Chapter 71 Torn paper

Ask Xinfeng, full of spiritual energy.

Ye Yu used the corner of Wen Xinfeng to set up the spirit gathering formation, but with his ability, he couldn't gather the entire Wen Xinfeng aura. What's more, Long Shou Mountain has a diffused land, which makes it even more difficult for him to do it.

But Ye Yu can still do it in a corner formation, he uses the spirit stone to build the formation.

The spirit stone is indeed extraordinary as a bearing material. The strength of the spirit gathering array is more than ten times higher than that of the black iron. The aura of the four directions madly sinks into this side, and the spread range is several times wider than that of the black iron.

The most important thing is that the spirit stone itself continuously overflows with aura and merges into the spirit gathering array, so that the aura gathered by the spirit gathering array has once again increased by a few points.

The aura is actually condensed like mist, which is surprisingly rich.

Ye Yu sat there, driven by good luck. As he breathed, the rich spiritual energy submerged into his body, and the fog between Ye Yu's mouth and nose was even more foggy, and there was a feeling of swallowing clouds and fog!

This is a terrifying practice, although it is not as good as the practice of Knock Yun Ling Pill, but it also has the feeling of pouring spiritual energy into the body.

"Although the speed is much faster, it still takes a lot of time to reach the peak of the Spirit Realm." Although this speed is fast, Ye Yu still feels dissatisfied.

Ye Yu took out the paper Cao Feiyu gave him. On the crumpled paper, Ye Yu gave birth to paper that might be Cao Feiyu's buttocks.

"He took it out of his arms and didn't wipe his butt! He didn't wipe his butt!" Ye Yu kept giving himself psychological hints and opened the paper.

Sure enough, there is a seal cutting method on the paper. There is no introduction above, only the lines. The lines outline the seal cutting techniques and Taoist rhyme.

If it is an ordinary person, the seal cutting method is naturally difficult to realize from these lines. But Ye Yu is different. His good fortune is determined to move, the lines are broken down, and everything is clearly presented in front of him.

Ye Yu was immersed in the seal cutting method, and became more and more surprised at the book of heaven. The method that can make it simple is simply against the heavens. It is precisely because of this method that whether he learns combat skills or learns the geography, he is incredibly fast.

Ye Yu sat cross-legged in the spirit gathering formation. When he was tired of practicing, he would learn seal cutting, and when he was tired of learning seal cutting, he would sit down and practice.

Except for Wei Feiyu's crying to death, Ye Yu was immersed in these two things all the time.

After five days in this way, Ye Yu's strength has been greatly improved. Ye Yu finally learned about the seal cutting method.

In fact, Ye Yu was extremely surprised. There were only dozens of lines on the paper, but he kept breaking it down with good fortune, and it took five days to get started.

The rhyme and runes decomposed by this line are beyond imagination. Know that when you learn Lietao Palm, you can do it overnight.

"Is all seal cutting methods so difficult to learn, or is this seal cutting method somewhat extraordinary?" Ye Yu took the butt-wiping paper, why didn't he think this seal cutting method looked extraordinary.

Ye Yu scattered the spirit gathering array, and he used seal carving to engrave the Dao pattern on the spirit stone.

Driven by the seal cutting method, Ye Yu drew a streak of road marks on the Lingshi. But what horrified Ye Yu was that every time a mark was carved out of the seal, Ye Yu's spirit and consciousness were drawn frantically, as if drawn by a water pump.

After carving a piece of bluestone, Ye Yu's aura was reduced by one-third, and even his spiritual consciousness was consumed to a terrifying level.

"This..." Ye Yu was horrified, and the consumption of this seal cutting method was too terrifying.

However, Ye Yu also found that every Dao Mark he drew was much stronger than before.

"It's no wonder that the formation of the seal cutting method is stronger. This is almost a way to draw the spirit and spirit of the practitioner. Can it be strong?"

Ye Yu resumed the side seal carving, and it took a long time to finish all the Lingshi seal carvings.

After the seal cutting, he felt that he was almost exhausted. Qiang Zi cheered up and threw the spirit stones to each node.

"boom..."

When the spirit stone sank into each node, Ye Yu clearly heard a roar.

Then Ye Yu saw a horrible scene, and the aura around him gathered like a water pump.

If the previous Spirit Gathering Array had condensed mist, the spiritual energy of the Spirit Gathering Array at this time was like thick smoke. No, it's even scarier than thick smoke.

The gathered aura has a faint stickiness.

Sitting in it, Ye Yu felt that this formation was ten times stronger than before. Especially the spirit stone, the aura in it was drawn frantically, the Dao marks on it flickered, and the Dao rhyme flowed endlessly.

"Is this the importance of a set of seal cutting methods? The whole formation has become so much stronger!" Ye Yu's heart was shaken, but his heart was somewhat clear.

Why did he and the pavilion master seal the same Dao pattern? The formation he laid was so much stronger than that of himself. Before, I thought it was due to the strength of the pavilion master, but now it seems to be due to the seal cutting method.

Ye Yu restrained his emotions, absorbing the aura of heaven and earth frantically. The sticky heaven and earth aura madly submerged into his body, and the speed of cultivation was not much worse than that of the Knock Yun Ling Pill. The most important thing is that Ye Yu's good fortune is decisive and can quickly integrate these spiritual energy into his body.

Ye Yu is like a whale swallowing water, greedily devouring these heaven and earth auras, and his strength is increasing at a visible speed.

This party's crazy extraction of aura from the Quartet also attracted the attention of Chi Bu Fat and the painting beauty. Chi Bu Fat was still gnawing on the meat, and he appeared outside Ye Yu's Spirit Gathering Array, holding a pen with the ink still in his hand.

“Huh!” Chi Bu Fat stopped gnawing on the meat and let out a horror, “he actually became a landman!”

The painting beauty looked at the Lingshi carved by Ye Yu, and stared at the Lingshi for a long time: “The old man gave him that piece of torn paper!”

“Ah!” Chi Bufaan was taken aback, he also turned to look at Lingshi, “Really gave it to him! I saw it in the arms of the old man a few days ago.”

The painting beauty shook his head and said, “I didn’t expect it to fall into his hands!”

“Hey! We are also ridiculous. In addition to torturing us to temper the soul, the first thing the old man did was to give us this piece of paper. We all disliked this torn paper and never asked for it. And Mo Wushang is even more funny, old man. When he gave him this piece of paper, he just grabbed it and lost it. He felt that the old man was insulting him and vomited blood on the spot.” Chi Bu Fatty smiled, “A few of our disciples, including the younger sister and your one. Fiancee, don’t everyone think that this is the old man’s ass-wiping paper? I didn’t expect that it would fall into his hands!”

“Sometimes when we have nothing, it’s not a bad thing!” Painted Beauty exclaimed, “We started from too high and we have seen too many good things. On the contrary, we are picking and choosing. This little junior has nothing to do, but there is a kind of thing. The mentality we don’t have.”

The painting beauty nodded and said: “The old man gave this thing to every disciple, it’s ridiculous that we...haha!”

“It’s just a surprise that the old man will accept disciples after an incident like Mo Wushang, and the treatment will be the same as us!” Chi Bu Fat said.

“You can’t stop drinking water just because you have choked it once.” Painted Beauty replied, “It’s just that our junior brother is not what you and I think, there is nothing.”

“Huh?” Chi Bufaan didn’t understand.

“Didn’t you say that he only got the paper for a few days?” said the painting beauty.

A word to wake up Chi is not fat, Chi Bu Fat is horrified and said, looking at the painting beauty in amazement: “That is to say... he started in a few days?”

...

Chapter 72 Beauty in the country

How can Chi Bufaan not be shocked, he will be able to get started in just a few days? But all of this happened in front of him, so Chi Bufaan had to believe it.

“You can get started in just a few days, can you do it?” Chi Bufaan asked Huamei Rendao.

“Even in my realm at this time, it would be difficult to get started in a few days!” Painted Beauty shook her head.

“But he’s only a spiritual realm!” Chi Bu Fatty muttered to himself, looking at Ye Yu for a long time, unable to calm down.

“What’s more, not everyone can get started with the things on the torn paper. Otherwise, even if the realm is enough, it is still difficult to get started. Although our vein is tempered by the old man, the reason for his torture makes it nothing to get started. Question, but this speed...” Painted Beauty paused when she said, “So I said that our junior is not a simple character! Look at the speed at which he devours the spiritual energy of heaven and earth!”

Ye Yu in the field was devouring heaven and earth aura like a whale swallowing water. This speed made Chi Buchu’s eyes gleaming.

“Such a superficial formation, although it can gather spirits. But the gathering of spirits is not something everyone can digest, but he can completely swallow the gathered spiritual energy. This is enough to prove his practice. Extraordinary, and his own roots are deep.” Painted Beauty said.

“It is not ordinary to be afraid of the Nine Profound Yin Lightning and ghost fires,” Chi Bufang said. “The old man’s eyesight has to be said to be harsh, far from what we can compare!”

After finishing talking, Chi Bufaan returned to normal, and again picked up the bones and began to gnaw meat, swaying his fat body away from here.

After the painting beauty stared at Ye Yu for a while, he also left quietly.

...

Ye Yu was madly devouring the aura of heaven and earth, and his strength was increasing crazily. It was as if he was constantly knocking on the soul storage pill, and his strength increased beyond imagination.

For a week, Ye Yu madly swallowed the spiritual energy of heaven and earth, and his strength soared all the way, finally breaking through to the peak of the spiritual realm.

