

## God level 2201

### Chapter 2201

After Qin Chuan's strength increased greatly, coupled with the strengthening of his calf bones, and after activating the blood shadow escape method, his speed has reached an extremely terrifying level.

Although his speed is not as fast as that of a fifth-level warrior, almost no one below fifth level can match it.

But with a flash of blood, Qin Chuan passed through the ball with his arms in his arms. As soon as they passed through the black hole, the black hole closed instantly.

One person and one animal passed through in an extremely thrilling way.

Before he could rejoice, Qin Chuan hurriedly shouted to Qiuqiu: "Qiuqiu, hurry up!!"

Qiuqiu immediately transformed into a fighting appearance, then closed his eyes to refine the dazzling magnetic aurora he had just swallowed.

Qin Chuan also pressed his palm on its back, inputting the essence energy to help the ball be refined.

This refining took another two days and two nights.

But on the second day, Qin Chuan, who was in the process of infusing the essence energy, suddenly changed his expression and suddenly opened his eyes to look at Qiuqiu in front of him.

Qiuqiu also trembled slightly, and the golden energy around him suddenly rioted, rushing towards Qiuqiu.

Qin Chuan quickly let go of his palm, took a step back, and quickly showed a look of surprise.

"Unexpectedly, Qiuqiu broke through at the last moment!"

It turns out that after Qiuqiu refined and swallowed the dazzling magnetic aurora for the last time, its cultivation finally broke through the final barrier and advanced to the fourth level of perfection. The golden energy from all around was pouring into Qiuqiu's body continuously. Qiuqiu's momentum is also increasing steadily.

This state lasted for more than an hour before it ended.

Qiuqiu's momentum has reached a terrifying level.

"Roar!"

With an excited roar, Qiuqiu opened his eyes in surprise. At this moment, he could feel that his body was full of explosive power.

With the breakthrough in cultivation, some changes had also taken place in Qiuqiu.

The whole body seemed to He has also grown up, the dragon horns on his head have also grown a bit, and the hair on his body seems to be more shiny than before.

Especially the third eye, which opens and closes, is exposed, giving off a frightening aura.

"Well done, Qiuqiu!"

"Roar!"

Qiuqiu also roared with joy, shrunk in size, instantly transformed into his original appearance, and jumped onto Qin Chuan's shoulders.

Seeing Qiuqiu's joyful expression, Qin Chuan couldn't help but think: "With Qiuqiu's current strength, I am no longer its opponent."

Judging from the aura it just exuded, I am afraid that few people below the fifth level can hurt it. It seems that the biggest gain from this treasure hunting trip is Qiuqiu. Not only has its strength been improved to the fourth level of Dzogchen. , also obtained a top-quality spiritual weapon, and harvested tens of millions worth of magnetic blue gold for food."

Thinking of this, Qin Chuan couldn't help but feel a little envious.

However, these thoughts only changed slightly, and Qin Chuan quickly returned to reality.

The most important thing he has to do now is to leave the Golden Temple as soon as possible. He has been hungry for five days.

Although with his strength, he would be fine if he starved for ten days and a half, but he couldn't go on like this.

Only then did Qin Chuan have time to look around.

This is a cave that looks very ordinary, but the golden energy inside the cave is richer than the outside world, even much richer than outside the cave, about thirty times that of the outside world.

The fact that Qiuqiu was able to advance smoothly in the past had something to do with the environment here.

After roughly seeing the situation around him, Qin Chuan said:"Qiuqiu!! Let's find the exit quickly!"

"Gujiguji!!"

Qiuqiu also nodded repeatedly.

At that moment, Qin Chuan took Qiuqiu and walked deeper.

Soon, he discovered that the further he walked into the cave, the richer the golden energy.

Not long after, Qin Chuan saw the front. There was light, and there was a main hall at the end of the cave.

Entering the main hall, Qin Chuan discovered that the entire main hall was made of gold. It was magnificent, and the surrounding walls were carved with gorgeous patterns...

Chapter 2202

"This should be a side hall!"

Qin Chuan looked at the surrounding furnishings and found no treasures, so he walked along a corridor towards the main hall.

After walking for a long time, Qin Chuan arrived at the main hall.

In the center of the main hall was a huge rune array. , next to the formation was a golden statue that was dozens of feet high.

Seeing the giant golden statue, Qin Chuan had a slightly frightened look on his face.

