

God level 2261

Chapter 2261

Some people parked in the eleven times area, some parked in the twelve times area, and some even parked in the thirteen times area.

In the end, only a new blood guard who was nearly thirty years old was left and walked forward side by side with Qin Chuan.

Huo Qing chose to stop in the twelve times area. In fact, he didn't want to attract attention. With his strength, he could continue to move forward.

But Qin Chuan still moved forward as before.

The Blood Guard who walked alongside Qin Chuan became more and more depressed and confused as he walked.

At this moment, he was almost at the limit of what he could support, but when he looked at Qin Chuan beside him, he looked calm, and he was so angry that he couldn't help but feel angry.

I feel even more resentful in my heart

"No way? Isn't this kid a third-level warrior? Why is he so violent? I can hardly hold it in any longer, yet he seems to be fine. It's really unbelievable! Judging from his age, he might be half as old as me, but now he wants to compare with me. snort! I'm so unwilling!"

"I'm going to challenge you today to see how far you can go. I don't believe it. Your third-level cultivation can reach an area fourteen times higher?"

Thinking of this, the guard felt cruel, and he actually got into a fight with Qin Chuan. He gritted his teeth and followed Qin Chuan forward.

But he didn't expect that Qin Chuan walked into the fourteenth hall easily. times area.

However, the Blood Guard's limbs were trembling, and his gums were bleeding from biting his teeth. Now the pressure of this huge burst has reached his limit.

"No way? Is this guy a monster? Fourteen times the area is still fine! He's still going forward! Damn it, I will fight with you and accompany you into an area that is fifteen times larger."

Thinking of this, a hint of madness appeared in the blood guard's eyes.

When Qin Chuan walked into the fifteenth area, the blood guard's face changed drastically as soon as he stepped into that area. He could no longer hold on, and immediately opened the fire shield to resist. The pressure of the formation.

But at this moment, Zhou Dingtian sneered from behind:"Humph! You have activated the Fire Elemental Shield, how can you still practice in this great formation."

Hearing this, the Blood Guard was startled and quickly put away the Fire Element Shield.

However, as soon as the Fire Element Shield was put away, the pressure of the formation suddenly hit.

The Blood Guard could not hold on any longer, and wow A large mouthful of blood spurted out on the ground, and his face became gray and ugly.

Zhou Dingtian behind him still sneered:"Humph! Everything must be done within your ability. If you act recklessly, you are asking for trouble!"

At that moment, the blood guard retreated to the thirteenth area with an embarrassed expression and began to heal his wounds and practice.

However, Qin Chuan saw this scene and heard Zhou Dingtian's words.

He was shocked and said to himself:"I didn't expect that Zhou Dingtian has been following me all this time. Behind me, I almost ignored him. It seemed that I couldn't be too exaggerated."

Thinking of this, when Qin Chuan walked into the sixteenth area, he pretended that he could no longer hold on, stopped and started practicing.

But deep in the thick fog, Zhou Dingtian sensed that Qin Chuan had finally stopped and nodded with satisfaction. I even sighed in my heart:

"This boy is worthy of being a warrior of the three series! He was able to walk into sixteen times the area. This kind of strength has completely reached the peak of the third level. He is indeed a rare genius!"

Not long after, the Seventh Young Master Zhou also stopped in an area nineteen times larger.

At that moment, everyone's strength was judged. The Seventh Young Master Zhou went the farthest, followed by Qin Chuan, and the Thirteenth Young Master was the worst.

However, in this thick fog, no one can see each other...

Chapter 2262

Zhou Dingtian also relied on his own induction to lock everyone's position.

After a while, he clicked with satisfaction. The result was not much different from what he had imagined.

At this time, Zhou Dingtian said loudly: "You guys are practicing well here, and I will not disturb you anymore. I will come back in ten days to remind you to get out! However, you must remember that you are not allowed to go out without my order."! Violators will be shot without mercy! This commander will guard outside the formation!"

Zhou Dingtian did this because he was afraid that someone would sneak out of the formation, check the surrounding environment, and learn some secrets.

After saying that, Zhou Dingtian walked out of the formation without hesitation.

For a sixth-level warrior like him, no matter how high the concentration of vitality is, it will not be of much help to his cultivation. The improvement of a sixth-level warrior's cultivation is no longer

dependent on the accumulation of vitality. Naturally, he does not want to continue to stay in the big formation. middle.

An hour after Zhou Dingtian walked out of the formation, Qin Chuan felt that Zhou Dingtian would not come back, so he quietly distanced himself from others, then bypassed Zhou Qishao and moved deeper into the center of the formation.

