

## God tier Farm 1011

### Chapter 1011: A new olive branch (1)

Song Rui's face was a little red, which was a rare sight. He was at a loss as Zhuo Yiyi hugged him tightly. He didn't dare to put his hands on Zhuo Yiyi's body, and he kept saying, "Calm down ... Calm down ..."

Xia ruofei and Song Wei laughed as they watched the show.

Song Wei felt that her best friend was about to fall into a trap. However, she was also hesitating whether she should remind Zhuo Yiyi in private. After all, song Rui did not use any dirty tricks. He was pursuing her seriously, and she did not seem to have any reason to stop him.

Moreover, song Rui was his elder!

Of course, Song Wei also knew that even if Zhuo Yiyi and song Rui were together, the road ahead would still be very bumpy and full of obstacles.

Therefore, Song Wei was in a dilemma.

Of course, she didn't want to think too much about it for now. Seeing how happy Zhuo Yiyi was, Song Wei was happy for her from the bottom of her heart. Moreover, from now on, the two of them would be staying in Beijing. Song Wei was going to continue her postgraduate studies, while Zhuo Yiyi would be working at the Yanjing Museum. This was something to be happy about.

Zhuo Yiyi also realized that her actions were a little inappropriate, so she quickly let go of song Rui with a blushing face.

However, she quickly asked curiously, "Uncle, what does your friend do? Isn't this a little too powerful!"

"He has some connections in the cultural system," song Rui said with a faint smile. I say, student Zhuo Yiyi, it seems like it's time for you to go through the security check. It's almost time to board ..."

Zhuo Yiyi waved her hand and said, "why are we boarding?!" I'm going straight to Beijing. Officer Hu just said on the phone that I'll report to work tomorrow!"

As such, Xia ruofei and the other two did not know whether to laugh or cry as they accompanied Zhuo Yiyi to the check – in counter to return their boarding pass. They returned their ticket status to "open", then went through the ticket change procedures and chose the same airline as them for the nearest flight to the capital city.

As the flight that Zhuo Yiyi had booked was about to take off, changing their flight ticket at this time would definitely cost them some money. However, Zhuo Yiyi was still immersed in the great joy of recovering what she had lost, so why would she care about such a small loss?

Her luck was good. There were still empty seats on a flight that took off in an hour, so she successfully signed in for this flight.

After exchanging for the boarding pass for the new flight, Zhuo Yiyi directly passed through the security check and went to the waiting room to wait.

Xia ruofei and the other two stood behind the yellow cordon and watched as Zhuo Yiyi passed through the security check. She waved at them and walked towards the departure hall.

Song Rui was still looking at Zhuo Yiyi's back, lost in thought. Xia ruofei chuckled and said, ""Young master Song, you still can't bear to leave? Do you want to book a plane ticket and chase after them?"

Song Rui dodged his eyes and pretended to be disdainful. ""I don't even know what you're talking about!"

Xia ruofei and Song Wei both laughed without saying a word. Song Rui felt even more embarrassed and said loudly, ""Hey, what's with your expressions?"

"It's fine, haha ..." Xia ruofei said, "let's go!" I'll send you back to the city!"

Just as the three of them walked out of the departure hall of the airport, Xia ruofei's mobile phone vibrated in his pocket. He took it out and saw that it was Mr. Tang He.

Hence, Xia ruofei gestured to Song Wei and song Rui and answered the call at the same time.

"Hello, old Mr. Tang!" Xia ruofei said with a smile.

Tang He laughed heartily and said, "are you busy, ruofei?" I've already reached the three mountains!"

Xia ruofei was stunned. He was very surprised. He asked, ""You ... Didn't you say you'd come tomorrow? Did I remember the time wrong?"

"I've finished my business in Hong Kong in advance. "Tang He laughed out loud. I didn't say anything before coming, you were a little caught off guard ..."

Xia ruofei smiled. "That's not the case. I'm just a little surprised. By the way, Mr. Tang, which hotel are you staying at?" I'm here to pay you a visit. "

"I just got off the plane!" Tang He said with a smile.

"Oh, really? What a coincidence!" Xia ruofei could not help but widen his eyes. "I'm at the airport too!"

"Oh? It seems that we are really fated to meet!" Tang He could not help but laugh.

"Where are you now, Mr. Tang?" Xia ruofei asked.

"I took a private jet here ..."

"I understand, I'll be right there!" Xia ruofei said.

After hanging up the phone, Xia ruofei said to Song Wei and song Rui apologetically, ""A business partner is here, I'm sorry!"

"It's okay, we'll just take a taxi back to the city," Song Wei replied immediately.

Xia ruofei quickly said, "there's no need for that. He just got off the plane. I'm going to meet him. We'll talk about the details back in the city. You can just take my car. Just wait for me for a while."

"We're really fine. We can take a taxi back. " Song Wei thought that Xia ruofei said that because he felt that it would not be good to leave them behind.

"Song Wei," song Rui pouted,"there's no need to be so polite with this guy. Let's go. Get in the car!"

Xia ruofei laughed."Did you see that? young master Song is getting more and more domineering. Song Wei, you should learn from him."

"I'm not learning!"Song Wei said.

The three of them chatted and laughed as they got into the car in the parking lot. Xia ruofei drove the Knight XV to the entrance of a building next to the terminal.

?

Chapter 1012: A new olive branch (2)

Private planes were all accessed from this passageway.

Sure enough, not long after Xia ruofei's car stopped, he saw a group of people walking out with Tang He.

Tang He was wearing a white silk Tang suit. His silver hair made him look energetic and vigorous. He walked with vigor and vigor, not like an old man at all.

Xia ruofei greeted Song Wei and the other woman. Then, he immediately opened the car door and got out of the car. He went up to them.

Tang He also saw Xia ruofei from a distance. With a warm smile on his face, he strode towards him.

"You look great, old Mr. Tang!" Xia ruofei greeted him with a smile.

"Hahaha! RUO Fei, we meet again!"

Tang He shook hands with Xia ruofei and then asked,""Have you prepared the Phoebe zhennan wood?"

Xia ruofei smiled and nodded."The timber is ready. But I thought you would arrive tomorrow. I don't know how the preparation for the warehouse is going." Why don't you go to the hotel first, and I'll go to confirm the wood. I'll call you when I'm done. "

"Okay, okay, thank you for your hard work!" Tang He nodded.

In fact, the two logs of wood were still lying in the spirit map space! Xia ruofei was worried that Tang He would suggest to look at the materials directly, so he said that.

Fortunately, Tang He did not doubt it and agreed to Xia ruofei's proposal.

"By the way, Mr. Tang, it must be dark by the time we get back to the city. Are you sure you want to look at the wood all night?" Xia ruofei asked.

After all, the lighting at night was not very good, so under normal circumstances, such precious wood would definitely not be stored at night.

"I can see it tomorrow ... But I can't wait to see it, haha!" Tang He said after some thought.

Xia ruofei quickly said, "tomorrow morning then!" You've had a hard journey. Take a good rest when you get back to the hotel. I'll also need to make some arrangements for the warehouse. "

"Alright! I'll listen to you!" Tang He said with a smile, "take my car back! Let's have a good chat on the way ..."

Xia ruofei's expression changed and he said, embarrassed, ""Mr. Tang, I have two friends who came to see you off. They're in my car! Do you want me to visit you at the hotel after I've made the arrangements?"

Tang He laughed heartily and said, "sure!" Then, ruofei, you can go ahead with your work! We'll talk again tonight!"

So, Xia ruofei and Tang He stood by the roadside and talked for a while. After he sent Tang He to his car, he returned to his own.

Xia ruofei started the car again. Song Rui, who was sitting in the back seat, looked forward and asked curiously, ""Why does that old man look so familiar?"

Xia ruofei glanced at song Rui and said, ""He's one of the top 500 richest people in the world, don't call him an old man. "

"World's top 500?" Song Rui couldn't help but exclaim in surprise.

