Chapter 1151: A confession that caught me off guard (1)

After a while, Lu You also arrived at the courtyard house.

She had obviously dressed up well today. She was wearing a black and white striped shirt with tight – fitting ripped jeans, which made her look very capable and experienced. Her shoes were also the same color as her pants, and she wore pointed Martin Boots, which made her look even taller than she was.

Moreover, Lu You's face was covered in delicate light makeup. Her fair skin was rosy, making her look even more tender and moving.

"This courtyard is not bad! How much did you buy it for?" Lu You asked as soon as she saw Xia ruofei.

Xia ruofei smiled and said, "a hundred million!" I bought it when the opportunity was right!"

Lu You's eyelids could not help but Twitch. He had spent more than 100 million so casually. This guy's business had been very big in the past one or two years!

She still remembered the first time she met Xia ruofei. It was when Xia ruofei saved her grandfather, professor Tian, on the street. Then, professor Tian and Tian Huilan held a banquet to thank Xia ruofei.

That meeting wasn't very pleasant. Lu You still remembered that Xia ruofei's business had just started and he seemed to only sell a small amount of Taoyuan vegetables.

How long had it been? Xia ruofei's company was already so popular ... Lu You couldn't help but feel a little dazed.

"Miss Lu, you're here!"

Feng Rao walked over to greet Lu You with a smile. The spokesperson of heart nourishing soup, Daphne, was with Feng Rao.

"Hello, Sister Feng!" Lu You smiled and greeted him.

"Deer, is your head really fine?" Duff asked, concerned.

During the accident at the set, Duff had witnessed the terrifying scene of the crane falling down with her own eyes. She had been scared out of her wits.

When she heard from Feng Rao that Lu You was not injured, Duff could not believe it.

Seeing Lu You alive and well today, and without a single wound on her forehead, da Fu finally believed Feng Rao's words.

"I'm fine!" Lu You looked deeply at Xia ruofei and smiled. "I'm quite lucky!"

There was a deep curiosity in Duff's eyes. "Do you know Chinese Kungfu? I've heard that Chinese monks know a very powerful Kung Fu called the iron head technique ..."

Xia ruofei laughed and said, "you're right, miss Duff!" Lu You is a martial arts expert from China. Not only does she know the iron head technique, but she also knows the Golden Bell and iron Shirt. She's invulnerable! People in the pugilistic world call her Abbess Mie jue ..."

Lu You was embarrassed and embarrassed. She pinched Xia ruofei and said, "Damn it! What Abbess Mie jue? she's making it sound so ugly ..."

Xia ruofei raised his head and laughed as he ran away.

Feng Rao didn't know whether to laugh or cry as she looked at Xia ruofei, who had run to the side. She thought to herself, "this guy is really ... She's obviously a delicate beauty, but she has to call her Abbess Mie jue ..."

She went forward and held Lu You's arm. She said to Duff, "Don't listen to our Chairman's nonsense, Duff. He's just joking with you!"

Then, Feng Rao said to Lu You, "miss Lu, ignore him!" Let's go and roast something!"

Lu You pouted and turned to look at Xia ruofei. When she saw the unconcealed smile on Xia ruofei's face, she couldn't help but glare at him coquettishly. Then, she followed Feng Rao and Duff to the barbeque.

Wu shuheng was supposed to be the host today, but other than paying the bill to the chef and the hotel, he was very low – Key. He just sat on the side and chatted with Zhao Yongjun.

Because the real protagonist was Xia ruofei, and the guests today were all Xia ruofei's friends.

As Xia ruofei was taking pictures of his friends in the yard with his phone, song Rui walked over and said, "RUO Fei, why hasn't Yiyi arrived yet?"

Xia ruofei kept his phone and smiled. "How am I supposed to know about this!"

"She can't be unable to find the place, can she?" Song Rui said, "this girl has no sense of direction ..."

"Isn't there a GPS?" Xia ruofei said indifferently.

"Even with navigation, we can still get lost!" Song Rui said, "no, I have to go out and take a look. I'll go to the entrance of the alley to welcome him ..."

"Calm down ... Calm down ..." Xia ruofei said with a smile. "Isn't it still early?"

As long as Zhuo Yiyi's matters were involved, song Rui seemed to become a little uneasy.

"I think I'll go out and take a look ..." Song Rui said.

At this moment, a girl in a trench coat appeared from behind the screen wall. She looked at her phone with a confused expression, as if she was confirming that she had found the right place.

Song Rui was overjoyed. He waved his hand and shouted, "Yiyi, over here!"

The person who had just arrived was Zhuo Yiyi, who had made song Rui fall head over heels in love with her. She looked up when she heard the voice and finally heaved a sigh of relief when she saw song Rui.

She patted her chest and said, ""This time, I didn't find the wrong place ... The two courtyards I found just now were all other people's houses. One of them even had a big wolfdog. I was scared to death ..."

Xia ruofei didn't know whether to laugh or cry. So song Rui wasn't overly concerned. Zhuo Yiyi was really a direction idiot!

Song Rui had already walked up to him. As the host, Xia ruofei naturally had to go up to welcome him.

"Xia ruofei, I heard you bought a courtyard house. You're really rich!" Zhuo Yiyi said casually, "at least you still have a conscience and can still think of me!"

Xia ruofei glanced at song Rui and said, ""Song Rui specially ..."

Song Rui's face tightened when he heard this and he quickly gave Xia ruofei a look.

Xia ruofei smiled and changed his words, ""Song Rui reminded me that you're working in Beijing too. He asked me not to forget to invite you!"

?

Chapter 1152: An unexpected confession (2)

Song Rui heaved a sigh of relief. He knew that Xia ruofei was just teasing him, but he had no choice.

Zhuo Yiyi casually put her arm around song Rui's shoulder and said, ""You're a good friend!"

Xia ruofei almost burst out laughing.

After leading Zhuo Yiyi into the second courtyard, Xia ruofei introduced her to his friends. All the invited guests had arrived, and the party officially began.

There was no formal banquet today. Everyone gathered in the open space beside the pool for a barbecue and chat.

Zhao Yongjun's chef had prepared a lot of ingredients, and Wu shuheng also drove back with a lot of beer.

The chefs were roasting all sorts of ingredients on the barbecue rack. At the same time, Xia ruofei's friends were also cooking.

