

God level 2011

Chapter 2011

Without further ado, he said that when Qing Yunying saw the Xu Dan collapse, the Huo Yuan essence was about to dissipate.

His expression condensed, he grabbed the air with his right hand, and shouted in his mouth

"Congeal!"

The blue air mass wrapped in the Xu Dan in the air immediately shrank rapidly, condensing the dissipated fire essence.

After a moment, it condensed into a walnut-sized blue light bead in the air.

The outside of the blue light bead was naturally made of The light beads were composed of the previous cyan air mass, and the light beads contained the fire essence.

Qing Yunying made a move, and the cyan light beads flew into his hands.

"Brother Ying, have you succeeded? Qing

Yunlie asked anxiously.

Qing Yunying looked at the cyan light beads in his hand and smiled slightly.

"not bad! One-tenth of the Fire Essence has been collected!"

"Ha ha!! One-tenth, that's pretty good! This Void Pill Essence is not so easy to collect. Almost no one can do it. I am afraid that only a geek like you, Brother Ying, who has mastered the 'Way of Reincarnation' can do it."

"hehe!! You're the only one who talks a lot! Why don't you restore yourself quickly and introduce us to the younger members of our clan?"

Qingyunying laughed and scolded Qingyunlie.

Qingyunlie laughed, untied and transformed. The flying tiger immediately separated from him, turned into a kitten, and jumped onto his shoulder.

Qingyunxiu also restored himself. , the giant butterfly king shrank to the size of a palm and stood on his shoulder.

Qingyunlie walked towards Qinchuan first

"Tian Qi has met Uncle Yunlie!!"

"Ha ha! Tianqi, we meet again! Come! Come! Let me introduce to you, this is your Uncle Qingyunxiu, you probably already know"

"Although he looks only twenty-six or seventeen years old on the outside, in fact he is almost forty years old, but he looks ageless, hey! I don't know how many people have died from jealousy. But this guy's strength is considered very powerful among his uncle's generation."

After listening to Qing Yun Lie's words, Qing Yun Xiu's mouth twitched, and he smiled and cursed:"A Lie, you guys just love to talk."

At this time, Qing Yunying also came over, looked at Qin Chuan carefully, smiled and nodded.

"good! Sure enough, he looks a lot like your father when he was a child."

Qing Yunlie on the side quickly introduced

"Tianqi, this is your uncle Qingyun Ying. He is also the only one among our disciples with the word"Yun" of the Qing family who has mastered the secret of wood,"The Way of Reincarnation." His strength is the only one among all the Yun descendants. Second to your father."

Hearing this, Qin Chuan looked at Qing Yunying in surprise.

As far as he knew, the secret of wood is divided into three avenues, namely the way of life, the way of death, and the way of reincarnation.

Among them, the way of reincarnation is the most mysterious. , the most powerful and the most difficult to comprehend.

Most fifth-level wood warriors comprehend the way of life or death.

Different ways of understanding lead to different top-notch martial arts skills that can be learned.

Like psychic skills, Only wood martial arts warriors who have understood the way of life can master such top-grade wood martial arts as the All Souls Incarnation Technique. And top-grade wood martial arts such as the Death Curse can only be mastered by wood martial arts warriors who have understood the way of death. And those who have understood the way of death can master it.

Wood warriors who have mastered the way of reincarnation can learn whether it is death spells, psychic techniques or all-spirit transformation techniques.

Thinking of this, Qin Chuan couldn't help but be curious.

"Uncle Yunying, where is your psychic beast?"...

Chapter 2012

Thinking of this, Qin Chuan couldn't help but be curious.

"Uncle Yunying, where is your psychic beast?"

Hearing this, Qingyun Lie laughed and said:"Haha!"! Tianqi, do you want to see his psychic beast? His psychic beast is a bit strange!"

"strange? Qin

Chuan was curious.

Qing Yunying smiled and said, "Tianqi, since you want to see it, Uncle Ying will let you see it.""

As soon as he pointed at his shadow, he saw a strange black shadow slowly crawling up from his shadow.

