Manager Liu naturally did not know that she had already made a round in front of the gates of hell. After hearing Shen Hu's words, manager Liu revealed a grateful expression and said, "Thank you for your concern, sect leader! Even if this subordinate can't cultivate anymore, I will definitely do my best to contribute to the sect!"

Shen Hu nodded his head slightly and looked at Lu You. His expression became even more amiable. Lu You, I heard that the Golden core senior also gave you a cultivation technique and a precious spirit crystal?"

Lu You's heart was pounding. It seemed that Shen Hu had no intention of coveting her beauty. Since Shen Hu had asked about the cultivation technique and spirit crystals, then ... He might be coveting these cultivation resources?

Lu You heaved a sigh of relief in her heart. If the cultivation resources were really taken away, then so be it. Anyway, she was not so enthusiastic about cultivation now.

"Yes! Sect leader!" Lu You replied carefully,"Deacon Liu told me that the crystal that contained a large amount of spirit Qi is called a spirit crystal. In addition, senior also gave me a cultivation technique called the 'water element Scripture! I took a look at the content, and it seems to be somewhat similar to the cultivation technique we received when we first joined the sect. Sect leader, I've brought the cultivation technique and spiritual crystals. You can take a look first ...

"No need, no need!" Shen Hu quickly waved his hand. Since that senior has clearly stated that this is an opportunity for you, then how can I, as the sect leader, snatch it? Additionally, you have to remember that cultivation methods should not be easily imparted to others. Although the "water Yuan Scripture" is similar to the cultivation methods of our sect, the cultivation method in your hand should be more precious. Therefore, without the permission of that senior, you must never show it to anyone else, understand?"

Shen Hu was also worried that Lu You did not know anything and would show the cultivation technique to others casually. It might be fine if it was an ordinary person from the secular world, but if it was a cultivator, especially a cultivator from the water Yuan sect who had practiced the incomplete version of the "water Yuan Scripture", it was inevitable that he would have evil thoughts. Even if he did not snatch it openly, he would not be able to bear it if he secretly made a copy of it! When this technique was circulated and Xia ruofei found out that someone had cultivated the complete version of the water element Scripture, Shen Hu would not be able to explain himself!

After Lu You heard this, she nodded in confusion and said, ""I understand, sect leader."

"The safest way is for you to remember the cultivation method in your heart and then destroy it. This way, there will be no possibility of it being leaked!" Shen Hu warned.

After Shen Hu finished speaking, he felt that his idea was very reasonable and immediately said, "Right! Let's do this! Lu You, your mission for the next few days is to memorize this cultivation technique and then destroy it. In addition, you must firmly remember that besides you, this cultivation method must not be passed on to anyone, including me, the sect leader, unless that Jindan senior allows you to do so, understand?"

"Yes! I got it!" Lu You said.

She looked at the sect leader in front of her who suddenly became righteous and awe-inspiring, and couldn't help but Mutter in her heart, what kind of medicine was this person selling in his gourd?

After Shen Hu finished, his expression became much gentler and he continued, "Lu You! Since this golden core senior gave you a cultivation technique and spiritual crystals, it means that he thinks highly of your talent. I learned about it yesterday, your talent is very good, and your physique is inclined towards the water attribute, so the "water Yuan Scripture" is very suitable for you. You must work hard to cultivate and not let down the expectations of that Jindan stage senior!"

"Oh! Alright!" Lu You said.

"I'm here to find you today! There's one more thing." Shen Hu said amiably," as you know, our water Yuan sect is actually under the first heaven society. Every three years, the first heaven society will select a group of disciples from various subsidiary sects to enter the first heaven society for hidden cultivation. This year is another year of short-term disciple selection, and our water Yuan sect has been given two spots! I can see that your talent is one in a million, so the sect is prepared to focus on cultivating you and give you one of the spots."

Deacon Liu's expression was a little strange.

Deacon Liu was in charge of Lu You and the other new disciples. She naturally knew that Lu You was quite talented. However, it would be an exaggeration to say that she was one in a million. At least within the water element sect, there were several disciples who were as talented as Lu You. Therefore, she knew very well that Shen Hu's care for Lu You was mostly because of that golden core senior. However, he could not reveal his identity as a senior, so he exaggerated Lu You's talent to be one in a million.

In fact, Deacon Liu was also very curious about the identity of the Jindan senior.

After Lu You heard Shen Hu's words, she was stunned. She said, "You want me to ... Study in the first heaven society?"

"How is it?" Shen Hu said with a smile," the disciples from the various sects who come to the first heaven sect to cultivate will enjoy the same treatment as the first heaven sect's disciples. Whether it's the cultivation environment or the cultivation resources, the first heaven sect is much better than our water element sect. If you cultivate in the first heaven sect for three years, a conservative estimate is that you will reach the fifth or even sixth Qi layer! If I were to stay in the water Yuan sect, my cultivation speed would be much slower."

"Sect master, may I ask ... Is the first heaven sect also in England?" Lu You asked carefully.

Shen Hu's expression was somewhat strange as he said, "The first heaven society is not in England."

"That ... That was in Europe?" Lu You asked again.

Shen Hu didn't know whether to laugh or cry. If an ordinary disciple heard that there was such a precious place for the advanced Studies, they would have been grateful to tears. However, Lu You didn't seem to be excited at all. Instead, she was asking this and that, and the questions she asked were all so nonsensical.

However, this was senior Xia's friend, so Shen Hu didn't dare to show any impatience. He continued to explain with a smile,"Not really, Lu You. Although there are many sects in the world of cultivation, our water element sect is the only one that has established a sect overseas. The other sects are at most on the sea. Most of the sects are distributed in Huaxia, and the first heaven sect is no exception."

"In China?" Lu You hesitated for a while and then said, "thank you for your guidance, sect master. However ... Can I not take this spot?"

Deacon Liu, who was standing at the side, was already extremely envious. She knew all too well just how precious these cultivating spots were. In the past, the water Yuan sect, which was weak, would usually get one quota. This year, there was suddenly an additional quota, and it was most likely prepared for Lu You. That senior was actually able to influence the first heaven society and had even designated this spot to Lu You. This was really enviable. When Deacon Liu heard Lu You say that she did not want a spot, he could not help but exclaim," "Lu You, don't be silly! Cultivating in the first heaven society is completely different from cultivating in our water element sect! This spot is very, very precious, why aren't you going?"

"Don't force her." Shen Hu asked,"Lu You, why are you unwilling to go?"

Lu You said, a little embarrassed," "Sect leader, my family members don't know about my cultivation ...

"It's normal. The cultivation world and the secular world are two different worlds. Even if you tell your family, they won't believe you. They might even think that you've met a scammer!" But what does that have to do with you going to the heavenly sect to study?"

Lu You said,"I was studying in England. That's why I was able to join the water element sect and study at the same time." However, if I were to go to Tianyi school to further my studies, I would have to return to China. I haven't even gotten my Degree Certificate from England. If I were to stop my studies and return to China, my family would be very disappointed. And ... I don't think my talent is as good as you say. I still can't take the initiative to absorb spiritual energy for cultivation, so this precious quota should be given to the other disciples in the sect!"

Shen Hu did not know whether to laugh or cry. He had not expected Lu You's reason to be like this...

Chapter 3552 - 3552 Incense and passion (1)

3552 Incense and passion (1)

Shen Hu had thought of Lu You's reason for refusing to study at the first heaven society. However, he did not expect that the final reason she gave was for her studies and her family. To Shen Hu, who had cultivated for decades, these were very vague and distant concepts.

Moreover, Lu You's reason seemed to be difficult to refute.

Shen Hu and Deacon Liu looked at each other and could not help but reveal a bitter smile.

If Lu You was still an ordinary disciple, Shen Hu would not have made things so difficult for her. He would have either ordered her to obey his orders or simply disqualified her! This kind of precious quota was something that other disciples could not even ask for. If he gave it to you but did not want it, then he would just give it to someone else.

But now, Lu You's identity was so special. Xia ruofei was an expert in the Golden core stage! Moreover, it was related to the complete version of the water element Scripture. Shen Hu wanted to worship Lu You, but he could not show any abnormal care. This was really too difficult ...

Shen Hu's mind was spinning, and Lu You was also a little nervous. She said carefully," "Sect leader, even if I were to stay in the water Yuan sect to cultivate, I would definitely work even harder! Besides, don't I have a spiritual crystal now? It should also speed up my cultivation, and it might not be much slower than when I went to the first heaven sect to cultivate ..."

Lu You's words were like a bolt of lightning that flashed across Shen Hu's mind. He suddenly felt as if he was enlightened.

This was really confusing to those involved!

In the beginning, he had only thought of increasing Lu You's cultivation as soon as possible. After all, Lu You had broken through to refined Qi level 9. He would have the chance to get the complete version of the water element Scripture. This had almost become his obsession. However, the moment he jumped out of his thoughts, he realized that it was actually better for Lu You to stay in the water element sect to cultivate.

On one hand, it was as Lu You had said. The spiritual crystal that Xia ruofei had given her could be of great help in the early stages of Lu You's cultivation. The effect was even more obvious especially when the cultivation environment in the water element sect was average. In fact, the "water element Scripture" was definitely a high - grade cultivation technique at the Qi refining stage. Even if it was an incomplete version, as long as there were enough cultivation resources, it would not be slow to break through. The water Yuan sect's overall strength was weak, not only because their cultivation techniques were incomplete, but also because they lacked resources. If she didn't care about the cost and used spirit crystals to cultivate the entire time, Lu You's early cultivation speed would definitely be very fast.

One Spirit crystal could at least support Lu You's cultivation to Level 4 or 5 of the Qi refinement realm. As for the subsequent cultivation resources, he would think about it when the time came. At least, he did not have to worry about it now.

On the other hand, if Lu You went to the first heaven society, the cultivation environment would be better and the resources would be slightly more. However, the resources would be limited. However, if she stayed in the water Yuan sect, Shen Hu could frequently guide Lu You. After all, Shen Hu had cultivated for so many years. Even though it was only an

incomplete version of the water Yuan Scripture, it was precisely because he was constantly thinking about completing the cultivation technique that he had researched the water Yuan Scripture very deeply. If he personally guided Lu You in her cultivation, the effect would definitely be much better than if Lu You cultivated in the first heaven sect herself.

In addition, Shen Hu also thought that if Lu You stayed in the water element sect, it would also minimize the problem of leaking secrets.

After all, the water element sect was only a subsidiary sect of the first heaven society. Shen Hu's influence within the first heaven society was extremely limited. If Lu You accidentally revealed her cultivation technique in the first heaven society, it would be very difficult for Shen Hu to remedy the situation. Even with Chen Xuan's help, it would still be extremely troublesome.

Therefore, after much thought, it seemed that Lu You staying in the water Yuan sect was a better choice.

When Shen Hu thought of this, he suddenly understood.

A smile gradually bloomed on his face, and he said kindly," "Good! Since you've made up your mind, then you can continue to stay in the sect and cultivate!"

"Thank you, sect leader!" Lu You said happily,"sect master, I didn't know how to appreciate your kindness. Please forgive me!"

"It's okay. We Chinese pay attention to the word 'filial. You gave up the opportunity to study in order not to let your family worry and be disappointed. This also shows filial piety!" How can I blame you for this?"

"Thank you for your magnanimity, sect leader!" Lu You secretly heaved a sigh of relief.

Shen Hu smiled and said,"Lu You, although you didn't go to further your studies, your talent definitely meets the requirements." The water Yuan sect will always have resources for outstanding geniuses. Therefore, when you return, the sect will also focus on nurturing you! In addition, I want to take you in as an in- Name disciple, so that in the future, if you have any doubts about cultivation, you can ask me at any time, and I will spare no effort to explain to you!"

In fact, Shen Hu could not wait to take Lu You in as a personal disciple. The reason why he only took her in - Name was that he was concerned about Lu You's identity. Xia ruofei was a golden core senior and Lu You was Xia ruofei's friend. In the future, Lu You would most likely not be trapped in a small temple like the water Yuan sect. If she was a personal disciple, it would be equivalent to tying Lu You down. Shen Hu was also worried that this would make Xia ruofei unhappy. It was much better for honorary disciples.

Lu You's mind was a little muddled. She had joined the water Yuan sect for some time, but to be honest, she wasn't really valued. However, everything seemed to have changed drastically today. Even the sect master wanted to take her in as a disciple. Even if she was only an in- Name disciple, her status in the sect was still very extraordinary.

Chapter 3553 - 3553 Incense and love (2)

3553 Incense and love (2)

Am I really a cultivation genius? Lu You couldn't help but feel apprehensive.

Attendant Liu was extremely envious. When she saw Lu You's dazed look, she quickly said, "Lu You, why aren't you thanking the sect leader? From now on, you'll be the sect master's in - Name disciple!"

Deacon Liu's master was only an elder with a Qi refinement Level 7 in the sect. She was truly envious of Lu You being accepted as a disciple by Shen Hu, even though she knew that this was all because the mysterious golden core senior had casually greeted her.

Lu You came back to her senses and quickly said, ""Many thanks for sect leader's favor! Disciple will definitely work hard to cultivate and not let sect leader down!"

"Are you still going to call me sect master?" Shen Hu asked with a smile.

Lu You was slightly taken aback. Then, she immediately realized it and hurriedly changed her words. "Thank you, master!"

Shen Hu waved his hand with a smile,"you can call me teacher from now on!" After all, he's just an in- Name disciple, and it's more intimate to call him teacher!"

In the world of cultivation,'master' was usually a respectful form of address given to one's master by one's direct disciple. Why would Shen Hu not want to be Lu You's master? However, because of those concerns, he did not dare to take the risk. On the other hand, the term 'teacher' was much better. It wasn't as strong as a personal disciple 's, and at the

same time, it had a layer of teacher - student relationship.

"Yes! Teacher!" Lu You said.

Shen Hu smiled and nodded. He thought, He hoped that Lu You would remember this favor in the future!

He knew very well that with the help of a friend like Xia ruofei, Lu You's cultivation path would be much smoother in the future. She might even break through to the Golden core stage before him. By then, not only Shen Hu, but the entire water Yuan sect would have to rely on Lu You.

"Alright, I'm looking for you guys today mainly to talk about these things." Shen Hu waved his hand and said, "if there's nothing else, you guys go back and rest early! Get ready to return to England with me in the next two days."

"Yes! Sect leader!" Deacon Liu quickly replied.

Lu You hesitated for a moment and said, "Teacher, can I ... Can I go back a few days later? I've been studying abroad for a long time, and I just happened to return to Beijing for a mission. Can I stay with my family for a few days before leaving?"

Shen Hu chuckled and said, "sure!" You rest at home for a few days. When you return to England, remember to find me at the sect first. I'll announce to the whole sect that I've accepted you as an in- Name disciple!"

"Many thanks, teacher!" Lu You said happily.

"You must persist in your cultivation even at home. Don't use the sect's cultivation techniques from before. Just use the" water element Scripture "that golden core senior gave you to cultivate." In addition, if you have any doubts about your cultivation, you can come to the hotel to ask me before tomorrow afternoon. You can also call me at any time after I go back. You can also remember my private phone number in England ..."

Shen Hu then gave him a phone number.

The base of the water element sect was actually a large Manor in England. It was not located in the deep mountains or forests, and there was no particularly powerful protective array, so even inside the sect, mobile phones had signal. The water Yuan sect was basically using the technological equipment of the secular world.

Lu You quickly took out a piece of paper and a pencil from the drawer and quickly wrote down Shen Hu's phone number. She said,""Thank you, teacher! If I have any questions, I will ask you in time!"

"Mm! "Cultivation is actually the same as learning. What you know is what you know, and what you don't know is what you don't know. The most taboo thing about cultivation is to pretend to know. If you keep your doubts in your heart and force yourself to cultivate, it may lead to serious consequences!" Shen Hu said.

He thought for a moment and added, "however, that cultivation technique was passed on to you by a Jindan senior. Even if you ask me for advice, you must not reveal the contents of the cultivation technique. Do you understand?"

"But... How do I ask?" Lu You couldn't help but be dumbfounded.

"The" water elemental Scripture "in your hands is of the same origin as our sect's legacy technique. When you ask for guidance, just tell me your doubts and don't mention the technique's content. I can still answer your questions!" Shen Hu said with a smile.

"Understood!" Lu You said, "Thank you, teacher!"

Lu You came back to her senses and quickly said," "Many thanks for sect leader's favor! Disciple will definitely work hard to cultivate and not let sect leader down!" "Are you still going to call me sect master?" Shen Hu asked with a smile.

Chapter 3554 - 3554 Delivering warmth to the door (1)

3554 Delivering warmth to the door (1)

The three of them had lunch at Xia ruofei's jiangbin villa. After a short rest, Song Wei was ready to go home.

Xia ruofei and Ling Qingxue were going with them.

The main reason they went to Song Wei's house was to feed song Qiming the Vermillion Jade Fruit. At the same time, Xia ruofei also wanted to understand song Qiming's cultivation progress and answer some of his questions.

Initially, Ling Qingxue had expressed that she would not go. However, with Xia ruofei and Song Wei's persuasion, she agreed to go with them.

Previously, Xia ruofei and song Qiming had already revealed a lot of things about the cultivation world, including the fact that Song Wei and Ling Qingxue had already become cultivators. Song Qiming knew about it too, so there was no need to hide when Ling Qingxue visited.

Xia ruofei had considered the value of the Vermillion Jade Fruit and considered it a big favor. It could be said that he and Ling Qingxue had obtained the Vermillion Jade Fruit together, so it was only right for him to give song Qiming half of the Vermillion Jade Fruit. However, he had to at least let song Qiming know that it was a gift from Ling Qingxue together with him. At the very least, he had to let song Qiming remember Ling Qingxue's good deeds.

Of course, Xia ruofei also had his own selfish motives. He wanted to build a good relationship with song Qiming and let Ling Qingxue leave a good impression on song Qiming. In the future, if he really wanted to reveal his special relationship with Song Wei and Ling Qingxue, it would more or less be of some help.

Xia ruofei drove the Knight XV off - Road vehicle and headed straight to the Provincial Party Committee's family courtyard.

The car's license plate was also registered at the entrance. Since Song Wei was a resident of the residence, the armed police at the entrance only registered Xia ruofei and Ling Qingxue's personal information and let them through.

Xia ruofei had been to Song Wei's house many times. After they entered the courtyard, he drove the Knight XV to song Qiming's building.

With song Qiming's status, he could naturally enjoy the treatment of a single house. There were 20 to 30 such houses in the Provincial Party Committee's family compound. Each of them had a sense of history and looked a little old from the outside, but the interior decoration was very good and it was very comfortable to live in.

Song Wei pressed her fingerprint to open the gate and stepped aside to let Xia ruofei drive the car into the courtyard.

As soon as Xia ruofei parked the car, the door of the house opened. Song Wei's mother, Fang Liyun, stuck her head out to take a look.

It turned out that when Fang Liyun heard the sound of a car engine coming from the courtyard, the engine sound of the Knight XV was very wild. She could hear it from far away, so she opened the door to check it out, wanting to know who could drive directly into her courtyard.

Fang Liyun saw Song Wei who was directing the car to reverse in the yard. She widened her eyes and ran out in her Home Slippers," Wei Wei? Why did you come back?"

Song Wei stood there and looked at Fang Liyun with a smile," Mom? Are you surprised? Are you surprised?"

"You little girl, why didn't you tell me you were going home?" Fang Liyun had not seen her daughter for a long time, and she was overjoyed.

Her gaze fell on the highly recognizable Knight XV off - Road vehicle. Xia ruofei and Ling Qingxue had already alighted from the two sides of the car.

"Aunt Fang!" The two of them greeted him in unison.

"RUO Fei and Qingxue are here too!" Fang Liyun said happily, "come in! Hurry up and enter the house!"

"Mom! Is my dad at home?" Song Wei asked as she held onto Fang Liyun's arm.

"I'm home! He's not very busy today, so he took the time to come back for lunch." Fang Liyun said, "but I think he's going to work soon!"

After that, Fang Liyun turned around and shouted,"Old song! Old song! Hurry up and come out! Look who's here!"

"Why are you so noisy in the middle of the day?" Song Qiming said as he walked to the door. He looked up and was stunned."Weiwei is back?" he asked. Why didn't you say so earlier? RUO Fei and Qingxue are here too! Hurry up! Let's go in first!"

Xia ruofei opened the trunk of the SUV and took out a suitcase. It was Song Wei's suitcase. It was just for show. Song Wei's clothes and daily necessities were all kept in the storage ring. This suitcase was taken out from the storage ring to go home.

In addition to the luggage, there were two gift bags, which contained two bottles of Drunken Eight Immortals white wine and some Cordyceps. The Cordyceps were also produced in the spirit map space, and their quality was quite good.

Xia ruofei carried his luggage in one hand and the gift bags in the other as he walked in with Song Wei and Ling Qingxue.

"Weiwei, go and help!" Fang Liyun said. How can RUO Fei carry so many things by himself?"

Xia ruofei smiled and said, "it's okay, Auntie!" The items were not heavy! I'll just carry it, it's only a few steps away!"

Fang Liyun could not help but glare at Song Wei and said, "This child, why are you so insensible?"

Song Wei smiled in embarrassment. Song Qiming did not say anything. He knew that the three young men were all cultivators. Any one of them could easily lift these things without feeling tired.

This was because song Qiming had a deep understanding of the power of a cultivator. After consuming the wild tea, his cultivation level had reached the peak of refined Qi Level 3. After this period of cultivation, he had also successfully broken through to refined Qi Level 4. Now, the most intuitive feeling he had was that his body was twice as strong, his strength had increased a lot, and his reactions were even more agile than a young man.

Chapter 3555 - 3555 Delivering warmth to the door (2)

3555 Delivering warmth to the door (2)

He was very confident. If it were ordinary martial artists, even four or five of them together would not be able to get close to him.

Soon, everyone entered the house together.

Xia ruofei smiled and said to song Qiming," "Uncle song, you look great! It seems that you've been in good health recently!"

Song Qiming laughed and said, "thanks to you!" It's all thanks to the health - Maintenance method you gave me. I've been practicing it recently, and I've made some progress!"

Xia ruofei had specifically warned song Qiming not to reveal anything about cultivation to Fang Liyun. Therefore, song Qiming was rather vague with Fang Liyun present. However, Xia ruofei, Song Wei, and Ling Qingxue understood it immediately.

In fact, Fang Liyun was the only one who was kept in the dark.

In fact, Xia ruofei had already used his spiritual power to check on song Qiming when he saw him. There was a huge gap between their cultivation levels. Furthermore, Xia ruofei's spiritual power had reached the spiritualization realm and was considered the number one in the current cultivation world. . Hence, with just a quick glance, he could immediately tell that song Qiming's cultivation had reached refined Qi Level 4.

Combined with what song Qiming had just said, Xia ruofei knew that he had made a breakthrough in his cultivation. No wonder his aura was much stronger than before.

"That's great!" Xia ruofei said with a smile.

They went to the living room on the first floor and took their seats. Fang Liyun asked, Wei Wei, why did you suddenly come home today?"

"I've already completed the topic at hand and completed all the courses for this year, so my mentor asked me to go on my winter break earlier!"Song Wei said.

The three of them had lunch at Xia ruofei's jiangbin villa. After a short rest, Song Wei was ready to go home.

Xia ruofei and Ling Qingxue were going with them.

Of course, Xia ruofei also had his own selfish motives. He wanted to build a good relationship with song Qiming and let Ling Qingxue leave a good impression on song Qiming. In the future, if he really wanted to reveal his special relationship with Song Wei and Ling Qingxue, it would more or less be of some help.

