached Xiaocheng at this time. It's harder to encounter such a person!"

Ye Yu's heart shuddered, and she had no doubt about Xueyan's eyesight. She said that if there is more fortune, then it is really more fortunate.

If the Yun Ling realm is higher than his own two realms, and if he still possesses combat skills, he really has no idea how powerful it is.

"Miss! I'm afraid it will be difficult for us to leave!" Yan Haitian suddenly said to Yan Shengting with a wry smile, "I just looked around the inn and found that many people are staring at the inn. They should all be members of the Skyfire Sect. It's hard to escape under your nose."

Yan Haitian blamed herself very much. If it hadn't been for her own lady who suffered repeated severe injuries, how could she be so insulted by the Skyfire Sect if she had been inherited? Gu Ding's cooperation with the inheritance was enough to make her fearless.

Yan Shengting's beautiful eyes turned to Ye Yu: "It's not difficult to break through and leave with your strength. Their goal is me. As long as I'm still here, they won't spend great efforts to chase you down!"

"It's worthy of a couple who have visited the church. You only worry about me in the Yan family!" Ye Yu looked at Yan Shengting's crystal-like jade cheeks, "It's just a pity. Although we visited the church, we never had time for the bridal chamber. Life is still flawed."

Yan Shengting didn't expect that Ye Yu was still talking nonsense here at this time, her radiant eyes were embarrassed and angry: "When can you be more serious!"

"I'm very serious!" Ye Yu replied, "Their goal is that you are right, but you don't naively think that they will let me go, do you? ?"

It took so much effort to find Ye Yu in Qingyang City and escaped? He lost his way before he ran, not to mention how fast he could run with Xueyan?

"It's a pity that my body has been seriously injured, otherwise it would not be..." Yan Shengting was unwilling.

"Since we can't escape, otherwise we will enter the bridal chamber first tonight, or we will die like this, very embarrassed!" Ye Yu said seriously, looking at Yan Shengting.

Listening to Ye Yu's foul language, Yan Jun couldn't help but angrily said: "Respect our young lady!"

Ye Yu didn't even think about it, and he kicked Yan Jun fiercely: "You are an idiot, what are you still standing here for? Why don't you get out and inquire about the news of the boy just now! What's so **** on me? Now, don't you know how to catch the thief and the king? Take advantage of the fact that the Skyfire Sect's back-up is not there, let him be taken as a hostage to protect your life! Don't you really want to wait for death!"

The more Ye Yu talked, the more angry he got, and he kicked harder.

A bunch of idiots!

Ye Yu didn't understand the situation before, otherwise he would definitely not let Li Feng leave here, and take him hostage first, and those people would have to be cautious about dealing with him.

Yan Haitian was reminded by Ye Yu. His eyes lit up and he quickly instructed the children of the Yan family to act, but with some worry, he said, "Our Yan family's strength, I'm afraid we won't be able to catch him!"

"If you ask me for help, be better, and persuade your young lady and my bridal chamber, can I help you?" Ye Yu replied Yan Haitian.

Yan Shengting waved her hand and asked Yan Haitian to inquire about the news. As for Ye Yu's words, she thought she hadn't heard.

...

Asked for a room in the inn, Xue Yan took off her veil, her smile was radiant, and her beautiful eyes were full of coquettishness: "I didn't expect you to be married, why? Don't let the bridal chamber?"

Ye Yu rolled his eyes, and was already intimate with Xueyan, and naturally would not hide his relationship with the Yan family. He told Xueyan about his entanglement with Yan Shengting.

Xueyan laughed out loud after hearing it: “You don’t brag about your infinite charm every day, how come you have fallen to this point, use your charm to conquer her!”

“Oh! The main reason is that I dislike her ugly!” Ye Yu said with a sigh, “After all, I am not someone who can do it, and the worst will grow like you!”

Xueyan’s white neck was blushing, and Ye Yu had a look of amorous feelings: “Don’t blow it, let’s figure out how to get through this difficulty. Mastering the combat skills of the spiritual realm is not a joke, it is definitely not what you can now Conquer. Even if you are hostage, it is not absolutely safe!”

Speaking of this, Xue Yan paused and said: “If you can accumulate the holy beast, you might be able to fight him! It’s just a matter of time. According to them, the people from Tianhuo Cave will be here for a long time, so It is also more difficult for you to contemplate the holy beast in a short time.

“Is there a spiritual image?” Ye Yu thought a little bit, feeling the majestic aura in his body, maybe he should also try to break through to the Xiaocheng realm and have his own spiritual image.

Xueyan looked at Ye Yu sitting there, and was also looking forward to what kind of spiritual image Ye Yu could produce, and whether he could produce a holy beast.

“Oh, it’s a pity that I named myself a body, otherwise this trouble is nothing, I can help him solve it with my own hands. It should be possible to give him enough time to grow the spirit elephant, and to use his talent strength to grow the holy beast. It’s just that. Now... in such a short period of time, it’s not bad that he can accumulate an aura, and he can’t expect to have a glorious aura!”

...

Chapter 26 raindrop

“Yun nurtures a page of paper, which can cover the sky, and carry all things!”

One page, claimed to be the strongest aura.

Although Ye Yu didn’t know why that strange space would allow him to enjoy reincarnation in one day, since there was such an opportunity, if he couldn’t accumulate the strongest aura, it would be a waste of his opportunity.