He was not worried that Zhou Dingtian would go back on his word. In such a large formation full of thick fog, it would be difficult to find others if one's position was not locked in advance.

When Zhou Dingtian returned, it was normal that Qin Chuan could not be found.

Of course, Zhou Dingtian is not worried about Qin Chuan running around in the formation. After all, Qin Chuan's blood seal order is only valid for ten days.

But he said that Qin Chuan's true strength was stronger than that of a fourth-level Dzogchen warrior. After bypassing Young Master Zhou Qi, he walked towards the center of the formation.

Finally, Qinchuan stopped after entering an area that was forty times larger.

"What a rich fire energy! The vitality here is forty times that of the outside world!"

Thinking of this, Qin Chuan couldn't help but show excitement on his face.

In such a rich environment, practicing for ten days is comparable to practicing in the outside world for more than three months!

By the way, there are also ten drops of spiritual fire jade dew, He takes one drop a day and practices while refining, and the progress of his practice can be accelerated a lot.

It is estimated that these ten days of practice are almost equivalent to half a year of practice in the outside world! He must seize such a good thing and not miss it!"

In fact, Qin Chuan also thought of another question.

If in the outside world, according to the normal progress of cultivation, he might have to practice for about ten years before he can cultivate the fire energy to the peak of the fourth level.

If he cultivated in such an environment, it would only take him two years at most to reach the peak of the fourth level.

However, such an idea is impossible to realize.

Forget it, he doesn't think about it so much anymore, he should seize the time to practice!

At the moment, Qin Chuan opened the jade bottle and prepared to take a drop of Spirit Fire Jade Dew to start practicing.

But at this moment, his ears twitched, the expression on his face condensed, and he listened carefully.

It turned out that he heard the conversation between two people coming from the depths of the forty to fifty times area.

Judging from the size of the sound, the two people were at least five or six kilometers away from Qin Chuan.

At such a distance, even with Qin Chuan's hearing, he couldn't hear clearly.

What are these two talking about? However, these two people were in an area that was forty to fifty times larger, and they must both be fifth-level warriors.

Since he is a fifth-level warrior, he is a descendant of the Zhou family and cannot be from the Blood Guard."

Because the Zhou family has a strange rule. As long as the blood guard's cultivation level reaches the fifth level, he must leave the forbidden area. Even if he does not complete his six-year term of office, he must leave. The

Zhou family claims to the outside world that this is for the sake of the forbidden area. The safety and stability within the forbidden area are very doubtful, but Qin Chuan is very doubtful.

Because the ancestors of the Zhou family are guarding this forbidden area, why are they afraid of fifth-level warriors causing trouble?

The Zhou family must have other reasons for doing this..

Chapter 2263

Just when Qin Chuan was thinking wildly, he heard the faint conversation between the two people in front of him.

"Dingjiang, how many years do you think this spirit-transforming Yuan-gathering Formation can continue to function?"

"This is hard to say! I went to the center of the formation yesterday to take a look. The old guy looked very bad, as if he was about to die. Once he dies, this formation will no longer be able to function."

"Why! If he dies, this grand formation will not be activated, and your and my cultivation will be much slower!"

"yes! In fact, you don't have to worry. We are not the only ones who are anxious now. The Nan family, the Yan family, and the Lu family are all here."

"hehe!! Hundreds of years ago, our four major families deliberately arranged this conspiracy and told the outside world that the Green Dragon Pearl was hidden in the forbidden area of our Zhou family. So far, I have only attracted this old guy to be fooled."

"yes! I wonder if there are any other Qing family members who will be fooled and come to snatch the dragon balls?"

"It's hard to say! Maybe all the Qing family members are dead! I'm afraid no one will be fooled!"

After saying that, the man sighed.

When Qin Chuan, who was deep in the thick fog, heard this, his ears roared, his whole body was violent, and he was extremely shocked in his heart.

"Oh my God! It turned out that the rumor that the Blue Dragon Pearl was hidden in the forbidden area of the Zhou family turned out to be a conspiracy, a conspiracy arranged by the four major families together!"

At this moment, Qin Chuan's heart sank, and he felt a cold feeling in his hands and feet.

If he hadn't been strong enough to come to this forty times the energy area.

If he hadn't had the power of hearing, and his hearing was far beyond that of ordinary people, He barely heard the previous conversation.

He still doesn't know that hiding the Qinglongzhu in the Zhou family's forbidden area was actually a conspiracy.

Fortunately, he overheard this secret. Otherwise, their Qing family would definitely be attacked. He had to tell his clan members about the disaster as soon as possible and tell them not to act rashly. Otherwise, they would face not an attack from the Zhou family, but a joint ambush from the four major families?

