Chapter 3701 - 3701: The artifact Spirit acknowledges its master (1)

Chapter 3701: The artifact Spirit acknowledges its master (1)

Xia ruofei's attention was completely focused on the spirit map's space. He had already gathered a large amount of invisible spatial force to seal off the entire cave. If there were any abnormalities, he would be able to suppress it with all his might.

The spirit map space was Xia ruofei's Foundation. There could not be any accidents.

The seven metal sheets gradually gathered together. They were all suspended in the air vertically, as if they were being held up by some invisible force.

The metal sheets formed a straight line, and the distance between them got closer and closer. Finally, they were completely stuck together.

Then, some parts of the metal piece slowly turned transparent, while some parts remained the same.

This way, some of the lines and patterns were preserved. When the lines on the seven metal pieces were put together, they formed a new line pattern.

At the same time, the dot on the metal piece was also preserved.

Each metal piece had one dot, and there were seven dots in total.

The metal sheets were stacked together, and the seven dots were connected by lines.

Xia ruofei observed them carefully and immediately recognized that the seven dots formed the Big Dipper.

When the metal pieces were pressed together, the Big Dipper pattern's dot immediately emitted a dazzling light. This light also lit up all the lines on the metal piece.

Then, the seven metal sheets completely merged into one.

The thickness of these metal sheets was as thin as a cicada's wings. Even when the seven pieces were put together, they were still very thin. One could not even feel that the thickness had increased by much.

When the metal pieces combined, the dazzling light began to dim.

After a short while, it returned to its original plain and simple appearance.

Xia ruofei secretly heaved a sigh of relief. He did not know what the metal pieces would do when they were put together, including the Big Dipper pattern on the metal pieces and the lines on the back. It was quite mysterious at first glance and he would not be able to figure it out in a short time.

However, he could keep this for future research. As long as the metal piece did not cause any trouble and did not destroy the spirit map space, Xia ruofei would be thankful.

Just as Xia ruofei let his guard down, the metal pieces suddenly jerked up. They even wanted to break through the isolation of the spirit map space and escape to the outside world.

Fortunately, Xia ruofei was still on guard. The invisible spatial force was also around the stone room, ready to suppress it at any time. So, he was only stunned for a moment before he quickly reacted. He immediately used the invisible spatial force to suppress the metal sheet assembly.

The spirit map space was, after all, under Xia ruofei's absolute control. The metal piece struggled with great force, but it still could not escape from Xia ruofei's palm. In a short while, it was suppressed and could not move.

In a mysterious space deep in the seven stars Pavilion, the artifact Spirit in the shape of a chubby baby showed an expression of not knowing whether to laugh or cry, and said to himself,""This little guy is too cautious! What should 1 do?"

After a moment, the chubby baby's Artifact Spirit muttered to himself again,""It seems that I'll have to do it myself! This little fellow is really a blockhead!"

With that, the chubby baby's weapon spirit disappeared into the mysterious space in a flash..

Chapter 3702: Perfect (1)

Xia ruofei did not get angry at the chubby baby's weapon Spirit's attitude. He smiled and asked,""If 1 take out the seven stars order, will sect leader Chen outside notice? Will he be able to recognize this seven stars order?"

The chubby baby's Artifact Spirit curled his lips and said,""You little kid, you're really too cautious! Don't worry! That old man must be confused now because he can't sense the situation inside the seven Star Pavilion at all!"

"You did it?" Xia ruofei asked.

"Of course!" The chubby baby's weapon spirit said with a smug look on his face,"this is related to the core secret of the seven Star Pavilion. How can we let that old man spy on us at will? He's not the master of the seven Star Pavilion!"

Xia ruofei nodded. Although he did not completely believe the chubby baby's weapon spirit, he knew that if the chubby baby wanted to block Chen Nanfeng's detection, it should be a very simple matter. Besides, if the seven stars order was really the core that controlled the seven stars Pavilion, it would make sense logically.

Of course, even if the chubby baby's weapon spirit had lied to Xia ruofei, he would not have suffered any greater losses.

He quickly understood the pros and cons of this matter and nodded,""Alright, 1 got it! Then we'll do as you say!"

With that, Xia ruofei immediately removed the suppression force on the seven stars order. When the seven stars order flicked up, he took advantage of the situation and moved the seven stars order out of the spirit map.

Xia ruofei was observing the seven stars order with his naked eyes. The mysterious lines on it were more intuitive than sensing them with his spiritual power. He was already very accomplished in array Dao, so he subconsciously began to analyze these lines.

The chubby baby's Artifact Spirit shouted at the side,'what are you doing?

Hurry up and bind it with blood! 1 don't think the old man outside can hold on for much longer!"

Xia ruofei finally came back to his senses. Now was not the time to study this. He quickly circulated his vital Qi and squeezed out a drop of blood from his finger. He waved his hand and dropped the blood on the seven stars order.

The card – shaped seven stars order quickly absorbed the drop of blood without leaving any trace. However, the mysterious lines on it seemed to flash slightly and then went silent.

However, Xia ruofei was keenly aware that there was a very close connection between him and this seven stars order. He could easily use this magical order token with just a thought.

At this time, Xia ruofei also secretly heaved a sigh of relief, because the chubby baby's weapon spirit did not lie to him. After taking control of the seven stars order, he could indeed control the seven Star Pavilion.

Of course, as the weapon spirit had not fully acknowledged him as its master, it was only in a state of partial acknowledgment. Hence, Xia ruofei could not fully control the seven Star Pavilion, let alone control it as easily as he controlled the spirit map.

Even so, this was still a dream for everyone in the first heaven society, including Chen Nanfeng.

Xia ruofei could easily sense most of the space in the seven Star Pavilion. There were still 58 cultivators in the seven Star Pavilion, and Xia ruofei could see them clearly.

He even knew what benefits they had obtained.

This feeling was much clearer than what Chen Nanfeng could sense outside.

In other words, Xia ruofei's control over the seven Star Pavilion was even stronger than Chen Nanfeng's.