And when Ye Yu reached the peak of the aura spirit realm, all the spiritual energy of the spiritual stone was drawn out, and the spiritual stone that turned into a normal stone only lasted for less than twenty breaths before it all shattered, and the formation disappeared instantly. .

“Fortunately, it is in Feilong Mountain. Otherwise, even if the spirit gathering formation is deployed, such a vast aura can’t be gathered!” Ye Yu felt the aura of heaven and earth in his body, with a smile on his face.

The peak of the Yunjing realm has finally been reached, and the next step is to break through to the marrow washing realm. As soon as I enter the marrow-cleansing realm, do I still use it, afraid of Situ Zhengtian?

And as long as you reach the marrow-cleansing state, you don’t need to stay in Bi Tao Pavilion to avoid the Skyfire Sect. If you reach the cleansing marrow state, you will be a strong player in Kyushu.

“But how to reach the marrow-cleansing realm is a problem!” Ye Yu muttered in his heart. Although his strength is skyrocketing at this time, he is confident to face any spiritual realm. Washable marrow realm... Ye Yu personally felt the power of the washed marrow realm in Qingyang City. That kind of power is completely overwhelming the Yunling realm. Even if Ye Yu’s strength soars at this time, he still can’t do it if he wants to fight the wash .

The gap between the great realm is the sky moat, just like the Hong Chen realm and the Yun Ling realm, the Yun Ling realm crushes the red real realm!

Moreover, Situ Zhengtian is not an ordinary marrow-washing realm. As the elder of the Green Tower for many years, who knows what his cards are.

“Little Junior Brother! Come, come!” As Ye Yu walked outside the house where the beauty was painted, Chi Bufaan chewed on his bones and waved to Ye Yu to enter the house.

Ye Yu pointed to his nose, surprisingly why Chi Buchu would call him into the house of painting beauties. Painting beauties has always been cold, and I hate others to disturb him in painting.

Ye Yu walked into the room and saw that the beautiful woman was painting. Ye Yu took a sip of the tea on the table of the beautiful woman and took a look at the scroll, but with this look, Ye Yu spouted a sip of tea.

“Damn! What rags did you paint?” Ye Yu was stunned.

A sip of tea was sprayed on the painting scroll, the face of the painting beauty became more cold, the paintbrush in his hand suddenly smashed, and he looked at Ye Yu coldly.

“Little Junior Brother, when you are done, you dare to damage Senior Brother’s beautiful pictures of Jiangshan!” Chi Bufaan looked at Ye Yu sympathetically.

“Huh? Jiangshan beauty?” Ye Yu didn’t hold back, and another sip of tea came out.

Does this **** have a face called Jiangshan Beauty Picture?

The handwriting on the forehead of the scroll is as abrupt as weeds, and that black tuft is a mountain? Wouldn’t the cross be a tree? And what is that little chicken-like thing flying in the sky? Is the eagle failing?

And the beauties...two brothers...you don’t let me cast a shadow on the word beauties, okay? A round head and an elliptical body combined with the limbs represented by four straight lines is a beauty? Oh, by the way, there is still a black tuft on the head, should it be beautiful hair?

It was the first time Ye Yu saw a painting of a beautiful woman. Ye Yu always thought that he was so obsessed with painting that he would paint well. But after seeing it, Ye Yu thinks his graffiti with his eyes closed is better than this?

“Do you have an opinion on my picture of Jiangshan Beauty?” The painting beauty stared at Ye Yu, still with a cool look, her eyes staring at Ye Yu coldly.

“No! Absolutely not! Such a stunning work, how could I have an opinion, I am shocked!” Ye Yu exclaimed, “Just look at this eagle, although it is like a chicken, but the chicken is soaring in the sky. , It gives people a strong drop and a sense of surprise, and it has the magical effect of returning to the basics, high, really high, this eagle painting is absolutely amazing!”

Ye Yu was full of praise, with a look of excitement!

“That’s a phoenix!” said the painting beauty.

“Puff...” Ye Yu almost squirted out a mouthful of old blood, big brother, don’t you scare me?

“Hahaha!” Chi Buchu laughed loudly, pointing at the painting beauty and said, “You alone think that you are good at painting! What kind of broken paintings you painted, hahahaha...”

Ye Yu looked at the colder and colder expression of the painted beauty. Ye Yu yelled at Chi Bufaan: “Second brother, this is your fault. How can you laugh at someone’s dream? Everyone’s dream is Holy, not to be defiled!”

Chi Bufaan gave Ye Yu a glance and said, “Say these words when you look at his paintings!”

“Even if I watch it ten times again, I would say the same thing. Dreaming sometimes looks ridiculous, but how can I know if I don’t work hard...” Ye Yu once again looked at

the words of the painting beauty, "That...big brother, want How about we change our dream?"

Ye Yu really can't go against his will, even if it is immoral to fight against other people's dreams.

The brush for painting the beauties was lost, and they looked at the two with cold eyes: "The layman is a layman after all, how can I understand my realm!"

"..." Ye Yu and Chi Bufang looked at each other, and they were speechless!

Seeing that the painting beauty was about to pick up the paintbrush and paint again, Chi Bufaan quickly said, "I'll talk to the younger brother first!"

Ye Yu was taken aback, thinking that these two people have something to tell him? And it's so formal!

...

Chapter 73 Six people

"It's been a long time since you got started, and you passed the arduous assessment task that I gave you, so you are already a true disciple of our school!" Chi Bufang said to Ye Yu formally with a face.

Ye Yu's mouth twitched slightly, and he couldn't help thinking of the task of sending a letter to Shi Jingyi. He wanted to kill Chi not fat.

"Second elder brother, you must not do it yourself when you write a love letter in the future!" Ye Yu reminded Chi Bu Fat, he was afraid that Chi Bu Fat's generation would cut the Chi family's blood.

"It's very well written, sincere and sweet!" Chi Bufang replied to Ye Yu.

"..." Ye Yu quickly changed the subject, "It's better to talk about business. Second Brother, what are you looking for with me?"

"Since you have entered this school, naturally I want to introduce you to this school! This school is called Wenxinjiao. Of course, it was not called this name before, but it was changed a few years ago." Chi Bu Fat said.

Ye Yu couldn't laugh or cry, thinking that the name of the school can be changed at will?

"What was it called before?" Ye Yu asked.

"I don't know this! I have to ask the senior brother, except for the senior brother and the master, no one else knows what it used to be?" Speaking of this, Chi Bufaan also looked at the painting beauty curiously.

At this time, the painting beauty put down the brush, and the cold face that was more fascinating than the beauty turned to Ye Yu: "Knowing too much is not good for you. You only need to know that it is called Wenxin teaching now. The first lesson to teach you today is Ask your heart!"

"Ask your heart?" Ye Yu didn't understand.

"One way of practicing, one is cultivating the Tao, what is the Tao? It is the Tao mind! Straight heart leads to straightness! Only a person with a firm mind can excel at Tao!" said the painting beauty, "a person's practice needs to be clear. Whatever you want, practice because of what, and find your own heart, only then can you gain the Tao!"

Ye Yu stunned: "My Dao Heart is very simple, that is, as long as it becomes stronger, it is best to reach the point of crossing the galaxy!"

At this time, the painting beauty shook his head and said: "You don't have to rush to answer me. Some things, you can't find the answer in a moment, you need to keep beating your heart, and you can show it right up to your nature. The first lesson to teach you today, It is also the most important lesson in this subject, which is to ask the heart."

Ye Yu feels that these two people are insane, so he can tell himself this when he drags him down? Do you get up every morning and ask yourself: This handsome guy, why are you practicing? What is your nature?

The painting beauty did not care about Ye Yu's rolling eyes, but took out a jade box with a crystal clear jade.

The jade was directly pressed on Ye Yu's forehead by the painted beauty. The jade instantly turned into a clear spring and plunged into Ye Yu's body, and a curse sounded deep in his heart.

"This jade is a jade for asking the heart, and any disciple has it. The inner questioning mantra! The heart asking mantra can neither increase your strength nor increase your combat power. It has only one function, which is to help you free yourself and enter the meditation. Realm, the sword points to the heart field!" said the painting beauty, "Of course, this also requires you to be willing to ask, otherwise the curse won't work!"

"Ask the heart curse?" Ye Yu muttered to himself, looking at Chi Bufaan and the painting beauty, "You beckoned to your heart and asked, won't one of the questions come out about eating, and the other about painting?"

If Ye Yuxin wanted to be like this, he wouldn't ask if he was killed, he didn't want to become a lunatic!

"Since it's the original mind, how can I say it?" Chi Bufang shook his head and said, "If you practice a journey, if you lose your heart, what's the use?"

Ye Yu was silent and couldn't help thinking of the words in his previous life, 'Don't forget your original intentions and always have them.

"You just do what you want, and Wen Xinjue has already passed you on. As for how to do it is your own business, everyone chooses their own way. You are responsible for what you will become!" said Huamei.

Ye Yu nodded. Although he thought he was weird, he decided to try it. He only hoped that he wouldn't become as crazy as the two of them.

Ye Yu certainly didn't know at this time, and asked what Xinfeng learned would bring him in the future?

Seeing that the painting beauty has completed the task, he waved his hand to let Ye Yu and Chi Bu Fat leave here.

"Two brothers, listening to what you mean, it's like we asked Xinfeng there are others?" Ye Yu asked.

