Chapter 3651 - 3651: A quick revenge (1)

Chapter 3651: A quick revenge (1)

Xia ruofei looked at the fierce – looking Grello with a playful expression. “It seems like you really don’t take my Paradise Farm seriously!” Said Galini. You used so many methods to deal with my farm, and even tried to assassinate my friend, but you didn’t even investigate it beforehand!”

Greello looked at the bare – handed and skinny Xia ruofei. A cold smile appeared on his face and he said,”I don’t care how you got on my ship, but since you’re here and dared to break into my bedroom, then you can stay! I heard that there are many piranhas in this area. I think they will be happy to enjoy your body!”

Xia ruofei shrugged.”The rumors are true. You are a true murderer. It’s not too much to die a hundred times.”

Grello. Galini looked at Xia ruofei and could not help but laugh wildly. His shoulders trembled violently as he pointed at Xia ruofei and said,””Chinese kid, you’ve lived for so many years, how can you still be so naive? In this world, strength was always respected. Those without strength deserved to be bullied! Didn’t your parents teach you anything when you were young?”

Xia ruofei nodded seriously and said,””Although you’re a bastard, you’re not wrong. This world respects strength.”

Grello. Galiny shrugged and said,”so?” You’re throwing yourself into a trap to die? Huaxia kid, I don’t know what my brother is thinking, he actually ordered me to suspend all operations on Paradise Farm, otherwise your broken farm would have been in the Galini family’s pocket long ago! But it doesn’t matter. As long as I want to, I can take your farm away at any time. Of course, you probably won’t be able to see that day!”

Grello. At this point, Galini started to stare into Xia ruofei’s eyes and said gloomily,””! heard that the kid in charge of the farm was quite lucky. Not only did he survive, but his recovery was also quite ideal. It seems that I was too kind last time. Don’t worry, he’ll be

down there to accompany you soon! I'll break his bones inch by inch and hang him on the gate of Paradise Farm. 1'11 let everyone see the consequences of offending the kalini family!"

Xia ruofei calmly looked at the crazy – looking Grello. "If God wants to destroy it, he must first make it crazy," Galini said indifferently. "This saying is true!"

Grello. Galini's eyes were filled with killing intent. He pulled out a large – caliber pistol from under his pillow, skillfully opened the safety, and loaded the bullet. Then, he pointed the black muzzle at Xia ruofei.

Grello. Galini's movements were well – trained. Although this younger brother of his was simple – minded, his ability to move was not bad. Of course, in the eyes of ordinary people, he could barely be considered an expert. At least he was agile. Galini's movements were as slow as a snail.

However, Xia ruofei did not stop him. Even though he had already detected a pistol under his pillow with his mental power, he was still stunned. Xia ruofei just looked at Grello quietly. Galini's eyes were as calm as water.

Grello. Galiny was slightly stunned, and then he smiled wildly. With a loaded pistol in his hand, he felt even more confident.

He had a cruel smile on his face as he said,""You dared to sneak into my yacht alone. I thought you were a master with good skills! 1 didn't expect this ... This is really disappointing. The game hasn't even started and it's about to end. It's really too boring..."

"No, the game ... Has only just begun!" Xia ruofei smiled.

"Oh?" Grello. Galiny raised the gun in his hand and quickly pointed it at Xia ruofei. He sneered and said,""I really can't see what chance you have to turn the tables! Oh right, I forgot to tell you. I hate you yellow – skinned monkeys the most. Wherever you go, you stick together as if the whole world belongs to you! "On the other hand, our noble white people have been occupied by you lowly races! Do you know? I've personally dealt with six Chinese before, and you'll be the seventh soon. You should feel honored! Oh ... By the way, you Chinese women are actually not bad. Three years ago, when I killed a Chinese man, his girlfriend happened to be there. That taste ... Tsk tsk..."

Xia ruofei listened to Grello. At these words, a trace of coldness finally appeared on Galini's calm face, and his eyes suddenly became much sharper.

Grello. Galini had been paying attention to Xia ruofei's expression. He laughed wildly and said,""Do you feel very angry? Don't you want to take revenge for your lowly compatriots? It's a pity... You won't have the chance ... Because of your stupidity, you'll soon follow in the footsteps of your compatriots.

Hahahaha...”

Xia ruofei quickly regained his composure and said,””Greello, you have successfully angered me. So ... I originally wanted to give you a quick death, but 1 suddenly changed my mind.. If I don’t let you die a painful death, I’ll be letting down my innocent compatriots!”

Chapter 3652: Happy revenge (2)

Grello. Galini was slightly stunned, then laughed wildly.”Kid, are you scared silly? Can’t you see the current situation? You still want to avenge your fellow countrymen? Are you still dreaming?”

Xia ruofei looked at the fierce – looking Grello with a playful expression. “It seems like you really don’t take my Paradise Farm seriously!” Said Galini. You used so many methods to deal with my farm, and even tried to assassinate my friend, but you didn’t even investigate it beforehand!”

Chapter 3653 - 3653: Under everyone's watchful eyes (1)

Chapter 3653: Under everyone's watchful eyes (1)

Grello. The veins on Galini's head were bulging, and his body trembled involuntarily. It was obvious that he was suffering from pain that ordinary people couldn't bear.

What was even more terrifying was that after being hit by the "heart devouring finger," even fainting was a luxury.

When a normal person's pain reached a certain threshold, their body would trigger a protective mechanism and make them faint. Some well – trained agents could even actively trigger this protective mechanism, thus putting themselves into a coma in advance and thus suffering the torture.

However, the self – created "heart devouring finger" could put a person in extreme pain at all times, and it was impossible for them to faint. Even if they were in a short coma, they would be quickly awakened by the pain that reached deep into the soul.

At this moment, Grello. This was exactly what happened to Galini. For the first time, he experienced the extreme pain of the world and truly understood the meaning of the word "worse than death."

Xia ruofei looked at Grello, who was rolling on the ground. There was no change in the expression on Galini's face.

His spiritual power was locked on to Grello. Galini could clearly feel that Grello's life force was gradually fading.

To be honest, it was a bit cruel to end a person's life in such a way, but Grello's death was not a big deal. Xia ruofei did not have any psychological burden on dealing with people like Galini, no matter how cruel the methods were.

As Xia ruofei had set up a sound – proof barrier in advance, Grello's voice was still low. Kalini brought the two blondes back to the bedroom. At this time, no one would dare to come and disturb them. Therefore, no one knocked on the door during the whole process, and the people outside were completely unaware.

Xia ruofei looked at Grello. Galini's life force was getting weaker and weaker, and his heart moved slightly.

Thus, he simply cast a concealment talisman on himself and suddenly disappeared from the cabin.

In fact, he was still nearby, but he had flown a dozen meters above the yacht on his sword.

Next, Xia ruofei removed the sound – proof barrier.

Instantly, greello's body trembled. Galini's shrill cry was heard.

At first, the people on the yacht thought that Grello had a lot of fun today, and they even smiled knowingly. However, Grello. Galini's cries were so miserable that someone quickly felt that something was wrong.

So, a bodyguard not far from the cabin hesitated for a moment and walked toward Grello. In Galiny's bedroom.

The bodyguard first listened and felt that there was something wrong with the sound, so he knocked on the door and tentatively called out,""Mr. Galiny! How are you?"

"Mr. Galiny Jr..."

"Mr. Galiny Jr..."

The bodyguard called out a few times, but Grello was in the room. Galini didn't respond except for the screams that were obviously not made during pleasure. In fact, he was Grello now. Galini could no longer speak. Other than his instinctive screams, he could not make any other sound.

The bodyguard finally couldn't hold it in anymore. He shouted loudly, and soon, several bodyguards rushed over.

The bodyguards discussed the situation briefly and decided to break in.

They quickly broke through the hatch and rushed into Grello. In the Galiny's bedroom.

The bodyguards were stunned by the scene in front of them.

The two blondes were unconscious on the bed, and Grello was unconscious. Galini had already become a bloody gourd. The wounds on his body were all caused by his own scratching. There was almost no intact skin, and he looked quite miserable.

In fact, the bodyguards almost couldn't recognize Grello. However, the basic physical characteristics would not change, and it was impossible for anyone else to appear on the yacht in grelor. In Galiny's exclusive bedroom, this person must be Grello.

"Mr. Galiny! Mr. Galiny!" The bodyguards shouted.

Grello. Galiny's hoarse voice made meaningless cries, and his blood – Red eyes bulged out, looking very terrifying. However, he did not respond to the bodyguard's call at all.

Everyone immediately panicked. Soon, someone called the others through the walkie – talkie, especially the doctors on the yacht.

In fact, Xia ruofei was standing on the blue travel immortal sword and floating above the yacht. He watched the scene coldly with his spiritual power. Even a cultivator would find it difficult to survive after being hit by the heart devouring finger, let alone an ordinary person like Grello. However, Xia ruofei still wanted to confirm his death before leaving.

The people on the yacht began to run around in a panic, all rushing to Grello. In the cabin of kalini.

The doctor on the ship quickly arrived at the scene and saw Grello. Galini could not help but jump in shock.

No one knew what had happened. The two blondes had been woken up, but they didn't know what was going on because they didn't see Xia ruofei at all. Furthermore, Xia ruofei had used his vital Qi to attack their acupuncture points, causing them to fall unconscious. Thus, they didn't feel any pain before they fell unconscious. They only felt a strong dizziness and then passed out without leaving any traces on their bodies.

The doctor on the ship could not help but be at his wits 'end.

Grello. Galini's situation was obviously very critical, so after thinking quickly, he decided to give it to Grello. Kalini was injected with a tranquilizer..

Chapter 3654 - 3654: Under everyone’s watchful eyes (2)

Chapter 3654: Under everyone’s watchful eyes (2)

The agonizing Grello. Galini was constantly rolling around, and he was very strong. The five bodyguards had to use all their strength to press him to the ground.

The doctor on the ship quickly stepped forward and gave Grello a hand. Kalini injected a tranquilizer.

However, the sedative had no effect at all. Galini did not pass out. As soon as the bodyguards let go of him, he immediately rolled on the ground in pain.

When the doctors on the ship saw this, they were completely helpless.

Sedatives could not be used in large doses, or it would be very dangerous.

As for Grello. Galini continued to roll, collide, and scratch his body, so he had to be controlled.

In the end, the doctor on the ship could only ask the bodyguards to take care of Grello. Galini was tied to the bed.

Grello. Although Galini’s movements were restricted, he was still struggling madly, and his throat was constantly letting out hoarse roars.

At this moment, his eyes were extremely red and his face was covered in bloody wounds. He looked like a demon who had descended to the mortal world.

The doctor on the ship quickly went up to give Grello a doctor’s report. Naturally, he would not be able to get any results from Galini’s examination.

Therefore, he asked the captain to return to the ship and apply for medical help on the grounds that the conditions on the yacht were limited.

Grello. With Galini's status, it was easy for him to get the attention of the medical unit when he had an acute illness at sea. Therefore, the medical helicopter was quickly sent out to check on the helipad on the rear deck of the yacht. In an emergency, the helicopter could take off and land.

The Galiny also turned around and started to return at full speed, heading in the direction of the medical helicopter.

The doctors on the ship were all guarding Grello. Galini couldn't do anything but watch Grello. Galini struggled madly in bed.

As for Grello. The medical helicopter didn't arrive in kalini either, although it wouldn't be of any use even if the top medical institution on earth sent people over.

He struggled and screamed for more than an hour under everyone's watchful eyes, and the final moment arrived.

At this moment, Grello. Galini's voice was completely hoarse. He could only make a hissing sound when he opened his mouth, and his breath was getting weaker and weaker.

The doctor on the ship was helpless and could only keep monitoring Grello. Galini's vital signs.

Grello. The few friends that kalini had brought along were also in the bedroom. All of them had a dumbfounded expression on their faces. They were just following the big boss out to sea to have fun. How did they suddenly encounter this situation? If Grello ... If kalini had really died at sea, then all of them would be involved.

In fact, Grello's face was pale. Galini really died on the ship. Everyone watched as his breathing became weaker and weaker, and his struggle became weaker and weaker.

In the end, the doctor on the ship simply asked the bodyguards to untie the rope. Without any restraints, Galini could no longer struggle.

He just lay on the bed, his eyes were lifeless, and his mouth was still groaning weakly.

Everyone was shocked to find that, at the last moment, Grello's body had been destroyed. As if the tendons in his body had been twitched, Galini's body began to curl up slowly. At first, he was only slightly bent, but gradually, his knees hit his chest. Then, he hugged his knees tightly and curled up into a ball.

When Grello. When Galini completely curled up into the shape of a pangolin, he let out a long breath and lost all signs of life.

The doctor's face was pale as he went up to touch Grello. Galini sniffed, then felt his pulse. His legs gave way, and he sat down on the bed.

The others might be worried because of Grello. He would be implicated in the death of Galini, but as a doctor, he would undoubtedly receive the most severe punishment.

The doctor on the ship could not help but shiver at the thought of how cruel and merciless the Galini family was.

Xia ruofei observed everything coldly from midair. Galini finally breathed his last. He looked back one last time, then silently activated his Sword Art and flew away from the Galini at high speed.

As for how these people would be dealt with in the future, as well as Grello ... He didn't care what kind of uproar the news of Galini's death would cause.

Grello. Kalini had attacked Paradise Farm and Liang Qichao, and he had a bad history of harming many Chinese people. Xia ruofei naturally took his life and killed him in a cruel way, which was considered to settle the karma.

Xia ruofei controlled his flying sword and flew for a distance before releasing the black Phoenix flying ship.

The Flying Ship grew in size as it faced the wind, rapidly growing in size and floating in the air.

Xia ruofei controlled the blue travel immortal sword and drew a beautiful arc in the air before landing steadily on the deck of the flying boat.

He steered the black Phoenix flying ship in the direction of Sydney.

Soon, the black Phoenix flying ship arrived at Tang Yitian's Manor in Sydney.

At this time, Tang Yitian had just finished dinner and was taking a walk with Jennifer and Tang Haoran in the manor.

When Xia ruofei appeared at the entrance of the manor, Tang Yitian's family, who had received the news, immediately went out to welcome him in a battery – powered car.

"RUO Fei, you're back already?" Tang Yitian couldn't help but be secretly speechless.

It had only been a few hours since Xia ruofei left the manor.

In such a short period of time, Xia ruofei had found the galni in the vast sea and killed Grello. He then returned to the manor. This was too efficient!

Because Jennifer and Tang Haoran were both there, Tang Yitian couldn't ask more clearly.

Xia ruofei laughed and said,"I'm done. I'm back now." Big brother Tang, have you eaten?"

"We just had dinner!" Tang Yitian said,"you haven't eaten yet, have you? 1'11 get the kitchen to prepare dinner immediately!"

"Then I'll have to trouble you!" Xia ruofei smiled and said,"it'd be even better if there's wine. Brother Tang, accompany me to drink a few glasses later!"

Hearing this, Tang Yitian knew that Xia ruofei's trip must have been very successful. He was very happy and quickly said,""No problem! Let's have a good drink later! It'll take some time for the kitchen to prepare dinner. Why don't we go to the study first? 1 just happen to have something to discuss with you!" "Alright!" Xia ruofei smiled.

The electric car quickly sent the four of them to the manor. Jennifer brought Tang Haoran back to his room to do his homework, while Xia ruofei and Tang Yitian went to the study room.

As soon as the door was closed, Tang Yitian couldn't wait to ask,""RUO Fei, did everything go smoothly today? Grello. Galini has already been beheaded?"

Xia ruofei smiled and nodded."Of course. Although Grello is brave and ruthless, he's just an ordinary person. How can 1 miss when I'm dealing with an ordinary person?"

"I also thought that you would definitely succeed. I didn't expect you to be so efficient!" Tang Yitian smiled and said,"tell me quickly, how did you deal with Grello?" Galiny's? It'll also broaden my horizons!"

Xia ruofei chuckled."! wanted to give him a quick death, but this guy admitted it himself. He admitted that he hated the Chinese and that a few Chinese have died in his hands." After hearing this, 1 definitely couldn't let him die so easily, so 1 used some cultivation methods to make him scream for two to three hours! If it wasn't for the fact that 1 wanted him to suffer a little more, 1 would have returned earlier than now!"

"Scream for two to three hours?" Tang Yitian couldn't help but shiver.

Xia ruofei laughed as he called Grello. He explained to Tang Yitian what happened after he was struck by the heart – devouring finger, especially what he felt after being struck by it.

Hearing this, Tang Yitian was even more shocked. He was stunned for a long time before he said,""This method ... Is ruthless! However, to deal with Grello ... A person like kalini can't be too cruel."

Just then, the phone on the table in Tang Yitian's study rang....

Chapter 3655: A great uproar (1)

Tang Yitian grabbed the phone and said,”Who is it?”

The other end of the phone said a few words. Tang Yitian quietly listened for a while, then said,””Alright, 1 got it!”

After hanging up the phone, Tang Yitian looked at Xia ruofei and said,””I’ve received the news, Grello. Galini is already dead, and he died in a terrible way H

Tang Yitian looked at Xia ruofei with a strange expression and said,””It’s really scary to offend you cultivators ...”

Obviously, he had found out about Grello over the phone. Even though he knew that Xia ruofei would not use such a method to deal with him, he still trembled in fear at the exact situation when he died.

Xia ruofei said easily,”he was indeed ruthless, but as you said, he did it to Grello.” A person like Galini can never be too ruthless.”

“Hahaha! That makes sense!” Tang Yitian smiled and said,”ruofei, no matter what, this is something to be happy about. You’ve helped Paradise Farm and Xiao Liang vent their anger. Let’s have a good drink tonight!”

Xia ruofei smiled and nodded.

The two of them chatted for a while in the study before leaving for the dining room. The chef had already prepared a sumptuous dinner as quickly as possible. Even though Xia ruofei was eating alone, the standard was still very high.

Tang Yitian also sat down to drink with Xia ruofei. The two drank and chatted, and the atmosphere was very harmonious.

Just as Xia ruofei and Tang Yitian were drinking and chatting happily, greello suddenly stopped. The news of Galini’s death began to spread in Australia.

The Galini brothers played an important role in Australia, especially in the iron ore industry. Galini was at the prime of his life, so his sudden death was naturally explosive news.

Therefore, many Australian TV stations began to broadcast this news. Some news stations even started a live broadcast on the dock.

However, the reporters waiting at the dock were destined to be empty because the medical helicopter did not turn back directly, even though they were still on the way. Kalini had already breathed his last, but no one dared to bear such a responsibility, so they still flew to the Galini.

After landing on the yacht, the helicopter began to refuel, and the random medical staff rushed to grenno. In Galini's bedroom, he was examined again. In fact, it was a very simple thing to confirm his death. The doctors on the ship would never make a mistake, so they were just following the routine procedure.

Confirm Grello. After Galini's death, the medical staff carried his strange body, which was curled up into a ball, onto the helicopter and flew directly to the hospital.

The reporters on the dock saw that when the Galiny docked, in fact, Grello's face changed. Galini's body had been transported to a private hospital in Sydney.

However, the media was everywhere. Some of the media did camp at the private hospital that had a lot of cooperation with the kalini family. Not only did they capture the image of the medical helicopter landing on the rooftop, but some of them also managed to sneak into the hospital and capture blurry images of the bodies being transported.

After these images were broadcasted on television, they naturally attracted a lot of attention.

The news spread very quickly on the internet, and soon, the people all over Australia basically knew about it.

Paradise Farm.

Liang Qichao was sitting on the bed reading a book. He was injured and could not move. In order to help him recover as soon as possible, Daphne had limited the time he could use his phone. As a result, he had developed a good habit of reading.

Liang Qichao was reading a famous person's biography when Daphne suddenly pushed the door open and walked in quickly.

"What's wrong, my dear?" Liang Qichao raised his head and asked.

There was a strange look on Daphne's face, and she said in a hurry,""Hurry up! He turned on the television! Switch to the Sydney News channel!"

"What's wrong? What happened?" Liang Qichao was confused.

Daphne ignored Liang Qichao. She walked over quickly, picked up the remote control, and turned on the TV. Then, she quickly adjusted the TV to the Sydney News channel.

“What’s going on?” Liang Qichao asked, puzzled.

“Don’t say anything!” Daphne glared at Liang Qichao and said,”see for yourself!”

On the TV, a reporter was speaking very quickly. The background behind him should be a hospital. Liang Qichao had no problem communicating in English, but he could only get a rough idea of what she was saying because she was speaking so fast.

Liang Qichao vaguely heard the words “kalini”,”luck”,”corpse” and so on. He was about to ask Daphne to explain the situation to him when the scene on the TV suddenly changed.

A host said,”according to the news from our reporter in Melbourne Steve.” Mr. Galini is about to hold a press conference on Grello. Mr. Galini’s death explained to the outside world! Next, we’ll cut to the scene Melbourne!”

After all, the host was more professional than the reporter, and he was not affected by the atmosphere of the scene, so his speaking speed was basically normal. In addition, there were subtitles on the TV, so Liang Qichao understood what he was saying.

He was dumbfounded and said,”greello.” Galini? He’s dead? Did i hear you right, Daphne?”

“Don’t worry,” said Daphne.”You didn’t hear wrong. The news has been confirmed long ago.. It’s all over the internet!”

Chapter 3656: A great uproar (2)

“If you didn’t take my phone away, 1 wouldn’t have just found out about this piece of news!” Liang Qichao said with resentment.

“Don’t say so much, watch TV!” Said Daphne.

At this time, the TV screen had already cut to the scene, which was actually Steve. In galieny’s Manor in Melbourne, a large conference room had been temporarily set up as a press conference hall.

There were already many reporters seated in the conference hall. There was a table in front of them with a simple microphone on it.

Very quickly, Steve. With his head slightly lowered, Galiny quickly walked into the meeting room.

The camera lights flashed wildly, illuminating the entire conference room.

There were also many reporters who couldn't wait to ask Steve. Galini asked. "Mr. Galini, may I ask your brother Grello? Has the news of Galini's death been completely confirmed?"

"Mr. Galini, Grello. Are there any health problems with Mr. Galini?"

"Mr. Galini, there's news that Grello ... Mr. Galini experienced great pain before he died, and the situation is very strange. Is this information accurate?"

Steve. Galini's hair was a little messy and he looked very Haggard. He did not say a word in the face of the reporter's questions. He walked directly to the back of the table and sat down, turning on the microphone at the same time.

At this time, the head butler of the Galiny family, Tony, said,""Everyone, please be quiet! The question that everyone was concerned about was Steve. Mr. Galiny will explain in a moment. Next, let's invite Steve. Mr. Galini is speaking!"

The reporters also knew that under such circumstances, Steve would not be able to escape. Galini would most likely not answer everyone's questions. They asked questions one after another out of professional habits. Moreover, if he did not ask questions when others asked, wouldn't that show that he was not dedicated enough? Therefore, with Tony's reminder, the venue quickly returned to silence.

At that moment, Steve. Galini unfolded a piece of paper and said in a low voice,""Dear friends from the press, on behalf of the Galini family, 1 would like to announce a piece of sad news: My brother Grello. Galini had passed away a few hours ago due to a sudden illness.

Grello had set sail from Sydney on the Galini the day before. Today, he had died of a sudden serious illness in the waters about a hundred nautical miles east of Sydney.

The doctors on the ship had tried their best, and the medical helicopter was sent out as soon as possible, but it still couldn't save greello's life. Our galni family lost an outstanding member, and 1 lost my younger brother.

It was a sad thing, but there was no human conspiracy in the entire process. There were no obvious mistakes, including the doctors on board.

My brother has left. We hope that the media will respect the deceased and not hype up any news about greello's death. Everything will be based on the information released by the Galini family. If anyone maliciously spreads false information, the Galini family will reserve the right to pursue legal responsibility."

Steve. After reading the script, Galini stood up and walked out.

Naturally, the reporters were snapping away, and at the same time, there were people who were constantly looking at Steve. Galini asked, but he did not respond. He only left everyone with a lonely back. He seemed to be very sad because he had lost his brother.

The press conference was very short and ended in three to five minutes.

Very quickly, the screen cut back to the studio. The host said,""That's the latest news from Melbourne. What we can confirm is that Grello ... Mr. Galini has indeed passed away. Did our colleagues in the hospital bring us any latest news? Now, let's connect..."

When the TV came to this point, Daphne stopped watching. She picked up the remote control and turned off the TV.

Daphne and Liang Qichao were silent for a while. Then, Liang Qichao said,""This guy... Died just like that?"

"I also think it's a little unbelievable ..." Daphne sighed.

Grello. The name Galini was like a nightmare to them. Whenever this name was mentioned, they would feel a headache and gnash their teeth in hatred.

If Xia ruofei had not gone to' coordinate ', perhaps Paradise Farm would have been in Grello. Even under the suppression of Galini, he could not survive until today.

Now that this fierce – looking guy had died so suddenly, both Daphne and Liang Qichao felt like they were in a dream.

At the same time, the news spread throughout Australia.

To the ordinary people, this was just a topic of conversation after a meal. After all, the Super – rich people were people from two different worlds. The gap between them was too far.

Some of the interested parties, especially those in the Australian mining industry, began to hold emergency meetings to discuss the impact of the incident.

Of course, Grello. Although Galiny's death was sudden, the impact was not that big, especially when Steve died. Galini personally explained and emphasized that this was an unfortunate incident caused by a sudden illness, so the impact was even smaller.

To be honest, if it were the other way around, the one who would die wouldn't be Grello. Galini, but Steve. If it was Galini, the impact would be much greater.

Perhaps all the miners would have a sleepless night.

Because everyone would be worried that if the Galiny family, the leader of the iron ore industry, was replaced by the shouting and killing Grello all day long... Would their living space be greatly reduced if Galiny took the helm? besides, greelio never played his cards according to common sense, and his methods were more ruthless. It could be said that he was a very troublesome guy. He controlled the Galiny family, and the uncertainties in the future were too strong.

And as long as Steve. For those in the iron ore industry, the Galini family had only lost a notorious hatchet man, and nothing had changed since he was still in power. Some of the past principles of the Galini family would not change because of Grello's sudden death.

This was what Xia ruofei wanted to see.

He also didn't want the foundation that Tang Yitian had painstakingly built to suffer any impact.

It was for this reason that Xia ruofei was willing to waste a soul seal to keep Steve. For a period of time in kalini.

Xia ruofei and Tang Yitian drank for a while and then went back to the guest room to rest.

For Tang Yitian, it was destined to be a busy night.

He had to give instructions to the foundation to deal with Grello. An unexpected situation that might occur after the sudden death of Galini.

This was not something that Xia ruofei needed to worry about.

The reason why he didn't return to Peach Blossom Island directly was that, on one hand, he hoped to perform more acupuncture on Liang Qichao. On the other hand, it was because Tang Yitian wanted to add a new group of staff to the foundation, and he needed to help Tang Yitian.

The next day, Xia ruofei returned to Paradise Farm.

As soon as he returned to the farm, Liang Qichao said anxiously,""Ruofei, did you see the news last night? Grello. Galini is dead!"

Xia ruofei smiled and said,"l already know. Isn't that good?" This kind of evil guy should have died a long time ago. Now... He's suffering from retribution!" "Don't tell me that this

guy's death is related to you?" Liang Qichao said casually,"this is too much of a coincidence!"

Xia ruofei smiled and said,"of course it has something to do with me!" 1 curse him to die a terrible death every day. My telekinesis is is so powerful that it directly killed him!"

Liang Qichao couldn't help but laugh. "Don't joke with me! The news said it was Grello. Galiny died of a sudden illness in the open sea. You were still in Sydney yesterday! Don't tell me you can fly over and kill him?"

