Chapter 3601 - 3601: Returning to Australia (1)

Chapter 3601: Returning to Australia (1)

On the fourth day of Xia ruofei's Return to Paradise Island, Li Yifu came over to ask for instructions, saying that Zheng Yongshou had already settled the matter at the three mountains and wanted to apply for an official jet to Return to Paradise Island to cultivate.

This was something that Xia ruofei had promised long ago. Naturally, he would not go back on his word at the last minute. He immediately asked Li Yifu to contact the flight crew and prepare for this flight mission.

He also told Li Yifu that Zheng Yongshou didn't need to ask for permission to use the plane in the future, and could just arrange it for him directly.

Xia ruofei did not focus on his cultivation these few days. Instead, he had made a lot of progress in the carving of the control core. In addition, during the process of refining the soul puppet's body, he had successfully refined two soul puppet bodies. Of course, without a matching control core, the body of the soul puppet could only be left idle and could not be assembled into a soul puppet.

Xia ruofei did not continue to cultivate on Peach Blossom Island today. Instead, he was preparing to go on a trip to Australia.

He still had half of the Vermillion Jade Fruit he got from the trial Pagoda. This was for his direct disciple, Tang Haoran.

During the spring Festival, Tang Yitian specially called Xia ruofei to ask about his well – being. Tang Haoran also called his master to wish him a Happy New Year. Xia ruofei also learned about Tang Haoran's cultivation situation. He learned that after Tang Haoran broke through to the fourth Qi layer after consuming wild tea, his cultivation had improved greatly and he would soon break through to the fifth Qi layer.

It seemed that Tang Haoran's physique was very suitable for cultivating the "fierce yang Scripture".

Under such circumstances, it was more appropriate for Tang Haoran to consume the Vermilion Jade Fruit. It could basically bring out the medicinal properties of the Vermilion Jade Fruit to the extreme.

Moreover, it was currently the hottest season in Australia. It was also the summer break for schools of all levels. Tang Haoran did not need to go to school.

Hence, Xia ruofei decided to make a trip to Australia. On one hand, he wanted to visit Paradise Farm and the winery. After all, he had not been there for a long time. On the other hand, he wanted to bring Tang Haoran to the Peach Blossom Island to cultivate for a period of time and give him the Vermilion Jade Fruit.

Of course, he had asked for Tang Yitian's opinion in advance. After all, Tang Haoran was still underage.

Tang Yitian and his wife trusted Xia ruofei very much, so they agreed to Xia ruofei's proposal without any hesitation. Even though Jennifer was a little reluctant to part with her son, she did not object.

Hence, Xia ruofei decided to bring Tang Haoran over.

The distance from Paradise Island to Australia was not too far. It would only take less than an hour to travel there by Black Phoenix flying boat.

Xia ruofei told Li Yifu, Song Wei, and Ling Qingxue that he was going out and asked them to continue cultivating on Peach Blossom Island. Then, he took out his Black Phoenix flying boat and flew away.

The black Phoenix flying ship flew at high speed over the vast sea. Xia ruofei controlled the Flying Ship without any distractions and flew straight towards Sydney, Australia.

In less than an hour, Xia ruofei had already arrived in the sky above Tang Yitian's Manor.

He descended the swift Boat and revealed himself in a secluded place. At the same time, he kept the swift Boat.

When Xia ruofei appeared at the entrance of the manor, Tang Yitian, Jennifer, and Tang Haoran quickly came out to welcome Xia ruofei in the electric car. The manor was too big. If they walked, it would take a long time to reach the entrance, and that would be too much of a waste of time on Xia ruofei.

Xia ruofei stood at the door and enjoyed the beautiful scenery. When the electric car drove over, Tang Yitian jumped out of the car before it even came to a stop. He said,""RUG Fei, why didn't you tell us in advance? I'll pick you up at the airport!"

Tang Haoran was a cultivator after all. His movements were even faster than Tang Yitian's. In a flash, he was in front of Tang Yitian.. He rushed in front of Xia ruofei and shouted in surprise,""Master!"

Chapter 3602 - 3602: A coincidental encounter (1)

Chapter 3602: A coincidental encounter (1)

The speed of the flying sword was extremely fast. When it changed direction, climbed up, or descended, the influence of inertia, whether it was overweight or weightless, was much more exciting than a roller coaster.

Tang Haoran was only a teenager, but when Xia ruofei deliberately performed many difficult stunts, he was very excited and kept cheering.

Obviously, he thought that Xia ruofei was showing off his flying skills for him.

Xia ruofei could not help but smile bitterly. He did not expect his little disciple to be so naturally bold. Perhaps Tang Haoran really loved flying and especially yearned to ride a flying sword. That was why he did not feel any fear at all.

Since he could not scare Tang Haoran, Xia ruofei was too lazy to waste his time. He controlled the flying sword to rise and soon left Sydney, flying quickly in the direction of the Hunter Valley.

On the flying sword, Tang Haoran still had some hidden meaning as he said,’’”Master, do a few more stunts! I’m not satisfied yet!”

Xia ruofei said unhappily,”flying a sword also consumes elemental energy, okay?” It was enough to experience it! Since you’re so interested, then work hard on your cultivation. In the future, you can fly on your own sword and fly however you want!”

“Oh! “I understand ...” Tang Haoran said.

He had indeed made up his mind to cultivate properly. Hmm ... I’ll shorten the time for my extracurricular activities and push back my sleep time by an hour. It’s decided!

The Hunter Valley was not far from Sydney, so it did not take long for Xia ruofei and Tang Haoran to arrive in the sky above the Hunter Valley.

Looking down from the sky, the whole vineyard of this famous wine – producing area was quite spectacular.

Surrounded by the vineyard, there was a large green plot of land. That was where Paradise Farm was.

Australia was considered a large but sparsely populated place. Hence, Xia ruofei easily found a secluded place. He landed his flying sword and walked towards Paradise Farm with Tang Haoran.

The two of them soon arrived at a small town near Paradise Farm. From the place where they had landed the flying sword to Paradise Farm, the nearest road had to pass through this small town, and it would take about half an hour to walk.

Xia ruofei was not in a hurry. Besides, he had not been back to the Hunter’s Valley for a long time. When he was at Paradise Farm, he would occasionally go to the town’s Bar for a drink, so this time, he did not deliberately look for a closer landing spot. He landed directly outside the town and took the opportunity to visit the old place.

Tang Haoran had grown up in Australia. He did not find this small town new. However, since he was already out, he would just follow Xia ruofei’s arrangements. If Xia ruofei wanted to walk around, he naturally had no objections.

Xia ruofei walked along the only Main Street in the town with great interest. Sometimes, he would stop by some small shops, but he did not stay for long.

He usually looked at the goods that he was interested in. He would forget about most of them after seeing them. He would only buy the ones he really liked.

He just enjoyed the pleasure of shopping as an ordinary person.

Just as Xia ruofei and Tang Haoran were about to pass through the town, an uncertain voice came from behind Xia ruofei.””Mr. Xia?”

This person spoke English. However, both Xia ruofei and Tang Haoran were very good at listening and speaking English. Hence, they stopped at the same time and turned around to look.

Xia ruofei saw a man in a denim shirt and jeans with a big cowboy hat.

God-tier Farm

3604 The farm's predicament_1

Xia ruofei stared at Daphne and asked," "He wasn't injured by accident. He was beaten by someone, right?"

Daphne didn't say anything, but Xia ruofei got the answer from her expression.

No wonder the atmosphere at Paradise Farm was so tense, and there were even armed security guards at the entrance.

"What's wrong?" Xia ruofei asked anxiously,"Daphne, tell me first. Is Liang Qichao in danger? "

Xia ruofei did not care about the properties. Even if Paradise Farm was destroyed, Xia ruofei would not be heartbroken. However, Liang Qichao was his friend, and he had only come to work at Paradise Farm after listening to his suggestion. If anything were to happen to him, he would not be able to explain it to Liang Qichao's parents.

"There's no danger to his life!" "But he's seriously injured. The doctor said that there's a possibility that he'll be disabled..."

Xia ruofei heaved a sigh of relief. It was fine as long as he was still alive. As for what the doctor said about the possibility of disability, with the petals of the spirit Heart Flower, there were no external injuries that could not be treated.

For a situation where he had just been injured, unless it was an extreme situation, he could use the petals of the spirit Heart Flower to heal it.

Xia ruofei nodded and asked calmly," "Then tell me, what happened? how did Liang Qichao get injured?"

"Someone has their eyes on Paradise Farm." "This person is very powerful in Australia," said Daphne."Qi Chao is unwilling to compromise and said that this is a business that Mr. Tang and you handed over to him to manage. He can't back down at all." As a result, Paradise Farm was constantly suppressed in Australia. In the beginning, it was the inspection of the Agriculture Department and the Environmental Protection Department that made things difficult. Later, except for Mr. Tang Yitian's chain stores, all other channels refused to accept Paradise Farm's products. Qi Chao gritted his teeth and persisted, refusing to compromise. Three days ago, Qi Chao was attacked on his way to Sydney. His car was destroyed, and he was seriously injured. He had multiple fractures, and his leg was the most seriously injured. Although he had three operations in the past few days, the doctor said that he should be mentally prepared. If the infection can't be controlled, he might need to amputate .. "

As she said this, her eyes turned red.

She had also just rushed back from the hospital to Xuanji Paradise Farm, which was in a precarious situation. Liang Qichao was seriously injured and hospitalized. As the deputy manager of Paradise Farm, she had to come back to take charge of the overall situation.

Before Liang Qichao's incident, Paradise Farm had already strengthened their security. In fact, a week or two ago, the other party had already been playing some small tricks. The farm was so big, and the boundaries were usually just simple fences, so it wasn't difficult to sneak into the farm. There had been several theft cases these days, and there had even been people shooting the farm's horses from afar. There was no response after calling the police. Therefore, Liang Qichao had hired a security team from Europe to install a large number of surveillance cameras around the farm, and at the same time, strengthen the patrol.

Daphne was physically and mentally exhausted. She wanted to stay by Liang Qichao's side, but she had to return to the farm to deal with all the troublesome matters.

After Xia ruofei heard this, he could not help but frown and asked," "You didn't ask Mr. Tang Yitian for help?"

Tang Yitian had a great influence in Sydney and even in the whole of Australia, especially in the Chinese society. He was a well- deserved leading figure. In terms of assets, Tang Yitian could be considered one of the richest people in Australia. Moreover, the chain stores were all companies with heavy assets. At the same time, their cash flow was also very abundant. In terms of absolute wealth, Tang Yitian could be said to be one of the richest people in Australia.

Liang Qichao had Tang Yitian's contact information. In fact, Tang Yitian's support for Paradise Farm was very strong. His chain stores provided very good shelf positions for Paradise Farm's products, and the Commission was the lowest in the industry. The payment was also very timely, and there was basically no delay.

Xia ruofei had also told Liang Qichao that he could ask Tang Yitian for help if he had any difficult problems.

With his relationship with Tang Yitian, the latter would definitely treat Paradise Farm as his own business and be very concerned about it.

Xia ruofei had just met with Tang Yitian, but he didn't mention this at all. This meant that Paradise Farm didn't ask him for help, so Tang Yitian didn't know about it.

After hearing Xia ruofei's words, Tang Haoran couldn't help but say," "Yup! These people are so bad, let my father punish them!"

"No." Daphne shook her head and said,"I suggested it to Qi Chao, but he refused."

"Why?" Xia ruofei was confused.

"Qi Chao said that the enemy this time is too troublesome and he doesn't want to cause trouble for Mr. Tang." Daphne smiled bitterly."He always felt that the other party could at most use commercial and administrative means to suppress Paradise Farm. As long as he didn't compromise, he could grit his teeth and get through it! The truth has proven that he was too naive. The other party's lower limit is much lower than he imagined! "

3605 Xia ruofei takes action (1)

After a while, a black Mercedes - Benz car drove to the villa by the artificial lake.

The driver was a strong white man, and there was a bodyguard in a black suit sitting in the passenger's seat. Both of them had bulging waists, obviously carrying firearms.

Daphne walked out of the villa with Xia ruofei. She looked at Tang Haoran who was standing beside Xia ruofei and said,"Mr. Xia, let this little boy stay on the farm! After all, this place is safer than the road ...

Xia ruofei smiled."It's okay. Let him follow me."

Xia ruofei was a cultivator in the intermediate stage of the Golden core realm. His opponents were just ordinary people from the secular world. How could he not protect the people around him? Moreover, with Tang Haoran's current cultivation base, even if he went out alone, ordinary people would not be his opponent at all. Even if he was attacked like Liang Qichao the other day, Tang Haoran would definitely be able to escape unscathed.

"This ... Alright!" "You must be careful!" Said Daphne worriedly.

"Don't worry!" Xia ruofei chuckled."Daphne, you have to be careful here too. Leave more people around to protect you, and ... Wait for my news. Don't do anything until then!"

"I got it!"

Xia ruofei and Tang Haoran got into the Mercedes-Benz. Daphne walked over and said to the driver,""Send Mr. Xia to Sydney's Saint Vincent Hospital."

"Yes, miss Daphne!" The driver nodded and said calmly.

The Mercedes-Benz slowly left Paradise Farm and headed in the direction of Sydney.

When Xia ruofei and Tang Haoran came to the Hunter Valley, they were riding on flying swords. They arrived in a short while. However, it would take a lot more time to return to Sydney.

The two people in the front row were very vigilant, especially the bodyguard in the front passenger seat. His hands were always on his waist, obviously ready to pull out his gun as soon as there was a situation. At the same time, his eyes were constantly looking left and right, not letting go of any clues.

Xia ruofei was leaning on the back seat leisurely. He laughed and asked in Chinese," "Haoran, are you afraid?"

"I have master here!" Tang Haoran said in a relaxed manner. I'm not afraid!"

"Mm! Even if master isn't here, you still need to have the guts!" Xia ruofei said, "of course, you're still in the aura refining stage. If a sniper attacks you from a distance, it will be dangerous. You can't let your guard down."

When Xia ruofei was in the Qi refining stage, he was not in any danger because he had been through countless life and death situations during his years of service. He had developed a natural sense of danger. If a sniper had locked onto his target, he would definitely be able to sense it.

On the other hand, Tang Haoran had been pampered since he was young and had never suffered any setbacks. He had almost never experienced any dangerous situations, so he was naturally weaker in this aspect.

Xia ruofei also used this opportunity to teach Tang Haoran. He said," "When you're not sure if it's safe, you can release your spiritual power. This way, your sense of danger will be much sharper."

"I know, thank you, master!" Tang Haoran said.

"What do you think of this matter?" Xia ruofei was testing him. He smiled and asked, "how do you think I should handle this?"

Tang Haoran tilted his head and thought for a while before saying, "That Grello. Galini was a big Bad guy! Master, you must punish him!"

After a while, a black Mercedes-Benz car drove to the villa by the artificial lake.

The driver was a strong white man, and there was a bodyguard in a black suit sitting in the passenger's seat. Both of them had bulging waists, obviously carrying firearms.

Daphne walked out of the villa with Xia ruofei. She looked at Tang Haoran who was standing beside Xia ruofei and said,"Mr. Xia, let this little boy stay on the farm! After all, this place is safer than the road..."

Xia ruofei smiled. "It's okay. Let him follow me."

Xia ruofei was a cultivator in the intermediate stage of the Golden core realm. His opponents were just ordinary people from the secular world. How could he not protect the people around him? Moreover, with Tang Haoran's current cultivation base, even if he went out alone, ordinary people would not be his opponent at all. Even if he was attacked

like Liang Qichao the other day, Tang Haoran would definitely be able to escape unscathed.

"This ... Alright!" "You must be careful!" Said Daphne worriedly.

"Don't worry!" Xia ruofei chuckled."Daphne, you have to be careful here too. Leave more people around to protect you, and ... Wait for my news. Don't do anything until then!"

"I got it!"

Xia ruofei and Tang Haoran got into the Mercedes - Benz. Daphne walked over and said to the driver," "Send Mr. Xia to Sydney's Saint Vincent Hospital."

"Yes, miss Daphne!" The driver nodded and said calmly.

The Mercedes - Benz slowly left Paradise Farm and headed in the direction of Sydney.

When Xia ruofei and Tang Haoran came to the Hunter Valley, they were riding on flying swords. They arrived in a short while. However, it would take a lot more time to return to Sydney.

The two people in the front row were very vigilant, especially the bodyguard in the front passenger seat. His hands were always on his waist, obviously ready to pull out his gun as soon as there was a situation. At the same time, his eyes were constantly looking left and right, not letting go of any clues.

3606 Xia ruofei takes action (2)

Xia ruofei was leaning on the back seat leisurely. He laughed and asked in Chinese," "Haoran, are you afraid?"

"I have master here!" Tang Haoran said in a relaxed manner. I'm not afraid!"

"Mm! Even if master isn't here, you still need to have the guts!" Xia ruofei said, of course, you're still in the aura refining stage. If a sniper attacks you from a distance, it will be dangerous. You can't let your guard down."

When Xia ruofei was in the Qi refining stage, he was not in any danger because he had been through countless life and death situations during his years of service. He had developed a natural sense of danger. If a sniper had locked onto his target, he would definitely be able to sense it.

On the other hand, Tang Haoran had been pampered since he was young and had never suffered any setbacks. He had almost never experienced any dangerous situations, so he was naturally weaker in this aspect.

Xia ruofei also used this opportunity to teach Tang Haoran. He said, ""When you're not sure if it's safe, you can release your spiritual power. This way, your sense of danger will be much sharper."

"I know, thank you, master!" Tang Haoran said.

"What do you think of this matter?" Xia ruofei was testing him. He smiled and asked,"how do you think I should handle this?"

Tang Haoran tilted his head and thought for a while before saying, "That Grello. Galini was a big Bad guy! Master, you must punish him!"

God-tier Farm

3607 Surviving a great disaster (1)

Liang Qichao had been sitting in the back seat, and there was a bodyguard in the passenger seat. However, the difficulties that Paradise Farm had encountered at that time were mainly some small administrative tricks, and there were people who went to the farm to cause trouble from time to time. Therefore, whether it was Liang Qichao or the driver and bodyguards, they were not so vigilant. They did not expect the other party to be so lawless.

Based on the speed of the 18 - wheeled truck, the other party was definitely going to kill Liang Qichao.

In fact, the situation at that time was also very dangerous. The truck hit the side of the passenger seat, and the bodyguard in the passenger seat died on the spot. The driver and Liang Qichao, who was sitting behind the driver, were also seriously injured.

Liang Qichao passed out on the spot. Both his legs were stuck in the twisted car, and the driver could barely move.

The car was scrapped on the spot, and it began to leak oil. It was in danger of a fire and explosion at any time.

Based on the situation at that time, even if Liang Qichao was lucky enough not to die on the spot, he would have been burned to death by the fire.

Perhaps he was not fated to die. When this "accident" happened, a team of firefighters happened to pass by this intersection on their way back to the Hunter Valley Fire Department.

Seeing the accident, the firefighters immediately got out of the car to help.

Their fire truck had all kinds of dismantling tools and they were all very professional rescue personnel, so they controlled the situation immediately. First, they prevented the car from catching fire and exploding. Then, they quickly dismantled the car and rescued the three people from the car.

The bodyguard in the front passenger seat died on the spot, but Liang Qichao and the driver were still alive.

They were immediately sent to the local hospital and then transferred to Sydney's Saint Vincent Hospital.

When Paradise Farm received the news, Daphne rushed to the hospital. When she saw Liang Qichao's condition, she panicked and called Tang He in the United United States

Because of Xia ruofei, Tang He also attached great importance to Liang Qichao, his maternal grandnephew. Recently, he had tried his best to coordinate the matters of Paradise Farm, but he did not expect that the kalini family would not buy it at all. Not only did the matter not progress, but the other party had also become even more aggressive and directly killed Liang Qichao.

Tang He was shocked and angry. After calming down, he immediately arranged for the most Elite Surgical medical team to send them to Australia by private jet. At the same time, he used all his connections in Australia to negotiate with the Galini family.

After Xia ruofei heard this, he was silent for a moment before he said," "Brother Liang, you're lucky this time. If it wasn't for the firefighters who happened to pass by, you might have... Escaped from death. You'll definitely have good fortune after that, and your future will be smooth!"

"I hope so.." Liang Qichao smiled bitterly."But ... I'm afraid it'll be very difficult for me to work for Paradise Farm in the future ... The doctors have communicated with me twice, and their opinions are that the amputation should be done as soon as possible. Otherwise, it will cause a large area of infection and necrosis, which may be life - threatening. Amputate! I'm only in my twenties, and I'll have to spend the rest of my life in a wheelchair ... It's scary just thinking about it ..."

Xia ruofei waved his hand and said,"don't be so pessimistic. I'm here." Since Western medicine has no effect, why don't you try Chinese medicine? I have some attainments in Chinese medicine."

"You?" Liang Qichao was surprised.

It was not that he did not trust Xia ruofei's medical skills, but the injury this time was too serious. It was not life-threatening, but it was really difficult to save his legs.

"I don't care if you trust me or not. I'm going to take over your treatment." Xia ruofei said, "I can't just watch you get amputated!"

Liang Qichao fell silent for a moment, then nodded and said, ""Alright, I believe you ...

"By the way, do your family members know about this?" Xia ruofei asked.

"I'll ask Daphne to tell my Grandpa not to tell my parents." Liang Qichao said in a low voice," they haven't been in good health for the past two years. I'm afraid they can't take this blow, especially if they have to be amputated ...

Xia ruofei waved his hand."Don't even think about amputation. I won't let you have your leg amputated. Just focus on your recovery!"

Xia ruofei took out the silver needle and used alcohol to disinfect it. Then, he said, "I'll give you acupuncture treatment first to stabilize your condition. I'll arrange for you to be transferred to another hospital later. It's not very convenient here. Don't worry, I'll give you a simple treatment first. At least your injuries won't continue to worsen. No matter who talks to you, no matter how serious the consequences are, you will insist on not agreeing to the amputation! As long as you don't sign it and your family isn't here, they can't amputate you on their own. Remember!"

Liang Qichao nodded and said,"understood!" I'll leave it to you then, ruofei. I really don't want to be in a wheelchair for the rest of my life!"

Xia ruofei patted Liang Qichao's shoulder and said," "Trust me! It's alright! You're still very weak, so you should sleep for a while!"

