

God level 1341

Chapter 1341

But on this side, with Qin Feng's 2.5 billion combat power, he could travel hundreds of millions of miles in the blink of an eye, at an incredibly fast speed.

In just a moment, he arrived at a valley and saw a strange beast that was ten thousand feet tall, covered in billions of stars, with the head of an ox and the body of a rhinoceros, and covered in blue scales.

Roar~!

As soon as the strange beast saw Qin Feng, it looked up to the sky and roared.

Those scarlet eyes burst out with overwhelming rage, and the aura of the Quasi-Saint Ancestor in his late stage was emitted at this moment.

This is actually a star beast from the late stage of Quasi-Saint Ancestor.

Roar~!

The star beast roared violently and looked down at Qin Feng, his eyes filled with contempt.

It could see at a glance that this human being was just a small heavenly saint, not enough to fill its teeth.

Thinking of this, the star beast took the initiative to attack Qin Feng, bringing up a raging wind.....

In the blink of an eye, the star beast fell in front of Qin Feng, opened its bloody mouth, and

Qin Feng punched him directly.

Boom~!

A loud bang!

The earth shook, the void cracked, and countless blood splashed!

The star beast roared miserably and was instantly killed, turning into energy that filled the sky.

Qin Feng looked at the energy in front of him with joy.

With just such a meeting, he harvested a ball of late-stage energy from the Quasi-Saint Ancestor, and what he lacked most now was energy.

Because he needs to quickly improve his strength to face the three great ancestors outside the secret land.

Having said that, this star beast seems to have much higher intelligence than the guardian of the holy realm, but it still has no soul and is easier to kill than cultivators of the same level.

Thinking of this, Qin Feng put away the energy all over the sky with a wave of his hand, leaving an item similar to the inner elixir in the field.

That is the inner elixir of the star beast.

According to the rules, the cultivation level of the star beasts in this assessment area ranges from the early stage of Heavenly Saint to the half-step Saint Ancestor level.

The inner elixir in the early stage of Tiansheng can be exchanged for 1 killing point.

The inner elixir in the middle stage of Tiansheng can be exchanged for 2 killing points.

The inner elixir of the late Tiansheng can be redeemed for 3 killing points.

The ultimate inner elixir of the Heavenly Saint can be redeemed for 5 killing points.

The inner elixir of the early stage of the Quasi-Saint Ancestor can be exchanged for 10 killing points.

The inner elixir of the mid-term quasi-saint ancestor can be exchanged for 20 killing points.

The inner elixir of the Quasi-Saint Ancestor in the later stage can be redeemed for 30 killing points.

The inner elixir of the pinnacle giant level can be exchanged for 50 killing points.

The inner elixir of the half-step Saint Ancestor level can be exchanged for 100 killing points.....

In other words, the inner elixir in front of you can be exchanged for 30 killing points.

According to the rules, after the examiner leaves the assessment area, Secret Will will automatically calculate the killing points based on the type and quantity of the inner elixir on the examiner's body.
.....

Thinking of this, Qin Feng quickly waved his hand, sucked the inner elixir into his palm, and began to observe.

At this glance, he discovered that the inner elixir was wrapped with strange divine patterns and emitted waves of spiritual power that he was very familiar with.

The next second, a look of joy appeared on his face.

It turns out that the divine patterns in the inner elixir are fragments of Sanyuan's divine patterns.

The Sanyuan divine pattern is the divine pattern that needs to be constructed when condensing the Three Yuan land.

In other words, this inner elixir can be used to speed up the creation of the Three Yuan Land, which is exactly the resource Qin Feng needs!

Speaking of which, Liu Yan is creating Taiji Yuandi and Ziji Yuandi, which requires a large amount of Jiutian Jade Dew.

However, the Jiutian Jade Dew in Qin Feng's hands is somewhat lacking, and this inner elixir can just be used to make up for the lack of Jiutian Jade Dew.

What's more, this inner elixir should speed up the creation of Taiji Yuandi and Ziji Yuandi.

Qin Feng quickly put away the inner elixir and rushed to the next location...

He wanted to collect a large amount of this inner elixir and let Liu Yan use it after the assessment, in order to speed up the creation of the two great mountains.

Qin Feng became more and more excited as he thought about it.

This assessment is very suitable for him. Not only can he obtain a large amount of energy, but he can also obtain a large number of fragments of the Miyuan Divine Pattern. It can be said that he kills two birds with one stone.....

A moment later, Qin Feng arrived at the second location and found a stronger star beast whose cultivation had reached the peak giant level.

Without saying a word, he stepped forward and blasted with a punch, gaining another ball of energy and an inner elixir.....

After collecting his fighting strength, Qin Feng hurried to the next location.

The scanning range of his spiritual consciousness is extremely wide, and he has no worries about finding the target.....

In this way, Qin Feng started killing happily.

At the same time, in the other three corners of the assessment area.

The Zijin clone, the phantom clone, and the Xuan female clone also fully developed their spiritual consciousness, looking for star beasts to hunt and kill.

After entering the assessment area, the Zixu clone split into two, and turned into the Zijin clone and the virtual shadow clone.

By splitting up like this, you can hunt more star beasts.....

Although the Zijin clone is not qualified for the assessment, the inner elixir he hunted can be given to Qin Feng and the other two clones.

This can also increase the killing points of Qin Feng and the two clones.

But he said another place.

At this moment, Hongjun was traveling through an endless plain.

Bang~!

Suddenly, the ground ahead exploded, and huge rocks flew in all directions!

A ten-thousand-foot-long star beast with a dragon head and centipede body rushed out of the ground, and two huge pincers clamped towards Hongjun's waist.

The aura of the star beast in the mid-stage of the Quasi-Saint Ancestor also emitted instantly.....

"Enter!"

Hongjun waved his hand and sacrificed the Chaos Bead.

For a moment, the Chaos Bead emitted a huge gravitational force, sucking the star beast in.

The next second, there were constant roars and explosions in the Chaos Bead.

Hongjun ignored them, Putting away the Chaos Orb, he rushed towards the next location.

He sensed that there was another star beast in that direction.....

Before Hongjun arrived at the new location, less than five minutes before and after, the screams of the star beast came from the Chaos Bead, and it was obviously killed.

You know, there are more than a thousand disciples of the Divine Alliance in the Chaos Pearl.

There are also Fu Zhi, Qing Lin, Kun Peng, Qin Baobao, Feng Di and other powerful quasi-saint ancestors, and they have arranged various large formations.

When they joined forces, their comprehensive strength was comparable to that of two peak giants, and they easily killed the star beast without Hongjun's intervention.

This is the cooperation between Hongjun and the disciples of the Divine Alliance.

Hearing the scream of the star beast, Hongjun smiled.

Just like that, he got a ball of energy from the mid-stage of the Quasi-Saint Ancestor and an inner elixir with 20 killing points.

At this moment, another star beast came into view.

Hongjun was overjoyed and quickly killed him.....

In this way, all assessors in the entire assessment area participated in fierce competition.

In the blink of an eye, an hour passed.

In this short period of time, everyone gained different things.

Qin Feng hunted and killed sixteen star beasts.

The three clones also hunted about seven each.

Hongjun and his disciples cooperated and hunted down about five of them.

After all, he only had to travel and leave the hunting part to his disciples.

In this way, he saves a lot of time.

And the coverage of his spiritual consciousness is equivalent to that of Sanqing and Luohu, and the speed of finding star beasts is no less than that of Sanqing and Luohu.

In contrast, Sanqing only hunted three star beasts in this hour.

Rahu hunted and killed only two.

Pangu, Xianling, and Ziwei Star Masters only hunted one.

Some of the remaining late-stage quasi-saint ancestors from the three sects outside the territory had hunted one, and some were fighting the star beast.

As for the other assessors, they are still in the vast assessment area, searching for the star beast without a clue...

For them, the assessment area is too huge, and their spiritual consciousness coverage is too small, so it is too difficult to find a star beast.

Even if they find traces of a star beast, they may not be able to deal with it.....

Some examiners who were lucky encountered a star beast in less than a quarter of an hour, but the star beast's cultivation reached the late stage of Quasi-Saint Ancestor.

The assessor's cultivation level was no better than that of Heavenly Saint. When he saw how powerful the star beast was, he was so frightened that he threw out his token and voluntarily left the assessment area.

In this way, the scores of the assessors gradually improved.....

At this moment, in a certain palace.

Rahu, who had two heads and four arms, looked at the corpse of the star beast at his feet with his four eyes, a look of joy on his face.

This is the third star beast he has killed.

"Senior Brother Mohu, it has only been an hour now and we have killed three star beasts. This result should be very good!"

The head belonging to Luo Jia said proudly.

The head belonging to Mohu also smiled and said:"Of course! The two of you and I joining forces are second only to Qin Feng and Sanqing in terms of strength and spiritual coverage. This time, it will not be difficult for us to win the top three. Luo

Jia said excitedly:"Senior Brother Mohu, you and I only need one person to collect 200 points." As long as you finish third, you can steadily reach 200 points. Mohu smiled slightly:"If we accumulate the killing points to more than 1,000 points, we will get 30 additional evaluation points." That way, even if you and I finish seventh, we can still get 200 points. Regardless of this, let's seize the time to hunt!"

As soon as he finished speaking, Luo Hu put away the inner elixir and hurried towards the depths of the hall with satisfaction.....

Clearly, they were pleased with their results.

But they don't know that his current achievementsFar inferior to Qin Feng and the three clones, even inferior to Hongjun...

Chapter 1342

Time flies!

Three more hours passed in the blink of an eye.

In these three hours, the Divine Alliance's record continued to expand.

Qin Feng and the three clones received a lot of money.

Hongjun also had a huge harvest, much greater than Sanqing and Luohu.

Even Pangu, Xian Ling, and Ziwei Star Masters also made considerable gains, which was far greater than those of the late-stage quasi-saint ancestors.

Those ordinary examiners also gradually made gains, but most of them were hunting low-level star beasts in the Heavenly Saint Realm.....

Of course, there were also a dozen unlucky assessors who were eliminated.

However, those eliminated were all players in the Heavenly Saint realm, and no players at the quasi-Saint Ancestor level were eliminated.

Naturally, no one from the Divine Alliance was eliminated.

At least there is no battle between the two sides yet.

In fact, among the various forces, some players have already met in the assessment area and traveled together.

On the Shenmeng side, Pangu and Xianling also met the three disciples from outside the territory one after another.

However, both sides were wary of each other and walked away in tacit agreement without fighting.

Of course, this is also because Pangu and Xianling are so powerful that they are feared by the disciples of the three sects outside the territory.

