Chapter 1481

"Now how to do?"

A middle-aged guard was so anxious that he didn't know what to do.

He was the leader of the blue-clothed guards.

At this moment, it was not just these guards and Jiang Tianshui who looked ugly.

The faces of the three family heads and Wei Jifeng who were also here were also ugly.

Wei Qingyan was a person with a certain status in the Wei family.

Wei Qingyan died tragically here, and they were nearby, so it was natural that they were involved.

No one knew what the Wei family would do if they got angry, and they didn't want to know.

Just when everyone was panicking, the head of the Chu family was calmer.

He stepped forward and said: "Master Jiang, I want you to see that you send away the unimportant people first and protect the scene first."

"Exactly!"

Jiang Tianshui quickly made arrangements.

At that moment, the people in Tianshui Martial Arts School dismissed the unimportant people.

On the school grounds, those people were also dismissed from the Martial Arts Hall.

This exchange meeting ended hastily, but a bigger storm is still coming. At the back. In the blink of an eye, everyone in the yard was dismissed, leaving only a dozen or so people in the yard.

Qin Chuan was lucky enough to be retained.

Perhaps, he had performed well in the competition before, so the instructor in charge of dismissing the people, He was not dismissed.

After the personnel were dismissed, the Chu family leader said to the guard leader: "The death of this guard, the leader of the guard, is of great importance. Please send someone back to the Wei family to report the news as soon as possible! I'll just stay here and protect the scene!"

"That's exactly what Mr. said!"

At that moment, the guard leader assigned two people to go back and report the news.

After the two guards left, everyone started talking around the scene.

"Who in the end attacked and killed the head coach?"

"There were not many traces of fighting at the scene. Could it be that the person who attacked the head coach was a sixth-level warrior?"

"Not necessarily, maybe that person was a sneak attack"

"One thing is certain, that person must be a fire warrior just like Coach Wei."

"That's right! When we arrived earlier, there was only violent fire energy left in the air. The perpetrator must also be a fire warrior."

"correct!"

But at this moment, the Chu family leader seemed to remember something.

He looked at Jiang Tianshui: "Master Jiang, when the leader of the Wei Dynasty left the table earlier, I remembered that there was a young man who led him. Why don't I see that young man now?"

After being reminded by the head of the Chu family, Jiang Tianshui thought of Lu Bao.

"yes! Where is Lu Bao? Why didn't you see Lu Bao? Could it be that he was also poisoned?"

Jiang Tianshui quickly looked around, but did not see Lu Bao's shadow.

When Qin Chuan heard someone mention Lu Bao, his heart skipped a beat, and he immediately thought of a possibility.

At this moment, a guard suddenly Pointing to a patch of grass in the corner of the courtyard, he screamed.

"Look! There is a person lying here!"

Everyone was shocked and hurried over

"Lu Bao!"

Jiang Tianshui recognized at a glance that the person lying in the grass was the Lu Bao he was looking for.

But at this moment, Lu Bao's eyes were closed tightly and he was lying there motionless.

Jiang Tianshui quickly stepped forward to help him He got up and checked carefully.

After a while, he breathed a sigh of relief. It turned out that Lu Bao was just knocked unconscious.

"Master Jiang, how is this young man?"

"fine! Just got knocked unconscious!"

"Master Jiang, please wake up this young man and ask him what happened before?", urged the Chu family leader.

Jiang Tianshui quickly channeled his vitality and rescued Lu Bao.

After Lu Bao woke up, he looked at the people around him with a confused look.

Finally, his eyes fell on Wei Qingyan's body, and his face suddenly turned pale with fear. Change

"Lu Bao, what happened before? Who was the leader of the Wei army who was harmed? Lu

Bao shook his head in confusion:"Master, I don't know!"

"I only remember that I was leading Mr. Wei, and as soon as I reached the entire courtyard, a black shadow suddenly flashed before my eyes. Before I could react, I was knocked unconscious and I didn't know anything after that."

After hearing these words, all the big guys were disappointed.

Among the crowd, Qin Chuan was doubtful about Lu Bao's words, but he did not dare to say nonsense.

But at this moment, his eyes were dazzled by a reflective object in the grass. After a moment.

Qin Chuan was curious and quickly stepped forward to take a look and found that the reflective object was a silver mask fragment with some blood stains on the edge.

Seeing the silver mask fragment, Qin Chuan recognized what it was at a glance.

That day In the morning, he accidentally met Lu Bao and a mysterious man in white.

The mask worn by the man in white was a silver mask, and the pattern on it was exactly the same as the pattern on this fragment.

Could it be that Lu Bao and the man in white had conspired before? , is to assassinate Wei Qingyan?

Thinking of this, Qin Chuan was horrified.

He knew that he had discovered a secret that others did not know, but this must not be told to the outside world.

The man in white could kill even Wei Qingyan, if he wanted to kill him , that's even easier!

"Junior Qin Chuan, have you seen this kind of mask?"

Just when Qin Chuan was surprised, Lu Bao's voice came to his ears.

At some point, Lu Bao came over and looked at him strangely.

"No!"

Qin Chuan quickly denied it.

"Yeah? So why do you keep staring at it?"

"I'm just curious, why is there such a thing in this yard? Moreover, there are blood stains on the fragments of the mask, which may have been left by the murderer."

Qin Chuan said calmly.

At this moment, he was extremely wary of Lu Bao

"Huh! There are really blood stains!", Lu Bao pretended to have just discovered blood stains.

"Qin Chuan, what are you discussing?", Jiang Tianshui also came over.

"Hallmaster, we just discovered this. There was blood on the mask fragment, which was probably left by the murderer."

Qin Chuan picked up the mask fragment and handed it over.

"Let me see!"

Jiang Tianshui's eyes lit up and he quickly took the mask fragment.

When Lu Bao saw this, a strange color flashed across his eyes.

Jiang Tianshui took the mask fragment, but before he could take a closer look, the head of the Chu family on the other side called him anxiously

"Master Jiang! Hurry upCome on!"..

Chapter 1482

The Chu family leader seemed to have made a new discovery.

Jiang Tianshui quickly responded and Qin Chuan followed curiously.

"Master Jiang, what do you think this is?"

The head of the Chu family opened Wei Qingyan's tightly clenched right hand, revealing a bloody white jade plaque.

On the front of the jade plaque, the word 'flame' was clearly engraved

"Yan family jade order!"

Jiang Tianshui couldn't help but exclaimed.

Only direct disciples of the Yan family are qualified to wear this jade order of the Yan family.

"Could it be that it was inflammation that killed the head coach?...."

The head of the Chu family quickly interrupted Jiang Tianshui's words.

"Master Jiang, be silent! This matter concerns two major families, and we cannot make any assumptions!"

"What Mr. Chu said is exactly what I said, it was me who was reckless!"

Jiang Tianshui gratefully bowed to the head of the Chu family, but his heart was even heavier.

This matter was more complicated than he imagined.

It seemed to be related to the conflict between the two Yanwei families in Shenyang City.

Jiang Tianshui had a desire for storms. At present, among the four major families, the relationship between the Yanwei family and the Yanwei family is not very good.

Hey! Maybe I have thought too much.

I hope this time I will not implicate the Tianshui Martial Arts School.

Jiang Tianshui sighed helplessly in his heart.....

It didn't take long for the Wei family to arrive.

One of the two leaders was a middle-aged man with a sinister face.

The other was a young man with an overly pale face and a somewhat feminine look.

The two of them brought twenty or thirty guards from the Wei family.

As soon as the two arrived, they ordered the guards to seal off the entire courtyard.

Qin Chuan could sense that the young man had spiritual pressure no less than that of a fifth-level powerhouse.

The middle-aged man's face was full of evil, and his aura was even more terrifying, giving Qin Chuan an extremely terrifying feeling.