In China, the world's top 500 companies could be counted on one's fingers, and the bosses of these companies were all rich people with more than 10 billion Yuan in assets.

Xia ruofei smiled and said, "you know the United States shengbang group, right?" The old man you're talking about is the founder and chairman of shengbang group, Mr. Tang He!"

"I'll go!" Song Rui couldn't help but swear. "Shengbang group is ranked very high among the top 500 companies! You actually have business dealings with Tang He?"

Song Wei smiled and added, "and it seems like they have a good relationship!" Student ruofei, you're amazing!"

Xia ruofei chuckled. "It's nothing much. It's just a coincidence that I've had some interactions with Mr. Tang."

Along the way, song Rui kept asking and Xia ruofei could only tell him about his relationship with shengbang group.

Of course, he did not mention anything about the Phoebe zhennan wood. He only said that his farm in Australia was developed in cooperation with Tang He.

Even so, song Rui and Song Wei were already very surprised and envious.

Song Rui was now working in his family's business, so he was well aware of the terrifying financial power of shengbang group.

Song Rui had known Xia ruofei since the beginning of the Paradise Corporation. He had watched the company grow.

Now that paradise Corporation could actually cooperate with shengbang group directly, song Rui couldn't help but feel a little emotional.

Xia ruofei sent Song Wei home and asked with a smile, ""Young master Song, are you going home or are you going to the hotel to get your car?"

"Let's go to the hotel!" Song Rui said without thinking.

Then, he felt Xia ruofei's meaningful gaze. He immediately remembered that he had said that his car had been sent for repair in the afternoon.

However, other than being a little shy in front of Zhuo Yiyi, song Rui was quite thick – skinned most of the time. He was only slightly embarrassed for a few seconds before he immediately said as if nothing had happened, ""Let's go! Don't tell me you can't bear to part with my niece? He's already inside!"

Xia ruofei couldn't help but laugh. "You're just making bogus accusations!" He scolded.

Song Rui could not help but laugh.

Xia ruofei took out his phone and read the message that Tang He sent him on the way. He did not have time to read it as he started the car.

Seeing the hotel information in Tang He's text message, Xia ruofei couldn't help but be stunned for a moment, and then he couldn't help but laugh.

It turned out that Tang He was staying at the Shangri – La hotel. Today's incident was really a coincidence.

However, this was also good. It saved him the trouble of going back and forth.

Xia ruofei drove to the Shangri – La hotel and parked his car. Song Rui greeted him and went to get his car. Xia ruofei shouted behind him, ""Hey! Don't forget to return my clothes!"

"I know!" Song Rui said without turning his head.

"Remember to dry clean it before giving it to me!" Xia ruofei called out again.

Song Rui still did not turn around and waved his hand. Xia ruofei could not help but smile bitterly and shake his head. "This unreliable guy ..."

He also jumped out of the car, locked it, and walked into the hotel.

Tang He stayed in the Presidential Suite on the top floor. The elevator in the Presidential Suite was set up individually and could not be entered without permission. Xia ruofei called Tang He and a capable middle – aged man came down to pick him up.

When Xia ruofei arrived at the Presidential Suite, Tang He had already changed into a loose set of home clothes. He was wearing the hotel's shoes and holding a glass of red wine as he stood in front of the window, overlooking the night view of the three mountains.

Seeing Xia ruofei come in, Tang He immediately greeted him with a smile, ""RUO Fei, come, come, have a drink with me!"

Then, Tang He personally poured a glass of red wine for Xia ruofei.

“Thank you, Mr. Tang!” Xia ruofei said with a smile and took the glass.

The two came to the spacious living room and sat down on the sofa. Tang He smiled and said, “It’s been hard on you this time for the Phoebe zhennan wood! Ruofei, thank you!”

“You’re too polite!” Xia ruofei smiled and said, “I have money to earn too!”

Tang He laughed and said, “good wood is now in high demand!” You might not be able to buy it even if you have the money ... By the way, you went to Australia some time ago? How’s the farm?”

“It’s pretty good!” Xia ruofei said, “brother Liang has taken care of the farm well. He should have reported to you, right? The experimental planting of paradise vegetables in Australia has been successful, and the next step will be to start large – scale planting. The prospects of this area are still very good!”

“Alright! I’m also very optimistic about it!” Tang He said with a smile, “originally, I bought the farm just to have a place to raise horses and have a vacation. Now it seems that the field of agricultural products is also promising, but the scale of this farm is still a little small ...”

Xia ruofei could not help but smile bitterly. Paradise Farm was still small. It was equivalent to hundreds of Paradise Farms. But on second thought, in the eyes of a world – Class rich man like Tang He, such a farm was indeed just a small business, just for fun.

Tang He then asked, “ruofei, are you interested in expanding the farm?” Or in the United States! There are also many ranches in the Western part of the United States if you are interested in working together, we can buy a larger Ranch together! Don’t worry about the funds, I can help you pay for it!”

?

Chapter 1013: a scare (1)

Some time ago, Liang Qichao did report to Tang He about the recent situation of Paradise Farm. In addition to the success of the peach Garden vegetable experiment, Tang He was more interested in another thing that Liang Qichao reported to him.

Xia ruofei had a close relationship with Tang Yitian, the founder of the Australian retail giant, Maya Group. With the support of Maya Group, Paradise Farm basically didn’t have to worry about sales in Australia.

Tang He did a simple calculation. Paradise Farm, which was 6000 hectares in size, was one of the better farm resources in Australia due to its rich water source. After deducting the horse farm facilities, artificial lakes, and farm infrastructure land, the area that could be applied for for planting paradise vegetables was at least 4500 hectares.

Taking tomatoes as an example, if greenhouse plants were used to cover such a large area and the planting time was staggered to ensure a stable supply every month, the production capacity could reach at least 20000 tons.

At present, the price of Taoyuan vegetables in China was about 150 yuan per kilogram. If it was sold in Australia, the price would definitely be higher. According to the exchange rate, it would be at least 30 Australian dollars per kilogram.

In other words, if the production capacity was sufficient, Paradise Farm's monthly production of 30000 tons could reach a terrifying figure of 600 million Australian dollars, equivalent to 475 million US dollars.

Of course, the production costs, labor costs, maintenance costs, transportation costs, and taxes in Australia were relatively high. The actual net profit might reach the level of 100 to 200 million US dollars.

Even Tang He, who owned tens of billions of US dollars in assets, could not underestimate this profit level.

After all, the farm was only purchased for tens of millions of us dollars. Just because of Taoyuan vegetables, it became such a high – Quality asset, which really made Tang He look at it with surprise.

Of course, the most important factor to achieve the above profit level was the average Price of Paradise vegetables at 30 Australian dollars per kilogram.

After all, the normal price of vegetables in Australia was about 5 Australian dollars per kilogram. 30 Australian dollars was definitely a high price.

However, Tang He had personally tasted paradise vegetables before. He knew very well that these vegetables and fruits of Paradise company had great potential. He personally judged that it should not be a problem to sell them at a price far higher than ordinary vegetables.

Even for Tang He, who was worth tens of billions, such a farm was a very good asset, so he was a little moved and hoped to continue to expand the cooperation with Xia ruofei. It would be best to adopt a similar model in the United States and continue to develop high – end agricultural industry.

Xia ruofei fell into deep thought. After a long while, he said apologetically, "Mr. Tang, I'm really sorry, but our company doesn't have any plans to expand overseas for the time being. Our company is expanding too fast now, so our next step is to take things slowly and steadily ..."

Xia ruofei had done the same thing as Tang He. He was well aware of the amazing profits of the overseas farms.

But correspondingly, the investment was also quite shocking.

To ensure a stable supply of vegetables every month throughout the year, even in Australia, where winter was very warm, a greenhouse was still needed.

With a planting area of more than 4000 hectares, the investment in the greenhouse alone was an astronomical figure.

Of course, Paradise Farm also invested gradually, building and planting in batches, so they could use the early profits to invest again.