However, he quickly regained his composure.

Only the image of the giant statue could be seen , but it is a demon head with a human body underneath the head, exactly the same as the demon Qin Chuan saw in Tianhuo Lake. At this moment, the statue is making a posture of looking down, looking down at the formation below it.

Look. The Golden Temple and Tianhuo Lake were indeed decorated by the same person, and this person should be the demon. But why did he look like this? He didn't look like a human being.

Although he knew that what he saw in front of him was just a statue, Qin Chuan still felt He still felt a little uneasy.

Because he always had a feeling of being spied on, and this feeling made him uncomfortable.

After gathering some courage, Qin Chuan slowly walked towards the formation ahead.

According to his speculation, the large formation in front is where he left the Golden Temple, and it is likely to be a teleportation talisman formation.

When Qin Chuan approached the formation, he found many footprints beside and in the center of the formation.

This discovery immediately made him happy.

Because since there are many footprints, it means that his guess is correct. This formation is a teleportation talisman formation, and everyone relies on this talisman formation to get out.

"Ha ha!! Qiuqiu, it seems we have found the exit!"

"Gujiguji!!"

Qiuqiu also shouted excitedly.

However, Qin Chuan soon realized a serious problem.

He still knew a little bit about seal techniques, but knew nothing about rune formations. How to activate this formation was a big problem.

Although activating a large array is much simpler than setting up a large array, it is also very difficult for people who know nothing about it.

Thinking of this, Qin Chuan suddenly broke into a cold sweat.

If he could not activate the large array, he would also Don't even think about going out.

In fact, Qin Chuan has thought about learning rune formations before, but this rune formation technique can only be understood by warriors above the fifth level, so he naturally cannot learn it.

But Qin Chuan is in the big The person beside the formation thought for a long time with a frown on his face, and thought to himself: "Although it requires a level five or above to set up the rune formation, any warrior who can activate the formation can do it."

"Because these rune formations are all caused by vitality without exception. Some people say that rune formations and seals have similar principles. I calmed down and thought about it, maybe I can find a way to activate the formation."

Thinking of this, Qin Chuan thought about it seriously.

After a moment, he found that the six corners of the formation had a connected rune.

Qin Chuan's heart moved, and he pressed the rune with one hand and slowly input his vitality.

With this input, the entire formation suddenly lit up slightly.

Seeing this, Qin Chuan was immediately overjoyed. He seemed to have found a way to activate the formation.

But at this moment, Qin Chuan suddenly felt a burst of light from above his head that made his back Feeling a chilling pressure, the ball lying on his shoulder roared in terror in the air.

Qin Chuan was startled and quickly looked up.

When he saw the scene in front of him clearly, his face turned pale with fright and he turned back Backing up continuously.

In front of him, he saw that the head of the giant demon statue, with eyes that were originally carved from gold, came to life at this moment, shooting out two cold eyes, staring coldly at Qin Chuan and Qiuqiu.

See. Qin Chuan showed a look of fear.

There was a trace of pride in his eyes, and then the whole statue's head shook.

The gold seemed to melt, turned into a liquid and solidified, and then the whole head seemed to come alive, and began to Opened his mouth to speak

"quack!! Boy, I have been waiting for you here for a long time. Last time at Skyfire Lake, I deliberately let you go and wanted to slowly burn you to death with Earth Flame Sky Fire. Unexpectedly, not only did you not die, but you also advanced to the fourth level. This really surprised me! However, since you have advanced to the fourth level, you are qualified to be my sacrifice."..

Chapter 2203

Hearing this, Qin Chuan turned pale with fright. He wanted to step back, but found that he could not move at all, not even Qiuqiu.

At this time, the demon head smiled ferociously again and said:"Gah! Boy, you are like an ant in front of me. Don't have any rash thoughts. As long as I have a thought, I can easily destroy you.""

"You should feel honored to be my sacrifice. Not everyone is qualified to be my sacrifice"

"However, having said that, I have been under these three realms for tens of thousands of years, and no one has made me so happy for a long time. However, the game between me and you is over now, and it's time to take you back."

"game? It turns out that all my actions are under your control"

"quack!! Boy, you are not stupid! The fate of everyone who enters the Three Realms is under my control. How could you be an exception?"

"The land of three realms? Does it mean Fire Lotus Cave, Mingyu Palace, Golden Temple? Did you arrange all this?"

"quack!! Yes, of course these three places are all decorated by me!"

