Chapter 3501 Return (1)

Only then did Ling Qingxue react. She couldn't help but stick out her tongue and say, a little embarrassed, "Oh, right! I'm so happy that I can't think of home ..."

Song Wei also smiled and said, "then I'll go back to the University to deal with some trivial matters and finish the research topic. This way, I'll have nothing to do this semester and can go back to school after the winter vacation. Besides, I'll mainly prepare my graduation thesis next semester. I have more free time, so I should have a lot of time to cultivate on peach source Island!"

"Then I'll have to have a good talk with my dad when I get back," Ling Qingxue said hurriedly. "I want to gradually pull myself away from some company affairs. I don't want to be entangled in worldly affairs all day long ..."

Ling Qingxue naturally wanted to stay on Peach Blossom Island to cultivate for a long time. If Song Wei could spend a long time on Peach Blossom Island, she would have to hand over the work at Ling Ji's food and beverage department as soon as possible. Otherwise, it would be easy for her to fall behind Song Wei in terms of cultivation.

Xia ruofei laughed and said, "then let's go back together!" I'll send Weiwei to the capital first, then Qingxue and I will go back to the three mountains!"

Xia ruofei's focus had now shifted to cultivation, but he still had to ask about the company's Affairs. He had disappeared for such a long time, so there must be a lot of things.

In addition, Xia ruofei had always had a plan in his heart, which was to gradually and completely separate himself from the management of paradise Corporation. In fact, the daily management of the company was handled by Feng Jing and her team, but many aspects could not be separated from Xia ruofei's "core technology". This time, he had returned to solve this problem.

In fact, with Xia ruofei's current cultivation and status, money and wealth in the secular world no longer meant much to him. However, the purpose of paradise corporation's existence was not only to make money for Xia ruofei, but also for the livelihood of thousands of employees. Even if he wanted to leave the company's management, he couldn't just simply leave. That would be too irresponsible.

Since they had made up their mind to return to Huaxia, Xia ruofei and the other two would not delay any further. However, before he left, he still had to say a few words to Li Yifu.

As for Luo Qingfeng, he had completely entered a state of seclusion. Xia ruofei would not disturb him easily.

Xia ruofei sent a voice transmission to Li Yifu to inform him. Soon, Li Yifu arrived at the top floor, knocked on the door, and called out respectfully, "Senior granduncle!"

Xia ruofei and the other two had basically stayed in their rooms for the entire week. Everyone was engrossed in their cultivation. Li Yifu was also very tactful and basically did not come over to disturb them. Now that Xia ruofei had suddenly called for him, he quickly ran upstairs to listen to his instructions.

"Come in!" Xia ruofei said.

Li Yifu immediately greeted the three of them respectfully after entering the room. He then bowed slightly and asked, "Martial granduncle, what instructions do you have for this disciple?"

Xia ruofei smiled. "The three of us are preparing to return to Huaxia. Qingfeng is also in seclusion now. I'll have to trouble you to take care of some matters on the island."

"Yes! This disciple will definitely do his best. Please rest assured, martial granduncle!" Li Yifu quickly said, "but ... Senior granduncle, aren't you going to stay for a while longer?"

Xia ruofei smiled. "I still have some things to deal with when I get back. However, I won't be back for long. I'll be back soon!"

"That's good," Li Yifu quickly said. "I'll only be at ease if you're on the island!"

Xia ruofei laughed and said, "with the Taixu xuanqing formation, what do you have to worry about?" Even if Chen Nanfeng were to come here personally, he wouldn't be able to break into the formation so easily!"

After Xia ruofei finished speaking, he took out ten crystals and handed them to Li Yifu.

"No!" Li Yifu hurriedly declined upon seeing this. "Senior granduncle, the origin crystals you gave this disciple haven't been used up yet ... I really don't need so many!"

Xia ruofei smiled and said, "this is not for you!" This was prepared for the allheaven formation outside! I've just changed the origin crystals last night, so they should be able to keep the formation running for at least a month. Under normal circumstances, I shouldn't need to change the origin crystals before I come back. I'm leaving you ten origin crystals just in case. The method of changing origin crystals is also very simple, stop the

highest heaven formation, and then change origin crystals according to the blueprint. I've written down the specific method of controlling the formation on the paper, and with your current spiritual power, you should be able to easily complete the operation. ”

With that, Xia ruofei handed the crystal and the paper with the control method of the highest heaven formation to Li Yifu.

Li Yifu finally understood what was going on. He quickly took it with both hands and said,””Yes! Martial granduncle, this disciple will keep it for now. If there is a need to change it, this disciple will definitely be careful. ”

Xia ruofei nodded and said,”if I really don't come back for a long time and the origin crystals of the highest heaven formation are used up, you can replace them when you need to. Don't worry about saving resources.” This level of consumption is nothing at all. In comparison, the most important thing is the increase in efficiency and time saved in exchange for the assistance of formations in cultivation!”

Li Yifu was touched. Of course, he knew that Xia ruofei was doing this for his sake. After all, he was old and time was precious to him. If he could not break through to the Golden core stage, he would have to face the problem of his lifespan running out.

Chapter 3502 Return (2)

“I understand. Thank you, martial granduncle!” Li Yifu said, his eyes slightly red.

Xia ruofei continued,”by the way, I'll be focusing on cultivation in the future. I might not have the energy to take care of some things in paradise Corporation. However, some of paradise corporation's products and raw materials will require me to personally support them through cultivation. So, I might need a spokesperson or a liaison! In the future, he'll do these things for me, mainly running some errands, but he must be absolutely reliable!”

The peach blossom company needed Xia ruofei's support, mainly because Peach Blossom Farm needed to regularly add the spirit Heart Flower petal solution to the water source. Other than that, they needed to provide some raw materials, including the annual supply of Da Hong Pao tea Green tea and some Chinese medicinal herbs from the pharmaceutical factory. Some of the company's high – end products were directly produced by the spirit map space, such as Cordyceps, truffles, top – Quality ginseng, and so on.

In fact, all they needed was a reliable spokesperson. Xia ruofei did not need to do these things in person to maintain the company's normal operations.

However, as Xia ruofei had said, this person had to be absolutely reliable. After all, the solution of the spirit Heart Flower petals, truffle and ginseng were very precious to the Paradise Corporation. They were the core competitiveness of the company. Moreover, this person had to travel between Huaxia and the Paradise Island often. Loyalty was the most important.

Li Yifu pondered for a moment before saying, "Senior granduncle, I have a candidate in mind. You can consider it."

"Oh? Someone from your company?" Xia ruofei asked with a smile.

"You also know this person. He's Zheng Yongshou from the star Seizer sect!" Li Yifu said.

Xia ruofei's eyes brightened. It had to be said that the candidate Li Yifu proposed was quite suitable.

Zheng Yongshou and Wang Boshan had been implanted with soul seals by Xia ruofei before Luo Qingfeng. Wang Boshan had already been dealt with by Xia ruofei, and Zheng Yongshou was Xia ruofei's soul slave, so his loyalty was definitely not a problem.

"There's no problem with Zheng Yongshou's loyalty, grand uncle – Master," Li Yifu said. "As a cultivator, he's naturally more at ease when dealing with the secular Affairs for grand uncle – Master, and he's more familiar with the Peach Blossom Island himself, so there's no worry of him leaking the secret even if he frequently travels to and from the island ... The only problem is that Zheng Yongshou spends most of his time cultivating in the sect and rarely interacts with people from the secular world, so he might need some time to adapt ..."

Xia ruofei smiled and nodded. "That's true. He doesn't know anything about the ways of the world!"

At this moment, he couldn't help but think of Wang Boshan. If Wang Boshan was still around, he would definitely be more suitable than Zheng Yongshou. After all, Wang Boshan used to be in charge of the star Seizer sect's businesses in the secular world, and he was also a smooth and slick person.

Of course, Xia ruofei would not regret dealing with Wang Boshan. From the moment he knew about the cases that Wang Boshan had committed, he had never thought of sparing Wang Boshan's life. This kind of person deserved to die. Xia ruofei could not tolerate this.

"It shouldn't be a big problem," said Li Yifu. Senior granduncle, this disciple also has some properties in the three mountains, and they are all managed by the trusted juniors. Why don't you let this disciple arrange for someone to take care of Zheng Yongshou first? Or you can let this disciple's people connect with the peach blossom company in the early stages, and Zheng Yongshou will temporarily be in charge of the middle. "

Xia ruofei nodded and said, "that works too!" This is much more appropriate!"

Then, Xia ruofei couldn't help but smile bitterly and said, "I originally wanted to let Qingfeng go into closed-door cultivation in peace, but now that we need Zheng Yongshou, we have no choice but to wake him up."

"Senior granduncle," Li Yifu said hurriedly, "sect leader Luo has been staying on Peach Blossom Island for a while, so there is a special channel of communication between the island and the star Seizer sect. I can contact Zheng Yongshou directly!"

"That works too! This way, we won't have to disturb Luo Qingfeng's closed-door cultivation." Xia ruofei said, "tell Zheng Yongshou that I told him to go to the three mountains and wait for orders. Arrange for your men to meet him directly. I'll contact you when I need it, and then they can come to me."

"Yes! Martial granduncle, this disciple will take care of it!" Li Yifu quickly said.

Xia ruofei nodded. "If that's the case, I'll leave the rest to you. The three of us will be returning to Huaxia!"

"This disciple will send off martial granduncle!" Li Yifu said respectfully.

They arrived at the rooftop of the building. Xia ruofei released the black Phoenix flying ship and brought Song Wei and Ling Qingxue onto the Flying Ship. He waved at Li Yifu, who was on the rooftop. Under Xia ruofei's control, the Flying Ship turned into a stream of light and disappeared into the sky.

After more than two hours of flight, the black Phoenix flying ship arrived in the sky above Huaxia's capital.

Xia ruofei hovered the flying boat above the rooftop of Song Wei's high-class apartment near the school. Even though it was morning in the capital, the black Phoenix flying boat was protected by an array so ordinary people in the secular world could not see the flying boat.

The three of them came to the deck of the airboat. Song Wei smiled and said, "RUO Fei, Qingxue, I'll go down first!"

Xia ruofei nodded and said, "yes!" We'll meet up with you at the three mountains!"

"Weiwei," Ling Qingxue said, "settle your matters here as soon as possible. Then, tell RUO Fei to come and take you back to the three mountains!"

From the capital city to the three mountains, it would only take a little more than two hours by ordinary commercial plane. If it was the black Phoenix flying boat, it would take at most twenty to thirty minutes.

Even in the capital, the commuting time from one place to another was much longer.

Xia ruofei smiled and said, "yes, yes, yes!" It was Qingxue who reminded me not to buy any plane tickets. It's slow and not absolutely safe. I'll just pick you up by airboat!"

"En!" Song Wei smiled and said, "I'll try to settle this as soon as possible! I'll take at most one or two days!"

After she finished speaking, Song Wei waved at the two of them and jumped off the flying boat. She stood firmly on the roof.

Xia ruofei and Ling Qingxue stood by the side of the boat and waved at Song Wei. Then, the flying boat took off again and disappeared into the sky in a flash.

Twenty minutes later, Xia ruofei and Ling Qingxue appeared at the jiangbin villa district.

Xia ruofei stood at the entrance of his villa and realized that it was still very clean even though he had not been home for more than two months.

He had thought that the yard would be overgrown with weeds, but it was actually very clean. It was obvious that someone had taken care of it.

Ling Qingxue laughed and said, "why are you just standing there?" Are you surprised? Before I left, I gave the spare key to my dad and asked him to find someone to clean the house regularly. Otherwise, how could anyone live in this house?"

"Hehe! My wife is so thoughtful!" Xia ruofei smiled and said, "then I'll go home first! You should also hurry back! Uncle Ling is probably already waiting for you at home!"

When they were in Beijing, Ling Qingxue had called Ling Xiaotian when the airboat was lowering its altitude. She had told him that she was going home today and would be home soon.

Ling Xiaotian had already arrived at the company, but when he heard that his daughter was back, he immediately asked the driver to send him back.

He had not seen his precious daughter for two to three months.

Ling Qingxue replied, "yes!" My dad said that he'll be cooking today. He's probably already preparing it. By the way, he asked you to come for lunch at noon!"

"Understood!" Xia ruofei smiled and said, "I'll go home and pack up. I'll be back in a while!"

"Mm! Then I'll go back first!" Ling Qingxue said.

Following that, she looked left and right to make sure that no one was spying on her, and that she was also in the blind spot of the camera. Then, with a thought, she took out the luggage that she had prepared long ago from her storage ring and some gifts for Ling Xiaotian. After such a long time, she hurried out of the courtyard gate. If she were to return home empty – handed, that would be too abnormal.

Ling Qingxue waved at Xia ruofei, then dragged her suitcase and walked towards her villa.

Xia ruofei watched as Ling Qingxue turned the corner. Then, he opened the courtyard door and walked in.

At noon, Xia ruofei carried a small jar of Drunken Eight Immortals wine stored in the spirit map space to Ling Xiaotian's house.

After Xia ruofei pressed the doorbell, Ling Qingxue's voice came through the intercom system at the door.””RUO Fei, quickly come in!”

As soon as he finished speaking, the iron door opened with a click.

Xia ruofei pushed the door open and walked through the courtyard to the entrance of the villa. Ling Qingxue had already opened the door. She stood at the door and waved at Xia ruofei with a bright smile.”Come in!” “You're wearing this pair of shoes!” Ling Qingxue smiled and said,”new slippers. No one has used them before.”

“Thank you, my wife!” Xia ruofei chuckled and asked,”where's uncle Ling?”

“The kitchen! My dad insisted on cooking for us, and he's been busy for an hour or two!” Ling Qingxue said with a smile.

Xia ruofei changed into his slippers and walked into the villa. Ling Qingxue called out,””Dad! RUO Fei is here!”

Ling Xiaotian, who was wearing an apron, quickly walked out of the kitchen with a spatula in his hand. When he saw Xia ruofei, he greeted him with a smile,””RUO Fei is here!”

“Uncle Ling, how are you?” Xia ruofei said with a smile. n-/σ(-v-).l-)-&-)I/)n

“Good, good, good!” Ling Xiaotian chuckled and said,”ruofei, sit in the living room for a while and have some tea with Qingxue. Two more dishes will be ready!” Let’s have a good drink this afternoon!”

Ling Xiaotian took the wine container, but he was not in a hurry to pour the wine. Instead, he brought it to his nose and sniffed it, revealing a trace of an intoxicated expression.

Then, he poured himself a small cup and took a sip. He closed his eyes and savored the aftertaste for a long time before sighing.”This taste is really rich! Ruofei, if we’re talking about good wine, then your wine is really the best!”

“Uncle Ling likes it. I’ll bring a few more jars over in the afternoon. You can take your time to drink!” Xia ruofei said with a smile.

Ling Xiaotian smiled and waved his hand.”I don’t need that much. I don’t drink much now. I only drink a small cup every day.” Daughter said that drinking too much is harmful to the body!”

“It’s good that you remember!” Ling Qingxue smiled and said,”but it’s a happy day today, so you can make an exception and drink a few more glasses. But you’re not allowed to get drunk!”

“Hahaha! Since my daughter has given special permission, I’ll drink two more glasses today!” Ling Xiaotian said happily.

The three of them sat down around the dining table. Ling Qingxue poured Xia ruofei a glass of wine. After some thought, she poured a glass of Drunken Eight Immortals for herself.

Ling Qingxue didn’t usually drink white wine, but she had been away for so long this time. It was rare for Ling Xiaotian to be in such a good mood, so she decided to have a drink with everyone.

Ling Xiaotian looked at the wine in his cup and said,””Ruofei, speaking of this Drunken Eight Immortals wine, I can’t help but complain ... You’ve been out for more than two months, and the winery is going crazy with anxiety!”

Xia ruofei looked a little embarrassed. The reason why the Drunken Eight Immortals wine was so popular in the country was because of the rich spiritual energy in the spirit map

space and the difference in time flow. Hence, Xia ruofei would collect the freshly brewed wine from the winery every month and put it in the spirit map space. Then, he would take out the wine that had been stored in the spirit map space for a period of time and have the winery transport it back, seal it, and sell it.

This time, Xia ruofei had been away for more than two months. The winery must have been the most affected. They might have run out of stock.

Xia ruofei scratched his head in embarrassment and said, "Uncle Ling, I'm sorry! This time, I haven't finished dealing with some things and can't get away. Did it affect the winery's operation?"

Ling Xiaotian waved his hand and said, "the wine factory has always kept some stock in case of an unexpected situation!" It's not that we're completely out of stock, but we're really running out of stock.. If you'd come back any later, the winery would've had to close down for the time being!"

Xia ruofei quickly said, "it's my fault!" It's my fault! How about this! Tell the winery to pick up the stock in the afternoon and bring some new wine over! In the future, I'll try my best to arrange everything in advance, so that such a situation won't happen again!"

Xia ruofei continued. "Oh, right. The wine this time should be better than the previous ones. We can get the winery to appraise it. We can have more high – end wine."

Xia ruofei had been busy challenging the trial Pagoda for the past two months and did not care about the wine stored in the Archean realm. The storage time had naturally exceeded his expectations. Hence, this batch of wine was naturally more mellow and of a higher quality than before.

Ling Xiaotian chuckled, "it's alright!" It didn't matter! In fact, although the profit of the winery was very high, if you had difficulties and couldn't take care of them, you could just close it down. The money would never be enough! But some of my old friends always ask me for wine, and I'm almost out of stock. You know, if I can't take it out, I'll lose face!"

"I understand, I understand!" Xia ruofei said, "I was thoughtless this time. Don't do it again!"

Ling Qingxue pouted and said, "dad!" Why are you talking about work again? Can't you just eat properly?"

"My good daughter has an opinion!" Ling Xiaotian laughed and said, "I won't say anymore! I won't say anymore! Let's eat! Come, come, come, let's have a drink together! This wine is really fragrant!"

"Cheers!" Xia ruofei also smiled and picked up his cup.

"I'll take a sip, you guys do it!" Ling Qingxue said with a smile.

The three of them had a Happy Meal. Xia ruofei accompanied Ling Xiaotian to make tea and chat. They only got up to leave at two in the afternoon.

Ling Xiaotian personally stood up to send him off. Xia ruofei took out a porcelain bottle from his bag and passed it to Ling Xiaotian, saying, "Uncle Ling, these are some nourishing pills that I've concocted. They're good for your body. Just take one pill every day before bed. It'll help you sleep."

Xia ruofei had obtained a lot of inherited knowledge from the Jade talisman of inheritance and the ninth level of the trial Pagoda. Among them, there were many prescriptions that could prolong one's life and were even effective for cultivators. Coincidentally, he had planted many Chinese medicinal herbs in the spirit map space, so Xia ruofei directly created a simplified version of the prescription that was effective for ordinary people in the secular world. He used one o'clock in the morning to make this bottle of pills.

If Ling Xiaotian could persist in taking it for a long time, he would not be sick or in pain for a lifetime, and it would not be a problem for him to live over a hundred years.

Ling Qingxue knew what was good, and her eyes lit up. She quickly said, "Dad! Hurry up and keep it! This is a good thing, it can extend one's life!"

Ling Qingxue knew what Xia ruofei was capable of. She understood immediately and said, "Father, ruofei is right. You can check it when you have time. Also, you should take your blood pressure at home! If your blood pressure is normal, then don't take any painkillers!"

"Oh! I know, I know!" Ling Xiaotian was a little confused, but he still nodded in agreement.

Xia ruofei then bade farewell and drove to the warehouse in the northern part of the city.

He had not been here for a long time, and the warehouse was covered in a thick layer of dust.

However, Xia ruofei was only using this place as a resource transfer station, so he did not care much.

After he took out the Drunken Eight Immortals wine from the spirit map space, the winery's car arrived as promised, bringing more new wine than before.

The workers of the winery were all experienced. They quickly unloaded the new wine and loaded the "improved wine" that Xia ruofei had prepared.

Xia ruofei placed the new wine in the spirit map space and locked the warehouse door. Then, he drove back to the jiangbin villa district.

After all this work, the sky outside was almost dark.

Just as Xia ruofei was about to go to the kitchen to prepare something to eat, Ling Qingxue called ran ran. She had already prepared dinner and Ling Xiaotian asked him to go over and have a drink or two.

Naturally, Xia ruofei was happy to be at ease. He strolled to Ling Qingxue's Villa. The father and daughter had already prepared dinner. A portion of the dishes were left unfinished in the afternoon, and Ling Xiaotian had added two or three more dishes, filling up the entire table.

Ling Xiaotian smiled and greeted,"RUO Fei!" Come and sit! Let's have a few drinks tonight to celebrate!"

Xia ruofei was stunned and asked,"celebrate?" What are we celebrating?"

"To celebrate the disappearance of my high blood pressure!" Ling Xiaotian said with a smile,"I took blood pressure three times in the afternoon, and it was normal! I didn't take any blood pressure pills today!" The father and daughter had already prepared dinner. A portion of the dishes were left unfinished in the afternoon, and Ling Xiaotian had added two or three more dishes, filling up the entire table.

Ling Xiaotian smiled and greeted,"RUO Fei!" Come and sit! Let's have a few drinks tonight to celebrate!"

Xia ruofei was stunned and asked,"celebrate?" What are we celebrating?"

"To celebrate the disappearance of my high blood pressure!" Ling Xiaotian said with a smile,"I took blood pressure three times in the afternoon, and it was normal! I didn't take any blood pressure pills today!"

“Mm! Everything has been handed over clearly!” Xia ruofei smiled and said, “from now on, we’ll do the handover on a regular basis. Such a situation will not happen again.”

“It’s not that serious. It’s not a big deal that the winery is closed. Although it’s profitable, I still prefer to develop the gastronomic industry!” Ling Xiaotian laughed and said, “of course, it’s also because of the huge profits from the winery. Otherwise, the expansion of Ling’s food and beverage wouldn’t have been so smooth this year.”

“Don’t worry, uncle Ling. I’ll take care of the winery.” Xia ruofei said, “but Qingxue... She wants to gradually move away from the company’s Affairs. What do you think...”

