

God level 2101

Chapter 2101

Fengxing and Feng Xing next door naturally heard some noises, but they couldn't hear clearly what Qin Chuan was mumbling.

At this time, Lei Yun couldn't help but asked: "Brother Feng, what is this kid muttering about?"

Feng Xing also frowned slightly, shook his head and said, "I can't hear you clearly either?"

"So why don't we get closer to his window and eavesdrop?"

Feng Xing smiled slightly: "No need!" Look at me!"

After saying that, Feng Xing performed the seals repeatedly, and his ears began to tremble along with the seals.

Not long after, Lei Yun was surprised to see that Feng Xing's ears were strangely elongated by a few inches, and his ears were surrounded by It also formed a strange force field that seemed to be able to absorb all sound waves.

"Brother Feng, what are you doing?"

"This is the wind martial skill Shunfeng Er, which can enhance hearing tenfold. Lei Yun, please don't talk to me now. Feng Mou wants to hear what that kid is muttering?"

Hearing this, Lei Yun's face showed joy, and he stopped talking at the moment, but in his heart he became more and more envious of the many martial arts skills of the Fengxing Society.

But he said that Fengxing used Shunfeng behind the ears, and his hearing doubled, and he finally heard what Qin Chuan was saying clearly. What happened?

I just heard Qin Chuan excitedly saying to himself in that room

"What a blessing this time! I didn't expect to find a treasure trove. Don't you know what kind of treasure is in that treasure house?"

"However, I think it's not bad. I heard that it was a secluded place left by an ancient warrior. There must be many precious treasures in it. Ancient times were no better than now!"

"At that time, there were many treasures of heaven and earth, not as scarce as they are now. It seems that I really encountered a big opportunity this time! Maybe you can even get one or two top-quality spiritual weapons, which are much more precious than meteorite iron."

After saying this, Qin Chuan seemed to be very excited and walked back and forth in the room. The excitement lasted for a long time. After hearing this, Feng Xing, who was next door, was surprised at first, and then an expression of surprise appeared on his face.

Lei Yun on the side saw his expression changing repeatedly and couldn't help but ask: "Brother Feng, what on earth did you hear?"

At that moment, Feng Xing told Lei Yun everything Qin Chuan said.

After hearing this, Lei Yun also looked surprised and couldn't help but said, "I just said that this kid came out of Tianshui City in a hurry. I was just curious about what he was going to do. Woolen cloth? It turns out he was going to search for treasure! No wonder we were in such a hurry!"

"yes! But this time I'm going to give you and me an advantage!"

"Ha ha!! Of course! Speaking of which, this kid was too young to know that walls have ears, and he even revealed such a secret thing.

Feng Xing smiled and said: "I just heard his tone and couldn't get excited. I guess this kid was overly excited and couldn't help but murmur to himself." You and I both deserve to be lucky, letting us know such a big secret."

"Brother Feng, what should we do next? Feng

Xing pondered for a while and said:"It seems that this kid can't be killed for the time being. If we kill him now, we may only get the meteorite iron and two spiritual weapons. It's not worth it.""

"We need to use him to lead us to the specific location of the treasure. When we get to the treasure place, it won't be too late to kill him.

"good! That's what I mean too"

"Um! Then we won't do anything tonight. This kid will definitely continue on his way tomorrow. We will continue to follow him quietly. When we get to the treasure place, we will come back with a mantis stalking the cicada and an oriole behind us, kill the kid and rob him. Baby, if you explore that treasure again, you will really be able to kill two birds with one stone!"

"Ha ha! This is how it should be!"

At that moment, the two of them were overjoyed and changed their plans in a hurry.

Qin Chuan naturally heard the conversation between the two clearly and couldn't help but have a proud smile on his face.

Hehe!! These two fools really fell into his trap. A delaying tactic!

Seeing that Feng Xing and the others fell into the trap, Qin Chuan felt a lot more at ease.

He was now certain that Feng Xing and the others would not take action against him before they realized that he had been deceived.

In this way, he would have time and The two of them worked around each other and figured out a way to get rid of the mind-questioning skills in themselves..

Chapter 2102

After a restless night, Qin Chuan also spent a night practicing Jin Yuan Qi, but unfortunately he still couldn't open the sixth main point.

Early the next morning, Qin Chuan did not leave. Instead, he fell asleep in the room, which puzzled Feng Xing and the two people next door. They didn't know what Qin Chuan wanted to do, but they didn't want to alarm the snake, so they kept staying there. The next door quietly watches.

Qin Chuan slept until almost noon before waking up.

After waking up, I feel full of energy and the fatigue from the past few days has been swept away.