Xia ruofei drove the Knight XV off - Road vehicle and headed straight to the Provincial Party Committee's family courtyard.

The car's license plate was also registered at the entrance. Since Song Wei was a resident of the residence, the armed police at the entrance only registered Xia ruofei and Ling Qingxue's personal information and let them through.

Xia ruofei had been to Song Wei's house many times. After they entered the courtyard, he drove the Knight XV to song Qiming's building.

With song Qiming's status, he could naturally enjoy the treatment of a single house. There were 20 to 30 such houses in the Provincial Party Committee's family compound. Each of them had a sense of history and looked a little old from the outside, but the interior decoration was very good and it was very comfortable to live in.

Song Wei pressed her fingerprint to open the gate and stepped aside to let Xia ruofei drive the car into the courtyard.

As soon as Xia ruofei parked the car, the door of the house opened. Song Wei's mother, Fang Liyun, stuck her head out to take a look.

It turned out that when Fang Liyun heard the sound of a car engine coming from the courtyard, the engine sound of the Knight XV was very wild. She could hear it from far away, so she opened the door to check it out, wanting to know who could drive directly into her courtyard.

Fang Liyun saw Song Wei who was directing the car to reverse in the yard. She widened her eyes and ran out in her Home Slippers, "Wei Wei? Why did you come back?"

Song Wei stood there and looked at Fang Liyun with a smile, "Mom? Are you surprised? Are you surprised?"

"You little girl, why didn't you tell me you were going home?" Fang Liyun had not seen her daughter for a long time, and she was overjoyed.

Her gaze fell on the highly recognizable Knight XV off - Road vehicle. Xia ruofei and Ling Qingxue had already alighted from the two sides of the car.

"Aunt Fang!" The two of them greeted him in unison.

"RUO Fei and Qingxue are here too!" Fang Liyun said happily,"come in! Hurry up and enter the house!"

"Mom! Is my dad at home?" Song Wei asked as she held onto Fang Liyun's arm.

"I'm home! He's not very busy today, so he took the time to come back for lunch. " Fang Liyun said, "but I think he's going to work soon!"

After that, Fang Liyun turned around and shouted,"Old song! Old song! Hurry up and come out! Look who's here!"

"Why are you so noisy in the middle of the day?" Song Qiming said as he walked to the door. He looked up and was stunned."Weiwei is back?" he asked. Why didn't you say so earlier? RUO Fei and Qingxue are here too! Hurry up! Let's go inside first!"

Xia ruofei opened the trunk of the SUV and took out a suitcase. It was Song Wei's suitcase. It was just for show. Song Wei's clothes and daily necessities were all kept in the storage ring. This suitcase was taken out from the storage ring to go home.

In addition to the luggage, there were two gift bags, which contained two bottles of Drunken Eight Immortals white wine and some Cordyceps. The Cordyceps were also produced in the spirit map space, and their quality was quite good.

Xia ruofei carried his luggage in one hand and the gift bags in the other as he walked in with Song Wei and Ling Qingxue.

"Weiwei, go and help!" Fang Liyun said. How can RUO Fei carry so many things by himself?"

Xia ruofei smiled and said,"it's okay, Auntie!" The items were not heavy! I'll just carry it, it's only a few steps away!"

Fang Liyun could not help but glare at Song Wei and said, "This child, why are you so insensible?"

Song Wei smiled in embarrassment. Song Qiming did not say anything. He knew that the three young men were all cultivators. Any one of them could easily lift these things without feeling tired.

Song Qiming could feel the power of a cultivator. After consuming the wild tea, he had reached the peak of refined Qi Level 3. After a period of cultivation, he had also successfully broken through to refined Qi Level 4. Now, he could feel that his body was much stronger, his strength had increased, and his reflexes were faster than a young man 's.

He was very confident. If it were ordinary martial artists, even four or five of them together would not be able to get close to him.

Soon, everyone entered the house together.

Xia ruofei smiled and said to song Qiming," "Uncle song, you look great! It seems that you've been in good health recently!"

Song Qiming laughed and said,"thanks to you!" It's all thanks to the health - Maintenance method you gave me. I've been practicing it recently, and I've made some progress!"

Xia ruofei had specifically warned song Qiming not to reveal anything about cultivation to Fang Liyun. Therefore, song Qiming was rather vague with Fang Liyun present. However, Xia ruofei, Song Wei, and Ling Qingxue understood it immediately.

In fact, Fang Liyun was the only one who was kept in the dark.

3556 Song Qiming's breakthrough_1

Since even his own daughter had said so, song Qiming could not reject her kindness. He could only say," "Then I'll have to thank ruofei and Qingxue!"

"Uncle, you're welcome." Ling Qingxue smiled and said,"I'll teach you how to recognize this storage ring as its owner!"

The usage of the storage ring was simple. Hence, Xia ruofei was happy to have some free time when Ling Qingxue took the initiative to teach song Qiming.

Soon, song Qiming recognized the storage ring as his master and tried to store and withdraw items from the ring a few times.

Like all the cultivators who obtained a storage - Type magical treasure for the first time, song Qiming was also very excited. He repeatedly tried to put things into the storage ring and then take them out.

Song Qiming smiled and said, "it's so much more convenient with this Dharma Treasure." I don't even need to bring a suitcase when I go out!"

Xia ruofei laughed and said,"cultivators have some precious items. They usually store them in Storage Treasures and carry them with them. However, storage rings are still a rare treasure in the cultivation world. For safety reasons, it's best if you keep them on you. Don't wear them directly."

Song Qiming nodded and said, "yes!" It's not convenient for me to wear a ring, but it's good to keep it on me."

Song Qiming was also a first - Class leader. He often appeared in public and appeared on the local news of Sanshan almost every day. Under such circumstances, it would be a little conspicuous to wear such a simple - looking ring.

Xia ruofei nodded with a smile. "That's right ... Uncle song, other than the storage ring, there's also half a spiritual fruit for you to consume. It's also to increase your cultivation."

"Dad!" Song Wei explained. RUO Fei and Qingxue found this in a secret realm. It's called the Vermillion Jade Fruit. Because of its strong medicinal properties, Qi condensation cultivators can only consume half of it at most. This half of the Vermillion Jade Fruit was specially reserved for you by RUO Fei and Qingxue."

"Thank you..." Song Qiming was touched. "You don't have to spend so many resources on me. It's good for me to cultivate slowly like this. Why don't we ... Leave this spiritual fruit to someone who needs it more!"

Xia ruofei smiled and said, "uncle song, the three of us have already taken the Vermillion Jade Fruit. We can't continue to take it." This half Vermilion Jade Fruit is most suitable for you to use. Although I still have some other cultivator friends, you're one of us!"

"Yeah!" Ling Qingxue also agreed. This is what we specially kept. RUO Fei also accepted an apprentice in Australia, so it's just right for you two to each take half."

"Alright then!" Song Qiming nodded. RUO Fei, let's go to the study!"

"Alright!" Xia ruofei stood up and said.

Although Fang Liyun had left the house, it would not take long for her to go out to buy groceries. On the other hand, song Qiming would need a long time to cultivate after consuming the Vermilion Jade Fruit. Therefore, they would definitely have to go to a relatively private place.

The study room was perfect. It was song Qiming's personal space. He was often in the study room to deal with some official business. There were also some documents in the study room, so even Fang Liyun would not go in unless it was absolutely necessary.

Xia ruofei continued. "Weiwei and Qingxue can sit here and chat for a while. They'll drink some tea. If aunt Fang comes back, you can help her cover up."

"Understood!" Ling Qingxue smiled and said, "you guys go! The two of us will protect you from the outside!"

Xia ruofei and song Qiming stood up and walked up the stairs to the study.

Song Qiming looked at Xia ruofei, who was setting up a soundproof barrier, and said emotionally," "Ruofei, the path of cultivation is really amazing! It completely subverted the world view I had for the past few decades. If I didn't experience it for myself, I wouldn't have believed that such a group of people with extraordinary powers existed in this world."

Xia ruofei smiled and said, "actually, we're still in the beginning stages. Even though I've reached the Golden core stage and can ride a flying sword, I'm still a child in the eyes of the senior cultivators." A truly powerful cultivator can move mountains and seas with a wave of their hand. Their power is beyond our imagination."

"However, a skyscraper rises from the ground. The path of cultivation is long. How much beautiful scenery we can see depends on how far we can go." Xia ruofei took out the half

Vermilion Jade Fruit and a crystal from the spirit map space and handed them to song Qiming.

Xia ruofei said, "uncle song, you can just consume this half of the Vermilion Jade Fruit. After that, take this crystal and start cultivating!"

"Origin crystals?" Song Qiming could feel the thick spiritual Qi that the crystal emitted.

"The concentration of spiritual Qi in origin crystals is even higher than that of spirit crystals. It's most suitable for cultivation after consuming the Vermillion Jade Fruit." Xia ruofei explained.

Song Qiming nodded, took the Vermillion Jade Fruit, and put it in his mouth.

Then, song Qiming's body trembled slightly. He quickly sat down cross-legged, held the origin crystal in his hand, and began to practice the "modest Sutra". He quickly entered a state of cultivation.

Xia ruofei sat cross-legged at the side. He did not cultivate. Instead, he released a wisp of spiritual power to observe song Qiming's condition.

Initially, Xia ruofei did not plan to give the Vermillion Jade Fruit to song Qiming so soon. However, he found out that song Qiming had already reached refined Qi Level 4. He also felt that his Foundation was very stable. If he used the Vermillion Jade Fruit now, he would be able to maximize the usage of the Vermillion Jade Fruit. Hence, Xia ruofei felt that it was better to strike while the iron was hot and let song Qiming continue to improve his cultivation.

3557 Song Qiming's breakthrough_2

After all, song Qiming could not use the resources of the Peach Blossom Island for the time being. Besides, Xia ruofei could not be by song Qiming's side most of the time to help him with his cultivation. He had to rely on himself more. Under such circumstances, he should improve his cultivation level first. At least, it would be safer in terms of safety.

If song Qiming could reach the high level of the Qi refining stage, he would have a place in the world of cultivation.

Of course, in terms of actual combat experience, song Qiming might not even be as good as some disciples in the beginning level of the Qi refinement realm.

Xia ruofei sat quietly at the side, paying attention to the changes in song Qiming's aura. He was ready to help at any time.

Of course, as long as one didn't overconsume it, the Vermillion Jade fruit's medicinal properties were still considered mild, so the possibility of danger during cultivation wasn't high.

About an hour later, song Qiming gradually woke up from his cultivation state.

During the entire cultivation process, Xia ruofei could feel that song Qiming's aura had increased sharply twice. It was obvious that he had broken through at least two levels of cultivation.

Song Qiming opened his eyes and said in surprise," "RUO Fei, the effect of this Vermilion Jade Fruit is really great! In the past, when I was cultivating on my own, I couldn't feel the increase in my cultivation level at all. I had to accumulate it over a long period of time before I could slowly improve. However, after taking the Vermillion Jade Fruit, I feel like my cultivation level is skyrocketing. I'm even a little afraid that I'll lose control of my spiritual energy ...

Since even his own daughter had said so, song Qiming could not refuse her kindness. He could only say," "Then I'll have to thank ruofei and Qingxue!"

"Thank you, Auntie! I'll do it myself!" Ling Qingxue picked up a piece of lychee and put it in her mouth. After tasting it, she gave it a thumbs up and said with a smile,"it tastes very good! Aunty, I think it's not worse than the chef of our Ling Ji restaurant!"

Fang Liyun smiled and waved her hand,"You ... You're exaggerating! How can I compare to a chef! Besides, your family is an authentic three mountains restaurant, and the main dish is the local specialty. The lychee meat must be very authentic. You're just trying to make me happy!"

"It's true! Auntie, I'm not lying to you!" Ling Qingxue said, "I can't say for sure if I've never tried other dishes, but you've definitely mastered the essence of this lychee meat!"

The effect of praise from different people would definitely be different. Ling Qingxue's family was in the gastronomic industry, and they specialized in authentic local food. Therefore, she definitely had a say in the dish of lychee meat.

Fang Liyun was so happy that she couldn't close her mouth."This is too much... Too much..."

Song Qiming was also in a good mood. He smiled and said,""My dear, you don't have to be so modest. I've already acknowledged you when I was young. You're really talented in cooking! I think this dish of lychee meat is really the essence of local cuisine. Not to mention other things, even the lychee meat in the Provincial Party Committee's canteen doesn't taste this good!"

"Old song, why are you joining in the fun ..." Fang Liyun rolled her eyes at song Qiming," the kids are just trying to make me happy!"

Xia ruofei laughed and said,"aunty Fang, don't look down on yourself!" Everyone really likes your cooking!"

"If you like it, eat more. Don't just drink!" Fang Liyun said happily. She even picked up some food for Xia ruofei with the common chopsticks and said, "try this Southern Fried liver. It's also a local dish of Sanshan. I just learned it!"

"Alright! Thank you, Auntie!" Xia ruofei said.

Everyone chatted as they ate, full of praise for Fang Liyun's cooking.

Under Xia ruofei's encouragement, Song Wei and the others all toasted Fang Liyun to show their respect for the other party's chef. This made Fang Liyun feel a sense of achievement from the bottom of her heart.

After dinner, Xia ruofei and Ling Qingxue stood up and left. Song Wei naturally stayed at the house.

Song Wei sent the two of them out. Before they got into the car, Song Wei looked at the two of them and said,"RUO Fei, Qingxue, thank you!"

Xia ruofei was slightly stunned and said," what are you thanking me for?" You're being so formal ..."

"My parents are very happy today." Song Wei smiled and said,"I'm not the only one happy to see you."

"Hey! That's what we should do, isn't it?" Xia ruofei said.

Ling Qingxue also smiled and said, "Wei Wei, there's no need to be so polite between us, right?" There's no point in thanking each other ... By the way, you should stay with your parents for a few days. We'll go to Peach Blossom Island for a while later!"

"No problem!" Song Wei nodded. I'll keep them company for two days, then I'll go to the Peach Blossom Island and come back before the Spring Festival."

Xia ruofei nodded."Yes. I have some things to take care of at the three mountains. We'll go to Paradise Island together."

Xia ruofei and Ling Qingxue left in the car while Song Wei went home.

Fang Liyun was still cleaning the kitchen. Song Wei wanted to help but was rejected by Fang Liyun. She smiled and said,"Stop causing trouble! By the way, your dad went to the study and asked you to go to the study to find him when you come back. He probably wants to ask about your studies. You should go!"

"Oh! Then I'll go first!" Song Wei said.

She came to the study on the second floor and knocked on the door gently.

"Come in!" Song Qiming raised his voice.

"Dad!" Song Wei pushed the door open and asked with a smile, "refined Qi Level 6?"

"Thank you, Auntie! I'll do it myself!" Ling Qingxue picked up a piece of lychee and put it in her mouth. After tasting it, she gave it a thumbs up and said with a smile,"it tastes very good! Aunty, I think it's not worse than the chef of our Ling Ji restaurant!"

She came to the study on the second floor and knocked on the door gently.

"Come in!" Song Qiming raised his voice.

"Dad!" Song Wei pushed the door open and asked with a smile,"refined Qi Level 6?"

"Thank you, Auntie! I'll do it myself!" Ling Qingxue picked up a piece of lychee and put it in her mouth. After tasting it, she gave it a thumbs up and said with a smile, "it tastes very good! Aunty, I think it's not worse than the chef of our Ling Ji restaurant!"

Fang Liyun smiled and waved her hand, "You ... You're exaggerating! How can I compare to a chef! the source of novelfullbook.com. Besides, your family is an authentic three mountains restaurant, and the main dish is the local specialty. The lychee meat must be very authentic. You're just trying to make me happy!"

"It's true! Auntie, I'm not lying to you!" Ling Qingxue said, "I can't say for sure if I've never tried other dishes, but you've definitely mastered the essence of this lychee meat!"

The effect of praise from different people would definitely be different. Ling Qingxue's family was in the gastronomic industry, and they specialized in authentic local food. Therefore, she definitely had a say in the dish of lychee meat.

Fang Liyun was so happy that she couldn't close her mouth."This is too much... Too much..."

Song Qiming was also in a good mood. He smiled and said,""My dear, you don't have to be so modest. I've already acknowledged you when I was young. You're really talented in cooking! I think this dish of lychee meat is really the essence of local cuisine. Not to mention other things, even the lychee meat in the Provincial Party Committee's canteen doesn't taste this good!"

"Old song, why are you joining in the fun ..." Fang Liyun rolled her eyes at song Qiming," the kids are just trying to make me happy!"

Xia ruofei laughed and said," aunty Fang, don't look down on yourself!" Everyone really likes your cooking!"

"If you like it, eat more. Don't just drink!" Fang Liyun said happily. She even picked up some food for Xia ruofei with the common chopsticks and said,"try this Southern Fried liver. It's also a local dish of Sanshan. I just learned it!"

"Alright! Thank you, Auntie!" Xia ruofei said.

Everyone chatted as they ate, full of praise for Fang Liyun's cooking.

Under Xia ruofei's encouragement, Song Wei and the others all toasted Fang Liyun to show their respect for the other party's chef. This made Fang Liyun feel a sense of achievement from the bottom of her heart.

After dinner, Xia ruofei and Ling Qingxue stood up and left. Song Wei naturally stayed at the house.

Song Wei sent the two of them out. Before they got into the car, Song Wei looked at the two of them and said,"RUO Fei, Qingxue, thank you!"

Xia ruofei was slightly stunned and said, "what are you thanking me for?" You're being so formal ..."

Xia ruofei and Ling Qingxue returned to the villa, took a shower, and lay on the bed.

Ling Qingxue gently leaned against Xia ruofei's chest and said, "That's good! Uncle song's cultivation has already reached refined Qi Level 6!"

Xia ruofei put his arm around Ling Qingxue's shoulder and said,"Qingxue, I know what you're hoping for. Actually, uncle song is the same. He's always wanted to let aunt Fang come into contact with cultivation, but uncle Ling and aunt Fang's bodies are unable to cultivate. No matter how many resources I give them, it's of no use ...

"I know ..." Ling Qingxue's expression was a little sad."This is all fate..."

Xia ruofei smiled."There's no need to be so pessimistic. If it really doesn't work, we can use the heart - concentrating grass to try and improve their physique. There will be a way anyway."

"The heart - concentrating grass grows too slowly. You can't have enough of it in a short time!" Ling Qingxue said, "besides, the heart - concentrating grass might not be effective ...

"I'm just giving an example. " Xia ruofei said, "there's no way now, but it doesn't mean that there will be no way in the future.monopoly nOvelfulIbOok.com You've also been to the trial Pagoda, so you should know that the world of cultivation is far more than what we see. In the future, when my cultivation has a greater breakthrough, I may be able to find a better way!"

Ling Qingxue nodded and said, "Mm! I believe you! You can definitely do it!"

Xia ruofei chuckled and said,"cultivators go against the heavens.

It's not necessarily a good thing to embark on the path of cultivation." However, we can't just ignore our loved ones. Those old monsters who have been cultivating for hundreds of years might have been alone for a long time, but we are different! Our family and friends are still living in the same era as us. When I think about how these familiar people will leave this world one by one in the future and say goodbye to us forever, I'm actually feeling very stifled. So, I'll definitely think of a way to change everything.

"RUO Fei, you're carrying too much on your back ..." Ling Qingxue said softly.

"Silly girl! What nonsense are you saying!" Xia ruofei gently pinched Ling Qingxue's face and said affectionately,"it's late. Let's sleep for a while! Wake up early tomorrow to cultivate!"

"Mm! You have to cultivate with me first!" Ling Qingxue said.

"No problem!"

...

The next day, Song Wei was at home with her parents, and Ling Qingxue had also returned home to sort things out. She had basically handed over all the company's matters to other executives, and she only retained her position as a director. She was no longer involved in the daily management of the company, so her time was more free.

After Xia ruofei had finished his morning cultivation, he was about to head out when he received a call from Feng Jing. She said that she was here to report on the changes to the Board of Directors and the general idea of the company's future operations and

management. Xia ruofei didn't really want to continue managing the company's Affairs, but Feng Jing insisted on reporting to him face to face. Furthermore, she didn't let Xia ruofei go to the company but came to him directly instead. Hence, Xia ruofei couldn't reject her.

Of course, Feng Jing also lived in a townhouse in the same neighborhood, so it was quite convenient for her to come to Xia ruofei's place.

Hence, Xia ruofei waited for Feng Jing at home and used his free time to clean up the house.

When Feng Rao arrived at the door, she saw Xia ruofei dressed in loungewear and covered in dirt.

"Chairman, what are you ...". Feng Jing didn't know whether to laugh or cry when she saw Xia ruofei's face.

"I just cleaned up the place!" Xia ruofei wiped the sweat off his forehead and said with a smile, "I'll just take it as exercise ... Sister che, come in and sit!"

"You're such a rich man, yet you can't even afford a part-time helper?"Feng Rao laughed. Not to mention a part-time helper, you can even hire a full-time live - in nanny!"

"There's not much work, I can do it myself!" Xia ruofei smiled and said, "besides ... I'm not used to being served like a master!"

The two of them chatted as they walked into the living room. Xia ruofei sat by the tea table and took out tea leaves and a tea set to make tea.

Feng Jing took out a folder from her bag and said,""Chairman, don't be so busy ... I'll report first!"

Xia ruofei laughed and said,"no problem!" You report what you need to, I'm listening!"

"Well..." Feng Jing shook her head helplessly."Actually, the main report was about the reshuffling of the Board of Directors and the decision-making process for major matters of the company in the future. I've talked to the higher - ups in the past few days and formed this plan after absorbing their opinions. Take a look! I'm here to make tea...

"Alright!" Xia ruofei stopped and handed the rest of the work to Feng Jing."Sister Jing's tea - making skills are also very high!"

"I've only drunk a lot of tea,"Feng Rao said with a smile," I don't know much about tea ceremony. You can look at the materials first!"

"Alright!"

Xia ruofei opened the file and read it carefully. With his current level of spiritual power and brain development, he might be able to memorize the main content with just a glance, but he couldn't flip the pages too quickly. Otherwise, Feng Jing would think that he was being perfunctory.

Hence, Xia ruofei slowly flipped through the pages.

Xia ruofei and Ling Qingxue returned to the villa, took a shower, and lay on the bed.

Ling Qingxue gently leaned against Xia ruofei's chest and said, "That's good! Uncle song's cultivation has already reached refined Qi Level 6!"

Chapter 3562 - 3562: Cultivation on the immortal Island (1)

Chapter 3562: Cultivation on the immortal Island (1)

Xia ruofei stayed at the three mountains for two days. On the evening of the third day, he gathered Song Wei, Ling Qingxue, and Zheng Yongshou at the jiangbin villa district.

The matters here were almost settled, mainly regarding the peach blossom company. With Zheng Yongshou in charge of some specific matters, Xia ruofei could focus more on cultivation.

The Spring Festival would be in half a month. Xia ruofei decided to head to the Paradise Island today and cultivate in peace. He would bring everyone back to the three mountains a day or two before the new year.

After having dinner at the jiangbin villa, Xia ruofei and the others went to the balcony on the top floor of the villa in the dark.

Xia ruofei took out the black Phoenix flying ship and activated the concealment talisman. Then, he threw the Flying Ship out. The black Phoenix flying ship rapidly expanded in everyone's line of sight. However, ordinary people were completely unable to detect its existence.

The black Phoenix flying ship was hovering right next to the terrace, and it was only slightly higher than the terrace.