With that, Xia ruofei accurately pierced the silver needle into Liang Qichao's acupuncture point. A stream of vital Qi passed through him, and Liang Qichao felt as if a warm current was slowly flowing through his meridians. The pain from his wounds was reduced a lot, and soon, he felt drowsy. His eyes gradually became blurred, and he closed his eyes and fell asleep.

God-tier Farm

3608 Surviving a great disaster (2)

Xia ruofei had no other thoughts. He continued to insert the needles and soon finished the first round of acupuncture.

He checked on Liang Qichao's condition, and he was sure that his condition would stabilize in a short period of time. He nodded in relief and put away his silver needles.

Xia ruofei stood up and walked out of Liang Qichao's ward.

Kevin Qiao was not far from the ward, and Dr. Karim, who was in the intensive care unit, was also beside him. The monitoring signal in Liang Qichao's ward had suddenly been disrupted. He had wanted to come over to check on the situation, but he had been stopped outside the door by Kevin Qiao.

Seeing Xia ruofei leave, Kevin Qiao immediately went up to him.

Doctor Karim also rushed over. He wanted to check what caused the interference immediately.

At this moment, a nurse poked her head out of the on-call room and shouted, "Doctor Karim, the monitoring signal has been restored."

"Eh?" Doctor Karim stopped and looked suspiciously at Liang Qichao's ward. He then looked at Xia ruofei and quickly walked back to the on-call room.

The moment Xia ruofei entered, the surveillance signal was severely disrupted. The moment he stepped out, the signal was restored. Could this be a human-shaped magnet?

Xia ruofei naturally did not care about the question marks in doctor Karim's head. He nodded at Kevin Qiao and walked out of the intensive care unit.

Naturally, Kevin Qiao also quickly followed. As he walked, he said, ""Mr. Xia, I'll have to trouble you to persuade Mr. Liang. His injury can't be delayed. He needs to undergo an amputation surgery as soon as possible. Otherwise, the infection will worsen and his life will be in danger very soon. I know that amputation is a difficult decision for anyone, but choosing the lesser of two evils, saving your life is the most important!"

"I know. We'll seriously consider it. " Xia ruofei said calmly, "doctor Qiao, I'll have to trouble you to keep an eye on Mr. Liang's condition. If there are any changes, inform me immediately. However, you must not amputate his leg without permission!"

Kevin's expression froze for a moment, and he said anxiously," "Mr. Xia, this is no child's play! With Mr. Liang's current condition, if we drag this on for another day or two, even if we amputate his leg, it would be difficult for him to survive!"

"Your mission is to do your best to treat him without amputating his leg." Xia ruofei said, "I will arrange the other things."

"Alright then!" Kevin said, a little dejected.

He could even foresee Liang Qichao's tragic end. However, since Liang Qichao did not agree to the amputation and Xia ruofei had the same attitude, it was enough for him to say what he needed to say as a doctor and fulfill his obligation to inform Xia ruofei. Even if Liang Qichao died of organ failure due to infection in the end, he would not be responsible.

Xia ruofei left the intensive care unit and gave Kevin Qiao his contact information. Then, he took the elevator down with Tang Haoran.

The bodyguard came forward and Xia ruofei said, "You guys wait for me at the hospital. I'm going out for a while. Give me your contact information. I'll call you if I need anything."

"Mr. Xia, we're responsible for your safety. If you leave the hospital, it's best to take us with you," the bodyguard quickly said.

"You don't have to worry about safety. I've arranged for people to protect you." Xia ruofei said, "your task now is to guard this place and protect Mr. Liang with the others."

"Understood!" The bodyguard bowed slightly and said.

Daphne had already told the bodyguard that although Mr. Xia was young, he was a major shareholder of Paradise Farm. Liang Qichao worked for him, so he had to obey his orders.

Hence, when the bodyguard saw that Xia ruofei was determined, he immediately shut his mouth. Since his boss 'boss had already made his decision, he would just follow it.

Xia ruofei walked out of the hospital with Tang Haoran. They found a bench in the Plaza in front of the hospital and sat down. Then, he took out his phone and called Tang Yitian.

"Brother RUO Fei!" Tang Yitian answered the call and laughed heartily."You're calling me again so soon. Don't tell me you want to go back to Sydney to drink with your brother again?"

"You're right, big brother Tang. I'm back in Sydney, "Xia ruofei said with a smile.

"Ah?" Tang Yitian couldn't help but be surprised. "What's going on?"

"I can't explain it clearly in a few words over the phone. Do you have time, big brother Tang? Let's meet and talk. " Xia ruofei said.

"Your brother is looking for me, how can I not have time?" Tang Yitian said without hesitation. Where are you now? I'll send a car to pick you up! It's mealtime, let's talk while we eat."

The sky was getting dark and the streetlights on both sides of the street were lit up.

"I'm at the Plaza in front of Saint Saint Vincent Hospital. I'll have to trouble you then, big brother Tang. "Xia ruofei replied after some thought.

Saint Saint Saint Saint hospital?" Tang Yitian couldn't help but feel anxious."Ruofei, did something happen?"

"I'm fine. Haoran is fine too. Don't worry!" Xia ruofei said, "let's talk when we meet!"

"Good! Please wait for a few minutes, the car will be here soon!" Tang Yitian said.

After Xia ruofei hung up the phone, he sat on the bench in the square, waiting for the car sent by Tang Yitian. He closed his eyes to rest while thinking about the matter of Paradise Farm.

Tang Haoran knew that Xia ruofei was deep in thought, so he sat quietly at the side and did not disturb her.

Ten minutes later, a Rolls-Royce limousine stopped in a parking space by the street. Tang Yitian hurriedly got out of the car and walked over.

Xia ruofei saw Tang Yitian and couldn't help but be slightly surprised."Big brother Tang, why did you come here personally? And so quickly?"

"My company's headquarters isn't far from here," Tang Yitian waved his hand and said, "I'll be in the office this afternoon." Let's not talk about this anymore. Ruofei, what happened? Why did you and Haoran come to the hospital?"

"Something happened to a friend!" Xia ruofei said,"brother Tang, let's talk in the car! I have something I need your help with."

"Alright!" "We'll talk in the car!" Tang Yitian said.

After the three of them got into the car, Tang Yitian raised the sound - proof glass of the front and back seats, then asked, ""RUO Fei, speak! What happened?"

"There's been some trouble at Paradise Farm ...Xia ruofei said.

Then, Xia ruofei told Tang Yitian what he had learned. In the end, he said, ""Liang Qichao's condition isn't very good right now. The doctor suggested amputating both of his legs, but I stopped him. I still want to try Chinese medicine. He's still so young, how can he do without his legs?"

Tang Yitian smacked the handle of his chair and said, "Such a big thing has happened! Why has Xiao Liang been hiding it from me? If he had told me earlier, things wouldn't have gotten to this point. "

"Brother Liang said that this guy is too powerful, and he doesn't want you to get involved." Xia ruofei said.

Tang Yitian's expression froze for a second, then he said, "Do I look like someone who's afraid of trouble? Besides, things didn't get to the point where they had to kill each other in the beginning! I still have some face in Australia, so it's better for me to go and coordinate it than for him to do it himself! And Mr. Tang He, although he had hundreds of millions of assets, he didn't have any Foundation in Australia. How could the kalini family buy it? It'll definitely be different if I show up!"

Xia ruofei waved his hand and said, "now that things have come to this, there's no point in saying all this." Big brother Tang, you don't have to interfere in the matters of the galni family."

The other party had already gone too far and touched Xia ruofei's bottom line. Naturally, they wouldn't be kind. Thus, Tang Yitian didn't need to step in and mediate.

As for dealing with the galni family, he couldn't use Tang Yitian's power. It would be best for Xia ruofei to handle it alone. After all, Tang Yitian's roots were in Australia. There was no benefit in getting involved in this matter.

God-tier Farm

3609 The hand of sin (1)

"Ruofei, what kind of person do you think I am?" Tang Yitian asked with a straight face. Your business is my business, so what if it's the Galini family? Even if I have to give up all my assets, I can't just sit back and do nothing!"

"Big brother Tang, you've misunderstood." Xia ruofei smiled and said, "there's no doubt about your strength in Australia. I also believe that you will not hesitate to step forward for the sake of Paradise Farm. But there was no need for that. After all, you've been here for so many years, and you're involved in many complicated relationships. Even if you don't think for yourself, how many people in your large company and the Chinese society in Australia rely on you for a living? You can't just ignore them, right?"

The barefooted aren't afraid of wearing shoes, this was the logic.

At Tang Yitian's level, he naturally didn't lack fame and status, but there were also many concerns. He couldn't simply show off his courage at any time.

Xia ruofei continued."Of course, the main reason is that I'm more than enough to deal with Grello and the kalini family. There's no need to involve you, brother Tang."

"Ruofei, it's not that I'm trying to boost other people's morale and downplay our on our own, but the Galiny family is like a local tyrant in Australia." Tang Yitian said with a serious expression,"it's no exaggeration to say that they can even exert influence on the head of state of Australia. For you to deal with an entire clan by yourself, I'm afraid ..."

Although Tang Yitian had expressed his desire to stand up for Xia ruofei without hesitation, he knew very well that there was a gap in strength between him and the Garni family, especially in terms of influence in the entire Australian society. He was still far behind. It was because of this clear understanding that he felt that it was unrealistic for Xia ruofei to deal with such a terrifying family on his own.

"Don't forget that I'm a cultivator, big brother Tang," said Xia ruofei with a smile." Many times, the methods of cultivators are beyond the imagination of ordinary people in the secular world. No matter how powerful the Galini family was, and how powerful the two brothers were, if they were directly destroyed by physics, could they still be powerful? Of course, I still haven't decided how to deal with this matter and to what extent should I punish them. That's why I came to find you, big brother Tang!"

Only then did Tang Yitian realize that he didn't know much about cultivation. However, his son, Tang Haoran, was already a cultivator, so he wasn't completely clueless about the strength of a cultivator. If Xia ruofei were to personally assassinate an ordinary person, no matter how strict the security was, it would be useless.

In that case, Xia ruofei really wanted to get Grello. Galini's life was not difficult at all.

"What can I do for you?" Tang Yitian asked.

"I've come to find big brother Tang mainly for two things," Xia ruofei said, "first, I want to know more about the kalini family. The more detailed, the better. I think big brother Tang should know a lot of inside information that the outside world doesn't know."

"That's not a problem. I'm very familiar with the situation of the kalini brothers. In addition, our group also has a special information collection department that has long-term information on some of the powerful people in Australia. I'll get a copy of it from the company database for you to refer to!" Tang Yitian said without hesitation, then asked, "what's the other thing?"

Xia ruofei said, "I need big brother Tang to arrange a private hospital for me. I don't have a high requirement for the hospital's hardware. It's fine as long as the basic standard is met. But it must be absolutely reliable!"

"No problem!" "My personal doctor has a very high-end clinic," Tang Yitian said."The medical facilities are the best in all of Australia. He's also Chinese, so he's absolutely reliable."

"That's great!" Xia ruofei said happily,"big brother Tang, if possible, please arrange it for me as soon as possible."

"No problem!" Tang Yitian said, then asked,"ruofei, are you trying to turn Xiao Liang around?" With all due respect, Saint Saint Vincent Hospital's standard is still very high, not to mention that Mr. Tang He has specially transferred the top surgical team from the United States if they don't have any other solution and must amputate it, I'm afraid my private doctor won't have any good solution. Also, you said you wanted to try Chinese medicine, but there's no Chinese medicine in Sydney that's particularly good at treating external injuries ..."

"I just want to borrow the venue, big brother Tang," Xia ruofei said with a smile."I'll treat Liang Qichao myself."

"You?" Tang Yitian was dazed for a moment, but he immediately realized something."You want to use a cultivator's method?"

Xia ruofei nodded and said,"almost!" Anyway, I have to use my own method to treat Liang Qichao, so it's not convenient to do it in Saint Vincent Hospital. "I want to get rid of the United States surgical team and transfer Liang Qichao to the high-end private clinic you've arranged. Then, I'll be fully responsible for Liang Qichao's treatment. Big brother Tang, is there any problem with this arrangement at the clinic?"

"No problem!" Tang Yitian said,"I'm very familiar with doctor Qi. It's easy to coordinate!" How about this! I'll give doctor Qi a call now and ask him to arrange it immediately! We can transfer Xiao Liang over tomorrow morning. After all, this matter can't be delayed!"

3610 The hand of sin (2)

"Alright! Thank you, big brother Tang!" Xia ruofei said with a smile.

Tang Yitian directly called his private doctor in the car, and the matter was settled with a few words.

Doctor Qi would form a treatment team with surgical experts as the main team. He would transfer Liang Qichao to another hospital tomorrow. When Liang Qichao arrived at The Private Clinic, Xia ruofei would be in charge of all his treatment. Doctor Qi and the other doctors in the clinic would not participate in it, and it would be absolutely confidential.

Xia ruofei was naturally very satisfied, and repeatedly thanked Tang Yitian.

The car arrived at Tang Yitian's Manor in the suburbs of Sydney. Jennifer was naturally surprised to see Xia ruofei and Tang Haoran. manhua

In order to avoid Jennifer's worry, Xia ruofei and Tang Yitian had discussed it. They didn't tell Jennifer about Paradise Farm. They only said that Xia ruofei had to stay in Sydney for a few days for something urgent, so he brought Tang Haoran back.

Although Tang Haoran had only left for half a day, Jennifer had already missed him very much. She had thought that this time, the little guy would not be back until school was about to start. She did not expect to see him again so soon, so Jennifer was naturally quite surprised.

Tang Yitian had informed the servants to prepare dinner in advance, so when they arrived at the manor, dinner was already ready.

Thus, the group once again came to the small dining room in the manor and sat around the dining table to have a meal.

After the meal, Xia ruofei said,"Haoran, go play in your room!" I have something to discuss with your father."

"Oh! "I understand..." Tang Haoran said.

Actually, he also wanted to know how Xia ruofei was going to deal with this matter. However, since his master had already said it, he did not dare to disobey and obediently went back to his room.

Tang Yitian brought Xia ruofei to the study.

Jennifer served them a pot of tea and then left the study, leaving the two some space to talk.

Tang Yitian poured a cup of tea for Xia ruofei as he said,""Ruofei, the Galiny family is very influential in Australia, and they have a lot of power in both the police and the underworld. What do you want to know about them?"

"I want to know if there will be any uncontrollable consequences if the kalini brothers suddenly die?" Xia ruofei asked calmly,"also, these two brothers are definitely not clean. But I want to know what kind of misdeeds they have done?"

Xia ruofei had already decided to kill them. Based on the way they had dealt with Liang Qichao, he should have taken their lives. However, he still wanted to find out what other evil things the two brothers had done. As long as it was proven that they deserved to die, he would have a hundred ways to punish them.

While searching for information on the computer, Tang Yitian said, "If the two brothers suddenly die at the same time, it will undoubtedly be like a heavy bomb exploding in the entire Australian society. It will definitely set off a huge wave, no doubt. However, I believe that if you were to personally take action, you would definitely not leave any traces behind. It would be impossible for you to draw fire to yourself."

Xia ruofei smiled and nodded.

If he really wanted to take their lives, it would be too easy. Xia ruofei could completely control the flying sword from a distance and take their heads without anyone knowing.

As for sneaking near the two of them, it was even easier. He could just use a concealment talisman and walk in without any trouble.

Such a method of killing was not something that ordinary people in the secular world could even dream of. Even if the Australian police racked their brains, they could not find any clues.

Tang Yitian continued, "the Galiny family has almost monopolized the ore industry in Australia, especially the iron ore. Basically, the two of them have a firm control over it. So, if the two of them die, there will be a huge profit gap, and it will definitely cause many parties to fight for it. At that time, the whole of Australia will be in chaos. It will be a great opportunity!"

"Will it affect you in any way, brother Tang?" Xia ruofei asked.

"My businesses are mainly in the retail and entertainment industries," Tang Yitian said with a smile. "Although I've invested a little in the mining industry, it's a small one. This shouldn't affect me much." Maybe I can even get a share of the loot!"

Tang Yitian said it casually, but Xia ruofei looked thoughtful and said," Big brother Tang, if you make some arrangements in advance, Won't You Be able to obtain greater benefits? Or ... He might as well spare e the two brothers 'lives for the time being and take over all of their properties! Big brother Tang is going to be the local Emperor of Australia in the future!"

Tang Yitian couldn't help but be shocked. He forced a smile and said, ""RUO Fei, don't scare me! The galni family was too large, and besides the two brothers, Grello and Steve, there were many other members of the family. Even if the two brothers died, the interests of the galni family might be greatly damaged, but it would never fall apart. As for seizing all of their properties, that's even more impossible."

"Nothing is impossible!" Xia ruofei smiled mysteriously."As long as I want to do it, it's not difficult."

It was nothing more than to completely control Steve. It was just Kaliny. With one soul seal, Xia ruofei could do anything to Steve. Galini gave orders at will, even if it meant that he had to bring his own brother Grello. He would not hesitate to kill kalini.

Tang Yitian was also an ambitious person. If he was given more time, he might really be able to take over the entire Galini family's business.

Tang Yitian couldn't help but be shocked. Xia ruofei's words were undoubtedly very attractive.

However, he quickly sobered up and quickly said," "Ruofei, it's not too late to make a decision later. I'll also have to weigh the pros and cons."

Xia ruofei nodded and said,"it's just a sudden thought. Just think of it as a possibility!" If you have time, how about you think about the feasibility of this?"

"Alright, I'll seriously evaluate it!" Tang Yitian said seriously,"I'll tell you about the kalini family's situation and some of their misdeeds."

"Mm! I can!"

"The history of the kalini family isn't long, but they rose very quickly. The kalini brothers" father was actually a miner at first. He relied on the word "ruthless" to fight his way out and complete the most primitive accumulation of the family. The two brothers, Steve and Grello, were the key figures to the rise of the Galini family. It took them almost

15 years to integrate all of Australia's iron ore industry. Although they don't control all the resources, these related companies have a very close relationship with them. It can be said that they can decide the direction of the entire iron ore industry in Australia, and the wealth they have accumulated is naturally an astronomical figure."

By this time, Tang Yitian had already retrieved all the information about the Galini family from the database. He directly pressed the print button, and the printer immediately began to work. He continued, "The history of these two brothers" wealth can be said to be full of sin and blood. The two of them also have a bad record, especially Grello. He's a thug himself, so he's killed many people."

Tang Yitian continued,. Grello. " Galini was also a racist, especially against Asians. Eight years ago, there was a shocking criminal case Melbourne. A Chinese family was holding a wedding, but they were attacked by a bomb, resulting in heavy casualties. Most of the people who attended the wedding were local Chinese friends. This incident was most likely planned by Grayson, but there was no evidence left. As for the motive, some people speculated that he had a personal grudge with one of the guests at the wedding. And because most of the people at the wedding were Chinese, he personally planned such a cruel bomb attack..."

Xia ruofei couldn't help but reveal a trace of anger after hearing this. This kind of thing was simply outrageous. He slammed the table and said, "Just based on this matter, this Grello deserved to die!"

Tang Yitian said,"I can only say that the mastermind behind this tragedy is probably Grello." However, this had already become an unsolved case. After so many years, there was no hope of solving it. In fact, the Galini family has a deep infiltration of the police, which is why they are so arrogant."

Xia ruofei said coldly,"it's not difficult for me to investigate this." I'll get to the bottom of this!"

"If we can find out that he's the one behind it, it'll be a relief to the 32 victims from eight years ago," said Tang Yitian.

"What's the use of just investigating? if we really want to comfort the dead, we'll let this scumbag die in pain!" Xia ruofei said with a murderous look.

He had heard that many countries in the Western world discriminated against Chinese and knew that it was not easy for Chinese people to survive in a foreign land. However, after hearing such a tragic case in person, his feelings were completely different. Even without the incident at Paradise Farm, Xia ruofei would definitely take action based on this incident alone.

At this moment, the information had been printed out.

Tang Yitian put the documents into a folder and handed it to Xia ruofei. He said, "RUO Fei, this is the information I've gathered about the Galini family. You can take a look when you have time."

"Alright! Many thanks, big brother Tang!" Xia ruofei said.

"Don't say that!" Tang Yitian said, "I'm already very ashamed that I couldn't help you with this!"

"I can't blame you for this. I agree with Liang Qichao's decision. If he had asked you for help, you would have done something. However, it's too dangerous for you to go against the Galini family." Xia ruofei said calmly.

As Xia ruofei learned more about the kalini family, he understood Liang Qichao's decision at that time. He admired him in his heart.

"Sometimes, you can't just think about benefits. For example, I should be duty - bound for this matter!" Tang Yitian said seriously, "but this decision was made by Xiao Liang. You didn't know about it. If you made this decision yourself, I would be very angry. You're treating me like an outsider!"

Xia ruofei chuckled."Actually, it's my fault. I was cultivating in seclusion for a while. I guess Liang Qichao couldn't contact me because of that. Otherwise, all these things wouldn't have happened."

"Since things have come to this, there's no point in saying all this." Tang Yitian said, "now that you're personally handling this matter, you'll definitely be able to help Liang Qichao vent his anger!"

"En!" Xia ruofei stood up with the documents and said,"big brother Tang, I still have to go to the hospital. You should consider my suggestion carefully and then we can discuss a procedure. The wealth of the kalini family is ill - gotten anyway. If you don't take it, it'll benefit others!"

"Are you still going to the hospital at this hour?" Tang Yitian asked in surprise," why don't we rest here tonight and go tomorrow?"

"I need to talk to Liang Qichao about tomorrow's schedule. Also, I need to inform the United States surgical team in advance. After all, they came all the way here to treat Liang Qichao. Even though they're here for Mr. Tang's US dollars, we still have to appreciate their kindness!" Xia ruofei said with a smile.

"Then I'll send a car to send you. You'd better return to the manor to rest after you're done!" Tang Yitian said.

Xia ruofei thought for a while and nodded. "Alright! Then I'll be back soon!"

Tang Yitian immediately arranged for his chauffeur to prepare the Rolls-Royce limousine he usually used and personally sent Xia ruofei out.

After giving the driver some instructions, Tang Yitian said to Xia ruofei," "Ruofei, if there's anything, call me at any time! I still have quite a few acquaintances at Saint Saint Saint Saint hospital!"

Xia ruofei smiled and nodded,"okay!" In fact, Liang Qichao's treatment was handled by the United States team of surgeons, and Saint Vincent Hospital only provided the venue and some basic guarantee."

"That's good!"

Xia ruofei got into the car and waved at Tang Yitian. Then, the car slowly drove out of the manor and headed to Saint Saint Vincent Hospital in the city.