There are records that the strong man who observes the cycle of reincarnation three times a day, he has strange abilities because of this. Ye Yu thought of himself, that the situation of breaking open the Yan family's ancestor land, the entry of the heavenly book into the body, and the fear of the Nine Profound Yin Lightning should all be brought about by enjoying the cycle of reincarnation.

But these Ye Yu also didn't know what ability they were. Ye Yu guessed whether he was too weak, so this ability was not obvious. If this is the case, what realm does he need to reach to appear?

Ye Yu would like to know what kind of singular ability to enjoy samsara in one day!

Ye Yu was thinking about these things, and good fortune would continue to revolve in his body. He was not in a hurry to accumulate spirit, but was constantly thinking about his experience along the way.

Xueyan has been paying attention to Ye Yu, and seeing that Ye Yu has not been moving, she sighed, "It would be great if he can settle for a while!"

Reiki accumulates spirit elephant!

After Ye Yu's rotation speed reached the peak, he finally began to accumulate spirit.

Ye Yu tried to shape a blade of grass, and the phantom of the blade of grass flashed on Ye Yu's forehead.

Xueyan was shocked when she saw this scene, she couldn't help but stop Ye Yu. If his spirit is a blade of grass, then half of it will be abolished.

But before Xueyan could stop him, the grass disappeared. Then on Ye Yu's forehead, a dagger appeared, and when Xue Yan was distressed again, the dagger disappeared.

Then on Ye Yu's forehead, phantoms kept flashing.

A flower, a stone, a sword, a wolf, a monkey...

Seeing this phantom flashing and disappearing, Xue Yan frowned slightly. What is Ye Yu doing? Doesn't he know that this is extremely exhausting? When the spiritual image is really cultivated at that time, the divine consciousness is afraid that it will not be able to support it.

Ye Yu is trying, he is familiar with the process of spiritual accumulation, familiar with the most basic accumulation.

Slowly, Ye Yuyun bred fierce beasts, sharp swords, etc., but they only disappeared in a flash.

Ye Yu was running wildly for good fortune, faster and faster, and more and more things flashed on his forehead, from the most common grass to the wild beasts and cattle.

Xueyan was overjoyed by the appearance of Kui Niu. Although Kui Niu was a bit worse than the holy beast, it was also an ancient fierce beast, and it was enough to be able to concoct spiritual success, and it was enough to disregard one party.

But Kui Niu only appeared for a moment, and it also dissipated on Ye Yu's forehead.

Xueyan is going crazy, what does this guy want to do? He continued to give up halfway like this, and in the end, the strength of his sacred stone couldn't bear it.

But what Ye Yu has been thinking about is: a spiritual image with unlimited growth possibilities.

He doesn't want to accumulate a page, so...what about accumulating? One page of paper can carry all things and all things, and what he can produce can do the same.

Ye Yu kept thinking, thinking of his experience these days, he was thoughtful.

As soon as Ye Yu's thoughts turned, his aura suddenly gathered, and then a drop of rain gathered in the center of Shenhai.

That's right, a drop of crystal clear rain!

Water can be used as a mirror, reflecting the heavens and everything. Water can turn gas and ice.

This drop of rain formed in an instant, and then crazily absorbed the heaven and earth aura in Ye Yu's body, and continued to nurture it.

Xue Yan felt the spiritual energy of the surrounding world pouring into Ye Yu's body, and he saw a crystal spot on Ye Yu's forehead. He didn't know what Ye Yu was cultivating this time.

"Paper can paint all things and all things, and the rain can also reflect all things and all things!"

Ye Yu muttered to himself, between his words, the crystal clear rain water suddenly reflected a fiery red sparrow.

"The Vermillion Bird Sacred Beast!" Xue Yan saw Ye Yu's forehead, a Vermillion Bird Sacred Beast suddenly appeared, she was extremely surprised, Ye Yu could really concoct the Sacred Beast.

However, the Suzaku holy beast only appeared for a moment, and then disappeared in an instant. In the next moment, what she saw was a Xuanwu, and then...gluttonous, white tiger, unicorn...

Seeing a kind of sacred beast appeared and disappeared, Xue Yan felt that he was going crazy, what is this guy doing? Can't you choose one and shape it wholeheartedly?

Especially when he saw Kunpeng, Phoenix, Shenlong... just passing by in a flash, Xueyan frowned, and when he continued to shape his spirit, his heart couldn't bear it at all.

At this moment, Ye Yu didn't know what Xueyan was thinking. The raindrops in the Shenhai constantly reflected all things.

The raindrops gradually took shape, and all the phantoms of all souls reflected in the rain disappeared in the rain. At the moment when the dragon dissipated, the aura of heaven and earth in Ye Yu's body was madly submerged in the raindrops. This absorption was like pumping water, and it was going to take Ye Yu out in an instant.

Xueyan discovered that the spiritual energy of the surrounding world had crazily submerged into Ye Yu's body, forming a faint storm.

"Huh?" Xueyan was puzzled. It was obvious that those sacred beasts had disappeared. How could it be possible to lead such a terrifying spiritual riot in heaven and earth? Could he be Yun Ling now?

Xue Yan looked at Ye Yu's forehead. At this moment, his forehead hadn't shown anything, which made Xue Yan full of doubts.

But watching Ye Yu devour so much spiritual energy from heaven and earth, I also know that Ye Yuyun's spirit is extraordinary, at least not inferior to Kui Niu.

