Chapter 31 Try to move him

“Master Wang Lin, you said that Qingyang City belongs to your four major families, and it is not the turn of a young master from the Skyfire Sect to be a master here and give me a spiritual weapon to hijack him and let him suffer a little. Kill me, you are so cruel!” Ye Yu glared at Wang Lin.

“Are you treating everyone as a fool? Who would believe you in such a framing?” Patriarch Wang sneered.

“There is no such spirit soldier! Can I kill Li Feng?” Ye Yu asked the Wang Patriarch, “and if this spirit soldier is the treasure of your Wang family, I must know everyone!”

A word made the Wang family’s expressions change again and again. They are not afraid of Ye Yu’s planting, no fool will believe in Ye Yu. But the Lingbing really belonged to their royal family, and the three of them did not save Li Feng together because of the Lingbing. What would the Sky Fire Sect think when Li Feng died under their king’s spiritual soldier?

“He has a spiritual soldier in his hand, why didn’t he tell me in advance!” Yan Lang turned his head to look at the Wang Patriarch.

Although the Wang family is a large family of Qingyang City, it is absolutely impossible to be the opponent of the Kyushu Overlord Tianhuo Sect. He turned pale when he heard Yanlang’s questioning, and quickly explained: “This kid snatched the spirit from my son Wang Lin. Bing, originally thought he had escaped away, but he didn’t expect that he would dare to come to Qingyang City, and he didn’t expect that it was him who held Master Li Feng.”

“The Patriarch’s words are too hypocritical. Qingyang City is your site. Who doesn’t know if you can cover the sky with just one hand, don’t you know how many people believe it?” Ye Yu said coldly, “You arranged for me to do something. When I was talking about it, I couldn’t do it without you in Qingyang City!”

“You shut up!” Patriarch Wang heard that Ye Yu was still putting eye drops on him, and his angry face turned blue. Some words are too much to say, even if they are false, they can’t help but think about it.

“Father! What kind of nonsense are you talking to him, just shoot this kid out and cramp!” Wang Lin’s face was cruel and distorted. His hatred for Ye Yu was exhausted and the rivers and rivers could not be washed away. Ye Yu made him lose being a man. He just wanted to torture Ye Yu to death.

Patriarch Wang didn't want Ye Yu to say any more. The new hatred and the old hatred were added together, and the strength of the Marrow-Cleaning Realm rioted. A powerful coercion suppressed Ye Yu, and his whole body was covered with power, and he had to attack Ye Yu.

Yan Shengting stood up at this time, looked at Yan Lang and said: "I will go with you, marry your Young Master, you let them go!"

Yan Lang looked at the graceful and beautiful woman in front of him, and said gloomily: "Do you think you have any qualifications to negotiate terms with us? Naturally, you have to serve our Young Master, but they also want to bury the Second Young Master! Especially! It's this kid!"

Yan Shengting looked at Ye Yu, who was targeted by Yanlang with awe-inspiring killing intent. She shook her head and said: "If he can't live, even if I die, I won't agree to go to your Skyfire Sect. Your Young Sect Master will never get me!"

"He killed the Second Young Master, it is impossible to live!" Yan Lang shook his head.

"You and I will make an exchange, you let him go, I will obey you and go to the Skyfire Sect. Otherwise, even if I can't resist you, I can still be the master of my life and death. It will only be mine if you forcefully bring him into the Skyfire Sect. Corpse!" Yan Shengting said calmly.

Ye Yu didn't expect that Yan Shengting would threaten Yanlang so much for him: "Fortunately, what our husband and wife did is not a failure, and there is no disaster."

Hearing that Ye Yu said this at this time, Yan Shengting was angry and funny: "Originally, these things have nothing to do with you, because I was involved. I don't want to let you lose your life because of me, and have nothing to do with other things!"

"Your lives are not in your own hands!" Yan Lang sneered, "Do you think that because Young Sect Master likes you, you can threaten me? When did the Sky Fire Sect be threatened by others?"

While Yan Lang spoke, he stepped towards Ye Yu. Yan Shengting just wanted to do something, Yan Lang just waved his hand, Yan Shengting was directly shocked and flew out, staggering back a few steps, spouting a mouthful of blood.

"I need to borrow your head to explain to the Sect Master." Yan Lang looked at Ye Yu and patted Ye Yu directly with a palm.

Ye Yu drove his power with all his strength, and the palm of Lie Tao was driven to the extreme, and at the same time the water drop phenomenon completely evolved.

Facing the marrow washing realm, Ye Yu didn't have the slightest reservation.

The palm of Lie Tao was driven to the extreme, and Ye Yu's palm burst into waves of flames.

"Rice dared to compete with Haoyue for glory!" Yan Lang said disdainfully. Although the power that bursts at this moment is very powerful for the Yunling Realm, I am afraid that his disciple Blood Python will find it difficult to encounter it, but for the Marrow Cleansing Realm, what is this?

"One palm to send you on the road!" Yan Lang pressed his palm towards Ye Yu.

But at this time, Ye Yuyun's water drop spirit surging directly, Good Fortune decided to move along with it, and they cooperated with Lie Tao Palm and Yan Wolf to confront each other.

Ye Yu didn't want to avoid it, but the speed of marrow washing was too fast, so he could only take his move.

"bump....."

Everyone believed that Ye Yu would die, because Yanlang was a marrow-washing realm. This time, there was no Li Feng as his shield, and Yun Ling Realm had no backhand power when it encountered Marrow Washing Realm.

Wang Lin's eyes were full of pleasure, and he didn't want Ye Yu to live any longer.

"Puff....."

Ye Yu flew out of his body, spraying blood directly into his mouth, Ye Yu only felt that his entire internal organs were tossing, and his arm was about to break.

With this blow, Ye Yu felt that his whole body was in a state of collapse. He staggered back dozens of steps before he could stabilize his body, and at the same time, another blood spurted out.

The ferocious smile on Wang Lin's face instantly froze on his face. He couldn't believe the result. A Spirit Realm actually blocked the marrow-washing realm's ultimate move?

Yan Lang couldn't accept it either. He couldn't kill Ye Yu, and he couldn't kill an Yun Lingjing Xiaocheng? How could he block his own power.

Ye Yu stepped back dozens of steps, and fell right next to Xueyan, and Ye Yu happened to see Xueyan making his handprints. Looking at this inverted, \*\*\*\* and sultry beauty, Ye Yu whispered in her ear: "When I usually do something to you, the golden mark on your forehead will flash. Although you are self-proclaimed, I believe You have the power to protect yourself, think of a way to go quickly!"

"What about you?" Xue Yan's beautiful eyes were full of fascination, and her beautiful face was as white as jade.

"What choice do I have, I can only let them deal with if I can't beat them!" Ye Yu smiled bitterly.

When Ye Yu and Xue Yan spoke in low voices, Yan Lang walked towards Ye Yu again. He only felt extremely humiliated, his heart was extremely angry, and he looked at Ye Yu grimly: "This time, I will break your head!"

Yan Lang didn't want to have any more accidents, he unexpectedly burst into full strength, a strong sense of oppression rushed away, and the faces of the Yan family's children were ashamed.

"Hahaha! Die!" Wang Lin grinned haha.

At this moment, a clear and beautiful voice rang: "Try to move him!"

The sound was not loud, but it made everyone look in the direction of the sound in astonishment, looking at the woman with the stunning face, everyone was slightly stunned: the courage from her to say this?

## Chapter 32 Black thunder burst

It was Xueyan who spoke this sentence naturally. She was still knotting her hands at this moment, and she walked slowly to Ye Yu, her beautiful eyes staring at the Yan Wolf who was walking towards Ye Yu.

Yan Lang was slightly startled, the woman in front of her was so beautiful, a long skirt set off her like the ups and downs of the mountains, her waist was slender, her chest was full, and her front convexity was curved to create a perfect arc. It was beautiful to the heartstrings. Woman.

Yan Lang was very happy again when he was shocked by Xue Yan's beauty. If Yan Shengting and Xueyan were given to that lustful Young Sect Master, perhaps the fault of protecting Li Feng's ineffectiveness could be wiped out.

It's just that his joy didn't last long. I saw this beautiful woman point her finger on her forehead, and a breath of heaven and earth appeared in vain, and the coercion directly suppressed the whole world with a arrogant gesture.

Yan Lang's complexion changed drastically, and he looked at the woman with terrifying fluctuations in front of him in disbelief. She stood there like a goddess.

Ye Yu's expression changed while standing next to Xueyan. He naturally knew that Xueyan was very strong, but what she claimed was to protect herself. At this moment, can she withstand the Jiuyin Profound Thunder when she unblocks her?

The people of Qian Wang's family also showed horror. Such a terrifying majesty made them want to escape quickly, but they had difficulty even moving their bodies under this pressure.

Yan Shengting stood there, her body's curves were perfect and moving, and her glamorous crystal face showed shock. She had never thought that the extremely beautiful woman beside Ye Yu was so powerful.