Everyone chatted as they ate. They clinked their big beer glasses and drank from time to time. The atmosphere was very relaxed.

Xia ruofei had also secretly observed for a while. He realized that Zhuo Yiyi's relationship with song Rui was not bad, but she obviously treated him as a male best friend. She spoke to him casually and even touched him at times, but there was no hint of romantic feelings at all.

Xia ruofei couldn't help but laugh to himself, 'song Rui is known for hitting on countless girls and not getting involved with any of them. I didn't expect that he would hit on a good brother when he finally liked a girl ...'

Lu You had clearly noticed the strange combination of song Rui and Zhuo Yiyi.

When Zhuo Yiyi first came in, Lu You saw another beauty and thought that she was also Xia ruofei's confidante! However, if she paid a little attention, she could tell that Xia ruofei was not very close to her. Instead, song Rui was very attentive to her.

Xia ruofei was sitting on a deck chair under a pomegranate tree with a large glass of beer in his hand. There was a plate of grilled chicken wings on the stone table beside him. He was drinking and eating skewers while looking at song Rui and Zhuo Yiyi across the pool. He could not hide the smile on his face.

It was unknown when Lu You had also come over with a glass of wine. She sat on the stone bench beside Xia ruofei and pouted at song Rui and Zhuo Yiyi. She asked, "What's the situation with those two?"

Xia ruofei turned and glanced at Lu You. He smiled and said, "Can't you tell? The love of the man and the disinterest of the concubine!"

Then, Xia ruofei pretended to be enlightened and said, "Oh! I almost forgot that song Rui is your fiancé, right? Are you jealous?"

Lu You's face instantly turned red. She placed the beer glass on the stone table and pinched Xia ruofei's arm fiercely. She said coyly, "Wei ... Wei your head! I'll tear your mouth apart if you keep talking nonsense!"

Xia ruofei quickly begged for mercy, "let go! Let go!" I'm going to spill the beer ..."

He even deliberately shook his hand a few times, and sure enough, beer spilled on his clothes and pants.

Lu You finally let go of Xia ruofei. She chuckled and said, "He deserves it! Let's see if you still dare to talk nonsense!"

Xia ruofei wiped the beer off his body and mumbled, "He was your future ..."

As he said this, Xia ruofei saw Lu You's eyebrows raise again. He quickly stopped and said, "I won't say anymore, I won't say anymore ..."

Lu You glared at Xia ruofei and took a sip of wine. Then, she said softly, "My mom talked to me yesterday. She said ... She won't force me if I really don't like song Rui."

"Oh ..." Xia ruofei replied subconsciously. Then, he came back to his senses and widened his eyes. "What?" Did Auntie Tian really say that?"

Lu You glared at Xia ruofei in dissatisfaction and said, "What do you mean by that? It's like you don't want me to get rid of this problem!"

Xia ruofei quickly smiled apologetically and said, "no, no... I'm just too surprised!" Lu You, congratulations! I finally don't have to marry someone I don't like!"

Lu You nodded and said indifferently, "Thank you ..."

Xia ruofei glanced at Lu You and asked curiously, "Shouldn't you be very happy? Why do I feel like you ..."

Lu You couldn't help but shoot a quick glance at Xia ruofei with hidden bitterness. Then, she lowered her head and thought, 'isn't it all because of you, you idiot ...'

After a long while, Lu You said faintly, "it's nothing. I'm very happy!" It's just that I don't reveal my emotions too much ..."

"That's true!" Xia ruofei said with a smile.

"Tell me about song Rui and Zhuo Yiyi," Lu You said.

"I didn't expect miss Lu to be such a busybody!" Xia ruofei said with a smile.

"It's fine if you don't want to say it ..." Lu You was a little embarrassed.

"Don't, don't, don't, I'll talk!" Xia ruofei quickly replied, "their story! It's a legend ..."

Then, Xia ruofei told Lu You everything that had happened between song Rui and Zhuo Yiyi, starting from the first time they had met.

Lu You listened very seriously. Very quickly, Xia ruofei told her that with song Rui's help, Zhuo Yiyi had successfully joined the Yanjing Museum. Then, song Rui had also attacked her, but he had ended up becoming Zhuo Yiyi's best friend, making her not know whether to laugh or cry.

Xia ruofei couldn't help but laugh when he said this.

However, Lu You didn't smile. Instead, she had a thoughtful expression.

In fact, Lu You's inner thoughts were very intense at this moment.

She was well aware of Zhuo Yiyi's situation. If song Rui really got together with Zhuo Yiyi, he would face unprecedented resistance.

According to Xia ruofei, song Rui was serious this time. He was not playing around. If that was the case, song Rui had thought it through and knew that he was going to face the wrath of his family.

?

Chapter 1153: An unexpected confession (3)

But he still did it.

Lu You said in her heart, 'even song Rui, this hedonistic son of a rich family who is usually not serious, can disregard everything for love. Why do I not dare to face my heart and always be overcautious?'

Lu You's beautiful eyes moved. She bit her lower lip gently as thoughts spun in her mind.

After Xia ruofei finished talking about song Rui and Zhuo Yiyi, he turned to look at Lu You and couldn't help but ask, "Lu You, what's wrong? Are you alright?"

"I'm fine ..." Lu You replied subconsciously. However, she immediately looked up at Xia ruofei and said, "no, I'm not!"

Xia ruofei was confused by Lu You's nonsensical words. He smiled bitterly and said, "Young miss Lu, are you possessed? Why was he speaking in such a jumble? Could it be that brother Wu's house is not clean? I've spent more than a hundred million ..."

Lu You glared at Xia ruofei and said, "You're the one who's possessed!"

Then, Lu You's face suddenly blushed, but she quickly returned to normal. She stared into Xia ruofei's eyes seriously and said word by word, "Xia ruofei, I like you!"

Xia ruofei was petrified.

Although Lu You's voice was soft, it was like a huge Bell to Xia ruofei, causing his heart to tremble. At the same time, he subconsciously looked at the crowd on the other side of the pool. When he realized that they were not paying attention to him, he heaved a sigh of relief.

Immediately after, Xia ruofei felt his head throb. He stuttered, "Lu You, I ..."

"Let me finish," Lu You said very calmly, "I've never dared to face my heart, but today, I don't want to run away anymore. I don't know when it started. Maybe it was you who nurtured Mo Lan for us, or you protected me on the plane without a care for your own safety, or you saved me from the bar ... Anyway, I know that I've already fallen for you, but I just haven't been willing to face it ..."