"Let's go!"Xia ruofei said with a smile.

With that, he took the lead and jumped onto the black Phoenix flying ship.

Song Wei and the other two followed suit.

Xia ruofei activated the flying boat with his spiritual power.

The black Phoenix flying ship began to rise slowly, and its speed was getting faster and faster. In just a short while, it had reached an altitude of a thousand meters.

Below them were the lights of thousands of houses on the three mountains. The flying boat took off from the jiangbin villa community, so at this time, looking down from the deck, one could clearly see the brightly lit cruise ship slowly cruising on the min River that passed through the city.

Xia ruofei used his spiritual power to control the flying boat and accelerated towards the sea. At the same time, it was constantly rising in altitude.

The black Phoenix flying ship transformed into a stream of light in the blink of an eye and disappeared into the sky.

On the deck of the airboat, Xia ruofei smiled and said,""Everyone, go rest in the cabin! Today's flight is about two and a half hours. You can also cultivate to kill some time."

The black Phoenix flying ship was protected by an extremely stable defensive barrier, so one would not feel the slightest bit of wind even if they were standing on the deck. However, the entire flight was basically over the ocean, and there was not much scenery to see at night. On the contrary, it was very boring on the deck of the airboat.

Xia ruofei led everyone into the cabin.

The black Phoenix flying ship was much larger than the first heaven society's Blue water flying ship. It had a spacious interior. Other than the control room, there were more than ten independent cabins. Hence, Xia ruofei let everyone choose a cabin to cultivate in. He himself sat cross – legged in the control room, cultivating and monitoring the Flying Ship's condition.

The journey was uneventful and smooth. In fact, with the black Phoenix flying ship's speed, even if someone wanted to kill them along the way, they would not be able to do so. Xia ruofei had always used a trace of his mind power to monitor the situation ahead. If there was an ambush, he only needed to change his direction slightly and the enemy would not be able to catch up.

Besides, in the current cultivation world, other than Chen Nanfeng, it was hard to find anyone stronger than Xia ruofei.

Even if it was Chen Nanfeng, Xia ruofei was confident that he could deal with him for a long time.

Moreover, Chen Nanfeng was alone. If there were hundreds or even thousands of Chen Nanfeng's level experts ambushing Xia ruofei, he would most likely be in danger. Otherwise, with the speed of the black Phoenix flying ship, Xia ruofei would be in an invincible position.

At around 10 pm, the black Phoenix flying ship was already approaching Peach Blossom Island.

It was around 1:30 pm local time. Song Wei, Ling Qingxue, and Zheng Yongshou all stopped their cultivation and went to the control room.

Xia ruofei controlled the flying boat and cut in from the southeast corner of the Peach Blossom Island. He skillfully contacted the core of the Taixu xuanqing formation, and the black – armored flying boat flew directly into the range of the formation without any hindrance.

In the blink of an eye, the airboat had already arrived at the top of Yanhuang building.

Xia ruofei had contacted Li Yifu once before he left, so Li Yifu had been waiting on the rooftop for a long time.

The black Phoenix flying ship slowed down and slowly descended, finally stopping about two meters above the rooftop.

Xia ruofei was the first to jump out of the flying boat and stood firmly on the rooftop.

Li Yifu came forward and bowed respectfully.""Senior granduncle!"

At the same time, Song Wei, Ling Qingxue, and Zheng Yongshou also jumped off the flying boat.

Li Yifu quickly greeted Song Wei and Ling Qingxue, his two martial grandmothers.

Zheng Yongshou didn't dare to be neglectful and quickly came forward to greet Li Yifu.

Zheng Yongshou knew very well that although Xia ruofei was gentle and did not treat him and Luo Qingfeng as slaves, he also knew that in Xia ruofei's heart, Yifu li was one of his own, while he and Luo Qingfeng were still separated by a layer. It was because of the soul seal that Xia ruofei trusted him unconditionally.

Therefore, Zheng Yongshou didn't dare to neglect Li Yifu.

Moreover, Zheng Yongshou used to have a psychological advantage over Li Yifu, but now Li Yifu's cultivation was rising rapidly. He heard that Li Yifu was already at the peak of lianqi level 9 and could break through to the Golden core stage at any time. On the other hand, after being subdued by Xia ruofei, Zheng Yongshou's improvement was far from Li Yifu's, even though he had received some resources. He was only lianqi level 8 now.

Xia ruofei smiled and nodded at Li Yifu, then kept the black Phoenix flying ship into the spirit map space.

"Foster husband, is Qingfeng still in seclusion?" Xia ruofei asked as he walked towards the staircase..

Chapter 3563: Cultivation on the immortal Island (2)

"Yes, martial granduncle!" Li Yifu said respectfully,"the last time sect leader Luo started his closed – door cultivation, he never came out. I guess he wants to break through to the mid – Stage golden core realm before coming out."

Qingfeng Luo was in seclusion this time. He was probably really trying to break through the bottleneck of the mid – Stage golden core realm.

Xia ruofei was also looking forward to it. If Luo Qingfeng could break through to the intermediate stage of the Golden elixir realm, it would naturally be a good thing for him. It would be equivalent to increasing his own strength by another level.

There were not many golden core cultivators in the cultivation world. Many sects, like the water element sect, did not even have a single golden core cultivator. Among all the Golden core cultivators, the majority were at the early stage of the Golden core. The

middle stage could be said to be as rare as Phoenix Feathers and Qilin horns. As for the late stage, Chen Nanfeng was the only one known.

Xia ruofei nodded and said,"just let him go into seclusion!" Unless it's something that concerns the life and death of the Peach Blossom Island, don't go and disturb him."

"Yes! Senior granduncle!" Li Yifu nodded in response.

"You've made great progress in your cultivation during this period of time!" Xia ruofei glanced at Li Yifu and was clear about his cultivation."! can feel that your true energy has become more solid. This is a sign that you are close to breaking through the bottleneck!"

"I'm all thanks to your support and care, grand uncle – Master!" Li Yifu said,"if you hadn't poured in a large amount of resources, I'm afraid 1 would still be a low – Level Qi refinement cultivator. I'll never forget your great kindness, martial granduncle!"

Xia ruofei waved his hand and said,"you don't have to be so polite. You call me senior granduncle. It's my duty to take care of you!" Right now, our sect has very few people. Strictly speaking, it's just you, me and Haoran. No matter how many resources I spend, I'll at least raise your cultivation to the Golden core stage!"

Xia ruofei stayed at the three mountains for two days. On the evening of the third day, he gathered Song Wei, Ling Qingxue, and Zheng Yongshou at the jiangbin villa district.

As for the late stage, Chen Nanfeng was the only one known.

Xia ruofei nodded and said,"just let him go into seclusion!" Unless it's something that concerns the life and death of the Peach Blossom Island, don't go and disturb him."

"Yes! Senior granduncle!" Li Yifu nodded in response..

On the sixth day of his arrival on Peach Blossom Island, Xia ruofei finally walked out of the suite.

This was because he felt a surge of energy rising from the building. He scanned the building with his spiritual power and was overjoyed to see that Luo Qingfeng had broken through to the mid - Stage golden core realm.

As soon as Xia ruofei walked out of the elevator, he saw Luo Qingfeng coming out of his room with a happy face.

The moment Luo Qingfeng saw Xia ruofei, he knelt down in front of Xia ruofei without hesitation and said in a trembling voice," "Master! I've finally broken through to the middle jiedan stage! This subordinate will never forget master's grace of rebirth!"

Xia ruofei had a faint smile on his face.""Get up! You're also a master of the middle jiedan stage now, how can you kneel down so easily?"

Luo Qingfeng knelt on the ground and said respectfully," "It is all thanks to master's guidance that this subordinate is where I am today! Not to mention the middle jiedan stage, even the middle Yuanying stage should kneel before master!"

"It's fine as long as you have the heart. " Xia ruofei said indifferently," get up first! You've just made a breakthrough, so you should be in seclusion to consolidate your cultivation. Why did you come out in such a hurry?"

Luo Qingfeng stood up, put his hands down in front of Xia ruofei, and said," "Master, I wanted to report this good news to you as soon as possible!"

Xia ruofei smiled and said, "I'll know when you've broken through. Why did you have to come out and tell me?" Hurry up and continue to consolidate your cultivation! The most important thing to do after breaking through is to consolidate your cultivation. Don't let anything happen!"

"As you command! Master!" "Yes!" Qingfeng Luo said respectfully.

"By the way, what's your next step?" Xia ruofei asked again,"do you want to continue cultivating on the Peach Blossom Island or return to the star Seizer sect?"

Luo Qingfeng could not help but look hesitant.

In his heart, he was naturally very willing to cultivate on the Paradise Island. The cultivation environment here was simply too alluring.

If it was the cultivation world before the deterioration of the cultivation environment, the cultivators might not have felt it so clearly. official website nOveIfuIlbook.com However, Luo Qingfeng had just experienced the entire process of the deterioration of the cultivation environment. It could be said that he had gone through a lot of hardships to barely break through to the early - Stage golden core.

Now that he had suddenly discovered such a superior cultivation environment, it was like a person who had been hungry for a few days suddenly seeing a table full of delicious food. He definitely couldn't wait to eat.

However, he was the sect master of the star Seizer sect, and this identity made it impossible for him to stay on the Peach Blossom Island forever. He didn't want to give up control of a sect so easily. On the other hand, he felt that Xia ruofei needed the star Seizer sect, and he had an obligation to help Xia ruofei manage the sect.

So, after some thought, he said,""Master, I'll return to the star Seizer sect after I consolidate my cultivation!"

Xia ruofei thought for a while and nodded.""It's good that you're going back to take charge of the situation. The star Seizer sect needs you to take charge. Now that you've broken through to the mid - Aurous core stage, you can also make a timely announcement in the cultivation world and let people see your strength!"

Sometimes, a high-end cultivator could determine the overall strength of an entire sect. A sect with a middle - Stage golden core cultivator and a sect with only an early - Stage golden core cultivator, or even one without a golden core cultivator, were on completely different levels.

Luo Qingfeng nodded and said," When I return to the sect, I'll make a public appearance or invite my good friends in the cultivation world to the star Seizer sect as guests to celebrate my breakthrough to the intermediate golden core stage!"

"En!" Xia ruofei nodded and said,"you can think about how to do it yourself. Alright, hurry up and consolidate your cultivation! I'm going back to cultivate too!"

"Farewell, master!" Luo Qingfeng bowed and said.

When the elevator door closed, Luo Qingfeng returned to his room and continued to consolidate his cultivation.

Xia ruofei was very pleased that Luo Qingfeng had broken through to the intermediate stage of the Golden core realm.

It was no exaggeration to say that he had single-handedly created Luo Qingfeng, who was in the intermediate stage of the Golden core realm.

Without Xia ruofei, Luo Qingfeng might not have been able to reach his current level in his life.

Pushing Luo Qingfeng's cultivation to a higher level was the most successful time Xia ruofei had guided a cultivator around him since he started on the path of cultivation.

Xia ruofei returned to her room. Song Wei and Ling Qingxue had also left their room and were conversing in the living room.

When they saw Xia ruofei return to the house, Ling Qingxue could not help but smile and

ask," "RUO Fei, why did you run out in a hurry? Could it be that someone is attacking the Peach Blossom Island?"

Song Wei could not help but smile. Of course, she knew that Ling Qingxue was joking. They had heard about the defense of Paradise Island from Xia ruofei. In the current cultivation world, it could be said to be impregnable. There were basically no safety concerns.

"It's Luo Qingfeng, Xia ruofei said with a smile."He has just broken through to the intermediate stage of the Golden core realm!"

"Mid - Stage golden core!" Song Wei and Ling Qingxue both cried out in unison, their expressions full of shock.

Luo Qingfeng's breakthrough was not surprising. They were just surprised at the speed of his breakthrough.

"The allheaven formation has played a very important role." Xia ruofei said,"that's why the cultivation environment on Peach Blossom Island is really unique. You guys have to work hard too!"

It was relatively easy to improve in the Qi refining stage. Song Wei and Ling Qingxue were both at Qi refining stage level 7. Although they had just broken through, if they really focused on cultivation, Qi refining stage level 8 was not far away.

For them, the only difficulty was the bottleneck of the Aurous core stage.

Of course, compared to Li Yifu, it would be easier for Song Wei and Ling Qingxue to break through to the Golden core stage.

After all, the two of them were much younger than Li Yifu, and the resources they received were also better than Li Yifu 's. Not to mention other things, just the fact that their spiritual power realm had advanced by leaps and bounds by relying on the Topaz essence alone could greatly reduce the difficulty of their cultivation and breakthrough.

Song Wei nodded and said, "we have to work hard!" We have to return to the three mountains before the Spring Festival. Even if we can't break through to refined Qi level 8 before we leave the peach source Island, we should at least touch the bottleneck!"

"Mm! Then for the next week, we'll increase our joint cultivation time by an hour every day!" Ling Qingxue said.

"It can't be?" Xia ruofei said with a bitter face, "aren't you afraid that I'll be exhausted to death?"

Now, Xia ruofei had to spend three to four hours a day to practice joint cultivation with Song Wei and Ling Qingxue. If each of them had an extra hour, Xia ruofei would have to spend five to six hours on joint cultivation.

One must know that the spirit body combined cultivation was of little help to Xia ruofei. After all, the difference in cultivation between him, Song Wei, and Ling Qingxue was too big. These five to six hours were basically of no use to Xia ruofei in improving his cultivation.

Song Wei pursed her lips and smiled,"Qingxue, increasing the time spent on joint cultivation might affect RUO Fei's cultivation. It's better if we increase the time spent on our own!" It's fine to sleep less at night."

Ling Qingxue thought for a moment and said, "that makes sense!" We can't affect RUO Fei's cultivation ... Let's use a time formation! This way, it won't delay RUO Fei's own cultivation time!"

"That's a good idea!"Song Wei's eyes lit up. In this way, RUO Fei's cultivation time can be guaranteed, and we have more time to carry out spirit body joint cultivation! My cultivation will definitely improve even faster!"

Xia ruofei looked helpless."I'm not talking about the time. My two grandaunts, it's very tiring to cultivate together, okay?"

Ling Qingxue rolled her eyes at Xia ruofei and said, "I clearly feel that you're enjoying it!"

Ling Qingxue and Song Wei blushed at the same time. The charming scene of spirit body joint cultivation suddenly appeared in front of the two of them.

The intimate contact at the spirit body level, the joy that seeped deep into the bone, was really hard to describe in words. Even if they were all seriously cultivating, they could still clearly remember the feeling of joint cultivation.

Xia ruofei glanced at Ling Qingxue and said,""Qingxue, I didn't agree! You've already made arrangements for me?"

Ling Qingxue glanced at Xia ruofei and said, ""You don't agree, so what? Objection Overruled! Otherwise, we'll vote! The minority is subordinate to the majority!"

Song Wei burst out laughing.

There were only three of them here, and they were on the same side. Xia ruofei would not be able to win the vote alone.

Xia ruofei said,"don't give me that!" I'm not going to vote! It's not impossible to increase the time of our joint cultivation, and it's also not a problem to use the time array, but I can't just put in so much effort for nothing, right? So I have a condition!"

"What condition?" Ling Qingxue asked warily.

"The conditions aren't hard to fulfill." Xia ruofei smiled and said,"from today on, the three of us will sleep together at night. I don't want to be alone every day!"

That's right. Ever since they stepped onto the Peach Blossom Island, other than the time when they were cultivating with Xia ruofei's spirit body, Song Wei and Ling Qingxue had spent most of their time in the same room. Xia ruofei, on the other hand, was shut out of the room by them every night.official website noveIfuIlbook He had to stay with his two beautiful girlfriends while he slept in his own room for six days.

Song Wei and Ling Qingxue blushed when they heard Xia ruofei's conditions.

"No!" Ling Qingxue said. No! Change your conditions!"

"I only have this condition!" Xia ruofei said, "if you guys agree, then we can talk about the joint cultivation time. If you guys don't ... Then there's no room for discussion!"

Song Wei glanced at Xia ruofei and looked away. She said, "RUO Fei, how about... We each accompany you a day?"

"Weiwei .." Ling Qingxue quickly said,"why did you compromise so easily?"

"I'm just trying to negotiate with RUO Fei." Song Wei said softly,"I didn't agree to accompany him!"

Ling Qingxue didn't know whether to laugh or cry. Xia ruofei, on the other hand, said with a smile," "Wei Wei, this isn't the first time the three of us have slept together. We're an old couple, what's there to be shy about?"

"No! I ..."Song Wei felt that she couldn't explain herself even if she had a mouth.

Xia ruofei continued,"Qingxue, don't glare at me. You guys were the ones who ignored me first. I'm just resisting under pressure!" In any case, my conditions are right here. If you

agree, then it's not impossible for us to cultivate together for a longer period of time. But if you don't agree, then ... Perhaps we can't even guarantee the current time of our joint cultivation!"

"You ..." Ling Qingxue couldn't help but be angry."How can you be so shameless?"

"AI! "I'm not being shameless. I'm just helpless ..."Xia ruofei said with an exaggerated expression.

"You don't ..."

"Qingxue!" "Let's discuss this first ..." Song Wei said, following Ling Qingxue's words.

Xia ruofei spread his hands and said,"sure!" I'm going back to my room to cultivate! You guys can discuss it slowly! Sigh... Luo Qingfeng's cultivation level is almost catching up to mine, and my adopted husband is about to break through to the Golden core stage. I'm under a lot of pressure! If he didn't work hard, he would be overtaken by them! No, no, I have to hurry up and cultivate ....."

With that, Xia ruofei returned to his room.

Ling Qingxue was so angry that she stomped her feet. She pointed at Xia ruofei's room and said to Song Wei," "Wei Wei, he did it on purpose!"

Song Wei pursed her lips and laughed,"we do need to work hard in our cultivation!" I also feel a sense of urgency! From this point of view, RUO Fei is right ..."

"I'm not talking about that!" Ling Qingxue said,"didn't we discuss that we would leave him hanging for a while? Otherwise, we don't know when this guy will give us another sister! Why are you suddenly siding with an outsider?"

"I didn't!" Song Wei smiled bitterly."I didn't agree to his conditions ... Besides ... I didn't really agree when you suggested it! "At least from the current situation, there is nothing between RUO Fei and Lu You. He did not expose his identity as a cultivator in front of Lu You and even strictly ordered the water Yuan sect to keep it a secret. This shows that he

has no other thoughts and just helped Lu You in passing. As a friend, it is only right to help her when she is in trouble!"

"Aren't we just preparing for a rainy day?" Ling Qingxue didn't have much confidence either."Forget it, let's not talk about this! Now, this guy is threatening us with our joint cultivation time. What should we do?"

"What else can we do?" Song Wei laughed. Just agree to it!"

"Ah?"

"What do you mean" ah "?" Song Wei smiled and said,"don't you want to do that with RUO Fei? I don't know if you're punishing yourself or RUO Fei ...

"I'm going to kill you!" Ling Qingxue's face turned red as she hit song Wei."Weiwei, I realize that you're getting more and more shameless. How could you say such things .."

"Isn't this because of your influence?" Song Wei laughed and said," you're right! Just think about it! Anyway, RUO Fei has us in his hands. What can you do?"

"Then ... Then we're just going to let him off so easily?" Ling Qingxue said.

"If you have the ambition, then don't cultivate together. Work hard and rely on cultivating the" nichang Heart Sutra "to break through!" Song Wei smiled and said,"that's not a bad idea!"

The "nichang Heart Sutra" was another cultivation technique that Xia ruofei had chosen for the two of them. It was mainly for them to use when they were cultivating alone.Everyone please go to our official website novelfullbook.com Although this cultivation technique was quite good, in terms of cultivation efficiency, it was still a little inferior to the spirit body combined cultivation.

If he had not spent time with Xia ruofei in the past, cultivating the 'nichang Heart Sutra' would be good. However, in this situation, it was obvious that the best choice was to cultivate with the spirit body. The 'nichang Heart Sutra' seemed to be of little value.

Thus, Ling Qingxue said without hesitation," "I don't want to! Isn't that giving up what's near and seeking what's far?"

"So... You're agreeing?" Song Wei asked with a half - Smile.

Ling Qingxue pouted and said,"alright!" I'll let him off this time!"

"Sure!" Song Wei laughed. I'll go get RUO Fei ..."

Before Song Wei could finish her sentence, Xia ruofei's room door was opened. He walked out with a smile and said,""No need to shout! I'm coming!"

Chapter 3567 - 3567: Chinese New Year (1)

Chapter 3567: Chinese New Year (1)

In the next few days, Xia ruofei's days of cultivation were finally not so boring.

Although he spent more time on the spirit body joint cultivation every day, because he used the time array, his own cultivation time was not affected. Instead, he had a lot more time.

Of course, the extra time could not be wasted. Hence, Xia ruofei was very busy every night.

In the beginning, Song Wei and Ling Qingxue could not let go of this. However, after a few days, the two of them gradually became more and more excited. Xia ruofei, on the other hand, was so happy that he had forgotten about his home.

Other than the day when Luo Qingfeng had finished consolidating his cultivation and was preparing to return to the star Seizer sect on his flying sword, Xia ruofei had gone out and personally sent off his most capable subordinate. The rest of the time, he had been staying in the luxurious suite with his two girlfriends.

Seven days passed in the blink of an eye.

Song Wei and Ling Qingxue's cultivation improved by leaps and bounds every day. After more than ten days, the two of them had actually touched the bottleneck of refined Qi level 8.

As Xia ruofei's cultivation level increased, the effect of the combined spirit and body cultivation improved.

Xia ruofei's own cultivation had also improved greatly. Other golden core cultivators could not even imagine him using purple origin crystals to cultivate without caring about the cost.

In fact, Xia ruofei did not know that even during the peak of the cultivation world, only the geniuses of the big sects could enjoy such treatment.

Hence, after more than ten days of cultivation, although Xia ruofei did not show any signs of breaking through to the advanced stage of the Golden elixir realm, he had improved a lot compared to when he had just broken through in the trial Pagoda. His Foundation was also extremely solid.

Xia ruofei, Song Wei, and Ling Qingxue all wished to continue cultivating like this, but they still had to leave for a while.

It was because the Spring Festival was in two days.

It was New Year's Eve tomorrow, so both Song Wei and Ling Qingxue had to spend it with their families.

On Xia ruofei's side, although his own family was no longer around, his godmother, Lin Qiao, and many friends were still at the three mountains.

The Spring Festival was definitely the most important Festival for Chinese people.

Hence, Xia ruofei decided to make a trip back to the three mountains.

He also considered whether Li Yifu needed to go back to the United States for the Spring Festival. After all, although Li Yifu had no children, he still had nephews, nieces, and other younger generations. Now that they were all living in the U.S., They would definitely want Li Yifu to go back home.

Xia ruofei had already made preparations to let Zheng Yongshou take charge of the Peach Blossom Island.

Zheng Yongshou's array Dao level was not bad, and he had also learned the basic control of the Taixu xuanqing formation, so there was no problem for him to stay and guard the Peach Blossom Island.

Moreover, Zheng Yongshou was already all alone, and he was currently cultivating on the Paradise Island, so there was no need to specially transfer him over.

However, when Xia ruofei asked for Li Yifu's opinion, Li Yifu unexpectedly said that he would not be going back for the new year.

Li Yifu had already started to break through the bottleneck of the Golden core stage. In the past few days, he felt that the hope of breaking through was getting greater and greater. He was preparing to strike while the iron was hot and go into seclusion for a period of time. Therefore, even though the Spring Festival was a very important Festival, he did not want to delay his cultivation because of it.