The coercion became more and more terrifying, everyone trembled in panic, and the feet of the Patriarchs of the Yanlang Qianwang family were shaking.

"Who wants to move him?" Xue Yan pointed to Ye Yu and asked Yan Lang several people.

"My lord..." Yan Lang's mouth was dry, and he yelled with a vibrato.

But obviously, Xueyan ignored him. Instead, he said to Ye Yu next to him: "I can use mystery skills to pass you a combat skill. I am optimistic about it. It depends on how much you can learn."

While Xue Yan was speaking, the slender jade fingers in her hand interlaced and changed, drew arcs.

Ye Yu naturally knew that Xueyan was extraordinary, and he was very happy to hear that she was going to pass on her own combat skills. Running Good Fortune Jue, staring at Xueyan fiercely.

Xueyan's fingers are intertwined and changing, and runes are outlined. Ye Yu found that he was crazy to drive good fortune to make a decision. Xue Yan's extremely fast-changing movements can be seen very clearly, and the runes are also clearly visible.

The memory of Ye Yu's hard work, but after only a moment, he felt dizzy and his entire head burst.

He clenched his teeth and insisted, regardless of his memories. Lie Tao Palm never gave him such an extremely uncomfortable feeling, which can only show that Xueyan's combat skills far surpass Lie Tao Palm.

After Xueyan interlaced his fingers, his fingers were surging with golden light, and then Ye Yu saw that Xueyan's fingers were condensed into sharp edges.

"Wu Shuang Zhi!" Xue Yan said, pointing at Yan Lang.

When Yan Lang heard Xue Yan's words, he suddenly remembered a book in his head. Looking at Xue Yan's beautiful face, he couldn't believe it and said in amazement, "You are that fairy girl..."

It was just that Yanlang hadn't finished speaking, the sword pointed out by Xue Yan penetrated his head. Yan Lang fell to the ground in horror, his eyes were huge, and there was only disbelief in his mind.

"How could a person like her appear in Kyushu!" Yan Lang would never figure out how much she was, how could she appear here to attack herself.

The two Patriarchs of King Qian were horrified, although they didn't know what Xue Yan was. But the last scream of Yan Lang made them understand that this is definitely a big man. The most important thing is that the marrow-washing realm powerhouse could not move in front of her, and was killed at the touch of a hand.

They were pale and trembling all over.

Xue Yan naturally ignored their panic, she said to Ye Yu: "Look carefully, see yourself as much as you can learn!"

As Xue Yan spoke, her fingers changed, condensing the Dao Yun rune, and her fingers flashed with the edge of the sword. The sword's sharp edge was revealed, and it was even more terrifying than the king's dagger spirit soldier, and it shot out directly, going as fast as a sharp arrow.

Jianfeng pointed directly at the two Patriarchs of Wang Qian, Wushuang pointed out and turned into a sharp sword and shot away. Patriarch Qian wanted to avoid it, but the sword's blade swiftly penetrated his head and the blood blossomed.

The Wushuang fingers in Xueyan's hand were changing, and Ye Yu stared at her slender fingers as green onions. As he watched her move, the fingertips shot beams of light, like ten thousand swords.

The people of the Tianhuo Sect, the Wang Family, and the Qian Family watched the three marrow-washing realm powerhouses die instantly. They were already scared, and they were about to flee away, their bodies trembling.

It's just that even the marrow washing realm can't escape, how can they avoid it. The people headed by Blood Python, Wang Lin, and Qian Xiangcheng were directly penetrated by Wushuang's fingers, and none of them survived!

In a moment, blood was flowing throughout the inn, and a corpse was captured.

This scene shocked the Yan family's children, their backs were cold, and they looked at the \*\*\*\* and charming Xueyan blankly, only feeling dry and dry.

This woman... is too powerful!

After Xueyan finished this, he looked at Ye Yu, his fingers changed again and again, and he used Wushuang fingers again.

After performing this time, Xue Yan's fingers were shaking and could no longer continue. At this time, Xue Yan's face was as pale as paper, and black thunder and lightning appeared on the back of her jade-white hand.

Ye Yu quickly stepped forward and grabbed Xue Yan's palm, the flashing black thunder touched Ye Yu and dissipated instantly.

It's just that... after dissipating this one, black thunders constantly flashed elsewhere on Xue Yan's body.

"Ye Yu! Hold me back to the room!" Xue Yan said weakly to Ye Yu.

Ye Yu knew that Xueyan's unblocking would definitely pay a price for himself, but he didn't expect that it would cause a black thunder to erupt directly. Seeing Xueyan biting her teeth, he knew that Xueyan was suffering tremendously.

Ye Yu didn't have time to think about it. He rushed towards the guest room with Xueyan in his arms, hoping that he could help Xueyan eliminate these black thunders.

The Yan family's children watched Ye Yu suddenly picked up Xueyan and rushed into the room. They peeped at each other, they didn't dare to face Xueyan, so they didn't see the strangeness of Xueyan. Only Yan Shengting was standing next to Xueyan, and she found that Xueyan was in a very bad state.

Yan Shengting thought for a while, followed Ye Yu and entered the room together.

With the death of the three parties, the inn fell into deathly silence. Yan Haitian and the others looked at the corpses all over the ground. These people were good practitioners, but they were killed by Xueyan in a flash. They only felt chills all over their bodies.

...

Yan Shengting rushed into the room, but saw a scene that made her irritated. She saw that Ye Yu actually grabbed Xueyan's clothes and tore them fiercely.

"Hi..."

Seeing that Xue Yan's clothes were directly torn, Ye Yu quickly put his whole body on Xue Yan's body, Yan Shengting angrily shouted: "Ye Yu, what are you doing? Shameless!"

...

### Chapter 33 Cut your wrists to save people

Yan Shengting was furious, what is Ye Yu doing? Take advantage of others? At this time, I still want to do such a thing to her!

“Beast!”

Ye Yu didn't care about Yan Shengting at all. The clothes on Xueyan's body were torn apart by Ye Yu, and his whole body was completely attached to Xueyan's body, and Ye Yu had no time to enjoy the gentle touch.

At this time, Xueyan was full of black thunders, and the black thunders were like poisonous snakes rioting in her body. Xueyan's face became paler and paler, and his body was constantly shaking, suffering heavy injuries.

Ye Yu's hands wandered quickly on Xueyan's body, touching the black thunder with his hand can make the black thunder disappear, but the black thunder is unimaginable, where Ye Yu is close to Xueyan, the black thunder will dissipate, but Ye Yu also She couldn't wrap all of Xueyan's body, she still had black thunder raging on her body, and her hands could not completely drive out the black thunder from Xueyan's body.

Yan Shengting looked at Ye Yu's hands moving around Xueyan's body, gritting his teeth angrily. This guy is a beast, is he so impatient? Do such a filthy thing in front of her!

Yan Shengting walked forward, even though she was not Ye Yu's opponent at this time, she still wanted to stop Ye Yu.

“Stop it!” Yan Shengting scolded angrily.

Ye Yu didn't pay attention at all, holding Xueyan tightly, Xueyan's icy muscles and bones, her waist was round and slender, and the curve was undulating. Although Ye Yu knew that she couldn't think about it at this time, her devilish temptation still let him The blood veins are open, and the heart is hot.

“How are you?” Ye Yu tried hard to suppress his evil thoughts, and asked Xueyan, who was biting her teeth and was extremely uncomfortable.

“Originally thought that the release of the seal would be able to resist for a while, and then continue to suppress it, but I overestimated myself, because of the strong action and strength, the black thunder in the body is difficult to suppress at this time the full-scale riot!” Xue Yan's words are very weak, she is pure and white. His arms held Ye Yu tightly, although he relied on Ye Yu to eliminate the black thunder, but he couldn't completely suppress it.

Yan Shengting originally wanted to step forward to stop Ye Yu, but at this time she also found an abnormality. The black thunder rioting on Xueyan made her frown. Is Ye Yu driving the thunder for her?

The black thunder rioted in Xueyan's body like a poisonous snake. Ye Yu's hand speed became faster and faster, but no matter how fast he could not cover Xueyan's entire body, the black thunder still violently impacted Xueyan.

"Puff....."

Xueyan finally couldn't help but sprayed out a mouthful of blood after suffering heavy injuries, sprayed directly on Ye Yu's face, and the blood flowed down Ye Yu's face.

The severe pain in the body made Xue Yan keep making fingerprints, and the golden mark on his forehead flickered constantly, and the surge in his body wanted to suppress the black thunder. It's just that every time the accumulated power is broken by the violent black thunder, every time it breaks, Xueyan's mouth is constantly spurting blood.

"Damn it!" Xue Yan made Ye Yu curse in a low voice as if he was repeatedly hit by a heavy hammer. He knew that going on with Xue Yan would cause big problems.

Yan Shengting stood by, watching the two holding each other tightly, her charming appearance made her blush. Just looking at Xueyan's body like a black thunder raging like a poisonous snake, Yan Shengting was puzzled again.