If they encountered some weaker disciples of the Divine Alliance, the disciples of the three external sects would have already taken action.

Even if they can't kill the people of the Divine Alliance, they still have to force the children of the Divine Alliance to eliminate themselves.

This is the strategy of Sanqing and others against the children of the Divine Alliance.

But what puzzles Sanqing and others is that the Divine Alliance obviously has more people, so it should be easier to meet them.

But after three or four hours, they met many people from their own side, but not many people from the Divine Alliance.

Naturally, these people don't know that the children of the Shenmeng are basically hidden in Hongjun's Chaos Orb, so it is naturally difficult for them to meet them.....

Of course, killing is always on.

At this time, in a canyon.

Two disciples of the Dao Sect from outside the territory were besieging a star beast.

It was a star beast from the late stage of Quasi-Saint Ancestor.

Under the siege of two Dao Sect disciples, it retreated steadily and was completely at a disadvantage.

After all, those two disciples of the Dao Sect were both powerful late-stage Quasi-Saint Ancestors.

One of them is Venerable Tianyi who once escaped from Qin Feng, and his cultivation has reached the limit of the late Quasi-Saint Ancestor.

The other person is named Venerable Tianyin.

At this moment, Venerable Tianyin said with excitement: "Brother Tianyi, we two are so lucky to meet a star beast from the late stage of Quasi-Saint Ancestor here."

"Ha ha! Its inner elixir is worth 30 killing points! Senior Brother Sanqing must really want it."

Venerable Tianyi is also full of joy.

Now, in addition to Sanqing, the Outer Territory Dao Sect also has four disciples.

The tasks of these four disciples in this assessment are not only to harm the children of the Shenmeng, but also to hunt them down. The inner elixir of the star beast is given to Sanqing.

The four of them have to sacrifice their own achievements to complete Sanqing.

Only in this way can Sanqing have more hope of surpassing Qin Feng.

Roar~!

At this moment, the star with the head of a dragon and the body of an ox The beast roared repeatedly.

It was defeated and retreated by Tianyi and Tianyin, and it looked extremely embarrassed.

Its spiritual eyes reflected boundless anger and fear.

"Senior Brother Tianyi! We quickly killed it to avoid attracting other people, which would be bad!"

"That's exactly what it should be!"

The two of them accelerated their attack.

For a moment, the star beast was killed and roared again and again, and its momentum quickly weakened.

But at this moment, a sound broke through the air from a distance...

Tianyi and the others were shocked and hurriedly followed the sound.

They saw a flash of rainbow light, and before the two of them could see what was going on, the person was approaching at a terrifying speed...

At this time, they also saw the person clearly, and their faces turned pale with fear, and they turned around and ran away... It was none other than Qin Feng!

The star beast was completely at a disadvantage and was in danger.

At this moment, Tian Yi and the two suddenly escaped, making it a little confused.

At this moment, Qin Feng followed, It came to its side.

When it saw that it was a small human being in the Heavenly Saint Realm, it immediately became jealous. It opened its mouth and bit Qin Feng with a bloody mouth...

It was bullied by two humans in the late stage of Quasi-Saint Ancestor. , that's all.

Could it be that it was afraid of a small Heavenly Saint Realm human being?

With its intelligence, it naturally hadn't understood why Tianyi and the two would suddenly run away.

But before it could think about it, Qin Feng directly hit it with a punch.

Boom~!

A loud noise of earth shattering!

Roar~!

The star beast screamed miserably, turned into energy that filled the sky, and fell.

It didn't understand until its death why a heavenly saint Humans in the realm of human beings are a hundred times more powerful than the two previous late-stage quasi-saint ancestors...

Hearing the screams of the star beast being killed instantly, Tianyi and the two were horrified, and their legs were a little weak with fear.

This Qin Feng was too It's terrifying!

Just one face-to-face kill of a star beast from the late stage of the Quasi-Saint Ancestor.

It's just that they discovered the star beast first, and it was snatched away by Qin Feng. It was inevitable that they felt a little distressed.....

But before they could think about it, Qin Feng put away the energy and inner elixir transformed by the star beast, and chased after the two of them.

In the blink of an eye, there was a sound of wind behind the two of them, and Qin Feng chased after them.

Tianyi and the two were scared to death.

In panic, Tianyi quickly took out the clearance token and hid it in his palm.

At the same time, he turned around quickly, stopped and faced Qin Feng directly.....

"Qin Feng, you...you can't kill me! If you kill me, 20 evaluation points will be deducted from you, and it will be difficult for you to collect 200 points!"

Venerable Tianyi shouted loudly, holding the token tightly in his hand, with cold sweat oozing from his palms.

If Qin Feng didn't listen to his warning and insisted on killing him, he would immediately throw away the token in his hand. card in order to save his life.

Even now, he is still unwilling to be eliminated and wants to make a final gamble.

Qin Feng couldn't help but stop when he heard his words.

Venerable Tianyi was overjoyed, thinking that his threat was effective.

On the side Venerable Tianyin's eyes shone brightly.

He also threatened:"Senior Brother Tianyi is right! Qin Feng, if you kill one of us, you will be deducted 20 points, if you kill two of us, you will be deducted 40 points. If you are deducted 40 points, how many chances do you think you have to get 200 points?"

Venerable Tianyi immediately agreed:"That's right! Qin Feng, if you are more sensible, you should hunt down the star beast quickly. I will wait for the water from the well and not the water from the river! Qin Feng sneered:"

Haha!" Keeping you two here is always a hidden danger. It was only when you met this deity that you were so frightened that you ran away. If you met our children of the Divine Alliance, I'm afraid you two would have taken action against them long ago."

Qin Feng guessed his idea, Tianyi and Tianyi panicked for a while.

"Qin...Qin Feng! You...what do you mean? Do you want to force us out?! I tell you! We will never eliminate ourselves. Unless you kill us! I don't believe it, you dare to kill us!"

Tian Yi scolded fiercely.

He was gambling.

"That's right! We will never eliminate ourselves. Unless you kill us! I don't believe it, you... you are willing to lose 40 points in one go."

Tian Yin also echoed, but his tone was a bit arrogant, and he seemed to lack confidence.

"Do you think I don't dare?!"

"You...do you dare?"

Tian Yi still had a tough look on his face, and the token in his palm was soaked with sweat.

At this moment, his eyes were fixed on Qin Feng's every move.

As long as Qin Feng had the slightest intention to take action, he would discard the token as soon as possible. Card, just save his life.

However, he did not believe that Qin Feng would really take action.

But as soon as the thought came up, he suddenly found that the corners of Qin Feng's mouth were slightly raised, showing a trace of ridicule.

He suddenly couldn't feel it

But before he could think about it, the space behind him suddenly changed.

Tianyi and the others were suddenly startled. They quickly turned around and saw Zijin's clone appearing out of thin air, surrounded by the Four Heaven-Destroying Swords.

Before they could react, Zijin's clone pointed his sword, activated the Heaven-Slaying Sword Formation, and billions of sword lights shot toward them and engulfed them.....

The sword light that filled the sky brightened the sky and the earth

"No~!"

Tianyi and the others roared in horror.

At this moment, before they had time to discard the tokens, they were swallowed up by the sword light...

Poof~! Poof~!

Two sounds of soul destruction!

After just one encounter, Tianyi and Tianyin were instantly killed by Zijin's clones.

The bodies of the two turned into energy that filled the sky, leaving behind two spiritual root seeds and two storage rings...

Seeing this scene, Qin Feng showed a satisfied look.

The power of his Heaven-Destroying Sword Formation has greatly increased since it was fused with the Spirit of Creation, and it is now comparable to the best holy weapon of creation.

As for Zijin's clone, using this Heaven-Destroying Sword Formation, its overall strength is better than that of the peak half-step Saint Ancestor, so it is not difficult to kill Tian Yi and the other two instantly.

What's more, Zijin's clone attacked by surprise.

Tianyi and Tianyi never expected that Qin Feng could summon a clone at any time in the assessment area.

What's even better is that the Zijin clone is not afraid of killing people and can go on a killing spree at any time.

Qin Feng was quite satisfied with the elimination of two late-stage quasi-saint ancestors.

As long as the examiners of Quasi-Saint Ancestor and above are eliminated, the children of the Divine Alliance will be absolutely safe.

At that moment, Qin Feng waved his hand and put away the energy transformed by Tianyi and the two, as well as the spiritual root seeds and storage rings left behind by the two of them.

Then, he glanced at the storage rings of the two of them, and his face showed joy again.

It turned out that the storage rings of these two people each contained two inner elixirs of star beasts.

These two people worked hard for a long time, and they took advantage of him for nothing...

Chapter 1343

The first kill went very smoothly.

Qin Feng put away Tian Yi and his two storage rings with satisfaction.

Doing the math, in addition to Sanqing and Luohu, there are still nine powerful quasi-saint ancestors and above among all the forces, as well as Pingtian Shengzun, Lingming Stone Monkey, Band-armed Monkey, and Chijiri Horse Monkey. , Venerable Veda.

The rest of the assessments cannot be considered.

Thinking of this, Qin Feng dodged and rushed towards the next target.

The Zijin clone also rushed in the other direction.....

At the same time, in the other direction of the assessment area.

Venerable Wei Tuo is leading six assessors, besieging a star beast in the early stage of the Quasi-Saint Ancestor.

Under the siege of the seven of them, the star beast had been retreating steadily.

Venerable Veda looked excited.

The inner elixir of this ferocious beast is worth 10 killing points.

According to his evaluation, as long as he hunts such a star beast, it is not a big problem to enter the top 100, and he can get 5 evaluation points.

After the assessment is over, he can use it to exchange for some urgently needed resources.

Of course, he can also trade this inner elixir to Sanqing and Luohu.

Before the assessment, Sanqing and Luo Hu sent a message to all the assessors that they would buy up the inner elixirs on a large scale.....

"Ha ha!! Master Wei Tuo, this star beast is dying!"

An examiner shouted excitedly.

Wei Tuo also smiled and said:"Everyone, please work harder! Help me destroy this beast!"

"no problem! grown ups!"

"Master Wei Tuo, after things are done, don't forget your promise!"

"Ha ha!! Do not worry! The benefits I promise to give you will not be missing!"

"Thank you sir!"

The six examiners were overjoyed and fought even harder.

It turned out that these examiners were not all from the Skanda Realm.

They met Venerable Skanda on the way and acted together.

It only took a moment. , the star beast was on the verge of death and was about to be destroyed.

But at this moment, two rapid sounds pierced the air in the distance, coming from the left and right directions respectively.

Wei Tuo and others were startled and hurriedly I looked up.