Xia ruofei sat there in a daze, his mouth slightly open.

Lu You continued to say in one breath, "I've always had these concerns because you already have a girlfriend. My best friend, Jiang Yue, is also infatuated with you ..."

When Lu You said this, she revealed a self-deprecating smile and said, "I've always said that Yueyue is a coward, but I'm not even as good as her. At least, she never hid her feelings for you in front of me, while I always pretended that I didn't care about you ..."

Then, Lu You's expression became much more determined. She bravely looked into Xia ruofei's eyes and said, "After hearing about song Rui today, I'm very touched. I've decided not to run away anymore. I must tell you what I'm thinking!"

Xia ruofei was stunned for a while before he smiled bitterly and said, "Lu You, I'm really honored ... But you know ... I already have a girlfriend ..."

"So what?" Lu You shrugged her shoulders and said, "that's your business. As long as you're not married, I still have the chance to compete with Ling Qingxue."

Xia ruofei's expression was very interesting at the moment. He felt that he was being ridiculous. He had only told Lu You the story of song Rui and Zhuo Yiyi. How could it have given Lu You such a big shock?

Could it be that he was getting his retribution for gossiping about others behind their backs?

However, how could it be retribution to be liked by such a beautiful woman with a good family background, a hot figure, and excellent looks?

Lu You took a deep breath and said, ""Xia ruofei, you don't have to feel pressured. It's my business that I like you. Although I will compete with Ling Qingxue, I'm not the kind of woman who will pester you. Huhu ... I feel so much better after I say it!"

Xia ruofei smiled bitterly. "You're feeling better, but I'm in a dilemma."

Although Xia ruofei had already noticed it, he could at least pretend that he did not know as long as they did not say it out loud. However, there was no room for escape now.

Xia ruofei sighed and said, ""Lu You, actually, you don't have to ..."

Lu You smiled easily and interrupted Xia ruofei. ""Alright, take your time and sit down! I'll go drink with Sister Feng and the others!"

Lu You stood up and took two steps before turning back and saying with a smile, ""By the way, I don't think you need to worry at all. Even if I didn't say this, your love life doesn't seem to be so calm!"

After saying that, Lu You looked at Feng Rao who was not far away. She pouted and said, ""For example, your CEO Feng, and I heard that uncle song's Weiwei also ..."

At this point, Lu You pursed her lips and smiled. She said, ""Anyway, you don't have to worry about your debts, right?"

After she finished speaking, Lu You smiled at Xia ruofei and walked briskly towards Feng Rao and the rest.

It was as if she felt much more relaxed after she had said everything that was on her mind.

However, while Lu You was relaxed, Xia ruofei felt a mountain of pressure. He sat on the chair in a daze and stared at the water in the pool.

He had mixed feelings in his heart. He couldn't tell what he was feeling. There was worry, helplessness, and of course, a little pride. In short, it was a very complicated feeling.

Life was just like this ...

?

Chapter 1154: A family of property owners in the capital city (1)

Xia ruofei was a little muddled through the rest of the gathering.

The scene of Lu You confessing to him by the pool kept replaying in his mind. Lu You's bright eyes seemed to be able to see through his heart.

Lu You never asked Xia ruofei how he felt about her, but Xia ruofei was constantly questioning his inner self.

To be fair, he would be lying to himself if he said that he had no feelings for Lu You at all.

Although it was their first meeting, he did not have a good impression of Lu You. He felt that this girl was a little unruly and willful, even unreasonable. In addition, Lu You's mother was a Secretary of the municipal government. This made Xia ruofei feel that she had a Princess 'temper.

However, as they got to know each other more, Xia ruofei saw a more realistic and three – dimensional Lu You. She had her own emotions and a kind heart.

Of course, one's looks were also very important. There were very few men who would not be moved by a beautiful woman with a hot figure and a thousand charms. Moreover, Lu You had a cold personality and did not bother with men. However, she just had to look at him in a different light. The sense of accomplishment was incomparable. It would be a lie to say that she was not moved.

However, Xia ruofei already had Ling Qingxue, which was what made him most conflicted.

Perhaps every man had a beautiful dream of having one on each side, but it was only a dream, after all. It was unlikely to happen in reality. 1

Ling Qingxue was not the only one who could not accept it. Even Lu You did not care that Xia ruofei had a girlfriend and hoped that they could have a fair competition. If Xia ruofei really wanted to have her, Lu You would probably be the first one to disagree.

Of course, Xia ruofei did not dare to have such an extravagant hope now. He was just struggling with how to face Lu You. At the same time, he felt a trace of guilt towards Ling Qingxue.

Xia ruofei appeared to be a little uneasy. On the other hand, Lu You seemed to be relieved of a heavy burden. She had finally said the words that she had been keeping in her heart for a long time. She seemed to have become much more cheerful. During the gathering, she even took the initiative to look for song Rui and Zhuo Yiyi to have a few drinks.

The barbecue party by the pool was a success. Other than Xia ruofei, who was half the host, who was a little distracted, his friends had a great time.

Little Haoran's mouth was full of oil as he ate. Duff even took out her phone to take pictures everywhere. Every corner of this Chinese courtyard house was very fresh to her.

Zhao Yongjun and Tang Yitian also had a good time.

Song Rui had been accompanying Zhuo Yiyi the entire time. However, from Xia ruofei's point of view, this slow – witted girl probably did not see song Rui as a man at all. Instead, she saw him as her best friend.

Xia ruofei could not help but laugh when he saw song Rui's expression.

But he couldn't laugh. He was a mess when it came to relationships. He couldn't cut it and it was a mess. He didn't have the right to laugh at song Rui!

Other than occasionally glancing at Xia ruofei, Lu You spent most of her time chatting with Feng Rao. Xia ruofei intentionally avoided her so that he had no idea what they were talking about.

It wasn't until 10 O' clock in the evening that Zhao Yongjun proposed to end the gathering. Everyone had almost finished drinking and the food they had prepared was almost all gone.

"Ruofei, everyone's almost done eating!" Zhao Yongjun smiled and said, "why don't we just leave?"

Xia ruofei was a little absent – minded. After a while, he said, ""Oh ... Sure! It's getting late!"