On the way, Xia ruofei took out his phone and dialed Mr. Tang He's number in the United States.

"Brother Xia! You finally took the initiative to contact me!" Tang He answered the phone and said, "I haven't been able to contact you recently. I'm so worried!"

"I'm sorry, Mr. Tang ... This is my problem. " Xia ruofei replied,"I'm already in Sydney. I'll handle Paradise Farm soon. Don't worry!"

"You went to Australia?" he asked. Tang He was very surprised."Brother Xia, it's very dangerous for you to be in Australia at this time! A gentleman does not stand under a dangerous wall. You'd better leave as soon as possible!"

Such a big incident had happened at Paradise Farm, and even Liang Qichao almost lost his life. Tang He had only sent an Elite Surgical team and remotely coordinated the matters of Paradise Farm in the United States. He himself did not come personally, mostly out of consideration for personal safety.

3612 Treating and saving people (2)

The Galini family was known for their ruthless methods.

Of course, Paradise Farm was not worth mentioning to Tang He's huge industry. He didn't have to personally make a trip to the farm. If Liang Qichao wasn't Xia ruofei's friend and the junior that he admired the most, he probably wouldn't even send a medical team.

Xia ruofei chuckled."Mr. Tang, you don't have to worry about safety. I'm very safe in Australia. I won't leave until I settle the matter at Paradise Farm."

After saying this, Xia ruofei didn't wait for Tang He to persuade him again and immediately continued,""Mr. Tang, I'm calling you this time mainly to discuss brother Liang's treatment."

Tang He could not help but sigh and said," "I'm also very concerned about Qi Chao's situation. The medical team reports to me in written emails every day about the treatment, but it doesn't look very good now! I'm afraid Lil Chao won't be able to keep his legs. I don't even know how to explain this to Weimin and his wife!"

Xia ruofei said, "I've got a general idea of the situation. Brother Liang's injuries are not light, but it's not to the point of amputation." I've already contacted a high-end private clinic in the City of Sydney. I'm going to transfer brother Liang there tomorrow to receive treatment that combines Chinese and Western medicine. Brother Liang has already agreed to this, so I called you to tell you. Also ... The medical team from United States can be withdrawn tomorrow!"

"What?" Tang He was very surprised. "You mean little Chao's legs can still be saved?"

"I can only say that the chances are very high!" Xia ruofei didn't give a definite answer.

"Kevin Qiao is a well-known surgeon in the United States, and he's second to none in the Chinese circle. If he can't do anything, do you think the local private clinic in Sydney can?" Tang He said doubtfully.

"I'm pretty confident about this. " Xia ruofei said, "Mr. Tang, don't worry and call the medical team back. I'll take responsibility if anything happens here!"

"It's not that I don't trust you, brother Xia," said Tang He."I'm just a little uncertain. "Of course, I completely agree with you transferring super to another hospital for treatment, but there's no need to ask the medical team I sent to come back immediately, right? It would be better to leave them in Sydney so that they could be of use in case of an emergency. I promise they won't interfere with the rest of the treatment!"

Xia ruofei knew that Tang He was so insistent because he cared about Liang Qichao.

Hence, Xia ruofei only muttered to himself for a while before he nodded and said, "This works too. But I'll have to trouble you to explain it clearly to doctor Qiao so that he won't have any misunderstandings."

"No problem!" Tang He said readily, "I'll let them book a hotel in Sydney and stay there. They'll be on standby! Also, I'll tell them that from now on, you'll be fully in charge of the entire team, and they'll be at your disposal at any time. How about it?"

"Then, thank you, old Mr. Tang!" Xia ruofei said.

"You're too kind, brother Xia!" Tang He said, "if Lil Chao's legs can be saved, I'll have to thank you!"

After Xia ruofei hung up the phone, he leaned back in his seat and closed his eyes to rest for a while. Soon, the car arrived at Saint Saint Vincent Hospital.

He told the driver to wait for him in the car for a while, then called Kevin Qiao as he walked into the hospital building.

When Xia ruofei walked out of the elevator on the floor of the intensive care unit, Kevin Qiao was already waiting there.

Kevin Qiao's feelings were complicated. He had received Tang He's call when Xia ruofei was still on the road. He knew that Liang Qichao would be transferred to another hospital the next morning, and the follow-up treatment would have nothing to do with them. "Mr. Xia!" Kevin stepped forward and greeted.

Xia ruofei smiled and nodded at him. He asked," "Dr. Qiao, has old Mr. Tang told you about it?"

Qiao Kaiwen bitterly smiled and nodded, saying,"Yes! Our team's follow-up work arrangements will be at your command, Mr. Xia!"

"It's not an order, it's all for the patient!" Xia ruofei said, "Dr. Qiao, since you already know the follow-up arrangements, please help Liang Qichao complete the transfer procedures before the hospital starts work tomorrow. I've contacted a high-end private clinic tomorrow morning and they will send someone over to deal with the transfer!"

"You went to Australia?" he asked. Tang He was very surprised."Brother Xia, it's very dangerous for you to be in Australia at this time! A gentleman does not stand under a dangerous wall. You'd better leave as soon as possible!" Such a big incident had happened at Paradise Farm, and even Liang Qichao almost lost his life. In the intensive care unit's duty room, it was still Dr. Karim's shift. He had to stay there until eighto' clock the next morning before his colleague would come to change shifts.

Dr. Karim and Dr. Kevin Qiao were sitting in the duty room with the surveillance screen in front of them. The surveillance screen in Liang Qichao's ward was still full of snowflakes and stripes.

When the screen flickered a few times and became clear again, doctor Karim immediately said," "Dr. Qiao, Mr. Xia has already come out, I'm sure!"

Kevin got up and took a look, and found that it was indeed the case. He quickly greeted doctor Karim and quickly walked out to greet him.

Doctor Karim sat in the duty room and muttered,""Mysterious Eastern magic ...

"Mr. Xia!" Qiao Kaiwen stepped forward and asked, "how's Mr. Liang's condition?"

"He's already asleep," Wang Yao said."His condition is stable for the time being. It shouldn't be a problem to transfer him to another hospital tomorrow." Xia ruofei said, "doctor Qiao, if there's nothing else, I'll go back first. You've worked hard these past two days. Go back and rest early!"

"Alright!" Kevin Qiao said,"then we'll see you tomorrow morning!"

Kevin Qiao's team took turns on duty in the hospital. Today, Kevin Qiao was in charge of the duty. Even if he was resting, he could only sleep in the doctor's lounge next to the intensive care unit area. He had to ensure that the doctor on duty could find him as soon as something happened to the patient.

Kevin Qiao walked Xia ruofei to the first floor and waved goodbye to her.

Xia ruofei got into Tang Yitian's Rolls-Royce and went back to the manor.

It turned out that this was Tang Yitian's private doctor and the owner of the high-end private clinic that provided the treatment venue.

Doctor Karim sat in the duty room and muttered,""Mysterious Eastern magic

"Mr. Xia!" Qiao Kaiwen stepped forward and asked,"how's Mr. Liang's condition?"

"He's already asleep," Wang Yao said."His condition is stable for the time being. It shouldn't be a problem to transfer him to another hospital tomorrow." Xia ruofei said,"doctor Qiao, if there's nothing else, I'll go back first. You've worked hard these past two days. Go back and rest early!"

"Alright!" Kevin Qiao said,"then we'll see you tomorrow morning!"

Kevin Qiao's team took turns on duty in the hospital. Today, Kevin Qiao was in charge of the duty. Even if he was resting, he could only sleep in the doctor's lounge next to the intensive care unit area. He had to ensure that the doctor on duty could find him as soon as something happened to the patient.

Kevin Qiao walked Xia ruofei to the first floor and waved goodbye to her.

Xia ruofei got into Tang Yitian's Rolls – Royce and went back to the manor.

As for the driver and bodyguard who had sent him over in the afternoon, Xia ruofei had already called them to Return to Paradise Farm.

At the same time, Xia ruofei called Daphne and briefly told her about Liang Qichao's situation. He also told her that he would transfer Liang Qichao to another hospital tomorrow.

After returning to the manor, Xia ruofei greeted Tang Yitian and his wife and went to rest in the guest room that they had prepared.

The next morning, Xia ruofei and Tang Yitian left for Saint Saint Vincent Hospital.

At the entrance of the hospital, a Chinese man in a suit and leather shoes was already waiting there in advance. This Chinese man was in his early forties, wearing a pair of gold – rimmed glasses, and his hair was neatly combed. One look and you could tell he was an elite.

When he saw the Rolls – Royce limousine, he immediately went up to greet Tang Yitian. As soon as Tang Yitian got out of the car, he immediately bowed and greeted,""Hello, Mr. Tang!"

"Doctor Qi, 1'11 have to trouble you this time." Tang Yitian smiled and nodded.

It turned out that this was Tang Yitian's private doctor and the owner of the high – end private clinic that provided the treatment venue.

"You're too kind," doctor Qi quickly said.."It's my honor to be of service to you!"

Chapter 3615: The Galini family's death knell (1)

"Alright, you can recuperate here in peace!" Xia ruofei said,"I'll come over every day to change your medicine and treat you. When you've recovered a little, you won't have to stay in the ward anymore. Go back to Paradise Farm to recuperate. The environment there is better!"

"Thank you, ruofei!" Liang Qichao nodded and said.

"We're brothers, no need to be so polite!" Xia ruofei laughed and said,"Oh, I've told Daphne the address. She'll visit you when she's free!"

"En!" Liang Qichao nodded.

Xia ruofei stood up and was about to leave when he suddenly stopped and turned around.""Brother Liang, are you really not going to tell uncle and Auntie about this?"

"I'm afraid they'll be worried! There's a lot of work at home and the company, so don't make things difficult for them." Liang Qichao said,"we're overseas, after all. I don't feel good about letting the old man fly all the way here." So ... Even if you want to tell them, wait until I'm almost fully recovered before telling them."

"Alright! I'll respect your decision!" Xia ruofei smiled and said,"what you need to do now is to calm down. With me around, I will definitely not let anything happen to you! Not only were your legs seriously injured, but your liver was also crushed and a part of it was removed. This is a very serious injury. You have to be mentally prepared, the recovery period will not be too fast!"

"I understand!" Liang Qichao said with a bitter smile,"I'm already very lucky to be able to survive this time! It would be even better if he could keep his legs! As for the rest... I really don't dare to hope for anything!"

"Your leg will definitely be saved!" Xia ruofei said firmly,"! will not let you have your leg amputated!"

"I believe you!" Liang Qishi nodded heavily.

"Then I'll go out first! You can rest in peace!" Xia ruofei said with a smile.

He had just reached the door of the ward when Liang Qichao called out to him from behind.

"RUO Fei!"

Xia ruofei stopped in his tracks and turned around to look at Liang Qichao.""Brother Liang, is there anything else?"

"I want to ask... How do you plan to handle this matter?" Liang Qichao asked,"the kalini family is too powerful. Don't go head to head with them!" If anything happens to you, I'll have to bear the blame even if I die ten thousand times!"

Xia ruofei laughed and said,"leave the rest to me!" All you need to do is to recuperate in peace and don't worry about anything else! Don't worry, I'm not the kind of person who will rush up and fight to the death! Just wait for the results!"

"Alright then!" Liang Qichao said,"I believe you'll handle it calmly. Ruofei, this isn't our country after all. There are many obstacles here, so you have to be prepared for the difficulties!"

“Mm! I will!” Xia ruofei smiled and nodded. Then, he waved at Liang Qichao and said,”I’m leaving!”

As soon as Xia ruofei walked out of the ward, a nurse came up to him.

The nurse was also Chinese, and she spoke in Chinese,”Hello, Mr. Xia! I’ll be in charge of Mr. Liang’s care during this period. Is there anything you need?” “There’s nothing special to pay attention to. Just follow your nursing procedure!” Xia ruofei smiled and said,”you’ve worked hard!”

“You’re welcome! This is my job, it’s not hard!” The nurse said with a smile,”by the way, Mr. Tang and Dr. Qi are in the reception room on the second floor. I’ll Take You There!”

“Alright, you can recuperate here in peace!” Xia ruofei said,”I’ll come over every day to change your medicine and treat you. When you’ve recovered a little, you won’t have to stay in the ward anymore. Go back to Paradise Farm to recuperate. The environment there is better!”

God-tier Farm

Chapter 3617:I see (1)

In Turak, a high – end wealthy community where every inch of land was worth an inch of gold, any ordinary house was expensive. The real estate in kalini was located by the Yala River, which had the best location and environment. It was also on the gentlest part of the river, so the price was naturally even more shocking.

The small Manor was built along the hillside and was surrounded by scattered forests, making it independent of other residential areas. A small path under the manor extended to a large green grass slope by the Yala River. The grass was also Steve ‘s. Galiny’s private property.

The privacy here was naturally very high, which made it more convenient for Xia ruofei.

His Black Phoenix flying ship stopped right above a forest. He then cast a concealment talisman on himself and jumped off the Flying Ship. As he landed on the ground, he casually kept the shrunken Black Phoenix flying ship.

Xia ruofei stood in the forest and used his spiritual power to scan the area.

This place was already very close to the manor. His spiritual power at the spiritualization realm could easily cover the entire Manor.

The photos and information of the Kaliny brothers and some important people in their family that Tang Yitian had provided were very detailed. Xia ruofei had memorized them after looking at them once.

If Steve. If Galini was in the manor, he would definitely not be able to escape Xia ruofei's search.

His mental power was like a sieve, and in a short while, it had sifted through the entire Manor.

Steve. Galini was not in the manor.

His younger brother Grello. Galini also did not appear.

However, Xia ruofei was not dejected. He had already locked onto a target.

The man's name was Tony, Steve. According to Tang Yitian's information, Steve was the most trusted Butler of Galiny. Jarini's schedule was all arranged by this Tony, and the two brothers basically didn't hide anything from him.

So, finding Tony was basically the same as finding Steve. Galini.

Xia ruofei's body flashed and disappeared into the forest in an invisible sword light. At this time, sword Kinesis flight was obviously more agile.

As Xia ruofei still had the invisibility talisman on him, his flying sword was invisible and intangible in the eyes of ordinary people. Hence, the manor's strict security was non – existent. Xia ruofei swaggered through the main entrance and flew in at a low altitude.

The main building of the Galini Manor was like a small castle. It was surrounded by several subsidiary buildings in the middle of the manor.

In the small castle, Butler Tony was in Steve's office. As the Butler of the Galini family, the servants, security guards, and drivers of the entire Manor were all managed by Tony. His status was only higher than the general high – ranking members of the Galini family, so he naturally didn't have to do things like cleaning himself. However, Steve. Tonnier had always been the one who cleaned jarini's study, never letting anyone else do it.

In fact, other than Grello. Other than his younger brother, Tony, was the only one who could freely enter and exit the study, so it could be seen that Steve was not the only one. Galini's trust in Tony.

There were too many secrets in this study. There were trade secrets of the entire mining Empire, as well as a lot of information and information that could not be exposed to the public. Galini did not trust anyone. Even if it was Grello. Even the Galini had to get permission from her brother Steve before they could enter.

It was not Steve. Galini did not trust Grello. Galini, mainly because of Grello, was more or less a little out of his mind. He was good at fighting and killing, but he was much worse at conspiracies. Galini was worried that his brother would accidentally reveal some things.

Tony was different. All of Galini's Affairs were handled by him, and he was the most trusted of his trusted aides.

If there was one person in the world who knew Steve Best, Steve. Galini. That was definitely not Grello, who was his younger brother, but Tom.

Right now, Tony was wearing a well – ironed suit and shiny black leather shoes, stepping on the soft wool carpet and gently wiping the desk with a cloth in his hand.

It was very quiet in the study because the soundproofing was very good and the carpet was very thick.

However, as he was wiping, his movements gradually slowed down. When he looked up, he saw a figure standing quietly behind him in the reflection of the glass in the cupboard behind the desk.

This discovery made his hair stand on end, and his entire body stiffened.

No one was allowed to enter this study except for Mr. Galini. Once such an action was discovered, the outcome would be very miserable.

The security inside and outside of the Galini Manor was extremely tight. Under such circumstances, how could someone sneak into the manor without anyone noticing?

Tony slowly turned around.

He did not even see what the person in front of him looked like. In fact, it would be meaningless even if he did. When Xia ruofei landed in Melbourne, he had changed his appearance just in case.

After turning around, Tom's eyes involuntarily focused on the bright eyes of the mysterious infiltrator. The eyes seemed to have magic, and in an instant, Tom's eyes became misty, and he became like a walking corpse..

God-tier Farm

After Xia ruofei easily hypnotized Tang Nier, he did not waste any time and directly asked,"Steve. Where did Galini go?"

Usually, he would treat Steve with respect. Tonnier, who was loyal to Galini, did not hesitate in the hypnotism and said," "Mr. Galini went to a fashion party in Brian and left at ten in the morning."

Xia ruofei could not help but frown. He did not expect to come to Melbourne and find nothing. Even though the black Phoenix flying ship was quite fast, he still felt a little displeased.

"When is he coming back?" Xia ruofei asked coldly.

"According to the plan, Mr. Galini will return to Melbourne by private jet later tonight." Tony said, "but I'm not too sure. If Mr. Galini has a good time in Bolton, he might spend the night there, but he'll definitely be back tomorrow morning because there's an important meeting with the mining Alliance at around 11 a.m. He can't be absent."

Tony was indeed Steve. Not only did the confidant of Galini know his schedule like the back of his hand, but he also knew his habits very well.

Xia ruofei knew a little about it. This so-called Fashion party was actually a hunting ground for the rich and powerful. Galini had found a suitable "prey" today, so it was naturally possible that he would spend the night in Bolton. Otherwise, he would have returned tonight.

Xia ruofei continued to ask,"some time ago, Grello ... Do you know the reason why Galini suddenly started to attack Hunter Valley's Paradise Farm?"

Since Tony was Steve. Xia ruofei was Galiny's trusted aide, and he would not just ask Steve. The one he wanted to know the most about Galiny's schedule was actually Grello. He had to figure out Galini's motive for suddenly attacking Paradise Farm before he could plan his next step.

Tony didn't hesitate and said, "Mr. Galiny has taken a fancy to the advanced cultivation technology of Paradise Farm, and the group will purchase a large number of high - Quality farms and ranches in the next few years to enter the agricultural industry. The high - Quality products of Paradise Farm are the reason why Mr. Galiny made this decision. At the same time, it is also an important part of the group's farm and ranch strategy in the future. Therefore, Mr. Galiny sent Mr. Galiny junior in the hope of taking over Paradise Farm at the lowest price. The bottom line is to have absolute control of the farm. As for what exactly Mr. Galiny did, I'm not too sure. Usually, Mr. Galiny would not interfere after he gave the task to Mr. Galiny junior. He only cares about the results and not the process."

Hearing this, Xia ruofei came to a realization.

It turned out that the Galini family wanted to enter the agricultural industry. No wonder they were so eager to take down Paradise Farm. It turned out that they were interested in the core technology of Paradise Farm.

Although this "core technology" had nothing to do with Paradise Farm, Steve Galiny didn't know! That was why he sent his brother Grello to deal with this matter.

And if one were to get to the bottom of it, it was also because of the rapid emergence of Paradise Farm in Australia, and the amazing products of Paradise Farm that quickly occupied the high-end market, that led to Steve's downfall. Galini had the idea of entering agriculture.

Xia ruofei didn't know whether to laugh or cry. He had thought that Paradise Farm might attract some covetous eyes. After all, the bird that sticks out first will be shot, and the rafters that stick out will rot first. However, he didn't expect to attract a behemoth like the kalini family. According to the general rule, the kalini family shouldn't be interested in such a large scale of interest.

However, he ignored the temptation of benefits. The Galini family indeed looked down on the benefits of Paradise Farm, but they saw the benefits of the "core technology," so they were prepared to acquire high - Quality farms on a large scale and then get the technology of Paradise Farm.

If this technology was promoted throughout Australia, the benefits it would bring would be incomparable to Paradise Farm. After all, paradise vegetables didn't have to worry about sales and could completely sweep the huge global market.

Such benefits were enough to move the Galini family.

After understanding the cause and effect, Steve said," Galiny sect's extraordinary Leiro. It was easy to understand why Galini was here to handle this matter. After all, although Grello was stupid, he was best at seizing things by trickery.

And that was the truth. As soon as greello made his move, Paradise Farm fell into all kinds of trouble. Greello's methods were also very aggressive. On the one hand, he used all kinds of methods from the underworld and the White to force Paradise Farm, and on the other hand, he was ready to kill Liang Qichao directly. This was a way to make an example of others.

An ordinary person would probably compromise after being tricked like this, especially when they knew that their opponent was the huge Galini family.

However, the kalini brothers would never have thought that they had provoked someone they should not have. How could Xia ruofei compromise? Even if the opponent was a cultivator more powerful than him, he would rather break than bend, let alone the kalini brothers who were just ordinary people in the secular world.

After Xia ruofei had figured out the cause and effect, he had already made a decision.

He then asked, "do you know greello?" Is Galini there now?"

"Mr. Galiny Jr. Rarely stays in Melbourne. He's mainly active in Sydney during this period of time, probably to direct the operation against Paradise Farm!" Tony replied,"I'm not too sure about his exact location. I usually stay in the Galini Manor and am only responsible for Mr. Galini."

Tony would not lie under hypnosis, so Xia ruofei knew that he would not be able to get any more information about Grello from him. It was news from Galini.

He thought for a while and then asked a few more questions about the inside story of the kalini family's Black Gold business.

Tony naturally told him everything he knew. After all, he was Steve. The head butler of kalini knew a lot of information, which Tang Yitian didn't collect.

After Xia ruofei heard this, he compared it with the information from Tang Yitian. He couldn't help but be amazed at the hidden strength and wealth of the kalini family. They were much stronger than Tang Yitian's speculation.

If Tang Yitian could make up his mind this time and come up with a more secure plan to take over most of the Galini family's wealth, his strength would double or even triple without a problem.

After Xia ruofei got the information he needed, he didn't stay any longer and disappeared in a flash.

The moment his figure disappeared from the room, Tom also woke up from his state of hypnosis.

Moreover, he had no memory of what had happened during the hypnosis.

His memory was still stuck at when he saw a figure in the reflection of the window, and then he turned around to check.

So when he saw that there was no one behind him, he didn't think much about it. He just rubbed his eyes, thinking that he was seeing things.

After all, he wasn't young anymore, and what he had seen just now was only a reflection, so it wasn't particularly real.

Tony didn't think too much about it and turned around to continue wiping the desk.