"What on earth do you want to do by setting this up?"

"snort! Do I need to tell you? In my eyes, you are nothing more than an ant."

Hearing this, Qin Chuan's eyes showed deep fear. At this moment, he deeply felt that his fate had been being manipulated in the palm of his hand.

"quack!! Boy, do you feel the fear?"

"Are you a human or a demon?"

Qin Chuan asked with difficulty another doubt in his heart.

"quack!! Do I need to answer you? Let me tell you the truth! Originally, one hundred and eight sacrifices had been collected. Seeing that you two were still alive, I deliberately killed those two sacrifices and waited for you to deliver them to my door to make up the number. Fortunately, you did not disappoint me."

Speaking of this, the devil seemed to have remembered something happy, and said with a proud smile:"Quack!! I can't wait now, I want to taste your blood now!"

As soon as these words came out, Qin Chuan suddenly felt something bad.

However, before he could make any move, the demon opened his mouth wide and suddenly swallowed Qin Chuan and Qiu Qiu.

Qin Chuan and Qiu Qiu did not resist at all. With such power, the demon immediately swallowed him alive.

However, Qin Chuan and Qiuqiu were swallowed alive by the demon. Qin Chuan suddenly felt as if he had fallen into an endless black hole.

He was so frightened that he shouted loudly.

Not long after , with a loud bang, Qin Chuan felt his body hit something hard.

At this time, he realized that he had fallen on a rune array platform with a diameter of five or six meters.

Before he could react, His whole body was bound by a blue lightning bolt, and the powerful lightning force immediately paralyzed him and made him unable to move.

His body was suspended involuntarily.

And the rune formation platform he was on was also flashing runes. , officially started operation, a circle of light curtain lit up at the edge of the array.

At the same time, Qin Chuan saw through the light curtain that Qiuqiu was on another rune array of the same size next to him, but Qiuqiu It has become a fighting state, but the situation is exactly the same as himself, trapped in the rune array.

At this time, Qin Chuan also discovered that there was an endless void around him.

The rune array trapping himself and Qiuqiu were all Suspended in the void.

In addition, there are many rune arrays floating around densely.

Qin Chuan roughly estimated that there are at least a hundred rune arrays, and each rune array is trapped. One person.

Moreover, these rune formations surround a huge altar in the middle, arranged in a formation.

On the huge altar, there is a pillar stained red with blood..

Chapter 2204

On top of the pillar, an old man with snow-white hair was bound by lightning and electric locks.

The old man had four steel knives inserted into his shoulders and legs, and blood was flowing continuously. He looked very miserable. At this moment, he closed his eyes tightly and lowered his head, not knowing whether he was dead or alive.

At this time, Qin Chuan was surprised to see that on the floating altar not far away from him, there was a person he was familiar with. It was Feng Xing, but at this moment, Feng Xing was in a coma.

"As expected, Feng Xing was not dead, he was also transported here as a sacrifice."

Then, Qin Chuan saw Lei Yun, the little prince, Zhang Chi and others.

These people were all in a coma.

Seeing these clearly, Qin Chuan was horrified in his heart. He knew that they were all used as sacrifices by the devil and could be killed at any time. He's going to be killed by a blood sacrifice!

Where is this place? Why does this demon want to capture so many people as sacrifices? What on earth is he going to do?

Hey! I don't want to think about it anymore. It seems that I won't live much longer. With that demon's It is impossible for him to escape due to his great magical power.

Thinking of this, Qin Chuan felt an inexplicable sadness and extreme regret in his heart. What he regretted was not that he would die here, but that he had not been able to help His family took back the Blue Dragon Pearl, and he was about to die like this. He was ashamed of his family's expectations of him. What also made him feel guilty was Qiuqiu.

Qiuqiu had followed him since he was born, and now he had to be sacrificed to blood with him and die together. Here.

If it weren't for his desire to come here to hunt for treasures, Qiuqiu would not have followed him in.

As an eighth-level ferocious beast, Qiuqiu's future was bright, but now it is about to die.

Thinking of Qiuqiu, Qin Chuan Feeling inexplicably sour in my heart, I turned my head to the side and called out:"Qiuqiu!! How are you doing?"

At this moment, Qiuqiu was being shocked by the lightning lock and closed his eyes in pain. Hearing Qin Chuan's cry, he quickly opened his eyes and let out a low roar.

