### Chapter 1771: Gao Jun's invitation\_1

Gao Jun was dumbfounded. Xia ruofei's way of drinking really scared him.

Xia ruofei had already drunk more than half a liter of white wine before the toasts started. This was already the limit of most people's alcohol tolerance, but Xia ruofei was still talking and laughing as if nothing had happened. His eyes were clear and he did not seem drunk at all.

Gao Jun had seen many people with good alcohol tolerance, but he had never seen someone like Xia ruofei.

Gao Jun had attended all kinds of dinner parties, and there was no lack of people who drank very freely, especially those professional Drinking Partners who were specially brought by some leaders to the dinner parties. They drank wine like it was water.

However, Gao Jun was very clear about this. Those who drank big glasses of white wine didn't even blink their eyes. Some of them were given tasks by their leaders, and even if they couldn't do it, they would still force themselves to do it. There were also some experienced drinkers who had all kinds of tricks, such as not swallowing the wine after drinking, but secretly spitting it into the towel while wiping their mouths. There were simply too many tricks.

Xia ruofei was the only person Gao Jun had seen in so many years who could finish more than a pound of white wine in such a short time without using any means. He was also calm and his eyes were clear.

When Xia ruofei proposed a toast, everyone would naturally give him face. Although Xia ruofei said that everyone could do as they pleased, he had already finished half a catty of white wine in one gulp. Who would really be at ease?

Therefore, everyone, including Gao Jun, finished a small glass of white wine very quickly.

Xia ruofei then sat down, picked up his chopsticks, and ate his first dish since coming to this room.

After Xia ruofei chewed and swallowed the fried eel, he said, "Brother Zhao, Gao tai, since we're going to work with the Jie Ji group, is there anything we need to do in the early stages?"

Gao Jun smiled and said, "In short, we need a mushroom house. It's the standard of our show. There's also an auxiliary building. It's mainly for the equipment and staff."

Zhao Yongjun added, "I've talked to Yifan about this today. He'll prioritize the design of the two buildings needed for the show. Later, the festival team will send someone to communicate with Yifan. Yifan has already agreed to integrate the mushroom house design into the overall design of the club. This way, after the show is done recording, these two buildings will continue to be kept."

Xia ruofei nodded. "That's good. I'm just afraid that this will cause unnecessary trouble for the club."

"Don't worry, President Xia," Gao Jun said. "We'll definitely communicate with each other and make sure that we won't delay each other."

Xia ruofei had some doubts and asked, "Gao tai, forgive me for being direct!" Wouldn't the recording of this program last for at least one to three months? Wouldn't the clubhouse's construction be affected? It couldn't be that the background of the camera was a busy construction site, right? Then what about village life? It's all reinforced concrete ..."

Gao Jun chuckled. "Mr. Xia, you may not know this, but the camera is only showing part of the area. The construction of the other areas will not be affected. As long as we schedule it properly, the club's construction period will not be delayed."

Gao Jun paused for a moment before continuing. "Also, we'll try to integrate the design of the program with the design of the club. For example, we'll choose the green space in the club for growing vegetables. After the program is recorded, it'll be easy to transform it." Also, I'm planning to use a net to mark out an area by the lake for the jiumo group to raise fish. These facilities can be retained for the club in the future. "

Song Rui said with a smile, "Ruofei, don't worry. The platform has been doing variety shows for so many years. Whatever you can think of, they've already thought of it. In short, you just need to know that bringing in this show will not affect the club's construction progress. It's a win – win situation for both sides. That's all!"

"Alright then!" Xia ruofei laughed and said, "I really don't have any experience in this area. I'm sorry to have embarrassed myself ..."

Gao Jun smiled. "You're too kind, director Xia. Our program's production and venue's interests are the same. As long as everything is discussed in advance and we communicate and understand each other during the recording process, I believe there won't be any problems! I'll also talk to the show's producer and director. They'll fully respect your opinions and won't make any unreasonable requests!"

