Chapter 3541: A clear reject_2

Manager Lu saw that there was no sign of the end, so he arranged for people to change the dishes on the table. Some were taken down to heat up, and then a few more dishes were added at the last minute.

After about ten minutes, song Zhilan's phone suddenly rang.

Song Zhilan took a look at the caller ID and her face revealed a trace of surprise.

The call was from li chenghui. It was already seven or eighto* clock in the evening. It should still be morning in the United States. No matter what time it was, it didn't seem like a good time to call.

However, song Zhilan didn't think too much about it. She said to elder song,""Dad! We were just talking about the Li family and the Kyushu group! Li chenghui, President li, called. What a coincidence, don't you think?"

Elder song looked at Xia ruofei and said,""Zhilan, just pick it up here! Turn on the speaker!"

Song Zhilan was slightly stunned. She thought about it and realized that there were no outsiders here. Although she was not used to answering the phone on speaker, she still nodded her head and said,"Alright!"

After that, song Zhilan picked up the phone and turned on the Hands – Free function.

"Good Morning, boss li!" Song Zhilan smiled and said.

"Director song, it should be night time back in China, right? I'm really sorry to disturb you so late at night!" Li chenghui said very politely.

"Boss Li, you're too kind. 1 haven't gone to bed this early!" Song Zhilan said and continued to ask,"is there anything that CEO li is looking for me for?"

If it was about work, out of respect for song Zhilan, li chenghui would usually choose to call during working hours in Beijing. Now, it was obviously after work and resting time. If he called, it was most likely not about work, or it was relatively urgent and needed to be communicated with immediately. That was also possible.

Li chenghui said, a little embarrassed,""Director song, 1 called you today mainly because of what you said about the two families ..."

When song Rui heard this, he could not help but prick up his ears. At the same time, he was very nervous.

Song Zhilan smiled and said,"Oh? What's boss Li's decision? If you're free in the near future, you can take Hongyan back to our motherland for a tour, and let the children meet and get to know each other!"

Although she had asked li chenghui about his decision, both sides were very clear about their intentions. They were very willing to marry each other. It was just that they had not made it clear and had not discussed the details.

It was precisely because of this that li chenghui had room to turn things around today. Otherwise, if he really went back on his words, especially when it came to marriage, he would really offend the other party.

Li chenghui became even more embarrassed. He hesitated for a moment and said,""CEO song, I'm really sorry! I've been seriously considering it for a long time these days, and 1 still feel that this matter might not be very appropriate. I took it for granted, I'm really sorry..."

Song Zhilan couldn't help but be stunned. This ... Was he rejected?

Song Rui was also in disbelief. Although he didn't want to marry Li Hongyan, who he had never met before, the song family had taken the initiative to marry an overseas family, but they were rejected. This matter seemed a little unreal to him.

Li chenghui immediately explained,"director song, 1 still have a lot of concerns. On the one hand, our family's Foundation is in the United States. Our relatives and friends are also here. Although we've been developing our domestic business in recent years, if swan goose marries back to China, it'll be thousands of miles away from us. It'll be inconvenient to even meet her. It's also because of this that swan goose's mother is rather against marriage."On the other hand, Hongyan grew up in America, and I'm afraid she won't be used to life here. Besides, her thinking and way of doing things are very American, and the song family is a traditional family. If she really marries into the song family, I'm worried that she'll make a fool of herself and even affect the song family's image... So..."

"I understand, boss li." Song Zhilan sighed to herself and said,"it seems like our Xiao Rui and your Hong Yan are not fated to be together. Hong Yan is indeed very outstanding. Xiao Rui is actually not worthy of Hong Yan ..."

"Director song, please don't say that. If it's a marriage alliance, it'll definitely be our family's swan goose that's climbing up the social ladder." Li chenghui quickly said.

He was afraid that the song family would hold a grudge against him. After all, Li Yifu had repeatedly told him to reject the marriage, but the song family still had to be on good terms with him. If he offended him, it would be difficult to handle.

Li chenghui quickly added,"director song, 1 hope this little episode will not affect the cooperation between our two groups. Returning to China to invest is the long – term strategy of the Kyushu group, and the song family is also our most important partner. The entire Kyushu group, including my uncle, places great importance on our cooperation."

When song Zhilan heard this, she felt a little more comfortable. Although the marriage had inexplicably fallen through, she didn't want to affect the cooperation between the two families. After all, business was business. Even if there was no strong bond like the marriage, it was still not a problem for everyone to work together to earn money.

"I won't!" Song Zhilan laughed and said,"originally, I had an idea on the spur of the moment that day. Moreover, it's a new era now. Arranged marriages are no longer popular. Actually, 1 just suggested that the children of the two families meet. If they really get along, then we will try to develop further. If there are no feelings, just treat it as making friends! However, since boss li has so many concerns, although 1 feel sorry, 1 still understand. Don't worry, boss li, such a small matter won't affect the cooperation between our two families."

"That's good! That's good!" Li chenghui secretly heaved a sigh of relief and then said,"by the way, director song, Let's cooperate with each other according to the plan you proposed! 1'11 go through the process at the board meeting today and we'll be able to sign the contract officially!"

Song Zhilan couldn't help but slightly open her mouth when she heard this, revealing an extremely surprised expression.

Golden Age of the nine provinces was a large commercial real estate project that the two companies were about to cooperate on. The total investment was estimated to be about three billion Chinese dollars. However, this project had not been settled yet. There were major differences between the two sides in the division of interests. The Kyushu group was very optimistic about this project, so they were very persistent in the share ratio. The two sides had carried out several rounds of negotiations, but they had never reached an agreement.

Song Zhilan didn't expect that li chenghui would agree to cooperate with the song family without any warning. This simple sentence could involve the ownership of hundreds of millions of profits in the future.

"Boss Li, you're not joking?" Song Zhilan asked with some uncertainty,"are you going to follow the plan we proposed?"

“Why would I joke about this?” Li chenghui smiled and said,”of course, we will sign the contract according to the proposal that you proposed during our recent negotiation. Director song, am 1 sincere enough?”

“Thank you, boss li!” Song Zhilan said happily.

She had a feeling that li chenghui was trying to apologize to her. After all, although they had not reached an agreement on the marriage, li chenghui had actually agreed to it. It was a sudden change of mind. It was a slap in the face for the song family, but it was not known to outsiders.

“You’re too kind, director song.” Li chenghui said,”by the way, our Kyushu group has been preparing to launch a large – scale logistics project in the United States and Europe. Is the song family interested in investing in it?” Song Zhilan suddenly said with interest,””Of course we’re interested! Boss Li, you are talking about the Suda logistics project, right? Can you really bring us along?”