Xia ruofei smiled and didn't say anything. Most of the time, even if he was telling the truth, it was hard for people to believe him. Hence, he could admit it openly and not worry about Liang Qichao's suspicion..

Chapter 3657 - 3657: Chen Xuan's invitation i

Chapter 3657: Chen Xuan's invitation i

In the next few days, Xia ruofei was more relaxed. He would perform acupuncture on Liang Qichao once a day. Liang Qichao's recovery speed was much faster because of this. His rehabilitation training was also very smooth. He could basically walk slowly on the ground, but he could not do any intense exercises yet.

Xia ruofei had spent most of his time in Paradise Farm these few days. Other than treating Liang Qichao with acupuncture, he would also take some time to cultivate. He also liked to fish by the man – made Lake and enjoy the rare peace.

During this time, he went to Sydney once because Tang Yitian had gathered all the new people to the foundation in the manor. Xia ruofei had "interviewed" them one by one and went through them again.

After Xia ruofei's screening, 23 of the 30 people met the requirements. They were extremely loyal to Tang Yitian and had a strong ability to resist temptation. They could definitely be added to the foundation.

Out of the remaining seven, five were eliminated by Xia ruofei due to their own quality.

After all, the foundation had very high requirements for reliability. Although these five people could not work in the foundation, they could still continue to work for Tang Yitian's company, but they would not be entrusted with important tasks in the future.

The remaining two were completely commercial spies.

One of them was even Tang Yitian's most trusted old subordinate.

In fact, the passing rate was already very high, but Tang Yitian still suffered a blow. His confidence was severely damaged, and everyone looked like a commercial spy to him. He even wanted Xia ruofei to help him screen all the staff around him.

Of course, this wasn't realistic. Tang Yitian had so many properties under his name, and his business was so big that he had tens of thousands of employees. Moreover, some positions didn't have access to any secrets, so there was no point in screening all of them.

Besides, Xia ruofei was a cultivator. Tang Yitian couldn't possibly make such a request.

After Xia ruofei helped Tang Yitian identify this group of people, the trip to Australia came to an end.

He had gotten rid of Grello. In kalini, he had helped Liang Qichao speed up his recovery and also screened new members for the Holy Dragon Foundation. It could be said that the trip had been very successful.

Xia ruofei performed acupuncture on Liang Qichao one last time and left him some ointment. Then, he returned to Sydney and went to Tang Yitian's Manor to say goodbye to him.

"Big brother Tang, I've basically dealt with the matters here, so I should go back now." Xia ruofei and Tang Yitian said directly.

Tang Yitian had also expected this. He nodded and said,""Mm! Since you want to go back, then go back! 1 don't want to delay your cultivation."

Xia ruofei chuckled.'lf you need my help with anything, including but not limited to the foundation, you can contact me. If 1 can't get in touch with you, you can ask elder Zheng to pass the message. Didn't he leave his satellite phone number?" You can contact him at any time."

Tang Yitian nodded and said,”yeah, if I really need to trouble you, 1 won’t be polite.” Ruofei, Haoran will be out of school soon. Aren’t you going to wait for him?”

Xia ruofei smiled and shook his head.’Tve already told him everything. 1 won’t be saying goodbye to him this time. 1 don’t want to make him sad.” When he comes back, tell him what I’ve told him and make him remember it! I won’t let him worry about other things. Haoran is a good kid.”

During Xia ruofei’s trip to Australia, he would guide Tang Haoran in his cultivation whenever he was free. At the same time, he would also give him a lot of advice.

Most importantly, she hoped that he could maintain a pure heart. She also emphasized that he should not rush for success in his cultivation, especially since he was very close to a breakthrough this time. He should not be too hasty. He must advance step by step and advance steadily.

As long as Tang Haoran kept Xia ruofei’s words in mind and put them into action, with his talent and physique, he would be able to cultivate the “fierce yang Scripture” at a rapid pace. Xia ruofei would not have to worry too much. “Alright!” Tang Yitian nodded. Since you’ve decided, 1 won’t force you. 1’11 pass on your words!”

“Alright, big brother Tang, I’ll be leaving now! 1’11 come back to see you guys when I have the chance!” Xia ruofei said with a smile.

Tang Yitian personally sent Xia ruofei to the back garden of the manor. He watched as Xia ruofei directly jumped into the air. He couldn’t see the black – armored flying ship that had been enchanted with a concealment array, but he knew of its existence. After all, he had experienced it once.

Xia ruofei stood on the deck of the black Phoenix flying ship and waved at Tang Yitian below. Then, with a slight thought, he steered the Flying Ship, leaving a stream of light and disappearing into the horizon.

Xia ruofei controlled the black Phoenix flying ship and flew in the direction of Peach Blossom Island.

After returning to the Peach Blossom Island, Xia ruofei started to cultivate in silence.

Song Wei and Ling Qingxue were also working very hard to help Li Yifu break through to the Golden core stage. Tang Haoran would also reach refined Qi level 9 very soon. This was obviously a great stimulation for the two of them.

In the following period of time, Song Wei and Ling Qingxue spent almost every day in their rooms in the Yanhuang building, training hard. It could be said that they did not leave the house at all.

If it was not for Xia ruofei's reminder, they might have continued to cultivate like this..

Chapter 3658: Chen Xuan's invitation 2

Xia ruofei felt that the two of them had been away from home for a long time. Even if the family would not be too worried about their safety, they would still miss them.

Hence, under Xia ruofei's suggestion, the two of them returned to the three mountains of Huaxia to spend a few days with their family.

Of course, the treatment they received was not something Zheng Yongshou could compare to. This time, Xia ruofei had personally escorted them back on the black Phoenix flying boat.

Xia ruofei also stayed at the three mountains to rest for a few days. Then, he brought Song Wei and Ling Qingxue back to Paradise Island.

In the days he spent on the Peach Blossom Island, besides cultivating the "absolute beginning Heart Sutra" with his two female friends and the "great way of Dao" by himself, Xia ruofei would also take some time every day to familiarize himself with the drawing of the runes in the control core of the spiritual puppet.

His proficiency in inscribing was getting higher and higher, and his success rate in inscribing array runes was also much higher than before.

Therefore, during this period of time, the number of spiritual vultures in the spirit map space had increased by more than a dozen. Now, the group of spiritual vultures under Xia Qing's management had grown to twenty people.

When it came to carrying out simple missions, these spirit puppets were much better than those in the mountain and sea realm who did it for free.

Furthermore, they could also do it without rest or sleep, so the pressure on Xia Qing had also been reduced by a lot.

Chapter 3659 - 3659: Preparing for a rainy day (1)

Chapter 3659: Preparing for a rainy day (1)

"Good! Then it's a deal!" Chen Xuan laughed heartily.

After hanging up the phone, Xia ruofei could not help but think.

Chen Nanfeng's breakthrough to the nascent Soul Stage was not a good thing or a bad thing for him.

After returning from the mystic Luna realm, although Xia ruofei was not invincible in the cultivation world on earth, he had no problem in protecting himself. Even if he were to face Chen Nanfeng, who was in the late golden elixir realm, he was confident that he could escape unscathed.

However, once Chen Nanfeng broke through to the nascent Soul Stage, it would be completely different. The suppression of a large realm was no joke.

Although Xia ruofei had never fought with a true nascent Soul Stage cultivator, he knew very well that if Chen Nanfeng became an early – Stage nascent soul cultivator, he would definitely be able to sweep across the entire cultivation world, including himself. Even with a Dharma Treasure like the black Phoenix flying ship, it would still be very dangerous.

Furthermore, Xia ruofei had personally killed the mid – Stage golden core elder of the first heaven society, Shen tianfang. Although he felt that he had done it flawlessly, there was always a possibility.

If the first heaven society had already noticed some clues and even suspected Xia ruofei, then he would be walking right into a trap if he went to the first heaven society to observe Chen Nanfeng's breakthrough.

Moreover, Chen Nanfeng's attitude towards Xia ruofei had never been clear. This was the first time Xia ruofei had met Chen Nanfeng in the first heaven society. He even had a faint sense of danger, so every time he faced Chen Nanfeng, he would be a little afraid.

However, when he was talking to Chen Xuan, Xia ruofei had already thought it through. He had to go to the first heaven society this time. There was no way he could escape.

Since that was the case, there was no need for him to hesitate any longer. Otherwise, even Chen Xuan would be suspicious.

What Xia ruofei had to do was to make full preparations. When he reached the first heaven society, he had to be on his guard at all times and escape decisively when the situation turned bad.

With the black Phoenix flying ship around, if Xia ruofei were to suddenly escape, even if Chen Nanfeng had already reached the nascent Soul Stage, he might not be able to catch up. Once the black Phoenix flying ship picked up speed, it would be difficult for Chen Nanfeng to catch up.

As long as Xia ruofei could Return to Paradise Island, she would be completely safe.

With the defensive power of the island's protective formation, even early nascent soul cultivators would find it almost impossible to break through.

Moreover, in the vast ocean, it was unlikely that Chen Nanfeng would be able to find the Peach Blossom Island where Xia ruofei was hiding.

Xia ruofei sat quietly in the living room, repeatedly thinking about the possible situations that he might encounter in the first heaven society. He was also simulating the response plan in his mind.

In addition, he also counted some of his trump cards.

The black Phoenix flying ship was naturally an escape divine weapon and also one of Xia ruofei's trump cards.

In addition, he also had the blue immortal sword and the crooked Frost Flying sword. When he used them unexpectedly, they could also produce amazing results.

Xia ruofei had also mastered many formations and carved many talismans. These talismans had a variety of functions. At a critical moment, one talisman might be able to produce unexpected effects.

Of course, Xia ruofei's biggest trump card was still the spirit painting.

If he couldn't even escape on the black Phoenix flying ship, he could still hide in the spirit map space as a last resort.

Of course, the prerequisite was that he had to hide the spirit map scroll well in advance. Otherwise, if the other party found the spirit map scroll, even if the other party could not break it, he would be trapped in the space and unable to come out.

At the same time, Xia ruofei also anticipated all the possible situations. His purpose was naturally to deal with them calmly when he was in the first heaven society, especially when it came to Shen tianfang. He would not give himself away.

Xia ruofei just sat in the living room. His brain was working at a high speed, so naturally, he had no other thoughts. He didn't even notice that Song Wei and Ling Qingxue had left the room.

"RUO Fei, why are you in a daze?" Ling Qingxue smiled and asked,"RUO Fei! RUO Fei!"

Xia ruofei only came back to his senses after Ling Qingxue called him a few times.

"All?" Xia ruofei looked at Song Wei and Ling Qingxue and said,"you guys are done with your cultivation!"

"Yup!" Ling Qingxue said,"Weiwei just finished cultivating. I've been out for a few minutes, but you've been sitting there like a statue. What are you so engrossed in?"

"Oh ... I was thinking about a problem in cultivation just now. 1 might have been too engrossed in it, so I didn't notice you guys coming out." Xia ruofei said with a smile.

"Ah? Then ... Will we interrupt your thoughts?" Song Wei quickly asked. Then, she looked at Ling Qingxue and said,"Qingxue, 1 told you not to disturb RUO Fei! You just won't listen ..."

Ling Qingxue was like a child who had done something wrong. She lowered her head and said,""I didn't know it was like this ... RUO Fei looked pretty scary just now. What if he

was possessed by the devil... Bah! I'm just talking nonsense, please don't mind me, ruofei!"

Xia ruofei laughed and said,"it's fine!" It's fine! If a cultivator would be possessed by the devil just because of a few words, then they were too weak! In the future, if you have a grudge against someone, just curse them in your heart

Then, he said to Song Wei,"Weiwei, it's fine. I'm not cultivating. I'm just thinking about a problem. There's no such thing as interrupting. Besides, I'm almost done thinking."

After dispelling Song Wei and Ling Qingxue's worries, Xia ruofei looked at his watch and said,""It's almost time to eat.. I'll go and cook for you!"

Chapter 3660: Taking precautions (2)

"I'll go!" Song Wei said,"you've been cultivating too hard these past few days. Furthermore, you have to accompany us in our joint cultivation ... You should take a break!"

"I'm fine!" Xia ruofei smiled and said,"cultivation requires a balance between work and rest. 1 cook to relax my mind. It's good for cultivation!"

"Then ... Alright!" Song Wei said.

"Why don't we come over and help you?" Ling Qingxue said.

"Don't!" Xia ruofei quickly waved his hand and said,"you guys stay here quietly. That's the best help you can give me!"

Song Wei couldn't help but burst into laughter. She pulled Ling Qingxue to the living room to watch TV.

Xia ruofei did it himself and quickly prepared a sumptuous dinner.

In two days, they would be going on a long journey again and there were too many uncertainties. Xia ruofei did not know if he would encounter any danger so he wanted to take advantage of the time when everyone was together to take care of his two female friends.

Song Wei and Ling Qingxue also felt that tonight's dinner was much more sumptuous than usual, so Ling Qingxue couldn't help but ask,""Ruofei, why did you make so much delicious food today?"

"Isn't it because you guys have been cultivating too hard, so I'm prepared to reward you?" Xia ruofei said with a smile.

"No, there must be something wrong with you!" Ling Qingxue said,"a woman's sixth sense is very accurate. Don't try to hide it!"

Xia ruofei didn't know whether to laugh or cry."I've almost never left my room for the past two months. We've been living together every day. What can 1 hide from you?"

"Qingxue, RUO Fei hasn't been out for a long time. He's been living right under our noses. Why would he hide anything from us?" Song Wei chuckled.

"Yup!" Xia ruofei said,"Qingxue, don't think too much."

"Are you really fine?" Ling Qingxue asked.

"Of course it's true!" Xia ruofei smiled and said,"actually, the reason why I made so many dishes today is to reward the two of you. On the other hand, I'm going out in two days. Since the two of you might have to cook by yourself, 1'11 let you enjoy it while I'm still on Peach Blossom Island." "Oh ..." Ling Qingxue reluctantly accepted Xia ruofei's instructions and then asked casually,"where are we going this time?"

Xia ruofei replied nonchalantly,"I'm just going back to Huaxia to settle some matters. It'll take a few days at the least. It'll take at most half a month. 1 should be back!"

It was normal for Xia ruofei to leave the Peach Blossom Island and return to the secular world. After all, he had a company in Huaxia. He was not alone like those old – School cultivators. He had many relatives and friends in the secular world. It was normal for him to return to deal with some personal affairs.

Xia ruofei had said that he was going back to Huaxia on purpose so that Song Wei and Ling Qingxue would misunderstand and think that he had gone to deal with a private matter in the secular world. This way, they would not be too worried.

If the two of them knew that Xia ruofei was a guest at the first heaven society, they would inevitably be worried about his safety.

Besides, Xia ruofei was not lying. The headquarters of the first heaven society was also located in Huaxia.

In fact, most of the cultivation sects were located in Huaxia. There were not many overseas sects, and they were not very powerful.

As expected, Ling Qingxue and Song Wei didn't ask too much about it. They didn't think that Xia ruofei would be in any danger after leaving Paradise Island for Huaxia.

Hence, the two of them were happily feasting on the food. Since Xia ruofei had said that they would have to rely on themselves in two days, they naturally had to enjoy it now.

In the next two days, other than accompanying Ling Qingxue and Song Wei in their joint cultivation, Xia ruofei also locked himself in his room during the time that he had originally used to cultivate. However, he was not cultivating. Instead, he was making some preparations for the trip to the first heaven society.

Some backup plans might never be used, but once they were needed and he was not prepared, he might pay the price of his life.

He was about to face a Yuanying stage cultivator, so no matter how cautious he was, it was not too much.

Soon, it was the third day.

Xia ruofei woke up early in the morning. After bidding farewell to the people of Paradise Island, he left the island on his black – Phoenix flying boat and flew toward the Inland of Huaxia.

Xia ruofei's departure this time was no different from any other time he returned to China. Hence, after Song Wei and Ling Qingxue saw him off in the flying boat, they did not have much to worry about and went straight back to their room to cultivate. "Of course it's true!" Xia ruofei smiled and said,"actually, the reason why I made so many dishes today is to reward the two of you. On the other hand, I'm going out in two days. Since the two of you might have to cook by yourself, I'll let you enjoy it while I'm still on Peach Blossom Island." "Oh ..." Ling Qingxue reluctantly accepted Xia ruofei's instructions and then asked casually,"where are we going this time?"

"I'm just going back to Huaxia to settle some things," Xia ruofei said casually.'Tll be back in a few days or half a month!"

It was normal for Xia ruofei to leave the Peach Blossom Island and return to the secular world. After all, he had a company in Huaxia. He was not alone like those old – School cultivators. He had many relatives and friends in the secular world. It was normal for him to return to deal with some personal affairs.

Xia ruofei had said that he was going back to Huaxia on purpose so that Song Wei and Ling Qingxue would misunderstand and think that he had gone to deal with a private matter in the secular world. This way, they would not be too worried.

If the two of them knew that Xia ruofei was a guest at the first heaven society, they would inevitably be worried about his safety.

Besides, Xia ruofei was not lying. The headquarters of the first heaven society was also located in Huaxia.

In fact, most of the cultivation sects were located in Huaxia. There were not many overseas sects, and they were not very powerful.

As expected, Ling Qingxue and Song Wei didn't ask too much about it. They didn't think that Xia ruofei would be in any danger after leaving Paradise Island for Huaxia.

Hence, the two of them were happily feasting on the food. Since Xia ruofei had said that they would have to rely on themselves in two days, they naturally had to enjoy it now.

In the next two days, other than accompanying Ling Qingxue and Song Wei in their joint cultivation, Xia ruofei also locked himself in his room during the time that he had originally used to cultivate. However, he was not cultivating. Instead, he was making some preparations for the trip to the first heaven society.

Some backup plans might never be used, but once they were needed and he was not prepared, he might pay the price of his life.

He was about to face a Yuanying stage cultivator, so no matter how cautious he was, it was not too much. Soon, it was the third day.

Chapter 3661 - 3661: Gathering at the first heaven society (1)

Chapter 3661: Gathering at the first heaven society (1)

Xia ruofei didn't know that Mu Sheng and mu Jianfei were still chasing after him.

Of course, in reality, the distance between Mu Sheng and Xia ruofei was constantly widening.

As compared to Mu Sheng, who was sweating profusely and gritting his teeth while flying on his sword, Xia ruofei seemed very relaxed. He only needed to use a trace of his spiritual power to control the flying boat's formation. He almost did not consume any energy.

This highlighted the value of flying Dharma Treasures.

In the ancient cultivation world, there were many practical magical treasures like flying boats, but unfortunately, many inheritances were cut off.

Xia ruofei steered the black Phoenix flying ship and entered the Mount Tai mountains in no time.

He had been to the first heaven society once, so he still remembered the route.

Under the airboat, the steep mountain road was crowded with tourists. Nobody noticed that a huge airboat was passing by above their heads at a high speed.

Soon, Xia ruofei entered the depths of the mountain range. He had landed an airboat in the valley near the first heaven society. No sect allowed people to ride a flying sword or use an airboat. It was not only a matter of safety but also a form of contempt for the sect's dignity.

This Valley was actually the outer area of the first heaven society. It was equivalent to their reception point. Xia ruofei had passed through this Valley the last time he entered and left the first heaven society.

The black – armored flying ship hovered just one or two meters above the ground. Xia ruofei leaped down, shrunk the Flying Ship, and kept it in the spirit map space.

A young man in a green Taoist robe walked out of the forest and stood in front of Xia ruofei.

The young Taoist bowed to Xia ruofei and asked,""May 1 ask if you are senior Xia ruofei?"

"I'm Xia ruofei." Xia ruofei smiled and asked curiously,"how did you recognize me?"

Although Xia ruofei had been to the first heaven society before, there were at least a thousand disciples in the first heaven society. He had not seen many of them, and most of them were the higher – ups of the first heaven society. It was almost impossible for a low – Level disciple to have seen him.

The young disciple of the first heaven society said respectfully,""The young sect master has instructed that senior Xia will be visiting the sect today. The young sect leader said that senior Xia is very young and that he is driving a completely black flying boat magic treasure. Thus, this disciple boldly surmised that you should be senior Xia."

"The black Phoenix flying ship has become my symbol..." Xia ruofei chuckled.

The disciples who were arranged to receive guests here might not be of a high rank, but they must be very clever. It was not surprising that they could guess Xia ruofei's identity.

The welcoming disciple said respectfully,"senior Xia, please rest here for a while. 1 will report to the young sect leader. The young sect leader has specifically instructed that he will personally welcome senior Xia!"

"Brother Chen, you're too polite. Actually, you can just send someone to bring me in." Xia ruofei smiled.

"I dare not disobey the young sect master's orders. Please understand my difficulties, senior ..." The welcoming disciple said, then made an inviting gesture and said,"senior Xia, the young sect master has specially instructed me to prepare some good tea. Please take a rest here."

“Alright then!” Xia ruofei nodded.

Xia ruofei followed the welcoming disciple to a Pavilion not far away. The place was decorated in an ancient style. There was a tea table in the middle of the pavilion and a beautiful female disciple was sitting in the pavilion. Her slender Jade – like hands were fiddling with the tea set and her movements were very familiar.

“Hello, senior!” When the female disciple saw the welcoming disciple leading someone in, she quickly stood up and bowed slightly.

“This is senior Xia ruofei. He’s the young sect leader’s guest. You must treat him well!” The welcoming disciple said.

“Yes! Senior brother song!” The female disciple quickly said.

The welcoming disciple then said to Xia ruofei respectfully,””Senior Xia, please wait for a moment. The young sect leader will be here soon.”

“Alright, 1’11 have to trouble you then. You can go and do your work!” Xia ruofei said gently.

The welcoming disciple bowed to Xia ruofei and left.

“Senior, please have a seat!” The female disciple said somewhat cautiously.

Xia ruofei nodded with a smile and sat down beside the tea table.

The female disciple poured another cup of tea and presented it to Xia ruofei with both hands. She said respectfully,””Senior, please have some tea!” “Alright, thank you!” Xia ruofei accepted the tea with a smile.

He lifted the teacup to his mouth, took a sip of tea, and praised with a smile,””Good tea! The mouth was full of saliva, and the lips and teeth were fragrant! The tea is good, but the tea – making skills are even better!”

The female disciple blushed and said,””Senior, you’re too kind. I don’t deserve it.”

Although Xia ruofei did not have any other intentions towards this female disciple, it felt good to have a female cultivator with an otherworldly temperament serving tea at the side. It would not be too boring waiting.

When Xia ruofei was drinking his third cup of tea, he heard footsteps behind him.

Xia ruofei thought that Chen Xuan had already arrived. He thought to himself,”he’s too fast. Even if he received the news and flew over on his sword, he wouldn’t be this fast!”

He remembered that there was still a distance between this Valley and the first heaven society.

Xia ruofei stood up to greet Chen Xuan, but before he could turn around, a hearty laugh came from behind.""Hahaha! Little brother Xia, you're here too? They just arrived, right?"

This was not Chen Xuan's voice, but Mu Sheng's..

Chapter 3662 - 3662: Gathering at the first heaven society (2)

Chapter 3662: Gathering at the first heaven society (2)

Xia ruofei quickly turned around and said in surprise,""So it's sect leader mu! Long time no see! Sect leader mu, you're still as elegant as ever!"

Mu Sheng was experienced. He knew that Xia ruofei did not realize that he was chasing after him.

Thinking about it, Mu Sheng's face turned red. Just now, he had used all his strength, but the person in question didn't even notice him, which was a bit of a blow.

Of course, Mu Sheng would never show this. He laughed and said,""Yup! Little brother Xia, you were also invited to watch sect leader Chen break through to the nascent Soul stage, right? It seems that we are really fated! The time of arrival was almost the same. By the way, little brother Xia, How long have you been here?"

Mu Jianfei had a strange expression on his face. He wanted to laugh, but he was afraid of being lectured by his strict father, so he had a hard time holding it in.

Xia ruofei naturally didn't know Mu Sheng and mu Jianfei's thoughts. He thought for a while and said,""I've only just arrived, and ... I've only had two or Three Cups of Tea!"

Mu Sheng almost vomited blood. The black Phoenix flying ship was only 50 to 60 meters away from him. However, Xia ruofei's Black Phoenix flying ship had left him in the dust. By the time he arrived, Xia ruofei had already been drinking Three Cups of Tea leisurely. How infuriating!

Although he was very depressed, Mu Sheng did not show any abnormal expression. He smiled and said,""Little brother Xia is enjoying fragrant tea here, accompanied by a beauty. It's quite pleasant!"

When the female disciple Qing Lian heard this, she couldn't help but blush. She quickly lowered her head to arrange the tea set to hide her embarrassment.

Xia ruofei said,"senior mu, you must be joking. I'm just a guest who does as the host wants. I'm just taking a break here." That's right, even senior mu has rushed over from the southwest. It seems that the first heaven society has invited quite a number of special guests this time!"

Mu Sheng nodded and said,"I think there will be a lot of people. This is a breakthrough to the nascent Soul Stage!" How many years had it been since a Yuanying stage cultivator appeared in the cultivation world? For brother Nanfeng to be able to achieve such an achievement, he is truly worthy of being the number one person in the cultivation world!"

Mu Sheng was still very emotional. He and Chen Nanfeng were cultivators of the same generation, and they had a good personal relationship. However, his cultivation talent and opportunities were worse than Chen Nanfeng's.

It turned out that although his cultivation was slightly lower than Chen Nanfeng's, they were both golden core cultivators and belonged to the same major realm. There was naturally a gap, but it was not so great that it was difficult to catch up.

However, once Chen Nanfeng broke through to the nascent Soul Stage this time, there would be a huge gap between him and Chen Nanfeng. With the current cultivation world on Earth's dilapidated environment, he would probably be left in the dust for the rest of his life.

Xia ruofei smiled and said,"sect leader Chen, you're a genius. It's only a matter of time before you break through to the original level." However, this was a rare opportunity to watch a cultivator break through from the late – Stage of the Aurous core stage to the Yuanying stage! We'll definitely gain a lot from this. The benefits for our future cultivation are obvious. So, we owe the first heaven society a big favor this time."

Mu Sheng laughed and said,"the experience of breaking through to the Yuanying stage is indeed very precious for young geniuses like brother Xia. But for an old man like me, it's

dispensable. I haven't even seen the hope of the late jiedan stage, let alone the Yuanying stage. It's really too far away for me ..."

At this time, a sound of something breaking through the air could be heard.

Xia ruofei, Mu Sheng, and mu Jianfei turned their heads at the same time and saw the Clearwater flying boat flying towards them from the heavenly sect's direction at an extremely fast speed. Before the flying boat could completely stabilize, Chen Xuan had already jumped off the deck.

With a warm smile on his face, he greeted from afar,""Brother RUO Fei! Senior mu! Junior Brother Jian Fei! I welcome you all!"

"Brother Chen, long time no see!" Xia ruofei said with a smile.

Mu Sheng and mu Jianfei also greeted Chen Xuan with a smile.

Not far away, the welcoming disciple and the female disciple, Qing Lian, who was making tea in the pavilion, also stood up and bowed to Chen Xuan.

Chen Xuan nodded slightly and walked quickly to Xia ruofei and the other two. His face was filled with unconcealed joy.

Actually, the moment Chen Xuan appeared, Xia ruofei had been secretly observing his micro – expressions.

If the first heaven society had already discovered the traces of Shen tianfang's death and determined that it had a lot to do with Xia ruofei, then Chen Xuan's enthusiasm for Xia ruofei could only be an act. In fact, Xia ruofei could basically tell that Chen Xuan was genuinely happy.