Naturally, Xia ruofei would respect and support Li Yifu's decision.

And he still let Zheng Yongshou stay.

Zheng Yongshou had just finished dealing with the trivial matters at the peach blossom company. He could at least return to the three mountains after the Lantern Festival. There was still enough time.

If Zheng Yongshou stayed on the Peach Blossom Island, Li Yifu would be able to break through in seclusion without any distractions.

Zheng Yongshou naturally obeyed Xia ruofei's decision. After experiencing the effects of the Taixu xuanqing formation and Luotian formation, Zheng Yongshou couldn't stop. He couldn't wait to spend every second in the Yanhuang building. He didn't want to waste a single second. Therefore, he happily accepted the task Xia ruofei gave him.

After the arrangements on the peach source Island were made, Xia ruofei and the other two were ready to return to the three mountains.

Li Yifu and Zheng Yongshou sent the three of them to the rooftop of the Yanhuang building.

Xia ruofei released the black Phoenix flying ship, then turned around and smiled at Li Yifu.""Foster husband, since you're not planning to go back for the new year, then you should peacefully cultivate in seclusion on the Paradise Island. Leave the other trivial matters to old man Zheng to handle, including the safety of the Paradise Island, the control of the array formation, and so on. You don't have to worry about them and just focus on cultivating!"

"Alright! Thank you for your care, martial granduncle!" Li Yifu said respectfully.

Xia ruofei waved his hand and said,""I hope I can hear the good news of your breakthrough the next time I come."

"This disciple will definitely do his best!" Li Yifu said.

Xia ruofei chuckled.”You don’t have to force yourself. Cultivation is also about natural success. The more solid the foundation, the easier and safer the breakthrough will be.” If things didn’t work out, he must not force a breakthrough! If you really can’t break through, don’t be anxious. When I return to the Peach Blossom Island, I can protect you, which will be safer!” “This disciple will remember!” Li Yifu said,”don’t worry, senior granduncle. Although I am eager to break through to the Golden core stage, I will not force myself!”

“Mm! It’s good that you know what you’re doing!” Xia ruofei nodded and said. Then, he turned to Zheng Yongshou and said,”elder Zheng, you’ll have to work harder while I’m in seclusion. You must ensure the safety of the island. You must patrol the entire Island every day.. This is our Foundation, and we can’t afford to lose it!”

Chapter 3568 - 3568: Chinese New Year (2)

Chapter 3568: Chinese New Year (2)

“Understood!” Zheng Yongshou said sternly,”this subordinate will never forget his duty! The island will be where the people are!”

Xia ruofei nodded in satisfaction and said,””Alright, let’s go! You guys should go back and cultivate as well!”

With that, Xia ruofei brought Song Wei and Ling Qingxue onto the black Phoenix flying ship.

“Farewell, martial granduncle!”

“Farewell, master!”

Li Yifu and Zheng Yongshou both bowed respectfully, and only when the black Phoenix flying ship disappeared into the horizon did the two of them straighten their bodies and return downstairs.

After Li Yifu and Zheng Yongshou completed the necessary handover, they returned to their room and officially began their closed – door cultivation.

Zheng Yongshou also took over the control of the Taixu xuanqing formation and officially took over the defense of the Paradise Island.

After flying for more than two hours, Xia ruofei's Black Phoenix flying ship had returned to the skies above the three mountains.

Xia ruofei quickly found the villa district by the river. He steered the black Phoenix flying boat across the night sky and hovered above the villa's rooftop.

It was already night time when they arrived, and the next day was New Year's Eve, so Song Wei and Ling Qingxue didn't go home. Instead, they stayed in the jiangbin villa community.

The next day, on New Year's Eve, Song Wei and Ling Qingxue went home.

Song Wei wanted to go home to spend the Spring Festival with her parents, but Xia ruofei, who was alone, could spend the Spring Festival with Ling Qingxue and Ling Xiaotian. However, in order to not favor one and discriminate against the other, he decided not to go to Ling Qingxue's house. Instead, he went to Hu Zi's mother's place to spend the Spring Festival with his godmother and Lin Qiao.

Early in the morning on New Year's Eve, after Song Wei and Ling Qingxue went home, Xia ruofei drove to Hu Zi's mother's neighborhood.

He took the elevator to the duplex unit on the top floor. As soon as he rang the doorbell, he heard urgent footsteps coming from inside, and then the door opened.

When Lin Qiao saw Xia ruofei, she immediately smiled in surprise and shouted,""Brother ruofei! You're finally here! Hurry and come in!"

Lin Qiao was wearing a milk – patterned fardown jacket with a pair of cute bear Cotton Slippers. Her hair was let down casually, and she looked youthful and energetic with a touch of playfulness.

Xia ruofei had not seen Lin Qiao for a long time. This time, he realized that Lin Qiao was even more beautiful than when she was in high school. She was even more attractive without her immaturity.

"Qiao' er, Happy New Year!" Xia ruofei said with a smile as he changed into his slippers.

"Today is New Year's Eve, the last day of the year. Tomorrow is the new year!" Lin Qiao chuckled and said,"brother ruofei, it's too early!"

Xia ruofei was stunned for a moment, then he laughed and said,""When we were young, we felt that New Year's Eve was even more lively than the Spring Festival! The New Year's Eve dinner is on New Year's Eve, right? The Spring Festival Gala is on New Year's Eve, right? And he changed his clothes on New Year's Eve! Chinese New Year's Eve is the most beautiful day of the year!" "That's true!" Lin Qiao said,"I used to look forward to the new year, but later ..."

Lin Qiao stopped, but Xia ruofei already understood what she meant.

After Lin Hu's death, the family had been in grief. As time passed, the pain in their hearts was gradually sealed. So, it might be fine on normal days, but when it came to Chinese New Year and festivals, other families would be happy. Only in her family, there were only the mother and daughter. It was inevitable that she would be reminded of the scene.

Xia ruofei smiled and said,"Qiao' er, let's not talk about this anymore. We'll be lively during the new year in the future!" See, I'm here to spend the new year with you guys, aren't I?"

"En!" Lin Qiao nodded heavily.

"Where's godmother?"Xia ruofei asked.

Chapter 3569: Happy and harmonious (1)

Xia ruofei and the other two were busy in the kitchen. Xia ruofei had also brought a lot of ingredients over. They were all produced in the Paradise space, and the quality was naturally first – Class. They were just right to be used for the New Year’s Eve dinner.

At noon, the three of them had a simple meal and then sat in the living room to chat for a while.

Xia ruofei asked about Lin Qiao’s studies at Egret Island University. After learning that Lin Qiao’s grades were among the best in the class and she had won the gold medal in the campus design competition, Xia ruofei was very happy and did not hesitate to praise her.

Lin Qiao was even happier to be praised by Xia ruofei than to be awarded.

After the three of them chatted for a while, they went to their respective rooms for an afternoon nap. Xuxu stayed in the house. Hu Zi’s mother had always left a guest room for Xia ruofei. Now that she knew that Xia ruofei would be coming over to spend the new year with them, she had even changed the bedsheets.

These beddings had not been used even once since they were bought. However, Hu Zi’s mother had washed them in advance, so Xia ruofei could smell the comfortable scent of the sun even as he lay on the bed.

After getting up in the afternoon, Hu Zi’s mother continued to prepare the New Year’s Eve dinner.

The people of Sanshan didn't eat dumplings like the people in the North during the new year. However, the New Year's Eve dinner was still very sumptuous. There were swallow meat, rice cakes, betel nuts, and so on. Although they could be bought in the supermarket outside, Hu Zi's mother still insisted on making them by hand. Whether it was the quality of the ingredients or the taste, they were naturally better than those bought in the supermarket.

In addition to the special food, there was naturally no lack of chicken, duck, and fish meat. The duck for the family's New Year's Eve dinner this time was bought by Hu Zi's mother, who had made a special trip back to her hometown in Changping County. It was difficult to buy free – range local duck nowadays.

Lin Qiao chatted with Xia ruofei in the living room. She talked about the interesting things that happened in her University campus. She couldn't wait to share all the trivial things that happened in the dormitory with Xia ruofei.

Xia ruofei did not lose his patience and listened with a smile.

He had known Lin Qiao for a long time. That was the first time he went back to the three mountains to visit his family. Lin Hu asked him to bring some local specialties to his mother and sister. After Lin Hu's death, he treated Lin Qiao like his own sister.

As the two of them chatted, the sky outside gradually darkened, and the sound of firecrackers could be heard from time to time. Some families had already started to have their New Year's Eve dinner.

The Chinese New Year's Eve dinner in Sanshan was not as late as in the North. It was basically the normal dinner time, and some would even be earlier than usual.

Of course, because most areas prohibited the use of firecrackers, the sound of the firecrackers was far away from Lin Qiao's high – end residential area, so it was naturally in the prohibited area.

At this moment, Hu's mother walked out of the kitchen. She wiped her hands on her apron and said with a smile,""The New Year's Eve dinner is ready! Come and help serve the dishes!"

"They're coming!" Xia ruofei responded and then said to Lin Qiao,"Qiao' er, go and help!"

"Alright!"

Xia ruofei and Lin Qiao walked into the kitchen together and helped Hu Zi's mother place the sumptuous dinner that she had prepared all day on the table.

The large dining table was filled to the brim, and Hu Zi's mother's excellent cooking skills were fully displayed here.

“Ruofei, it’s the new year today. Let’s all have some drinks!” Hu ‘Zi’s mother smiled and said,”I’m just giving Qiao’ er a token of appreciation. You can drink more!”

“No problem!” Xia ruofei said,”Godma, 1 have some wine in my car. I’ll go down and get it!”

Hu ‘er’s mother waved her hand and said,”no need!” I’m ready!”

Then, Hu’s mother turned around and took out a bottle of wine from the cabinet.

Xia ruofei took a closer look and didn’t know whether to laugh or cry. The liquor that Hu Zi’s mother took out was the Drunken Eight Immortals liquor, but it was the kind that was sold in bulk in the supermarket.

It was obvious that she had gone out to purchase them in advance.

Although the Drunken Eight Immortals wine was famous for its cheap price and excellent quality, it was only “cheap” when compared to famous wines like Maotai Wuliangye. After all, the taste of the Drunken Eight Immortals was not inferior to these famous wines, but its price was much cheaper than the Maotai Wuliangye.

Therefore, the price was relatively cheap. In terms of price alone, drunken eight immortal was not considered cheap. To Hu Zi’s mother, this kind of expenditure was definitely a waste.

Hu ‘er’s mother even said happily,””! heard that it’s not easy to buy this wine. 1 went to the supermarket early in the morning yesterday to line up. Fortunately, I managed to grab a bottle.”

The mother and daughter did not usually drink, so naturally, there was no wine in the house. Hu Zi’s mother had gone to the supermarket to buy some at the last minute. If she wanted to buy the popular Drunken Eight Immortals wine, she would definitely have to queue up early to buy it.

Xia ruofei couldn’t help but smile wryly. He had used the spirit map space to produce the Drunken Eight Immortals wine. The wine that he had stored was of a much higher quality than the ones sold in bulk.

However, he couldn’t reveal it now. After all, this was Hu Zi’s mother’s way of expressing her love for Xia ruofei.

Hence, Xia ruofei nodded and said,””Godmother! You’re amazing! The Drunken Eight Immortals liquor has always been in short supply, and as soon as the product is put on the shelves, it will basically be snatched up. It’s really not easy for you to get the authentic Drunken Eight Immortals liquor!”

“That’s because it’s almost the new year,” Hu Zi’s mother said with a smile.’The supermarkets have also increased their supply. Otherwise, they would have been robbed clean before it even reached me!”

“Is this wine really that popular?” Lin Qiao said. Then, she said with a thoughtful expression,”! remember this is paradise ....”

Chapter 3570: Happy and harmonious (2)

Xia ruofei quickly winked at Lin Qiao and then said with a smile,”Of course this wine is selling well! Compared to the Maotai Wuliangye, its price is less than half, but the quality of the wine is almost the same. In fact, the drunken eight immortal is even better, so everyone is naturally willing to choose this!”

Lin Qiao had interned at the Paradise company before and had accepted many orders from the company, most of which were for the design of posters. Therefore, she naturally knew that the Drunken Eight Immortals liquor was actually a product of the Paradise company.

However, Xia ruofei interrupted her and gave her a look. She quickly came to her senses and said,””Then I’ll have to have a good taste today!”

Hu ‘Zi’s mother said,”just one glass is enough. Today is a Happy New Year, so I’ll let you drink one glass. Otherwise, you’re a girl. You’re not allowed to drink outside, do you understand?”

“I know!” Lin Qiao pouted and said.

Xia ruofei laughed and said,"come!" I'll pour wine for everyone, let's have a round of drinks first!"

Xia ruofei and the other two were busy in the kitchen. Xia ruofei had also brought a lot of ingredients over. They were all produced in the Paradise space, and the quality was naturally first – Class. They were just right to be used for the New Year's Eve dinner.

At noon, the three of them had a simple meal and then sat in the living room to chat for a while.

Xia ruofei asked about Lin Qiao's studies at Egret Island University. After learning that Lin Qiao's grades were among the best in the class and she had won the gold medal in the campus design competition, Xia ruofei was very happy and did not hesitate to praise her.

Chapter 3571: Spirit puppet manufacturing project.i

As the clock struck midnight, Xia ruofei finished his Drunken Eight Immortals wine. He stood up and waved at Lin Hu's photo before returning to the guest room that his mother had prepared for him.

After returning to his room, Xia ruofei did not go to bed immediately. Instead, he locked the doors and windows, set up a simple alarm array in the room, and disguised the bed a little. Then, he summoned the spirit map scroll and stuffed it under the blanket.

He was preparing to enter the spirit map space. With such an arrangement, even if Hu Zi's mother or Lin Qiao entered his room, he would be able to detect them immediately and quickly return to his bed.

Of course, it was extremely rare for the two of them to enter the room without permission. Xia ruofei did this as a precaution.

Xia ruofei stood by the bed and entered the medium.

He had arrived at the mountain and sea realm of the spirit map space.

The current mountain sea realm was very different from the past. He had so much free labor. In the past, these people, regardless of whether they were assassins or gangsters, had only one Identity after entering here, and that was to work.

Xia Qing assigned them work every day, and they could get points by completing the tasks. They could also use the points to exchange for some enjoyment of life while eating their fill. If they couldn't complete the task, they wouldn't even be able to eat.

Coupled with the mutual supervision and hierarchical management mechanism, these free workers were quite enthusiastic about work.

Thus, after such a long period of time, the development level of the mountain sea realm was already very high.

In addition to a large Chinese medicine plantation, Xia Qing also opened up a piece of farmland with free labor. In addition, the cultivation of Cordyceps, as well as the breeding and fishing of some seafood, were also arranged in an orderly manner.

Today was the first day off for the free labor of the mountain sea realm.

In the past, they could also use their points to exchange for rest time, but they would rather exchange their points for a can of Coke or a pack of cigarettes than to use them to exchange for rest time. After all, the jobs arranged by Xia Qing were basically within their ability and wouldn't exhaust their physical strength.

It was New Year's Eve today, so Xia ruofei had already informed Xia Qing to let these free laborers rest for two days and not need to work for the next two days.

Therefore, the free labor camp was very lively at the moment.

After Xia ruofei entered the medium, Xia Qing immediately came to him and called out respectfully,""Master!"

Xia ruofei nodded and asked,"have you given them a break?" How's everyone's mood?"

“He must be overjoyed!” Xia Qing smiled and said,”not only did they not have to work for the past two days, but I also followed your instructions and gave them extra meals. 1 also organized a few Chinese people to make dumplings with everyone. There was enough pork and flour! They were cooking dumplings just now!”

“It’s so late and you’re still up?”Xia ruofei nodded.

Although there was no day and night in the spirit map space, Xia ruofei still instructed Xia Qing to arrange their work and rest according to Huaxia’s time. The mobile rooms where these free laborers lived had been modified and installed with opaque curtains. When it was time to rest, the curtains had to be drawn tightly.

This was also to ensure that their biological clocks followed a regular pattern and prevent any problems from happening to their bodies. After all, it was not easy to find free labor like this. Xia ruofei was not the kind of person who had no limits. He would not simply arrest people and bring them in.

Of course, many of the people who had been captured before deserved to die. It was already good enough that they were not killed directly. Xia ruofei had no qualms about capturing them and making them work.

“Usually, they’ll be resting at this time, but since it’s a holiday, I won’t interfere with their work and rest time. They’re resting tomorrow anyway, so they can sleep in.” Xia Qing explained.

“En!” Xia ruofei nodded and said,”just let them relax! It’s easy to break a string if it’s too tight, so it’s better to have a degree of relaxation! You can also consider giving them a day off regularly in the future.”

“Yes, master!” Xia Qing nodded and said.

“Alright, I’m done here. 1 just came in to check on everyone’s situation.” Xia ruofei said,”you should go too!”

Xia Qing was only a spiritual puppet, not a real human being, so he didn’t need to sleep at all. Usually, when the free labor was sleeping, he was still busy.

After all, other than the mountain and sea realm, the Archean realm also needed Xia Qing to take care of them.

“Yes! Master!”

After Xia Qing finished speaking, her figure disappeared in a flash.

Xia ruofei could sense that Xia Qing had gone to the Archean realm, but he didn’t care. Instead, he started to stroll around the mountain sea realm.

Chapter 3573 - 3573: The first day of the new year (1)

Chapter 3573: The first day of the new year (1)

On the first day of the first lunar month, Xia ruofei woke up to the faint sound of firecrackers in the distance. It was only dawn.

Last night, he didn't continue trying to engrave the control core array of the spiritual puppet, because he knew that he couldn't eat hot tofu in a hurry. Even if he wanted to train his carving proficiency, he had to wait until he returned to the Peach Blossom Island. Under the effect of the highest heaven array, the effect would definitely be better.

Xia ruofei put on his clothes and walked out of the room.

Hu Zi's mother had already woken up and was preparing breakfast in the kitchen. Lin Qiao, on the other hand, was still sleeping in her room upstairs. At her age, she was at the age where she slept a lot. Not to mention the sound of firecrackers, she might not even wake up even if the next door was beating gongs and drums.

"Godmother, Happy New Year!" Xia ruofei said with a smile.

"Happy New Year! Happy New Year!" Hu Zi's mother said with a smile.

Then, she dried her hands on her apron and took out a red packet from her pocket. She handed it to Xia ruofei and said,""RUO Fei, take it! This is your New Year's money!"

Naturally, Xia ruofei had long passed the age of receiving New Year's money. In fact, he had not received any New Year's money since he joined the Army. After his grandfather passed away, he had no elders left. Naturally, no one gave him New Year's money.

Although he was in his twenties and should not be receiving New Year's money, Xia ruofei did not reject it. He took it and said with a smile,""Thank you, godmother!"

This was the old man's kind intentions. Xia ruofei knew that he should accept it no matter how much it was, or the old man would be unhappy.

It would be unfilial to make the old man angry on the first day of the first month of the lunar year.

Seeing that Xia ruofei accepted it so readily, Hu Zi's mother was even happier. She smiled and said,""No need to thank me! You don't have to be so formal with us! Qiao' er will also have a share!"

Xia ruofei smiled and nodded.

Hu Zi's mother continued,"ruofei, go wash up first!" Breakfast will be ready soon! 1'11 go wake Qiao' er up!"

"Let her sleep a little longer!" Xia ruofei smiled and said,"I'm free during the holidays anyway."

"It's not a good sign to sleep in on the first day of the new year!" Hu 'er's mother said with a smile as she walked up the stairs.

Xia ruofei smiled and turned to the bathroom to wash up.

Hu Zi's mother had already prepared a whole set of new toiletries for him yesterday.

After Xia ruofei washed up, he saw the sleepy Lin Qiao walking down the stairs listlessly in the cute milk cow flannel pajamas.

"Brother ruofei, Happy New Year!" Lin Qiao saw Xia ruofei and greeted him lazily.

"Happy New Year!" Xia ruofei replied with a smile.

Lin Qiao extended her hand to Xia ruofei. Xia ruofei was slightly stunned and asked,""What's wrong?"

"New Year's money!" Lin Qiao said,"I'm still a child! Don't you want to give me New Year's money?"

A hand reached out and slapped Lin Qiao's hand away. Hu Zi's mother came out from behind her and scolded with a smile,""You little girl, it's not enough that 1 gave you red packet money. How dare you ask for it from your brother ruofei?" "I'm the youngest!" Lin Qiao smiled and said,"isn't it normal for an elder brother to give his younger sister New Year's money?"

Xia ruofei couldn't help but smile. He nodded and said,""Qiao' er is right, you should!"

Hu Zi's mother said,"ruofei, don't spoil her!" You've spoiled this girl!"

"Godmother, it's the new year. We just want to get some good luck. You don't have to be so uptight!" Xia ruofei said with a smile.

Lin Qiao smiled and said,"brother ruofei, what I want is a kind thought. If you take out money at the last minute, 1 won't accept it!" By the way, the red packet mom gave you doesn't count either, you can't take it out!"

Xia ruofei laughed and said,"don't worry!" I've already prepared for this, how could I forget your red packet money?"

Xia ruofei really did not think about the red Pocket money, but how could such a small thing trouble him?

He had stored a lot of cash in the spirit map space, even a lot of US dollars. Although there were no red packets, there was red paper!

Therefore, Xia ruofei used his mind to communicate with Xia Qing in the medium. He asked her to wrap a 1000 – Yuan red packet with a red paper and wrote a few words on

the hand – made red packet with a writing brush in a standard thin gold font: The red packet was exclusive to Lin Qiao.

Of course, all of this was done at the Archean realm.

As time flowed 30 times faster than the outside world at the Archean realm, Xia Qing had plenty of time to prepare the red packet. Xia ruofei could even wait for the ink to dry before taking it out.

While they were talking, half an hour had passed in yuanchu. The cover of the red packet that they had written at the last minute had dried up.

So, after Xia ruofei finished speaking, he reached into his shirt pocket.

Of course, he had actually taken the red packet out from the spirit map space.

Xia ruofei took out a red packet and handed it to Lin Qiao with a smile.”Look, did you prepare this last minute?”

When Lin Qiao saw the unique “red packet” with the handwritten words on it, she would never have thought that Xia ruofei had actually prepared it at the last minute.

Lin Qiao shouted in surprise,”brother ruofei!” Did you really prepare red packet money for me?”

Xia ruofei pouted angrily and said with a smile,””See for yourself! This is Qiao’ er’s exclusive red packet, and I don’t know magic. If I didn’t prepare it in advance, where would 1 get it from?”

Lin Qiao nodded and said,”yes, yes, yes!” 1 knew it, brother ruofei is the best to me!”

Chapter 3574: The first day of the new year (2)

Since it was the first day of the first lunar month, Hu Zi's mother didn't stop Lin Qiao from receiving the red packet. Instead, she said,"Alright, alright! Hurry up and have breakfast! You only know how to pester your brother ruofei all day long!"

"He's my brother!" Lin qiaojiao said angrily.

Xia ruofei laughed and said,"yes, yes, yes!" Qiao' er is so cute, I can't wait for you to pester me all day!"

"Brother ruofei, you haven't thought about visiting me on Heron Island for such a long time ..." Lin Qiao pouted.

"What are you saying, girl? Do you think everyone is as free as you? If your brother Fei is so busy every day, he wouldn't have the time to go to Heron Island to see you!" Hu Zi's mother rebuked.

Xia ruofei smiled."It's my fault. I've been a little busy recently. I haven't been to godmother's place often. 1'11 change in the future!"