“Of course! If the song family is interested, the Kyushu group can sell a portion of their shares!” Li chenghui said,”of course, in addition to a proportional investment, the song family also needs to invest some resources to lay a good foundation for this project to enter China in the future.”

“No problem!” Song Zhilan said excitedly,”I’ll form a capable team tomorrow and fly to United States as soon as possible to discuss with you guys!”

song zhilan’s face was still filled with disbelief even after she hung up the phone.

not only did li chenghui make a huge concession on the prosperous nine provinces project, but he also took the initiative to invite the song family to join the kyushu group's big logistics project, even if it was an apology for the marriage, this gift was too heavy.

it was to the extent that the trace of displeasure in song zhilan's heart had already flown to the ninth heaven.

in fact, li yifu's family was definitely not as powerful as the song family, however, the song family also had an obvious weakness, which was that their influence outside of huaxia had been sharply reduced.

this was also a common situation for some of the big families in the country.

on the other hand, the li family was the exact opposite, li yifu's family had always had a great influence in the western world, which was dominated by the united states and europe.

the song family hoped to expand their business overseas, and if they could get the support of the kyushu group, it would naturally be much smoother.

today, li chenghui had invited song zhilan to participate in the kyushu group's logistics project, which was equivalent to giving the song family wings to enter the united states and europe. such an opportunity was what song zhilan had always dreamed of.

the excitement on her face didn't fade, she said to eccentric song,""dad! this was truly an unexpected surprise! he didn't expect the kyushu group to be so sincere! i can finally take a big step forward in the sea investment i planned this year!"

elder song's expression was calm, he didn't reply to song zhilan, but looked at xia ruofei and asked with a smile,""ruo fei, is this what you want to prove to us?"

"ruo fei?" song zhilan also recovered from her excitement and looked at xia ruofei with suspicion.

deep down, song zhilan didn't really believe it. although xia ruofei was very outstanding and his career was developing well, in song zhilan's opinion, there was still a big gap between him and the nine states group, it was impossible for him to have any say in the company, how could he make li chenghui reject the marriage in such a short time and make a phone call? and then, he even gave the song family such a big profit?

however, her rationality told her that it was very likely, otherwise, there wouldn't be such a coincidence, the moment xia ruofei finished his phone call, li chenghui had clearly rejected the marriage.

song rui was in a good mood, whether xia ruofei did it or not, at least the marriage with the li family of the kyushu group was completely impossible.

everyone’s eyes were on xia ruofei.

xia ruofei smiled and nodded.””grandpa song, aunty song, i don’t intend to prove anything, nor do i want to show off my strength, i’m just giving a simple example to show that as long as you have absolute strength, you don’t need to get many things through marriage.”

xia ruofei’s words were clear, although he did not want to prove anything, the truth was already so obvious, as long as he wanted to, the project that the song family had been unable to negotiate for a long time could be easily settled, if they all had such strength, why would there be a marriage alliance?

in fact, xia ruofei had already prepared other ways to show off her strength.

however, when he heard song zhilan say that the marriage partner was li yifu’s grandniece, he naturally gave up his original plan, it was much easier to exert influence on the kyushu group directly through li yifu.

song zhilan’s face was still filled with disbelief even after she hung up the phone.

Song Rui was in a good mood. Whether Xia ruofei did it or not, at least the marriage with the Li family of the Kyushu group was completely impossible.

Chapter 3544 - 3544 Bearing a Bramble and asking for forgiveness (1)

3544 Bearing a Bramble and asking for forgiveness (1)

After sending song Rui to Tiantong garden, Xia ruofei took a car back to Taoyuan clubhouse.

As it was already very late and the clubhouse was rather remote, there was no way to get a taxi back. Hence, Xia ruofei arranged a room for the driver and told him to stay in the clubhouse and return the next morning.

Of course, Xia ruofei had personally called manager Lu to explain the situation. The staff member was naturally very grateful.

Xia ruofei returned to his private villa. Song Wei was still cultivating in the villa after dinner.

For cultivators, the Paradise Club's environment was naturally much better than the liuhai Lane courtyard house. Hence, the two of them stayed there for the night. Before they went to bed, they practiced the "Taichu Heart Sutra" together again. Cultivating together with Song Wei, who was in the Qi cultivation stage, Xia ruofei basically did not benefit much. However, Song Wei's improvement was greater.

The next day, the two of them made breakfast in the small villa before Xia ruofei drove back to the courtyard house in liuhai Lane.

Things in the capital were almost done, and Xia ruofei planned to return to the three mountains.

In fact, he had only come to pick up Song Wei and thought that he would return that night. He did not expect to stay for another two days.

As for song Rui and Zhuo Yiyi's visit to the song family, Xia ruofei was not interested in accompanying them. He had already helped them to this extent and could be said to have sent Buddha to the West. The rest could only be left to song Rui and Zhuo Yiyi. Of course, Xia ruofei believed that Zhuo Yiyi would definitely receive elder song's approval. Xia ruofei was naturally happy for them that their relationship could come to fruition and that they had received the blessings of the elders.

It was the weekend, so the traffic was better than usual.

Xia ruofei returned to liuhai lane at around nineo' clock.

Since the garage was at the back door, Xia ruofei drove in from the back alley. However, before he reached his courtyard house, he frowned slightly because he felt a trace of spiritual Qi from a cultivator at the front door.

Xia ruofei released his spiritual power to check the front door.

He found a middle-aged man standing motionlessly at the gate. The trace of spiritual energy fluctuation was emitted by this middle - aged man.

It was still relatively cold in the capital during this season, but the middle-aged man was dressed very thinly. He only wore a casual shirt with a pair of pants. If an ordinary person were to stand outside in this kind of clothes, he would be frozen into a popsicle very quickly.

Of course, he was a cultivator, so the cold was nothing.

However, the middle-aged man had obviously been standing at the door for a long time because a layer of ice had appeared on his hair and his clothes were covered in dew.

Xia ruofei's heart skipped a beat. He already had a guess.

He didn't say anything, but drove the car directly into the courtyard house.

Wu Qiang was in the backyard. When he saw the Elfa commercial vehicle return, he quickly came up to greet it.

"Boss!" Wu Qiang opened the door for Xia ruofei and greeted him respectfully.

On the front passenger seat, Song Wei also opened the door and got out of the car. Wu Qiang quickly bowed slightly and called out,"Hello, miss song!"

He was no longer a stranger to Song Wei and Ling Qingxue. He knew that the two of them were close to his boss. Of course, Wu Qiang was still very good at maintaining his position. He never made any conjectures about the complicated relationship between the three of them. He only buried himself in his work.

Song Wei did not put on any airs and greeted Wu Qiang with a smile.

"Have you all eaten?" Xia ruofei asked, smiling.