Xia ruofei did not leave the manor. He found an empty room and entered it.

His spiritual power had been covering the entire Manor all along, so he knew the situation here like the back of his hand. Naturally, he knew where there were people and which rooms were empty.

In fact, the person Xia ruofei had entered was Steve. In Galiny's bedroom. Other than Tom, Neil, and a servant who was in charge of the place's hygiene, no one else was allowed to enter the manor. Hence, Xia ruofei's hiding place was safe.

Chapter 3619 - 3619 Capture the king before capturing the bandits 1

3619 Capture the king before capturing the bandits 1

Steve. Galiny's bedroom was actually a very luxurious large suite. In addition to the sleeping room, there was also a reception area outside, which was probably used to discuss business with his confidants.

Xia ruofei was sitting on the sofa in the living room with his legs crossed.

He had been using his power of the will to investigate the outside world, and the main target of his investigation was naturally Tom.

Because Tony was the most likely to enter the bedroom, and Tony was Steve. He was Galini's trusted aide. Tonnier's side would definitely be the first to be informed of any movements in jarini.

Time passed by slowly. Xia ruofei was very patient. Anyway, the monk could run away, but the temple could not. He had to wait for Steve. He would only go back after gulini. At most, he would just change Liang Qichao's medicine a little later. It would not affect him much.

The sun was slowly setting, and night was about to fall.

The servants in the Galini Manor had their own duties, and the security guards were patrolling as usual. The whole Manor was heavily guarded, and no one knew that an "uninvited guest" had broken into the manor for a long time, and had been staying in Steve's house. In Galiny's bedroom.

At this moment, Xia ruofei's spiritual power detected that Tom's phone was ringing.

Xia ruofei immediately focused all his attention on Tony and focused his spiritual power on this area.

Tony took a look at the caller ID and quickly picked up, his attitude very respectful."

"Mr. Garini, what can I do for you?"

Xia ruofei's spirits were lifted and he increased the intensity of his mental strength. Although the sound of the phone was soft, he could still hear it clearly.

"Tony, I've boarded the plane. It's about to take off." On the phone, Steve. Galini's voice was a little lazy, and he was obviously not in high spirits."Arrange for someone to pick us up."

"Yes, Mr. Galini!" Tony said respectfully.

On the other end, Steve. Galini did not say anything more and hung up the phone.

Xia ruofei also heaved a sigh of relief. Galini did not have a good time in Brian, so he was ready to rush back to Melbourne overnight, which would also avoid a longer wait.

After Tony Hung up the phone, he immediately started making arrangements.

In addition to dispatching vehicles and the security personnel, he also asked the kitchen to start preparing food now. They had to prepare in advance whether or not Galini would eat after he returned.

It took about two hours to fly from Brian, so there was plenty of time, but Tony didn't delay after making the arrangements. He quickly left the manor with a few cars, planning to wait for them at the airport.

Xia ruofei did not follow them out. Instead, he continued to stay in the Galiny Manor. Galini would definitely come back tonight, and he would not be able to find anything if he stayed here.

Maybe it was because of Steve. Since Galiny was coming back to stay, the servant who was in charge of cleaning the bedroom came here and cleaned the quiet bedroom again.

Xia ruofei added a concealment talisman on himself. Even though he was in the room, the servant did not notice his presence.

Steve. Galiny's bedroom was actually a very luxurious large suite. In addition to the sleeping room, there was also a reception area outside, which was probably used to discuss business with his confidants.

Xia ruofei was sitting on the sofa in the living room with his legs crossed.

He had been using his power of the will to investigate the outside world, and the main target of his investigation was naturally Tom.

Because Tony was the most likely to enter the bedroom, and Tony was Steve. He was Galini's trusted aide. Tonnier's side would definitely be the first to be informed of any movements in jarini.

Time passed by slowly. Xia ruofei was very patient. Anyway, the monk could run away, but the temple could not. He had to wait for Steve. He would only go back after gulini. At most, he would just change Liang Qichao's medicine a little later. It would not affect him much.

The sun was slowly setting, and night was about to fall.

The servants in the Galini Manor had their own duties, and the security guards were patrolling as usual. The whole Manor was heavily guarded, and no one knew that an "uninvited guest" had broken into the manor for a long time, and had been staying in Steve's house. In jarini's bedroom.

At this moment, Xia ruofei's spiritual power detected that Tom's phone was ringing.

Xia ruofei immediately focused all his attention on Tony and focused his spiritual power on this area.

Tony took a look at the caller ID and quickly picked up, his attitude very respectful.""Mr. Garini, what can I do for you?"

Xia ruofei's spirits were lifted and he increased the intensity of his mental strength. Although the sound of the phone was soft, he could still hear it clearly.

"Tony, I've boarded the plane. It's about to take off." On the phone, Steve. Galini's voice was a little lazy, and he was obviously not in high spirits."Arrange for someone to pick us up."

"Yes, Mr. Galini!" Tony said respectfully.

On the other end, Steve. Galini did not say anything more and hung up the phone.

Xia ruofei also heaved a sigh of relief. Galini did not have a good time in Brian, so he was ready to rush back to Melbourne overnight, which would also avoid a longer wait.

Chapter 3621 - 3621 The strongest spy (1)

3621 The strongest spy (1)

"Big brother Tang, the reason why I asked to meet you in secret today is because it's a matter of great importance." Xia ruofei said seriously, "if this gets out, it will be extremely difficult to take over the galni family's business in the future. And if people find out that you're involved, you'll be in great danger."

Xia ruofei was not exaggerating to scare him. The Galiny family was powerful and it was not just the Galiny family that was involved. There were many other forces that followed them, forming a huge Interest Group. If people found out that Steve, the head of this Interest Group, was a man who was not afraid of the consequences, they would be in trouble. Galini was already under someone's control, and that would undoubtedly cause a huge uproar.

Of course, to Xia ruofei, this didn't matter at all. He wasn't interested in the galni family's business at all. But since he had decided to completely destroy the galni family and let Tang Yitian benefit from it, he had to be careful.

Tang Yitian nodded seriously. He naturally understood the stakes.

He still couldn't believe it. He looked at Steve, who was standing aside with his hands down. Galini said with some uncertainty,"RUO Fei, this ... This won't be a problem, right?"

Xia ruofei smiled and said, "big brother Tang, don't you know what kind of person I am?" If I wasn't confident, would I have dragged you into this? Besides, even if I wanted to put on an act, I couldn't have pulled Steve into it. Is a Big Shot like Galini going to cooperate with me?"

After that, Xia ruofei turned to Steve. "Come and see big brother Tang!" Said Galini.

"Hello, big brother Tang!" Steve. "Sir!" Galini greeted respectfully without hesitation, without the slightest reservation of an

Australian mining tycoon.

Even though Tang Yitian felt that it was unbelievable, he believed it in his heart. In his opinion, there was no such person as Galini who was so respectful. Even the head of state of Australia could not do it.

Xia ruofei could take Steve. The fact that Galiny ordered her around like a maidservant was enough to explain the problem.

Xia ruofei looked at his watch and said,""Big brother Tang, let's get to the main topic as soon as possible! I still need to get Steve. In order to smoothly take over the Galini family's business, we can't let anyone notice anything wrong during this period."

"You're right!"Tang Yitian nodded. RUO Fei, what is the main reason you called me here today?"

Xia ruofei said, "I told you to talk to Steve. You can also discuss a safe takeover plan, including how to use it to hide it from others, which properties can be taken over, which properties must be abandoned, the order of taking over, etc. Try to come up with a general idea, and then you can perfect it after you go back."

Tang Yitian's expression was a little strange. Galini was discussing how to seize all of their family's property? This in itself was absurd. He could not help but look at Steve again. Galini, found Steve. Unexpectedly, Galini also looked like it was a matter of course. Not only was he not angry, but he was also excited to finally work for Xia ruofei.

Xia ruofei saw Tang Yitian's dumbfounded expression and couldn't help but ask," "Is there a problem, big brother Tang?"

Tang Yitian came back to his senses and forced a smile."""No, I didn 't! No! I'm just not used to it."

He ridiculed in his heart, no one would be able to get used to it!

Discuss with the person involved how to seize his own family property? Is this something a human should do? But why did it still feel a little good?

Xia ruofei chuckled."Leave professional matters to the professionals. You guys can discuss the rest. I'm not in charge."

"Don't get me wrong. I'm not a professional murderer!"Tang Yitian didn't know whether to laugh or cry.

"Hahaha! I didn't mean it that way. " Xia ruofei laughed.

Tang Yitian tried to test Steve. "Steve, shall we start?" asked Galiny.

"Alright!" Steve. "Master told me on the way here," Galini said quickly."I'll introduce some of our family's businesses to you, and then I'll give you my suggestions from my point of view!"

"Oh..." Tang Yitian was stunned for a moment, then said,"okay!"

Steve. "Our main industry is the mining Group," said Galini."The equity structure of the mining Group is more complicated, mainly including..."

Steve. Tang Yitian listened attentively and recorded the important points from time to time.

This was a strange scene. Xia ruofei found it funny.

He poured himself a glass of red wine and stood on the balcony to look out at the City of Sydney. It was a hot summer in the Southern Hemisphere, and the cool breeze on the balcony was very comfortable.

Tang Yitian and Steve. After talking for about two hours, Galini had basically come up with a feasible initial plan.

Next, the two of them would work on the plan separately, and they agreed to meet again in two days.

Tang Yitian said to Xia ruofei,"ruofei, I'm really convinced!" How did you make Steve... Why is Galini so loyal to you? The means of cultivators are truly unpredictable!"

Chapter 3622 - 3622 The strongest spy (2)

3622 The strongest spy (2)

Xia ruofei laughed and said, "big brother Tang, it's hard to explain this in common words. You can think of it as magic!" It looked magical, but the principle was not complicated. Let's not talk about this. How was your chat?"

"We've basically reached a consensus!" Tang Yitian sighed."The kalini family is much more powerful than I thought. If Xiao Liang had come to find me a few days ago and I had intervened rashly, I might have been in trouble!"

"That's why I still admire brother Liang. He knew that he was a Mantis trying to stop a car, but he insisted on not dragging you down with him!" Xia ruofei said, "it's for this reason that I have to protect his legs and return him a healthy body no matter what!" "Yeah!" Tang Yitian nodded and said.

"Have you guys discussed how to take over the galni family's business?" Xia ruofei asked.

"I have a general idea," Tang Yitian nodded. We'll set up a foundation in secret, and then Steve. With the cooperation of the Galiny family, the assets of the Galiny family were gradually transferred to the foundation. "Of course, we mainly chose assets related to mining and some real estate. The galni family still has some shady businesses, and they're even involved in the drug and arms trade. I think we should destroy these businesses! We can't take it, but at the same time, we have to avoid falling into the hands of others."

Xia ruofei secretly nodded. Tang Yitian's three views were still quite upright. He said, "Yes! These were all harmful things. Destroying them could be considered as doing good! I agree!"

"Ruofei," Tang Yitian continued, "I can't run this Foundation alone. I need to discuss with you. We need to select a group of loyal and reliable people to join this Foundation."

Xia ruofei nodded and said,"that's for sure. I also agree with this." However..... The person you choose must be reliable. In addition, I will personally investigate him. I hope big brother tang can understand this. It's not that I don't trust you. "

"I know, you have your own methods as a cultivator!" Tang Yitian laughed. "This is insurance for the foundation. It's a good thing!" How can I not understand?"

Chapter 1958: the first Prince!

3623 Return first (1)

Xia ruofei didn't go to Tang Yitian's house. Instead, he found a place near the Qi's clinic to land the airboat. Then, he appeared in an empty alley and walked to the Qi's clinic not far away.

He went straight to Liang Qichao's ward. When he pushed the door open, he saw Liang Qichao leaning against the bed and eating breakfast. The person sitting by the bed feeding him breakfast was not the nurse of Qi's clinic, but rather, it was Daphne.

When she saw Xia ruofei, she quickly put down her bowl and stood up.""Mr. Xia, you're here!"

"You're early, Daphne!"Xia ruofei said with a smile.

Daphne was generous. She smiled and said,""I left the Hunter Valley at dawn! I heard that Qi Chao was transferred to another hospital, and I was a little worried, so I came here as soon as I finished arranging the farm. "

Liang Qichao felt a little uncomfortable.""I already told her not to come, but she didn't listen. It's not safe outside now, and the road is even more dangerous. You say ..."

Xia ruofei smiled and waved his hand,"brother Liang, don't be so ignorant!" You should be secretly happy that Daphne is so devoted to you! You see, you might have become a cripple without legs, but she still didn't leave you. It's rare!"

Xia ruofei and Liang Qichao communicated in Chinese. Although Daphne had been learning Chinese since they got together, it was one of the most difficult languages in the world. Therefore, her Chinese was still average. She could not understand a few words of their conversation, so she was still confused.

She thought for a moment and said in choppy Chinese,""Rare? Mr. Xia, it won't be difficult! It's only 60 minutes by car from the Hunter Valley."

Xia ruofei and Liang Qichao were stunned for a moment, then they looked at each other and laughed.

Xia ruofei said in English,"forget it, let's just communicate in English!" We can't bully Daphne for not knowing Chinese!"

Liang Qichao's English had become very fluent, so he changed to English and said, "I've never dared to bully her!"

This time, naturally, Daphne understood everything. She couldn't help but smile and say,"Qi Chao is very good to me. He never bullies me!"

"This dog food... Is really unexpected!" Xia ruofei couldn't help but roll his eyes.

"Dog food?" "What?" Daphne was confused.

Although Xia ruofei spoke in English, even if he said 'dog food' in English, Daphne still could not understand it.

Liang Qichao explained, not knowing whether to laugh or cry. He explained to Daphne the source of the Chinese internet trolls such as "single dogs" and "spreading dog food."

Daphne was also overjoyed. She laughed so hard that she couldn't even stand straight.

Xia ruofei smiled and said, "brother Liang, you look much better today!" Did you have a good night's sleep?"

"I slept all the way until dawn!" Liang Qichao said,"it's rare for me to sleep so well after I got injured. It seems like my wound doesn't hurt as much anymore!" But it's still a little itchy ..."

At this moment, there was a knock on the door. Xia ruofei said loudly," "Please enter!"

Qi Huan pushed the door open and walked in. When he saw Xia ruofei, he smiled and said, "Yo! Mr. Xia is here too!"

Xia ruofei smiled and pointed at Daphne. He said in

English," "Doctor Qi, to take care of the lady, we'll be speaking in English today!"

Qi Huan grew up in Australia, so his English was better than

Chinese. He naturally changed to English and said,""No problem! No problem!"

"Doctor Qi, what's the matter?" Xia ruofei asked.

"Oh! I'm here to deliver the inspection report!" Qi Huan quickly said.

Although the treatment was done by Xia ruofei himself, the clinic was in charge of the supplementary examinations and tests.

Xia ruofei didn't go to Tang Yitian's house. Instead, he found a place near the Qi's clinic to land the airboat. Then, he appeared in an empty alley and walked to the Qi's clinic not far away.

He went straight to Liang Qichao's ward. When he pushed the door open, he saw Liang Qichao leaning against the bed and eating breakfast. The person sitting by the bed feeding him breakfast was not the nurse of Qi's clinic, but rather, it was Daphne.

When she saw Xia ruofei, she quickly put down her bowl and stood up.""Mr. Xia, you're here!"

"You're early, Daphne!"Xia ruofei said with a smile.

Daphne was generous. She smiled and said,""I left the Hunter Valley at dawn! I heard that Qi Chao was transferred to another hospital, and I was a little worried, so I came here as soon as I finished arranging the farm."

Liang Qichao felt a little uncomfortable.""I already told her not to come, but she didn't listen. It's not safe outside now, and the road is even more dangerous. You say..."

Xia ruofei smiled and waved his hand,"brother Liang, don't be so ignorant!" You should be secretly happy that Daphne is so devoted to you! You see, you might have become a cripple without legs, but she still didn't leave you. It's rare!"

Xia ruofei and Liang Qichao communicated in Chinese. Although Daphne had been learning Chinese since they got together, it was one of the most difficult languages in the world. Therefore, her Chinese was still average. She could not understand a few words of their conversation, so she was still confused.

She thought for a moment and said in choppy Chinese,""Rare? Mr. Xia, it won't be difficult! It's only 60 minutes by car from the Hunter Valley."

Xia ruofei and Liang Qichao were stunned for a moment, then they looked at each other and laughed.

Xia ruofei said in English,"forget it, let's just communicate in English!" We can't bully Daphne for not knowing Chinese!"

Liang Qichao's English had become very fluent, so he also changed to English and said,""I've never dared to bully her!"

This time, naturally, Daphne understood everything. She couldn't help but smile and say," "Qi Chao is very good to me. He never bullies me!"

"This dog food... Is really unexpected!" Xia ruofei couldn't help but roll his eyes.

"Dog food?" "What?" Daphne was confused.

Although Xia ruofei spoke in English, even if he said 'dog food' in English, Daphne still could not understand it.

Liang Qichao explained, not knowing whether to laugh or cry. He explained to Daphne the source of the Chinese internet trolls such as "single dogs" and "spreading dog food."

Daphne was also overjoyed. She laughed so hard that she couldn't even stand straight.

Xia ruofei smiled and said, "brother Liang, you look much better today!" Did you have a good night's sleep?"

"I slept all the way until dawn!" Liang Qichao said, "it's rare for me to sleep so well after I got injured. It seems like my wound doesn't hurt as much anymore!" But it's still a little itchy ..."

At this moment, there was a knock on the door. Xia ruofei said loudly," "Please enter!"

Qi Huan pushed the door open and walked in. When he saw Xia ruofei, he smiled and said, "Yo! Mr. Xia is here too!"

Xia ruofei smiled and pointed at Daphne. He said in

English," "Doctor Qi, to take care of the lady, we'll be speaking in English today!"

Qi Huan grew up in Australia, so his English was better than Chinese. He naturally changed to English and said, "No problem! No problem!"

"Doctor Qi, what's the matter?" Xia ruofei asked.

"Oh! I'm here to deliver the inspection report!" Qi Huan quickly said.

Although the treatment was done by Xia ruofei himself, the clinic was in charge of the supplementary examinations and tests.

Xia ruofei didn't go to Tang Yitian's house. Instead, he found a place near the Qi's clinic to land the airboat. Then, he appeared in an empty alley and walked to the Qi's clinic not far away.

Chapter 3625 - 3625 Eastern Immortal Technique (1)

3625 Eastern Immortal Technique (1)

Tang Yitian was stunned for a moment, then said, "why are you in such a hurry?" To be honest, Jennifer was very reluctant to let you go out with Haoran this time. She was so happy that you came back. I thought that this time, the mother and son could be reunited for a few more days!" 1

Immediately after, Tang Yitian continued,""But we will definitely listen to your opinion. You're Haoran's master, just like his father. As long as you think it's good for Haoran, we'll support you unconditionally!"

Xia ruofei chuckled."Big brother Tang, the place I found for Haoran is very suitable for cultivation." In addition, Haoran is still young and has to go to school. There are not many opportunities for one or two months of concentrated cultivation like summer break, so I

don't want him to waste time at home. In addition ... Big brother Tang, your Haoran's talent is really very, very good, so I also want to carefully cultivate him. I feel that his future achievements may not be below mine!"

Tang Yitian couldn't help but be overjoyed. He said, ""Ruofei, you've gone too far! Haoran is a Rascal, he doesn't deserve such an evaluation from you!"

"In terms of cultivation, my eyes are still very accurate!" Xia ruofei said, "Haoran's physique is special, so he often fell sick when he was young. However, if his special physique is counseled, it will be especially beneficial for his cultivation. Every drink and Peck is destined!"

"That's true!"Tang Yitian nodded repeatedly. If you didn't save him at the airport, Haoran would have been in danger. He was weak and sickly when he was a child. He went to many doctors, but they didn't work. They all said that Haoran might ... Die. They also suggested that we should plan ahead and have another child as soon as possible. But Jennifer and I loved Haoran very much. Because of Haoran's poor health, we never had any more children and wanted to pour all our love on him. The heavens have eyes. Haoran met a great benefactor like you. From then on, not only did he lose all his sorrows, but he also learned a lot of good skills ..."

"This must be the fate of master and disciple!" Xia ruofei chuckled and said, "big brother Tang, I'm doing this for Haoran's good. I want him to cultivate with me as soon as possible. I'll rush back as soon as possible after I send him to his place. I still need to settle the things here."

"Alright then!" Tang Yitian nodded and said, "I'll talk to Jennifer. When are you guys leaving?"

"Naturally, the faster the better!" Xia ruofei said,"that's why I want to leave in a while!"

"No problem!" Tang Yitian said, "you can rest here for a while. I'll talk to Jennifer and bring Haoran here!"

"Okay!" Xia ruofei nodded.

Tang Yitian pushed the door open and walked out of the study. After a while, he came back with Jennifer and Tang Haoran.

Jennifer pulled Tang Haoran's hand, her face revealing a bit of reluctance. Tang Yitian, on the other hand, was more at ease. He laughed and said, ""Jennifer, Haoran will only be gone for a month or so and will be back soon. It was a good thing for children to let him go out and gain experience. Besides, RUO Fei and the others will protect Haoran. What do you have to worry about?"

Jennifer let go of Tang Haoran's hand and said,""I'm just a little reluctant, but I'm not worried. RUO Fei, I'll leave Haoran to you!"

"Don't worry, Madam!"Xia ruofei chuckled.

"Haoran, say goodbye to your parents. Let's go!" He said to Tang Haoran.

"Yes, master!" Tang Haoran said obediently. He then bowed to Tang Yitian and Jennifer and said in a crisp voice," "Father, mother, master and I will take our leave first! You guys take care of your bodies!"

Tang Yitian nodded with relief. Although Jennifer's eyes were a little red, she still showed a relieved smile. She touched Tang Haoran's head and said,""Haoran, you're so good. You know how to care about adults!"

"Let's go!" Xia ruofei held Tang Haoran's hand and walked to the garden at the back of the manor.

"Ruofei, where are you going?" Tang Yitian asked curiously.

Although there was a back door in the garden, under normal circumstances, who would go out from the back door? They must have left through the front door, including Xia ruofei's previous times.

"Big brother Tang, Jennifer," Xia ruofei said with a smile, "I'll show you the methods of cultivators today. It'll make you feel more at ease!"

Tang Yitian's eyes suddenly brightened, and he quickly said," "Alright! I've long wanted to experience it! However, Haoran is very tight-lipped, and he has never shown us the skills you taught him. He's very mysterious."