"Could this person be a sixth-level warrior?"

Qin Chuan has never seen a sixth-level warrior. This middle-aged man is the one with the strongest spiritual pressure he has seen so far. He has already surpassed Jiang Tianshui's level.

After Jiang Tianshui and others saw the two men, they all stepped forward respectfully. Qin Chuan learned from their conversation that the young man was a third-generation disciple of the Wei family named Wei Xingshu.

The middle-aged man, like Wei Qingyan, was a second-generation disciple of the Wei family. As for his name, Qin Chuan didn't know.

However, Jiang Tianshui and others all called the middle-aged man "Mr. Wei San"

"Master Jiang, what on earth is going on? How could my cousin die tragically in your martial arts school?"

At this moment, Mr. Wei San looked unkind.

Cold sweat broke out on Jiang Tianshui's forehead: "Mr. Wei San, this is what happened. Originally, the defensive coach and I were watching the game together. In the middle of the way, the health instructor left the table and went to the toilet for convenience."

"Not long after, we heard people shouting and fighting. By the time we got here, the head of the health team had been murdered... Hey!"

"When Master Jiang rushed to the scene, what did he find? Did you see the murderer?"

"Mr. Wei San, when we arrived, the murderer had already escaped, but there was still violent fire energy in the air, so I and several others agreed that the murderer was a fire warrior. In addition, we also made a special discovery....."

At this point, Jiang Tianshui stopped talking.

Mr. Wei San frowned:"Master Jiang, if you have something to say, say it directly, why do you need to be evasive?"

"Mr. Wei San, please look at this!"

Jiang Tianshui leaned over and opened Wei Qingyan's clenched right hand, revealing the bloody jade plaque.

"Yan family jade order!"

Mr. Wei San recognized the jade plaque at a glance, and his expression suddenly changed slightly:

"The murderer is a fire warrior, and Qingyan has the Yan Family Jade Order in his hand. Could it be that the murderer is a Yan Family disciple?"

Mr. Wei San's eyes flickered with uncertainty.

The four major families in Fengyan City all practice fire-based techniques.

Naturally, the children of the Yan family are also fire-based warriors.

"Third Uncle, this matter concerns the Yan family, we should find out first before making a conclusion."

Wei Xingshu on the side reminded in a low voice.

"how? Are our Wei family still afraid of their Yan family?", Mr. Wei San did not appreciate it.

"snort! If it is true that their Yan family killed members of our Wei family, we must make the Yan family pay the price!"

Speaking of this, Mr. Wei San bowed to Jiang Tianshui and others again.

"Guys, this matter concerns the Yan family. If I confront the Yan family in the future, I hope some of you can help me bear witness!"

"What Mr. Wei San said there, once we see it with our own eyes, we will naturally tell it truthfully."

Jiang Tianshui and others quickly agreed.

"That's good! Then I would like to ask some of you to accompany me to the Wei family and report truthfully to my ancestors what they saw and heard today."

When they heard that they were going to see the head of the Wei family, the faces of Jiang Tianshui and others changed slightly, and there was a hint of fear in their eyes.

At this time, Mr. Wei San ordered Wei Xingshu again:"Xingshu, you go find the coffin with the mouth closed, and put it in the coffin." The body of your seventh uncle should be properly restrained before being brought back to our Wei family."

"Running script obeys orders!"

Next, Mr. Wei San dismissed all the non-Wei family members in the courtyard, leaving only Wei Xingshu and others to deal with Wei Qingyan's body.

Qin Chuan was naturally cleared out.

Later, Jiang Tianshui and others followed Mr. Wei San went to the Wei family.

It seemed that the matter here was over.

Qin Chuan also knew that he could not get involved in such a matter.

After leaving the yard, he went to his residence alone.

But he hadn't gone far yet. , Lu Bao's voice came from behind

"Junior Qin Chuan, have a good trip! By the way, remember to walk your own path, don't listen to too much that you shouldn't hear, don't see too much that you shouldn't see, let alone say too much that you shouldn't say."

Hearing this, Qin Chuan looked back and saw Lu Bao looking at him with a half-smile but not a smile.

"I don't understand what the senior said. Qin

Chuan pretended to be confused.

Lu Bao smiled slightly:"It doesn't matter if you understand or not, it's okay to take care of everything!""

After leaving these words, Lu Bao turned around and left.

Looking at Lu Bao's leaving back, Qin Chuan felt vaguely uneasy.

Do you want me to find a chance to tell the old guy what I saw that morning?

Qin Chuan Some are hesitant.

The forces behind Lu Bao are very mysterious.

They can even kill Wei Qingyan, how can Jiang Tianshui be able to deal with them!

If he told Jiang Tianshui, he would probably bring trouble to Jiang Tianshui.

Besides, judging from various signs, Lu Bao was just a little suspicious of him and not sure that he knew the truth.

If you keep pretending to be confused, you may be able to avoid trouble.

In short, Qin Chuan does not want to get involved in such a turmoil..

Chapter 1483

After returning to the dormitory, Qin Chuan closed the door and thought about what happened today.

Why did the man in white want to kill Wei Qingyan?

What is the relationship between Lu Bao and the man in white?"

And what happened to the Yan family's jade order?

Is the man in white a member of the Yan family?

If not, then they are blaming the Yan family.

If they are blaming the Yan family, why did they do that?

Qin Chuan was lying on the bed , staring at the ceiling blankly, with countless questions in his mind.

By the way!

That day I saw Lu Bao hand a note to the man in white. What was written on the note?

Qin Chuan had an idea in his mind. He flashed and sat up from the bed.

He suddenly remembered something.

At today's conference, Lu Bao had been serving tea and water to the distinguished guests on the summit.

Wei Qingyan left the meeting in the middle and went to the hut.

If his guess was correct, , Lu Bao should have added laxatives and the like to Wei Qingyan's tea, and even added drugs that affect his strength.

In this way, they could lure Wei Qingyan away without anyone noticing.

Next , Lu Bao led the way, deliberately distracting Wei Qingyan along the way, leading him into an ambush, suddenly attacking him, and killing Wei Qingyan.

Thinking of this, Qin Chuan suddenly understood.

This should be what happened.

Killed The key figures in Wei Qingyan are Baiyiren and Lu Bao.

As for the Yan family's jade order, if it is really done by the Yan family, it seems that the Yan family is a little unwise.

If someone wants to blame the Yan family, they will naturally find a way to put it to death. The Yan family's jade order was handed over to Wei Qingyan.

Thinking of this, Qin Chuan felt that the matter was more complicated than expected.

He was afraid that someone wanted to sow discord between the Yan and Wei families.

"Forget it, this matter involves two big families, how can a little person like me get involved. I'd better speed up my strength improvement, that's the most important thing."

Qin Chuan smiled mockingly to himself and prepared to practice again.

He remembered Lu Bao's warning and felt vaguely uneasy.

This also made him realize that only by being strong can he be truly protected.

Speaking of which, the turtle breath in his body The medicinal power of the pill has not completely dissipated.

The Baihui Point and the two Disha Points were blocked by the medicinal power, and it was impossible to continue practicing the Jingtao Jue in a short period of time. Only after the medicinal power dissipated could the practice continue.

Therefore, he Prepare to practice the Wood Spirit Technique

"In about ten days, it will be the Zhou family's preliminary guard assessment. After I pass the exam, I will be able to learn the Zhou family's fire-based skills. If there is no transition of Mu Yuan Qi during this period, it will still be impossible to practice fire-based skills."

Water can make wood, and wood can make fire.

The three are interdependent!

At present, Qin Chuan only has water energy in his body. If he wants to practice the Zhou family's fire-based skills, he will naturally need to cultivate some wood energy.

For the Zhou family, There is an inexplicable attachment in Qin Chuan's heart.