In other words, the amazing profits on paper might not turn into real gold and silver in the short term. The dividends in the early stage should be very small because most of the profits would be invested in the construction of infrastructure.

The construction and labor costs in Australia were much higher than in China, so although the investment had not been clearly calculated, it must be very large.

If he wanted to continue developing the farm, he would have to invest more money. Although Tang He said he could pay for it, Xia ruofei did not want to owe anyone. After all, this was not something he was in a hurry to do. There was no need to take such a big step.

Of course, the most important point was that no matter if it was Paradise Farm or Paradise Farm, the core competitive strength was paradise vegetables, which was the “technical power”. So, from the bottom of his heart, Xia ruofei did not want to continue to use the cooperation model.

Paradise Farm was a special case.

After the initial accumulation, Paradise Farm would continue to generate profits. By then, Xia ruofei, who had mastered the core “technology”, could totally do it alone. Why would he want to share the profits with others?

Of course, Xia ruofei could not say this out loud, or it would hurt their relationship.

Tang He was also a little disappointed. He said, “That’s such a pity ...”

In fact, Tang He also knew that when Xia ruofei’s company was still small, it was already very lucky to be able to cooperate with Xia ruofei to develop Paradise Farm at a certain price.

He knew that with a resource like paradise vegetables in his hands, as long as there were no problems with the confidentiality of paradise vegetables, their future prospects were limitless. If it were him, he would definitely not be willing to cooperate with others.

Therefore, Tang He proposed the cooperation with the intention of giving it a try. Xia ruofei’s rejection was also within his expectations.

Moreover, the main business of a GIANT consortium like Tang He’s shengbang group was not agricultural products. Although it was a pity that they could not cooperate, Tang He was not angry.

?

Chapter 1014: a scare (2)

In the eyes of these super – rich people, money was endless, and no one could monopolize all the industries.

Tang He quickly adjusted his mentality and said with a smile, ""RUO Fei! I heard that you later bought a winery in Australia, and it's not a small one at that?"

Tang He knew about Xia ruofei's acquisition of West Winery and had even loaned some money to Xia ruofei. He even gave him some advice to set up an offshore company.

Later on, Xia ruofei's Robinson's Golden Oak winery was in a desperate situation. In the end, they begged Xia ruofei to buy it. It was Liang Qichao who mentioned it in passing when he reported to Tang He.

"It's a little bigger than West Winery, but it's definitely not worthy of your attention!" Xia ruofei said with a smile.

"Our shengbang group also has some red wine sales business," Tang He said with a smile. "We have good channels. We can work together if there's a chance!"

Xia ruofei nodded happily and said, ""That's great! Mr. Tang, the wineries under my name may undergo a transformation. West wineries mainly produce Semillon white wine, and Golden Oak wineries should also focus on Semillon before they have a better choice. "

"Alright! The Hunter Valley's Semillon is world – renowned. " Tang He said with a smile, "I heard from Qi Chao that you're going to improve the quality of your grapes. I'm looking forward to your wine!"

After seeing Taoyuan vegetables, Tang He was very confident in Xia ruofei's company's ability to improve crops. He also believed that Xia ruofei would not remove the grapes that had been growing in the winery for many years and re – Plant them. He knew that Xia ruofei must be very confident.

"I'll invite you to try the first batch of wine next year!" Xia ruofei smiled.

"Hahaha! "Good, good, good ..." Tang He said happily.

Xia ruofei thought for a while and went straight to the point. ""Mr. Tang, I've already made arrangements for the warehouse. What time are you free tomorrow? Let's meet at the warehouse!"

" 9 a.m. Then!" Tang He nodded. I'll head over after I've had breakfast. RUO Fei! I really can't wait! I really want to go there overnight to see the wood you helped me find. "

Xia ruofei smiled and said, "don't worry!" The wood won't fly away in the warehouse, so we'll be able to see it more clearly tomorrow, right?"

"Hahaha! Alright, I'll listen to you!" Tang He said with a bright smile.

Xia ruofei chatted with Tang He in his Presidential Suite for a while before he got up and returned to Paradise Farm.

.....

The next morning, Xia ruofei finished the breakfast that Hu 'Zi's mother had prepared for him. After saying goodbye, he drove away from the farm.

Xia ruofei arrived at the warehouse he had rented in the city at around 8:30.

With a thought, he took out two pieces of Phoebe zhennan wood that he had prepared earlier from the medium.

To Xia ruofei, this warehouse was like a transit point, including the Drunken Eight Immortals wine and other large items that were not convenient to take out from the space. It was a good cover for him to transit here.

That day, after Xia ruofei brought the truck to transport the Ironhide vessel strips back to the farm, he returned to the warehouse in the afternoon and stored the new wine sent by the winery in the space.

Therefore, the warehouse was now empty, and there was no problem in storing two thick and strong pieces of Phoebe zhennan wood.

Three days in the outside world was equivalent to three months in the Archean realm.

Xia ruofei took out a tape measure and measured it. In the past three months, the diameter of the core had increased by another two centimeters, reaching 1.02 meters. The state of the entire wood was almost perfect.

He raised his hand and looked at his watch. There was still about half an hour before the appointed time.

Xia ruofei had an idea. He took out a tea set, a picnic chair, a power strip, and other things from the medium. He plugged in the power from the wall and connected the electric kettle. Then, he took out a drinking bucket from the medium. It was filled with the Spirit pool water.

After stuffing the water pipe into the bucket, Xia ruofei pressed the switch and the spiritual pool water was automatically drawn into the kettle to heat up.

He took out a small box of top – grade Da Hong Pao from his storage space.

After the water was boiled, Xia ruofei first used the boiling water to heat up the tea set. Then, he used a wooden spoon to scoop an appropriate amount of tea leaves and put them into the purple clay teapot. He began to make tea in this simple warehouse.

Xia ruofei was already very familiar with the process of making tea. In a short while, the warehouse was filled with the alluring fragrance of tea.

Xia ruofei sipped his tea as he waited.

After a few baths, Xia ruofei poured out the tea leaves from the pot, washed them with hot water, and added new tea leaves.

Just then, the sound of a car was heard from outside the warehouse.

The door of the warehouse was not closed. Xia ruofei calmly poured the hot water into the purple clay teapot and then looked up.

An extended Bentley slid to the entrance of the warehouse. A middle – aged man in a suit and leather shoes got out of the car and opened the door. Tang He and another middle – aged man in his fifties, who was also wearing a Tang suit, got out of the car.

Xia ruofei poured away the first cup of tea and then stood up to welcome him.

"You're very punctual, old Mr. Tang." Xia ruofei said with a smile.

Tang He also laughed and said, "punctuality is one of the most important qualities of a businessman!"  
RUO Fei, the wood is ready ... Eh? This tea is so special!"

Xia ruofei smiled and said, "I was making tea here alone!" Mr. Tang also studied tea leaves? How about coming over to have some tea together?"

"Great!" Tang He said happily. This should be the fragrance of Da Hong Pao!"

"Please come in!" Xia ruofei made an inviting gesture.

After entering the warehouse, Tang He's eyes first fell on the two thick logs of wood. His eyes lit up and he asked, "This must be the Phoebe zhennan wood that you helped me find! It doesn't look much different from the last one ..."

"These two pieces of material took a lot of effort to find. I hope you'll be satisfied!" Xia ruofei said with a smile.

Tang He nodded slightly, then turned to look at the middle – aged man beside him and said lightly, "Ah – Zhong, go and take a look at the material!"

"Yes! Master Tang!" The middle – aged man in the Tang suit, ah – Zhong, said respectfully.

Then, he put on white gloves, took out a flashlight, a magnifying glass, and other tools, and walked straight to the two pieces of material.

Tang He smiled and said to Xia ruofei, "Come, come, come, ruofei, let me try your Da Hong Pao first. When I smelled the aroma just now, I already felt that your tea leaves were not ordinary!"

"Please take a seat, old Mr. Tang!" Xia ruofei smiled and made an inviting gesture.