But Xueyan didn't breathe a sigh of relief, because Yunling's failure would defeat himself.

The raindrops formed and swallowed the spirit of heaven and earth crazily, and Ye Yu felt a sense of warmth and clarity. But now he has no time to enjoy these, he completely instills it with his own spirit.

At the same time, the raindrops are constantly reflecting, and there are scenes in the raindrops, there are holy beasts soaring, vegetation growing, mountains, rivers, grassland, sun, moon and galaxy...

And the scenes were reflected, Ye Yu's spirits were as if being pumped by a pump.

Xueyan looked at Ye Yu outside. She couldn't see the raindrops, she could only see Ye Yu's body suddenly withering at a visible speed. The arms that were full of flesh and blood actually dried up, as if the vitality was swallowed. .

"Shaping spirits with spirit!" Xue Yan said in horror, couldn't believe it.

A person accumulates spirit with all his own essence and energy, which is equivalent to adding a body of essence and spirit on the basis of aura, and because the essence and spirit originate from itself, the spirit that is molded will fit oneself incomparably.

So even if a grass is shaped, it will be unimaginably powerful. Even if it can't be compared with the holy beast, it can be compared with the wild beast.

However, although this method is extraordinary, few people dare to use it, because if one is not careful, his energy will be drained. Maybe the spiritual image has not been successful, but your person is dead. You use this method. People die in nine out of ten.

Xueyan was startled by Ye Yu's actions. But she didn't know that Ye Yu made such a decision because she said: The supreme powerhouse is a page shaped by the power of reincarnation.

Ye Yu didn't know what it was to enjoy the power of reincarnation, but he guessed that his spirit must contain this power, so he used this method.

But he didn't know much about cultivation, and he didn't know that this method was likely to strip his spirits directly from his body, and at that time he became a living dead.

In fact, there are countless geniuses of heaven and earth in this world, and it's not that there is no one who accumulates spirit with spirit and spirit. But they all have reservations, such as letting the strong first help them suppress a part of their spirits, so that they don't have to worry about being completely exhausted and becoming the living dead. However, people like Ye Yu who are so stunned and directly accumulating spirits are almost extinct.

Xue Yan watched Ye Yu's body dry and thin, and watched Ye Yu's spirit and energy were constantly being stripped away. But Ye Yu had already begun to accumulate spirit, she couldn't do anything except watch.

"What kind of spirit do you accumulate? With your vigorous heaven and earth aura, you also need to accumulate spirit with essence and spirit!"

Chapter 27 Two women fighting

Ye Yu's body was withering at a visible speed, and his spirits and spirits were constantly being pulled away. In Ye Yu's divine sea, crystal clear raindrops are constantly reflecting, reflecting the majestic mountains and bright stars.

The raindrops carry everything, and constantly reflect all things, although it is only a phantom, but it is crazy to extract Ye Yu's spirit.

With the continuous extraction of Ye Yu's spirit, the raindrops finally took shape.

Ye Yu looked at the raindrops floating in the Shenhai, his eyes couldn't help but fall on the scroll of heaven. The good fortune in the heavenly book determined that he could cultivate, but he couldn't even remember the texture of those ancient characters.

Thinking of this, Ye Yu couldn't help but think about whether he could reflect the texture of these ancient characters in the raindrops. The book of heaven is extraordinary, and it is even more extraordinary that these ancient characters can cut off his memory.

Ye Yu did it as soon as he thought of it, and the raindrops vibrated, parallel to the heavenly book. Ye Yu couldn't remember those ancient characters, so he could only mirror them against the ancient characters.

He stared at the first ancient character, and drew it on the raindrops.

Ye Yuying's first stroke of an ancient character just appeared on the raindrops.

"boom..."

Ye Yu felt that his entire head was exploding, and his entire body would be torn apart because of this. An extremely heavy feeling was directly suppressed, and Ye Yu's raindrops almost broke directly. He felt that the whole person was bearing the weight of the world, and he was about to be directly crushed to death.

Ye Yu hurriedly stopped reflecting on the ancient characters, and frantically instilled aura into the raindrops. He was so shocked that he couldn't believe it!

A sum! It's just a stroke! Just let yourself feel that the world is heavy, and even the raindrops that can carry the mountains and rivers are almost broken. What kind of power do these ancient characters contain?

Ye Yu couldn't believe it, it was beyond imagination. Could it be that heaven and earth did not allow this ancient character to appear in the world, or why the memory of him was cut off, and it would not be reflected.

The ancient characters on the heavenly book were flickering, and Ye Yu tried hard to remember, but as long as he looked away, his memory was cut off instantly, and he could no longer remember the outline of the ancient characters.

"What are the origins of these ancient characters? Just one stroke almost completely ruined me!"

Ye Yu took a deep breath and could only move his mind away from the ancient characters. He made up his mind that no matter what these ancient characters were, he would find a way to seal them and reflect them to see what secrets contained in the ancient characters.

Unable to reflect the ancient characters, Ye Yu's mind returned to Yunling again. Ye Yu was nourishing the raindrops, and the completely formed raindrops began to feed back to Ye Yu's body at this time, and a wave of power flowed out of it, spreading to Ye Yu's whole body.

Xueyan was shocked when she saw Ye Yu's body suddenly shook and her face was pale. She thought Ye Yu had failed.

But soon she found that Ye Yu's dry body was gradually recovering, and she showed joy again.