Xueyan was also attacked by black thunder in Ancestral Land, so the black thunder entered the body?

And why did Ye Yu come into contact with the black thunder and the black thunder dissipated? How could Ye Yu have such an ability? That's why he escaped his life under the raging Wan Lei?

"Boom... boom..."

The black thunderstorm became more and more fierce, and Xue Yan's body made a rumbling sound.

Xueyan was constantly injured, his body became weaker and weaker, and blood was constantly pouring out of the corners of his mouth.

"It seems! This time I'm really going to die by the old guy's calculations!" Xue Yan's beautiful face showed helplessness, and the scarlet corners of his mouth were miserable and seductive.

"I won't let you die!" Ye Yu burned his eyes at Xue Yan's beautiful eyes, gritted his teeth, took out the dagger that had just penetrated through the sharp front, and severely cut it at his wrist.

A big cut was cut in his wrist, and blood poured out, scarlet and dazzling.

"Since contact with me can dispel the black thunder, then even if my blood comes to it, the black thunder can be dispelled!"

"Ye Yu!" Yan Shengting looked at this scene in shock. Even Xueyan, who had half-closed her eyes, opened her mouth, but her weak physical condition prevented her from making a sound.

Ye Yu endured the severe pain. He couldn't cover every part of Xueyan alone, but the blood was different.

The blood flowing from the wrist was wiped on Xue Yan's body by Ye Yu as paint.

Blood was wiped everywhere on Xue Yan's body, and the black thunder that had been raging continued to dissipate.

As Ye Yu's blood flowed more and more, his face began to pale, and a state of excessive blood loss began to appear.

Yan Shengting looked at Ye Yu blankly, thinking that he was so decisive, and cut off his wrist to get blood to drive Xueyan away from the black thunder.

As the blood flowed more and more, Ye Yu's spirits and spirits had to be pumped clean. Xue Yan's eyes were half hanging down to feel Ye Yu's actions, and her beautiful eyes looked hard at Ye Yu.

The blood poured out like water and continuously wiped on Xue Yan's body. The amount of blood shed made Yan Shengting finally say anxiously: "Ye Yu! It's almost there, you will die if it flows down!"

Ye Yu would pay attention to her and continue to smear Xue Yan Xianxiu's neck with blood.

Ye Yu's breathing gradually weakened under the blood flow. Yan Shengting stood there in despair, staring blankly at the man who married her.

My own husband in name could not even care about his life in order to save other women.

She has a complicated expression, and she can't tell how she feels, but one thing is certain is that she envy Xueyan that someone can do this for her. Looking at Ye Yu,

whose blood was flowing, Yan Shengting felt more and more that she could not see the boy clearly.

Blood smeared all over Xueyan, and the Nine Profound Yin Lightning that raged on Xueyan finally eliminated most of it.

Yan Shengting also breathed a sigh of relief, thinking that Ye Yu could stop the bleeding at this time.

“Boom... boom...”

Ye Yu didn't do that, he heard the thunder in Xue Yan's body. After wiping Xueyan's blood all over, Ye Yu directly pressed the cut on his wrist to Xueyan's mouth without thinking about it.

Ye Yu couldn't help Xueyan get rid of the black thunder in her body, so let her swallow her own blood. The blood entering Xueyan's body should be able to help get rid of the black thunder.

The blood was poured into Xueyan's mouth. Yan Shengting looked at Ye Yu's pale paper body, and she hurriedly reminded Ye Yu: “You can't bleed any more, you will really die if you flow it again!”

Ye Yu's head was dizzy at this time, and he could no longer hear Yan Shengting's words. The golden mark on Xueyan's forehead flickered, and Ye Yu's vision gradually blurred. After pouring Xueyan's blood again, Ye Yu couldn't hold on anymore and lay directly on Xueyan's soft and beautiful body. Died in the past.

...

## Chapter 34 Hard to see

When he woke up again, Ye Yu was no longer in Qingyang City. He was lying in a carriage with Yan Shengting on the left and Xueyan on the right. One is glamorous and beautiful, and the other is upside-down, all are good landscapes on earth.

“You're awake!” Seeing Ye Yu opened his eyes, the two women were surprised.

Seeing that Xueyan was fine, Ye Yu couldn't help but breathe a sigh of relief. He looked at his surroundings and asked, “Why are you on the carriage?”

“Long Ju from Jiang Zhijie! He sent you a lot of treasures at the same time, so you can recover so quickly!” Xue Yan said.

“Jiang Zhijie?” Ye Yu thought of the two brothers and sisters Jiang Yutong met on the boat.

“The Tianhuo Sect and the Wangqian family have many good hands dead. The Jiangli family of Qingyang City will naturally not give up this good opportunity and seize the opportunity to seize the power of the Qianwang family!” Xueyan said, “The two also provoke. I can’t afford the Sky Fire Sect, so I gave us Long Ju, who travels thousands of miles a day, to let us leave Qingyang City.”

“Jiang Zhijie still has a conscience, it’s not wasting that I help him!” Ye Yu murmured.

“It’s not necessarily kind. He did this to help himself and send us away, so they can shirk the responsibility on us!” Xueyan said, “Tianhuo Sect will also find us when it comes to trouble. If not, they don’t know. How the Marrow Cleansing Realm died and didn’t dare to provoke us, the Jiang and Li family might tie us to the Skyfire Sect.”

“We left Qingyang City, didn’t the Skyfire Sect chase and kill him?” Ye Yu asked.

“Long Ju’s speed is very fast, coupled with the Jiang and Li family’s help to block the news, Tianhuo Sect has not chased it for the time being!” Yan Shengting took the words at this time, “In a while, I will enter the sphere of influence of Bi Tao Pavilion , The threat of Skyfire Sect will be much smaller.”

Ye Yu breathed a sigh of relief and looked at the three-headed dragon horse pulling the carriage. The dragon horse was tall and mighty, with a long forehead, and there was a galloping force during the run.

“How are you feeling physically?” Xue Yan asked.

Ye Yu looked at his wrist at this time, looked at the big wound on his wrist and said leisurely: “Will this leave scars!”

“...” Yan Shengting wanted to knock on Ye Yu’s head to see what was inside. When someone asked how you were doing, you were worried about leaving no scars. You are a big man, why do you care more about this than a woman.

Seeing that Xueyan and Yan Shengting ignored him, Ye Yu said sadly, “It will leave scars? Wouldn’t it be that my perfect and handsome body will leave flaws! God, I don’t want to live anymore! I’m not perfect anymore. !”

Ye Yu’s howl made Xue Yan patted his forehead and replied helplessly: “Don’t worry, this scar is nothing. You can get a suitable elixir and apply it on it to get rid of it!”

“That’s good!” Ye Yuda breathed a sigh of relief, “If this scar can’t go away, I don’t want to live anymore!”

“...” Xueyan and Yan Shengting both thought about strangling Ye Yu at this time. This \*\*\*\* is more hypocritical than a woman!

"Don't you worry about your blood loss?" Yan Shengting couldn't help but said.

"Ah! Too much blood loss? Ah, yes! I lost too much blood, I said why my head is still faint!" Ye Yu said.

"..." Yan Shengting was speechless.

Xueyan couldn't laugh or cry, did this guy only remember that he had lost too much blood?

"These days, you can use more blood-filling medicines to restore some blood energy." Xue Yan said to Ye Yu, "Since you wake up, the recovery will be faster!"

"How are you?" Ye Yu asked Xueyan.

Xue Yan turned her beautiful eyes to Ye Yu and looked at Ye Yu for a long time.

"What are you staring at me for? Oh, I know, you covet my beauty!" Ye Yu looked at Xueyan triumphantly.

Xueyan glared at Ye Yu, but she was very puzzled. She swallowed Ye Yu's blood this time, and she could obviously feel a strange power in the blood, but she couldn't tell what the strangeness was.

But what Xueyan knew was that the black thunder could pose no threat to her. It's a pity that she hasn't fully recovered, otherwise she can go all out to explore what is strange in Ye Yu's blood.

But no matter what is strange, one thing is certain is that Ye Yu's physique is absolutely extraordinary, but it is not obvious now. Xueyan is looking forward to Ye Yu reaching the marrow-washing state, and the dusty Pearl should show the true full picture of Ye Yu after being washed.

Seeing Xueyan's beautiful eyes still falling on her, Ye Yu murmured: "Still staring at me, you should be a little restrained. After all, my married wife is right next to her. Although we are not in harmony, how much are you? Have one or two scruples too!"

Xueyan didn't think anything at first, but when Ye Yu said so, he couldn't help but raise his head to look at Yan Shengting. After Xueyan finished, he regretted it, as if he was really guilty of conscience.

Yan Shengting also couldn't laugh or cry, and gave Ye Yu a look, and there was no good word from this guy's mouth.

"Don't think of me as your married wife!" Yan Shengting said.

This sentence made Ye Yu and Xue Yan both look at her.

Yan Shengting reacted, only feeling that her face was so hot, it sounded like she was losing her temper.