Moreover, the reason why Chen Nanfeng could control part of the seven Star Pavilion was entirely because the chubby baby's weapon spirit had gone easy on him. If the chubby baby's weapon spirit had really gone all out to fight back, Chen Nanfeng would very likely have lost control of the seven Star Pavilion.

For example, just now, the chubby baby's weapon spirit only needed to think a little, and the situation inside the seven stars Pavilion became a fog in Chen Nanfeng's eyes. He couldn't see through it at all.

And Xia ruofei's control of the seven stars Pavilion was completed through the seven stars order.

After the blood contract, even the chubby baby weapon spirit would not be able to stop Xia ruofei from controlling part of the seven Star Pavilion's functions.

Of course, the weapon spirit was a part of the seven stars Pavilion, and so was the seven stars order.

Xia ruofei was able to control the seven stars order because he had already obtained the partial recognition of the chubby baby Artifact Spirit, so it was impossible for the artifact Spirit to go against Xia ruofei.

With the seven stars order, Xia ruofei could even keep the seven stars Pavilion in his dantian.

This was something that Chen Nanfeng could not achieve even after decades of hard work. To date, the seven Star Pavilion's smallest state was what everyone had just seen today. Therefore, the first heaven society had specially set up a heavily guarded and highly guarded place for the seven Star Pavilion.

If Chen Nanfeng knew that Xia ruofei could shrink the seven Star Pavilion and store it in his dantian, he would probably spit out blood. He had worked hard for so many years and even broke through to the nascent Soul Stage, but he couldn't do it at all. On the other hand, Xia ruofei could do it so easily. It was really infuriating to compare.

Of course, as he had not been fully acknowledged by the weapon spirit, Xia ruofei did not have complete control over the seven Star Pavilion.

For example, there were a few spaces in the seven Star Pavilion, but Xia ruofei could not sense the situation in them at all. Just like Chen Nanfeng, when he sensed these spaces, all that appeared in his mind was an endless fog. He could not see through it at all. Chapter 2001: the final battle!

Chapter 3704 - 3704: How many are happy and how many are sad (1)

Chapter 3704: How many are happy and how many are sad (1)

No matter what treasures Xia ruofei had obtained, at least he would not return empty – handed.

As for the quality of the treasure, Chen Nanfeng had already done his best. He had even asked Chen Xuan to pass the first heaven society's mystic essence Scripture to Xia ruofei. If Xia ruofei still couldn't get a good treasure under such circumstances, then there was no one to blame.

Chen Nanfeng tried his best to sense it, but it was still a little blurry.

Of course, this was a normal situation. Previously, he was not able to sense the interior of the seven Star Pavilion clearly. As long as the situation of being completely shrouded in fog did not appear again, he would be more at ease.

Although Chen Nanfeng could not clearly sense what the treasure that was flying in Xia ruofei's direction was, he could still vaguely sense that it was of a pretty good grade.

Chen Nanfeng could not help but secretly heave a sigh of relief. This way, the favor he owed Xia ruofei was almost paid back.

Chen Nanfeng's spirit was roused as he continued to channel his vital Qi to maintain the seven stars Pavilion's activation.

In the seven Star Pavilion, Xia ruofei sat cross – legged on a floating rock. Although he was also cultivating the mysterious origin Scripture, he did not fully devote himself to the study like he had just done. Instead, he sat there and cultivated naturally according to the experience he had concluded earlier.

With Chen Nanfeng's blurry senses, he could not tell if Xia ruofei was fully focused on cultivation.

Very quickly, the light was getting closer and closer. In the blink of an eye, it was in front of Xia ruofei.

A golden flying sword floated in front of Xia ruofei.

Xia ruofei opened his eyes and took a closer look. This was an extra Dharma Treasure that the chubby kid's weapon spirit had given to Xia ruofei in order to not arouse Chen Nanfeng's suspicion.

Of course, even if it was an extra treasure, the chubby baby's weapon spirit still looked at Xia ruofei in a new light. Besides, if nothing unexpected happened, the entire Seven Star Pavilion would belong to Xia ruofei in the future. So, he would naturally not be stingy and would not give him an ordinary treasure.

Xia ruofei used his spiritual power to scan the sword and could see it clearly.

The Golden flying sword was of high quality. Even though it was slightly inferior to his blue travel immortal sword, it was still considered a rare flying sword in the cultivation world. It was not inferior to the flying sword that Chen Xuan had obtained from the seven Star Pavilion.

Xia ruofei silently calculated the time and felt that Chen Nanfeng should be closing the seven Star Pavilion soon. Hence, he did not delay any longer and immediately kept the Golden flying sword.

Xia ruofei didn't drip his blood on this flying sword to make it his master because he was more comfortable with the blue travel immortal sword. Moreover, the quality of the blue travel immortal sword was even better than this golden flying sword. Naturally, he wouldn't change his Dharma Treasure.

As for this flying sword, Xia ruofei was only keeping it for now. When the time was right, he would give it to his close friends.

Not long after Xia ruofei kept the flying sword, he felt a slight dizziness. Then, he appeared at the entrance of the seven Star Pavilion.

It was obvious that Chen Nanfeng could sense the situation on his side. Seeing that he had already obtained the Dharma Treasure, he directly teleported him outside.

Of course, Xia ruofei already had control of the seven stars order. If he did not want Chen Nanfeng to sense his situation, he could do it with a mere thought.

However, Xia ruofei would definitely not do that because it would be meaningless. It would only make Chen Nanfeng suspicious.

The moment Xia ruofei left the seven Star Pavilion, Chen Nanfeng, who had his eyes slightly closed, opened his eyes and nodded at Xia ruofei with a smile.

There were still a few cultivators in the seven Star Pavilion who had yet to come out. Chen Nanfeng was maintaining the operation of the seven Star Pavilion, so he did not say anything.

Xia ruofei did not disturb Chen Nanfeng. He bowed slightly to Chen Nanfeng and then retreated to a corner. Like the other cultivators, he waited quietly.