"It really succeeded!" Xue Yan felt a little unbelievable, he actually appeared so quickly, this talent really surprised her. Moreover, it is the spiritual image that Xueyan has accumulated from the spirit, energy and spirit, Xueyan expects what kind of spiritual image he has accumulated.

While waiting for Xueyan, he heard a knock on the door.

Xue Yan was puzzled, glanced at Ye Yu who was recovering herself steadily, and she walked over to open the door. There was a beautiful woman with curvy lines in front of the door, standing straight there with long legs.

"It's you!" Xueyan was surprised, but it was Yan Shengting who knocked on the door.

At this time, Xue Yan did not cover her face with a face towel. Yan Shengting looked at this stunning and breathtakingly beautiful woman, but she also lost her senses for a moment. She did not expect Xue Yan to be so beautiful.

Seeing Yan Shengting was in a daze, Xue Yan asked again: "Is there something wrong?"

"Ah!" Yan Shengting realized, "Is Ye Yu there?"

"He is practicing!" Xue Yan replied, "I can't bother you for the time being!"

Yan Shengting frowned slightly: "Can't I go in either?"

Xueyan smiled but smiled: "If you are Ye Yu's wife, of course I am not qualified to stop you. But... do you want to be in this capacity?"

"I..." Yan Shengting opened her red lips and cut the words off again, "Sorry! Excuse me!"

"Excuse me! But what I remind you is that the great etiquette of sacrificing heaven and ancestors has been done, whether you admit it or not, in terms of procedures, you are already married." Xueyan said, "some things have been done You have to bear the consequences. Ye Yu is always not a chamber pot. Use it when you want to use it, and throw it away when you don't use it."

Yan Shengting stopped and looked at Xueyan and said, "Is this what you meant or Ye Yu?"

"What's the difference between me and him?" Xue Yan replied.

"Then who are you his?" Yan Shengting said.

Xueyan smiled, bright and beautiful, she blinked suddenly and said: "If I said I was his new love, would you feel a little sad?"

Yan Shengting's beautiful eyes fell on Xue Yan: "As for the wedding, our Yan family is indeed at fault."

"If you make a mistake, you have to bear the responsibility!" Xueyan said while looking at Yan Shengting, "The colored celestial body is one of the top physiques in the world, but it doesn't mean that you can do whatever you want!"

Yan Shengting didn't expect Xue Yan to see through her physique at a glance, and she was slightly surprised.

"I never thought of hurting Ye Yu!" Yan Shengting said, "I'm sorry for what the Yan family did!"

Xue Yan shook his head and said, "But there is one thing that you are like the rest of the Yan family, that is, I feel that Ye Yu is not worthy of you!"

"This has nothing to do with whether you are worthy or not!" Yan Shengting explained diligently, "If it were you, you wouldn't just have a big wedding ceremony, just marry him."

Xueyan said seriously at this time: "If I am willing to marry someone, then I will marry him willingly!"

"..." Yan Shengting thought that her situation was different from yours.

"The glazed celestial bodies are nothing remarkable. People can reach the peak not only by their physical fitness. For example, Ye Yu, how do you know that he can't be

stronger than you in the future? Maybe he will keep pressing you in the future.” Xue Yan looked at Yan Shengting and said.

Yan Shengting was also a little annoyed: “Then I will wait for him to press me down!”

After Yan Shengting said these words, she regretted it. She didn’t even understand why she was annoyed. Could it be that Annoyed Xueyan has always regarded herself as Ye Yu’s spokesperson, so she couldn’t help but top Xueyan?

Ye Yu was practicing, and he didn’t know that the two women were fighting because of him. At this moment, his body had returned to normal, and the spiritual energy of heaven and earth madly entered his body, and the raindrops of Ye Yu’s driving force appeared in front of him.

He feels that he has transformed, and his strength is advancing by leaps and bounds, which is not the same as before. He feels the strength in his body surging like a rushing wave.

Yun Lingjing Xiaocheng, success!

Raindrops, hanging in the sea of God, like a mirror!

Outside the door, Yan Shengting and Xue Yan looked at each other calmly for a moment, and Yan Shengting finally left.

...

Chapter 28 Zhenzhen

Xueyan went back to the room and saw Ye Yu wake up.

“What kind of spiritual phenomenon do you have?” Xue Yan asked Ye Yu.

With Ye Yu’s driving force, a virtual image of raindrops appeared in front of Xueyan. Ye Yu asked Xueyan triumphantly: “How is it, isn’t it awesome!”

Xueyan’s head went black, and he staggered and almost fell to the ground.

raindrop? This is not as good as a blade of grass!

“Why? This is a spiritual image that has been tempered with a lot of attention, do you look down on it so much?” Ye Yu said dissatisfied.

Xue Yan took a few deep breaths and tried to comfort herself: “Fortunately, he is a spiritual elephant with the essence of energy, even the most common spiritual elephant is not inferior to the wild beast!”

"If you can accumulate the spirit elephant with the spirit and energy, if it can accumulate the spirit elephant on the tiger, it will not be much worse than the holy beast, but it is raindrops!" Xue Yan hated iron and steel.

"I think it's good!" Ye Yu looked at Xueyan, "When you understand later, you will know how extraordinary it is!"

Naturally, Ye Yu would not explain too much to Xueyan, and the secret of enjoying reincarnation in one day cannot be revealed.