Xia ruofei also felt a little relieved. Of course, he did not dare to relax completely. Chen Nanfeng was a formidable character. Even if he found something suspicious, he would probably hide it from Chen Xuan. After all, Chen Nanfeng knew that Xia ruofei and Chen Xuan had a good relationship.

"Brother RUO Fei, senior mu, Junior Brother Jian Fei, welcome to the first heaven society!" Chen Xuan continued enthusiastically,"my father is currently preparing for tomorrow's breakthrough. Hence, he is unable to free himself to welcome everyone. He has specially instructed me to express my apologies to everyone. I hope that everyone can forgive me!"

Mu Sheng laughed."Brother Nanfeng's breakthrough to the nascent soul realm is a big and happy event for the entire cultivation world. It's also the most important thing at the moment. How can we be so unreasonable?"

Xia ruofei also smiled.”Actually, brother Chen, you don’t have to come out to welcome us. You can just ask the disciples to bring us in. I’m flattered that you came to welcome us personally!”

“That’s what I should do!”Chen Xuan laughed. You’re all important guests of the first heaven society! Please board the airboat! I’ll bring everyone into the sect, and I’ve already arranged your accommodation! Please!”

Perhaps it was because Chen Nanfeng was about to break through to the nascent Soul Stage, Chen Xuan was in a particularly good mood today.

“Senior mu, please!” Xia ruofei smiled.

After a short greeting, Mu Sheng, as a senior, boarded the airboat first.

Mu Jianfei, on the other hand, refused to follow his father. He was a Qi layer cultivator, how could he walk in front of Xia ruofei and Chen Xuan, two golden cores?

Hence, Xia ruofei and Chen Xuan jumped onto the flying boat together. Mu Jianfei then jumped onto the flying boat lightly with the tip of his foot and followed behind the two of them.

Chen Xuan took control of the Clearwater flying boat and took off in the direction of the first heaven society.

A few minutes later, a magnificent ancient architectural complex appeared in their sight.

The heavenly sect was located in the depths of Mount Tai. To the secular world, this was a primitive forest that was rarely visited by humans. Even if someone mistakenly entered this place, they would leave the territory of the heavenly sect because of the formation. Even if they walked to the front of the mountain, they would not be able to see through the sect’s concealment formation.

The first heaven society’s buildings were built against the mountain, and they looked magnificent. Chen Xuan maneuvered the flying boat to the mountainside. There was an entire stretch of exquisite courtyards here, specially used by the first heaven society to receive important guests.

Each courtyard here was independent. Although the distance between courtyards was not far, they were separated by some natural mountain rocks or trees to ensure that the guests staying here could have a very good private space.

These courtyards had already been cleaned up inside and out a few days ago. At this time, it could be said that they were spotless, welcoming the arrival of the distinguished guests in their best appearance.

Chen Xuan controlled the flying boat to lower its altitude, and everyone jumped off the boat.

After Chen Xuan kept the swift Boat, he pointed to the nearest courtyard and smiled.""Uncle mu, you and Junior Brother Jianfei can stay in this courtyard! If you need anything, you can ask the service disciples."

"Good! I'll have to trouble you, nephew Chen!" Mu Sheng laughed and said,"then let's go and rest!"

"Alright!" Chen Xuan replied courteously,"lunch will be sent to the courtyard. Tonight, we've prepared a welcome banquet. Uncle mu and brother Jianfei, please do us the honor of attending!"

"Good! We will definitely participate!" Mu Sheng said readily.

Mu Sheng and mu Jianfei walked into the courtyard that was allocated to them. Chen Xuan then smiled at Xia ruofei and said,""Brother RUO Fei, the courtyard you live in is in front. I'll Take You There! We brothers haven't seen each other for a long time.. Let's have a few drinks together this afternoon and catch up!"

Chapter 3663: Consecutive visits (1)

Xia ruofei chuckled.'This ceremony is a big event for the first heaven society. Sect leader Chen won't be able to leave. As the young sect leader, you must be busy with a lot of things. Do you still have time to drink with me?"

Chen Xuan laughed and said,"the specific matters are handled by the disciples below. The important guests that I need to personally welcome have basically all arrived. The others are the sect leaders of the first heaven society's subsidiary sects or some mid – tier sects. Let the elders handle them!"

At this point, Chen Xuan added,"that's right. This time, we've also invited Valley master Liu of the soaring Flower Valley. She has already arrived at the first heavenly sect this morning. I was the one who personally went to welcome her." Valley master Liu only brought one disciple to observe, and he's an old acquaintance of yours!"

"Oh?" Xia ruofei raised his eyebrows and asked,"Yu xiner?"

Xia ruofei only knew three cultivators from the soaring Flower Valley. They were the valley Head, Liu Mansha, elder Yang Liu, and Liu Mansha's personal disciple, Yu xiner. Since Liu Mansha had only brought one disciple with her and Chen Xuan had claimed to be an old acquaintance of Xia ruofei, the answer was obvious. It could not be anyone else but Yu xiner.

"That's right! "Chen Xuan chuckled. Brother RUO Fei, fairy Yu is about the same age as you, and you're both from prestigious families. If there's a chance, you can exchange more information. Although the cultivators of the flying flower Valley don't have any interest in male cultivators, fairy Yu has always been kind to you, and 1 can see that she also admires you!"

Xia ruofei laughed bitterly,"brother Chen, don't randomly match a couple!" I already have two Dao – companions, and I'm currently engrossed in cultivation. I have no interest in the relationship between men and women." "You don't have to become Dao companions! It's not a bad idea to be friends!" Chen Xuan chuckled."! think that fairy Yu ... Might have already fallen in love with you at first sight!"

"Don't make such a joke!" Xia ruofei quickly said,"the female cultivators of the flying flower Valley never get too close to men. If they hear it, it will cause a commotion! You're the young sect master of the first heaven society, and they're all your guests. It won't be good if something unpleasant happens." Chen Xuan thought about it and felt that Xia ruofei's words made sense. He smiled and said,""I was just joking! I originally wanted to take you to visit Valley master Liu, but since you've said so, let's forget it..."

"It's better to avoid trouble." Xia ruofei said,"I'll definitely see him at the ceremony tomorrow anyway. I'll just go over and say hello."

"That makes sense!" Chen Xuan smiled and said,"let's go! Brother RUO Fei, I'll take you to your residence to settle down!"

Chen Xuan led Xia ruofei along the mountain path and arrived at a small courtyard.

This courtyard was similar to the one that Mu Sheng and mu Jianfei had just been assigned to. Although the layout was basically the same, the environment seemed to be better, and the location was also more superior. It happened to be at a prominent position on the hillside, and standing in the courtyard, one could overlook half of the first heaven Gate.

The two of them walked into the courtyard. It was a small siheyuan with two side rooms on each side. In the middle was a large bedroom with the layout of a suite. There was a small courtyard in front of them with stone tables and chairs in the courtyard. Every piece of furniture was exquisitely furnished.

"Brother ruofei, you can stay here for the next few days." There are service disciples nearby. If you need anything, just tell them!"

“Alright!” Xia ruofei said casually.

“Then I’ll go do some things first!” Chen Xuan replied,”I’ll come over to have a drink with you this afternoon!”

“If you’re too busy, you don’t have to come personally.” Xia ruofei smiled and said,”I’ll be here for the next few days anyway. When sect leader Chen breaks through successfully, you’ll have more free time.”

“It’s fine. No matter how busy I am, I still have to eat!” Chen Xuan chuckled.”Brother ruofei, you should rest first. We’ll meet at noon!”

After Chen Xuan left, Xia ruofei walked around the small courtyard.

He looked around every room. Familiarizing himself with the environment was secondary. The main thing was that he was worried that there might be some spying array here.

He wasn’t trying to measure a gentleman’s heart with his own mean measure. After all, Chen Nanfeng’s attitude was unclear, and one had to be cautious. It was better to be careful.

Xia ruofei’s spiritual power was equivalent to the spiritual transformation realm of the original infant stage. His array skills were also very high. If there was really a hidden spying array or trap array, it would not be able to escape Xia ruofei’s detection.

He searched very carefully, using his spiritual power to check inch by inch, even the deep underground layers were not missed.

Although this would consume a lot of mental energy, Xia ruofei did not skimp on it and meticulously completed the investigation of the entire courtyard.

The result made him slightly relieved. Everything was normal in the courtyard, and there were no hidden means or formations.

On one hand, he was sure that he was safe. More importantly, there was no formation in this courtyard, which meant that the first heaven society was less likely to suspect him.

Of course, this possibility could not be completely eliminated. Xia ruofei was very afraid of Chen Nanfeng. He felt that this number one cultivator was unfathomable. Sometimes, the methods of such a person were not so easily discovered. They would not just appear on the surface and directly do something to Xia ruofei’s residence..

Chapter 3664 - 3664: A series of visits (2)

Chapter 3664: A series of visits (2)

After checking, Xia ruofei went to the courtyard and sat down by the stone table. He took out a tea set from the spirit map space and lit up the charcoal in the mud stove. He poured the spirit pool water into the teapot and prepared to boil water to make tea.

The tea leaves were made from Da Hong Pao Pi Xiu, which was produced in the spirit map space. Although Xia ruofei had successfully cultivated the magical wild tea of the first heaven society, he was not so bold as to take out the wild tea to make in the territory of the first heaven society.

The boiling hot water was poured into the tea set, and a strong tea fragrance immediately filled the air.

Xia ruofei skillfully brewed a cup of tea for himself using the kungfu tea technique and took a sip.

At this moment, there was the sound of knocking on the door.

Xia ruofei didn't use his spiritual power to check. After all, there were cultivators here. Even if Xia ruofei's spiritual power was very high and others might not notice, it was still very rude.

What if it was an expert like Chen Nanfeng? even though the possibility was very low, Chen Nanfeng must be in seclusion to adjust his condition. If the other party noticed it, it could even cause a dispute.

Hence, Xia ruofei did not release his spiritual power. Instead, he stood up, walked through the courtyard, and opened the door.

When Xia ruofei saw the person standing outside the door, he could not help but be slightly surprised. He was surprised that the person who had come to visit was actually the sect leader of the star Seizer sect, Luo Qingfeng.

However, Xia ruofei thought about it and understood.

The star Seizer sect had always been a powerful sect, and they were definitely qualified to receive the first heaven society's invitation. Furthermore, Chen Nanfeng and the others knew that Xia ruofei had a deep relationship with the star Seizer sect. Even if the star Seizer sect was weak, they would still invite Luo Qingfeng based on Xia ruofei's reputation.

"Sect leader Luo!" Xia ruofei smiled and said,"are you here to attend sect leader Chen's observation ceremony?"

"Yup! Elder Xia!" Luo Qingfeng said,"I just met sect leader Chen. He told me that you were staying here, so I came to visit!"

After all, this was the territory of the first heaven society. Hence, Xia ruofei was very careful and addressed Luo Qingfeng very formally.

Naturally, Luo Qingfeng understood it immediately and changed the way he addressed Xia ruofei.

Back then, Luo Qingfeng had publicly announced that Xia ruofei would become the Grand Elder of the star Seizer sect. This was announced to the entire sect, so the news had naturally spread to the entire cultivation world.

Hence, when he addressed Xia ruofei as "elder Xia", no one would be suspicious. As for his attitude, it was normal. After all, Xia ruofei was the "Taishang elder". Moreover, Chen Nanfeng, Mu Sheng and the rest still believed that there was a master in the primordial soul Stage behind Xia ruofei, and this master was from the star picking sect.

With this relationship, Xia ruofei could even be considered as Luo Qingfeng's elder. There was no problem with Luo Qingfeng's respectful attitude.

"Don't stand at the door. Let's go in and talk!"Xia ruofei said with a smile.

"Alright!" Luo Qingfeng said.

The two of them walked into the courtyard. Xia ruofei turned around and closed the courtyard door. Then, she brought Xia ruofei to the stone bench Under the grape tree in the courtyard and sat down.

Following that, he casually set up a sound – proof talisman and then asked with a smile,""Qingfeng, how have you been? How are the disciples of the sect?"

"Master!" Luo Qingfeng bowed and greeted Xia ruofei respectfully.

When he saw Xia ruofei use the sound – proof talisman, he immediately changed the way he addressed her.

“Thanks to you, master,” Luo Qingfeng said,”the star Seizer sect’s development is going well. A group of talented young disciples have emerged. I’m preparing to focus on training them. I believe that in a few years, they will all grow into the backbone of the sect!”

Xia ruofei nodded with a smile and said,”you’ve been tied up by some daily affairs in the star Seizer sect. Otherwise, you could’ve gone to the peach source Island to cultivate.” 1 think that after you’ve cultivated a disciple at the Golden core stage, you can totally give him up and concentrate on your cultivation on the Peach Blossom Island.”

“Yes! Thank you, master!” “Yes,” Luo Qingfeng said.”I will definitely work hard to train my disciples!”

“Mm! Come on! Sit down and have some tea!” Xia ruofei greeted him with a smile.

Then, he sat down and picked up the kettle on the stove again to make tea.

“Master!” Luo Qingfeng quickly said.”Let me do it!”

“No need, no need ...” Xia ruofei waved his hand.”Making tea is very particular about the feeling. I think it’s best if I make it myself!” Come! Try it!”

Then, Xia ruofei took out a clean teacup, poured out the filtered tea, and handed it to Luo Qingfeng with a smile.

“Thank you!” Luo Qingfeng took the teacup and thanked her.

The two of them sat in the courtyard. Xia ruofei was making tea while chatting with Luo Qingfeng.

After a while, there was another knock on the door.

Luo Qingfeng quickly stood up and was about to open the door when Xia ruofei waved his hand and said,””Let’s go out and take a look! There’s a constant stream of visitors today!”

Xia ruofei stood up and walked towards the courtyard gate, followed by Luo Qingfeng.

When Xia ruofei opened the door and saw the person standing outside, he quickly bowed and greeted,””Valley leader Liu! Miss Xin – er! How are you guys?”

It was Liu Mansha and her disciple, Yu xiner, standing outside. Liu Mansha had a gentle smile on her face, while Yu xiner seemed a little reserved. She did not look directly at Xia ruofei and lowered her gaze.

“Fellow Daoist Xia, I hope I didn’t disturb you by visiting so abruptly?” Liu Mansha smiled and said,”so sect leader Luo is here too!”

“Greetings, Valley master Liu!” “Thank you,” Luo Qingfeng said politely.

Although they were both sect leaders, the star Seizer sect and the flying flower Valley were not on the same level. At the very least, the strength of the flying flower Valley was still far stronger than the star Seizer sect.

Xia ruofei said with a smile,”Valley master Liu and miss Xin ‘er’s visit is really an honor!” Why would 1 disturb you? Please come in!”

With that, Xia ruofei moved to the side and made an inviting gesture.

Liu Mansha smiled and nodded before walking into the courtyard with Yu xiner.

Xia ruofei led the two of them to the stone table in the courtyard and sat down.

This stone table was matched with four stone chairs, and it couldn’t fit another person.

Xia ruofei poured away the tea leaves and replaced them with new tea. After brewing the tea skillfully, he poured a small cup for everyone and smiled.”! originally wanted to pay a visit to Valley master Liu, but 1 was afraid of disturbing senior. I didn’t expect that Valley master Liu would personally come to visit. This junior can’t help but be terrified!”

Liu Mansha smiled and said,”we’re all guests here. We’re just visiting each other. There’s no need to be so particular!” Moreover, Xin ‘er also benefited a lot from the exploration of the mystic Luna realm the last time. Our entire soaring Flower Valley also benefited from it. Speaking of which, we all owe you a favor! If not for your Black Phoenix flying ship, no one would have been able to land on the moon!”

Xia ruofei smiled,”Valley leader Liu is too polite!” Everyone was cooperating fairly, and it was hard to say who was indebted to whom. Lady Xin ‘er was able to gain something in the mystic Luna realm because her strength and talent had met the standards of the mystic Luna realm. Otherwise, even if 1 brought her into the mystic Luna realm, she would definitely gain nothing and might even lose her life! Didn’t elder mu Hua of the surging waves sect and elder Shen tianfang of the first heaven sect die in the mystic realm?”

Liu Mansha sighed and said,”that’s right!” In front of a true power, we are all like ants. So what if we are at the Golden core stage? He just died in the secret realm...”

Liu Mansha continued,”fellow Daoist Xia, sect leader Chen should be very confident in his breakthrough this time. Otherwise, he wouldn’t have invited so many guests to come and observe the ceremony.” Looks like the first heaven sect will be the strongest sect in the cultivation world in the future.”

Xia ruofei's heart was as clear as a mirror. He knew that Chen Nanfeng's breakthrough had caused Liu Mansha and Mu Sheng, the sect leaders of the top sects, to feel a sense of crisis.

Although the first heaven society was stronger than everyone else, the overall difference in strength was not so great that it was difficult to catch up with them. However, once Chen Nanfeng broke through to the nascent Soul Stage, he would be absolutely invincible, at least on the surface.

Xia ruofei laughed and said,"yes!" If sect leader Chen could successfully break through, he would be the only person in hundreds of years who could reach this height. His glory would definitely be unparalleled! The other sects are much dimmer in comparison.."

Chapter 3665: Demons at work (1)

Liu Mansha nodded in agreement and said,"Yup! Sect leader Luo happens to be here today, so we have to help each other in the future!"

Although the relationship between soaring Flower Valley and the first heaven sect was considered pretty good, and should be second only to the surging waves sect, the first heaven sect's strong rise would still give Liu Mansha a serious sense of crisis.

She wasn't in a hurry to form an alliance, but she was just doing some preparatory work.

Luo Qingfeng glanced at Xia ruofei, then smiled and said,""Of course! The spiritual energy in the cultivation world is very impure and the environment has deteriorated. It's not easy for everyone to cultivate. It wouldn't be good if we suffered losses because of internal strife."

Liu Mansha smiled and nodded.'That's what I'm thinking too. We can strengthen our communication in the future and help each other."

At this point, Liu Mansha looked at Xia ruofei and smiled.""Fellow Daoist Xia's status in the world of cultivation is quite extraordinary, especially his master's background. I believe that even if sect leader Chen breaks through to the nascent Soul Stage, he will still look at fellow Daoist Xia in a different light. I hope that everyone can communicate more in the future!"

“1 definitely will.” Xia ruofei said with a smile. He did not directly respond to Liu Mansha’s seemingly unintentional question about his master’s background.

Sometimes, no one would believe the truth. Besides, it was good for Xia ruofei to be mysterious, especially when he was not strong enough to ignore others. A mysterious master’s background might be a protective charm.

After all, the soaring Flower Valley and the first heaven society had a friendly relationship, so Liu Mansha could only stop talking. Very quickly, she changed the topic and started talking about some interesting things in the cultivation world with Xia ruofei. She did not put on any airs as a senior.

Liu Mansha and Yu xiner drank tea for a while before she got up and left.

Xia ruofei personally sent them to the door.

“Fellow Daoist Xia, please wait!” Liu Mansha turned around and said.

“Valley master Liu, miss Xin ‘er, please take care!” Xia ruofei said with a smile.

Liu Mansha nodded.”Fellow Daoist Xia, although you’re already a golden core cultivator, you’re about the same age as xiner. Xiner also grew up in the secular world, so you should have a lot in common. If you have time, you can exchange ideas.”

Yu Xin ‘er’s face heated up.

Xia ruofei was also a little embarrassed, but he still said politely,””Alright! If there’s an opportunity, I’ll ask Lady Xin ‘er for guidance.”

“You’re going too far. You’re at the Golden core stage, and Xin ‘er is still at the Qi refining stage. If you want to ask for advice, she should be the one asking you!” Liu Mansha laughed and said,”Xin ‘er, you can ask fellow Daoist Xia for advice in the future. His teacher is a powerful cultivator. You will benefit greatly from just a few words of guidance from him!”

“Yes!” Yu Xin ‘er lowered her head slightly and said in a low voice.

“You’re too kind, Valley leader Liu. Let’s exchange ideas!” Xia ruofei smiled.

“Then it’s a deal.” Liu Mansha smiled and said,”fellow Daoist Xia, sect leader Luo, we’ll take our leave first!”

“Take care, Valley master Liu!” Xia ruofei and Luo Qingfeng said in unison.

After Liu Mansha and her disciple left, Luo Qingfeng did not dare to disturb Xia ruofei any further and quickly left respectfully.

Xia ruofei kept the tea set and tea leaves in the spirit map space. Seeing that it was still early for lunch, he decided to go out for a walk.

The heavenly sect occupied a vast area. This area was used to entertain guests, so there wasn't any forbidden area that one couldn't enter. It wasn't a problem to stroll around.

After Xia ruofei walked out of his courtyard, he strolled around aimlessly.

This area happened to be located halfway up the mountain. Above, one could see the shadows of tall ancient buildings in the clouds, and below, there were layers of ancient buildings that were scattered in a picturesque manner. They were faintly discernible among the green trees, and it was quite a good view to enjoy.

The spiritual Qi in the first heaven society was quite rich. At this moment, a light drizzle was falling from the sky. They walked on the stone Road and breathed in the air that was filled with rich spiritual Qi. It was a very pleasant feeling.

After walking for a while, Xia ruofei saw a platform that looked like a viewing platform. He walked to the platform and looked into the distance. His mind was full of thoughts, but he was still thinking about what kind of chain reaction Chen Nanfeng would bring if he broke through to the original infant stage.

Just as Xia ruofei was deep in thought, a voice came from behind him with uncertainty.""RUO Fei?"

Xia ruofei was stunned for a moment. He slowly turned around and saw that it was Lu You standing behind him.

Xia ruofei laughed bitterly.

He had never thought that the one who had told Shen Hu to keep his identity a secret would be him.

Lu You didn't know Xia ruofei's identity as a cultivator, much less that the "golden core stage senior" who had given her the cultivation technique and the spirit crystal was actually Xia ruofei.

However, the fact that Xia ruofei had appeared in a top sect like the first heaven society, especially when the sect leader, Chen Nanfeng, was about to break through and the first heaven society had invited many guests, confirmed his identity as a cultivator.

Xia ruofei was thinking about how to explain, but Lu You said anxiously,""RUO Fei, what are you doing here? And he was running around? Who brought you here? hurry up and find him!"

Xia ruofei was stunned for a moment. Obviously, Lu You had not figured out the situation. The main reason was that Lu You had never thought that Xia ruofei was also a cultivator, a master in the intermediate stage of the Golden elixir realm. He was on good terms with the young master of the first heaven society. Hence, her first reaction was that Xia ruofei must have been brought in by some cultivator..

Chapter 3666 - 3666: The devil’s will and God’s will_2

Chapter 3666: The devil’s will and God’s will_2

If that was the case, it was understandable. However, Xia ruofei had come out alone and was walking around aimlessly. He might have broken the rules.

A top sect like the first heaven society had very strict rules. If one wandered around and accidentally entered a forbidden area, they would lose their life.

As a subsidiary sect of the heavenly sect, the water element sect was invited even though Shen Hu was only a Qi condensation cultivator. Now that Shen Hu was treating Lu You like his ancestor, he would naturally bring Lu You along to such an event.

Before entering the first heaven society, Shen Hu had repeatedly warned Lu You to be careful with her words and actions. She should not speak nonsense and should not run around on her own. Otherwise, she might get into trouble.

It was also Lu You’s first time coming to such a top – notch sect. The moment she entered the first heaven society, she felt as if she had entered a large Manor. The rich spirit Qi and the antique – looking buildings left her speechless. This was especially so for the ordinary disciples she met casually on the way. All of them had very deep cultivation, which made her even more shocked.

Therefore, she remembered Shen Hu's words. She did not dare to go anywhere after she moved in yesterday. However, she was really bored staying in the house. Today, after consulting the service disciple, she dared to take a walk around the vicinity of her residence. The courtyard she stayed in was not far from the viewing platform.

Lu You did not expect to see a familiar back view the moment she stepped out of the door.

She was deeply in love with Xia ruofei and could almost confirm that it was Xia ruofei with one look.

However, Lu You couldn't believe that Xia ruofei would appear in the first heaven society.

So she called out to Xia ruofei tentatively. When Xia ruofei turned around, she was completely sure.

Seeing Xia ruofei looking into the distance by himself, Lu You was also very worried.

Xia ruofei chuckled,"the person who brought me in is very busy. I'm afraid he doesn't have the time to take care of me." But he'll look for me in a while."

Xia ruofei was talking about the young master of the first heaven society, Chen Xuan.

Lu You panicked and quickly said,""Then where do you live? 1'11 go with you! Ruofei, I'm telling you, you can't just barge into a place like this, or you might even lose your life. I'm not joking with you, no matter how high your social status is, the people here don't care!"

Xia ruofei knew that Lu You was concerned about him. He was actually a little touched. He said,""Don't worry! I know what I'm doing! He won't cause any trouble..."

"You don't know how serious this matter is!" Lu You said,"I don't know who brought you in. How could they be so irresponsible and just leave you behind!" "Yup! That guy's a little unreliable. He doesn't care about other things when he's busy." Xia ruofei said with a smile.

"You still dare to laugh!" Lu You could not help but glare at Xia ruofei.

At this moment, a voice came from behind them,""Lu You, what are you doing here?"

Xia ruofei and Lu You turned around at the same time. The person who had just arrived was the head of the water element sect, Shen Hu. He had met Xia ruofei once in the capital. At that time, Shen Hu had specially flown back from United Kingdom to Huaxia to ask for Xia ruofei's forgiveness.

"Teacher!" Lu You called out nervously.

After Shen Hu had met Xia ruofei in the capital, he had taken Lu You in as an in – Name disciple. Hence, the two of them had addressed each other as master and disciple.

Naturally, Shen Hu saw Xia ruofei who had turned around immediately. His eyes widened.

However, before he could speak, he heard Xia ruofei's voice,""Don't reveal my identity for the time being. Pretend that you don't know me. Lu You still doesn't understand the situation."

Xia ruofei's voice was very dignified. Shen Hu could not help but break out in a cold sweat. He forced himself to hold back the words "senior Xia".

Lu You saw Shen Hu staring at Xia ruofei with his eyes wide open and quickly explained,""Teacher, this is a friend of mine from the secular world. His name is Xia ruofei and he was probably brought in by another cultivator. We met here just now, so we stopped to chat."

"Oh, 1 see!" Shen Hu suppressed the shock in his heart and pretended to speak calmly.

In fact, there was already a huge uproar in his heart.

Xia ruofei had been invited to observe the ceremony and Lu You had actually run into him. Furthermore, Lu You still had not discovered Xia ruofei's identity as a cultivator. This was really too late ...

At the same time, Shen Hu was also very nervous.

This time, he had brought Lu You along to observe Chen Nanfeng's breakthrough in order to broaden her horizons. After all, even golden core cultivators would only have a once – in – a – lifetime opportunity to observe such a thing. It could be said to be extremely rare.

However, Shen Hu had overlooked the possibility that Xia ruofei might be here to observe the ceremony, which led to Xia ruofei and Lu You meeting at the first heaven society.

He was panicking now. He didn't know if Xia ruofei would blame him or if this matter would go out of control if it continued to develop ...

On the other side, Lu You quickly introduced Xia ruofei and said,""RUO Fei, this is my cultivation teacher, Shen Hu. He's a Qi level 9 cultivator. Since your friend brought you here, he must be a cultivator as well. You haven't heard your friend talk about the cultivation levels of cultivators, have you?" "Yes, I have!" Xia ruofei smiled.

Then, he turned to Shen Hu and smiled,"So it's sect Master Shen, it's a pleasure to meet you!"

Shen Hu looked at Xia ruofei and did not know how to address him.