However, Qin Chuan's cry immediately caused a stir in the central altar. The tied old man moved strangely.

Hearing Qin Chuan's call, the old man moved slightly at first, and then slowly raised his head and looked at Qin Chuan. He happened to see Qin Chuan with his eyes wide open and a look on his face. looked at him in surprise

"Unexpectedly, there is still a sober person! Oh, there is another ferocious beast that is also awake. Did you just come in? Haha, finally I have someone to talk to."

The old man's voice was hoarse, but there was a hint of joy in his eyes.

Seeing that the old man actually spoke, Qin Chuan was horrified. When he saw the old man's miserable appearance, he thought he had been dead for a long time, but he didn't expect that he was still alive..

After being stunned for a long time, Qin Chuan came to his senses and asked carefully:"Senior, who are you?"

"Ha ha!! Just like you, I was kidnapped by the demon as a sacrifice. However, I am a little different from you. You are all one-time sacrifices. A batch is replaced every three years. Each batch of sacrifices will be gone after one life."

"But here I am, being used as the introduction to the blood sacrifice formation, and have been tortured for more than a hundred years. Hearing this

, Qin Chuan was shocked and asked with some confusion:"Senior, you have been tortured for more than a hundred years. How did you survive?" There doesn't seem to be much food here"

"Ha ha!! I am an eighth-level warrior who has already reached the realm of fasting. Even if I don't eat or drink, I will be fine for hundreds of years. Hearing this

, Qin Chuan was shocked: "So the senior is actually an eighth-level warrior?" How did the senior get caught by the devil? "..

Chapter 2205

"Why! This is because I am too curious. More than a hundred years ago, I heard that there were treasures in the Fire Lotus Cave. Although the treasures produced there were not worth mentioning to eighth-level warriors like us."

"But I am curious and want to know how the Fire Lotus Cave was formed, but I don't want to be caught by a terrifying existence as soon as I step in there. In the end, he will be used as the core of the blood sacrifice array and tortured here alive. More than a hundred years. My blood was almost drained by him. It can be said that life would be worse than death!"

The old man's tone was full of incomparable resentment, almost gritting his teeth.

At this time, Qin Chuan also remembered something.

This thing was that before he entered the Fire Lotus Cave, he had heard that there was an eighth-level warrior entered the Fire Lotus Cave to search for treasures, but in the end he disappeared inexplicably and never came out again. The eighth-level warrior that everyone said was the old man in front of him.

Thinking of this, Qin Chuan couldn't help but feel a pity for the old man in front of him. He didn't expect that A majestic eighth-level warrior unexpectedly met such an end

"Senior, I wonder if you can tell me the name of the junior?"

"Ha ha!! My child, I am going to die after all, so what's the use of asking my name? Besides, you are going to die soon, why are you asking so many questions? It's better to have a good chat with me before you die. No one has chatted with me for a long time. Those people always fall into a coma every time they are brought here. It is rare for someone to be sober like you!

There was a hint of sadness in the old man's tone.

Qin Chuan smiled bitterly and said, "Senior, where exactly is this place?"

"This is the space created by the devil. It is under the Fire Lotus Cave, Mingyu Palace, and Golden Temple. It can be said to be the fourth level of the three secret realms."

"I see, then why did the devil capture so many of us for blood sacrifice? What on earth does he want to do?"

"He wants to use our blood and your souls to restore Himself"

"Restore yourself?"

Qin Chuan was surprised, and suddenly he thought of another question.

"By the way, senior, I've been here for so long, why haven't I seen that demon?"

The old man smiled miserably: "He is right there, always behind you!"

Hearing this, Qin Chuan was so frightened that he quickly looked back, but did not see any demon behind him. However, when he looked into the distance behind him, a look of extreme horror suddenly appeared on his face. In the void not far away.

A huge sword with a length of more than 10,000 meters is suspended in the void.

But the huge sword is shining with the light of thunder and lightning, but there are three or four large gaps on the blade, obviously there is some damage.

This is extremely huge Three kilometer-sized spiritual objects are suspended in the sky above the sword.

These three spiritual objects are the dazzling magnetic aurora, the earthly flames and the sky fire, and the thick earthy dust.

The thick earthy dust is the natal spiritual dust of the earth warrior. The same level as Earth Flame and Sky Fire.

At this moment, these three groups of spiritual objects are arranged in a three-talent formation. Their energy blends with each other, forming a huge blue-purple thunder and lightning ball between the three.