At this moment, Wu shuheng smiled and said, "ruofei, why don't we all stay here tonight?" And feel your new home!"

"Good, good!" Song Rui was the first to raise both hands in agreement.

He had been looking forward to such an opportunity! If Zhuo Yiyi could stay here for the night, then perhaps they could progress further ...

Xia ruofei subconsciously looked at Lu You, who was smiling but not smiling, and quickly said, ""No, no, brother Wu, you don't have that much bedding! Besides, I've already troubled you enough tonight. Aren't you going back tomorrow? Rest early tonight! We won't disturb you any longer!"

Although Xia ruofei had paid the full amount, it had not been transferred. This was still Wu shuheng's home. He did not want to give Wu shuheng the impression that he was eager to hand over the house.

Anyway, Wu shuheng had to deal with the notarization during the day tomorrow and fly back to the United States in the evening. Why was he in a hurry to spend the night here?

Of course, Xia ruofei was well aware of the more important reason.

His mentality was the complete opposite of song Rui 'S. He didn't know how to face Lu You now. If everyone stayed, he would definitely feel uncomfortable.

Wu shuheng didn't force him and said with a smile, ""Alright then! But don't forget to come over tomorrow morning to hand over the house!"

"Alright! Brother Wu, rest early. We'll go back to the hotel first!" Xia ruofei stood up and said.

At the door, song Rui couldn't wait to say, ""Brother Zhao, lend me your car. I'll send Yiyi home. It's not safe for a girl to be alone at night!"

Zhao Yongjun was stunned. The three of them had only driven one car here today. If song Rui drove the car away, what would happen to the rest of them?

Xia ruofei couldn't help but think, 'does this kid really want to be alone with Zhuo Yiyi? He didn't even ask who would send him off ...

Without waiting for Zhao Yongjun to speak, Feng Jing immediately said, "We brought a business car with us today. It's parked at the entrance of the alley. We can go back to the hotel in one car!"

?

Chapter 1155: A family of real estate owners in the capital city (2)

"We have our own car. You don't need to worry about it!" Tang Yitian said with a smile.

"Yongjun, my car's here too, why don't you drive it away?" Wu Shuheng smiled. This will definitely be enough for the car!"

Song Rui said happily, "then it's decided!" Yiyi, let's go first!"

Then, he took the car keys from Zhao Yongjun's hand.

After Song Rui took the car keys, he brought Zhuo Yiyi to the car Zhao Yongjun had parked in the courtyard.

Zhuo Yiyi's reaction was indeed a little slow. She did not notice the subtle relationship between these people, nor did she feel that Song Rui's concern for her had long gone beyond the scope of friends. 1

She bade Xia Ruofei and the others goodbye, then got into the car and left.

After Song Rui's car drove out of the courtyard, Zhao Yongjun thought about it and smiled. "Ruofei, I'll stay at Hilton tonight too. I still have to do the handover and transfer with you tomorrow!"

He paused for a moment and continued, "Why don't you ... Send Lu You off? I'll go back to the hotel with CEO Feng's car. How about this arrangement?"

Xia Ruofei's expression froze. Zhao Yongjun's arrangement was more reasonable. After all, Xia Ruofei and Lu You were the most familiar with each other.

However, Zhao Yongjun had also attended Elder Song's birthday banquet. He was naturally aware of the ambiguous relationship between Xia Ruofei and Lu You. Hence, his arrangements were more or less with the intention of stirring up trouble.

Of course, if it was before tonight, it was fine to send Lu You off. However, Lu You had just confessed to Xia Ruofei very formally. Xia Ruofei felt rather conflicted to let him spend time with her alone.

This was because Xia Ruofei had not been able to face his heart and could not make a choice.

Lu You seemed to have noticed Xia Ruofei's dilemma and glanced at him with a half-smile.

Xia Ruofei gave her a pleading look.

Lu You sighed in her heart. She knew that she could not rush things like this. However, when she saw Xia Ruofei's unwilling look, she felt a little embarrassed and angry. She simply smiled at Xia Ruofei and did not say anything to help him out.

Xia Ruofei closed his eyes and made up his mind. 'I'll give it to her, but she won't eat me up,' he thought.

Just as Xia Ruofei was about to agree, Lu You said unhurriedly, "Big brother Zhao, my home is on the same way as your hotel. I'll take Sister Feng's car. Let Xia Ruofei be in the same car as you! He drank quite a bit, it's not safe to drive."

Xia ruofei instantly heaved a long sigh of relief and couldn't help but look at Lu You with gratitude.

Lu You glanced at Xia ruofei resentfully before following Feng Jing, da Fu, and the rest out of the courtyard house. Tang Yitian and Feng Jing's cars were parked at the entrance of the alley.

Zhao Yongjun and Xia ruofei also said goodbye to Wu shuheng, then drove Wu shuheng's Mercedes – Benz away from the siheyuan.

On the way, Zhao Yongjun said with a smile, ""Ruofei, you're too pretentious. I've created such a good opportunity for you, but you didn't seize it!"

Xia ruofei cursed in his heart, 'chance your head! I was almost toyed to death ...

However, he definitely couldn't say that Lu You had confessed to him. How much courage did she need to take the initiative to confess? If he were to casually say such things, would he still be human?

Hence, Xia ruofei could only pretend to be tired and said, ""Brother Zhao, I drank too much tonight. I'm really too tired ..."

Zhao Yongjun didn't doubt him and shook his head. ""You! Let's rest for a while! We'll be at the hotel soon ..."

"Okay, drive slowly ..." Xia ruofei lowered the seat and leaned back. He closed his eyes to rest.

The thought of having to take a plane back to the three mountains with Lu You made Xia ruofei's head hurt. He didn't hate Lu You. In fact, he didn't have no feelings for her at all. However, under the current circumstances, he was really a little afraid to be alone with Lu You.

No one had done anything wrong in this matter. Perhaps the only thing wrong was the timing ... Xia ruofei sighed in his heart.

.....

After they returned to the hotel, Xia ruofei and Zhao Yongjun went back to their rooms to rest.

The next morning, Xia ruofei woke up on time. After a simple wash, he sat cross – legged on the bed and prepared to cultivate.

Just then, his phone vibrated, and the screen lit up.

Xia ruofei waved his hand and the phone on the bedside table flew into his hand.

He opened it and saw that it was a new WeChat message from Lu You.