Just now, Xia ruofei had considered that Tang He would also need to sit when he came in, so he took out three chairs for the picnic at once.

The two of them sat down around the dining table. Xia ruofei poured the boiling water into the purple clay pot.

The tea had been washed just now, so Xia ruofei waited for a few seconds to pour the tea from the purple clay teapot into the filter pot and then into the small teacup.

When Tang He entered the door, he only smelled the tea fragrance that Xia ruofei had left behind when he drank the tea. Now that Xia ruofei had made his first tea with new tea leaves, the fragrance was much stronger. Tang He could not help but sniffle when he smelled the tea fragrance.

"Thank you!" Tang He said. Then, he impatiently picked up the teacup with his thumb and middle finger. He gently blew on it a few times and smelled the fragrance of the tea. Suddenly, he revealed a look of enjoyment and closed his eyes slightly.

When the temperature of the tea dropped a little, Tang He opened his eyes and drank it in one gulp with a trace of expectation.

The tea stayed in his mouth for a while before Tang He swallowed it.

A look of reminiscence appeared on his face, and his expression was also very rich. After a long while, he sighed in admiration,""Ruofei, this is probably the best quality Da Hong Pao I've ever tasted ... I've had the honor of tasting the tea leaves from the mother tree, but your tea leaves seem to be better in terms of fragrance, color, and sweetness!"

"Mr. Tang, you're too kind. This is a local tea that I made myself. How can it compare to the mother tree, Da Hong Pao?" Xia ruofei said humbly.

"Oh? Self – made?" Tang He suddenly looked interested and asked with anticipation,"ruofei, do you still have more of these tea leaves? I'm taking them all! The price is not a problem!"

?

Chapter 1015: 15 million USD (1)

"Mr. Tang," Xia ruofei said with a smile,"the production of these tea leaves is not high. I don't plan to sell them ..."

"I see ..." Tang He said with some regret, and then looked at the tea leaves in the purple clay teapot.

Xia ruofei continued,""This tea is for you and your friends, so I'm only giving it away! It's rare that you like it so much. I still have some in stock, you can bring it back to drink!"

With that, Xia ruofei took out a box that he had prepared earlier from his bag. There was about half a catty of top – Quality Da Hong Pao in it.

Now that the Da Hong Pao tea trees in the interspace had been planted with a larger area, and Xia Qing's Da Hong Pao tea making skills were also very good, Xia ruofei's current stock of tea leaves had also increased. He could always have a few catties in the interspace.

Of course, although these tea leaves were produced from the third generation "descendants" of the mother tree, the unique environment of the space meant that the quality of the tea leaves produced was actually not inferior to that of the mother tree's Da Hong Pao tea leaves. In fact, they were even slightly better.

If he were to sell it, every gram of Xia ruofei's tea leaves would be extremely precious in the eyes of those who truly understood tea. He had given away about 250 grams at one go. It was definitely a big deal.

Tang He was also surprised and happy. He happily took the box containing the tea leaves and immediately opened it. Then, he carefully opened the sealed bag and took a deep breath.

The dried tea leaves had a refreshing fragrance that made Tang He reminisce.

Then, Tang He said with some embarrassment, ""Ruofei, this gift of yours is too expensive. Tea leaves of this grade can't be sold on the market, but if you were to sell them, I'm afraid they could be sold for millions! Why don't ... I buy it from you!"

Xia ruofei smiled and waved his hand, "it's not worth that much!" Besides, I'm not planning to sell these tea leaves for the time being. If you're willing to pay, then I won't be giving them to you!"

Although 20 grams of the parent tree Da Hong Pao tea leaves had once been sold for a sky – High price of 198000 Yuan, which was equivalent to more than 4 million Yuan per 500 grams, this was an auction! Moreover, there were many gimmicks. Just the thick history and various allusions of the mother tree Da Hong Pao, as well as the last time it was picked at an auction, were enough to raise the price beyond imagination.

If Xia ruofei were to sell the tea leaves in bulk, even if the quality of the tea leaves was comparable to the Da Hong Pao tea leaves that were auctioned previously, the price would not be so high.

Of course, Xia ruofei had no intention of making a profit from the tea leaves.

Furthermore, although this tea leaf was comparable to the mother tree, Da Hong Pao, it wasn't that precious to Xia ruofei. One had to know that the mother tree, Da Hong Pao, was a tea tree that could be harvested at the Archean realm. In the outside world, one could harvest tea leaves once every ten days on average. If Xia ruofei wanted these tea leaves, it would be relatively easy.

"Alright, alright, alright. I won't stand on ceremony with you then!" Tang He said.

Xia ruofei smiled. "Mr. Tang, you've helped me a lot. This is a small token of my appreciation." The production of these tea leaves is not high, so please don't think that I'm stingy. I'll save more for you next year when we have new tea leaves!"

Xia ruofei definitely had to say this to Tang He. The more difficult it was to get the tea leaves, the more precious they were. Otherwise, if you gave them away, they might not even accept your favor. Wouldn't that be a thankless effort?

"Okay, okay, okay, then I'll thank you in advance!" Tang He was so happy that he could not close his mouth.

Xia ruofei and Tang He chatted while making tea. After a while, the middle – aged man in the Tang suit, ah – Zhong, came to Tang He's side with an excited expression. He bowed slightly and said, ""Young master Tang, I've already taken a good look!"

"Oh?" Tang He raised his eyebrows and asked. The material isn't bad, right?"

Ah – Zhong suppressed his excitement and said, ""It's not bad. Master Tang, do you want to ... Talk to me in private?"

Ah – Zhong even shot a quick glance at Xia ruofei.

Tang He knew what ah – Zhong was thinking. He said lightly, ""We'll talk here. RUO Fei is not an outsider, so this material should have its value. There is nothing to hide!"

Ah – Zhong did want to avoid Xia ruofei and talk to Tang He about the two pieces of golden Nannan material. He was worried that Xia ruofei would demand an exorbitant price after hearing it because the two pieces of material were too good.

But to Tang He, the money for buying the Phoebe zhennan wood was nothing. What he valued more was his friendship with Xia ruofei.

In his opinion, it was not easy for Xia ruofei to find the wood for him. No matter how much the wood was worth, Xia ruofei deserved it.

Furthermore, Xia ruofei had given him a box of top – grade Dahongpao tea leaves. This was a huge favor!

Ah-Zhong's face reddened and he quickly said, ""Yes, Master Tang!"

Then, he took a deep breath and stopped suppressing his excitement. He said, ""Master Tang, these two pieces of gold threaded nanmu are of the highest quality. Nowadays, it's very difficult to find such a large piece of gold threaded nanmu, but this time, two of them appeared at once! What's even rarer is that the ratio of the cores of these two pieces of material is very high. The diameter of the material is about 1.1 m, and 1.02 m is the core. This is almost the limit of perfection!"

Tang He could not help but be slightly moved after hearing this. He put down his teacup and stood up, saying, ""Let's go and take a look together!"

?

Chapter 1016: Fifteen million USD (2)

Hence, Xia ruofei accompanied Tang He and walked to the two pieces of material.

Xia ruofei had personally cut down the two pieces of Phoebe zhennan wood and was very familiar with their condition. He could see them every time he entered the realm, so he was already used to it.

But Tang He was different. When he walked to the side of the Phoebe zhennan material, his eyes couldn't help but light up. Then, he immediately bent down to examine it carefully, and his expression became more and more excited.

After a long while, Tang He straightened up and asked, ""Ruofei, I want these two pieces of material! Do you want to open a few Windows and see the lines inside?"

Xia ruofei smiled and shook his head. ""No need, just give me a price ..."

Tang He's eyes flashed with a strange light. He looked into Xia ruofei's eyes and asked, ""Are you sure? If it's a top – grade big – wave like the last time, the price will be much more expensive. "

Xia ruofei laughed and said, "how can there be so many Supreme – grade patterns?" Mr. Tang, you can just state your price normally. If you take it back and find a precious top quality pattern, then you're lucky!"