It is the place where he grew up, and there is Uncle Qin who loves him and brought him up single-handedly.

There is also the little Xiang'er who is Qingmu Zhuma.

So, he must go back.. What's more, the Zhou family's fire skills are top-notch skills, which are very attractive to him.

Thinking of this, Qin Chuan took out the Wood Spirit Art and started practicing.

To practice any skill, it is necessary to Use the vitality of this system to re-open the main acupoint, because all kinds of vitality in the main acupoint are exclusive.

However, among the five elements, water can produce wood.

If there is water vitality in the main acupoint, it will not exclude the entry of wood vitality. When cultivating the wood element If you use this skill, there will be no resistance.

What's more, Qin Chuan has the blood of the Qing family of the God Clan.

The Qing family's children are all extremely talented in the wood element, and can even be said to be unparalleled.

What is the God Clan?

It is not comparable to ordinary people.

It's just Qin Chuan He doesn't know his identity yet.

Naturally, he doesn't know what his wood talent is.

In this world, the vast majority of people only have one talent for cultivation.

Only very few people can have more than two talent.

And those with two Those with talents above are far stronger than those at the same level.

Thinking of this, Qin Chuan felt a little uneasy.

He didn't know if he had the talent for the wood system. If not, he would have to practice the water system in the future. At the moment

, Qin Chuan opened the wood spirit Jue, read it carefully.

Deacon Qin had already explained it to him last time.

He went over it again.

It didn't take long for him to finish reading the exercises, and he also had some new insights in his heart. No matter what type of exercises, They all have something in common.

He has practiced the water system to the first level, and naturally has a deeper understanding of the cultivation.

Then, he put away the Wood Spirit Technique and started practicing.

In the blink of an eye, half a quarter of an hour passed. Boom

~Long~Long!

In the room, the surrounding Mu Yuan Qi suddenly rioted, rushing towards Qin Chuan's Qi Sea Point crazily, and easily settled in it.

After a moment, Qin Chuan opened his eyes, his face full of With a look of ecstasy.

It only took him half a quarter of an hour to open up the first main acupoint.

It turned out that his talent for wood cultivation was even better than that of water.

In other words, he could cultivate both water and wood.

In the future, He is destined to be stronger than warriors of the same level.

Speaking of which, he is not a dual cultivator of water and wood, but a triple cultivator of water, wood and body.

Of course, his wood practice has just begun and needs to continue to be strengthened.

Thinking of this, Qin Chuan felt happy and continued to close the door. Start practicing.....

Time flies!

In a blink of an eye, it was the third day after the competition.

In the past three days, the atmosphere in the western district of Shenyang City has been depressing.

The news of Wei Qingyan's murder has spread.

Everyone's focus shifted to this murder incident.

Discussions on the streets were all about this matter.

As for Qin Chuan's outstanding performance in the two-hall conference, it was overshadowed by this incident and few people talked about it.

Qin Chuan was also happy.

Before he returned to the Zhou family, he didn't want to be so high-profile.

But on the third day, Qin Chuan practiced the Wood Spirit Art very smoothly, and he actually opened up eleven main points in one go.

His strength has also skyrocketed.

On this day, Jiang Tianshui came back with a haggard look on his face.

As soon as he returned to the martial arts hall, he sent someone to call Qin Chuan over..

Chapter 1484

Arrive at Jiang Tianshui's residence.

Qin Chuan asked as soon as he entered the door:"Old guy, how is the situation?"

Jiang Tianshui shook his head slightly and said with a haggard look on his face:"This matter is not so easy to solve. It concerns the two major families of Yanwei."

"In the past few days, we have confronted the Yan family twice on behalf of the Wei family, but the Yan family did not admit it at all. We have completely offended the Yan family."

Jiang Tianshui sighed. He knew very well that offending the Yan family would not bring any good results.

"So what did the Yan family say?", Qin Chuan asked curiously

"The Yan family insisted that someone was setting the blame on them, and there was no way they could do such a thing. The people from the Wei family asked the Yan family to find out whether the Yan family's jade order was lost by that Yan family disciple."

"But the Yan family was evasive and never gave a result. At present, the relationship between the two families is getting worse and worse. It's not easy for us to be caught in the middle!"

Jiang Tianshui sighed helplessly again.

"What should we do?"Qin Chuan was also worried about him.

"We can only take one step at a time. I hope this fire will not burn down our Tianshui Martial Arts School."

"correct! Old guy, do you still remember the silver mask fragment I gave you at the scene that day?"

"Oh, you think this is it?"

Jiang Tianshui seemed to have remembered it, and took out the mask fragment from his body.

Qin Chuan's face looked a little ugly:"Did you keep it with you and didn't show it to anyone in the Wei family?"

"No!", Jiang Tianshui shook his head slightly,"Hey! Things got urgent and I accidentally forgot about it. Is this thing very important?

Qin Chuan was speechless:"What do you think?"! Don't you think it's suspicious that there's an extra mask fragment at the scene? And there was blood on it. Think about it! Regardless of whether the murderer is a member of the Yan family or not, if he kills people in broad daylight, he will definitely wear a mask or something, so this fragment is likely to belong to the murderer."

"right!"

Jiang Tianshui slapped his head hard and cursed secretly that he was stupid and not as smart as the little guy.

"Little guy, when you say that, it really is the case. I have to go to the Wei family quickly and hand this thing over to them."

"All right! Old guy, have you ever thought that this matter is a conspiracy from beginning to end.", Qin Chuan continued to hint

"how to say?"

"Old guy, do you think it's a little strange for the head coach to leave in the middle of the meeting?"

"What's so strange about this?" Jiang Tianshui looked puzzled, "Instructor Wei went to the toilet for convenience. It is human nature to eat, drink, and have diarrhea. Who doesn't have three urgent needs? Hearing what Jiang

Tianshui said, Qin Chuan was speechless.

Seeing that this old guy was not smart enough, he was not good enough.

At that moment, he had no choice but to say dejectedly: "Okay!" Just pretend I never said this"

"Little one, what are you thinking about? alright! I'm going to Wei's house now. Oh, by the way, I almost forgot about the real thing."

"Oh, what's the matter?"

"hey-hey! Little one, please stop pretending to be confused for me. It's strange that you, a naughty boy, would forget."

Jiang Tianshui smiled and took out a jade tablet for teaching skills.

"Little guy, what is recorded in this jade tablet is my famous martial arts - Blue Sea Tide Slash, you can take it. My promise has been fulfilled!"

"Old guy, you must be trustworthy!"

Qin Chuan was not pretentious and put away the jade token happily.

"By the way, little guy, I have one more thing to discuss with you."

"Old guy, if you have something to say, just say it."

"hey-hey! Is such that." Jiang Tianshui said with a playful smile: "Little guy, is the technique you practice the Jingtao Jue?"

"Yes, what's wrong?"

"What a coincidence! I also practice the Jingtao Technique."

Speaking of this, Jiang Tianshui seemed very happy.

"Then what?"

"hey-hey! Little one, don't you think it's our fate that you and I are both practicing the Jingtao Jue?"

"That's it. The Jingtao Technique is not a rare skill, and we are not the only ones practicing it."

"hey-hey!" Jiang Tianshui laughed dryly: "Then do you have the skills behind Jingtao Jue?"

"No, only the first two floors!"

"That's it!"

Jiang Tianshui said with a happy face: "Little guy, what do you think of this? If you accept me as your teacher, I will teach you all the techniques of the following levels of Jingtao Jue. Qin

Chuan rolled his eyes: "Old guy, it turns out that there are only so many benefits to being your disciple?" Jiang

Tianshui's old face blushed slightly: "Little guy, the benefits of becoming my teacher are naturally more than this. For example,....."