"It's not that we want to be mysterious, but if these things were to spread to the secular world, I'm afraid it would cause a huge commotion. " Xia ruofei smiled. "That's why you must keep it a secret."

"No problem!" Tang Yitian said.

Then, he grabbed a servant who was passing by and said, "Give the order to evacuate all the staff and security personnel in the back garden. Turn off all the cameras as well. Do it immediately!"

"Okay, Mr. Tang!" The servant quickly ran to inform her.

Xia ruofei and the rest chatted as they walked. They were not in a hurry.

When they reached the back garden, the staff had all left. Xia ruofei scanned the place with his spiritual power and found that the power of the cameras had been pulled out.

Chapter 3626 - 3626 The eastern Immortal Technique (2)

3626 The eastern Immortal Technique (2)

Xia ruofei held Tang Haoran's hand and walked into the garden. Then, he turned around and looked at Tang Yitian and his wife, who were staring at him with curiosity. He smiled and said,"Big brother Tang, Jennifer, let's part ways here! I should be back soon. Haoran ... The next time you see him will be when school starts!"

"Okay!" Tang Yitian nodded. But, ruofe... How are you going to get there?"

Xia ruofei smiled and took out the black Phoenix flying ship from the spirit map space. He threw it up and the black Phoenix flying ship enlarged as it rose. Soon, it was suspended about two meters above the ground.

Of course, the black Phoenix flying ship had activated a concealment talisman, so even though it had already covered the entire back garden, Tang Yitian and his wife couldn't see it at all.

Xia ruofei smiled at the two of them. Then, he held Tang Haoran's hand and jumped onto the deck of the airboat.

Tang Yitian and Jennifer's eyes widened. In their field of vision, Xia ruofei and Tang Haoran were floating at an altitude of two meters.

"This ... This ..." Tang Yitian was dumbfounded.

Jennifer's mouth was wide open as she muttered," "God ... What am I seeing..."

Xia ruofei turned to Tang Haoran and said," "Wave goodbye to your parents, we should be leaving!"

"Oh! Master!" Tang Haoran also found his parents 'reactions very interesting and was watching the show with a smile. After hearing Xia ruofei's words, he waved at Tang Yitian and Jennifer and said,"mom, dad, goodbye!"

As soon as Tang Haoran finished speaking, Xia ruofei controlled the black Phoenix flying ship and flew upwards. Then, it turned into a beam of light and disappeared into the horizon.

In Tang Yitian and Jennifer's eyes, Xia ruofei and Tang Haoran had flown away directly into the air at a speed that was simply jaw- dropping.

The two of them could not come back to their senses for a long time, and it was Jennifer who muttered first," "Jason, this ... This is the mysterious Eastern Immortal Technique? It's too shocking and unbelievable...

Tang Yitian looked at the sky in a daze and said,""I don't know! They... They flew away?"

"Nonsense!" Jennifer glared at Tang Yitian."We saw it with our own eyes. It can't be magic, right?" It must be an Eastern Immortal Technique!"

Then, Jennifer could not help but say," "Isaac, do you think our son Haoran also knows such a mysterious Immortal Technique? Oh my God, I've become the mother of a deity?"

"It's hard to say ... Haoran shouldn't be that powerful. "Tang Yitian said. However ... RUO Fei told me that Haoran is very talented in cultivation. He said it himself, that Haoran's future achievements may not be worse than his!"

"That is to say, Haoran will be able to fly away like this in the future?" Jennifer asked.

"Maybe!" Tang Yitian mumbled, then he said seriously, "Jennifer, you must keep your mouth shut about everything you saw today. You can't tell anyone." We can't let down RUO Fei's trust!"

"Don't worry! How could I be so insensible?" Jennifer said.

"My son just left, and I'm already missing him!" She continued.

Tang Yitian quickly said,"take your time to think about it!" I'm not done with my work, so I'll go back to the study first!"

He was indeed concerned about the secret Foundation. He also had to decide on a candidate as soon as possible. If he could not decide on a candidate by the time Xia ruofei returned to Sydney, it would really drag down the entire plan.

Jennifer glared at Tang Yitian and said, "You ...

However, before she could finish her sentence, Tang Yitian had already run away and hid in the study.

The black Phoenix flying ship was flying steadily above the Pacific Ocean. Above it was the clear blue sky while below it was the endless ocean.

Xia ruofei laughed and said to Tang Haoran,""Haoran, you're going to Peach Blossom Island this time. You'll have to stay there for more than a month. Do you miss home?"

"I won 't!" Tang Haoran said, "it's not easy for me to cultivate to my heart's content. I'm so happy! Besides, my parents will probably only think of me for the first few days. After a while, they won't even have time to spend it alone, so why would they care about where I go?"

"Woof! You mischievous little fellow!" Xia ruofei couldn't help but burst out laughing.

The journey from Australia to Paradise Island was half the distance from China, so the flight time was only about an hour. The master and disciple did not cultivate. They just sat in the cabin and chatted.

Although Tang Haoran was young, he knew a lot. When it came to cultivation, his eyes would light up, especially when it came to the anecdote of the cultivation world. He listened with great interest and always had a lot of questions to ask Xia ruofei.

With such a happy person, the one-hour flight would naturally not be boring.

Unknowingly, the black Phoenix flying ship had already arrived near the Peach Blossom Island.

Due to the dense spiritual Qi on the island, there was a thin layer of mist covering it almost all year round. Looking down from a distance, it really looked like Penglai Immortal Island.

"We're here!" Xia ruofei said.

He then began to remotely control the great void clarity formation, and the black Phoenix flying ship nimbly slipped into a hole opened up by the formation. In the blink of an eye, the Flying Ship entered the island, and the hole quickly closed up.

Xia ruofei and Tang Haoran landed on the rooftop of the Yanhuang building. When the master and disciple jumped off the flying boat, Li Yifu and the others who were left on Peach Blossom Island had already sensed the arrival of the black Phoenix flying boat and rushed to the rooftop.

Xia ruofei shrunk the black Phoenix flying boat and kept it. Then, he brought Tang Haoran to the entrance of the building.

At this time, Li Yifu, Song Wei, Ling Qingxue, and Zheng Yongshou, who had already taken a public jet back to Peach Blossom Island, had also arrived at the rooftop.

"RUO Fei, you're finally back!" Song Wei smiled and said, "it's just picking someone up. You actually went for a few days!"

"Maybe he has a girlfriend in Australia. He's so happy that he can't think about home!" Ling Qingxue chuckled.

Zheng Yongshou quickly bowed and called out from a distance," "Good day, Mr. Xia!"

Li Yifu was also very respectful. He came forward and bowed," "Greetings, martial granduncle! Greetings, little martial uncle!"

An old man calling a young child his little uncle - Master was something that would only happen in the world of cultivation. Although Xia ruofei had said that Li Yifu and Tang Yitian should have their own opinions, which meant that Li Yifu was still Tang Yitian's elder, Tang Haoran couldn't have his own opinions.

Because Tang Haoran was Xia ruofei's direct disciple, and Li Yifu was also from this line, this kind of direct descendant relationship naturally paid great attention to seniority.

Tang Haoran was a little reserved. He was still not used to being treated with such respect by Grandpa li.

Xia ruofei chuckled and said,"no need for formalities!" You don't have to be so polite!"

Then, he turned to Song Wei and Ling Qingxue and explained," "There's a small problem with Paradise Farm, and I've decided to stay in Australia to deal with it. This time, I'm also sending Haoran over first so as not to delay his cultivation. I'll be going back to Australia soon, there are still some things to deal with there."

"Is there trouble at Paradise Farm?" Li Yifu frowned slightly and said,"grand uncle - Master, do you need me to step in? I still have some influence in the secular world and I have quite a few friends in Australia. "

"No need, I'm almost done." Xia ruofei said calmly," although I don't have many friends in Australia, these days... The fist is the law. We don't provoke people, but we can't be afraid to stand up when people bully us."

Li Yifu immediately knew that the matter with Paradise Farm was not a small one, and he immediately said with a murderous look," "Martial granduncle, this disciple is also very good at killing people. How about ... This time, this disciple will accompany you!"

Xia ruofei was like a god in Li Yifu's heart. If anyone dared to provoke Xia ruofei, Li Yifu would not hesitate to fight them to the death.

Xia ruofei laughed and said," what are you accompanying me for?" Do we even need to join hands to deal with a few ordinary people? Aren't you giving them too much face? Zi said that this is a critical moment in your cultivation, and your only task is to break through to Jindan! Don't come out so easily, I think you don't need to care about anything else. From today on, you'll be in a closed - door training, and you're not allowed to come out until you break through to Jindan!"

3627 Disciple's breakthrough (1)

"Yes! This disciple will follow senior granduncle's instructions!" Li Yifu lowered his head and said,"from tomorrow onwards, I will be in closed - door cultivation!"

Xia ruofei nodded and said,"yes!" Yongshou will be on the island during this period of time, so you can just hand over some daily affairs to him!"

"Alright, martial granduncle!" Li Yifu said.

"Yes! Mr. Xia!" Zheng Yongshou also quickly responded.

"Arrange a room for Haoran first!" Xia ruofei said, "I'm going to guide him in his cultivation. After that, I'll have to make a trip back to Australia!"

"Alright!" Li Yifu said, "the room has already been prepared!"

"Haoran, are you afraid to sleep alone?" Xia ruofei asked with a smile.

"You're underestimating me too much, master!"Tang Haoran puffed out his chest and said. I've been sleeping alone at home for a long time!"

Xia ruofei smiled and nodded.""Mm! If you're scared at night, no one will come and comfort you!"

"I'm not afraid!" "I'm a cultivator!" Tang Haoran said proudly.

Then, Tang Haoran said,"master, the spiritual Qi here is so dense!" I can't wait to start cultivating!"

Xia ruofei laughed and said,"sure!" Let's go down now! In fact, not only is the spiritual energy here rich, but there are also many other benefits. You'll find out soon enough!"

The group went downstairs. Li Yifu had already arranged a room for Tang Haoran before Xia ruofei left. It was right next to his room.

He had considered that the child was too young and might be afraid of the dark at night.

Xia ruofei said at the door,"alright, you guys can go and cultivate!" I'll just tutor Haoran. You don't need to go into closed-door cultivation tomorrow, foster husband. I need you to hand over some matters to elder Zheng right now and go into closed - door cultivation today!"

"This ..." Li Yifu hesitated for a moment, then said,"okay! This disciple will obey!"

Xia ruofei and Tang Haoran walked into the room. As they closed the curtains, they said," "Haoran, if there's anything you need here, tell old Zheng and ask him to prepare it for you! Oh, by the way, you can take a shower and change your clothes by yourself, right?"

"Master, I could live independently long ago!" Tang Haoran did not know whether to laugh or cry."I don't have any problems except that I don't know how to cook!"

"Very, very good!" Xia ruofei chuckled and said,"alright, let's cut to the chase. Let's start cultivating!"

Xia ruofei took out half a Vermilion Jade Fruit from the spirit map space and handed it to Tang Haoran.""Eat this half of the spirit fruit!"

"This spirit fruit is pretty!" Tang Haoran took the Vermillion Jade Fruit and said with a smile,"thank you, master!"

After he finished speaking, he ate the Vermillion Jade Fruit without hesitation.

Tang Haoran immediately felt the surging medicinal properties in his dantian, and his expression changed slightly.

Xia ruofei promptly handed over a crystal and smiled.""Use origin crystals to cultivate! Don't think about anything else, just use the "fierce yang Scripture" with all your might!"

"Yes, master!" Tang Haoran said quickly.

After he took the origin crystal, he immediately sat cross-legged on the soft carpet. Holding the origin crystal in his hand, he began to cultivate the "fierce yang Scripture".

The heavenly Grand formation itself had the effect of refreshing and concentrating the mind. Moreover, after taking the Vermillion Jade Fruit, it was easier to enter the state of cultivation. Therefore, Tang Haoran almost did not stop. As soon as he sat down, he instantly entered the state of cultivation. Moreover, it was the kind of deep level cultivation that completely forgot himself.

Xia ruofei also sat down at the side. However, he did not cultivate. Instead, he kept releasing his spiritual power to monitor Tang Haoran's condition.

The medicinal properties of half a Vermilion Jade Fruit were most suitable for cultivators at the fifth or sixth Qi layer. It wouldn't be too violent, and at the same time, it wouldn't be too wasteful.

Tang Haoran's current cultivation level was at the peak of refined Qi Level 4. He was only a paper window away from refined Qi Level 5. Therefore, almost as soon as he took the Vermillion Jade Fruit, the aura in his body suddenly rose by a section, breaking through the bottleneck of this level as if he was crushing dry weeds and smashing rotten wood.

"Yes! This disciple will follow senior granduncle's instructions!" Li Yifu lowered his head and said,"from tomorrow onwards, I will be in closed - door cultivation!"

Xia ruofei nodded and said,"yes!" Yongshou will be on the island during this period of time, so you can just hand over some daily affairs to him!"

"This spirit fruit is pretty!" Tang Haoran took the Vermillion Jade Fruit and said with a smile,"thank you, master!"

After he finished speaking, he ate the Vermillion Jade Fruit without hesitation.

Tang Haoran immediately felt the surging medicinal properties in his dantian, and his expression changed slightly.

Xia ruofei promptly handed over a crystal and smiled."""Use origin crystals to cultivate! Don't think about anything else, just use the "fierce yang Scripture" with all your might!"

"Yes, master!" Tang Haoran said quickly.

After he took the origin crystal, he immediately sat cross-legged on the soft carpet. Holding the origin crystal in his hand, he began to cultivate the "fierce yang Scripture".

The heavenly Grand formation itself had the effect of refreshing and concentrating the mind. Moreover, after taking the Vermillion Jade Fruit, it was easier to enter the state of cultivation. Therefore, Tang Haoran almost did not stop. As soon as he sat down, he instantly entered the state of cultivation. Moreover, it was the kind of deep level cultivation that completely forgot himself.

Xia ruofei also sat down at the side. However, he did not cultivate. Instead, he kept releasing his spiritual power to monitor Tang Haoran's condition.

The medicinal properties of half a Vermilion Jade Fruit were most suitable for cultivators at the fifth or sixth Qi layer. It wouldn't be too violent, and at the same time, it wouldn't be too wasteful.

Tang Haoran's current cultivation level was at the peak of refined Qi Level 4. He was only a paper window away from refined Qi Level 5. Therefore, almost as soon as he took the Vermillion Jade Fruit, the aura in his body suddenly rose by a section, breaking through the bottleneck of this level as if he was crushing dry weeds and smashing rotten wood.

"Yes! This disciple will follow senior granduncle's instructions!" Li Yifu lowered his head and said," from tomorrow onwards, I will be in closed - door cultivation!"

Xia ruofei nodded and said, "yes!" Yongshou will be on the island during this period of time, so you can just hand over some daily affairs to him!"

"Alright, martial granduncle!" Li Yifu said.

"Yes! Mr. Xia!" Zheng Yongshou also quickly responded.

"Arrange a room for Haoran first!" Xia ruofei said,"I'm going to guide him in his cultivation. After that, I'll have to make a trip back to Australia!"

"Alright!" Li Yifu said,"the room has already been prepared!"

"Haoran, are you afraid to sleep alone?" Xia ruofei asked with a smile.

"You're underestimating me too much, master!"Tang Haoran puffed out his chest and said. I've been sleeping alone at home for a long time!"

Xia ruofei smiled and nodded.""Mm! If you're scared at night, no one will come and comfort you!"

"I'm not afraid!" "I'm a cultivator!" Tang Haoran said proudly.

Then, Tang Haoran said,"master, the spiritual Qi here is so dense!" I can't wait to start cultivating!"

Xia ruofei laughed and said,"sure!" Let's go down now! In fact, not only is the spiritual energy here rich, but there are also many other benefits. You'll find out soon enough!"

The group went downstairs. Li Yifu had already arranged a room for Tang Haoran before Xia ruofei left. It was right next to his room. He had considered that the child was too young and might be afraid of the dark at night.

Xia ruofei said at the door,"alright, you guys can go and cultivate!" I'll just tutor Haoran. You don't need to go into closed - door cultivation tomorrow, foster husband. I need you to hand over some matters to elder Zheng right now and go into closed - door cultivation today!" Let's go and cultivate! I'll just tutor Haoran. You don't need to go into closed - door cultivation tomorrow, foster husband. I need you to hand over some matters to elder Zheng right now and go into closed - door cultivation today!"

Chapter 3629 - 3629 The foundation was established (1)

3629 The foundation was established (1)

The next morning, Xia ruofei left Tang Haoran on Peach Blossom Island and returned to Australia on the black Phoenix flying boat.

Besides practicing the "absolute beginning Scripture" with Song Wei and Ling Qingxue last night, Xia ruofei and the other two naturally had a ridiculous time. Absence makes the heart grow fonder! Fortunately, Xia ruofei was already an intermediate stage golden core cultivator, so the soreness in his waist and knees did not exist.

The return trip was smooth. Xia ruofei arrived in Sydney at around 9 A. M. Local time.

As usual, he went straight to the Qi clinic to treat Liang Qichao's leg before going to Tang Yitian.

This time, Qi Huan had already arrived at Liang Qichao's ward in advance to wait. When he saw Xia ruofei, he said in surprise," "Mr. Xia, the results of today's examination are out! The target was very good! Mr. Liang's injuries were recovering very well! It seems that your treatment is very effective!"

After he finished speaking, Qi Huan handed the stack of medical reports to Xia ruofei.

Xia ruofei took it and quickly scanned through it. Although the infection still existed, it was much better than a few days ago. All the indicators of his body were developing in a good direction. This was especially true for the liver that had undergone partial hepatectomy, and its recovery was also quite good.

Xia ruofei smiled and said, "that's a good thing!" Doctor Qi, I have a suggestion..."

"Please speak! Please speak!" Qi Huan quickly said.

He was now in awe of Xia ruofei's medical skills. Although he did not know much about Chinese medicine. he knew that anvone who could use Chinese medicine to achieve such an amazing effect was definitely at the level of a Divine Doctor. However, Xia ruofei was so young and yet had such high medical skills. In the field of Chinese medicine, which relied heavily on experience, it was a miracle.

Xia ruofei smiled and said, "I suggest that we reduce the frequency of blood tests like this. Now that brother Liang's injury is more stable, it's a pain for the patient to take blood tests every day. Besides, it's not good for the body to take too much blood!"

In fact, very little blood was drawn for the test. Xia ruofei was just using this as an excuse to make a suggestion. After all, he was very confident in his treatment. Liang Qichao really did not need to check for tests so frequently.

Liang Qichao quickly said,"yes, yes, yes!" I think we can check it every few days!"

Every day, he had to be injected with needles and had a few tubes of blood drawn out. It was quite painful for Liang Qichao.

Qi Huan nodded and said, "I think it's possible!" Besides, Mr. Xia is the main doctor in Mr. Liang's treatment, so your words are the doctor's orders. Our clinic will fully cooperate."

"Alright, then I won't draw blood tomorrow." Xia ruofei chuckled and said,"a check-up once every five to seven days should be enough."

"No problem!" Qi Huan said,"Mr. Xia, if there's nothing else, I won't disturb your treatment!"

"Alright, thank you for your hard work!"

Qi Huan left the ward with the nurse. Xia ruofei smiled at Liang Qichao and said, ""Did Daphne go back?"

"She left yesterday evening." Liang Qichao said, "I'm lying in bed. It's a time of trouble. I need her to take charge of Paradise Farm!"

"Isn't she worried that you'll hook up with the nurses here?" Xia ruofei asked with a smile.

Liang Qichao smiled bitterly and said,"I'm wrapped up like a dumpling now. How am I supposed to seduce the nurse?" However ... RUO Fei, your healing effect is really good! It's simply beyond my expectations! What a big surprise!"

Xia ruofei nodded and said,"yes!" From the looks of it, your legs are basically safe. You'll have to cooperate with the follow-up treatment, especially in the future rehabilitation training. With the same injury, some people can walk normally after recovery, and even run without a problem, while some people will become lame. To a large extent, it's because they didn't do their rehabilitation training well!"

"I understand!" Liang Qichao said with a straight face. After this incident, I've finally realized that nothing is more important than a healthy body! I'll definitely do my best to cooperate with the rehabilitation training. Otherwise, wouldn't it be a waste of your hard work these days?"

"Alright, let's start today's treatment!" Xia ruofei nodded with a smile.

Liang Qichao replied easily,"no problem!" It seems like I can have a good night's sleep!"

Liang Qichao was experienced now. He would fall asleep soon after the treatment.

Xia ruofei performed acupuncture on Liang Qichao skillfully. Naturally, Liang Qichao fell asleep as soon as the acupuncture started. Then, Xia ruofei removed the ointment and dripped the spirit Heart Flower petal solution into it. Finally, he changed the ointment.

After the treatment, Xia ruofei tucked Liang Qichao in and walked out of the ward quietly.

Xia ruofei told the nurse not to disturb Liang Qichao's rest and to wait until he woke up before taking care of him.

After that, Xia ruofei left the Qi clinic. He found a quiet place and summoned his flying sword. Then, he flew directly to Tang Yitian's Manor.

When Jennifer saw Xia ruofei, she could not help but show a trace of disappointment in her eyes because she did not see her son, Tang Haoran, next to Xia ruofei.

Of course, this was within his expectations.

Jennifer welcomed Xia ruofei in and asked,""Ruofei, is Haoran alright?"

"We haven't seen each other for only one night and you're already missing your son?" Xia ruofei smiled and said,"he's doing well. He's a little too happy to think about home! By the way, do you know what it means to have too much fun to think about home?"

3630 The establishment of the foundation (2)

"Of course, my idioms are the best!" Jennifer said with some pride, it seems that little Haoran is really a heartless little guy!"

Xia ruofei couldn't help but laugh."Jennifer, is big brother Tang still at home today?"

"He has been in the study since yesterday and hasn't come out yet." Jennifer said, "I've sent him food twice to make sure he's still alive..."

Xia ruofei was stunned for a moment, then he laughed and said, "Big brother Tang is too hard on himself! I'll go see him!"

"Make sure he gets some rest today!" Jennifer said,"it's too harmful to his body to stay up late at his age!"

"Understood!" Xia ruofei said.

He walked to the door of the study and knocked on it. He raised his voice and said, ""Big brother Tang, it's me, Xia ruofei!"

The sound of footsteps suddenly came from the study room, and then the door suddenly opened. Tang Yitian with unkempt hair, unshaven beard, and red eyes appeared at the door.