Ah – Zhong couldn't help but look at Xia ruofei deeply. From his experience, if the core of these two pieces of material was taken out, the price should be higher. He couldn't understand Xia ruofei's approach.

Tang He couldn't help but laugh and said, ""Straightforward! Ruofei, I won't waste any more time. I'll sell these two pieces of old Phoebe zhennan together for 15 million US dollars. What do you think?"

Ah – Zhong turned pale with fright and couldn't help but cry out, ""Master Tang! The price is too high ..."

"Ah – Zhong!" Tang He's face darkened. "I know what to do. Don't say anything more!"

Ah-Zhong's heart couldn't help but tremble, and he hurriedly lowered his hands. "Yes, Master Tang ..."

He could not understand it. Previously, Xia ruofei could have sold it at a higher price, but he offered to sell it directly and did not need to take out the core. Tang He could've bought the two pieces of gold Phoebe zhennan at a much lower price, but he offered such a high price.

15 million dollars was equivalent to 7.5 million dollars for each piece of material.

If it was an ordinary Phoebe zhennan material of the same size, it would be impossible to sell it for such a price. Even if Xia ruofei's two pieces of wood were of high quality, they still needed to find very precious patterns, such as cloud patterns, tiger patterns, and so on, when they were cut out to reach this price.

Otherwise, Tang He would definitely be at a loss for spending so much money to buy it.

In fact, ah – Zhong did not know that Tang He's confidence in these two pieces of material far exceeded his because Tang He had seen with his own eyes that the gold Phoebe zhennan material, which was also bought from Xia ruofei, had the highest quality wave pattern.

At that time, Tang He had spent ten million dollars on that piece of material, but after the big wave cut, the actual value of the material had reached at least fifteen million dollars.

This time, these two pieces of material gave Tang He a very familiar feeling. He vaguely felt that they seemed to be of the same root and origin as the Golden nanmu material last time. He even had a sixth sense that the lines of these two pieces of material would not be different.

Moreover, Tang He had actually taken advantage of the Golden Nannan material he bought last time. This time, Xia ruofei had given him such good tea leaves, so he had the idea of compensating him.

The material this time was slightly smaller than the last one, which was ten million Yuan last time. This time, it was 7.5 million Yuan a piece. This price was appropriate in Tang He's eyes.

Xia ruofei didn't act coy. Without much consideration, he laughed and said, ""Deal!"

Actually, Xia ruofei knew that the Phoebe zhennan wood grew in the spirit map space and was nourished by rich spiritual energy day and night. The probability of it appearing was very high. In other words, it should be worth it to sell these two pieces of wood for fifteen million US dollars.

"Hahaha! It's so refreshing to do business with RUO Fei!" Tang He said happily.

Xia ruofei said, "Mr. Tang, let's use the name of my offshore company in Cayman Islands this time!" I also need to invest in two wineries in Australia, and it's too troublesome to transfer the domestic funds ..."

Tang He laughed and said, "I had to remind you even if you didn't say so!" An offshore company's account is more flexible, and foreign financial policies are more relaxed. I suggest that all your overseas business will be done through an offshore company in the future. "

Xia ruofei nodded and said, "okay!" By the way, Mr. Tang, you can directly deduct the money we lent you last time ... Just use today's exchange rate between us dollars and Australian dollars!"

"Alright!" Tang He said readily.

Then, Tang He's legal assistant quickly drafted the contract and attached the photos of the two pieces of material from different angles. Xia ruofei and Tang He signed the transfer contract.

The speed of overseas transfers was also very fast.

Tang He made a phone call and the money was transferred to his account. Xia ruofei checked the account of an offshore company in the Cayman Islands. After deducting the three million Australian dollars that he lent last time, which was equivalent to 2.37 million US dollars, the remaining 12.63 million US dollars had been transferred to his account.

"I've received the money, Mr. Tang. " Xia ruofei said with a smile.

Tang He extended his hand to Xia ruofei and said with a smile, ""Happy cooperation!"

"Happy cooperation!"

"I'll come to you again if I need more Phoebe zhennan or other precious wood!" Tang He chuckled and said, "ruofei, you're not allowed to decline!"

Xia ruofei also laughed and said, ""I can only say that I'll try my best, but I can't guarantee anything about this kind of thing!"

Tang He laughed and patted Xia ruofei's shoulder.

The transaction here was completed. Tang He and Xia ruofei walked out of the warehouse together. This place was temporarily taken over by Tang He's men.

They would complete the customs procedures in the shortest time possible, then transport the wood to the United States by sea.

Xia ruofei's warehouse was empty except for two pieces of wood. There was only a tea set, a table and a chair for the picnic that Xia ruofei took out in the morning. In front of Tang He and the others, Xia ruofei couldn't put these things into the space. He directly gave the key to Tang He's people and asked them to lock the warehouse after the wood was transported away, and then send the key to Peach Blossom Farm.

When Xia ruofei and Tang He reached the door, the two stood at the door and chatted for a while.

Just then, Xia ruofei's phone vibrated.

He made an apologetic expression at Tang He and took out his phone.

The caller ID showed that it was a local landline in Sanshan. Xia ruofei picked up and said, "Hello, who is this?"

"Are you Mr. Xia ruofei?" The Mandarin of the person on the other end of the phone was very stiff, with a strong Cantonese accent.

"I'm Xia ruofei. You're from Hengfeng group, right?" Xia ruofei said immediately.

A few days ago, MA Xiong had said that he would send someone to look at the one – headed abalone that Xia ruofei had mentioned. He also said that he wanted to bid for some information to warm up the auction. Hence, Xia ruofei immediately guessed his background when he heard the obvious Cantonese accent.

"Yes, yes! Hello, President Xia!" The voice on the other end of the phone suddenly became enthusiastic. "I'm sent by Chairman MA to contact you about the auction. My name is Guo Song."

"Oh, nice to meet you, Mister Guo!" Xia ruofei smiled and continued to ask, "have you arrived at the three mountains?"

"Yes, I just checked into a hotel!" Guo Song asked, "when is it convenient for you, Mr. Xia?" I'd like to take a look at the abalone you have ..."

MA Xiong had personally ordered him to come to the mainland to identify a batch of one – headed abalones. He didn't believe it at all. Since when could one – headed abalones be measured by the word "batch"? However, this was a task personally assigned by the chairman. He had also specifically instructed Mr. Xia to be a distinguished friend of Hengfeng group and to have a good attitude, so he didn't dare to neglect it and immediately packed up and rushed to Sanshan.

Xia ruofei said, "I'm definitely free today. However, I'm not at the farm right now. Mister Guo, you can rest in the hotel first. I'll contact you when I get back to the farm."

?

Chapter 1017: A one – headed abalone's stunning appearance (1)

Hengfeng group's headquarters was in Hong Kong. In the early years, seafood trading was one of its main businesses. Today, the seafood trading company under Hengfeng group was still one of the Giants in the high – end seafood field in Hong Kong. It had a flagship store in the famous Defu daoxi.

Guo Song was the flagship store manager of Hengfeng seafood in Defu daoxi. He had nearly 20 years of experience in the sea products industry and was definitely an expert in the identification of high – end seafood. That was why MA Xiong had sent him to the three mountains.

Of course, Guo Song was accompanied by an employee of the Hengfeng auction house who was in charge of publicity.

MA Xiong had told Guo Song before they left, so he was very polite. "Mr. Xia, you go ahead! Give me a call whenever you're free, I'll be waiting in the hotel."

"Okay, Mr. Guo, let's talk when we meet!" Xia ruofei said with a smile.

After Xia ruofei hung up, Tang He asked with a smile, "RUO Fei, what's the matter? Then you can go! You don't need to worry about me."

Xia ruofei smiled. "It's nothing urgent. Our company just launched a batch of dried abalones and we want to entrust Hong Kong's Hengfeng auction house to help us auction them. So ... Their staff is here to do some preliminary work. Mr. Tang, let me send you back to the hotel first! There's still time there!"