Ling Xiaotian looked at Ling Qingxue and sighed, “Qingxue has told me a few times ... 1 was too stubborn in the past and wanted to train her to be my successor. In the beginning, I wanted her to take over her father’s business, but she didn’t have any talent in cooking. Later, I thought that even if you couldn’t be a chef, you should at least be able to manage this food and beverage group, right? But she was still not happy. Forget it! I won’t force you in the future, but it’s a pity that I’ve worked so hard to build this Foundation ...”

Ling Qingxue’s eyes revealed a hint of joy, and she quickly said, “Dad! You’re still young, and your body is so strong. You can still helm the helm for many years! And even if you want to retire, you can just hand the group over to a professional manager team! This Foundation must still be there! As for your cooking skills, you already have so many apprentices, are you still afraid that your cooking skills can’t be passed down?”

Ling Xiaotian smiled bitterly and said, “you’re really determined to leave the

Ling Ji F & B group, aren’t you?” You’re giving me so many reasons ...”

Ling Qingxue felt a little guilty, but she could not explain the reason to Ling Xiaotian. She could only lower her head and say, “Dad! 1 just want to live happily with ruofei now. I really don’t want to be busy every day...” n-(o-V//).ℓ)()-1(/n

“Ruofei has to manage such a big company himself,” Ling Xiaotian joked, “how can he be with you all day?” He’ll be busy with his career every day, and you’ll have nothing to do. Won’t you feel even more empty?”

“None of your business!” Ling Qingxue glared at Xia ruofei.

Ling Qingxue's mood was naturally very good now that Ling Xiaotian had relented. She even made an exception and allowed Ling Xiaotian to drink a few more glasses of wine. She also poured some white wine for herself and accompanied Ling Xiaotian to drink a glass.

Naturally, Xia ruofei happily drank with him. The three of them finished their dinner in a very relaxed atmosphere.

After sitting at Ling Xiaotian's house for a while, Xia ruofei got up and left.

Ling Xiaotian even jokingly asked Ling Qingxue if she wanted to leave with Xia ruofei. Ling Qingxue could not help but roll her eyes at her father, then ran straight to the boudoir on the second floor.

Xia ruofei waved goodbye to Ling Xiaotian and left the Ling residence. He walked towards his family's Villa.

On the way, he kept thinking that he had to make arrangements for the peach blossom company as soon as possible.

So, he took out his phone and called Li Yifu. Because of the time difference, it was still morning on Peach Blossom Island, so the call was connected very quickly.

"Senior granduncle!" Li Yifu greeted him respectfully.

"Foster husband, have you contacted Zheng Yongshou? When will he be here?" Xia ruofei asked.

"Reporting to grand uncle – Master, I've sent a plane to the airport near the star Seizer sect to pick up Zheng Yongshou. If everything goes well, he should be able to reach the three mountains tonight... No, at the latest, by tomorrow morning." Li Yifu quickly said, "the arrangements at San Shan have been made. He'll settle down first when he arrives, and then he'll familiarize himself with the situation in the secular world with the people from our branch company.."

Xia ruofei said,"let's talk about familiarizing ourselves with the situation later. Tell him to contact me as soon as he arrives. I have something for him to do." "Alright, martial granduncle!" Li Yifu quickly said.

The next morning, Xia ruofei received a call from an unknown number. After he picked it up, he said calmly,""Hello, who is this?"

"Mr. Xia, I'm Zheng Yongshou!" Zheng Yongshou's respectful voice came from the phone,"I'm already at San Shan. What can I do for you?"

"Mm! Everything has been handed over clearly!" Xia ruofei smiled and said,"from now on, we'll do the handover on a regular basis. Such a situation will not happen again."

"It's not that serious. It's not a big deal that the winery is closed. Although it's profitable, I still prefer to develop the gastronomic industry!" "Ruofei has to manage such a big company himself," Ling Xiaotian joked,"how can he be with you all day?" He'll be busy with his career every day, and you'll have nothing to do. Won't you feel even more empty?"

“Ruofei is also preparing to leave the company. Our dream is to travel the world!” Ling Qingxue chuckled.

Ling Xiaotian’s eyes widened. He looked at Xia ruofei and asked,””RUO Fei, is what Qingxue said true? You’re not joking, right?”

Xia ruofei was only in his twenties. It was not easy for him to start a business like this. Normally, he would be devoted to the company’s business. Even if he retired at the peak of his career, he was still too young!

Xia ruofei chuckled.”! do have such thoughts, but I can’t completely retire. I only said that I’ll hand over the daily affairs of the company to the professional team. I basically don’t care about the company’s Affairs.”

Ling Xiaotian only regained his senses after a long while and sighed,””Even an old man in his fifties or sixties like me doesn’t dare to dream of retirement. You guys are already living a retirement life in your twenties. This ... Is simply unreasonable!”

“Uncle Ling, we’re all after different things. I’m not that ambitious in my career. I’m sorry to have embarrassed myself.” Xia ruofei said.

Ling Xiaotian waved his hand and said,”everyone has their own aspirations. There’s nothing to laugh about.” To be honest, I’m quite envious of your lives!” Ling Xiaotian then said,”alright!” Qingxue, during this period of time, hand over your work to Vice President Guo! He’ll be in charge of the work you’re in charge of.”

“Alright! Thank you, dad!” Ling Qingxue said happily.

“If other vice presidents had their power cut, they would definitely feel like they were struck by lightning. Only you would be this happy...” Ling Xiaotian said with a bitter smile.

“She’s your daughter!” Ling Qingxue pouted and said,”even if I don’t become the Vice President, I’ll still be the little princess of Ling Ji F & B.”

“Who would say that about themselves?” Xia ruofei couldn’t help but chuckle.”Little princess...Haha!”

“None of your business!” Ling Qingxue glared at Xia ruofei.

Ling Qingxue’s mood was naturally very good now that Ling Xiaotian had relented. She even made an exception and allowed Ling Xiaotian to drink a few more glasses of wine. She also poured some white wine for herself and accompanied Ling Xiaotian to drink a glass.

Naturally, Xia ruofei happily drank with him. The three of them finished their dinner in a very relaxed atmosphere.

After sitting at Ling Xiaotian's house for a while, Xia ruofei got up and left.

Ling Xiaotian even jokingly asked Ling Qingxue if she wanted to leave with Xia ruofei. Ling Qingxue could not help but roll her eyes at her father, then ran straight to the boudoir on the second floor.

Xia ruofei waved goodbye to Ling Xiaotian and left the Ling residence. He walked towards his family's Villa.

On the way, he kept thinking that he had to make arrangements for the peach blossom company as soon as possible.

So, he took out his phone and called Li Yifu. Because of the time difference, it was still morning on Peach Blossom Island, so the call was connected very quickly.

"Senior granduncle!" Li Yifu greeted him respectfully.

"Foster husband, have you contacted Zheng Yongshou? When will he be here?" Xia ruofei asked. "Reporting to grand uncle – Master, I've sent a plane to the airport near the star Seizer sect to pick up Zheng Yongshou. If everything goes well, he should be able to reach the three mountains tonight... No, at the latest, by tomorrow morning." Li Yifu quickly said, "the arrangements at San Shan have been made. He'll settle down first when he arrives, and then he'll familiarize himself with the situation in the secular world with the people from our branch company."

Xia ruofei said, "let's talk about familiarizing ourselves with the situation later. Tell him to contact me as soon as he arrives. I have something for him to do." "Alright, martial granduncle!" Li Yifu quickly said.

The next morning, Xia ruofei received a call from an unknown number. After he picked it up, he said calmly, "Hello, who is this?"

"Mr. Xia, I'm Zheng Yongshou!" Zheng Yongshou's respectful voice came from the phone, "I'm already at San Shan. What can I do for you?" "Foster husband, have you contacted Zheng Yongshou? When will he be here?" Xia ruofei asked. "Reporting to grand uncle – Master, I've sent a plane to the airport near the star Seizer sect to pick up Zheng Yongshou. "mr. xia, i'm zheng yongshou!" zheng yongshou's respectful voice came from the phone, "i'm already at san sham. what can i do for you?"

Xia ruofei nodded in satisfaction and said, "Follow me for the next few days. I'll take you around, and you'll know what you need to do. Also, it's to meet everyone. In the future, the pharmaceutical factory and winery will contact you directly."

"Yes, Mr. Xia!" Zheng Yongshou said respectfully.

In fact, in Zheng Yongshou's view, these things in the secular world were naturally not worth mentioning. How could they be more important than cultivation? Farms, farms, wineries, pharmaceutical factories, and so on were nothing more than to earn some money, and money was meaningless to cultivators.

However, since Xia ruofei had personally arranged for this to be done, the meaning was different.

Even if Zheng Yongshou didn't understand at all, he would still carry it out to the letter.

Xia ruofei continued, "this period of time might affect your cultivation. You need to familiarize yourself with the three mountains first. At the same time, you need to get used to the life in the secular world and learn how to interact with the ordinary people in the

secular world. This includes using mobile phones and some of the technological products in the secular world. In the future, when you get used to it, these specific matters will not take up too much of your time.”

As a cultivator, it wouldn't be too difficult for Zheng Yongshou to adapt to life in the secular world. After all, his spiritual power was much stronger than ordinary people, which meant that his brain development was greater and his learning ability was stronger. For Zheng Yongshou, the difficulty might actually be in dealing with the ordinary people of the secular world. After all, he had basically been cultivating in the sect for the past few decades. Even if he came out, he rarely came into contact with the ordinary people of the secular world. In terms of worldly wisdom, he was much worse than the average person.

“It doesn't matter if it affects my cultivation!” Zheng Yongshou said, “it's my honor to be able to serve Mr. Xia!”

Xia ruofei waved his hand and said, “I've never let my subordinates suffer. So, you don't have to worry about cultivation. I'll compensate you.” In the future, after you've adapted to these daily tasks, you can cultivate on the Peach Blossom Island. Every month, you can take some time to come to the three mountains to deal with some matters. If there are any special circumstances, you can come back at the last minute. The rest of the time, you can cultivate in peace!”

What Zheng Yongshou had to do was nothing more than adding the petal solution of the spirit Heart Flower to the water source of Tao Yuan farm. Every month, he would hand it over to the winery and provide the medicinal factory with the raw materials of Chinese medicine. The rest was to provide Da Hong Pao tea Green tea, Cordyceps, top – grade ginseng, and so on from time to time. After he became familiar with it, he could completely concentrate all these work on one or two days. Even if there were some unexpected situations that needed to be dealt with, he could still have a lot of time to cultivate on Tao Yuan Island every month.

the cultivation environment on the peach blossom island was obviously much better than that of the star seizer sect.

therefore, zheng yongshou was pleasantly surprised when he heard this, and said gratefully, “”mr. xia! thank you! thank you!”

he still didn't know that the highest heaven formation had been added to the peach blossom island, otherwise, he would have been even more surprised, after a luotian formation was embedded in the taixu xuanqing formation, its effect was definitely greater than one plus one. the assistance of the luotian formation to cultivation was really all – round, any cultivator who enjoyed the assistance of the luotian formation would feel that it was boring to go to those paradisiacal lands.

after all, there would be no harm without comparison.

xia ruofei patted zheng yongshou's shoulder and said,"that's all i have to say. go and settle down with president zheng first, in the afternoon, i'll bring you around the various locations of paradise corporation to familiarize you with the situation, you'll be in charge of the management of paradise corporation." "yes! mr. xia!" zheng yongshou said respectfully,"then i'll take my leave!" xia ruofei nodded and said,"keep your phone open, call me if you need anything!" remember to learn more from president zheng and master the life skills of the secular world as soon as possible, don't make a fool of yourself." "i know, don't worry! i will!" zheng yongshou said.

Xia ruofei came to the door personally. Zheng Yi got out of the car when he heard the sound. He quickly walked up to Xia ruofei when he saw him.

"President Xia, are you done with your discussion?" Zheng Yi asked with a smile.

Xia ruofei nodded and said,"sorry to keep you waiting, President Zheng!" i'll have to trouble you to take old Zheng to settle down first. I'll take him to the company in the afternoon."

"Alright! Alright!" Zheng Yi quickly said,"director Xia, Mr. Zheng has us to take care of him. Don't worry! Should i send him to paradise Corporation in the afternoon or..."

"Let's go to the entrance of my neighborhood! It's two in the afternoon!" Xia ruofei said.

"Alright! No problem!" Zheng Yi said,"director Xia, then... If you don't have any other instructions, we'll take our leave."

"Yes, thank you for your hard work!" Xia ruofei said with a smile.

"You're too kind!" Zheng Yi said.

Xia ruofei stood at the entrance of the courtyard and waved at Zheng Yi and Zheng Yongshou. He only turned around and returned to the courtyard after the car started to leave.

Ling Qingxue had gone to the company with Ling Xiaotian in the morning. Some of the specific work she had on hand would be handed over in the next two days. By then, she would only retain the nominal position of the company's director. She basically didn't have to manage any Affairs and could be said to be completely free.

The handover of work was also quite complicated, especially since the work she was in charge of was more important. So, Ling Qingxue did not come back in the afternoon and had lunch directly at the company.

Alone, Xia ruofei made some noodles for a simple meal and went upstairs to take a nap..

He wanted to visit Song Qiming to see how his cultivation was going. However, he thought that Song Wei would be back after she was done with her school matters. Hence, he decided to visit her only after she was back.

In the afternoon, Xia ruofei drove the eye – catching Knight XV off – Road car out of the villa district. As soon as he reached the entrance, he saw the black Mercedes – Benz that Zheng Yi had driven in the morning. Zheng Yi and Zheng Yongshou were waiting by the side of the road.

Zheng Yi had obviously done his homework in advance and knew that the Knight XV was Xia ruofei’s car. He pulled Zheng Yongshou and said, ”Mr. Zheng, President Xia is here!”

The two of them quickly came forward.

Xia ruofei stopped the car slowly, rolled down the window and said, ”Elder Zheng, get in the car!”

Then, he smiled at Zheng Yi and said, ”thank you for your hard work!” President Zheng!”

“You’re welcome!” Zheng Yi quickly replied. This is my job! President Xia, do I still have to pick Mr. Zheng up from here?”

“There’s no need to. Elder Zheng can go back by himself!” Xia ruofei said after a moment of silence.

He had to go to the company, the pharmaceutical factory, the farm, and many other places today. He might not even be able to finish it in an afternoon, and the time was not accurate. In addition, Zheng Yongshou should also train his basic life skills. He didn’t expect him to immediately learn how to book an online taxi or something, but at least it shouldn’t be difficult to learn how to hail a taxi by the side of the road and pay for the fare with cash.

“Then ... Alright!” Zheng Yi said, ”call me if you need anything!”

“Mm! If there’s anything, I won’t be polite with President Zheng.” Xia ruofei said with a smile.

He bade Zheng Yi goodbye and drove straight to paradise Corporation.

Xia ruofei arrived at the peach blossom mansion with ease. The parking space reserved for the chairman was empty. After he parked the car, he took Zheng Yongshou to the elevator and went upstairs.

The elevator door opened with a ‘ding’. As soon as Xia ruofei stepped out, he saw Feng Jing standing at the elevator door, looking at him with a faint smile.

Xia ruofei was not surprised by Feng Jing’s timely appearance. His Knight XV SUV was too eye – catching. Everyone in the company knew about this car. As soon as he entered the company, the security guard would definitely call the president’s office.

This time, he had disappeared for two to three months. Xia ruofei felt a little apologetic. He laughed dryly and greeted,””Sister che, long time no see ...”

Feng Jing looked at Zheng Yongshou, who was half a body’s length behind Xia ruofei. He didn’t give Xia ruofei any face since there were outsiders.

“Chairman, it’s been a long time indeed ...” She said with a smile.”! thought you’d forgotten you have a company!”

“I was delayed by some personal matters ...” Xia ruofei laughed dryly and continued,””Let’s go! Let’s talk in my office!”

After he finished speaking, he quickly walked towards the office. Zheng Yongshou naturally followed behind him. Feng Jing looked at Xia ruofei’s back helplessly before quickly following him.

Although he hadn’t been here for two or three months, the office was still spotless. It was obvious that someone was in charge of cleaning it every day.

Xia ruofei went straight to the reception area after entering the house. He skillfully set up the tea set, drew water, boiled water, and then found tea leaves from the tea cabinet at a constant temperature.

“Chairman,” Feng Jing couldn’t help but say,”don’t be in such a hurry to make tea. I still have a lot of work to report!”

Xia ruofei smiled and took out a small packet of tea leaves. He cut open the package and poured it into the teapot. Then, he said,”No hurry! Don’t worry, I’ll introduce you guys first!”

Xia ruofei spread his hands and said,"go ahead!" What's the condition?"

Feng Jing had come to paradise Corporation when it was still in its early stages. It could be said that Feng Jing's contributions to paradise corporation's current development were no less than Xia ruofei's. Moreover, the two of them had a very good personal relationship. Hence, when Feng Jing proposed a condition, Xia ruofei had to at least listen to it. If it was not too difficult, he would not reject it.

Feng Jing said,"it's simple. I hope you can keep your position as the chairman, even if it's just an honorary title. Paradise Corporation only has one Chairman, and that's you. Unless you sell all your shares one day."

Xia ruofei smiled bitterly and said,""Sister che, what's the point of this? To be honest, i made this decision because I don't have the energy to manage the affairs of paradise Corporation in the future. Actually... I'm really busy. i believe that you've tried to contact me in the past two to three months, right? Is it because you can't contact me on my phone or WeChat?"

Xia ruofei had been in space and on the mystic Luna realm all this time. It was impossible to contact him on mobile or WeChat.

"I know..." Feng Jing said."I simply hope that you can keep this position. That way, you'll at least have a connection with paradise Corporation, and not just a cold stock."

Xia ruofei had wanted to give up his position as the chairman and appoint Feng Jing as the chairman. This way, his identity would be equivalent to that of a simple investor.

If this was in other companies with more complicated equity structures, it might be very difficult to do. However, in paradise Corporation, Xia ruofei held the majority of the shares. Such a decision could be made with just a word from him and it could be easily achieved.

However, after hearing Feng Jing's words, Xia ruofei pondered for a moment and nodded."Alright..."

Feng Rao finally smiled and said,"Then it's a deal, you can't go back on your word!"

"Don't worry! Since I've agreed, I naturally can't go back on my word." Xia ruofei smiled and said,"sister che, I haven't been back to the company for a long time. Don't you have a lot of work to report? Let's just say it together! I'll also make one last decision in the company, and you can decide on these things yourself in the future."

"Actually, it's not really an emergency, except for the pharmaceutical factory ..." Feng Jing said.

"What's wrong with the pharmaceutical factory?" Xia ruofei asked.

"After the branch factory started production, the production capacity of the pharmaceutical factory increased a lot. However, the supply of raw materials is a little lacking." Feng Jing said,"although we've been mobilizing the surrounding villagers to plant Chinese herbs, they have a growth cycle, after all. That's why the pharmaceutical factories don't dare to produce them at full capacity, especially those for autism. There's a huge demand for them on the market now, and many hospitals are waiting in line for our medicine. Manager Xue is also very anxious and comes to look for me every few days. I couldn't contact you either, right?" We can only let them find their own ways to expand the raw material channels and solve the problem on their own. However, this also requires time..."

Xia ruofei nodded and said,"yes!" It would be best if we could solve the problem on our own!"

"We're used to relying on you," Feng Rao said with a bitter smile."That's why the pharmaceutical factory didn't pay much attention to it even though they know that raw materials are very important. Otherwise, they wouldn't have started to worry about it so urgently. In the future, we must change our mentality. We must change our mindset from the management level!"

Xia ruofei chuckled."It's not that serious ... Tell the pharmaceutical factory that I've solved the problem of the raw materials for them this time. In the future, I'll supply the pharmaceutical factory with a batch of Chinese medicinal herbs every month through elder Zheng. At least with the current production capacity, it should be enough for their needs. But as you said, they still need to have a sense of urgency and must pay great attention to the construction and maintenance of raw material channels. Otherwise, when they want to expand production in the future, they'll be caught off guard again. It's impossible for me to continuously increase the supply of raw materials without limit." "Understood!" Feng Rao said,"it's already very good that we can solve the urgent situation this time. Moreover, you can provide me with the raw materials once a month. At least, the pharmaceutical factory won't have any worries in the near future."

Feng Jing couldn't help but reveal a bitter smile. She spread her hands and said, "Chairman, you see ... We're still used to relying on you, aren't we? As long as you're back, no matter how troublesome the problem is, it will be solved immediately..."

Xia ruofei chuckled. "I believe in your abilities and the potential of Paradise Corporation. The future is promising. Even if I don't get involved in the company's Affairs anymore, I'm still a major shareholder of the company! I have a share of every cent you guys earn, and my share takes up the majority!" "It's good that you still remember this!" Feng Rao said. Chairman, don't really ignore the Paradise Corporation. In the future, when you're at San Shan, you must come to the company when you're free. You're not only our Chairman, you're also our spiritual leader!"

Xia ruofei waved his hand and smiled. "Spiritual leader is a little too much of an exaggeration, but regarding the company's matters, I would've done so even if you didn't mention it. I also have deep feelings for Paradise Corporation, but I really can't attend to many things at once.. I can only trouble everyone!"

Feng Jing nodded helplessly. She knew that once Xia ruofei had made a decision, it would be hard for others to change it. Hence, she did not want to waste her efforts.

Feng Jing felt dejected when she thought about how she might not have many chances to meet Xia ruofei in the future.

After adjusting her emotions, Feng Jing raised her head and said, "Chairman, it's mainly the pharmaceutical factory that's in a hurry. Let's just talk about the other things during the meeting! Since you've made this decision, you must personally explain it to the company's management. Do you think we should gather everyone for a meeting this afternoon?"

Xia ruofei nodded and said, "hmm, I think it's doable ... Considering that the pharmaceutical factory is quite far away, then ... We'll have a meeting in the Board of Directors' meeting room in an hour!" "I'll personally explain the situation to everyone and make it clear that you'll be fully in charge of the company's work."