Hearing this, Xia ruofei was completely relieved. Although Gao Jun was very humble in front of them, he was the absolute boss in xiangnan TV's variety shows. After he had spoken to them, he believed that those kinds of requests made at the last minute, guests acting like big shots, and other bullsh \* t things would not happen.

Gao Jun raised his glass and smiled at Xia ruofei. "President Xia, let me offer you a toast. Firstly, I wish us a happy cooperation; Secondly, I would like to thank you for your support!"

Xia ruofei said, "you're too polite. I'll be embarrassed if you continue to support me!"

After Xia ruofei finished speaking, he raised his glass at Gao Jun and drank it.

This time, he used a small white wine glass.

Gao Jun also drank a glass and then said excitedly, "Director Xia, I have some ideas for the next season of life I yearn for. I hope you can support me!"

?

Chapter 1772: Gao Jun's invitation (2)

Xia ruofei raised his eyebrows and smiled. "Oh? What do you need my support for? It couldn't be that he was going to provide peach blossom vegetables and peach blossom Da Hong Pao, right? That shouldn't be a problem, right? We've already come to an agreement!"

Zhao Yongjun and the others laughed.

Gao Jun shook his head with a smile and said, "Mr. Xia, I hope to invite you to participate in the recording of the first episode as a guest. In my design, you will be the only guest for the first episode!"

Xia ruofei couldn't help but be dumbfounded. "Me? Participating in a variety show?"

Xia ruofei waved his hand and said, "Gaotai, forget it ... I'm not a star and I don't have any acting experience. Aren't you afraid that I'll make a bad opening for the next season of your show and even completely destroy it?"

Gao Jun smiled and said, "President Xia, why aren't you a big star?" Don't forget, you're still in the top ten most searched topics on Weibo! In this era, those who had traffic, and a large amount of traffic at that, were considered celebrities! Besides, President Xia's character is too positive. On top of that, his image is also very good. He's definitely the best candidate for our show's guest!"

At this point, Gao Jun paused slightly, took a sip of fruit juice to moisten his throat, and continued, "As for the stage performance experience that President Xia mentioned, that's not a problem at all. The purpose of our show is to restore the real leisurely life. Just treat it as a day at a friend's house. If you've watched this season's show, you should know that we didn't just invite celebrities from the entertainment industry. One of the episodes even invited an Olympic champion and a Winter Olympic champion! That episode was also very outstanding!"

Xia ruofei instinctively rejected anything about showing his face in public, but he still said, "No, no, no! I really can't do this. Gaotai, you'd better find someone else!"

"President Xia, you're the one and only person in my mind who can guarantee a good start!" Gao Jun said. "We pay the appearance fee for the guests who participate in the show. It's not lower than our budget ..."

"Gaotai, it's not a problem of money ..." Xia ruofei said helplessly.

At this time, song Rui said with a smile, "Ruofei, I think director Gao's suggestion is not bad! I'm looking forward to it just thinking about it!"

Zhao Yongjun started to persuade Xia ruofei, but his analysis was more rational. "Ruofei, you should consider this invitation from the high platform. First of all, if you personally participate in the show, it will definitely be good for the placement of the advertisement. The audience would definitely have a deep impression of it! Second, this is also very beneficial for you to maintain the popularity of your fans. The internet favors the new over the old. Although you're very popular online now, who knows, after a while, everyone's interest might change. When that time comes, if you participate in such a high – rated variety show, and during the process of the show, the host will definitely talk to you about the forced decline, which is equivalent to giving the audience a deeper memory!"

Xia ruofei forced a smile and said, "brother Zhao, why do I need to maintain my popularity?" I'm running a company, not an artiste!"

Zhao Yongjun laughed and said, "why don't you try saying that to your company's CEO Feng?" Who said that entrepreneurs didn't need to maintain their popularity? Big entrepreneurs like Beijing's President Liu and heavenly cat's President Ma still had to show their faces and make their presence known from time to time! You have a unique advantage now because of the Quto incident. If you don't maintain this advantage, it will easily cool down the enthusiasm. Will your company's team agree?"