At this time, Chi Bufaan said: "We asked Xinfeng that there were seven people in total. No, it should be six now!"

Seeing that Ye Yu didn't understand, Chi Bufaan continued: "The old man's disciple, you and I painted the three beautiful women, there is also a younger sister, a total of four disciples!"

"Then who are the other two?" Ye Yu asked.

"There is another named Mo Wushang. The old man who had been a teacher back then was considered to be a disciple of Xinfeng. However, he was expelled from the mountain gate by the old man. So no longer counted as a disciple of Xinfeng!" Chi Bufan explained.

"Why were you expelled from the mountain gate?" Ye Yu was curious.

"It is not a sin for a person to play conspiracies and tricks. It is a sin if you can use it on your own person." Chi Bu Fat said, "Some people are greedy and cold-blooded by nature. Naturally, you can't stay by your side!"

“Mo Wushang is very talented and very strong. But he wants to take things from the teacher. Of course, he has not forgotten the beauty of the greedy little sister, and he can do things like drugging the little sister. , Who would dare to keep him by his side.”

Ye Yu suddenly did not ask much.

“Then there is another person?” Ye Yu asked.

“Naturally is the fiancée of the big brother.” Chi Bu Fatty smiled. “Although she did not worship the old man as a teacher, the old man still tried her best to give her advice. We have to ask the heart to decide, naturally we ask the heart to teach people!”

Seeing that Chi Bufaan smiled so strangely, Ye Yu wondered: “Isn’t it the big brother, the fiancée who looks ugly, are you so happy?”

“Ugly?” Chi Bufaan said, “Whether it is the younger sister and the big brother’s fiancée, they are all beauties who make the beauty of the world lose their colors.”

“Little Junior Sister, I won’t talk about it. You will understand what a natural beauty is when you see her. For a woman who can make people lose themselves with a smile and a smile, they can’t talk about them, and they’re so bloody. You don’t need to say too much. Many. But I’m reminding you that although you are late to get started, it can be seen that she is best called Junior Junior Sister, or she is conceited!” Chi Bu Fat said.

“Is there such an exaggeration?” Ye Yu muttered in disbelief.

“As for the big brother’s fiancée, invert the appearance of all living beings, and combine the beauty of the world with one body. The beauty is that the big brother is...oh...” Chi Bufan said, his body suddenly flew out.

The painting beauty slapped Chi Bu Chuan directly with a slap.

Seeing the painting beauty turned his eyes to him, Ye Yu said quickly: “I’m going, I’ll go quickly!”

Ye Yu didn’t want to be slapped, so he quickly left the house of painting beauties.

And at this time, Ye Yu heard Chi Bufaan roaring outside: “Drawing a beautiful woman, you coward. You have no ability to face her. What a good man to bully me, your ancestor’s, you have beaten Lao Tzu’s meat! ”

Seeing that the painting beauty walked out with a gloomy face, she slapped her slap to the pool again. Ye Yu hurriedly left, for fear of harming the pond fish.

At this moment, a loud bell rang.

Ye Yu was taken aback for a moment, when the bell of Longshoufeng rang, what happened again?

...

Chapter 74 Rootless Yan

Dragon Head Peak!

The master of Bitao Pavilion rang the bell, and the Bitao Pavilion gathered in one hall.

As a core disciple, Ye Yu stood in the forefront of the disciples with Guo Yulin and Yin Junxin. Shi Jingyi also stood beside her, her snow-white dress fluttering, drawing out her slender and beautiful figure, with a slender waist and beautiful black hair. , Jiao Xun Mingyan is extremely eye-catching.

Only then did Ye Yu know that Shi Jingyi was actually one of the core disciples.

When Yin Junxin saw Ye Yu, he snorted in a low voice, "Finally persuade you to let out the chief disciple, otherwise you will suffer."

Seeing that Yin Junxin had recovered his face, he smiled: "Would you like me to point you again? Right now, all the people in the pavilion are here. It must be more exciting than the last time!"

Yin Junxin gritted his teeth with hatred, turned his head over, and muttered: "Wait, you will know that I only remind you for the sake of the same door!"

While Ye Yu and Yin Junxin were talking, the pavilion owner pressed his hands and fell silent in all directions: "The two core disciples brought back news a few days ago and found a secret realm in Shazhou. At this time, the sect had already sent someone to confirm it. It is an unexplored secret realm."

Many disciples looked at each other, and Kyushu was vast. The place where the world lives is actually not much, and many places have not been involved. Many secrets are discovered in Kyushu every year. Everyone has been used to them. The pavilion owner is ringing the bell because of this? And ask all the disciples to come?

But the following words from the pavilion made the Quartet in an uproar.

"In this secret realm, Liang Bufan confirmed the existence of Root Yan in it!"

Ye Yu was also taken aback by these words, staring at Pavilion Master Bi Tao, then his face was overjoyed.

"Oh my God! Is there any root Yan?"

“When it is rumored that the phoenix nirvana, there is no root Yan, and the rootless Yan has the magical effect of washing the marrow and cutting the bone!”

“Ordinary people practice, and after reaching the peak of the spiritual realm, they rely on the spiritual energy to continuously nourish the whole body, and then baptize. But if there is no root Yan, the rootless Yan and the spiritual energy are combined to baptize, the speed is a hundred times the speed of their own practice!”

“Rootless Yan baptism is not only speed, the most important thing is... it is the most thorough after the baptism, and the effect is far from the effect that can be achieved by the spiritual baptism!”

“The marrow-washing state achieved by Rootless Yan is far from comparable to the marrow-washing state achieved by spiritual qi practice.”

“ ... ”

Everyone talked, they were all shocked by the news. They finally understood why the pavilion master rang the bell and still needed all the disciples to come.

“Quiet! Quiet!” Pavilion Master Bi Tao suppressed the noise around him, and said to everyone, “That secret realm is not only discovered by our family. The Skyfire Sect and the Meteorite Sect also discovered that there are some big family forces in Kyushu. Also found out.”

“The three sects have always been incompatible with fire and water, so today the secret realm is not only facing the danger of the secret realm, but also facing the killing of the other two disciples.”

“So except for the core disciples who must go this time, other disciples who have reached the spiritual realm sign up voluntarily.”

“I remind everyone again: this time, it is extremely dangerous and all applicants will have their lives and deaths!”

One sentence suppressed most of the excited disciples, they thought that the sect had explored the secret realm in the past, as long as the three secret realms were in the same place, the deaths and injuries would be tragic, sometimes even more than half.

And this time there is such a treasure as Rootless Yan, for fear that the secret realm will be even more tragic. No one dared to make fun of his life.

“The two peak masters, Biyun and Bixia, who are leading the team this time, are accompanied by five elders at the same time.” Pavilion Master Bi Tao said, “The disciples who are going to go, go to the five elders to sign up! In addition, the core disciples come!”

Ye Yushi Jingyi and the others walked to Pavilion Master Bitao, and did not understand what the Master Bitao had ordered.

The master of Bitao Pavilion looked at Ye Yu and said to the others: "Going this time, according to the usual practice, headed by the chief disciple. All the disciples who enter the secret realm, the chief disciple is responsible for their safety, and strive to maximize the interests of Bitao Pavilion!"

Yin Junxin interrupted at this time: "Pavilion Master, Brother Liang..."

Pavilion Master Bitao glanced at him, and interrupted: "The other core disciples are supplemented by the assistance of the chief disciple to manage other disciples!"

"Yes!" Although Yin Junxin and Guo Yulin were dissatisfied, the pavilion master said that they could only bear it.

Pavilion Master Bitao looked at Ye Yu and said to Ye Yu: "The secret realm here is very different from the past. Since you are the chief disciple, you have to take on the responsibility of the chief disciple."

"Can I not bear it?" Ye Yu looked at Bitao Pavilion with a bitter expression. This sentence made Yin Junxin snorted and muttered, "You have been let out a long time ago!"

Pavilion Master Bi Tao glared at Ye Yu: "Don't talk nonsense here, since you are the chief disciple, you must have the responsibility and majesty of the chief disciple!"

"The news from Liang Bufan, the densely incomplete geography means in the secret realm, is a kind of tempering and cultivation for you. Of course, I also hope that you can cut through the thorns for many disciples."

Ye Yu could only nod his head when he heard the pavilion master say so. I know that the pavilion master wants to take care of many disciples by his own geography.

"Okay! The other two peak masters instructed Biyun Bixia to point you on the road, and hope that all the disciples will come back safely during this dispute over the secret realm!" Pavilion Master Bi Tao said.

Ye Yu and the others bowed to the pavilion master and walked sideways, but they happened to see Situ Zhengtian.

"I heard whether there is Root Yan, can't wait to fly over right away?" Situ Zhengtian looked at Ye Yu, showing a mocking color.

"Of course, De Root Yan stepped into the marrow-washing realm, and then slowly tortured you old man!" Ye Yu looked at Situ Zhengtian coldly.

“There is not much time left in three months, let alone whether you can get Rootless Yan, even if you get it, you can definitely enter the marrow washing realm?” Situ Zhengtian sneered.

“Don’t worry about this!” Ye Yu looked at Situ Zhengtian. Ye Yu felt that this secret realm came in time. He was still considering how to reach the marrow-cleansing realm, but he didn’t expect to find a baby like Root Yan, no matter what, he must get it.

Situ Zhengtian leaned over Ye Yu’s ear and said in a low voice: “Take my son’s position as the core disciple and cut his future. You and I will never die. I will definitely break your body into pieces. No one can save you. !”