The shadow was as black as ink, but its two eyes were shining with blood-red light.

Then, the black shadow walked out of his shadow and turned into a person, a person who looked exactly like Qing Yunying.

"How is this going?"

Qin Chuan looked at everything in front of him in surprise.

Qing Yunying smiled slightly.

"This is my psychic beast, the shadow puppet. Xiaoying!"

Qingyun Ying pointed at Qin Chuan's shadow again. The shadow beast immediately walked towards Qin Chuan's shadow, quickly blended in, and disappeared in the blink of an eye. Qin Chuan could not feel the slightest breath of it, which made him surprised. Big mouth

"No need to be surprised, Xiaoying's shadow escape technique is very good. Even an eighth-level master may not be able to detect it hidden in your shadow."

"This time you go to the Four Kills Alliance. According to the agreement, you will go alone. We can't follow you, so I will send Xiaoying to protect you. If something unexpected happens, I can detect it with the telepathy between Xiaoying and me."

Hearing this, Qin Chuan knew Qing Yunying's painstaking efforts, felt grateful in his heart, and said hurriedly: "Thank you, Uncle Ying! Qing Yunying nodded slightly:"

By the way, I'll give this to you too!"

I saw him handing the cyan light beads that he had condensed before to Qin Chuan.

Qin Chuan took the cyan light beads with some confusion. He didn't know what the function of these light beads was.

Qing Yunlie immediately explained on the side

"Tianqi, we all know that you have also cultivated fire element energy. What is collected in this cyan light bead is the fire essence condensed by fifth-level fire warriors. If you refine these fire essence, your fire essence will be greatly improved."

"If your Fire Yuan Qi cultivation has reached the peak of the third level, you can use it to help you break through the bottleneck and bring your cultivation to the third level of Dzogchen. It's a pity that your fire energy has not reached the peak of the third level yet. I'm afraid you will miss this good opportunity."

"Because this green light bead can only guarantee that the fire essence inside it will not dissipate for ten days, and it will dissipate completely after ten days, so you must refine it as soon as possible within these few days."

Qingyun Xiuye said

"yes! Tianqi! In fact, this fire essence is the meeting gift we want to give you! Otherwise, to kill this Zhou Changkun, why would the three of us take action together and spend so much effort?"

"What we do is to force him to release his Xudan and self-destruct. Only in this way can we have a chance to obtain the Fire Essence."

After hearing this, Qin Chuan suddenly realized.

It turns out that the fifth-level warrior's natal virtual elixir can only be released from the body by himself.

Moreover, as soon as the fifth-level warrior dies, his virtual elixir will automatically dissipate.

Qing Yunxiu and the others had deliberately previously The purpose of forcing Zhou Changkun into a desperate situation is to make him release his own virtual elixir, so that Qingyunying can take action and collect some fire essence.

"Ha ha!! How about it? Tianqi, this kind of meeting gift is not bad! Qing

Yunlie asked with a smile.

Qin Chuan nodded repeatedly, and was very happy in his heart.

Unexpectedly, this fire energy essence would help break through the bottleneck of the third level peak. Didn't he still have five Seven Spirits Purple Fire Pills that he had not yet refined? Transformation?

If he refines these five Seven Spirits Purple Fire Pills, first breaks through the fire energy to the peak of the third level, and then uses these fire energy to break through the bottleneck, won't his fire energy be able to break through to the third level? Is it complete?"

When he thought of this, Qin Chuan suddenly became excited..

Chapter 2013

At this time, Qingyunying glanced at Zhou Changkun's body and said to Qingyunlie:"Alie, dispose of the body at the scene as soon as possible and don't leave any clues, especially don't let the Zhou family suspect Tianqi."

"yes! Shadow brother!"

Qing Yunlie also knows in his heart that it is very important to deal with the matter at the scene. If there are any clues left and the Zhou family suspects Qin Chuan, the consequences will be disastrous.

From a certain point of view, Zhou Changkun must die no matter what, otherwise, With his presence, Qinchuan will definitely be in danger, and the Qing family's plan to seize the Qinglong Pearl will not be implemented.