I definitely can't agree to it! Otherwise, Feng Jing, Dong Yun, and Guan Ping would not have been in such a hurry to post something on Xia ruofei's verified Weibo.

Xia ruofei knew this as well. He agreed with Zhao Yongjun's idea of better placement of advertisements to deepen the audience's impression. He was also a little tempted.

However, Xia ruofei still had some reservations about appearing on television.

After thinking for a long time, Xia ruofei finally said, "Gaotai, please let me consider this! Anyway, there's still quite a long time before the official recording of your show. Even if I can't participate, I Won't Hold You Back from looking for guests for your show. "

Gao Jun nodded with a smile and said, "No problem. I just hope that you'll consider my suggestion. I think that director Zhao's analysis is very reasonable."

"I'll think about it," Xia ruofei nodded.

Zhao Yongjun and song Rui exchanged a look, then tacitly took out their phones and sent each other WeChat messages under the table.

"Brother Zhao, it seems like ruofei is a little indecisive!" Song Rui said.

"We have to add fuel to the fire, how can we miss out on such a good thing?" Zhao Yongjun said.

Song Rui, 'I seriously agree! Actually, I already have an idea!"

Zhao Yongjun: "I have an idea too. Let's not rush into it. Let's type out our thoughts on our phones, then I'll eat some food. I'll put down my chopsticks and we'll hit the send button at the same time!"

Song Rui said, 'interesting! Let's do this!"

Zhao quickly typed his thoughts into the WeChat input box, but he didn't send it. Instead, he held his phone under the table with one hand and picked up a piece of black pepper beef with his right hand. He put it in his mouth and chewed as he put down his chopsticks.

At the same time, Zhao Yongjun and song Rui pressed the send button almost at the same time.

The two of them first looked down at each other's answer, then looked up and smiled at each other.

Song Rui quickly sent a WeChat message to Zhao Yongjun. "Hahaha! Great minds think alike! Let's do this! I'll use the excuse of peeing to go out and settle this matter!"

Zhao Yongjun replied, "okay!" Xiao Rui, the organization has entrusted this glorious and arduous task to you! Don't let down the organization's expectations and trust!"

Song Rui casually sent Zhao Yongjun an emoji of the Eighth Route Army. In the emoji, a soldier of the Eighth Route Army was saluting, and in the blank space, there was the word "I promise to complete the mission".

Zhao Yongjun grinned and winked at Song Rui, then put away his phone without a word. Song Rui naturally put his phone back in his pocket and joined in the conversation.

In this era where the mobile internet was highly developed, almost everyone carried their mobile phones with them. It was common for people to look at WeChat and the news on their mobile phones while eating at all kinds of gatherings and dinner parties. Therefore, their actions did not attract anyone's attention, including Xia Ruofei.

The dinner ended at nearly 10 p.m. No one noticed that Song Rui got up and left the room. He only returned after five or six minutes.

In the evening, Xia Ruofei drank a total of more than two pounds of Drunken Eight Immortals white wine. Even Gao Jun, who had drunk much less than Xia Ruofei, felt a little dizzy, but Xia Ruofei was still fine.

Gao Jun was in awe of Xia Ruofei's alcohol tolerance. Before he left, he kept reminding Xia Ruofei to consider his invitation.

Xia Ruofei naturally agreed. After sending Gao Jun to the car, the few of them went back to their respective homes and found their mothers.

Song Rui and the others called their chauffeurs over, and some directly asked for the price.

Although Xia Ruofei could use his true energy to force out all the alcohol, he still called Wu Qiang in advance so that his friends would not worry. He asked him to take a taxi to the private kitchen of the Prince's Mansion and wait for orders.

So, after sending Gao Jun off, Xia Ruofei quickly got into the Land Rover and was driven back to the courtyard in Liu Hai Lane by Wu Qiang.

When the car reached the entrance of Liu Hai Lane, Xia Ruofei's phone rang.