Xueyan also didn't bother to talk to Ye Yu, she was a little grateful that Ye Yu was shaped with spirit, otherwise the raindrops would be able to destroy him.

Although the spirit elephants that are comparable to wild beasts are not as good as Tianjiao, they are also outstanding.

"Yan Shengting asked you just now. I also said that you can keep pressing her in the future. Now it seems a bit difficult!" Xue Yan sighed.

"Hold on her all the time? I can do it! I'm old enough to press it for as long as she can stand it!" Ye Yu's eyes were bright, looking at Xueyan and said, "You can do this for me. Fight for it! Conquer you!"

Xue Yan's hand hit Ye Yu's head directly, and Ye Yu glanced across her beautiful eyes: "When can you clean your head? What filthy stuff is in it! I just dropped her on your behalf. It's a battle book, saying that your strength will keep pressing her in the future."

Ye Yu was also dumbfounded when he heard Xueyan's words.

Xueyan giggled at this time, and patted Ye Yu's shoulder vigorously: "Come on, boy, fight for your dignity, I am optimistic about you!"

Xueyan's gloating expression made Ye Yu spit out the word 'Damn' after a long time!

Yan Shengting had forgotten to tell Xueyan about the inheritance, right? There is no pressure to press her on her body, but to press her in strength, this...

...

Another day came, and Ye Yu was very dissatisfied with the efficiency of Yan Haitian and others. At this time, he hadn't figured out where Li Feng was.

When Ye Yu took Xueyan to dinner, Yan Shengting rushed over, her beautiful face was a little panic: "Uncle Haitian and Yan Jun were caught by Li Feng!"

“Success is not enough to fail!” Ye Yu cursed, gritted his teeth bitterly, Li Feng was alarmed, and it would be troublesome to take him down. Many people in Tianhuo Sect followed him.

“The two of them attacked Li Feng. They originally wanted to take Li Feng, but they never thought that Li Feng was strong. He actually reached the Yun Ling realm Xiaocheng, and the two of them were quickly restrained!” Yan Shengting said.

Just as Ye Yu wanted to say something, a group of people filed into the inn, Li Feng took the lead, tied Yan Haitian and Yan Jun behind him, and threw them into the center of the inn.

“I want to attack Ben Shao with this strength!” Li Feng disdainfully kicked the two of them, then turned to look at Ye Yu and Yan Shengting, “You said, what should I do with them?”

Ye Yu chewed slowly and drank a bowl of porridge. He watched Li Feng and said seriously: “Kill it! It would be a shame for such an idiot to remain in the world!”

Li Feng was taken aback for a moment, no one thought that Ye Yu would suddenly say such a sentence.

“Ye Yu!” Yan Shengting said dissatisfied.

“Is there any problem?” Ye Yu looked at Yan Shengting and wondered, “You never want me to save them?”

“I...” Yan Shengting bit her teeth. She knew that the relationship between Ye Yu and the Yan family was extremely poor.

“Ye Shao really doesn’t care about their life or death!” Li Feng asked Ye Yu.

“Do you think I am joking?” Ye Yu asked Li Feng, “You don’t naively think that using the lives of these two idiots can threaten me!”

Li Feng frowned, thinking that Ye Yu was so cold-blooded there.

“Hehe, I underestimated you!” Li Feng looked at Ye Yu and said, “Since there is no threat, it is really useless to keep it. Killing is a good choice!”

“Please!” Ye Yuyang raised his hand.

“Humph!” Li Feng snorted coldly, before slashing with a long knife.

“Stop it!” Yan Shengting shouted.

A smile appeared on Li Feng's face: "I thought you all didn't care!"

"Let them go!" Yan Shengting said while biting her teeth.

"It's very easy to let them go, you and Ye Yu will be caught, just follow me to the fire sect!" Li Feng looked at Yan Shengting with a smile.

"Did you not wake up!" Ye Yu put down his chopsticks, stood up and said to Li Feng, "These two wastes still want to exchange for the two of us. Does the business do this? If you want to kill, please kill it quickly. Haw, is it a man!"

Yan Shengting's face turned blue when she listened to Ye Yu's words. This guy is really going to kill Yan Jun and fail.

"What are you doing in a daze? Just kill it!" Ye Yu said.

Yan Jun listened to Ye Yu's urging, and he roared: "Ye Yu! I'm dead and I will never let you go!"

"I'm not afraid of you if you are alive. I'm also afraid that you will become a ghost?" Ye Yu said disdainfully, "It just so happens that you are dead, and you and your young lady are so happy that we can live and fly together, and the days are happy!"

"You..." Yan Jun's eyes were cracked.

"Quickly kill, kill and talk about our affairs!" Ye Yu said to Li Feng.

"What can we talk about!" Li Feng asked.

"Your Sky Fire Sect is still very powerful!" Ye Yu said, "So I can only catch you to save my life!"

"Hahaha! Just rely on you?" Li Feng laughed, his strength agitation, with a terrifying power, "Ben Shao doesn't like to do it himself, so these two wastes think they can win Ben Shao."

Ye Yu was overjoyed when he saw Li Feng took the initiative to take the initiative. What he worried was that the people from the Skyfire Sect swarmed up, and he alone could not protect Xueyan and Yan Shengting. And now that Li Feng actually took the shot himself, he could completely take him hostage quickly.

It's just... his aura made the Yan family's complexion drastically changed, because they saw a huge true virtual image appear in front of Li Feng.