Ye Yu’s pupils contracted, and he looked at Situ Zhengtian scorchingly: “For those who want to kill me, I don’t want him to live!”

Situ Zhengtian sneered, and walked away with disdain.

Ye Yu looked at the back of Situ Zhengtian leading a few disciples away, his face was gloomy, this guy was so arrogant.

far away!

Situ Zhengtian’s disciple said with some worry: “The elders are not afraid that he will really reach the Rootless Flame and the strength to reach the marrow-washing state. With the strength that he can pass the three levels and reach the marrow-washing state, he is afraid...”

“What are you afraid of? What if he reaches the marrow-washing state? If he achieves it, wouldn’t it be unpleasant to kill!” Situ Zhengtian’s eyes flashed fiercely, and the corners of his mouth raised disdain, thinking that he could deal with the marrow-washing state. me?

It’s just a matter of life and death!

Chapter 75 Mystery

Shazhou!

The sky is full of yellow sand, barren, it is hard to see the green at a glance, and occasionally there are only sand snakes in life.

Sand snakes are fierce. Perhaps because they are too hungry in the long yellow sand, they attack when they see creatures. It is also true that few people set foot in Shazhou.

At this time, in Shazhou, hundreds of people rode unicorn horses and brought the rolling yellow sand straight into the depths of Shazhou.

There were two hundred and thirty-nine disciples who signed up for Bi Tao Pavilion, and each of them had the strength of the spiritual realm. More than forty people have reached the pinnacle of the Yunling Realm in strength.

Ye Yu couldn't help but sigh at this time that Bi Tao Pavilion is worthy of being one of the three major overlords of Kyushu. To know that a spiritual realm is outside, it is enough to support a small family.

It's no wonder that the Yan family said that the Sky Fire Sect was a behemoth, and for ordinary people, it was indeed a behemoth.

But what surprised Ye Yu the most was that more than forty of the disciples who came this time reached the peak of the spiritual realm. Most of these people have been inside disciples who have been in the field for a long time, and some have been at the peak of the spiritual realm for several years, and the accumulation of depth is beyond imagination.

Yin Junxin and Guo Yulin, these two core disciples, saw that some of them were called Senior Brothers, and they did not have the pretense of being a core disciple.

"The disciples of Bitao Pavilion I met in the past didn't feel very good. Now it seems that the real strongmen are practicing in retreat!" Ye Yu sighed.

For example, Ye Yu had never seen any of the dozens of people at the peak of the Spirit Realm. If it hadn't been for the appearance of Rootless Yan, fearing that they would not appear yet, these people would have been trying to break through the marrow-cleansing realm.

"It seems that this time facing the Skyfire Sect and the Meteorite Sect, you have to be careful and careful. Those two cases will definitely not be worse than the Bi Tao Pavilion!"

Along the way, Peak Master Biyun repeatedly reminded everyone to pay attention. Two peak masters and five elders opened the way, and Sand Snake did not pose any threat to them.

The unicorn galloped, and finally reached an oasis before stopping.

An oasis appeared in the yellow sand in the sky, which made people feel very happy. Many disciples were excited and wanted to rush into the oasis, but they were blocked by the master of Biyun Peak. At this time, I saw a young man riding a horse appearing in front of everyone.

"Brother Liang!" Seeing this young man, many disciples respectfully saluted, and the two peak masters, Biyun Bixia, also smiled.

“Uncommon hard work, you should be the first to discover this secret realm!” Peak Master Biyun said.

“With the help of Guo Yin and the other brothers in the school, this was the luck to find this place!” Liang Bufan said humbly, turning to Shi Jingyi, his eyes soft, “Sister Poem, you are here too!” ”

“Brother Liang!” Shi Jingyi nodded.

Peak Master Biyun is full of smiles. He understands the thoughts of these young people. At this time, he couldn’t help but look at the indifferent Peak Master Bixia next to him and said, “Unfan, you can talk about the specific situation!”

“Okay!” Liang Bufan turned his gaze away from Shi Jingyi’s beautiful face, and then said, “The secret realm here should have been formed by the four directions. Shazhou is an oasis!”

“I have been in it. There is a lot of space in it, and the aura is no less powerful than our Bi Tao Pavilion. And there are many incomplete formations in it. I don’t know if it is natural or man-made!”

“But no matter how it is formed, the first thing to be sure is that this secret realm has the luck of heaven and earth, and it has gathered the four directions for good fortune and has the conditions for the formation of rootless flames.”

“And we did find many traces of rootless flame burning in it, and there is no doubt whether there is rootless flame among them!”

After Liang Bufan said this, he looked at Peak Master Biyun.

“It seems that this place has indeed been transformed into a heaven and earth.” Peak Master Biyun said, “What else do you want to add?”

“The secret realm here is shrouded by the battlefield, and the aura of Gathering Shazhou Heaven and Earth is here. But it is very strange that the battlefield resists the entry of practitioners above the marrow-washing realm. The elder who I asked me to verify before wanted to force it in, but was backlashed by the battlefield. The injury has not yet recovered at this time!”

Peak Master Biyun was surprised: “Is there such a thing?”

Liang Bufan nodded and said: “To enter it, you can only enter at a few weak points of the battlefield. As long as the washable marrow realm is close to these weak points, the Daoyun of the washable marrow realm is actually absorbed by the battlefield and supplemented to the weak points. It becomes difficult to break through everywhere!”

“Swallowing the sky and authentic charm!” The two peak masters of Biyun Bixia looked at each other, shaking in their hearts, looking at this secret realm with awe.

This secret realm is really blessed by the heavens and the earth, and the formation formed can actually supplement the secret realm with the heaven and the authentic charm. No wonder the secret realm can form such a treasure as Rootless Yan.

Reaching the marrow-washing state, the body has its own natural rhyme. In this secret realm, the rhyme of Taoism in people is also regarded as a source of supplementing it.

“It’s no wonder that the closer you get to this world, the more barren it is. It turns out that all the good fortune has been taken away by it!”

Peak Master Biyun sighed, “Since the elders and I can’t get in, the chief disciple Ye Yu will lead the team this time. We will stay here. If there is any danger, you rush out of the secret realm and seek refuge here!”

Liang Bufan was taken aback and couldn’t help turning his head to look at Ye Yu. Even though he got the news that someone had passed three levels and became the chief disciple, he never thought that the peak master would give up on him who was more familiar with the secret realm and let Ye Yu lead the team.

“Is there a problem?” Peak Master Biyun couldn’t help asking when everyone was silent.

Both Guo Yin looked at Liang Bufan, and they both wanted Liang Bufan to lead them.

“No problem!” Liang Bufan said after all.

“Brother Liang!” Guo Yulin said anxiously.

Peak Master Biyun glanced at Guo Yulin, pretending that he hadn’t seen it, but turned to Ye Yu and said, “This time you lead the team, and the safety of the same sect brother will be in your hands. Remember, you are the chief. Disciple, you must have the responsibility and mind!”

Ye Yu looked at the obviously dissatisfied Guo and Yin, and muttered: “I don’t mind handing over the chief disciple!”

“You are more suitable than extraordinary!” Peak Master Biyun’s words caused many disciples to curl their lips, thinking about him? It’s more suitable than Brother Liang, you’re kidding, Brother Liang can knock him over with one hand!

“Being a gentleman is more likely to suffer from the other two cases. You can rest assured!” Peak Master Biyun said another reason.

“Damn!” Ye Yu glared at Peak Master Biyun, what are you talking about? It means that I am not a gentleman, I am a villain, right?

“What kind of eyes, you are even more shameless!” Peak Master Biyun slapped the back of Ye Yu’s head and yelled angrily.

“...” The words made many disciples laugh out loud, and even Shi Jingyi’s mouth arched.

“Since it is the chief disciple leading the team, please let the chief disciple tear open the battle and let us enter the secret realm!”

Yin Junxin saw that he couldn’t change it. He pointed to the oasis ahead with some sarcasm and said, “That one is a weak spot, but it is difficult to tear apart the ordinary spiritual realm. Of course, I can’t tear it apart. Brother Liang is fine, but you are the chief disciple. , Of course you did it now!”

Ye Yu looked over and saw that the aura of heaven and earth fluctuated violently there, and the forces of heaven and earth were intertwined there. As a landlord, he could see the powerful power contained in it at a glance.

“Please!” Yin Junxin said, he just convinced Senior Brother Liang even more.

Others also looked at Ye Yu. If the chief disciple couldn’t even open the channel for everyone, this face would be greatly embarrassed.

And from Yin Junxin’s mouth, they knew that they couldn’t shake the least of their full shots.

Peak Master Biyun frowned at this time, he naturally saw that it was not easy to open a hole. Some worried look at Ye Yu. Failure to do this will have a great impact on Ye Yu’s prestige. How to lead these disciples?

...

Chapter 76 Bear it

“Let me come, I have experience in doing this!” Liang Bufan stood up and said, looking at Ye Yu.

Ye Yu shrugged and walked towards the weak spot. As a landman, Ye Yu was more thorough than others saw, and the aura in his body surged towards the intersection of the battlefield.

The secret realm was completely covered, and the place where Ye Yu was located was its node. The spirit is rolling, constantly rushing into it.

When Ye Yu shot, the surging spirit rushed towards him, carrying huge strength.

Ye Yu didn't panic, the momentum on his body rushed out violently, and he resisted the impact of the spiritual energy. He violently opened one side, and the battle was actually torn open.