Xia Ruofei looked at the caller ID and mumbled to himself, "It's so late, what's President Feng calling me for?"

Xia Ruofei answered the call with a smile, "Sister Che, what's the matter? Tell me first if it's good news or bad news!"

"Ruofei, I heard that Xiangnan TV has the intention to invite you to participate in the recording of the third season of the life you yearn for?" Feng Jing asked.

?

Chapter 1773: The problem of candidates (1)

Xia ruofei was stunned. Feng Jing, who was thousands of miles away, found out about this news so quickly! He immediately realized that it must have been his bad friends who wanted to push this matter forward, so they secretly revealed it to Feng Jing.

He revealed a bitter smile and said, ""Sister ran, is it brother Zhao or song Rui?"

"You don't need to know who told me this," Feng Jing replied. "It's true, right?"

Xia ruofei felt a headache and said, ""Okay, okay, okay, I agree to participate in this show, okay?"

In fact, Xia ruofei had already been convinced, but he was still hesitating. He knew Feng Jing's temper. If he didn't agree, Feng Jing would definitely keep asking until he agreed. By then, it would be extremely annoying, and the final result would be the same.

Feng Jing was surprised by Xia ruofei's quick response. She asked, ""Really?"

"Sister ran, do you want me to change my mind?" Xia ruofei asked with a bitter smile.

"Don't even think about it! RUO Fei, I really don't know why you're hesitating over such a good thing!" Feng Jing said, "but it's good that you've agreed. Leave the rest to us!"

"What do you mean?" Xia ruofei asked.

"Of course it's to discuss the details with xiangnan TV!" Feng Jing said matter – of – factly, "you'll need to sign a contract if you're going to participate in their show, so I'm thinking of signing it under the company's name!" I'll set up a team to serve you, not just for this matter, but also for the maintenance of your Weibo account and external communication. Won't it be much easier for you then?"

"Sister ran, are you really planning to make me a big star?" Xia ruofei said helplessly.

"You're a big star!" Feng Jing chuckled. "Even without the Quto incident, you'd still be the most dazzling star in our company! A lot of young ladies are crazy about you!"

Xia ruofei quickly said, "sister ran, please spare me!" I'll agree to participate in the program. In the future, the fewer such things happen, the better. "

"I know ... I'll just do my best this time!" Feng Rao said perfunctorily.

After hanging up, Xia ruofei mumbled to himself, ""Who's the real boss?"

Xia ruofei wondered if he should establish his authority as the boss. And Zhao Yong Jun and the others, they actually wanted to save the country in a roundabout way, they really couldn't take it.

That being said, Xia ruofei was just not used to being in the spotlight. He did not really reject the idea of participating in shows.

He put away his phone and realized that the car had stopped. It turned out that Wu Qiang had already parked the car in the backyard of the siheyuan.

Hence, Xia ruofei got out of the car and said, ""Wu Qiang, you've worked hard today. Park the car and rest early!"

"It's no trouble at all, President Xia!" Wu Qiang laughed.

Xia ruofei strode towards the main courtyard in the middle. After two steps, he stopped and turned around.””By the way, how’s the progress with the staff I asked you to find?”

Wu Qiang sat in the driver’s seat and scratched his head,””I do have a candidate, but I don’t know if President Xia will be satisfied ...”

“You’re still beating around the bush, kid?” Xia ruofei laughed and scolded,”hurry up and tell me!”

“It’s my sister – in – Law ...” Wu Qiang said,”my sister-in-law’s cooking skills are not bad. Whenever there’s a joyous occasion in the village, everyone will ask her to cook. However, she has never learned how to cook, nor does she have a chef’s certificate ...”

“It’s fine as long as the cooking is good! Why would I want her to have a chef’s certificate?” Xia ruofei continued,”is your sister – in – Law willing to come to the capital to work?”

“I’ve mentioned it to her, and she’s very willing to come!”Wu Qiang quickly nodded and said. My brother died of cancer a few years ago. She took care of the child alone and her life was hard. Of course, she would be very willing to work here!”