...

Qingyang City is not close to the Bitao Pavilion. Even with the speed of Longju, everyone rushed forward, and it took more than ten days to reach the Bitao Pavilion.

For more than ten days, Ye Yu continued to take the blood-tonifying medicine given by Jiang Zhijie. Although his body did not fully recover, he did not feel much discomfort, but his face was still slightly pale.

Long Ju galloped, and the people who reached the sky fire sect at the foot of Bitao Pavilion all the way did not appear, which made Yan Shengting and the others relieved.

"Ten miles ahead is Bitao Pavilion, it is safe here." Yan Shengting looked at Ye Yu and said, "You can enter Bitao Pavilion to avoid the revenge of Skyfire Sect."

"You won't go to Bi Tao Pavilion?" Ye Yu looked at Yan Shengting in surprise. She stood in front of her, with a slender waist, straight and slender legs, a beautiful face and a cold temperament.

"After raising these days, my body will soon recover. As long as my body recovers, I can borrow inheritance, and I don't have to be too afraid of them!" Yan Shengting replied to Ye Yu, "I am going to find a place to live in seclusion and cultivate for another month. This is the sphere of influence of Bi Tao Pavilion, so don't worry that they can find me!"

Thinking of Yan Shengting's income in the ancestral land, Ye Yu knew that she must have her own plans, so she didn't say anything.

And Yan Shengting hesitated for a moment, then opened her mouth and finally said to Ye Yu: "Thank you for your help from the Yan family again and again! It's just a goodbye today. It's hard to see you and me. I hope you take care!"

"Is it hard to see, how did you know?" Ye Yu looked at Yan Shengting with a smile.

Yan Shengting was silent for a while, looked at Ye Yu and said, "Then hope that one day, you will be able to walk into my arena!"

After speaking, Yan Shengting didn't say much, and led the few remaining children of the Yan family on horseback. She was sitting on a long ju jacket and dancing, with a slender waist and a perfect curve.

Ye Yu stared at Yan Shengting's distant back, then touched his nose and said to Xue Yan, "I am abandoned and despised and unable to enter her world?"

Xueyan giggled beside him: "Didn't I help you write down a war book for her? Next time you see her, press her to prove your ability!"

...

Chapter 35 respectively

"Ye Yu!" Xue Yan suddenly called Ye Yu, her eyes gleaming like autumn water.

"Huh?" Ye Yu turned to look at Xueyan, her black hair fluttering, her figure was bumpy, extremely seductive, and her beauty was suffocating.

"I gotta go!"

Xue Yan's words made Ye Yu stunned: "Can you leave your physical condition?"

"With your help, the Nine Profound Yin Lightning can no longer cause much damage. It won't be long before I can completely wipe it out." Xue Yan answered Ye Yu.

Ye Yu suddenly felt uncomfortable: "Do you have to go?"

"This time I have been calculated. If I don't show up for a long time, then people will think that I am dead and that the family will be in big trouble."

Ye Yu let out a sigh of relief, although he knew that he and Xueyan would be separated sooner or later, he was still a little sad.

"Since I must leave, before I leave, can I ask you to do something?" Ye Yu looked at Xueyan very disappointed.

"Say!" Xue Yan looked at the man in front of him who almost died of bleeding for himself.

"You see, we hugged and hugged, and posted as well. To be so charming and charming, it was just the last step. Before you go, do we find a place to talk about life, talk about our feelings, and finally One step is also done." Ye Yu looked at Xueyan's devil figure, his proud chest, and the exaggerated curve really charmed all beings.

Xueyan thought Ye Yu would ask her for some help. He couldn't help but feel hot when he heard Ye Yu's foul language. He glared at Ye Yu and said angrily: "Be serious!"

Ye Yu was angry: "What do we say we are friends, we are friends of life and death, haha, I can see it through, and the words are good, but I know that I am so lonely and empty, but I can't even let me sleep for two days. What a broken friend!"

"..." Xueyan was almost choked. How did this guy say such shameless words so righteously!

"Where are you going?" Xue Yan quickly changed the subject.

"Why don't I go with you?" Ye Yu looked at Xueyan and said.

"You can't go with me temporarily!" Xue Yan shook his head.

"Then do I have a choice? I can only go to Bi Tao Pavilion!" Ye Yu said helplessly.

Xue Yan said to Ye Yu: "Your physique is extraordinary, but the dust is not visible at this time, you must cultivate to the marrow washing state as soon as possible, wash away the dust and reveal your true face!"

Ye Yu thought of his own experience and enjoying reincarnation in one day brought him a lot of doubts. He knew that he must have a special ability, but he hadn't discovered it yet.

"Can I dig out the secret of samsara in one day when I reach the marrow-cleansing state?" Ye Yu muttered in his heart.

"Although you have a weird physique, you are completely a layman in practice. Your primary goal now is to learn practice systematically. Bi Tao Pavilion is right for you, where you can learn some common sense and basics." Xue Yan said to Ye Yu. , "If you lay the foundation, you can go further in the future!"

Speaking of this, Xueyan paused and continued: "I'm surprised that you can get to this point with your understanding of practice. You must have your own secrets. I won't ask you any secrets, but you have to know that the magic grave is just In a corner, you can't be trapped here."

"Is the magic grave small?" Ye Yu was puzzled. According to the books, Kyushu was vast and vast across hundreds of thousands of miles.

"It is rumored that the devil's grave is just a graveyard sealed with a big demon, and it is just a corner of the vast world." Xueyan said, "When you go out, you can see the prosperity and vastness of this world!"

"Is it just the place to bury the great demon?" Ye Yu was shocked, what kind of great demon needs hundreds of thousands of miles of land to seal and bury.

“Work hard! I am waiting for you to have the strength to walk out of the devil tomb, when we meet at that time!” Xue Yan’s beautiful eyes flowed, with a smile on his mouth.

“You don’t even agree to talk about ideals and feelings, I don’t want to see you!” Ye Yu muttered.

Xue Yan glanced at Ye Yu lightly with eyes like water, and suddenly stepped forward, with a strange pink on his face. In Ye Yu’s doubts, Xue Yan’s red lips kissed Ye Yu’s forehead.

“Brother Ye Yu! When you walk out of the devil to see me again, I promise to talk to you about your ideals and feelings all night long!”

Xue Yan leaned over Ye Yu’s ear and exhaled like a blue. After saying this, she giggled, then turned on her horse and rode away.

“Damn! Am I being molested?” I’ve always molested her by myself, but at the last moment, she was counter-motivated?

Ye Yu looked at Xueyan, and she sat on Long Ju’s body as she rode away, leaning forward slightly, her round jade buttocks and slender legs outlined a proud curve. The waterfall-like long hair and thin gauze are blowing in the wind, and the moving body is leaping, with the beauty that time shouldn’t exist, beautiful and charming.

Xueyan faded away, and Ye Yu recovered from her beauty. He couldn’t help thinking of Xueyan’s words, ‘When I meet you, I promise to have a long conversation with you all night’.

This sentence made his heart tickled, and now he couldn’t help but meet Xue Yan.

“Oh!” When Ye Yu couldn’t help but Naobu and Xueyan met again, Ye Yu suddenly yelled and patted his thigh.

“Forgot where she lived, how did I find her to talk about ideals and feelings!”

Ye Yu was heartbroken and couldn’t forgive himself for making such a mistake!

...

Bi Tao Court!

Located in Feilong Mountain in Bizhou, Kyushu, Feilong Mountain is majestic and magnificent, entrenched there like a flying dragon. The dragon head straight into the sky, the clouds and mist all year round, the mountains are cascading, like a nine-day Milky Way, the stone cliffs are abruptly moist with moss, the aura is strong, and the ancient trees are pine, like a fairyland holy place.

It is also one of the three dominant forces in Kyushu. Its pavilion is a landman, and the gathering of Qi can make everyone in Kyushu awe.

Pavilion Master Bi Tao might not be as strong as Sect Master Skyfire, but his earthly features are enough to make up for this. Ye Yu learned from Yan Shengting that the master of the Green Tower was the most powerful landlord in Kyushu, and the Tower of the Green Tower condensed the mountain formation, so the aura of the Tower of the Green Tower was the strongest among the three overlords.

“As expected to be one of the three major overlords of Kyushu!”

Standing at the foot of the mountain, Ye Yu looked at the mountainous and auspicious Bi Tao Pavilion. He couldn't help but sighed. He climbed up the Feilong Mountain along the path, and the more he walked up, he felt that the heaven and the earth were full of aura.

The trails between the mountains were all intertwined into the avenue leading to Bi Tao Pavilion. Ye Yu stood on the stone steps, watching the cultivators coming from all directions, his face was smiling.

After coming to this world, I was first caught by the Yan family, and then drifted in the river. I originally planned to enter Qingyang City to get acquainted with this world but was forced to leave because of the Sky Fire Sect.

Having been in this world for so long, he has not had time to really touch it.

And now...