Afterwards, Qin Chuan washed up, went downstairs to dine, and then wandered around the streets of the town without any intention of leaving.

This puzzled Feng Xing and the two men who were secretly following Qin Chuan.

What puzzled them even more was that Qin Chuan went on a shopping spree in the market.

I bought clothes, weapons, food and so on, all kinds of mess.

This made Feng Xing and the two people who were secretly following him very angry, but they couldn't guess Qin Chuan's intentions.

Qin Chuan's behavior now doesn't make them feel like he's going to hunt for treasures, but rather like he's coming to Anye Town for sightseeing.

But Qin Chuan went straight back to the inn after purchasing those things.

When he arrived at the inn room, Qin Chuan put some of the sundries and dry food he had just purchased directly into the God of War Order space and stored them for emergencies.

Afterwards, Qin Chuan called the waiter in the shop and asked him to boil a large bucket of hot water for him. Then he took a long hot bath and put on the new clothes he just bought.

After putting on the newly bought white fur shirt, it looked so bright and bright, making Qin Chuan look much more energetic, like a beautiful young man.

In fact, the reason why Qin Chuan went to buy clothes and weapons was because he realized a problem.

With his strong physical fitness as a body builder, he did not feel the cold at all in this cold winter. He was still wearing a thin martial arts uniform. Every time he went to dine downstairs, he would attract the attention of others.

You know, even Fengxing Leiyun and the two of them wear more clothes than themselves in this cold winter, and since I only wear a single piece of clothing, it is difficult not to attract others' attention.

That's why Qin Chuan bought a few sets of winter clothes and put them on to make himself appear similar to ordinary people, so as not to attract unnecessary attention.

As for buying swords, the original two ordinary long swords in Qin Chuan's hands have long been destroyed, and he can't take out the fire and ice swords from the War God's Order space every time he fights. Although he rarely does this, sooner or later, if this continues, Someone will notice the abnormality and discover the secret of his God of War Order space.

After doing this, Qin Chuan was very satisfied, tidied up the room, and continued to practice.

Feng Xing and the two people next door were very upset when they saw Qin Chuan taking a shower and changing clothes, and couldn't help but murmur to each other.

"Brother Feng, what on earth is this kid doing? You didn't say that he would be on his way to the treasure land today. But not only did this kid not take action, but it actually made me feel that this kid wanted to settle here? Feng

Xing also frowned with some annoyance. After a moment of silence, he said:"Brother Lei, please be patient!" From Feng's point of view, this kid must have his reasons for doing this, so we just watched secretly from the sidelines. For that treasure, we have to be more patient!"

"Brother Feng, it's not that Lei is impatient, it's just that this guy's behavior is so weird that people really can't see through it!"

"Don't worry, let's wait for another day or two to see what this kid is going to do."

"That's fine! After listening to the conversation between the two people next door, Qin Chuan thought to himself:" It seems that these two guys are a little uneasy about my behavior today, huh!" I will calm them down tonight and let them wait willingly!"

Thinking of this, Qin Chuan's mouth showed a smile, and then he continued his practice.

Until midnight, Qin Chuan stopped practicing and continued to practice his old tricks, whispering to himself and lamenting in a low voice.

Feng Xing next door heard something here If there is any movement, immediately use Shunfeng Ear to eavesdrop..

Chapter 2103

In the room, Qin Chuan sighed sadly:"Hey!! It will take a few more days before the treasure can be opened! This treasure is really strange. I heard that it depends on the time to open the treasure. There are only a few days every year. The door can be opened, and only during those few days can you have the opportunity to enter!"

"Waiting like this is really tiring! But there is no point in waiting. If the door to the treasure is not open, it will be in vain if I go there!"

After saying that, Qin Chuan complained again.

After hearing this complaint, Feng Xing, who was next door, suddenly showed joy on his face.

Immediately, he told Lei Yun what he had said.

Lei Yun suddenly understood:"I just said Why isn't this kid in a hurry to get to the treasure? It turns out that the treasure has to wait a certain amount of time before the door can be opened!"

"yes! As far as I know, all such weird treasures often contain extremely precious secret treasures. This time you and I may really be in luck."

"Ha ha!! I hope so! So, we have to wait quietly for the next few days, it depends on when this guy leaves."

"good! Let's just wait slowly. I think it won't be too long."

"Um! I think so too"

"but,....."

At this time, Fengxing hesitated for a while, as if he had encountered some difficulty.

Seeing his expression, Lei Yun hurriedly asked:"Brother Feng, what's wrong? Do you think there's anything wrong with that boy?"

Feng Xing shook his head and said,"It's not that there's anything wrong with that boy, it's the effect of my questioning skills. It can only last for half a month. After half a month, it will dissipate automatically."