The mouth is not very big, only the size of a fist, but Yin Junxin stares at Ye Yu blankly: "He has actually reached the peak of the Yun Ling realm!"

Many disciples were shaking. More than ten days ago, Ye Yu was only a great achievement in the spiritual realm, but now he has become the peak of the spiritual realm?

Shi Jingyi's beautiful eyes also fell on Ye Yu's body, and he was really surprised on the way he practiced.

"open!"

In everyone's gaze, Ye Yu's sudden violent power and mighty force blocked the impact of the aura from the outside world, and he opened a human-sized hole alive.

Looking at this scene, Guo Yin's complexion was a little blush. They wanted to take the opportunity to make Ye Yu embarrassed, but they never thought that Ye Yu could really hold up the battle.

Peak Master Biyun also smiled, not in vain to value this kid. Sure enough, he didn't disappoint him, he unexpectedly reached the peak of the aura spirit realm.

If he can get Rootless Flame this time, maybe he can really enter the marrow washing realm within three months and be able to fight Situ Zhengtian.

"Hurry in, remember, in this secret realm, you must pay attention to safety, rootless flames are second, life is the most important."

Speaking of this, Peak Master Biyun looked at the three core disciples of Liang Guoyin again: "You must do a good job of assisting Ye Yu."

"Yes! Peak Master!"

Although the two Guo Yin said so, they didn't care about it in their hearts. This guy wants to convince himself, is he dreaming?

"The disciples at the peak of the Yun Ling realm enter the secret realm first, the other male disciples follow, and the female disciple walks last!" Ye Yu held up the battle and ordered.

After Ye Yu's words fell, the disciples passed through the openings opened by Ye Yu one by one into the secret realm.

Yin Junxin walked in first. He glanced at Ye Yu and said, "Don't think that I will convince you if your strength soars, anyway, I won't accept it!"

"Get out of here!" Ye Yu kicked Yin Junxin on his body and kicked him in. "It doesn't matter if you don't accept it, I'll beat you!"

"Ye Yu, I'm going to your uncle, even if I get beaten by you every day, I won't accept you!" Yin Junxin was kicked and roared again and again.

Ye Yu didn't bother to pay attention to him, and urged his disciples to go in quickly.

When the last female disciple entered, Ye Yu looked at the two peak masters and the five elders.

Peak Master Biyun did not dare to get too close to Ye Yu, fearing that the formation would absorb his Dao Yun and affect the formation. He took a bag of things and threw them in the direction of Ye Yu: "In this secret realm, be careful, these things The pavilion master asked me to bring it to you to protect the disciple!"

Ye Yu picked it up with a single hand and found that it was a bag of spirit stones with hundreds of them. This made Ye Yu overjoyed and kicked things in his arms: "Thank you, Pavilion Master and Peak Master!"

After speaking, Ye Yu turned and walked into the secret realm.

Peak Master Biyun watched Ye Yu go in, and couldn't help but sighed: "I hope they can get Rootless Flame, and provide a few more marrow-cleansing realms for Bi Tao Pavilion."

"Ye Yu can't convince the crowd!" The Bixia Peak master stood there. Although she was middle-aged, she was not beautiful and graceful.

"I'm not worried about that. This kid has no face and no skin. I think I can do it until these disciples convince him!" Peak Master Biyun smiled.

"You have so much confidence in him?" Peak Master Bixia asked, "When I saw it, Liang Bufan was able to hold the scene, and everyone was convinced of Liang Bufan's prestige!"

Peak Master Biyun smiled, thinking that Ye Yu's abilities are really not good enough, so don't feel wronged by letting Liang Bufan the chief disciple.

“Bixia, you see that the disciples have all gone in, and we are also bored here, or else look around the scenery of Shazhou?” Peak Master Biyun said with a polite expression.

“Get out!” Peak Master Bixia was full of red clouds, and turned and left with an annoyance.

...

Entering the secret realm, Ye Yu, who had been suffering from sand and dust all the way, quickly walked into heaven on his own. The air was fresh and full of spirit, which was indeed a blessed place.

After taking a few greedy breaths, Ye Yu looked at more than two hundred disciples, among them there were more than fifty female disciples, most of whom were from Bixia Peak.

“Liang Bufan, you are more familiar with this secret realm, first find a place to bring the disciples to camp, and then inquire about the news of Rootless Yan!” Ye Yu said to Liang Bufan.

Liang Bufan hadn’t spoken yet, and Guo Yulin said hey at this moment: “You are the chief disciple. It is inappropriate for Brother Liang to do such a thing!”

In a word, everyone’s eyes turned to Ye Yu in an instant. Is Guo Yulin picking things up?

Ye Yu ignored him, but instead looked at Liang Bufan: “Did you teach him to say this sentence, or did he say it himself?”

Liang Bufan frowned, and Guo Yulin said coldly before he spoke: “This is the voice of all our disciples. I don’t want to put my life in the hands of people like you.”

Ye Yu finally turned his gaze to Guo Yulin and walked in front of Guo Yulin. In everyone’s gaze, Ye Yu shot like lightning, slapped directly on Guo Yulin’s face.

With a clear and sweet slap, Ye Yu took out two front teeth by Guo Yulin, his mouth was bleeding, and his body flew out.

“You...” Guo Yulin didn’t expect Ye Yu to say that he would do it, and he was so cruel, he roared, his eyes burning with anger and hatred to the extreme.

Ye Yu did not look directly at him again, his eyes suddenly became cold, and he swept across all the disciples: “I know that many of you disagree with me. But I’m sorry, I am the chief disciple. You do not agree. Give it to me too.”

“Who knows if you, the chief disciple, can make it to the end?” Guo Yulin said bitterly.

"Whether you can do it in the end this is not what you worry about! At least I am still!" Ye Yu said coldly, "If you are not satisfied, you can stand up again. I may not have other abilities, but the ability to slap you is still good. of."

Speaking of this, Ye Yu continued: "I don't need you to be convinced, as long as you listen to my instructions to do things. As for those who dare to violate the power and the yin, I think I still have a bit of strength, so I can directly paralyze you and throw you out of the secret realm or do it. owned!"

"you..."

Guo Yulin wanted to speak, but was swept away by Ye Yu's eyes, "Would you like to try now?"

Guo Yulin finally retreated under Ye Yu's eyes, he did not dare to try. He definitely couldn't beat this guy, he could beat Yin Junxin in the Dacheng period, and now he is not an opponent at the peak.

Guo Yulin looked at Liang Bufan, afraid that only Senior Brother Liang could suppress him. But Liang Bufan did not speak.

"This time the pavilion master asked me to lead the team, you don't want to, and I don't want to either. But since this is the case, I hope you can recognize the reality." Ye Yu looked at these people.

"The Secret Realm is dangerous. I don't want some people to be self-righteous and don't listen to instructions. Your actions are not just your own life, but may affect the lives of many disciples." Ye Yu said to many disciples, "I don't want to be because of some people. Your stupidity ruined everyone."

"One more time, if you don't listen to the instructions, then lie down and leave the secret realm. Later, in the name of the chief disciple, he will ask the Law Enforcement Hall to deprive him of his identity as a disciple of the Bi Tao Pavilion!"

One sentence caused an uproar among many people, and they didn't expect Ye Yu to be so cruel.

"Maybe why do you want to? Do you deprive you of deprivation? Isn't the elder's house opened by my house?"

Ye Yu said this with a smile: "You don't need to worry about this? I don't have any other skills. I think it's okay to frame and frame. Fabricating a crime is really nothing to me!"

A word made the people present dumbfounded. Is this their chief disciple? Threat! Naked threat!

"I'm a threat!" Ye Yu looked at everyone without concealing it. "So it's good for you to be obedient. As for what you think, I really don't really care. If you have any comments, bear with it!"

"The words are all here!" Ye Yu looked at the many disciples, turned to look at Liang Bufan and said, "I wonder if you would like to find a camp for us?"

"Naturally do things for many seniors!" Liang Bufan replied, but he was not affected by Ye Yu.

Ye Yu only needs others to be obedient, and he doesn't mind the others.

...

Chapter 77 Of course with me

Ye Yu knew that he couldn't convince the crowd. He could only use threats to make these people obedient temporarily.

Of course, there is also a violation of the thorny head, and he doesn't care about Ye Yu's threat.

Ye Yu didn't say much, and directly threw them out of the secret realm to the Peak Master Biyun, depriving him of the qualification to continue entering the secret realm.

Among them is a veteran disciple of the inner sect, whose strength has reached the peak of the spiritual realm for a long time. But in Ye Yu's hands, he was constantly hit and thrown away like a sandbag. This scene finally made everyone awe.

Especially after Ye Yu threw him out, Peak Master Biyun didn't say a word, and many people were even more horrified. It was obvious that Peak Master Biyun was standing behind Ye Yu.

After Ye Yu Lei Ting took action to suppress a few stings, even though many people were still dissatisfied, no one dared to violate the power and the yin again.

Liang Bufan took everyone to find a good camp, the location is very secret.

Everyone set up camp, waiting for Ye Yu's next move, but to a lot of people's surprise: Ye Yu played with the spirit stone every day after camping, and there was no next move at all.

Just a few days later, even the many disciples threatened by Ye Yu were all ready to move at this time, and their dissatisfaction with Ye Yu grew stronger.

Ye Yu didn't care at all, he still didn't allow his disciples to leave the camp.