I saw that the person on the left was faster. In the blink of an eye, he was in front of everyone. The person who came was none other than Hongjun.

"It's...it's you! Wei

Tuo and others were frightened, and they all let go and stepped back.

Hongjun smiled coldly:"We are destined to meet you!" Come in, everyone!"

"What?!"

Weituo and the others were stunned.

But before they could react, Hongjun instantly used the Chaos Bead, emitting a monstrous gravitational force, and sucked all the seven Weituo people and the star beast in with a 'swoosh'. Entering.

Wei Tuo and others felt that the world was spinning.

The next second, they found that they had arrived in a huge chaotic space, surrounded by thousands of God League disciples who were waiting for them.

"not good!"

"Run!"

Weituo and the others exclaimed in fright.

But where should they escape?

Where is the exit of this space?

Before Wei Tuo and the others could sort out their thoughts, the disciples of the Shenmeng took action.

Fu Zhi attracted Zhou Tianxing Dou The large formation concentrated the power of more than a thousand God League disciples and fired out countless starlight attacks, engulfing Wei Tuo and others.....

Lu Ya, Queen Mother of the West, Kun Peng, Qin Baobao, Feng Di, Hong Yun, Ming He and others assisted...

At the same time, Qing Lin, Yun Xi, and Chu Chu also launched a star formation to attack the star beast.....

Boom~Long~Long!

A series of earth-shattering bombings!

There was a loud scream.

Before Wei Tuo and others could throw out their tokens, they were all killed.

Even the star beast was killed in this encounter.....

In fact, Wei Tuo and others were also careless.

They didn't think that Hongjun had the ability to kill them instantly, so they didn't take out the clearance token immediately.

But they didn't expect that as soon as they entered the Chaos Pearl, they were ambushed by the Divine Alliance and were instantly wiped out.....

At the moment when the seven people of Wei Tuo and the Star Beast were killed, something happened outside the Chaos Bead.

But he said that Hongjun had just sucked the seven Wei Tuo people and the star beast into the Chaos Bead.....

A person came from the opposite side. The person who came was none other than the Lord of the Taiping Heavenly Domain—Pingtian Shengzun.

"Hongjun! You...what did you just do?!"

As soon as Saint Pingtian arrived, he saw with his own eyes that Hongjun sucked Wei Tuo's seven people into the Chaos Bead.

As an ally, he naturally wanted to question him.

What's more, as a powerful mid-stage quasi-saint ancestor, he could not What he thought Hongjun could do to him.

The worst case scenario was that he would just throw away the token and leave the assessment area early.

This was how he had the confidence to question Hongjun.

Just when Pingtian Saint Ancestor thought that Hongjun would argue with him..

Unexpectedly, Hongjun sneered:"None of your business!"

As soon as he finished speaking, he rushed towards Holy Lord Pingtian.

"You...what are you going to do?!"

Pingtian Shengzun's face changed drastically.

But in the blink of an eye, Hongjun was in front of him and punched Pingtian Shengzun.

In panic, Pingtian Shengzun punched to resist.

The fists collided!

Boom~!

There was a loud noise as the earth shattered!

Pingtian Shengzun screamed, and he vomited blood and flew backwards from the punch...

He never expected that after only a few days, Hongjun's strength had grown to the extreme level of a peak giant. , just one face-to-face hit him severely, which was comparable to the original Liugen Ancestor.

He couldn't withstand two or three blows like this.

At that moment, as soon as he fell to the bottom, he got up in horror and wanted to turn around and run away.

But At this moment, Hongjun caught up with him.

Pingtian Shengzun shouted in horror: "Hong...Hongjun!" You...you can't kill me! Aren't you worried about deducting points? What's more, you can't kill me instantly, I only need....."

"Noisy!"

Before he finished speaking, Hongjun activated the Chaos Bead.

The magical power was activated, and the Chaos Domain was enveloped!

The power of billions of miles of heaven and earth instantly poured into Hongjun's body.

His combat power doubled instantly, suddenly reaching a terrifying 2 Billions of poles.

But all this is not over yet!

Buzz~!

The Chaos Pearl's spiritual light shines!

Swish~! Swish~! Swish~!

The next second, hundreds of disciples of the Divine Alliance appeared one after another.

Those disciples were in the realm of chaos. With the help of others, their strength has also skyrocketed. For example, Lu Ya was originally at the peak cultivation level of the Quasi-Saint Ancestor in the middle stage.

Under the cover of the Chaos Realm, his combat power was comparable to that of the Quasi-Saint Ancestor in the late stage.....

"This is.....not good!"

Pingtian Shengzun suddenly felt something bad and immediately took out the clearance token.....

But at this moment, the attacks from Hongjun and the disciples of the Divine Alliance were launched...

Phew~! Phew~! Phew~!

Thousands of attacks fell, colorful, and instantly engulfed Saint Pingtian.....

"No~! "

With an extremely shrill scream!

Before Pingtian Shengzun had time to drop his token, he was instantly killed by Hongjun and others, and turned into energy that filled the sky.....

When all the explosion light faded away, there was only a ball of energy, a spiritual root seed, and a storage ring left in the field.

"Ha ha! died! The Holy Lord Pingtian is dead!"

"Little Lord! The final blow is on my head! That's great!"

The children of the Divine Alliance cheered.

Among the crowd, Bi Tie was the most excited.

He is now the peak powerhouse of Tiansheng. He was responsible for the last blow that destroyed the soul of Pingtian Saint.

According to the rules, he 20 points will be deducted.

However, he already has negative points. Now, no matter how many points are deducted, he is not worried at all.

This is the strategy of the League of Gods.

Let the disciples who do not need points complete the final blow and escape the punishment of the rules..

Not only the killing of Pingtian Shengzun, but also the killing of the seven Wei Tuo people.

Hongjun was very satisfied with the result.

"Young Master, this is the trophy left by Holy Lord Pingtian!"

At this time, Lu Ya put away the energy transformed by Pingtian Saint, as well as the spiritual root seeds and storage rings, and handed them to Hongjun.

"Young Master, this is the booty left by the seven Wei Tuo people."

The Queen Mother of the West also handed over some storage rings to Hongjun.

Hongjun took the items, looked at them briefly, and his face showed joy.

This time, he not only gained a lot of energy, but also gained a lot of energy from Taiping Saint and Lord Taiping. Seven or eight inner elixirs were found in the storage rings of the seven Wei Tuo people.

Hongjun knew that these inner elixirs were very important to Qin Feng and could help Qin Feng speed up the creation of the Sanji Yuandi.

Naturally, he wanted to collect more.

In addition, he also found the heavenly seals of the Taiping Heavenly Realm and the Skanda Heavenly Realm from those storage rings.

At this point, except for the Changling Heavenly Realm, the heavenly seals of the Nine Heavens and Ten Realms will fall into Qin Feng's hands. Come on...

Thinking of this, Hongjun casually put away all the trophies

"Let's continue! Everyone, go back to Chaos Pearl!"

"yes! Little Lord!"

All the disciples took the order and were about to go back.

Boom~Long~Long!

But at this moment, a shocking roar suddenly came from deep in the examination area, causing the entire examination area to suddenly shake violently.....

Hongjun and others were shocked and quickly followed the sound.

I saw a green light rising from the depths of the examination area, soaring into the sky, one after another, lighting up the entire examination area, turning the world into a green color, and exuding endless Taoist charm, instantly filling every corner of the examination area....Looking at the fluctuations of the rhyme, it is far far beyond the holy artifact of creation, and even far exceeds the best holy artifact of creation.....

Hongjun and others were immediately stunned!

In fact, at this moment, not only Hongjun and others were shocked, but every assessor in every corner of the assessment area was shocked..

Chapter 1344

"Oh My God! what is that?"

"I do not know!"

"Look at this scene, the green light penetrates the sky, and the glow is self-contained. Could it be that some treasure has been born?"

"Walk! Let's go take a look!"

At this moment, people were talking in every corner of the assessment area.

Then, everyone couldn't help their strong curiosity and rushed towards the direction of the blue light that penetrated the sky.....

The place where Hongjun is.

All the disciples of the Divine Alliance also looked in that direction in surprise.

After a while, Lu Ya said: "Young Master, this green light is so strange. It has been shining all over the world since it appeared, and it also exudes infinite Taoist charm. It feels more powerful than the God-killing Spear and the Eight Diagrams of Heaven and Earth."

Hong Hong. Jun nodded slightly: "I feel the same way. Strange! Where did this green light come from? It couldn't be some treasure, right?"

With these words, among the crowd, the Queen Mother of the West seemed to have thought of something and exclaimed.

"Little Lord! I remembered! That...that should be my master's sacred weapon! Someone must have touched the seal of my master's sacred weapon and made it come out!"

Queen Mother Xi said with great excitement.

After hearing this, the children of the Divine Alliance were greatly surprised and looked at her one after another. Hongjun couldn't wait to ask: "The sacred weapon of the ancient God Lord must be an extremely powerful sacred weapon. Bar?"

Queen Mother of the West replied: "Go back, young master!" The natal sacred weapon used by my master surpasses the level of the best creation sacred weapon and is the only creation-level sacred weapon at this time!"

"Creation-level holy artifact?"

"That's right! It is rumored that there is another level above the Creation-level holy artifacts, called the Creation-level. The power is more than ten times greater than the best holy artifact of creation!"

As soon as these words came out, the whole audience was shocked.

Hongjun couldn't help but take a deep breath of cold air: "Hiss~! It is unheard of that there is a holy weapon in this world that is ten times more powerful than the best holy weapon of creation! Queen Mother Xi said with some pride:"

My master is the only powerful person in the upper realm in this world, so his holy weapon is naturally different." I also heard that this creation-level holy weapon requires at least Saint-Ancestor-level strength to fully exert its power."

"If the Half-Step Saint Ancestor obtains it, he can only exert half of its power at most. By the way, young master, if His Majesty is allowed to obtain this sacred artifact of creation, he will be more confident in facing the three saint ancestors. Hongjun's eyes lit up:"

Yes!"

Immediately, he urged all the disciples: "Hurry!" quick! Everyone, hurry into the Chaos Orb, let's hurry over and grab the creation artifact!"

"yes! Little Lord!"

All the disciples have been excited for a long time, and they all agreed one after another.

"Young Master, please remind His Majesty about this. If my prediction is correct, Sanqing, Luo Hu and others will definitely snatch it."

Queen Mother Xi reminded in a low voice

"Exactly!"

Hongjun quickly took out the communication jade talisman and sent a message to Qin Feng.

Fuzhi and others no longer hesitated and entered the Chaos Bead one after another.