Ye Yu had no other fetters, he felt that he was a fish into the sea, and he could finally feel the world.

Thinking of this, Ye Yu quickly climbed the steps.

Chapter 36 back door

Outside the gate of Bi Tao Pavilion!

The voice is full! There were tens of thousands of cultivators gathered from all directions, and the large square outside the Bellagio Pavilion was full of figures.

Ye Yu climbed up Feilong Mountain, and he was stunned by the flow of people rubbing shoulders. Is there any event held in Bitorium? There are so many people here!

“You have to find someone to understand the situation!”

Ye Yu searched around, and was instantly attracted by a person.

On his left front, a man with a strange appearance and a fat body was turning his small eyes, his eyes swept across the thighs and chests of many girls, and his mouth kept tweeting: "This leg is long...not bad...the one on the right The \*\*\*\* are so scary...this...wow, it looks so tender, I love it!"

Such a wretched strange man, Ye Yu decided to be his friend from the first sight of him. Because standing by his side can definitely bring out his stalwart and handsomeness.

Ye Yu stepped forward and patted him on the shoulder, and said politely: "Xiongtai, your surname?"

The man's wretched gaze disappeared instantly, and a warm smile appeared. With those small eyes, it was almost harmless to humans and animals. The rapid change made Ye Yu dumbfounded.

"Under Du Qixi!" Du Qixi arched his hands and said to Ye Yu, "I don't know what's going on with Xiongtai?"

"It turned out to be Brother Du, I disturbed Brother Du. In Xia Ye Yu, just arrived at Bi Tao Pavilion, I don't know what happened here, why is there such a loud voice?" Ye Yu asked Du Qixi.

"Brother Ye doesn't know? What did Brother Ye do when he went up the mountain?" Du Qixi looked at Ye Yu suspiciously, "Today is the first day of the Bitao Pavilion recruiting disciples. These tens of thousands of practitioners have come to participate in the Bitao Pavilion selection. !"

Ye Yu suddenly realized: "So that's the case, thank you Brother Du for clearing your doubts. Then Brother Du also came to assess the disciples of Bi Tao Pavilion?"

"Of course!" Du Qixi raised his chest and looked at Ye Yu with a bit of pride, "This time I will definitely be a disciple of Bitao Pavilion! Brother Ye, do you want to try to evaluate it too? If you can become Bitao Pavilion Disciple, get the famous master and resources of Bi Tao Pavilion, your spiritual path will be much smoother!"

"Hahaha, I naturally want to be a disciple of the Bitao Pavilion. But I am not going to be tested. As long as an excellent person like me shows a little intention of entering the Bitao Pavilion, they will beg me to enter." Ye Yu brags to Du Qixi for a while, thinking about how to tell Bi Tao Ge about Li Feng's death in his own hands.

The Heavenly Fire Sect killed the wife of Pavilion Master Bitao, and killed the Second Young Master of the Skyfire Sect himself, which was tantamount to avenging them. Pavilion Master Bitao learned that she must thank him again. What is it to enter their Pavilion Master Bitao?

"Brother Ye...I admire your confidence!" Du Qixi gave Ye Yu a thumbs up.

“Hahaha! People with strength are always more confident. By the way, Brother Du, who is the highest in Bitao Pavilion on this square?” Ye Yu asked Du Qixi.

Du Qixi pointed to one place, and stood a middle-aged man at the gate of the Bitao Pavilion: “Seeing that he did not, he is Situ Zhengtian, the elder Bitao Pavilion. He is solely responsible for the recruitment of disciples by the Bitao Pavilion. He can decide if he can’t enter the Bi Tao Pavilion!”

“Okay! That’s it!” Ye Yu was overjoyed, patted Du Qixi on the shoulder and said, “Brother Du, take your exam, I’m waiting for you in Bi Tao Pavilion!”

Du Qixi saw Ye Yu running towards Situ Zhengtian with the attitude of going into the Bitao Pavilion, and then he cursed: “Damn! It’s another one who walks through the back door. I hate these \*\*\*\* who walk through the back door the most!”

But after scolding, Du Qixi became envious again, who would be willing to take the exam if he could enter the back door. It’s just that the back door of the Bitao Pavilion is not so easy to walk, because his Du family’s family background can’t directly send him into the Bitao Pavilion. But looking at Ye Yu’s appearance, this guy should be able to succeed.

Ye Yu ran up to Situ Zhengtian and shouted politely: “Elder Situ, I have a question and I want to ask you!”

“Huh? You said?” Although Situ Zhengtian suspected that Ye Yu was trying to get a relationship under the guise of asking for advice, he nodded politely.

“Is Bitao Pavilion incompatible with the fire and water of the Skyfire Sect? When the disciples of the Green Tao Pavilion see the skyfire sect, they will be angry and kill them!” Ye Yu shouted awe-inspiringly.

“Of course!” Situ Zhengtian arched his hands and said, “Bi Tao Pavilion and Tianhuo Sect are not at the same time, and the disciples in the pavilion should use this as their will. See the disciples of Tianhuo Sect and punish them!”

“I think so too!” Ye Yu said outrageously, “Evil sects such as the Sky Fire Sect should be punishable by everyone.”

Situ Zhengtian felt baffled, and thought about what this kid was doing and said so indignantly, that he was even more excited than the members of the Bi Tao Pavilion.

“Elder Situ, if the Bi Tao Pavilion disciple kills the Skyfire Sect disciple, is there a reward?” Ye Yu said.

“Of course! This is a great contribution in the cabinet!” Situ Zhengtian replied.

“Then if someone kills the Skyfire Sect and uses it as a certificate of fame, will they be given preferential treatment when they enter the Bi Tao Pavilion?” Ye Yu asked.

“That’s natural! If he can kill the disciple of the Skyfire Sect, it has already proven his ability and heartfelt. You don’t need to be tested, and you can directly become a disciple of this pavilion!” Situ Zhengtian became more and more puzzled, what on earth did this kid want to say?

“What if you kill the son of Sect Master Skyfire? What rewards will there be!” Ye Yu asked.

“If you can kill the son of Sect Master Skyfire, the Pavilion Master will treat him as a guest and ask for it!” Situ Zhengtian looked at Ye Yu strangely while speaking, “You said this, you won’t tell me, you kill A disciple of the Skyfire Sect or even the son of the Skyfire Sect Master, right?”

“Elder Situ is really smart, the one who kills the Heavenly Fire Sect’s fierce power is down!” Ye Yu arched his hands.

When Situ Zhengtian heard these words, he was very angry: “I have heard from Bi Tao Pavilion long ago. Although Li Feng behaves like a dude, his strength has reached the level of abundance. The most important thing is that this guy is safe. , The elder Yan Wolf of the Skyfire Sect Washing Marrow Realm accompanied him down the mountain, you said you killed him?”

Ye Yu was stunned, originally thinking that the news of Li Feng’s death would shake Kyushu, after all, this was the son of the overlord of the Skyfire Sect. But I didn’t expect Situ Zhengtian to get the news at all.

However, Ye Yu immediately reacted and slapped his forehead fiercely. After they killed Li Feng, they rushed to the Bitao Pavilion with their whip and went straight to the Bitao Pavilion. In addition, the Jiang and Li family blocked the news. .

“That... I really killed him. It’s just that the news hasn’t come!” Ye Yu answered Situ Zhengtian.

“Okay! Then you just wait for the news to come to me!” Situ Zheng is in a bad weather, this kid is stupid or he is stupid.

“Now you can go, don’t disturb me doing things!” Situ Zhengtian yelled at Ye Yu.

“That...” Ye Yu wanted to say something, but after thinking about it, he wanted to swallow the words. In other words, he didn’t believe that Li Feng, who was protected by the marrow realm, would be killed by an inexplicable young man.

"It seems that it is no longer enough to enter the Bi Tao Pavilion to drink spicy food today and be treated as a guest. You have to wait for the news to come!" Ye Yu left with a bitter expression.

Situ Zhengtian looked at Ye Yu's back and frowned slightly. This kid didn't look stupid. What is the use of making up news that cannot withstand scrutiny? Lie him to open the back door? What's the use of entering Bitao Pavilion by this, he will have to double everything back on the day of the demolition.

Thinking of this, Situ Zhengtian whispered to a disciple next to him: "Go and check Li Feng's situation at this time!"

...

### Chapter 37 Run and run just come up

Du Qixi watched Ye Yu come back, and asked suspiciously: "Didn't Brother Ye say to go to Bi Tao Pavilion and wait for me? Why come back again!"

"I suddenly thought about it, and felt that I can't just be a human being. If I don't take the assessment and become a disciple of Bellagio Pavilion, this will be unfair to those of you who are working hard, and it will make you feel dissatisfied and disappointed in this world. , And then abandon myself, I will become a sinner!" Ye Yu sighed with sorrow and pity, "Because of this, I chose to come back and participate in the assessment with you!"

Du Qixi looked at Ye Yu suspiciously: "Brother Ye didn't fail through the back door, right?"