"It has been almost half a month since that kid fell into the trap of asking questions. Calculating carefully, after noon tomorrow, the trick will be ineffective. If there is no inquiring skills, it will be difficult to pinpoint this kid's whereabouts!"

Hearing this, Lei Yun said:"Brother Feng, just use the mind-searching technique on that kid again now! Feng

Xing shook his head and said:"This mind-asking technique cannot be used in combination. You must wait for the mind-asking spell on him to be automatically released before you can use it on him again.""

"Brother Feng will just use his mind-searching technique on that kid again after noon tomorrow. Feng

Xing still shook his head and said:"I use the mind-asking technique, and the person who performs the technique has telepathy." Especially since he was hit by the mind-asking trick last time, if I use it on him again, he will definitely be alert and will alert the snake.

Lei Yun suddenly said anxiously: "What should we do?" Feng

Xing thought for a while and said: "There is only one way. Wait until midnight tomorrow night, after the boy is asleep, and I will quietly use the mind-searching technique again. The boy will not notice it in his sleep." Hearing this

, Lei Yun also said happily: "This method is good!" But, speaking of which, your ability to ask questions is quite amazing."

"Of course, this Mind-Questioning Technique is an excellent martial art of the wood system. Although it is only an auxiliary martial skill, it has a very wide range of uses. It can be used to track the enemy, and it can also disrupt the enemy's mind during battle."

"Moreover, its attack targets are very wide, whether they are humans or animals, as long as they are living objects, they are effective."

Hearing this, Lei Yun admired the mind-asking technique.

But Qin Chuan, who was next door, was overjoyed after hearing the conversation between the two. What he was happy about was that it turned out that the mind-asking technique would automatically start after half a month. To lift it, he didn't have to worry about finding a way to lift it.

However, Qin Chuan was not safe yet. He had no way to get rid of these two people.

Even if he didn't have the trick, at his speed, he wanted to get rid of these two people. It is also impossible for him to pursue him.

It turns out that this interrogation technique is only valid for half a month.

These two people want to continue to use the interrogation technique on him tomorrow night. How can he be in the same place if there is such a good thing? Falling down twice?

No, he has to find a way to deal with these two guys!

Qin Chuan immediately started to think about it. After a moment, he rolled his eyes and an idea flashed in his mind. He suddenly thought of a way to get rid of Feng Xing and the other two, and who could A plan to play tricks on these two people.

At that moment, Qin Chuan's handsome little face showed an evil sneer..

Chapter 2104

At that moment, Qin Chuan's handsome little face showed an evil sneer.

"snort! In order to snatch my treasure, you two chased me repeatedly and almost killed me. Then I will suffer some hardships for you tomorrow night, and then I will take the opportunity to get rid of you. As for your account of chasing me, I will definitely settle it with you in the future!"

Thinking of this, a hint of murderous intent flashed across his bright eyes.

Early the next morning, Qin Chuan opened his eyes from meditating, and there was a hint of joy in his eyes. His golden energy finally got through to the sixth master. Although the speed is very slow, it is still a big progress.

Looking out the window, the early sun rises, and the sunlight shines in through the window pane.

Qin Chuan stood up and opened the window, looking out the window. The scenery.

The roofs of rows of houses were covered with snow, forming a continuous expanse of snow, which was very spectacular.

Not long after Qin Chuan opened the window, there was some movement next door.

Obviously, Qin Chuan's actions of opening the window, It attracted the attention of Feng Xing and the two people next door.

Qin Chuan smiled slightly, ignored it, washed himself, put on his back the two new long swords he bought yesterday, dressed up as a young warrior, and then went downstairs to eat. Breakfast.

When the boss downstairs saw Qin Chuan put on new clothes, a completely different look from yesterday, their eyes lit up and they secretly praised him.

"What a handsome young man! I don't know how many women I will be fascinated by when I grow up."

It is said that people rely on clothes, and Buddha relies on gold. Qin Chuan changed into a new suit, and he became much more energetic. With his short red hair and a pair of smart and bright eyes, he felt very... Comfortable.

However, the boss has not forgotten that when he first met Qin Chuan, the young man was wearing very thin clothes, giving people a sense of desolation, and vaguely made him a little afraid.

So comparing the two, the boss still I like the look of Qin Chuan in front of me.

At least the Qin Chuan in front of me is wearing a simple and lean winter coat. He looks more like a normal human being than before.

"Young hero, are you coming down for dinner so early today?"

The boss came up to greet me warmly.

"Um! Boss, what are you having for breakfast today?"

"What does the young hero want to eat? I can prepare everything for you"

"hehe!! It's still the same, I don't have much appetite in the morning."