Moreover, since the matter about the Blue Dragon Pearl It's a conspiracy. It's hard to say whether there is a Green Dragon Pearl in the Zhou Family's forbidden area. Maybe there is no Blue Dragon Pearl in the Zhou Family's forbidden area.

If that's the case, even if the Qing Family joins forces with Feng, Teng and He's three families to forcibly break through the Zhou Family's forbidden area, it will be in vain. Kung Fu might even cause the four of them to be annihilated!

Thinking of this, Qin Chuan's palms broke into cold sweat.

But what did the four major families want to do with this conspiracy? Could it be that they wanted to lure the remaining young people in this world? Are the children of the Qing family deceived? Want to completely wipe out all the children of the Qing family?

After thinking for a moment, Qin Chuan vaguely felt that it was not that simple.

These four major families should know very well that the Qing family without the Blue Dragon Pearl would not be able to cultivate an eighth-level warrior..

The Qing family without eighth-level warriors, even if there are still descendants left in this world, cannot threaten the four major families.

Besides, the ancestor of the Nanyan Lu Zhou family was a traitor to the Feng family back then, and the one they feared most should be Feng. The right thing is to take revenge on the Qing family, rather than directly targeting the Qing family.

But this conspiracy is clearly aimed directly at the Qing family, not the Feng family. Why is that? What secrets are hidden in this?

By the way, they The old guy who was said to be deceived before should be a senior of the Qing family! But who is this senior of the Qing family? Why don't father and the others know about this?

Thinking of this, Qin Chuan's eyes flashed with a hint of surprise..

However, he quickly figured it out.

Back then, the Qing family was the Qinglong royal family of the Five Saints Kingdom, and it goes without saying that it was very powerful.

Although later the family leader Qing Wushen was plotted against, and the children of the family were even attacked by Long Xing, Chu Nan Tian and other traitors massacred them, but with the outstanding strength of their Qing family descendants, it was normal for two or three people to escape.

This shows that the descendants of the Qing family who are still alive in this world are probably not just ours, there may be others. branch. Maybe this senior is the descendant of another branch...

Chapter 2264

Huh! By the way, since this senior dares to enter the forbidden area of the Zhou family alone, he should not be afraid of the strength of the ancestor of the Zhou family. He should be an eighth-level warrior.

If he is an eighth-level warrior, the Azure Dragon True Blood in his body should be activated.

He is not a descendant, but a member of the Qing family who escaped from the genocide that year.

This senior knew very well that without the Blue Dragon Pearl, our Qing family would have no hope of revenge and revival, so when he heard the rumor that the Blue Dragon Pearl was hidden in the Zhou family's forbidden area, he went directly into the forbidden area to snatch it, and because of this, he was attacked by the four major The family's plan was caught."

Thinking of this, Qin Chuan quickly analyzed the identity of the Qing family member, and at the same time there was a surge of anger in his heart.

Because judging from the previous conversation between the two Zhou family disciples, the eighth-level Qing family senior should be He was imprisoned in the center of this great formation and was subjected to all kinds of inhuman torture all the time. He was now on the verge of death.

From what they said, the operation of this spirit-transforming element-gathering formation depends on that senior. That senior As soon as the senior dies, the formation will stop operating.

What is going on? Could it be that the senior was put in the formation blood sacrifice by the four major families?

The operation of the formation is entirely based on squeezing the essence and blood of that senior And the true essence to operate?

That's why the senior will become weaker and weaker. Once he dies, the formation will stop operating.

I asked why these four major families planned to deal with our Qing family and specifically lured us Qing. The disciples of our family were deceived. It turned out that they wanted to use the blood of our Qing family's children to run this formation, so as to gather the fire energy to help them train their children.

Humph! The ancestors of the four clans are already so cruel and deceitful. Not counting the annihilation of their ancestors, now they actually have to use the blood of our Qing family's children to train their children.

I don't know how many of their Nanyan Luzhou Clan's children's abilities were built on the blood of our Qing family's children..How can our Qing family let go of such hatred so easily? One day your four major families will pay for this debt with blood!

Wanting to understand this, Qin Chuan's eyes burst out with anger and he bit his lip tightly. , almost bleeding.

At this moment, he was extremely angry and hated the four major families. He had never hated the four major families so much.

But at this moment, he could no longer hold back the anger and anger in his heart. Resentful

"no! I must rescue that senior! Even for our Qing family, I can't let that senior die here. But what should I do?"

Thinking of this, Qin Chuan quickly suppressed the indignation in his heart and gradually calmed down.

After a while, Qin Chuan prioritized the matters.