“Damn! If this continues, even if there is no root Yan, they will all be snatched away. Brother Liang, you have something to say!” Yin Junxin said angrily, they weren’t here to take a vacation in this secret realm.

Yin Junxin wanted to question Ye Yu, but he knew that he was not Ye Yu’s opponent. This kid behaved very evilly, he had no doubt that he would be beaten down and thrown out of the secret realm when he stood up.

Liang Bufan frowned and he couldn’t figure out what Ye Yu was doing. It took a few days in this way, and I didn’t go to explore the rootless Yan, it would be useless to go on like this.

Ye Yu turned a deaf ear to the dissatisfaction of the entire camp, and he still held the spirit stone idly every day. This is even more unsatisfactory, thinking this guy only uses spirit stones to improve his strength?

More and more disciples approached Liang Bufan to complain, when some people were about to run away. A group of people appeared in the camp quietly.

There are more than a dozen people in this group, and all of them have a tired look on their faces.

Ye Yu saw that they were overjoyed and stepped forward and asked, “Did you inquire about it?”

These more than a dozen people are Du Qixi Wen Jianqing and others. The new disciples of Du Qixi Wen Jianqing are naturally more convinced of Ye Yu than the old ones. Ye Yu did his best to do what he ordered.

“The Skyfire Sect and the Meteorite Sect move frequently, searching everywhere in this secret realm for Rootless Flames. We have been following carefully, and finally found that the Skyfire Sect is searching most frequently in a canyon to the west, while the Meteorite Sect is constantly sending out a swamp in the south People pass by!” Du Qixi told Ye Yu.

“But we are not strong enough. We only dare to hide and watch from a distance, not too close to them. Moreover, there are many incomplete positions in this secret realm, and we dare not push forward forcibly.” Wen Jianqing replied at this time.

“Okay!” Ye Yu was overjoyed, turning his head to look at Liang Bufan and the others, “Didn’t you always feel that there is nothing to do in the camp? Now I will do something for you!”

“A bunch of idiots! There are free labor to help us explore this secret, why do we need to do it ourselves? Just stare at them!”

Ye Yusi unabashedly scolded Yin Junxin and the others, and the scolding Yin Junxin and others were blushing.

Ye Yu patted Du Qixi and Wen Jianqing on the shoulders and said, "You have worked hard now, let's rest first!"

After speaking, Ye Yu turned his eyes to Liang Bufan and the others: "You have heard what you said just now. Now there are two places, what do you think?"

The disciples never thought that Ye Yu would have sent someone to do something. Because Du Qixi and others were all new disciples, all the disciples hadn't noticed that they had not been in the camp. Now they were stared at by Ye Yu, and their faces were slightly hot when they thought of how they were making noise before.

"Since they are frequently active in these two places, it is very likely that they have found traces of Rootless Yan in these two places. Our Bi Tao Pavilion can go to find out at this time!" Liang Bufan broke the embarrassment of the disciples. .

Ye Yu nodded and said: "You and I will each bring ten people, go to these two places to find out, the others will continue to camp and wait!"

"Why don't you go together?" a disciple cried out unbearably.

"Shut up! Who knows what those two places are like? How dare to let many disciples take risks without finding out!" Ye Yu glanced at each other, and didn't bother to take care of such an idiot.

Ye Yu looked at Liang Bufan and said, "The two sects of Skyfire and Meteorites focused on those two places, and those two places must be dangerous. In this expedition, only powerful people can face these dangerous dangers! So, this time I went there. All must be disciples at the pinnacle of the spiritual realm."

"Okay! You go to the swamp to the south, and I go to the canyon to the west!" Liang Bufan agreed.

Ye Yu knew that Liang Bufan was very strong, so he felt relieved to see that he was willing to lead a team.

"Twenty disciples from the peak of the Yun Ling realm came out, and the other disciples camped in place." Ye Yu shouted to the disciples, "The disciples in the camp are led by the core disciple Shi Jingyi for the time being! Zhang Xiang, you order nine people to come out! "

"As a core disciple, I have no reason to hide in the camp!" Shi Jingyi stood up and said, "I should take the lead!"

Ye Yu looked at Shi Jingyi, her shining eyes stared at Ye Yu, with a girl's persistence.

Ye Yu thought for a while and nodded.

Seeing Ye Yu nodded, Liang Bufan knew that he couldn't stop him, so he could only say to Shi Jingyi: "Sister Shi, then you can join me!"

Ye Yu glanced at Liang Bufan and said, "She should follow me!"

Liang Bufan was startled: "Why?"

"Nonsense, isn't this a fool if such a beauty doesn't pull the eyes of her own team?"

When Shi Jingyi heard Ye Yu say this, her pretty face was **** red, her pink face was beautiful, and she had the beauty of the soul, which made Ye Yu look dumbfounded for a while.

"I'm with Brother Liang!" Shi Jingyi said.

"No! You have to follow me, or just stay in the camp!" Ye Yu said.

"Why?" Shi Jingyi's beautiful eyes and Ye Yu could almost see the water marks in it.

"Because I am the chief disciple!" Ye Yu shrugged.

"Fuck!"

Yin Junxin and others gritted their teeth with hatred and cursed in their hearts. It was too obvious that this guy was using power for personal gain!

"You..." Shi Jingyi's pink and slippery face was even more flushed.

"Yin Junxin and Guo Yulin, you are in a group with Junior Poem, remember to take good care of Junior Poem!" Liang Bufan could only tell Guo Yin and the two.

Ye Yu did not refuse. After asking Zhang Xiang to take a few more people, he told an old disciple of the inner sect: "Xu Qiang, you are the leader in the camp. They are not allowed to leave the camp at will. If something goes wrong, I will trouble you.!"

Seeing Ye Yu's order, everyone thought Ye Yu would leave. But I saw that Ye Yu took out a lot of spirit stones.

Everyone was startled, wondering what Ye Yu did with so many spirit stones? Haven't you had enough holding these spirit stones these days?

But in the next moment, their expressions changed by the way, and they looked at Ye Yu with wide-eyed eyes.

...

Chapter 78 Open mouth

Everyone saw that Ye Yu threw many spiritual stones to the four directions, their camp suddenly changed, and the aura of the four directions madly condensed toward this side.

Here it turned into a pot of earth, with spiritual energy flowing back, and the four directions gathered here.

“Geographical means!” Liang Bufan and others stared, looking at Ye Yu with a look of disbelief.

Who in Bitao Pavilion doesn’t want to be a landlord? But he hasn’t reached the marrow-cleansing state, and he has no right to think about these things. But now... Ye Yu, who is only the pinnacle of the spiritual realm, can use the geological means to gather spirits by taking advantage of the terrain.

In a short period of time, everyone found that the aura here was more than ten times stronger. They have dry mouth and tongue, which is equivalent to a tenfold increase in their speed of practice.

Everyone finally understood what Ye Yu had done holding the spirit stone these days. It turned out that he was carving the Dao pattern.

“This is a gathering of spirits. Everyone can practice in it with peace of mind. If you increase your strength by one point, you will have one more combat power at that time!” Ye Yu said to everyone, “These spirit stones can maintain everyone’s practice for five or six days.”

Speaking of this, Ye Yu gave Du Qixi some spiritual stones and pointed him in several directions: “Don’t be afraid of 10,000, just in case. If you encounter an unstoppable danger, you can put these spiritual stones at the place I pointed out. Don’t put it in the wrong direction!”

“What’s the use?” Du Qixi didn’t wake up from the shock that Ye Yu was a landman.

“When these few spirit stones fall, the spirit gathering formation will change, and the entire field will burst, but it can block strong enemies for you!” Ye Yu said this, paused and looked at everyone.

"I remind everyone once again that life is the most important thing, and if you encounter danger, you must save your life! If you encounter an unstoppable danger, abandon this place and flee!"

Everyone felt this formation, and nodded as if listening to Ye Yu's reflex.

"Go!" Ye Yu took Shi Jingyi and others, galloping toward the south.

...

To the south of the secret realm, there is a swamp land. Even if it reaches the strength of the Yun Ling realm, it will fall into the swamp if it is careless.

Ye Yu and his group walked cautiously in the swamp. They encountered some incomplete positions along the way, and Ye Yu broke through, which never blocked their way.

These incomplete fields are not very strong, although the heavens and the earth are self-condensing, but Ye Yu can still move.

With these field positions, Ye Yu felt that his Geophysical Technique had improved a lot.

Yin Junxin and Guo Yulin were shocked in their hearts, and they understood why the pavilion owner let Ye Yu lead the team. Not only because he is the chief disciple, but also because he is a sergeant.

A sergeant in the spiritual realm, who can think of it?

Seeing Ye Yu advancing all the way, several people were speechless. If you change them, you can only make a strong move and push the field horizontally. This is not only time-consuming and labor-intensive, but also more shocking to other people.

As they continued to enter the swamp, Ye Yu and others also saw others.

"Hey, people from the Skyfire Sect." Zhang Xiang looked at a person embroidered with flames, and whispered in surprise, "Didn't Du Qixi say that people from the Meteorite Sect to the south are searching? Why are people from the Skyfire Sect also appearing here? ."

"Then it seems that there is indeed no root flame news in this place. The people of the Skyfire Sect have also found out and want to share a piece of the pie!" Ye Yu whispered, "Be careful, don't let them find out!"

Sure enough, as they continued to move forward, they saw more and more disciples of the Skyfire Sect and the Meteorite Sect. There are probably dozens of disciples from both factions searching in this direction.