Xia ruofei took a look at the seven Star Pavilion, which was located in the center of the garden in the back hall. He could not help but feel a little emotional.

This was the treasure of the first heaven society!

Now, if he wanted to, he could replace Chen Nanfeng and control the seven Star Pavilion. He could even control the pavilion more than Chen Nanfeng.

Including shrinking the seven Star Pavilion and storing it in his dantian, he only needed a thought.

Of course, Xia ruofei would not do such a crazy thing. After looking at the seven Star Pavilion, he immediately looked away.

“Little brother Xia!” A low voice was heard.

Xia ruofei turned around and looked at the source of the voice. He smiled and said in a low voice,””Senior mu, you’re out too?”

The person who called Xia ruofei was Mu Sheng.

Mu Sheng smiled and said,”I’ve been out for a long time. In fact, most of the cultivators have already left the seven Star Pavilion. 1 saw that you haven’t come out for a long time, so I waited for you here.”

Xia ruofei nodded and asked,”senior mu, how was your trip to the seven Star Pavilion?”

Mu Sheng opened his palm with a bitter smile and said,””You can see for yourself!”

Xia ruofei took a closer look. It was a spiritual stone in Mu Sheng’s hand. The spiritual energy in it was quite low. It was obvious that it had lost some of its spiritual energy after a long time.

“You only got one spiritual stone?” Xia ruofei raised his eyebrows and asked.

“Isn’t it?” Mu Sheng smiled bitterly,”! thought that even if I couldn’t improve my talent, I could at least get some good treasures.. I didn’t expect that he would only give me one Spirit stone!” If this seven stars Pavilion really has an Artifact Spirit, it must be a stingy one!”

Chapter 3705: How many are happy and how many are sad (2)

The image of the chubby baby weapon spirit appeared in Xia ruofei's mind. He held back his laughter and said,""Senior mu, you've gained something, so you won't be returning empty – handed!"

"What's the difference if 1 return empty – handed?" Mu Sheng smiled bitterly and then asked,"little brother Xia, how's your harvest? Did your talent improve?"

Xia ruofei shrugged and said,"it should be an improvement!" I didn't get any other treasures, so it should be an increase in my talent. However, I don't know how much my talent has improved compared to before ..."

Chapter 3706: Return (1)

Seeing Xia ruofei's dazed look, Lu You couldn't help but burst out laughing.""Don't just stand there! Actually, I already knew about it, I just wanted to see when you would admit it. I didn't expect you to be so stupid, a dignified Jindan stage senior, you were tricked by me with just a few words!"

Xia ruofei smiled bitterly and touched his nose.""When did you become so cunning?"

"Everyone is changing, isn't it?" Lu You suddenly felt a little emotional."Before I came into contact with the world of cultivation, 1 never thought that I would one day become like what I look like in Xianxia movies and television shows. I also never thought that the cruelty of the world of cultivation was far greater than that of the secular world. Until I met that golden core senior on that rainy night. From then on, my situation suddenly changed ..."

At this point, Lu You's eyes were a little blurry. She tried her best to open her eyes wide and look at Xia ruofei."Ruofei, thank you!"

Xia ruofei waved his hand."Let's not talk about this. When we met with that situation, even if we had nothing to do with each other, I would have helped. Besides, we're friends..."

"I'm honored ..."Lu You laughed and said.

"Don't say that!" Xia ruofei said,"I didn't want you to feel any pressure at that time, so I got Shen Hu to help me hide this. I hope you can understand!"

Lu You nodded heavily and said,""I know... But 1 never thought that you were also a cultivator, and that your achievements have already made me look up to you!" Chapter 2003: the great Tang!

Chapter 3708 - 3708: Everyone is happy (1)

Chapter 3708: Everyone is happy (1)

"When you come to the flying flower Valley, I'll definitely give you a meeting gift!" Liu Mansha said with a smile. Her love for Lu You was evident in her words.

Then, Liu Mansha turned her gaze to Shen Hu and smiled."Thank you too, sect Master Shen!"

Shen Hu was somewhat flattered and quickly said, "You're too polite! It's Lu You's good fortune that you accepted her. Our water Yuan sect is a small sect, and we've buried a talent..."

"Sect Master Shen, you must not undervalue yourself." Liu Mansha said seriously,"any sect, including... Our soaring Flower Valley, has developed from a small sect step by step. Moreover, sometimes, a genius disciple can revitalize the entire sect. With such an outstanding disciple like Lu You, why do you have to worry about the sect not flourishing?"

"Then 1'11 be counting on your blessings!" Shen Hu said,"Lu You is indeed very outstanding."

Liu Mansha smiled and said,"sect Master Shen, our two families can communicate more often in the future. If you are willing, I can also send disciples to the water element sect regularly for some cultivation exchange. You can even send some disciples to our soaring Flower Valley to cultivate. However ... Only female disciples!" You should know our rules."

“Of course! Of course!” Shen Hu was both surprised and delighted. He hurriedly said,”thank you, Valley master Liu!”

Everyone also congratulated Liu Mansha for accepting such a talented disciple. Although Lu You was unwilling to leave the water Yuan sect and was only Liu Mansha’s in – Name disciple, the soaring Flower Valley would obviously benefit from this relationship if Lu You really achieved something in the future. As Lu You’s teacher, Liu Mansha would benefit even more.

At this moment, Chen Nanfeng, who had been sitting in the corner of the garden, slowly opened his eyes. At the same time, a dozen more cultivators appeared at the entrance of the seven stars Pavilion.

“Good!” Chen Nanfeng laughed and said,”alright, the last few fellow Daoists have come out. The opening of the seven Star Pavilion ends here! I’m sure everyone has gained something, so I would like to congratulate everyone here!”

The cultivators didn’t leave after leaving the seven Star Pavilion. Before, they didn’t dare to disturb Chen Nanfeng, so they kept a distance from him and didn’t dare to make a sound to disturb him.

Chen Nanfeng was no longer in control of the seven Star Pavilion, so everyone walked up to him and thanked him.

A small number of cultivators had received the opportunity to improve their talents, and their hearts were filled with gratitude.