In just a moment, all the disciples entered the Chaos Bead.

Hongjun also finished sending the message.

Then , he waved, put away the Chaos Orb, and rushed towards the direction where the green light came out.....

At the same time, in a corner of the assessment area.

Qin Feng was also looking in the direction of the green light from a distance, with curiosity in his eyes.

Suddenly, a message came from his communication jade talisman.

Qin Feng quickly took it out and took a look.

After a moment, a look of ecstasy appeared on his face.

That was the message sent by Hongjun, telling him that the blue light was probably the spiritual light emitted by the ancient God Lord's creation holy weapon.

Hongjun also said that the Holy Artifact of Creation is more than ten times more powerful than the best Holy Artifact of Creation, and its power is unparalleled.

Qin Feng was ecstatic after getting this information.

If he could obtain such a holy weapon, he would be more confident of escaping the interception of the three great saint ancestors.

Thinking of this, Qin Feng rushed in the direction of the green light.

At the same moment, his three clones received the message at the same time and rushed in that direction.....

At the same time, somewhere in the air above the assessment area.

Sanqing was looking at the two soul cards in his hand with a sad face.

Those were two broken soul cards, they were Venerable Tianyi and Venerable Tianyin.

Qin Feng killed those two people, and he sensed it immediately.

Just when Sanqing felt shocked and angry, the assessment area lit up with a shocking blue light...

After Sanqing was shocked, he remembered an ancient rumor.

That is the legend. There is a creation-level holy weapon in the hands of the ancient God Lord. It is so powerful that it can destroy the world and the three saint ancestors have long coveted it.

The mysterious place has been opened many times, but no trace has appeared.

At the moment, Tianyun's green light fills the sky, which is far stronger than the good fortune Tianyun.

With Sanqing's extraordinary insight, he could tell at a glance that it was the legendary Creation Tianyun.

"That...that is Chuangshi Tianyun! A sacred artifact of creation was born in that direction!"

"Big brother! It turns out the legend is true! The ancient God Lord really had a creation artifact!"

"Ha ha!! We are so lucky! Unexpectedly, during this opening of the secret land, I would encounter the creation of the sacred artifact!"

"Big brother! quick! Let's go quickly and grab the holy weapon! If we can get this holy weapon, even if we fail to enter the Land of the Cloak, it will still be worth it!"

"Exactly!"

After the exchange of thoughts among the three pure minds, they hurried towards the direction of the blue light.....

At this moment, almost all the assessors rushed in that direction.

Everyone wanted to see what the blue light phenomenon was about.

But in this way, the chance of encounters between people from the Divine Alliance and people from various forces increases dramatically.....

At the same time, deep in the assessment area, that is where the blue light shines.

There is an extremely huge temple.

That green light came from that temple.

At this moment, deep in the temple.

Luo Hu looked at the altar in front of him in astonishment.

I saw that the altar was shrouded in dazzling green light, making it difficult to see what was inside the altar.

Just now, he accidentally broke the seal of this altar.

Unexpectedly, the altar was instantly activated, emitting a spiritual light that reached the sky, and exuding a heaven-reaching Taoist charm, which completely shocked him.....

After a while, Luo Jia woke up with a start.

"Senior Brother Mohu, the Taoist rhyme emitted by this blue light seems to be the Taoist rhyme of creation. Could it be that the thing sealed in this altar is the legendary creation artifact!"

"right! It is rumored that the natal sacred weapon of the ancient god lord is a creation sacred weapon. The treasure sealed in this altar must be his sacred weapon!"

"Senior brother! quick! Let's grab the holy weapon quickly. If Qin Feng and Sanqing arrive, it will be too late!"

This reminder made Mohu wake up.

Immediately, the two of them controlled Rahu's body together and rushed towards the altar with excitement...

Ka~! Ka~! Ka~!

But at this moment, a series of sounds sounded from both sides of the altar. Crisp sound.

The mutation happened again..

Chapter 1345

Click~! Click~! Click~!

But at this moment, a series of crisp sounds sounded from both sides of the altar.

Changes happen again.....

Luo Hu was startled and quickly looked to both sides of the altar.

I saw two huge stone statues standing on both sides of the altar, forming a unicorn.

At this moment, for some unknown reason, the rocks on the surface of the two stone statues cracked automatically, and dense cracks appeared.....

Luo Hu suddenly felt bad.

Bang~! Bang~!

But before Luo Huo could think about it, the rocks on the surface of the two stone statues exploded and turned into countless rubbles, splashing everywhere, revealing two animal bodies, one blue and one red.

It turned out that the two stone statues were transformed into two star beasts.

As soon as Luohu broke into the guarded area of the altar, the two star beasts woke up.

If you look carefully, you can see that the star beast on the left is a fiery red unicorn, burning with blazing flames, burning and distorting the surrounding space.

On the right is a blue unicorn. Its whole body is exuding extremely cold air, freezing all the space around it, and even freezing time.....

Roar~! Roar~!

The fire unicorn and ice unicorn roared when they were used.

The monstrous momentum was instantly released, and suddenly it reached the 500 million limit, which is the threshold of the half-step Saint Ancestor.

"This...this is...."

Rahu was shocked.

He didn't expect that these two weird star beasts would actually reach the threshold of half-step Saint Ancestor.....

You know, when he is integrated with the God-killing Spear, his combat power is only 500 million poles.....

But before Luo Hu could think about it, the ice and fire unicorn roared and rushed towards Luo Hu...

Luo Hu exclaimed and instantly used the God-killing Spear to confront two half-step Saint Ancestor-level star beasts.....

The two sides started fighting.

Boom~! Boom~!Boom~!

Suddenly, the battlefield was filled with darkness, and the sun and moon lost all light.

Although Luo Hu is one against two, the God-killing Spear is ultimately the ultimate holy weapon of creation. It has extraordinary effects. It can be transformed into billions of spear shadows, shattering the sky and destroying the earth, and can be defeated by ten thousand people.

Therefore, with the help of the God-killing Spear, he actually tied with the ice and fire unicorn, and it was difficult to decide the outcome...

At the same time, the contestants from the entire examination area were rushing in this direction.
.....

In terms of speed, no one in the entire examination area can match Qin Feng's speed.

The speed of most examiners is less than one percent of Qin Feng's.

Even Sanqing's speed is not one-tenth of Qin Feng's.

As soon as he determined the target direction, Qin Feng rushed straight away, so fast that no one could match him.

Although he was not the closest to that place, he believed that he would be the first to arrive...

In just a quarter of an hour, Qin Feng had traveled hundreds of millions of miles away.

Along the way, he met several assessors.

When the examiners saw him, they were all frightened and turned pale.

However, Qin Feng ignored them.

Those are some Heavenly Saint-level players, which cannot affect the direction of the assessment. He doesn't bother to kill them...

Besides, if you kill those assessors, your points will be deducted...

Similar situations also happened in the other three directions..

That is, on the route of the phantom clone, the mysterious female clone, and the purple gold clone.
.....

The phantom clone and the Xuan female clone did not attack those low-level assessors.

But Zijin's clone will kill every one he sees, whether it's a star beast or an assessor, kill them all.....

Along the way, he has killed five or six examiners, and the frequency of killing examiners is getting higher and higher...

Because the closer to the location where the green light shines, the greater the probability of encountering examiners...

Hong Jun's situation is similar.

He rushed all the way, and whether he encountered examiners or star beasts, they were all sucked into the Chaos Bead, without wasting a single second of traveling time... This also made him drive extremely fast...

Those assessments The fate of the killer and the star beast was naturally to be surrounded and killed by the children of the Divine Alliance in the Chaos Orb.....

In this way, Zijin's clone and Hongjun continued to kill each other.

This confluence turned into a massacre that changed directions, and no one could stop it...

Time flew by so fast!

In the blink of an eye, a quarter of an hour passed.

In just a quarter of an hour, Qin Feng arrived near the green light.

His consciousness has scanned it, and the place where the green light shines is an extremely huge temple.

At the same time, he also sensed waves of huge energy collisions coming from the temple.

Apparently, there was a fight going on inside.

Qin Feng was overjoyed and hurried over.

But at this moment, he seemed to sense something, and couldn't help but turn his head and look in another direction.

The next second, his consciousness scanned in that direction.

At this scan, a look of anger appeared on his face.

I saw a group of people besieging the Ziwei Star Master in that direction.

The leader was a bearded man whose cultivation had reached the late stage of Quasi-Saint Ancestor.

That man was one of the only three remaining disciples of the Pure Sect outside the territory, named Lord Jianglong.

In addition to the Dragon Subduing Master, there are also the Tongbi Monkey, the Red Horse Monkey from the Changling Heaven Realm, and more than a dozen powerful Heavenly Saints.....

At this moment, these people besieged the Ziwei Star Master frantically, killing the Ziwei Star Master until he retreated steadily.

Ziwei Star Lord's cultivation is only at the peak of the Quasi-Saint Ancestor in the middle stage, but her spiritual power is the power of chaos, which makes her overall strength reach the threshold of the Quasi-Saint Ancestor in the late stage.

Even so, her two fists were no match for her four hands, and it was difficult for her to resist the siege of Master Jianglong and others, and she was already at a disadvantage.....

Qin Feng's consciousness scanned this and he was furious.

Immediately, he waved his hand, a white light flashed in front of him, and the purple and gold clone appeared out of thin air.

When the two met, they had a good rapport.

The next second, the Zijin clone rushed towards the direction of Ziwei Star Master with overwhelming murderous intent.

Qin Feng continued to rush towards the temple.

With the strength of the Zijin clone, it is easy to kill Dragon Subduing Master and others without having to worry about being deducted points.....

As for the creation artifact, it is natural to grab it as quickly as possible...

In this way, Qin Feng and Zijin's clones acted separately.

In the blink of an eye, the two of them disappeared into the vast mountains and forests.....

But on this side, Lord Ziwei is being frantically surrounded by more than a dozen people., the situation is not good.

She also saw the green light reaching into the sky, thinking that a treasure was born, so she rushed over.

What's more, she is not far from where the green light is.

Unexpectedly, before she arrived at her destination, she met Master Jianglong and his party.

Without saying a word, the other party rushed up and besieged her.

"Ha ha! Star Master Ziwei, you better get out of this assessment area!"

Lord Jianglong laughed wildly with pride.

"Lord Jianglong, I see that women can't hold on much longer. As long as we work hard, we can eliminate her."

"That's right! Look at her wretched appearance, it's really heart-wrenching to see! Ha ha!!"

The Brachiolobus monkey and the Red-armored Horse monkey also echoed.

The rest of the Heavenly Saints started laughing.