This time, the Qing family dispatched three disciples of the 'Yun' generation at once, because they had the intention to kill him.

However, he said, Qingyun Lie first searched Zhou Changkun's body.

In addition to finding gold tickets worth hundreds of thousands of gold coins, he also found the martial arts jade medal 'Fire Feather Aegis' and Zhou Changkun's spear. After collecting the trophies, Qing Yunlie then let Heidan transform, spit out fire, and burn Zhou Changkun's body to ashes.

He also cleaned up the traces of the fighting around him and found that nothing was missing, so he felt relieved.

"not bad! I got a jade medal of fire defense superior martial arts, 'Fire Feather Aegis'. Tianqi, I will give it to you. This Fire Feather Aegis is one of the few superior martial arts that can be practiced without comprehending the secrets. When you reach the fourth level, You can learn it, you are lucky"

"Thank you Uncle Yunlie!"

Qin Chuan happily accepted the martial arts jade medal. His weakest thing now is defense. With this defensive superior martial arts, he can learn it when he reaches the fourth level of fire element training, and his overall strength will also increase greatly..Seeing

Qin Chuan's happy look, Qing Yunlie smiled slightly

"It's just a superior martial art, it will make you happy. If you can cultivate the wood element to the fifth level, our Qing family's top wood element martial arts are available to you to learn. As long as your understanding is high enough, it doesn't matter even if you learn them all."

Hearing this, Qin Chuan secretly smacked his tongue in his heart.

As far as he knows, top-level martial arts are extremely rare. Most warriors above the fifth level use superior martial arts. It is rare for someone to use top-level martial arts, even a seventh-level warrior. , they may not necessarily have the best martial arts.

For a big family like the Zhou family, legend has it that there is only one best martial skill.

And with regard to their previous combat prowess, all three of the Qing family knew the best martial arts.

It can be seen that although the Qing family has declined, it has once The foundation of being a super big family is still there. As long as you wait for the right time, it will surely spring up like mushrooms after a rain.

"hehe!! Tianqi, don't listen to what your uncle Yunlie says is so easy. Although this top-notch martial art is extremely powerful, it is extremely difficult to learn."

"Although our Qing family has seven top-level wood-based martial arts, no one except our ancestor Qing Wushen has ever been able to learn all seven top-level martial arts. Do you know why?"

Qing Yunying suddenly asked

"Why?"

Qin Chuan was also curious.

"This is because the secrets required to learn the best martial arts are much more profound than the superior martial arts, and have already touched upon the rules of nature. You need to have an extremely thorough understanding of these rules of heaven and earth, and transform this understanding into your own rules."

"Only in this way can you learn the best martial arts. There are very few people who can achieve this kind of thorough understanding. Just like some sixth-level warriors, he clearly has the best martial arts in his hands, but he just can't learn it. This is because his understanding has not reached that level yet"

"However, some fifth-level warriors with high understanding can learn a top-level martial skill, and their strength is naturally much stronger than that of the same level. Of course, the more top-level martial arts they master, the stronger their strength will be."

"Just like your uncle Yunxiu, who has learned the art of transformation of all spirits and the art of channeling spirits, these two top-notch martial arts, his strength is far stronger than that of his peers. In general, wanting to learn the best martial arts has more to do with understanding."

After hearing this, Qin Chuan suddenly realized that while looking forward to learning the best martial arts, he was also worried about how many martial arts he could learn..

Chapter 2014

After hearing this, Qin Chuan suddenly realized that while he was looking forward to learning the best martial arts, he was also worried about how many he could learn.

At this time, Qing Yunying said again:"But don't worry! Although the best martial arts are difficult to learn, we Qing family disciples have a natural advantage. This advantage is that it is not difficult for us Qing family members to learn psychic skills."

"Unlike other wood-type warriors, who may not be able to master the psychic arts even if they practice to the seventh level, so as long as you can cultivate your wood type to the fifth level, you will be able to learn the psychic skills and be proud of the same level."

Hearing this, Qin Chuan was also secretly happy.