Xia ruofei and the rest also walked forward. When the Golden core stage cultivators walked over, the cultivators automatically made way for them.

“Sect leader Chen! Thank you!” Xia ruofei smiled.’Tve benefited a lot this time!”

“Haha!” Chen Nanfeng laughed and said,”the benefits you can obtain in the seven Star Pavilion will depend on your own abilities. The fact that nephew was able to gain something also means that you can obtain an Artifact Spirit. This has nothing to do with this old master.”

“If it wasn’t for sect leader Chen who gave everyone a chance to enter the seven Star Pavilion, 1 wouldn’t have gotten the chance to improve my talent no matter how capable 1 am!” Xia ruofei said with a smile.

What he said was right in the hearts of the cultivators, and they all agreed.

When more people heard Xia ruofei’s words, they realized that his talent had improved in the seven Star Pavilion. Everyone was secretly envious.

Among the cultivators who entered the seven Star Pavilion, only a small number of them had their talents improved. Most of them would only get some cultivation resources, and the worst would only get one Spirit stone.

In everyone's eyes, Xia ruofei was like a proud Son of Heaven. His entire body was emitting a dazzling Halo. Now that his talent had been further improved in the seven Star Pavilion, he was definitely someone else's child!

Chen Nanfeng smiled."Nephew Xia, let's talk in detail later. I don't have anything to do today. Let's have a drink or two." Sect leader mu and valley master Liu will also be participating. We're all old friends!"

"Is it convenient?" Mu Sheng asked with a smile.

"You're good, old mu. Haven't you been trying to leech off me? When did you ever feel like you were disturbing me?" Chen Nanfeng laughed and scolded.

It could be seen that his relationship with Mu Sheng seemed to be closer.

Of course, the female cultivators of the soaring Flower Valley had always been cold as ice, and the valley master Liu Mansha was also blunt towards male cultivators. It would be abnormal if she was also talking and laughing with Chen Nanfeng.

"Then we'll accept your invitation." Xia ruofei smiled and said,"sect leader Chen, you've worked hard for half a day. Go back and rest for a while. We'll talk again when we eat!"

"Good, good, good!" Chen Nanfeng said with a smile.

"Then this junior will take his leave!" Xia ruofei cupped his hands at Chen Nanfeng and said.

The other cultivators also said their goodbyes. Some of them left the first heaven society and returned to their own sects, while Xia ruofei and the others who had a closer relationship with the first heaven society stayed. They were not in a hurry to leave.

The news of Chen Nanfeng's breakthrough to the nascent soul realm would also spread throughout the cultivation world, including the first heaven society's generous offer to give all cultivators a chance to enter the seven Star Pavilion. It would definitely become a good story for a long time.

Xia ruofei and the rest also returned to their own courtyards to rest.

Originally, Xia ruofei wanted to continue studying the "black origin Scripture" when he had the time. He studied it for a short period of time in the seven Star Pavilion. The more he thought about it, the more he felt that this cultivation technique was interesting.

With his current cultivation level and knowledge level, he would definitely not care about a cultivation method like the “black origin Scripture”. Even if he needed to cultivate it, he would be able to successfully cultivate it easily, just like two days ago..

Chapter 3709 - 3709: Everyone is happy (2)

Chapter 3709: Everyone is happy (2)

However, after the tempering and baptism of the seven Star Pavilion, his talent had increased. He had actually seen many unusual details in this seemingly ordinary cultivation method.

These details all showed that this cultivation technique was not that simple. Perhaps its level and value were much higher than what it was showing now.

Xia ruofei was very interested in this technique that even the most ordinary disciples of the first heaven society could practice at will.

After returning to the small courtyard, Xia ruofei decided to spend more time studying the quiet environment. His instinct told him that he would find something interesting.

However, just as he sat down, he heard a knock on the door.

Xia ruofei smiled bitterly and raised his voice.””Just come in! The courtyard door isn’t locked!”

The door to the small courtyard opened with a bang. Xia ruofei walked into the courtyard and looked up. When he saw that it was Chen Xuan, he couldn’t help but smile and said,””Sect leader Chen is working so hard. Why didn’t you stay there to take care of the old master? what are you doing here?”

“I wanted to ask you how your harvest was!” Chen Xuan replied with a wide smile.

“I told you in the main hall just now. Your talent should have improved a little.” Xia ruofei said with a smile.

“I didn’t ask about this!” Chen Xuan asked,”what happened after that? When you went to the area of the Golden core cultivators, what magic treasure did you get?”

Even Chen Nanfeng wanted to know. He could not clearly sense the situation in the seven Star Pavilion, so he had no idea what magical treasure Xia ruofei had obtained. He only saw a golden light flying in Xia ruofei’s direction and knew that he had most likely obtained something.

Xia ruofei didn’t want to hide it. After all, he had gotten it from the seven Star Pavilion of the first heaven society.

Moreover, the flying sword was originally taken out by the chubby kid’s weapon spirit to deceive Xia ruofei. The real reward was naturally the seven stars order that controlled the seven stars Pavilion.

Hence, Xia ruofei took out the Golden flying sword from the spirit map and used his spiritual power to levitate it in front of Chen Xuan. He then said,””This is it. The quality is quite good!”

Chen Xuan glanced at the Golden flying sword and a look of surprise appeared on his face.”This is a dazzling golden flying sword! It’s said that it was a magic weapon of one of our first heaven society’s ancestors. I didn’t expect that it would also be accepted into the seven Star Pavilion, and that the artifact Spirit would actually recognize you and give you the dazzling golden flying sword!”

“Isn’t it all thanks to you for passing me the “black origin Scripture”? I’m guessing it’s because I cultivate this cultivation technique that the artifact Spirit sees me in a different light!” Xia ruofei said with a smile.

“Then shouldn’t you thank me properly?” Chen Xuan laughed.

“That’s a must! In the future, if brother Chen needs help, as long as it’s within my ability, I’ll definitely do my best to help!” Xia ruofei said.