"Ruofei, don't listen to Qiao' er's nonsense!" Hu 'Zi's mother quickly said,"I'm in great health now and can take care of myself. Young people should take care of their careers. Just come and visit me when you have time!"

"There's still me!" Lin Qiao said,"brother ruofei, you don't have to go to Heron Island. But if you go to Heron Island or the nearby city for work, you must remember to visit me!"

"Mm! I will!" Xia ruofei nodded and said,"let's go for breakfast!"

"Yes, yes, yes! Breakfast! Eat your breakfast!" Hu Zi's mother said.

The breakfast on the first day of the first lunar month was the first meal of the year. As usual, the people at San Shan had to eat vegetarian food.

This was because, apart from vegetarians, very few people could not eat meat for a long time. The first meal of a year meant that they had been eating vegetables for the whole year. It was also a way to express their piety. This was a custom that had been passed down for many years.

Therefore, there was no meat or fish in today's breakfast.

Since he couldn't use oil, he naturally couldn't eat meat and eggs.

However, Hu Zi's mother's cooking skills were very good. Her vegetarian breakfast was also very delicious, and there was a variety of dishes.

Fried rice cakes, fried tofu, stir – fried bean sprouts, boiled cabbage ... Every dish tasted pretty good.

Xia ruofei was full of praise as he ate. Lin Qiao, who was not a vegetarian, also ate with relish.

After breakfast, Xia ruofei helped to clean up the dishes. Then, he asked,""Godmother, what are your plans for the next few days?"

"I still have a few relatives in Changping. Some of them are even elders. I have to go and pay them a New Year visit, so I might be going back to my hometown to stay for a few days." Hu Zi's mother said.

"Mom, 1 don't want to go to Changping. I don't want to pay New Year's greetings!" Lin Qiao pouted.

Lin Qiao's reaction wasn't because she despised the poor and favored the rich. She was just a little resentful. After Lin Hu's death, Hu Zi's mother was seriously ill. During that period, Lin Qiao could be considered to have experienced the fickleness of the world. In order to treat her mother's illness, she borrowed money from many relatives. However, these relatives who usually visited her often avoided her like snakes and scorpions. No one reached out to help her at all.

In their eyes, Hu Zi's mother could not be saved and Lin Qiao was all alone. She had not even graduated from high school at that time. How could she be able to pay off the debt? Therefore, once the money was lent out, it would most likely be for naught.

Now, Lin Qiao and her mother were Living a Good Life with Xia ruofei's help, but she still couldn't forget what happened in the past.

It was impossible for her to pay her New Year greetings to her relatives.

Hu 'er's mother sighed and said,""Qiao' er, no matter what, they are your elders. It's only right for you to visit them and pay your respects on New Year's Eve, right?"

"I don't have such a heartless elder." Lin Qiao pouted and said,"mom, don't say anymore. 1 don't want to go anywhere. I'll just stay at home." Also, you're not allowed to go! Have you forgotten how they treated you back then?"

"We're from the countryside," Hu Zi's mother said,"everyone isn't very well – off. It's only natural that they didn't want to lend us money. 1 didn't blame them..."

“Qiao’ er...” Xia ruofei said,”there’s a saying that goes,’if you’re rich, you’ll help the world; if you’re poor, you’ll be good for yourself.’ 1 guess your relatives ‘families are not very well – off, so they chose to be good for themselves. This is understandable.”

“I don’t blame them. The money is theirs. It’s up to them to decide whether to lend it or not. 1 don’t want to hold them back with morals.” Lin Qiao said,”however, I’m sorry that I can’t pay them a New Year’s visit. I’m not a saint H

Xia ruofei and Hu Zi’s mother looked at each other and saw the helplessness in each other’s eyes.

In fact, Lin Qiao had always been a sensible girl. It was rare for her to disobey her mother’s order.

Xia ruofei thought for a while and said,”Qiao’ er, since you don’t want to go, then don’t go.”

Then, he said to Hu Zi’s mother,””Godmother, since Qiao’ er has said so, let him stay at home! I’m just on my way to Changping County, so I’ll send you back!”

“Brother ruofei...” Lin Qiao saw that Xia ruofei did not fully support her opinion and even asked Hu Zi’s mother to return to Changping. She was naturally very uncomfortable.

Xia ruofei smiled and said,”Qiao’ er, since godmother has such a heart, you should support her. It’s fine if you don’t want to go, but if godmother wants to go, don’t stop her. Everyone has their own freedom!”

Lin Qiao nodded and said,”okay!” Then 1 don’t care anymore, mom, you can go if you want! 1’11 stay and look after the house!”

Seeing that Lin Qiao had made up her mind, Hu Zi’s mother could only nod helplessly.

Xia ruofei stood up and said,”Godma, let’s go!” You can just take my car!”

Yesterday, Xia ruofei had driven his Knight XV SUV here. The car was parked in the public parking space of the community.

He and Hu’s mother went downstairs and got into the Knight XV SUV.

The car drove in the direction of Changping County.

Actually, Xia ruofei had no intention of going to Changping. However, for the sake of Hu Zi’s mother, he made up an excuse.

Peach blossom company’s farm was in Changping, and the manufacturing plant had also opened a branch in Changping. As the chairman, it was normal for Xia ruofei to go to

Changping to inspect and guide them. That was why Hu Zi's mother did not doubt Xia ruofei's words.

The car drove smoothly on the swirling highway, then turned to the airport Highway. The airport was located on the seaside of Changping County.

Xia ruofei sent Hu 'Zi's mother to the entrance of her family's village.

After the car was parked, Xia ruofei jumped out of the car first. He jogged to the other side of the car and opened the door. He helped Hu Zi's mother out of the car. Knight XV of the radiant church had a very high chassis, and it was not very convenient for an older person to get up and down.

"I don't blame them. The money is theirs. It's up to them to decide whether to lend it or not. 1 don't want to hold them back with morals." Lin Qiao said,"however, I'm sorry, I can't go and pay my New Year's greetings to them. I'm not a saint..." Chapter 3575 - 3575: An impromptu idea (1)

Chapter 3575: An impromptu idea (1)

Taoyuan pharmaceutical factory's products had always been in short supply. After opening a branch factory in Changping County, they could basically meet the domestic demand. However, there were also a large number of people with autism who were waiting for medicine abroad, and the gap in the export had always been huge.

Therefore, even during the new year, the production line of the pharmaceutical factory was still running.

As for Taoyuan farm, they also needed people to keep watch.

Of course, these workers who stuck to their work during the spring Festival were also strictly paid three times their salary according to the regulations by the Paradise company. Everyone was also given a big red packet for the new year.

Therefore, everyone actively stayed to work, and then adjusted to a time after the spring Festival when there was less manpower shortage. The workers of the pharmaceutical factory and the farm had a holiday every year, but they needed to make overall arrangements to ensure that the work ran smoothly.

Xia ruofei first went to visit the farm workers and security guards who stayed behind to keep watch. He also gave them a red packet in his own name.

Of course, he had bought the red packet at the convenience store near the village entrance.

The lucky number at San Shan was 3, so Xia ruofei gave each red packet 300 yuan. Although it was not a lot, it was a big surprise for the employees. The main reason was that the boss came to visit them on the first day of the new year. This was also a form of recognition and respect for their work.

Then, Xia ruofei arrived at the pharmaceutical factory.

Now that the manufacturing factory's branch was connected to Tao Yuan farm, Xia ruofei could reach the manufacturing factory by driving through the farm's internal road.

Xia ruofei's visit this time was a spontaneous one and he did not inform anyone. However, after he had been to the farm, he could not keep it a secret.

The farm and the pharmaceutical factory were under the same company, and they lived next to each other, so they had a lot of interaction. As soon as Xia ruofei left the farm, he received a call from the factory.

Hence, when Xia ruofei drove into the factory from the back, he saw Xue

Jinshan already waiting by the roadside.

Xia ruofei stopped the car, opened the door and got out.

Xue Jinshan hurriedly brought a few core members to welcome them.

"Old Xue, why didn't you go home to rest during the new year?" Xia ruofei asked with a smile.

Xue Jinshan must have been on duty at the factory branch today. Otherwise, even if the farm had informed them in advance, he wouldn't have appeared in time. After all, it would only take three to five minutes at most to drive here.

Xue Jinshan smiled and said,"Happy New Year, general manager Xia!" The branch factory is rushing for a batch of export orders. I'm a little worried, so I came over to keep an eye on it! Besides, everyone is working overtime. As the factory manager, how can I run home for the new year?"

"Your girlfriend has no objections?" Xia ruofei asked with a smile.

Although Xue Jinshan was already the factory director of the pharmaceutical factory, that was because Xia ruofei did not stick to one pattern and demoted his talent. In fact, he had only graduated from his master's degree a few years ago. He was still very young and had not married. He only had a girlfriend.

If it was in other companies, no matter how heaven – defying Xue Jinshan was, it would be impossible for him to reach such a height. At most, he would be a small manager.

Hence, Xue Jinshan had always been grateful for Xia ruofei's help.

Xue Jinshan laughed and said,"President Xia, it's not a problem to coax your girlfriend. It's not easy to find such a satisfying job ..."

“You have the guts to say that in front of your girlfriend?” Xia ruofei scolded jokingly.

“I said that in front of her! And she’s also quite supportive of me being busy with my career at this stage.” Xue Jinshan said with a smile.

“You little brat, you’ve done a lot of good in your past life! You’re so reasonable even when you’re looking for a girlfriend!” Xia ruofei said with a smile.

After exchanging a few pleasantries, Xia ruofei pulled Xue Jinshan to the side and asked,””Kanayama, go and prepare some empty red packets for me.” “President Xia, how much do you want?” Xue Jinshan didn’t think too much and asked directly.

“All the employees working overtime at the branch factory today are counted, including you. Prepare as many red packets as there are people.” Xia ruofei said with a smile.

Xue Jinshan finally understood and quickly said,”President Xia, the company has already paid everyone three times their salary. We have also given red packets to the employees who insisted on working during the new year. You don’t have to give them any more!”

“That’s a separate matter. This is a little token of my appreciation to my employees.” Xia ruofei said,”stop dawdling. Hurry up and count the number of people and prepare red packets!” I’ve already prepared the money, it’s in the trunk!”

Xia ruofei had indeed taken out a box of hundred – Yuan cash from the spirit map space and placed it in the Knight XV’s trunk.

“Alright!” Xue Jinshan replied. 1’11 get someone to prepare it immediately!”

After a while, Xue Jinshan came over with a plastic bag. Inside the plastic bag were stacks of empty red packets.

“President Xia, I’ve brought the red packet!” Xue Jinshan said,”we’ve calculated that there are a total of 342 people in the management and employees of the factory! I’ve prepared 400 red packets, it’s definitely enough!”

“Alright!” Xia ruofei said,”let’s find a place to prepare the red packets. Then, we’ll go to the production workshop to visit everyone.”

“Then let’s go to the reception room!” Xue Jinshan quickly said,”that place has just been renovated.. It hasn’t even been officially put into use yet!”

Chapter 3576: An impromptu idea (2)

With that, Xue Jinshan quickly led the way. A group of people surrounded Xia ruofei as they walked to the reception room in the branch factory.

Xia ruofei was carrying a box in his hand as he followed Xue Jinshan to the reception room.

Xia ruofei opened the locked suitcase, revealing stacks of hundred – Yuan bills.

“Help me pack the red packets! It’s three hundred Yuan per serving!” Xia ruofei poured all the money in the locked suitcase on the coffee table.

“Yes! President Xia!”

Xue Jinshan quickly called for a few of his subordinates to help Xia ruofei pack the red packet.

There was strength in numbers. After about half an hour, the red packets were all prepared.

Xia ruofei simply asked Xue Jinshan to find a small cart, put the red packets in plastic bags, and then put them in the compartment of the cart.

Xue Jinshan quickly found someone to help push the cart and then carried Xia ruofei to the production workshop.

The advanced production line was running at full speed, and the workers were busy working in an orderly manner. Some were monitoring the status of the equipment, some were busy at the feed port, and some were doing sample testing on the produced drugs ...

Xia ruofei and the others changed into sterile clothes and entered the workshop.

Xue Jinshan clapped his hands and shouted,”brothers and sisters! President Xia is here to visit everyone!”

“Everyone, you’ve worked hard!” Xia ruofei said loudly,”everyone, please continue to work at your posts. It’s not easy to stick to your posts on the first day of the first lunar month! Thank you!”

Xia ruofei looked around and continued,””I’ve prepared a red packet for everyone. I hope that everyone will continue to work hard in the new year and create more glory!”

After that, Xia ruofei personally went to each post to give out red packets to everyone.

When the employees received this unexpected surprise, they were naturally excited. Each and every one of them was full of energy and threw themselves into their work.

After leaving the first workshop, Xia ruofei went to the second workshop, then the third workshop...

Very quickly, he had gone around and sent out tens of thousands of red packets.

Of course, Xia ruofei did not care about money.

“President Xia, just stay for lunch in the pharmaceutical factory!” Xue Jinshan said. We’ll just eat our staff’s food, how about that?”

Taoyuan pharmaceutical factory’s products had always been in short supply. After opening a branch factory in Changping County, they could basically meet the domestic demand. Chapter 3577: The state of the world (1)

Xia ruofei hung up the phone and said to Xue Jinshan,""Kanayama, everyone has worked hard during the new year! The staff's meals must be well prepared!"

"Don't worry, President Xia!" Xue Jinshan said,"the company has allocated some money to improve the staff's meals during the spring Festival! We've prepared this for our employees according to the highest standards!"

Xia ruofei nodded and said,"yes!" Then you guys go ahead! I have something to do, so I'll be leaving first!"

"President Xia, I'll send you off!" Xue Jinshan quickly said.

Xue Jinshan didn't call for any other subordinates. He accompanied Xia ruofei to the Knight XV SUV. Xia ruofei started the car and rolled down the window. He stuck his head out and said,""Alright, you can go! I'm leaving!"

"Take care, President Xia!" Xue Jinshan waved his hand.

Xia ruofei drove through the factory and left through the main entrance of the factory.

In a short while, Xia ruofei drove to the village entrance where Hu Zi's mother had alighted in the morning. However, he did not see Hu Zi's mother waiting there.

Xia ruofei took out his phone and wanted to call Hu Zi's mother. However, after thinking for a while, he put his phone away. The village was not that big. He decided to release his spiritual power and explore the surroundings.

Very quickly, Xia ruofei found Hu Zi's mother.

She was not far from the village entrance. She was standing in the yard of a house and talking to a few people.

Xia ruofei stopped the car by the road and jumped out. He walked towards Hu Zi's mother.

After passing through a winding alley, Xia ruofei could see Hu Zi's mother from afar.

Just as Xia ruofei was about to greet Hu Zi's mother, he heard her shout angrily,""Jiang Hua! How could you do that? That's my and Qiao' er's money!"

In front of Hu's mother stood a man in his thirties. He wore a black leather jacket and a thick gold chain around his neck. He held a cigarette in his hand and had a nonchalant expression on his face.

He laughed and said,”aunt, I didn’t say that it wasn’t your money!” I’m short on money, so I’m borrowing it for a while. Don’t tell me you won’t even help me with this little favor!”

Hu ‘Zi’s mother looked resentful and said,””What did you say back then? Help me get the money back and call me immediately! I’ve been waiting for so long and you still haven’t turned it over. Now that I’m here to ask for it, you’re still trying to reject me!”

Hu Zi’s mother then turned to an old man in his sixties and said,”Third uncle! You’re the party secretary, so what do you think we should do about this?”

The old man took a puff of his tobacco and said with a sad face,””Cuihua, I called you about this. You agreed to let Jiang Hua sign on your behalf. There’s no use looking for me now...”

“I’m only saying that he’ll sign on your behalf. You can transfer the money to me directly!” Hu Zi’s mother asked,”why did you even give him the money?”

“This ...” The old man was at a loss for words. He sighed and said,”cuihua, this is between you and your aunt. Jiang Hua has always been the one planting your family’s land. This time, you agreed to let him sign the papers for you. If Jiang Hua wants to help you collect the money, I... 1 can’t say anything!” Cuihua, it’s useless for you to come to me for this. You should talk to Jiang Hua!”

Xia ruofei furrowed his brows and walked forward quickly.””Godmother, what’s going on?”

When Hu Zi’s mother saw Xia ruofei, she quickly said,””RUO Fei, you’re here!

It’s nothing... Let’s go back!”

Then, Hu Zi’s mother pulled Xia ruofei away.

Xia ruofei stood still and looked at the man in the black leather suit named Jiang Hua.””Godmother, if there’s anything, it’s better to be clear. Why did I hear you talking about money just now? what money is it?”

When Hu Zi’s mother was about to leave, Jiang Hua’s eyes were filled with pride. However, Xia ruofei was not going to let this go so easily. This made Jiang Hua angry. His eyes were filled with ferocity as he asked,””Who the hell are you? Is it your turn to speak in Jiangying village as an outsider?”

The village where Hu Zi’s mother’s family was located was called Jiangying village. Most of the people in the village had the surname Jiang. Hu Zi’s mother’s name was Jiang Cuihua, and she was also a member of the Jiang family in the village.

Xia ruofei frowned and said,""I'm Lin Hu's comrade! Godmother's matters are my matters, why can't I interfere?"

Then, Xia ruofei ignored the hooligan – like Jiang Hua and turned to Jiang Cuihua,""Godmother, tell me, what's going on?"

At this moment, the old man that Jiang Cuihua addressed as third uncle cleared his throat and said,""Young man, this is cuihua's family matter. It's best if you don't interfere as an outsider..."

Xia ruofei saw that the old man and Jiang Hua were calling him an outsider. He couldn't help but laugh.

"I'm an outsider. Can't 1 interfere in godmother's matters?" Xia ruofei said sarcastically,"then what have you family members done? Are you joining hands to bully a single mother and daughter?"

"Young man, you can't say such things! You don't even understand the situation clearly!" Third uncle said calmly,"cuihua is also responsible for this, don't blame me!"

Xia ruofei no longer paid attention to this old man who was obviously biased.. He looked at Jiang Cuihua and said,""Godmother, tell me, what's going on? If you don't make it clear today, I'm not leaving!"

Chapter 3578: The state of the world (2)

Jiang Cuihua took a deep breath and said,""Ruofei, why don't you just stay out of this?"

“I’m definitely in charge!” Xia ruofei said firmly,”go ahead! What was going on? Don’t worry, with me around, no one can bully you!”

Jiang Hua sneered at Xia ruofei’s words. Xia ruofei turned around and glared at him coldly. He suddenly felt as if a basin of cold water had been poured on him. He shivered.

Xia ruofei’s expression was very calm. It could be said that he did not look fierce at all. However, with just a simple glance, Jiang Hua felt as if he was being stared at by a ferocious beast. He did not even dare to move his fingers.

Hu Zi’s mother, Jiang Cuihua, sighed to herself. She knew Xia ruofei’s temper. If she did not say anything, Xia ruofei would probably stay here and not leave. By then, it would be even uglier.

So, Jiang Cuihua thought for a moment and said,””Ruofei, it’s actually nothing much. Wasn’t there a land transfer in the village some time ago? The first sum of one – time compensation was sent the day before yesterday...”

Xia ruofei hung up the phone and said to Xue Jinshan,””Kanayama, everyone has worked hard during the new year! The staff’s meals must be well prepared!”

“Don’t worry, President Xia!” Xue Jinshan said,”the company has allocated some money to improve the staff’s meals during the spring Festival! We’ve prepared this for our employees according to the highest standards!”

Xia ruofei nodded and said,”yes!” Then you guys go ahead! I have something to do, so I’ll be leaving first!”

“President Xia, I’ll send you off!” Xue Jinshan quickly said.

Xue Jinshan didn’t call for any other subordinates. He accompanied Xia ruofei to the Knight XV SUV. Xia ruofei started the car and rolled down the window. He stuck his head out and said,””Alright, you can go! I’m leaving!”

“Take care, President Xia!” Xue Jinshan waved his hand.

Xia ruofei drove through the factory and left through the main entrance of the factory.

In a short while, Xia ruofei drove to the village entrance where Hu Zi’s mother had alighted in the morning. However, he did not see Hu Zi’s mother waiting there.

Xia ruofei took out his phone and wanted to call Hu Zi’s mother. However, after thinking for a while, he put his phone away. The village was not that big. He decided to release his spiritual power and explore the surroundings.

Very quickly, Xia ruofei found Hu Zi’s mother.

She was not far from the village entrance. She was standing in the yard of a house and talking to a few people.

Xia ruofei stopped the car by the road and jumped out. He walked towards Hu Zi's mother.

After passing through a winding alley, Xia ruofei could see Hu Zi's mother from afar.

Just as Xia ruofei was about to greet Hu Zi's mother, he heard her shout angrily,""Jiang Hua! How could you do that? That's my and Qiao' er's money!"

In front of Hu's mother stood a man in his thirties. He wore a black leather jacket and a thick gold chain around his neck. He held a cigarette in his hand and had a nonchalant expression on his face.

He laughed and said,"aunt, I didn't say that it wasn't your money!" I'm short on money, so I'm borrowing it for a while. Don't tell me you won't even help me with this little favor!"

Hu 'Zi's mother looked resentful and said,""What did you say back then? Help me get the money back and call me immediately! I've been waiting for so long and you still haven't transferred it over. Now that I'm here to ask for it, you're still trying to reject me!"

Hu Zi's mother then turned to an old man in his sixties and said,"Third uncle! You're the party secretary, so what do you think we should do about this?"

The old man took a puff of his tobacco and said with a sad face,""Cuihua, I called you about this. You agreed to let Jiang Hua sign on your behalf. There's no use looking for me now..."

"I'm only saying that he'll sign on your behalf. You can transfer the money to me directly!" Hu Zi's mother asked,"why did you even give him the money?"

"This ..." The old man was at a loss for words. He sighed and said,"cuihua, this is between you and your aunt. Jiang Hua has always been the one planting your family's land. This time, you agreed to let him sign the papers for you. If Jiang Hua wants to help you collect the money, I... I can't say anything!" Cuihua, it's useless for you to come to me for this. You should talk to Jiang Hua!"

Xia ruofei furrowed his brows and walked forward quickly.""Godmother, what's going on?"

When Hu Zi's mother saw Xia ruofei, she quickly said,""RUO Fei, you're here!

It's nothing... Let's go back!"

Then, Hu Zi's mother pulled Xia ruofei away.

Xia ruofei stood still and looked at the man in the black leather suit named Jiang Hua.""Godmother, if there's anything, it's better to be clear. Why did I hear you talking about money just now? what money is it?"

When Hu Zi's mother was about to leave, Jiang Hua's eyes were filled with pride. However, Xia ruofei was not going to let it go so easily. This made Jiang Hua angry. Chapter 3579: A nest of snakes and rats (1)

Jiang Dashan didn't say anything, but Jiang Hua couldn't help but laugh and said,""We've already gotten the money, so stop the land circulation? Who Do You Think You Are?"

“Has the peach blossom company signed an official contract with the village?” Xia ruofei asked indifferently.

Without waiting for Jiang Dashan and Jiang Hua to speak, Xia ruofei immediately continued,””As far as I know, in order to show their sincerity in the cooperation, the Paradise Corporation paid the land transfer fee in advance. In fact, the official contract has not been signed yet, am I right?”

Xue Jinshan had reported this to him when Xia ruofei was inspecting the pharmaceutical factory in the morning, so of course, he knew about it.