“True spirit elephant, wild beast!” Yan Haitian was horrified, and he finally understood why they lost so quickly. Li Feng is so powerful, Yun’s spirit is actually Zhenzhen, this is a wild beast, he is actually even more extraordinary than his elder brother’s talent.

Everyone was deceived by him, thinking he was just a dude.

“Ben Shao is lazy and doesn’t want to take the shot himself. That’s why I waited for the people from the Skyfire Sect to come, but didn’t expect that you could misunderstand me and take me as a hostage easily.” Li Feng laughed, “Never mind! Ben Shao shot once. You killed it. Although it is unlucky for her to be a widow, who told my elder brother to like it!”

Li Feng walked towards Ye Yu, and every step he took, his momentum was a bit stronger, and the real and virtual roar was shocking. Xueyan had a solemn expression at this time, and he never expected to see a genius with wild and beasts in this land.

“Biyun’s spiritual elephant, then Bibi, right?”

Yan Shengting was taken aback by Ye Yu’s words. Could it be that Ye Yu also succeeded in Yun Ling? And it’s beyond true or not?

But when Ye Yu’s violent energy showed his spirit, Yan Shengting and the others staggered and almost fell to the ground.

“This is the image you want to compare with Zhenya?”

A drop of rain hung in front of Ye Yu.

...

Chapter 29 hostage

“Hahaha!” Li Feng looked at Ye Yu’s raindrops and laughed, “You just want to fight me with this, recklessly!”

Li Feng felt that Ye Yu was insulting him, what is the raindrop phantom? He can suppress it just by flipping his hands!

The people who followed Li Feng laughed loudly at this time, and the spirit elephant, who was not as good as a blade of grass, dared to confront their two young masters.

“This will send you on the road!” Li Feng smiled sullenly, the power on his body rioted to the extreme, and he was roaring as if he was screaming. Under Li Feng’s fist, he opened his teeth and claws and threw himself at Ye Yu.

“Be careful!” Yan Shengting reminded Ye Yu in shock.

Ye Yu didn't dodge, the raindrops condensed on his fist to meet the sharp front.

"You cannot live by yourself!" Li Feng roared, his strength skyrocketed again, and the True Spirit Elephant rushed towards Ye Yu directly with the dance of his fist. He wanted this blow to tear Ye Yu apart.

There was no suspense, the two clashed together.

just...

The scene in front of them stunned everyone, and many people shook their heads vigorously, convinced that what he saw was not true.

The clash between Yudi and Zhenzhen is indeed as unsuspecting as everyone thinks. But there is no suspense... the raindrops run directly through Zhenzhen.

The raindrops were like a divine sword coming out of the body, easily piercing Zhen Zhen, Zhen Zhen split and dissipated instantly, Ye Yu's fist also hit Li Feng's body without any suspense.

"Puff..."

Li Feng sprayed blood in his mouth and was hit by Ye Yu with a fist. The ground cracked into cracks. In the spurt of blood in his mouth, Ye Yu stepped on his Adam's apple and ended the battle with one move.

"If it's not like Yun's spiritual elephant, you will have to waste a little effort to clean up." Ye Yu looked at Li Feng and said, "but compared to the spiritual elephant, you really don't have enough to look at it!"

There was deathly silence all around, looking at the phantom of the raindrops flashing in Ye Yu's fist. Even Xueyan finds it hard to believe that Ye Yu's spiritual image is beyond imagination, and even Zhenzhen can easily penetrate it, and it is not much worse than the holy beast's spiritual image.

Even the spirit image of raindrops condensed with energy, it is difficult to achieve this.

"It's impossible!" Li Feng was stepped on by Ye Yu. He struggled to get up, but under Ye Yu's feet, he slammed down and lay down again.

"The world is so big, don't underestimate others, especially a handsome and low-key talent like me!"

No one thought it would be such a result. Li Feng's group of men were at a loss and looked at Ye Yu in a daze.

Yan Shengting was extremely happy, and she hurriedly took two steps to untie the ropes on Yan Jun and Yan Haitian.

Ye Yu didn't get angry when he saw this scene, and slapped Li Feng twice: "You were told to kill them two first, so you can't kill them first and then fight with me. Fight? It's fine now. Being saved not only disgusts you, but also disgusts me!"

"..." When Yan Jun and Yan Haitian heard Ye Yu's words, they were as disgusting as they had eaten a fly. Are you so wishful that we die?

There are thousands of words in Li Feng's heart that the grass and mud horses drifted by, shouldn't you be happy that your person was saved? Is this also an excuse to slap Ben Shao?

But what made Li Feng even more broken was that after Ye Yu slapped him, he slapped him again: "The skin is so thick, it hurts my hands!"

I love your ancestors!

Does my face hurt more?

You slapped me again with this excuse?

"You let me go, or else there is no way for you to escape!" Li Feng stared at Ye Yu sullenly.

"Who are you scaring? I want to go to the sky and kill your Skyfire Sect now!" Ye Yuxin slapped Li Feng again. He felt that his arm was quite comfortable to shake, but his palm was a little painful!

After being pumped several times, even though Li Feng stared, he was finally honest.

"You have to understand that you are my hostage now! The second young master of the Skyfire Sect, life should be very valuable! With you in hand, I think it is safe to go to the Skyfire Sect!" Ye Yu smiled and looked sharply. Feng, "What do you think?"