In Paradise Corporation, the person Xia ruofei trusted the most was Feng Jing, who was now the CEO of Paradise Corporation. Since Xia ruofei was no longer the CEO, it was expected that the CEO would be in charge of all the work.

“Alright, I’ll inform everyone right away,” Feng Rao nodded. Chairman, Mr. Zheng, I’ll take my leave first.”

“Mm! Sister che, you’ve worked hard!” Xia ruofei nodded.

Zheng Yongshou also nodded at Feng ke. Zheng Yongshou had seen the conversation between Xia ruofei and Feng Jing. To be honest, he didn’t think much of it. It was just a business in the secular world. He didn’t think it was necessary for Xia ruofei to make such detailed arrangements. Not to mention that the Paradise Corporation was far from being a giant company, even the world’s top 500 and the world’s richest people were not attractive to cultivators.

But out of respect for the master, Zheng Yongshou didn’t say anything. He just watched quietly. Even if he didn’t understand, he wouldn’t question Xia ruofei’s decision.

After Feng Jing left, Xia ruofei stood up, walked to his desk, and sat down. At the same time, he gestured for Zheng Yongshou to sit on the chair opposite his desk.

“Elder Zheng, you’ll be in charge of the liaison work with the Paradise Corporation in the future.” Xia ruofei said, “there’s some time now. I’ll introduce you to the situation of paradise Corporation and the specific work you’re in charge of. I’ll also emphasize some things to take note of. Even if you don’t understand it for now, you can remember it in your heart.”

“Yes, Mr. Xia!” Zheng Yongshou quickly replied.

Hence, Xia ruofei used the one hour before the meeting to introduce the settings of some departments, the basic situation of the management, and the main business situation of paradise Corporation to Zheng Yongshou. Xia ruofei also emphasized a few things to pay attention to regarding the few aspects that Zheng Yongshou needed to show up in.

The main thing was not to expose the identity of a cultivator, and not to use the means of a cultivator at will. They had to do things within the rules and legal framework of the secular world as much as possible. Other than that, there were some things that had to be done secretly, such as adding the spirit Heart Flower petal solution to the water source of Tao Yuan farm. Xia ruofei repeated the details.

Zheng Yongshou didn’t really understand some things about paradise Corporation, but he still strictly followed Xia ruofei’s requirements and rote down all the information that Xia ruofei had introduced. In the future, when he slowly familiarized himself with the situation, he would naturally understand.

For cultivators, remembering such a small amount of information was naturally nothing.

Very quickly, an hour had passed. Feng Jing personally came to Xia ruofei’s office and smiled.” “Chairman, everyone’s here.”

Xia ruofei stood up and said, "Good! Then let's go to the meeting! Elder Zheng, you should come along!"

"Yes, Mr. Xia!" Zheng Yongshou quickly bowed and said.

Zheng Yongshou's respectful attitude made Feng Jing a little curious. To an elite who had returned from overseas and received a modern education, Zheng Yongshou's attitude was a little too respectful, even a little flattering.

Xia ruofei took the lead, with Feng Jing and Zheng Yongshou following behind. They soon arrived at the board meeting room on the same floor.

the company's management had all arrived, including the administrative vice president Dong Yun, the pharmaceutical factory's director Xue Jinshan, and so on. They were all waiting in the conference room.

When everyone saw Xia Ruofei, they all stood up and greeted the elusive chairman.

Xia Ruofei came to the front and made a gesture of pressing down, he smiled and said, "Everyone has worked hard during this period of time, please take a seat!"

After he finished speaking, Xia Ruofei sat down, everyone waited for him to sit down before taking their seats.

Feng Jing had already arranged the seats in advance, there was an empty seat on both sides of Xia Ruofei. Feng Jing sat on Xia Ruofei's right side, while the seat opposite Feng Jing was naturally reserved for Zheng Yongshou.

That was originally Dong Yun's seat, but now that she had given it up, Dong Yun moved back one seat to sit beside Feng Jing. Naturally, everyone else's seats also moved back one seat, however, this was Feng Jing's arrangement, so no one had any objections, they were just curious about Zheng Yongshou, who was the first person after the CEO.

when everyone saw Xia Ruofei, they all stood up and greeted the elusive chairman.

xia ruofei came to the front and made a gesture of pressing down, he smiled and said, ”everyone has worked hard during this period of time, please take a seat!”

after he finished speaking, xia ruofei sat down, everyone waited for him to sit down before taking their seats.

feng jing had already arranged the seats in advance, there was an empty seat on both sides of xia ruofei. feng jing sat on xia ruofei’s right side, while the seat opposite feng jing was naturally reserved for zheng yongshou.

that was originally dong yun’s seat, but now that she had given it up, dong yun moved back one seat to sit beside feng jing. naturally, everyone else’s seats also moved back one seat, however, this was feng jing’s arrangement, so no one had any objections, they were just curious about zheng yongshou, who was the first person after the ceo. zheng yongshou’s respectful attitude made feng jing a little curious, to an elite who had returned from overseas and received a modern education, zheng yongshou’s attitude was a little too respectful, even a little flattering, xia ruofei took the lead, with feng jing and zheng yongshou following behind, they soon arrived at the board meeting room on the same floor.

The company’s management had all arrived, including the Administrative Vice President Dong Yun, the pharmaceutical factory’s director Xue Jinshan, and so on. They were all waiting in the conference room.

When everyone saw Xia ruofei, they all stood up and greeted the elusive Chairman.

Xia ruofei came to the front and made a gesture of pressing down. He smiled and said, ”Everyone has worked hard during this period of time. Please take a seat!”

After he finished speaking, Xia ruofei sat down. Everyone waited for him to sit down before taking their seats.

Feng Jing had already arranged the seats in advance. There was an empty seat on both sides of Xia ruofei. Feng Jing sat on Xia ruofei’s right side, while the seat opposite Feng Jing was naturally reserved for Zheng Yongshou.

The meeting room gradually quieted down. Everyone looked at Xia ruofei with worry. Those present were all part of paradise corporation's management, so they more or less knew some inside information. They knew that the company's "core technology" was in Xia ruofei's hands. If Xia ruofei were to withdraw and no longer care about the company's Affairs, then even though paradise Corporation was thriving with endless potential, it would decline in the blink of an eye.

However, Xia ruofei's next words quickly dispelled everyone's concerns.

Xia ruofei smiled. "Everyone, don't worry about the company's development. Although I'm no longer involved in the company's management and operation, I'll still provide the support that the company needs unconditionally. Also, I'll keep my position as the chairman, but I won't be involved in the company's Affairs. Also, since everyone is here today, I'll announce another appointment!" Xia ruofei then pointed at Zheng Yongshou and said, "This is Zheng Yongshou, Mr. Zheng. From today onwards, he will be the Director of the Board of Directors. Of course, Mr. Zheng will not participate in the company's management Affairs as the Director of the Board of Directors. He is only responsible for coordinating and contacting people. In the future, he will be fully responsible for the business that requires my technical support. This appointment will not involve the work of the lower – Level employees, so it will not be announced publicly, nor will it be issued by email. Everyone here can just keep it in mind."

They were all elites who had been in the workplace for many years. They understood immediately that Xia ruofei was trying to reduce his influence in the company and leave the company.

At first, everyone thought that Xia ruofei had only withdrawn from the company on the surface. In reality, he had arranged for his trusted aides to enter the company and hid himself to be the Emperor who controlled everything remotely.

The situation was obviously different from what everyone had imagined. Xia ruofei's position as the chairman had become an honorary position, so Zheng Yongshou, the Director of the Board of Directors, naturally had no real power. Moreover, Xia ruofei had clearly stated that Zheng Yongshou's only job as the Director of the Board of Directors was to communicate with others. To put it bluntly, it was a link between Xia ruofei and the company. He would not be involved in any other Affairs, so naturally, there was no possibility of separation of power.

Zheng Yongshou stood up and slightly bowed to everyone, saying, "Please take care of me in the future."

He sat down after he finished speaking, giving off a silent feeling.

Xia ruofei said, "I won't say anything unnecessary. Everyone, just do as usual and don't affect your work. Your respective areas and reporting relationships will remain the same." Of course, how we're going to make the next adjustments will be up to you, CEO Feng. I don't want to know at all, haha!"

The higher – ups in the meeting room couldn't help but look at Feng Jing with respect.

In the past, Feng Jing was Xia ruofei's absolute confidant and had a lot of say in paradise Corporation. Now that Xia ruofei had completely given up his power, Feng Jing could be said to be the true helmsman of the company. It was no exaggeration to say that Feng Jing could even decide the fate of the Vice President of the administrative department, Dong Yun, with a single word.

Of course, everyone knew that this situation would not last long. Feng Jing wasn't Xia ruofei. Xia ruofei had absolute control over the company, so this wouldn't be a problem. However, Feng Jing wouldn't allow this to happen to avoid suspicion. If everything went well, she would soon form a team with the Board of Directors as the core.

But no matter what, from today onwards, Feng Jing's position in paradise Corporation had clearly risen by a large margin.

After Xia ruofei finished, he said in a carefree manner, "Alright, if there's nothing else, let's end the meeting! Leave Kanayama behind."

The company's senior officials stood up and left the meeting room, leaving Feng Jing, Zheng Yongshou, and Xue Jinshan behind.

Xue Jinshan's face revealed a trace of reluctance. He walked forward and said, "President... You ..."

Xue Jinshan had been personally recruited by Xia ruofei. As soon as he entered the company, he had been busy with the establishment of Tao Yuan pharmaceutical factory and the development of autism drugs. Later, due to his outstanding performance, Xia ruofei had appointed him as the factory director. Now, the pharmaceutical factory had a lot of power in Tao Yuan company and he had become an important senior management of the company. All of this was given to him by Xia ruofei.

It could be said that in his heart, he was different from the other high – ranking officials. Other than Feng Jing, he felt that he was Xia ruofei's closest relative. Hence, Xia ruofei's decision today had a huge impact on him.

Xia ruofei smiled and waved his hand. "Jinshan, there's no need to say so much. Do a good job in the pharmaceutical factory. Chief Feng also has high hopes for you. Even if I'm not in the company in the future, you can't drop the ball, understand?"

“Don’t worry about that! Chairman, the company has given me everything I have today. I will do my best to repay the company!” Xue Jinshan quickly expressed his determination.

Xia ruofei nodded and said, “yes!” I believe in your ability, but you still have to continue to be more proactive in the future. The matter of the raw materials this time should have given you an alarm. I remember that I emphasized the importance of raw material channels in the past, but you never really paid attention to it. When the production line of the sub – Plant started to work, the problem of raw materials immediately became prominent! Although I can provide you with most of the raw materials you need at the moment, you must still pay attention to this work in the future. I can tell you that I won’t be providing you with more raw materials in the future.. If we expand our production in the future, you’ll have to solve the problem of raw materials by yourself!”

Chapter 3512 - 3512: Going into battle lightly (2)

Xue Jinshan couldn’t help but break out in a cold sweat. He quickly said, “Yes! Chairman, this is my negligence, I ask for punishment! Such a situation will never happen again in the future. From tomorrow onwards, I will personally run the channels! Right, I have another idea. There’s a land transfer in Changping County, and the company’s cash flow is quite abundant now. Do you think we can rent a piece of land and grow our own Chinese medicinal herbs? This way, we’ll be able to control a portion of the raw material channels and the price won’t be restricted by others!”

After Xia ruofei heard this, he couldn’t help but secretly nod. It was obvious that Xue Jinshan had reflected on the problem of raw materials.

This was also one of the reasons why he valued Xue Jinshan. Although Xue Jinshan was from the medical profession, he was very active in thinking. He also had a lot of ideas about business management and was willing to use his brain.

However, Xia ruofei had no interest in these things. He laughed and said, “”You don’t have to tell me about this. You can report it directly to President Feng. Don’t forget that I’m no longer in charge of this ...”

Feng Rao didn’t know whether to laugh or cry. “Chairman, you ... This is your own company! Why do I feel like you can’t wait to get rid of the burden? After this meeting, you’re going to be a hands – off shopkeeper!”

Xia ruofei laughed and said, "why not?" I've been waiting for this day for a long time, okay? Now, I can finally push all the trouble to you!"

Feng Rao and Xue Jinshan could not help but look at each other and smile bitterly.

However, Feng Rao quickly told Xue Jinshan, "Factory manager Xue, that's a good idea. Take the time to form a text and consider all aspects of the problem, including the local land transfer policy, land acquisition compensation standards, the size of the plantation, the total investment budget, and the expected production, etc. As detailed as possible. You report to me first, and then we will hold a management meeting for a collective discussion! If there's no problem, then quickly implement it!"

Feng Jing had already started to avoid arousing suspicion. Although Xia ruofei had given her a lot of autonomy, she still tried her best to make decisions as a group when it came to the use of large funds and adjustments to the company's strategy.

"Alright!" Xue Jinshan quickly replied. I'm already working on the relevant proposal, and it should be perfected soon!"

Xia ruofei smiled and said, "Okay, okay. You can discuss these work matters after you go down." Jinshan, I've only asked you to stay for one thing today, and that's the matter of the raw medicinal herbs. I heard that you're running out of rice to put into the pot? I'm here to send you charcoal in the snow!" "Thank you, Chairman!" Xue Jinshan said excitedly.

Xia ruofei waved his hand and said, "elder Zheng will be in charge of the raw materials in the future. It's also part of his job." In the future, he'll hand over a batch of medicinal ingredients to you every month! You two exchange contact information first. This batch of medicinal herbs will be handed over to the previous warehouse at 8 am tomorrow! Is there a problem?"

"No problem! No problem!" Xue Jinshan hurriedly said.

Then he quickly said to Zheng Yongshou, "Director Zheng, sorry for the trouble! Please take care of me in the future!"

After he finished speaking, he stretched out his hands towards Zheng Yongshou.

Zheng Yongshou shook Xue Jinshan's hand and squeezed out a smile, "Factory manager Xue, you're too kind. This is my job! I hope we can work together happily in the future!"

Zheng Yongshou was still not used to the polite way of communication in the secular world, but he was already trying to adapt.

"Happy cooperation! Happy cooperation!" Xue Jinshan said.

Then the two exchanged contact information. Xue Jinshan had a business card, but Zheng Yongshou naturally didn't. There was only a phone number and WeChat, which Zheng Yongshou saved seriously. After adding each other as friends on WeChat, he excitedly left.

Xia ruofei heaved a sigh of relief. Feng Rao, who was beside him, could not help but laugh and say, "You've finally gotten rid of all your burdens. You feel relaxed, right?"

"Is it really that obvious?" Xia ruofei chuckled.

Feng Rao and Zheng Yongshou both nodded seriously. Xia ruofei kept his smile and said seriously, "Alright! Then I'll be more serious!"

Feng Rao laughed and said, "alright!" Stop pretending ... Chairman, I still have something to report to you ..."

"I've already..."

"Listen to me first! I need to ask for your opinion on this matter!" Feng ke said.

Xia ruofei said, "alright!" You say, you say..."

"You're giving me all the decision - making power of the company. I feel like I'm carrying too much on my shoulders. What if I don't manage the company well..." Feng Jing said. "So, I think that from now on, some important matters should be discussed by the Board of Directors before they decide together! I think I need to make some adjustments to the Board of Directors ..."

Xia ruofei waved his hand and said with a faint smile, "Sister ran, you're not afraid of carrying a heavy burden, but you want to avoid suspicion!"

"No..." Feng Jing said weakly.

"There's really no need for that. Since I'm handing the company over to you, it means that I trust you, your ability, and your character ..." Xia ruofei said.

"I know, but... For a company to develop healthily, it's best to work together on important decisions." Feng Jing replied seriously, "I can't even guarantee that every decision I make is right. People always make mistakes!"

Xia ruofei said helplessly, "alright!" If you think this is a good model, then we'll do it according to your ideas ... How about this! I appoint you as the Vice - Chairman of the company and you will be in charge of the Board of Directors!" Feng Rao hesitated for a moment before saying, "sure!" I'll be drafting a company constitution for the Board of Directors in the next two days, and I'll ask you to approve it... You won't be leaving the three mountains in two or three days, will you?"

“I don’t think so!” Xia ruofei said, “then it’s decided. Sister ran, you should hurry up!”

If Feng Rao wanted to draft this article, she would definitely need Xia ruofei’s signature. Otherwise, she would be both an athlete and a referee. Xia ruofei also knew that Feng Jing’s article would determine paradise corporation’s future operation model. It would be perfectly justifiable for him to personally sign and issue it. In this way, he would not need to be involved in the daily management of the company in the future.

“Alright, I’ll try my best...” Feng Jing nodded. “Chairman, do you have any other plans this afternoon?”

Xia ruofei said, “I still have something to do with elder Zheng. I won’t be staying in the company. Sister ran, you can go and do your work!”

Feng Rao’s heart felt empty, but she still pretended to be relaxed. She squeezed out a smile and said, “Alright! I’ll send you guys off!”

the group walked out of the board meeting room, turned a corner, and arrived at the elevator reserved for senior executives, Feng Jing pressed the elevator door open and forced a smile. “the elevator is here, chairman, then ... goodbye!” Xia ruofei led Zheng Yongshou into the elevator, the moment before the door closed, he pressed the elevator door and said with a smile, “sister ran, don’t look so serious! it’s not like we’re going to say goodbye forever...”

“pei pei pei! you’re not allowed to jinx us!” Feng Rao quickly said.

“hahaha! what I mean is that I’ll come to the company every now and then to give you more autonomy, I just hope that the company can develop smoothly, so that you don’t have to ask me for instructions and miss the opportunity when you can’t contact me ...” Xia ruofei said casually, “besides, don’t we live in the same community? we’ll have many more chances to meet in the future!”

Feng Rao’s mood improved after hearing Xia ruofei’s words, she smiled and said, “I know! you should get busy! I have to go and make a plan!”

then, she waved at Xia ruofei and turned to walk towards her office..

Xia ruofei and Zheng Yongshou left the Tao Yuan building. However, he did not go to the Tao Yuan farm immediately. Instead, he drove the Knight XV SUV to the warehouse in the city that he had bought.

Xia ruofei parked his car in front of the warehouse and took out the warehouse key from the spirit map space. As he opened the door, he said, "Elder Zheng, you have to remember the location of this warehouse. You should come here often in the future. Whether it's the raw materials of Chinese medicine or the Drunken Eight Immortals wine, this warehouse will be the transfer point for the handover."

"I understand, Mr. Xia!" Zheng Yongshou said respectfully.

Xia ruofei opened the warehouse door and walked in first. Then, he signaled Zheng Yongshou to lock the door from the inside.

He directly took out a storage ring from the spirit map space, erased his own spiritual imprint, and handed it to Zheng Yongshou.

Zheng Yongshou was stunned for a moment, then he quickly waved his hand and said, "Mr. Xia, this is a storage ring, right? It's too precious, I don't dare to take it!"

If it were a few months ago, a storage ring would indeed be more precious to Xia ruofei. However, his vision was much higher now. In the mystic Luna realm's trial tower, he and Ling Qingxue had already obtained several storage rings. These storage rings were nothing more than loading tools used to store rewards. They were not even rewards.

Xia ruofei also knew that in the eyes of those powerful cultivators, storage rings were nothing. They were just ordinary tools. Thus, his standards naturally became higher.

Xia ruofei smiled. "Elder Zheng, this is for your work. If you don't take a storage ring, how are you going to complete the transfer and exchange of goods?" Zheng Yongshou couldn't help but be stunned.

That's right! By then, Xia ruofei would probably spend most of his time on Peach Blossom Island, and he would have to bring supplies from Peach Blossom Island to the three mountains every month. These supplies included a huge amount of Chinese medicinal herbs and large jars of fine wine. If he were to transport them by plane, it would be very troublesome. Moreover, he still had to hand over the new wine to Xia ruofei. Was he supposed to transport them back by air?

Therefore, storage rings were an essential tool for this job.

Xia ruofei smiled and passed the storage ring to Zheng Yongshou, saying, "Hurry up and take it!"

Zheng Yongshou then hesitantly took the storage ring and carefully held it in his hand, for fear of breaking it.

Xia ruofei couldn't help but find it funny when he saw him like this.

Xia ruofei said, "don't worry!" With your cultivation, even if you wanted to destroy this storage ring, you wouldn't be able to do it! What are you still doing? Hurry up and recognize me as your master!"

"Oh! Yes, sir!" Only then did Zheng Yongshou come back to his senses and hurriedly recognized the storage ring as his master.

Xia ruofei said calmly, "this ring contains the Chinese medicinal herbs that will be handed over to the pharmaceutical factory. Come over earlier tomorrow morning and take the medicinal herbs out of the storage ring. Then, wait until eight o'clock to hand over the herbs to the pharmaceutical factory." In the future, whether it's medicinal herbs, white wine, Cordyceps, truffle, tea leaves, or anything else, use this method to transport and hand over, understand?" "Understood!" Zheng Yongshou quickly said.

He used his spiritual power to scan the ring and found that it was filled with Chinese medicinal herbs.

In reality, Xia ruofei had already considered the possibility of a shortage of medicinal ingredients in the pharmaceutical factory. Thus, two days ago, he had asked Xia Qing to bring the free labor to the mountain sea realm's medicinal garden to harvest the medicinal herbs with all her might. Xia Qing personally led a small group of people to carry out the follow-up processing, so the Chinese medicinal herbs in the storage ring were all processed. They could directly put it into production after taking it from the pharmaceutical factory.

Zheng Yongshou suddenly realized that in addition to a large amount of Chinese medicinal herbs, there was also a crystal with rich spiritual Qi. He couldn't help but be stunned for a moment, then quickly took out the crystal and handed it to Xia ruofei while saying, "Mr. Xia, there's another piece here ..." "These are spirit crystals. They help with cultivation." Xia ruofei said indifferently, "this time, transferring you from the star Seizer sect to the secular world will definitely affect your cultivation, especially since the spiritual Qi here is very chaotic and violent. You can't cultivate at any other time except for midnight and dawn. So, I've prepared a spiritual crystal for you. This way, you can more or less make up for it."