"OK! Old guy, you don't need to say anything. Although the boy is a little cynical, he is like a mirror in his heart. He still knows who is good to me and who is not good to me."

"Old guy, I will always remember your kindness to me. In fact, you don't need to tell me, I have already regarded you as my master. Do you really think that this kid wants to take advantage of you and want to become your disciple? Hearing this

, Jiang Tianshui felt relieved.

He said happily: "Haha!" Little guy, I saw you right! Okay, I won't say much more. Here are the techniques behind the Jingtao Jue. You can take a look at it first. If there is anything you don't understand, feel free to come to me."

"There is also this bottle of Shui Ling Yuan Ju Dan, which is a higher level than the Xiao Yuan Dan. It is specially used by first- and second-level warriors to improve their cultivation. When you advance to the first-level elementary level, you can take it just right."

"This is also a special apprenticeship gift given to you by my master! Just accept it!"

"That guy accepted it shamelessly! whee! Qin

Chuan put the things away with a smile on his face.

Jiang Tianshui looked at Qin Chuan lovingly.

"Little one, I'm going to visit the Wei family later as my teacher. During this time, there was no peace outside, and the news about the murder of the head coach had spread. Many people are staring at our Tianshui Martial Arts School. You should keep a low profile and don't cause any trouble."

"Boy got it!"

"Then go back first! Remember, practice hard and don't delay your progress"

"Old guy, you have to take care of yourself, the kid is leaving first."

After Qin Chuan left, Jiang Tianshui suddenly remembered something

"Huh! This kid kept saying that he wanted me to be his master, but he kept calling me "old guy" and "old guy" without even saying "master". Depend on! This little slick guy took advantage of me again!"

Jiang Tianshui smiled and shook his head.

He really loved Qin Chuan.

Then, he stopped thinking about it, left his residence, and walked towards the Wei family....

Chapter 1485

Jiang Tianshui smiled and shook his head.

He truly loves Qin Chuan.

Afterwards, he stopped thinking about it. After leaving his residence, he rushed towards the Wei family.....

But after Jiang Tianshui left the martial arts gym, a young man's figure walked out of a dark corner of the street.

That young man is Lu Bao.

At this moment, he looked at Jiang Tianshui's leaving figure with a confused look on his face, and murmured in his heart.

"Judging from the direction Jiang Tianshui was going, he should be heading to the Wei family. Previously, Qin Chuan went to Jiang Tianshui's residence alone. After Qin Chuan came out, Jiang Tianshui went to find the Wei family. Qin Chuan must have said something to him. It seems that I can't stay at Tianshui Martial Arts School any longer."

Lu Bao shook his head helplessly and disappeared to the other end of the street without looking back.

He didn't plan to go back to the martial arts gym.

But on the other side, Qin Chuan returned to his own place after getting the skills and elixirs. Residence, continue to practice the Wood Spirit Technique.....

At the same time, in the northern area of Shenyang City controlled by the Zhou family.

In a chic little restaurant.

There are more than a dozen guests on the first floor of the restaurant.

At this moment, at a certain table, three or five drinkers gathered together, drinking old wine and talking about current affairs.

"Why! Did you hear that?"

"What did you hear?"

"You really haven't heard of it? You don't even know about such a big thing!"

"You are a real person. If you have anything, just say it quickly! Why are you always going around in circles?"

"All right! Then let me tell you, I heard that one of the second-generation direct disciples of the Wei family was killed."

"What?! How dare someone touch someone from the Wei family! Who on earth has such courage?"

"I heard that the Yan family may have done this."

"Yan family? this.....

Just in the hall, when people were talking in low voices.

The light outside the door dimmed, and a majestic figure walked in. He was a middle-aged man with a bold appearance.

This heroic man is the mysterious man who has been secretly paying attention to Qin Chuan during the competition between the two halls.

At this moment, as soon as the heroic man entered the door, the waiter immediately came forward to greet him

"Sir, this way please!"

"I have an appointment!"

The waiter asked hurriedly: "Excuse me, sir, what is the box number of the person you are making an appointment with?"

"Box No. 3 with the word 'Di'."

The waiter immediately said respectfully: "Sir, please come with me!"

The waiter led the heroic man up to the second floor and outside a private room.

"Sir, this is the private room No. 3, so I won't bother you if it's small.", the waiter stepped back smartly.

The heroic man opened the door and walked into the box.

In the box, a handsome middle-aged man was sitting at the round wooden table.

There were more than a dozen good dishes on the table. There are also two bottles of fine wine.

At this moment, the handsome man drinks by himself. He doesn't even raise his head to look at the heroic man when he comes in.

If Qin Chuan were here, he would definitely recognize that the handsome man is Deacon Qin.

But at this time Deacon Qin looks a little haggard.

"Ah Sheng, what's the point of drinking alone? Are you still worried about that little guy?"

The heroic man sat down with a joking tone in his tone.

Deacon Qin said angrily: "You invited me here to talk nonsense?"

"Ah Sheng, I know you are worried about Qin Chuan. Don't rush yet! Let's have a few drinks before we talk!"

"If you have something to say, say it! Fart quickly! If you don't tell me, I'll leave!", Deacon Qin put down the wine bottle in his hand,

"OK! OK! I said yes. Why! Why are you always so cold?"

The heroic man was not angry and poured himself a glass of wine.

"I invite you here this time because I want to tell you. I found Qin Chuan.", the heroic man drank the wine in one gulp.

"What? You found him." Deacon Qin looked surprised, "Quickly tell me, where is that boy?"

"The thing is like this, three days ago, Tianshui Martial Arts Hall and Gale Wind Martial Arts Hall held a conference....."

At that moment, the heroic man told Deacon Qin everything he saw in the competition.

Deacon Qin breathed a sigh of relief when he learned that Qin Chuan was fine.

These days, he has no news about Qin Chuan, and he can't find any trace of Qin Chuan. He is extremely worried.

"This naughty boy is really good at running around! He actually ran to the West End."

Deacon Qin complained with a smile and filled both himself and the heroic man with wine.

The heroic man smiled and said:"Yes! However, that boy's talent is really good! Our Qing family has hope!"

"snort! When that kid comes back, I will teach him a lesson. I have been worrying for so long in vain."

"Ah Sheng, you value this child very much!"

"What do you think? I grew up watching him."

Speaking of this, Deacon Qin showed a smile on his lips and looked out the window as if reminiscing.

"Ah Sheng, when are you going to tell him the truth?", the heroic man asked solemnly.

Deacon Qin was silent for a while and then said:"Wait until he joins the Zhou family guard team! It's time for him to know some truth. By the way, Ariel, you should know that Wei Qingyan was killed when you were at the competition that day, right?"

It turns out that the heroic man's name is Qing Yunlie, and he and Deacon Qin are both descendants of the Qing family of the God Clan.

Last time, he was the one who accidentally knocked Qin Chuan unconscious in the outer courtyard of the Zhou family.

"I know this. At that time, I went to the scene and took a look from a distance. It should have been done by a fire master."

"Fire master? Some people say it was someone from the Yan family who did it, what do you think?"

"Uh...uh.....This is not clear.", Qing Yunlie said while eating the dishes.

"hehe! Interesting, the water is getting muddier and muddier."

"Wouldn't it be better if it was mixed up? Not a bad thing for us!", Qing Yunlie sneered.

Deacon Qin smiled coldly:"Yes! Nan, Yan, Wei, Zhou, no one is innocent, they all deserve to die!"..

Chapter 1486

At the same time, outside the western district of Shenyang City, there was a small bamboo forest.

The figure of a young man appeared there furtively.

That young man was Lu Bao who left Tianshui Martial Arts School.

After Lu Bao came to the bamboo forest, he whistled several times deep in the bamboo forest.

Not long after, a white shadow appeared strangely behind him.

Lu Bao seemed to realize something and turned around in horror.