At that moment, the boss prepared breakfast for Qin Chuan.

After Qin Chuan finished breakfast slowly, he thought about his plan for a while, and then deliberately chatted with the boss

"Boss, are you a local?"

"yes! Young hero, I have been staying here in Anye Town since I was born. You may not believe it, but the farthest place I have ever been to is Tianshui City."

"So why doesn't the boss walk around?"

"hehe!! I can't help myself! My father was born into a poor family, and he opened this inn through his own efforts. Now that my father is old, he has passed this inn on to me. This is his life's work! I can't just leave it alone, right?"

"To be honest, I envy you, young hero, for being free and unrestrained and able to travel around the mainland. Such things make people envious just thinking about it! I think Shaoxia must have traveled to many places, right? I wonder if Shaoxia has ever been to Kyoto?"

Qin Chuan smiled and shook his head. Where has he been to Kyoto?

He has been a slave of the Zhou family since he was born. He has not been to many places. Except for Shenyang City, Tianshui City, and Wangyue City, he has never been to other places..

In fact, he also wanted to be able to walk alone with a sword one day, travel around the mainland, see the customs of various countries, and explore the many magical places in the world.

Of course, this wish can only wait until he can help the family regain the After Qinglongzhu, if he was still alive at that time..

Chapter 2105

At this time, the boss said again:"Young hero, if you have never been to Kyoto, I advise you to visit it in the future. I heard that Kyoto is large and prosperous, more than ten times the size of Tianshui City, and there is everything you need in it. Most people who have never been there can't imagine it."

Qin Chuan smiled and said,"I will definitely go there in the future!"

"Why! Young hero, I actually wanted to be a warrior when I was young. When my father took me to the test, he found that I had inferior qualifications. With such qualifications, even if I practice hard all my life, it would be difficult to achieve anything."

"I had no choice but to give up my ideals and go into business with my father. Now that I think about it, I feel a little unwilling!"

At this point, the boss sighed.

Qin Chuan quickly comforted him: "Boss, there is no need to be discouraged. Most people in this world cannot practice, and they do not necessarily need to practice martial arts to find a way out."

Next, the two of them chatted more and more passionately.

Obviously, the innkeeper is a very good talker.

While chatting with the boss, Qin Chuan also figured out the geographical situation around Anye Town, which will be of great help to him today. The plan was very important.

The reason why he did not ask the boss directly was because he knew that Feng Xing and the two upstairs must be eavesdropping on their chat. If he asked directly, it would inevitably arouse the vigilance of the two upstairs.

After some After talking freely, Qin Chuan learned that there is a large river twenty miles north of Anye Town, called Qingshui River.

As soon as he heard the existence of this Qingshui River, Qin Chuan's mind came alive, and there was a burst of joy in his heart, but there was no trace of joy on his face. show it, but ask the boss

"Boss, does Qingshui River have any special aquatic products? Can you introduce it?"

"Ha ha!! It turns out that the young hero likes to eat aquatic products. There is indeed a lot of aquatic products in Qingshui River, but it is winter now, and the fishermen are not willing to send them to the town to sell. If the young man wants to eat some fresh aquatic products, he can only go to the Hegang Fishing Market to buy them in person."

"hehe!! These are all trivial matters. Just tell me the specialties there, boss."

"Young hero, if you really want to eat specialties from the water, the mackerel from Qingshui River is very delicious, and the snowflake eel has tender meat, both are delicious."

Qin Chuan listened carefully. When the boss introduced the snowflake eel, his eyes lit up and he said with a smile, "I like to eat eels. I will go to the fish market in Qingshui River for a while. I'll buy a few and ask the boss to help me make a steamed snowflake eel."

"Ha ha!! You're welcome, young hero. These are all trivial matters. The cooking skills in the shop are pretty good, I promise you won't disappoint the young hero."

"That guy thanked me in advance!"

At that moment, Qin Chuan asked the old shopkeeper for the specific route to Qingshuihe Fishing Market, and then took his leave.

Not long after Qin Chuan left, the door to room No. 7 in Tianzi opened.

Feng Xing and Lei Yun left the room. They walked out of the house.

But the two of them looked a little haggard, and they both had dark circles under their eyes.

In the past two days, in order to monitor Qin Chuan's whereabouts and fear of being discovered by Qin Chuan, they were all nervous and careful. Be cautious.

Especially at night, they were worried that Qin Chuan would slip away while they were asleep, so they didn't dare to sleep these two nights.

Although they were all fourth-level warriors, they did not have Qin Chuan's Pure Heart Curse to eliminate it. Tired, and not as bold as Qin Chuan, he would sleep whenever he wanted. After this, the two of them were tortured to a point of haggard..