At this moment, Xia ruofei transmitted his voice.””You can just call me Mr. Xia!”

Shen Hu then let out a sigh of relief and quickly said,”Mr. Xia, nice to meet you!”

The two of them gently shook hands.

Xia ruofei continued,”sect Master Shen, do you and Lu You live nearby?” Is it convenient for you to take a look?”

When Lu You heard this, she could not help but feel anxious. She wanted to stop Xia ruofei from talking nonsense. However, before Lu You could speak, Shen Hu hurriedly said,””Of course! Of course it’s convenient! Mr. Xia, this way please!”

Lu You was dumbfounded.

Was this still the serious teacher he knew? Although Shen Hu had always been friendly in front of Lu You, he was rather dignified in the sect.

However, Shen Hu’s attitude was extremely humble. There was even a trace of respect.

Lu You even suspected that her sect leader had been replaced by someone else, and that this Shen Hu was someone else in disguise.

Of course, she also knew that this was simply impossible.

It was only when Xia ruofei and Shen Hu walked towards the courtyard not far away that Lu You snapped out of her daze and quickly followed them.

Lu You didn’t dare to go too far when she came out for some fresh air. Hence, the place where she lived was actually very close. The three of them only took two to three minutes to walk there.

Xia ruofei looked around. This courtyard was slightly smaller than the one he lived in, but the overall environment was quite beautiful.

Shen Hu pushed open the courtyard door and made an inviting gesture to Xia ruofei. He said,”Mr. Xia, please!”

“Sect Master Shen, you’re too polite!” Xia ruofei said with a smile.

However, he didn’t decline. He nodded with a smile and walked in.

Shen Hu quickly followed, and Lu You followed closely behind.

Walking into the courtyard, Xia ruofei could tell the difference at a glance. The courtyard he lived in was twice the size of this one, and the rooms were very spacious. Besides the

smaller courtyard, the rooms in this small siheyuan were also slightly smaller than the one Xia ruofei lived in.

At this moment, a bird's cry came from the courtyard. A man in his thirties walked out unsteadily with a parrot cage and greeted loudly,""Sect Master Shen, did you go out just now? Yo! Did he bring a friend back? Don't tell me that this is Lu You's boyfriend!"

"Elder Liu must be joking." Shen Hu said,"Mr. Xia is my friend. We met outside just now, so I brought him in to have a look.."

Chapter 3667 - 3667: The mixed courtyard of Jianghu (1)

Chapter 3667: The mixed courtyard of Jianghu (1)

Xia ruofei frowned but did not say anything.

He was only slightly surprised in his heart. Why was there someone else in this courtyard? this elder Liu who was carrying the birdcage could not possibly be a member of the water Yuan sect. Otherwise, the sect leader, Shen Hu, would not have such an attitude.

Furthermore, the water element sect was a subsidiary sect that didn't even have a golden core cultivator. At most, they would only have one or two slots. The reason why Shen Hu was able to obtain two slots was probably because Chen Xuan had considered the fact that Lu You was in the water element sect.

Elder Liu looked at Xia ruofei from head to toe and smiled.""He should be an ordinary person from the secular world, right? Sect Master Shen, it's a taboo to bring ordinary people into the first heaven sect without permission!"

Xia ruofei's cultivation had already reached the intermediate stage of the Golden elixir realm, and his spiritual power had even reached the spiritualisation realm. On the other hand, elder Liu, who was carrying the birdcage, was only a little cultivator at the seventh level of the Qi refinement realm. How could he have felt the energy fluctuations from Xia ruofei's body?

Xia ruofei looked thin and weak, with a harmless look. He was also wearing the casual clothes of the secular world. Naturally, this elder Liu had the first impression that Xia ruofei was an ordinary person.

What elder Liu said was actually what Lu You was most worried about. She could not help but look at Shen Hu anxiously.

In fact, she knew very well that although Shen Hu was a man of his word in the water element sect and had a high reputation, he was not a big deal in the first heaven society.

When they came to the first heaven society this time, even an ordinary elder didn't come to welcome them. Instead, an elder's direct disciple came.

Even the second – generation disciple had reached lianqi level 9, which was much more powerful than Shen Hu.

This elder's direct disciple also did not place Shen Hu in his eyes. The entire process of receiving them was extremely reserved. After arranging for them to stay in this courtyard, he left as if he had completed his mission.

If this elder Liu really reported it to the first heaven society, Shen Hu wouldn't be able to cover up for it.

Many disciples of the first heaven society were stationed in the reception area, mainly to serve the guests.

Lu You was a little flustered, but Shen Hu was very calm. This was because he knew that Xia ruofei was not an ordinary person from the secular world. He was a golden core expert and a distinguished guest invited by the first heaven society to attend the ceremony. He was also on good terms with the young sect leader, Chen Xuan.

"There's no need for elder Liu to worry about this,"Shen Hu replied with a faint smile.

After he finished, Shen Hu said with a trace of respect,"Mr. Xia, this way please!"

Xia ruofei glanced at this elder Liu indifferently, then nodded slightly and followed Shen Hu to The West Wing.

Lu You, on the other hand, looked worried. She hesitated for a moment but did not open her mouth. She followed him.

Shen Hu invited Xia ruofei into the house and hurriedly started to make tea. His attitude was so warm that Lu You was a little confused.

Actually, Shen Hu was already very restrained. If he did not have to hide it from Lu You, his attitude towards Xia ruofei would definitely be much more respectful than it was now.

Xia ruofei looked around at the furnishings in the house and realized that it was indeed worse than the one he was staying in. It seemed that the courtyards used to entertain guests were also divided into different classes.

The apartment he was staying in should be the best in terms of location and grade.

Xia ruofei couldn't help but ask curiously,""Sect Master Shen, why are there other people living in this courtyard? What was that elder Liu doing just now?"

Shen Hu was busy boiling water as he said,"Mr. Xia, the heavenly sect has invited a lot of people to attend the ceremony. Except for some distinguished guests, such as the sect leaders of big sects or golden core experts, who can enjoy the treatment of having their own courtyard, the small sects like us have to live here, otherwise we won't have enough courtyards!"

When Shen Hu said this, he scooped out some tea leaves from the wooden box and continued,"Elder Liu is an elder of the golden sword sect. The golden sword sect is similar to our water element sect. Their sect leader is also a Qi refinement level 9 cultivator. Other than the golden sword sect, there are also cultivators from the luoshen sect living in this courtyard, so the living conditions are slightly worse. The sect leader can have his own room. Lu You even shares a room with another female cultivator from the luoshen sect."

The layout of this courtyard was similar to the one that Xia ruofei was staying in. There were two side rooms on the East and West side, and the master bedroom suite was in the middle.

Although Shen Hu had a single room, he was in the west room. Clearly, among the three sects, the water Yuan sect's status was relatively lower.

Xia ruofei nodded slightly and said,"the conditions are indeed a little bad. Since the first heaven society has invited everyone to attend the ceremony, they should make the accommodation better!" At least everyone has a single room, so we won't disturb each other!"

Lu You was shocked when she heard this and quickly said,""Ruofei, if you don't understand, don't talk nonsense. Be careful of getting into trouble!"

Shen Hu didn’t know whether to laugh or cry. He wouldn’t have dared to say what Xia ruofei had said. However, with Xia ruofei’s relationship with Chen Xuan, it was fine for him to say it half – jokingly.

However, it wasn’t easy to reply to this. Shen Hu could only smile awkwardly and continue to make tea.

Lu You saw that Xia ruofei was smiling and did not take it seriously. Shen Hu did not say anything either. She could not help but say worriedly,””Teacher, Will Liu Ming really tell on us to the first heaven society? Shouldn’t you have made preparations earlier?”

Shen Hu smiled calmly and said, “It’s fine! Even if the first heaven society knows about it, they won’t blame us..”

Chapter 3668 - 3668: The mixed courtyard of Jianghu (2)

Chapter 3668: The mixed courtyard of Jianghu (2)

Without Xia ruofei’s permission, he could not reveal Xia ruofei’s identity. Hence, he could only give an ambiguous answer.

Shen Hu couldn’t help but feel a little tired, especially since he regretted bringing Lu You along. He didn’t know if Xia ruofei would blame him. Also, he had to be careful in the next few days. If Lu You found out about Xia ruofei’s identity, he would definitely be implicated.

Shen Hu had always wanted to train Lu You to the ninth level of the aura refining realm. That way, he would be able to obtain the sect’s legacy level cultivation technique that he had been dreaming of.

However, once Xia ruofei was angry, the technique would immediately be gone.

Xia ruofei saw that Lu You was really worried and he couldn't bear to see her like this. Hence, he transmitted his voice to Shen Hu and said,""Since Lu You has already seen me, it's impossible to hide it from her. After all, 1 still have to observe sect leader Chen's breakthrough tomorrow. Many cultivators are familiar with me, so it's inevitable that we'll greet each other. You can reveal some of my information to Lu You."

At this point, Xia ruofei paused for a moment and then transmitted his voice seriously,""But remember, you can't tell anyone that I'm providing her with cultivation techniques and spiritual crystals! Also, it's best not to let her know that I've already reached the Golden core stage."

Shen Hu immediately let out a breath of relief and quickly sent a message,"Alright, senior Xia! I'm sorry! This time, it's my negligence. 1 shouldn't have brought Lu You here."

"Let's not talk about this. I just don't want Lu You to feel that she owes me a favor. It's actually nothing much even if she knows." Xia ruofei transmitted his voice."Alright, I'll leave after sitting for a while. You can reveal some information to Lu You later!"

"I understand, senior Xia!" Shen Hu sent.

The two of them were communicating telepathically right under Lu You's nose, but Lu You, a low – Level Qi refinement cultivator, did not notice anything at all.

She only felt that the atmosphere was a little awkward. Everyone suddenly stopped talking, and only Shen Hu was still making tea.

Just as Lu You was about to say something, Shen Hu had already finished brewing the tea. He poured three cups and placed one in front of Xia ruofei. He smiled and said,""Mr. Xia, try the tea I made! This is rock tea given to me by a friend from Mount Wu Yi. It is said that the quality is not bad, but my tea – making skills are a little rusty. It might not be able to catch Mr. Xia's eye."

Xia ruofei chuckled."Sect Master Shen's tea – making technique is as smooth as floating clouds and flowing water. It also fits the way of nature. One look and I can tell that you're an expert in the Way of Tea. You're being a little too humble!"

"I don't deserve such a high evaluation!" Shen Hu said hurriedly. Then, he handed another cup of tea to Lu You and said with a smile,"Lu You, try it too!"

Lu You was a little overwhelmed by the favor and quickly said,""Thank you, teacher!"

Lu You used to be a proud girl. Her superior family environment had shaped her character. However, after she entered the world of cultivation by accident, she was like an

ignorant child who had entered a completely unfamiliar world. Her character had changed a lot, especially after she realized that her strength was low.

Xia ruofei took a sip of the tea and closed his eyes to enjoy the aftertaste. He then opened his eyes and gave Shen Hu a thumbs up.”The fragrance of the tea is overflowing, leaving a fragrance in the mouth. Sect Master Shen is a person who knows how to live!”

“To be able to receive such a high evaluation from Mr. Xia, I’m really a little scared!” Shen Hu said happily.

The three of them chatted as they sipped their tea. The topic of their conversation did not involve much of the cultivation world. After all, Lu You was present, and Shen Hu was not sure what he should or should not say.

However, Shen Hu had always lived in United Kingdom, and the water element sect was not completely isolated from the world. The sect was located in a Manor, and he even held a position in the local Chinese society. Therefore, he was very familiar with modern society and was able to make sense of some of the topics when he talked about them.

After sitting for a while, Xia ruofei stood up and said,””Sect Master Shen, I’ve disturbed you for so long. I should go back now.”

“Mr. Xia, aren’t you going to stay a little longer?” Shen Hu also stood up and said.

“No, it’s almost lunch time.” Xia ruofei smiled and said,”I should go back too.”

“Alright, I’ll see you out, Mr. Xia.” Shen Hu said.

Lu You hesitated for a moment and said,”ruofei, you live in that courtyard. 1’11 send you there.” If you go to the wrong place, the consequences might be very serious.”

Xia ruofei laughed and said,”I live nearby.” Don’t worry! I’m already an adult, and there’s only one way to go there. How could I get lost? I promise I’ll go back directly and won’t run around, okay?”

“Lu You, don’t worry so much. Mr. Xia knows what he’s doing,” Shen Hu said.

“Yes, teacher!” Lu You said helplessly.

She thought for a moment and immediately said,”that’s right, RUO Fei, wait a moment!” I have something to give you!”

“What are you giving me?” Xia ruofei asked with a smile.

Lu You did not answer Xia ruofei's question. Instead, she looked at Shen Hu and asked respectfully,""Teacher, this disciple wants to give the good fortune pill you gave me to RUO Fei, is that okay?"

Shen Hu didn't know whether to laugh or cry. The healthy fortune pill was actually a pill that strengthened the body, but it was still thousands of miles away from a real pill. If Shen Hu, a ninth Qi layer cultivator, could refine a pill, how good could its effects be? It wasn't even good enough for a golden core cultivator like Xia ruofei to eat!

Of course, the prosperous pill was also considered a good item in the water Yuan sect. Generally, only the most outstanding disciples would be rewarded with it. Moreover, it had a certain effect on low – Level Qi refining cultivators. For ordinary people who had not cultivated, it could be considered a great tonic, more effective than any precious tonic on the market.

Lu You must have considered that Xia ruofei was not a cultivator and that taking the pill would be beneficial to his body. That was why she thought of giving the pill to Xia ruofei.

However, Shen Hu was the one who had given her the pill. Now that she wanted to give it to Xia ruofei in front of Shen Hu, she had to ask for his opinion. othen-vise, it would be a little disrespectful.

Shen Hu couldn't show it and could only nod,"Of course you can. What I've already given you is yours. It's up to you how you want to deal with it."

"Thank you, teacher!" Lu You said happily.

Then, she turned to Xia ruofei and said,"ruofei, wait for me!" It's in the room next door, it'll be quick!"

After saying that, Lu You quickly walked out of Shen Hu's room and went to the next room.

Xia ruofei looked at Shen Hu and asked,""What's a good fortune pill?"

Shen Hu awkwardly explained the situation of the Blessed health pill to Xia ruofei, and then said in a low voice, "I've embarrassed myself in front of senior Xia ..."

Xia ruofei waved his hand and said,""This is also Lu You's kind intentions! 1 thought about it just now. You can tell Lu You this ..."

Just as Xia ruofei said this, he heard a sharp voice from the next room.""Who let you in! Don't you know that I'm cultivating? Can you bear the responsibility for disturbing my cultivation?"

Xia ruofei could not help but frown and walked out. Shen Hu's expression also changed slightly and he quickly followed.

"Senior Sister Lu, I'm only here to take something..." Lu You said from the room.

"Just because I took something, I can just randomly barge in? If I had been disturbed by you just now and suffered from Qi deviation, how many lives would you have to pay for it?" The female cultivator surnamed Lu snorted and said,"get out!"

"You ..." Lu You was obviously a little angry, but she held it in. She restrained herself and said,"I'll leave after I take the things ..."

"I told you to get out now! Don't you understand human language?" The female cultivator surnamed Lu snorted.

Lu You couldn't help but say,'Senior Sister Lu, aren't you going a little too far? This is also my room, and we're all guests at the first heaven society. Can't 1 even go into my room to get my things?"

"Tsk, a puny cultivator dares to call himself a guest of the first heaven society?" The female cultivator surnamed Lu said disdainfully,"I'll give you one last chance.. Are you going to get lost or not? Don't force me to throw you out, otherwise, it won't look good for your sect leader Shen!"

Chapter 3669: First place (1)

Xia ruofei's face turned cold. He glanced at Shen Hu who was beside him.

Shen Hu immediately felt a bone – chilling cold run through his body from head to toe. He hurriedly pushed open the door.

In the room, a female cultivator in a light yellow outfit stared at Lu You coldly. This female cultivator had delicate features, but she only had a good appearance. From what he had heard just now, he knew how mean she was.

"Who's so unruly!"The female cultivator surnamed Lu shouted.

Then, she turned around and saw Shen Hu and Xia ruofei standing at the door. She frowned and said in a gentler tone,""So it's sect Master Shen!"

“Junior – martial nephew Lu, how has my disciple offended you? why are you speaking so vulgarly?” Shen Hu could not help but ask coldly.

Just now, he had clearly felt Xia ruofei’s cold killing intent and could not help but shiver. He was very clear that he had to seek justice for Lu You immediately. Otherwise, he would have completely offended Xia ruofei.

At this moment, Shen Hu’s intestines were about to turn green with regret. If he had known that so many things would happen, he would not have brought Lu You to attend this ceremony even if he was beaten to death.

The female cultivator’s name was Lu Yuqing, and she was the most favored direct disciple of the luoshen sect’s sect master. Her cultivation level was only at refined Qi Level 5, but she was used to being arrogant and despotic.

Although the luoshen sect’s sect leader Chi Qingqing was also at the ninth Qi layer, she was very close to breaking through to the Golden core stage. If it wasn’t for the increasingly harsh cultivation environment on earth, she would have broken through long ago.

Even though the cultivation environment was getting worse by the day, Chi Qingqing was still the cultivator with the highest chance of breaking through to the 9th Qi layer. Moreover, everyone believed that it was only a matter of time before she broke through, so she could be considered a “quasi – Golden core cultivator”.

It was precisely because of this that although Chi Qingqing didn’t enjoy the treatment of having her own courtyard, her treatment was still a little better than Shen Hu of the water element sect and Ouyang Zhongsheng of the golden sword sect. The only suite in this courtyard had been assigned to her.

Logically speaking, as Chi Qingqing’s personal disciple, Lu Yuqing’s status should also rise with the tide. However, there were a total of five rooms in this courtyard. The three sect Masters each occupied one room, and the remaining three disciples were Lu You, Lu Yuqing, and elder Liu from the golden sword sect. There were differences between men and women. Lu You and elder Liu couldn’t share a room, so there were no other arrangements. Lu You and Lu Yuqing could only share a room.

Because of this arrangement, Lu Yuqing was also very unhappy and picked on Lu You. However, Lu You came from a small sect and her cultivation was low, so she could only swallow her anger.

Just now, she was in a hurry to get Xia ruofei the prosperous pill. She knocked on the door and pushed it open without waiting for Lu Yuqing’s reply. As a result, she was scolded by Lu Yuqing.

When she saw Xia ruofei and Shen Hu walk in, especially when Shen Hu directly reprimanded Lu Yuqing, Lu You felt a lump in her throat, and her tears of grievance flowed out uncontrollably.

Lu Yuqing raised her eyebrows and said sarcastically,""Sect Master Shen, what do you mean by this? It's clearly your disciple who didn't know the rules and barged into my room when I was cultivating, how did it become my fault?" "This room is for the two of you. Does she need your permission to enter the room? What kind of logic is that?" Xia ruofei asked, frowning.

"Who are you?" Lu Yuqing looked at Xia ruofei with disdain and said,"you're just an ordinary person from the secular world. How dare you interfere with the affairs of cultivators? I think you're tired of living!" You don't know the immensity of heaven and earth! Get out! You have no right to speak here!"

Xia ruofei couldn't help but be stunned. This was the first time he had been reprimanded by a Qi Level 5 cultivator!

Shen Hu was so scared that he almost died on the spot. He trembled as he stepped forward and pointed at Lu Yuqing,""How audacious! How dare you be so rude to Mr. Xia! Is this how the Luo God sect is taught?"

"What's wrong with the upbringing of our luoshen sect?" A cold voice came from outside the door.

Everyone looked up and saw a female cultivator in her forties walk in with a frosty expression. She was staring coldly at Shen Hu.

Xia ruofei used his spiritual power to scan the area and couldn't help but pout. He was just a level 9 cultivator, yet he made such a big scene. Those who didn't know would think that he was a nascent Soul Master!

Shen Hu's expression changed slightly. He said,"So it's sect leader Chi."

"Hmph! If I didn't come, my good – for – nothing disciple would have been scolded to tears by you!" Chi Qingqing said coldly,"sect Master Shen is so fierce to a junior. Is this the upbringing of your water element sect?"

"Sect leader Chi, the ins and outs of this matter are very clear." Shen Hu bit the bullet and said,"my disciple was just returning to his room, but he was scolded by your disciple. We're all under the same roof, isn't this a bit too much?"

"I don't know if it's too much or not, nor do I know what happened just now. I only know that..." Chi Qingqing stared into Shen Hu's eyes and said,"I haven't even reached the door when I heard sect Master Shen questioning the upbringing of our luoshen sect. Sect Master Shen, what right do you have to criticize our luoshen sect?" What gave you such

courage? Could it be that you've already broken through to the Golden core stage after not seeing you for a day?"

Shen Hu's face turned green with anger. Everyone lived in the same courtyard, and Chi Qingqing was a ninth – tier aura refining cultivator. She should have heard Lu Yuqing's scolding clearly even from her room.. How could she not have heard anything that happened earlier?

Chapter 3670 - 3670: Putting on airs as the number one (2)

Chapter 3670: Putting on airs as the number one (2)

Chi Qingqing was clearly using her power to oppress others. The world of cultivation was just that realistic. Those with higher cultivation levels deserved to suffer unspeakable pain.

Chi Qingqing glanced at Xia ruofei again and said,""Also, you actually brought an ordinary person with no cultivation to the first heaven society! Sect Master Shen, how many heads do you have to dare to do such a thing? Do you believe that if I were to tell elder Zhou right now, how do you think he would deal with you?"

Chi Qingqing had received some preferential treatment, and Lu Yuqing had dared to be so arrogant in the first heaven society, even though she was only arrogant to the cultivators of a vassal sect. There was another very important reason, and that was that the first heaven society's early gold core elder, Zhou gan, was more supportive of the luoshen sect. There were rumors that Zhou gan hoped Lu Yuqing and his son would become Dao partners, and it was probably not a groundless rumor.

Chi Qingqing had mentioned elder Zhou intentionally or unintentionally, clearly to strengthen her own momentum.

In fact, although Xia ruofei found this ridiculous, it was more useful to Shen Hu.

After Shen Hu heard Chi Qingqing's words, he revealed a timid expression.

The thought of backing out came to him, but when he saw Xia ruofei still watching the show with a playful expression, the thought of backing down instantly disappeared.

Shen Hu bit the bullet and said,"sect leader Chi, you don't have to use elder Zhou to pressure me. You have reason to go around the world. Today's incident was because Lu Yuqing was arrogant and domineering. My disciple did not do anything wrong, but she was ordered around and insulted by Lu Yuqing! We're all here to observe the ceremony, so we're of equal status. I don't believe that the first heaven society will side with you!"

Chi Qingqing was slightly surprised. With the strength of the luoshen sect, they could easily suppress the water Yuan sect. Her own strength was much stronger than Shen Hu's. In addition, she also held the banner of elder Zhou, a golden core cultivator. By right, Shen Hu should have given in long ago.

She did not expect Shen Hu to be so stubborn.

However, Chi Qingqing did not take it to heart. The first heaven society didn't care much about a subsidiary sect like the water element sect. If it wasn't for the fact that they had been trying to curry favor with elder Zhou, they wouldn't have received any special treatment.

Therefore, with her relationship with elder Zhou, she could easily turn the water Yuan sect into dust.

As for who was right and who wasn't... The other higher – ups of the first heaven society wouldn't care about such trivial matters!

Hence, Chi Qingqing was only slightly taken aback before she sneered and said,""Shen Hu, you really have a backbone! Then let's wait and see! If I come all the way back to the country to watch the ceremony, and sect leader Chen is driven away by the first heaven society before he can even break through, I'll be a joke!"

At this point, Chi Qingqing snorted coldly and said,""Yuqing, come with me! Go to your master's room and cultivate first. Don't let some wild girl from some small sect disturb your cultivation!"

"Yes! Master!" "Yes," Lu Yuqing replied immediately. Then, she shot Lu You a provocative look.

Lu You's mind was in a mess. She realized that she had caused a lot of trouble for Shen Hu and the water element sect. This trouble was so big that even Shen Hu, the sect leader, could not solve it. Moreover, it was very likely that Xia ruofei would be implicated.

Her mind was in a mess, so how could she notice Lu Yuqing's provocative look?

Chi Qingqing's cold eyes swept across Shen Hu, Xia ruofei, and Lu You one by one. Then, she left the room with Lu Yuqing without a word.

"Teacher, I'm sorry. I've caused you trouble," Lu You said with a trembling voice.

"I can't blame you for this. The people of the luoshen sect are too domineering. You're my in – Name disciple. I can't just watch you suffer!" Shen Hu said with a bitter smile.

Lu You couldn't help but shed tears. However, he quickly regained his senses and hurriedly said,""RUO Fei, hurry up and leave! Otherwise, it would be too late! You'll be in big trouble when the people of the first heaven society blame you!"

Xia ruofei, who had been watching coldly from the side for a long time, finally spoke.""Lu You, you don't have to worry. I will be fine. Your teacher will be fine too. Just stay here and be at ease!"

After that, Xia ruofei turned to Shen Hu and said,""Sect Master Shen, please take good care of Lu You. I'll go back first."

After he finished speaking, Xia ruofei nodded at Lu You and walked out.

Seeing Xia ruofei leave, Lu You heaved a sigh of relief. Although she felt that Xia ruofei would never leave the first heaven society on his own, as long as he was not at the scene and was not caught red – handed by the first heaven society's law enforcement officers who might arrive at any time, he would have a chance to get away.

As Xia ruofei was walking out, he sent a message to Shen Hu. He said indifferently,""Don't worry, I'll let Chen Xuan know. "Also, I haven't finished speaking. Why don't you tell Lu You that I'm also a cultivator? even though my cultivation isn't that high, I'm on good terms with Chen Xuan. That's why I've been officially invited by Chen Xuan to attend the ceremony. This way, she won't be so worried."

Shen Hu immediately calmed down when he heard this. He quickly sent a message,"Very well, senior Xia. Don't worry, I'll take good care of Lu You. Even if Chi Qingqing were to fight me personally, she wouldn't be able to defeat me in a short time. After all, we're both at the ninth level of the aura refining realm. Besides, they won't dare to make a move in the territory of the first heaven society."

"That's good!" Xia ruofei transmitted his voice.

Then, without saying anything else, he walked out of the courtyard and headed towards the courtyard where he lived.

Xia ruofei had just reached the entrance of his residence when he saw Chen Xuan walking over from a distance. Behind him were three service disciples carrying food boxes and wine jars.

Chen Xuan waved at Xia ruofei from afar and shouted,""Brother RUO Fei! I've taken out all the good wine I've kept for many years, so you have to drink a few glasses with me!"

Xia ruofei smiled."Let's talk about drinking later. I have something to tell you."

Chen Xuan was stunned for a moment, but he quickly replied,""Alright! Let's talk inside!"

Xia ruofei and Chen Xuan entered the courtyard, and the three disciples quickly went to the dining room in The West Wing. They opened the lunchbox and placed the delicious food on the table.

Chen Xuan waved his hand at the three servant disciples, and they immediately bowed slightly before silently retreating.

Chen Xuan then turned to Xia ruofei and asked,""Brother ruofei, if you have anything to say, you can say it now."

Xia ruofei told her about his encounter with Lu You and what happened after that. The main point was, of course, how the luoshen sect's chi Qingqing and Lu Yuqing had bullied Lu You.

Xia ruofei did not exaggerate anything. With his current status, it would be a piece of cake for him to punish Chi Qingqing and Lu Yuqing. Why would he need to deliberately exaggerate the facts?