"Master!" Zheng Yongshou quickly replied. How could this be allowed? It was a subordinate's duty to serve the master, so how could he ask for compensation? Master, you should quickly take it back!"

Although Xia ruofei had so many spiritual crystals that he couldn't use them all up, and he even disliked elemental crystals, let alone spiritual crystals with lower spiritual Qi

content, there was no doubt that spiritual crystals were very precious to cultivators like Zheng Yongshou.

From Zheng Yongshou's point of view, serving his master was a matter of course, so how could he dare to ask for any compensation? In his anxiety, he had forgotten that Xia ruofei had ordered him to address him as Mr. Xia instead of 'master'. The word 'master' had escaped his mouth.

Xia ruofei smiled."Spiritual crystals aren't that precious. Besides, you call me master. As your master, I'm giving you something.. Are you going to reject it?"

Next chapter will be on this website. Come back and continue reading tomorrow, everyone!

"Your subordinate wouldn't dare, but..." Zheng Yongshou lowered his head.

Xia ruofei interrupted Zheng Yongshou's words and said,""Since you don't dare, then keep it! Also, even though you're only following my orders because of the soul seal, I've never, nor am I used to treating people as servants. So in my eyes, you're just an ordinary subordinate. You don't have to be so careful in front of me. As long as you're loyal, you'll definitely have a better future than when you were cultivating in the heart excising sect!"

Zheng Yongshou was so touched that tears welled up in his eyes. He said in a trembling voice,""Master, please rest assured. This subordinate is willing to bow and die for master!"

Although Zheng Yongshou was loyal to Xia ruofei because of the soul seal, the soul seal would not make a person lose his mind. In fact, both Zheng Yongshou and Luo Qingfeng were normal cultivators who could think independently. It was just that when they faced Xia ruofei, they could not help but have the thoughts of obedience and worship. Thus, Zheng Yongshou could naturally tell good from bad, and he could see that Xia ruofei did not treat him as a slave.

Xia ruofei nodded and said,"alright, just call me Mr. Xia from now on." You have to make it a habit, or else you might call me by the wrong name in front of others!"

"Yes! Mr. Xia!" Zheng Yongshou quickly said.

Xia ruofei threw the key to the warehouse to Zheng Yongshou and said, "I'll leave the key to you in the future! I wouldn't have come here if there wasn't anything important."

"Understood!" Zheng Yongshou said.

The task that Xia ruofei gave him was not complicated. If he did not have to adapt to the life in the secular world, it would be easy for him. It was such a simple task, but Xia ruofei was still considerate of him. He allowed him to cultivate on the Peach Blossom Island and even gave him precious spiritual crystals. He was very touched.

Xia ruofei continued. "Oh, right. When you store and retrieve items from the storage ring in the warehouse, you must be careful to avoid people's eyes and ears. After all, if people from the secular world accidentally see you, it will be a bit shocking."

"Your subordinate will take note!" Zheng Yongshou said.

Xia ruofei smiled and said, "alright!" Next, I'll take you to the Peach Blossom Farm. It's getting dark, so it'll be more convenient!"

The two of them went out together, and Zheng Yongshou deftly locked the warehouse door. Xia ruofei sat in the driver's seat, and Zheng Yongshou hurriedly climbed into the car as well. His movements were a little clumsy, and he was still a little unaccustomed to these modern vehicles.

Xia ruofei started the car and looked at Zheng Yongshou. He smiled and said, "After you've settled down here, let Zheng Yi arrange for you to learn how to drive and get a driver's license. It'll be much more convenient for you in the future. After all, you often have to come to the warehouse alone."

"Okay, Mr. Xia, I'll tell President Zheng when I get back and try to get the car as soon as possible ..." Zheng Yongshou said.

"A driver's license, it's a driving license!" Xia ruofei said, "you can only drive on the road legally if you have a driving license!"

Xia ruofei believed that with the intelligence of cultivators, it would be very easy for Zheng Yongshou to learn how to drive. After learning the basic operations, he would be able to drive very quickly. After all, the reaction speed of cultivators was much faster than ordinary people. However, Xia ruofei still hoped that Zheng Yongshou could follow the normal path to learn how to drive and get a driver's license. He had to make Zheng Yongshou learn to abide by the laws and rules of modern society under the subtle influence of his teaching.

Zheng Yongshou naturally would not compromise Xia ruofei's orders. He nodded and said, "I understand. Don't worry, Mr. Xia. I'll definitely follow the rules of the secular world and won't act recklessly."

Xia ruofei nodded and said seriously, ”Mm! This is very important. Once I find out that you’re doing evil in the secular world, i’ll cripple you without hesitation! You Must Remember This!”

When Xia ruofei said this, he added a trace of spiritual power of the spiritualization realm. In addition to the suppressing effect of the soul seal, Zheng Yongshou couldn’t help but tremble. Instantly, an unforgettable seal formed in his mind. He quickly said, ”Yes! This subordinate will definitely remember your order! I won’t dare to disobey!”

Xia ruofei was well aware that if a cultivator was not bound, he could cause a lot of destruction in the secular world, especially when Zheng Yongshou was dealing with people from the Paradise Corporation. So he had to give a heads up in advance. Otherwise, if something really happened, it would be too late for regrets.

Xia ruofei was very satisfied with Zheng Yongshou’s attitude. He started the car and drove in the direction of the expressway.

At this time, the sky was gradually getting dark, and San Shan city had entered the rush hour, so the car was moving very slowly on the ring road. However, Xia ruofei was not in a hurry. He slowly drove the Knight XV in the traffic and only picked up speed when they entered the expressway around the city.

About half an hour later, Xia ruofei had entered the borders of Changping County.

He drove in the direction of Taoyuan farm with ease, but he didn’t drive directly into the farm. Instead, he found a quiet place two or three kilometers away from the farm and parked the car.

“Get out of the car!” Xia ruofei turned off the engine and said as he opened the door, ”I don’t want to alert the farm people.. I’ll bring you there on my sword!”

“Yes!” Zheng Yongshou said.

After the two of them alighted, Xia ruofei immediately took out the blue travel immortal sword and grabbed Zheng Yongshou onto the flying sword. He then silently activated the sword Art. Suddenly, a sword light streaked across the night sky, and in the blink of an eye, the two of them had arrived above the Paradise Farm.

Now that the expansion of Tao Yuan farm had been completed, it was basically connected to the pharmaceutical factory branch.

Xia ruofei could see that the factory was still producing, but not all production lines were running. It was probably due to the shortage of raw materials. On the other hand, the farm was relatively quiet. Now that the peach blossom company was providing rental subsidies to young employees, basically no one lived on the farm. Everyone had rented a house near the peach blossom building, so it would be more convenient to travel to and from work.

Therefore, at night, there was basically no one on the farm other than the staff on duty.

Xia ruofei brought Zheng Yongshou to all the locations, including the two water towers and the water tower at the farm. He even demonstrated adding the petal solution of the spirit Heart Flower to the water.

Then he took Zheng Yongshou around the whole farm and Orchard, letting him familiarize himself with the environment.

After all, when Zheng Yongshou came over to add the spirit Heart Flower petal solution in the future, he had to avoid the patrol team and other people's ears and eyes, so it was also very important to be familiar with the environment.

Xia ruofei had a small villa near the farm. Even though he had not been there for a long time, the place was still cleaned regularly.

However, Xia ruofei did not go home today. He did not want the lights in the villa to attract the attention of the patrols.

After taking Zheng Yongshou around, he directly left Taoyuan farm on his flying sword and came to the parking lot.

As he lowered the flying sword, Xia ruofei couldn't help but look back at the farm under the streetlight. This was the place where he started his career and had many good memories. If there were no special circumstances in the future, he probably wouldn't come back here again, so he was more or less reluctant to part with it.

Xia ruofei looked back at the farm for a moment, then descended the flying sword and kept it.

Zheng Yongshou wasn't particularly used to this kind of high – speed sword riding, so when he just landed on the ground, his face was a bit pale, and his steps seemed a bit unsteady.

Xia ruofei laughed and said, "no way?" His legs went soft! Hurry up and get in the car!"

“I’m sorry ...” Zheng Yongshou’s face was pale, and he looked a little embarrassed.

After the two of them got into the car, Xia ruofei started the car and said,””Old Zheng, these are the tasks you need to complete. The handover of Chinese medicinal herbs and white wine, as well as the maintenance of the water source on the farm. In addition, there were Tea Green, Cordyceps, truffles, and so on. Those were all staged, only a few times a year. I won’t be introducing you guys to the wine factory. I’ll give you a call later and leave your contact information. You guys can just come and contact me when you take over.”

“I understand! Mr. Xia!” Zheng Yongshou said.

Xia ruofei continued,”regarding the petals of the spirit Heart Flower, I have to emphasize two points again. First, it must be kept absolutely confidential. If the news were to be leaked, it would be fine in the secular world. However, if the cultivators were to get the news, I’m afraid it would bring you great danger. The second thing is what I said last time, you can’t touch the petal solution with your hand, otherwise the medicinal properties will be completely absorbed by your body and the solution will lose its effect. You Must Remember This!”

“Alright! This subordinate will remember!” Zheng Yongshou said.

“Alright, that’s all I need to tell you. Let’s return to the city now!” Xia ruofei said,”if you have anything you don’t understand, you can call me anytime. You don’t have to worry about disturbing me. You must make sure that there are no mistakes in the work and there can’t be any mistakes!”

“Understood!” Zheng Yongshou said seriously,”I will definitely remember your teachings. If there is a mistake, I am willing to accept any punishment!”

Xia ruofei nodded and said,”alright, it’s getting late. I’ll send you straight to your residence. From now on, you have to learn all aspects of life, including clothing, food, accommodation, and transportation. You have to wear modern clothes from the secular world, go to restaurants to eat, use modern home appliances, public transportation, use taxi software, and so on. You have to learn everything as soon as possible!”

After Zheng Yongshou heard it, he couldn’t help but feel a bit of a headache, but he still immediately expressed his position: “Yes! I will master these skills as soon as possible, Mr. Xia!”

Xia ruofei drove back to the city. After asking for the specific address of Zheng Yongshou’s place of residence, he drove Zheng Yongshou to the entrance of the community before driving back to the Jiangbin villa community.

Zheng Yi had put in a lot of thought into Zheng Yongshou's arrangements. Zheng Yongshou's residence was not far from Xia ruofei's house. A few minutes later, Xia ruofei had already driven into the jiangbin villa community.

As soon as he parked the car, he felt a slight breathing sound in the house. His expression changed slightly, and he instantly scanned the villa with his spirit power.

Then, Xia ruofei's body relaxed and he smiled.

He opened the villa's door and walked into the house. He saw Ling Qingxue half lying on the living room sofa and playing with her phone. Xia ruofei was changing his shoes as he smiled and said,""Wife, why didn't you tell me you were coming? You didn't even turn on the lights, I thought there was a thief in the house!"

Ling Qingxue turned to look at Xia ruofei and said with a smile,""Which little thief has the guts to come to your house and steal?"

"That's hard to say. The little thief wouldn't know that there's an intermediate Aurous core stage cultivator living here!" Xia ruofei said with a smile.

He walked to Ling Qingxue's side and sat down."What were you looking at just now? Then the pericelestial..."

"I'm chatting with Weiwei!" Ling Qingxue said,"Oh right, Weiwei said that things at the school are almost settled. If there are no accidents, she will be back tomorrow.. You have to work hard to make a trip to the capital tomorrow!"

Next chapter will be on this website. Come back and continue reading tomorrow, everyone!

The next morning, Xia ruofei flew the black Phoenix flying ship to the capital city alone.

He did not look for Song Wei directly. After contacting her last night, he knew that she had some things to do today. A few other dormitory mates wanted to have a meal together. Since Song Wei would be returning to San Shan after the new year, it could be considered a farewell meal for the semester.

The next semester would be Song Wei's last semester as a master's student. She didn't have any courses, and her supervisor wouldn't give her any research tasks. Her most important job was to complete her graduation thesis.

In fact, master's students had already started preparing for their graduation thesis. Some of them had already decided on their direction as soon as they entered the school. The entire master's stage was preparing for this thesis. Song Wei had also been preparing for half a year. Her main task in the next semester was to complete this thesis, so she had more freedom.

Xia ruofei first went back to the courtyard house in liuhai Lane. After all, this was his home in the capital and he had not been back for two to three months.

Wu Qiang and the others maintained the courtyard house very well, and everything was in order.

Xia ruofei considered that he might not return to the courtyard house during the spring Festival, so he simply gave Wu Qiang and the other staff a thick year – end red packet each. Then, he told Wu Qiang to arrange for one or two people to stay behind. The others should go home for the new year, so there was no need to stay here.

Of course, the people who stayed behind would also receive a generous salary compensation.

The salaries of Wu Qiang and the others were paid by the peach blossom company. Xia ruofei had informed Feng Jing in advance and asked the finance department to calculate their Spring Festival overtime pay according to the upper limit.

After settling the siheyuan, Xia ruofei called song Rui, Zhao Yongjun, and the others to meet at the Paradise Club.

This time, Xia ruofei had disappeared for two to three months. His brothers were very surprised when they received his call. They all said that they wanted to have a few drinks with Xia ruofei that night. Even Liu Jian, who happened to be out of town, was clamoring to buy plane tickets and fly back immediately. Of course, Xia ruofei quickly stopped him and told him that he was just having a meal with his brothers. He would be returning to the three mountains very soon, so there was no need to make such a big fuss.

In the afternoon, Xia ruofei took a break in the courtyard house. He only left the courtyard house at around four in the afternoon and headed to the Taoyuan club in the suburbs of the capital.

Xia ruofei did not let Wu Qiang drive. Instead, he drove the Elfa van that he had left behind in the courtyard house to the Paradise clubhouse.

The traffic in the capital had always been congested. However, Xia ruofei had left the city earlier than the rush hour, so the journey was relatively smooth.

Xia ruofei arrived at paradise clubhouse at FiveO' clock.

The license plate of the Elfa van had already been registered in the Paradise clubhouse, so the access control system automatically lifted the bar after identifying the license plate.

When Xia ruofei drove to the main building, Zhao Yongjun, song Rui, and the others were already waiting for him.

Xia ruofei parked the car in front of the building and got out of the car with a smile on his face.

Zhao Yongjun stepped forward and said happily,""Ruofei, you haven't been to the capital in a long time! Have you forgotten about your brothers?"

Xia ruofei hugged Zhao Yongjun and smiled.""How can I? Some time ago, I was so busy with worldly affairs that I didn't even have the time to manage the company at San Shan ... See, I just arrived in Beijing today, and I immediately got my brothers to come!"

"This is not bad!" Zhao Yongjun patted Xia ruofei's shoulder and smiled.

Xia ruofei looked at song Rui and said with a smile,""Xiao Rui has been in the capital all this time?"

"Yeah!" Song Rui nodded. I'm working in my family's company, so I'll probably be spending most of my time in Beijing."

Xia ruofei nodded. It seemed like song Rui had really changed. In the past, he would definitely not want to stay under the old man's nose. Now, it was obvious that because Zhuo Yiyi was working in the capital, he had started to obediently stay in the capital.

"It seems that I'll be able to attend your wedding very soon!" Xia ruofei laughed and said,"remember to inform me when the time comes! If you can't get in touch with me, send the invitation to the Paradise Corporation. They have a way to get in touch with me!"

Song Rui said with a bitter smile,"ruofei, we're not even married yet!" It's too early to say this!"

"There's resistance from your family?"Xia ruofei asked, stunned.

Zhao Yongjun laughed.'There'll definitely be resistance, but Xiao Rui is very determined this time. We're quite impressed!"

“Big brother Zhao, don’t make fun of me!” Song Rui smiled bitterly and said, “the pressure at home isn’t too great yet. I don’t know if I can handle it if it’s serious!”

“Tell me in detail later. I’ll see if I can help!” Xia ruofei said after a moment of silence.

Zhao Yongjun hesitated. “Ruofei, I know that you have a say in elder song’s matters, but you have to think about this carefully. I’m just worried that you won’t be able to help Xiao Rui and might even ruin our relationship.”

Everyone knew that elder song liked Xia ruofei and valued him a lot. However, since this was a family matter, song Rui’s marriage should have been arranged long ago. Even if there were no other arrangements, he wouldn’t let him marry a commoner. If Xia ruofei were to be the one to persuade him, it might not be effective. It might even cause the song family to have an opinion of Xia ruofei and it would not be worth it..

In fact, everyone knew that Xia ruofei did not have a strong background. Once he became enemies with the song family, his career might take a heavy blow.

Xia ruofei laughed and said, “I know, don’t worry, brother Zhao!” I won’t act rashly.”

Xia ruofei knew that Zhao Yongjun was concerned about him, but he and the others didn’t know that the song family valued Xia ruofei far more than they had imagined. Besides, with Xia ruofei’s current cultivation and vision, he wouldn’t feel any pressure even if he fell out with the song family.

Of course, elder song was a senior that Xia ruofei respected very much. Besides, the song family treated Xia ruofei very well, so he would not easily break this relationship.

“As long as you know what you’re doing,” Zhao Yongjun said, smiling.

Then, Zhao Yongjun patted song Rui’s shoulder and said, “Xiao Rui, don’t blame big brother Zhao for speaking out of turn. If ruofei rashly spoke up for you, it might have the opposite effect. We still need to be careful with our strategy.”

“I know,” song Rui grinned. “Brother Zhao, you’re doing this for my own good. How can I blame you?”

Xia ruofei then greeted the others and walked into the main building of the clubhouse.

As for his car that was parked at the entrance, the staff would naturally Park it in the VIP parking space.

Everyone went to the reserved luxury private room, sat around the coffee table, and began to make tea and chat.

Naturally, Xia ruofei also learned about the club's operations from everyone.

Xia ruofei was one of the shareholders of the club! However, he wasn't involved in the club's daily operations and he didn't lack money, so he didn't care about the club and left it to Zhao Yongjun and the others to manage.

Of course, Zhao Yongjun and the others wouldn't lock themselves up in the club. They had a wide circle of friends and had other businesses, so they had hired a professional team to manage the club. However, the decisions that needed to be made in the operation were all discussed and done by Zhao Yongjun and the others.

Their fathers had a very good relationship with each other, and their political ideals were very similar. Therefore, as juniors, they were very close to each other. Running this club together was also a very strong bond, which made everyone even closer.

The club's business was booming. The high – end route and the tiered membership system that everyone had initially set up were now effective. Just the membership fees and pre – charge funds brought a large amount of cash flow to the club.

Not only was this place an excellent place for people in the circle to interact, but the environment was also very good. The environment around Beijing was similar to this place, and there were a few clubs that were even better than this place. However, everyone felt comfortable staying in Paradise Club. They felt refreshed, as if the atmosphere was particularly compatible.

This was the effect of the array. Zhao Yongjun and the others attributed it to Feng Shui. After all, Xia ruofei had personally reversed the Feng Shui and even invited a Feng Shui Master to take a look, so they believed it without a doubt.

As for the inside story, only Xia ruofei knew.

It was precisely because of this combination of auras under the effect of the formation that the wastrels of the capital's upper – Class circle liked to go to the Paradise Club when they had nothing to do. This naturally led to the business of the Paradise Club becoming more and more popular.

Even the sales of Ling Ji's private kitchen had reached new heights, especially the secret Buddha Jumps Over the Wall, which was in short supply every day.

Xia ruofei, Zhao Yongjun, and the others sipped their tea and chatted about their recent situation. The sky outside was gradually getting dark and they were almost done with their tea. Thus, everyone got up and went to the large dining table in the private room, taking their respective seats.

Xia ruofei smiled. "Xiao Rui, I forgot to tell you. I brought two boxes of wine. They're in the trunk of my car. Arrange for someone to bring them over!"

The two boxes were filled with Drunken Eight Immortals, and there were a total of twelve bottles. It should be enough for everyone to drink tonight.

"Alright!" Song Rui responded and called the waiter over to give him some instructions. The waiter quickly nodded and left the room.

After a while, the waiter brought the two security guards back to the room. The two security guards each carried a box of wine.

Song Rui looked at the packaging and said with a smile, "It seems like we're in for a treat today! Ruofei's Drunken Eight Immortals is a limited edition that can't be bought in the market!"

"Yup! That's a good wine that can't be bought with money!"

"It's not just money that can't buy it! Even if you have connections, you might not be able to buy it!"

"I'm craving for this! The taste of the Drunken Eight Immortals is even better than the Maotai Wuliangye ..."

Everyone was talking about it.

At this moment, Zhao Yongjun's phone rang. He smiled and said, "Brothers, let's open the wine and drink! I'm going to take a call!"

Zhao Yongjun took his phone and left the room. Song Rui asked the waiter to open the wine and pour it into a few wine scoopers. Then, he poured the fragrant Drunken Eight Immortals white wine into everyone's glasses.

At this time, a few cold dishes and a platter had just been served. In addition, Zhao Yongjun had gone out to take a call, so everyone didn't touch their chopsticks. They chatted while waiting.

After a while, Zhao Yongjun pushed open the door and walked in. He smiled and said, "Brothers, we have another customer today. I added him at the last minute!"

Song Rui couldn't help but ask, "brother Jun, could it be some sister – in – Law?" You can't do this! We said we wouldn't bring any family members today, and our Yiyi isn't here either!"

"Xiao Rui, don't talk nonsense!" Zhao Yongjun quickly waved his hand. "If this gets out, I'll be in serious trouble!"

Hearing this, Xia ruofei couldn't help but be curious. "Big brother Zhao, who is he? Even you are so afraid ..."

"Hehe! I'm not afraid of him, but his identity is a little special!" Zhao Yongjun smiled and said, "you all know this person. Alright, I won't talk to you anymore! His car has already entered the courtyard, I'll go out to welcome him! You guys can wait in the private room! It's not good to make it too Grand, I'm afraid people won't be used to it!"

Then, Zhao Yongjun quickly walked out of the room with his phone.

Everyone looked at each other and Song Rui couldn't help but say, "Big brother Zhao, you're still keeping us in suspense. Who is this Big Shot? Even he has to personally welcome them."