Xia ruofei looked at Jiang Dashan and said,””Old Secretary, if the Paradise Corporation wants to terminate the cooperation, it’s just a matter of one word. As for the money we’ve given out, we’ll naturally have to take it back.”

Jiang Dashan smoked his pipe and didn’t say anything. Jiang Hua sneered,””Who Do You Think You Are? Do you think you can terminate the cooperation just because you want to?”

Xia ruofei said indifferently,”Oh, I forgot to introduce myself. My name is Xia ruofei. I’m the chairman of the peach blossom company. The Peach Blossom Farm and the peach blossom pharmaceutical factory in Changping are all my properties.” Do you think... 1 can terminate the cooperation?”

Hearing Xia ruofei’s words, Jiang Dashan could no longer maintain his composure. His expression changed.

Jiang Hua’s mouth was also wide open as he looked at Jiang Cuihua in disbelief. He couldn’t understand why Jiang Cuihua had never mentioned that her godson was so capable and rich. Since the peach blossom company was Xia ruofei’s, why would Jiang Cuihua, as his godmother, hold onto him for the sake of 9000 Yuan?

Jiang Dashan cleared his throat and said,””Oh, it’s President Xia. This ... There’s a misunderstanding...”

“1 don’t care if it’s a misunderstanding or not. 1 just want to know, first, my godmother didn’t sign it, and second, she didn’t give the authorization, so how did the land circulation fee go to someone else?” Xia ruofei asked coldly,”if there isn’t a clear explanation for this, I think it’s not as simple as just terminating the land transfer. Changping County’s TW station and ZF station have always been very supportive of paradise Corporation. 1 think they’ll be happy to help us investigate this matter. After all, we’re a big taxpayer and a star company. The land transfer this time is so important. It’s important to find out the ins and outs.”

“It was a mistake in our work.” Jiang Dashan felt a chill run down his spine.”Director Xia, 1 will investigate it thoroughly. Please give us a chance and don’t alert the higher – ups.”

Jiang Hua finally came back to his senses. He shouted,”Third Grandpa, what are you afraid of? He said he was Xia ruofei and you believed him? Maybe he was just pulling a Tiger’s skin and pulling a big flag? Besides ... Even if he was Xia ruofei, so what? Did paradise Corporation want to terminate the cooperation just because they wanted to? We’ve already agreed on this! How could he take back the money he had given? There was no such logic! I’ve already spent all my money anyway! Even if they end the cooperation, I can’t pay them back! 1 don’t have money, but I’m dead!”

Xia ruofei sneered and said,””A scoundrel?”

“I’m just being shameless, what are you going to do?” Jiang Hua also went all out, his face was full of indifference.

Xia ruofei said indifferently,”the peach blossom company has dozens of law enforcers. They’re usually too free. It’s not a bad idea to give them something to do.” It was nothing more than a lawsuit and wrangling! We have time and patience. It doesn’t matter if you don’t have the money. The court will enforce it. Your house, car, cash, jewelry... I hope you can transfer them all without leaving any evidence!”

“You...”

“Oh right, even if you’re really a penniless pauper, do you think we can’t do anything to you?” Xia ruofei stared at Jiang Hua and said,”it’s only right and proper to pay back what you owe. Don’t think that the Paradise Corporation only knows how to reason with you. We don’t have any other means. You don’t think that a multi – billion dollar company can’t deal with a hooligan like you, do you?”

“Ah Hua! Don’t say anymore!” Jiang Dashan shouted with a dark face.

Then, Jiang Dashan said to Xia ruofei,””President Xia, I’m really sorry. Cui Hua is also our relative, we don’t mean to deliberately target her. This is a mistake in our work. Jiang Hua really can’t take out any more money. Our village will pay for this first and give it to cuihua. In the future, Jiang Hua will return the money to the village!”

“I don’t have money...” Jiang Hua muttered.

“You shut up!” Jiang Dashan scolded angrily.

Xia ruofei revealed a playful smile and said,””This little hooligan really can’t take out a single cent?”

“Isn’t this just a coincidence?” Jiang Dashan smiled apologetically.”Ah Hua invested the money. It’s not easy to get it back.”

Xia ruofei walked up to Jiang Hua and stared into his eyes. He asked calmly,""Where did the money you took under false pretense go? Is there really not a single cent left at home?"

To others, Xia ruofei's question did not sound special. But to Jiang Hua, it was as if his voice had a magical power that made him lose himself in it.

Xia ruofei's spiritual power had already reached the spiritualization realm. Hypnotizing an ordinary person who had no foundation in cultivation was a piece of cake. It was as easy as blowing off dust..

Chapter 3581 - 3581: Dealing with it as fast as possible (1)

Chapter 3581: Dealing with it as fast as possible (1)

When Xue Jinshan heard this, he broke out in cold sweat.

Although Xia ruofei had voluntarily withdrawn from the daily management of the company, he was like a totem to the Paradise Corporation. His influence in the company would not weaken even a little because he had withdrawn from the daily management of the company.

After all, Xia ruofei still retained his position as the chairman of the company.

Moreover, even if Xia ruofei did not hold any position, he was still the major shareholder of the company. His words were still the most important person in paradise Corporation.

Xue Jinshan was a little terrified and quickly said,”President Xia, this is all due to my negligence at work! The Chinese medicine plantation project is too rushed, we’ll rectify it immediately!”

Xia ruofei nodded and said,”yes!” He had to handle it well! A small number of village cadres here directly embezzled half of the land circulation fund. This is the real money we paid in advance! There’s a reason why 1 want you to call the police.”

“Yes, yes, yes!” Xue Jinshan said.

“But...” Xia ruofei thought for a while and said,”don’t kill him with one blow.” Since you have chosen the site around Jiangying village, it must have been fully verified. In addition, the villagers are innocent. So, if there are no other serious problems, there is no need to choose a new site for this land transfer project. As long as we can find the people with the problem, hold them accountable, and recover our losses, the cooperation can still continue.

“Understood!” Xue Jinshan said,”we will definitely follow your instructions strictly!”

After Xia ruofei hung up the phone, he turned to look at his godmother, Jiang Cuihua.

In such a noisy setting, Jiang Cuihua appeared to be all alone.

She didn’t follow the villagers to find trouble with Jiang Dashan. She stood there alone, her eyes full of sorrow.

Speaking of which, Jiang Dashan and Jiang Hua were all relatives of her, but she had become a piece of fat meat in the eyes of others. The kind would be bullied by others. The coldness of this world was really reflected to the extreme in this matter.

Xia ruofei walked over and said softly,””Godmother, let’s go! Don’t worry, Jiang Hua will obediently return your land circulation money very soon.”

“Alright! Let’s go back!” Jiang Cuihua said.

The matters here had nothing to do with her anymore, and she didn’t want to care about these messy things.

The two of them left together, leaving the noisy villagers and Jiang Dashan, who was sweating profusely.

Jiang Cuihua did not ask Xia ruofei why he let Jiang Hua go so easily. She knew that Xia ruofei must have had his reasons for doing so. She also believed that since Xia ruofei said that Jiang Hua would obediently return the money, he would definitely do so. There would not be any changes.

Xia ruofei drove the Knight XV off – Road vehicle and left Jiangying village with his godmother, Jiang Cuihua. They headed straight for the city.

On the way, Xia ruofei met a black Magotan car from Taoyuan pharmaceutical factory. It was Xue Jinshan’s car. Not far behind Xue Jinshan’s car, there was a police car with flashing lights. They must be the police from the town police station since they could arrive so quickly.

However, Xia ruofei did not stop the car. He did not even say goodbye to Xue Jinshan through the window. He just passed by and continued to drive into the city.

Xia ruofei was definitely not satisfied with Xue Jinshan's work.

In order to show the company's sincerity, it wasn't a problem to pay for the land transfer fee. But the problem was that before the official contract was signed, the Tao Yuan pharmaceutical factory didn't manage the funds effectively. This was a major mistake in their work.

However, since Xue Jinshan had been following him since the beginning of Taoyuan pharmaceutical factory, Xia ruofei did not blame him. To put it bluntly, he wanted to see how he would handle the following matters. If he could make up for the lost sheep and minimize the losses, he would be able to pick out those low – Level leeches. Then, Xia ruofei would not be too harsh on Xue Jinshan.

However, if it was not handled well, or if it was just a perfunctory act to deceive people, then Xia ruofei would not show mercy just because Xue Jinshan was his direct descendant.

After Xia ruofei sent Jiang Cuihua home, he didn't stay for long. He sat for a while and comforted his godmother before he got up and left.

Lin Qiao had gone out with her classmates early in the morning. Jiang Cuihua could have some time to herself. Today's incident had a huge impact on her.

Xia ruofei drove back to the jiangbin villa district.

Song Wei and Ling Qingxue were spending New Year's with their families. These few days were either family gatherings or visiting relatives and friends. They would definitely be busy for a few days. It was not convenient for Xia ruofei to join in the fun, so he hid at home alone and used his free time to reply to WeChat and text messages. He had received a lot of well – wishes and New Year greetings during the new year and needed to deal with them all at once.

Xia ruofei spent the rest of the time cultivating.

Although the efficiency of cultivation here was not as high as on the Peach Blossom Island, at least he could maintain his condition. After all, cultivation was like rowing a boat against the current. If he did not cultivate for a long time, his cultivation level would definitely decline slowly.

It was the new year, and it would definitely feel a little lonely to be alone in an empty villa.

However, after so many years, Xia ruofei had gotten used to this kind of loneliness. He even felt at ease.

Soon, two days had passed. Xia ruofei stayed alone in the jiangbin villa community. Whenever he thought of it, he would make a good meal for himself. The rest of the time,

he was either cultivating or sitting on the balcony reading or daydreaming. It was quite a pleasant time..

Chapter 3582: Quick handling (2)

On the morning of the fourth day of the Lunar New Year, Xia ruofei was playing games on the big TV in the living room on the first floor. His phone on the coffee table rang.

Xia ruofei paused the game and took a look at his phone. It was a call from Xue Jinshan.

Xia ruofei knew that it had been two days. The investigation in Jiangying village should be almost done. Xue Jinshan should have called to report to him.

So, he swiped his phone and answered the call.

“Kanayama, what’s the matter?” Xia Xia ruofei asked indifferently.

“President Xia, regarding the matter of Jiangying village, there are preliminary investigation results. 1 just wanted to report to you today.” Xue Jinshan said respectfully,”! wonder if it’s convenient for you now?”

“You say it!” Xia ruofei said.

“Alright!” Xue Jinshan quickly said,”President Xia, according to the police’s investigation, there is indeed a problem with Jiangying village misappropriating the land circulation fund that we have paid in advance. There are two main people involved in the case. The mastermind is the village Secretary, Jiang Dahua. The other accomplice, Jiang Xiaofeng, was also dragged into the water by Jiang Dahua to help him retain the funds.”

As Xue Jinshan said this, he felt a little guilty,”President Xia, it’s all my negligence that caused this to happen. I request the company to punish me!” “Now isn’t the time to pursue responsibility.” Xia ruofei said calmly,”since you’ve investigated it, how did you handle the situation at Changping District?” “The attitude of the county leaders is very clear. They want to investigate to the end and will not tolerate it!” Xue Jinshan said,”so, after the basic investigation of the case is clear, the county has issued preliminary opinions on the case. First, naturally, Jiang Dahua and Jiang Xiaofeng will be relieved of all duties. Any crimes involved will be quickly sent to the judicial authorities to deal with. Now that Jiang Dahua and Jiang Xiaofeng had been detained, the investigators of the county Procuratorate had also been involved. The evidence collection work was being

carried out in an orderly manner. After a thorough investigation and solid evidence, they would be prosecuted! After all, the amount involved in this case is large, and our company's Legal Affairs believe that the mastermind, Jiang Dahua, should be sentenced to no less than ten years in prison, so he deserved it!"

"Mm! This kind of person deserves to die. A few years in prison is already letting him off easy!" Xia ruofei said.

"Yes, yes, yes! A parasite like Jiang Dahua should be arrested and interrogated properly. 1 think he must have more than one problem!" Xue Jinshan said,"when the time comes, he will be punished for several crimes. Perhaps his sentence will be even higher!"

Xia ruofei said,"let's not talk about him for now. Let's talk about the Chinese medicine plantation project!" Have you recovered the land circulation fees that were used? Is the follow – up work affected?"

"President Xia, although Jiang Dahua transferred the money to his relatives who lent money to the public, he didn't have time to lend out much of the money. With the timely intervention of the public security Agency, most of the money was recovered." Xue Jinshan replied,"there are about 500000 Yuan. We can't get it back for the time being. "However, Jiang Dahua and his relative who lent us the money all have some assets. They also bought houses in San Shan city, so when the court makes the decision, we can still apply for enforcement. We won't suffer any losses."

Xia ruofei nodded and said,"that's good." However, 500,000 Yuan was still a gap! How are you going to deal with this?"

"President Xia, my opinion is ... We will put in another 500000 Yuan and give the full amount of the land transfer fund to the villagers first." Xue Jinshan said,"as for the gap of 500000 Yuan, we'll just wait for the court's decision and then get the money back to make up for it."

Xia ruofei thought for a while and said,"sure!" It wasn't much money, so it wasn't a big problem. However, this time, we must ensure that the funds are distributed to the villagers in full. We can't allow anyone to fill their own pockets!"

"Understood!" Xue Jinshan quickly said,"we have already sent a specialized financial staff to Jiangying village. On one hand, it is to supervise this sum of money. On the other hand, it is also to make some preparations for the villagers to participate in this project in the future. When the time comes, the exchange of funds will be more frequent. With a professional to oversee it, we can be more at ease!"

After saying this, Xue Jinshan immediately added,"By the way, we also asked the county to strictly follow the procedures and select upright and prestigious cadres to serve as the village party secretary. It must be ensured that similar problems will not occur again, otherwise, we are likely to withdraw our funds!" "Well done!" Xia ruofei said

indifferently,”Jinshan, you have to learn your lesson in the future. You have to prioritize your work. However, no matter how urgent the work is, you can’t mess up the order. You must not miss out on the necessary procedures!”

“Understood!” Xue Jinshan said,”director Xia, I will definitely learn my lesson and report the entire incident to the company. 1 will ask for punishment!”

“The attitude of the county leaders is very clear. Chapter 3583: Retribution (1)

If it hadn’t happened to him, Jiang Hua would never have thought that he would experience such a nightmare after he left that day.

As long as he fell asleep, he would have endless nightmares.

The content of the dream was very simple. He was trapped in a dark room with no door, and there was only a dim yellow oil lamp. Then, two people with blood flowing from the corners of their mouths and pale faces stood in front of him, with a chilling smile on their lips. The two dead faces were just a few centimeters away from his face. No matter how he hid, the distance between the two faces would not change. Even if he closed his eyes, he could still feel the cold and close.

Moreover, he knew both of them. One of them was Jiang Cuihua’s husband, her Uncle Lin Shengming. The other was his cousin, Lin Hu.

Jiang Hua had scammed Jiang Cuihua’s money and was already feeling guilty. Now, seeing Jiang Cuihua’s two dead family members staring at him at such a close distance, how terrifying was that feeling?

Both Lin Shengming and Lin Hu did not say a word to Jiang Hua, but that made Jiang Hua even more afraid.

Moreover, once he fell asleep, he would not wake up easily.

He was screaming and shouting in his dream, and in reality, he was also lying in bed and screaming as if he had seen a ghost. In fact, he had seen a ghost. And no matter how his family pushed him, he couldn't wake up. Every time, he had to struggle for an hour or two before he woke up, sweating profusely.

His neighbors couldn't stand the disturbance and even advised his family to take him to the mental hospital for a check – up.

Some people said that Jiang Hua was possessed by an evil spirit, and it was best to find a skilled Taoist to exorcise it, otherwise, he might lose his life.

Only Jiang Hua himself knew that this was all the work of the seemingly weak Chairman of the peach blossom company, Xia ruofei.

It was already very strange that he had said what was on his mind in public the other day. When he left, Xia ruofei's words were still ringing in his ears. Now that he thought about it, Xia ruofei was so confident that he was not afraid that he would not return the money. Didn't that explain the problem?

In fact, this was all Xia ruofei's doing.

It was too easy to deal with an ordinary person like Jiang Hua.

As long as Xia ruofei wanted to, he could even create an extremely realistic illusion. Even if Jiang Hua was awake, he would be trapped in the illusion all the time and would not be able to escape.

That would be much more painful than his current state.

Xia ruofei had never met Lin Hu's father, Lin Shengming, and he did not need to know what Lin Shengming looked like. He only needed to plant the seed of fear in Jiang Hua's weak consciousness, and Jiang Hua would naturally have the scariest nightmare. Jiang Hua knew Lin Shengming, so the image of Lin Shengming in his dream was actually an image that he had created himself. It was also the image that he feared the most in the depths of his heart. What Xia ruofei did was just to materialize this fear.

Jiang Hua had been holding on for two days, but he couldn't hold on any longer.

Early this morning, he went to the ATM to withdraw 10000 Yuan and then stumbled to the Taoyuan pharmaceutical factory's factory. Xia ruofei had told him to look for Xue Jinshan before he left that day. He didn't take it seriously at that time, but he didn't expect his face to be slapped so quickly.

Jiang Hua tried his best to control his sleepiness. He pinched his own thigh from time to time and even slapped his own face, afraid that he would accidentally fall asleep.

He was so tired, but he didn't dare to sleep. This feeling was too painful.

It was precisely because of this that the waiting process seemed to be even more torturous and long.

After a long time, the door of the reception room finally opened. Jiang Hua saw Xue Jinshan walking in and quickly went up to him. He said in a trembling voice,"Factory manager Xue, what... What did President Xia say?"

Xue Jinshan didn't know the whole story, but Xia ruofei had already given him clear instructions, so he didn't need to know too much.

And from Xia ruofei's words, Xue Jinshan knew that Jiang Hua must have offended Xia ruofei and was in a difficult situation.

Since that was the case, Xue Jinshan naturally did not need to be too polite to Jiang Hua.

"You said you're here to return the money, where's the money?" he asked coldly.

Jiang Hua quickly took out the 10000 Yuan and handed it to Xue Jinshan with both hands.""! owe President Xia's godmother 9000 Yuan. Here's 10000 Yuan. The remaining 1000 yuan can be considered as interest..."

Chapter 3585 - 3585: Eager to return (1)

Chapter 3585: Eager to return (1)

To Jiang Hua, this was unbelievable. But to Xia ruofei, it was just a basic operation.

He had only left a trace of his consciousness in Jiang Hua's sea of consciousness. After Jiang Hua paid the money and admitted his mistake, the trace of consciousness naturally dissipated, and Jiang Hua would no longer have nightmares.

To Xia ruofei, who was in the spiritualization realm, this thought was insignificant. Even if he lost it, it would not affect his spiritual power or spirit body.

To Xia ruofei, this was just a small matter. But to Jiang Hua, it was enough to be remembered for the rest of his life.

Xia ruofei had lunch at Jiang Cuihua's house and then returned to his home in the jiangbin villa district.

In the afternoon, Song Wei and Ling Qingxue made an appointment to visit Xia ruofei's house.

Even though it was the new year before the 15th day of the first lunar month, the two of them naturally could not stay at home for so long. They were also eager to improve their cultivation and return to the peach source Island to cultivate.

Hence, the two of them had made an appointment to spend as much time with their family as possible for the first three days. They would visit some of the elders and friends that they had to visit. Then, they would cancel all other social events and come to Xia ruofei's place together.

Xia ruofei's social circle was even simpler. He did not have any elders in the three mountains. However, he felt that he should pay a visit to song Qiming and Ling Xiao tian. After all, they were his future father – in – Law.

Hence, Xia ruofei, Ling Qingxue, and Song Wei discussed and decided that they would leave for Paradise Island tomorrow, the afternoon of the fifth day of the first lunar month.

Today, he would pay a visit to Ling Xiaotian. The next morning, he would visit song Qiming. He would have lunch at song Qiming's house and leave the three mountains in the afternoon.

The three of them hit it off.

Ling Qingxue was publicly known to be Xia ruofei's girlfriend. Since Xia ruofei was visiting the Ling family, Song Wei could not follow along.

So, Song Wei decided to stay at Xia ruofei's house.

As she watched Xia ruofei and Ling Qingxue leave the house with their gifts and turn towards the Ling residence not far away, Song Wei felt a little sour in her heart. However, she quickly adjusted her state of mind, took out the origin crystals, and sat on the balcony on the second floor to cultivate.

When Ling Xiaotian found out that Xia ruofei was going to visit, he immediately declined the dinner appointment that night and specially waited for Xia ruofei at home. He even personally cooked a table of good dishes for Xia ruofei.

The father and son also exchanged toasts and had a few drinks.

During dinner, Xia ruofei also took the opportunity to suggest that he would take Ling Qingxue out for a while.

Ling Xiaotian had gradually gotten used to Ling Qingxue following Xia ruofei everywhere. The last time, she had disappeared for two months, and he could not even contact her on her phone.

Although Ling Xiaotian did not know what the two of them were busy with, he trusted Xia ruofei and never asked.

It was the same this time. Ling Xiaotian said in a carefree manner that there was no need to worry about his family. He was still in good health, and Ling Qingxue had handed over most of the company's matters, so he could go out in peace.

However, he still expressed his dissatisfaction with Ling Qingxue's disappearance for so long last time. He said that no matter how long she was out this time, she should at least keep in touch with him and call home if there was nothing to do so that he wouldn't worry.

Ling Qingxue's heart was also filled with shame, and she quickly agreed.

After dinner, Xia ruofei chatted with Ling Xiaotian for a while and then got up to leave.

Because she was leaving tomorrow, Ling Qingxue stayed at home tonight and used her limited time to spend more time with her father.

The next morning, Xia ruofei went to visit song Qiming. Ling Qingxue used this as an excuse and did not go with him.

On one hand, she probably wanted to spend more time with Ling Xiaotian. On the other hand, she considered the fact that Song Wei did not accompany Xia ruofei to her house yesterday, so she would not go today. This way, she could more or less find a balance.

Hence, Xia ruofei and Song Wei went to the provincial committee's family courtyard.

Although it was the Chinese New Year holiday, for a leader like song Qiming, there was no concept of holidays.

During the spring Festival, all kinds of work had to be carried out as usual. As the main leader of the city, he had to visit and comfort people, attend Spring Festival activities, and even meet foreign guests. In addition, the leaders also had to be on duty, so he was busier than usual.

Even so, song Qiming still took half a day out to wait for Xia ruofei at home.

Everyone was naturally very happy to see each other and gave each other New Year's blessings.

Song Wei accompanied her mother in the kitchen to prepare lunch while song Qiming brought Xia ruofei to the study.

Xia ruofei checked on song Qiming's cultivation as usual and answered some of song Qiming's questions. Then, he said,""Uncle song, I'm going to leave the three mountains with Weiwei this afternoon."

"You guys are going to that Paradise Island?" Song Qiming asked.

Xia ruofei did not deliberately hide the existence of Peach Blossom Island from song Qiming. He even allowed Song Wei to introduce the situation of Peach Blossom Island to song Qiming when they were alone at home. In the future, when song Qiming retired, he could actually go to Peach Blossom Island to cultivate.

Therefore, when Xia ruofei said that he was going to leave the three mountains with Song Wei, song Qiming naturally thought of Paradise Island.

Xia ruofei nodded and said,"yeah!" The cultivation environment of the Paradise Island was quite good! Furthermore, it was protected by a large formation, and the level of safety was extremely high. Wei Wei and Qingxue both need to improve their cultivation as quickly as possible, so I want them to spend as much time on the island as possible.."