After seeing the white shadow clearly, he secretly breathed a sigh of relief and hurriedly stepped forward respectfully.

"Mr. Bai, every time you appear, you are so weird that you almost scare me."

The white shadow is the mysterious man in white. At this moment, a large corner of the mask on the man in white is broken, revealing half of the bridge of his nose that has become stronger, and half of his snow-white cheeks. There is a thin line on his cheek. Wound.

It can be seen from the white and delicate skin of the man in white that he is a young man

"Are you looking for me?", the man in white asked coldly

"Mr. Bai, I can't stay in Tianshui Martial Arts School any longer."

"Have you been discovered?", there was a hint of surprise in the man in white's tone.

"That's right! Mr. Bai, do you remember that when you came to meet me that morning, you said you heard the footsteps of two people, and the younger one remembered it in your heart."

"Later, I found out that there was a guy named Qin Chuan who got up very early. At that time, I became suspicious of him....."

At that moment, Lu Bao told all his doubts about Qin Chuan one by one.

"Um! That said, that guy seems to know something. You mean, let me kill him?"

"Mr. Bai, although I only have suspicions about him and no conclusive evidence yet, we cannot take this risk. It would be better if it could be removed"

"Makes sense!" Mr. Bai nodded slightly, "Then I will kill that boy. You should also quickly find a way to leave Shenyang City. I will tell Lord Phoenix about your affairs. Phoenix Master will arrange for someone to contact you"

"So, there is Mr. Robert.

Mr. Bai added: "What does that boy named Qin Chuan look like?"

"Mr. Bai, I have been prepared for this for a long time. This is Qin Chuan's portrait."

Lu Bao took out a scroll of portraits from his arms.

Mr. Bai took the portrait and looked at it, and exclaimed in surprise: "It's actually him!"

Lu Bao was also surprised:"Mr. Bai, do you know Qin Chuan?"

Mr. Bai's lips curled up slightly:"I don't know you!" But someone gave me a similar image and told me to kill him. However, that night, a masked man rescued him first"

"To be able to rescue Qin Chuan and prevent you from taking action, the other party must be a master, right?!"

"snort! You don't have to pry so much. There are some things that knowing too much about will not do you any good. Lu Bao was horrified:"

Mr. Bai said that my subordinates knew they were wrong.""

"It's good to know! You go back first! By the way, your painting skills are indeed good."Mr. Bai looked at Qin Chuan's portrait carefully and smiled with satisfaction.

"Mr. Bai was rewarded and his subordinate resigned."

Lu Bao excused himself and left in a hurry.

After he walked away, Mr. Bai looked at the portrait in his hand again, and the corners of his mouth curled up slightly:"It seems that I want to meet that old guy."

The next second, his figure flashed and disappeared into the bamboo forest.....

In a blink of an eye, it was late at night.

In the northern district of Shenyang City, in the outer courtyard of the Zhou family, a small independent courtyard.

Night, very quiet.

The moon hangs high in the sky, quietly shining moonlight on the ground.

The old accountant of the Zhou family, wearing an old cloth shirt and a melon cap, holding a purple clay teapot in his hand, was walking leisurely under the moonlight.

Suddenly, the face of the old accounting clerk changed slightly.

"Now that you are here, come out!"

"Ah! Elder Sun's hearing is still so good."

A cold voice sounded from behind the old accountant.

Then, a white figure walked out of a dark corner.

That white figure was Mr. Bai.

The old accountant looked back.

"Bai, are you injured?"

He saw that Mr. Bai's mask was broken.

"Um!" Mr. Bai responded with a low response.

The old accounting clerk's eyes flashed: "Were you the ones responsible for Wei Qingyan's death? Is this what Phoenix Lord means?"

"That's right!"

The old accounting clerk frowned slightly: "Isn't it too early to start now?"

"snort! They should have died long ago!", there was a coldness in Mr. Bai's tone.

"You are blaming the Yan family, do you think the Wei family will believe it?"

"It doesn't matter whether you believe it or not. The important thing is that they have a grudge against each other"

"Makes sense!", the old accounting clerk nodded slightly.

After a moment of silence, he said again:"Why are you looking for me?"

"Please look at something!"

Mr. Bai took out the portrait.

The old accounting clerk took it curiously. When he opened it, he found that it was Qin Chuan's portrait, with a trace of doubt in his eyes.

"You should know the person in the painting.", Mr. Bai seemed to be smiling but not smiling.

"know! I once asked you to intercept and kill him at the city gate, but he was rescued in advance."

The old accountant's tone was unusually calm.

That night, too many things happened, and many forces were hiding in the dark.

"You said that he might have heard the secret between you and your young master, so you wanted me to kill him."

"That's right! My young master is kind-hearted, so I can only lend your hand to help me eliminate hidden dangers. But, Bai, you missed it"

"Ah!"Mr. Bai sneered,"At that time, a man and a bird arrived one after another, and I didn't even have a chance to take action. What's even more frightening is that an eighth-level master also rushed over. Fortunately I left early, otherwise I would have been exposed.

The old accountant nodded slightly: "Bai, why do you want me to see this portrait?"

"I want to know, who is the person in this painting?"

"His name is Qin Chuan, an orphan and a servant boy in Zhou's workshop."

"Yeah?" Mr. Bai sneered, "But he's not in Zhou's house now!"

Mr. Fang's eyes flashed: "During this period, he was indeed not at Zhou's house, and I also checked secretly. Do you know where he is now?"

"He is at Tianshui Martial Arts School. He may know that I killed Wei Qingyan"

"So, you want to kill him!"

"That's right!", there was a chill in the tone of the man in white.

"What if you miss again?"

"There won't be a second time! Besides, last time, I didn't take any action at all, I just watched him being rescued by the masked man."

"Then why are you looking for me?"

"I want to know who is hiding behind Qin Chuan? That night, the masked man who carried him into the city was extremely powerful and not inferior to me."

"good! I will check it out!"

"Farewell!"

Mr. Bai's figure flashed, retreated into the night, and disappeared in the blink of an eye.

"Qin Chuan, an orphan, haha!"

The old accountant's palm shook slightly, and the entire portrait was shattered into pieces, which were scattered in the night wind.

"The person in the entire Zhou family who is closest to Qin Chuan is Deacon Qin! Deacon Qin! Deacon Qin! Who are you?"

The old accounting clerk sighed softly and stared at the night sky..

Chapter 1487

But on the other side, Qin Chuan was concentrating on practicing the Wood Spirit Art in Tianshui Martial Arts Hall.

That day, after Jiang Tianshui went to Wei's house, he returned to Tianshui Martial Arts School in the afternoon, and then began to retreat.

Qin Chuan didn't know what the outcome would be.

In the next two days, Tianshui Martial Arts Hall was quiet.

However, Shenyang City was not at peace. The children of the Yan family and the Wei family had several conflicts. Fortunately, there were no casualties, which prevented the relationship between the two families from deteriorating further.

In the past two days, Qin Chuan practiced Mu Yuan Qi and opened the seventeenth main point, and the progress of his practice began to slow down.

However, Qin Chuan also had a large bottle of Wood Spirit Small Juyuan Pill.

It was originally fished from Jiang Tian's sailor. He never had the chance to use it, but now it comes in handy.

The Wood Spirit Xiaoju Yuan Dan is specially designed for wood-type quasi-warriors to improve their cultivation.

One pill is worth at least ten gold coins, and ordinary disciples cannot afford it. Even the disciples of the four major families have a limited supply.

Qin Chuan now has forty-four Wood Spirit Small Juyuan Pills.

With so many resources, he would naturally not leave them unused.

In order to speed up his cultivation, he took seven or eight Xiao Yuan Dan every day at all costs, which was equivalent to consuming seventy or eighty gold coins every day.