"Xia ruofei, I know you're a little afraid of seeing me now, so I've decided to go back to the three mountains alone. I'm already at the airport now! But I won't give up! We'll meet at the three mountains!"

At the end of the message, Lu You even added a mischievous smile.

Xia ruofei held the phone in a daze. He felt a little relieved, but he was more conflicted. No matter how capable he was, he had no idea how to deal with this kind of situation.

Xia ruofei was absent – minded for the rest of the day. He decided not to cultivate and leaned against the headboard, staring blankly at the ceiling.

After a long time, Xia ruofei got off the bed and mumbled to himself, ""I can't care that much! It's better to take one step at a time and do as you please!"

He let out a heavy breath, as if he wanted to spit out all the frustration in his heart.

?

Chapter 1156: A family of property owners in the capital (3)

It was already past Five O' clock in the morning. Naturally, Xia ruofei could not cultivate anymore. He took a short break and went downstairs for breakfast.

In the morning, Zhao Yongjun brought Xia ruofei to the courtyard house in liuhai Lane.

Wu shuheng had already found a notary and entrusted the transfer of ownership to Zhao Yongjun.

After receiving the notary certificate, Zhao Yongjun and Xia ruofei officially accepted the courtyard house that used to be in bei le mansion.

Wu shuheng had given all the household appliances, furniture, and other facilities in the house to Xia ruofei. He only took some decorations from his personal collection and some clothes that he had left in the yard. They only filled half a pickup truck.

Then, Wu shuheng bid farewell to Zhao Yongjun and Xia ruofei.

He still had two houses in the capital, but they were both in small communities. Although the area was also very large, compared to this courtyard house, the total price was probably only a fraction. So he didn't sell the two houses this time, because the money from selling the houses was like a drop in the bucket for his overseas company's lack of funds. It wouldn't help at all.

Wu shuheng moved these personal belongings to his other house to store them, and then he was ready to return to the United States.

His company in the United States was in urgent need of funds to revive, so he was also eager to return home.

After Wu shuheng left, Xia ruofei didn't have time to take a good look at the yard. Zhao Yongjun took him directly to the housing management Center to handle the transfer procedures.

Zhao Yongjun had already informed his friend in advance. He also had the notarized power of attorney signed by Wu shuheng, Xia ruofei's house purchase contract, money transfer receipt, Wu shuheng's property certificate, Land certificate, and other information in his hands. So, it was very easy to transfer the ownership.

Of course, according to normal procedures, even if he didn't apply for a mortgage, it was impossible to complete all the procedures on the same day.

However, Zhao Yongjun's appearance was a special case. The two of them only spent half a day and the entire transfer process was completed. Xia ruofei also got the new house and land certificate under his name.

From this moment on, this super luxurious mansion that was worth more than 100 million Yuan officially belonged to Xia ruofei.

Xia ruofei had also become a family with a house in the capital, and it was a huge courtyard with three entrances.

Zhao Yongjun was very meticulous. After the transfer of ownership was completed, he brought Xia ruofei to transfer the water, electricity, heating, gas, and other bills under Xia ruofei's name.

On the first floor of the housing management Center, there were people from the electricity company, gas company, Broadcasting Company, and other units stationed there. It was very convenient as long as they went to the counters one by one.

After settling everything, the two of them had a casual lunch outside before returning to the liuhai Lane courtyard house.

"RUO Fei, take a good look and see if there's anything that you don't like that needs to be modified." Zhao Yongjun smiled and said, "I'll arrange for a friend to come over and help you fix it. He's a specialist in ancient building restoration. I guarantee that he'll help you do it beautifully!"

In fact, Xia ruofei had already thought of a few places that needed to be changed. He immediately smiled and said, "That's great! I was just worried that I couldn't find a professional to do this! As for the place to change, I've already thought about it last night! If your friend is studying the restoration of ancient buildings, it shouldn't be difficult for him!"

"Oh?" Zhao Yongjun was also interested and said with a smile, "Tell me about it, maybe I can give you some advice! Although I'm in the antique field, I've also done some research on Ming and Qing Dynasty architecture!"

Chapter 1157: Veteran Wu Qiang (1)

This siheyuan had been completely transformed by Wu shuheng four or five years ago. It had a complete set of functional facilities, such as central air conditioning, floor heating system, and so on. They were still very advanced today and would not be out of date at all.

Hence, Xia ruofei only suggested some changes to the details according to his preferences.

For example, he could open a door in the third courtyard and turn the two empty rooms into a garage. This way, he could drive in and out from the back road instead of using the relatively crowded liuhai Lane.

Also, Xia ruofei came from the southeast province and liked Osmanthus trees, especially in autumn when the osmanthus flowers bloomed. The yard was filled with the fragrance of osmanthus flowers, so he was planning to plant a few Osmanthus trees in all three yards.

As for whether it could survive in the cold North, it was not within Xia ruofei's consideration. As long as Yingluo was willing to give up the solution of the spirit Heart Flower petals, how could it not grow?

Now, Xia ruofei had accumulated a lot of spirit Heart Flower petals. Other than pouring some into the farm's water tower and the water tower in the pomfrets cultivation workshop on a regular basis, he did not need to use much in other places. Therefore, the reserves had been increasing steadily.

There were also some other small changes, but he felt that some places were more damaged and needed to find similar old wood to replace them.

Xia ruofei did not want to change the huge wine cellar in the basement for the time being because he had not thought of what to change it into. The courtyard house was already fully equipped with functions, so he might as well leave it there.

The changes that Xia ruofei suggested were not too difficult. Zhao Yongjun wrote them down and smiled. "No problem, my friend can definitely do it. He's done a lot more complicated work than this!"

Xia ruofei grinned and said, "brother Zhao, I'll leave the modification to you!" I definitely can't wait In Beijing all the time, so I'll have to trouble you to help me keep an eye on him!"

"Alright! Don't you worry!" Zhao Yongjun said.

The two of them walked around the courtyard house. After Xia ruofei finished looking at it, he confirmed that there was nothing that needed to be changed.

The two of them sat in the yard and chatted for a while before they closed the door and left.

At first, Xia ruofei was prepared to treat Zhao Yongjun to a meal at the courtyard house, but he changed his mind. Those super ingredients were all stored in the spirit map space, and he couldn't possibly take them out to use. Otherwise, it wouldn't make sense.

Xia ruofei had no interest in buying ordinary ingredients to cook.