After hearing this, Chen Xuan could not help but reveal a look of anger.""A Qi condensation cultivator dares to be so arrogant in the heavenly sect? Brother RUO Fei, did she say which elder Zhou She was referring to?"

Among the Golden core elders of the first heaven society, there was another elder with the surname Zhou. This was why Chen Xuan had asked this question.

However, before Xia ruofei could say anything, Chen Xuan waved his hand and said,""Who cares which elder Zhou He is! How can we not punish this kind of person who bullies the weak under the name of the first heaven society's elder?"

"Then I'll have to trouble brother Chen." Xia ruofei said with a smile.

"What are you saying?" Chen Xuan replied,"the fact that you didn't do it yourself is already giving me face! If I didn't handle this matter well, would 1 still have the face to see you?"

“Brother ruofei, this is my fault. I didn’t pay attention to whether your friend came with Shen Hu. If I had known that your friend was here, I would have asked the disciples who were in charge of accommodation to take care of him.”

“Brother Chen, you’re being too serious. You’ve been busy these few days. How can you personally worry about such a trivial matter?” Xia ruofei said with a smile.

“Leave this to me!” Chen Xuan replied,”brother ruofei, please wait for a moment.. I’ll make some arrangements and be back!”

Chapter 3671 - 3671: Swept out of the door (1)

Chapter 3671: Swept out of the door (1)

In the courtyard where Lu You lived, Chi Qingqing brought Lu Yuqing back to the only suite.

Shen Hu was also worried about leaving Lu You alone in the room, so he brought her back to the room he was staying in.

“Teacher, I’m sorry...” Lu You said with a worried expression.

Shen Hu sighed and said,”it’s not your fault. Lu Yuqing was too domineering!” Lu You! You don’t have to worry too much. Chi Qingqing and her disciple won’t be able to cause any big waves!”

“Master, you told me yesterday that Lu Yuqing might become the daughter – in

– Law of elder Zhou of the first heaven society, and you asked me to be more tolerant of her!" Lu You asked in puzzlement,"we've offended her to the core today. They will definitely complain to elder Zhou!"

There were some other things that Lu You didn't continue to say. Otherwise, it would hurt her self – esteem.

However, her meaning was already very clear. Let alone elder Zhou, even a Qi condensation disciple with a slightly higher status in the first heaven society would be able to make the water Yuan sect suffer.

"Elder Zhou is naturally someone we need to look up to, but we don't need to undervalue ourselves." Shen Hu smiled. Actually... There's something I've been wanting to tell you for a long time, but I didn't find a good opportunity..." "Teacher, what's the matter?" Lu You asked curiously.

She thought to herself,"don't tell me that teacher also has a powerful background that no one else knows about?" But why was he so patient usually?

"Your friend, Mr. Xia, is also a cultivator. That's why he's in the first heaven society," Shen Hu said.

Lu You's eyes widened when she heard that. Her face was filled with disbelief. After a long while, she said,""You said that RUG Fei is a cultivator? How was that possible? I... I've never heard of it!"

"Your cultivation level is still relatively low. Even if a cultivator were to stand in front of you, you wouldn't be able to tell!" Shen Hu said with a smile.

"So, RUG Fei's cultivation is very high?" Lu You was still in a daze.

"At least higher than you!" Shen Hu smiled.

"Then how does it compare to you, teacher?" Lu You continued to ask.

Shen Hu was stunned for a moment. He quickly thought of something. Xia ruofei didn't want Lu You to know that he was an Aurous core stage cultivator. He didn't want Lu You to know that he was the one who gave him the technique and the spirit crystal. Hence, he could only say that he was a Qi refinement stage cultivator.

Shen Hu himself was at lianqi level 9, and there weren't many cultivators with a higher cultivation than him.

Thus, Shen Hu only hesitated for a moment before saying, "He's still not as good as me. He's still so young, after all!"

Lu You nodded and said,”this is unbelievable!” I couldn’t tell at all that he was a cultivator ... Teacher, you’re not lying to me, are you?”

These words to a sect leader were somewhat offensive.

However, female disciples had an innate advantage. Moreover, Lu You’s status was special and she was Xia ruofei’s friend. Hence, Shen Hu would not be angry. He only smiled bitterly and said,”Why Would 1 Lie to You about this? Don’t tell me it’s going to benefit me in any way?”

“I’m sorry, teacher, 1 didn’t mean it that way!” Lu You quickly realized that her words were inappropriate and quickly apologized.

Shen Hu waved his hand and said with a smile,”no problem!” No harm! Lu You! Although your friend, Mr. Xia, doesn’t have a high cultivation, his status is not ordinary! Otherwise, why would a Qi condensation cultivator like him be invited by the first heaven sect to attend the ceremony?”

“What’s his identity?” Lu You couldn’t help but ask,”could it be ... That he’s also a sect leader?” This ... This is even more impossible!”

Shen Hu shook his head with a smile and said,”Daoist Xia should be a loose cultivator. Even if he has his own sect, it’s only in name.” When I said “special,” I meant that his friends were very amazing! Mr. Xia and the young sect leader of the first heaven sect, elder Chen Xuan, are very close friends. It’s also because of this that the young sect leader personally invited him to attend the ceremony.”

“Ruofei actually knows sect leader Chen?” Lu You felt even more incredulous.

In the courtyard where Lu You lived, Chi Qingqing brought Lu Yuqing back to the only suite.

"Of course it's Shui Yuan, who doesn't know his place ..." Lu Yuqing was in the middle of her triumphant speech when she saw who it was. Her expression changed slightly and she greeted him respectfully," "Greetings, sect leader Chen!"

The person who came was Chen Xuan. Initially, he had wanted to arrange for someone to deal with it. However, as he was leaving, he thought that this was a good opportunity for Xia ruofei to show his goodwill. Since he was going to do it, he had to do it beautifully. The best way to deal with it was to go there himself. Anyway, the courtyards of the vassal sects were not far from here. He could just call over a handyman disciple on the way and ask him where they were.

Hence, Chen Xuan headed straight for the courtyard that Lu You was staying in.

Unexpectedly, before he even entered the courtyard, he heard a commotion from inside.

The voice belonged to elder Zhou gan's son, Zhou Junsheng. Even though the voice was familiar, the insufferably arrogant tone was unfamiliar to Chen Xuan. Zhou Junsheng had always been respectful and fawning in front of Chen Xuan. Chen Xuan had never seen Zhou Junsheng acting so arrogantly in front of cultivators from a vassal sect.

In reality, even Zhou Junsheng's father, Zhou gan, would treat Chen Xuan with utmost respect and would not dare to show the slightest disrespect.

Zhou gan was only at the early golden core stage, which was similar to Chen Xuan's cultivation. However, Chen Xuan was so young, so his potential was obviously much greater. Furthermore, Chen Xuan was the young sect master of the first heaven society. Even though they were both elders, there was a huge difference in their status.

Chen Xuan decided not to rush in and stood at the entrance of the courtyard, listening quietly.

If he, a Jindan cultivator, wanted to eavesdrop, how could the Qi layer cultivators in the courtyard find out?

The disciples of the first heaven society were bullying Xia ruofei's friend. This made Chen Xuan furious.

There was not a trace of a smile on his face. His expression was very cold as he asked indifferently," "Who said something about being kicked out? Who are you going to kick out?"

Lu Yuqing lowered her head, not daring to say a word.

Zhou Junsheng bit the bullet and said,""Young head, it's just some friction and misunderstanding between subordinate sects. Let me deal with it ...

3674 Upholding justice (2)

If he, a Jindan cultivator, wanted to eavesdrop, how could the Qi layer cultivators in the courtyard find out?

Chen Xuan had already heard the whole story from Xia ruofei. Now that he heard Zhou Junsheng, Lu Yuqing, and the others referring to a deer as a horse, he naturally felt that it was ridiculous.

In fact, even if they did not know the truth, Zhou Junsheng and Lu Yuqing's words were quite ridiculous and completely illogical.

However, Zhou Junsheng had relied on his status as the first heaven society's Deacon and the Son of an elder to unreasonably push all the blame onto Shen Hu and Lu You. The two of them did not even have the chance to argue.

When Chen Xuan heard Lu Yuqing's triumphant declaration that she was going to kick Shen Hu and his disciple out of the house, he could no longer hold back his anger. He pushed open the door and walked in.

That was why the scene just now happened.

Chen Xuan was well-known in the first heaven society and even in the entire cultivation world. Other than Lu You, there was no one who didn't know him.

As such, the moment Chen Xuan appeared, everyone rushed forward to greet him. Even the golden sword sect's Shen Hao and the birdcage - carrying elder Liu were no exception.

When Zhou Junsheng saw Chen Xuan, he couldn't help but feel his heart skip a beat. He quickly stepped forward and greeted him respectfully," "Greetings, young sect leader!"

Shen Hu quickly gave Lu You a look and came forward with Lu You to greet Chen Xuan.

The moment he caught sight of Chen Xuan, Shen Hu's heart finally settled down.

Without a doubt, the situation that they were in had been completely reversed with Chen Xuan's appearance.

Shen Hu was convinced that Chen Xuan was entrusted by Xia ruofei to handle this matter.

Chen Xuan's face darkened. Due to his high position, everything he saw and heard had been filtered out. He had indeed not seen much of what had happened today.

The disciples of the first heaven society were bullying Xia ruofei's friend. This made Chen Xuan furious.

There was not a trace of a smile on his face. His expression was very cold as he asked indifferently," "Who said something about being kicked out? Who are you going to kick out?"

Lu Yuqing lowered her head, not daring to say a word.

Lu Yuqing lowered her head, not daring to say a word.

Zhou Junsheng bit the bullet and said," "Young sect leader, it's just some friction and misunderstanding between the subordinate sects. Let me handle it... Of course, it's the arrogant Shui Yuan ..." Lu Yuqing was halfway through her triumphant speech when she saw the person who had arrived.

"Greetings, sect leader Chen!"

The person who came was Chen Xuan. Initially, he had wanted to arrange for someone to deal with it. However, as he was leaving, he thought that this was a good opportunity for Xia ruofei to show his goodwill. Since he was going to do it, he had to do it beautifully. The best way to deal with it was to go there himself.

Anyway, the courtyards of the vassal sects were not far from here. He could just call over a handyman disciple on the way and ask him where they were.

Hence, Chen Xuan headed straight for the courtyard that Lu You was staying in.

Unexpectedly, before he even entered the courtyard, he heard a commotion from inside.

The voice belonged to elder Zhou gan's son, Zhou Junsheng. Even though the voice was familiar, the insufferably arrogant tone was unfamiliar to Chen Xuan. Zhou Junsheng had always been

respectful and fawning in front of Chen Xuan. Chen Xuan had never seen Zhou Junsheng acting so arrogantly in front of cultivators from a vassal sect.

In fact, even Zhou Junsheng's father, Zhou gan, would treat Chen Xuan with utmost respect.

Zhou gan was only at the early golden core stage, which was similar to Chen Xuan's cultivation. However, Chen Xuan was so young, so his potential was obviously much greater. Furthermore, Chen Xuan was the young sect master of the first heaven society. Even though they were both elders, there was a huge difference in their status.

Chen Xuan decided not to rush in and stood at the entrance of the courtyard, listening quietly.

If he, a Jindan cultivator, wanted to eavesdrop, how could the Qi layer cultivators in the courtyard find out?

Chapter 3675: VIP treatment (1)

“Thank you, young sect master!” Shen Hu quickly bowed and said.

Chen Xuan smiled.”There’s no need to be so polite. You’re our guest. Furthermore, miss Lu is brother ruofei’s friend. I should take care of you even more! Sect Master Shen, you can stay here with peace of mind. If anyone dares to make things difficult for you, you can report to me directly!”

“Yes! Thank you, young sect leader!” Shen Hu bowed and said.

“Thank you, young sect master!” Lu You also said quickly.

At this moment, Chi Qingqing and Lu Yuqing were still tidying up things in their rooms, so they naturally heard everything that had happened in the courtyard. They were so regretful that if Qianqian had known that the water element sect had such a relationship, she wouldn’t have provoked the water element sect on purpose even if they had more guts!

In fact, Lu Yuqing was just unhappy that she was arranged to live with other cultivators, so she used this as an excuse to make a fuss. Lu You did not offend her at all.

If she had known that Lu You’s friend was close to Chen Xuan, she would have been out of her mind to make things difficult for Lu You on purpose. She wouldn’t even have had the time to curry favor with her, alright?

However, there was no medicine for regret in this world. Chi Qingqing and Lu Yuqing could only swallow this bitter fruit. If Chen Nanfeng succeeded in breaking through tomorrow, their luoshen sect’s days would definitely be worse.

Once the first heaven sect rose to its peak, the sects that had offended them or were disliked by Chen Nanfeng and Chen Xuan would not mind hitting them when they were down.

Chen Xuan smiled.’There’s no need to be so polite. You’re our guest. Furthermore, miss Lu is brother ruofei’s friend. I should take care of you even more! Sect Master Shen, you can stay here with peace of mind. If anyone dares to make things difficult for you, you can report to me directly!”

There had always been fewer people who sent charcoal in the snow, more people who added flowers to a brocade, and even more people who hit someone when they were down.

Chi Qingqing sighed and said to Lu Yuqing,""Yuqing, you've learned your lesson. You have to pay attention to the way you conduct yourself in the future H

Lu Yuqing said painfully,"master, I know 1 was wrong. I didn't know that Lu You had such a strong background. Moreover, you saw it yesterday. Shen Hu and his disciple were very cautious. They didn't seem like people with a strong background. Who knew they had such a relationship ...."

Chi Qingqing waved her hand and said,"there's no point in saying this now. You have to learn from your mistakes in the future. No matter who you're dealing with, it's always good for you to be a little more amiable."

"Yes, I'll remember that..." Lu Yuqing said with her head slightly lowered. In fact, she didn't agree with it, but the truth was out there. She was the one who had caused this incident. Of course, Chi Qingqing's intentional connivance was also an important reason. However, in terms of responsibility, Lu Yuqing was definitely the first to bear the brunt, so she had nothing to say.

However, her talent was considered to be the best among the shorties. Therefore, even though she had caused a big disaster this time, the iuoshen sect should not directly send her to the eighteenth level of hell. In short, talent was rare. She just had to pay more attention in the future.

However, in general, at least the recent days were not very good.

Chi Qingqing sighed and said,””Yuqing, let’s go! Don’t let them chase us away again...”

Lu Yuqing lowered her head in humiliation.”Yes, master!”

When Chi Qingqing and Lu Yuqing came out, Shen Hao and his disciple had already left. The male cultivator packed his things relatively quickly. Since he was sharing a courtyard with someone else, and their positions were very straight, he packed his things cleanly and left.

As the two of them walked out of the room, Chen Xuan was also preparing to leave.

“Thank you, young sect master!” Shen Hu quickly bowed and said.

Chapter 3677 - 3677: Chen Nanfeng’s breakthrough (1)

Chapter 3677: Chen Nanfeng’s breakthrough (1)

Today was the day Chen Nanfeng had set for his breakthrough, so Chen Xuan was naturally busy and had no time to have breakfast with Xia ruofei.

The courtyards in the reception area had become more and more lively since yesterday. Almost every courtyard was occupied, and some small sects even shared a courtyard with several people.

"Senior Xia, this disciple’s name is Zeng Qing. It’s this disciple’s honor to be able to serve senior!" The executing – disciple quickly said.

"So it’s Deacon CEng." Xia ruofei smiled and said,"Deacon Zeng, where is sect leader Chen going to break through today?" You even built a grandstand?"

Zeng Qing quickly said,"the sect leader’s Grandmaster was scheduled to break through in the back mountain a month ago. It’s completely open to all the disciples of the sect and the invited Daoist friends. Everyone can personally witness the whole process of the sect leader’s breakthrough. Our first heaven society has built a Grandmaster’s observation platform in the back mountain for the guests to observe the breakthrough! " Senior Xia, now many guests have already gone to the grandstand, and the sect leader is also preparing to go. He may break through to the nascent Soul Stage at any time, do you think.... We should go there first?"

Chapter 3678 - 3678: Early nascent Soul Stage (1)

Chapter 3678: Early nascent Soul Stage (1)

Looking at his father's back, Chen Xuan was filled with excitement.

The nascent soul realm. Ever since the Earth's cultivation environment began to deteriorate, there had never been a nascent soul realm cultivator.

This level of cultivation was nothing in the cultivation world when everything was in full bloom. At that time, there were many immortal soul Stage cultivators, and many powerful seniors whose cultivation was unfathomable.

But now, there had not been a nascent soul cultivator in the cultivation world for hundreds of years. Chen Nanfeng being able to break through to the nascent Soul Stage was not unprecedented, but it was definitely a shocking feat.

Everyone in the first heaven society felt honored. As Chen Nanfeng's son, Chen Xuan naturally felt even prouder.

Furthermore, Chen Nanfeng had been stuck at the peak of the late – Stage golden elixir realm for so many years. The reason he was so confident in breaking through this time was largely due to the opportunities and resources Chen Xuan had obtained from this trip to the mystic Luna realm.

Therefore, if Chen Nanfeng could successfully break through, the biggest hero would be Chen Xuan.

Chen Nanfeng continued with a friendly smile,""Fellow Daoists, if Nanfeng can successfully break through to the nascent Soul Stage today, the first heaven society will

hold a grand banquet to welcome you all. In addition, I will also go up the stage to give a Dao lecture after my cultivation has been consolidated. At the same time, I have an opportunity to give to the fated person. I hope that everyone can also enjoy the happy atmosphere!”

Chen Nanfeng was clearly very confident about this breakthrough. He had told everyone about the follow – up celebration arrangements in advance.

If he wasn’t very confident, he definitely wouldn’t have done this, because if he failed to break through, what he said now would become a laughingstock. It would spread throughout the entire cultivation world in a very short time.

Chen Xuan stepped forward and stood at the edge of the platform.””Fellow Daoists, before my father starts his cultivation, I need to make a few things clear to everyone. Otherwise, if something happens, the first heaven society will be blamed for not being kind ...”

Chen Xuan’s words were a little serious, and the lively atmosphere cooled down significantly.

Chen Nanfeng’s breakthrough today was extremely critical, so Chen Xuan would rather play the black face than to say what needed to be said clearly. Otherwise, if there was a problem, he would be punished for not teaching.

The scene quieted down.

“First, we don’t want anyone to disturb my father’s cultivation and breakthrough. So, please don’t move around and keep quiet.

“Second, during the process of breaking through, we hope that everyone will remain on the grandstand. You are not allowed to leave your seats at will, and you are not allowed to try to step onto the platform. Otherwise, we will also see you as an enemy!

“Third, if anything unexpected happens, please follow the instructions of the heavenly sect disciples and leave in an orderly manner.

The fourth...”

Chen Xuan listed out a few requests, and his tone was extremely strict.

In reality, other low – Level cultivators might not have noticed it, but Xia ruofei could feel it the moment he reached the back of the mountain. The entire back of the mountain was set up with dense arrays, including the grandstand area and the cold pool in front. The platform where Chen Nanfeng and Chen Xuan were on was also set up with many arrays. Some were for defense, some were for attack, some were for trapping enemies, and there was even an illusion array.

In Xia ruofei's eyes, these arrays were just average and not particularly eye – catching. However, the most withered thing in the cultivation world was actually arrays. Therefore, there were not many cultivators who knew about arrays. The first heaven society must have put in a lot of effort to set up these arrays.

Ordinary cultivators couldn't even detect the existence of the array. If someone really had ulterior motives and rashly broke in to destroy it, the end would be very miserable..

Chapter 3679: Early nascent Soul Stage (2)

Chen Xuan turned to look at Chen Nanfeng after he finished speaking.

Chen Nanfeng shook his head slightly, indicating that he had nothing else to add. Chen Xuan took a few steps back and returned to his position behind Chen Nanfeng.

Chen Nanfeng smiled as he looked around. Then, he sat down cross – legged on the futon, closed his eyes, and slowly entered a state of cultivation.

Looking at his father's back, Chen Xuan was filled with excitement.

When the cultivators on the grandstand heard this, they were all very excited.

The banquet was nothing special. Although the first heaven society's banquet would definitely have some rare and precious ingredients from the cultivation world, which might even be beneficial to one's cultivation base, it was still a drop in the bucket. It was impossible for everyone to break through to the next realm in such a banquet, right? If the first heaven society had such a deep foundation, they would have nurtured their own disciples and developed the sect into a super sect.

What everyone was interested in was that Chen Nanfeng would personally go on stage to give a lecture.

Chapter 3680: Timely help (1)

Five origin crystals were definitely not enough to break through to the nascent Soul Stage. However, the first heaven sect had already prepared a large number of spirit crystals, spirit stones, and a small number of origin crystals. Chen Nanfeng’s breakthrough was already 99% complete. He was only one step away.

In this situation, Xia ruofei’s five crystals were like a timely rain.

When the essence crystal entered the high platform, the already thin spirit Qi around Chen Nanfeng instantly became dense again. The spirit gathering formation automatically extracted a large amount of high – purity spirit Qi from the essence crystal.

Chen Nanfeng had no other thoughts in his mind when he broke through, so he didn’t know what had just happened.

He felt the concentration of spiritual Qi rising again. Without thinking too much, he immediately accelerated the circulation of his cultivation technique and swallowed a large amount of spiritual Qi into his body.

The speed at which Chen Nanfeng's vital Qi was converted into liquefied elemental essence increased once again.

The vibration of his golden core also became more and more intense.

Finally, with the help of Xia ruofei's five spiritual crystals, Chen Nanfeng crossed this critical point in one go.

Chen Nanfeng seemed to hear cracking sounds as the Golden core in his body began to crack.

Chen Nanfeng did not panic. Instead, he felt great joy. He quickly collected his thoughts and continued to speed up the circulation of his cultivation technique.

More and more cracks appeared on the surface of his Aurous core, and the speed at which it broke was getting faster and faster. Finally, the Aurous core could no longer maintain its original form and began to collapse bit by bit.

Chen Nanfeng couldn't help but smile wryly. After entering the nascent Soul Stage, the demand for cultivation resources had obviously increased. Without a bit of wealth, it was impossible to feed a nascent soul with a big appetite!

The breakthrough was basically over now. The reason why Chen Nanfeng did not stop cultivating was mainly because he wanted to stabilize his cultivation as much as possible. Therefore, he did not need to be as focused as before.

Naturally, Chen Nanfeng thought of the dangerous scene of the lack of spiritual energy just now.

If he hadn't increased the concentration of spirit Qi in time, Chen Nanfeng's breakthrough this time might have ended in failure, and he might have even suffered a serious backlash.

After all, it had been hundreds of years since a nascent soul cultivator had appeared in the world of cultivation, and a large number of ancient records had also been lost in the long years. Therefore, Chen Nanfeng's breakthrough could be said to be crossing the river by feeling the stone. He had originally felt that he had prepared as many cultivation resources as possible, but he had never expected that the spiritual Qi required to break through to the nascent soul realm was so much higher than he had expected. That was why that dangerous and awkward scene had occurred.

If Chen Nanfeng's calculation of the resources required was more excessive, even if the first heaven society couldn't provide that many resources for the time being, with Chen Nanfeng's connections in the cultivation world, it wouldn't be a problem to borrow some in the short term.

Chen Nanfeng recalled that his spiritual energy had increased quite a bit right after it was about to run out, and it was especially pure. It was because of this replenishment of spiritual energy that his breakthrough was so smooth.

He was a little suspicious. The first heaven society probably couldn't take out any more cultivation resources. Even his son, Chen Xuan, had been emptied of his pockets.

Could it be that one of the fellow Daoists who was attending the ceremony had helped him? People like his old friend Mu Sheng and Liu Mansha, who he had a good relationship with, would have helped him if they had seen his predicament at that time. However, the purity of the spirit Qi just now was so high, which meant that the cultivation resources that were supplemented were at least at the level of origin crystals, and the amount would not be too little. Mu Sheng, Liu Mansha, and some of Chen Nanfeng's close friends, even if they counted each one of them, they would most likely not be able to take out so many resources, right?

Who could it be? Chen Nanfeng couldn't understand.

It didn't take long for him to decide to consolidate his cultivation first. Once he was done with his cultivation, he would ask Chen Xuan about it.

On the high platform, the spirit Qi gradually stabilized. Chen Nanfeng had already finished his breakthrough, so his speed of absorbing spirit Qi had naturally slowed down.

In the eyes of most of the Qi refining cultivators, Chen Nanfeng had sat cross – legged on the high platform as soon as he came up. Then, it was as if the wind and clouds had stirred, and now, everything had gradually returned to normal. The ups and downs of the entire process were completely undetectable to them. Basically, coming to watch the ceremony would only be a lonely experience..

Chapter 3681: Timely help (2)

Even Xia ruofei's origin crystal was seen as a dumbfounded look by the Qi refinement realm cultivators.

Some of the Golden core cultivators in the upper echelons of the grandstand could see some of the tricks.

Especially when they saw Chen Nanfeng sitting on the high platform with his eyes closed like a towering mountain, his aura clearly rising by a level. These golden core cultivators were filled with emotions and knew that Chen Nanfeng had broken through the bottleneck and officially became a nascent soul cultivator.

Everyone's mood was very complicated.

Chen Xuan, who was standing behind Chen Nanfeng on the stage, looked at his father's back. He could barely suppress the excitement in his heart.

He was the closest to Chen Nanfeng and was also the one who knew the entire process the best.

The nascent Soul Stage was a cultivation level that most cultivators did not even dare to dream of. To Chen Nanfeng, it was a realm that he had dreamed of for many years, but it was still unattainable.

This time, he had actually passed it completely.

Chen Xuan was excited and proud at the same time. He was proud of his father. At the same time, he had put in a lot of effort this time around. Therefore, he was also proud of himself.

Five origin crystals were definitely not enough to break through to the nascent Soul Stage. However, the first heaven sect had already prepared a large number of spirit crystals, spirit stones, and a small number of origin crystals. Chen Nanfeng's breakthrough was already 99% complete. The speed at which Chen Nanfeng's vital Qi was converted into liquefied elemental essence increased once again.

The vibration of his golden core also became more and more intense.

Finally, with the help of Xia ruofei's five spiritual crystals, Chen Nanfeng crossed this critical point in one go.

Chen Nanfeng seemed to hear cracking sounds as the Golden core in his body began to crack.

Chen Nanfeng did not panic. Instead, he felt great joy. He quickly collected his thoughts and continued to speed up the circulation of his cultivation technique.

More and more cracks appeared on the surface of his Aurous core, and the speed at which it broke was getting faster and faster. Finally, the Aurous core could no longer maintain its original form and began to collapse bit by bit.

With a boom, the Golden core in Chen Nanfeng's body directly turned into a ball of extremely pure energy.

This was the first time Chen Nanfeng felt the strain. He gritted his teeth and continued to circulate his cultivation technique.

At this moment, almost all of the vital Qi in his body had been converted into liquefied elemental essence, and the efficiency of his cultivation technique had also increased.

The mass of air that contained terrifying energy finally began to slowly change shape under the push of the cultivation technique.

As if a pair of invisible hands were kneading it, the ball of energy was constantly changing its shape. Gradually, this ball of energy began to show the embryonic form of a small person.

This was a mini version of Chen Nanfeng. The aura between his brows and eyes were almost exactly the same.

However, this miniature version of Chen Nanfeng was still very illusionary and not solid at all. He was faintly discernible in his dantian.

Chen Nanfeng was overjoyed. At this point, he could be declared successful.

The tiny person in his dantian was actually a nascent soul.

However, his nascent soul was still very unstable. Perhaps a small fluctuation could cause his nascent soul to fall apart, so Chen Nanfeng had to be careful.