“I’m just joking!”Chen Xuan quickly waved his hand. We, the first heaven society, owe you a big favor. Everyone has the opportunity to enter the seven Star Pavilion, but you’ll only be allowed to enter one more area for golden core cultivators. We can’t control what kind of magic treasures you can get. If you really want to count, we still owe you a favor!”

Following that, Chen Xuan could not help but burst into laughter.””That’s why we can’t calculate it clearly! Friends should help each other, why would they always care about gains and losses?”

“What brother Chen said makes sense!” Xia ruofei smiled and said,”then 1’11 find a chance to buy you a drink to thank you!”

“This is possible!” Chen Xuan laughed heartily.”Brother ruofei, I won’t disturb you any longer!” Have a good rest here, 1’11 get someone to call you when it’s time to eat!”

Chen Xuan was actually here on Chen Nanfeng’s orders. Chen Nanfeng also wanted to know what kind of Dharma Treasure Xia ruofei had obtained. If it was too inferior, it would not be enough to repay the favor. In that case, Chen Nanfeng would have to consider giving Xia ruofei more benefits.

During the meal, Mu Sheng, Liu Mansha, and the others were also there. Naturally, it was not convenient for Chen Nanfeng to ask. After all, none of them had entered the special area. Including Mu Sheng, they had only stayed in the small spaces of the seven Star Pavilion. Only Xia ruofei had received such treatment. How could he reveal this in front of everyone?

Now, Chen Xuan felt much more at ease. After all, the dazzling golden flying sword was quite famous in the first heaven society. The quality of this flying sword was quite high. Now that Xia ruofei had obtained it, the first heaven society could be considered to have returned the favor.

Chen Xuan was in a hurry to return home to inform his father, so he did not stay long at Xia ruofei’s place. After he had found out the truth, he immediately stood up and left.

After Chen Xuan left, Xia ruofei returned to his room and sat cross – legged on the futon. He began to study the mysterious origin Scripture that he was very interested in.

Xia ruofei’s expression was as calm as water, like an old monk in meditation. It was impossible for him to grasp the fleeting inspiration every time, so he was neither sad nor happy. He kept looking for an unusual answer in some details.

Time passed by unknowingly.

Xia ruofei suddenly opened his eyes and looked in the direction of the courtyard gate.

He wasn’t in a state of cultivation, and he was in the first heaven sect, so he couldn’t be completely unprepared.

Just as Xia ruofei opened his eyes, there was a knock on the door.

“Come in!” Xia ruofei said in a clear voice.

He stood up as he spoke. He did not feel any soreness in his legs after sitting for a long time, but his clothes were wrinkled. Xia ruofei tidied his clothes as he walked out of the room.

“Senior Xia, the young sect leader asked me to take you to dinner!” Zeng Qing, the managing disciple, pushed open the door and said to Xia ruofei respectfully.

Zeng Qing had become Xia ruofei’s exclusive service staff. The sect had not assigned him any tasks. His only mission was to ensure that Xia ruofei’s food and living conditions were well taken care of.

Xia ruofei smiled and nodded.”! understand. Please wait a moment. I need to change my clothes.”

“Yes!” Zeng Qing said quickly, then stood in the courtyard with his hands down and waited.

Xia ruofei returned to his room and changed his clothes.

He was still used to wearing the casual clothes of the secular world. He was definitely not used to wearing those loose Taoist robes. So these days, among a group of cultivators dressed in long robes, Taoist robes, and tight – fitting clothes, Xia ruofei, who was dressed in casual clothes, seemed to stand out.

However, he had this strength and status, so others naturally would not gossip behind his back.

Xia ruofei did not change out of his Taoist robe this time, but he changed into a more formal suit as a form of respect for Chen Nanfeng.

After changing his clothes, Xia ruofei followed Zeng Qing and returned to the Empyrean one Pavilion.

This Hall was also the place where the first heaven society received their guests.

When Xia ruofei arrived, Mu Sheng and Liu Mansha had already arrived a few minutes before him.

This time, none of them brought their disciples along and came to the banquet in person.

“Nephew Xia, come, come, come! We’re just missing you!” Chen Nanfeng, who was sitting at the head of the table, greeted him with a smile.

Xia ruofei cupped his hands.’Tm really sorry. I took some time to change my clothes. I’ve made all of you wait. I’m really sorry!”

“We’re not outsiders, so there’s no need to mind these formalities!” Chen Nanfeng chuckled and said,”come, come, come! Sit down and talk!”

Xia ruofei then walked to the empty seat and sat down.

Today's banquet was a little similar to the Imperial feasts in ancient imperial palaces. Everyone had a small table in front of them, and the dishes were naturally small portions for each person. Chen Nanfeng sat in the middle, Chen Xuan sat on the first seat on his left, and a golden core elder sat on the first seat on his right. Then, Mu Sheng, Liu Mansha, and the others sat.

Xia ruofei's seat was arranged beside Chen Xuan.

After Xia ruofei sat down, Chen Nanfeng raised his glass with a smile and said,""Everyone, let's have a drink together! The reason why I, Chen Nanfeng, could break through to the nascent Soul Stage was inseparable from the support of my old friends here for many years, especially nephew RUO Fei, who helped me at the critical moment of my breakthrough.. I will remember this kindness for the rest of my life! Let this first glass of wine express my gratitude to everyone!"

Chapter 3710 - 3710: RUO Fei's closed - door cultivation (1)

Chapter 3710: RUO Fei's closed – door cultivation (1)

Everyone raised their glasses and drank. After Xia ruofei finished his glass, he smiled and said,"Sect leader Chen, I should be the one to thank you! This time, I've witnessed the wonders of the seven Star Pavilion. It will be of great help to my future cultivation path!"

"Talent may sound illusory, but it has a vital influence on cultivation. Moreover, it's innate and there's almost no way to improve it. 1 have to say that the seven Star Pavilion is really a wondrous treasure! The senior who created the seven Star Pavilion is even more impressive!" Mu Sheng sighed.