"Maybe he's not a Big Shot..." Xia ruofei said with a smile. "Alright, alright. Stop guessing. We'll see him when he comes, right?"

"I'm just curious, brother Zhao!" Song Rui picked up a piece of braised meat and put it in his mouth. He muttered as he chewed.

Actually, Xia ruofei was also curious. However, he did not release his spiritual power to check. Firstly, it was impolite. Secondly, he wanted to leave some suspense.

Sometimes, having foresight wasn't always a good thing. It was quite good to retain some of the fun of ordinary people.

They didn't have to wait for long. After about three to five minutes, the door to the private room was pushed open.

Everyone looked up at the door in unison.

He saw a beautiful woman with bright eyes standing beside Zhao Yongjun, who was also looking at everyone.

Everyone was surprised. Song Rui couldn't help but shout, "Lu You? When did you return to the country?"

No one expected Zhao Yongjun to bring back this miss Lu after keeping them in suspense for so long.

No wonder when song Rui joked, Zhao Yongjun immediately denied it. If there were any rumors, Zhao Yongjun wouldn't be able to take it! Lu You was almost engaged to song Rui in the past. Everyone could tell that she seemed to have feelings for Xia ruofei.

However, for some unknown reason, she went abroad to study. She didn't expect to come back before the Spring Festival.

When Lu You's gaze landed on Xia ruofei, it was obvious that she was shocked. At the same time, a hint of panic flashed in her eyes.

Xia ruofei was also very surprised.

However, what surprised him even more was that.... He actually felt a faint spiritual energy fluctuation from Lu You!

Xia ruofei was now acquainted with many cultivators. He was no longer as ignorant about the world of cultivators on earth as he used to be. However, he was also clear that in terms of numbers, the cultivators were like a drop in the ocean compared to the ordinary people in the secular world.

When he was traveling in the secular world, he had rarely encountered cultivators, let alone among his acquaintances.

Xia ruofei released his spiritual power to confirm without a sound. He realized that there was indeed a trace of spirit Qi fluctuation in Lu You's body. However, it was very weak. If he did not have extraordinary senses and the spiritual power of the spiritualization realm, he might not have noticed it.

From the fluctuations of spirit Qi in Lu You's body, she might have just started cultivating and might not even be at refined Qi Level 1.

But no matter what, this trace of spirit Qi fluctuation was enough to prove that Lu You had indeed come into contact with cultivation and was considered to have embarked on the path of cultivation.

Xia ruofei had not been in contact with Lu You for one or two years. He did not know what she had been through or why she would have a connection with the cultivation world.

However, no matter how curious Xia ruofei was, he remained calm and smiled at Lu You. He nodded and said, "Lu You! Long time no see!"

Lu You's gaze was a little evasive, but she still nodded slightly and said, "Long time no see! You're also in Beijing!"

Zhao Yongjun laughed and said, "ruofei just arrived today too. We're here to welcome him!" I didn't expect Youyou to return today. This must be fate!"

Lu You's pretty face heated up slightly, and Xia ruofei felt a little unnatural.

Zhao Yongjun might not know the inside story, but how could Xia ruofei forget the seemingly cold but actually passionate miss Lu?

Lu You had never hidden her feelings for Xia ruofei. Back then, Lu You was the one who had boldly confessed to Xia ruofei.

Xia ruofei had a headache at that time. However, what he was worried about did not happen. Lu You disappeared from his life very quickly. After hearing what Zhao Yongjun and the others said today, Xia ruofei knew that Lu You had probably gone overseas to study.

It had been a long time since the incident. Xia ruofei did not know how Lu You was doing or what she was thinking, so he was definitely feeling uncomfortable.

Zhao Yongjun didn't notice and laughed, "Come! Youyou, sit here! We were just about to eat, and the dishes have just started to be served! You've come in time!"

"Thank you, brother Zhao!" Lu You smiled and said.

Today was a welcoming dinner for Xia ruofei, and Zhao Yongjun was the leader of the brothers, so he was considered the host. He took the main seat, while Xia ruofei sat on the right side of Zhao Yongjun. Originally, the person sitting on Zhao Yongjun's left was song Rui. However, after Lu You came in, song Rui immediately moved to the side and asked the waiter to add another chair. After all, Lu Youyuan was a guest. He would definitely not let her sit at the last seat.

This way, Xia ruofei and Lu You sat on either side of Zhao Yongjun.

After the dishes were served, Zhao Yongjun raised his glass and laughed, "Brothers, let's have the first drink together. Firstly, it's to welcome Youyou back. Secondly, it's been a long time since ruofei returned to the capital. Ruofei, you can hold your liquor well, so please show your sincerity!"

Everyone had seen Xia ruofei's alcohol tolerance. He drank like water. No one had ever seen Xia ruofei drunk before. To lighten the mood, Zhao Yongjun started to drink Xia ruofei's first glass of wine.

Xia ruofei didn't decline. He smiled and said,""Alright! Then I'll use the big cup. H

After saying that, he gestured to the waiter to bring a tall glass of drink, then directly picked up the wine divider and poured himself a large glass of white wine.

"Straightforward!" Zhao Yongjun gave Xia ruofei a thumbs up and said,"come, come, come! Here's the first cup!"

Everyone used the small glasses to drink white wine. Xia ruofei was the only one holding a big glass. He raised his head and downed it. Then, he touched his mouth without a change in expression and said with a smile,"This wine is really good! I'm wasting good wine by drinking it like this. Brother Zhao, I propose ... I'll use the same cup as everyone and drink! As long as you're happy and happy..."

"Alright!" Zhao Yongjun nodded. We can't get you drunk even if we want to!

You might as well save some wine!"

Zhao Yongjun's words caused everyone to laugh. At the same time, there was a hint of helplessness in their laughter. Everyone had tried many times and used all sorts of shameless methods, but they really couldn't get Xia ruofei drunk...

After three rounds of drinks, Zhao Yongjun tilted his head slightly and looked at Lu You. He smiled and asked,""Youyou, you said on the phone that you have something to discuss with me. What is it?"

Lu You looked at Xia ruofei and hesitated for a moment. Then, she smiled and said,""When I was still abroad, I heard that there was a Paradise Club in the capital. The environment was very good. Later, I asked around and found out that it was opened together with you, brother Zhao. So, when I came back, I wanted to come here and experience it. Zhao Yong Jun was stunned and asked,""Just this?"

"Just this matter!" Lu You smiled and said,"brother Zhao, if it's not easy, then forget it."

Zhao Yongjun looked at Lu You and said, "What's so difficult about this? If my sister wants to get a membership card, it's just a matter of a word. All the shareholders are here today, I hope you don't have any objections?"

"How can I have any objections?" Song Rui smiled and said, "since Lu You is back, we should take the initiative to give the membership card to her!"

"Yes! This is our fault!"

Everyone laughed and joked around, clearly not taking this seriously.

"See that, Youyou?" Zhao Yongjun laughed. This is because you have a lot of face. Even I don't have that much face!"

Then, Zhao Yongjun called the waiter over and whispered a few words to her. The waiter immediately nodded and got up to leave, obviously to get a membership card.

Lu You smiled and said, "thank you, brother Zhao!" Thank you, everyone! A toast to everyone!"

After saying that, Lu You raised her glass. Everyone followed suit and drank together.

Zhao Yongjun drank a glass of wine and changed the topic. He didn't talk about the membership card anymore.

However, Zhao Yongjun knew that Lu You was probably not telling the truth.

Chapter 3520 - 3520: Noisiness (1)

Chapter 3520: Noisiness (1)

Translator: 549690339

The driver was actually the security guard of the club. Usually, the Paradise Club provided free driving services for its members, so many security guards were also acting as drivers, and most of them had a driver’s license.

The young security guard heard Xia ruofei’s words and quickly stopped the car.

They were not far from the club and were in the suburbs, so parking by the roadside would not affect the traffic.

“Mr. Xia, what are your orders?” The security guard stopped the car and asked respectfully.

Although Xia ruofei was a shareholder of the club and did not show his face much, the security guard was one of the earliest to join. He was well aware of Xia ruofei's status in the Paradise Club, so he did not dare to neglect him.

In fact, any member of the club had to be served carefully by the staff.

High – end clubs were all about service.

Xia ruofei sat up straight and said, "something came up at the last minute, so I'll get off here." Drive the car back to the club! Just tell brother Zhao to arrange for someone to drive the car back for me tomorrow! He knows the place."

The security guard couldn't help but be stunned when he heard this. He subconsciously made an "ah" sound.

The parking lot was tens of kilometers away from Main City. Even though it was late at night in the outskirts, it was still quite remote. There were very few cars on the road. The security guard was taken aback when Xia ruofei requested to get off the car at such a place.

He was even a little worried that Xia ruofei might have drunk too much, so he quickly said, "Mr. Xia, where are you going? Let me drive you there! It's not safe for you to be alone in this dark!"

What if Xia ruofei was really drunk and left him alone in the wilderness? if something were to happen, it would not be as simple as losing his job.

Xia ruofei smiled and said, "brother, don't worry!" I didn't drink much tonight. The place I'm going to is a bit inconvenient, you just have to drive the car back to the club, brother Zhao won't blame you. I've already contacted a friend to pick me up, so you don't have to worry about this."

With that, Xia ruofei pressed the switch and the electric door of Alphard opened slowly.

The security guard got out of the car worriedly and said, "Mr. Xia, how about... I wait with you? I'll return to the club after you get in the car."

Xia ruofei frowned and said, "It's okay, you can drive back now. I don't need your help here ... Brother, how about I call brother Zhao and ask him to talk to you in person?"

"I don't dare, I don't dare!" The security guard quickly replied. Mr. Xia, then ... Then I'll really go back!"

The security guard was actually worried that something might happen to Xia ruofei, especially if he was drunk and in danger by the roadside. He would have to bear the

consequences then. However, he looked at Xia ruofei and did not smell of alcohol. He was also fully sober, so he did not dare to go against Xia ruofei's wishes.

He was the club's major shareholder!

Besides, the security guard was a smart man. From Xia ruofei's words, he guessed that Xia ruofei must have had something that was not convenient for him to see. That was why he chose to get off halfway. The car that came to pick Xia ruofei up was probably not convenient for others to see. The security guard was naturally worried that he would accidentally find out the secret of the Big Shot, so he did not dare to stay.

He quickly got into the car and quickly turned back.

After the Elfa commercial car drove away, Xia ruofei immediately flashed into the bushes by the side of the road. He took out the blue immortal sword and cast a few seals on his body to hide himself. Then, he silently activated the sword technique. The blue immortal sword instantly turned into a stream of light and flew in the direction of the Paradise Club.

Two minutes ago.

After Xia ruofei's Elfa car left, a Buick GL8 drove over quickly. Lu You saw the car and smiled as she bade farewell to Zhao Yongjun, Song Rui, and the others. Then, she got into the car.

The Buick minivan also started up quickly and drove out of the club.

Lu You sat in the middle row behind the driver. She had a complicated expression on her face.

At this moment, a cold voice suddenly came from the back of the car, "Lu You!"

The moment Lu You heard this voice, her body couldn't help but tremble slightly. She quickly turned her head and saw a woman in her thirties sitting in the last row. She had a cold arrogance on her face and was looking at her with a calm expression.

This woman was actually quite pretty, but her temperament gave people a feeling that strangers should not approach her. In addition, although she was wearing a professional suit that was common in the workplace, it looked a little out of place no matter how you looked at it. You couldn't tell what was wrong with it, but it made people feel a little awkward.

Lu You quickly nodded and said, "Good day, Deacon Liu!"

The female Deacon nodded her head slightly in response to Lu You. Then, she asked indifferently, "Lu You, how did the discussion go?"

Lu You hesitated for a moment. "Manager Liu, it might not be easy to buy a club ... I've done some research. Although this Paradise Club has not been open for a long time, its business has always been very good. It's developing very well. Such a club..."

"I don't want to hear your reasons!" Deacon Liu frowned and said, "the spiritual energy here is so dense that even cultivators can't help but wander around, let alone ordinary people.. Of course, their business would be good! I'm just asking if you can do this well and buy the club!"

Lu You was secretly anxious and said carefully, "Deacon Liu, actually... If we just want to use this place to cultivate, we don't have to buy the club! You told me that the place with the densest spiritual Qi is a villa. We can totally rent that villa for a long time! I have a good relationship with the club's boss, so they shouldn't refuse."

"Lu You, are you teaching me how to do things?" attendant Liu's voice turned cold.

"I dare not!" Lu You quickly said.

"Then why are you still making so many excuses?" Deacon Liu said coldly, "if we buy the club, it will be ours. If we rent it, it will be someone else's property no matter how long it takes. Do I need to teach you how big the difference is? Now that the other cultivation sects haven't discovered this treasure land, we naturally have to take the opportunity to buy the entire club. Otherwise, others will get there before us, understand?"

"This disciple understands!" Lu You lowered her head and said.

"You were the one who suggested using the secular world's method to obtain this club, and I've accepted your suggestion. You'll have to take full responsibility for this matter and do it well!" Deacon Liu said indifferently, "if you can't do it, then you will be guilty of bullying your superior! You don't need me to tell you what punishment you'll receive, do you? Also ... Since you can't do it, I'll use my own methods to get this club!"

The driver was actually the security guard of the club. Usually, the Paradise Club provided free driving services for its members, so many security guards were also acting as drivers, and most of them had a driver's license.

The young security guard heard Xia ruofei's words and quickly stopped the car.

They were not far from the club and were in the suburbs, so parking by the roadside would not affect the traffic.

“Mr. Xia, what are your orders?” The security guard stopped the car and asked respectfully.

Although Xia ruofei was a shareholder of the club and did not show his face much, the security guard was one of the earliest to join. He was well aware of Xia ruofei’s status in the Paradise Club, so he did not dare to neglect him.

In fact, any member of the club had to be served carefully by the staff.

High – end clubs were all about service.

Xia ruofei sat up straight and said,”something came up at the last minute, so I’ll get off here.” Drive the car back to the club! Just tell brother Zhao to arrange for someone to drive the car back for me tomorrow! He knows the place.”

The security guard couldn’t help but be stunned when he heard this. He subconsciously made an “ah” sound.

The parking lot was tens of kilometers away from Main City. Even though it was late at night in the outskirts, it was still quite remote. There were very few cars on the road. The security guard was taken aback when Xia ruofei requested to get off the car at such a place.

He was even a little worried that Xia ruofei might have drunk too much, so he quickly said,””Mr. Xia, where are you going? Let me drive you there! It’s not safe for you to be alone in this dark!”

What if Xia ruofei was really drunk and left him alone in the wilderness? if something were to happen, it would not be as simple as losing his job.

Xia ruofei smiled and said,”brother, don’t worry!” 1 didn’t drink much tonight. The place I’m going to is a bit inconvenient, you just have to drive the car back to the club, brother Zhao won’t blame you. I’ve already contacted a friend to pick me up, so you don’t have to worry about this.”

With that, Xia ruofei pressed the switch and the electric door of Alphard opened slowly.

The security guard got out of the car worriedly and said,””Mr. Xia, how about...

Deacon Liu was so frightened that his entire body trembled like screening chaff. Lu You was also frightened by this powerful pressure. Her small face was pale and she was at a loss.

Deacon Liu saw Lu You from the corner of his eye and suddenly had an idea. He quickly pointed at Lu You and said loudly, "Senior! It was all her fault! This is the new disciple of our water Yuan sect. She was the one who said that she found an ownerless cultivation treasure land here and that it was bought by an ordinary person from the secular world to build a club. She was the one who incited the sect master to send me here to deal with this matter! We really didn't know that this was senior's cultivation cave! Please forgive me, senior!"

Lu You was stunned when she heard this.

This matter had nothing to do with her. She had been to the Paradise Club before, but she had no experience in cultivation and didn't know what spirit Qi was. After she went abroad to study, she didn't come to the Paradise Club again. She only came into contact with cultivation after she went abroad to study. How could she know that the spirit Qi concentration in the Paradise Club was very high?

In fact, it was another disciple of the water Yuan sect who had discovered this and reported it to the sect.

This disciple was Deacon Liu's trusted aide, which was why the sect had sent Deacon Liu over to take charge of this matter. As Lu You's family background in the secular world was not ordinary, the sect had sent Lu You over to help Youyou. In reality, if the problem could be solved within the rules, cultivators were not willing to use some extraordinary means. After all, it was easy to be criticized by others.

Hence, Lu You was only sent to assist Deacon Liu. However, in order to save his life, Deacon Liu pushed all the responsibility onto Lu You. This made her very angry and also very afraid.

However, before she could explain herself, Deacon Liu, who was sitting in the back row, suddenly felt that the pressure had increased several times. She could not move her body, and her bones were creaking under the pressure. Deacon Liu felt a sweet taste in his throat, and a stream of blood spurted out involuntarily.

That 'senior' was naturally Xia ruofei. He had been paying attention to Lu You's situation with his spiritual power since he got into the car. It was obvious that Lu You was not in a good position to say something tonight, and Xia ruofei was very concerned about the spiritual Qi fluctuations in her body.

Xia ruofei was very clear about the situation in the cultivation world. Strength was the most important thing. There were not as many restrictions as in the secular world. Lu

You, a girl, had suddenly stepped onto the path of cultivation. As a friend, Xia ruofei naturally had to understand the situation.

He didn't expect that this mental power Probe would allow him to see everything that had happened in the car clearly.

That was why Xia ruofei got off the car halfway and asked the driver to drive the car back to the club while he flew over to Lu You's car on his flying sword.

Attendant Liu was only a Qi Level 3 cultivator. Xia ruofei could kill her with his spiritual power alone, so he didn't take her seriously.

When Xia ruofei saw that Deacon Liu actually pushed all the blame onto Lu You, he couldn't help but feel a trace of killing intent.

He used his spiritual energy to suppress it, causing attendant Liu to involuntarily spit out a mouthful of blood. This could only be considered a small punishment, even though attendant Liu had already suffered a very serious internal injury.

Xia ruofei snorted coldly and said, "do you think I'm an idiot?."

"I don't dare! I don't dare!" Deacon Liu quickly knelt on the ground and kowtowed like pounding garlic. He was so scared that he didn't dare to have any more thoughts of getting lucky.

Deacon Liu was so frightened that his entire body trembled like a sieve. Lu You was also frightened by this powerful pressure. Her small face was pale and she was at a loss.

Chapter 3524: First meeting gift (1)

Lu you replied subconsciously, "I'm fine!" he was fine! I thought senior ..." Xia ruofei found it funny, he chuckled. "Little girl, the path of cultivation is full of hardships and dangers, why did you embark on the path of cultivation?" Xia ruofei was indeed very interested in Lu you's experience in cultivation, after all, there were not many ordinary people who had cultivation talent, back then, Xia ruofei did not have the ability to test if Lu you was suitable for cultivation, after not seeing her for such a long time, Lu you suddenly came into contact with cultivation, this really surprised Xia ruofei.

Lu you also didn't expect that this senior would actually be concerned about why a small cultivator had embarked on the path of cultivation, she couldn't help but be stunned for a moment, after that, she didn't dare to hide anything and quickly said, "Senior, while I was studying at the university of Cambridge in United Kingdom, my master discovered that I had a talent for cultivation, that's why I entered the water element sect and began to cultivate, however, my aptitude is dull, and I've been in contact with the path of cultivation for a few months, but I've still been unable to break through to the first qi layer ..." upon hearing this, Xia ruofei understood, Lu you should have gone to United Kingdom to study, and the water element sect had moved to England a hundred years ago. therefore, their main sphere of influence was still in Europe, especially in England. it should be their traditional sphere of influence, as for how Lu you's cultivation talent was discovered, that was unknown, however, there should not be any other factors, it was probably a coincidence.

"I see!" Xia ruofei said, "to be able to reach such a level in a few months, you must be very talented! little girl, it's fate that brought us together, I'll give you a small gift!"

as soon as xia ruofei finished speaking, lu you saw a flash of light, two items directly shattered the car window and landed firmly in her hands.

it was a crystal full of dense spiritual qi and a small booklet, on the cover were the words “water element scripture”, the ink seemed to have not dried yet.

that crystal was actually a spirit crystal, and the “water yuan scripture” was written by xia ruofei at the last minute with his spiritual power while he was at the primal realm, he had simply checked lu you’s situation and found that she was indeed suitable for cultivating water – type cultivation techniques, it was no wonder that the water yuan sect had recruited her into the sect, hence, xia ruofei had chosen a water – type cultivation technique from the inheritance information and written it on the spot, he had given it to lu you directly.

in fact, xia ruofei had also considered whether the water element sect and the water element scripture had any connection, however, he did not think too much about it. anyway, even if the water element sect had the cultivation technique of the water element scripture, he reckoned that a young cultivator like lu you who had just entered the sect would not be able to come into contact with it. hence, he had given this cultivation technique to lu you. it should still be of some help to her.

lu you looked at the spirit crystal and the water element scripture in her hands and felt a little dazed.

she never expected that not only did this senior not blame her, but he even gave her a meeting gift, what was going on?

lu you didn’t know about essence crystals, nor did she know what the water element scripture was. xia ruofei’s judgment was right, after lu you joined the sect, the water element sect didn’t pay much attention to her. they only taught her some basic techniques, so she didn’t know how precious the water element scripture was.

“thank... thank you, senior ...” lu you replied in a daze.

On the other hand, Deacon Liu, who was at the side, was shocked after taking a glance. As a low-level Qi refinement cultivator from a small sect, she didn’t even have many spirit stones. She had only heard about spirit crystals from the envious elders of the sect who were at the eighth level of the Qi refinement realm. Today, she had actually seen a real spirit crystal. Moreover, that senior had casually given such a precious thing to Lu You, who had just met by chance. One had to know that this was a spirit crystal! Even the sect leader might not have it!

The other cultivation technique had the words “Water Essence Scripture” written on its cover, which made Deacon Liu’s heart shake even more. She was actually cultivating the “Water Essence Scripture,”but the” Water Essence Scripture “that she was cultivating was an incomplete one. A truly complete” Water Essence Scripture “could not be found in the

entire sect. Even Shen Hu, the sect master of the ninth Qi layer, was also cultivating an incomplete” Water Essence Scripture.”