Seeing Tang Yitian's face, Xia ruofei was also shocked.""Big brother Tang, you've stayed up for two nights! Do you still want to live?"

"I'm fine!" Tang Yitian's spirit was still quite excited. He said with a smile,"I've basically made the plan and selected the first batch of candidates. I'm preparing to meet Steve in two days. Let's meet at Kaliny!"

"Let's talk inside!" Xia ruofei said.

After he and Tang Yitian entered the study room, he took out a porcelain bottle from his bag. It was actually a spirit pool water from the spirit map space. He handed it to Tang Yitian and said, "Big brother Tang, you drink this bottle of water first!"

The spatial spirit pool water could speed up the recovery of mental power. For ordinary people, it was also very effective in recovering energy. It was much more powerful than any energy drink on the market.

The next morning, Xia ruofei left Tang Haoran on Peach Blossom Island and returned to Australia on the black Phoenix flying boat. 3631 Personally watching over him (1)

Xia ruofei nodded."You guys can discuss these things.

Professionals do professional things. I'm just an outsider. I won't get involved!"

"You're just lazy!"Tang Yitian laughed. You're the boss of a big company, so how could you not know anything about business operations?"

"I really don't understand!" Xia ruofei chuckled and said,"I've never asked about the specifics of the peach blossom company. I've left it to the professional team to handle! Big brother Tang, you should do more work!"

"Good, good, good!" Tang Yitian smiled and said, but ... In this way, Grello will be able to escape. We might have to keep him with the Galini family for now, in case there's any unrest in the family and any complications."

Xia ruofei nodded and said, "okay!" Then let him live for two more months, and I'll deal with him myself!"

Including Steve. Xia ruofei did not plan to keep kalini alive. The brothers 'actions had crossed Xia ruofei's line. They had used assassination to deal with Liang Qichao, which meant that they were on the death list.

Xia ruofei got up and said, "alright, big brother Tang. You and Steve work together. You don't have to tell me about these things in the future. I don't want to know either." By the way, you'd better establish your own safe communication channel."

"That's for sure!" Tang Yitian said,"Steve. "Galiny will be living in Sydney in the next two or three months. He has a property in Sydney that is not far from my Manor. In addition, he often comes to Sydney to stay for a while during this season in previous years, so it won't be too sudden.

This way, it'll be easier to contact them when the time comes!"

"En!" Xia ruofei nodded and said,"if there's nothing else, let's go back!"

Then he turned to Steve. "Steve," said Galiny, "you should hurry up and settle the Foundation's matter. And then, you must ask Mr. Tang in time if there's anything you need to do. Do you understand?"

"Yes, master!" Steve. Galini said immediately.

Xia ruofei nodded and casually put a concealment talisman on himself and Tang Yitian. Then, the two of them swaggered out of the Garni Manor.

Outside the manor, the two of them switched to the black Phoenix flying ship and quickly returned to Sydney.

After they arrived home, Tang Yitian invited Xia ruofei into the study room. He took a list from the desk and handed it to Xia ruofei, saying," "Ruofei, this is a list of people I've

drawn up these past two days. They are all absolutely reliable and professional. I plan to use this group of people as the foundation to run this secret Foundation."

Xia ruofei glanced at the name list. He didn't know most of the people on it, but most of them were Chinese. There were also a few foreigners.

He nodded and said, "since big brother Tang has chosen a good person, then hurry up and arrange for me to meet them." By the way, you haven't told them the news, have you?"

"Of course, how can I leak any information before you make the decision?" "This is too important," Tang Yitian said. "We can't be careless."

Xia ruofei chuckled."Then you'll have to choose your people first. What if they're not willing?"

"I won 't!" "Those who were selected by me must be obedient to me, including the three Australians inside. If I tell them to go east, they definitely won't dare to go west!" Tang Yitian said with a smile. "That's good!" Xia ruofei chuckled and nodded.

"Ruofei, should I arrange for them to accept your interview?" "About half of them are in Sydney," Tang Yitian said."The rest of them can get here on the same day if they take a plane."

"Then hurry up!" Xia ruofei said, if you can arrange it, it's best to meet today."

"No problem!" Tang Yitian said, "I'll go and inform them to come to my Manor!"

"Alright!" Xia ruofei nodded and said, "I want to talk to them one by one. Please prepare a room for me!"

"Alright!" Tang Yitian said, then raised his hand to look at his watch."It's late. Let's have lunch first and start your interview in the afternoon!" Those from other places might only arrive in the evening."

"I'm fine!" Xia ruofei said, "if we really can't do it, we can arrange for a batch this afternoon and another batch tomorrow."

He would definitely stay in Sydney for a few more days. He planned to treat Liang Qichao three more times, then leave a batch of ointment mixed with the petals of the spirit Heart Flower for Liang Qichao to continue using. He could then Return to Paradise Island to cultivate.

Xia ruofei, Tang Yitian, and his wife had lunch together in the dining room. Tang Yitian had arranged a guest room for Xia ruofei so that he could take a nap.

At twoo' clock in the afternoon, Tang Yitian woke Xia ruofei up with an internal call.""Ruofei, the people in Sydney are all here. You can meet them after you've rested!"

"I'll get up now. Give me two minutes!" Xia ruofei said.

He got out of bed, washed up, changed his clothes, and then walked out of the guest room.

Tang Yitian walked up to him."There's a small meeting room over there. You can meet them there. I'll let them go in one by one!"

Tang Yitian personally led Xia ruofei to a small meeting room. Then, he went out and led a young man in his late twenties into the meeting room. He smiled and said,"RUO Fei, you guys talk! I'll get busy first! They've all lined up, and the other one will come in after one of them is done talking!"

Then, he went out and led a young man in his late twenties into the meeting room. He smiled and said,"RUO Fei, you guys talk! I'll get busy first! They've all lined up, and the other one will come in after one of them is done talking!" "Alright! I'll have to trouble big brother Tang!" Xia ruofei smiled.

Chapter 3633 - 3633 Retreat after achieving success (1)

3633 Retreat after achieving success (1)

Xia ruofei didn't care how Tang Yitian would deal with Lin Xiaoguang. After dinner, he chatted with Tang Yitian and his wife for a while and went back to his room to cultivate.

The next morning, he went straight to the Qi family's clinic to give Liang Qichao a check - up, and then he went for another treatment.

Liang Qichao's injuries were getting better, and he was basically out of danger. Even if he were to be treated in a normal hospital from now on, there wouldn't be any problems. The risk of amputating both legs was lower. However, the recovery effect of treatment in the hospital was definitely not as good as Xia ruofei's treatment. His goal was not only to save Liang Qichao's legs, but also to restore Liang Qichao to his condition before he was injured. Even the top surgery team could not guarantee such a goal. After all, Liang Qichao's injury was too serious.

Hence, Xia ruofei would continue to be in charge of Liang Qigong's treatment, but he would not be wasting his time here.

After treating Liang Qichao, Xia ruofei returned to Tang Yitian's Manor.

The second batch of candidates from the Golden Foundation had also gathered in the manor. The furthest one was said to have come from new new Zealand.

Xia ruofei immediately went to the small conference room and 'talked' to them one by one.

More than an hour later, the 17 candidates had been screened.

According to Xia ruofei's judgment, there were 15 people who met the criteria. The other two were not the kind of people who had sneaked in with ulterior motives. They were just not strong-willed enough, or they had obvious weaknesses that could be easily taken advantage of.

All in all, Tang Yitian's judgment of people was still very accurate. To be honest, Tang Yitian had been very nervous in the morning. He didn't let out a sigh of relief until he heard the final result from Xia ruofei.

Yesterday, Lin Xiaoguang had already made him a little anxious.

After all, the two families were long-time friends. Lin Xiaoguang's father's generation had already served the Tang family, and the old man was still alive. It could be said that Tang Yitian had known Lin Xiaoguang since they were young. He was more than ten years older than Lin Xiaoguang, and he was the Big Brother among the group of children at that time. Now that Lin Xiaoguang had betrayed the Tang family and him, he had too many scruples to deal with.

He had carefully selected these twenty to thirty people. If any of them had a problem, it would not only be a matter of face to him, but also an emotional blow.

Fortunately, there were no traitors in the group today.

Even if Xia ruofei didn't judge them to be qualified, there was no problem for them to continue working in Tang Yitian's company. However, with Xia ruofei's judgment, Tang Yitian certainly wouldn't dare to entrust them with heavy responsibilities.

After helping Tang Yitian screen all the people, Xia ruofei handed the list to Tang Yitian and said with a smile," "Big brother Tang, my mission here is considered complete. I'll be relying on you from now on! Steve. You don't have to worry about galni, he won't have any disloyalty. Just order him around!"

Tang Yitian nodded. "You've already gotten through the most crucial part. At this point, the possibility of success is very high. You can rest assured!"

Xia ruofei laughed. "Don't worry even if something goes wrong. I know that the iron mining industry in Australia is very deep. The other large mining companies are not easy to deal with. If the news is leaked, it may pose a threat to your safety and affect your own

business. However, if such a situation really does occur, you just need to inform me at the first moment. At most, I'll just wipe them all out. Anyway, I'm just here to watch the fun."

Xia ruofei's last sentence was full of killing intent. Even Tang Yitian, who was a formidable character, couldn't help but tremble in his heart.

He nodded and said,"according to Steve and I. As long as there were no major mistakes in the operation, the possibility of the information being leaked was low. But after everything is done, you'll have to deal with the Galini brothers. By then, it'll be a mess, and the industries under the Foundation's control will inevitably be exposed. Of course, by that time, everything would have already been set in stone. Moreover, the foundation itself would have gone through some equity manipulation and there would still be a high probability of hiding behind the scenes."

Xia ruofei pondered for a moment and said, "the Kaliny brothers must be disposed of, but if you're in trouble, I can temporarily get rid of Steve." Galini would stay for a while, but Grello would. I won't let Galiny continue to be so free. After the transfer of assets is completed, I will kill him!"

"If we can keep Steve. Galini, that's naturally the best!" Tang Yitian said," he has many years of experience in the iron ore industry. He's also the stabilizing force of the Kaliny family. As long as he's still around, the Kaliny family won't fall into chaos."

"Then it's decided for the time being. Two months ... At most three months later, I'll get rid of Grello first. Galini!" Xia ruofei said, "as for Steve. Galini, when is the time to actually deal with him? big brother Tang, please tell me and I'll deal with him at that time!"

"That's great!" Tang Yitian said.

"But..." Xia ruofei said seriously,"brother Tang, don't be fooled by Steve. Galini's respectful appearance confused me. He's a venomous snake that's much more dangerous than a Mad Dog like Grello. It's just that he's completely under my control. I've also asked him about his 'glorious history! The dirty things he's done can't be compared to dying a hundred times over. Don't you ever feel any sympathy for him."

“What are you thinking!” Tang Yitian smiled and waved his hand.”Ruofei, I’ve been helping the president grow up since I was a child. Chapter 3635 - 3635: Returning to peach source Island (1)

Chapter 3635: Returning to peach source Island (1)

Chapter 1965: the great Tang!

Xia ruofei found Qi Huan very quickly.

When Qi Huan heard that Xia ruofei wanted Liang Qichao to be discharged from the hospital, he couldn’t help but be surprised. He couldn’t help but try to persuade her. After all, even though Liang Qichao’s injuries had improved, he was still far from being able to recuperate at home. It was obviously much safer to stay in the hospital, and he could deal with any sudden situations in time.

However, Xia ruofei’s attitude was very firm, so Qi Huan could not persuade him anymore.

After all, Xia ruofei was different from ordinary family members. Tang Yitian had personally arranged for him to be here and was responsible for the patient's treatment. The clinic had only provided him with a venue. Since Xia ruofei had asked for the patient to be discharged, he certainly couldn't stop him.

Thus, Qi Huan immediately ordered the clinic's ambulance to get ready to transport the patient.

Xia ruofei took the opportunity to call Tang He, who was far away in the United States, and told him that Liang Qichao's injury had stabilized, and that the surgical team from the United States did not need to stay in Sydney all the time. They could go home.

Elder Tang was very happy to hear this. He was very satisfied with Liang Qichao.

Elder Tang He had no children, so his billions of assets would be inherited by the younger generation of the Liang family in the future. As for who to give the majority to, elder Tang had been observing the younger generation, including Liang Qichao. In fact, Liang Qichao's position in his heart was becoming more and more important. If Liang Qichao became disabled this time, he would definitely not be able to inherit elder Tang's huge family business. If that really happened, elder Tang would feel very regretful.

Tang He even asked about the situation of Paradise Farm with concern, and Xia ruofei told him to relax. Of course, it was not convenient to tell him the inside story. Xia ruofei only said that he had found someone to coordinate it. At the moment, the kalini family had suspended all actions on Paradise Farm. The follow – up should be able to be coordinated.

Elder Tang was also very happy to hear this. He repeatedly said that he had not fulfilled his responsibility as a shareholder.

After Xia ruofei and Tang Fie chatted for a while, Qi Iluan's ambulance was ready, so Xia ruofei told Tang He and hung up the phone.

He personally sent Liang Qichao to the ambulance, followed by Daphne. For safety's sake, the armed guards from Paradise Farm also drove two cars, one in front to clear the way and the other following the ambulance.

Xia ruofei thanked Qi Huan as he watched Liang Qichao's ambulance leave the clinic.

He found a secluded spot nearby and took out the black Phoenix flying ship. Then, he leaped onto it.

Xia ruofei maneuvered the flying boat into the air slowly. However, he did not fly directly in the direction of Peach Blossom Island. Instead, he found the ambulance and followed Jian Jia and Steve in the air at a steady pace. Galini had already told Grello to stop the operation for the time being, but Xia ruofei could not hope that the madman Grello would

really carry it out. Liang Qichao's body was so fragile now. If Grello really attacked again on the way, Liang Qichao would really die.

As the ambulance was traveling on the road, it was naturally much slower than the black Phoenix flying ship.

However, Xia ruofei was very patient. He slowed down and followed them slowly. In fact, he was sitting in the control room and reading a book leisurely. He just had to divert some of his attention to control the flying boat and monitor the ambulance.

Xia ruofei was only relieved when the ambulance drove through the gate of Paradise Farm.

The security on the farm was very tight. Even if greello was crazy enough to ignore his brother Steve, he would not be able to do so. Galini's orders also meant that it was impossible to attack Paradise Farm, as the impact would be too bad. Even if the Galini family was powerful, it would be difficult to cover up the public's opinions.

So, as long as he entered Paradise Farm, Liang Qichao would be safe.

With a thought from Xia ruofei, the black Phoenix flying ship nimbly streaked across the sky in an arc. Then, its speed suddenly increased as it flew in the direction of Paradise Farm..

Chapter 3636 - 3636: Adding another Jindan (1)

Chapter 3636: Adding another Jindan (1)

Xia ruofei and Xia Qing arrived at the mountain and sea realm of the spirit map space.

The workers had already gone back to rest. The branches and leaves of the oak trees that had been cut down in the morning had been trimmed. The oak trees were placed neatly on the grass, and the branches and leaves that had been trimmed had also been cleaned.

Xia ruofei took a quick look at the oak tree. If he were to bring these trees to the secular world, they would definitely be of the highest quality. There was no doubt about it. He just estimated that the quantity should be enough and did not care about the rest. At that time, he would take Zheng Yongshou's storage ring and store the oak trees. The rest would be left to Zheng Yongshou.

Xia ruofei then looked at the truffles that the workers had collected.

There were large pieces of black truffles and white truffles with some mud on them, exuding the unique fragrance of truffles.

Truffles were worth as much as gold, and each piece of truffle represented a huge amount of wealth.

Xia ruofei no longer had much desire for money in the secular world. However, he still had to keep these truffles well because the Paradise Corporation would hold an annual truffle auction and it had become a brand.

Feng Rao and the rest had never asked Xia ruofei where he got the truffles. In their eyes, Xia ruofei had such magical means.

Even if Xia ruofei didn't care about the daily affairs of the company, he couldn't just ignore paradise Corporation, especially when it involved the company's brand image.

Of course, now that he had Zheng Yongshou as a contact, he could save a lot of trouble as long as he handed it over to Zheng Yongshou.

The only problem was that it was very difficult to preserve truffles. They would go bad very quickly after they were dug out.

There was no such problem in the spirit map space, but if he gave it to Zheng Yongshou, he had to take it out.

Ordinary storage rings did not have the ability to keep things fresh.

Therefore, they might need to choose a place nearby for the auction.

Australia was a good choice. They would warm up the peach blossom company's side first, and when the auction was about to start, they would let Zheng Yongshou fly over with the truffle. After all, the journey from Paradise Island to Australia was much shorter than the journey back to China.

Xia ruofei said with satisfaction,”Xia Qing, Xia Xuan, you’ve done well!” Let’s put everything else on hold for now and gather everyone to collect the truffles. H

“Yes! Master!” Xia Qing and Xia Xuan said respectfully.

There were large pieces of black truffles and white truffles with some mud on them, exuding the unique fragrance of truffles.

Truffles were worth as much as gold, and each piece of truffle represented a huge amount of wealth.

Xia ruofei no longer had much desire for money in the secular world. However, he still had to keep these truffles well because the Paradise Corporation would hold an annual truffle auction and it had become a brand.

Feng Rao and the rest had never asked Xia ruofei where he got the truffles. In their eyes, Xia ruofei had such magical means.

Even if Xia ruofei didn't care about the daily affairs of the company, he couldn't just ignore paradise Corporation, especially when it involved the company's brand image.

Of course, now that he had Zheng Yongshou as a contact, he could save a lot of trouble as long as he handed it over to Zheng Yongshou..

Chapter 3638 - 3638: Concentrating on cultivation (1)

Chapter 3638: Concentrating on cultivation (1)

Xia ruofei hesitated but did not stop Li Yifu. Instead, he accepted the three kowtows.

Then, Xia ruofei raised his hands slightly. Li Yifu, who had already broken through to the beginning stage of the Golden core realm, felt a gentle force lifting him up.

Xia ruofei smiled and said,”my adopted husband, congratulations!” I’ve finally broken through the threshold of Jindan!”

Zheng Yongshou, Song Wei, and Ling Qingxue were all envious. Even Tang Haoran secretly clenched his fists and encouraged himself.

“If it wasn’t for senior granduncle,” Li Yifu said in a trembling voice,”I’m afraid that my cultivation would have stopped at refined Qi Level 3 for the rest of my life. Everything 1 have today was given to me by senior granduncle!”

Before Li Yifu met Xia ruofei, he never even dared to dream that he would be able to break through to the Golden core stage one day. At that time, he had relied on an incomplete technique to explore and cultivate by himself. It was extremely difficult for him to break through even one level of the Qi refining stage. He had to waste 20 to 30 years in the third level of the Qi refining stage.

After he met Xia ruofei, he had completed his cultivation technique and obtained unimaginable cultivation resources. He also had the precious wild tea and Vermillion Jade Fruit. Even the core disciples of the big sects might not be able to enjoy such treatment. Hence, his cultivation level had been rising rapidly.

Breaking through to the early – Stage golden core realm had an even more special meaning for Li Yifu.

This was because he was already in his fifties. If he remained stuck at the Qi refining stage, his body would quickly enter a declining period. At that time, it would be even more difficult to break through. Once one's lifespan was exhausted, there would be nothing they could do.

Once one broke through to the Golden core stage, it would be like a carp leaping through the Dragon Gate. One's lifespan would be extended by a large margin, and the body would also gain great benefits from the breakthrough, just like a computer system update.

In fact, Li Yifu's age was considered young even among golden core cultivators.

Qingfeng Luo was much older than Yifu li.

People like Xia ruofei and Chen Xuan, who had reached the Golden core stage at such a young age, were extremely rare in the cultivation world on earth. Chen Xuan was born from his own talent and the first heaven society's vast amount of resources. In the entire first heaven society, he was the only one who could break through to the gold core realm at such a young age. On the other hand, Xia ruofei had endless opportunities. In terms of resources, he was not any less than Chen Xuan.

Xia ruofei smiled and said,"there's no need to say this. You're able to achieve what you've achieved. It's the result of your own efforts." Otherwise, no matter how many resources 1 give you, it'll be in vain."

Li Yifu felt the true energy in his body slowly transforming into vital Qi, and he was filled with mixed feelings.

Song Wei, Ling Qingxue, and Zheng Yongshou also came forward to congratulate Li Yifu.

Xia ruofei smiled and said,"it seems like 1 have good foresight!" They had prepared a celebratory feast in advance! Now that her adopted husband had successfully broken through to Jindan and ended his closed – door cultivation, everyone could have a good celebration! Let's go! Don't stand here and talk, let's go upstairs!"

"Martial granduncle even prepared a feast?" Li Yifu asked doubtfully.

"Don't listen to his nonsense ..." Ling Qingxue said, feeling angry and amused at the same time."He's obviously hungry. He just happened to steam a few big abalones for dinner!"

Song Wei could not help but smile.

Xia ruofei laughed."Then, what do you guys think? objectively speaking, the feast 1 prepared is very suitable for the occasion, right?"

"Indeed!" Zheng Yongshou quickly agreed with Xia ruofei without any principles.

“Senior granduncle, you’re so kind … I’m very grateful!” Li Yifu also said respectfully.

Song Wei and Ling Qingxue could not help but look helpless. Zheng Yongshou and Li Yifu’s support for Xia ruofei was definitely without any principles. As long as Xia ruofei said something, it was definitely right. As long as it was Xia ruofei’s order, he would definitely carry it out.

Xia ruofei laughed and said,”I’m just joking!” Go, go, go! Let’s all drink a few more glasses tonight!”

After that, they took the elevator to the luxury suite on the top floor.

“Mr. Xia,” Zheng Yongshou said as soon as he entered the house,”these dishes may be a little cold. I’ll go heat them up. Please wait a moment!”

“Alright, thank you for your hard work!” Xia ruofei said with a smile.

While waiting for Zheng Yongshou to heat up the food, Xia ruofei asked Li Yifu to sit beside him and asked him about the details of his breakthrough. At the same time, Li Yifu had just broken through to the Golden core stage. He was still not used to his current cultivation. Besides, he had a lot of questions and needed guidance for such a big breakthrough. Xia ruofei’s experience was very helpful to Li Yifu.

After a while, Zheng Yongshou had already heated up the food. Song Wei came over to invite Xia ruofei to eat.

Li Yifu still had some hidden meaning. Xia ruofei laughed and said,””I’ll be staying on the Peach Blossom Island for the time being. You can ask me any questions you have. Let’s eat first!”