Just as they were about to leave, song Rui called.

"Ruofei, are you in siheyuan?" As soon as the call connected, song Rui asked in a loud voice.

"He's here!"

"Open up, open up, open up!" Song Rui shouted, "I'm at the door!"

He hung up the phone after he finished speaking.

Xia ruofei kept his phone and smiled at Zhao Yongjun, ""Song Rui, that kid, is here. I wonder what's going on ..."

"Let's go and take a look!" Zhao Yongjun said.

The two of them walked through the door and entered the first courtyard. Xia ruofei opened the door and saw song Rui standing at the door. Beside him was a man in his thirties with a square face. He was very strong and had a threatening aura.

"Why are you so slow!" Song Rui complained.

"You came looking for me in such a hurry, what's the matter?" Xia ruofei looked at the strong man beside song Rui and asked with a smile.

"Didn't you want to find someone to help you look after the courtyard?" Song Rui pointed to the brawny man beside him and said, "I helped you with this early in the morning. Here, I've brought you the person!"

Zhao Yongjun, who was standing behind Xia ruofei, noticed the person beside song Rui. He was stunned for a moment before he said in surprise, ""Strong martial artist?"

The brawny man beside song Rui also raised his head. After looking at Zhao Yongjun for a few seconds, he cried out in surprise, ""Platoon leader! What are you doing here?"

Zhao Yongjun was a little excited, "I was going to ask you!" Why are you in the capital? And you were even found by that brat song Rui?"

"I've been in Beijing all these years!"

"Then why didn't you come and find me?" Zhao Yongjun said unhappily, "you don't treat me as a brother, do you?"

Xia ruofei and song Rui were dumbfounded.

Wasn't song Rui the one who introduced Xia ruofei to a guard? How did it become Zhao Yongjun and this Wu Qiang's family meeting?

"Stop, stop, stop!" Song Rui called out, "big brother Zhao, you know Wu Qiang?"

"More than just knowing?" Zhao Yongjun laughed, "he's a soldier I've led before!"

Xia ruofei also felt that it was a little magical. Was the world really so small?

"Don't just stand at the door," he said with a smile. "Let's talk inside!"

"Yes, yes, yes, let's talk inside the house!" Zhao Yongjun quickly said.

He was also a little excited to meet the soldiers he had led before here.

The group came to the second courtyard. The early autumn weather in the capital was not too cold, and the afternoon sun was warm, so everyone sat down at the stone table in the courtyard.

Xia ruofei went into the house and made a pot of tea.

The tea leaves didn't take up much space and could be put in his bag, so it didn't attract any suspicion.

Da Hong Pao was supposed to make kungfu tea, but there weren't many people who drank kungfu tea in the North. Wu shuheng's house didn't have any decent tea sets, so he could only use a large teapot to make a pot.

?

Chapter 1158: Veteran Wu Qiang (2)

This way, the taste would be a little worse, but the tea leaves were good enough, and the tea fragrance would overflow when it was brewed.

Xia ruofei poured a cup of tea for everyone, then smiled and said, "Brother Zhao, tell me about your relationship with this brother Wu Qiang first!"

Zhao Yong Jun took a sip of tea and smiled, "This kid was from the first batch of new recruits that I taught when I was a platoon leader ..."

Following Zhao Yongjun's story, Xia ruofei and song Rui found out that after Zhao Yongjun was thrown into the Army by general Zhao Cheng, he was promoted smoothly in his third year. After half a year of training in the Academy, he was awarded the rank of second lieutenant.

His first job in the Army was to be a platoon leader of new recruits, in charge of training the new recruits who had just been recruited.

Wu Qiang was one of the new recruits. Because his military quality was better, he was highly regarded by Zhao Yongjun. After the recruit training, the new recruits were assigned to their own companies. Zhao Yongjun even specially asked him to join his company.

Wu Qiang didn't let down Zhao Yongjun's high regard. He performed well in all aspects and became the Vice class monitor in the second year. He was even promoted to Sergeant later.

However, Zhao Yongjun had no interest in working in the Army, so he applied to leave the Army when he was a company commander.

At that time, Wu Qiang was still serving in the Army, and he had already become the backbone of his company. He had been the squad leader for several years and had even acted as the acting platoon leader when the platoon leader was vacant.

After Zhao Yong Jun changed his career, he was transferred to a public institution. However, he was a restless person. He quit his job not long after and started to work on antiques. At that time, general Zhao Cheng was quite angry.

Zhao Yongjun had lost contact with some of his comrades in the Army after moving to other places for a few years. He had only heard that Wu Qiang had retired after he had completed his service as a class

two non – commissioned officer. He did not expect Wu Qiang to come to the capital to ask him to tell him that the Army they were serving in at that time was in the Beibei province.

After Zhao Yongjun finished, he looked at Wu Qiang and said, “You’ve been in Beijing for so many years, but you didn’t even contact the old platoon leader. Do you not see me as a brother?”

“I didn’t know you were in Beijing, platoon leader!” Wu Qiang quickly said. Besides, the contact information from back then is no longer valid. Beijing is so big, I can’t find you even if I wanted to!”

Wu Qiang was telling the truth. Zhao Yongjun had changed his number several times over the years, and he had lost contact with his comrades who he had not seen for many years.

If Zhao Yongjun wanted to find Wu Qiang in the capital, it wouldn’t be difficult at all. However, Wu Qiang was just a child of an ordinary family and didn’t have any connections in the capital. Even if he wanted to find Zhao Yongjun, it would be impossible.

Zhao Yongjun couldn’t help but be at a loss, “You have a point.”

Then, Zhao Yongjun looked at Song Rui and asked, “Xiao Rui, how did you know Wu Qiang? you even introduced him to work for RUO Fei.”

Song Rui smiled and said, “of course someone introduced me!” Ruofei said that he wanted to find a reliable person, preferably a retired soldier, so I asked Guo Ruchao for help. He knows more soldiers! That’s why I introduced him to Wu Qiang. It just so happens that Wu Qiang is in the capital, so I brought him over. ”

“Guo Ruchao?” Zhao Yongjun asked, surprised. Wu Qiang, how do you know Guo Ruchao?”

Guo Ruchao was one of them, but he was older than Song Rui and the others. His father’s position wasn’t as high as Zhao Cheng’s.