"Don't even think about it!"

Ziwei Star Master was struggling to support herself while angrily scolding her.

She knew that the purpose of Master Jianglong and others was to besiege her until she had to discard her tokens and eliminate herself.

Naturally, Ziwei Star Master was not willing to give in.

Qin Feng gave her Her goal is to collect 50 points to inherit the inheritance of the direct descendants of the ancient God Lord.

If she eliminates herself now, she will definitely not be able to collect the points.

After all, she has not obtained many star beast inner elixirs.

She also wants to She broke out of the siege and ran away, but was tightly surrounded by Dragon Subduing Master and others.

After this fierce battle, she was completely at a disadvantage.

According to this progress, she could last for a quarter of an hour at most before she had to give up. Token.

Otherwise, she would be in danger of falling.

Thinking of this, Star Master Ziwei was extremely anxious and was thinking about what to do.

Lord Jianglong and others saw her anxious look, and they all laughed even more crazily.

"Star Lord Ziwei, don't hold on! If you hold on any longer, you will die here! If you had any sense, you'd better get out of here! Ha ha!"

Sir Jianglong laughed wantonly.

Ziwei said coldly: "Sir Jianglong, if you do harm to me, my Majesty will definitely not spare you!"

Lord Jianglong sneered: "Bitch!" Don't use Qin Feng's name to scare us! To tell you the truth, Qin Feng won't live long. The day this secret place is closed will be the day Qin Feng falls, because my ancestor is waiting for him outside the secret place!"

As soon as those words were spoken, a cold voice sounded from behind the heads of Jianglong and others.

"Yeah?!"

Jianglong and others were horrified. They turned around and saw Zijin's clone appearing behind them.

Jianglong and others' faces suddenly changed with fear.

But before they could react, Zijin's clone activated the Heaven-Slaying Sword Formation. , billions of sword lights turned into sword rain, swallowing them up instantly.....

There was a loud scream!

In just a blink of an eye, the Dragon Subduing Master, the Band-armed Monkey, the Red-armed Monkey, and a dozen or so powerful Heavenly Saints were instantly killed by Zijin's clones, and they all turned into energy that filled the sky.....

"His Majesty!"

Ziwei Xingzhu was overjoyed when he realized that he was Zijin's clone.

"It's not too late to come!"

The Zijin clone smiled slightly and waved his hand to collect the energy and loot.

Then, he glanced at the storage rings of those people and found that there were more than a dozen inner elixirs. The harvest was pretty good.....

"Your Majesty, if you come a little later, I may be eliminated and I will fail to live up to your expectations."

Ziwei Star Master felt a little emotional about the aftermath of the disaster.

Zijin's clone said:"If it weren't for the temptation of the blue light, no one would rush in that direction, and you wouldn't meet these people. Of course, from this incident, it can be seen that Sanqing and others are sparing no effort to destroy the points scored by us, the children of the Divine Alliance."

Ziwei Star Lord nodded slightly:"Yes! By the way, Your Majesty, what exactly is that green light?"

"That should be the aura of the Creation Sacred Artifact! Not to mention this, my body is almost at the destination. Let's go there quickly for support!"

"yes! His Majesty!"

At this moment, Zijin's clone continued to rush towards the direction of Qingguang.

Ziwei Star Master followed closely behind.

At this moment, on the other side.

Qin Feng had arrived at the destination and entered the temple..

Chapter 1346

But on the other side, deep inside the temple.

Luo Hu was inextricably killed with the fire unicorn and ice unicorn.

Neither side can do anything to the other.

The inner sanctum was bombed and was in shambles.

"Senior Brother Mohu, this can't continue! Before we can defeat these two star beasts, Qin Feng and Sanqing will arrive. By that time, I'm afraid we won't have a share in this sacred artifact of creation."

Luo Jia was extremely anxious.

Although they were allies with the Sanqing, they were still a mob in essence, each pursuing their own interests.

Faced with the great benefits in front of him, Luo Hu naturally did not want to be obtained by the Sanqing.

Mohu was also extremely anxious:"Junior brother! These two star beasts are so powerful! Why don't we give it a try? Even if we are seriously injured, as long as we grab the sacred weapon, we will make a lot of money.

Luo Jia's eyes lit up:"Senior brother!" I think it works! If it really doesn't work, if we grab the sacred weapon, we can eliminate ourselves and save our lives.!"

"good!"

The two reached an agreement and rushed towards the altar.

Roar~!

The two unicorn star beasts roared.

The fire unicorn dodged, carrying a sea of fire, and stopped in front of Luo Hu.

"roll!"

Luo Hu shot forward and drove away the fire unicorn.

Roar~!

But at this moment, the ice unicorn came next and rushed towards his back.

According to common sense, Luo Hu had to turn around to resist.

But this time, for his sake Breaking through the siege of the two Kirin Star Beasts, he actually gave up the defense on his back and still rushed towards the altar...

He had to risk serious injuries, but also rushed into the center of the altar and snatched away the sacred artifact of creation.

In the blink of an eye, Bing The unicorn slapped it with one claw.

Bang~!

A dull loud noise!

The ice unicorn's claw slapped Luo Hu's back firmly.

Click~! Click~! Click~!

The flesh cracked and the ice turned into frost.!

Wow~!

Luo Hu spurted blood wildly.

That blow injured Luo Hu, but it also blasted him away towards the center of the altar, like a cannonball fired, astonishingly fast.....

Huh~!

In the blink of an eye, Luo Hu rushed into the center of the altar.

He was full of surprises and was thinking that he would get the creation artifact soon.

But at this moment, a sudden change occurred.

Boom~!

A loud bang!

From the center of the altar covered with green light, a giant claw covered with green scales suddenly rushed out and struck at Luo Hu.

Each finger of that giant claw is several times larger than the ice and fire unicorn... What's even more terrifying is that the momentum of that claw suddenly reached 2 billion.....

"No~! "

Luo Hu screamed, his face turned pale instantly.

But all this changed so fast that he had no time to react.

Bang~!

An earth-shattering muffled sound!

Luo Hu was slapped away by that palm!

His physical body instantly shattered, blood spurted out, and his whole body flew backwards instantly...

At that moment, he was completely severely injured, and even his soul was severely injured through the physical body.....

That mysterious giant claw can actually hurt the soul through the physical body, which is extremely terrifying.....

But all this was not over yet. Just when Luo Hu flew out, a light flashed on the hall, and Qin Feng arrived just in time.

Without saying a word, with a thought, he instantly activated the space summon, and the three clones were summoned at the same time.

At the same time, he instantly sacrificed the witch god's flag, and with one flag, he slashed at Luo Hu who was flying backwards.....

In the human-machine state of the Witch God Banner, his combat power has reached 2.6 billion poles.

When that flag struck down, its blade reached the sky and split the sky and the earth, its power was unparalleled.

Not only that, his eyes opened suddenly, and two divine lights, one gold and one silver, shot out from his pupils.

That was the hidden Sun and Moon of Creation, and they also launched an attack at the same moment.....

At the same moment, the three clones that were summoned also launched their strongest blows.....

The Purple Gold clone's Heaven-Destroying Sword Formation fired billions of sword lights towards Luo Hu...

The fantasy clone used the Killing Wolf Three Stars and blasted towards Luo Hu.....

The phantom clone sacrificed the two swords of Yuantu Abi. The two swords were combined and pierced Luohu.....

For a moment, Qin Feng and the three clones attacked Luo Hu at the same time, and launched his strongest attack, all of which were increased by 300 times, far stronger than the ordinary half-step Saint Ancestor.....

This joint effort is astonishing.....

Luo Hu also sensed it. He quickly turned around and saw Qin Feng and three clones sneaking up on him. The sword light in the sky filled his eyes, and it was difficult to see anything else.....

"No~! "

Luo Hu yelled in fear.

Bang~!

The next second, he was swallowed up by attacks all over the sky. Before he could defend himself in time, he was blasted into a mist of blood.....

Poof~! Poof~!

With two soft sounds of soul shattering, Luo Hu turned into energy that filled the sky.

He was already seriously injured, but he was killed instantly by Qin Feng and the three clones.....

A generation of giants has fallen!

Buzz~!

The God-killing Spear let out a mournful cry, turned into a streak of black light, and fled out of the palace.

Qin Feng dodged and grabbed him quickly.

Intercepting the God-killing Spear was one of his goals this time.

Roar~! Roar~!

At this moment, Ice Qilin and Fire Qilin also came over to kill them.

The three clones immediately faced the two star beasts and started fighting.

But on this side, Qin Feng caught up with the God-killing Spear in the blink of an eye and was about to grab the God-killing Spear...

Buzz~!

The god-killing spear was full of spirituality and instantly broke through the space. To escape from the secret place, the method was the same as the thirty-sixth-grade Pure World White Lotus.

Qin Feng quickly took action, and the combat power of 2.6 billion exploded instantly, causing the rules of the world to change, distorting space, stopping the flow of time on that side, and thus the

God-killing Spear was imprisoned in place... This is how powerful the combat power is. After reaching this level, you can break through the constraints of the laws of heaven and earth, and have endless magical uses. It can be said that you can conquer ten things with one force.

Buzz~!

The God-killing Spear suddenly shines brightly again!

He broke free of his confinement in an instant and was about to escape.

At this moment, Qin Feng grabbed the handle of the gun.

Woo~! Woo~! Woo~!

The God-killing Spear kept vibrating violently, and he tried to break free, but Qin Feng held him firmly in his hand.

At the same time, Qin Feng used his other hand to seal the seal with a bright spot on his fingertips.
.....

After a while, he applied eighteen thousand seals to cover his aura and spirit.

The God-killing Spear whined, finally fell silent, and was completely sealed.

Qin Feng was overjoyed and put it into the storage ring with a wave of his hand..

Chapter 1347

The God-killing Spear whined, finally fell silent, and was completely sealed.

Qin Feng was overjoyed, and with a wave of his hand, he put it into the storage ring...

Then, he put away the energy transformed by Luo Hu, as well as various trophies such as the storage ring.

After doing this, Qin Feng joined the battle group ahead and besieged the two Kirin Star Beasts with the three clones.....

At the same time, near the entrance to the secret place.

Within the endless evil aura, the figures of Jingzu, Daozu, and Demonic Ancestor reappeared.

At this moment, Demon Ancestor looked at the two broken soul cards in his hand, feeling extremely angry.

Those are the soul cards of Mohu and Luoja!

His two most proud disciples also died in the secret place.

Jingzu's eyes were filled with secret joy.

Originally, he lost Amitabha, and his heart ached extremely.