Tang He showed a surprised look and asked, "Dry abalone auction? Doesn't the Hengfeng auction house specialize in antique calligraphy and paintings?"

Xia ruofei smiled. "I have a personal relationship with Chairman MA of the Hengfeng group. I'm just helping out as a friend."

"MA Xiong?" he asked. Tang He was even more surprised. "I didn't expect you to be friends with Chairman MA!" I even attended a salon with him in Hong Kong!"

Xia ruofei smiled. "It's a long story. It's a coincidence that I met Chairman MA."

"Even if you have a personal relationship with Chairman MA, the dried abalones that can be auctioned at Hengfeng auction house should be of very high quality, right?" Tang He said with a smile.

Tang He could guess that Xia ruofei wanted to sell this batch of dried abalones through the auction. He must be hoping to use this opportunity to expand the brand influence of paradise Corporation. However, if the product was not up to standard, it would often backfire.

Moreover, the Paradise company had always been a high – Quality company, which could be seen from the Paradise brand vegetable series, so Tang He was also very interested in it.

Xia ruofei smiled and said, "that's true. Most of my dried abalone can reach the standard of a one – Head abalone. Why?" Are you also interested in abalone, Mr. Tang?"

It was as if Tang He didn't hear Xia ruofei's words. His entire person became a little sluggish.

After a long while, he asked in shock, "a one – headed abalone?" Or a batch of one – headed abalones? RUO Fei, is there something wrong with my ears?"

Xia ruofei didn't know whether to laugh or cry. "Mr. Tang, you're so healthy. Why would your ears have problems?" he asked. You didn't hear wrong, it's indeed a one – headed abalone!"

"Let's go!" Tang He immediately said, "I'll go with you to the farm and see your one – headed abalone!"

As the saying goes, it is difficult to buy a two – headed abalone with a thousand gold coins. Two – headed abalones are already so precious, let alone one – headed abalones.

Like MA Xiong, although Tang He was a billionaire, one – Head abalone was a treasure that could not be enjoyed even if one had the money. Tang He happened to be a glutton, so he couldn't help but be tempted when he heard that.

Xia ruofei was stunned for a moment, then immediately said, "Alright! Then we welcome you to the farm as a guest!"

"Let's go now!" Tang He said.

Many people would return to their true nature and become more and more like children as they grew older.

Tang He was like a child who couldn't wait to get his toy.

Xia ruofei couldn't help but laugh. "Alright, I'll call the Hengfeng group. Let's go back to the farm now!"

Xia ruofei drove the Knight XV off – Road vehicle and led the way. Tang He followed closely in a Bentley. There was also a black Mercedes – Benz with Tang He's personal bodyguards in it.

The three cars drove in a single file, speeding in the direction of Taoyuan farm.

On the way, Xia ruofei gave Guo Song a call and told him to head to the farm immediately. He even told him the exact address of the farm.

Tao Yuan farm's reputation in the southeast province, especially in Sanshan city, was growing. Various regularly updated mapping software and navigation software had already marked the exact location of Tao Yuan farm. Guo Song and the others took the car from Hengfeng group's Sanshan office and could easily find Tao Yuan farm by using the car navigation.

After calling Guo Song, Xia ruofei muttered to himself as he drove. He thought that the precious one – headed abalone must have been carefully frozen, otherwise it would not make sense.

After the abalones were sealed and packed, they had always been stored in the spirit map space. It was not difficult to take them out of the refrigerator secretly, but when the abalones were in a room temperature state, it would be easy to arouse suspicion.

Fortunately, there was a large refrigerator in the Knight XV off – Road vehicle.

Xia ruofei did not stop the car. He used his mental power to open the door of the car refrigerator in the back and turned the power of the refrigerator to the maximum so that the temperature could be reduced in the shortest time.

With Xia ruofei's current spiritual power, it was not a problem for him to retrieve an object of average weight from a short distance. Therefore, it was not difficult for him to do this.

?

Chapter 1018: A one – headed abalone's stunning appearance (2)

Then, with a thought, Xia ruofei took out the thirty dried abalones from the space, wrapped them with his spiritual power, and placed them one by one into the car refrigerator.

Fortunately, the refrigerator in the car was large enough, and the dried abalones were almost full.

Xia ruofei used his spiritual power to close the door of the car's refrigerator. Throughout the entire process, he had been multitasking, driving while completing the task. However, as a cultivator with Qi disciple Level 4 and spiritual power at the spirit palpitate stage, multitasking was child's play. It was not difficult at all.

After the dried abalone was placed in the refrigerator, Xia ruofei focused on driving. Soon, the three cars arrived at Taoyuan farm.

At the entrance, Xia ruofei told the veteran on duty to guide Guo Song to the small villa when he arrived.

After entering the farm, Xia ruofei moved the dried abalones from the car refrigerator in the back row into the spirit map space. When the car refrigerator was turned on to quick – freeze mode, the temperature of the abalones had completely dropped. There was even a layer of white ice crystals on the surface of the sealed bag.

He kept these dried abalones in the stone chamber in the mountain sea realm. If he left them in the Archean realm, due to the time flow being 30 times faster, they would probably return to normal temperature before he could take them out of the villa.

As long as it was related to the secret of the spirit map space, Xia ruofei would be extremely careful. In his opinion, there was no need to be overly cautious.

The three cars stopped in the yard of the small villa. When Blackie, lightning, and the others saw so many strangers, they immediately became vigilant and made low muffled sounds.

Xia ruofei quickly scolded them and told them that they were his own people. Only then did Blackie and the rest return to their lazy state.

"Ruofei, your dogs are pretty good!" Tang He said with a smile.

Xia ruofei laughed."It's a guard. It's not a rare breed."

Tang He said,"I can tell that these are Chinese Garden dogs, but they're as fierce as some big, fierce dogs!" And it was very human – like! I didn't expect you to be so good at raising dogs ..."

Xia ruofei said humbly. At this time, Hu Zi's mother heard the sound of a car and opened the door of the villa. When she saw a large group of people in the courtyard, she couldn't help but be stunned for a moment before asking,""Ruofei, you have guests?"

Xia ruofei quickly introduced Tang He and Hu Zi's mother.

Tang He knew that this was Xia ruofei's godmother, so he was very polite.

After exchanging a few pleasantries, Hu Zi's mother invited Tang He into the house. She saw Tang He's assistant and bodyguards standing in the courtyard, each carrying out their own duties. She couldn't help but say,""Ruofei, let the guests into the house!"

"They can just wait outside. It's too much of a bother for so many people to go in ..." Tang He said with a smile.

“There’s no reason for guests to stand outside the door,” Hu ‘Zi’s mother said.”Let’s all go in and have a cup of tea!”

Tang He declined, but he could not resist Hu Zi’s mother’s enthusiasm. He could only signal his two assistants to come in with him, while the bodyguards stayed in the yard to guard the place.

When Hu Zi’s mother heard that the big men were in charge of security, she couldn’t help but feel speechless. However, she didn’t insist on letting them in.

When they arrived at the living room, Hu Zi’s mother immediately made tea for everyone and served them peanuts, melon seeds, fruits, and other things.

“Please have a seat, Mr. Tang. I’ll go get the things,” Xia ruofei said with a smile.

In the kitchen of the villa, there was a huge double – door refrigerator. However, Xia ruofei could not take out the abalones from the inside because Hu Zi’s mother was in charge of cooking during the summer break. Naturally, she was in charge of the refrigerator as well. She knew more about the things inside than Xia ruofei. If Xia ruofei took out thirty dried abalones from the refrigerator, Hu Zi’s mother would be the first to notice that something was wrong.

Fortunately, there was a small refrigerator in Xia ruofei’s big bedroom upstairs. In the summer, there was a freezer compartment for drinks and the like.

Hence, Xia ruofei went straight upstairs and locked the door when he reached his bedroom. He took out the dried abalones from the spirit map space and packed them in two large paper bags. He waited for a minute or two before he went downstairs with the paper bags.