And the thunder and lightning power of the thunder and lightning ball , is being absorbed crazily by the huge sword.

It seems that those thunder and lightning are the great tonic of the sword.

Qin Chuan naturally understands that the power of thunder elephant is the fusion and mutation of the three elements of fire, gold and earth.

Therefore, it was not surprising that he saw the dazzling magnetic aurora, the earth's fire, the sky's fire, and the thick earth's bright dust combined to form a ball of thunder and lightning. What he felt was horrified and strange was that, under the huge sword, there was a figure sitting suspended in the air. A giant nearly a kilometer tall.

The man was covered in lightning. His body looked like a human being, but he had two horns on his head, fangs sticking out of his mouth, and a lightning mark on his forehead.

In addition to the mark on his forehead, this image was similar to Qin Chuan's. The demon I saw before is exactly the same.

Obviously, that is the demon's true form..

Chapter 2206

But at this moment, the demon's body was meditating with his eyes closed, sealing seals with both hands, and desperately suppressing and refining an enemy below.

When Qin Chuan saw clearly the enemy below the demon, he was shocked again.

The enemy underneath the demon was a peerless beauty as beautiful as a flower.

At this moment, the peerless beauty also transformed into a thousand-foot-high body, sitting on a golden bead that was ten thousand meters in diameter.

It's just that the surface of the golden bead is rugged and it's obviously been severely damaged.

On the periphery of the golden bead, there is a silver blade shaped like a crescent moon, which is rotating at high speed around the golden bead and the beauty.

The silver blade was also very huge, several thousand meters in size, and there were several gaps on the blade.

Qin Chuan also discovered that there was a sun and moon mark on the smooth forehead of that peerless beauty.

But at this moment, the power of thunder and lightning emitted by the devil's body enveloped the peerless beauty and the golden pearl and silver moon blade, and seemed to have completely suppressed the peerless beauty.

And around the peerless beauty, a gold and silver halo formed, seemingly desperately resisting the erosion of thunder and lightning.

Seeing such a scene, Qin Chuan was completely stunned. He knew that the battle in front of him was definitely not something he could participate in.

After a while, Qin Chuan came to his senses and hurriedly asked the old man: "Senior, what is going on?"

The senior smiled bitterly and said: "Boy, do you know what you saw? You saw It's two artifacts fighting! Ordinary people can't see one artifact in their lifetime, but now you see two artifacts at once, you will have no regrets even if you die."

"Artifact fighting? Senior, I still don't understand something"

"All right! Let me tell you this! In fact, it was not some demon that captured us, but the weapon spirit of that sword."

"The weapon spirit of the sword?"

Qin Chuan still had doubts in his eyes.

"Yes, it's the weapon spirit. You should have heard the saying 'artifacts have spirits'. Every artifact has its own spirit. The devil you see, the guy with the electric light all over his body, is the weapon spirit of that sword. And that sword is the weapon of the ancient thunder god, the Thunder God's Blade.'"

"As for the peerless beauty below, she is also the spirit of the artifact. She is the spirit of the artifact 'Sun, Moon and Heavenly Wheel'. This sun, moon and celestial wheel is the weapon of the ancient god of war. In ancient times, the God of Wind and the God of Thunder joined forces to fight to the death with the God of War. As a result, they both disappeared, and their artifacts were all left in the world."

"In front of us is the continuation of the battle between the weapons of the God of Thunder and the weapons of the God of War. In that ancient war, both of these artifacts suffered losses, but the 'Sun and Moon Celestial Wheel' suffered more serious damage in the battle, so it is now at a disadvantage."

After hearing these words, Qin Chuan was extremely shocked, and then he understood everything.

It turned out that the layout of all this came from the hands of the spirit of an artifact.

And the spirit of this artifact was the Thunder God's Blade. weapon spirit.

At this time, Qin Chuan thought of a question

"Senior, the weapon spirit of the Thunder God's Blade arranged three secret places such as the Fire Lotus Cave in order to cultivate the three spiritual objects of Earth Flame, Sky Fire, Magnetic Aurora, and Thick Earth Dust, so that they can be transformed into the power of thunder and lightning. Absorb and refine to repair itself. But why did he capture us as sacrifices?"

Hearing this, the old man smiled bitterly:"Boy, what the Thunder God's Blade needs to repair is not the weapon itself, but also the weapon spirit. As long as the weapon spirit is restored, the weapon will be repaired not far away."