He didn't expect that our Qing family would have such an advantage. It seems that it was not unreasonable for our Qing family to dominate the world a thousand years ago.

At this time, Qing Yunlie took the golden ticket in his hand again He casually gave it to Qin Chuan

"Give this to you too! Some gold coins are also convenient to have on hand."

Qin Chuan was not pretentious and took the gold tickets. Now he has less than 100,000 gold coins, so he is still relatively short of money.

At this time, Qing Yunlie looked at the curved spear again and frowned.

"What to do with this long gun? You definitely can't keep this thing. Brother Ying, how do you deal with this thing?"

Qing Yunying also frowned, picked up the spear and looked at it carefully.

"This gun is also a spiritual weapon. It is mainly made of mithril, black iron and fire crystal. It can also be worth two to three hundred thousand gold coins."

"It's a pity that Zhou Changkun is not an ordinary person. Many people must know his weapons. If we put them up for auction, they will definitely be recognized. If you carry it like this, you will be recognized by others. It would be a shame to just throw it away like this. Seeing that

Qingyun Ying was worried about the spear, Qin Chuan stepped forward and said, "Uncle Ying, give me this spear. I have a way to deal with it."

Qing Yunying glanced at him in surprise and asked, "What can you do to deal with it?" Qin

Chuan smiled slightly, took the spear, and patted the ball on his shoulder.

"Qiuqiu, it's up to you"

"Gujiguji!!"

When Qiuqiu saw the spear, his eyes only glowed with gold, and he almost drooled from the corner of his mouth.

It turned out that the spear contained a lot of gold spiritual objects, and Qiuqiu had long wanted to eat it.

"Little one, bite it off first!"

Qin Chuan put the spear to Qiuqiu's mouth.

"Gujiguji!!"

Qiuqiu opened his little mouth happily and bit off the hard spear in one click.

Qing Yunying and the others were stunned.

Next, Qin Chuan asked Qiuqiu to bite the remaining two pieces of the spear. Broken.

In just a moment, the spear was broken into several pieces. Qin Chuan put them all away and kept them for Qiuqiu to use as food later.

"Huh! What kind of beast is this? It feels even more peculiar than my Butterfly King! It actually regards metal spiritual objects as food. This is really appalling!"

Qing Yunxiu on the side was very curious.

Obviously, not everyone in the clan knew about Qin Chuan's acquisition of Qiu Qiu.

Qin Chuan smiled slightly and told the three people about Qiu Qiu.

Qing Yun Xiu and the other three heard about it Qiuqiu is probably an ancient ferocious beast, and it is of the eighth level. Everyone looks envious at Qin Chuan.

"Unexpectedly, in addition to your father who got an eighth-level ferocious beast as a psychic beast through great luck, you also got an eighth-level ferocious beast as a pet, and yours is an ancient ferocious beast. It's stronger than your father's one"

"From this point of view, even if you cannot advance to the eighth level in the future, as long as your pet can cultivate to the eighth level, you can still compete with the eighth level warriors."

"yes! Tianqi, if you have such a high-level ferocious beast as a pet, your future will be limitless!"

"Ha ha!! In any case, Tianqi is a descendant of our Qing family. Tianqi can have an eighth-level spiritual pet, which means that our Qing family will have a master with a strength equivalent to the eighth level in the future."

"Including your father, that's two people. It's a pity that your father's psychic beast has not yet fully matured, and its cultivation is only at the seventh level. Otherwise, our Qing family wouldn't have to be so afraid of the ancestor of the Zhou family. Why! Unexpectedly, our dignified Qing family would now be afraid of an eighth-level warrior."

Hearing this, Qin Chuan was also very emotional..

Chapter 2015

Qin Chuan also knew why the tribe didn't wait until his father's psychic beast grew to the eighth level before taking action.

That's because Grandpa doesn't have much time.

Today's Qing family children will die young if they cannot cultivate to the seventh level by the age of fifty, and his father is not far away from this fifty-year-old deadline.

Maybe when his father dies, his father's psychic beast may not be able to grow to the eighth level.