Chapter 2106

"Brother Feng, that guy has left, probably to Qingshui River. Should we follow him now?"

Feng Xing shook his head and said, "Don't worry. Anyway, the mind-asking technique on him has not been released yet. I can sense his location as long as he is within five miles." We'd better have breakfast first before chasing after him, otherwise we'll be hungry again."

At that moment, the two of them went downstairs, ate some breakfast and followed him.

In order to monitor Qin Chuan, they did not sleep well or eat well.

But they said that after Qin Chuan left the inn, he was on the nearby street. I bought the largest empty wine gourd and put it in the War God's Order space beforehand, then left the town and headed straight for Qingshui River.

After making an appointment for a cup of tea, Fengxing and I also left the town. He followed quietly.

The twenty-mile journey was not far for Qin Chuan. With his foot strength, he arrived in less than half an hour.

Following the path pointed out by the boss, Qin Chuan quickly found the fishing spot. He went to the fish market and saw the Qingshui River.

Later, Qinchuan actually bought a few fresh snowflake eels at the fish market.

Moreover, Qinchuan picked out the strong snowflake eels to buy.

These snowflake eels were all available. The baby's arms are thick, more than a foot long, and there are many white spots on the tawny body, so it is called snow eel.

According to the introduction of local fishermen, this snow eel has strong vitality and is extremely cold-resistant.

Qin Chuan bought a few After eating fresh snowflake eels, he bought a bucket, filled it with water, kept a few snowflake eels in it, and rushed back to Anye Town with the bucket.

The two Fengxing people who were monitoring Qinchuan in the dark saw him I was immediately puzzled by what I had done.

Especially Lei Yun, who immediately started to complain.

"hehe!! This kid really knows how to enjoy it! I traveled so far just to buy water specialties to eat."

"Lei Yun, please be patient. We'd better be patient. By doing this, he at least proved that he has not been tracked by us so far."

"Um! This is true. It's just that what this kid did was too irritating. We followed him in the cold wind, freezing and hungry, but he seemed to be enjoying life all the time."

"Ah! Don't worry, his good days are numbered. When he takes us to the treasure place, he will die!"

"good! This kid has kept me from sleeping well for the past two days. When the time comes, I will definitely let this kid die miserably."

Speaking of this, Lei Yun showed a vicious look on his face

"Brother Lei, let's go! That kid has come a long way."

At that moment, the two followed quietly.

Qin Chuan was carrying a bucket and ran all the way back to the town. Before entering the town

, Qin Chuan saw that the two people behind him had not followed him, and there was no one around him. He put the strongest snowflake eel in the bucket into the large wine gourd prepared in advance in the Ares Order space.

Filled half the gourd with water, closed the lid, and condensed the gas into a needle to open the bottle cap. A small air hole, and then put it into the space of the War God's Order.

He also told the balls in the space to watch the gourd and not move around.

The eel's vitality is very strong, even if it leaves the water, it can survive for several days, so Qin Chuan was not worried that the snowflake eel would die in the gourd.

After doing this, Qin Chuan swaggered back to the inn and handed the bucket of snowflake eel to the boss.

At this time, Qin Chuan returned to the inn before noon..

Qin Chuan asked the boss to make steamed snowflake eel at noon and stir-fried snowflake eel at night so that he could have a taste.

After giving the instructions, Qin Chuan went back to his room to continue practicing.

Not long after, Feng Xing and the other two also rushed back. The people returned to the room and continued to monitor Qin Chuan.

However, what made the two of them very depressed was that at noon and evening that day, they actually saw Qin Chuan enjoying two meals of snowflake eel, which made the two of them feel resentful..

Chapter 2107

After dinner, Qin Chuan continued to practice in the house.

On this day, something surprising happened to Qin Chuan.

That is, after lunch, Qin Chuan was practicing in the house. He hadn't practiced for long when he suddenly felt relaxed, as if something binding in his heart was suddenly broken.

Qin Chuan thought about it briefly and realized that this was the characteristic of the mind-asking technique that automatically dispelled it.

In other words, the mind-asking technique on him was automatically lifted.

However, he did not act rashly because of this. He continued to wait for Feng Xing and Lei Yun's actions in the middle of the night.

He wanted to take this opportunity to get rid of these two people.

In this way, after Qin Chuan had dinner, he went back to his room to practice until midnight.

Most of the people in the entire inn were asleep, but Qin Chuan was still practicing vigorously.

This made the Fengxing duo next door very angry.

"Is this guy still a human? He goes to bed very late every night, and the sleeping time is very short. It feels like he doesn't need to sleep. I doubt that he is not human."