"It seems that I have to tell Brother Huo this news first, and let him find an opportunity to pass this information to the four of us, so that everyone should not act rashly. Then we will find a way to find out whether there is a Blue Dragon Pearl lying on the ground in the forbidden area, and finally plan to rescue the senior trapped in the center of the formation."

"By the way, maybe that senior knows whether there is a Blue Dragon Pearl in this forbidden area. Because he entered this forbidden area in order to snatch the Azure Dragon Pearl. Although he was captured in the end, he must know better than me what the situation is like in this forbidden area."

Thinking of this, Qin Chuan thought about going directly into the center of the formation to find the eighth-level Qing family old man.

At this time, there was a faint conversation from deep in front.

"Dingjiang, you said that old guy is dying. I also want to see the situation"

"You want to go? Then let me accompany you to the center of the formation to have a look!"

"Ha ha!! Then let's go together!"

Hearing this conversation, Qin Chuan temporarily gave up his plan to enter the center of the formation.

If he went in now, he would definitely run into the two fifth-level disciples of the Zhou family.

Besides, he was not sure whether he could withstand the pressure of the formation. , there is no guarantee of reaching the center of the formation.

After all, the area ahead is forty to fifty times larger, and only those with fifth-level strength can enter. Although his strength is much stronger than that of the same level, he has not reached fifth-level..

Chapter 2265

At that moment, Qin Chuan first tested the limit of entering the center of the formation.

He first moved to the forty-one area.

When he just stepped into the forty-one area, the energy around him suddenly doubled.

The huge pressure crushed Qin Chuan to the point of breaking his bones."Bang!" Snapped! The sound was so painful that he broke into a cold sweat and his chest felt extremely tight.

At that moment, Qin Chuan immediately transformed his fighting body into madness and managed to survive.

It turns out that when entering this formation, everyone relies on the Qi Gang generated by the natural movement of their own vitality to withstand the pressure of the formation.

Qin Chuan relied on his strong body and Qi Gang to withstand the pressure of the formation.

Therefore, after Qin Chuan's battle body went berserk, his physical strength increased, and his resistance naturally increased, so he was able to withstand the pressure of forty-one times the area.

Entering the forty-one area is already his limit, and he can no longer enter the forty-two area.

What a powerful pressure! No wonder it takes a fifth-level warrior to enter this forty-one area.

If it weren't for his extremely powerful physical body, far superior to that of a warrior of the same level, it is estimated that he would not have been able to enter the forty-one area. It seems that if he wants to enter a higher area, he can only use active defense.

Thinking of this, Qin Chuan activated the Five Elements Shield. The pressure around him suddenly decreased, and he continued to walk deeper into the formation.

But when Qin Chuan reached an area that was forty-four times larger, the Five Elements Shield was severely distorted and deformed by the pressure of the formation, almost breaking.

Seeing this, Qin Chuan was horrified and retreated hurriedly.

He knew in his heart that as soon as the Five Elements Shield was broken, his body would directly face the pressure of the formation. Even if he did not die at that time, he would be crushed to the point of vomiting blood and be seriously injured.

"It seems that my strength is still too weak. This matter of entering the center of the formation can only be discussed later. I will go to Brother Huo first."

At that moment, Qin Chuan quietly returned to the entrance and fumbled for a while based on his memory before he found Huo Qing.

He told Huo Qing everything he heard.

After hearing this, Huo Qing's expression changed drastically. , eyes full of horror, and after a while he whispered to himself

"Unexpectedly, the matter about Qinglongzhu turned out to be a conspiracy arranged by the Nanyan Lu Zhou clan, and the four of us were almost fooled! Our elders must be notified of this matter, so that they must not act rashly."

"Brother Huo is right. Now it is unclear whether there is a Blue Dragon Pearl in this forbidden area. If you act blindly, even if you succeed, you may be in vain."

Huo Qing nodded slightly, and immediately his eyes showed anger, and he said extremely angrily.

"I didn't expect that people from these four tribes would be so despicable that they would use the blood of your Qing family's children to help them improve their cultivation. The people of these four tribes are indeed hateful and can be killed! I think even if there is no Blue Dragon Pearl in this forbidden area, as long as we inform the elders about this, they will definitely try to rescue the eighth-level senior."

"Brother Huo, actually those are all my speculations. It is true that a senior of the Qing family is trapped in the center of this formation. As for whether he is an eighth-level master, I am not sure. Huo Qing said,"

Brother Qinchuan, I think your guess is not wrong." What do you think we should do next? Qin

Chuan pondered for a while and said:"We can't enter the center of the formation now, so we can't know the real truth." At present, we can only wait and see what happens, and practice hard here for ten days. Let's see how Zhou Dingtian arranges it after ten days"

"If my guess is correct, he will definitely let us return to Jiwuyuan. Otherwise, he wouldn't have taken such pains to blindfold us and let us enter this forbidden place."...