At this time, Qing Yunying on the side comforted him and said:

"You don't have to be so pessimistic! As long as we can recapture the Blue Dragon Pearl this time, the talent and strength of our Qing Family disciples will be raised to a higher level."

"At that time, the clan leader can directly advance to the eighth level. With eighth-level warriors in charge, our Qing family will truly enter the ranks of a big family. In more than a hundred years, our strength will be even stronger. By then, we will find out who was behind the scenes, and killing Long Xing will not be the only one. impossible"

"yes!! Only by recapturing the Blue Dragon Pearl will our Qing family have hope. Otherwise, there is no need to discuss anything."

"It all depends on Tianqi. Tianqi, you have now carried the hope of the whole clan, and all the clansmen are watching you behind your back, do you know?"

"I know!"

Qin Chuan nodded silently, with a very solemn expression.

At this moment, he deeply felt that the future of the Qing family rested on him, and he was shouldering an unshirkable responsibility.

Because he is a descendant of the Qing family, he has blood flowing in his body. It is the blood of the Qing family. Moreover, without the Qing Longzhu, it is difficult to say whether he can live past fifty.

Thinking of this, Qin Chuan secretly vowed in his heart.

This time, no matter what, he will help our Qing family. He wants to take back the Blue Dragon Pearl, even if he sacrifices his life.

At this time, Qing Yunying said: "Okay, Tianqi, don't put too much pressure on yourself. Do your best! Let's go! Don't stay here for too long, it's better to get to Tianshui City earlier!"

"Three uncles, can you wait for a while before leaving?!"

"Why? Qing

Yunying asked with some surprise.

"The three uncles just gave Tianqi a ball of fire essence as a greeting gift, and this fire essence can help me break through the bottleneck of the third level peak. Although Tianqi's fire energy cultivation has not reached the peak of the third level, Tianqi still has five Seven Spirits Purple Fire Pills in his body."

"As long as these five spiritual purple fire pills are refined, Tianqi's fire energy will definitely reach the peak of the third level. When the time comes to refine the fire energy, he may be able to break through to the third level of perfection in one fell swoop."

After hearing this, Qing Yunying and the other three all looked happy.

At that moment, Qing Yunying said:"In that case, let's quickly find a secret place for Tian Qi and let him quickly refine the elixir. Qi can't be stored for long. Qingyun Xiuye said:"

Yes!" Anyway, I have plenty of time to go to Tianshui City this time."

After that, the three of them led Qin Chuan away from the official road and went straight toHe found a remote cave in the nearby mountains and forests, and let Qin Chuan go into the cave alone to practice in peace.

The three of them protected Qin Chuan outside the cave.

As soon as Qin Chuan entered the hole, he let Qiuqiu play by himself and gave him a broken gun.

"Gujiguji!!"

Qiuqiu held the spear in his two chubby little paws and ran to play with it happily.

Qin Chuan meditated alone, took out a Seven Spirits Purple Fire Pill and refined it.

It was over in a blink of an eye. Seven days.

On the seventh day, Qing Yunying and the others were protecting Qinchuan outside the cave.

Suddenly, the fire energy between heaven and earth suddenly rioted, and they rushed into the cave crazily, and a huge ball hundreds of meters large was formed above the cave. Whirlpool.

In the mountain forest, many low-level ferocious beasts and even beasts looked in this direction in shock.

"Success! Unexpectedly, this kid finally succeeded!"

Qing Yunlie shouted with surprise on his face.

Qing Yunying and Qing Yunxiu on the side both showed satisfied smiles.

After a long time, the huge cyclone above the cave disappeared.

Then, Qin Chuan walked out with a happy face.

He The fire energy cultivation level finally successfully broke through to the third level of Dzogchen...

Chapter 2017

Qin Chuan followed the route he asked and rushed directly to the headquarters of the Four Kills Alliance.

However, before entering the headquarters of the Four Kills Alliance, Qin Chuan hesitated for a while, then went back to find a remote place, changed out of the Zhou family guard uniform, used the battle body transformation, put on the mask, and transformed again. He turned into an image of white hair and silver face, and then turned around to find the Four Kills Alliance.