Even the children of the four major families only consume two or three pills every day.

With this kind of investment at any cost, coupled with Qin Chuan's amazing wood talent, his cultivation speed is extremely fast, which can even be said to be breathtaking.

After all, the Qing family of the God Clan is good at the wood element.

Just like this, three days later, Qin Chuan's wood element practice opened up twenty-seven main points in one fell swoop.

At this point, his wood cultivation has reached the level of a high-level quasi-martial artist.

On this day, all the power of the Turtle Breath Pill in Qin Chuan's body dissipated.

His water system cultivation base has all been restored, reaching the first level of elementary level.

"The effect of this Wood Spirit Xiao Yuan Ju Dan is really good! No wonder the children of big families make faster progress in cultivation than others. There are a lot of elixirs in the base, how could it be so slow?"

"It's a pity that I only have about twenty pills left in my hand now, which can last for three or two days. However, I still have a few hundred gold coins and two ferocious beast inner elixirs with me, which I can just exchange for some small Juyuan elixirs."

Thinking of this, Qin Chuan made up his mind to go to Fangshi to buy some more elixirs after he finished taking the Xiaojuyuan Dan.

When Jiang Tianshui took him into the Monkey Valley, he encountered two ferocious beasts.

Jiang Tianshui casually killed the two ferocious beasts and gave him the inner elixir.

The inner elixir was not cheap.

Next, Qin Chuan continued to practice the Wood Spirit Art.

In the blink of an eye, several days passed.

His little Juyuan The elixir was finally consumed.

His wood cultivation level also reached the 31st main point, and his strength greatly increased again.

However, on this day, another shocking news came out of Shenyan City.

That was the Nan family Nan Yu, a third-generation disciple, took his cousin Lin Yue and several guards to hunt in the mountains.

As a result, he never came back, and there was no news for more than ten days.

The Nan family was naturally worried, so they sent people to search for them, but nothing happened. Not found.

Until yesterday, Nan Yu's cousin Lin Yue ran back to Nan's house covered in blood.....

After Qin Chuan heard the news, he was struck by thunder and almost lost his balance.

How can this be?!

How could Lin Yue not be dead?!

At that time, he penetrated Lin Yue's heart with a sword, threw Lin Yue's body back into the cave, and blocked the cave.

He couldn't believe that Lin Yue was still alive.

But the facts forced him to believe it.

Qin Chuan knew in his heart that if Lin Yue was not dead, as long as Lin Yue told the Nan family about killing Nan Yu, he would have no place in Shenyan City.

He then thought about it again, Lin Yue had met him, but she didn't know his name at all, let alone his background. Maybe she only thought that he was a casual cultivator, so even if Lin Yue reported him, for a while, she didn't know his name. Couldn't find him either.

Thinking of this, Qin Chuan calmed down and did not think about escaping from Shenyan City immediately.

In the two days after being squeezed in, he walked around the streets and inquired quietly.

Later, he learned that after Lin Yue returned to the Nan family, the Nan family asked why Lin Yue had been missing for so long and where had Nan Yu gone?

Lin Yue told them that she did not remember.

She and Nan Yu went hunting in the mountains and couldn't remember anything that happened in between.

She miraculously lost her memory.

Hearing the news, Qin Chuan breathed a sigh of relief again.

However, he was still beating a little drum in his heart.

He knew that Lin Yue was not a good person.

Whether she has real amnesia or fake amnesia is open to question.

At the same time, he still had the biggest question: He clearly penetrated Lin Yue's heart with a sword, how could Lin Yue come back alive.

Can a person still live if his heart is broken?

Moreover, she came back after seven or eight days.

Even if she hadn't been stabbed to death, she would have starved to death.

The news that Qin Chuan heard only said that Lin Yue came down the mountain covered in blood, but no one mentioned the fatal wound on her heart.

There's definitely something weird here!

Qin Chuan couldn't help but think of the mysterious monkey king.

Is it possible that Lin Yue's resurrection is related to the Monkey King?

After thinking for a long time, Qin Chuan still couldn't figure it out and simply stopped thinking about it.

"Don't think about it that much. In six days, the Zhou family will prepare for the guard examination, and I have to prepare quickly. I wonder how Uncle Qin is doing now. I've been missing for so long, he must be anxious, hey!"

When he thought of Deacon Qin, Qin Chuan felt a little nostalgic, and his desire to return to the Zhou family became stronger.

In his mind, Deacon Qin was as important as a family member..

Chapter 1488

When he thought of Deacon Qin, Qin Chuan felt a little nostalgic, and his thoughts about returning to the Zhou family became even stronger.

In his mind, Deacon Qin is as important as a family member.....

The next day arrived in a blink of an eye.

On this day, Qin Chuan was preparing to go to Fangshi and wanted to buy some Wood Spirit Juyuan Pills.

Jiang Tianshui came to the door in person

"Little guy, how have you been practicing these days? If you don't understand anything, don't go to your teacher and ask."

As soon as Jiang Tianshui entered the door, he asked Qin Chuan about his cultivation progress.

"Huh! You have advanced! Ha ha!! Little guy, I haven't seen you for a few days, and you've already opened up the last main point and advanced to the first level. Huh! It also opened up three additional earth evil acupuncture points."

"good! good! At only twelve years old, he is already a first-level junior warrior. Come to think of it, the elite disciples of the four major families are nothing more than this."

Jiang Tianshui looked at Qin Chuan with surprise and admiration.

Qin Chuan smiled and said nothing.

Obviously, Jiang Tianshui still underestimated him. He thought he had only broken through in the past few days, but in fact he had already broken through to the first level. It's just that the main acupoint was blocked by the power of Guixi Dan, so Jiang Tianshui never discovered it.

"Little guy, it seems you are working very hard! It would be almost impossible for an ordinary warrior to open up the last main point within a year and a half. If you don't have enough talent, it will take even longer."

Jiang Tianshui continued to sigh.

Qin Chuan still smiled and said nothing.

These days, in order to practice the Wood Spirit Art, he did not practice the Jingtao Art at all.

Now, he is a fellow practitioner of the Water and Wood Elements.

"Old guy, you came here today just to check on my cultivation progress?"

"certainly! As your master, I naturally have to monitor your progress to prevent you from being lazy. Now it seems that you are more diligent than I thought, so I feel relieved."

Jiang Tianshui looked pleased.

"By the way, you are now a first-level warrior and can learn martial arts. Have you learned the martial arts that made your master famous?"

"That...I haven't had time to learn yet! I want to adapt to the current state first and then study."

Jiang Tianshui nodded slightly:"That's fine." However, you still step up to learn the Bihai Tide Slash as a teacher. The martial skill as a teacher is not an ordinary martial skill. It is a very strong offensive martial skill.

"It is considered to be an upper-middle level among attack martial arts. If you learn it, your strength will definitely increase greatly!"

Qin Chuan's eyes lit up when he heard it, and he was immediately moved by it.

A warrior who has mastered martial arts is much stronger than a warrior of the same level who does not know martial arts.

And possessing powerful martial arts is also a sign of being strong.

Besides, , most warriors are only qualified to have access to martial arts when they reach the second level.

Now he is only at the first level and can access martial arts.

This kind of treatment is comparable to that of a child of a rich family.

Speaking of martial arts, in addition to the Blue Sea Tide Slash, he has , and there are two martial arts jade tokens.

One is the water martial skill Clearing the Heart, and the other is the fire martial skill Flame Knife.

"Old guy, you came to me today to ask more than just these questions, right?"

Jiang Tianshui slapped his head: "Hey!" I almost forgot about business again. I'm looking for you as my master because the martial arts gym's business has been getting better and better recently. Since that exchange conference, more and more people want to study in our Tianshui Martial Arts School."