Lei Yun couldn't help complaining.

Today was the third night they monitored Qin Chuan. He wanted to wait for Qin Chuan to go to bed early so he could start, but Qin Chuan refused to sleep. He was already very sleepy.

"yes! This kid is simply a monster. He seems to be always full of energy. I also doubt whether he is human after all."

Feng Xing couldn't help but complain.

But Qin Chuan next door wouldn't sleep.

This time, Qin Chuan continued to practice until late at night. Almost everyone fell asleep, so he stopped practicing, then cleaned up and pretended to go to bed. Fengxing and his two friends next door had been dozing off for a long time, and their stomachs were full of evil fire.

At this time, they heard that Qin Chuan finally went to sleep, and their spirits were suddenly shaken, and their groggy brains were a little clearer.

"hehe!! The damn little bastard is finally sleeping!"

"Um! We wait until he is asleep before doing anything."

At that moment, Feng Xing and the other two people put their ears against the wall and paid close attention to what was happening on Qin Chuan's side.

After about a cup of tea, a slight snore finally came from Qin Chuan's room.

Feng Xing and his two people finally showed joy on their faces.

"Brother Feng, this guy is finally asleep, you should quickly start using the mind-asking technique!"

"Wait a little longer to let him sleep a little deeper"

"good!"

The two waited for a while and felt that Qin Chuan was almost asleep.

Feng Xing began to make seals and use his mind-asking skills.

However, Qin Chuan was lying on the bed pretending to snore, and then he heard the seal coming from next door. As soon as he heard the sound, he immediately took out the big gourd containing the snowflake eel in the War God's Order space and blocked it in front of him.

Not long after, Feng Xing over there completed the seal and looked towards Qin Chuan's snoring face through the wall. He pressed the direction.

Suddenly, a dark force penetrated the wall and attacked Qin Chuan.

With the experience of being hit last time and being prepared this time, Qin Chuan sensed the dark force before it hit.

Immediately block the gourd in the path of the hidden force's attack.

The secret force quietly penetrated the gourd and hit the snowflake eel in the gourd.

The snowflake eel immediately trembled and then became quiet..

On the other side, Lei Yun saw Feng Xing finish using the Mind-Questioning Technique and asked hurriedly:"Feng Xing, how are you?"

Feng Yun smiled and said:"It hit. Now I can sense that the other party is next door, only about ten meters away from us. but..."

"But what?"

Feng Yun hesitated for a while and said:"This time the mind-asking technique sent me a telepathic connection, which seems to be different from the last time."

"Isn't it different? Could it be that the kid was hit by the Mind-Questioning Technique last time when he was awake, and this time he was hit by the Mind-Questioning Skill while he was asleep, so the two experiences are not the same?"

"Um! Probably!"

Feng Xing also nodded slightly..

Chapter 2108

At this time, Lei Yun said again:"Brother Feng, since that kid fell into your trap again, we don't have to worry too much in the future, that kid will slip away. Let's do this, Brother Feng has worked hard this time, you can do it first Get some sleep and let me monitor that kid alone."

"All right! Thank you for your hard work, Brother Lei!"

Actually, Feng Xing is too sleepy.

In the past few days, Qin Chuan has gone to bed late and gotten up early, which tortured him so much that he couldn't sleep well. At this time, he had long wanted to take a long nap.

But after Feng Xing fell asleep, Lei Yun then continued to monitor Qin Chuan alone.

Listening to the snoring coming from next door was like a lullaby.

After an hour, Lei Yun could no longer hold on and dozed off involuntarily. He really He was too sleepy.

After Qin Chuan noticed that Lei Yun started to doze off, he quietly got up, picked up his swords, hugged the gourd, quietly came to the window, then gently opened the window, jumped out of the window and slipped away. After jumping out of the window, Qin Chuan activated his combat body transformation and activated the Blood Shadow Escape Technique, rushing to Qingshui River as quickly as possible. Not long after Qin Chuan escaped, Lei Yun woke up from his doze. After all, he was The instinctive sense of vigilance among fourth-level warriors is very strong.

As soon as Lei Yun woke up, he immediately found that there seemed to be no sound in the next room. He felt a chill in his heart and thought something was wrong. He quickly went to the next door to check, but saw the person next door. The window and door were wide open, and there was no one inside.

This sight made Lei Yun's expression change suddenly. He hurriedly returned to the house and woke up Feng Xing from his sleep.

Feng Xing opened his eyes in confusion, not yet figuring out what was going on. Lei Yun told him that Qin Chuan had escaped.

Hearing this, Feng Xing suddenly woke up and sensed that Qin Chuan was rushing towards Qingshui River at an extraordinary speed.