After all, uniting the Feng and Teng families this time was of great importance. If someone accidentally saw him entering the Four Kills Alliance, it would inevitably arouse others' suspicion.

If the Zhou family were to suspect him, the gain would outweigh the loss.

Although this possibility is unlikely, Qin Chuan has to be careful. He cannot ruin the hope of the whole family because of this trivial matter.

Outside the Four Kills Alliance's station, two disciples of the Four Kills Alliance were guarding the door.

Suddenly, I saw a white-haired, silver-faced man walking over.

The two looked at each other and suddenly became wary.

Anyone who sees a person wearing a mask approaching will feel nervous, even in broad daylight.

Because only those who have ghosts in their hearts wear masks

"stop! Who are you? This is the headquarters of the Four Kills Alliance! Please don't go to the wrong place."

One of the guard disciples saw Qin Chuan walking straight over and quickly stopped.

Through the mask, Qin Chuan could see clearly that the two of them were in their mid-twenties, and their cultivation levels were only at the second level.

"You two are here by invitation! Qin

Chuan replied in a low voice.

"Came by invitation? Do you have the invitation letter with you?"

"No!"

Hearing this, the guard disciple immediately sneered with disbelief: "Your Excellency's words are too ridiculous. Since you don't have an invitation letter, how can you say that you were invited by our Four Killings Alliance? I hope you will leave quickly and don't cause trouble in front of our Four Kills Alliance."

"I really came here by invitation!"

At this time, the guard disciple became a little impatient.

"snort! If you are really here by invitation, why don't you have an invitation letter and you are wearing a mask? I think you are here to cause trouble, right? Do you really think there is no one in our Four Kills Alliance?"

Another guard disciple also said:"That's right!" Your voice sounds like you are in your twenties or thirties, right? It seems that your cultivation level is at the third level. Overall, the qualifications are good. However, don't think that with these cultivation levels and qualifications, you can run wild in front of the headquarters of our Four Kills Alliance."

"There are many people in our Four Kills Alliance who are stronger than you. You should know better and leave as soon as possible. If you make trouble again, I'm afraid you won't be able to eat for a while and you will have to walk around!"

Hearing what the two said, Qin Chuan smiled bitterly in his heart. He couldn't fall out with these two people and really barged in.

After all, he was here to unite the Feng family and the Teng family, and he had to give each other some courtesy first. Respect.

Just as Qin Chuan was stunned in place, thinking of countermeasures.

In the courtyard, he remembered a gentle and clear voice.

"Zhao Yong, Liu He, what are you two arguing at the door?"

Immediately, a beautiful figure came out.

Seeing this beautiful and tall figure, Qin Chuan's eyes jumped, and joy flashed in his eyes.

The person who came was none other than Feng Qingyan, who had met him once. Tian One of the top ten young masters in Shuicheng

"I've met the eldest lady!"

When the two guard disciples saw Feng Qingyan, they immediately showed joy.

As soon as Feng Qingyan walked out of the door, she saw Qin Chuan and was slightly startled.

After all, Qin Chuan's outfit was too eye-catching.

When she saw clearly that Qin Chuan was at the third level of the wood system, a hint of surprise flashed across her eyes...

I! God level elementalist

Chapter 2018

Before Qin Chuan came, he had hidden all his cultivation and only showed his wood cultivation, because he represented the Qing family

"Zhao Yong, what on earth is going on?"

"Report to the eldest lady, this weirdo said he came by invitation, but he didn't have an invitation letter with him. We were preparing to drive him away, but he refused to leave."

"oh?"

After Feng Qingyan listened to Zhao Yong's report, she turned to Qin Chuan and asked

"Who are you? Why come to our Four Kills Alliance?"

Qin Chuan looked at the face in front of him that was very similar to Yuyao's, and felt some inexplicable intimacy in his heart.

"The following is from Fengyan City. I don't know if Luochuan told you that I will come to visit."

Hearing this, Feng Qingyan's beautiful eyes flashed with surprise, and she couldn't believe it.

"It's you? But how did you become like this?"