Then, he couldn't help but sigh,'it's a pity that we didn't get the approval of the artifact Spirit! I'm already an old bag of bones, and that good – for – nothing son of mine is also ... Sigh!"

Liu Mansha smiled and said,"sect leader mu, didn't my disciple also fail to improve his talent?" This more or less depended on a bit of luck! Get over it!"

"That's easy to say!" Mu Sheng said dejectedly,"it's true that Valley master Liu's personal disciple didn't get the artifact Spirit's approval, but you took in an in – Name disciple! It's obvious that miss Lu's talent has improved greatly. You've struck it rich! Moreover, your talent has also been improved in the seven Star Pavilion. Compared to you, we've gained nothing!"

Chen Nanfeng was in control of the seven Star Pavilion at the time. He more or less knew about Mu Sheng and the others, so he was very clear about everyone's gains in the seven Star Pavilion. As for Lu You's situation, Chen Xuan had also reported it to him after the incident.

Chen Nanfeng chuckled."Brother mu, there's no need to be dejected over this. It's my fate if I get it or if 1 lose it. Although cultivators fight against the heavens and the earth and pay attention to going against the flow, sometimes an open mind is actually beneficial to cultivation."

"Brother Chen is right!" Mu Sheng nodded and said,"I really should be more open – minded ... Let's not talk about this. Come on! Let's drink! Today's biggest harvest is little brother Xia and valley master Liu, you two must drink a few more cups!"

"No problem! This junior is willing to risk his life to accompany the gentleman today!" Xia ruofei said with a smile.

Liu Mansha, who was in a good mood, also pursed her lips and smiled."The heavenly sect's fine wine is not something that can be easily tasted. Even if sect leader mu didn't say it, 1 would definitely drink a few more cups!"

Chen Nanfeng laughed heartily and said,"everyone must have a good time today! Wine! 1'11 have enough!"

This meal was a happy one for both the host and the guests. Everyone sat together and chatted about the past and the present while drinking. Even Xia ruofei felt very relaxed and carefree.

After the meal, Mu Sheng and Liu Mansha took their leave first. They were prepared to set off and return to the sect today.

However, Chen Nanfeng had left Xia ruofei alone. Even Chen Xuan had left.

Xia ruofei was a little nervous, but he still appeared calm. However, he was more or less on guard. After all, Chen Nanfeng was a nascent soul cultivator, and Xia ruofei had killed the first heaven society's elder Shen tianfang in the mystic Luna realm. He had to be extra careful.

Chen Nanfeng smiled and invited Xia ruofei to sit down at the coffee table. Then, he personally made the tea. Xia ruofei could tell at a glance that the tea Chen Nanfeng used was the most precious wild tea of the first heaven society.

When cultivators drank wild tea for the first time, there was a high chance that they would enter a mysterious state similar to enlightenment and start cultivating involuntarily. Moreover, their cultivation would be greatly improved. The production of this wild tea was extremely limited, so it was naturally extremely precious.

Chen Nanfeng must have known that Chen Xuan had treated Xia ruofei with wild tea before, but he still did not think it was a waste. It was obvious that Xia ruofei had a very high status in his heart. Chapter 2005: the final battle!

Everyone raised their glasses and drank. After Xia ruofei finished his glass, he smiled and said,"Sect leader Chen, I should be the one to thank you! This time, I've witnessed the wonders of the seven Star Pavilion. It will be of great help to my future cultivation path!"

"Talent may sound illusory, but it has a vital influence on cultivation. Moreover, it's innate and there's almost no way to improve it. I have to say that the seven Star Pavilion is really a wondrous treasure! The senior who created the seven Star Pavilion is even more impressive!" Mu Sheng sighed.

Then, he couldn't help but sigh,'it's a pity that we didn't get the approval of the artifact Spirit! I'm already an old bag of bones, and that good – for – nothing son of mine is also ... Sigh!"

Liu Mansha smiled and said,"sect leader mu, didn't my disciple also fail to improve his talent?" This more or less depended on a bit of luck! Get over it!" "That's easy to say!" Mu Sheng said dejectedly,"it's true that Valley master Liu's personal disciple didn't get the artifact Spirit's approval, but you took in an in – Name disciple! It's obvious that miss Lu's talent has improved greatly. You've struck it rich! Moreover, your talent has also been improved in the seven Star Pavilion. Compared to you, we've gained nothing!"

Chen Nanfeng was in control of the seven Star Pavilion at the time. He more or less knew about Mu Sheng and the others, so he was very clear about everyone's gains in the seven Star Pavilion. As for Lu You's situation, Chen Xuan had also reported it to him after the incident.

Chen Nanfeng chuckled."Brother mu, there's no need to be dejected over this. It's my fate if I get it or if 1 lose it. Although cultivators fight against the heavens and the earth and

pay attention to going against the flow, sometimes an open mind is actually beneficial to cultivation..”

"Brother Chen is right!" Mu Sheng nodded and said, "I really should be more open-minded ... Let's not talk about this. Come on! Let's drink! Today's biggest harvest is little brother Xia and valley master Liu, you two must drink a few more cups!"

"No problem! This junior is willing to risk his life to accompany the gentleman today!" Xia ruofei said with a smile.

Liu Mansha, who was in a good mood, also pursed her lips and smiled."The heavenly sect's fine wine is not something that can be easily tasted. Even if sect leader mu didn't say it, I would definitely drink a few more cups!"

Chen Nanfeng laughed heartily and said, "everyone must have a good time today! Wine! I'll have enough!"

This meal was a happy one for both the host and the guests. Everyone sat together and chatted about the past and the present while drinking. Even Xia ruofei felt very relaxed and carefree.

Chapter 3712: Return journey (1)

“Alright,” Chen Nanfeng said with a smile.”Since you’re so eager to go home, I won’t keep you.” However, if you have time in the future, come visit us more often. We will always welcome you!”

“Okay, thank you, Uncle Chen!” Xia ruofei said politely,”if there’s nothing else, Uncle Chen, then I’ll take my leave!” Also ... I’ll bid you farewell here ...” “Alright!” Chen Nanfeng smiled.