"I've already had breakfast. Boss, miss song, have you eaten? Do you want me to ask sister - in - Law to prepare breakfast for you?" Wu Qiang asked.

"We ate at the club," Xia ruofei said.

"Boss, I have a situation to report to you!" Wu Qiang quickly said. The middle-aged man I told you about yesterday, Shen Hu, didn't leave. He just stood there at the door ..."

"I know." Xia ruofei said indifferently,"did he say why he was looking for me?"

This middle-aged man was standing by the side of the alley with a surveillance camera above his head. If Wu Qiang and the rest did not notice him, they would be incompetent

and their years in the military would have been in vain. Hence, Xia ruofei knew that Wu Qiang would definitely report this situation immediately because Shen Hu's behavior was too abnormal to ordinary people.

"No, I didn't!" Wu Qiang said helplessly, "I went out to ask a few times, but he didn't say anything. He just said that he was waiting for you to come back. We also advised him to go back first and come back today, but he was not moved at all and couldn't be driven away ... The alley is a public place, and we can't drive him away by force, so I could only arrange for old Li and old Hu to take turns to keep an eye on the surveillance. On one hand, we're afraid that this person has ill intentions. On the other hand, we're worried that he's freezing so that we can help him in time ..."

Shen Hu insisted on standing at the door and Wu Qiang and the rest could not do anything about it. Furthermore, Xia ruofei did not say that he could bring him in, so they naturally did not dare to make the decision on their own. One should know that the owner of the courtyard house was Xia ruofei and they were all the staff here. If the owner did not say anything, how could the staff overstep their boundaries?

However, on such a cold day, Shen Hu was dressed in thin clothes and was just standing outside the door. Wu Qiang was also afraid that someone would freeze to death. On one hand, it was too inauspicious. On the other hand, they could not bear to see someone freeze to death. Hence, they arranged for someone to be on duty all night and watch the surveillance screens.

Chapter 3545 - 3545 Bearing a Bramble and asking for forgiveness (2)

3545 Bearing a Bramble and asking for forgiveness (2)

Xia ruofei was quite satisfied with Wu Qiang's way of handling things. This was also an important reason why he trusted Wu Qiang. Wu Qiang had always been able to maintain his position and would never do anything that crossed the line.

"You guys handled it well." Xia ruofei nodded and asked," "Oh right, is Shen Hu alright? It's been freezing outside for a whole night. Is there a problem?"NovElnext.com

"It looks like he's really fine!" Wu Qiang said. We're also convinced! It's such a cold day, but he stood outside for a day and a night. I heard from old Hu that this guy basically didn't move at all. He just stood there without moving. I don't know how he can take it!"

Xia ruofei couldn't help but laugh. For a cultivator, this wasn't too difficult. Of course, in such cold winter, standing outside for a day and a night was definitely uncomfortable.

Xia ruofei thought for a while and said,"go and call him in!" Tell him to wait in the living room."

When they first entered the courtyard, Xia ruofei had specially arranged a living room so that he could receive guests who were not particularly close to him. After all, the master's courtyard was his private space. Unless they were very close, he would definitely not bring them there to receive them.

"Alright!" Wu Qiang quickly said.

Even though he did not know what Shen Hu did for a living, he had more or less pitied him after the night. Hence, when he heard that Xia ruofei was willing to meet Shen Hu, he heaved a sigh of relief.

Wu Qiang was about to use the walkie-talkie to inform old Li and old Hu in the front yard when Xia ruofei said,""Let sister-in-Law make a bowl of ginger soup! Send it to the living room later."

After sending song Rui to Tiantong garden, Xia ruofei took a car back to Taoyuan clubhouse.

As it was already very late and the clubhouse was rather remote, there was no way to get a taxi back. Hence, Xia ruofei arranged a room for the driver and told him to stay in the clubhouse and return the next morning.

Things in the capital were almost done, and Xia ruofei planned to return to the three mountains.

In fact, he had only come to pick up Song Wei and thought that he would return that night. He did not expect to stay for another two days.

As for song Rui and Zhuo Yiyi's visit to the song family, Xia ruofei was not interested in accompanying them. He had already helped them to this extent and could be said to have sent Buddha to the West. The rest could only be left to song Rui and Zhuo Yiyi. NovElnext.comOf course, Xia ruofei believed that Zhuo Yiyi would definitely receive elder song's approval. Xia ruofei was naturally happy for them that their relationship could come to fruition and that they had received the blessings of the elders.

It was the weekend, so the traffic was better than usual.

Xia ruofei returned to liuhai lane at around nineo' clock.

Since the garage was at the back door, Xia ruofei drove in from the back alley. However, before he reached his courtyard house, he frowned slightly because he felt a trace of spiritual Qi from a cultivator at the front door.

Xia ruofei released his spiritual power to check the front door.

He found a middle-aged man standing motionlessly at the gate. The trace of spiritual energy fluctuation was emitted by this middle - aged man.

It was still relatively cold in the capital during this season, but the middle-aged man was dressed very thinly. He only wore a casual shirt with a pair of pants. If an ordinary person were to stand outside in this kind of clothes, he would be frozen into a popsicle very quickly.

Of course, he was a cultivator, so the cold was nothing.

However, the middle-aged man had obviously been standing at the door for a long time because a layer of ice had appeared on his hair and his clothes were covered in dew.

Xia ruofei's heart skipped a beat. He already had a guess.

He didn't say anything, but drove the car directly into the courtyard house.

Wu Qiang was in the backyard. When he saw the Elfa commercial vehicle return, he quickly came up to greet it.

"Boss!" Wu Qiang opened the door for Xia ruofei and greeted him respectfully.

On the front passenger seat, Song Wei also opened the door and got out of the car. Wu Qiang quickly bowed slightly and called out, "Hello, miss song!"

He was no longer a stranger to Song Wei and Ling Qingxue. He knew that the two of them were close to his boss. Of course, Wu Qiang was still very good at maintaining his position. He never made any conjectures about the complicated relationship between the three of them. He only buried himself in his work.

Song Wei did not put on any airs and greeted Wu Qiang with a smile.

"Have you all eaten?" Xia ruofei asked, smiling.

"I've already had breakfast. Boss, miss song, have you eaten? Do you want me to ask sister - in - Law to prepare breakfast for you?" Wu Qiang asked.

"We ate at the club," Xia ruofei said.

"Boss, I have a situation to report to you!" Wu Qiang quickly said. The middle-aged man I told you about yesterday, Shen Hu, didn't leave. He just stood there at the door...

"I know." Xia ruofei said indifferently,"did he say why he was looking for me?"