However, Guo Ruchao had been developing in the Army. He was now the deputy chief of staff of a division stationed in Beijing. At the age of 35 or 36, he had reached the level of a Regiment commander. It could be considered a very good development.

“He used to be my chief of staff,” Wu Qiang replied honestly.

It turned out that after Zhao Yongjun transferred to another profession, Wu Qiang performed outstandingly in a group military competition. He was transferred to the main battle group where Guo Ruchao was the Chief of Staff as the squad leader of the reconnaissance team. Guo Ruchao also thought highly of Wu Qiang, who had excellent military quality. When Wu Qiang was discharged from the Army, he had asked him to stay many times and even specially went to the higher – ups to ask for the quota of a third class Sergeant.

However, the reason why Wu Qiang chose to retire from the Army was not only because of the lack of a high – ranking officer, but more importantly, it was because the expenses for his family’s medical bills and his younger siblings’ school fees were too high. The salary of a Sergeant was simply not enough. Therefore, he wanted to leave the Army and work somewhere else to earn more money.

Guo Ruchao felt sorry for Wu Qiang when he found out about the reason, but he still allowed him to leave the Army.

Not only that, but Guo ruchao also used his connections in Beijing to help Wu Qiang find a job.

Because Wu Qiang was a rural resident, there was no job arrangement for him after he retired from the Army. Originally, Guo ruchao wanted to arrange a white – collar office job for him, but Wu Qiang said that his academic qualifications were low and declined. In the end, he chose a job as a security Captain, which was considered a professional counterpart.

In the past few years when Wu Qiang was in Beijing, Guo ruchao had been taking care of him. When he heard that song Rui was looking for a job as a private nurse for his friend, he immediately recommended Wu Qiang.

After listening to Wu Qiang's explanation, Zhao Yongjun couldn't help but feel a little emotional. "I didn't expect Guo ruchao to be so loyal!"

Then, he said guiltily, "Wu Qiang, I didn't even know that you were in Beijing all these years. Guo ruchao has been taking good care of you ..."

"Old platoon leader, it's me who didn't take the initiative to contact you ..." Wu Qiang quickly said.

Zhao Yongjun waved his hand. "We've contacted each other today. If you have any difficulties in the future, you must let me know. I'll definitely help you if I can!"

?

Chapter 1159: Veteran Wu Qiang (3)

Zhao Yongjun's personality was more forthright and he was also a very nostalgic person. Although he didn't really like life in the army, he couldn't help but think of his own military days after seeing Wu Qiang.

"I know, old platoon leader!" Wu Qiang said with a touched expression.

Then, Zhao Yongjun said to Xia ruofei, "Ruofei, Wu Qiang is a soldier that I trained. His character is definitely reliable. Moreover, he has good military qualities. He is definitely competent for this job ..."

Xia ruofei naturally understood what Zhao Yongjun meant. He smiled and said, "Of course I trust brother Zhao's soldiers!"

Then, he smiled at Wu Qiang and asked, "Brother Wu ..."

"You flatter me, boss. You can just call me Wu Qiang ..." Wu Qiang quickly replied.

Xia ruofei smiled and nodded. "Wu Qiang, how's your treatment as a security guard Captain?"

"The monthly salary is about 6000 Yuan. There's five insurances and one housing Fund. The company provides accommodation and lunch. However, we're staying in a group dormitory," Wu Qiang replied honestly.

Xia ruofei nodded and said, "if you come over to help me, the job will be relatively simple. You'll be in charge of the safety and daily maintenance of this house. You can hire a part – time worker to clean the house. Oh, by the way, I'll also have to be my driver when I'm in the capital. You should be able to do it, right?"

When Wu Qiang heard this, he felt that this job was simply too easy!

To put it bluntly, he just lived here and patrolled every day. He didn't even have to clean the place himself. As for being a driver, it wasn't a hard job. Besides, Xia ruofei said that he wouldn't be staying in the capital for long.

He didn't have to do much work every day, and he had such a good house to live in. Where could he find such an easy job?

Wu Qiang immediately nodded and said loudly, "Sure!"

"Ruofei, Wu Qiang has been a security Captain for six thousand a month," Zhao Yongjun said. "You can't treat him badly!"

"Brother Zhao, do I look like that kind of petty person?" Xia ruofei asked with a smile.

Xia ruofei was not short of money now. He had always taken good care of his employees, especially the Veterans who had retired from the Army.

Xia ruofei thought for a while and said, "Wu Qiang, how about this?" "If you come over to help me, you'll get a monthly salary of 8000 Yuan. The kitchen and electrical appliances are all ready here, so you can buy your own food and cook. I'll give you a food allowance of 1500 Yuan every month. As for the five insurance and one housing Fund ..."

Xia ruofei thought for a while and said, "my company is in the southeast province. If you want to pay the five insurances and one housing Fund in the capital ... Why don't you find a company to rely on first?" I'll pay for the expenses!"

Zhao Yongjun immediately replied, "why do we need to find a company?" Just hang it at my company and pay!"

Zhao Yongjun was very satisfied with Xia ruofei's offer. Although it wasn't a particularly high income in the capital, it was definitely above average.

Wu Qiang only had a high school degree. Other than having a good hand, he didn't have any other skills. It was already quite good to be able to find such a job.

Xia ruofei smiled. "It's a deal then. Send me the payment bill when the time comes!"

"No need," Zhao Yongjun said casually, "how much can medical and Social Security pay a year?" Just take it as a little token of appreciation from me, the old platoon leader!"

"Alright! We'll do as brother Zhao says!" Xia ruofei said with a smile.

Medical and Social Security did not cost much, and Xia ruofei did not stand on ceremony with Zhao Yongjun on such a small matter. He also understood Zhao Yongjun's mentality of wanting to do something for Wu Qiang.

The two of them settled the matter in a few words. Xia ruofei then turned to Wu Qiang and asked with a smile, "Wu Qiang, are you satisfied with this treatment? If you have any other requests, feel free to bring them up."

Wu Qiang was stunned.

Not only was this job extremely easy, but Xia ruofei also paid her well. Not only was her salary increased by 2000 Yuan, but she was also given 1500 Yuan as a food allowance every month. Even the old platoon leader covered all the insurance and housing funds.