"Brother Du treats me like someone, don't save others by yourself, can you be rejected if you walk through the back door in my status? It's not Brother Du you want to go through the back door, right!" Ye Yu scolded angrily.

Ye Yu's voice did not hide at all. Many people turned their heads when they heard the voice, and their eyes looked at Du Qixi with disgust and contempt.

"I have no intention of going through the back door!" Du Qixi noticed that many people were looking at him, and quickly stood firm.

"Better not!" Ye Yu snorted, "I despise the people who walk through the back door the most. Otherwise, based on my family background, it would never be possible to reject me as long as the name Bituo Ge is reported, but why should I come for the assessment? It is conscience and fairness in the world. If it weren't for the entrance examination dignified, I would rather not enter the Bi Tao Pavilion!"

Ye Yu said that the righteousness was awe-inspiring, and the image of a spine and conscience aristocratic son jumped out, and everyone looked at Ye Yu in admiration!

“Damn!” Du Qixi wanted to scold his mother. This guy really wants to have such a high level of mental awareness that he can turn his head off.

Ye Yugang wanted to say a few more words, but saw the crowd moving in one direction, and then heard Situ Zhengtian’s loud voice: “Everyone, this time, the rules of Bi Tao Pavilion are the same as in previous years. Those who have passed the three passes. You can enter Bi Tao Pavilion. The time is almost there, and the assessment officially begins!”

After his words fell, tens of thousands of practitioners began to climb towards a mountain.

Ye Yu looked at a loss. He didn’t know which of these three levels were. He could only ask Du Qixi next to him: “Brother Du, what are the contents of the assessment!”

“Have you seen the mountain in the north? The first level is to climb this mountain! The second level is to walk down this mountain, and the third level is to walk from this mountain to the main hall of the Green Tower Pavilion even if it is successful!” Du Qixi asked .

“It’s that simple?” Ye Yu glanced at the mountain, which was more than a thousand meters high, not far from the main hall of Bi Tao Pavilion.

“It’s so simple?” Du Qixi had a black line on his forehead, and was frightened by Ye Yu’s tone. “Do you know how many people passed by these tens of thousands of disciples?”

“How many?”

“About eight hundred!” Du Qixi replied, “More than two-thirds of the people will be cut off in the first pass.”

“Is there such an exaggeration?” Ye Yu looked at Du Qixi suspiciously.

“You’ll know when you try it!” Du Qixi didn’t say much, and ran towards the steps of the North Peak with the flow of people.

Ye Yu followed Du Qixi. He just stepped up the steps and found that his whole body was burdened with a heavy burden, and his body suddenly became heavy.

Du Qixi smiled and said: “This mountain has been used by the pavilion master to use the geological means, and the position is laid. As long as anyone sets foot on the

ground, the gravity will double. The more the position is, the more terrifying it will be, and the more the cultivator will bear the gravity. Strong.”

“What kind of people can pass this level?” Ye Yu asked.

“Differs from person to person! The force generated by the formation is different for people in each realm. If the foundation is strong, as long as you reach the Red Dust Realm, you can usually pass it. But the foundation is not enough, and you won’t necessarily be able to pass through the Aggregate Spirit Realm.” Du Qixi said, “This level tests the foundation of practitioners, and only those with deep foundations can enter the Bituo Pavilion.”

Du Qixi was climbing the steps while talking. Although Du Qixi had short legs and fat body, he climbed extremely fast. This made Ye Yu had to speed up and follow him.

“Huh...” Du Qixi was very surprised. He didn’t expect Ye Yu to be able to keep up with him, knowing that he got a chance and his foundation was extremely solid.

Du Qixi gave birth to a victorious heart, and speeded up again, surpassing one practitioner after another.

Ye Yu felt that he didn’t know anything about Bitao Pavilion, and it was convenient for Du Qixi to inquire about it. He did not notice that Du Qixi was deliberately accelerating, but he followed Du Qixi closely and occasionally inquired about Bitao Pavilion.

The two climbed faster and faster, and they had surpassed most of them. Many people looked at Du Qixi and Ye Yu in a daze, feeling that they seemed to be running.

“Damn! Do you want to be so perverted! They can all run on the steps that are laid down here?” Someone cursed in a low voice, and the sweat on their foreheads continued to flow.

Du Qixi was also extremely surprised at this time, no matter how he increased his speed, Ye Yu could follow him tightly.

“I have a chance to have such a foundation, this kid won’t get any chance, right?” Du Qixi gritted his teeth and accelerated again.

Ye Yu finally realized something was wrong at this time. Looking at Du Qixi, who was sweaty on his forehead, Ye Yu laughed and said, “Brother Du, your speed is too slow. The sun has gone down after climbing to the top of the mountain!”

“Damn!” Du Qixi didn’t answer this sentence, and other practitioners who heard this couldn’t help cursing.

“Brother Du, you climb slowly, I will wait for you on the top of the mountain!” Ye Yu patted Du Qixi’s shoulder vigorously, and then ran towards the top of the mountain like a wind.

Du Qixi only felt that his shoulder was slapped twice by two huge rocks, which almost made him collapse on the ground, and then he saw Ye Yu whizzing directly to the top of the mountain.

“Nima!” Du Qixi couldn’t wait to slap himself twice, knowing that this guy is so perverted, what is his comparison with him.

Ye Yu really sat on the top of the mountain and waited for Du Qixi. Du Qixi couldn’t keep up with his physical strength because he ran directly at the beginning. When he climbed the mountain, hundreds of practitioners had already climbed up before him.

And Ye Yu was sitting on a large bluestone, watching him come and greeted warmly: “Brother Du, what are you doing, sweating profusely, come, here is the windy place, let’s blow the air and cool off!”

“Get out!” Du Qixi didn’t want to see this gloating bitch.

In the first pass, as Du Qixi had expected, most of the tens of thousands of people were lying on their way up the mountain without reaching the end.

Fewer than ten thousand people actually reached the end, and nearly half of them collapsed on the ground after reaching the end, breathing heavily to regain their strength.

“Is it such an exaggeration?” Ye Yu looked at a group of people lying on the ground, “How do I feel like I’m running and running up the mountain!”

“Fuck!”

Everyone who heard Ye Yu’s words twitched their mouths and couldn’t help but cursed. How could this \*\*\*\* not be beaten to death!

...

## Chapter 38 Play big

“The second level examines the practitioner’s observation and patience!” Du Qixi looked at the direction of going down the mountain with a bitter face, “Going up the mountain is easy to go down the mountain, and the way down the mountain is a puzzle. It requires constant exploration and observation to find the right one. When going out, many practitioners can’t go out for four or five days, but Bi Tao Pavilion only gives one day. If you can’t go out for one day, it will be a failure in the assessment!”

While Du Qixi was talking, he walked into the maze down the mountain with Ye Yu.

Ye Yu felt dizzy as soon as he entered. The scenery in front of him was almost exactly the same. There was no difference. There were roads everywhere, and the roads were straight ahead. I didn't know which one to go on.

Ye Yu and Du Qixi just found a way to go forward. They walked for more than half an hour and found that the flowers and trees were exactly the same along the way. They didn't know where they were as they walked. There were many forks beside them, but these forks were also there. It's all exactly the same.

"Damn! What kind of maze is this!" After walking for a long time, Ye Yu felt that he had gone a long way, but he felt as if he had returned to where he was before.

"This is also the geography method used by the master of Bi Tao. It can affect our senses through the formation of a puzzle by the power of the mountain. There are only slight differences in all of these. We need to find these differences and continue to explore to make it possible. go out!"

Speaking of this, Du Qixi said bitterly: "What I fear most is this repeated groping, which is too damaging to people's patience!"

"Is it because of the battle that affects our senses?" Ye Yu was surprised, "Can't we let our senses not be affected by it?"

"Unless you and the pavilion master have the same strength, don't think about it!" Du Qixi answered Ye Yu while trying hard to find the difference in each fork.

Seeing Du Qixi got into a path, Ye Yu didn't follow up this time. He was running his own power, his eyes swept across each road, trying to see the difference.

It's just that the formation is really extraordinary, and he can hardly find the nuances when he tries hard.

Ye Yu didn't believe in evil, and once again madly drove his own power to focus on his eyesight.

Ye Yu was surprised to find that many fork roads were twisted after his own operation for good fortune. He was overjoyed, and his mind was immersed in the destiny, the spiritual energy shuttled through his body faster and faster.

Ye Yu discovered at this time that the same fork roads were all intertwined arcs, and there was only one road going straight down the mountain.

"Zhaohuajue has the ability to break through the falsehood!" Ye Yu was surprised, but thought that this is a book of heaven that both Xueyan and Yan family ancestors valued,

and didn't think it was any strange. The heavenly book seemed to have many secrets waiting for him to dig out . For example, when practicing the palm of Lietao, it is for good fortune to resolve the palm prints in it so that you can learn it quickly.

Without the obstruction of the maze, Ye Yu went straight down the mountain, extremely fast and unimpeded all the way, until Ye Yu saw two stone tablets in the maze and stopped.