This middle-aged man was standing by the side of the alley with a surveillance camera above his head. If Wu Qiang and the rest did not notice him, they would be incompetent and their years in the military would have been in vain. Hence, Xia ruofei knew that Wu Qiang would definitely report this situation immediately because Shen Hu's behavior was too abnormal to ordinary people.

"No, I didn't!" Wu Qiang said helplessly, "I went out to ask a few times, but he didn't say anything. He just said that he was waiting for you to come back. We also advised him to go back first and come back today, but he was not moved at all and couldn't be driven away... The alley is a public place, and we can't drive him away by force, so I could only arrange for old Li and old Hu to take turns to keep an eye on the surveillance. On one hand, we're afraid that this person has ill intentions. On the other hand, we're worried that he's freezing so that we can help him in time ...

Shen Hu insisted on standing at the door and Wu Qiang and the rest could not do anything about it. Furthermore, Xia ruofei did not say that he could bring him in, so they naturally did not dare to make the decision on their own. One should know that the owner of the courtyard house was Xia ruofei and they were all the staff here. If the owner did not say anything, how could the staff overstep their boundaries?

However, on such a cold day, Shen Hu was dressed in thin clothes and was just standing outside the door. Wu Qiang was also afraid that someone would freeze to death. On one hand, it was too inauspicious. On the other hand, they could not bear to see someone freeze to death. Hence, they arranged for someone to be on duty all night and watch the surveillance screens.

Xia ruofei was quite satisfied with Wu Qiang's way of handling things. This was also an important reason why he trusted Wu Qiang. Wu Qiang had always been able to maintain his position and would never do anything that crossed the line.

"You guys handled it well." Xia ruofei nodded and asked, "Oh right, is Shen Hu alright? It's been freezing outside for a whole night. Is there any problem?"

"It looks like he's really fine!" Wu Qiang said. We're also convinced! It's such a cold day, but he stood outside for a day and a night. I heard from old Hu that this guy basically didn't move at all. He just stood there without moving. I don't know how he can take it!"

Xia ruofei couldn't help but laugh. For a cultivator, this wasn't too difficult. Of course, in such cold winter, standing outside for a day and a night was definitely uncomfortable.

Chapter 3546 - 3546 Fear and trepidation (1)

3546 Fear and trepidation (1)

This room was a special reception room. It was luxuriously decorated and had sufficient heating. However, as soon as Xia ruofei entered the room, he saw that Shen Hu had not even sat down. He was standing in the guest room with a bowl of hot ginger soup on the coffee table. It looked like he had not even taken a sip.

As soon as Xia ruofei entered the house, Shen Hu quickly raised his head. When he saw Xia ruofei's young face, he hesitated for a moment, but he still asked respectfully," "Is it senior Xia in person?"

Although Xia ruofei's name was very famous in the world of cultivation, he did not have much contact with cultivators. Most of them were high - Level cultivators like Chen Nanfeng and Mu Sheng. Shen Hu, the head of a small sect, had never seen Xia ruofei's face before. So when he saw such a young man walk in and could not feel any energy, he was not sure for a moment.

Xia ruofei revealed a half - Smile and casually threw out a few talismans. He set up a sound - proof barrier in the living room. Although the staff of the courtyard house would not eavesdrop, it still involved the world of cultivation. Hence, Xia ruofei still took some precautions to prevent others from inadvertently hearing.

After setting up the soundproof barrier, Xia ruofei said resentfully," "Sect Master Shen, you don't even know what I look like and you dare to covet my cultivation ground?"

At this moment, how could Shen Hu dare to have any more doubts? Although Xia ruofei did not emit any pressure, the ability to set up a sound - proof formation in an instant was something that Shen Hu could not do.

"Senior Xia!" Shen Hu hurriedly said,"it's all this Junior's fault for failing to recognize Mount Tai! Please forgive me, senior Xia!"

Xia ruofei did not comment. He pointed at the ginger soup and said, "Is the ginger soup made by our chef very bad?"

"I don't dare!" Shen Hu replied in fear. He didn't dare! This junior is extremely grateful for senior's concern, but this junior can still bear the cold. In addition, this Junior's heart is filled with fear, so this junior really doesn't dare to accept senior's good intentions ..."

"Drink it, then sit down and we'll talk." Xia ruofei said indifferently and then asked, "are you afraid that I'll poison you?"

"No, no, no!" Shen Hu jumped in shock and hurriedly said, "if senior wants to kill me, it's just a matter of moving your fingers. There's no need to go through so much trouble ... Senior Xia, then I'll ... I'll have to suffer!"

Shen Hu didn't dare to hesitate any longer. He immediately picked up the bowl of ginger soup and gulped it down.

"Thank you for your generosity, senior!" He said while wiping his mouth.

Xia ruofei had already sat down on the sofa. He pointed at the sofa opposite him and said, ""Sit down!"

"Thank you, senior Xia!" Shen Hu didn't dare to decline and sat down on the sofa opposite Xia ruofei.

Of course, he didn't dare to sit too firmly. He just sat a little closer to her, and he still looked very reserved.

"Tell me! What's going on?" Xia ruofei asked.

Shen Hu didn't dare to dally and quickly said, "Senior Xia, this is a pure misunderstanding! Seven days ago, a disciple of our water Yuan sect passed by the capital and happened to find your cultivation place, the Paradise Club, which is full of spiritual Qi. Now that the cultivation environment has deteriorated, there are very few places where you can cultivate 24 hours a day. So, this disciple was like a treasure and simply surveyed the place. After understanding some of the Paradise Club's situation, he quickly returned to the sect to report. I really didn't know that the Paradise Club was senior Xia's cultivation place. Otherwise... Even if it wasn't senior Xia's cultivation place, I wouldn't have sent people to seize it even if it was opened by another fellow Daoist! "Furthermore, I sent Deacon Liu over and even got Lu You to help her. I wanted to use the business methods of the secular world to buy the club. This way, the treasured land for cultivation will naturally become the property of our water element sect. That's what I was thinking, but I didn't expect Deacon Liu to be so bold as to use the methods of cultivators to force the shareholders of the Paradise Club to leave the club ..."

On the way here, Shen Hu had already rehearsed this in his mind many times, so he was able to say this long paragraph smoothly, almost without a stutter. In addition, after he arrived in the capital, the first thing he did was to find Deacon Liu to understand the situation. When he heard Deacon Liu say that she wanted to use cultivator's means to force ordinary people, and was caught red- handed by a Jindan stage senior, he was almost scared out of his wits.

Hence, he quickly went to liuhai Lane courtyard house to see Xia ruofei. Knowing that Xia ruofei was not at home, he stood still at the gate and waited. His purpose was to let Xia ruofei see his sincerity and not blame him anymore.

Of course, as Chen Xuan had repeatedly emphasized this, Shen Hu had avoided Lu You when he returned to the capital, including when he sought out Deacon Liu to understand the situation. Shen Hu did not reveal anything to Deacon Liu either.