It was said that the ” water Yuan Scripture ” was an original cultivation technique of the sect’s first generation leader. This was also the origin of the name ” water Yuan sect.” Unfortunately, with the passage of time and the vicissitudes of the sea, the water Yuan sect had almost lost its inheritance several times after several disasters. The most important thing, the ” water Yuan Scripture “, was only left with fragments. Since then, it was even more difficult for the sect to continue. The previous generation leader had reached the early stage of the Golden core realm. However, after his lifespan had run out, there were no more golden core realm cultivators in the sect. In the end, Shen Hu, who was at refined Qi level 9, took over the position of sect leader.

In fact, this situation was quite common in the current cultivation world.

Many sects didn’t even have any golden core cultivators left. Some sects still had some old golden core cultivators, but they were few and far between. Now that the cultivation environment was deteriorating, it was getting more and more difficult for other cultivators to break through to the Golden core stage. There would be more and more sects like the water Yuan sect in the future.

It could be said that the water Yuan sect’s current situation was a microcosm of the decline of the entire Earth’s cultivation world.

When Deacon Liu saw the water Yuan Scripture, his eyes flickered. Could it be ... That this is the complete version of the water Yuan Scripture? This senior’s strength was at least at the Golden core stage or even the nascent Soul Stage.. The cultivation technique that he gave to Lu You as a gift shouldn’t just be a fragment, right? If this was really the complete version of the water element Scripture, it would definitely be a great contribution if he were to present it to the sect!

Deacon Liu was also very envious of the spirit crystals with extremely rich spiritual energy.

Xia ruofei seemed to see through attendant Liu’s thoughts. He snorted coldly and increased the pressure of his spiritual power. Attendant Liu immediately felt a heavy burden on her body, especially the pressure on several acupuncture points. In the blink of an eye, she could feel the muffled sound of those acupuncture points.

Deacon Liu couldn't help but spit out a large mouthful of blood. Immediately after, she discovered to her horror that her body seemed to be leaking air as true Qi continuously leaked out from that damaged acupuncture point. She hurriedly circulated her cultivation technique in an attempt to control it, but she discovered that the true Qi in her dantian had completely lost control, and she couldn't circulate her cultivation technique at all. This was because those acupuncture points were the necessary points for her to circulate her Qi. If she broke these key acupuncture points, she wouldn't be able to cultivate at all.

Deacon Liu's face was as white as a sheet of paper, and his heart was filled with despair.

It was obvious that this senior did not even show his face and had already crippled her with his spiritual pressure.

If the damaged acupuncture points couldn't be repaired, she wouldn't be able to cultivate from now on, and her current realm would continue to fall. It wouldn't be long before she was like an ordinary person.

He might even be weaker than an ordinary person.

Xia ruofei said indifferently, "as a cultivator, you try to bully the weak. You use the methods of a cultivator to deal with ordinary people and take their assets. This is a taboo in the world of cultivators. You should be clear about it!" I'll give you a light punishment today. I hope you can remember this lesson!"

Deacon Liu sat down dejectedly and said weakly, "Yes! Thank you for sparing my life, senior ... I won't dare to do it again ..."

Xia ruofei said coldly, "this is also a warning!" That spiritual crystal and the cultivation technique are my first meeting gifts to this little girl. It's also an opportunity for her. I don't want anyone to covet these two things after seeing the money! This is especially true for the inner circle of your sect. Go back and tell them that if anyone tries to snatch her fortune, then there is no need for the water element sect to exist! I will personally trample your sect to the ground! You can tell Shen Hu my exact words!"

"Yes! Yes! Yes!" How could Deacon Liu dare to have any other thoughts? Her only hope now was that the injuries to her acupuncture points were not too serious and that there was still hope for recovery. Otherwise, her path of cultivation would be completely cut off.

After a moment of silence, Xia ruofei had an idea.

Deacon Liu and Lu You, who were in the carriage, only saw a blur before their eyes. A brilliant sword light appeared in front of them in the blink of an eye. Then, it circled around the carriage at an extremely fast speed and then flew away.

The entire process was extremely short, but it was shocking.

Lu You and Deacon Liu didn't even dare to breathe. After the sword light disappeared for a moment, an invisible force lifted the roof of the car and threw it into the farmland hundreds of meters away.

Deacon Liu and Lu You only realized then that the flying sword had made a quick circle and cut off the roof of the car. However, because the flying sword was extremely sharp and the force used was also very clever, the two of them did not notice it at all. It was only after the roof of the car was lifted that the two of them noticed the smooth cut.

Lu You was still fine, but Deacon Liu kept quiet out of fear. If that senior had not used his mental energy to suppress her but had used his flying sword to deal with her, she was afraid that even if she had a hundred heads, it would not be enough to cut her.

Furthermore, Xia ruofei's display of skill had confirmed one thing – he was at least a cultivator in the Golden core stage. Only cultivators in the Golden core stage and above could control sword techniques and flying swords.

The method just now was definitely not something that could be accomplished by simply using mental power to capture the flying sword. There must be a special Sword Art that could make the flying sword so fast and so flexible to control. It was simply like controlling the fingers.

After Xia ruofei's strength had been proven, attendant Liu no longer had any other thoughts. The sect leader of the water element sect, Shen Hu, had the highest level of cultivation. He was only at the ninth level of the Qi refinement realm. This senior was at least an Aurous core stage cultivator. This meant that he had an absolute advantage over Xia ruofei in terms of cultivation. This also showed that when he said that he would destroy the entire water element sect, he was not boasting. He could do it easily.

After Xia ruofei showed off his skills, he said indifferently, "If you think that your neck is harder than the roof of the car or even my flying sword, you can try to snatch Lu You's opportunity. That's all I have to say! Good luck!"

After Xia ruofei said this, Deacon Liu and Lu You could clearly feel that the spiritual pressure had disappeared.

Could it be that this senior had left? Deacon Liu still didn't even dare to breathe. Her back was already drenched in cold sweat. On the one hand, it was from the pain, but more so from the shock.

After a long time, Deacon Liu tentatively called out, "Senior ... Senior ..."

There was no sound.

After a while, Deacon Liu finally let out a long sigh of relief. His entire body was paralyzed as he sat in the back seat of the business vehicle that no longer had a roof, gasping for breath.

Lu You was dumbfounded from the beginning to the end. She hadn't been in contact with cultivation for a long time. Back then, the cultivator who had recruited her from the water element sect had also revealed a few of his skills as a cultivator in front of her before she was willing to give it a try. Back then, she had more or less had some doubts and was worried that she had met a swindler who knew magic.

It wasn't until she entered the sect and was taught the basic cultivation techniques that she gradually found the sense of Qi and began to sense the existence of spiritual energy. She also began to try to absorb weak spiritual energy. In addition, she also saw more methods of cultivators. Only then did she believe that there were really cultivators. There was a cultivation world that was completely different from the ordinary world. It was as if she saw the door to a new world with extraordinary splendor slowly opening.

However, her first experience in the cultivation world was far from as shocking as what she saw tonight.

The pressure of pure mental energy could make an 'expert' like Deacon Liu bleed. Moreover, the appearance of the flying sword had completely overturned Lu You's understanding.

The water element sect was, after all, a very small sect. There was not even a single cultivator in the Golden core stage in the sect. Lu You was a newbie who had just entered the sect. She had never heard of the techniques of the Golden core stage.

After witnessing it today, Lu You was shocked. At the same time, she was even more eager to become stronger.

It was only after that 'senior' left without a sound that Lu You slowly regained her senses. She looked at Deacon Liu, who was pale, with a complicated expression and asked, "Deacon Liu, you ..."

To be honest, Lu You was a little disappointed with the sect. She had seen a lot of deception in the past few months. If those were still within the range of her tolerance, then Deacon Liu's unhesitating action of pushing her to take the blame tonight had completely disappointed her.

However, she was still a disciple of the water Yuan sect. Furthermore, attendant Liu's injuries seemed to be quite serious. Out of consideration for the People's Dao, she still had to show some concern.

As for what would happen in the future, that was a matter for the future. Anyway, Lu You would definitely not really open her heart to Deacon Liu. Furthermore, when she returned

to the sect, she would be very careful. She would only speak thirty percent of her words to everyone and not completely open her heart to him.

Deacon Liu had a complicated expression on her face. She looked at the spirit crystals and the water element Scripture in Lu You's hands and said weakly, "Lu You, the two things that senior gave you are very precious. You should keep them first! If other cultivators see this, they'll inevitably have evil thoughts ... My injuries are very serious now, and your cultivation is very low, so it's very difficult for you to keep these two things."

Upon hearing this, Lu You nodded and stuffed the spirit crystals and cultivation techniques into her bag. She hesitated for a moment before asking, "Deacon Liu, are you ... Also ..."

Manager Liu forced a smile and said, "I admit that when I saw the spiritual crystals and the cultivation technique, I also had other thoughts. But... I was severely punished by that senior just because I had such a thought.. Don't worry! With senior's words, no one in the sect would dare to steal your things, not even the sect master!"

Lu You nodded and did not say anything else.

She just didn't know much about the cultivation world, but it didn't mean that she was very stupid or naive, on the contrary, she, who had grown up in an official's family, was a bit more mature than her peers, so she only half-believed and half-doubted Deacon Liu's words.

She believed that the "meeting gift" given by that senior was very precious, but when Deacon Liu said that even the sect leader didn't dare to covet it, she felt that it was more or less exaggerated.

Attendant Liu didn't know if Xia Ruofei had really left, but even if he had, she didn't dare to have any more evil thoughts.

She said to Lu You, "Lu You, I'm really not lying to you. Just based on the fact that this senior can control a flying sword, he is not someone our Water Element Sect can offend, he is at least a cultivator in the Golden Core stage, on the other hand, our sect master Shen is only at the ninth level of the Qi Refinement realm, the difference of one major realm is like

the difference between heaven and earth.” it’s not an exaggeration to say that this senior can annihilate our entire sect by himself, that’s why senior has said that you don’t have to worry at all. no one will dare to snatch these spirit crystals and cultivation techniques, you can return to the sect and cultivate in peace, i believe that with this cultivation technique, your cultivation will progress very, very quickly!”

after lu you heard this, she more or less believed it.

the scene of the flying sword appearing had also left an indelible impression in lu you’s heart.

“deacon liu, it looks like your injuries aren’t light, do you need to go to the hospital?” she asked after some thought.

lu you had not been in contact with cultivation for a long time, so her way of thinking was still the same as before, when she saw deacon liu’s pale face and dejected expression, as well as the fact that he had vomited so much blood just now, her first thought was naturally to go to the hospital to deal with her injuries.

“the hospital can’t treat my injuries ... it’s useless even if i go!” manager liu said with a bitter smile, i’d better return to the sect as soon as possible to recuperate!”

Even if he wanted to return to the sect, he couldn’t just leave as he pleased. The earliest flight would be tomorrow. Moreover, this place was in a bad condition. There was a car roof in the field in front, so someone had to come over to take care of it.

Deacon Liu wasn’t good at these things in the secular world, and Lu You naturally had all sorts of connections in the capital. At least, it was very easy to deal with such matters.

Hence, Deacon Liu nodded and said weakly, ””Alright... Thank you for your hard work!”

After sensing the senior’s admiration for Lu You, Deacon Liu no longer had that high and mighty feeling in front of Lu You. Instead, he subconsciously flattered her.

In reality, Xia ruofei really did not stay at the scene. After he displayed his skill of cutting the roof of a car with a flying sword, he quickly left. He had personally crippled Deacon Liu. He was very clear that Deacon Liu had lost his combat power and was even weaker than an ordinary person. Furthermore, there were no other cultivators around. Thus, Lu You would not be in any danger. Naturally, there was no need for him to stay at the scene.

Most importantly, Song Wei had just finished her dinner. He had to pick her up.

The staff drove the Alphard van back to the Paradise clubhouse. Xia ruofei decided to fly straight to the capital University.

Song Wei and her classmates did not return to the dormitory after dinner. Instead, she strolled around the campus and waited for Xia ruofei to meet her.

Xia ruofei landed his flying sword on the shore of the Wuming Lake. Because the weather was cold, there was almost no one on campus at night. After Xia ruofei added a concealment talisman, even if someone happened to pass by, they would not be able to see him landing from the sky.

Xia ruofei's spiritual power had already found Song Wei who was nearby. He walked towards her.

On the way, Xia ruofei took out his phone and sent Chen Xuan a WeChat message.””Brother Chen, I happened to find a friend from many years ago who has started to cultivate. Her name is Lu You, and the sect she joined is the water element sect. If it's convenient, I would like to ask brother Chen to say hello to sect Master Shen and take care of my friend.

After sending the message, Xia ruofei thought for a while and sent another short message. By the way, I'll give my friend a spiritual crystal and a cultivation technique. It's a small opportunity for her! He hoped that no one would covet these things.

Chen Xuan quickly replied, [brother ruofei, don't worry!] I'll contact Shen Hu right away. Your friend will definitely receive the best nurturing in the water element sect, and his spirit crystals and cultivation techniques will definitely not be snatched away.

Xia ruofei smiled and replied,”Thanks! I'll treat you to a drink later!

On his way back to Capital University, he had already been thinking about this matter. In the end, he came to the conclusion that Lu You would not be in any danger if he revealed his friendship with Lu You to Chen Xuan.

After all, it was easy to find out that he and Lu You were friends. If Chen Xuan really went to find out, he would also find out that Xia ruofei and Lu You had not seen each other for a long time and they were just ordinary friends.

Even if Xia ruofei and the first heaven society became enemies in the future, Lu You would basically not be implicated. After all, they were just ordinary friends..

Chapter 3528 - 3528 An understatement_1

3528 An understatement_1

When Shen Hu heard these words, it was as if a basin of cold water had been poured over his head. He was instantly scared silly.

“Young... Young sect master, I... I don't know anything!” Shen Hu stuttered, “young sect leader, save me! Young sect leader, save me!”

“Hmph!” Chen Xuan snorted coldly and said, “do you know that you're seeking your own death? Even though Xia ruofei didn't join any sect, his strength and background are not to

be underestimated by my father! Not to mention that even the sect master of the star Seizer sect follows his lead. You could have provoked anyone, but you provoked him!”

Shen Hu panicked and quickly said, “Young sect leader, I really didn’t know about this situation! And ... And I’ve never thought of snatching this Paradise Club by force! I arranged for the new disciple to go back with him because I want to do it through merger and acquisition or shares. In short, it is done according to the rules of the secular world. Besides ... This ... It is not a crime for not knowing!”

“Not guilty for not knowing? You can tell this to brother ruofei!” Chen Xuan snorted coldly. “I don’t have the face to plead for you! What the hell is this!”

“Don’t, don’t, don’t!” Shen Hu quickly said. Young sect leader, if you don’t care about us, I’m afraid that our water Yuan sect will really be doomed...”

“Shen Hu, you’d better think of a way to remedy this!” Chen Xuan said sternly. Otherwise, don’t blame me for not warning you when your sect is destroyed!”

After saying that, his tone eased a little and he said, “I’ll also ask brother RUO Fei and see what’s going on. You’d better pray that your men didn’t offend brother RUO Fei, or else you’ll be in deep trouble!”

Although Chen Xuan’s words were harsh, the water Yuan sect was still a vassal sect of the first heaven sect. If something really happened, the first heaven sect would definitely help them. Whether it would succeed or not was one thing, but if they didn’t do anything, it would only disappoint the other sects. It should be known that there were many vassal sects of the first heaven sect. If the water Yuan sect was really destroyed, the other vassal sects would also be in a state of mutual hostility.

“Yes, yes, yes! Thank you, young sect leader! Thank you, young sect leader!” Shen Hu hurriedly said, “I’ll immediately call for a Chartered plane to return to China and apologize to senior Xia!”

“You do as you see fit!” Chen Xuan said impatiently.

In his opinion, the water Yuan sect had caused him trouble, and it was the kind of trouble that was not easy to deal with. Thus, he naturally did not show Shen Hu any good attitude.

....

Capital University, by the unnamed lake.

Xia ruofei met up with Song Wei very quickly.

“Have you settled the matters here?” Xia ruofei looked at Song Wei and asked as he smiled.

Song Wei was also very happy to see Xia ruofei. She quickened her pace and walked in front of Xia ruofei. She smiled and said, “Yup! I’ve already told my mentor, so I’m going on my winter break in advance!”

“Not bad! Not bad!” Xia ruofei chuckled and said, “Weiwei, I still have something to deal with in the capital. As for you ... Should I send you back to San Shan first?”

It would only take Xia ruofei 20 to 30 minutes to travel from the capital to the three mountains on his Black Phoenix flying boat. Hence, it was very convenient for him to send Song Wei off.

The reason why he had decided to stay in the capital at the last minute was to find an opportunity to speak up for Song Rui and see if he could help him and Zhuo Yiyi, the two lovers. On the other hand, it was naturally because of Lu You’s matter. Xia ruofei had to at least make sure that Lu You was safe before he could return to the three mountains with a peace of mind.

Song Wei thought for a while and said, “then I’ll stay with you!” It wasn’t winter vacation yet anyway! Normally, I’ll only be able to go home after a while.”

“Then it’s decided!” Xia ruofei smiled and said, “let’s go! How about we go back to the courtyard house?”

“You can just go back to the courtyard house.” Song Wei smiled and said, “I have a house in Beijing! Even if I don’t live in the dormitory, I don’t need to stay at your place!”

“Are you sure?” Xia ruofei smiled and asked, “Qingxue isn’t in the capital. We can cultivate the ‘absolute beginning Heart Sutra’ together! Do you really want to go home by yourself?”

The smile on Song Wei’s face froze. Then, she rolled her eyes at Xia ruofei and said, “Now that you’ve said it, I really have to avoid suspicion! Fine! Let’s just go back to our own homes..”

After she finished speaking, Song Wei turned around and pretended to leave.

Xia ruofei quickly grabbed Song Wei’s hand and said with a smile, “Don’t go! Even if you don’t, you can still live in a courtyard house! Anyway, there were a lot of rooms there. After I’m done with my business here, I can return to the three mountains at any time, so it’s more convenient for you to stay with me!”

“I’m just joking with you!” Song Wei laughed. Since you have such a strong request and a sincere invitation, then I will reluctantly live in the liuhai Lane courtyard house!”

“Then I should thank you for coming!” Xia ruofei asked with a smile.

“Of course!” Song Wei said as she raised her chin.

“Oh right, why did you suddenly decide to stay in the capital?” Song Wei asked. What’s up? Of course, if it’s not convenient for you to tell me, then forget it. I’m just asking!”

Xia ruofei chuckled and said, “what’s so inconvenient about that?” Speaking of which, this matter is more or less related to you ...

“Is it related to me?” Song Wei was even more curious.

Xia ruofei smiled and said, “the person involved is related to you!” According to seniority, song Rui is considered your uncle, right? And Zhuo Yiyi, she’s your classmate and best friend, right?”

“The two of them!” Song Wei came to a sudden realization. “If that’s the case, then there’s nothing wrong with it! The two of them are indeed related to me ... But what about them? Awkward? You want to break up?”

“These two are so sweet all day long, why are they quarreling!” Xia ruofei found it funny. “Isn’t it because Xiao Rui’s family has some resistance?” I think he’s serious this time, and he wants to settle down. But if we talk about marriage, I’m afraid there’ll be a lot of resistance from the song family, so I was thinking if I could help him!”

Song Wei nodded and said, “Xiao Rui is indeed under a lot of pressure when he’s with Yiyi. It would be nice if you could speak up for him!”

Song Wei knew Xia ruofei better and was clear about his capabilities. Hence, she wasn’t as worried as Zhao Yongjun and the others about Xia ruofei getting involved in the song family’s Affairs and being hated by the song family.

Xia ruofei smiled. “It’s rare for song Rui to be at ease. I’ll help him if I can.”

Xia ruofei continued,"Oh, right. I met someone when I was having dinner with brother Zhao and the others. Guess Who?"

"How am I supposed to guess?" Song Wei could not help but laugh."How am I supposed to guess if you don't give me any scope?"

Xia ruofei didn't beat around the bush and laughed. I actually met Lu You. I heard that she went overseas to study..."

Song Wei's expression froze for a moment. Then, she could not help but look at Xia ruofei and said,"Are you happy to meet an old friend? And she's your fangirl!"

Xia ruofei scratched his head in embarrassment and said,""There's nothing going on between us! Don't spout nonsense ..."

"What are you feeling guilty about?" Song Wei chuckled. I didn't say anything about you and her! I said that she's your little fan, am I right?"

When Shen Hu heard these words, it was as if a basin of cold water had been poured over his head. He was instantly scared silly.

"Young ... Young sect master, I... I don't know anything!" Shen Hu stuttered,"young sect leader, save me! Young sect leader, save me!"

"Hmph!" Chen Xuan snorted coldly and said,"do you know that you're seeking your own death? Even though Xia ruofei didn't join any sect, his strength and background are not to be underestimated by my father! Not to mention that even the sect master of the star Seizer sect follows his lead. You could have provoked anyone, but you provoked him!"

Shen Hu panicked and quickly said,"Young sect leader, I really didn't know about this situation! And ... And I've never thought of snatching this Paradise Club by force! I arranged for the new disciple to go back with him because I want to do it through merger and acquisition or shares. In short, it is done according to the rules of the secular world. Besides ... This ... It is not a crime for not knowing!"

"Not guilty for not knowing? You can tell this to brother ruofei!" Chen Xuan snorted coldly."! don't have the face to plead for you! What the hell is this!" "Don't, don't, don't!" Shen Hu quickly said. Young sect leader, if you don't care about us, I'm afraid that our water Yuan sect will really be doomed ..."

"Shen Hu, you'd better think of a way to remedy this!" Chen Xuan said sternly. Otherwise, don't blame me for not warning you when your sect is destroyed!" After saying that, his tone eased a little and he said,""I'll also ask brother RUO Fei and see what's going on. You'd better pray that your men didn't offend brother RUO Fei, or else you'll be in deep trouble!"