When he heard Xia ruofei’s footsteps coming down the stairs, Tang He’s expectant gaze was already cast over.

Xia ruofei put the paper bag on the coffee table in front of Tang He with a smile and said,””Mr. Tang, this is the dried abalone our company is going to auction.”

Tang He stood up immediately and picked up a sealed dried abalone from the paper bag eagerly.

After being frozen all the way, the dried abalone felt very cold to the touch, but Tang He didn’t feel it at all. He just stood there in a daze, his eyes revealing an extremely shocked expression.

The dried abalone in Tang He’s hand had already exceeded the standard of a one – Head abalone. It was bigger than his palm and felt heavy in his hand like a piece of lead.

Holding such a huge abalone in his hands was quite a visual impact.

Even Hu Zi’s mother and Tang He’s two assistants could not help but widen their eyes.

“Ruofei, this ... This abalone is too big!” Hu Zi’s mother could not help but say.

Hu Zi’s mother had lived in a small fishing village by the sea for most of her life. In the past, Hu Zi’s father often went out to sea to fish, and Hu Zi’s mother often came into contact with all kinds of sea products. However, this was the first time she had seen such a huge abalone.

Xia ruofei smiled. "Godma, this abalone is a heart – warming product that our company is preparing to launch. It's mainly targeted at the high – end seafood market."

Hu Zi's mother didn't really understand what Xia ruofei said, but at least she knew that the best dried abalone was produced by Xia ruofei's company, so she couldn't help but feel happy.

At this time, Tang He came back to his senses and looked at the two big bulging paper bags. He couldn't help but ask, "Ruofei, have all the dried abalones here reached this standard?"

Xia ruofei smiled and said, "I have 30 dried abalones here. About 25 of them are above the standard of a one – headed abalone. Unfortunately, the other five are only a few grams to a dozen grams short. They can only be considered super large two – headed abalones."

Tang He put down the dried abalone in his hand and immediately looked through the two paper bags. He found that Xia ruofei was not lying. Each of the abalones was more than the size of a palm, and each of them was very heavy.

Tang He felt that his understanding had been subverted. Since when could one – headed abalones, which were hard to find, appear in batches?

After a long while, Tang He said with a bitter smile, "RUO Fei, you're really a man who can create miracles! If you can't succeed in the agricultural products industry, I can't think of anyone else who can succeed!"

"Mr. Tang, you're too kind ..." Xia ruofei smiled and said humbly.

At this moment, the communication device in the hall rang. "Brother Xia, Mr. Guo from Hengfeng group has arrived!"

Xia ruofei walked over and took a look at the image on the LCD screen. It was the old soldier on duty at the entrance, standing outside the villa's courtyard with two people in suits and leather shoes. They should be Guo Song and his colleagues.

Xia ruofei and Tang He set off from the warehouse in the city, which was similar to the journey from Guo song's hotel to Taoyuan farm, so they arrived almost at the same time.

Xia ruofei immediately opened the villa door and shouted, "Mister Guo! Please come in!"

The two of them immediately walked into the courtyard. With Xia ruofei personally welcoming them, Tang He's bodyguards naturally would not stop Guo Song and his wife.

One of the men, who was about 45 or 46 years old, said enthusiastically from afar, "You must be Mr. Xia! I'm Guo Song from Hengfeng group's seafood trading company, and this is my colleague, Luo Jiahao from Hengfeng auction house!"

"Welcome, welcome. Please come in!" Xia ruofei said with a smile.

After he shook hands with Guo Song and Luo Jiahao, he stepped aside and invited them into the villa.

Guo Song walked into the living room, and his eyes suddenly fell on the one – headed abalone that Tang He had just placed on the coffee table. He suddenly stared at the dried abalone and couldn't speak for a long time, as if he had been frozen.

?

Chapter 1019: Tang He is also tempted\_1

The employee of the auction house was fine, but Guo Song was a senior in the industry. He had dealt with almost all kinds of seafood in the first half of his life. After joining the Hengfeng group, he had come into contact with many high – end seafood, so just a glimpse of it had already made him dumbfounded.

“Mister Guo! Mister Guo!”

Guo Song only came back to his senses after Xia ruofei called out to him. He had already forgotten about MA Xiong's instructions and did not care about his manners. He rushed over in a few big steps and grabbed the dried abalone in his hand like a hungry tiger pouncing on its prey.

The saleswoman who had come with Guo Song was at a loss. Xia ruofei patted him on the shoulder and gestured for him to sit down. Then, he looked at Guo Song with a smile.

Guo Song was naturally more professional than Tang He in the identification of dry sea products.

He looked at it over and over again for a long time, and his expression became more and more excited.

Guo Song raised his head and asked in a trembling voice, “Mr. Xia, may I ... Open the sealed package and take a look?”

Xia ruofei smiled and made a “please” gesture. The abalones did not need to be sealed in the spirit map space. Xia ruofei had just added them according to the normal storage method of dried abalones. Moreover, if they were to be auctioned in a few days, the packaging would definitely have to be changed.

Even if it was a simple sealed bag, it had to be designed so that it could match the grade of the precious one – headed abalone. Furthermore, it had to be printed with the of paradise Corporation.

After getting Xia ruofei's permission, Guo Song immediately opened his suitcase and took out a pair of delicate scissors. He carefully opened the sealed package.

Then, he took out a pair of white gloves from the suitcase and put them on. He then carefully picked up the one – headed abalone.

Guo song's suitcase was like a treasure chest, with all kinds of tools.

Guo Song moved closer to smell the abalone and then observed the shape, meat quality, and the layer of frost on the surface of the abalone.

He also took out a strong flashlight from his suitcase and observed the meat quality and the permeability of the abalone under the strong light.

There was even a small, delicate scale in Guo song's suitcase. After repeatedly identifying the abalone for a long time, he took out the extremely accurate scale and weighed the dried abalone.

When the final weight was 623 grams, Guo song's hands trembled uncontrollably, and his excitement was beyond words.

"It's really a top – grade one – headed abalone!" Guo Song mumbled to himself, "the body shape is perfect. It's plump and full, and it has a fresh luster ... It's simply perfect ..."

Another Hengfeng auction house employee, Luo Jiahao, couldn't help but remind him in a low voice, "Manager Guo ... Manager Guo ..."

Guo Song came back to his senses and quickly showed an apologetic smile to Xia ruofei, saying, "I'm sorry, Mr. Xia. I was too excited to see such a beautiful and perfect abalone and lost my composure for a moment ..."

Xia ruofei smiled and said, "it's okay!" Mr. Guo, Chairman MA asked you to appraise our abalones. Are you satisfied with them?" Is there a problem with our dried abalones going to the auction?"

"I'm satisfied! Of course I'm satisfied!" Guo Song said without thinking, "by the way ... Mr. Xia, Mr. MA said that your company is auctioning 20 to 30 abalones? May I ask if the quality is the same?"

In the beginning, Guo Song did not think much of it. However, the big boss had personally pointed it out and told him to be polite and respectful to Xia ruofei, so he had maintained the necessary courtesy. In reality, he still did not believe that such rare one – Head abalones could appear in batches.

After seeing the dried abalone, Guo song's heart wavered a little. At the same time, he also had a faint expectation.

Xia ruofei smiled and said, "this batch of abalones is all here. Mr. Guo, you can take a look for yourself!"

Only then did Guo Song realize that the two unremarkable paper bags also contained dried abalones.

He hurriedly went up to open the paper bag. When he saw the heavy abalones in the paper bag, his breathing couldn't help but become rapid.

Guo song's performance was very similar to Tang He 'S. He first looked through the abalones quickly. After confirming that all the abalones were very big and heavy, at least more than one Jin, Guo Song began to pick up one abalone repeatedly, and then put it down to take another.

He looked at them fondly for five to six minutes, as if they were beautiful women.

In fact, Guo Song had been in this industry for half his life. His love for such precious dried sea products might be no less than that of a beautiful woman.