This direction made Feng Xing's expression change greatly, and he said anxiously:"No! This kid is running away at full speed. He is already four miles away. Let's chase him quickly. If we don't chase him, he will escape from my sensing range!"

At that moment, Feng Xing no longer hesitated, broke out of the window, and chased Qin Chuan in the direction of escape.

Lei Yun also followed closely.

What Feng Xing didn't know was that what he sensed was not Qin Chuan, but Qin Chuan. It was the snowflake eel in the gourd.

However, Qinchuan was at full speed, and it took only two cups of tea to feel the Qingshui River.

Looking at the turbulent river water, the wide river surface, and the light mist on the river surface , Qin Chuan had no intention of admiring it, so he immediately opened the lid of the gourd and released the snowflake eel inside.

The snowflake eel may have been kept in the gourd for too long. As soon as it entered the river, it happily swam downstream along the river..

After doing this, Qin Chuan immediately released the ball in the space, let it transform, and flew him to the opposite side of the Qingshui River, escaping in the opposite direction of the snowflake eel.

According to Qin Chuan's own estimation, his speed was too fast. It was about the same speed as Lei Yun, but not as fast as Feng Xing.

After all, Feng Xing was a wind elephant warrior and was particularly good at speed.

Sure enough, just after Qin Chuan left for a while, a figure rushed towards the riverside, just to catch up. Fengxing came.

As soon as Fengxing reached the riverside, he stopped and looked downstream with doubts. The direction he looked at was exactly the direction in which the snowflake eels were fleeing.

"strangeness! Why did this kid's speed slow down so much after he entered the water? What on earth does he want to do?"

While Feng Xing was thinking on the shore, Lei Yun also arrived..

Chapter 2109

As soon as Lei Yun arrived, he hurriedly asked:"Brother Feng, where is that kid?" Feng Xing gestured with his eyes:"He is in this river, about a thousand meters ahead, and he is diving to the bottom of the river at the moment!"

At these words, Lei Yun's eyes flashed with a stern look:"Did this kid find out that he is being followed by us and want to get rid of us through the waterway?"

Feng Xing shook his head slightly and said:"I thought so too at first, but after thinking about it carefully, I felt Impossible. If this kid really wants to escape through the water, he should leave the water quickly, but why do I feel that he is very slow underwater now?"

"Huh! That kid is not leaving now. He is stopping somewhere under the water. Could it be...? "

Feng Xing's eyes suddenly lit up, and he thought of a possibility

"Brother Feng, what is it? What did Brother Feng think of? Feng

Xing's eyes flashed, and he said in a low voice:"If I'm not mistaken, that kid didn't come to escape tonight, but to open the treasure at the bottom of the river."

Lei Yun said in surprise:"Brother Feng, you said the treasure is hidden at the bottom of the river?"

"good! Don't you think that the boy has no intention of leaving after he comes to Anye Town? That's because the treasure is near Anye Town, right under the river. At this moment, I sensed that he was stopping somewhere at the bottom of the river. I guess he was opening the treasure, right? Hearing this

, Lei Yun became excited and excited:"Brother Feng, what should we do?"

"What can be done? Let's go into the water now, enter the river bottom and kill the boy, and then we can open the treasure ourselves!"

"good! However, in this cold winter month, the heavy snow has not yet melted, and the river is extremely cold!"

"I can't care about that much anymore. In order to get the treasure, what if you and I take a dip in the river this winter?"

At that moment, the two of them did not hesitate and dived into the cold river together.

However, after Qin Chuan put the snowflake eel into the river, the snowflake eel swam down the river and swam nearly a thousand meters before diving into the bottom of the river and drilling into the river.

Feng Xing did not know that he was following a snowflake eel, not Qin Chuan. He relied on his mental skills and the connection between him and the snowflake eel to dive into the river full of mud. At the bottom.

At this moment, he could sense that the other party was under the mud, but he couldn't see Qin Chuan's shadow, which puzzled him. He thought

Qin Chuan was hiding under the mud, so he followed the induction of the mind-asking technique and found Qin Chuan under the snowflakes. At the eel's hiding place, he dug up the mud. After digging for a while, he found no trace of Qin Chuan at all, but he still clearly sensed that the other party was in the mud. In fact, the snowflake eel saw someone digging in the mud. Frightened at the moment, he burrowed underground desperately so that Feng Xing could not catch it.

However, Lei Yun watched Feng Xing digging mud at the bottom of the river. His behavior was very strange and he was immediately confused. He wanted to ask what the other person was doing. But he couldn't talk at the bottom of the river.