Xia ruofei waved his hand and said, "I've already punished your Deacon. I've already told brother Chen Xuan to stop here. Why did you have to go back to China?"

"Senior Xia is so magnanimous!" Shen Hu said," however, this junior must know his limits. Although I have unknowingly offended senior, an offense is still an offense. As the sect master of the water Yuan sect, this junior should come and ask for forgiveness for the actions of my disciple!"

Chapter 3547 - 3547 Fear and trepidation (2)

3547 Fear and trepidation (2)

"Mm! Since you're here, then that's it!" Xia ruofei said indifferently," you have to learn your lesson in the future. How can there be a treasure land on earth without an owner? Especially in a place like the capital, if there really is a treasure land rich in spiritual Qi, it would have been discovered by other cultivators long ago. Why would a cultivator who lives overseas have the chance to pick up the treasure?"

Although the cultivation world basically didn't actively come into contact with the secular world, it was common for cultivators to travel in the mortal world. Moreover, the capital was the political and economic center of Huaxia, so the probability of cultivators coming here was more than in other cities. For so many years, no one had discovered a treasure land for cultivation, so why would they wait for the water Yuan sect, who was already stationed overseas, to discover it? This matter was obviously not reliable.

Shen Hu was also embarrassed as he lowered his head and said, "It's all Junior's fault for being blinded by greed! Senior Xia, this junior is willing to take all responsibility. No matter what punishment you give this junior, this junior will have no complaints. I only beg senior to let the water Yuan sect go. The other disciples are innocent..."

Xia ruofei remained noncommittal and only asked indifferently," "Lu You doesn't know my identity, right?"

"She doesn't know!" Shen Hu quickly replied. Senior Xia has already given her instructions, how would I dare to reveal it to her?"

No matter what Xia ruofei's reason was, Shen Hu did not dare to be negligent. Since Xia ruofei did not want Lu You to know his identity as a cultivator, especially not the fact that he was the Golden core stage senior who had given him the cultivation resources the night before, Shen Hu would definitely help to keep it a secret.

Xia ruofei nodded slightly."Lu you and I are just ordinary friends from the secular world. In the future, when she's in your water element sect, you should take care of her appropriately. However, don't let her know my identity. Understand?"

"I understand! I understand!" Shen Hu hurriedly nodded and said,"please rest assured, senior. This junior will definitely do his best to cultivate her! Lu You's cultivation talent is quite good. Although she started cultivating a little late, senior has given her precious spirit crystals. Her cultivation should be able to improve very quickly."nоVeℓnExt.coM

To be honest, when Shen Hu found out that Lu You had a spirit crystal, he couldn't help but feel envious, especially when Deacon Liu told him that Xia ruofei had also given Lu You a cultivation technique called the water element Scripture. It was highly suspected to be a lost cultivation technique of the sect. He was even more tempted.

However, these spirit crystals and cultivation techniques were all given to Lu You by Xia ruofei. He had also made it clear that no one was to covet them. Hence, even if he had a few more guts, he would not dare to have any improper thoughts. He also had to protect Lu You in case someone in the sect was blind and set their eyes on Lu You's spirit crystals and cultivation techniques.

"Just give her some normal care," Xia ruofei said calmly."Don't let her feel that it's too abnormal."

"Yes! This junior will grasp this balance." Shen Hu said, "the sect has a special cultivation system for some geniuses. Lu You's talent must have reached the standard of a genius in the sect. Therefore, it is normal for the resources to be biased towards her. She will not feel that something is wrong!"

Any cultivation sect would favor geniuses, because geniuses were the easiest to grow up and were the most likely to return the favor to the sect in the future. Of course, if it wasn't for Xia ruofei, Lu You's talent could only be considered above average. She could barely meet the standards of a genius, but it was impossible for her to receive too much special care in the sect.

With Xia ruofei's words, even if Lu You's talent was average, she would definitely be trained according to the standards of a genius.

In reality, Shen Hu was overjoyed to hear Xia ruofei's request. This meant that Xia ruofei would not punish the water element sect too severely. At the very least, he would not destroy the entire water element sect. Otherwise, if the sect did not even exist, how could he take care of Lu You in the sect?

Xia ruofei nodded and said, "It's good that you know what you are doing! In addition ... I've already punished that Deacon Liu, and she won't be able to cultivate in the future, so don't harm her life anymore. Let her be an ordinary person!"

"As senior Xia commands!" Shen Hu said without hesitation.

Then, Shen Hu added, "by the way, senior Xia, the first heaven society will select a group of disciples from their subsidiary sects to cultivate in the first heaven society every three years. Each time, it will last for three years. This time, our water Yuan sect has two spots. I want to give one of them to Lu You. After she comes to the first heaven society, she will still be a disciple of the water Yuan sect, but she will be able to enjoy the cultivation resources of the first heaven society disciples. Moreover, she will be taken care of by sect leader Chen, so her safety will definitely not be a problem." What do you think?"

Xia ruofei said,"I'll leave this to you!" I don't have any objections."

The disciples selected from these subsidiary sects would cultivate in the first heaven society for three years, which was equivalent to short-term cultivation in the secular world. Xia ruofei didn't know if this was a custom in the first heaven society, but he knew that Chen Xuan was trying to get on his good side. Naturally, he wouldn't reject Chen Xuan's kind intentions.

"Alright! Then I'll make the arrangements when I return!" Shen Hu said, "actually, because our water Yuan sect's strength is average, we only have one spot each time. This time, sect leader Chen young specially gave us an extra spot. It was actually prepared for Lu You!"

Since Chen Xuan had done him a favor, Shen Hu naturally did not dare to hide it from Xia ruofei in case he owed him a favor.

"Please thank brother Chen Xuan for me!" Xia ruofei nodded.

Then, Xia ruofei said,"alright, sect Master Shen, let's end this matter here." I've seen your sincerity, and the person responsible has already been punished. From now on, you'll be on your own."

Shen Hu's hanging heart finally settled down. He rejoiced in his heart. Although this senior Xia was an Aurous core stage cultivator, he was not overbearing. Although he had a faint edge, his overall attitude was still relatively gentle. If it were any other golden core cultivator, they would definitely not let this go. Moreover, they had no other way. Who asked them to be crushed by the other party?

"Many thanks for senior Xia's magnanimity! This junior will definitely take this as a warning!" Shen Hu said excitedly.

Xia ruofei nodded lightly.

Just as Shen Hu was about to stand up and leave, Xia ruofei suddenly asked," "By the way, sect Master Shen, since your sect is called the water element sect, what cultivation technique do you cultivate?"

Shen Hu could not help but be stunned.