Now, he saw that Demon Ancestor had lost his beloved disciple just like him, and he felt mentally balanced inexplicably.

"Damn beast! who?! Who killed my disciple?"

Crack~!

Demon Ancestor crushed the soul card in his hand, and his eyes showed overwhelming anger.

Seeing this, Dao Ancestor shook his head and sighed.

Jing Ancestor rolled his eyes: "Demon Ancestor, I want this ancestor to see, Mahuluojia's The death was most likely caused by Qin Feng!"

Qin Feng killed Amitabha, Samantabhadra, and Manjusri.

Jingzu hated Qin Feng with all his heart.

At this moment, he also wanted Demon Ancestor to hate Qin Feng.

In this way, after Qin Feng comes out, he doesn't need to say anything. , the Demon Ancestor will crush Qin Feng to ashes

"You said Qin Feng did it?"

Daozu interjected, somewhat doubtful.

Demon Ancestor also said coldly: "Jingzu, my disciples Mohu and Luoia can combine the body of the demon god Rahu, which is better than your Amitabha. Qin Feng can kill Amitabha, but I'm afraid he doesn't have the strength to kill my disciple!"

Jingzu frowned, feeling annoyed.

What this guy meant was that he looked down on his own disciples, thinking that his disciples were more powerful.

At that moment, Jingzu sneered and said: "Demon ancestor, what do you mean by this secret place? Besides that Qin Feng, who else can kill Luo Hu?"

"this.....", Demon Ancestor is a bit hard to say.

Obviously, he didn't really believe that Qin Feng could kill Luo Hu.

After all, in the images released by Pure World White Lotus before, Qin Feng's combat power was only one billion.

With such combat power, if it is possible to severely injure Luo Hu, it is not easy or even impossible to kill Luo Hu.

With this in mind, he said: "I will know the truth soon. Once Luo Hu dies, my ancestor's god-killing spear will return. When the time comes, I will ask the spear spirit, don't you know?.....Huh! This is.....Damn it!"

Halfway through the words, Demon Ancestor seemed to have sensed something, and his expression changed greatly.

Dao Ancestor and Jing Ancestor were also shocked.

"What happened to the Demon Ancestor?"

"My ancestor's god-killing spear has been sealed!"

"What?!"

Daozu and Jingzu were both shocked.

Immediately, Daozu shook his head repeatedly: "Isn't it possible? With the power of the ultimate sacred artifact, even a half-step Saint Ancestor at the peak of his power would not be able to keep it. Who could it be that can intercept your God-killing Spear?"

"Could it be Qin Feng?", Jingzu interjected.

Daozu shook his head repeatedly: "Impossible! Looking at the images released by Pure World White Lotus before, Qin Feng's combat power is only about 1 billion poles, and he has no ability to intercept the God-killing Spear."

"That's not necessarily the case!", Jingzu was dissatisfied.

Daozu sneered: "Jingzu, you don't think that Qin Feng can increase his combat power to more than 2 billion poles in just a few days, do you? If so, it would be a fantasy!"

Jingzu sneered: "Then how do you explain that Demon Ancestor's God-killing Spear was intercepted?" Do you think there is anyone in this secret place who is more suspicious than Qin Feng?"

"this.....", Daozu thought for a while, "Maybe there was a change in the secret place."

"Jingzu, don't say it's not possible. The three of us have deduced the same hexagram before. This time, something strange will happen in the secret place. Regardless of whether the successor of the mantle is chosen or not, the secret land will end this time."

Hearing this, Jingzu was slightly moved.

Daozu was right.

The three of them had deduced the same hexagram before, all suggesting that there would be amazing changes in the place where the mantle was inherited.

This was also the last time the secret place appeared. , is also their only chance to seize the inheritance of the God Lord.

This is why the three of them attach great importance to this secret land assessment.

Thinking of this, Jingzu swallowed his saliva and said: "Daozu, according to your analysis , but it is somewhat possible. However, should you be worried about Sanqing now?"

Hearing this, Daozu's heart trembled.

Immediately, the corner of his mouth curled up slightly and he said: "Haha!! Jingzu, I can understand your sadness of losing your proud son. As for my Sanqing disciples, you don't need to worry."

"An ancestor borrowed the Eight Diagrams of Heaven and Earth from him, and his combat power can reach 800 million poles. Even Qin Feng can't do anything to him. As for other special situations, with the cleverness of my disciple Sanqing, I will avoid danger as soon as possible."

After hearing these words, both Jingzu and Mozu were unhappy.

So far, Jingzu and Mozu have suffered heavy losses.

Especially Mozu, he even lost his sacred weapon, the God-killing Spear, which greatly affected His strength showed.

On the other hand, Dao Ancestor suffered the least loss.

Invisibly, they were outclassed by Dao Ancestor.

This was somewhat detrimental to their subsequent competition for the mantle of the God Lord.

To this day, the three Saint Ancestors still regard each other as rivals, and They didn't take Qin Feng seriously.

Of course, in their eyes, Qin Feng was already a dead man, his must-kill target, and he would never leave alive from their hands.

How could they care about a dead man? superior.....

At the same moment, in the secret assessment area, inside the temple.

Qin Feng and the three clones were fighting around the ice and fire unicorn.

Not long after, two screams came from the field.

The ice and fire unicorns fell one after another, turning into two huge masses of energy, leaving behind two half-step ancestor-level inner elixirs.

Qin Feng happily put away the energy and the two inner elixirs.

A half-step Saint Ancestor level inner elixir equals 100 killing points.

In addition, he also obtained more than a dozen inner elixirs from Rahu's storage ring.

After this calculation, his kill points have reached more than 1,400 points, and he can get 30 additional evaluation points.

Speaking of which, when he killed Rahu before, Mohu's soul was destroyed by him, so he should have deducted 20 points.

But with the 30 extra evaluation points, he doesn't have to worry about being deducted.

As for Luo Jia's soul, it died at the hands of Zijin's clone, and there was no need to worry about point deductions.

After handling these trivial matters, Qin Feng couldn't help but look at the altar in front, and the three clones also looked at it.

The sacred artifact of creation is inside the altar.

It's just that the altar was covered in green light, so dazzling that people couldn't see the true appearance of the center of the altar.

What's even more frightening is that there seems to be something hidden inside the altar.

Previously, Luo Hu broke into the altar and tried to take away the sacred weapon, but was blown away by a terrifying giant claw.

Qin Feng saw it with his own eyes.

At that moment, he took a deep breath and prepared to break into the altar.

He wanted to see what was going on inside this altar.

Thinking of this, Qin Feng raised his feet and walked towards the mysterious altar.

But at this moment, there was a rapid sound of breaking through the air in the passage of the hall.

At this moment, someone is coming!

Qin Feng couldn't help but stop and look back at the entrance of the hall..

Chapter 1348

Qin Feng couldn't help but stop and look back at the entrance of the hall...

After a moment, the light and shadow at the entrance flashed, and a familiar figure entered the hall.

"father!"

When the visitor saw Qin Feng, his face was full of joy.

He was Hongjun

"Hong'er!"

Qin Feng also showed a happy smile.

He didn't expect that Hongjun could arrive so quickly.

"Huh! Dad, there was quite a fight here before?"

Hongjun looked around and was a little surprised to see the mess everywhere and the strong smell of blood in the air.

If it weren't for the protective barriers on the floor and walls of this temple, I'm afraid it would have been destroyed long ago.

"That's right! My father just met Luo Hu here!"

"Oh, what about Rahu?"

"killed!"

"he died?! Ha ha!! That's great!"

Hongjun was overjoyed.

That Luohu was half a step above the threshold of the Saint Ancestor, but he didn't expect to be killed by his father.

"Let's not talk about that, let's deal with business first!"

Qin Feng turned to look at the altar in front.

Hongjun nodded:"Yes! Dad, is the creation artifact in the altar in front? You hurry up and collect the sacred artifacts, lest Sanqing and others come and cause some trouble."

"This is the holy vessel that my father should take. However, there is something weird in this altar, please step back first!"

"yes! father!"

Hongjun retreated instinctively.

Qin Feng dodged and rushed into the altar.

Boom~!

A loud sound broke through the air, and the breath of the world shook.

The giant claw covered with blue scales appeared again and slapped Qin Feng, 20 The momentum of tens of millions of fighting forces unfolded instantly....

"Oh My God!"

Hongjun couldn't help but exclaimed.

At the same time, in the Chaos Bead he carried with him, all the disciples of the Divine Alliance also saw this scene and exclaimed...

But Qin Feng was already prepared, and the Witch God Banner chopped out a light blade that reached the sky. , slashing towards that giant claw.....

Huh~!

The blade flashed and cut through the sky for thousands of miles!

Slashing directly on the giant claw, the blue scales shattered and flew away inch by inch!

Click~!

A crisp sound!

That blade directly cut open the giant claw, and blood splattered!

Roar~!

A shocking roar of pain echoed from the center of the altar!

The huge claw that was exploded exploded into pieces and turned into blood mist all over the sky.

Then, the green mist rolled in the center of the altar, wrapped in the blood mist, and shrank into the center of the altar at an extremely fast speed.....

This scene left Hongjun and the other disciples of the Divine Alliance dumbfounded and amazed.

Your Majesty's strength has improved greatly again!

The two billion giant claws were cut off by His Majesty.

But it's not over yet.

Qin Feng slashed open the giant claw with a flick of his hand, and when he stepped into the depths of the altar, another change occurred.

Boom~!

Inside the altar, green light flowed, mist rolled violently, and another giant claw rushed out of the green light, hitting Qin Feng...

The giant claw was larger than before, and the blue scales were glowing with a golden halo, as if It is the rebirth of the previous giant claw, but it is stronger and has reached 2.5 billion poles.....

Boom~Long~Long!

In the blink of an eye, that claw struck in front of Qin Feng, and his momentum destroyed the heaven and earth.

Qin Feng waved quickly, and the Witch God Banner met the claw again.

Bang~!

There was another loud, earth-shattering sound!

The attacks from both sides collided.

Click~click~click!

The next second, the giant claw cracked open inch by inch, revealing countless cracks, and finally collapsed.

This round, Qin Feng won again.

Roar~!

Another painful roar came from the altar, and the sound wave shook the entire hall violently, and the dust on the ground bounced up slightly.

Immediately, the huge exploding claws rolled around in blood mist and rapidly absorbed the surrounding green light.

In the blink of an eye, the giant claw was reborn and turned into a complete giant claw again, and it was larger than before, and the scales on it glowed with purple-gold light.

The momentum it exuded reached 3 billion, which was actually higher than Qin Feng's combat strength.

Seeing this amazing scene, Qin Feng was shocked.