"But just when he was so busy, Lu Bao suddenly left without saying goodbye. The teacher is very short of manpower right now, so I want you to take over Lu Bao's vacancy and help the teacher for a day or two. Once the new assistant arrives, I won't bother you anymore."

"Lu Bao is gone?" Qin Chuan was shocked.

"yes! The little guy only left a note and left. I haven't even received this month's salary, and I don't know what happened."

Jiang Tianshui felt a little regretful.

Lu Bao was both a student in the advanced class and also worked part-time in the martial arts gym to subsidize his tuition and living expenses.

On weekdays, Lu Bao was smart and diligent, and was highly recognized by Jiang Tianshui.

Hearing that Lu Bao After Bao left, Qin Chuan had a bad feeling.

Could it be that he suspected what I said and ran away one step ahead?

But even if I wanted to say something, there was no evidence!

This guy is so suspicious!

"Little one, do you agree?"

"No need to ask! The master's business is naturally the disciple's business, and it is also a matter of responsibility. There is no reason not to agree!", Qin Chuan readily agreed.

Jiang Tianshui said with a pleased look on his face:"Little slippery, you have a sweet mouth. Then come with me to the freshman reception desk! Your task is to receive new students. I will ask others to teach you the process."

"Let's go!"

At that moment, the master and the apprentice went to the reception desk for new students.

There was also a fat boy at the reception desk, who was also a student in the advanced class and worked part-time in the martial arts gym.

Jiang Tianshui left after giving instructions to the fat boy.

The fat boy, who was eighteen or nineteen years old, was extremely polite to Qin Chuan.

Qin Chuan's outstanding performance in the competition made all the students proud.

Now, he is a great hero and a famous figure in the eyes of the Tianshui students.,

"Senior, I have a lot of things that I don't understand, and I hope my senior can give me some advice."Qin Chuan was very humble and did not reveal his identity as the master's disciple.

If he said it, ordinary instructors would be polite to him.

The disciple of the master is equivalent to the prince of the martial arts school.

After all, Jiang Tianshui has a lot of power. Despite his age, he is a disciple, so he cherishes it even more.

"Junior Qin Chuan, don't be humble! Although I am six or seven years older than you, in terms of strength, I am not necessarily your opponent."

The fat boy is also very humble.

He is a student in the advanced class, and his cultivation is at the first-level intermediate level.

Obviously, he still underestimated Qin Chuan's strength.

Compared with the competition a few days ago, Qin Chuan's strength has improved dramatically. Changes.

Not only has his water element returned to the first-level elementary level, but his wood element has also been cultivated to a high-level quasi-warrior. Coupled with the strength of body training, his overall strength can be comparable to the first-level advanced level.

"The senior has received an award. I wonder what he calls the senior?", Qin Chuan is still very humble

"Junior Qin Chuan, if you don't mind, just call me Fat Brother. They all call me 'Fat Man'. If you are younger than me, you will suffer a little disadvantage. Just call me 'Fat Brother'!"

"Ha ha! From now on, the younger brother will call the senior 'Fat Brother'!"

"This is right!"

The fat guy was very talkative.

It didn't take long for the two of them to get along..

Chapter 1489

After Fat Brother taught Qin Chuan the reception process, he left the freshman reception desk and went to do other work.

Qin Chuan was the only one left in the entire freshmen department.

He stayed at the reception desk for new students for a while. He didn't see any new student reports, so he felt a little bored, so he practiced while waiting.

Not long after Qin Chuan started practicing, a voice sounded outside the door

"Hello! Is there anyone here? We are freshmen here to report!"

Hearing this, Qin Chuan stood up immediately.

After waiting for so long, someone finally came.

When he arrived at the door, he saw two teenagers, one was tough-headed, and the other looked very smart. They were both thirteen or fourteen years old. As soon as he saw Qin Chuan, the tiger-

headed boy opened his mouth and said: "Hey! This little brother, where is the senior responsible for receiving new students?"

"so I.....", Qin Chuan just wanted to explain.

Another young man who looked very smart interrupted him excitedly.

"Ha ha! Little brother, you should be a freshman reporting here today just like us, right?"

"Yes, why didn't I think of that!", the tough-headed young man nodded self-righteously, "Acheng, you are really smart, you can see it right away."

It turns out that the smart-looking young man's name is Acheng.

"Ah Hu, what's so hard to guess about this!

Acheng looked proud: "Look at this little brother, he is only twelve or thirteen years old, one or two years younger than us. How can he be the senior who receives the new students?"

"I heard that the seniors who receive new students are all students in the advanced class. At first glance, this little brother is not in the advanced class. He must be just like us, a new student!"

"oh!" Ahu looked like he suddenly understood.

After saying that, the two teenagers walked into the house in a swaggering manner. Admittedly, they did not take Qin Chuan seriously.

After entering the house, they found that except Qin Chuan, there was no one else in the house. people,

"strangeness! Didn't the instructor who collected the registration fee say so? There will be seniors here to receive me, why haven't I seen anyone?"

Ahu looked confused.

"That senior may have gone to the latrine!", Acheng scratched his ears.

Qin Chuan looked at the two people dumbfounded.

"By the way, little brother," You came here before us. Have you seen the seniors who receive the new students?"

Acheng then looked at Qin Chuan.

Qin Chuan smiled bitterly: "I've always been alone here. In fact, I...."

"That's it! So, the senior who received us has never been here. Really, why is this senior not dedicated at all?"

Before Qin Chuan finished speaking, he was interrupted by Acheng again.

"It's just, so unprofessional!", Abao also complained dissatisfiedly.

"That...actually, I....", Qin Chuan wanted to explain again

"Hello! Little brother, you should also sign up for the junior fighting class! From now on we will all be students in the same class. Why don't we get to know each other first?"

"My name is Acheng. I come from Wuhe Town, west of Shenyang City. I practice wood-based skills and am a high-level quasi-martial artist."

Acheng introduced himself enthusiastically.

When he mentioned that he was a high-level quasi-warrior, a trace of amusement flashed in his eyes.

"Hello! My name is A Hu, and I am also from Wuhe Town. I practice earth-based exercises. I am only an intermediate quasi-martial artist, and I am far behind Acheng. Acheng is the most talented person in our Wuhe Town. This is what our mayor said."

At this point, Ahu cast an admiring look at Acheng.

Acheng looked smug, but said:"Ahu, don't say this to everyone in the future. You should be more low-key! Don't you remember that the mayor told us that the Crouching Tigers, Hidden Dragons in Shenyang City are not comparable to those in our small town?"

"By the way, little brother, seeing as you are not very old, one or two years younger than us, you should still be a junior quasi-warrior, right?"

"Um...this....."

Qin Chuan didn't know what to say for a while.

These two daredevils started talking to themselves as soon as they entered the door.

Look at Acheng's proud look...Should I tell them that I am actually a first-level junior warrior?

Why! Forget it, why should I attack these new students?

Thinking of this, Qin Chuan said casually:"Actually, I am already a high-level quasi-martial artist."

"What! Are you a high-level quasi-warrior?"

The two teenagers were stunned and couldn't believe it.

Now, the two of them looked at Qin Chuan carefully. Before, neither of them paid much attention to Qin Chuan, thinking how much cultivation this twelve or thirteen-year-old child could have. At this moment, as soon as they sensed it with their hearts, they felt that Qin Chuan's vitality fluctuations had indeed reached the level of a high-level quasi-warrior.

"Acheng, he is really a high-level quasi-warrior!" Ahu was shocked when he came.

Acheng also nodded repeatedly with a look of amazement.

In fact, what they sensed was just the fluctuation of Qin Chuan's wood energy.

Qin Feng's water energy was all compressed by him in the main cave, making the two of them Undetectable

"Little brother, I was disrespectful just now. How many main acupuncture points have you opened now? Acheng

's tone was much more sincere than before.