Xia ruofei thought for a while and asked,”does your sister – in – Law have a child?” If she comes to the capital to work, will there be no one to take care of the child?”

Wu Qiang said,”my nephew is already in high school. He usually stays in the dormitory. Moreover, my nephew is very sensible and his grades are very good. My sister – in – Law doesn’t need to worry about him.”

“That’s good!” Xia ruofei said,”in that case, tell your sister – in – Law to come to work immediately! As for her salary ... I’ll give her six thousand Yuan first! As usual, sign a contract with our paradise Corporation. There will be five insurances and one housing Fund, food and accommodation included, and five days of paid leave every year for five years. After that, there will be an additional five days of leave every five years!”

“Thank you, director Xia!” Wu Qiang was overjoyed.”I’ll call my sister – in – Law immediately!”

A salary of 6000 Yuan was not considered high, but it depended on who it was compared to. In Wu Qiang’s hometown, the average salary was only 2000 to 3000 Yuan. If one was farming in the countryside, facing the yellow Earth and facing the sky, the final annual income might only be 10000 to 20000 Yuan. Coming here, not only did they have food and accommodation, but they also had medical insurance and social security. They basically did not need to spend their salary and could save all of it.

In this way, he could save up 60000 to 70000 Yuan a year. He wouldn’t have to worry about his nephew’s College tuition in the future.

Sister – in – Law would definitely be overjoyed to hear such a good thing! Wu Qiang was also very grateful to Xia ruofei.

“Wait ...” Xia ruofei said after some thought.

?

Chapter 1774: The problem of candidates (2)

Wu Qiang couldn't help but feel nervous, thinking that Xia ruofei had changed his mind at the last minute.

Xia ruofei asked, "didn't I ask you to find two or three people?" Why is he only alone after so many days! He had someone to cook, but at least he needed someone to wash clothes and clean! Also, you have to tend to the flowers and trees in the yard ..."

Actually, Xia ruofei had thought of a problem. As mentioned by Wu Qiang, his brother had passed away a few years ago, so his sister – in – Law was a widow. If his sister – in – Law came to work here, and Xia ruofei was often not in the capital, it would mean that there were only the two of them in this big house.

One was an older and unmarried brother – in – Law, and the other was a widowed sister – in – Law. If the villagers knew about this, it would be inevitable that there would be gossip.

Besides, Xia ruofei also felt that it was best to hire one or two more people to take care of such a large courtyard. Otherwise, Wu Qiang would still have to work hard.

Wu Qiang heaved a sigh of relief. However, he started to stammer, "President Xia, this ... There ... There is one ... Forget it. I'll try to look around!"

Xia ruofei couldn't help but laugh. "Why are you still hesitating! Is she your girlfriend?"

Wu Qiang's dark face could not help but turn red. He scratched his head and did not say anything.

"Could she really be your girlfriend?" Xia ruofei asked curiously.

Wu Qiang stammered, "that ... Not really. A few days ago, my family introduced me to a girl. She's from the neighboring village and we used to know each other. We've video – called each other a few times over the past two days and we have a pretty good impression of each other."

Xia ruofei said happily, "that's great!" How old is this girl?"

"He's five years younger than me," Wu Qiang said.

"Then what's there to consider! Call her over!" Xia ruofei said, "we'll talk about whether you want to stay for work or not. At least you two can meet!" I'll pay for the travel expenses!"

"President Xia, this ... This isn't very appropriate!" Wu Qiang hesitated.

Xia ruofei asked, "do you know this girl?" How is he?"

"We're all from the same village. I have some impression of her. She's a pretty good girl." "But I haven't been back for a long time. I heard about her situation from my family. She's from the same village as my sister – in – Law. My sister – in – Law said that this girl is quite diligent at home. It's just that her family conditions aren't too good. Her parents have to take medicine all year round. She also has a younger brother who's in University. It's also because of her family's situation that she's delayed by personal problems!"