In the end, Ye Yu discovered that they had sealed off an area, and Ye Yu and others could not enter.

“What should I do now?” Zhang Xiang asked Ye Yu.

While Ye Yu was thinking about this, he saw people from the Skyfire Sect secretly appearing from the blockade. Under the cover of many Tianhuo Sect disciples, prepare to stay away from here.

“Hide yourself first!” Ye Yu said to Zhang Xiang’s group.

Shi Jingyi and others stepped back and hid in a secret place. And at this time, Ye Yu rushed up and stopped the person from the Sky Fire Sect, shouting like thunder: “The Sky Fire Sect has got no root flame! Stop him!”

The people of the two sects were originally from various places, under Ye Yu’s shouting. The Meteorite Sect was instantly alarmed, and many disciples rushed towards this side.

Ye Yu ran away after shouting this sentence, originally just trying to create some confusion so that they could get in.

But when he didn’t expect it, he finished shouting this sentence. The Sky Fire Sect was like a big enemy, and the practitioner who sneaked out panicked and shouted: “Protect Rootless Yan, don’t let them **** it.”

“Damn! They really found Rootless Flame?” Ye Yu was startled, but he didn’t expect that his planting would come true.

Everyone in the Meteorite Sect heard that the other party had really grabbed Rootless Yan, everyone’s eyes were red, and they shouted: “Stop them, take Rootless Yan!”

The many disciples of the Meteorite Sect and the Skyfire Sect fought together instantly.

Shi Jingyi and others who are hiding in the same place also peeked at each other, thinking that this would be okay?

But what made them even more frustrated was that Ye Yu didn’t run away at this time, and rushed directly to the Tianhuo Sect camp. Shot against the disciples of the Skyfire Sect!

“Disciples of the Meteorite Sect, kill with me! Loot the Rootless Yan!” Ye Yu roared again and again, and Lie Tao directly shot out his palm, and slammed the disciple of the Skyfire Sect.

The disciples of the Meteorite Sect looked at a person who appeared inexplicably, and they were startled. They didn't know this person. But seeing that they were standing on their side, they didn't think too much, and they really rushed straight with Ye Yu to kill the Sky Fire Sect.

"Go away!" The disciple of the Skyfire Sect was furious, and the mighty power rolled out, trying to force the disciple of the Meteorite Sect away.

Ye Yu is naturally not an opponent of the many disciples of the Skyfire Sect, but under the burden of the disciples of the Meteorite Sect, he repeatedly shot, Lie Tao's palm directly slapped it, hitting the disciples of the Skyfire Sect, shattering their bones.

"Hahaha! Kill the Skyfire Sect!" Ye Yu laughed, how unhappy he is, he and Skyfire Sect are old enemies!

"Brothers are good!" Seeing Ye Yu's great power, the disciples of the Meteorite Sect exclaimed.

"Don't talk nonsense, Rootless Yan should be in that person's hands!" Ye Yu pointed to one of the strongest practitioners in the Sky Fire Sect.

Ye Yu's words caused many disciples of the Skyfire Sect to pounce on him.

"Get away!" Peng Yuanfei exploded. They got a rootless flame, and they were just about to notify other disciples to pick it up. But before they went out, they were discovered?

"How could it be discovered?" Peng Yuanfei couldn't understand it now, unless it was an insider.

At this time, he watched many people pounce on him, he roared again and again, and shot the disciples of the Meteorite Sect. But these disciples kept rushing towards him. It was as if he had no roots in his body.

"Damn it!" Peng Yuanfei roared, looking at the initiator.

Looking at this young man, he felt a little familiar, and then suddenly remembered, isn't this the person on the scroll of killing the second young master?

"Ye Yu! It's you!" Peng Yuanfei roared.

Seeing that he was recognized, Ye Yu's heart jumped, and he kept yelling: "Rootless Yan hid on him, let's kill him together."

As Ye Yu spoke, his body was backing secretly.

...

Chapter 79 Be hunted down

Whether it is the Meteorite Sect or the Skyfire Sect, they are very sensitive to this name. Because this is the chief disciple of Bi Tao Pavilion. Killing other chief disciples of the sect, great work! Get the Zongmen Grand Prize!

It's just that the Meteorite Sect is very strange to Ye Yu and didn't recognize Ye Yu. On the contrary, they belonged to the Skyfire Sect, they heard that Ye Yu, their eyes were cracking, and they roared again and again.

This person killed their elder and second young master, and the news had spread in Kyushu long ago. The Sovereign has even issued a reward order, and the richness of the reward has caused countless great worlds to go crazy.

But this guy hid in Bi Tao Pavilion and didn't go out, no one could do anything about him. Unexpectedly, this guy is here.

At this time, some Tianhuo Sect disciples even gave up protecting Rootless Yan and killed Ye Yu.

The people of the Meteorite Sect are overjoyed when they see this, they don't care about the others, just want to grab Rootless Yan.

"Damn!" Seeing many Tianhuo sect disciples killing him, Ye Yu yelled and ran away.

"kill him!"

The leader was a powerhouse at the pinnacle of the Spirit Realm, he roared again and again, as long as he could kill Ye Yu. Even if he didn't get Rootless Flame, his reward was enough for him to reach the marrow-cleansing state.

His eyes were blood red, and he desperately pursued Xiang Ye Yu.

"Hahaha! A bunch of silly forks, can you hunt me down?" Ye Yu laughed, he ran away.

"Ye Yu, you dare to appear here, today you must die!" the headed man yelled.

"Bringing is more powerful than Ben Xiao!" Ye Yu said, "Hurry up if you have the ability!"

Ye Yu ran all the way, bumping into the scene on the way, he moved away. The group of people who came after him were forced to push horizontally, and the speed naturally couldn't keep up with Ye Yu.

“So slow, are you a snail? Do you want me to wait for you!” Ye Yu stood aside and looked at each other sarcastically.

It was Liao Pengwei who was chasing Ye Yu, and he was furious. He saw Ye Yu fiddle with his hair there, and he had no consciousness of being pursued.

Liao Pengwei took many disciples and pushed all the way. Seeing that he was about to catch up with Ye Yu, Ye Yu began to run again.

They couldn't catch up with Ye Yu at all, and every time they could see Ye Yu staring at him with a smile in the distance, Liao Pengwei gritted his teeth in anger.

“Your Sky Fire Sect is really rubbish, you can't catch up with anyone!” Ye Yu laughed. As a landman, he has a natural advantage.

Liao Pengwei chased after him again, but he almost caught up every time, and then Ye Yu ran far away and stood in one place waiting for him.

“Brother! This guy is a little weird. It seems that he is not afraid of the situation. On the contrary, we are constantly restricted, so we can't catch up!” Someone said to Liao Pengwei.

“Isn't he a treasure with a powerful force?” Liao Pengwei said gloomily.

“It is possible that he is the chief disciple after all, and it is not surprising to have such a treasure!” said a disciple.

“Impossible! Even if there are landmen in Bi Tao Pavilion, there are absolutely not a few such treasures, how can it be given to a spiritual realm!” Liao Pengwei said gloomily.

But despite how unwilling he was, he couldn't catch up with Ye Yu after all. He could only look at Ye Yu bitterly, and then said to the disciples around him: “You go and inform the senior, that you will get Rootless Flame in the swamp.”

Liao Pengwei turned around and left, since he couldn't kill Ye Yu, he would give up.

“Oh! Don't go!” Ye Yu shouted, “Otherwise I will wait for you a little longer!”

Ye Yu watched Liao Pengwei want to go back, he shouted.

The corners of Liao Pengwei's mouth twitched, and he wanted to make your kid proud for a while, when it would always kill you.

Ye Yu watched Liao Pengwei really leave, and saw several disciples heading west. His pupils contracted slightly, and he chased Liao Pengwei at a sudden speed.

Is he really just waiting for them? It is to draw them farther away! Ye Yu couldn't face the many disciples of the Skyfire Sect, but he still had confidence in the words of a few disciples of the Skyfire Sect.

The three sects are each other's enemies, and Ye Yu's ability to kill the disciples of his sect will naturally not miss it, not to mention that this is a disciple of the Skyfire Sect!

"Since you are here, don't go!" Ye Yu shot and swept towards Liao Pengwei.

Liao Pengwei never thought that Ye Yu dared to take the initiative to kill him. He showed a gloomy look: "There is a way to heaven, you don't go, **** has no way to break in. If you come, you will die here!"

Liao Pengwei has confidence in himself, not to mention there are several disciples around him.

"Kill him!" Liao Pengwei shot, his strength was incomparable, and the strength of the pinnacle of the Yun Ling realm cooperated with his combat skills, and went straight to Ye Yu's vitals.

Ye Yu laughed loudly. He directly used Wushuang Fingers to see how the peak of the Yun Ling realm was enough. The sharp edge was revealed, the sword energy was vertical and horizontal, and he swept towards Liao Pengwei.

As a core disciple, Yin Junxin couldn't stop Ye Yu's Wushuang fingers, let alone Liao Pengwei, his combat skills could not stop Ye Yu, the sword light fell on him and brought bloodstains.

"He is also the strength of the peak of the Yunling Realm!" Liao Pengwei was horrified. The news he received from the master was only Xiaocheng of the Yunling Realm. He became the chief disciple because he had passed the three passes.

"Retreat!" Liao Pengwei was very decisive, and led the disciples to retreat.