"The weapon spirit of the Thunder God's Blade, the main killer in ancient times, is a bloodthirsty spirit. If it wants to repair itself, it not only needs a lot of thunder and lightning power, but also human blood and souls as sacrifices, so it needs lots of sacrifices"

"I see, I didn't expect that I would die in the hands of the spirit of an artifact in the end."

Chapter 2207

Just when Qin Chuan was sighing in his heart, in the void not far away, the weapon spirit of the Thunder God Blade suddenly opened his eyes, looked at the sun, moon and heavenly wheel below and sneered.

"Ha ha!! Ming Ling'er, how long are you going to resist? I advise you to let go of your defenses, let me engulf you, let you become a part of me, and help me fully recover!"

It turns out that the weapon spirit of the Sun, Moon and Heavenly Wheel is named Ming Ling'er.

Ming Ling'er snorted.

"snort! Thunder Fang! Don't even think about it!"

"Ha ha!! Ming Linger, how long do you want to fight to the death? This seat has laid out the land of three realms, with a steady supply of thunder and lightning power, and can obtain the power of blood sacrifice every three years."

"It has gradually suppressed you completely, and it will only be a matter of time before it swallows you up. I still advise you to give up your resistance! Just dedicate your weapon soul power to help me recover! Maybe, after devouring the power of your weapon soul, my strength will rise to another level. quack!!!"

After hearing these words, Qin Chuan finally understood that it turned out that the ultimate purpose of the Thunder Fang, the weapon spirit of the Thunder God Blade, was to swallow up the power of Ming Ling'er's weapon soul in order to restore itself to its full glory. , or even for the purpose of improving one's own strength.

At this time, Ming Ling'er's voice came from the front again

"snort! Lei Ya, why are you so arrogant? If you hadn't joined forces with Feng Mo, do you think you could have dealt with this girl?"

"Ha ha!! A good man is not brave enough! Now that you have been suppressed by me, it is you who will die in the end! Okay, I know you are stubborn, and I don't want to talk nonsense with you. I will slowly refine you after I enjoy another blood sacrifice."

After saying that, Lei Ya made several seals in front of the blood sacrifice formation on Qinchuan's side and gave a low drink.

"Coagulation!"

The entire blood sacrifice array suddenly started to move.

All the floating altars were filled with blood, and the sounds of painful screams came one after another. All the unconscious people were awakened by the severe pain.

Qin Chuan also felt a This external force came to the body, causing the blood in his body to boil inexplicably, as if it were boiling water. Countless blood beads drilled out of the body surface, turned into a ball of blood mist, and condensed on Qin Chuan's head.

This blood-coagulated The pain was unbearable, and many people screamed in pain.

Seeing this scene, the eighth-level old man at the heart altar sighed, closed his eyes, and sighed:"These people They are all going to die again!"

However, Qin Chuan endured the pain, gritted his teeth, and desperately used the power of vitality in his body, trying to suppress the strange force that came to him.

Not only him, almost all warriors are doing this

"Why! The blood sacrifice formation has finally started. Now it's blood coagulation. The next step is to extract the soul. Am I really going to die here?"

Qin Chuan couldn't help but lamented in his heart.

But at this moment, the entire formation suddenly stopped, and even the lightning and electric locks on his body disappeared automatically, and everyone regained their freedom in an instant.

Many people fell down weakly. On the floating formation platform,

Qin Chuan also fell down.

Faced with such a drastic change, everyone looked at each other and felt a little incredible.

The old man on the central altar felt even more incredible and opened his mouth.

"How is this going? Why did the formation suddenly stop?"

Qin Chuan felt a little hard to understand, but at this moment, the ball on the table next to him flew to Qin Chuan.

At the same time, Qin Chuan saw Lei Ya not far away looking here in surprise, and then whisper to himself

"Unexpected! Unexpected! This time I finally met a thunder elephant warrior. After so many years, I have only caught a Thunder Elephant warrior today. It's been a long wait!"

After saying that, he grabbed the crowd, and a figure immediately flew towards him.

The person flying was actually Lei Yun.

Once he saw Lei Yun's cultivation, Lei Ya immediately frowned and shook his head.

"too weak! too weak! It's so weak!"

Hearing this, Lei Yun was so frightened that his legs weakened and he kowtowed to Lei Ya repeatedly...