Obviously, Feng Qingyan knew about that. Moreover, she had met Qin Chuan before.

However, the Qin Chuan she had met before was very different from the person in front of her.

Not to mention his appearance, even his temperament was very different. Big difference. This had to surprise her

"Miss Qingyan, there are some things that are inconvenient to say.

Feng Qingyan understood and smiled heartily:"Okay!" Come in with me!"

At that moment, Qin Chuan was brought into the headquarters of the Four Kills Alliance by Feng Qingyan under the surprised looks of Zhao Yong and two people.

Looking at Qin Chuan's leaving figure,

Zhao Yong and two people looked at each other and couldn't help but murmur.

"Huh! Who is this person? The eldest lady seems to know him"

"yes! It seems that we almost got into trouble before, and this person really came here as an invitation."

.....

However, Qin Chuan, led by Feng Qingyan, entered the inner courtyard directly.

When no one was around, Feng Qingyan suddenly turned around and said with a sweet smile.

"Qin Chuan, I didn't expect you to actually come. Since you dare to come, it also shows that you are probably a descendant of the Qing family. However, it depends on the two adults, Master Teng and Master Feng, to judge whether you are."

"If you are really a descendant of the Qing family, it will be easy to say. If you are an impostor, I'm afraid you won't be able to leave this courtyard today."

After listening to Feng Qingyan's probing words, Qin Chuan said calmly: "Sister Qingyan, just take her to meet the two elders!"

Feng Qingyan couldn't help but murmured in her heart when she saw Qin Chuan's easy answer.

Judging from Qin Chuan's behavior, it is really possible that he is a descendant of the Qing family.

In the past, they all suspected that the Huo family was the descendant of the Qing family, but it seems that they were all wrong.

Then again Having said that, Qin Chuan's talent is indeed excellent. He is only fourteen years old this year, but he has already reached the third level of wood cultivation. He is worthy of being a descendant of the Qing family.

Thinking of this, Feng Qingyan said: "You and I bring it on!"

At that moment, Feng Qingyan took Qin Chuan into a small courtyard in the deepest part.

Feng Qingyan asked Qin Chuan to wait outside the courtyard and then went in to report.

After a while, Feng Qingyan walked out and said with a smile

"The Phoenix Master and the Teng Master know that you are coming, and they are very happy. Please follow me in!"

Entering the hall, Qin Chuan found an old man and a middle-aged man with a jade-like face sitting in the center of the hall.

The old man looked kind and kept smiling.

But the middle-aged man had a serious look on his face. His eyes were fixed on Qin Chuan. As soon as Qin Chuan saw these two people, he felt an inexplicable fear and an invisible pressure in his heart. It was a kind of innate intuition.

At this moment, he had no doubt that the people in this hall If any one of the two of them takes action, they can easily kill him instantly with just one finger.

On both sides of the hall, there are still more than thirty people standing, ranging in age from seventeen or eighteen to more than forty years old. Wait, but all of them have extraordinary aura, and their lowest cultivation level is level three.

And Mr. Bai is suddenly among them...

Chapter 2019

Obviously, these people are the core disciples of the Four Kills Alliance, and they are most likely the children of the Feng family and the Teng family.

At this time, everyone's eyes were focused on Qin Chuan, which made Qin Chuan feel an inexplicable pressure.

At this time, Feng Qingyan on the side began to introduce Qin Chuan

"Qin Chuan, this is Lord Teng, the head of the Teng family. This is the head of our Feng family, Master Feng."

It turns out that the old man with a kind face is the Teng Master, and the middle-aged man with a beautiful face is the Feng Master.

After hearing the introduction, Qin Chuan respectfully stepped forward to greet him:"Qing Tianqi, a descendant of the Qing family, has met the Teng Master. , two elders, Phoenix Master."

After a period of silence, the Phoenix Master in the hall finally spoke.

"So your real name is Qingtian Qi?"

"Yes!"

"Since you said you are a descendant of the Qing family, why do you still wear a mask when you see us and the other two?"