Xia ruofei smiled."If it's not convenient for you to tell me, then forget it. I was just asking."

"Convenient! It's convenient!" Shen Hu hurriedly said, "I won't hide it from senior Xia. The water Yuan sect's main cultivation technique is the water Yuan Scripture. However, with the passage of time, our sect has gone through a few disasters in the past few hundred years. Our strength has declined greatly, and the inheritance of the cultivation technique has almost been broken. Now, the water Yuan Scripture in the sect is only an incomplete scroll. Even I, the sect leader, have cultivated an incomplete version of the water Yuan Scripture."

At this point, Shen Hu could not help but sigh,"This is also an important reason why our sect's strength is so low. As the sect leader, I'm actually a Qi condensation cultivator. Thinking about it, I've let down the sect's ancestors!"

"Oh? Does this mean that the water Yuan sect also had a glorious history?" Xia ruofei asked with great interest.

In fact, when he had chosen the "water Yuan Scripture" as a gift to Lu You, he had not considered much about the water Yuan sect. It was entirely because Lu You's physique was especially suitable for water - attribute cultivation techniques. This "water Yuan Scripture" just happened to be a cultivation technique that emphasized the water attribute. Moreover, it was one of the better ones among the cultivation techniques that Xia ruofei had mastered. It was relatively easy to get started with this cultivation technique and had great potential in the future. It was especially suitable for newbies like Lu You who had stepped on the cultivation path later.

From the looks of it now, this technique was most likely the legacy technique of the water element sect. Based on Xia ruofei's understanding of this technique, if the water element sect had cultivated the complete version of this technique, then this sect would be relatively strong. This was because the techniques that could be recorded in the Jade talisman of legacy or the top floor of the trial Pagoda were all excellent techniques that had been selected.

This "water Yuan Scripture" was no exception. Moreover, it was one of the better cultivation methods among these.

Chapter 3548 - 3548 Give me a chance (1)

3548 Give me a chance (1)

"According to the sect's ancient records, our water Yuan sect was at its peak when our sect leader was a primordial soul Stage cultivator. "Of course, this is something that happened a long time ago, and its authenticity can't be verified ..."

These words sounded a little exaggerated now. In the current cultivation world, even nascent soul cultivators were extinct, let alone nascent soul cultivators. At least, the strongest one in the cultivation world was the sect leader of the first heaven sect, Chen Nanfeng. He was in the late golden core stage and was said to be infinitely close to the nascent Soul Stage. However, he was still far from breaking through.

However, Xia ruofei knew that the records in the sect's ancient records Shen Hu had mentioned were most likely true.

According to his understanding of the "water Yuan Scripture," this cultivation technique could indeed be cultivated to the primordial soul Stage. Moreover, if the sect was at its peak at that time, there would definitely be more than one cultivation technique. In the most glorious era of the cultivation world, there would definitely be more than a few low - Level cultivators.

However, there was a gap in the inheritance of the water element sect, and the cultivation method was incomplete. Coupled with the lack of cultivation resources, they were in such a difficult situation. Even the sect leader was only at the ninth Qi layer.

Of course, Xia ruofei knew that even if the latter part of the water element Scripture was a little incomplete, it was not to the extent that he could not even reach the Golden core stage. It seemed that there were still many incomplete techniques in the water element sect.

"It seems that the water element sect has a glorious history," Xia ruofei said with a smile.

"It's all our fault for being useless, causing the sect to gradually decline." Shen Hu said shamefully.

"Sect Master Shen, I'm sure you've already guessed it," Xia ruofei said calmly."The 'water element Scripture' that I gave Lu You is indeed the complete version."

Shen Hu had already guessed it, but after Xia ruofei confirmed it, he was still shocked.

As the sect master of the water element sect, Shen Hu had always dreamed of the day when he would be able to complete the sect's legacy level cultivation techniques and restore the sect to its former glory.

However, he had never seen any hope.

Today, the complete "water Yuan Scripture" had appeared. It had happened so inadvertently.

For a moment, Shen Hu was so excited that he could not speak.

Xia ruofei continued, "the" water Scripture "that I have is from a very ancient heritage. I have tried to deduce it myself. There should be no problem with its authenticity. In theory, this cultivation technique can indeed be cultivated to the primordial soul Stage. Of course, the premise is that there are sufficient cultivation resources."

"Senior Xia ..." Shen Hu's voice was trembling.

He really wanted this cultivation technique, but he didn't dare to say that the water Yuan sect had just offended Xia ruofei. He was here to ask for forgiveness. Nowadays, any golden core cultivator could easily destroy the entire water Yuan sect. However, under normal circumstances, the Golden core cultivators in the cultivation world wouldn't and didn't dare to destroy a small sect. This kind of thing was infuriating to both man and God. However, the basic rules still had to be followed. If he incurred the wrath of the masses, even an Aurous core stage cultivator might not have an easy time.

Of course, this was under normal circumstances.

For example, the water element sect had provoked Xia ruofei this time. If Xia ruofei really wanted to kill their sect, no one would say anything. Even the first heaven society would only express their dissatisfaction at most.

Under such circumstances, it was already very good to be able to protect the sect. How would Shen Hu dare to ask for this technique from Xia ruofei?

The other party has already said that this cultivation technique came from an ancient inheritance. Although your water Yuan sect's ancestors had once cultivated this cultivation technique, it doesn't mean that this cultivation technique only belongs to your

water Yuan sect! To be honest, it was impossible to determine whether this cultivation technique came into existence after the existence of the water element sect, or whether it was because of this cultivation technique that the founding sect master named the sect the water element sect.

"I know that you really want this technique, sect Master Shen. You even have the thought of taking a risk, right?" Xia ruofei said indifferently.

"This junior doesn't dare..." Shen Hu said nervously.

"Sect Master Shen, there's a saying in the secular world that there's no free lunch. Do you understand what I mean?" Xia ruofei asked with a faint smile.

"I understand! I understand!" Shen Hu said awkwardly,"I don't dare to hope for too much ... Moreover, Lu You is also a disciple of the water element sect. I am already very grateful to senior Xia for being able to cultivate the authentic water element Scripture!"

Xia ruofei said, "it's good that you think this way. Lu You might not be very experienced in the world, especially in the cultivation world. So, if someone uses some tricks to make her hand over this cultivation technique or make a copy of it ...

"I wouldn't dare!" Shen Hu hurriedly said,"senior Xia, this junior absolutely did not mean it that way!"

"It doesn't matter even if you do it, as long as you're confident that I won't find out." Xia ruofei said with a smile.

Shen Hu's forehead was covered in cold sweat. He said submissively,"Senior Xia, even if you lend me a few more guts, I wouldn't dare to act so rashly!"