"Go if you have the guts!" Li Feng said coldly.

"Did you let you speak?" Li Feng slapped again.

Li Feng was finally irritated, you asked me not to let me talk? Li Feng roared, struggling to get up and fight Ye Yu desperately, Ye Yu kicked down hard without even thinking about it, and the sound of broken bones made Li Feng's men pale.

"Let go of our two young masters, or else the Sky Fire Sect will definitely kill you!" The people of the Sky Fire Sect roared.

Ye Yu ignored them, stepping on a dead fish, Li Feng asked Yan Shengting, "There is no enemy like a deadly enemy in the Sky Fire Sect? I am going to sell him the second young master of the Sky Fire Sect!"

This sentence caused Li Feng's face to change drastically, and he looked at Ye Yu in horror. If he fell into the hands of Bi Tao Pavilion, he would really be worse off.

Yan Shengting told Ye Yu about the grievances between Bitao Pavilion and Skyfire Sect. Both are like fire and water, but they are both one of the most powerful forces in Kyushu.

Yan Shengting's statement was very detailed, and Ye Yu also had a general understanding of the two factions. In particular, Ye Yu was happier when he heard that the wife of Pavilion Master Bitao had died in the hands of Skyfire Sect.

"Let's go! Let's go to Bi Tao Pavilion! We will send the Skyfire Sect Master's son to the door, they must be very happy. Skyfire Sect kills his wife, then he will torture the Skyfire Sect's son, how perfect!" Ye Yu admired.

"As long as you let me go, I will promise you everything!" Li Feng said anxiously, "I will ask my eldest brother to give up Yan Shengting, and I will never harass you!"

Ye Yu's backhand is two slaps: "What's the matter, why give up? Are you laughing at my ugly lady? Your eldest brother will not give up until he is dead, so as to show her beauty is good or not, so that this young man will feel superior. Are you going to give up?"

Ye Yu became more angry as he spoke, and slapped Li Feng again.

Li Feng cried!

He really cried!

What does this beast's head look like, do you have to be happy if my Skyfire Sect asks you to trouble you?

I just want to get along with you so hard?

Yan Shengting listened to Ye Yu's words, her pretty face was hot, and she couldn't laugh or cry at Ye Yu's remarks. From the time he knew him, the stuff in his mind was different from normal people.

"Kill me!" Li Feng was drawn to death, and roared again and again, "Kill me, the Sky Fire Sect will surely thwart you!"

"I just appreciate your spine, now I will send you to Bi Tao Pavilion!" Ye Yu dragged Li Feng and let the Yan family's children lead the way.

But before Ye Yu walked out of the gate of the inn, he roared: "You can't go anywhere, stay here!"

In the roar, a burly middle-aged man with dozens of people, filed in. Surrounded Ye Yu's group firmly. The head of the crowd was like a rainbow, and everyone who was oppressing had difficulty breathing. A dragon python phantom hovered around, shaking the ground every step of the way.

"Tianhuo Cave Blood Python." Yan Haitian's expression changed. He didn't expect the foreign aid from the Sky Fire Sect to come so quickly. The blood python's footsteps hit him like a heavy hammer. This person is even stronger than the rumors. many.

Chapter 30 Compete for the strong

The blood python is very strong, making him feel a pressure, but now Li Feng is in hand, Ye Yu is also a little relieved. Hostages are used as threats. Do they still care about the identity of the second young master of the Skyfire Sect?

"Miss Yan, since our Young Master is interested in you, let's go to the Sky Fire Sect!" The blood python said, "Please!"

After speaking, he instructed people to take Yan Shengting away.

"Hey hey hey! Have you put me in your eyes?" Ye Yu slapped and slapped Li Feng again and cursed: "The people of the Sky Fire Sect don't care about you, you are useless!"

The blood python turned his sullen gaze to Ye Yu: "You are just a dead person! You dare to fight against my Skyfire Sect, and Man Arm is a car!"

"Before I die, I will definitely take your second young master to the funeral, but I don't know if you think my life is worth the money or your second young master's life is before!" Ye Yu replied.

"Of course it is the life of our second young master!" said the blood python.

"Although you said that devalued my value and made me very unhappy, but I also endured it. After all, we have to rely on him to negotiate terms with you Skyfire Sect!" Ye Yu sighed while looking at the blood python.

"Are you qualified to talk to my Skyfire Sect?" The blood python sneered, looking at Li Feng in Ye Yu's hand and said, "The second young master who fell in your hand is the hostage. What if it's not in your hand?"

This sentence made Ye Yu frowned, hands clasped Li Feng's throat, but there was a bad premonition in his heart.

Sure enough, among the dozens of people surrounded by the Skyfire Sect, an old man walked out. As soon as the old man walked out, Ye Yu felt the pressure in the entire space skyrocketed, and Ye Yu even felt that he was carrying a boulder on his back.

"Marrow washing realm!" Yan Shengting said in shock. The Marrow Cleansing Realm possesses mighty power, and every move can affect the aura of the heavens and the earth. These powerful people are enough to support a brilliant family.

Yan Shengting didn't expect that not only the blood pythons with far-reaching reputation would come for their fallen family, but they would also dispatch such a powerful person.

"Elder Yanlang! Save me!" Li Feng was extremely excited when he saw this old man.