"Sure, I'll be at ease if you bring her along!" Song Qiming said with a smile.

"In the future, when uncle retires, you can also come to the Peach Blossom Island to cultivate! The efficiency of cultivation will be much higher there." Xia ruofei said,"Oh right, when you're free, I can take you there to see the environment!"

To Xia ruofei, who was in the spiritualization realm, this thought was insignificant. Even if he lost it, it would not affect his spiritual power or spirit body.

To Xia ruofei, this was just a small matter. But to Jiang Hua, it was enough to be remembered for the rest of his life.

Xia ruofei had lunch at Jiang Cuihua's house and then returned to his home in the jiangbin villa district.

In the afternoon, Song Wei and Ling Qingxue made an appointment to visit Xia ruofei's house.

Even though it was the new year before the 15th day of the first lunar month, the two of them naturally could not stay at home for so long. They were also eager to improve their cultivation and return to the peach source Island to cultivate.

Hence, the two of them had made an appointment to spend as much time with their family as possible for the first three days. They would visit some of the elders and friends that they had to visit. Then, they would cancel all other social events and come to Xia ruofei's place together.

Xia ruofei's social circle was even simpler. He did not have any elders in the three mountains. However, he felt that he should pay a visit to song Qiming and Ling Xiaotian. After all, they were his future father-in-Law.

Hence, Xia ruofei, Ling Qingxue, and Song Wei discussed and decided that they would leave for Paradise Island tomorrow, the afternoon of the fifth day of the first lunar month.

Today, he would pay a visit to Ling Xiaotian. The next morning, he would visit song Qiming. He would have lunch at song Qiming's house and leave the three mountains in the afternoon.

The three of them hit it off.

Ling Qingxue was publicly known to be Xia ruofei's girlfriend. Since Xia ruofei was visiting the Ling family, Song Wei could not follow along.

So, Song Wei decided to stay at Xia ruofei's house.

Chapter 3587: Returning to peach source Island (1)

It was getting late and since he had confirmed that song Qiming would be coming, Xia ruofei decided to cook a few dishes and prepare a simple dinner.

When Song Wei's car arrived at the jiangbin villa district, Xia ruofei had just finished preparing dinner.

Song Qiming was very low – Key this time. Fie did not use his own car and sat in the back seat of Song Wei's car.

"Uncle song! Welcome!" Xia ruofei smiled and went up to him.

The villas in this area were all very far apart from each other, and there were green plants between each villa, so there was no doubt that they were very private. Therefore, song Qiming did not need to hide anymore. After he got out of the car, he looked around and said with a smile,"Ruofei, your house is so luxurious! It seems that it's good to be rich!"

Xia ruofei chuckled."Uncle song, don't forget that you're also a cultivator. Materialistic enjoyment is not what cultivators pursue."

"That's not the same. Even if you're training, you'll be happier if you train in a better environment!" Song Qiming laughed heartily.

"That's true. Flowever, the environment that cultivators value is mainly the concentration of spiritual energy." Xia ruofei smiled and said,"for example, the Paradise Island that we're going to later. Even if it's a deserted island with only one thatched cottage, the cultivators would be happy to go there!"

When Xia ruofei mentioned the Peach Blossom Island, song Qiming's interest was piqued. He said, "I'm looking forward to it! RUO Fei, when are we leaving? I don't have much time. I'll be back by the morning of the day after tomorrow at the latest. This is already my limit."

Xia ruofei laughed and said,"uncle song, there's no hurry." It's almost mealtime, we can't just go on an empty stomach, can we? I've already prepared some dinner, let's eat after that!"

“Good! Then let’s eat!” Song Qiming said as he waved his hand.

When Xia ruofei and his group entered the villa, Ling Qingxue had already brought out the dishes that Xia ruofei had prepared and placed them on the dining table.

When she saw song Qiming, she smiled and greeted him.””Uncle song, how are you?”

“Nice to meet you, Qingxue!” Song Qiming looked at the fragrant dishes on the table and could not help but ask,”did you make all this? As expected from a family of chefs, your cooking skills are really not bad!”

Ling Qingxue couldn’t help but blush and said,””Uncle song, you’ve misunderstood. This was all RUO Fei’s doing. Although my family runs a restaurant, I’ve almost never been in the kitchen since I was young. My father’s skills are passed down to men and not women, and he has taught them to my senior brothers!”

Ling Xiaotian doted on his daughter, Ling Qingxue, so he naturally wouldn’t have any prejudice against her. He also wouldn’t treasure her and refuse to teach her how to cook. In reality, Ling Qingxue wasn’t interested in cooking at all, and she didn’t have much talent either. Ling Xiaotian also didn’t want his daughter to suffer, so since Ling Qingxue didn’t want to learn, he might as well not teach her.

In any case, those disciples of his had basically received his true teachings, and their skills could be considered not lost in his hands.

“Dad!” Song Wei chuckled. Didn’t I say that it’s not good to have first – mover advantage? Qingxue doesn’t know how to cook at all. Her cooking skills are comparable to mine!”

Song Qiming was a little embarrassed. He smiled and said,””I was too subjective then...”

Xia ruofei came out and said,”come on!” Everyone, let’s sit down and eat! 1 didn’t prepare much today, so 1 just made a few dishes to fill our stomachs. Then we’ll set off!”

“Ruofei, you’re too humble!” Song Qiming smiled and pointed at the table.”These dishes look appetizing. Your cooking skills are definitely very good! No wonder I mistakenly thought that it was the Ling family’s cooking!”

Everyone sat down and Xia ruofei took the initiative to serve them. He filled a bowl of rice for everyone and poured a glass of fruit juice for everyone from the refrigerator.

As they were about to leave, Xia ruofei did not prepare any wine.

Without drinking, he naturally ate much faster.

After a while, everyone was full.

Song Wei stood up and helped Ling Qingxue clear the dishes. Xia ruofei brought song Qiming around the villa.

After everything was packed, Xia ruofei said,""Good! Then let's go!"

After that, Xia ruofei brought the three of them to the balcony on the top floor of the villa.

Song Qiming was excited. At the same time, he was curious about Xia ruofei's flying Dharma Treasure.

Even though he had heard Song Wei mention the black Phoenix flying ship, he would still find it hard to believe if he had not seen it with his own eyes.

Xia ruofei took out the black Phoenix flying ship.

The tiny black Phoenix flying ship was in his palm. He used his mind to communicate with the ship's control core and activated the concealment array. Then, he waved his hand and threw the ship out.

The black – Phoenix flying ship grew in size as the wind blew, and in the blink of an eye, it had become a massive flying ship that was completely black in color. It hovered at a height that was almost parallel to the rooftop.

It was song Qiming's first time to see an airboat. He was also startled.

This was simply black technology! It could actually change its size at will, and it completely ignored the effect of gravity, directly floating here.

If the Army was equipped with such a flying boat, wouldn't it be possible for divine troops to descend from the sky at any time?

Xia ruofei did not know what song Qiming was thinking.. He smiled and said,""Alright, let's board the boat!"

With that, Xia ruofei took the lead and lightly jumped out, landing steadily on the deck of the airboat.

Song Qiming, Ling Qingxue, and Song Wei followed behind him.

Everyone, including song Qiming, had cultivation. The distance between the airboat and the rooftop was only one or two meters. There was almost no height difference, so they could easily jump onto the airboat.

“Uncle song, let’s go!” Xia ruofei said with a smile.

“Alright!” Song Qiming was looking forward to it. He was a little excited.

Chapter 3589: Hard training (1)

Although it was already midnight on the peach source Island, the weather was very good tonight. A full moon hung in the sky, and the bright moonlight shone on the sea, making the waves shimmering beautifully.

There was a thin layer of mist on the surface of the sea near the Paradise Island, as if it was covered by a thin veil. From a distance, the Paradise Island seemed to be shrouded in mist, giving it a kind of Fairy Island charm.

Song Qiming stared ahead without blinking and asked,””RUO Fei, is that the Paradise Island?”

“Yes! How do you feel?” Xia ruofei asked with a smile.

“It’s really like an Island of Immortals!” Song Qiming praised.

As Xia ruofei steered the black Phoenix flying ship closer to the Peach Blossom Island, he chuckled and said,””Uncle song, because of the great formation on the island, the spiritual Qi is locked inside the island. You haven’t felt it clearly yet, but once we enter the island, you’ll know what a real Holy Land for cultivation is.”

“I’m sure you won’t want to come out once you’ve entered the island, dad,”said Song Wei with a smile. At that time, you might even have the idea of resigning and permanently staying on Peach Blossom Island!”

Song Qiming did not know whether to laugh or cry. “You’re exaggerating! However, 1 really don’t have much desire for an official position. I just want to do more for the country and its people while I still have some energy...”

done.me

Xia ruofei could tell that song Qiming was not being high – Profile. He was speaking from the bottom of his heart.

“Uncle song, you’re no longer an ordinary person. With your current cultivation, you’ll still be in good health even when you’re 80 or 90 years old. I guarantee you’ll have endless energy!”

“But the country has a retirement age!” Song Qiming smiled and said,”different ranks correspond to different retirement ages. No matter how healthy I am, I have to retire when I’m of age. At that time, I will be able to cultivate with you without any distractions!”

While everyone was chatting, the black Phoenix flying ship had already arrived at the perimeter of the array formation of the Peach Blossom Island.

Xia ruofei skillfully used his spiritual power to penetrate the array and reach the control core. He opened a hole in the protective barrier and the black Phoenix flying ship nimbly entered.

Very quickly, the protective boundary of the great void clear sky formation was restored, and the black Phoenix flying ship had already passed through the Peach Blossom Island.

The black Phoenix flying ship’s invisibility formation was still in operation, so the ordinary people on the island were completely unable to detect its presence. In fact, it was already midnight. Other than a few people on duty and the night guards, everyone else had already fallen asleep.

From the black Phoenix flying ship, one could clearly see everything on the island through the moonlight.

It just so happened that the black Phoenix flying ship was still flying at a certain altitude. Hence, Xia ruofei and the rest could have a clear view of the island from the deck.

Song Qiming could not help but exclaim,’the spiritual Qi is indeed very rich after entering the island! I feel like my dantian is cheering!”

“This is the first time you’ve come to a place with such rich spirit Qi. This is a normal reaction.” Song Wei said with a smile.

Song Qiming looked at the Paradise Island below the flying boat and mumbled,””An airport, a dock, a power station ... There were also military camps and high – Level defensive caves ... Ruofei, it must have been very difficult to build these basic facilities! This Island is isolated from the sea ...”

Xia ruofei smiled.”Uncle song, you might not know this. This Island used to belong to the Liu family. Most of the basic facilities were built by the Liu family over the years.”

“The Liu family?” Song Qiming’s gaze froze.”The Liu family from the capital?”

“That’s right!” Xia ruofei chuckled and said,”I once treated old master Liu’s illness. At that time, this Island was still called green cloud Island. The Liu family offered to give me the island as a gift for the treatment fee. After I came to investigate, I found out that it was a cultivation treasure land, so 1 agreed to this condition without hesitation.”

“Your luck is really...” Song Qiming could not help but sigh. He then said,”it seems that the Liu family has been planning overseas for many years. They’ve done quite a lot!”

Song Qiming’s eyes were sharp. One look at the facilities on Peach Blossom Island and he knew that the Liu family had built this place as a refugee camp. It was probably one of their family’s trump cards.

However, old master Liu’s life was in danger. In order to get Xia ruofei to save his life, he had to give up this trump card.

“Well, a cunning rabbit has Three Burrows!” Xia ruofei smiled and said,”l think the Liu family has more than one such place. Otherwise, they wouldn’t have given it to me so easily. However, I’m not interested in these things. If I hadn’t discovered that the Paradise Island was a cultivation treasure land, I wouldn’t even want this Island!”

As they spoke, the black Phoenix flying ship had already arrived above the Yanhuang building. Xia ruofei controlled the Flying Ship to descend as he smiled.””We’re here!”

The black Phoenix flying ship quickly hovered above the Yanhuang building’s rooftop.

Li Yifu and Zheng Yongshou also appeared on the rooftop at almost the same time as the black Phoenix flying boat entered the vicinity of peach source Island. They had already noticed it. This time, Xia ruofei deliberately flew slower, so when the two of them arrived at the rooftop, the flying boat was also lowering its altitude.

Although it was already midnight on the peach source Island, the weather was very good tonight. A full moon hung in the sky, and the bright moonlight shone on the sea, making the waves shimmering beautifully..

Chapter 3591 - 3591: High difficulty challenge !

Chapter 3591: High difficulty challenge !

Xia ruofei waved his hand and cut out a piece of Jade as if he was cutting tofu.

Then, he held the Jade in his hand, sat cross – legged on the bed, and closed his eyes slightly. He adjusted his body state while absorbing the spiritual Qi.

He was within the range of the highest heaven formation, so he quickly calmed down and his mind became clear.

As Xia ruofei adjusted his state of mind, he recalled the description of the core part of the soul puppet's control in the <<weapon refining manual>>, especially the details of the carving of the array pattern, as well as the process and gains and losses of the failure of the carving at the three mountains. He went through all these in his mind.

Then, he opened his eyes and gently threw the Jade up.

Under the support of his spiritual power, Fei Cui floated in front of him.

Xia ruofei moved his fingers like a knife and accurately carved the first formation pattern on the Jade.

This array pattern's position, length, and arc had no deviation at all. It was almost perfect.

Xia ruofei's heart did not waver at all. He did not pay any more attention to the array pattern after he had drawn it. In fact, the moment his finger drew it, he already knew whether the array pattern was successfully drawn or not.

Then, Xia ruofei steadily carved the second, third, fourth ...

He maintained a constant rhythm. At first, the difficulty of the formation patterns was relatively low, so he didn't intentionally speed up. As the number of formation patterns increased, the difficulty also began to gradually increase. However, his speed did not slow down, and he always maintained a rhythm that he felt was the most comfortable.

Time passed by.

More and more formation patterns were left on the Jade, and they became more and more complicated.

Ordinary people's eyes couldn't see the array patterns, but if a cultivator used his mental power to observe this Jade, he would see that the dense array patterns inside were spreading in all directions, and an extremely complicated pattern was slowly taking shape.

One thousand, two thousand, three thousand ...

Unknowingly, Xia ruofei had been in this position for a few hours. The number of formation patterns on the Jade had reached more than 4000.

Last time, Xia ruofei was at this stage. Because of the drop in control, one of the array patterns had a slight deviation, causing the entire control core to be scrapped.

Now that the drawing of the array pattern had reached this stage, Xia ruofei still felt that he had the energy to do it.

It had to be said that not only was the highest heaven formation extremely helpful in cultivation, it was also unimaginably helpful in refining artifacts and setting up formations.

In the past few hours, Xia ruofei had been highly focused but he did not feel tired. The last time, after a few hours, his head started to hurt.

Xia ruofei had no other thoughts in his mind. He didn't care about the success or failure of this attempt. His only thought was to concentrate on carving the array runes one by one. Every additional array rune was an improvement for him.

At this moment, the sky outside the window was already starting to turn white. It would be bright soon, but Xia ruofei was still carving the array runes. He had completely entered a state of oblivion.

Unknowingly, the number of formation patterns on that small piece of Jade had already broken through 5000.

For the entire control core, more than 90% of the array patterns had been drawn.

However, the final hundred or so array patterns were also the most difficult.

Previously, it was equivalent to drawing on a piece of white paper, but now, he needed to find the new formation pattern's position among the dense formation patterns and inscribe it without any mistakes. During this process, the existing array patterns would definitely cause interference, and the interference would only get stronger and stronger.

Besides, the final hundred or so array patterns were more complicated than the previous five thousand or so patterns. To Xia ruofei, carving these array patterns in such a narrow space was his biggest challenge.

He was already feeling the pressure, so he appropriately reduced the speed of his drawing. However, he still maintained a relatively constant rhythm.

Although the pace was a little slower, it was still the speed that he felt most comfortable with.

The remaining array patterns slowly decreased from a hundred.

90,80,70...

When there were only 63 array patterns left, Xia ruofei's movements slowed down slightly, and then all the energy was released ...

Xia ruofei waved his hand and cut out a piece of Jade as if he was cutting tofu.

Then, he held the Jade in his hand, sat cross – legged on the bed, and closed his eyes slightly. He adjusted his body state while absorbing the spiritual Qi.

He was within the range of the highest heaven formation, so he quickly calmed down and his mind became clear.

As Xia ruofei adjusted his state of mind, he recalled the description of the core part of the soul puppet's control in the <<weapon refining manual>>, especially the details of the carving of the array pattern, as well as the process and gains and losses of the failure of the carving at the three mountains. He went through all these in his mind.

Then, he opened his eyes and gently threw the Jade up.

Under the support of his spiritual power, Fei Cui floated in front of him.

Xia ruofei moved his fingers like a knife and accurately carved the first formation pattern on the Jade.

This array pattern's position, length, and arc had no deviation at all. It was almost perfect.

Xia ruofei's heart did not waver at all. He did not pay any more attention to the array pattern after he had drawn it. In fact, the moment his finger drew it, he already knew whether the array pattern was successfully drawn or not..

Chapter 3593 - 3593: The mysterious state (1)

Chapter 3593: The mysterious state (1)

Before Xia ruofei returned to her room, she had told Li Yifu that he would be in closed – door cultivation for a day and that there was no need to care about his meals. At the same time, Xia ruofei also let Song Wei and Ling Qingxue cultivate by themselves. He had made up his mind to practice carving the control core in his room.

He was still meditating and adjusting his breathing. Only when he felt that he was in the best condition did he start to carve the array patterns on the top grade Jade.

One, two, three ... Formation patterns appeared inside the Jade.

The array runes that Xia ruofei had specially picked out to practice were of a higher level of difficulty. It required a high level of spiritual energy and control from the inscriber. Therefore, he would stop and think for a while after every array pattern was inscribed. He would summarize the areas that he needed to reflect on during the process of inscribing the array pattern. Only after he had thought it through would he continue to try.

The failure rate of inscribing these runes was naturally very high. However, Xia ruofei did not care if he succeeded or not. Even if he failed, he would continue to inscribe on another spot on the Jade.

Just like that, a few hours passed without him knowing.

This piece of Jade was already covered with dense array patterns. The rate of repetition of these array patterns was very high, but they were definitely not exactly the same.

This was because even if it was the same array pattern, there would be slight differences every time it was inscribed. It was impossible for the array patterns to be exactly the same as the ones recorded in “artifact refining Chronicles.” However, as long as the difference was within the range of error, it could be considered a successful inscription.

The same type of array pattern that had been successfully carved would have different effects.

done.me

Xia ruofei kept making adjustments through repeated practice. The runes he drew were getting closer and closer to perfection.

Of course, the success rate was also slowly rising.

Xia ruofei drew every array pattern that he had chosen a few times before he stopped. He took a break and recalled his experience in drawing the array patterns.

At the same time, he was also simulating the situation after these array runes were integrated into the entire control core.

Such thoughts were clearly beneficial to his improvement in the aspect of inscribing array runes.

Xia ruofei felt that his train of thought was getting clearer and clearer. When he was carving the array runes, he would basically do it at any step. Now, he had a relatively clear train of thought.

He could even roughly predict where he would most likely make a mistake if he were to start inscribing the array runes now.

Although there was still no possibility of success, it was a big step forward compared to before.

Xia ruofei rested for a while. While drinking the spiritual pond water, he sat on a Jade futon and meditated. When his spiritual power had recovered, he cut out a piece of Jade of the highest quality and crushed the Jade that he had used for practice into pieces. The array pattern of the spiritual puppet's control core was very high – end, and it also involved the control of the spiritual puppet in the future. Even though the interior of the Paradise Island was very safe, Xia ruofei was still very cautious. Furthermore, if someone else were to study it thoroughly, it was possible that the spiritual puppet he created would be controlled by someone else.

After processing the high – Quality Jade, Xia ruofei held a new piece of Jade in his hand and closed his eyes to adjust his state.

After a long time, he gently threw the Jade and used his spiritual power to control it to float in front of him.

This time, Xia ruofei decided to try to engrave the entire control core array pattern.

Even though he knew that the chances of success were extremely low, he was still confident that he would succeed. However, he also knew that success was accumulated from failure after failure. This was an inevitable stage. He had already gone through the entire process many times in his mind. The only thing he lacked was practice.

He believed that if he failed a few more times, he would definitely have a deeper understanding.

In any case, inscribing array runes only consumed some mental energy. He had many treasures, so his mental energy could be recovered very quickly. Even if he didn't have a treasure to recover his mental power, he could still recover by practicing the great Dao Arts, just that it would take a little longer.

As for the fact that each piece of Jade was worth 100000 to 200000 Yuan, it was nothing to Xia ruofei.

Xia ruofei opened his eyes and drew a line in the air with his finger without hesitation. A near – perfect array pattern appeared inside the Supreme – grade Jade.

That mysterious arc didn't look any different from the first time he drew it, but he knew very well that this array pattern was not only much more accurate than the first one he drew, but it also seemed to be closer to the feeling of being natural.

Under the effect of the allheaven formation, Xia ruofei's heart did not waver at all.

Don't be happy with things, don't be sad with yourself.

Xia ruofei was in such a state. He maintained a steady rhythm and continued to carve the array runes.

He didn't even realize that he had entered a very mysterious state.

At this moment, Xia ruofei had no other thoughts in his mind and could not think too much. The only thing he felt was that his condition was better than every time he carved. Every array pattern that he carved had a more natural aura.

Xia ruofei didn't know that his current state was something that could only be encountered and not sought.

It was similar to the Enlightenment during cultivation, but what he had comprehended was the Dao of array pattern engraving, not the Dao of cultivation..

Chapter 3594 - 3594: The mysterious state (2)

Chapter 3594: The mysterious state (2)

Xia ruofei could not feel the flow of time at all. He was almost relying on his instinct to maintain a very comfortable rhythm. It seemed to be neither fast nor slow but in fact, it was very efficient.

One array pattern after another appeared on the top – grade Jade. Xia ruofei's mind was as calm as a computer. Before he made his move, he could almost predict where he was going to draw the array pattern, which aspects to pay attention to, which details might affect the quality of the array pattern ... A series of information appeared in his mind as if it was taken from a database.

Two thousand, three thousand, four thousand, five thousand ...

Unknowingly, Xia ruofei had already surpassed the progress he had made the night before, but he still did not make any mistakes. Furthermore, the accuracy of these formation patterns was frighteningly high. They were basically in a perfect state without the slightest deviation.

Xia ruofei continued to inscribe array runes and soon entered the last dozens of array runes that were the most difficult.

However, Xia ruofei did not slow down and maintained the same pace.

This was something unimaginable in the past. However, when he tried to inscribe the complete array pattern yesterday, he had unconsciously slowed down. Although the rhythm was always the most comfortable, it was actually getting slower and slower.

But today, it was completely different. It was like a standard computer program. The interval between each array pattern was almost exactly the same. Such terrifying stability, even a nascent Soul Stage cultivator might not be able to achieve it.

The remaining array patterns were getting fewer and fewer.

From sixty, it gradually decreased to thirty, twenty...

Xia ruofei continued to maintain this constant speed and the quality of the runes he drew was surprisingly high. Of course, there were no mistakes at all.

There were still no mistakes in the last ten array patterns.

Xia ruofei was in a state of complete immersion. He didn't even realize that he had completed more than 99% of the runes. According to his previous calculations, he should have started to make mistakes when he was left with about 50 runes.

His current state had completely overturned Xia ruofei's judgment of himself.

Of course, he didn't realize it.