Xia ruofei bowed slightly to Chen Nanfeng, then stood up and left the main hall.

As soon as he stepped out, Chen Xuan came up to him.

“Brother RUO Fei!”

Xia ruofei smiled and said,”brother Chen, did you wait here just for me?” Is there anything I can help you with?”

“It’s nothing important. I’ve already finished my work, so I wanted you to stay here for a few more days. I’ve been so busy these few days that I didn’t have time to accompany you for a walk. This is neglecting our distinguished guest! I’ve been feeling bad about this!” Chen Xuan chuckled.

Xia ruofei laughed and said,”brother Chen, you’ve already specially sent a Deacon – Level disciple to serve me. How can you call this a neglect?!” The heavenly sect’s hospitality is way too high! Since you’re here, I was going to look for you!”

“Brother ruofei, what’s the matter?” Chen Xuan asked.

“Nothing much, I just wanted to say goodbye to you. 1 should go back now that this matter is over. There are a lot of things to deal with!” Xia ruofei said with a smile.

“Why are you in such a hurry to return?” Chen Xuan asked anxiously. I said I’d do my best as the host!”

Xia ruofei spread his hands and said,”I have no choice. You know that I’m busy with worldly affairs. Unlike you all, I have to concentrate on cultivation. Not only do I have to cultivate, but I also have some matters of the secular world to attend to!” I’ve already reached my limit by coming out for a few days.”

Chen Xuan did not know whether to laugh or cry,”brother ruofei, even though the world of mortals trains one’s heart, you can’t possibly live like an ordinary person in the secular world! With your current cultivation, you’re one of the top figures in the world of cultivation. You have to change your attitude as soon as possible! Those companies, money... And such things don’t mean much to us.”

Xia ruofei said helplessly,”isn’t that so?” However, I’m not just doing this for the money. After all, I have so many comrades, brothers, friends, and employees. I can’t just quit just because 1 don’t want to. 1 have to consider everyone! Let’s not talk about this, I really need to go back as soon as possible. Let’s have a drink together next time!”

“Alright then!” Chen Xuan laughed bitterly. Since that’s the case, 1 won’t keep you...”

Xia ruofei nodded and said,”yes!” I’ll go back and pack up, then I’ll leave. I’ve already said goodbye to sect leader Chen!”

“You can just tell my father. I’ll definitely send you off!” Chen Xuan said,”let’s go! I’ll go back with you to pack your things first.”

Xia ruofei could only nod his head and chat with Chen Xuan as they walked. Soon, they arrived at the courtyard where Chen Xuan was staying.

Actually, Xia ruofei had put all of his things back into the spirit map space after he was done with them. Although he had stayed here for a few days, he did not have many personal belongings and had finished packing in a few minutes.

Just as Xia ruofei was about to leave, there was a knock on the door.

“Come in!” Xia ruofei said in a clear voice.

The door to the courtyard was pushed open. It was Shen Hu and Lu You who had come to visit.

Sect Master Shen, Lu You, you haven’t gone back yet?” Xia ruofei smiled.

“We were also preparing to leave today. We heard that Mr. Xia was going back, so we came to relax!” Shen Hu said with a smile.

“Alright,” Chen Nanfeng said with a smile.”Since you’re so eager to go home, I won’t keep you.” However, if you have time in the future, come visit us more often. We will always welcome you!”

“Okay, thank you, Uncle Chen!” Xia ruofei said politely,”if there’s nothing else, Uncle Chen, then I’ll take my leave!” Also ... I’ll bid you farewell here ...” “Alright!” Chen Nanfeng smiled.

Chapter 3714 - 3714: An unexpected discovery i

Chapter 3714: An unexpected discovery i

When she heard that Xia ruofei had taken the initiative to offer crystals to help Chen Nanfeng, and that Chen Nanfeng had successfully broken through, Ling Qingxue couldn't help but exclaim,""Ruofei, are you stupid? What good would it do you to help him break through to the nascent Soul Stage?"

Xia ruofei smiled and said,"the situation was quite dangerous at that time. If there was no timely supply of spiritual energy, it might not be as simple as a failed breakthrough. The huge backlash would cause great harm to the cultivator. If one was unlucky, they might even lose their life." "So?" Ling Qingxue shrugged.

"Chen Xuan is my good friend. I can't just sit by and do nothing." Xia ruofei said,"even though I don't have much of a relationship with sect leader Chen, and 1 always felt that sect leader Chen's attitude towards me was unclear, and sometimes i even felt a sense of danger, 1 still had to help in that kind of situation."

Xia ruofei paused for a moment and continued,""Furthermore, to them, 1 have a master who might be in the immortal soul Stage. I have always had sufficient cultivation resources, so everyone knows that I have the ability to fork out crystals to help sect leader Chen. If I don't do anything, my friendship with Chen Xuan will definitely be gone."

"It seems like you still care about your relationship with Chen Xuan." Song Wei pursed her lips and laughed."You're not wrong in doing this. Saving a life is better than building a seven – story Pagoda!"

"Wei Wei, the world of cultivation is very cruel." Ling Qingxue said,"if you don't believe me, you can ask RUO Fei. Other than him, who else offered to help?" I'm sure that a large portion of those who congratulated Chen Nanfeng after the incident couldn't wait for him to fail!"

Ling Qingxue and Xia ruofei had experienced the mystic realm together on the moon. She clearly had a more direct understanding of the cruelty of the world of cultivation than Song Wei.

Xia ruofei smiled."It's already happened. Let's not talk about it. 1'11 continue."

"Yes, yes, yes, continue!" Song Wei said,"you haven't told me why you're so happy! Don't tell me you're happy because of Chen Nanfeng's breakthrough! "

Ling Qingxue looked at the two of them helplessly and didn't say anything else. It was just as Xia ruofei had said, everything that had happened had already happened. There was no point in saying anything more.

Hence, Xia ruofei continued to talk about the seven Star Pavilion.