Shen Hu might have thought of this, but after being frightened by Xia ruofei, this thought disappeared.

It was too dangerous to go against an Aurous core stage cultivator at the risk of the sect being destroyed...

Xia ruofei said indifferently,"it's good to know respect." Sect Master Shen, I'm not an unreasonable person, and I understand how you feel about completing the sect's inheritance, so ... It's not impossible to give you a chance!"

Chapter 3549 - 3549 Give me a chance (2)

3549 Give me a chance (2)

Shen Hu instantly felt a turn of events and joy from the heavens. He quickly said, "Senior Xia! Thank you! Thank you! The entire water Yuan sect is willing to go through fire and water for senior! As long as it's within our means, we'll do our best!"

"You have no problem leaving the first heaven society?" Xia ruofei asked meaningfully.

The current water element sect was said to be a subsidiary sect of the first heaven society, but in reality, it was just an outer organization that belonged to the first heaven society. Although Shen Hu, the sect master of the water element sect, couldn't be said to be a puppet of the first heaven society, his actual power definitely wasn't as great as an independent sect. He was still under the jurisdiction of the first heaven society and had many restrictions.

Shen Hu suddenly became extremely embarrassed. How could he have the guts to do that! Xia ruofei was a powerful golden core cultivator, but the first heaven society had many golden core cultivators! Moreover, Chen Nanfeng was a late - Stage golden core cultivator and was widely acknowledged as the number one in the cultivation world. If Shen Hu dared to betray the first heaven society with the water element sect, the entire sect might be annihilated the next day.

In all fairness, the first heaven society had taken good care of Shen Hu and the water Yuan sect. Without the protection of the first heaven society, the water Yuan sect probably wouldn't have been able to survive until now. Shen Hu couldn't convince himself to betray the first heaven society for the complete version of the water Yuan Scripture, no matter if it was morality or emotion.

He said awkwardly,"senior Xia must be joking!" This ... This junior really can't do it."

"Not bad," Xia ruofei said indifferently,"he's a righteous person.

If Shen Hu was really willing to abandon the first heaven society for the cultivation method, Xia ruofei would not have given him the cultivation method. This was because he was a two-faced person and was not worthy of trust.

"I don't dare to accept senior's praise. Although the competition in the cultivation world is cruel, junior believes that there should still be a basic bottom line." Shen Hu said.

Xia ruofei nodded and said,"you know respect and respect. You value friendship. You didn't let brother Chen Xuan down." Sect Master Shen, I'll give you a chance to see your performance in the future! "I have two conditions. The first is to train Lu You to the ninth level of the aura refining realm. Of course, you can't go against common sense and use the entire sect's resources to train her. In short, you can't let her feel that it's abnormal. Also, you're still not allowed to reveal my identity. Can you do that?"

"No problem!" Shen Hu said excitedly,"senior Xia, even if you didn't ask me, I would have done my best to nurture Lu You!"

Previously, Shen Hu had promised Xia ruofei that he would take care of Lu You. Now, there was only one more condition - that he had to train Lu You to at least refined Qi level 9. This condition was as good as not mentioning it. It was nothing more than a certain amount of time.

The water Yuan sect had been wasted for so many years. Waiting for a few more years would be nothing.

At least, there was still a reason for this wait.

Xia ruofei nodded and said,"the second condition is that when I need it in the future, I'll be able to mobilize the entire sect." Of course, you only need to do this once, and you won't be forced to go against your morals, such as going against the first heaven society."

"That's no problem! Senior has bestowed the "water element Scripture" to our water element sect, which means that we have been given a new lease on life. If senior wants to drive us away, the entire water element sect should unconditionally obey!" Shen Hu said, "don't say it once. In the future, if senior needs anything, the water Yuan sect will do our best to help!"

Xia ruofei nodded slightly. He was satisfied with Shen Hu's attitude.

"If that's the case, then it's a deal! When Lu You breaks through to refined Qi level 9, I will allow her to teach you the complete version of the water element Scripture, regardless of whether I ask for your help or not!"

Shen Hu was so excited that tears welled up in his eyes. He said with a trembling voice,"Senior Xia, on behalf of the hundreds of disciples of the water Yuan sect, I would

like to thank you for your kindness! I can't repay your great kindness, please accept my bow!"

Shen Hu knelt down in front of Xia ruofei.

Xia ruofei did not stop him and accepted Shen Hu's bow calmly.

At least up until now, Xia ruofei was satisfied with Shen Hu's performance. Of course, the future would depend on his performance. Anyway, it was just a cultivation technique. It might be as important as Mount Tai to the water element sect, but it was nothing in Xia ruofei's eyes. If he didn't give it to Lu You, this cultivation technique would most likely remain hidden in Xia ruofei's mind. The only use was that Xia ruofei would take it out and use it as a reference when he cultivated. It was basically impossible for him to actually cultivate it.

"Alright, now that we've talked about the cultivation ground, the matter of the cultivation technique is settled." Xia ruofei said indifferently, "if there's nothing else, you can go back! Don't forget what you've promised me!"

"Yes! This junior will remember this in his heart! Senior Xia, please watch our performance in the future!" Shen Hu stood up from the ground and bowed slightly to Xia ruofei. He said respectfully, "Senior Xia, I won't disturb you any longer. Farewell ...

"Go!" Xia ruofei nodded and said.

When Shen Hu left the courtyard in liuhai Lane, he was still in a daze. He had not expected that his trip back to China would be so smooth. A huge crisis had been resolved smoothly, and he had even seen the light of hope. It was very likely that after a few years, he would be able to complete the contents of the water Yuan Scripture.

This was something that many generations of sect leaders had dreamed of, but could not achieve in their entire lives!

Shen Hu knew that if he did this well, he would definitely leave a mark in the history of the sect. If the water element sect still existed after countless years, the disciples of the water element sect would definitely be familiar with his name.

To cultivators, this was equivalent to leaving their names in history!

Shen Hu shook his head and muttered to himself as he walked,"Cultivate Lu You! Refined Qi level 9! We have to do it as soon as possible ... But we can't let her know that she's taking special care of us. We have to plan this well ..."

The first thing that came to Shen Hu's mind was, of course, the quota for "Advanced Studies" at the first heaven society.

The cultivation environment in the first heaven society was much better than that of the water Yuan sect. Furthermore, even the ordinary disciples of the first heaven society might receive more cultivation resources than the elite disciples of the water Yuan sect. If Lu You could study in the first heaven society for three years, it would be of great help to the improvement of her cultivation.

Shen Hu decided to get this done as soon as possible.

Yesterday, after the Chartered plane that he had taken landed in the capital, Chen Xuan had personally called to ask about the situation. He had personally agreed to add a quota to the water element sect and to "hat" the quota to Lu You.