On the two stone tablets are written: ordinary level and terrifying level.

The stone tablet only thought of two roads, and Ye Yu didn't know which way to go.

"What does this mean?" Ye Yu looked blank and couldn't help but miss Du Qixi. It would be nice to have him beside him to solve the puzzles.

Ye Yu glanced at the mountain, thought about it, and ran up the mountain again along the original road. After searching for a long time, he finally found Du Qixi on a decapitated road.

"Brother Du! Why are you hiding here?" Ye Yu ran to Du Qixi and shouted.

"Brother Ye! Are you also trapped here in the endless loop?" Du Qixi looked at Ye Yu sadly, "It seems that this time I will fail!"

"Brother Du, don't blame the heavens and others, I believe Brother Du will definitely be able to go out!" Ye Yu said, "But can Brother Du tell me, what do the two stone tablets with the normal level and the terrifying level in the maze represent? "

"Have you seen two stone tablets?" Du Qixi looked at Ye Yu suspiciously. "Seeing two stone tablets means that you are out of the puzzle and can proceed to the third level!"

"Huh?" Ye Yu didn't understand.

"The ordinary stone stele represents the low difficulty of the third level. You can become an outer disciple through this road. And those who pass the path pointed by the terrifying stone stele can become an inner disciple!" Du Qixi explained.

"Is there any difference?" Ye Yu asked.

"The difference is big! The status of the inner disciple is much higher, and the resources they enjoy are not comparable to those of the outer disciple. The inner disciple can not only enter the library at will, but also give the spirit storage pill and other resources every month! "Du Qixi was very envious.

"Give the Spirit Storage Pill!" Ye Yu's eyes lit up, and it was through a few Spirit Storage Pills that he entered the Yun Ling Realm Xiaocheng.

"Is there a big difference in difficulty between the normal level and the \*\*\*\* level?" Ye Yu asked.

"The difficulty varies greatly! Of the more than 800 disciples recruited, less than 20 can pass the \*\*\*\* level in each session. As long as they can pass, they will definitely be trained by Bitao Pavilion." Du Qixi replied to Ye Yu.

"So exaggerated? Less than twenty?" Ye Yu dismissed the idea of trying. He didn't think he was weak, but he didn't understand the third level at all. If he tried to try and failed, he would play a big game...

What's more, he only needs to enter the Bi Tao Pavilion temporarily and wait. When the news of Li Feng's death arrives, the inner disciple counts as a fart?

"Brother Ye, the two stone tablets you saw from there, take me there!" Du Qixi said excitedly, but he regretted it again. In order to prevent people from cheating, many places can only be passed by one person. As soon as the maze was separated, it basically disappeared, and it was impossible to follow Ye Yu all the way to find the stele.

"You go five hundred steps to the right, and you can see a blue stone with a cyan nick. You walk in the direction of the cyan nick. When you see a piece with the same nick, don't think you are going back to the place. If you keep going along, you will see a withered grass on the left. Go to the left and continue..." Ye Yu told Du Qixi a route.

Du Qixi looked at Ye Yu dumbfounded. Ye Yu said in detail, but nothing was repeated. The only way to do this is that Ye Yu knows everything about the puzzle.

But... how is this possible, could Ye Yu be the illegitimate child of the pavilion master? Tell him this long ago?

Du Qixi didn't know that Ye Yu could see through falsehood, so naturally he could easily find the way.

Du Qixi walked along the route mentioned by Ye Yu dubiously, but Ye Yu was attracted by something at this time.

It was an ore surging with aura, sitting on a cliff. If Ye Yu couldn't see through the falsehood, he would definitely not be able to spot it. But now he noticed it at a glance.

"The ore that can emit aura, a good thing!" Ye Yu climbed up the cliff and dug down the ore excitedly.

Ye Yu dug this ore and found the same ore elsewhere.

In this way, Ye Yu dug more than ten pieces of ore. Excited, he turned his head to look at the maze, and suddenly found that the maze had become mutilated, and many main roads appeared directly.

Ye Yu looked at the ore in his hand: "Damn! This is not the spirit stone for the formation, right?"

The main road keeps appearing, Ye Yu is dull, muttering to himself: "It's a big game!"

...

## Chapter 39 Geniuses

Seeing that the fascinating formation became more and more incomplete, Ye Yu looked around and saw that no one noticed him, he hurriedly ran down the mountain holding the Lingshi. Of course, he did not forget to dig a hole on the way and bury all the spiritual stones in it.

He held it in his hand for fear of being discovered, so he wanted to hide it first, and then come to fetch it after the limelight passed.

Ye Yu ran all the way to the two stone steles, seeing that the maze was incomplete, and Ye Yu thought to himself that many people would pass the second level this time.

"If they all pass this time, won't there be many more disciples in Bitao Pavilion this time! What if Bitao Pavilion can't support it?" Ye Yu's face was bitter, and his eyes just swept over the two stone tablets. flash.

"Oh! There is a way!" Ye Yu slapped his head, his eyes turned around and no one was seen. He dug out two stone tablets, and then exchanged the two stone tablets. "That's it. The third level must be normal. There are more people at Level 3, and it just so happens that there are more people going through the third level. Isn't the number of people balanced?"

Ye Yu clapped his hands after doing this, proud of his intelligence.

At this time, he just saw Du Qixi wandering down, and he saw Ye Yudaxi with a look of anxiety: "Brother Ye, the answer you bought from there, I really walked down as you said!"

But immediately Du Qixi shook his head again: "It's not right. I heard that this puzzle will change every two hours. The answer is not even known to the people of Bi Tao Pavilion. Unless it is the pavilion master, no one knows the answer at that time! Brother Ye, you won't be the illegitimate child of the Pavilion Master, are you? So the Pavilion Master has come to tell you the answer himself!"

“roll!”

Ye Yu didn't expect that he had dug more than ten spirit stones before he came down before Du Qixi. It seems that this guy didn't believe his answer, so he kept on verifying it until now.

“Hey!” Du Qixi smiled, although he was surprised how Ye Yu did it, he might be satisfied after passing the second level. As long as the second level is passed, the third level will be no pressure for him.

“Brother Ye! Let's go to the third level!” Du Qixi walked towards the terrifying side as he spoke.

Ye Yu pulled him next to him and dragged him into the normal side.

But Du Qixi's expression turned pale when he looked at the stele on which \*\*\*\* level was written and shouted: “Brother Ye, don't be impulsive, \*\*\*\* level is not something we can break through!”

“You are looking for death if you run over there!” Ye Yu smiled, and put Du Qixi directly into the third level.

“Ah! I don't!” Du Qixi struggled to escape, but was dragged in by Ye Yu abruptly.

...

Beyond the maze!

Situ Zhengtian looked at the several Lingshi walls presiding over the formation in surprise, and the Lingshi walls flickered twice.

“Huh! Someone got out of the puzzle so soon and entered the third level?”

“It seems that this year, with the blessing of the elders, Bi Tao Pavilion can recruit good seedlings!” A disciple next to Situ Zhengtian flattered.

“Hahaha! I haven't seen a practitioner who walked out of the maze so quickly in the past few years. I am curious about who they are. It's a pity, unless I get out of the maze, otherwise I will lose my way when we enter it. These people can only wait outside and wait for the results.” Situ Zhengtian said.

“This is also for the sake of fairness by the pavilion master, preventing pavilion disciples from contacting examiners to increase the chance of cheating. Therefore, three barriers were laid and only examiners were allowed to enter.

“The pavilion master’s geography method is really extraordinary!” Situ Zhengtian and the disciple next to him talked and laughed, only to find that the Lingshibi began to flash again.

“Good, good! The level of this session is really high, and five more have entered the third level!”

As soon as he finished speaking, Lingshibi flashed again.

“Elder! This time you made a great contribution, you see, this spiritual stone wall is still flickering, and dozens of people have entered the third level in a short period of time!”

“Hahahaha!” Situ Zhengtian was so relieved that he was able to recruit good seedlings because of his merit.

“It has flashed five hundred times! Only a few hours have passed, and there are five hundred people!” Many disciples were alarmed by the flashing light of the Lingshibi, and surrounded the Lingshibi.

“Eight hundred!”

“A thousand!”

“Two thousand!”

Many people are counting, and they are all startled. There are more and more people around the Lingshi Cliff. They are all shocked by the outstanding disciples of this year.

“Three thousand! Oh my god, how long is this, it’s three thousand!” Many people exclaimed.

“Four thousand, this has reached the total number of previous years!” A disciple muttered to himself, this is too scary, are there so many geniuses this year?

“Five thousand! It’s five thousand!” Some disciples couldn’t believe it.

“Six thousand!”

“Seven thousand!”

Many disciples of Bitao Pavilion took a cold breath. There were too many geniuses this year, and so many had entered the third level. The third pass is generally at a ratio of five to one. That is to say, one thousand two hundred people can become disciples of Bitao Pavilion? This is half more than in previous years.