“Yes! Senior granduncle!” Li Yifu said respectfully.

Everyone sat down around the table. Zheng Yongshou was busy pouring wine for everyone. Xia ruofei laughed and said,””Today’s hard dishes are really prepared at the right time! Come, come, come, everyone, let’s raise a toast to celebrate your husband’s successful breakthrough to the Golden core stage!” Everyone raised their glasses. Tang Haoran also raised his glass of fruit juice and toasted with everyone..

Chapter 3639: Concentrating on cultivation (2)

“Come! Try my abalone!” Xia ruofei said as he gave Song Wei, Ling Qingxue, and Tang Haoran a big one each. Then, he said,”help yourselves. Don’t stand on ceremony!”

The meat of the abalones that grew in the space sea was especially fresh and tender. At the same time, it had a chewy texture. Xia ruofei’s sauce was especially sweet and fragrant, which made the abalones taste even more delicious. Everyone ate with relish. Even Tang Haoran, who had seen too many delicacies, could not help but gobble them down. While eating, he gave Xia ruofei a thumbs up and said indistinctly,””Master, it’s really too delicious!” “The abalone is delicious! It’s not that master is delicious!” Xia ruofei said,”do you still want to eat people?”

Everyone burst into laughter.

The atmosphere of the dinner was very relaxed and pleasant. Li Yifu’s breakthrough to the Golden core stage was already something to be happy about, but with the table full of delicious food, everyone unknowingly drank a few more glasses of wine.

However, everyone present was a cultivator, so drinking a little more would not have any effect.

After dinner, Zheng Yongshou took the initiative to clean up the dishes, while Xia ruofei brought Li Yifu back to the living room to make tea and continued to talk to him about the Golden core stage, including some techniques of sword Kinesis flight. After entering the Golden core stage, one could theoretically ride a sword and fly. Although Li Yifu, who had just entered the Golden core stage, might not be able to ride a sword for a long time, it was still good to learn in advance.

Li Yifu listened attentively and remembered Xia ruofei’s words.

It could be said that Xia ruofei’s experience was accumulated from his own cultivation process and was based on the experience of his predecessors. It had not been long since he broke through to the Golden core stage, so all his feelings and memories were fresh. Now that he was sharing it with Li Yifu, it would be of great help to him.

Zheng Yongshou, Song Wei, and Ling Qingxue were all envious. Even Tang Haoran secretly clenched his fists and encouraged himself. “If it wasn’t for senior granduncle,” Li Yifu said in a trembling voice,”I’m afraid that my cultivation would have stopped at refined Qi Level 3 for the rest of my life. Chapter 3640 - 3640: Heading straight to Sydney (1)

Chapter 3640: Heading straight to Sydney (1)

Tang Haoran’s summer vacation was about to end.

He had been cultivating on the Peach Blossom Island for more than a month and was extremely close to breaking through to refined Qi level 9.

Although Song Wei and Ling Qingxue had both broken through a layer of cultivation, and Tang Haoran had not been able to break through to the ninth Qi layer after taking the Vermillion Jade Fruit, the more one cultivated, the more difficult it was to break through. The bottleneck between the eighth and ninth Qi layer was an order of magnitude difference.

Therefore, Tang Haoran’s cultivation progress was not any slower than Song Wei and Ling Qingxue.

If Tang Haoran could stay on the Peach Blossom Island for a while longer, he would definitely have no problem breaking through to refined Qi level 9.

However, he was about to start school soon. Xia ruofei’s point of view was that Tang Haoran should still receive a normal education at his age. The speed of his cultivation was not that important.

Hence, even though Tang Haoran was about to break through, Xia ruofei decided to take him back to Sydney first.

Tang Haoran did not lack cultivation resources anyway, so he could continue cultivating in Sydney. However, the environment there was definitely not as good as Paradise Island, so his cultivation speed would slow down a bit. Other than that, there was no other effect.

Li Yifu, whose cultivation had completely stabilized at the early golden core stage, continued to guard the Peach Blossom Island.

Song Wei and Ling Qingxue saw that Tang Haoran had advanced so quickly, so they also made up their minds to cultivate hard. Therefore, they would not leave in the short term and would stay here to cultivate.

Xia ruofei, Zheng Yongshou, and Tang Haoran embarked on the journey to Sydney.

On the rooftop of the Yanhuang building, Xia ruofei and the other two stood on the deck of the black Phoenix flying ship, waving goodbye to Song Wei and the others.

The black Phoenix flying ship then streaked through the air in a beautiful arc, accelerating to its maximum speed in an instant before turning into a streak of light and disappearing from everyone's sight.

After more than an hour, Xia ruofei controlled the black Phoenix flying ship and slowly landed near Tang Yitian's Manor.

When the three of them arrived at the entrance of the manor, Jennifer and Tang Yitian, who had received the news, were already waiting there.

When Jennifer saw Tang Haoran, she could not help but call out,""Haoran! You're back!"

"Dad! Mother!" It was also Tang Haoran's first time being away from his parents for so long, so when he saw Tang Yitian and Jennifer, he also cheered and jumped into Jennifer's arms.

Jennifer hugged Tang Haoran and said,""Let mom take a good look! My son seems to have grown taller!"

Tang Yitian, Xia ruofei, and Zheng Yongshou greeted each other. The last time Zheng Yongshou transported oak to Australia, Tang Yitian had specially met him, so the two knew each other.

Hearing Jennifer's words, Tang Yitian didn't know whether to laugh or cry."My dear, our son has only left home for a month. How could he have grown so tall all of a sudden?"

"Who said that?" Jennifer said,"I think he has grown a lot taller! Haoran, tell mom, how tall are you now?"

"1.5 meters!" Tang Haoran said proudly.

"I knew it!" Jennifer naturally knew her son's height and weight well."You've grown ten centimeters taller!"

"Ah?" Tang Yitian wasn't as attentive as Jennifer, so he didn't know Tang Haoran's original height. He couldn't help but be dumbfounded when he heard that."You really grew taller?"

Xia ruofei chuckled and said,"Haoran has been cultivating very hard and has had a breakthrough in his cultivation. It's normal for him to grow taller!" Besides, he's still growing, so it's not strange for him to be 10 cm taller in a month."

After taking the Vermillion Jade Fruit, Tang Haoran's cultivation had broken through several levels in succession. While his true energy was forging his body, he had also grown taller. Xia ruofei was very clear about this.

"Cultivation actually has such an effect..." Tang Yitian was very envious.

Although Tang Yitian was a formidable man, he wasn't very tall because of genetic factors, only about 1.72 meters. This was an ordinary height for Chinese men, but in the Australian society, which was dominated by white people, this height was a little short, and he would look a little weaker when he walked out.

"Brother Tang, you've already stopped growing at your age ..." Xia ruofei did not know whether to laugh or cry.

Jennifer also laughed hysterically when she heard that.

"I'm just happy for our son!"Tang Yitian said awkwardly. Don't just stand here, let's go in and chat while making tea!"

Tang Yitian's Manor was very large, so they all got on the electric car and quickly drove to the main building inside the manor. After a while, everyone had already arrived at the house and took their seats in the spacious living room on the first floor.

Xia ruofei laughed and said,"big brother Tang, 1 returned Haoran to you unscathed!" You guys don't have to worry anymore, right?"

"I've never been worried about leaving the child in your care!" Tang Yitian smiled.'Tt's just that his mother misses her son a little, and she often Nags in my ear. She can't stand it..."

"You're speaking as if you don't miss your son at all!" Jennifer couldn't help but glance at Tang Yitian and then at Xia ruofei. She asked with a smile,"ruofei, did Haoran cause you any trouble?"

"Why would 1? Although Haoran is young, he's very independent. He can eat, shower, and sleep on his own. We don't have to worry about him!" Xia ruofei laughed and said,"I don't know how you guys taught him.. He should be a pampered young master, but he's like a poor kid who takes care of things early!"

Chapter 3641 - 3641: Heading straight to Sydney (2)

Chapter 3641: Heading straight to Sydney (2)

Jennifer is quite successful in her children's education." Tang Yitian said proudly,"although his family is well – to – do, we've already started to cultivate his sense of independence when he was very young. It seems that the effect is not bad!"

"It's indeed not bad!" Xia ruofei praised,"in the country, many children at Haoran's age are still living a life of having everything provided for them. Without the adults, they can't do anything. It's very rare to have children as independent as Haoran!"

"The main credit goes to Jennifer!" Tang Yitian said happily.

"Oh right, big brother Tang, sorry to trouble you with the peach blossom company!" Xia ruofei continued.

This year, peach blossom company's truffle auction would be held in Australia, and the location was chosen to be in Sydney. Tang Yitian had taken the initiative to handle many things here, including the reservation of the venue and the invitation letter sent by the Paradise Corporation. This would help them get their visas. He had also helped them book the hotels in advance and personally invited many famous people in Australia to come and support them. It could be said that he had done everything he could to the extreme.

"Ruofei, why are you being so polite with me?" Tang Yitian pretended to be angry. Isn't your business my business?"

"I still have to thank him. Otherwise, wouldn't I be an ingrate?" Xia ruofei laughed and asked,"big brother Tang, have the people from the Paradise Corporation arrived?"

"Not all of them are here." Tang Yitian said,"three of them came as the advance party. I've already arranged a hotel for them. The auction will be held in that hotel too. It'll be much more convenient for them!"

"You're really thoughtful, big brother Tang." Xia ruofei smiled and said,"Oh right, please book an extra room at that hotel and arrange for elder Zheng to stay there too!"

Zheng Yongshou followed Xia ruofei and was more or less cautious. Moreover, he didn't want more people to know about Xia ruofei's discussion with Tang Yitian. Even Zheng Yongshou, who had no problem with his loyalty, didn't want to expand the scope of his information.

"A small matter!" Tang Yitian said with a smile. He took out his phone and made a call.'Tve asked the driver to drive you here. Mr. Zheng, you can go to the hotel now. They'll help you check in!"

"Okay. Thank you, Mr. Tang!" Zheng Yongshou stood up and said.

Xia ruofei looked at Zheng Yongshou and said,""Old Zheng, have a good rest after you get to the hotel. Also, meet up with the people from the Paradise Corporation and see if there's anything else you need to do. When the auction starts, come and find me. I'll prepare the truffles and give them to you."

"I understand! Mr. Xia!" Zheng Yongshou said.

Soon, the sound of a car's engine could be heard from outside. The driver arranged by Tang Yitian drove a black Mercedes – Benz to pick up Zheng Yongshou.

Zheng Yongshou slightly bowed to Xia ruofei and Tang Yitian, then turned around and left. He got in the car and went directly to the hotel.

Jennifer smiled and said,"ruofei, if you have anything to discuss, go to the study!" I'm going to see how they're doing with lunch! Haoran, you come with mom too!"

"Let's go! Let's sit in the study!" Tang Yitian stood up and said.

The two of them went to the study room. Xia ruofei sat down and asked with a smile,"Big brother Tang, judging from your excited look, the Foundation's progress should be quite smooth, right?"

"It's more than just relatively smooth! It's simply too smooth!" Tang Yitian said happily,"! really didn't expect that, Steve. Galiny was also so good at calculating his own wealth! And he really didn't hold back at all! He was particularly experienced in handling such cases. In just over a month, almost all of the Galiny family's assets in the mining industry had been transferred to the foundation without anyone knowing. In fact, these assets already belong to the foundation. As long as we want, we can change the owner of their company in a minute!"

Xia ruofei was not surprised by this, Steve. He had put a soul seal on Galiny, so his loyalty was absolutely full. Even if it was against his own business, or even if he was told to die, he would definitely not hold back.

If Steve. It was extremely abnormal for kalini to consider his own interests and the interests of the kalini family in this process.

Xia ruofei laughed and said,"it's good that it went well!" I'm still worried that the secret might be leaked. When the time comes, 1'11 have to use thunderous means to suppress some idiots who are ready to make a move!"

Steve. Galiny is too professional!" Tang Yitian smiled and said,"he's personally handling this matter. It's simply flawless." There were a few times when 1 overlooked small problems, but he was the first to notice them and filled in the gaps. I guess he's done this kind of thing before ... To be honest, I'm really impressed by her!"

"So, Grello? If Galini were to suddenly die at this time, there wouldn't be any impact?" Xia ruofei asked calmly.

Xia ruofei used such an emotionless tone to say such murderous words. Even Tang Yitian couldn't help but shiver.

Even though he knew that Xia ruofei was on his side and would not use the methods of a cultivator against him, he still could not help but feel a chill down his spine.

Tang Yitian steadied his mind and said,""It really doesn't matter at this time! Even if there was a small – scale internal turmoil, it would not affect the overall situation! It can be said that we've already won!"

Then, Tang Yitian changed the topic,""However, I still suggest that we wait for a few more days."

"Oh?" Xia ruofei asked in confusion,"since there's no impact, why do we have to wait?"

"Isn't the Taoyuan company's truffle auction in Sydney in a few days?"Tang Yitian said with a smile. If only Grello was still in Sydney. The Galiny family is not to be trifled with. Hence, Sydney will definitely be filled with tension and the police will increase their patrols. The celebrities I've invited might also give up on going to the auction for safety reasons ..."

Xia ruofei nodded and said,"understood!" He would let him live for a few more days. He had already waited for more than a month, so he didn't care about a few more days. It just so happens that big brother tang can also take advantage of these few days to further strengthen his control over the Galiny family's business and take precautions in advance against the Galiny family's actions because of Grello. The internal turmoil and external pressure caused by Galini's death."

"That's what I meant!" Tang Yitian smiled and said,"don't worry, Grello. We've been keeping track of Galiny's whereabouts, and this is Steve. Galiny provided it to me! So if

you want to take his life, just go straight to him. He definitely won't be able to escape from our hands!"

Xia ruofei smiled and nodded. Then, he asked,""By the way, how's Paradise Farm? Brother Liang's recovery should be pretty good too, right?"

Xia ruofei calculated the time. The ointment that he left for Liang Qichao should be almost used up.

In other words, if everything went well, Liang Qichao's injuries should have recovered by now.

Tang Yitian said,"the farm did as you asked and didn't open new channels, but I've strengthened the support for Paradise Farm, including the sold well. Paradise Farm's products have been adjusted to the most eye – catching position, so recently the sales have also increased significantly. At least, it can be basically the same as before when we sold them through multiple channels!" "Big brother Tang is really too awesome!" Xia ruofei gave him a thumbs – up and asked,"how's brother Liang's recovery? There shouldn't be any problems, right?"

Chapter 3642 - 3642: Returning to Paradise Farm (1)

Chapter 3642: Returning to Paradise Farm (1)

"It's pretty good! I went to the Hunter Valley to see him a week ago!" Tang Yitian smiled and said,"he can walk now! I recommended him a very good rehabilitation specialist and he'll stay in Paradise Farm until he goes through rehabilitation training."

"That's very thoughtful of you, brother Tang!" Xia ruofei said as he bowed slightly.

“The specialist looked at Xiao Liang’s medical records and understood that such a serious injury was actually treated with pure Chinese medicine. He was full of praise for Chinese medicine and kept exclaiming ‘amazes’!” Tang Yitian laughed and said,”as the saying goes, it takes a hundred days to recover from a bone injury. Xiao Liang has such a serious comminuted fracture, but he can walk in just over a month. No one would believe it if they told them!”

“Our country’s Chinese medicine is still very magical!” Xia ruofei said with a smile.

“Of course!” “The first time we met, you used your magical medical skills to save Haoran’s life. It also opened up a deeper and deeper fate between you and our family!” Tang Yitian said.

Xia ruofei laughed and said,”actually, it’s not entirely the effect of Chinese medicine!” Whether it’s Haoran’s situation or brother Liang’s injury treatment this time, in addition to Traditional Chinese Medicine, there are also some methods of cultivators. Otherwise, the effect wouldn’t be so immediate!”

Tang Yitian nodded with a smile,””Ruofei, let’s talk about the foundation! Now, the Holy Dragon Foundation has secretly taken control of the mining industry under the name of the former Galini family...”

Xia ruofei waved his hand and said,”please spare me, big brother Tang. 1 don’t know the details and I’m not interested in it at all. You and Steve are just two people. Galini can master it himself, there’s no need to tell me too much ...” “Those are all your assets ...” Tang Yitian forced a smile.

“I didn’t want it either!” Said Xia ruofei as he spread his hands.

“Alright, alright, alright!” Tang Yitian said,”then I’ll tell you roughly! In addition to secretly controlling most of the Galiny family’s physical industries, the Holy Dragon Foundation also controlled a huge sum of money. The amount that kalini had transferred in through complicated secret operations was about 20 billion Australian dollars. According to our previous plan, the Holy Dragon Foundation will set up a special charity fund and inject no less than 100 million Australian dollars annually for charity! Besides ... The Galini family was also involved in illegal businesses such as arms and drugs, Steve. “Kalini has already begun to slowly reduce its business, but it’s not easy to completely cut off these industries. It’s also easy to arouse the rebellious mentality of those desperadoes below...”

“So, what do you all mean?” Xia ruofei asked.

“I wonder if you can make a move and directly wipe out a portion of them with thunderous means!” Tang Yitian’s eyes also revealed a trace of fierceness.’Those people all deserved to die. They could be said to be the accomplices and lackeys of the kalini family. Each and every one of them had their hands stained with blood!”

“A small matter!” Xia ruofei said casually,”as long as 1 can confirm the target, 1 will make my move.”

“That’s great!” Tang Yitian said happily,”if we don’t use any thunderous means, it’ll be Steve. Galini doesn’t even have a good way to deal with it, it’s already too big to deal with!”

“Also ... There’s one more thing that I need you to do personally,” Tang Yitian continued.

“What’s the matter?” Xia ruofei asked.

“The Holy Dragon Foundation has a huge amount of assets and funds under its control. The first batch of staff selected to work for the foundation is now stretched thin.” Tang Yitian said,”we’re going to set up a charity fund soon. We’ll need a lot of manpower.” Hence, the urgent problem now was to add more people to the Holy Dragon Foundation. And the Golden Foundation is so special. If someone were to enter... You know what I mean!”

Xia ruofei laughed and said,”I understand!” I understand! Let’s divide the work and cooperate. Big brother Tang, you choose the people, and I’ll personally check!”

“That’s great!” Tang Yitian said happily,”this way, I can use my people with ease!”

Xia ruofei smiled and nodded.””Big brother Tang, if you don’t have anything urgent to do for the time being, I’m going to the Hunter Valley First.” “You’re going to check on Liang Qichao?” Tang Yitian asked with a smile.

Xia ruofei smiled and nodded.’Tll help you to the end. Since I’ve taken over his treatment, I’ll be responsible to the end.”

“Alright! We’ll keep in touch!” “Do you need me to send you a car?” Tang Yitian asked.

“I can go by myself!” Xia ruofei smiled.

“I’m just asking. Which airboat do you take? we’ll arrive there in the blink of an eye!” Tang Yitian said enviously,”it’s not that convenient to take a car!”

Xia ruofei laughed and said,”big brother Tang! In the future, Haoran will take you flying!”

“I can only count on him!” Tang Yitian said with a smile.

Xia ruofei had lunch at Tang Yitian’s house and left the manor. He boarded the black Phoenix flying ship and flew in the direction of the Hunter Valley.

After a while, Xia ruofei arrived at the small town where Paradise Farm was located. He found a secluded place to land the flying boat, then walked through the town to Paradise Farm.

After more than a month, Paradise Farm was still on high alert.

However, the security guards already knew Xia ruofei, so they did not reject him this time. Once they saw him, they quickly welcomed him in..

Chapter 3643: Returning to Paradise Farm (2)

One of them used a walkie – talkie to inform the people inside the farm, while the other drove Xia ruofei into the farm in a battery – powered car.

Xia ruofei arrived at the man – made lakeside villa. Liang Qichao and Jennifer had already walked out of the villa and were waiting at the door.

“It’s pretty good! I went to the Hunter Valley to see him a week ago!” Tang Yitian smiled and said,”he can walk now! 1 recommended him a very good rehabilitation specialist and he’ll stay in Paradise Farm until he goes through rehabilitation training.”

“That’s very thoughtful of you, brother Tang!” Xia ruofei said as he bowed slightly.

“The specialist looked at Xiao Liang’s medical records and understood that such a serious injury was actually treated with pure Chinese medicine. He was full of praise for Chinese medicine and kept exclaiming ‘amazes’!” Tang Yitian laughed and said,”as the saying goes, it takes a hundred days to recover from a bone injury. Xiao Liang has such a serious

comminuted fracture, but he can walk in just over a month. No one would believe it if they told them!"

"Our country's Chinese medicine is still very magical!" Xia ruofei said with a smile.

"Of course!" "The first time we met, you used your magical medical skills to save Haoran's life. It also opened up a deeper and deeper fate between you and our family!" Tang Yitian said.

Xia ruofei laughed and said,"actually, it's not entirely the effect of Chinese medicine!" Whether it's Haoran's situation or brother Liang's injury treatment this time, in addition to Traditional Chinese Medicine, there are also some methods of cultivators. Otherwise, the effect wouldn't be so immediate!"

Tang Yitian nodded with a smile,""Ruofei, let's talk about the foundation! Now, the Holy Dragon Foundation has secretly taken control of the mining industry under the name of the former Galini family..."

Xia ruofei waved his hand and said,"please spare me, big brother Tang. 1 don't know the details and I'm not interested in it at all. You and Steve are just two people. Galini can master it himself, there's no need to tell me too much ..." "Those are all your assets ..." Tang Yitian forced a smile.

"I didn't want it either!" Said Xia ruofei as he spread his hands.

"Alright, alright, alright!" Tang Yitian said,"then I'll tell you roughly! In addition to secretly controlling most of the Galiny family's physical industries, the Holy Dragon Foundation also controlled a huge sum of money. The amount that kalini had transferred in through complicated secret operations was about 20 billion Australian dollars. According to our previous plan, the Holy Dragon Foundation will set up a special charity fund and inject no less than loo million Australian dollars annually for charity! Besides ... The Galini family was also involved in illegal businesses such as arms and drugs, Steve. "Kalini has already begun to slowly reduce its business, but it's not easy to completely cut off these industries. It's also easy to arouse the rebellious mentality of those desperadoes below..."

"So, what do you all mean?" Xia ruofei asked.

"I wonder if you can make a move and directly wipe out a portion of them with thunderous means!" Tang Yitian's eyes also revealed a trace of fierceness."Those people all deserved to die. Chapter 3644: It’s not that I don’t want to take revenge (1)

Time passed by quietly as the three of them chatted. Before they knew it, Xia ruofei had already completed the acupuncture treatment.