Xia ruofei was also very patient. He just sat there and waited with a smile.

After a long while, Guo Song reluctantly put the abalone into the paper bag, raised his head, and said, "Mr. Xia, this batch of abalones can be put up for auction. Thank you for choosing Hengfeng auction house. I believe this auction will become a grand event for the upper class of Hong Kong!"

Guo Song still felt a little regretful. He wasn't sure about the relationship between MA Xiong and Xia ruofei, so in his opinion, the best plan was to find a way to get Xia ruofei to agree to sell the abalones to Hengfeng seafood trading company.

If they were to auction it off, Xia ruofei and the Paradise Corporation would naturally gain both fame and fortune. The Hengfeng auction house that hosted this event would also gain a lot of attention, while the seafood trading company would miss a good opportunity to become famous.

?

Chapter 1020: Tang He is also tempted\_2

One had to know that even the smallest of the 30 abalones was more than enough to be the treasure of their flagship seafood store in Defu daoxi.

"Haha, then I'll be counting on your blessings!" Xia ruofei laughed.

At this time, Luo Jiahao, an employee of the auction house who had come with Guo Song, finally had a chance to speak.

He stood up and said to Xia ruofei, "Mr. Xia, I would like to take some photos and videos for the early publicity."

Xia ruofei laughed and said, "the things are all here. You can use them however you want." However, I hope we can hurry up. It's best if these abalones are frozen. "

Luo Jiahao quickly replied, "I understand! I understand!" Mr. Xia, I'll start working now!"

The living room of Xia ruofei's Villa had plenty of light and was quite spacious, so Luo Jiahao started the shoot in the living room.

Luo Jiahao was very professional. He took a shot of the whole abalone, a close – up shot, and all the abalones stacked together from various angles. In the end, he even took a video.

After that, Luo Jiahao immediately put away his equipment and said, ""Mr. Xia, you can keep the abalones now. Thank you for your support!"

Xia ruofei smiled gently and said, ""I should be the one thanking you! You guys came all the way from Hong Kong just for my company's auction!"

Guo Song still looked at the abalones as if they were his lovers, and he was reluctant to part with them. After that, he and Luo Jiahao said their goodbyes.

Xia ruofei politely sent the two of them to the courtyard of the villa. After watching them get into the car and leave, he returned to the villa.

“Ruofei, let’s have a discussion!” Tang He asked as soon as he entered the door.

Xia ruofei looked at the dried abalone on the coffee table and asked with a smile, “Mr. Tang, are you also interested in abalones?”

Tang He smiled a little embarrassedly and said, “I’ve lived in the United States my whole life, but I’m still not very interested in Western food. Chinese food is more comfortable, so I want to try this top – Quality one – headed abalone!”

At Tang He’s level, there were few things he couldn’t eat no matter what he wanted to eat. Of course, there were some things he couldn’t eat for the sake of health. In addition, top – Quality ingredients like one – headed abalone were hard to find even if you had money.

“Ruofei, the main thing is that I have to fly back to the United States. Today,” Tang He continued immediately, “there are too many things to do at the company. Otherwise, I would have attended the Hong Kong auction directly.” But don’t worry, I won’t let you suffer a loss in the price. I can buy it from you at an additional 20% above the final price at the auction!”

Xia ruofei smiled and waved his hand, “Mr. Tang, do you think I’m that kind of person?” We’re old friends. Since you want to try the taste of our company’s abalone, you can just buy it at the normal price. ”

This time, Xia ruofei did not say that he would give it to Tang He because this batch of abalones was originally going to be auctioned. It was completely different from the tea leaves. If Tang He had not said so, he would definitely not sell it on the eve of the auction.

Even if Xia ruofei wanted to give it to him, Tang He would definitely not agree.

“This ... You’ll be at a disadvantage ...” Tang He said hesitantly.

Xia ruofei chuckled. “It’s rare to be confused. It’s a blessing to suffer losses!”

After he finished speaking, he took out all the abalones from the paper bag. He first picked out the five abalones with slightly different packaging colors and said with a smile, “These five are only ten grams away from the standard of a one – headed abalone.”

Then, Xia ruofei pointed at the remaining abalones and said, “Mr. Tang, apart from the three largest abalones that I’m going to put up as the finale of the auction, you can choose any of the rest!”

Then, Xia ruofei jokingly said, “but you’d better go easy on me. Don’t pick too many abalones. If there aren’t many left at the auction, I’ll be in big trouble!”

Tang He laughed and did not stand on ceremony with Xia ruofei. He picked up two dried abalones that weighed about 610 grams and said, “Then I’ll take these two!”

“No problem!” Xia ruofei said as he packed the rest of the abalones, including the one that had been unsealed. He went to the kitchen and wrapped it in a few layers of preservation film.

“Please have a seat. I’ll put the abalones away!” Xia ruofei said with a smile.

“Alright!” Tang He said with a smile.

Then, Tang He also handed the two abalones to his assistant and instructed them to put the abalones in the car refrigerator in the Bentley.

Xia ruofei carried the abalones upstairs. Naturally, he would not really put the abalones in the refrigerator. He put the abalones back into the spirit map space and waited in his room for a while before he got up and went downstairs.

Tang He was sitting in the living room and chatting with Hu Zi’s mother.

After seeing Xia ruofei come down, Tang He smiled and greeted, “Come, come, come, let’s talk about the price of the two abalones!”

Seeing this, Hu Zi’s mother greeted Tang He, got up, and went back to her room with a smile. She had stayed because she didn’t want to neglect the guests. Tang He wanted to talk business with Xia ruofei, so she immediately left.

Xia ruofei laughed and said, “what’s there to talk about?” Just give it to me as you see fit ...”

“I knew you’d say that!” Tang He said with a smile. How about this, ruofei, two top quality one – Head abalones for a total of six million Chinese dollars!”

Xia ruofei was shocked and said, “This is too much! Tang ...”

Tang He waved his hand and interrupted Xia ruofei, “Ruofei, this price is not outrageous! Eight years ago, there was an auction in Hong Kong that sold a one – headed abalone. The quality and weight of the abalone were not as good as the two just now, but they were both sold for a sky – High price of two million Hong Kong dollars!”

Tang He took a sip of tea and continued, “At that time, the Hong Kong Dollar hadn’t depreciated yet, and the exchange rate was almost one to one with the Chinese dollar. You have to know that that was the price eight years ago! These two abalones are much more precious than the ones that were auctioned that year. If we take into account the inflation and other factors, I think the price of 3 million Chinese dollars for each is reasonable. ”

“But ...” Xia ruofei said.

“RUO Fei, the Hong Kong auction will soon prove my judgment.” Tang He chuckled and said, “why don’t we make a bet?”

“A bet?”

“Let’s bet on the final price at the auction. ” Tang He said with a smile, “if the transaction price of dried abalone of similar weight reaches or exceeds three million Chinese dollars, it’s my win. Otherwise, it’s your win. How about it?”

Xia ruofei couldn’t help but laugh. “Then, what does old master Tang want to bet on?”

Tang He pondered for a moment and said, "if you win, I'm willing to take back the premium from today's deal." But if I win, I hope that shengbang group will have the opportunity to sell your company's dried abalone products in the United States. "

Tang He had a keen business sense. He knew that Xia ruofei's abalone auction meant that paradise corporation's stock would be full again. Otherwise, if they didn't manage abalone sales in the future, it would be useless to make a name for themselves in Hong Kong!

Now that Tang He had seen what it meant by "the products of paradise must be of the highest quality," he was also very interested in the dried abalone products of paradise company.

One – headed abalones and two – headed abalones were precious and top – Quality goods that couldn't be sold all year round. However, three – headed abalones and even smaller ones could be produced in large quantities. As long as they could reach the quality of today's batch of abalones, even if they were small, they could still be very useful in the high – end consumer market.

Xia ruofei did not hesitate and said with a smile, "Alright! I'll make a bet with you!"