However, Yan Shengting and the others changed their faces after hearing Li Feng's name. Yanlang's reputation has spread far and wide, and it has become famous decades ago. He is the master of blood pythons and the law enforcement elder of the Skyfire Sect. He has a very high status and is cruel and cruel. He does not know how many people died in his hands.

"Let him go, and keep your whole body!" Yan Lang came out with a sound like thunder, rumbling and shaking, and the corners of the Yan family's mouths that were directly shocked by the shock were bleeding.

Ye Yuxin's hair was numb, and the strength of the marrow washing state was beyond his cognition, and every word and movement contained mighty power.

"Get away! Dare to get closer, I'll kill him now!" Ye Yu yelled at Yan Lang with a strong voice, clasp Li Feng's throat, and blood spilling from his nails. Yan Lang is too powerful, Ye Yu didn't dare to let him get too close.

"Do you think you killed the Second Young Master in front of me?" Yan Lang looked at Ye Yu with a sneer.

"I am not your opponent, but you can still kill him before you save him!" Ye Yu stared at Yan Wolf.

"I don't think you can do it!" Yanlang shook his head.

After saying this, Ye Yu frowned, but his expression changed drastically in the next instant. I didn't even want to buckle down Li Feng's throat suddenly, wanting to smash his throat.

But his throat hadn't been crushed yet, and two powerful and chilling forces from the left and the right directly killed Ye Yu. This power was too terrifying, Ye Yu had to hold Li Feng to block it.

"Two marrow-washing realms!" Yan Haitian's expression changed drastically when he saw the two men who attacked Ye Yu. He finally understood why Yan Lang said that Ye Yu could not kill Li Feng.

In addition, Yanlang is three marrow-washing realms. It is impossible to kill Li Feng under such three men.

The two marrow-washing realms made a move to kill Ye Yu. Ye Yu naturally couldn't stop him. He could only threaten them with Li Feng in front of him. The two obviously did not dare to hurt Li Feng and were forced to retreat. But at this time, Yan Lang shot, and his power swept in, coming straight towards Ye Yu.

Ye Yu evaded two killer moves in a row, and it was too late to stop Yan Wolf with Li Feng, and he was about to grab Li Feng when he saw Yan Wolf!

"I said you can't kill our second young master!" Yan Lang laughed loudly, already grabbing Li Feng, and at the same time patted Ye Yu with one hand.

How terrifying is the power of the marrow washing realm, this palm is to force Ye Yu back and save Li Feng. In fact, Ye Yu did not dare to take the full blow of Yanlang, his figure burst back.

"Things who do not know whether they live or die, also want to take hostages!" Yan Lang grabbed Li Feng, he laughed contemptuously, he would surely be able to save the second young master if he wanted to save the second young master!

"Can't be a hostage, then he will die!" Ye Yu shouted gloomily as he was forced to retreat.

This sentence made Yan Lang sneer. He combined the two powerhouses to make a move. What can one Spirit Realm do? Li Feng was robbed by him and still want to kill?

However, Yanlang's complexion changed drastically right away. While he grabbed Li Feng Ye Yu and forced him to retreat, a dagger contained terrifying power and shot directly at Li Feng.

"Ling Soldier!" Yan Lang's expression changed, he wanted to block it. But at such a close distance, it was too late to stop him by surprise, and he could only watch the dagger penetrate Li Feng's head.

The joy that Li Feng was rescued by Yanlang stiffened on his face, his eyes widened and he lost his voice unwillingly.

The surrounding is deadly quiet, this result is unexpected to everyone. Yanlang's face was ugly to the extreme, none of the three marrow washing realms could save the second young master in the hands of the same spirit realm, and his face was severely slapped. The most important thing is that this is the son of the Sect Master, but now he died because of his rescue. Yan Lang didn't dare to think about how the Sect Master would anger him.

The two Marrow Cleansing Realms that attacked Ye Yu were the Patriarchs of the Qian Wang Family. They came to rescue Li Feng at the invitation of Yanlang. They originally thought that it would be easy for them to deal with a Yun Ling Realm, but they would think of getting involved with such a big one. trouble. The second young master of the Skyfire Sect died because of their inability to rescue them. What would the Skyfire Sect think of them?

But when Wang's Patriarch saw the Dagger Spirit Soldier, his face became more and more ugly: "It's you!"

Wang Lin was directly kicked by Ye Yu to explode the male roots. The Wang family hated Ye Yu, but Ye Yu escaped, and it would be difficult for them to find Ye Yu in the vast land. It's just that they didn't expect this guy to insult the people of the four major families and dare to appear in Qingyang City, and even more boldly hijack the second young master of the Skyfire Sect.

At this time, Wang Lin and Qian Xiangcheng rushed in with the people from the two families. They saw Ye Yushen's eyes were extremely cold and full of hatred.

"I'm going to smash you into ten thousand pieces!" Although the Wang and Qian family also hated Ye Yu, it was Yan Lang who roared first. He gritted his teeth, and the blue veins flashed on his forehead with awe-inspiring murderous intent. Staring at Ye Yu fiercely.

Seeing that Yanlang was about to take action, Ye Yu opened his mouth and shouted at Wang Lin: "Master Wang Lin, you said that you can't see Li Feng's arrogant appearance, so I hijacked Li Feng from the spirit soldier, and now you actually turn your back. Do you want to kill me?"

In a word, everyone in the Wang family looks extremely ugly, and this **** is still planting and framed by this time!

...