This giant claw is actually immortal. It seems that it can be reorganized infinitely, and it gets stronger with every battle!

This is not a good thing!

However, Qin Feng also discovered that the giant claw was reborn twice, and the green light shrouding the center of the altar became much thinner.

He could vaguely see something in the center of the altar. There seemed to be a blue flower-like thing blooming inside.

The giant claws rushed out from the stamens.

Of course, this was only possible because Qin Feng was close and his spiritual consciousness was extremely strong.

Hongjun and others couldn't see clearly at all.

Boom~Long~Long!

At this moment, the giant claw struck Qin Feng again.

That 3 billion combat power was so powerful that it destroyed the world and destroyed the world, surpassing Qin Feng's combat power.

Qin Feng waved his flag and fought with all his strength.

With a combat power of 2.6 billion and a three hundred-fold increase, even with the same combat power, he is still stronger!

One flag and one claw collide!

Bang~!

There was another explosion like the destruction of the universe!

The heaven and earth shake, mountains and rivers collapse!

Qin Feng groaned and was shaken by the claw, and exited the warning range of the altar.

The giant claw was also slashed back to the center of the altar by a banner, and let out a dull roar of pain.

In this face-to-face encounter, both sides are evenly matched.

"Dad, are you okay?"

Hongjun rushed up to ask with concern.

"fine!"

Qin Feng shook his head slightly.

As soon as he exited the altar's warning range, the altar's green light rolled for a while and then returned to calm. The giant claw did not pursue him.

In fact, the giant claw did not take advantage of the last confrontation.

"Dad, this altar is so weird, and that giant claw is hard to deal with.!"

"The more difficult it is to deal with, the more valuable the treasure in the altar is!"

"Dad, I will help you deal with that giant hand!"

"good!"

As soon as the words fell, Qin Feng was about to walk towards the altar again.

The three clones and Hongjun also followed closely.

This time, they were ready to join forces to smash the giant beast.

But at this moment, there was another sound coming from the direction of the entrance of the hall. The sound broke through the air quickly.

The speed was far faster than Hongjun before.

"It's Sanqing!"

Qin Feng quickly turned back and looked towards the entrance.

He had already judged the identity of the person before he arrived.

Now, in this assessment area, the only one who can be faster than Hongjun is Sanqing.

"Dad, what should I do?", Hongjun asked urgently.

Qin Feng rolled his eyes, as if he thought of something, and his eyes lit up.

"He came just in time! We just took the opportunity to get rid of him. Hong'er, do this....."

At the moment, Qin Feng whispered to Hongjun.

After hearing this, Hongjun's face showed joy.

The next second, he sacrificed the Chaos Bead.

Qin Feng and the three clones quickly got in.

Later, Hongjun put away the spirit beads.

Suddenly, only Hongjun was left in the hall.

As soon as he finished all this, there was a flash of light and shadow at the entrance, and a figure rushed in. It was the Sanqing

"It's you!"

Sanqing saw Hongjun at a glance and was a little surprised.

Then he looked around and saw a mess. It was obvious that a fierce battle had taken place here.

He suddenly felt wary, looked left and right, and with a sweep of his consciousness, he discovered this. There were only two people in the hall, he and Hongjun, and there was no third person, and he breathed a sigh of relief.

Of course, his attention was quickly attracted by the altar in front of him.

In the center of the altar, dazzling blue light continued to flow, and the sky was full of light. Waves of creation heavenly rhymes are coming

"Senior brother, it's Chuangshi Tianyun! The natal sacred weapon of the ancient God Lord is in this altar!"

Shangqing's extremely excited voice sounded in Sanqing's mind.

Taiqing was naturally excited.

However, he was still relatively calm.

"Junior brother, don't rush to be happy yet. Let's get rid of this little bastard Hongjun first!"

As soon as he said this, he controlled the body of Sanqing and looked at Hongjun with an evil look.

Hongjun was already on guard and retreated sharply.

"What do you want to do?!"

"hey-hey! What do you want me to do? I ask you, what happened here before? Who was fighting whom? is it you?"

"Why do you want me to tell you?!"

Sanqing was angry: "You little bastard!" When death is imminent, you still dare to speak harshly!"

With the words on his face, Sanqing was about to take action.

Hongjun shouted: "You dare to take action! My dad will be here soon!"

Hearing this, Sanqing was slightly startled.

He was extremely jealous of Qin Feng, even very afraid.

"Senior brother, what this guy said can't be true, right? Is Qin Feng really coming?"

"Senior brother, regardless of whether Qin Feng comes or not, let's go grab the Creation Sacred Artifact first, lest Qin Feng arrives and we get into trouble."

In Sanqing's mind, Yuqing and Shangqing persuaded each other.

Taiqing thought about it briefly and felt that it made sense. Instead of wasting time on Hongjun, it is better to get the treasure in front of him first.

What's more, Hongjun's strength is extraordinary. He has no ability to kill Hongjun in an instant. If

Hongjun wants to escape, he can discard the token at any time and eliminate himself.

It would be great if this delays time and waits for Qin Feng to arrive.

He might as well get the holy weapon first, Let's deal with Hongjun next. After thinking about this, Sanqing gave Hongjun a cold look, then ducked and rushed into the altar...

Boom~!

The moment he rushed into the altar, the mysterious giant claw rushed out, Shoot him.....

The momentum of that three billion battle force would destroy the world!

"not good!"

Sanqing's face changed drastically, and in panic, he sacrificed the Eight Heavenly and Earthly picture.

Bang~!

There was a loud sound of earth shattering, and the void shattered inch by inch!

Sanqing screamed miserably, and was hit by the claw so much that he vomited blood and flew backwards, severely injured.

At this moment, Hongjun was well prepared and instantly used the Chaos Bead, releasing a huge suction force that sucked Sanqing and himself in at once.

After a while, the world was spinning, and Sanqing found himself entering a closed space, surrounded by thousands of disciples of the Shen Alliance who were waiting for him, as well as Qin Feng and the three major clones.

He suddenly felt bad!

But before he could react, Qin Feng and the three clones launched their strongest attacks at.....

Fu Zhi also activated the Zhoutian Xingdou Formation and led thousands of disciples to attack him...

Lu Ya, Queen Mother of the West, Chu Chu, Yun Xi and other senior officials also took action.

Hongjun arrived first and delivered his strongest blow.

In just an instant, Sanqing was swallowed up by the attacks from the sky..

Chapter 1349

In just an instant, Sanqing was swallowed up by the attacks from the sky.....

"No~! "

Sanqing yelled in horror.

Boom~! Boom~! Boom~!

A series of earth-shattering explosions could be heard.

Sanqing was instantly exploded into blood mist

"ah~!"

The shrill screams came out in the blood mist...

Poof~! Poof~!

Immediately, there were two soft sounds.

The souls of Yuqing and Shangqing were shattered, and they died.

However, Taiqing's soul is still there, but has become extremely weak.

At the critical moment, he no longer dared to hesitate and summoned the clearance token.

A burst of blood mist rolled, and tokens emerged.

As soon as Taiqing's thoughts moved, he was about to throw it out and escape.

But at the extremely critical moment, Qin Feng opened his eyes, the sun and the moon were activated, and two divine lights shot out from his eyes...

Phew~! Phew~!

The divine light penetrated the soul!

Pfft~!

A soft sound!

Taiqing's soul suddenly collapsed!

The screams echoed in the air!

A generation of giants died and disappeared, suddenly turning into energy that filled the sky!

"Ha ha!! died! died! Sanqing is dead!"

The children of the Shenmeng cheered.

This sneak attack was a perfect success!

But at this moment, a colorful light flashed across the sky.

It was the ultimate sacred artifact of creation - the Bagua Diagram of Heaven and Earth.

As soon as Sanqing died, it wanted to escape.

Qin Feng dodged and chased after him.

Click~!

The Heaven and Earth Bagua Diagram suddenly burst into the void, and the Chaos Bead came out.

Qin Feng also rushed out.

After escaping from the Chaos Bead, the Heaven and Earth Bagua Diagram appeared again. He broke through the void and was about to escape from the secret place.

At this moment, Qin Feng caught up and grabbed the Eight Diagrams of Heaven and Earth.

Woo~! Woo~! Woo~!

The Eight Diagrams of Heaven and Earth vibrated violently, trying to break free.

Qin Feng repeatedly made seals and entered the Bagua Diagram.

In just a moment, the Heaven and Earth Bagua Diagram let out a cry, and was completely sealed and became calm.

Qin Feng was overjoyed, and put away the Heaven and Earth Bagua Diagram with a wave of his hand, another top-notch piece. The Holy Artifact of Creation was obtained.

At this moment, Hongjun and other disciples of the Divine Alliance walked out of the Chaos Orb.

"father! How's it going?"

Hongjun stepped forward to ask with concern.

"Got it!"

Qin Feng showed a satisfied smile.

Hongjun was delighted: "This is great! Dad, we really had a great victory this time, even the Sanqing was wiped out. In this way, there will be no opponents in the secret place. Qin Feng shook his head slightly: "

Sanqing and Luohu are nothing to be afraid of!" Our biggest enemies are the three great ancestors. I thought that my father's current strength could not even deal with a single Saint Ancestor, let alone three Saint Ancestors joining forces, so I couldn't be happy too early.

Hongjun alerted: "Dad is right!" The three great saint ancestors are hidden outside the secret place. Their existence is like three sharp swords suspended above our heads!"

As soon as he said this, Qin Feng's customs clearance token came with information.

He quickly took it out and took a look, and frowned slightly after a moment.

"Dad, what's wrong?"

"Secret Will sent a message saying that I killed the examiners Taiqing and Yuqing, and was deducted 40 points. In addition to the one who killed Mohu before, I will be deducted 60 points."

"There are so many."

Hongjun's face changed slightly, and he was a little worried.

All the disciples also showed anxious expressions.

If His Majesty deducts too many points and cannot reach 200 points, it will not be worthwhile.

"By the way, Dad, this is the storage ring left by Sanqing, as well as the energy he transformed, and the Qingping Sword, the holy weapon of creation. Can you see if there is any inner elixir in his storage ring?"

Hongjun handed over the previous trophies.

He got another large ball of energy and a sacred artifact of creation, the Qingping Sword. Qin Feng was extremely satisfied.

He put it away and checked Sanqing's storage ring. After a moment, a smile appeared on his face.

There were more than a dozen inner elixirs in Sanqing's storage ring, nearly half of which were quasi-sage-level inner elixirs.

"Dad, is there any harvest?"