But this is not over yet, Lingshibi is still flashing.

“Eight thousand!”

“Eight thousand and five!”

Seeing the numbers jump up, Situ Zhengtian’s excited face flushed, and he kept patting his thigh and shouting: “Good! Good! Good!”

How he is not excited, this year he presided over the recruitment of disciples. The more good seedlings appear in this generation and the more qualified disciples he recruits, the greater his merit. This session is comparable to the previous two sessions, and the pavilion owner will definitely reward him.

“Nine thousand, nine thousand and five!” Many people were sluggish, and this number was almost close to the number of people who passed the first pass.

“Elder, will there be any problems with this?” Some disciples felt that something was wrong and couldn’t help but say.

This sentence made Situ Zhengtian think about it, and then firmly shook his head: “Impossible! You are not unaware of the pavilion master’s geophysical method. For so many years, there has not been a trace of error, how could there be a problem!”

Many disciples thought about it, and felt that this was the truth, and the pavilion master’s method could never be wrong!

Thinking of this, many disciples said to Situ Zhengtian: “Then congratulations to the elders in advance. It seems that after this time, the ranking of the elders will move forward again!”

“Hahaha!” Situ Zhengtian laughed openly, “Go! Go to the third pass and wait.”

Situ Zhengtian was full of smiles, and he was full of spirits at happy occasions. He walked fast to the main hall of Bi Tao Pavilion, and the end of the third pass was outside the main hall.

Many disciples were huddling Situ Zhengtian, and everyone could see that Situ Zhengtian was about to gain momentum with his great achievements, and he might be able to enter the ranks of the top ten elders.

Situ Zhengtian stared at the exit, looking forward to a steady stream of disciples coming out of it.

...

Ye Yu didn't know that Situ Zhengtian was excited at this time. He was watching Du Qixi howling. This guy was crying and blamed Ye Yu for dragging him down the road to pass the third level.

"It's going to die! Hell-level, I definitely can't pass it, I'm not strong enough!"

"I thought I would definitely be able to enter the Bi Tao Pavilion, but I didn't expect it to be ruined in your hands, Ye Yu, I hate you!"

"..."

Ye Yu didn't bother to talk to Du Qixi, and didn't tell Du Qixi that this was the third level of the normal level, so he went straight to the depths.

...

Chapter 40 what's the situation

In the third pass, many formations were set up. Once these formations were triggered, they would hinder the practitioners from moving forward. Only by breaking through the formations with force can they walk through.

Du Qixi was still downcast, but after breaking through several blocks in a row, the original misery was swept away, and his face was full of confidence.

"Hahaha! I'm a genius! I have already rushed to three battles in a row!" Du Qixi shook his fat, excited.

"The ignorant child is really the happiest!" Ye Yu naturally wouldn't tell Du Qixi that this is the third level of the ordinary level.

The third level is very simple and straightforward. Among them is a big formation. As long as you break through this big formation, you will succeed. This level assesses the strength of the practitioner.

There are various formations in the big formation, and there are constant formations blocking the path of the practitioners.

Ye Yu and Du Qixi once again triggered a formation. They saw that the spiritual energy of the world around them suddenly vibrated, and under the lead of the formation, they gathered into several giant pythons.

"Lingxiang!" Looking at the giant python, Ye Yu became curious about the geological methods. The abilities he had seen in the three levels of formations were unpredictable and very strange.

Looking at the python pounced on them, Ye Yu shot and blasted towards the python, blasting the python directly with one punch. The giant python looked fierce, but its combat effectiveness was not in the spiritual realm.

Du Qixi also smashed the python with several punches, the aura scattered in all directions, and the formation was broken again.

“Hahaha! The horror-level difficulty of Bi Tao Pavilion is no more than that, and the phantom formation is easily shattered by me. Hahaha, I really am a genius!”

Du Qixi was extremely excited. At this time, he felt that he was a wizard of heaven, and the horror-level difficulty was easily disintegrated in his hands.

“Brother Ye, I’ll take you like a broken bamboo, and in one fell swoop, I broke the third level that others have been frightened of, and let you see how extraordinary I am!” Du Qixi laughed proudly.

“...” Ye Yu couldn’t answer Du Qixi, who was about to say that I was the only one in the sky and underground.

Du Qixi was like a broken bamboo, trying to rush out of the third level, but was stubbornly held by Ye Yu: “What anxious, we will go out again when everyone is almost out!”

“Why?” Du Qixi stared at Ye Yu blankly, “Isn’t it better to pass the three passes earlier? Bi Tao Pavilion will also value us more!”

“You are such a genius, how can you make it easy for them to find out. You have to learn to pretend to be a pig and eat a tiger. Imagine that everyone thinks that others are the first, and you turn out to be born and trample him under your feet. Cool?” Ye Yu said nonsense.

Du Qixi thought for a while, and then he slapped his thigh and said excitedly: “Brother Ye is right, if I turn out to be born, I will definitely stun all of them! High, or Brother Ye is smart!”

...

Situ Zhengtian and many disciples of Bi Tao Pavilion stayed outside the third pass, and they were extremely happy. Bi Tao Pavilion was able to recruit so many good seedlings this time, maybe it would be able to suppress the Skyfire Sect.

They were waiting, and finally they saw a figure walking out of the ordinary exit.

This is a young man with a grandiose spirit. He walked out very calmly, obviously he didn’t take much effort to walk out.

“Yes, not bad! The ordinary level can walk out of such an extraordinary young man, and the terrifying level must be able to walk out of even more extraordinary practitioners!” Situ Zhengtian supported his beard with a smile on his face.

“Go and arrange, let him wait for a while first!” Situ Zhengtian told his disciples, his eyes fell on the exit. The first one passed the assessment, and the others should be fast too.

Sure enough, he kept seeing people appearing at the ordinary exit.

Every cultivator who came out of the ordinary level was very calm, not as embarrassed as the previous ones, and even the clothes of this year’s disciples were not messy.

“Sure enough, there are so many good seedlings in this class!” Situ Zhengtian laughed openly. The ordinary level has this quality, and the terrifying level disciple is naturally even more extraordinary.

“This time the elders will definitely be praised by the pavilion master!” The disciples of Bi Tao Pavilion also marveled at the quality of this session, and complimented Situ Zhengtian.

“Hahaha! I won’t forget your credit for helping me!” Situ Zhengtian was happy and promised to the disciple next to him.

Practitioners walked out of the ordinary level exit one after another, and after more than 20 walks out, Ye Yu and Du Qixi also walked out. After them, seven or eight practitioners came out.

A total of thirty-two practitioners walked out of the ordinary level exit, and everyone walked out calmly, obviously not doing their best.

Du Qixi, who was standing with this group of people, was stunned, and said to Ye Yu in a low voice: “There are a lot of people who have passed the three levels of horror this time!”

“Why are so few?” Ye Yu looked dumbfounded when there were only thirty-two people. Could it be that these thirty-two people were the only ones who had entered the ordinary level?

Naturally, Ye Yu didn’t know how strong the Terror Class was to deter practitioners. Even Du Qixi, who was considered the best, would not dare to set foot in it, let alone other people.

Therefore, those who dare to step into the third level of the horror grade are absolutely confident in themselves, and they are all powerful. Naturally, the number of these people will not be large!

“It’s over!” Ye Yu murmured to himself, only these thirty-two have entered the ordinary level, isn’t it because everyone else has entered the horror level, this...I hope that more than nine thousand people can pass hundreds of them!

...

Situ Zhengtian looked at the 30 or so people who had walked out, nodding their heads, the smile on his face became more and more prosperous: “I look forward to what will happen to the cultivators who have walked out of the terrifying class.”

Situ Zhengtian and all the disciples of Bi Tao Pavilion stared at the exit.

A quarter of an hour passed!

No one came out from the two exits of the ordinary level and the terrorist level.

Two quarters of an hour passed!

Still no one came out!

An hour has passed!

Still no one came out!

“It’s weird! It’s difficult to understand the terrifying level, how come the ordinary level is no one after these thirty people come out!” Situ Zhengtian muttered.

After another quarter of an hour, no one came out.

“What’s the matter?” Many people have doubts in their hearts.

After waiting another quarter of an hour, the smile on Situ Zhengtian’s face disappeared. He just wanted to tell his disciples to see what was going on, but he saw movement at the exit of the Terrifying Grade.

“Hahaha! Let me just say, how could no one come out!” Situ Zhengtian laughed, thinking that the speed of the 30-odd people may be slightly faster, and now it is the turn of other practitioners to successfully break through the barrier!

Situ Zhengtian quickly walked towards the terrifying exit, but the scene in front of him made his smile freeze.

A teenager walked out of the horror-level exit. This teenager had blood stains all over his body. His clothes were not as good as a beggar. He was so embarrassed and weak that he lay on the ground directly after he walked out.

“How could this happen? The first one to come out has always been the strongest. The strongest are all so embarrassed, so the others...” The Bi Tao Pavilion disciples looked at each other, what is the situation?