Shen Hu hailed a taxi at the entrance of the alley and hurried back to the hotel.

Deacon Liu, who had injured his meridians and aperture acupoints, was also recuperating in this hotel. Shen Hu called attendant Liu's room on the way and asked her to call Lu You over. He wanted to meet Lu You personally. After Lu You returned to the capital, she didn't stay in a hotel but stayed at home with her mother, Tian Huilan.

Not long after Shen Hu returned to the hotel room, the doorbell rang.

After opening the door, Shen Hu saw Deacon Liu standing at the door with Lu You. Both of them had a nervous expression, not knowing why the sect leader had suddenly summoned them.

In reality, Lu You did not even know that Shen Hu had suddenly returned to the country.

Shen Hu had been afraid of revealing Xia ruofei's identity at the start, so he had been in contact with manager Liu and had strictly ordered him not to reveal any information to Lu You.

Therefore, when Lu You received manager Liu's call to inform her that Shen Hu had arrived in the capital and was in a hotel now, and that he was about to meet her, she was completely dumbfounded and felt extremely uneasy.

Shen Hu didn't have much of an impression of Lu You. She was a new disciple who had just entered the sect. Although she was quite talented, it was already rather late for her to start cultivating at this age. Therefore, under normal circumstances, Lu You's achievements in cultivation wouldn't be very high.

Now, when Shen Hu saw Lu You, it was as if he had seen the complete version of the water element Scripture. The expression on his face was also rather kind.

"You are Lu You? As expected, she's a natural beauty!" Shen Hu said with a smile, "come, come, come! Let's talk in the room!"

When Lu You was in the water element sect, she had seen Shen Hu a few times. Every time, Shen Hu had given her the impression that he was very serious. Although a Qi refining level 9 cultivator was nothing in the eyes of Xia ruofei and the others, he was still very dignified in the eyes of the low - Level Qi refining disciples of the water element sect, even disciples like Lu You who had not even reached Qi refining Level 1.

However, Shen Hu was different today. He was so kind that Lu You felt a little scared.

There must be a demon in the abnormal world.

Lu You's heart was beating like a drum. At the beginning, she was full of anticipation for cultivation. However, Deacon Liu's performance the night before had taught her a vivid lesson. Now, she could be considered to have experienced the brutal beating of the special society of the cultivation world. She had become sensitive and vigilant.

Lu You knew about her looks. Although she was not sure about Shen Hu's actual age, he looked like he was in his forties. Could it be that this sect leader, who was full of smiles, had ill intentions towards her?

Shen Hu's temperament was considered refined. After all, he was a cultivator. However, his image in Lu You's mind had suddenly become that of a greasy uncle. The smile on his face had also become a little wretched.

Lu You couldn't help but feel a sense of fear. She knew very well that Shen Hu was a Qi refinement level 9 cultivator, while she hadn't even reached Qi refinement Level 1. In front of Shen Hu, she had no way of resisting.

"Sect leader, you ... Is there anything I can help you with?" Lu You suppressed the fear in her heart and asked in a low voice.

Shen Hu saw that her voice was trembling and could not help but feel strange. He had no idea that Lu You had already mistaken him for a perverted uncle.

"Nothing special. I just had something to do back in the country. Since the two of you are on a mission in Beijing, I wanted to have a chat with you!" Shen Hu said.

"We?" Lu You was stunned for a moment before she heaved a sigh of relief.

It turned out that he wanted her to go with Deacon Liu. Then there should be no problem. However, he didn't dare to take it lightly. What if this sect Master Shen had some special hobbies?

"Of course!" Shen Hu gave Lu You a strange look."Let's talk inside!"

After saying that, he turned around and walked into the room.

Lu You was still in a daze when Deacon Liu pulled her sleeve lightly and said in a low voice," "Hurry up and enter the house, don't let the sect leader wait for us!"

"Oh!" Lu You could not help but follow Deacon Liu in.

At this moment, she had made up her mind. It didn't matter if she stretched out her head or pulled her head back. If Shen Hu really wanted to use force, she had no ability to resist at all. At most, it would be a life and death struggle. Only death would await her. In any case, she couldn't let him have his way.

Lu You walked into Shen Hu's room heroically, as if she was on the battlefield.

Shen Hu could also feel Lu You's nervousness. However, he thought that Lu You was the kind of person who would be nervous when low-Level disciples met their sect leader, so he didn't think much about it.

"Sit down!" He said. Shen Hu asked, "do you guys want to drink anything?"

"No need, no need, sect leader," quickly said Deacon Liu,"just tell me what you need!" We're not thirsty."

Even Deacon Liu felt that Shen Hu's attitude today was a little too friendly and she could not help but feel apprehensive.

Shen Hu nodded with a smile. He then looked at attendant Liu and asked, "How are your injuries?"

"I'm still unable to circulate my Qi to cultivate. Sect leader, I might not be able to ..."Deacon Liu's face darkened.

Shen Hu sighed and said, "There's nothing I can do. I've checked your injuries, and I can't do anything about it! Xia ..."

When Shen Hu said this, he suddenly became alert and stopped in time. He had almost blurted out the words 'senior Xia! If he had said it out loud, perhaps Lu You might not have linked it to Xia ruofei, but what if? If Lu You really found out that Xia ruofei was a golden core cultivator, Xia ruofei might not be able to complete the water element Scripture in a fit of anger.

Shen Hu's thoughts turned quickly and he tried to salvage the situation, "Next time, you can't make such a mistake! Didn't I repeatedly warn you not to use the methods of cultivators on ordinary people in the secular world? One had to know that there was always someone better! That Jindan stage senior personally punished you, how could we Qi condensation cultivators easily resolve it?"

"I know I was wrong, sect leader. I'm already satisfied that I'm still alive," Deacon Liu sighed.

"It's good that you know!" Shen Hu snorted."How about this? After we return, you can slowly recuperate in the sect. Even if you can't fully recover and can't cultivate, the water Yuan sect will take care of you for the rest of your life!"

Although Deacon Liu did not know Xia ruofei's true identity, he knew that Lu You had the complete version of the water element Scripture and spirit crystals. He also knew that the Golden core stage cultivator had to take care of Lu You. Moreover, she was injured on duty, so Shen Hu could not expel her from the water element sect just because she was crippled.

To put it bluntly, it was because she Knew Too Much.

If Xia ruofei had not casually mentioned that they could not take Deacon Liu's life, Shen Hu would have killed him immediately. After all, she had caused the water Yuan sect to fall into a huge crisis. Besides, dead people would never reveal secrets.

However, since this would not work, he could only keep Deacon Liu in the sect. In short, he could not be driven out casually. Otherwise, the news might be leaked, and Lu You's safety could not be guaranteed.