## Chapter 2208

Lei Ya was furious: "You worthless thing, why are you kneeling to me? Why don't you stand up quickly!"

Hearing this, Lei Yun was shocked and at a loss. He didn't know whether to kneel or stand. He stood there for a while..

Lei Ya snorted coldly, used an external force to lift Lei Yun up, and then stared at Lei Yun coldly for a long time before sighing.

"Why! never mind! I have waited for so many years to meet a thunder elephant warrior. If I kill you, I don't know how long I will have to wait. It seems that there are too few Thunder Elephant warriors outside nowadays, so I won't be picky and picky, so I will reluctantly accept you!"

These words made Lei Yun confused, and he was even more frightened and uneasy.

At this time, the weapon spirit Lei Ya said to Lei Yun coldly: "What is your name?"

"Junior Lei Yun has met his senior! Please don't kill me, senior!"

After saying that, Lei Yun's legs went weak and he wanted to kneel down, but was held up by an external force and unable to kneel down.

"Thundercloud, right? You worthless thing, I won't care about you now! I will tell you something now. I am the spirit of the artifact. The previous owner is dead. I now want to recognize you as my master. Are you willing?"

"ah? What?!"

Lei Yun's mouth opened in surprise, and he couldn't react for a moment.

"snort! I ask you whether you are willing or not?"

As soon as these words came out, Lei Yun immediately woke up, his face suddenly showed a look of ecstasy, his head nodded like a chicken pecking at rice, and he said repeatedly

"willing! willing! Of course the junior is willing!"

"good! I believe you are the Lord. The first thing you have to do is to help me refine the little girl below and help me recover!"

"Senior, of course there is no problem with this!"

"good! Donate your blood!"

When Lei Yun heard this, he immediately cut his finger and popped out a drop of blood essence.

Lei Ya immediately opened his mouth and sucked the essence blood into his body. Then the thunder and lightning mark on his forehead shone brightly, and his body shape kept shrinking, and finally turned into a A ray of thunder and lightning poured into Leiyun's body crazily.

Thunderyun's entire body suddenly exploded with lightning, and his momentum increased sharply. Behind him, the phantom of Leiya emerged.

The voice of Leiya came from the void again.

"Lei Yun, your strength is too weak, give up your will quickly, don't have any resistance, let me command the battle!"

Hearing this, Lei Yun immediately let go of his will and allowed himself to be controlled by Lei Ya.

The momentum of his whole body was also increasing, and his body was slowly growing in size. In an instant, he became a giant more than three feet tall, and his momentum also increased. It has reached an extremely terrifying state, stronger than the eighth-level warrior, and even reached the ninth level.

Of course, this is not the power of Leiyun itself, but the power of Leiya.

"This...this is the artifact's owner! No, Ming Linger is going to be in trouble!"

The old man on the altar showed a horrified look.

"Senior, why did you say that Ling'er was going to be unlucky? Qin

Chuan quickly asked in confusion.

The old man said:"Because the artifact can only exert its full combat power after the owner is recognized, and only 70% of the power can be exerted by relying on the spirit of the artifact." This Thunder Ya just wanted to use all its power to swallow Ming Ling'er with the help of its master."

Hearing this, Qin Chuan suddenly realized.

At the same time, he also saw Ming Ling'er in the distance, with a look of horror on her beautiful face. He knew that what the old man said was true.

At this time , the thunder cloud in the sky recognized its master, and its body turned ten feet high. The 10,000-meter-long Thunder God's Blade also quickly shrank, becoming seven or eight feet in size and fell into his hands.

"Ha ha!! What a powerful force! I actually have a magic weapon!"

Lei Yun swept around proudly, seeing everyone's horrified expressions, and finally landed on Qin Chuan, Feng Xing, and Zhang Chi.

"Cousin, Brother Feng! I'll ask Lei Ya to let you out in a moment! That little bastard, when I help Lei Ya devour the weapon spirit below, I, Lei Yun, will cut you into pieces! snort! You dare to go against me, Lei Yun, you really don't know how to live or die!"

Lei Yun's last words were naturally addressed to Qin Chuan...

Chapter 2209

Hearing this, Qin Chuan felt chilled. Now that Lei Yun has a magical weapon, he is definitely no match for him.

"Hey! It seems that I am going to die in the hands of Lei Yun this time!"