Qin Chuan smiled slightly: "Thirty-one have been cleared!" Acheng secretly breathed a sigh of relief, but on his face he pretended to be mature: "Little brother, seeing that you are one or two years younger than me, you have opened thirty-one main points, which is already very good." I have only opened thirty-three main points."

"Come on! It won't be long before you catch up with me. Hmm... You are also the only person I have ever seen who can compare with me in terms of talent."

Qin Chuan smiled and said nothing.

This Acheng is very confident.

In fact, Acheng's talent is indeed very good, but there are a few people in Tianshui Martial Arts School with talents like him.

For example, Xiao Yu, Ge Fei, Zhu Heng, Liu Fei is a talent of this level.

Given time, Acheng can also become the backbone of the junior class.

But compared with Qin Chuan, there is a huge difference.

"It turns out that Brother Acheng has opened up thirty main acupuncture points. I'm really impressed!"

Qin Chuan complimented casually.

Acheng said slightly modestly: "Little brother, you are no worse than me. I just practiced for a year or two earlier"

"Speaking of which, although you and I have good talents, compared with Qin Chuan from Tianshui Martial Arts School, we are incomparable. Then Qin Chuan is the real genius!"

"yes! That Qin Chuan seemed to be about the same age as his little brother, but he was stronger than a first-level junior warrior. I really want to meet that Qin Chuan!"

Ahu said with admiration.

After hearing what the two said, Qin Chuan couldn't help but cry.

Now, he didn't know how to explain it to the two of them..

Chapter 1490

Just when Qin Chuan was thinking about how to explain to these two people, a strange voice came from outside the door.

"It turns out that Qin Chuan brothers also like to play tricks on people!"

As soon as he said this, a person walked in outside the door.

Qin Chuan quickly looked at the person.

He saw that the person was a young man with thick eyebrows and big eyes, about seventeen or eighteen years old, and his appearance was quite different. He is also very heroic, and his cultivation has suddenly reached the first-level intermediate level.

Qin Chuan can be sure that this person is not a student of Tianshui Martial Arts School. He doesn't know why this person knows him.

"Qin Chuan?! Who do you think Qin Chuan is?!"

Inside the house, Acheng and Abao looked at the visitor in confusion.

Finally, they seemed to have thought of something and immediately looked at Qin Chuan

"Are you Qin Chuan?"

"good! He is Qin Chuan! Two little brothers, you are mistaken."

The young man with thick eyebrows looked at Qin Chuan with a smile but not a smile, his tone was a bit sinister.

"No way! Are you really Qin Chuan?"

Acheng and Ahu opened their eyes wide.

Qin Chuan nodded with a wry smile.

Acheng and Ahu suddenly looked in disbelief.

After working for a long time, the idol they worshiped was right in front of them!

"Are you.....", Qin Chuan looked at the thick-browed boy

"I'm Huang Yue, a freshman reporting to the senior class. There is only little brother Qin Chuan here. Is Qin Chuan responsible for the reception?"

The young man with thick eyebrows introduced himself.

Qin Chuan replied:"That's right! I am responsible for welcoming new students. Brother Huang Yue, how do you know me?"

"Ha ha!! I was present at the competition that day, and the performance of Brother Qin Chuan impressed me greatly! However, next....."

As soon as he finished speaking, Huang Yue suddenly rushed towards Qin Chuan and slapped Qin Chuan's chest with a lightning-like palm.

"what are you doing?!"

Qin Feng was startled and hurriedly met him with a palm.

Bang~!

The two palms met!

There was a muffled sound!

Qin Chuan stood on the spot, motionless.

Huang Yue took seven or eight steps back before he could stand firm.

The strength of the two!

Make a decision!

"Wow! So strong!", Acheng exclaimed

"yes! Qin Chuan faced off against a first-level intermediate warrior and gained the upper hand. Qin Chuan is stronger than the legend! He is only twelve years old and he is already so powerful!"

Ahu looked at Qin Chuan with admiration, his eyes were extremely fiery.

If he had some doubts about Qin Chuan's strength before, now he was so impressed with his admiration.

At the same time, Qin Chuan was not at all calm in his heart.

Just now. , when he was fighting Huang Yue, he smelled a strange smell coming from Huang Yue, but the smell was very light.

If he hadn't been born with extremely strong six senses, he might not have been able to smell it.

This made him feel that this Huang Yue is a little weird

"What do you mean?!", Qin Chuan looked at Huang Yue with an unkind look.

"The strength of the Qinchuan brothers is indeed extraordinary! According to rumors, your strength is comparable to the first-level intermediate level. I don't believe it, so I want to test it. Unexpectedly, the Qinchuan brothers were stronger than the rumors said. If I offended you in any way, I hope you will forgive me!"

Huang Yue looked apologetic.

It seemed that he was really just testing his strength just now.

"Brother Huang Yue, if you want to test him next time, don't be so sudden..." Qin Chuan said lukewarmly. But he was sneering in his heart.

Huang Yue's words were full of loopholes, and it was clear that the person who came here was ill-intentioned.

Previously, Huang Yue said that he had seen it with his own eyes I know Qin Chuan from the ring competition.

If you have watched the competition, you should know Qin Chuan's strength.

But he just said that he heard about Qin Chuan's strength...

This was inconsistent. Qin Chuan did not point it out, but he was wary in his heart. a bit

"That's what Brother Qinchuan said! I was rash just now, and I hope Brother Qinchuan can forgive me." Huang Yue looked apologetic.

He stretched out his hand to avoid hitting the smiling person. Seeing Huang Yue like this, Qin Chuan didn't have much to say.

"Brother Qinchuan, I'm here to report to the senior class. I wonder if you will arrange my dormitory?" Huang Yue asked again.

Qin Chuan nodded: "That's right! These dormitory arrangements are all the work of the reception desk. However, Acheng and Ahu came first. After I make arrangements for the two of them, I will make arrangements for Brother Huang Yue. I apologize for my slightness."

"This is how it should be.", Huang Yue showed an indifferent look.

"You two, come with me!"

"OK! Senior Qin Chuan!"

At this moment, Acheng and Ahu became extremely respectful, and then they followed Qin Chuan and left the reception area together.

Looking at Qin Chuan's leaving figure, Huang Yue's lips curled up slightly, revealing a hint of joking. sneer.....

But on the other side, Qin Chuan took Acheng and the two to the dormitory and settled down.

After doing all that, he was ready to leave.

At this time, Acheng was slightly embarrassed and said: "Senior Qin Chuan, I hope you don't mind what I was rude about earlier!"

Qin Chuan smiled and said, "Why would I mind! I'm younger than you, so let you misunderstandings are normal. Also, I'm younger than you. You can just call me by my name from now on. Don't call me senior."

"It is said that those who are wise come first. Although Senior Qin Chuan is younger than us, he is stronger than us. He deserves to be called Senior."

"That's right! You deserve to be called a senior!" Ahu also agreed.

The three of them are young at heart. After chatting for a while, they unconsciously got closer.

After chatting for a while, Qin Chuan remembered that Huang Yue was still waiting for him, so he left.

When he returned to his new life At the reception desk, the thick-browed young man named Huang Yue was long gone.....

An hour later, in the western area of Shenyang City, there was a small bamboo forest outside the city.

It's Huang Yue

"came back!"

A cold voice suddenly appeared behind Huang Yue.

Huang Yue's heart tightened and he quickly turned around. What caught his eye was a man in white wearing a silver mask, Mr. Bai.

Huang Yue hurriedly stepped forward. The greeting: "I have met Mr. Bai!"

"How did things go?

Huang Yue said hurriedly:"Fortunately, I did not disgrace my life!" The subordinates have quietly sprinkled the scent of ten miles on Qin Chuan."

The man in white nodded with satisfaction.