Qin Chuan said hurriedly: "I'm reporting to the two elders that my current identity is the Zhou family's guard." If you enter the headquarters of the Four Killers Alliance directly without any cover-up, it will inevitably cause a lot of unnecessary trouble if someone with an intention sees it."

Hearing this, the Phoenix Master and Teng Master in the hall lit up, and looked at Qin Chuan slightly differently from before.

Even the core disciples around him nodded slightly.

"good! I didn't expect you to have such a delicate mind at such a young age. If you are really a descendant of the Qing family, it will be a blessing for our five clans."

The Phoenix Master couldn't help but praise, and then continued: "However, you can take off the mask now, and there is no need to cover up. In this hall, there are either children of the Teng family or the children of the Feng family. There are no outsiders."

"Junior, obey!"

Qin Chuan took off his mask in response, revealing a slightly childish face.

A lot of exclamations immediately came from all around.

The children of the two tribes did not expect Qin Chuan to be so young.

Qin Chuan's appearance after transformation will be better than his original appearance His appearance seemed more mature, and he looked like he was sixteen or seventeen years old.

Judging from Qin Chuan's previous conversation and cultivation, all the disciples thought that Qin Chuan was a relatively mature and stable Qing family child, but they did not expect that he was like this young teenager

"hehe!! This young man from the Qing family is pretty good. He is already at the third level of cultivation at such a young age. It seems that his talent is no worse than mine!"

"I think the talent should be better than ours. Their Qing family's Azure Dragon true blood has not been activated yet. If the Azure Dragon True Blood is activated, both talent and cultivation will be greatly improved, and by then it will surpass me."

"This is true!"

There could not help but be whispered comments in the crowd.

Mr. Bai in the crowd looked at Qin Chuan with a complicated look.

Because he knew Qin Chuan's growth best, the actual age of the boy in front of him should be older than his. Just look smaller

"good!"

Phoenix Master nodded with satisfaction and turned to look at Mr. Bai in the crowd.

Mr. Bai understood and nodded immediately.

Phoenix Master then smiled with relief.

Apparently, Phoenix Master asked Qin Chuan to take off the mask just to make Mr. Bai confirm , whether the person who came was really Qin Chuan.

After getting Mr. Bai's confirmation, the Phoenix Master began to recognize Qin Chuan's identity in his heart

"Brother Teng, what do you think?"

The Phoenix Master asked the Teng Master on the side.

"Brother Feng, I think since this kid dares to come, he is probably a descendant of the Qing family. However, in order to prevent any mistakes, we must go through the verification of the real blood."

"What the elder brother said is exactly what the younger brother meant. After saying that

"Junior understands! How do seniors want to verify the identity of juniors? Juniors must try their best to cooperate!"

"good! If you want to verify whether there is True Blue Dragon Blood in your blood, you need to use the Blood Transformation True Spirit Formation to test your bloodline. After saying that

After a while, the formation in the center of the hall was completed.

The golden bowl containing Qinchuan's essence and blood was also placed in the center of the formation.

Phoenix Master and Teng Master looked at each other, then they stood up and walked towards the formation. At the same time, they made seals and started to activate the formation.

When everyone in the hall saw this scene, they all held their breath and watched nervously.

Whether Qin Chuan is a disciple of the Qing family or not, the result will be known soon.

"Huh! What kind of strange beast is this? It doesn't seem like Qinglong!"

"yes! Not Qinglong, damn it! It turns out that this kid is not a descendant of the Qing family!"

"What? This boy is so brave. He dares to pretend to be a member of the Qing family and enter the headquarters of our Fourth Young League! It's simply courting death!"

Everyone in the hall soon discovered the abnormality, and the atmosphere suddenly changed. In an instant, it became extremely murderous. A series of eyes full of murderous intent instantly surrounded Qin Chuan.

"yes! It seems to be a fire-type holy beast, but I don't know what kind of holy beast it is?"

At this time, in the sky above the formation, the lights and shadows of Tingting and Qinglong were circling and intermingling, and their momentum was very amazing.

At this moment, everyone in the hall completely recognized Qin Chuan's identity.