At this time, the sound of Thunder Ya came from the air

"Lei Yun, stop talking nonsense, give me all the control of your body, and let me direct the battle!"

Lei Yun was startled and immediately closed his eyes.

After a moment, he opened his eyes again. Electric light flashed between his eyes, and his expression was ferocious. The shadow of the Thunder Fang behind him suddenly lit up.

His whole temperament changed drastically.

Obviously, Lei Yun has given all the command of the body to Lei Ya.

At this moment, Lei Yun was seen holding the Thunder God's Blade in his hand, laughing, but the sound he made was actually Lei Ya's voice

"Ha ha!! Ming Ling'er, I wonder how long you can hold on? Break it for me!"

After saying that, Lei Ya held the sword in his hand and slashed down into the air.

The sword immediately transformed into a kilometer-long light sword, which caught the electric light and struck the gold and silver light shield condensed by Ming Ling'er.

"boom!"

With a loud noise, the two collided, immediately creating a huge energy storm that rippled around. The huge energy immediately tore the surrounding void apart, revealing terrifying space gaps in the void.

The energy storm spread to all directions. , and soon, the aftermath spread to the rune formations not far away, blowing like the wind.

The warriors on the formations suddenly screamed repeatedly, and many weak ones were torn to pieces by the aftermath of the energy storm on the spot. Turned into a handful of blood mist.

However, when Qin Chuan saw the aftermath of the energy storm coming, he immediately held up the four-phase Hunyuan Shield.

Qiuqiu also cleverly put on the Ruyi armor.

However, as soon as the aftermath of the storm arrived, Qin Chuan's four-phase Hunyuan Shield was like paper, easily torn into pieces. He was also cut all over by the violent force of the storm, and turned into a bloody man in the blink of an eye.

And Qiuqiu was not much better.

Although Qiuqiu was protected by Ruyi's battle armor, so he didn't suffer much damage on his body, but his wings without the protection of the armor were already covered in blood.

However, Qin Chuan and Qiuqiu still felt a little lucky.

Because of the energy storm just now, the remaining power affected more than a hundred warriors around Qinchuan, and most of them died miserably. Only a dozen people survived. These ten people were all very powerful, and most of them were fifth-level warriors.

Of course, Feng Xing also barely survived.

Seeing such a result, everyone was extremely horrified.

This was just the aftermath of the first collision between the two artifacts, and everyone was far away, but the aftermath of the collision between the two would still be. Most of the warriors were instantly killed. If they faced each other head-on, they would definitely be dead.

In fact, let alone face-to-face, as long as everyone got closer to the center of the battle, they would all be killed to pieces by the energy storm.

But he said, On the battlefield in the distance.

Lei Ya's Thunder God's Blade struck Ming Ling'er's light shield, and the light shield shattered.

Ming Ling'er's delicate body shook violently, and she immediately spurted out a mouthful of golden blood, and her face turned pale.

The whole person groaned, and even the golden beads under the seat plummeted downward into the void.

"Ha ha!! Ming Ling'er, you are far from my opponent now, why don't you just surrender?"

Lei Ya laughed loudly when he saw that the move was successful, and struck with another knife.

Ming Ling'er below saw another knife strike, and was so frightened that her face turned pale. She pointed forward with her jade finger, and the moon-shaped silver that surrounded her The blade immediately turned into a huge moon-shaped light knife and rushed forward.

When Qin Chuan saw this in the distance, his face changed with fright, because he knew that the collision between the moon-shaped light knife and the Thunder God's Blade would definitely produce another energy storm.

"not good! If I suffer the aftermath of another energy storm, I'm afraid I won't survive! By the way, ball! It's okay if I die, I can't let Qiuqiu die too! Qin

Chuan looked at Qiuqiu, whose wings were stained red with blood. He looked very miserable. With a thought, he put Qiuqiu into the space of the God of War Order.

Because the space of the God of War Order can help Qiuqiu avoid energy. The damage from the aftermath of the storm.

But the moment Qin Chuan opened the War God Token space, he was surprised to find that the two blood beads that had been placed in the War God Token space were beating crazily, as if they were attracted by something outside.

At the same time, Ming Ling'er in the distance seemed to sense something. A pair of bright eyes immediately looked towards Qin Chuan, with a look of surprise in his eyes.

"Huh! It's the Seven-Star Blood Soul Bead! I sensed the existence of the Seven-Star Blood Soul Bead! It seems to be on that boy!".