Xia ruofei told his two confidants about his research on the mysterious origin Scripture, his entry into the seven stars Pavilion, his talent improvement, and the seven stars order in detail.

Ling Qingxue had also forgotten about what had just happened, and was listening with great interest with Song Wei.

The seven Star Pavilion was indeed a rare treasure. Xia ruofei's experience in the seven Star Pavilion was indeed fascinating, especially the process of obtaining the seven Star token. It was full of ups and downs.

Of course, Xia ruofei still hid a little. In fact, he did not mention a detail. That was, the reason why the chubby baby weapon spirit decided to give the seven stars order to Xia ruofei was that the seven stars order fragment in the spirit map space had a certain effect, but Xia ruofei did not mention a word about this.

After all, the origin of this seven stars order fragment was a little bloody. Even though it wasn't his fault, he didn't want Song Wei and Ling Qingxue to experience the cruelty of the cultivation world again.

Ling Qingxue looked at Xia ruofei and said,""In that case, talent really is very important!"

Chapter 3715 - 3715: Great improvement in cultivation level (1)

Chapter 3715: Great improvement in cultivation level (1)

Xia ruofei himself could not help but be slightly stunned. He stared at the lines on the back of the seven stars order and took a closer look.

However, when he really looked at it seriously, that faint sense of familiarity disappeared.

Xia ruofei felt that this was like looking at naked – Eye 3D pictures when he was young. He had to stare at the picture until he was drowsy before the picture would slowly start moving and finally form a three – dimensional picture. However, when he was happy and focused on it, the picture would immediately return to its original state.

3D image?

After Xia ruofei had this thought, he couldn't help but have an idea.

He quickly picked up the seven stars order and put it in front of his eyes. Then, he stared at the seven stars order in the same way he used to look at naked – Eye 3D pictures when he was a child.

The 3D effect was actually created by the position difference between the two eyes.

Xia ruofei was now a practitioner. Naturally, he did not need to constantly search for the feeling of drowsiness like when he was young. He could easily multitask. The angles of the images collected by his two eyes were different. If he multitasked, he could quickly create the so – called 3D effect.

The pattern on the back of the seven stars order also started to move in Xia ruofei's vision.

Of course, it didn't form a three – dimensional effect. It just moved and some lines that were originally unrelated were connected again.

This would naturally form a new pattern.

When the new pattern became clear, Xia ruofei found the familiar feeling again.

He immediately memorized this picture.

Then, Xia ruofei quickly used his spiritual power to draw the pattern.

The spiritual energy remained in the air, forming a pattern invisible to the naked eye.

This image was exactly the same as the one Xia ruofei had created with his naked eyes.

Naturally, Xia ruofei could see the image that he had created with his spiritual energy.

He sat cross – legged on his bed and began to study the new pattern seriously. Chapter 2008: the king of Chambord!

Xia ruofei himself could not help but be slightly stunned. He stared at the lines on the back of the seven stars order and took a closer look.

However, when he really looked at it seriously, that faint sense of familiarity disappeared.

Xia ruofei felt that this was like looking at naked – Eye 3D pictures when he was young. He had to stare at the picture until he was drowsy before the picture would slowly start moving and finally form a three – dimensional picture. However, when he was happy and focused on it, the picture would immediately return to its original state.

3D image?

After Xia ruofei had this thought, he couldn't help but have an idea.

Chapter 3717 - 3717: Late - Stage golden core (1)

Chapter 3717: Late – Stage golden core (1)

At this time, it was already late at night with a bright moon and few stars, and the Peach Blossom Island was completely silent.

Song Wei and Ling Qingxue, who were in the room next door, had already finished their cultivation and entered Dreamland. In one of the rooms downstairs, Li Yifu was still meditating and cultivating. After he had broken through to the Golden core stage, he worked even harder in his cultivation. In addition, he didn't have much sleep and was busy with some daily affairs during the day. He only had a large amount of time to cultivate at night, so he often cultivated until the latter half of the night.

No one noticed that the spiritual Qi of the Peach Blossom Island was slowly gathering in the room where Xia ruofei was in seclusion.

That was because Xia ruofei had once again devoted himself to cultivation. This time, his goal was clear – to break through to the advanced stage of the Golden elixir realm in one go.

In fact, no matter where Xia ruofei cultivated, he would use purple origin crystals directly. They were much purer than ordinary origin crystals and naturally, the efficiency of absorbing spiritual energy was greatly improved.

Even so, he would still be able to absorb the spiritual energy from the outside world during the cultivation process.

Especially since the Yan Huang building on Peach Blossom Island was supported by two formations, the concentration of spiritual Qi was extremely high. Hence, it was easier for Xia ruofei to absorb it.

As he completed the Qi circulation, Xia ruofei's feeling of satiation became stronger.

However, he had been suppressing it and did not rashly attempt to break through the bottleneck.

He knew that the bottleneck from the middle stage to the late stage of the Aurous core stage was extremely difficult to overcome.

It might not be as difficult as breaking through to the original level, but it was not as easy as eating and drinking.

It should be known that cultivators like Mu Sheng and Liu Mansha, who were extremely talented and had endless opportunities, and were also the sect leaders and valley Masters of first – Class sects, would not lack personal cultivation resources. However, they were still in the middle stage of the Golden core realm, and how many years had they been

trapped in this realm? Even in Mu Sheng's case, there was basically no hope of further improvement in his lifetime.

It was clear that breaking through to the late – Stage of the Aurous core stage was not an easy task.

Hence, Xia ruofei was very patient. He even suppressed his Yuan Qi on purpose and tried to compress it in his dantian.

The "great Dao technique" was obviously the most suitable for Xia ruofei. When he used this technique, he was the most comfortable. It was A Dangerous Method to compress such a huge amount of primordial Qi in his dantian. However, because he was cultivating the "great Dao technique", it was still relatively easy for him.

Xia ruofei's face was emotionless, and his mind was empty. The only thought in his mind was to continuously circulate his cultivation technique and absorb spiritual Qi. At this time, it was already late at night with a bright moon and few stars, and the Peach Blossom Island was completely silent..