Although Chen Xuan's words were harsh, the water Yuan sect was still a vassal sect of the first heaven sect. If something really happened, the first heaven sect would definitely help them. Whether it would succeed or not was one thing, but if they didn't do anything, it would only disappoint the other sects. It should be known that there were many vassal sects of the first heaven sect. If the water Yuan sect was really destroyed, the other vassal sects would also be in a state of mutual hostility.

"Yes, yes, yes! Thank you, young sect leader! Thank you, young sect leader!" Shen Hu hurriedly said, "I'll immediately call for a Chartered plane to return to China and apologize to senior Xia!"

"You do as you see fit!" Chen Xuan said impatiently.

In his opinion, the water Yuan sect had caused him trouble, and it was the kind of trouble that was not easy to deal with. Thus, he naturally did not show Shen Hu any good attitude.

Capital University, by the unnamed lake.

Xia ruofei met up with Song Wei very quickly.

"Have you settled the matters here?" Xia ruofei looked at Song Wei and asked as he smiled.

Song Wei was also very happy to see Xia ruofei. She quickened her pace and walked in front of Xia ruofei. She smiled and said, "Yup! I've already told my mentor, so I'm going on my winter break in advance!"

"Not bad! Not bad!" Xia ruofei chuckled and said, "Weiwei, I still have something to deal with in the capital. As for you ... Should I send you back to San Shan first?"

It would only take Xia ruofei 20 to 30 minutes to travel from the capital to the three mountains on his Black Phoenix flying boat. Hence, it was very convenient for him to send Song Wei off.

The reason why he had decided to stay in the capital at the last minute was to find an opportunity to speak up for Song Rui and see if he could help him and Zhuo Yiyi, the two lovers. On the other hand, it was naturally because of Lu You's matter. Xia ruofei had to at least make sure that Lu You was safe before he could return to the three mountains with a peace of mind.

Song Wei thought for a while and said, "then I'll stay with you!" It wasn't winter vacation yet anyway! Normally, I'll only be able to go home after a while." "Then it's decided!" Xia ruofei smiled and said, "let's go! Flow about we go back to the courtyard house?"

“You can just go back to the courtyard house.” Song Wei smiled and said, “I have a house in Beijing! Even if I don’t live in the dormitory, I don’t need to stay at your place!”

“Are you sure?” Xia ruofei smiled and asked, “Qingxue isn’t in the capital. We can cultivate the ‘absolute beginning Heart Sutra’ together! Do you really want to go home by yourself?”

The smile on Song Wei’s face froze. Then, she rolled her eyes at Xia ruofei and said, “Now that you’ve said it, I really have to avoid suspicion! Fine! Let’s just go back to our own homes ...”

After she finished speaking, Song Wei turned around and pretended to leave. Xia ruofei quickly grabbed Song Wei’s hand and said with a smile, “Don’t go!

Even if you don’t, you can still live in a courtyard house! Anyway, there were a lot of rooms there. After I’m done with my business here, I can return to the three mountains at any time, so it’s more convenient for you to stay with me!” “I’m just joking with you!” Song Wei laughed. Since you have such a strong request and a sincere invitation, then I will reluctantly live in the liuhai Lane courtyard house!”

“Then I should thank you for coming!” Xia ruofei asked with a smile.

“Of course!” Song Wei said as she raised her chin.

“Oh right, why did you suddenly decide to stay in the capital?” Song Wei asked. What’s up? Of course, if it’s not convenient for you to tell me, then forget it. I’m just asking!”

Xia ruofei chuckled and said, “what’s so inconvenient about that?” Speaking of which, this matter is more or less related to you ...”

“Is it related to me?” Song Wei was even more curious.

Xia ruofei smiled and said, “the person involved is related to you!” According to seniority, Song Rui is considered your uncle, right? And Zhuo Yiyi, she’s your classmate and best friend, right?”

“The two of them!” Song Wei came to a sudden realization. “If that’s the case, then there’s nothing wrong with it! The two of them are indeed related to me ... But what about them? Awkward? You want to break up?”

“These two are so sweet all day long, why are they quarreling!” Xia ruofei found it funny. “Isn’t it because Xiao Rui’s family has some resistance?” “I think he’s serious this time, and he’s trying to settle down. But if we talk about marriage, there’ll be a lot of resistance from the Song family, so I’m thinking if I can help him!”

Song Wei nodded and said,””Xiao Rui is indeed under a lot of pressure when he’s with Yiyi. It would be nice if you could speak up for him!”

Song Wei knew Xia ruofei better and was clear about his abilities. Naturally, she would not be like Zhao Yongjun and the others,

“What are you feeling guilty about?” Song Wei chuckled.. 1 didn’t say anything about you and her! I said that she’s your little fan, am 1 right?”

After explaining, Chen Xuan continued,””Brother RUO Fei, I’ve already severely reprimanded Shen Hu, that muddleheaded bastard! Please be magnanimous and not be so calculative with him. We will definitely punish the water Yuan sect again! In addition, I’ve already asked Shen Hu to return to the country as soon as possible to ask for your forgiveness ...

Xia ruofei quickly said,”brother Chen, there’s no need for that!” There was really no need for that! I’ve already lightly punished that attendant Liu of the water Yuan sect, so this matter can be considered over!”

“That won’t do!” Chen Xuan replied, “how can the dignity of a golden core cultivator be offended! Brother RUO Fei, if Shen Hu doesn’t apologize to you, he won’t be able to eat or sleep in peace! In fact, with the water Yuan sect’s behavior, even if you annihilate them, they wouldn’t have anything to say. If you can let them go, that’s already very kind of you!”

At this point, Chen Xuan couldn’t help but add,””Brother RUO Fei, it may not have been long since you broke through to the Golden core stage. In today’s cultivation world, the status of golden core cultivators is very noble. If anyone can offend them, what dignity would there be? This time, it was Shen Hu and the water Yuan sect. Next time, it might be some other sect that jumped out!”

Chen Xuan’s words could be considered sincere. After all, the water element sect was a subsidiary sect of the first heaven society. Xia ruofei chuckled. “It’s not that serious. No one would be stupid enough to provoke a golden core cultivator for no reason.”

In reality, even though Xia ruofei had only broken through not too long ago, he was already a cultivator in the intermediate stage of the Golden elixir realm. However, because his spiritual power had reached the spiritualization realm, he had concealed his cultivation aura very well. Even Chen Nanfeng did not notice that he had broken through another level in the trial Pagoda.

It could be said that Xia ruofei already had the highest combat power in the entire cultivation world. If anyone dared to provoke him for no reason, he would not mind teaching them a painful lesson.

“Brother ruofei,” Chen Xuan said, “that may be true but you really can’t weaken the aura of a golden core cultivator. Otherwise, others will think that you’re weak and easy to bully.”

Xia ruofei thought for a while and said, “Brother Chen, since Shen Hu is already preparing to return, let him come back! However, there’s one thing that you need to tell him in advance!”

“Brother RUO Fei, please speak!”

“My friend, Lu You. He doesn’t know that I’m a cultivator,” Xia ruofei said, “I didn’t show my face when I was teaching the disciples of the water Yuan sect a lesson, including when I was giving her spiritual crystals and cultivation techniques. I hope that Shen Hu won’t let this slip.”

“No problem!” “I’ll just let him know!” Chen Xuan replied hurriedly.

Since Xia ruofei did not want his friends to know his true identity, Chen Xuan would naturally remind Shen Hu to keep it a secret. This was a small matter. As long as Xia ruofei accepted Shen Hu’s apology, there should be No more grudges left.

“Alright, then I’ll have to trouble brother Chen.” Xia ruofei smiled and said, “I’ll be in the capital for the next two days. I’ll be staying at the courtyard house in liuhai Lane. You know the place. If Shen Hu wants to look for me, he can go there!”

“No problem!” Chen Xuan said, “thank you, brother ruofei! On behalf of the water Yuan sect, I would like to thank brother ruofei for his magnanimity!”

“Brother Chen, you’re being too serious ...

After Xia ruofei hung up, Song Wei asked curiously, “RUO Fei, Chen Xuan knows about the club?”

Xia ruofei smiled and nodded. “He’s asking about the water Yuan sect. Didn’t he go to the Paradise Club? When the people of the water Yuan sect said that they had sent people to

the capital because they found a place for cultivation, they immediately thought of our club, so... They quickly called to apologize!”

“What kind of apology did he make?” Song Wei was confused.

“The water element sect is a subservient sect of the first heaven society. In fact, the sect master of the water element sect is also his subordinate.” Xia ruofei laughed.”I guess he doesn’t want me to have any ill – feelings towards the first heaven society!”

“Hehe! The big sects in the cultivation world are trying to be on good terms with you! It’s not worth it to offend you for no reason because of this!” Song Wei smiled.”Chen Xuan is smart. He can tell which is more important!”

“Actually, I didn’t take it to heart. Even if I were to blame the water Yuan sect, I wouldn’t blame the heavenly sect!” Xia ruofei smiled and said,”let’s not talk about this. Let’s go back to siheyuan first!”

“En!” Song Wei nodded.

Xia ruofei pulled Song Wei and jumped onto the flying sword. Then, he started to use the sword technique.

The blue travel immortal sword turned into a stream of light and flew in the direction of the courtyard in liuhai Lane.

...

The next morning, Xia ruofei gave Zhao Yongjun a call.

“Ruofei, where did you go last night? Why did you get someone to drive the car back to the club?” Zhao Yongjun asked with a smile.

“My friend has something to discuss with me.” Xia ruofei asked,”brother Zhao, is the car still in the club?”

“I was just about to get someone to help you drive it to the siheyuan!” Zhao Yongjun said.

“Then don’t open it.” Xia ruofei quickly said, “I called you because of this! I still have to go to the club today, so I’ll leave the car at the club! It’ll be more convenient for me to use the car later!”

“Alright!” Zhao Yongjun said readily,”are you coming over in the morning? Then I’ll send a car over to pick you up!”

“There’s no need to go through so much trouble!” Xia ruofei smiled and said, “there’s a Land Rover in the siheyuan! I’ll get Wu Qiang to drive me over in the morning. Also, don’t

make any other arrangements. I should stay for a while and not necessarily have lunch at the club. “

“Alright! Then i won’t care about you anymore!” Zhao Yongjun said.

“Yes, yes!” Xia ruofei nodded and asked,”Oh right, is Xiao Rui at the clubhouse today?”

“He’s at his own company!” Zhao Yongjun smiled and said,”actually, he doesn’t come here often. This guy has changed. Most of the time, he’s obediently staying in the company. Sometimes, he only comes to the club with his girlfriend!”

Zhao Yongjun continued to ask,”you’re looking for Xiao Rui?” Do you want me to give him a call and ask him to wait for you at the club?”

“No need!” Xia ruofei said,”I’ll just give him a call. We don’t have to meet.” Big brother Zhao, you don’t have to worry about it. Go do your work! I’ll come to the club later!”

“Alright!”

After Xia ruofei finished his call, he asked Wu Qiang to bring breakfast to the courtyard in the middle. At the same time, he asked Wu Qiang to prepare the car.

After Xia ruofei and Song Wei finished their breakfast, Wu Qiang drove them to the Paradise clubhouse.

Wu Qiang drove the Land Rover off – Road vehicle slowly through the capital’s morning peak traffic. The car finally arrived at Taoyuan clubhouse at around 10 am.

At the entrance of the clubhouse, Xia ruofei asked Wu Qiang to stop the car. After he and Song Wei got out of the car, he asked Wu Qiang to drive them back to siheyuan.

Xia ruofei and Song Wei walked into the club.

As they strolled along the picturesque clubhouse, Song Wei took a deep breath and said with a smile,””The spiritual Qi here is indeed quite rich. No wonder the disciples of the water Yuan sect reported it as if they had obtained a treasure!”

Xia ruofei didn’t know whether to laugh or cry.”Weiwei, you’ve experienced the effects of the combination of the heavenly Luo formation and the great void xuanqing formation. In comparison, the spiritual Qi here is just average.” However, this is the only place in the capital that can support your cultivation ... You can cultivate in the villa! I’m going to the song family today to pay a visit to elder song.”

This was what Xia ruofei and Song Wei had agreed on last night. Today, Xia ruofei went to the song family to visit elder song. Since Song Wei did not return to the three mountains, she did not want to waste time. Therefore, she came to the Paradise clubhouse to cultivate.

There was a small villa in the clubhouse. It was the core of the array and Xia ruofei’s personal villa.

After explaining, Chen Xuan continued,””Brother RUO Fei, I’ve already severely reprimanded Shen Hu, that muddleheaded bastard! Please be magnanimous and not be so calculative with him. Chapter 3532: The banquet (1)

Wu Qiang was stunned for a moment. Although Xia ruofei did not spend much time in the capital, Wu Qiang still had some understanding of Xia ruofei. Xia ruofei did not put on airs and was very gentle to everyone. Under normal circumstances, if there were guests, even if Xia ruofei could not make it home in time, he would let Wu Qiang and the others welcome the guests into his house first.

He didn't expect Xia ruofei to ask him to give a simple message so casually and nothing else.

However, Wu Qiang was only stunned for a moment before he immediately replied, "Alright! I'll pass on the message immediately!"

After Xia ruofei hung up, he continued to drive. Half an hour later, he arrived at the song family's old house.

Elder song usually lived in the old residence, so the security level here was very high. There were no other private houses in the area around the old residence, but there were some buildings used by security guards. There were already sentries with loaded guns at the intersection about a kilometer away from the old residence.

However, Xia ruofei's car and himself had already been registered at the security Office. Hence, Xia ruofei only did a simple parking registration at the intersection. Of course, the guards still checked the vehicle meticulously to make sure that there were no other unrelated people or dangerous items, and then they let them through.

Xia ruofei drove the car and arrived at the song family's antique – looking old house with ease.

In fact, when Xia ruofei entered the intersection, the guard had already called the on – call room of the old residence. So, before Xia ruofei's car even stopped, he saw elder song's personal secretary, manager Lu, coming up to him with a smile.

Xia ruofei quickly parked the car and got out.

“Manager Lu, I’m so scared that you came out to welcome me personally!” Xia ruofei said with a smile.

Manager Lu laughed and said, “President Xia, you’re an important guest. Isn’t it only right for me to come out and welcome you?” If I don’t pick you up personally, the chief will criticize me for being insensible.”

“Manager Lu, you’re being too serious!” Xia ruofei said.

He had been in contact with the song family for a long time, so he knew manager Lu’s position in the family. His administrative rank was obvious. If he were to be placed in a local area, he would definitely be a high – ranking official. The key was that manager Lu had worked for elder song for many years. When elder song was in the office, he was the head of the Office. Even after he retired, manager Lu still followed elder song and was responsible for his safety. It could be said that manager Lu was not only elder song’s subordinate, but more like family.

Therefore, manager Lu came to welcome Xia ruofei personally. It showed how much the song family valued Xia ruofei.

Xia ruofei continued to ask, “manager Lu, is the chief at home?” “I don’t know if I’m disturbing the old man’s rest?”

Elder song was a big Shot. Even though he had retired, it was not easy for ordinary people to meet him. Even if some big leaders wanted to visit, they had to call in advance to confirm their schedule. Xia ruofei was probably the only one who came without informing.

Manager Lu chuckled and said, “the Bureau chief has been at home recently!” President Xia, you haven’t come to visit the chief in a long time! If the Bureau chief knew that you were here, he would be so happy! How could I possibly disturb the old man?”

Manager Lu’s office was near the duty room. He received the notice immediately and came out to welcome them without reporting to Master Song.

Of course, this was also because it was Xia ruofei. Manager Lu knew very well that he didn’t need to report Xia ruofei’s arrival and could just lead him in.

“How’s the chief’s health recently?” Xia ruofei asked again.

“I’m fine!” Manager Lu chuckled and said, “the Bureau chief has praised you many times, saying that you are also good at health care. It is all thanks to you that his body can be so strong!”

“That’s because the chief has a good foundation ...” Xia ruofei smiled and said, “manager Lu, please wait a moment. I’ve brought some gifts for the chief in the trunk.”

“I’ll get someone to get it!” Manager Lu quickly said.

It wasn’t just Master Song and his family who lived in the old house. There were also many security staff, including internal guards, drivers, chefs, and so on. So, manager Lu didn’t say anything and two staff members immediately ran over.

Xia ruofei said, “no need, no need!” Manager Lu, there aren’t many things, I can carry them myself!”

After that, he opened the trunk of the van and took out some gifts he had prepared for elder song. He politely declined the help of the staff.

Manager Lu saw that the items were not heavy and gestured to the two staff members to leave. He then personally accompanied Xia ruofei to the inner residence.

“Chief, you should be reading some documents at this time,” manager Lu said as they walked. “Let’s go to the study room directly!”

Although elder song had retired many years ago, a leader of his level still enjoyed the same treatment as his counterpart. Many documents would be copied and sent to him. He had always been concerned about the country’s development, so he would take time every day to read the documents and understand the country’s general policies and domestic and international developments. This was an almost unshakeable program that would be retained..

Manager Lu had followed elder song for many years, so he naturally knew elder song’s schedule.

The two of them walked through the corridor and arrived at the inner residence where elder song lived. Manager Lu brought Xia ruofei to the study room. Elder song was indeed reading the documents at the desk with his reading glasses on. Sometimes, he would even draw out the key points on the documents with a pen. He looked very serious.

Usually, manager Lu wouldn’t disturb elder song at such a time, but today was a special occasion. Xia ruofei had come to visit elder song, so he didn’t hesitate. He knocked on the door of the study and said, “Chief!”

Elder song frowned slightly. He put down the pen in his hand and looked up.

He immediately saw Xia ruofei, who was standing next to manager Lu. The slight displeasure he had disappeared instantly, and a surprised smile appeared on his face. He stood up and said, "RUO Fei? You finally remembered to come and visit this old man! Hurry up and come in! Hurry and come in!" "Grandpa song!" Xia ruofei also smiled and walked into the study.

Elder song was very happy to see Xia ruofei. He pulled Xia ruofei to the sofa and said to manager Lu, "Xiao Lu, find me my best tea leaves ..."

"Chief, the best tea you have here is the Taoyuan Da Hong Pao that CEO Xia gave you!" Manager Lu said with a smile.

Eccentric song was stunned for a moment, then he patted his forehead and said with a smile, "I almost forgot that this little guy has a lot of good things in his hands! RUO Fei, I see that you have so many bags. What good stuff did you bring for this old man?"

Xia ruofei smiled. "Grandpa song, you don't lack anything here. I only brought some tea leaves and tonics. I just wanted to express my gratitude."

Xia ruofei didn't prepare any special gifts this time. He only took some of the things in the spirit map space, including the Taoyuan Dahongpao, old ginseng, Cordyceps, and so on. Then, he found a box and packed them. There were five or six gifts.

"You know I don't need it, yet you're still so polite!" "You're the only one who dares to give me such a gift," said granny song angrily. "If anyone else dared to give me a gift like this, they wouldn't even be able to enter my house!"

Xia ruofei grinned. "That's different. Other people might be asking you for help. I'm showing my respect to you. How can you not accept it?"

"Yes!" Elder song laughed. Receive! Receive! How can I not accept RUO Fei's gift? Xiao Lu, take these things to my room. Oh right... Leave the tea leaves! Let's try it now!"

"Yes! Chief!" Manager Lu picked up the gifts that Xia ruofei had brought, leaving only the box of tea leaves.

"Grandpa song, I'll make some tea!" Xia ruofei said.

"Good! Young people are nimble!" Elder song said, "besides, the tea you make has a unique natural charm. I like it!"

Wu Qiang was stunned for a moment. Although Xia ruofei did not spend much time in the capital, Wu Qiang still had some understanding of Xia ruofei. Xia ruofei did not put on airs and was very gentle to everyone. Under normal circumstances, if there were guests, even if Xia ruofei could not make it home in time, he would let Wu Qiang and the others welcome the guests into his house first.

Xia ruofei quickly parked the car and got out.

"Manager Lu, I'm so scared that you came out to welcome me personally!" Xia ruofei said with a smile.

Manager Lu laughed and said, "President Xia, you're an important guest. Isn't it only right for me to come out and welcome you?" If I don't pick you up personally, the chief will criticize me for being insensible."

"Manager Lu, you're being too serious!" Xia ruofei said.

He had been in contact with the song family for a long time, so he knew manager Lu's position in the family. His administrative rank was obvious. If he were to be placed in a local area, he would definitely be a high – ranking official. The key was that manager Lu had worked for elder song for many years. When elder song was in the office, he was the head of the Office. Even after he retired, manager Lu still followed elder song and was responsible for his safety. It could be said that manager Lu was not only elder song's subordinate, but more like family.

Therefore, manager Lu came to welcome Xia ruofei personally. It showed how much the song family valued Xia ruofei.

Xia ruofei continued to ask, "manager Lu, is the chief at home?" I don't know if I'm disturbing the old man's rest?"

Elder song was a big Shot. Even though he had retired, it was not easy for ordinary people to meet him. Even if some big leaders wanted to visit, they had to call in advance to confirm their schedule. Xia ruofei was probably the only one who came without informing.

Manager Lu chuckled and said, "the Bureau chief has been at home recently!" President Xia, you haven't come to visit the chief in a long time! If the Bureau chief knew that you were here, he would be so happy! How could I possibly disturb the old man?"

Manager Lu's office was near the duty room. He received the notice immediately and came out to welcome them without reporting to Master Song.

Of course, this was also because it was Xia ruofei. Manager Lu knew very well that he didn't need to report Xia ruofei's arrival and could just lead him in. "How's the chief's health recently?" Xia ruofei asked again.

"I'm fine!" Manager Lu chuckled and said, "the Bureau chief has praised you many times, saying that you are also good at health care. It is all thanks to you that his body can be so strong!"

"That's because the chief has a good foundation ..." Xia ruofei smiled and said, "manager Lu, please wait a moment. I've brought some gifts for the chief in the trunk."

"I'll get someone to get it!" Manager Lu quickly said.