"not bad! There are many inner elixirs in Sanqing's storage ring, and together with the inner elixirs that my father already has, the accumulated points can reach more than 3,000 points. Hongjun was overjoyed:"Dad, according to the rules, if the killing points reach more than 3,000 points, you can get an additional 80 evaluation points." With this calculation, you don't have to worry about deducting points at all."

Qin Feng smiled:"Let's not talk about that first, there are more important things to deal with."

As soon as he finished speaking, Qin Feng looked at the altar in front.

Hongjun said happily:"Dad, we will all help you together this time!"

"His Majesty! I am willing to fight with you!"

All the disciples asked for orders one after another.

"good!"

Qin Feng agreed and walked towards the center of the altar again.

The three clones followed closely behind.

"Set up your formation quickly!"

Hongjun quickly ordered, and all the disciples agreed.

Then, Fu Zhi led thousands of disciples to set up the Zhoutian Star Fighting Formation.

Qinglin, Shangguan Yunxi, and Chu Chu each led their star masters to summon Qinglong, The three major horoscopes: Suzaku and Xuanwu.....

At this same moment, near the entrance to the secret place.

Within the evil spirit of the Nine Heavens, the figures of Jing Zu, Demon Ancestor, and Dao Ancestor reappeared.

At this moment, Daozu looked at the three broken soul tablets in front of him, trembling with anger and extremely angry.

He also didn't expect that Jingzu's reminder would actually turn out to be a prophecy.

His favorite disciple and only direct descendant, Sanqing, actually died.

What made him even more furious was that his Eight Diagrams of Heaven and Earth had also been sealed.

Originally, the Demon Ancestor and the Pure Ancestor suffered heavy losses, but he was a little lucky.

Unexpectedly, in the end, he was the one who suffered the most

"It really makes me angry!"

Dao Ancestor roared, and with a wave of his hand, he shook the broken soul cards into powder.

"Hey~! Taoist ancestor, I offer my condolences to you! The ancestor said before, be careful of Sanqing, it won't happen so soon....."

Jingzu looked emotional.

Although he was a little gloating, he could also relate to the grief.

Demon Ancestor said with a gloomy face: "You two, things are getting weirder and weirder! With the strength of Sanqing, with the help of Qingping Sword in the front and the help of the Eight Diagrams of Heaven and Earth behind, how could you fall into it?"

Jing Jing said. Zu thought for a while and asked: "Could it be Qin Feng who did it?"

Through the video played by Pure World White Lotus, he saw Qin Feng killing Amitabha with his own eyes. The hatred was deep-rooted in his heart, and he always wanted to bring hatred to Qin Feng.

Demon Ancestor sneered: "With Qin Feng's strength, he can't kill Sanqing. I'm afraid there will be another change. We can't underestimate it!"

At this time, Dao Ancestor said in a hoarse voice: "Calculate the time, distance The closure of the secret place is not far away. We will know the truth soon. Everyone, it's time for us to make some preparations! This time, we have to work together!"

"Exactly!"

Jingzu and Mozu nodded slightly.

The next second, the three majestic figures gradually faded and disappeared into the endless evil aura...

But he said this side, the assessment area, inside the temple.

The disciples of the Divine Alliance have set up a large formation.

Qin Feng strode towards the altar, his whole body full of momentum, revealing his 2.6 billion combat power.

Buzz~!

The divine beads trembled and the aura shone brightly!

At this moment, Hongjun activated the Chaos Bead's magical power - the Chaos Domain!

In an instant, the rules of heaven and earth in a land hundreds of millions of miles away changed.

Countless powers of heaven and earth surged into the bodies of everyone in the Divine Alliance. , the higher the cultivation level, the more power of heaven and earth can be obtained.

Qin Feng clearly felt that the power of heaven and earth poured into his body.

In the blink of an eye, his combat power increased to 2.8 billion poles.

The three major clones have also been improved one after another, with an increase of more than 50 million poles.

Such a change made Qin Feng surprised and happy, and couldn't help but look at Hongjun

"Well done, Hong'er!"

"whee! Dad, my Chaos Bead is already half a sacred artifact of creation, so its efficacy is naturally extraordinary. If the child refines all the fragments of the Chaos Star Mirror into it, it is more likely to be promoted to a complete sacred artifact of creation, and its power will be doubled."

Hongjun looked excited.

Qin Feng was also very pleased.

With the assistance of this Chaos Realm, not only did he and the three major clones increase in strength, but the fighting power of the children of the Divine Alliance also increased greatly.

It can be seen from this that Chaos The beads are extraordinary. If they are cultivated properly, they will be of great use.

At this time, Qin Feng and the three clones have entered the warning area of the altar.

Boom~!

There is a loud noise!

In the center of the altar, green light surges, and the giant hand rushes again came out, and with the power of destroying the heaven and the earth, he swatted towards Qin Feng.

"Do it!"

Qin Feng hurriedly raised his flag to greet the giant claw.

The three clones, Hongjun, and the disciples of the Divine Alliance also took action one after another.

Whoa~!

Qin Feng slashed out a thousand-foot-long light blade with a flag, and with a three hundred-fold increase, he opened up the world. , the aura was actually stronger than the giant claw.

This was naturally the assistance of the Chaos Realm, which made his attack stronger than before. At the same moment, the Zijin clone activated the Heaven-casting Sword Formation, and billions of sword lights gathered in a line , shooting out.....

The phantom clone and Xuan Mi clone also used their strongest attacks.

Click!

Qin Feng slashed at the giant claw with a flag!

Suddenly, the scales shattered and the giant claws cracked.

Immediately afterwards, the attacks from the three clones and the disciples of the Divine Alliance came...

Boom~! Boom~! Boom~!

A series of earth-shattering explosions!

The giant claw finally couldn't bear it anymore and exploded into pieces, turning into the sky.

Roar~!

From the center of the altar, a scream of extreme pain was heard, causing the earth to shake and the void to tremble.

Immediately afterwards, the blood mist rolled, wrapped in green light, and retreated back to the center of the altar.

Only this time, all the green light shrank back to the center of the altar, revealing the scene in the center of the altar.

In the center of the altar, a green lotus suddenly bloomed. There were five lotus leaves below, a green lotus pod above, and five lotus seeds in the middle. The flower had forty-nine petals, and the whole body exuded a strong charm of the Tao of Creation.

"His Majesty! That's it! That's it! It is my master's sacred weapon - the Creation Green Lotus!"

The Queen Mother of the West's extremely excited voice rang out from the crowd.

Qin Feng's eyes also shone.

This Creation Green Lotus is indeed extraordinary.

Jingzu's Purifying White Lotus has thirty-six petals, but this thing has forty-nine petals. The petals coincided with the number of heaven.

At this moment, the aura of the creation green lotus shined brightly, and the lotus pods, lotus seeds, and forty-nine petals poured out streams of green light, which merged with the blood mist directly above.

That The blood mist suddenly rolled violently, and after a moment, it turned into a ten thousand-foot blue dragon, with green scales all over its body, a slight purple-gold luster, an extremely ferocious face, and the aura of its body suddenly reached three billion.

In addition, on this green dragon, There is also a strong smell of star beasts

"Dad, this green dragon has a strange aura, is it also a star beast?"

Hongjun was greatly surprised.

"The star beast was originally created by the will of the secret earth. It is not surprising to say that this green dragon is a star beast."

Qin Feng looked at Qinglong carefully.

"Dad, why did the secret will create this Azure Dragon Star Beast?"

"Maybe it's a test! It won't be that easy to get the Creation Green Lotus!"

Ho~!

As soon as those words fell, Qinglong looked up to the sky and chanted.

Buzz~! Buzz~! Buzz~! Buzz~! Buzz~!

The next second, the five lotus leaves of the Creation Qinglian automatically broke away and flew to In mid-air, it turned into five formation flags, surrounding the Qinglong Star Beast. The aura of each formation flag reached the level of a sacred artifact of creation.

Seeing this scene, Qin Feng was amazed.

Just five lotus leaves, Being able to create five sacred artifacts of creation, the Green Lotus of Creation is really extraordinary.

But before he could think about it, the five formation flags suddenly came into being and merged with the Azure Dragon Star Beast into one sacred artifact.

In the blink of an eye, the Azure Dragon Star Beast's The battle strength and momentum surged to 3.5 billion.

Qin Feng was surprised.

The expressions of everyone in the Divine Alliance changed greatly.

Among the crowd, Queen Mother Xi quickly reminded:"Your Majesty, the formation flag made of these five lotus leaves is Wuji apricot yellow flag, green lotus treasure color flag, off-the-ground flame light flag, plain cloud boundary flag, Xuanyuan control water flag, collectively known as the Five Directions Flags of Heaven and Earth"

"It can form a great formation in the five directions of heaven and earth, which can make Zhu evil escape and be invulnerable to all means. The defense can be said to be invincible in the world and extremely difficult to deal with!"

After hearing these words, all the disciples were moved again.

But Hongjun smiled and said: "Dad, fortunately it is just a defensive formation flag. It can defend against the strong and attack the weak. It just has a powerful turtle shell."

Qin Feng shook his head slightly: "The intention of the secret will is obvious! If he cannot kill the Azure Dragon Star Beast, he will be unable to complete the test given by the secret will, and his father will not be able to obtain the Creation Azure Lotus."

"Um...that's it!"

Hongjun suddenly felt a big headache.

Originally, the Azure Dragon Star Beast was difficult to kill. Now that there is such a powerful defensive formation, I'm afraid they really can't kill it.

There is only time left for the secret place to be opened. It's been more than two days, and they won't be allowed to stay indefinitely.

If they can't break through the five square formations of heaven and earth within the limited time, and kill the Azure Dragon Star Beast, dad will not get the Creation Azure Lotus, and he will be extremely disappointed..

Roar~!

At this moment, the Azure Dragon Star Beast looked up to the sky and roared, and its 3.5 billion combat power spread out, shocking the world.

The next second, it wrapped around the five flags of heaven and earth and came to kill.

"Do it!"

Qin Feng was the first to rush forward.

The three clones, Hongjun, and the children of the Shenmen League also took action.

Boom~! Boom~! Boom~!

Suddenly, a series of earth-shattering explosions sounded in the field.

The two sides fought together, The sky was dark and the earth was dark, and there was no light from the sun or the moon.

A moment later, everyone in the Divine Alliance discovered in horror that what the Queen Mother of the West said was true.

The defenses of the five-square flags of the sky and the earth were invincible. No matter how they attacked, they could not break the defense of the five-square flags.

As a result, the Azure Dragon Star Beast relied on its amazing defense and ran rampant.

After a few rounds, the Azure Dragon Star Beast actually gained the upper hand..