Moreover, as the head of security, he often had to be transferred to various banks and buildings to guard, and he often had to work the night shift. His life was irregular, and his work was so hard. If she worked for Xia ruofei, she would get a salary of almost ten thousand Yuan and live in a large courtyard house in the center of the capital. She would have nothing to do every day. It was like heaven and earth!

"Wu Qiang, RUO Fei is asking you!" Zhao Yongjun couldn't help but remind Wu Qiang with a smile when he saw him in a daze.

Wu Qiang regained his senses and quickly said, "I'm satisfied! He was satisfied! Boss, you're giving me too much ..."

Xia ruofei smiled and said, "It's not a very high salary. All the old employees in our company can get this amount. As long as you work hard, you'll get even better treatment in the future. Also, I won't let you do this job forever. You can come to the company and work!"

"Thank you, boss!" Wu Qiang said excitedly. "I'll work for you in the future! I'll go back and resign today!"

?

Chapter 1160: Buying property (1)

"Alright!" Song Rui laughed. "RUO Fei, I've successfully completed the task you gave me! Don't you think you should treat everyone to a meal today?"

Xia ruofei smiled and said, "no problem!" "We'll eat here today, I'll cook!"

Then, Xia ruofei said to Zhao Yongjun, "Big brother Zhao, do you think this arrangement is okay? Take Wu Qiang to hand over his resignation and bring his things along. Also, buy some personal items, bedsheets, and blankets. I'm going to buy some ingredients to cook, so let's eat here tonight!"

"No problem!" Zhao Yongjun said, "Xiao Rui, come with us!"

"Alright!" Song Rui replied.

After the division of labor was completed, everyone left the courtyard and set off separately.

Wu Qiang's job had been arranged by Guo Ruchao. Song Rui had informed Guo Ruchao, and his resignation from the security company went smoothly. Xia Ruofei did not have to worry.

After he walked out of the alley, he used his phone to search the nearby supermarket and found that Walmart's Sam's Club was not far from here.

So, he hailed a taxi at the entrance of the alley and went straight to the Sam's shop.

In the supermarket, Xia Ruofei was surprised to find that on the shelf in the vegetable section, there were some vegetables and fruits produced by the Paradise Corporation.

After Paradise Corporation expanded its production capacity, it also started to cooperate with some large super – Commercial channels, and Walmart was an important partner of Paradise Corporation.

Sam's Club was a high – end supermarket under Walmart, so it naturally got the supply of Taoyuan vegetables as soon as possible.

The location of the Taoyuan vegetables was naturally very conspicuous. Of course, the price was also quite touching. It was more than ten times more expensive than the general vegetables of the same kind.

Even so, the near – perfect appearance of Peach Garden vegetables still attracted many people to stop and watch.

Sam's supermarket was a membership system. Every year, one had to pay more than 200 yuan for membership fees to enjoy the membership treatment. The shopping environment here was better than the general supermarket, and the purchasing power of the consumers was also relatively stronger.

Therefore, even though the price of Taoyuan vegetables was extremely high, there would still be people who would go to buy them from time to time.

Xia Ruofei looked on with interest for a while, and his heart was slightly moved.

Since the hill maiden's shop in the capital sold Taoyuan vegetables, he could say that he bought them from this place when he took out the stock in the medium!

Thinking of this, Xia Ruofei smiled. He was more confident about the dinner that night.

He left the vegetable section and bought some organic mountain Black pork, beef and mutton, as well as some seasonings and cooking oil. Then, he went to the alcohol section.

Just as he had expected, there was also Drunken Eight Immortals wine for sale here.

Compared to the intimidating prices of the Peach Garden vegetables, the prices of the Drunken Eight Immortals were much more affordable. Of course, this was only in comparison to the prices of white wines such as Maotai Wuliangye.

Perhaps it was because he had just expanded his business to the North, but the sales of Drunken Eight Immortals were not as good as in the southeast province. At least there were still goods on the shelves, unlike in Sanshan city, where the new goods were sold out not long after they were put on the shelves.

Since the Sam's Club also sold Drunken Eight Immortals, Xia ruofei could take out the wine from the medium.

He had also stored a few boxes of the newly packaged Drunken Eight Immortals white wine, which were sent over by the winery's staff Under Ling Xiaotian's orders.

Of course, these wines had been stored in the medium for a long time, so the taste was naturally much better than the Drunken Eight Immortals series of white wine sold outside.

Xia ruofei took a taxi back to the courtyard house in liuhai Lane, carrying some meat and braised dishes that he had bought from the supermarket.

Before Zhao Yongjun and the others returned, Xia ruofei went to the kitchen in the third entrance.

When Wu shuheng renovated the house, he did spend a lot of money. The kitchen was very well – equipped. The double – door refrigerator, electric oven, microwave oven, range hood, and so on were all top brands. Even the knives and anvil were all made Germany brands.

Xia ruofei put down his things and took out the Paradise vegetables, a huge carp, and a few bottles of Drunken Eight Immortals wine from the medium.

Then, Xia ruofei put on an apron and started to work in the kitchen.

The sky gradually darkened. Xia ruofei finished the last carp soup. The rice in the rice cooker was just done and had jumped to the thermal mode.

At this moment, the LED screen on the kitchen wall lit up. Someone was ringing the doorbell.

Xia ruofei wiped his hands on his apron and walked over to take a look at the screen. He saw song Rui waving at the camera.

Xia ruofei smiled. He reached out his finger and pressed on the fingerprint scanner to hand over the house. Wu shuheng had already handed over the entire smart home system to Xia ruofei.

After the system confirmed the access, Xia ruofei pressed one of the buttons. The side door in the front yard for vehicles to enter and exit opened.

Xia ruofei took off his communication device and said with a smile, ""You guys come directly to the backyard! Let's get ready for dinner!"

"Alright!"

Xia ruofei brought the dishes to the dining room one by one. After a few steps, he heard footsteps. Zhao Yongjun and the other two walked into the backyard.

Xia ruofei placed the bowl of soup on the dining table and asked with a smile, ""Big brother Zhao, did things go smoothly?"

"I'm done!" Zhao Yongjun smiled and said, "I also bought some personal items for Wu Qiang!"

Xia ruofei saw that Wu Qiang was carrying bags of various sizes and said to song Rui, ""Song Rui, there are still a few dishes in the kitchen. Help me bring them over!"

“Wu Qiang, you will be staying in this courtyard from now on. Now, go pick a room and put your things down!” He said to Wu Qiang.