At this time, Feng Xing dug for a while, and when he saw that he had no harvest, he made a gesture and asked Lei Yun to surface with him for a breath. As soon as he surfaced, Lei Yun asked: "Brother Feng, what were you doing at the bottom of the river just now? How to dig up the mud?"

Feng Xing said: "Brother Lei, don't you know that that kid is hiding under the river?"

"What? Is he hiding under the river bed? How did he hide in there? Feng

Xing pondered for a while and said, "I guess the treasure is under the river bed. He has already entered the treasure at the bottom of the river." And we are outside the treasure door, so I can only sense that he is under the river bottom"

"That said, we are still a step too late."

"yes! Why!" Fengxing lamented

"So what to do next?"

"That kid can get in, there must be some mechanism. Let's dive down again and see if there is any mechanism nearby. As long as we find the mechanism, we can open the door to the treasure."

"good!"

Then the two of them dived into the bottom of the river again and searched for the trap where the snowflake eel was hiding. However, they searched for a long time and found nothing. They had no choice but to surface and discuss for a while. Still unwilling to give up, they dived down again to search. Organ...

Chapter 2110

This time, of course, it was all in vain.

When the two of them surfaced again, their faces were a little purple from the cold.

In order to make it easier to act underwater, both of them did not use their vitality to protect their bodies and form a protective shield around themselves. Instead, they directly soaked their bodies in the cold river water.

Although both of them are fourth-level warriors, their bodies are not very cold-resistant.

"Brother Feng, I still found nothing! what to do?"

Lei Yun said with trembling lips. He was already freezing enough at this moment.

"snort! Since we can't find the mechanism, we will use force to attack, maybe we can break through the treasure door."

At this moment, Feng Xing also looked annoyed. He clearly felt that the other party was underground, very close to him, but he just couldn't get in, which made him a little crazy.

"good! Brother Feng, I've wanted to do this for a long time"

"Then let's go down!"

At that moment, Feng Xing and the others dived down again and started bombarding the place where the snowflake eel was hiding.

However, when Feng Xing and the others were struggling desperately at the bottom of the river, Qin Chuan had already escaped to Baili on Qiuqiu. Nothing else.

At this time, Qin Chuan thought proudly on the back of Qiuqiu: "I wonder what the expressions of Lei Yun and the others will be like when they find out that they have been deceived? I think it must be wonderful! Ha ha!!!"

On the other side, Feng Xing and Lei Yun were at the bottom of the river, using all their strength to bombard the river bed.

Suddenly, Feng Xing's face changed slightly and signaled Lei Yun to stop.

Although Lei Yun was puzzled, he still stopped. were attacked.

Not long after the two stopped, they saw a snowflake eel that seemed to be injured. It came out from the place where the two attacked, staggering and trying to escape.

This snowflake eel was also considered to be lucky, and it was actually in Under the powerful attack of the two Feng Xing, he was only seriously injured, but did not die on the spot.

But when Feng Xing saw the snowflake eel, his face suddenly became extremely ugly, a mouthful of blood rushed into his heart, and he almost spurted blood out of anger.

Because He clearly sensed that what he sensed with his mental skills was the unknown snowflake eel in front of him, not Qin Chuan. It was not until this moment that he realized that he had been tricked by Qin Chuan.

At that moment, Feng Xing condensed his energy. With his sword, he cut the fleeing snowflake eel in two, and then rushed out of the water angrily.

Lei Yun saw something wrong with Feng Xing's face, so he immediately chased after him.

On the shore, Lei Yun saw Feng Xing's face was ferocious with anger. His face suddenly felt bad, so he stepped forward and asked carefully: "Brother Feng, is there something wrong?"

Feng Xing slowly raised his head, his wet body trembling slightly in the cold wind. He didn't know whether he was angry or cold.

After a while, he turned his eyes red and said hoarsely: "We were cheated. My question What the mind sensed was not that little bastard, but the snowflake eel that I killed just now!"

"What?!"

Hearing this, Lei Yun's tiger body trembled, and his heart suddenly felt blocked, and a feeling of depression was tangled in his heart. He was so angry that his eyes turned black and he almost fainted.

At this time, he suddenly understood everything and angrily Cursed: "Damn it! He was deceived by that little beast"

"I asked why this little beast had nothing to do in the morning and went to the fish market to buy snowflake eels. I really thought he was greedy and wanted to eat some specialties. It turned out that he had already started plotting against us. This little bastard is really scheming! Brother Feng, what should we do now?"

Feng Xing said with great annoyance: "What can we do now?" That kid used that damn snowflake eel to attract our attention. Who knows where he escaped at this time? We don't even know where he is now, and we can't chase him even if we want to."