Chapter 2266

Hearing this, Huo Qing thought for a while before saying:"What you said makes sense. However, I feel that when Zhou Dingtian asked us to enter the forbidden area, it seemed that it was not as simple as letting us practice in the big formation for ten days. He seemed to have something else. Qin Chuan sneered and said,"What kind of backup plan can he have? He just wants to select an

inner guard from the six of us to stay in the forbidden area. In my estimation, the conditions for becoming such an inner guard must be very harsh.""

"However, no matter what, I am determined to be the inner guard and I must stay in this forbidden area. Brother Huo, after you go to Jiwuyuan, you must find a way to pass on the information we just got to me and other elders."

"Brother Qinchuan, don't worry, I will definitely convey this matter."

"Well! Brother Huo, then hurry up and practice. I won't bother you. I'll practice too."

After explaining this, Qin Chuan left.

At this moment, he just wanted to seize this opportunity to practice hard. With more strength, he could get closer to the center of the formation.

Thinking of this, Qin Chuan returned Forty times the area, and then the battle body went crazy and transformed, barely stepping into the forty-one area.

For the current Qin Chuan, this forty-one area is very difficult to support, and it is also very painful.

But , Qin Chuan is now eager to improve his strength. Every time the concentration of vitality is doubled, his progress will be faster, so he forces into the forty-one area regardless of whether his body can bear the load.

"The pressure in this forty-one area is too strong."

Qin Chuan frowned, tensed all the muscles in his body, and sat down slowly.

When he squatted down, his legs were shaking slightly, which was due to the strong pressure.

After sitting down, Qin Chuan took out the jade bottle, took a drop of Spiritual Fire Jade Dew, then closed his eyes and meditated. While refining, he frantically absorbed the surrounding fire energy, and officially entered the practice. In this way, he practiced for ten days without knowing it..

In the past ten days, Qin Chuan took a little Spirit Fire Jade Dew every day.

His cultivation progress was also very fast.

The 41-degree vitality concentration brought him more cultivation progress than he imagined.

Qin Chuan clearly felt , in the past ten days, his strength has been increasing bit by bit.

As his strength has increased, he can now relax a lot, unlike the pressure that he had to use all his strength to withstand. It was so strenuous before

"Ha ha!! Yes, my fire energy has progressed much faster! I didn't expect that the results of these ten days of practice would be so good. Even if I practice hard in the outside world for half a year, I still can't catch up with these ten days! If this continues,"

Qin Chuan sighed in his heart, and his eyes were full of joy.

Now, his strength has improved again, and his comprehensive combat power after transformation has reached the strength of 3,400 people.

"Today is the last day. That Zhou Dingtian should be entering the big formation soon. I'd better hurry back to the sixteen times area and not let him find any clues."

Thinking of this, Qin Chuan got up and returned to the sixteen-fold area.

After returning to the sixteen-fold area, Qin Chuan continued to practice.

About two hours later, Qin Chuan heard someone coming in from outside the formation.

These ten Six times the area is not far from the edge of the formation, less than a kilometer, so Qin Chuan can naturally hear someone walking into the formation.

With the dense red fog everywhere in the formation, Qin Chuan can't see who the person is coming from. Who, but he guessed it should be Zhou Dingtian.

Sure enough, within a moment, the man who entered the battle shouted loudly: "Ten days are up, all six of you come out!"

This person is indeed Zhou Dingtian.

Hearing this cry, Qin Chuan knew that Zhou Dingtian was talking to their six new blood guards.

As direct descendants of the Zhou family, the three of them, Zhou Qishao, naturally had nothing to do with practicing in this formation. time limit....

Chapter 2267

At this moment, the six people from Qin Chuan walked out of the formation one after another and came to the edge of the formation.

Qin Chuan found that the other five people all had happy faces. Thinking about these ten days of practice, everyone had gained a lot.

To Qin Chuan's surprise, the Thirteenth Young Master also withdrew from the formation.

Zhou Dingtian glanced at the six people in Qinchuan lightly, then looked at the Thirteenth Young Master and said, "Thirteenth Young Master, why don't you continue practicing?"

The Thirteenth Young Master said with a bitter face: "Second Uncle, my cultivation is too weak. Holding on for these ten days is already the limit."

"Then rest for a few days first, and then enter the big formation to practice after a few days!"

After a brief pause, Zhou Dingtian looked at the six Qinchuan people again and said

"Put on your blinders and come out with me! I still have some things to tell you!"