"If you come, don't leave! Stay here!" Ye Yu laughed, Wushuang fingers rioted, Jian Mang kept rushing out, Ling Ling extremely.

Liao Pengwei and several disciples joined forces, but they were still not Ye Yu's opponent. Wushuang Finger's ability to cooperate with Ye Yu is too amazing.

Liao Pengwei's heads were penetrated by Ye Yu's Wushuang fingers, and they fell straight to the ground, and some even fell on the swamp and sank directly.

"Unbearable!" Ye Yu sneered. If they were with the people of the Skyfire Sect, they wouldn't dare to kill them, so if they dared to chase them out, they would die.

"I don't know how the two of them are fighting, it's better to be absolutely dead, so we can relax!" Ye Yu muttered, but also knew that it was impossible.

"You can die as much as you can, it's a weakening of their strength!" Ye Yu felt in a particularly good mood.

Just when Ye Yu was about to sneak back again, he found that ten people headed by Shi Jingyi were rushing towards him.

Behind them, the disciples of the two schools roared and killed them again and again.

"Damn! What the **** is this?" Ye Yu watched no less than a hundred disciples chase Shi Jingyi and his expression was extremely ugly. A group of them were trapped and they would definitely die.

"Rootless Yan fell in our hands!" Yin Junxin said to Ye Yu excitedly.

Ye Yu was taken aback for a moment, but he didn't expect these people to **** Wugenyuan into his hands.

Looking at Yin Junxin, Yin Junxin suddenly became nervous. Ye Yu wouldn't blame them for robbing Rootless Yan and putting them in danger.

In fact, they regretted the robbing. Both disciples were there, and they couldn't stop them at all, but they just fell in front of them at the time.

"Or throw it back and let them fight again?" Guo Yulin said at this time.

"Is there any reason to take out what is in your hand?" Ye Yu stunned.

"but....."

"But what, run!" Ye Yu shouted. He leads the way, pushing away occasional obstacles.

However, hundreds of people came sideways, and the situation was useless to them.

A group of people rushed wildly, and they would soon be overtaken if this went on. Fortunately, they were all practitioners at the peak of the spiritual realm, so they could hold on for so long.

Seeing a group of people about to be besieged, after reaching a corner of the canyon to block the sight of these people, Ye Yu shouted: "Guo Yulin and Yin Junxin, you take Shi Jingyi and them from the other side, I'll lead them away. "

"You alone..." a group of people surprised.

"I am the chief disciple, and I do what I said, it's too late, get out!" Ye Yu said angrily.

After finishing speaking, Ye Yu shot away in one direction, grabbed a few blue stones in his hand, and threw it towards the front corner in front of him. It sounded like someone was running in front of him.

"Go!" Guo Yin and others could only sneak away from the other side, watching the hundreds of disciples catching up with Ye Yu and rushing away.

...

Chapter 80 unexpected

Hundreds of disciples chased out of the canyon without obstructions to block their sight, only to find that Ye Yu was running madly behind him, and the others were nowhere to be seen.

"Damn it!" many disciples roared, "This guy has attracted our attention, and the others should have escaped from the other side!"

"He ran and ran away. He is the chief disciple and the enemy who killed the second young master. His head is not much worse than Rootless Flame." The disciple of Tianhuo Sect said gloomily, his eyes flashing with a biting killing intent.

Some people in the Meteorite Sect originally wanted to go back and chase Shi Jingyi and the others, but they stopped when they heard this. The head of the chief disciple is also very valuable in their meteorite sect.

"Kill him!" a group of people roared, chasing Ye Yu faster.

"Damn it!" Ye Yu cursed in a low voice as he watched many disciples attack him. If you are really trapped, it will be difficult for you to break through.

Ye Yu was so fast that he wanted to rush out. But these people came here all over, even though he was fast, but they had the advantage of absolute numbers, and they were about to overwhelm him.

"Let's die here!" A disciple laughed.

"Go!" Ye Yu suddenly stopped running, but shot to the left. Among the disciples who killed him on the left, there was not a single peak of the spiritual realm.

Ye Yu rushed to that side, and twelve percent of the power rushed out directly, and the palm of the fierce Tao rushed out, turning into a billowing wave, hitting a disciple with a blow.

“Puff!” The bones of this disciple who were directly beaten shattered, and the whole person flew out, screaming again and again.

At the same time, Ye Yu’s Wushuang fingers exploded through the two Yunling Realm disciples on the left and the right, making a gap, then rushing out, breaking the opponent’s circle of suppression, and rushing to the right again.

“Catch up, don’t let them run away!” Everyone was shocked by Ye Yu’s strength, but what was even more surprised was that the situation actually had no effect on him. They rely on a lot of people to push past, so their speed is not reduced at all.

But Ye Yu ran all the way, how did he ignore the field of vision?

Hundreds of disciples Bao Xun chased him down, and Ye Yu fell into crisis from time to time, and was almost suppressed several times.

He and these people ran while fighting, driving to the extreme.

Hundreds of disciples have mixed good and bad, and some of them can’t keep up, and gradually fall behind. But even though there were fewer and fewer disciples chasing Ye Yu, Ye Yu did not relax at all, because those who could catch up were strong men.

He was not afraid of a few, but if they swarmed them, he couldn’t stop them at all.

“Go!” Ye Yu was blocked by the two disciples again. These were the peaks of the two aura spirit realms. They swept in and stood in front of Ye Yu. From other parties, the disciples also rushed in quickly, and they were about to be encircled.

“Ye Yu! Leave your life!” someone roared and patted Ye Yu’s chest fiercely.

His eyes were full of fierceness, and this blow was going to force Ye Yu back. It only took a few breaths for the encirclement to form, and Ye Yu would definitely die.

Looking at the palm that was slapped directly at him, Ye Yu gritted his teeth, the spiritual energy of his whole body gathered on him, and he did not evade, nor did he use combat skills to resist his attack.

His palm fell on Ye Yu’s chest.

“Puff...” Ye Yu spurted blood from his mouth when he was beaten directly, and his internal organs were all oscillating and shifting at this time, and he was very hard pressed to the extreme.

“You...” The person who shot did not expect a palm to hit Ye Yu so smoothly, but he was not at all happy.

Because he saw Ye Yu's Wushuang finger burst shooting, Jianguang shot his forehead and directly penetrated him.

Ye Yu actually exchanged his life with a palm!

"Fuck!" Lie Tao flipped out his palm, bursting away at another cultivator, blasting him out.

Ye Yu repulsed the two people, bleeding in his mouth and ran wildly again.

"Trash!" Pang Yuanfei roared again and again after seeing the two peaks of the Yun Ling realm without even stopping each other for a few breaths.

"It's a decisive method!" Pang Yuanfei screamed, but his heart was shaken. If this guy hadn't resisted the heavy blow this time, it would be impossible to cause one kill and one injury and escape smoothly.

"I underestimated you!" Pang Yuanfei gritted his teeth, but this person must be killed.

"He was badly injured after a heavy blow. He couldn't run. Everyone caught up and killed!"

When many disciples saw it with their own eyes, they pounced on Ye Yu again.

Ye Yu was indeed seriously injured, he ran wildly with his teeth gritted.

"Damn it!" Ye Yu yelled, these people biting him tightly, forcing him to a dead end.

Ye Yu ran all the way, specifically looking for those terrifying places, hoping to influence them.

In fact, the effect is also very obvious. These people are very scattered in order to wrap him, and some of the disciples are not strong enough to catch up so fast, they can no longer push the field horizontally with the help of the group.

Sometimes it was blocked by the situation for a moment, which gave Ye Yu a chance.

Ye Yu fought bloodily with them, fleeing while fighting. He didn't fear any of them, but he didn't dare to be entangled by the other party at all, and the **** battle was very difficult.

Ye Yu's bloodshed, although he also severely injured and killed many people. But his injuries are getting heavier!

Ye Yu clenched his teeth and insisted, thanking for his experience at Three Passes of Bitao Pavilion at this time. Let him have enough experience to counterattack the opponent in case of serious injury.

Ye Yu fought **** all the way, and finally entered a rocky mountain, the rocky mountain was rugged, extremely difficult to walk, and the field was full. This gave Ye Yu a chance. With Shishan's cover, the distance between Ye Yu and them grew farther and farther.

In the end, Ye Yu finally got rid of them completely.

But at this time, Ye Yu's whole body was almost exhausted, his body was scarred, and he was extremely embarrassed and tragic.

...

Shi Jingyi and others ran wildly with Rootless Yan, but they had never seen any practitioners chasing them along the way. Seeing that they were about to arrive at the camp, they had never seen anyone, but none of their faces showed joy.

Obviously, those people have gone after Ye Yu. Two cases of siege by hundreds of disciples would cause headaches even if they encountered the marrow realm.

"You shouldn't grab Rootless Yan!" Zhang Xiang said.

Yin Junxin looked a little ugly, because he had snatched this thing.

"You go back to the camp first, I'll find Ye Yu!" Yin Junxin said.

"A few of us went to die, we can't do anything!" Zhang Xiang said at this time, "Go back to the camp and move the rescuers!"

Yin Junxin opened his mouth and said nothing. He is not a fool. If they know that Ye Yu is besieged, they can't do much when they go.

"Then hurry back to the camp!" Yin Junxin said anxiously.

At this time, he caused the trouble, but Ye Yu did what led the enemy away. Thinking that he had been battling Ye Yu all the time, thinking that Ye Yu would definitely wear small shoes for himself when he went out this time. But never thought it would be such a result.

...