It wasn't just Master Song and his family who lived in the old house. There were also many security staff, including internal guards, drivers, chefs, and so on. So, manager Lu didn't say anything and two staff members immediately ran over.

Xia ruofei said, "no need, no need!" Manager Lu, there aren't many things, I can carry them myself!"

After that, he opened the trunk of the van and took out some gifts he had prepared for elder song. He politely declined the help of the staff.

Manager Lu saw that the items were not heavy and gestured to the two staff members to leave. He then personally accompanied Xia ruofei to the inner residence.

"Chief, you should be reading some documents at this time," manager Lu said as they walked. "Let's go to the study room directly!"

Although elder song had retired for many years, he still enjoyed the same treatment as his position.. Many documents would say,

Everyone arrived at the dining hall and took their respective seats.

Although it was called a banquet, there were no outsiders. There were only three generations of Grandmaster song and Xia ruofei, four people in total.

Most of elder song's children worked in other places, and song Rui was the eldest grandson. Although he feared elder song like a tiger, he would occasionally come to visit the old master. His other younger brothers and sisters were even more respectful of elder song than song Rui. Even if they came with their elders, they were still trembling with fear and rarely came to the old residence.

Today, elder song asked song Zhilan to come home for dinner at the last minute, so naturally, no other younger generation came to attend.

Initially, Xia ruofei wanted manager Lu to sit down and eat, but manager Lu kept rejecting him, saying that he was here to ensure the Bureau chief's service. How could he eat together with him?

Elder song laughed,"ruofei, just leave Xiao Lu to herself!" He's gotten used to it after so many years."

In fact, manager Lu's rank wasn't low. He could be the top or second – in – command in a lower province. However, in front of elder song, he had always been humble as a staff member. Elder song was used to this kind of interaction and never forced manager Lu to do things that he wasn't used to.

As a result, there were only the four of them at the dinner tonight.

Elder song was in a very good mood. He personally picked up the bottle and poured wine. Xia ruofei and song Zhilan were naturally more relaxed. Only song Rui seemed very nervous. He was already afraid of elder song, and now that Xia ruofei had said that he would help him mention Zhuo Yiyi's matter, he was even more nervous.

After everyone poured the wine, elder song held the glass and smiled.”Ruofei, I’m very happy that you came to visit me today! Now that I’m older, I’m especially afraid of being lonely, but the children are all very busy...”

Elder song’s words made both song Zhilan and song Rui feel a little embarrassed. Song Zhilan quickly said,”Dad! It’s our fault... We’re usually so busy that we can’t come over to accompany you often ...”

“It’s a good thing that you have your own careers,”said elder song while waving his hand. I’m getting on in years, the song family will still need you guys to support it in the future!”

Xia ruofei laughed and said,”Grandpa song, you’re still strong!” You’re the star of the song family, the backbone of the younger generation!”

Eccentric song laughed and said,”let’s not talk about this. I’ve been in good health for the past two years. It’s all thanks to you, ruofei.” Come! Let’s have a drink first!”

“Cheers!”

Everyone clinked their glasses, and then, including elder song, drank the wine in their glasses.

Of course, they used the smallest thumb cup, which was about one coin per cup.

Elder song picked up his chopsticks and said,”come, come, come!” Ruofei, try the cooking of my chef! Let’s eat!”

Everyone chatted as they ate dinner. The atmosphere was harmonious, but song Rui seemed to have a lot on his mind. He was mainly worried about his personal gains and losses. He didn’t know how Xia ruofei would speak up for him or what the outcome would be.

After elder song took a bite of the vegetable, he smiled and said,””RUO Fei, the Jade Guanyin you gave me last time was really good! In the past, I always felt that the atmosphere in This Old House wasn’t very good, but ever since we had the Jade Guanyin, it’s very comfortable to stay at home. It’s a pleasure that comes from the inside out!”

Elder song paused for a moment. He couldn’t help but point at song Zhilan and said with a smile,””I remember that Zhilan even said that this was a feudal superstition!”

Song Zhilan said with some embarrassment,””Dad! Didn’t I already admit my mistake? Why are you still holding on to it?”

The Jade Guanyin that Xia ruofei gave elder song was a gift for elder song’s birthday. At that time, the song family’s younger generation and some close guests were present.

Xia ruofei asked elder song to drop a drop of blood on the Jade Guanyin to recognize her as his master. Song Zhilan even reprimanded him for being superstitious.

In the end, after the blood contract, the effect was immediate. At that time, song Zhilan was convinced.

Elder song laughed out loud and said, "Zhilan, this really isn't a psychological effect. Even the staff in the house felt it very clearly. Moreover, this is a subtle and continuous effect. Not to mention other things, even the headaches and fevers of those staff have decreased a lot!"

Elder song couldn't help but give Xia ruofei a thumbs up. "RUO Fei, your Jade Guanyin is really very good! So ... Sometimes, we shouldn't rush to conclusions, and we shouldn't arbitrarily classify things outside of our own cognition as pseudoscience, feudal superstition, and so on!"

"Dad!" Song Zhilan said. You've already criticized me, so I've accepted it with an open mind! I've even hired a Feng Shui Master to adjust the layout of my office!"

Xia ruofei didn't know whether to laugh or cry. So song Zhilan had attributed the remarkable effect of the Jade Guanyin to Feng Shui.

However, he wouldn't expose her. With song Zhilan's level, the Feng Shui Master she hired should have some real skills. It couldn't be those kind of pure charlatans. Also, the theory of Feng Shui wasn't completely feudal and superstitious. It wouldn't be bad to let a real expert Feng Shui Master inspect and adjust the layout of the office.

After they chatted for a while, Xia ruofei brought the topic to song Rui. He remembered that his main mission was to help song Rui persuade the others.

Chapter 3536 - 3536 Beyond expectations (1)

3536 Beyond expectations (1)

Hearing this, Xia ruofei's expression became very strange.

It wasn't strange that song Zhilan was looking for a partner for song Rui. In fact, in the past one or two years, the song family had been looking for marriage alliances for song Rui. However, the person song Zhilan looked for this time wasn't a descendant of a big family in the country. Instead, she looked for a Chinese man from overseas.

What made Xia ruofei not know whether to laugh or cry was that this lady called Li Hongyan had a close relationship with Li Yifu.

Xia ruofei did some calculations in his heart. Li Hongyan's father, li chenghui, was Li Yifu's nephew. That meant that Li Hongyan was Li Yifu's grandniece.

In other words, if song Rui and Li Hongyan were really married, then he should address Li Yifu as grandfather.

According to the seniority of immortal mountain river, Li Yifu was Xia ruofei's grandnephew. In other words, Xia ruofei was song Rui's grandfather's grandfather. Even elder song was Xia ruofei's grandson ... Okay! Elder song had his own opinions, but as for song Rui ...

Xia ruofei couldn't help but look at song Rui. Father, ancestor, great, great... By then, I'll be this kid's great ancestor? He's my great -great-grandson? This arrangement seemed pretty good...

Xia ruofei couldn't help but find it funny.

Elder song naturally didn't know that Xia ruofei had such complicated thoughts. He was rather interested in the marriage partner that song Zhilan had found for song Rui. He couldn't help but ask, "Zhilan, you've contacted the Li clan? Does the other party have the same intention?"

Song Zhilan slightly nodded and said, "dad!" Mr. Li Yifu is now living in seclusion and has very little contact with the outside world, so I couldn't speak to him directly ..."

Xia ruofei thought to himself, 'my adopted husband is now on Peach Blossom Island. How long has it been since he returned to the United States? It would be a wonder if you could contact him!"

Song Zhilan continued, "however, li chenghui is still very interested in our proposal. If both parties have no objections, he can arrange for Li Hongyan to work in the branch company of the nine states group in Beijing. Our group still has a lot of business dealings with the nine states group. This way, Xiao Rui can also have more contact with Li Hongyan. After all, it's a new era. Even if it's a marriage alliance, it's definitely necessary to let the young people get along first ..."

"You're right....Eccentric song nodded.

Then, eccentric song pondered for a moment and said, ""The Li family is still very influential in the United States, and in recent years, they have been increasing their investment in China. These patriotic Chinese have a lot of influence in China. If you marry them, it's not a bad choice ..."

The more song Rui listened, the more anxious he became. The situation was not good this time!

In the past, elder song did not approve or oppose song Rui's marriage. He had seen song Rui's various means of escape, but he did not say much.

But today, it seemed that even elder song agreed.

If elder song decided, song Rui would not even have the courage to resist.

He was so anxious that he could not help but look at Xia ruofei for help.

When song Rui looked at Xia ruofei, he saw a strange smile on Xia ruofei's face. He seemed to be listening with great interest.

What did this brother mean? Don't tell me he's backing out? Then wouldn't I be in deep trouble? Song Rui couldn't help but curse silently.

Song Rui kept winking at Xia ruofei, but Xia ruofei ignored him. Song Rui coughed a few more times to attract Xia ruofei's attention. Unexpectedly, elder song noticed it before Xia ruofei did.

Eccentric song frowned and said, "Xiao Rui, why are you making eyes at me? What was he doing now? You're not a child anymore, why are you still so immature?"

Song Rui quickly sat up straight and looked down, not daring to make any more unnecessary movements. However, he was scolding Xia ruofei in his heart for being too unreliable ...

Xia ruofei then remembered the purpose of his trip. He smiled and said,"Xiao Rui, you should give your own opinion! This is your marriage!"

He knew that song Rui was terrified, especially in front of elder song. He did not dare to say anything but he did it on purpose. After all, this was song Rui's own business. He still hoped that song Rui could express his opinion bravely.

"Yeah!" Elder song nodded. Xiao Rui, what are you thinking? Tell me! I think this girl from the Li family is quite good. She's a good match for you in all aspects ..."

"It's more than a match!" Song Zhilan smiled and said, "I've seen Li Hongyan's resume. This girl is simply too outstanding. I even feel that our Xiao Rui is not worthy of her! Of course, the men of our song family are more than enough to match anyone. Moreover, Xiao Rui is getting more and more successful..."

Song Rui couldn't help but feel depressed. Song Zhilan's words, so he was just relying on his good family background! If he didn't have the song family's Halo, he wouldn't be worthy of Miss Li! Am I that bad?

"Xiao Rui, tell me your opinion!" Xia ruofei said again.

This time, Xia ruofei even used a bit of his spiritual power.

Of course, song Rui was his friend. He wouldn't use hypnosis on his friend. This trace of spiritual energy was mainly to affect song Rui's emotions so that he could muster the courage to speak his mind.

Song Rui was not aware of Xia ruofei's small actions, but he felt that he had become more courageous. He braced himself and said, "Grandpa, aunt, no matter who they are, I don't want to marry them. They have no emotional Foundation at all. Everything is based on benefits. This is not what I want!"

Chapter 3537 - 3537 Beyond expectations (2)

3537 Beyond expectations (2)

song zhilan couldn't help but sink a little and said,"" xiao rui! the foundation of a relationship had to be cultivated. you don't even know what the girl looks like, what her personality and temper are like, and you say you don't have a foundation? you can try it out first. you'll only know if it's suitable after you try it out!" (1

elder song looked at song rui, but he didn't say anything.

in fact, he wasn't as angry as song zhilan. he was very clear that this grandson of his was always a yes – man in front of him. today, he dared to bravely express his opinion. although it was against the wishes of the elders, he still looked at song rui in a different light.

after song rui said those words, it was as if a big stone in his heart had been removed. he suddenly felt a lot more relaxed.

moreover, he was also going all out. after hearing song zhilan's words, he directly stiffened his neck and said," "aunt, there's no need for that! it's meaningless. i can't possibly like this li hongyan, because....because...because i already have someone i like. we are very in love!"

song rui finally overcame his fear of his grandfather and told him the truth.

his last sentence was almost shouted out. after that, he seemed to have lost all his strength. he leaned back in his chair and panted a few times. then he grabbed the glass on the table and drank it all in one gulp.

song rui put down the empty glass and sat on his seat with his chin raised, looking as if he could do whatever he wanted.

the expression on song zhilan's face turned a little ugly. she didn't think that her nephew would be so bold and dare to speak to her in such a tone. what was even more infuriating was that he had actually secretly dated someone outside.

song zhilan could tell that this time, song rui was seriously in love and not the kind of person who was just putting on a show.

elder song had been silent. he looked at song rui with interest, who seemed to have become a stranger. after a while, he smiled and asked, "xiao rui, you're talking about ...

the young lady who works at the capital museum, right? if i remember correctly, her name is zhao yiyi, right?”

song rui was stunned. he stared at elder song with wide eyes and muttered,” “grandpa, you ... you investigated me?”

Eccentric song laughed and waved his hand, “I don’t think it’s an investigation! But I have my own information channels, and your grandfather isn’t old and muddle-headed. He’s not completely oblivious to what’s happening outside. Don’t treat me like I’m deaf or blind, okay?”

Xia ruofei couldn’t help but find it funny. Elder song naturally didn’t know that Xia ruofei had such complicated thoughts. Elder song didn't say anything until he saw song Zhilan and Xia ruofei start to argue. He cleared his throat and said, "Zhilan, I was the one who told RUO Fei to say it. Moreover, he only said his own thoughts. You don't need to have such a big reaction."

"Dad!" Song Zhilan was a little anxious, "I'm doing this for this family! "It's actually for Xiao Rui's own good. Young people don't have social experience, so why should they pursue love? he'll understand in the future. It's reasonable to pay attention to people of equal social status. When two people of different social status are together for a long time, they'll find that they don't fit in and might regret it for the rest of their lives ..."

“It’s not that serious!” Elder song laughed and said,”speaking of family, I was also born as a Cowherd boy. How noble am I? I don’t think so! Our old comrades who went through the war didn’t say that they wanted a match of equal social status when they got married. Come to think of it, your mother was really born into a good family. If we were to talk about family status, I should be the one who wasn’t good enough for her ...”

“How is that the same?” Song Zhilan couldn’t help but Mutter.

She was a little puzzled. She didn’t know what was wrong with her father today. She felt that there was something wrong with his words! Didn’t he agree to the marriage with the Li family? Why did it seem like he was going to support Xiao Rui now?

When song Zhilan thought of this, she couldn’t help but look at Xia ruofei. A thought that even she herself felt was ridiculous appeared in her heart.”Could it be all because of Xia ruofei?”

Xia ruofei smiled and said,”Grandpa song, aunty song is doing this for the good of the song family. She might be doing this out of concern for Xiao Rui.” But what I want to say is that if one’s strength is really strong to a certain extent, there doesn’t seem to be a need to use means like marriage and sacrifice the happiness of the younger generation to maintain the development of the family.”

“what ruofei said makes sense, i agree.” elder song said with a smile.

“ruofei, i’ve said it just now. anyone can talk about great principles, but the reality is not that simple.” song zhilan said, her interest waning.

she knew very well that if elder song’s side was leaning towards song rui, it would be futile no matter what she said.

elder song’s prestige in the family was greater than all of his children combined, even though elder song lived in seclusion, he could make decisions in the song family as long as he wanted to.

of course, if elder song clearly stated that song rui should marry into the li family, song rui would not be able to resist no matter how stubborn he was.

xia ruofei smiled and said,”elder song, auntie song, i believe you can see that i’m here to persuade you. xiao rui and zhuo yiyi are truly in love, i personally support them.” but i can’t just talk big, right, auntie song?”

song zhilan squeezed out a smile and said,””ruofei, i’m not blaming you. you’re xiao rui’s good friend, it’s only right for you to support him.”

elder song chuckled and said, "you're right, reason is reason, nowadays, many people think that talking about great reasons is pedantic, hypocritical, or even easy to say. in fact, as long as it's right, we have to say it with confidence, it's nothing."

xia ruofei was touched, he could tell that elder song was also inclined to let song rui marry, the reason why elder song's attitude changed was because he saw that xia ruofei supported song rui.

xia ruofei said, "you're right, but it's not enough to just talk about the big picture." so ... i still want to prove that as long as you have enough strength, you don't need to rely on marriage to consolidate the power of the family." "Oh? How can you prove that?" Elder song asked with interest. "And there's no need to prove it!"

Xia ruofei smiled and said, "let me keep you in suspense!" Grandpa song, you guys eat first, i'll go out and make a call..."

"Alright!" Eccentric song said with a smile.

Song Rui quickly stood up and said, "Grandpa, I need to go to the washroom too..."

"Sit down!" Elder song said calmly, "if RUO Fei went out to make a call, why did you follow? Don't you know how to respect your privacy?"

"Oh!" Song Rui could only sit down gloomily.

Actually, he wanted to go out too. On one hand, he wanted to ask what other tricks Xia ruofei had up his sleeve. On the other hand, he felt a little guilty. He did not know what had gotten into him today that he had actually said everything that was in his heart. Now that Xia ruofei had gone out, only his grandfather and aunt were left in the house. He was starting to feel a little scared. If he stayed here, wouldn't he have to endure the storm? Therefore, he quickly found a reason to escape.

However, he didn't expect to be stopped by elder song before he could succeed.

Elder song didn't say anything until he saw song Zhilan and Xia ruofei start to argue. He cleared his throat and said, "Zhilan, i was the one who told RUO Fei to say it. Moreover, he only said his own thoughts. You don't need to have such a big reaction."

Chapter 3540: A clear rejection i

Li chenghui was still a little uneasy, worried that Li Yifu would blame him for sleeping in. After all, for the executives of big companies, there was no difference between working days and rest days. Their schedules were full. Li chenghui had been busy with work for

more than ten days in a row. It was not easy for him to get a day off. He did not expect Li Yifu to call him at this time, and he was still in bed.

In fact, Li Yifu did not care about this at all. He ignored li chenghui's explanation and said directly, "Chenghui, are you planning to arrange a marriage between Hongyan and the song family in Beijing?"

Li chenghui was slightly stunned. He didn't expect that his uncle would know about this. He quickly said, "Uncle, I do have this idea. It was song Zhilan, CEO song, who suggested it. However, both parties haven't discussed the details yet, so I didn't report it to you ..."

Why would Li Yifu usually care about such a small matter? He didn't care if the report was made or not, so he said directly, "Forget about the marriage. Explain to the song family and reject it tactfully!"

"Ah?" Li chenghui was stunned. "Uncle, is there something wrong?"

"Don't ask so much, just do as I say!" Li Yifu said, "call song Zhilan immediately. Don't waste a single minute. Do you understand?"

"Alright!" Li chenghui quickly said.

Li chenghui still attached great importance to the marriage. The marriage with the song family was, strictly speaking, a higher status for the Li family. It was rare for song Zhilan to take the initiative to bring it up, so li chenghui was naturally happy to see it happen. However, Li Yifu directly called him and asked him to reject this matter. He didn't dare to disobey, even if he felt that it was a pity.

Li chenghui's wealth and status were all given to him by Li Yifu.

It was no exaggeration to say that Li Yifu could strip him of all this with just a word. Although he was now in charge of the Kyushu group and had a great say in the Board of Directors, it was entirely because Li Yifu had given him power. If Li Yifu was not satisfied with him, there was no difference if someone else took over.

Therefore, li chenghui did not dare to disobey his uncle's order.

However, he still felt very regretful and puzzled at the same time, so he couldn't help but ask, "Uncle, could it be ... That the song family is going to be in trouble? Then we have to take appropriate measures in advance! Our nine regions and the song family have deep cooperation in many fields ..."

Li Yifu had called him early in the morning and made the unquestionable decision to cancel the marriage. The only reason li chenghui could think of was that something was going to happen to the song family, and Li Yifu had heard the news in advance. Otherwise,

why would Li Yifu be so firmly opposed to the marriage when it was greatly beneficial to both sides?

Li Yifu didn't know whether to laugh or cry."What nonsense is this? The song family was doing very well! Chenghui, it's not as complicated as you think. It's just that this marriage isn't suitable, so I asked you to reject it."

Speaking of this, Li Yifu recalled Xia ruofei's words and quickly reminded him,"Chenghui, you have to speak to the song family properly. You have to pay attention to your wording and don't let them have any ill feelings. I won't ask much about the specific business matters, but to express our apology and sincerity, you can give some concessions on the cooperation project. In short, you have to do what you want, but don't offend the people!"

Li Yifu had learned from Xia ruofei that song Rui of the song family was his good friend, so he could not help but pay more attention to the song family. That was why he had specifically warned li chenghui, in case li chenghui's words were inappropriate and offended the song family.

"Alright! Alright! "I see ..." Li chenghui quickly replied.

He couldn't help but break out in a cold sweat. Fortunately, his uncle explained a few words, and he almost misunderstood.

If he hadn't asked any more questions just now, and then came down and pondered blindly, he might really have made a wrong judgment, and it might even affect the subsequent decisions.

Any project that the Kyushu group and the song family cooperated on in China would involve hundreds of millions of funds. Perhaps a decision on his side could directly ruin a project worth hundreds of millions of Yuan, which would have a great impact.

"The song family must continue to maintain a good relationship," Li Yifu said."In the future, we can cooperate more in – depth, so we might as well give them some benefits." Of course, I won't ask about the details. I'll just point out a general direction, and you guys can grasp it."

"I understand! I understand!" Li chenghui said,"uncle, do you have any other orders?"

"No, that's all!" Li Yifu said,"remember, after you hang up the phone, call song Zhilan immediately. Also, you must pay attention to your words!"

"Don't worry, uncle! I'll remember it all!" Li chenghui quickly said.

After Li Yifu hung up the phone, li chenghui finally recovered. He found that his back was soaked in sweat...

His wife was also woken up by the noise. She rubbed her sleepy eyes and asked, "Chenghui, did uncle call? What's up so early in the morning?"

Li chenghui lifted the quilt and got off the bed as he said, "Don't worry about it, you should sleep a little longer! I'll go to the study to make a call..."

Beijing, the song family's old residence.

After Xia ruofei went out to make a call, he did not mention song Rui again. Elder song and song Zhilan were also very curious about how Xia ruofei was going to prove it, or what he was going to prove. However, Xia ruofei was going to keep them in suspense even if he had to punish himself by drinking three glasses of wine. Naturally, they could not ask. They just drank and chatted while waiting..