Then, the six people from Qinchuan put on their blindfolds again and were taken out of the formation by Zhou Dingtian. They were accompanied by the Thirteen Young Masters.

Soon, the six people from Qinchuan were brought back to the small enclosed bamboo building they had visited before.

Zhou Dingtian ordered everyone to take the Put off the blindfold.

Qin Chuan discovered that in addition to Zhou Dingtian and the Thirteenth Young Master, there were two blood guards standing at the door of the bamboo building.

At this time, Zhou Dingtian said:"Okay! The ten days of practice have ended. The benefits our Zhou family promised you have been fulfilled. I wonder how you six feel about these ten days of practice?".

Hearing this, many people said happily:"I'm reporting to the chief instructor, we have gained a lot from these ten days of training!

Hearing this, Zhou Dingtian laughed and said,"Haha!"! That's good! It seems that you are very satisfied with the practice in the formation?"

"Yes!! "

"Then are you willing to spend ten days every month to practice in the Spirit Transformation and Yuan Gathering Formation?"

After hearing this, the six people in Qinchuan were all refreshed and looked at Zhou Dingtian in surprise. They couldn't believe that such a good thing could happen.

Zhou Dingtian looked at the astonished expressions of the six people with satisfaction and said softly

"Of course, there are conditions for spending ten days a month to practice in the formation. This condition is to become the inner guard of our Zhou family's forbidden area."

"I think some of you may know that the blood guards are divided into outer guards and inner guards. The outer guards mainly guard Jiwuyuan. The inner guards are guarding here. If you are

willing to become an inner guard, then you can be like them. You will not need to wear blindfolds in the future and can walk freely in the forbidden area."

Zhou Dingtian pointed to the two blood guards standing guard at the door.

"Of course, after becoming an internal defender, not only can you not wear blindfolds in this forbidden area. There are thirty days in each month. In addition to the twenty days of duty, you can enter the spirit-transforming yuan-gathering array for the remaining ten days to practice. I wonder if you would like to become an internal defender?"

Hearing this, everyone's faces showed excitement and surprise.

They also didn't expect that becoming an inner guard would have so many benefits. If they spend ten days every month practicing in the formation, they can at least shorten their life by half. Training time.

At this time, Qin Chuan asked calmly: "Excuse me, President, are there any conditions required to become an internal guard?"

Zhou Dingtian glanced at Qin Chuan approvingly, nodded and said: "Not bad! Naturally, there are certain conditions required to become an internal defender. After all, there is no free lunch in this world."

After hearing this, everyone's expressions became strange. Only now did they realize that it was so easy to take advantage of the Zhou family.

At that moment, Qin Chuan continued to ask: "Excuse me, what conditions do the President need?"

Zhou Dingtian said: "There are two specific conditions: first, after becoming an internal defender, you are not allowed to take a step outside the forbidden area during the six-year term of office; second, and the most important one, you must take medicine if you want to become an internal defender. This forget-you-eli."

After saying that, Zhou Dingtian took out two pills, one gray and one white.

Seeing this, Qin Chuan and others showed confusion on their faces...

Chapter 2268

Zhou Dingtian continued to explain: "As the name suggests, the Wangyou Pill makes people forget their sorrows and forget the past. It is divided into Yindan and Xiedan. The gray one is Yindan and the white one is Jiedan."

"Let me tell you frankly, if you take this Wangyou Pill, it will cause you to lose a memory, which is also called Wangyou Pill. The memory it causes you to lose begins after you take Yindan and ends after you take Jiedan."

"In other words, you start taking Yindan now, and after your six-year term of office is over, I will give you Jiedan again. You will lose the memories of these six years in the forbidden land. To be honest with you, this is also a way for our Zhou family to ensure that some secrets in the forbidden area are not leaked."

"If you are willing to become an internal guard, then take this Wangyou Pill? I wonder if anyone is willing to take it?"

As soon as these words were said, the six people below remained silent for a while, and no one responded for a long time.

Seeing this, Zhou Dingtian smiled and said

"I know what you are worried about? In fact, apart from making you lose your memory of the past six years, this Wangyou Pill has no other side effects at all. It will not cause any harm to your brain, nor will it affect your cultivation talent. However, I will respect your choice"

"You can think about it yourself. If you are willing to become an internal guard, take this Wangyou Pill. It doesn't matter if you don't want to, I will send you to Jiwuyuan to serve as outside guards."

After saying that, Zhou Dingtian ordered the two inner guards guarding the door to retreat, and he also led Thirteen out of the bamboo building.

Before leaving, Zhou Dingtian said: "I will give the six of you a cup of tea to think about it. After a cup of tea, you will give me a clear answer."