When he pulled out the last silver needle, Liang Qichao didn’t notice it until he saw Xia ruofei start to disinfect the needle with alcohol. He then asked in surprise,””You’re done with the acupuncture?”

“I’m done! “Xia ruofei laughed.

“It feels so fast!” Liang Qichao laughed drily.’The last time I was treated, I would fall asleep and couldn’t feel it at all. So this is how acupuncture works! My entire body feels warm and comfortable!”

“You did enjoy it, but acupuncture is very tiring!” Xia ruofei smiled and said,”if the Chinese medical Masters in the country were to do this kind of acupuncture, not to mention the cost, they wouldn’t be able to do it for a few days in a row. Their bodies wouldn’t be able to take it!”

“RUO Fei, it’s been hard on you!” Liang Qichao said gratefully,”why don’t we stop the acupuncture? 1 think I’m recovering pretty well just like this. It doesn’t matter even if it’s a little slower. I’m recuperating in Paradise Farm anyway, so it doesn’t affect my work.”

Xia ruofei waved his hand and said,”I’m talking about those old Chinese doctors with white beards. Their bodies can’t take it. I’m so young. It’s not a problem for me to perform acupuncture on you once a day!” I’ll be in Australia for about a week this time, just in time to help you consolidate your Foundation! We’re on the same side, so don’t say those pretentious words!” “Alright then!” Liang Qichao nodded and didn’t say anything else, but his eyes were a little red.

“You should rest for a while!” Xia ruofei stood up and said,”it’s best not to get off the bed after the acupuncture. It’s best to sleep.” I’m going to the farm for a walk! I haven’t had a good look at our farm in a long time!”

“Boss, I’ll go with you!” Said Daphne hurriedly.

“No need! No need!” Xia ruofei smiled and waved his hand.”You stay with brother Liang! I’ll just walk around by myself. Oh right... Give me a car! Our farm is too big!”

“Alright!” Said Daphne.

She took out a car key and handed it to Xia ruofei.””This is the key to the pickup at the entrance. You can use it as you wish!”

“Thanks!” Xia ruofei took the key, waved at Liang Qichao, and walked out of the villa.

Daphne had given Xia ruofei a pickup truck, not because she was being rude to him, but because it was better for driving through. Besides the road from the entrance to the artificial lake, there were many places that ordinary cars could not drive through.

In fact, the most practical thing on the farm was the pickup truck. It had good passing performance and could also load goods. The farmers especially liked to use the pickup truck.

Moreover, the pickup that Daphne had given Xia ruofei was a domineering Ford Raptor. Although it was also a vehicle, it was still a toy for the rich in the country.

Xia ruofei could even drive a super giant like the Knight XV with ease. Driving a Ford Raptor was naturally a piece of cake for him.

He climbed into the car and started the engine. He left the lakeside villa and drove along the road to the deeper part of the farm.

Paradise Farm was considered a high – Quality farm in the entire Hunter Valley area. The terrain was relatively flat, and there was plenty of water and sunshine. The climate conditions were also quite good.

Under Liang Qichao and Daphne's management, Paradise Farm had changed a lot. Rows of vegetable greenhouses were arranged neatly like soldiers, and they could not see the end of it from afar. It was a spectacular sight. Some areas were also planted with various fruit trees, which were also lush. Summer in Australia was the season when many fruits ripened, so the branches of fruit trees in many areas were full of fruit, making it a lively scene.

Xia ruofei drove a Ford Raptor pickup truck with melodious country music playing in the car. It was quite a pleasant feeling to drive through the bountiful farm.

He drove around the farm and also inspected the cold storage on the farm and Tang He's horse farm.

There were indeed a lot of products in the cold storage warehouse. After all, they had lost a lot of channels during this period. However, with Tang Yitian's full support, the stock in the cold storage warehouse was basically maintained at about 60% and didn't continue to increase.

Xia ruofei saw that the workers were all busy and the cold storage warehouse was in and out in an orderly manner. He could not help but nod.

It could be seen that under Liang Qichao and Daphne's care, Paradise Farm was indeed full of vitality.

When Xia ruofei drove back to the lakeside villa, the sun was already setting. The Golden rays of the setting sun shone on the sparkling lake. It was a peaceful and peaceful scene!

When she heard the sound of the car engine, she quickly came out to greet him.

"Boss! You're back!" "Qi Chao wanted to call you and ask you to come back for dinner," said Daphne with a smile.

Xia ruofei laughed and said,"I came back just in time for dinner!" Brother Liang, you didn't sleep much this afternoon?"

“He fell asleep after you left. He slept for about an hour and just woke up not long ago.” Said Daphne.

She welcomed Xia ruofei into the villa. Liang Qichao, who was sitting in a wheelchair, grinned at Xia ruofei and said,””Ruofei, 1 thought you had forgotten the time!”

“How could l!” Xia ruofei laughed and said,”if you’re not enthusiastic about eating, you must have a problem with your thinking! Brother Liang, what have you prepared to entertain my guest from afar?”

Chapter 3645: It’s not that I don’t want to take revenge (2)

“You’re the master, okay?” Liang Qichao rolled his eyes and said,”we’re all working for you! You still have the nerve to call yourself a guest?”

“It seems like you don’t have anything good to serve me!” Xia ruofei laughed.

“I’m just joking!” Liang Qichao laughed and said,”Uncle Bill has been busy in the kitchen for a long time, just to entertain an important guest like you!” As soon as Liang Qichao finished speaking, a bald white man walked out of the kitchen. When he saw Xia ruofei, he widened his eyes in an exaggerated manner and said,””My Dear Boss, 1 finally get to see you again!”

Xia ruofei laughed and said,”Uncle Bill, I’m very happy to see you again!” After I returned to China, 1 would still often miss the queenshire pie you made, the vanilla grilled fish steak, the deep – Fried Crab Sticks, the grilled kangaroo meat... Every dish I’ve eaten here is still fresh in my memory!”

Uncle Bill said in surprise,""! didn't expect the boss to remember the dishes I cooked! This is a great honor!"

Chapter 3646 - 3646: Meeting an old friend in a foreign land (1)

Chapter 3646: Meeting an old friend in a foreign land (1)

Tang Yitian had arranged for Zheng Yongshou and the people from paradise to stay at the park Yue hotel between the harbor Bridge and the Sydney Opera House. It was one of the most luxurious hotels in Australia – so Tang Yitian naturally wouldn’t be stingy to Xia ruofei’s friends.

The Park Hyatt Hotel was also very close to the city center. It only took about ten minutes to reach Sydney’s landmarks such as the historical block, the rock District Market, and the Museum of Contemporary Art.

Xia ruofei found a quiet place near the harbor Bridge to land the airboat. Then, he revealed himself and leisurely enjoyed the scenery as he walked towards the park Joy Hotel.

In a short while, Xia ruofei arrived at the entrance of the Park Hyatt Hotel. He walked through the lobby and was about to contact Zheng Yongshou when a surprised voice suddenly came from behind him.”Chairman? You’re also in Sydney!”

Xia ruofei turned around and couldn’t help but smile.””Liu Qian! Did your Department participate in the auction this time?”

Liu Qian was Feng Jing's first assistant. She was very capable and quick – witted, so Feng Jing spent a lot of time and effort training her. She was later assigned to a specific Department for training, and if nothing went wrong, she would definitely be put in an important position in the future.

"I'm here with President Feng!"Liu Qian said with a smile.

"Oh? Does that mean you've changed your position again?" Xia ruofei asked with a smile.

"I was appointed as the Secretary of the Board of Directors some time ago." Liu Qian said, a little embarrassed,"you and President Feng have been taking care of me very well..."

"That's also because you're capable enough to take on the new position. Otherwise, it's useless no matter who takes care of you. 1 still know boss Feng quite well." Xia ruofei chuckled and said,"by the way, you said that CEO Feng is here too? She's a general manager, and she's here to attend the auction!" "Yup! Director Feng has always placed great importance on the company's brand building!" Liu Qian said,"this time, not only is President Feng here, but President Dong is also here!"

"Woof! This company's senior management came in a group!" Xia ruofei smiled and asked,"Where are they now?"

"President Feng and President Dong should be having a meeting in the room to discuss the details of the auction." Liu Qian said,"the second group of colleagues will arrive at the hotel in a while. 1 just came down to wait for them.

1 didn't expect to meet the chairman ... Why are you in Sydney?" We didn't know about this beforehand!"

"Hahaha! How can I leak my whereabouts?" Xia ruofei joked.

Then, he said,"that means there are a lot of old acquaintances coming to Sydney this time!" Then I'll treat everyone to a meal later! It must be tough for everyone to travel all the way here for a business trip!"

"Really? That's great!" Liu Qian cheered,"the chairman is treating us to a big meal. If everyone knew about this, they would definitely be overjoyed! Chairman, can 1 report your visit to the hotel to director Feng?"

Xia ruofei laughed and said,"report!" 1 just happened to be in Sydney and heard that everyone was here for an auction, so ... I came here to visit you, but 1 didn't expect you to come here in person, boss Feng and boss Dong!"

"Yes! Then I'll give President Feng a call first!" Liu Qian said happily.

"By the way, how many people do you have?" Xia ruofei asked casually.

“The first batch only consisted of President Feng, President Dong, and me. The second batch consisted of slightly more people, including colleagues from the sales department, the legal department, and other departments. There are ten people in total.” Liu Qian said.

Xia ruofei nodded and said,”then the 13 of you ... Okay!” I know, go make the call!”

“Alright! Chairman, please take a seat and rest for a while!” Liu Qian said.

Then, she quickly walked to the front desk and used the phone to call Feng Jing’s hotel room. Although Yingluo’s phone was set up for international calls, the bill was still very expensive, so she tried to save as much as she could.

Xia ruofei sat down on the sofa in the hotel lobby. He looked around and waved at a capable young man in a navy blue suit.

The young man had been watching Xia ruofei from the corner of his eyes, so he quickly walked over.

He bent down in front of Xia ruofei and asked in a low voice,””Mr. Xia, may 1 know what you need?”

Xia ruofei’s memory was amazing. With just a glance, he could recognize that this capable and experienced Chinese young man had once appeared in Tang Yitian’s Manor. He was one of the many staff members, so this capable and experienced young man was obviously sent by Tang Yitian to provide service guarantee for the Paradise Corporation.

Xia ruofei smiled and said,”I’m going to treat the employees of paradise Corporation to lunch this afternoon. Please help me make the arrangements. We’ll book a private room with a better environment at the restaurant in this hotel. Oh right, we have about 15 people, so the venue will be a little bigger.” “Understood!” The capable young man said without hesitation,”please wait a moment, I’ll arrange it now!”

Chapter 3647: Meeting an old friend in a foreign land (2)

In a short while, Xia ruofei arrived at the entrance of the Park Hyatt Hotel. He walked through the lobby and was about to contact Zheng Yongshou when a surprised voice suddenly came from behind him.”Chairman? You’re also in Sydney!”

Xia ruofei turned around and couldn’t help but smile.””Liu Qian! Did your Department participate in the auction this time?”

Liu Qian was Feng Jing’s first assistant. She was very capable and quick – witted, so Feng Jing spent a lot of time and effort training her. She was later assigned to a specific Department for training, and if nothing went wrong, she would definitely be put in an important position in the future.

“I’m here with President Feng!”Liu Qian said with a smile.

“Oh? Does that mean you’ve changed your position again?” Xia ruofei asked with a smile.

“I was appointed as the Secretary of the Board of Directors some time ago.” Liu Qian said, a little embarrassed,”you and President Feng have been taking care of me very well...”

“That’s also because you’re capable enough to take on the new position. Otherwise, it’s useless no matter who takes care of you. I still know boss Feng quite well.” Xia ruofei chuckled and said,”by the way, you said that CEO Feng is here too? She’s a general manager, and she’s here to attend the auction!”

“Yup! Director Feng has always placed great importance on the company’s brand building!” Liu Qian said,”this time, not only is President Feng here, but President Dong is also here!”

“Woof! This company’s senior management came in a group!” Xia ruofei smiled and asked,”Where are they now?”

“President Feng and President Dong should be having a meeting in the room to discuss the details of the auction.” Liu Qian said,”the second group of colleagues will arrive at the hotel in a while. I just came down to wait for them. I didn’t expect to meet the chairman … Why are you in Sydney?” We didn’t know about this beforehand!”

“Hahaha! How can I leak my whereabouts?” Xia ruofei joked.

Then, he said,”that means there are a lot of old acquaintances coming to Sydney this time!” Then I’ll treat everyone to a meal later! It must be tough for everyone to travel all the way here for a business trip!”

“Really? That’s great!” Liu Qian cheered,”the chairman is treating us to a big meal. If everyone knew about this, they would definitely be overjoyed! Chairman, can I report your visit to the hotel to director Feng?”

Xia ruofei laughed and said,”report!” I just happened to be in Sydney and heard that everyone was here for an auction, so … I came here to visit you, but I didn’t expect you to come here in person, boss Feng and boss Dong!”

“Yes! Then I’ll give President Feng a call first!” Liu Qian said happily.

“By the way, how many people do you have?” Xia ruofei asked casually.

“The first batch only consisted of President Feng, President Dong, and me. The second batch consisted of slightly more people, including colleagues from the sales department, the legal department, and other departments. There are a total of ten people.” Liu Qian said.

Xia ruofei nodded and said,”then the 13 of you … Okay!” I know, go make the call!”

“Alright! Chairman, please take a seat and rest for a while!” Liu Qian said.

Then, she quickly walked to the front desk and used the phone to call Feng Jing’s hotel room. Although Yingluo’s phone was set up for international calls, the bill was still very expensive, so she tried to save as much as she could.

Xia ruofei sat down on the sofa in the hotel lobby. He looked around and waved at a capable young man in a navy blue suit.

The young man had been watching Xia ruofei from the corner of his eyes, so he quickly walked over.

He bent down in front of Xia ruofei and asked in a low voice,""Mr. Xia, may I know what you need?"

Xia ruofei's memory was amazing. With just a glance, he could recognize that this capable and experienced Chinese young man had once appeared in Tang Yitian's Manor. He was one of the many staff members, so this capable and experienced young man was obviously sent by Tang Yitian to provide service guarantee for the Paradise Corporation.

Xia ruofei smiled and said,"I'm going to treat the employees of paradise Corporation to lunch this afternoon. Please help me make the arrangements. We'll book a private room with a better environment at the restaurant in this hotel. Oh right, we have about 15 people, so the venue will be a little bigger." "Understood!" The capable young man said without hesitation,"please wait a moment, I'll arrange it now!"

Tang Yitian had arranged for Zheng Yongshou and the people from paradise to stay at the park Yue hotel between the harbor Bridge and the Sydney Opera House. It was one of the most luxurious hotels in Australia, so Tang Yitian naturally wouldn't be stingy to Xia ruofei's friends.

The Park Hyatt Hotel was also very close to the city center. It only took about ten minutes to reach Sydney's landmarks such as the historical block, the rock District Market, and the Museum of Contemporary Art.

Xia ruofei found a quiet place near the harbor Bridge to land the airboat. Then, he revealed himself and leisurely enjoyed the scenery as he walked towards the park Joy Hotel.

In a short while, Xia ruofei arrived at the entrance of the Park Hyatt Hotel. He walked through the lobby and was about to contact Zheng Yongshou when a surprised voice suddenly came from behind him."Chairman? You're also in Sydney!"

Chapter 3648: It’s time to settle the score (1)

“Mr. Xia, you’re too kind. It’s just a few hours.” The capable young man said respectfully,”you can enjoy your lunch to your heart’s content. If you have any needs, you can ask. We will do our best to satisfy you!”

Xia ruofei and Tang Yitian’s relationship wasn’t ordinary, so he didn’t try to be pretentious. He nodded and said,”Alright, thank you!”

“You’re too polite! This is our job!” The capable young man said respectfully. After he finished speaking, he bowed slightly to Xia ruofei and retreated to the side to make sure that he would not disturb Xia ruofei and the others while being able to be at his beck and call.

Xia ruofei, Feng Jing, and Dong Yun were standing at the edge of the pool, looking at the Sydney Opera House. Xia ruofei smiled and said,””The location of this hotel is really good. The view from the top floor is really good!”

“This is one of the most expensive hotels in Sydney, so of course it’s good!” Feng Rao grinned. According to the standard of our business trip, we certainly can’t stay in such an expensive hotel, but Mr. Tang insisted on this arrangement, and he even covered all the expenses. It’s hard to refuse such kindness!”

“Big brother Tang is one of us, so there’s no need to have any psychological burden.” Xia ruofei smiled and said,”I’ll return all the favors the company owes anyway! Sister ran, you can’t say that I abandoned the company again! Look at how well the security work is done.”

“That’s because Mr. Tang did a good job ...” Feng Jing said.

“Big brother Tang, you’re just giving me face. Therefore, my contribution can not be erased!” Xia ruofei said with a smile.

The three of them chatted for a while, and then Liu Qian brought the second batch of staff to the top floor.

When everyone saw the borderless pool and the beautiful scenery, they couldn’t help but shout and wail. Everyone was very excited.

Xia ruofei smiled and invited everyone to find a place to sit. Then, he walked over and said,””My dear colleagues, you’ve all traveled thousands of miles to Sydney for a business trip. For this afternoon, on my behalf, 1 would like to thank everyone for their hard work! Everyone, please don’t be so reserved. We’ve booked the entire place, so you can enjoy all the good food and wine as you wish!”

“Long live the chairman!”

“Thank you, Chairman!”

The young employees all cheered.

“This is the Chairman’s concern for everyone,” Feng Jing said. “Everyone must work harder to repay the chairman!” We’re supposed to rest today, so you can drink some wine at noon, rest in the hotel for a while in the afternoon, or go out for a walk. But for safety reasons, you must leave the hotel together and not go out alone. You must report to Liu Qian and keep communication open, understand?”

“Understood!” The employees responded in unison.

Xia ruofei laughed and said,”President Feng, you don’t have to be so serious!” We’re all adults, and those who were sent abroad must be outstanding. Don’t treat them like children ...”

“Chairman, 1 brought them out, so I have to be responsible for them and their families ...” Feng Jing said.

“Yes, yes, yes, you’re right, President Feng!” Xia ruofei quickly waved his hand and said,”I won’t interfere with the company’s specific Affairs. We’ll do as you say!”

Then, Xia ruofei said to the staff,””Everyone, you must remember what boss Feng said, understand?”

“I’ll remember that, Chairman!” The employees responded.

Seeing this, Feng Rao couldn’t help but burst out laughing. Everyone was used to Feng Rao’s stern look, so they couldn’t help but be a little dazed when they saw her acting like a little girl.

Feng Rao cleared her throat and said,”alright, everyone can enjoy your lunch!” This is the Chairman’s kind intentions, everyone must not let him down!”

The lunch banquet at noon was not the kind of banquet that was commonly seen in China, but similar to a pool party. The hotel’s Executive Chef and a few other chefs were busy cooking a variety of food, and everyone could take a plate and eat according to their own preferences. The hotel had also arranged for many waiters to shuttle through the venue. The waiters ‘trays had all kinds of wine, juice, and so on, which could also be taken at will.

“Mr. Xia, you’re too kind. It’s just a few hours.” The capable young man said respectfully,”you can enjoy your lunch to your heart’s content. If you have any needs, you can ask. We will do our best to satisfy you!”

Chapter 3650 - 3650: Deserved to die (1)

Chapter 3650: Deserved to die (1)

|

Tang Yitian laughed and said,"I know you’ve been thinking about thisl" I’ve already found out about the situation in advance. Of course, it’s all Steve. It was provided by Galini! This guy didn’t even hesitate to betray his own brother. You cultivators really have terrifying means. "

Xia ruofei smiled."It’s very scary to the enemy. We’re on the same side. Why would you be afraid that 1’11 use this method against you, big brother Tang?"

"l’m not worried about that." Tang Yitian laughed."I know you very well, ruofei! "

Then, Tang Yitian continued,"let’s get back to the main topic." Kalini went out to sea yesterday, but you should be able to find him at any time with your flying boat. "

"Even if he’s hiding on the moon, I ll still be able to find him," said Xia ruofei, nodding.

He was not exaggerating at all. It had been proven that the black Phoenix flying ship was capable of short – distance space travel. At the very least, reaching the moon would not be a problem.

Xia ruofei continued,&q not; big brother Tang, Steve." Galini should know the general range of activities of Grello, right? Otherwise, it wouldn’t be easy to find him in the vast sea. "

" Grello. Kalini owns a super – Luxury yacht and often goes out to sea with a group of bad friends. Of course, there are also groups of beautiful women. " Tang Yitian said,"they usually don’t have a clear destination. The only thing we can be sure of is that the yacht will be in international waters, because it’s more convenient and safe for them to carry out some more exciting activities on the yacht."

Xia ruofei raised her eyebrows and said,&qiiot;"In that case, it won’t be easy to find him in the sea! But it didn’t matter. He couldn’t just keep wandering in the open sea! I’ll just wait a few more days in Sydney!&qnot;

"If I couldn’t find him, 1 wouldn’t have said so much to you.&qnot; Tang Yitian laughed. Steve. Galini had always been worried about Grello. Of course, he did not doubt his loyalty, but he felt that he was brainless and easily caused trouble. So, in fact, Steve. Galini has always arranged spies around greello to report his situation at any time. "

Xia ruofei’s eyes lit up and he said,"so, as long as Steve ..." If Galini wants to know Grello’s location, then there’s definitely no problem?"

Tang Yitian nodded with a smile. He took out a small device from the desk drawer and handed it to Xia ruofei."This is Steve’s name from two days ago. He asked me to pass this to you when we met. The spy he arranged had a satellite positioning system before going out to sea. You can easily find the yacht’s location through this equipment. "

"Alright!" Xia ruofei said happily,"that’s easy!"

"Ruofei, I know that Grello deserved to die. Even if he didn’t do those things to Paradise Farm and Xiao Liang, the sins he usually committed are more than enough to die a hundred times." Tang Yitian said,"but I still hope that you don’t hurt the innocent. Although the other people on the yacht aren’t good people, after all ..."

"What kind of person do you think I am, big brother Tang?" Xia ruofei smiled and waved his hand. A homicidal maniac? How could I possibly kill ordinary people? Don’t worry! The target of this operation is only greello alone. "

"I... i thought you were going to destroy the yacht !" Tang Yitian laughed dryly. For example, directly sink the yacht and fake a sea disaster ...."