The small Yuanying was faintly discernible between illusion and reality. Its small mouth opened slightly and directly sucked the primordial liquid into its stomach. Then, the Yuanying seemed to become stronger and more solid.

Of course, this was a very small amount, and only Chen Nanfeng himself could feel it.

However, Chen Nanfeng had to spend a lot of effort and resources to cultivate this mouthful of liquefied elemental essence.

Chen Nanfeng couldn't help but smile wryly. After entering the nascent Soul Stage, the demand for cultivation resources had obviously increased. Without a bit of wealth, it was impossible to feed a nascent soul with a big appetite!

The breakthrough was basically over now. The reason why Chen Nanfeng did not stop cultivating was mainly because he wanted to stabilize his cultivation as much as possible. Therefore, he did not need to be as focused as before.

Naturally, Chen Nanfeng thought of the dangerous scene of the lack of spiritual energy just now.

If he hadn't increased the concentration of spirit Qi in time, Chen Nanfeng's breakthrough this time might have ended in failure, and he might have even suffered a serious backlash.

After all, it had been hundreds of years since a nascent soul cultivator had appeared in the world of cultivation, and a large number of ancient records had also been lost in the long years. Therefore, Chen Nanfeng's breakthrough could be said to be crossing the river by feeling the stone. He had originally felt that he had prepared as many cultivation resources as possible, but he had never expected that the spiritual Qi required to break through to the nascent soul realm was so much higher than he had expected. That was why that dangerous and awkward scene had occurred.

If Chen Nanfeng's calculation of the resources required was more excessive, even if the first heaven society couldn't provide that many resources for the time being, with Chen Nanfeng's connections in the cultivation world, it wouldn't be a problem to borrow some in the short term.

Chen Nanfeng recalled that his spiritual energy had increased quite a bit right after it was about to run out, and it was especially pure. It was because of this replenishment of spiritual energy that his breakthrough was so smooth.

He was a little suspicious. The first heaven society probably couldn't take out any more cultivation resources. Even his son, Chen Xuan, had been emptied of his pockets.

Could it be that one of the fellow Daoists who was attending the ceremony had helped him? People like his old friend Mu Sheng and Liu Mansha, who he had a good relationship with, would have helped him if they had seen his predicament at that time. However, the purity of the spirit Qi just now was so high, which meant that the cultivation resources that were supplemented were at least at the level of origin crystals, and the amount would not be too little. Mu Sheng, Liu Mansha, and some of Chen Nanfeng's close friends,

even if they counted each one of them, they would most likely not be able to take out so many resources, right?

Who could it be? Chen Nanfeng couldn't understand.

It didn't take long for him to decide to consolidate his cultivation first. Once he was done with his cultivation, he would ask Chen Xuan about it.

On the high platform, the spirit Qi gradually stabilized. Chen Nanfeng had already finished his breakthrough, so his speed of absorbing spirit Qi had naturally slowed down.

In the eyes of most of the Qi refining cultivators, Chen Nanfeng had sat cross – legged on the high platform as soon as he came up. Then, it was as if the wind and clouds had stirred, and now, everything had gradually returned to normal. The ups and downs of the entire process were completely undetectable to them. Basically, coming to watch the ceremony would only be a lonely experience.

Even Xia ruofei's origin crystal was seen as a dumbfounded look by the Qi refinement realm cultivators.

Some of the Golden core cultivators in the upper echelons of the grandstand could see some of the tricks.

Especially when they saw Chen Nanfeng sitting on the high platform with his eyes closed like a towering mountain, his aura clearly rising by a level. These golden core cultivators were filled with emotions and knew that Chen Nanfeng had broken through the bottleneck and officially became a nascent soul cultivator.

Everyone's mood was very complicated.

Chen Xuan, who was standing behind Chen Nanfeng on the stage, looked at his father's back. He could barely suppress the excitement in his heart.

He was the closest to Chen Nanfeng and was also the one who knew the entire process the best.

The nascent Soul Stage was a level of cultivation that most cultivators did not even dare to dream of. To Chen Nanfeng, it was a level that he had dreamed of for many years, but it was still unattainable.

This time, he had actually passed it completely.

Chen Xuan was excited and proud at the same time. He was proud of his father. At the same time, he had put in a lot of effort this time around. Therefore, he was also proud of himself. It was an unattainable realm. This time, he had actually passed it completely.

Chen Xuan was excited and proud at the same time. He was proud of his father. At the same time, he had put in a lot of effort this time around. Therefore, he was also proud of himself..

Chapter 3682 - 3682: Giving an opportunity (1)

Chapter 3682: Giving an opportunity (1)

Lu You had actually been observing Shen Hu's expression all this while. Hence, after hearing Shen Hu's vague explanation, she was even more convinced of her own guess.

She smiled and said,"since teacher doesn't want to tell me, 1'11 ask RUO Fei myself." 1 don't think he would lie to me!"

Shen Hu could not help but jump in shock when he heard this and quickly said, Lu You, there's no need to ask Xia Qian about this ... Mr. Xia, don't make things difficult for me..."

Shen Hu was so anxious that he almost said "senior Xia."

Actually, Lu You already had some guesses in her heart. Especially after Shen Hu said that in a hurry, it made her feel that Shen Hu and Xia ruofei were hiding something from her.

And if Xia ruofei was really a golden core cultivator ...

Lu You subconsciously thought of the Golden core senior who had not appeared in the capital that day.

Back then, the incident itself was very strange. However, Lu You didn't think about it in any other way at the beginning. She just felt that it was possible that the seniors in the Golden core stage did things as they pleased.

After all, she rarely came into contact with high – Level Qi refining cultivators, let alone the legendary golden core cultivators. Naturally, she didn't know anything about cultivators of this level.

But now that she thought about it, that 'golden core senior' had never appeared from the beginning to the end, but he had given her a spirit crystal and a cultivation technique.

This was too abnormal.

And if Xia ruofei was a golden core cultivator ... Lu You felt that there was a reasonable explanation for many things that she did not understand in the past.

She didn't want to make things difficult for Shen Hu, so she didn't want to dwell on this topic anymore. However, her heart was in a great turmoil.

She did not pay any attention to Chen Nanfeng, who was shining brightly on the platform. Instead, she turned her head slightly and looked at the highest grandstand behind her. Xia ruofei was sitting there.

Lu You mumbled in her heart, ruofei, was it really you in the capital that day? Why did you hide it from me?

Lu You couldn't help but recall the scene after she left the Paradise clubhouse that night. Back then, she had been helpless and even despaired when she was faced with the absolute difference in strength in the car.

The Jindan stage senior who suddenly attacked had saved her from the fire and water.

She had imagined the appearance of that golden core senior countless times. If that golden core senior was really Xia ruofei, that would be perfect...

On the grandstand on the top floor, Xia ruofei also felt Lu You's gaze immediately. At his level of cultivation, even if someone were to secretly glance at him, he would be able to sense it immediately unless that person's cultivation was much higher than his.

Xia ruofei also lowered his head and looked at Lu You.

However, Lu You was like a frightened deer. She quickly turned her head and did not dare to meet Xia ruofei's eyes.

Xia ruofei didn't know whether to laugh or cry. Was his face so hateful?

On the high platform on the cliff, Chen Nanfeng said in a clear voice,""Thank you, fellow Daoists, for coming to witness Nanfeng's breakthrough. In today's world of cultivation, which is constantly deteriorating, breaking through to the nascent Soul Stage is of great significance not only to me and the first heaven society, but also to the entire world of

cultivation. I also hope that through this breakthrough, I can encourage all the fellow Daoists in the world of cultivation to not give up on themselves because of the deterioration of the environment. Only by self – improvement can one save themselves. As long as they work hard, they may possibly succeed!”

When everyone heard Chen Nanfeng’s words, they all applauded enthusiastically.

Although Chen Nanfeng’s words were a bit high – Key, it was in fact a great encouragement to everyone.

He had broken through to the Yuanying stage, which made the cultivators who attended the ceremony, especially the Golden core cultivators, see hope.

Although it would be very difficult and would consume a lot of resources, Chen Nanfeng’s success at least meant that this path had not been completely blocked.

Chen Nanfeng waited for everyone’s applause to die down a little before he continued,””Fellow Daoists, please don’t be in a hurry to leave. You’re welcome to stay in the first heaven sect for a few more days. We’ll be hosting a banquet tonight to invite all the fellow Daoists who came to attend the ceremony. Tomorrow morning, I’ll set up a Daoist Rite temple here and impart my knowledge to all the fellow Daoists who are participating for all reasons. I’ll share my comprehension of the heavenly Dao! In addition, after the Dao imparting session, the first heaven society will give everyone an opportunity. Of course, everyone will have an equal opportunity, but whether or not you can get this opportunity will depend on your own luck!”

Chapter 3684 - 3684: Seven Star Pavilion (1)

Chapter 3684: Seven Star Pavilion (1)

Chen Xuan’s words piqued Xia ruofei’s interest.

After they were seated, Chen Xuan gave Xia ruofei a toast to express his gratitude.

Then, he didn’t keep her in suspense and said directly,””Brother RUO Fei, it was my father’s idea for me to ask you to come here. He told me through voice transmission before he left. This matter is related to the opportunity that my father announced in public.”

“I’m all ears!”Xia ruofei said with a smile.

“To be honest, this opportunity isn’t really a secret within the heavenly sect. Basically, every disciple has a chance. It’s just that only a handful of people get to obtain a truly great opportunity. Brother RUO Fei, you might not know this, but the first heaven society once had a leaving aperture stage master, and our heritage is very long. Therefore, we also have many glorious inheritances. Although most of the inheritances were lost in the catastrophe hundreds of years ago, we managed to preserve a very important secret realm ... Or to be more precise, a magic treasure!”

Xia ruofei listened attentively and nodded.””So, this opportunity is related to this magic treasure?”

“Yes, I am!” Chen Xuan replied,”this treasure is called the seven stars Pavilion. It looks like a miniature Pavilion on the outside, and the Big Dipper is engraved on the plaque at the top.”

Chen Xuan raised his glass and gestured to Xia ruofei. Then, he took a sip and continued,””The purpose of the seven Star Pavilion’s initial design is no longer known, but for this generation of disciples of the heavenly sect, after reaching the fifth Qi layer, we will have a chance to enter the seven Star Pavilion. After breaking through to the Golden core stage, you’ll be given another chance to enter the seven Star Pavilion.”

“To be honest, this opportunity isn’t really a secret within the heavenly sect. Basically, every disciple has a chance. It’s just that only a handful of people get to obtain a truly great opportunity. Brother RUO Fei, you might not know this, but the first heaven society once had a leaving aperture stage master, and our heritage is very long. Therefore, we also have many glorious inheritances. Although most of the inheritances were lost in the catastrophe hundreds of years ago, we managed to preserve a very important secret realm ... Or to be more precise, a magic treasure!”

Xia ruofei listened attentively and nodded.””So, this opportunity is related to this magic treasure?”

“Yes, I am!” Chen Xuan replied,”this treasure is called the seven stars Pavilion. It looks like a miniature Pavilion on the outside, and the Big Dipper is engraved on the plaque at the top.”

Chen Xuan raised his glass and gestured to Xia ruofei. Then, he took a sip and continued,""The purpose of the seven Star Pavilion's initial design is no longer known, but for this generation of disciples of the heavenly sect, after reaching the fifth Qi layer, we will have a chance to enter the seven Star Pavilion. After breaking through to the Golden core stage, you'll be given another chance to enter the seven Star Pavilion."

Chen Xuan's words piqued Xia ruofei's interest.

After they were seated, Chen Xuan gave Xia ruofei a toast to express his gratitude.

Then, he didn't keep her in suspense and said directly,""Brother RUO Fei, it was my father's idea for me to ask you to come here. He told me through voice transmission before he left. This matter is related to the opportunity that my father announced in public."

"I'm all ears!"Xia ruofei said with a smile.

"To be honest, this opportunity isn't really a secret within the heavenly sect. Basically, every disciple has a chance. It's just that only a handful of people get to obtain a truly great opportunity. Brother RUO Fei, you might not know this, but the first heaven society once had a leaving aperture stage master, and our heritage is very long. Therefore, we also have many glorious inheritances. "Yes, 1 am!" Chen Xuan replied,"this treasure is called the seven stars Pavilion. It looks like a miniature Pavilion on the outside, and the Big Dipper is engraved on the plaque at the top.."

Chapter 3686: Dedicated teaching (1)

Xia ruofei nodded."That's true. After all, even sect leader Chen has yet to fully control the seven Star Pavilion. It's not easy to figure out the rules."

If Chen Nanfeng could make the seven Star Pavilion recognize him as its master, then he would naturally know all of the seven Star Pavilion's secrets. However, in this situation, the first heaven society could only make a guess based on their limited experience.

"That's why we're just guessing,"Chen Xuan replied with a smile. In fact, we've calculated the harvest of the Aurous core stage disciples who have entered the seven Star Pavilion over the years and found a more interesting thing. Most of the disciples who have cultivated a certain cultivation technique have better harvest. The proportion of them who can get high – grade flying swords or storage rings or magic treasures of this level accounts for more than 70%. As for the disciples who did not cultivate this technique, only about 20% of them would have good gains. Thus, we boldly speculated that the seven stars Pavilion might have already produced an Artifact Spirit, and the artifact Spirit has a particularly good impression of cultivators who have cultivated this cultivation technique, so it will give special treatment..."

Xia ruofei couldn't help but widen his eyes and smile."Why does this matter sound so mysterious?"

Chen Xuan laughed bitterly."lt's indeed a little illogical to say it out loud, but it's the truth. Including me, I've also cultivated that technique. The second time 1 entered the seven stars Pavilion, I obtained the autumn water flying sword. This flying sword is my main magical treasure that I've been using until now!" Xia ruofei nodded and asked,""Brother Chen's harvest should be considered good among all the Golden core cultivators who have entered the seven Star Pavilion, right?"

"Indeed," Chen Xuan nodded with a smile. So, I've experienced it myself, so I have to believe it!"

Xia ruofei laughed and said,"that makes sense!" What you hear is false, but what you see is true. Not to mention, you've actually put it into practice!" "Brother ruofei, the reason I called you here is to pass this technique to you. This technique is actually a basic technique for Qi condensation disciples. It's not that difficult. Brother ruofei should be able to complete the initiation in a day!" Chen Xuan said seriously.

Xia ruofei was stunned and quickly said,""Brother Chen, the Dao can not be passed on easily. I'm not a disciple of the first heaven society, so how can I cultivate the first heaven society's techniques? This is against the rules!" "Brother ruofei, you're overthinking it!" Chen Xuan chuckled. This cultivation technique was called the "black origin Scripture". It was only an entry – Level cultivation technique and not some precious secret technique that was not taught to others. In fact, we have a few of these foundation techniques in the sect. After reaching Level 1, the disciples of the first heaven sect can freely choose one. The black origin Scripture isn't the most effective technique, so many of the disciples of the first heaven sect didn't choose it in the past. It's also because of this that we concluded that there's a rule. Back then, I tried to cultivate it because I wanted to study cultivation techniques and learn from others. Of course, this cultivation technique has now been listed as a compulsory cultivation technique for all disciples. After all, in the current cultivation world, the Golden core stage is already considered a master. We also

hope that the Golden core cultivators in the sect can have a good harvest in the seven Star Pavilion!”

Xia ruofei said,”even if it’s just a basic cultivation technique, it’s not appropriate for brother Chen to teach it to an outsider like me. Brother Chen, your father is already taking special care of me by giving me the opportunity to enter that special area. This ‘black origin Sutra’... I think we should forget it!” “But that’s exactly what my father told me to do!” Chen Xuan laughed. He even specially instructed me to let you finish learning this cultivation technique before entering the seven Star Pavilion. Don’t waste this rare opportunity!” “But...”

Before Xia ruofei could finish, Chen Xuan waved his hand and said,””Brother RUO Fei, please give me a chance to repay you! Compared to the kindness you’ve shown to the heavenly sect, what’s a mere basic cultivation technique? We can’t use the treasures in the seven Star Pavilion. Since brother RUO Fei wants to enter that special area, you must naturally obtain the best treasures! Could it be that brother RUO Fei doesn’t want to learn it just so we can always owe you a big favor?”

Since Chen Xuan had already said this, Xia ruofei could not reject him even if he wanted to.

“If that’s the case, then ... Then thank you, brother Chen and sect leader Chen!” He said with a bitter smile.

“This is right!” Chen Xuan said happily,”come, come, come! Let’s drink first! After dinner, I’ll teach you the cultivation technique immediately. My father is preparing to teach the sect for one day tomorrow and let everyone enter the seven Star Pavilion the day after tomorrow. You must at least complete the introduction of the cultivation technique before the day after tomorrow! 1 think, with brother ruofei’s talent, it definitely won’t be a problem!” “Alright! I’ll toast to brother Chen!” Xia ruofei said as he raised his glass.

The two of them clinked their glasses and downed their drinks in one go. “Come! Let’s eat!” Chen Xuan chuckled.”Have a taste of my chef’s cooking!”

After the meal, Chen Xuan ordered his disciples to dismiss the banquet and everyone else. He then took out a thin booklet from his storage ring.

He smiled as he passed the booklet to Xia ruofei and said,””This is the” mysterious origin Scripture. “Brother RUO Fei, you can first memorize the contents, and then I will explain it to you in detail! This is a handwritten copy. Brother RUO Fei can keep it for yourself to study slowly in the future! This time, you only need to cultivate it to the entry level.”

“Alright!” Xia ruofei nodded and took the booklet..

Chapter 3687: Dedicated teaching (2)

Xia ruofei opened the mystic origin Scripture and read through it.

He found that this was indeed a very simple and elementary cultivation technique. In all fairness, this cultivation technique was much inferior to the many basic cultivation techniques he had obtained from the Jade talisman of inheritance.

This was normal. The inheritance of the cultivation world had been seriously damaged more than three hundred years ago. Now, most of the cultivation methods left by the cultivation sects were not satisfactory. The heavenly sect was considered to have a deep foundation, but some sects couldn't even take out such ancient books and techniques.

Many things about cultivation were similar. Xia ruofei had received many cultivation techniques and inherited the cultivation experience of his seniors. Hence, he was much more knowledgeable than most cultivators of the same level.

Therefore, he could basically understand such a simple cultivation technique after reading it once.

However, Xia ruofei could not understand why cultivators who had cultivated this technique would be favored by the weapon spirit of the seven Star Pavilion. If the seven Star Pavilion really had a weapon spirit...

Could it be that this Artifact Spirit's vision was so low?

Or was there something special about this cultivation technique that even he himself had not discovered?

Xia ruofei read the manual from the beginning to the end with doubts.

He didn't find anything special.

Of course, if there was really something special about this technique, then all of the heavenly sect's disciples, especially a golden core expert like Chen Xuan who had cultivated this technique personally, would have been able to tell long ago.

After reading it twice, Xia ruofei had already memorized all the contents of the black origin Sutra.

He closed the manuscript of the mysterious origin Scripture and said with a smile,""Brother Chen, I've finished reading it! I'll return this manuscript to you! I've already memorized the contents."

For a golden core cultivator like Xia ruofei, his memory was extraordinary. Chen Xuan was no different. Hence, he was not surprised. He smiled and nodded. Then, he took the handwritten copy and kept it in his storage ring. "Brother ruofei," Chen Xuan continued,"let me share with you some of my experiences while cultivating this technique!"

"Then I'll have to trouble brother Chen!" Xia ruofei said with a smile.

Since Xia ruofei had already learned the techniques of the first heaven society, it was no big deal for Chen Xuan to teach him a little more.

Chen Xuan immediately explained everything he knew, including the notes left behind by the disciples of the first heaven society who had cultivated the mystic essence Scripture. He explained everything to Xia ruofei.

Xia ruofei nodded."That's true. After all, even sect leader Chen has yet to fully control the seven Star Pavilion. It's not easy to figure out the rules."

If Chen Nanfeng could make the seven Star Pavilion recognize him as its master, then he would naturally know all of the seven Star Pavilion's secrets. However, in this situation, the first heaven society could only make a guess based on their limited experience.

Chapter 3688 - 3688: The girl’s thoughts (1)

Chapter 3688: The girl's thoughts (1)

Lu You took a sip of tea and said,""It's nothing much, I'm just too bored staying at my residence, so I'm definitely going to listen to sect leader Chen's lecture. And didn't sect leader Chen say that he would give everyone an opportunity? So, I'm sure I won't be back so soon ... I don't know anyone here, and 1 think you're the only one I'm familiar with ..."

Xia ruofei laughed and said,"you're always welcome here!" Moreover, this time sect leader Chen has given everyone a good opportunity. It's definitely worth it for you to wait a few more days!"

"You're right." Lu You smiled and said,"in that case, you know what the opportunity sect leader Chen gave everyone is?"

"I know a little!" Xia ruofei smiled and said,"but we'll wait for sect leader Chen to announce this! It wouldn't be good if I spoiled it in advance."

"MMH! 1 won't ask about it, I'll know in two days anyway." Lu You smiled and said,"it seems like teacher was right. You and sect leader Chen are really close!"

Xia ruofei smiled and nodded.""We're considered friends who hit it off quite well, and our characters and tempers are quite compatible."

"Their cultivation levels are about the same, right?" Lu You looked at Xia ruofei with a half – Smile and said,"Xia 'senior'! I didn't say anything wrong, right?"

Xia ruofei was stunned for a moment and muttered in his heart,"Did Shen Hu tell Lu You? Isn't this guy a little too unreliable?

However, he couldn't rule out the possibility that Lu You was trying to trick him. Hence, even though he was a little flustered, he maintained a calm expression on his face. He smiled and said in a relaxed manner,""How come 1 don't understand what you're saying? What's this 'senior Xia'? We've always been friends of the same generation! Besides, how can my cultivation compare to brother Chen Xuan's?"

Lu You pouted and said,"still not admitting it?" What sect leader Chen said on the high platform today was already very obvious ..."

"What did he say today?" Xia ruofei was confused.

He thought to himself, so I wronged Shen Hu just now? It can't be? Sect leader Chen didn't say anything today! How could Lu You be so sure that my cultivation level is similar to Chen Xuan's?

“I won’t repeat the details,” Lu You said.”But the meaning between the lines is very clear. RUO Fei, you’ve already become a golden core cultivator, right?”

“I don’t know how you came to such a conclusion ...” Xia ruofei smiled bitterly and shrugged.

Lu You had an indifferent expression and said,””You’re such a boring person. It’s fine if you don’t want to admit it, I’m just asking...”

“No...” Xia ruofei smiled bitterly.”What do you mean by acknowledging it or not? I...”

“Ruofei, I’m just asking.” Lu You smiled and said,”l won’t force you to say it even if you don’t want to. But...”

At this point, Lu You said meaningfully,””! don’t think any Jindan cultivator should be a nobody in the cultivation world. The cultivators present today may not have seen you, but they must have heard of your name. How about... I go out and ask a few people if they have heard of you?”

“Don’t, don’t, don’t...” Xia ruofei waved his hand and smiled bitterly.”There’s no need for that. Since you want to know, I’ll tell you. I’ve indeed broken through to the Golden core stage. But... You’ve never asked me before!”

When Xia ruofei heard Lu You’s words, he knew that he could no longer hide his cultivation. If Lu You really did as she said and asked the cultivators who attended the ceremony today, there was a high chance that he would get the answer directly.

Therefore, he might as well be a Bachelor and admit it.

When Lu You heard Xia ruofei’s words, there was a huge wave in her heart.

Xia ruofei was really in the Golden core stage!

That... That golden core stage senior who did not show up that night was most likely Xia ruofei.

Lu You was unknown in the cultivation world. She knew that her talent was actually above average. How could there be such a coincidence that a golden core cultivator happened to pass by and thought highly of her? not only did he help her out of her predicament, but he also gave her precious array techniques and spirit crystals.

If that golden core senior was Xia ruofei, then everything could be explained.

Hearing Xia ruofei’s words, Lu You couldn’t help but roll her eyes at Xia ruofei and said,””Before I saw you yesterday, I didn’t even know that you’ve also embarked on the path of cultivation. How could I ask you this?”

“That’s true!” Xia ruofei scratched his head in embarrassment.

In fact, it was not a top secret that his cultivation had reached the Golden core stage. Even if Lu You knew about it, it would not be a big deal.

However, Xia ruofei really did not want Lu You to know that he was the ‘golden core stage senior’ who had helped her out the other day.

Fortunately, Lu You did not seem to associate Xia ruofei with the ‘golden core’ senior. She did not dwell on this topic either. After talking about Xia ruofei’s cultivation, she started to chat casually.

Xia ruofei also heaved a sigh of relief.

After the two of them drank tea for a while, Lu You stood up and said with a smile,””I should go back now. Otherwise, I won’t be able to bear the blame if teacher blames me...”

Xia ruofei also stood up and laughed.”Alright! Then I’ll send you off!”

The two of them stood up from the stone table and stone bench, and walked out of the courtyard side by side.

“Lu You, I’ll send you off here.” Xia ruofei said,”we were running around on the way back. This is someone else’s territory. It’s easy to break the rules if we’re not careful..”

Chapter 3689 - 3689: A girl’s thoughts (2)

Chapter 3689: A girl’s thoughts (2)

“I know.” Lu You smiled and said.

Then, she waved at Xia ruofei and said with a smile,""Then I'll go back! I'll see you tomorrow!"

"See you tomorrow!" Xia ruofei said with a smile.

Lu You looked at Xia ruofei and suddenly said,""Ruofei, thank you ..."

"What's there to thank me for? there's no beginning or end to it..." Xia ruofei said with a bitter smile.

"You and I both know this, so there's no need to go into detail." Lu You waved her hand and said,"I'm leaving. Goodbye!"

After saying that, Lu You turned around and left.

Xia ruofei stood at the door, dumbfounded. He watched as Lu You's back gradually disappeared.

What did she know? He really couldn't read a girl's mind!

Xia ruofei decided to find a chance to ask Shen Hu what this guy had told Lu You.

On the way back, Lu You had a smile on her face.

Although Xia ruofei did not say anything, her answer was clear from his expression when they bade each other farewell at the door.

Lu You was in a very good mood.

After she was certain that the 'golden core senior' was Xia ruofei, she felt excited.

There was also a faint sense of happiness.

At the same time, she felt a sense of relief. From that day on, she had always felt a sense of pressure in her heart, because she didn't know why the senior had helped her, and she didn't know when the senior would suddenly appear. At the same time, she was also worried that she wouldn't be able to meet the senior's expectations.

If that person was Xia ruofei, there would be no problem.

Lu You had a smile on her face along the way, and all sorts of thoughts kept appearing in her mind.

She stepped into the courtyard where she lived and did not realize that Shen Hu was standing in the courtyard.

“Lu You, what have you been doing?” Shen Hu asked.

Lu You was shocked. She held her heart and said,””Teacher, why didn’t you say anything? you scared me to death ...”

Shen Hu didn’t know whether to laugh or cry,”such a big person is standing in the courtyard and you can’t see him?” You can’t blame me for scaring you ...” “No, no...” Lu You quickly said,”I was thinking about something just now! By the way, teacher, what did you say just now?”

“I’m asking you where you went,” Shen Hu said.

Lu You’s eyes flickered and she said,””I... I’m just going out for a walk!”

“You went to find ... Mr. Xia, right?” Shen Hu stared at Lu You and asked.

Lu You smiled awkwardly and said,””I just happened to walk by his place, so I went in and chatted with him. We’re old friends!”