After saying that, Zhou Dingtian closed the door of the bamboo building and asked Qin Chuan and the others to think carefully in the room.

After Zhou Dingtian and others left, only Qin Chuan and six other new blood guards were left in the room.

Six people Everyone was silent for a while, and then someone asked cautiously: "Do you think President Zhou Dingtian's words are credible? Does Wangyoudan really have no side effects?"

As soon as these words came out, someone snorted coldly.

"snort! Believe him or not! Along the way, haven't you noticed? This week, the Zhou family doesn't treat us disciples with foreign surnames as their own at all! Be careful along the way, guarding us like thieves"

"As a guard captain, I worked loyally for the Zhou family, performing so many dangerous tasks for the Zhou family, and almost lost my life on several occasions. But I didn't want to get such a result. What the Zhou family did was so chilling!

Another person also said angrily: "Yes!" If I had known this, I really didn't want to be a bird-blooded guard. It would have been a waste of my enthusiasm!

At this time, Huo Qing said calmly: "Everyone, now is not the time to discuss this." Let's all discuss whether this Wangyou Pill can be taken?"

"I don't think I can take it! From the moment we entered the forbidden area, the six of us were obviously treated differently from the Seven Young Masters that week. It can be seen that in order to keep the secret of the forbidden area, the Zhou family will do whatever it takes and use any means."

"Maybe the six of us are just slaves in the eyes of the Zhou family, just a dog that can be used."

"Zhou Dingtian is now tricking us into taking Wangyoudan. He doesn't care if there are any side effects. Even if we use medicine to kill him, I don't think he will feel any regret. After all, the person who died was not a member of his Zhou family."

Hearing this, the other people nodded one after another...

Chapter 2269

Hearing this, the other people nodded.

Another person said: "If you say that this Wangyou Pill has no side effects, I won't believe it even if you kill it. This Wangyou Pill can make people lose their memory, which is obviously harmful to the human brain. The brains of us warriors are the most fragile."

"If the brain is injured, it will become more or less dull. This may not have any impact on our cultivation talent, but it will definitely have a great impact on our spirituality and understanding. The further we warriors reach the advanced stage of cultivation, the more important our understanding becomes."

"If you don't have enough understanding, just having good talent won't do. Besides, if you have good understanding, you can still have the opportunity to have enlightenment."

"This is well said. However, enlightenment is not so easy to obtain. If it does not affect your talent, I think it is not a bad idea to take this Forgettable Pill."

The person who said this was a new Blood Guard who was about thirty years old. He had always had poor understanding and thought that it would be difficult for him to gain enlightenment in this life, so he said this.

"hehe! Then just take the Wangyou Pill. I don't want to accompany you to do internal defense. Damage to the brain may be a trivial matter, but there may be other side effects."

At that moment, the group of people started arguing quietly in the room.

Only Qin Chuan sat silently.

At this moment, he was listening to the conversation outside the room.

It turned out that the Thirteenth Young Master was also talking quietly with Zhou Dingtian at this moment.

Only The Thirteenth Young Master asked Zhou Dingtian curiously: "Second Uncle, what you just said about Wangyou Pill has no side effects, is it true? Does this Wangyou Pill really have no side effects?"

Zhou Dingtian sneered and whispered: "Of course it's a lie! This Wangyou Pill directly attacks the human brain, how could it have no side effects?"

The Thirteenth Young Master immediately showed surprise: "Second Uncle, why did you say there were no side effects just now?"

"hehe!! Isn't this just to trick them into becoming our Zhou family's internal guards? Only by saying this can they dare to take it! After all, you can't force slaves like them to serve as internal guards, just let them accept it on their own."

The Thirteenth Young Master pondered for a while and said: "I'm afraid some of them may suspect that there is something wrong with this elixir."

"snort! Of course there is doubt! In fact, this is also a time to test their loyalty. If they are loyal enough to our Zhou family, they will believe my words and take the Wangyou Pill. If you are not loyal enough, you will not take it."

In the room, Qin Chuan felt inexplicably annoyed when he heard these words.

According to Zhou Dingtian, the more loyal people are to their Zhou family, the more likely they will be deceived.

"snort! The people in the Zhou family are really ridiculous! The more loyal you are to them, the more unlucky you will be! If those people with a foreign surname who were loyal to the Zhou family knew about this, would they feel sorry for themselves?"

But at this moment, the voice of the Thirteenth Young Master came from outside the house again.

"Second Uncle, what are the side effects of this Wangyou Pill?"