It was also because of this that he could continue to play at a higher level without being affected.

Nine, eight, seven, six...

On top of the top – grade Jade, there was almost no blank space that could be seen with the naked eye. The Jade was covered with dense array patterns both inside and outside.

Xia ruofei was still in this mysterious state.

Finally, with a light wave of his finger, the last array pattern appeared in a nearly perfect quality blank space inside the Supreme – grade Jade that was almost invisible to the naked eye. It happened to be in between two array patterns. The last array pattern followed the gap between the two array patterns and formed a few very mysterious arcs.

If the accuracy of these two adjacent array patterns was not that high, but it could still be considered a success, then when it came to the final array pattern, it was inevitable that there would be flaws.

Hence, the control core's array runes could be said to be interconnected. Even if the steps looked very easy, they had to be perfect. Otherwise, it would be digging a hole for the later work.

When the last formation pattern was formed inside the Supreme – grade Jade, Xia ruofei suddenly woke up from that mysterious state of enlightenment.

He looked at the top – grade Jade in front of him in disbelief, especially the dense and complicated formation patterns inside the Jade, which gave him a great shock.

Did 1 really draw this? Xia ruofei could not believe his eyes.

However, that mysterious state of enlightenment was not hypnotism. Xia ruofei remembered every detail of the entire process of carving the array so he knew that it was not a supernatural phenomenon. He had carved it stroke by stroke.

Xia ruofei was no longer a newbie in cultivation. He knew that he had encountered something that he could only hope for.

In reality, this mysterious state was still unleashing his own potential.

This was not quite the same as a cultivator's enlightenment during cultivation. If a cultivator had enlightenment, his cultivation could suddenly increase by a large margin. His understanding of the heavenly Dao and nature would play a very important role in his future cultivation.

Xia ruofei's state just now was more of a display of his potential. To put it simply, he had overused his energy.

Hence, when he had finished drawing, Xia ruofei felt a strong sense of fatigue.

This was a sign of over – consumption of mental power.

One must know that Xia ruofei's spiritual power had reached the spiritualization realm. However, a few hours had actually exhausted his spiritual power. One could only imagine how much energy it took to carve the array pattern in such a mysterious state.

If it was another intermediate or advanced golden core cultivator, even if they entered this mysterious state like Xia ruofei, they probably wouldn't be able to last until the end. This was because their mental energy would be completely depleted or even exhausted.

At that time, his body's protective mechanism would come into play, and he would naturally be able to exit from that mysterious state.

Xia ruofei held the Jade Kasaya in his hands as if it was a treasure. To be exact, it was the control core of a spiritual puppet.

He knew very well that with his current level, it would be extremely difficult to carve out such a control core.

This control core could very well be his only soul puppet's control core in a short period of time. Naturally, he held it carefully in his hand, afraid that he would accidentally break the Jade. Of course, this was almost impossible for a cultivator. Xia ruofei was also confused because he was too concerned.

Although Xia ruofei still needed a lot of practice before he could slowly and steadily draw the control core of the spiritual puppet, his mysterious state this time had not only allowed him to obtain a near – perfect control core of the spiritual puppet, but he had also gained a lot.

Because Xia ruofei remembered the feeling when he carved every array pattern clearly.

This would be of great help to him in carving the control core of the spiritual puppet later.

Xia ruofei carefully placed the spiritual puppet control core that he had accidentally obtained into the spirit map space.

Originally, he had already prepared a large number of materials to make the spiritual puppet. Moreover, he had also used his spare time to create a few sets of components to make the spiritual puppet. It could be said that he had everything ready except for the crucial thing. Now that he had exceeded his level and successfully created a spiritual puppet's control core, it was equivalent to filling in the last piece of the puzzle.

This meant that he only needed to do some assembly and debugging work, and he would be able to create a real spirit puppet. Although the spiritual intelligence of this spirit puppet was much lower than that of Xia Qing in the spirit map space, the meaning of it being created by him was naturally different.

Next, Xia ruofei began to recover his spiritual power while reminiscing about the mysterious state he was in just now and every stroke of the control core of the spiritual puppet.

As he had consumed too much of his mental power, he directly gulped down a few large bowls of spiritual pond water, then sat cross – legged on the Jade futon to recover his mental power.

When his spiritual power gradually recovered to about eighty percent, he finally opened his eyes and stood up.

He pulled open the curtains and found that it was already dark outside. The night sky was dotted with stars, and the entire Paradise Island seemed extremely quiet.

Xia ruofei used his spiritual power to scan the room and realized that almost no one was sleeping. This included Ling Qingxue, Song Wei, song Qiming, Li Yifu, and even Zheng Yongshou, who were making the best use of every second to train.

As it was already midnight, Xia ruofei did not disturb them. Instead, he set up a protective array in the room and a security array at the door.

After setting up the basic protection, Xia ruofei summoned the spirit map space and stuffed it under his blanket. Then, he entered the spirit map space with a thought..

Chapter 3595 - 3595: Refining the spiritual puppet (1)

Chapter 3595: Refining the spiritual puppet (1)

Xia ruofei directly used his mind to tell Xia Qing that he was busy with his own matters and didn't need to come to see him.

Then, he appeared in the spirit map space at the primal realm.

Xia ruofei's mind moved slightly, and a large amount of materials that had been processed into semi – finished spiritual puppet materials gathered by his side.

Xia ruofei had collected these materials in the name of the Paradise Corporation. Of course, he had mixed in some other materials that he had no use for. There was a wide variety of these materials, and many of them were commonly used in the secular world. Therefore, even if the cultivators had accidentally noticed the purchasing behavior of the Paradise Corporation, they would never have been associated with the refining of the soul puppet.

In fact, the inheritance of the cultivation world had been severely cut off. There might not even be any cultivators who knew about the spiritual puppet, so Xia ruofei was not worried that the secret would be leaked.

Previously, Xia ruofei's cultivation level was still low, so these materials had only been processed.

Now that he had managed to make the most difficult part of the Suan NI's control core by chance, it was possible to refine a spiritual puppet. Therefore, he decided to continue to work on it in one go.

As he had to send song Qiming back to the three mountains the next morning, Xia ruofei chose to stay in the spirit map space. At the same time, he set up a time formation. This way, he could make use of the difference in the flow of time in the space and complete a lot of work.

Xia ruofei first sorted out the materials, then took out the formation materials and started the first step.

Strictly speaking, this step was not the process of refining a spiritual puppet. However, it was an essential step before refining a spiritual puppet. He needed to set up a formation first and use the formation to produce a flame that was far hotter than the ordinary flames in the secular world.

Without this formation, all the materials would not be able to be processed.

This was also the reason why Xia ruofei could only do some preliminary processing, such as removing impurities, crushing, grinding, and so on, before.

In fact, this array was not too difficult. Xia ruofei could barely make and set it up in the past. However, he was very clear about the difficulty of making the control core and thought that it would be impossible to make a complete spiritual puppet in a short period of time. Thus, he was not in a hurry to deal with the materials.

Now, things were different. He already had the control core. Although the rest of the work was cumbersome, he had a high chance of completing it with his current strength.

Even if Xia ruofei could not make another control core now, he could at least make one. He wanted to familiarize himself with the refining process and at the same time, see the difference between his elementary spiritual puppet and Xia Qing's.

Xia ruofei took care of some of the materials for the formation. They were mainly jade stones and some relatively rare ores.

He cut the materials into the required shapes and placed them aside. Then, he picked up the rudiments of the talismans made of Jade and began to carve the runes.

The array pattern of this array formation was much easier to control than the array pattern of the core.

Even though it was his first time carving, Xia ruofei was still quite relaxed. He made the talismans one by one at a very fast speed. Xia ruofei did not feel any difficulty in the whole process. His success rate was maintained at 100% and he did not waste a single base.

After about an hour, Xia ruofei had prepared all the materials needed for the formation that was specially used to produce flames.

In fact, according to the << weapon refining records>>, cultivators could also control flames. However, rare flames could only be encountered but not sought, and it was even more difficult to subdue them. Therefore, most of the weapon refining Masters mainly relied on arrays to produce and control the flames.

The array formed by the materials that Xia ruofei had just made was the fire array recorded in "equipment refining Chronicles". It was one of the more advanced fire arrays. Even among the equipment refiners, it was a secret that was not passed down.

After Xia ruofei had prepared the materials, he found an empty space far away from the precious crops. At the same time, he put away the time array flag. Xia ruofei didn't know how powerful the fire array he had made was. He was worried that it would burn the time array flag.

With his current strength, he couldn't make time formation flags with such outstanding effects.

In fact, the laws of time and space were the highest and most obscure of all the laws, and it was quite difficult to comprehend them. Due to the spirit map space, Xia ruofei's understanding of the rules of space was relatively profound. At least in the current cultivation world on earth, no one could understand the rules of space better than him. However, in terms of the rules of time, he might not even be able to reach the beginner level.

If the time array flag was really destroyed, he wouldn't be able to make it at his current stage. He wouldn't even be able to make the most basic array technique that could change the flow of time by several times.

After Xia ruofei kept the time formation flag, he started to set up the formation on the empty space.

The materials for the formation were placed in their respective positions and the talismans were embedded into the formation. In a short while, Xia ruofei had skillfully set up the formation.

Then, Xia ruofei waved his hand and threw out ten spiritual crystals. The spiritual crystals were accurately embedded into the pre – reserved grooves in the array..

Chapter 3596 - 3596: Refining the spiritual puppet (2)

Chapter 3596: Refining the spiritual puppet (2)

The fire array was set up.

Xia ruofei checked it again and compared it with the records in <<artifact refining Journal>>. After confirming that there were no mistakes, he took a few steps back and used his spiritual power to communicate with the core of the array and successfully activated it.

The pure energy in the spirit crystal flowed through the formation patterns, and soon, a flame appeared in the center of the formation.

This flame was pale white, as if it had no temperature at all.

However, Xia ruofei did not dare to let his guard down because this flame was exactly the same as what was described in <<artifact refining Journal>>. If it could really produce an extremely high temperature, it would not be an exaggeration to say that ordinary people would be vaporized immediately if they came into contact with it.

Xia ruofei used the invisible force of the spirit map space to retrieve a steel pipe and placed it on the flame.

Almost in an instant, the part of the steel pipe that came into contact with the flames disappeared. That's right, it wasn't burned red, nor was it liquefied. It had simply disappeared.

The steel pipe that was slightly further away from the flames also quickly turned red, softened, and drooped down.

Xia ruofei was dumbfounded.

The power of this flame was much stronger than he had imagined.

Of course, Xia ruofei also noticed it. He placed the steel pipe half a meter away from the flames and it was not affected at all.

This meant that the heat of the flame was very concentrated, and the range of effect was not large.

In fact, the flame could be controlled. Xia ruofei could control the intensity and range of the flames through the array.

He began to try to control the array to adjust the flame, and then constantly tested it on the steel pipe. He didn't want to use his mental power to directly explore it, because under the extremely high temperature, his mental power would also be burned and devoured, which was very painful. Although steel pipes could not withstand high temperatures, they could still be used to test the conditions of flames.

Very soon, Xia ruofei would be able to control the fire array. He was relieved and went closer.

Xia ruofei directly used his mind to tell Xia Qing that he was busy with his own matters and didn't need to come to see him.

Chapter 3597 - 3597: Spirit puppet No. 11

Chapter 3597: Spirit puppet No. 11

Xia ruofei rested in his room for a while. The sky was just starting to light up when he heard footsteps coming from the living room. He scanned the room with his spiritual force and saw Song Wei walking out of the room.

Hence, Xia ruofei also stood up and walked out.

“It’s almost time?” Xia ruofei asked with a smile.

“En!” Song Wei nodded and said,”there’s a time difference of more than three hours between here and China. It’s almost dawn when we set off for Sanshan now. My dad has a meeting in the morning, so he’ll get home early to pack up before he has to go to the municipal Party Committee.”

“Alright! Then let’s go!” Xia ruofei laughed and said,”uncle song should still be cultivating.”

The two of them didn’t disturb Ling Qingxue. Instead, they walked out of the room with light footsteps and took the elevator down.

When they arrived at song Qiming’s floor, Xia ruofei scanned the floor with his spiritual power and smiled at Song Wei.””Uncle song is also ready to go. Let’s go!”

The two of them came to song Qiming’s door. Xia ruofei raised his hand and knocked on the door.””Uncle song, I’m RUO Fei!”

“They’re coming!”

Soon, song Qiming opened the door and said with an apologetic look,””RUO Fei, I’m sorry! I’ve wasted a lot of your time coming back and forth, and I’ve troubled you so early in the morning.”

“Uncle song, we’re all family. Why are you being so formal?” Xia ruofei said with a smile.

At this time, Li Yifu also came up from downstairs. He first bowed respectfully to Xia ruofei and then said,""Grand uncle – Master, Mr. Song, miss song, I've prepared some breakfast. You can leave after eating!"

"Then let's have some?" Xia ruofei asked song Qiming with a smile and continued,"don't worry, we'll make it in time. We won't delay your meeting in the morning! There's a three – hour time difference between here and China!" "Good! Then let's eat and set off!" Song Qiming said. Then, he turned to Li Yifu and said politely,"old Mr. Li, thank you for your hard work these past two days!"

"You're too polite! This way, please! Mr. Song." Li Yifu said.

When they arrived at the dining room, Li Yifu went to the kitchen to bring out the steaming hot breakfast.

After breakfast, they took the elevator to the rooftop.

Xia ruofei immediately released the black Phoenix flying ship, then said to Li Yifu,""Foster husband, if there are no special circumstances, 1 will return today! I'll leave the island to you."

"Please rest assured, martial granduncle!" Li Yifu nodded and said.

"Ruofei, I've discussed it with my dad. I'll stay here and cultivate," Song Wei said.

"Aren't you going to send uncle song off?" Xia ruofei asked in surprise.

"I'll be back soon after I go back anyway. I might as well use this time to cultivate!" Song Qiming chuckled and said,"we'll have plenty of chances to meet in the future. There's no need to waste five to six hours to send me off!"

"That works too!" Xia ruofei nodded and said,"then you stay here and cultivate. I'll be back soon!" Don't worry, I'll definitely send uncle song home safely!"

"I'm very confident in you!"Song Wei smiled. 1'11 leave my dad to you!"

Xia ruofei smiled and nodded.

Just as Xia ruofei and song Qiming were about to board the black Phoenix flying ship, Zheng Yongshou rushed to the rooftop and said,""Mr. Xia, 1 would also like to return to the three mountains with you."

Zheng Yongshou immediately explained,""I've been here for almost a month. I need to go back to deal with the daily affairs of the company and the farm. Since you're going back, I'll take a ride."

Xia ruofei rested in his room for a while. The sky was just starting to light up when he heard footsteps coming from the living room. He scanned the room with his spiritual force and saw Song Wei walking out of the room.

Hence, Xia ruofei also stood up and walked out.

“It’s almost time?” Xia ruofei asked with a smile.

“En!” Song Wei nodded and said,”there’s a time difference of more than three hours between here and China. It’s almost dawn when we set off for Sanshan now. My dad has a meeting in the morning, so he’ll get home early to pack up before he has to go to the municipal Party Committee.”

“Alright! Then let’s go!” Xia ruofei laughed and said,”uncle song should still be cultivating.”

The two of them didn’t disturb Ling Qingxue. Instead, they walked out of the room with light footsteps and took the elevator down.

When they arrived at song Qiming’s floor, Xia ruofei scanned the floor with his spiritual power and smiled at Song Wei.””Uncle song is also ready to go. Let’s go!”

The two of them came to song Qiming’s door. Xia ruofei raised his hand and knocked on the door.””Uncle song, I’m RUO Fei!”

“They’re coming!”

Soon, song Qiming opened the door and said with an apologetic look,””RUO Fei, I’m sorry! I’ve wasted a lot of your time coming back and forth, and I’ve troubled you so early in the morning.”

“Uncle song, we’re all family. Why are you being so formal?” Xia ruofei said with a smile.

At this time, Li Yifu also came up from downstairs. He first bowed respectfully to Xia ruofei and then said,””Grand uncle – Master, Mr. Song, miss song, I’ve prepared some breakfast. You can leave after eating!”

Chapter 3599 - 3599: The birth of the spiritual puppet (2)

Chapter 3599: The birth of the spiritual puppet (2)

This set of bone armor looked very similar to the real person's bone armor, except that there was a trace of metallic luster in the grayish – White color. Each joint of the bone armor was very precise, making the entire set of bone armor like a piece of art.

However, Xia ruofei was clear that this bone armor was only half – finished.

After that, the bone Gu had to be tempered by the flame and go through several processes at the same time before it could finally be transformed into a true spirit Gu.

Xia ruofei rested for a while, then put the soul puppet bone Gu aside and gathered a large amount of materials.

This time, the materials used were much more than the ones used to refine the spirit puppet bone Gu, and the variety was also more complex.

Xia ruofei's spiritual energy moved slightly and a pale flame appeared in the center of the formation. Although it looked unremarkable, there was a soul – stirring power that was emitted from the flame.

Xia ruofei took a deep breath and raised his hand. A large amount of materials floated in the air and were mixed together.

Then, Xia ruofei waved his hand and the materials were sent above the flames.

Under the scorching heat of the flames, these materials were melting at a speed visible to the naked eye, and at the same time, they were constantly fusing with each other.

After a while, the original materials were all gone, only a large ball of fiery red magma – like liquid floating above the flame, constantly changing shape under the heat of the flame.

Xia ruofei's spiritual power was closely monitoring the situation of these materials. At the same time, he was constantly adjusting the intensity of the flames through the array.

This process lasted for a full three hours.

The lava – like liquid had been roasted by the pale – White flame for three hours, and after such a long time, the thick liquid had also shrunk by a size. Some of the impurities in it had been refined away.

Xia ruofei was constantly checking the situation of the materials. At this moment, he nodded to himself that the time was almost right and it looked exactly the same as described in <<artifact refining Journal>>.

Then, Xia ruofei had a thought.

The invisible spatial force immediately wrapped around the set of soul puppet bone armor and floated it up. Then, the set of bone armor was also thrown into the thick liquid above the flame.

This thick liquid immediately wrapped around the bone armor. As if it had a life of its own, it directly adhered to the bone armor and then continued to extend.

It didn’t seem like there was much of this thick liquid, but it completely wrapped around the bone armor in a very short time.

Just like that, the bone armor and the thick liquid continued to be roasted in the flame.

Xia ruofei was also constantly adding new materials.

After these materials were melted in the flame, they also attached to it.

The process seemed easy, but it was actually a test of control.

The weight of the materials, the processing method, and the order of throwing in had to completely meet the requirements recorded in the "artifact refining Chronicles." As long as there was a mistake in any of these steps, then this refining would be a complete failure, and ail the previous efforts would be in vain.

Of course, there was still no problem with the control core. It was just that a lot of materials, time, and energy were wasted.

With the constant addition of new materials, the outer layer of the bone armor became thicker and thicker. Moreover, each layer of materials seemed to be reacting with each other, gradually showing a shape similar to human muscle and skin.

Although Xia ruofei was very clear about what would happen during the entire process, he could not help but be amazed when he saw it with his own eyes.

Chapter 3600 - 3600: Elementary spiritual puppet’s strength...1

Chapter 3600: Elementary spiritual puppet's strength...1

Xia ruofei took out a set of clothes that he had prepared earlier and said,""We'll talk after you get dressed. "

"Yes! Masteri"

Xia Xuan picked up the clothes on the ground and started to put them on. Perhaps it was because modern casual clothes were very different from ancient clothes, Xia Xuan was at a loss as to what to do with the clothes and pants ...

Seeing this, Xia ruofei went up to give some guidance. At the same time, he observed the understanding ability of the spiritual puppet that he had created.

After Xia ruofei's explanation, Xia Xuan successfully put on his clothes.

Xia Xuan, who was dressed in casual clothes, looked like a young man from the city. If he didn't speak, he would pass for the real.

"Xia Xuan, this is Xia Qing," Xia ruofei said."In the future, when I'm not around, you have to listen to his orders!"

"Yes, master!" Xia Xuan said as he bowed.

Then, Xia ruofei gave Xia Xuan instructions to complete a series of actions. Xia Xuan executed them meticulously without any mistakes.

Xia ruofei had a preliminary understanding of the soul puppet that he could barely refine at his current stage. In general, this elementary soul puppet could definitely beat the most powerful intelligent robot in the secular world. In fact, the robots in the secular world had not reached this level of simulation. Moreover, the interior of the robot was still mechanical. Even if it had the body structure closest to a human, it could not be as flexible as a human.

After all, the human body was a super complex machine.

Except for the lack of internal organs, the spiritual puppet was basically a one – to – one copy of the real person. The muscle tissue, ligament tissue, and bone skeleton could really play their role, which could be said to be no different from the real person.

That was why Xia Xuan could easily perform some fine movements that only humans could do.

The robots in the secular world still had a long way to go to achieve this.

As for intelligence, Xia Xuan was slightly lacking, but that was only in comparison to Xia Qing. If he were to be compared to those Intelligent Robots, Xia Xuan was definitely a lot stronger.

"How do you feel?" Xia ruofei asked Xia Qing with a smile.

"Master, this is the elementary spiritual puppet recorded in the tool refining Journal, right?" Xia Qing clicked her tongue and praised,"for an elementary spiritual puppet to be able to achieve this level, master's artifact – refining level is truly admirable!"

"I'm still far from you ..." Xia ruofei said with a bitter smile.

"Master, this is a difference in level. It can be said to be a qualitative difference. You can't compare it like this." Xia Qing said with a smile.

Xia ruofei nodded and tried to test Xia Xuan's strength. The method of testing was very simple. He had Xia Xuan attack him with all his might.

Then, Xia ruofei did not Dodge and took the blow head – on.

"He's about as strong as a cultivator at refined Qi level 8. " Xia ruofei said indifferently. With the surge of the vital Qi in his body, the minor injuries that Xia Xuan had caused him were healed.

"Generally, the cultivation of a basic spiritual puppet is between the fifth and seventh Qi layer." Xia Qing said,"the fact that master's spiritual puppet could reach the eighth Qi layer means that every step of the refinement process was close to perfection. Furthermore, the control core is also very compatible with this body."

Xia ruofei nodded. This was also recorded in the <<artifact refining Chronicles>>, so when he tested that Xia Xuan's cultivation level was almost at refined Qi level 8, he was a little surprised.

In fact, before the deterioration of the cultivation environment, soul puppets were widely used in the cultivation world. Elementary soul puppets like Xia Xuan were usually produced in batches and assigned to various elementary jobs, such as cleaning, receiving guests, guarding, planting, and so on.

Now that the inheritance of the cultivation world was cut off, and everyone's strength was generally not high, if they could mass – produce a large number of spiritual puppets, they could even wipe out many medium – sized sects.

Just imagine, an Army of spiritual puppets that blotted out the sky and covered the earth, with an average cultivation level of level six or seven Qi refinement. Even if the sect being

attacked had an Aurous core stage cultivator, under the siege of thousands of spiritual puppets, even an Aurous core stage cultivator would not be able to withstand it.

After all, the spiritual puppet was not a real life, and they definitely did not know fear. It was terrifying to think that they would attack the enemy with all their might without fear of death.

However, Xia ruofei was ambitious and did not think about unifying the cultivation world. Hence, he would not spend so much effort to create a large number of elementary spiritual puppets.

Of course, if he could steadily produce the control core of the spiritual puppet, it would be good to produce a batch in the initial stage. It was not to attack other sects, but to put it in the spirit map space to do all kinds of heavy work..