“Didn’t 1 tell you not to find him?”Shen Hu said anxiously. Why are you so disobedient? What did you and Mr. Xia talk about?”

“Nothing much! He told me about the past.” Lu You said.

Shen Hu knew that Lu You was not telling the truth, but he could not do anything about it.

This girl had Xia ruofei as her backer. Even he, the sect master of the water element sect, could not scold or beat Lu You. He even wanted to worship Lu You for the sake of that technique.

Therefore, if Lu You did not want to tell the truth, Shen Hu would not force her.

Shen Hu could only say,”the first heaven society’s rules are very strict, so don’t go outside if you don’t have anything important to do.” The spiritual energy here is rich, so you should cultivate more when you have the time!”

“I know, teacher!” Lu You replied obediently.

Shen Hu sighed inwardly and waved his hand,”You can go!”

“Mm! Teacher, I’ll go back to my room to cultivate first!” Lu You said.

Shen Hu looked at Lu You’s back and couldn’t help but feel a little worried. Should he go and find senior Xia to explain? However, he didn’t know what Lu You and Xia ruofei were talking about. How could he start explaining?

On the other hand, Shen Hu was thinking about whether he should explain to Xia ruofei. Xia ruofei also wanted to ask Shen Hu what was going on.

Lu You was only a beginner Qi refinement cultivator. This made Xia ruofei and Shen Hu, a cultivator in the intermediate golden core stage and a cultivator in the ninth Qi refinement stage, a little worried.

In the end, Xia ruofei decided not to look for Shen Hu for the time being. Anyway, he did not want Lu You to have too much psychological burden. That was why he concealed his identity and went to help Lu You.

If Lu You really knew about it, it would be fine.

Hence, after Lu You left, Xia ruofei continued to cultivate the mystic origin Scripture. He spent the entire night and finally completed the sixth level of the “black origin Scripture”.

For an Aurous core stage cultivator to practice such a beginner level Foundation cultivation technique, the difficulty was indeed very, very low. There was also no bottleneck at all.

The next morning, Zeng Qing personally brought the handyman disciples to deliver breakfast to Xia ruofei.

While Xia ruofei was eating, Zeng Qing was waiting at the entrance of the restaurant.

Seeing that Xia ruofei had finished his breakfast, Zeng Qing quickly asked the service disciples to clean up the dishes.

He walked in front of Xia ruofei and said respectfully,””Senior Xia! Today, the sect leader will be giving a lecture to all the cultivators at the back mountain’s observation platform. It’s almost time, you see ...”

“Then let’s go over too!” Xia ruofei said with a smile.

“Yes! This way please, senior Xia!” Zeng Qing quickly said.

Xia ruofei, accompanied by Zeng Qing, came to the grandstand at the back of the mountain.

Today was the day Chen Nanfeng, the only nascent Soul Stage cultivator in the cultivation world, gave a public lecture. Therefore, everyone’s enthusiasm was much higher than that day.

After all, observing a breakthrough could not bring about any substantial improvement. At most, it would increase one’s knowledge. Only a few Aurous core stage cultivators would gain more gains and insights.

And Chen Nanfeng's personal lecture was a good opportunity that could only be encountered by luck.

Whether they were at the Qi refinement stage or the Golden core stage, perhaps Chen Nanfeng's words could give them inspiration and greatly improve their cultivation.

Hence, when Xia ruofei arrived at the back of the mountain, the grandstand was almost full.

Even powerful golden core cultivators like Mu Sheng and Liu Mansha had arrived here in advance.

Xia ruofei had been in the limelight yesterday, so his arrival naturally attracted a lot of attention. Many cultivators were whispering in the distance.

Mu Jianfei, Yu xiner, and the others who were close to Xia ruofei also greeted him.

Xia ruofei had a warm smile on his face the entire time. He nodded to the cultivators who greeted him as he walked up to the grandstand. Hence, after Lu You left, Xia ruofei continued to cultivate the mystic origin Scripture. He spent the entire night and finally completed the sixth level of the "black origin Scripture".

Chapter 3690: Luxurious line – up (1)

Xia ruofei had received a large amount of information from the cultivation manuals. He had no problem seeing things clearly.

He knew that when cultivators reached the Yuanying stage, they could fly in the air.

In other words, nascent Soul Stage cultivators could fly freely without the use of flying swords and could only rely on their physical bodies.

However, ordinary cultivators who had just broken through to the Yuanying stage would definitely not be able to master this skill.

Chen Nanfeng had just broken through to the early stage of the nascent soul realm the day before, and today, he appeared in front of everyone as if he was flying in the air. To cultivators with a certain level of cultivation knowledge, this was indeed a great shock.

Even Xia ruofei couldn't help but sigh at how well – prepared Chen Nanfeng was! After decades of accumulation in the late – Stage of the Jindan stage, his breakthrough was as dazzling as a Dragon in the wind and clouds.

Of course, Xia ruofei was not afraid.

Because he was very clear that while nascent soul cultivators could fly, their actual speed was not as fast as golden core cultivators who could fly on swords.

Of course, the difference between a late Yuanying stage cultivator and an early Yuanying stage cultivator who had just broken through was naturally different.

The speed and agility of a late Yuanying stage cultivator were far superior to that of a golden core cultivator.

In Chen Nanfeng's current situation, it was already good enough for him to be able to fly in the air. In terms of speed, he definitely wouldn't be faster than sword Kinesis flight.

Therefore, to Xia ruofei, if things really got out of hand, Chen Nanfeng's addition of the skill, Wind Rider, would not affect his escape.

Of course, everything could not be viewed simply.

Chen Nanfeng was able to consolidate his cultivation and master the technique of flying in the air in just one day. This showed that he had accumulated a lot of experience and was very talented. Therefore, he must have made obvious progress in other aspects.

What was certain was that Chen Nanfeng's current strength had increased by a large margin compared to the late – Stage golden core realm, and it was a qualitative leap.

On the high platform, Chen Nanfeng slowly landed in a very elegant posture.

He had a gentle smile on his face, but his body was actually shaking slightly. It was not obvious, and no one dared to look at him for a long time, so no one noticed it.

Chen Nanfeng laughed bitterly in his heart. Lao Al's consumption of energy while flying was much greater than he had imagined.

He had just mastered the technique of flying in the air last night, so he had naturally designed such an appearance today. The purpose was also quite obvious, which was to once again show his strength.

This was the time when the first heaven society was at its peak. Chen Nanfeng naturally wanted to strike while the iron was hot and further expand the influence of the sect.

However, he had just flown down from the top of the mountain. Even though he had adjusted his condition in advance, the primordial liquid in his dantian was still being consumed at a rate that far exceeded his expectations. If the distance had been any longer, he would have had to summon his flying sword.

In that case, he wouldn't be showing off his might, but making a fool of himself.

Chen Nanfeng couldn't help but feel lucky.

Of course, his expression did not change. He just stood on the high platform, facing the wind, with the air of an expert.

The cultivators on the grandstand hurriedly saluted Chen Nanfeng.

Chen Nanfeng smiled and nodded at everyone, then sat down cross – legged on the futon. After thinking for a while, he said,""The cultivation path focuses on the essence, Qi, and spirit. If the essence and Qi are not born, the Dao will not exist..."

The cultivators on the grandstand immediately focused their attention to listen. A nascent Soul Stage cultivator personally lecturing on his understanding of Dao was a once in a lifetime opportunity, so everyone naturally cherished it.

Even Xia ruofei was listening to Chen Nanfeng's lecture seriously.

He realized that Chen Nanfeng's point of view was very interesting, and it was quite similar to the path he was taking.

Chen Nanfeng paid special attention to the cultivation of spiritual power and believed that it was the foundation.

In fact, Xia ruofei had always had this thought. His spiritual power had always been higher than his physical cultivation, especially after his trip to the mystic Luna realm. His

spiritual power had reached the mid – Stage of spiritualization, possibly even higher than Chen Nanfeng's.

The benefits of this were obvious. It was effective in increasing the efficiency of cultivation. Besides, be it formations, alchemy, or Qi cultivation, they all tested the strength of one's spiritual power. It was because of Xia ruofei's strong spiritual power that he had such deep attainments in various fields.

Hence, when Xia ruofei heard Chen Nanfeng's opening words, he was immediately interested.

Chen Nanfeng sat on the high platform and explained in a calm tone.

The Dao lectures naturally went from shallow to deep. Some Qi condensation cultivators could still understand a few words at the beginning, but as time passed, many people began to understand it as if they were listening to a heavenly book.

There was nothing he could do about it. Even if Chen Nanfeng explained it in simple terms, the difference in cultivation level was obvious! Just like how we, who live in a three – dimensional space, will never be able to understand the rules of a multi – dimensional space.

There were also a few talented Qi condensation cultivators who were enraptured by his words. Occasionally, after a few sentences that resonated with them, they even revealed excited expressions.

As for Xia ruofei, Mu Sheng, Liu Mansha and the other golden core cultivators, they already had their own understanding of Dao. After listening to Chen Nanfeng's explanation, they felt that they had gained a lot.

As Chen Nanfeng's explanation went deeper, most of the Qi refinement realm cultivators could no longer understand. Gradually, even Mu Sheng and Liu Mansha revealed a trace of confusion..

Chapter 3691 - 3691: Luxurious line - up (2)

Chapter 3691: Luxurious line – up (2)

They clearly felt that it was difficult for them to understand the content of Chen Nanfeng's lecture.

These golden core cultivators couldn't help but be secretly shocked. It seemed that Chen Nanfeng had really left them far behind.

Chen Nanfeng's understanding of Dao was naturally formed over the years. It would not change in quality just because he had broken through to the nascent Soul Stage.

Therefore, even before his breakthrough, Chen Nanfeng's understanding of Dao had clearly surpassed these golden core cultivators by a large margin.

Xia ruofei was still immersed in Chen Nanfeng's explanation and was constantly comparing it with his own understanding. He listened with great interest.

Chen Nanfeng had a panoramic view of everything on the grandstand, so he was actually observing everyone's situation when he gave his lecture.

Xia ruofei's eyebrows were dancing with joy, and he was deep in thought. Chen Nanfeng also saw this scene.

He couldn't help but sigh inwardly,"fellow Daoist Xia is indeed astonishingly talented. The content is already very in – depth, but he can still understand it. Moreover, it seems that he has gained a lot from it!"

Chen Nanfeng then thought of the fact that even he could not see through Xia ruofei's cultivation. It was clear that Xia ruofei's spiritual power was much higher than his actual cultivation. This made Xia ruofei even more mysterious in Chen Nanfeng's mind.

Of course, Chen Nanfeng was also multitasking right now. He didn't stop explaining.

On the grandstand, as Xia ruofei listened, he seemed to have understood something. He could not help but sit cross – legged on his seat, take out a crystal, and start to cultivate the "great Dao Sutra".

He usually used purple origin crystals when he cultivated, but today, he was in public. He had to keep a top – tier cultivation resource like purple origin crystals a secret. Otherwise, even the first heaven sect might covet it.

Chen Nanfeng had also noticed Xia ruofei's actions. Although he did not show any change in expression, he was actually quite shocked.

It was obvious that Xia ruofei had gained a lot and resonated with them. That was why he started to cultivate in public. His purpose was naturally to grab hold of that fleeting inspiration.

Even Chen Nanfeng could not help but envy Xia ruofei's talent.

He didn't stop his lecture. Instead, he explained his understanding of the heavenly Dao in a very calm tone. He didn't care if the cultivators on the grandstand could understand him. His attention was mainly focused on Xia ruofei.

Unknowingly, Chen Nanfeng's lecture had ended.

At this moment, everyone suddenly realized that the sky had already darkened.

An entire day had passed without him realizing it.

Even though some cultivators had long since lost the ability to understand Chen Nanfeng's words, his voice seemed to have a magical power. His tone and tone seemed ordinary and gentle, but when combined together, it made people involuntarily listen.

Even until the end of the lecture, everyone still had a feeling of wanting more.

At this time, Chen Nanfeng said,"fellow Daoists, please remain silent. Don't disturb nephew Xia's cultivation." Fellow Daoist mu, fellow Daoist Liu, I'll have to trouble the two of you to protect nephew Xia."

At this moment, everyone realized that Xia ruofei was sitting upright on the high grandstand. He was cultivating wholeheartedly and holding an extremely precious origin crystal in his hand.

Naturally, Mu Sheng and Liu Mansha were not too affected by Chen Nanfeng's voice, so they had already noticed that Xia ruofei was cultivating. Their hearts were filled with envy.

Without a doubt, Xia ruofei had gained the most from today's lecture.

The two of them didn't dare to hesitate and quickly nodded.""Alright!"

The two golden core cultivators stood guard on both sides of Xia ruofei. The other cultivators on the grandstand naturally did not dare to act rashly. They did not even dare to breathe loudly, afraid that they would disturb Xia ruofei's cultivation.

Naturally, the crowd could not leave immediately. Everyone turned back to look at Xia ruofei, who was cultivating on the highest grandstand.

Xia ruofei had entered a state of complete oblivion. He did not know that his spontaneous cultivation was being watched by all the cultivators.

On the grandstand below, Lu You looked at Xia ruofei, who was sitting cross – legged and cultivating with his eyes closed. He felt that Xia ruofei was really radiant at this moment, even more dazzling than Chen Nanfeng, who was on the high platform on the cliff.

Chen Nanfeng smiled and said,"I still have to continue consolidating my cultivation. 1'11 take my leave." Tomorrow morning, fellow Daoists, please come to the Empyrean one Pavilion. I'll give you an opportunity, and as for how much you can gain, it will depend on your luck!"

With that, Chen Nanfeng flicked his wide sleeves and jumped up. He flew up to the cliff and disappeared from everyone's sight.

Chen Xuan, on the other hand, did not leave. Instead, he summoned his flying sword and landed on the highest grandstand.

Under everyone's watchful eyes, Chen Xuan walked behind Xia ruofei and sat down cross – legged.

Everyone was dumbfounded. It was obvious that Chen Xuan was protecting Xia ruofei.

Xia ruofei had only gained some enlightenment after listening to the Dao lecture! So he started to cultivate at the last minute! However, he had three golden core cultivators protecting him at the same time. Two of them were leaders of first – Class sects, and the other one was the young leader of the first heaven society! This lineup was not even comparable to a golden core breaking through! Nascent soul! Without a doubt, Xia ruofei had gained the most from today's lecture.

Chapter 3692 - 3692: RUO Fei’s banquet (1)

Chapter 3692: RUO Fei’s banquet (1)

“That’s good!” Xia ruofei said with a smile.

Then, he cast a questioning gaze at Liu Mansha. In his impression, Liu Mansha was a relatively cold senior. She had never spoken to cultivators from other sects, especially male cultivators.

Liu Mansha’s attitude towards Xia ruofei was pretty good. However, Xia ruofei felt that Liu Mansha would probably reject drinking, so he did not expect her to agree to go with him.

Unexpectedly, Liu Mansha did not hesitate and said with a smile,””How could 1 miss such a good opportunity to taste fellow Daoist Xia’s cooking? Fellow Daoist Xia, I would like to bring my disciple Xin ‘er with me, would that be too much of a disturbance?”

Xia ruofei looked at Yu Xin ‘er, who had her head slightly lowered, and chuckled. “You’re too kind, Valley master Liu. Miss Xin ‘er, brother Chen, and I are teammates who have gone through thick and thin together. I’d be more than happy to welcome you if you were to bring her along!”

Mu Sheng laughed and said,”in that case, I’ll bring my son along. He’s also your teammate!”

“No problem!” Xia ruofei said readily.

Chen Xuan pondered for a moment before he leaned over to Xia ruofei and whispered something into his ear.

Xia ruofei was slightly stunned, but he quickly nodded and said,””Alright! It’s more lively with more people!”

Chen Xuan nodded his head and smiled,””Alright!”

Following that, Chen Xuan cast his gaze down to the lower level of the grandstand and found Shen Hu’s figure.

“Sect Master Shen, please bring your disciples and accompany me to tonight’s banquet!” Chen Xuan said loudly. Maybe if brother Fei gives you a few pointers, you’ll be able to break through to the Golden core stage!”

Shen Hu could not help but be surprised and happy when he heard this. He quickly nodded and said,”Yes! Thank you for your guidance, young sect leader! Thank you for your guidance, young sect leader!”

The cultivators beside Shen Hu couldn’t help but look at him with envy and jealousy.

Originally, Shen Hu’s sect was isolated in the ocean and his cultivation was not at the Golden core stage. Among the many cultivators who came to watch the ceremony, he was considered ordinary.

However, Chen Xuan’s unexpected invitation had instantly turned him into a lucky man in the eyes of the Qi condensation cultivators.

Many people were also secretly thinking that this unremarkable sect leader of the water element sect seemed to be very close to young master Chen of the first heaven sect! If there was a chance in the future, he would definitely make friends with them.

They were not on the same level as Xia ruofei and Chen Xuan, but Shen Hu was only a Qi layer cultivator. Even though he was the sect leader, his status was not much different from the Qi layer cultivators who attended the ceremony. There was still a chance to get to know him.

Only Shen Hu himself knew that the only reason he was personally chosen by Chen Xuan to accompany him was because of this female disciple with a low cultivation.

At this moment, Xia ruofei looked around and smiled gently. He raised his voice and said,””When 1 was listening to sect leader Chen’s lecture just now, 1 had a sudden feeling and involuntarily entered a state of cultivation. I’ve wasted everyone’s time, so I’d like to apologize to everyone.”

“Fellow Daoist Xia, you’re being too serious.”

“I don’t dare! I don’t dare!”

“It is our honor to witness fellow Daoist Xia’s extraordinary talent!”

“This matter will definitely become a good story in the future!”

The cultivators on the grandstand said one after another, their words revealing a trace of awe.

Xia ruofei smiled and nodded to thank everyone. Then, he made an inviting gesture and walked down the grandstand with Mu Sheng, Chen Xuan, Liu Mansha, and the others.

Shen Hu hurriedly followed along with Lu You.

The cultivators on the grandstand sat on the spot until Xia ruofei and the rest disappeared around the corner of the mountain road. Then, they got up and left.

On the way back, the cultivators were also discussing in low voices with their acquaintances.

Xia ruofei brought everyone back to his courtyard and smiled.""Seniors, fellow Daoists, please take a rest in the living room. I'll go and prepare the ingredients now!"

"Brother RUO Fei, do you want me to get a disciple to send it over?" Chen Xuan asked.

Xia ruofei waved his hand."No need, no need. I've prepared the ingredients. Everyone, just wait for the meal!"

Liu Mansha looked at Yu xiner without saying anything.

Yu Xin 'er immediately understood, but she hesitated for a moment before saying shyly,""Fellow Daoist Xia, I'll go help you!"

Lu You also reacted immediately. She stood up and said,""RUO Fei, I'll go help too!"

The way Lu You addressed Xia ruofei made Mu Sheng, Liu Mansha, and the rest look at Lu You deeply. They had all sorts of guesses in their hearts.

"Sect leader mu, Valley master Liu, 1 forgot to introduce you. This is Lu You, a disciple of the water element sect. She and brother ruofei were good friends in the mortal world before they embarked on the path of cultivation." Chen Xuan chuckled.

Mu Sheng and the others suddenly came to a realization.

Liu Mansha smiled."A friend from the secular world. Both of you have embarked on the path of cultivation. It seems that fellow Daoist Xia and miss Lu are really fated!" She said.

When Lu You heard Liu Mansha's words, she couldn't help but feel a hint of sweetness in her heart.

Since Chen Xuan had said so, Xia ruofei had nothing to hide. He smiled and said,""Seniors, please take care of Lu You in the future! She hasn't been cultivating for long, so whether she can break through to Jindan in the future will still depend on the guidance of the seniors!"

“Little brother Xia, you’re being too serious. With your care, miss Lu’s future will naturally be limitless. She won’t need our help!” Mu Sheng said with a smile..

Chapter 3693 - 3693: RUO Fei’s banquet (2)

Chapter 3693: RUO Fei’s banquet (2)

“Sect leader mu, you must be joking. Where do I get the strength to take care of her?” Xia ruofei smiled and said,”alright, it’s late. I’ll go to the kitchen first!” Please feel free to take a seat. Brother Chen, I’ll have to trouble you to take care of senior mu and the others!”

“No problem! I’ll make some tea!” Chen Xuan chuckled.

Xia ruofei then said to Lu You and Yu xiner,””The two of you should also accompany the two seniors, brother Chen, and brother Jian Fei for a chat! I’ll be fine by myself, I don’t need your help.”

He wasn’t sure about Yu Xin ‘er’s cooking skills, but he knew Lu You’s cooking skills.

If she went to the kitchen to help, she would only be able to help more and more.

Furthermore, he had to take out ingredients from the spirit map space to prepare dinner. If he took out all the lively fish, lobsters, and abalones, wouldn’t yu Xin ‘er and Lu You be shocked?

After all, ordinary Storage Treasures could not store living things. If Xia ruofei could take out so many living things, he must have a more advanced method.

The secret of the spirit map space might be leaked.

Hence, Xia ruofei naturally did not need any help.

“Xiner, since fellow Daoist Xia has said so, then you should stay here!” Liu Mansha said with a smile.

“Yes! Master!” Yu Xin ‘er replied respectfully, but she felt a little disappointed.

These courtyards were all equipped with kitchens. Although they did not have modern kitchen appliances, they still had all the kitchenware needed for cooking.

Xia ruofei had casually set up a shielding talisman to prevent Chen Xuan and Mu Sheng from spying on him while he was cooking. This was just a normal precaution.

Then, Xia ruofei took out a large amount of ingredients from the spirit map space.

Even the blue lobsters in the space ocean had multiplied by quite a bit. Xia ruofei had specially picked a big one and extracted it.

There were also abalones, tuna, and large crabs ...

Xia ruofei even took out a few sea urchins and prepared to make sea urchin egg stew.

Mu Sheng and the others naturally did not probe Xia ruofei’s cultivation level as it was taboo. Hence, they just skipped the topic.

In comparison, they were more interested in the opportunity that Chen Nanfeng had said was a gift for everyone.

Therefore, Mu Sheng, who had the most forthright character, couldn’t help but ask,””Nephew Chen, what is the opportunity that brother Nanfeng was talking about? There are no outsiders here, so just tell us in advance!”

“Sect leader mu, you should be able to guess it!” Chen Xuan chuckled. The first heaven society can be said to be poor now, and this is the only gift we can give as a token of thanks ...”

Mu Sheng’s eyes lit up and he asked tentatively,””Is it really that treasure? Brother Nanfeng is actually willing to take it out for everyone to use?”

Mu Sheng and Chen Nanfeng had a good personal relationship, so he knew about the seven Star Pavilion and even had some understanding of its functions.

However, a treasure like the seven Star Pavilion was too precious. Even if 30% of the cultivators could improve their talent, it was still quite an amazing thing. Therefore, although he had some speculations, he did not dare to think in this direction.

Hearing this, Chen Xuan nodded his head and replied,””Lord father is sincerely thanking everyone this time. Naturally, he has to bring out the best things!”

Liu Mansha couldn't help but say,""I say... Since we've already said this much, stop playing riddles and tell us!"

The other younger members of the family, including Shen Hu and Lu You, could not help but prick up their ears.

In truth, these Qi condensation cultivators were the ones who were most concerned about this opportunity.

In comparison, Aurous core stage cultivators didn't have much hope. After all, at their level of cultivation, they would need to pay a lot of resources to improve even further.

Lu You had heard about it from Xia ruofei yesterday. Even Xia ruofei felt that it was a pretty good opportunity. Naturally, she was itching to know what it was.

"Valley Head Liu," Chen Xuan said with a smile,"everyone will find out tomorrow. But since you've asked, there's no harm in telling you in advance."

With that said, Chen Xuan did not beat around the bush and went straight to the point, explaining the situation of the seven Star Pavilion to everyone.

Other than Xia ruofei and Mu Sheng, the others were all surprised.

If it was to increase cultivation or spiritual power, it would not have such an effect. But to increase cultivation talent, this was really a bit heaven – defying.

Even though Chen Xuan had already mentioned that the probability of this happening wasn't very high, no one would think that they were inferior to others. Even if the probability was low, they would still feel that they would be one of the people who would be able to successfully raise their talent.

"Young leader Chen, can golden core cultivators also increase their cultivation talent?" Liu Mansha asked with some excitement..

Chapter 3694 - 3694: The seven Star Pavilion opens (1)

Chapter 3694: The seven Star Pavilion opens (1)

Chen Xuan was stunned for a moment before he forced out a smile.””! really can't guarantee that... There are two reasons. First, the disciples of the first heaven society all enter the seven Star Pavilion when they're still in the Qi condensation stage. Second, it's normal for some golden core cultivators to be unable to improve their talent after entering the seven Star Pavilion. I can only say that, in theory, everyone who enters the seven Star Pavilion for the first time will have the opportunity to improve their cultivation talent."

Hearing this, Liu Mansha nodded her head thoughtfully. After a moment, she smiled and said,"This is a good opportunity! Sect leader Chen is so considerate!"

Liu Mansha's talent was actually not very high. The reason she had been able to achieve what she had today was actually related to a fortuitous encounter. If she could improve her talent in this opportunity to enter the seven Star Pavilion, then her chances of breaking through to the late – Stage of the Golden core realm would be greatly increased. She could even see the hope of reaching the Yuanying realm.

Originally, Liu Mansha did not pay much attention to this kind of all – Round opportunity. After all, it was very difficult for her to improve her cultivation level. Even the first heaven society did not have such great ability.

But if it was to improve one's talent, it would be completely different.

Thus, Liu Mansha also took this matter to heart.

Mu Sheng was also very happy. He didn't have much hope for his own cultivation talent to improve, but he still looked forward to his son's improvement.

As for Shen Hu, Lu You, Yu Xin 'er, mu Jianfei, and the other Qi refining cultivators, they had never even heard of a treasure like the seven Star Pavilion. They were filled with anticipation, especially when it came to increasing one's talent.

The atmosphere of the banquet was lifted all of a sudden.

Fine wine, delicacies, and the anticipated opportunity to enter the seven Star Pavilion tomorrow.

Everyone drank and chatted. They finished the table of food that Xia ruofei had prepared and the fine wine that Chen Xuan had given Xia ruofei.

As soon as Xia ruofei entered the main hall of the Empyrean one Pavilion, he heard Mu Sheng's forthright voice.

Xia ruofei followed the sound and saw Mu Sheng and mu Jianfei standing in a corner on the right side of the hall. Liu Mansha and Yu xiner were also standing beside them.

Xia ruofei also saw Shen Hu and Lu You.

Shen Hu stood at the side with a somewhat reserved expression. It was obvious that he was invited by Mu Sheng, so he didn't have the guts to go to Mu Sheng and Liu Mansha.

Xia ruofei waved at Mu Sheng, then smiled at Zeng Qing and said,""Deacon CEng, my friend is over there, so 1'11 head over first. You don't have to follow me all the time, just go do what you need to do!"

"Alright, then this disciple won't disturb you any further!" Zeng Qing said respectfully. Senior Xia, you can look for me if you need anything. I'll be waiting in the side hall!"

Xia ruofei nodded helplessly and said,""Alright then!"

After he sent Zeng Qing away, he immediately walked towards Mu Sheng and said with a smile,""Sect leader mu, Valley master Liu, you're both so early!" "Haha!" Mu Sheng laughed and said,"if there's a good thing, I'll definitely be more active!"

Liu Mansha also smiled and said, "I'm still hoping that I can get the favor of an opportunity this time! Of course, we can't fall behind!"

"Mr. Xia!" Shen Hu quickly came over and greeted Xia ruofei respectfully.