Zhou Dingtian replied: "This Forgetfulness Pill has no effect on people's qualifications, but it will have some impact on people's spirituality. In mild cases, it can make people dull, and in severe cases, it can make people become fools."

"Of course, there will be no side effects before taking Jie Dan. Only after taking Jie Dan, the medicinal power of Jie Dan and the medicinal power of Yin Dan remaining in the human brain will react and start to delete these memory over a period of time, thus causing harm to the human brain."

Hearing this, the Thirteenth Young Master seemed to understand and asked: "Second Uncle, in other words, there is no harm in just taking Yin Dan. After taking Yidan, taking Jiedan will cause harm."..

Chapter 2270

Zhou Dingtian smiled and said: "Thirteen, you are not stupid, you are right! However, this Wangyou Dan is very effective for warriors below the fourth level, but it is limited for fifth-level warriors."

"Because the mental power of fifth-level warriors has reached a certain level, even if they take the Understanding Pill, it will be difficult to completely delete their memories. This is also the reason why our Zhou family requires the blood guard's cultivation level not to exceed level five."

"So this is ah!"

The Thirteenth Young Master showed a look of sudden realization on his face.

When Qin Chuan in the room heard this, he also showed a look of understanding, and he thought to himself

"It turns out that only taking Yindan does no harm to the human brain, but taking Jiedan later will cause harmful effects. If I only take Yindan and find a way to expel the power of Yindan from my brain during this period, maybe everything will be fine."

Thinking of this, Qin Chuan felt a lot calmer.

In fact, even if he hadn't heard this content, he would have chosen to stay and take the Wangyou Pill as an internal guard, because this trip to the forbidden area was not for him alone, but for the whole family.

At this time, Zhou Dingtian's voice sounded outside again: "Thirteen, let's go in! It's almost time, I think it's time for them to make a choice!"

"good!"

Not long after, footsteps sounded outside the bamboo building, and the discussion in the room came to an abrupt end.

After a while, the door opened.

Zhou Dingtian and the Thirteenth Young Master walked in, followed by two internal guards.

Zhou Dingtian looked at Qin Chuan with a smile. The others took a look and asked, "What do you think? Have you thought about it? If anyone is willing to be an internal guard, come to me to receive the Wangyou Dan's lead pill! As soon as these words were said, Qin Chuan was the first to stand up and said: "Report to the President that my subordinates are willing to serve as internal guards!"

Zhou Dingtian's eyes immediately showed joy, and he said with a smile: "Okay! Qin Chuan, take this guiding pill first!"

Qin Chuan immediately received the Yin Pill.

When receiving the Yin Pill, he saw the Thirteenth Young Master standing behind Zhou Dingtian, looking at him with a trace of mockery in his eyes.

Qin Chuan naturally knew why he was like this, but He didn't care about it.

But at this moment, the Thirteenth Young Master was sneering in his heart.

"snort! Qin Chuan, so what if you are talented? After all, you are a dog of my Zhou family. Even with your status, you want to compete with me for Xiao Xiang'er. Just dream! You have taken this elixir now, and when you try to unblock it again, the medicine will take effect and you will become dull. What else do you have to be proud of?"

But when the Thirteenth Young Master was mocking him in his heart, Qin Chuan had already returned to his original position.

As soon as he returned to his position, Qin Chuan sensed Huo Qing's gaze.

Qin Chuan knew what he meant and nodded slightly to him..According to the previous agreement, Qin Chuan became the inner guard, and Huo Qing naturally became the outer guard. It was impossible for him to receive the Wangyou Pill.

"Is there anyone willing to stay as an interior guard?"

Zhou Dingtian asked again.

At that moment, another person stood up to receive the Yin Dan. In the end, three people stayed as internal guards, but the other three were unwilling to stay. Among those who were unwilling to stay, Huo Qing was naturally.

Zhou Dingtian first asked Qin Chuan and the others to stay in the house. He took the Huo Qing and the others out, and handed them over to another Zhou family disciple, asking him to escort the Huo Qing and the others out of the forbidden area.

Not long after, Zhou Dingtian returned to Zhuzhou again. Inside the building

"I am very happy that the three of you are willing to stay as internal guards. This shows that the three of you are the most loyal to our Zhou family. For those of you who are loyal disciples with a foreign surname, our Zhou family will naturally not treat you badly."

"From now on, you will have ten days in each month to enter the Spirit Transformation and Yuan Yuan Formation to practice. You have all experienced the benefits of the Spirit Transformation and Yuan Gathering Formation, so I won't say more."

"Next, you can start refining the elixir in your hands. As long as you refine the elixir in your hands, you will officially become the inner guards. You can step out of this bamboo building at any time to see what the forbidden land outside is like. Start refining!"..