Xia ruofei smiled and said,"Hello, sect Master Shen!" Lu You is here too? You're all clear about today's opportunity. After you go in, you don't need to do anything, just use your best cultivation method. Whether or not you can improve your talent will depend on your luck."

This was what Chen Xuan had told Xia ruofei.

In the past, some of the disciples who entered the seven Star Pavilion did not do anything but stay inside. When they came out, their talent increased by a large margin. However, that was an exception. Most of the disciples who had their talent improved would use their best cultivation techniques in the seven Star Pavilion.

Of course, those disciples did the same later on, and the proportion of people who could get the opportunity to improve their talent actually did not increase much..

Chapter 3695 - 3695: The opening of the seven Star Pavilion Part 2

Chapter 3695: The opening of the seven Star Pavilion Part 2

Therefore, whether this would be effective was still unknown.

In any case, it was not a bad thing to circulate one's cultivation technique inside. At the very least, it could increase one's cultivation. After all, the concentration of spirit Qi in the seven Star Pavilion was not bad. However, Chen Nanfeng was worried that the seven Star Pavilion would consume too much spirit Qi. Therefore, other than opening it to disciples who met the requirements, he did not allow anyone to enter at any other time, let alone allow anyone to cultivate inside.

Of course, what everyone used this time was actually Chen Nanfeng's vital Qi. To be more precise, it should be the liquefied elemental essence that was even more concentrated than vital Qi. After Chen Nanfeng broke through to the Golden core stage, the vital Qi in his body had already been compressed into liquefied elemental essence.

"Thank you for your advice, Mr. Xia!" Shen Hu quickly said.

Xia ruofei waved his hand and said,"it's just a small matter. You're welcome." Perhaps the people from the first heaven society will remind everyone before we enter the seven Star Pavilion."

As they were talking, Chen Xuan walked into the main hall of Empyrean one Pavilion.

The cultivators who were in the middle of their discussion immediately fell silent as they turned to look at Chen Xuan.

Chen Xuan walked to the front of the hall and smiled.""Fellow Daoists, I've been waiting for a long time! In order to thank all of you for coming all the way here to witness my father's breakthrough to the nascent soul realm, the first heaven society has brought out our sect's treasure, the seven Star Pavilion, to provide a chance for all of you to improve your talent!"

The moment Chen Xuan's words left his mouth, it was as if a bombshell had been thrown into the crowd. Everyone was instantly agitated as they began to ask questions one after another.

Of course, Chen Xuan wasn't going to answer so many questions at the same time. He couldn't answer them one by one.

He only waited for everyone's voices to quieten down a little before he pressed his hands down slightly. Then, he briefly introduced the function of the seven Star Pavilion to increase one's talent.

"The disciples of the first heaven society only have one chance to enter the seven Star Pavilion before they reach the Golden core stage. Therefore, this is a very rare opportunity. 1 hope that all of you will seize it!" If anyone has any questions, you can ask them on the spot!"

A cultivator immediately stood up and asked,"may I ask sect leader Chen Ye, what do we need to do after entering the seven Star Pavilion?" How do we know that our talent has improved?"

Chen Xuan smiled."The seven Star Pavilion will conduct its own selection process. So, in theory, you don't have to do anything after you enter the seven Star Pavilion. As long as you receive the recognition of the seven Star Pavilion, your talent will naturally increase. Of course, we suggest that after entering the seven Star Pavilion, you can cultivate the cultivation technique that you are best at on the spot. This should increase your success rate more or less. As for whether your talent has improved or not, you should know it best!"

This was a very spacious garden. In the middle of the garden, there was an exquisite Pavilion – shaped magic treasure. On the plaque above the pavilion's door, three big words were written: "seven stars Pavilion."

However, this magic treasure was only half the height of a person. Let alone accommodating more than a hundred cultivators present, it was likely that it couldn't even fit a person.

Of course, they were all knowledgeable cultivators, so they didn't question him. Besides, other than the most eye – catching Seven Star Pavilion, there was also a great God sitting quietly in the corner. This person was Chen Nanfeng.

The cultivators didn't dare to be negligent and quickly bowed to Chen Nanfeng.

Chen Nanfeng was meditating with his eyes closed. He opened his eyes when he heard the sound of footsteps. He nodded at everyone and smiled."Fellow Daoists, you're all here. Xuan 'er should have explained the opportunity to everyone just now. I'll open the seven Star Pavilion now. Of course, this opportunity is entirely voluntary. If there are fellow Daoists who don't want to enter, we won't force you. The first heaven society will present you with a gift as a token of gratitude!"

"Many thanks, sect leader Chen!"

"Sect leader Chen has given us such a good opportunity. How can we not know what's good for us?!

"No one would be willing to give up such a rare opportunity!"

The cultivators said one after another.

Chen Nanfeng smiled.'After all, everyone has their own ambitions. If any fellow Daoist is unwilling to enter the seven Star Pavilion, we will fully understand. There's no need to have any concerns." I'm going to open the seven Star Pavilion now!"

After saying that, Chen Nanfeng's expression turned serious. He moved his fingers as if they were flying, and in the blink of an eye, he had formed countless seals. Golden Seals that could be seen with the naked eye flew one after another into the seven stars Pavilion, which was located in the center of the back garden.

The seven stars Pavilion suddenly trembled slightly, and the extent of the trembling was getting greater and greater.

After a short while, the seven Star Pavilion shook violently and then began to expand.

In just a few breaths 'time, the seven Star Pavilion had grown to the size of a normal three – story Pavilion. It stood in the center of the garden in the back hall, as if it was one with the garden.

Xia ruofei saw this scene from the crowd and understood why there was nothing in the middle of the garden. It was a space reserved for the seven Star Pavilion. It was probably where the seven Star Pavilion was opened in the past. The entire garden was designed according to the seven Star Pavilion. That was why the seven Star Pavilion was able to integrate with the garden after it was activated. It seemed to be very harmonious.

Chen Nanfeng's face also revealed a trace of satisfaction, and the corners of his mouth curled up slightly, revealing a slight smile..

Chapter 3696: Talent upgrade i

The disciples of the first heaven society couldn't see it, and even the Golden core disciples like Chen Xuan couldn't see it. However, Chen Nanfeng knew very well that after he broke through to the early nascent soul realm, the process of opening the seven Star Pavilion had become much easier.

In the past, Chen Nanfeng had to put in a lot of effort to open the seven Star Pavilion, but this time, he was able to open it without much effort.

Chen Nanfeng was also thinking,"maybe I can try to take control of the seven Star Pavilion. If I can get it to recognize me as its master, this magical treasure will definitely bring more benefits to the first heaven sect."

Of course, now was not the time to think about this. After Chen Nanfeng opened the seven stars Pavilion, he immediately sat cross – legged on the futon and continuously injected vital Qi into the seven stars Pavilion to maintain the operation of the Dharma Treasure.

After breaking through to the nascent Soul Stage, the vital Qi in Chen Nanfeng's body had completely liqued. Although he was still transferring vital Qi, its purity was much higher than before. Therefore, he was able to maintain the operations of the seven Star Pavilion with ease.

Upon seeing this, Chen Xuan immediately raised his voice and said,""Fellow Daoists, please enter the seven Star Pavilion in an orderly manner! Don't worry, everyone. The probability of improving your talent has nothing to do with the time you enter the seven Star Pavilion. Don't fight over it, just go in one by one!"

When the cultivators heard this, they started to line up.

Of course, old golden core cultivators like Mu Sheng and Liu Mansha were naturally given the front by the crowd, including Xia ruofei and Mu Sheng's disciples.

Xia ruofei was modest, but he couldn't persuade the cultivators. He could only stand behind Mu Sheng. He turned back and saw Shen Hu and Lu You standing in the crowd, looking very inconspicuous.

Xia ruofei had already expected that the seven Star Pavilion would have its own space.

Otherwise, even if the seven Star Pavilion expanded, it would not be able to accommodate more than a hundred cultivators. Even if everyone forced their way in, would it still be possible to squeeze in?

After a slight pulling force, Xia ruofei found himself in a chaotic space. There was fog two meters around him that even his spiritual power could not penetrate.

Mu Sheng, who had entered the seven Star Pavilion right after him, was not nearby at this time. Obviously, there were many small spaces in the seven Star Pavilion. After every cultivator entered, they would be sent to an independent small space, and they would not interfere with each other.

Xia ruofei wasn't particularly curious. In fact, he could do it if he was in the spirit map space.

To Xia ruofei, it was as simple as a thought to build one or two hundred small spaces in the spirit map and then send people into the small spaces.

Xia ruofei looked around and used his spiritual power to check the surroundings. When he realized that his spiritual power could not penetrate the fog, he decided not to waste any more time and sat down cross – legged on the spot.

After adjusting his state, Xia ruofei took out a crystal from the spirit map space and held it in his hand. He closed his eyes and started to cultivate the great Dao Sutra.

Through Chen Xuan, Xia ruofei had gained a certain understanding of the seven Star Pavilion. He knew that when one circulated their cultivation technique in the seven Star Pavilion, they would be absorbing the vital Qi that Chen Nanfeng, who was controlling the seven Star Pavilion, had injected.

Therefore, he naturally wouldn't directly start absorbing it without a care.

One had to know that the great Dao Arts were different from those ordinary cultivation techniques. Once he started cultivating, the consumption of spirit Qi was not something that ordinary small sects could afford. If he absorbed it directly, it would definitely greatly increase Chen Nanfeng's burden..

Chapter 3697: Talent upgrade (2)

He had given her such a good opportunity to improve her talent, so Xia ruofei couldn't be so unkind. He used his own crystals to cultivate.

Of course, he still held a trace of vigilance in his heart. Otherwise, he would have used the purple origin crystals that he normally used for cultivation.

After all, even though the seven Star Pavilion did not recognize him as its master, Chen Nanfeng could still control part of it. Hence, Xia ruofei could not guarantee that Chen Nanfeng would not be able to spy on the internal situation of the seven Star Pavilion.

It was best not to expose top – grade cultivation resources like purple essence crystals if possible.

Xia ruofei's best cultivation technique was naturally the "great Dao Arts". Hence, according to Chen Xuan's "guide", the first thing he would cultivate after entering the seven Star Pavilion was the great Dao Arts.

Of course, Xia ruofei had also considered that the great Dao chant was not a technique of the Tianyi sect. He did not know if the weapon spirit of the seven Star Pavilion would recognize that the great Dao chant had really produced a weapon spirit after joining the seven Star Pavilion.

Hence, Xia ruofei decided to practice the great Dao scroll first before cultivating the mystic essence Scripture that Chen Xuan had given him.

Although the "Xuanyuan Scripture" was not very good, it was an Orthodox cultivation technique of the Tianyi sect. It was said that when he entered the seven Star Pavilion for the second time, this suspected Artifact Spirit seemed to favor those who cultivated the "Xuanyuan Scripture". Therefore, if he cultivated both the "great Dao Sutra" and "Xuanyuan Scripture" for a while, he should be able to increase the probability of the artifact Spirit recognizing him.

Of course, this was just Xia ruofei's speculation. Whether it was effective or not had yet to be verified.

Xia ruofei had entered the seven Star Pavilion with the mentality of "if 1 get it, 1'11 be lucky. If 1 don' t, I'll be fated to be lucky." He didn't have much worry about the gains and losses.

Therefore, after he sat down, he quickly entered a state of mind without distractions. He treated it as an ordinary cultivation and focused on circulating the cultivation method. One by one, the vital Qi in his body condensed a little more.

Xia ruofei cultivated for about 15 minutes before he let out a long breath and opened his eyes.

The seven Star Pavilion would only be open for an hour or so.

Chen Xuan had told Xia ruofei yesterday that he could only spend half an hour in this stage of improving his talent. This was because he had to go to another location in the seven Star Pavilion to obtain the recognition of the weapon spirit and obtain the magical treasure.

Chen Xuan had also mentioned that half an hour was more than enough. If he could gain the acknowledgment of the weapon spirit, his talent would have been raised within half an hour. On the other hand, if he couldn't, there was no point in staying for an entire hour.

Hence, Xia ruofei stopped cultivating after 15 minutes.

After a short rest, Xia ruofei immediately started to practice the mysterious origin Scripture.

Although Xia ruofei was only a beginner in the cultivation of the mysterious origin Scripture, his level was not any worse than the disciples of the first heaven society who had been studying this cultivation technique for a long time.

At this moment, Xia ruofei suddenly had an idea.

He realized that he still had other cultivation techniques. Wasn't the mystic essence Sutra that Chen Xuan had just taught him?

Hence, Xia ruofei decided to give up on studying the cultivation technique he had just picked out. He turned to study some details of the mysterious origin Scripture.

At Xia ruofei's level of cultivation, having a photographic memory was the most basic. Hence, every word and diagram of the mystic origin Scripture was firmly imprinted in his mind, including some of the insights that Chen Xuan had taught him.

Xia ruofei tried to recall, and the contents of the cultivation technique rushed into his mind.

This technique was rather crude and shallow. However, when Xia ruofei looked back and analyzed it, he realized that his thoughts had become more open. Even though it was such a simple technique, he could understand many things that he would not have noticed before.

Xia ruofei realized that his previous understanding of the black origin Sutra was superficial.

His train of thought was clearer, and his comprehension was also much stronger.

Xia ruofei was overjoyed. He couldn't help but want to continue studying the mysterious origin Scripture.

At this moment, he suddenly felt a light pulling force.

Xia ruofei's spirit was lifted. He knew that they were going to the other area of the seven Star Pavilion.

At the same time, he felt a chill in his heart. It was obvious that Chen Nanfeng had personally controlled the seven Star Pavilion to teleport him.

This explained the problem.

At the very least, he could be sure that Chen Nanfeng was aware of many things that happened in the seven Star Pavilion.

He even knew which small space each person was in.

Otherwise, Chen Nanfeng would not have known that Xia ruofei had finished the process of improving his talent. He would not have been able to move Xia ruofei from this small space to that special area so accurately.

Xia ruofei secretly rejoiced that he had remained vigilant enough. At the same time, he reminded himself that he could not relax at any time. After all, this was not Paradise Island. He could never be too careful.

After a moment of dizziness, Xia ruofei immediately felt that he was standing on solid ground again.

He focused his eyes and couldn't help but widen them slightly. He found himself standing on a floating stone. This stone was the size of a millstone, almost enough for him to sit cross – legged on.

This millstone – sized stone was located in a pitch – Black space. Everywhere was filled with endless darkness..

Chapter 3698: An unexpected surprise (1)

This was the ‘special area’ that Chen Xuan had mentioned?

Xia ruofei felt as if he was in the universe. Other than the stone that he was standing on, he was surrounded by endless darkness and void.

An ordinary person would definitely panic in such an environment. However, Xia ruofei was still confident. After a brief moment of surprise, he quickly calmed down.

Chen Xuan’s instructions were simple. After entering this area, he had to continuously circulate the mystic essence Scripture. If he could obtain the approval of the artifact Spirit, he would be able to obtain something good.

Xia ruofei sat cross – legged on the rock and pondered for a moment.

He didn’t continue to operate the mystic origin Scripture. Instead, he continued to study this cultivation technique.

Just now, in order to test the progress of his own talent, he had specially analyzed this cultivation technique.

The "black origin Scripture&ampjquot; was clearly not simple.

Most of the cultivation techniques were expressed using the grammar of the ancient cultivation world, which was relatively obscure and difficult to understand. At the same time, there was a big problem, that was, everyone’s understanding might be different.

However, a cultivation technique like the "black origin Scripture&ampjquot; naturally had a very authoritative interpretation, and it was an interpretation with a long history. Everyone naturally used this as a standard to understand the contents of the cultivation technique.

Even when Chen Xuan was explaining the contents of the technique to Xia ruofei, he had used the same authoritative interpretation.

Before Xia ruofei’s talent was upgraded, he did not ask any questions. This was because this interpretation had been tested by thousands of years of cultivation practice by the disciples. The probability of error was extremely low.

However, this time, when Xia ruofei was seriously studying the contents of the original technique, he had some doubts about the interpretation of the technique.

The same sentence might be interpreted differently by everyone.

Xia ruofei turned around to look at the mystic origin Scripture and realized that there seemed to be another way of reading it.

The more he studied, the more interested he became. He even forgot his original intention of entering the seven Star Pavilion. He sat on the stone with a smile on his face and mumbled something..

Chapter 3699: Metal piecei

At this time, there were many cultivators staying in the back garden. They had all come from the seven Star Pavilion. Chen Nanfeng had been maintaining the operations of the seven Star Pavilion, so the cultivators did not dare to speak loudly for fear of disturbing the only nascent soul senior in the cultivation world.

It was precisely because there were so many people around that Chen Nanfeng's expression quickly returned to normal, so much so that no one had noticed his strange expression just now.

But in fact, Chen Nanfeng's heart was already in a state of great turmoil.

This was because he suddenly realized that he had lost all sense of the situation within the seven Star Pavilion.

In fact, because he did not have full control of this magical treasure, he only had a vague sense of the situation in the seven Star Pavilion. However, he could at least have a general understanding, including everyone's location and their gains.

But just now, he suddenly lost this connection. No matter how hard he tried to communicate with the magic treasure, what appeared in his spiritual power Vision was always a fog.

This was the first time Chen Nanfeng had encountered such a situation in so many years.

When he was still in the advanced Aurous core stage, he was not like this. He was completely unable to sense the situation inside the seven Star Pavilion. How could this be?

Could it be related to the cultivators in the seven Star Pavilion? Chen Nanfeng couldn't help but have this thought. The first person that flashed through his mind was Xia ruofei.

However, Chen Nanfeng quickly denied this thought. Even he himself could not believe that Xia ruofei was so capable.

If Xia ruofei was able to disrupt his perception of the seven Star Pavilion, how strong was his spiritual power? Furthermore, Xia ruofei was still in the seven Star Pavilion. In a sense, Chen Nanfeng had the absolute geographical advantage. If he had ill intentions towards Xia ruofei, he could even imprison Xia ruofei in the seven Star Pavilion.

Chen Nanfeng's expression did not change, but he was secretly increasing the output of his spiritual power in an attempt to communicate with the seven stars Pavilion.

After breaking through to the nascent Soul Stage, Chen Nanfeng's control over the seven Star Pavilion had clearly increased. If the seven Star Pavilion really had a weapon spirit, Chen Nanfeng was even confident that he could make the weapon spirit submit to him.

However, what was happening now had greatly damaged Chen Nanfeng's confidence.

He felt that things were getting out of his control, and it was a bad feeling.

Just as Chen Nanfeng was trying his best to establish a connection with the seven Star Pavilion, Xia ruofei was cultivating the dark origin Scripture in the special area of the seven Star Pavilion.

He had completely forgotten his original intention of entering the seven Star Pavilion. He had never thought of obtaining any good magical equipment. He was simply trying to modify some details for the purpose of research.

The chubby baby formed by energy was also paying attention to Xia ruofei's every move. As Xia ruofei corrected it again and again, the chubby baby's expression became more and more surprised.

After he blocked Chen Nanfeng's perception of the seven Star Pavilion, he only muttered to himself for a moment before waving his hand lightly.

This time, the metal pieces didn't tremble. Instead, they disappeared into the void at an extremely fast speed.

In the blink of an eye, the metal pieces had arrived in front of Xia ruofei and were suspended in the air.

Xia ruofei, on the other hand, did not have any distracting thoughts at all. He was completely immersed in the study and experiment of the mysterious origin Scripture, so he did not notice it at all.

However, the metal pieces started to tremble. The metal piece that Xia ruofei had placed in the stone chamber in the mountain sea realm started to tremble as well.

This metal piece was vibrating at the same frequency as the other metal pieces floating in front of Xia ruofei.

The last time, the metal piece only flashed slightly and Xia ruofei could not detect it. This time, it kept shaking and Xia ruofei could not miss it.

While he was cultivating, he quickly noticed something strange.

Because of his strong control over the spirit map space, he could sense any changes in the space at the first moment.

Xia ruofei couldn't help but reveal a trace of doubt on his face as he exited his cultivation state.

He didn't even open his eyes. With a slight thought, he had already found the source of this strange movement.

When he realized that it was the metal piece that was shaking, he was even more surprised.

At the same time, he was on guard.

This metal piece was obtained from the cover of a cultivation technique that Shen tianfang carried with him. Now that he was in the seven Star Pavilion, a treasure of the first heaven sect, it was possible that Chen Nanfeng could see his every move.

Xia ruofei knew that Chen Nanfeng did not have any other intentions this time. He was just trying to repay Xia ruofei's kindness and was full of kindness.

However, at this time, the mysterious metal piece he obtained from Shen tianfang, an elder of the first heaven society, had some strange movements. Xia ruofei could not help but overthink.

Furthermore, the metal piece had been stored in the spirit map space. In theory, it should be completely isolated from the outside world. What kind of power could actually pass through the isolation of the spirit map space and directly communicate with the metal piece?

Chen Nanfeng?

Xia ruofei was shocked when he thought of this.

If Chen Nanfeng could really do this, then the secret of the spirit map space would be completely non – existent, and he would be in the seven stars Pavilion.. That would be a situation where he was the meat on the chopping block!

Chapter 3700: Metal piece_2

In fact, Xia ruofei was overthinking.

Not to mention Chen Nanfeng, even the weapon spirit of the seven Star Pavilion, which was a pure energy body in the shape of a chubby baby, could not easily penetrate the barrier of the spirit map space.

The reason why the chubby baby weapon spirit could sense the metal piece's existence was because of its close relationship with the metal piece. On the other hand, and most importantly, because Xia ruofei was in the seven Star Pavilion, which was the chubby baby's absolute control.

These two points were indispensable.

However, Xia ruofei was not aware of all this, so he could not help but feel a little nervous.

His first reaction was naturally to immediately use the power of the Spirit map space to suppress the trembling of the metal piece.

In the spirit map space, Xia ruofei was almost invincible. He could use the invisible force of space to form layers of suppression on the metal sheet. In theory, he could naturally suppress it.

Of course, this was just a temporary solution. After all, if the metal piece had any strange movements, it meant that someone had discovered its existence. This person could even pass through the isolation of the spirit map space. This was too dangerous for Xia ruofei.

However, Xia ruofei had no other choice but to suppress the metal piece. Otherwise, he did not know what would happen next.

To Xia ruofei's surprise, the stronger his suppression was, the stronger the metal piece's resistance was. Under the suppression of the invisible spatial force, the metal piece's trembling became less intense, but its strength increased significantly. It was clearly trying to break free from the suppression.

Xia ruofei had been closing his eyes to deal with the strange movements in the spirit map space. However, he soon noticed something strange. The metal piece was vibrating at the same frequency as the metal pieces floating in front of him. The stronger the suppression, the stronger the counterforce. Although the vibration of the metal pieces in the spirit map space was smaller, the vibration was actually stronger. Therefore, the vibration of the metal pieces in front of him was also much stronger. Although the amplitude wasn't big, the frequency was extremely high, and it even made a buzzing sound.

Naturally, Xia ruofei was alarmed.

He opened his eyes, and when he saw the metal sheets floating in front of him, his pupils couldn't help but shrink, revealing an extremely shocked expression. He had studied the metal sheet that he had obtained from Shen tianfang, so he was naturally very familiar with this kind of metal sheet.

Therefore, he could tell at a glance that these metal sheets were almost exactly the same as the metal sheets he had stored in the stone chamber in the mountain and sea realm in the spirit map space.

He could quickly distinguish the slight differences.

There was no doubt that these metal sheets were part of a set, including the one he had stored in the spirit map space.

Xia ruofei's mind was racing. He didn't even realize that so many metal pieces had appeared in front of him. He had counted six of them. With the one in the spirit map space, there were seven.

His brain was working at full speed. It was obvious that the metal sheets he had placed in the stone room in the spirit map space had moved because of the attraction of these six metal sheets.

Furthermore, he could feel that the metal piece in the spirit map space seemed to have a mind of its own. It was trying its best to break free from the suppression.

Xia ruofei had no doubt that once he let go of the suppression on it, it would break through the shackles of the spirit map space and join the six metal sheets in front of him.

Now, Xia ruofei had to make a choice between continuing to suppress the metal piece or simply releasing it to see what would happen.

If they were not in the seven Star Pavilion, Xia ruofei would have chosen to release the metal piece out of curiosity.

However, he was now inside the seven Star Pavilion, and Chen Nanfeng was most likely paying attention to his every move. He did not know that Chen Nanfeng had also lost his sense of the situation inside the seven Star Pavilion.

Hence, from Xia ruofei's perspective, it was a huge risk to release the metal piece.

The metal piece had been hidden very well back then, so there were two possibilities: First, Shen tianfang did not even know about the metal piece's existence. Second, Shen tianfang had hidden the metal piece so well.

Xia ruofei was more inclined to the second possibility.

He clearly remembered that the cultivation techniques that Shen tianfang had kept in his storage space were actually very good. Only the cultivation technique that hid the thin metal skin was very elementary. It seemed out of place when placed together with the other cultivation techniques.

If Shen tianfang had found a random book and hid the metal piece in it, everything would make sense.

If Shen tianfang knew about the metal piece, there was a high chance that Chen Nanfeng would know about it as well.

If Xia ruofei released the metal piece, and Chen Nanfeng could spy on the internal situation of the seven Star Pavilion, it would be a big problem. Xia ruofei had something that should have belonged to Shen tianfang. Chen Nanfeng was sure that Xia ruofei had something to do with Shen tianfang's death without much reasoning.

Now that he was in the seven Star Pavilion, it was really impossible for him to escape.

Hence, Xia ruofei had to be careful.

In the mysterious space deep in the seven stars Pavilion, the chubby baby's Artifact Spirit became more and more anxious as he watched, and he couldn't help but Mutter to himself,""What are you waiting for? Hurry up and let it out! What is this little guy thinking?"

As he spoke, he increased his strength.

At the same time, the metal pieces began to tremble even more violently, including the one that Xia ruofei had stored in the stone chamber in the mountain sea realm.

Xia ruofei weighed the pros and cons while he tried to suppress the metal piece in the stone room.

At this time, he suddenly had a flash of inspiration.

Since there were so many concerns when he released the metal piece, why couldn't he do the opposite and put the metal pieces in the spirit map space?

The effect should be the same.

Furthermore, Chen Nanfeng should not have been able to spy on the Kasaya in the spirit map space. Xia ruofei could basically confirm that the strange movements of these metal pieces had nothing to do with Chen Nanfeng.

At this thought, Xia ruofei did not hesitate. He used his spiritual power to lock onto the metal pieces. Then, with a slight thought, he pulled them into the spirit map space.

In the mysterious space deep in the seven Star Pavilion, the chubby baby was stunned for a moment when he saw this scene. However, he quickly released his control of the metal sheets and muttered to himself,""This guy is really cautious..."

At first, Xia ruofei could still feel a resistance, but it disappeared very quickly. He naturally had to seize this opportunity and put the six metal sheets into the mountain and sea realm in the spirit map space. Then, he sent them directly to the stone room in the cave.

Xia ruofei didn't think too much about the source of the resistance. Since he had kept the metal piece in the stone room, he let go of the metal piece that he had obtained earlier.

The metal piece immediately flew out from the storage table and met with the six metal pieces that Xia ruofei had just put in.

Soon, the seven metal sheets began to resonate at the same frequency again, and they were getting closer and closer, as if an invisible force was gathering them together.

Xia ruofei couldn't be bothered with the cultivation of the mysterious origin Scripture anymore. All his energy was focused on the spirit map space, paying close attention to the metal pieces.

The seven thin pieces were suspended in the stone room of the cave, getting closer and closer.

Finally, the seven thin slices gathered together ....