Xia ruofei nodded and said, "then you have to seize it!" You're not young anymore, and it's not easy to meet a suitable one. How about this ... Give your sister – in – Law a call and ask her to come to the

capital with that lady tomorrow! I'm going to stay in Beijing for a day or two, so I'll meet them. Just treat it as an interview!"

"Thank you, director Xia!" Wu Qiang said, touched.

In fact, Wu Qiang really wanted to introduce the girl to work here. Not only was the work here not tiring, but the pay was also good. Xia ruofei was also easy – going. Most importantly, he had a good impression of the girl. If they could get along every day, they might be able to get together.

Once he was over 30 years old, this human problem was like a heavy mountain. Especially in the view of the villagers, it was a problem if he was not married at the age of 30. Therefore, Wu Qiang also wanted to settle his marriage as soon as possible.

However, Xia ruofei trusted him so much and asked him to look for a staff member. He had either introduced his sister – in – Law or his blind date partner. He felt that it was not suitable, so he was worried about the gains and losses.

Xia ruofei smiled and said, "what for?" "Wu Qiang, I have absolute trust in you. I believe that the people you recommend are also very reliable. No matter what their relationship with you is, as long as they can complete their work well, it's all the same to me. Moreover, with this layer of relationship, perhaps your work cooperation will be even better! So you don't have to worry about anything, I told you to try your best to find one among your family and friends!"

Wu Qiang's eyes were a little red. He nodded his head heavily and did not say anything else.

He didn't say 'thank you' again because those two words were too weak. Xia ruofei's trust and high regard for him, he silently remembered in his heart, and secretly decided to sell his life to Xia ruofei from now on.

Xia ruofei could feel Wu Qiang's excitement. He patted Wu Qiang's shoulder and said, "Go park the car, then hurry up and call your sister – in – Law and your boyfriend!"

"By the way, how long will it take from your house to the provincial capital?" Xia ruofei asked.

Wu Qiang was stunned for a moment before he replied, "it'll take about two hours by bus!" "What's wrong, President Xia?"

Xia ruofei said, "how about this? tell your sister – in – Law and boyfriend to leave for the provincial city tomorrow morning. Then, send me their ID numbers. I'll get the company to book tickets for them at noon or in the afternoon!"

"How can I do that?" Wu Qiang quickly said, "director Xia, sister – in – Law and the rest can just come by train. We can't let the company spend more money!"

Xia ruofei said, "how much does two plane tickets cost?" This is the fastest way of transportation. If we wait for them to come by train, will they be able to arrive tomorrow?"

"At the earliest, at noon the day after tomorrow ..." Wu Qiang thought for a moment and said.

?

### Chapter 1775: The problem of candidates (3)

"It's still not?" Xia ruofei said, "I might return to the three mountains the day after tomorrow. Do you want me to wait for another day?"

"No, no!" Wu Qiang quickly said, "director Xia, I'll get sister – in – Law and the rest to buy their own plane tickets. Don't let the company spend any money."

"I already said that I'll reimburse the road expenses! Don't waste time! This matter is settled!" Xia ruofei said, "hurry up and make a call. Also, send your ID number to me on WeChat!" By the way, tell them to keep their bus tickets as well. The company will reimburse them as well!"

Seeing Xia ruofei's firm attitude, Wu Qiang could only nod and say, "Okay, thank you, President Xia!"

"That's the way!" Xia ruofei said with satisfaction, "Oh right, I don't think they've ever taken a plane before, right? You have to tell them some things to take note of over the phone, such as making sure to bring your ID card, and also some items that are not allowed to be brought along. Try to bring as little luggage as possible! I'll buy whatever I lack in Beijing! It's best to get someone with experience to accompany them to the provincial capital and send them to the airport before going back. "

Seeing that Xia ruofei had thought about it so carefully, Wu Qiang was even more touched and his voice became a little choked. "Yes! I know, President Xia!"

Xia ruofei patted Wu Qiang's shoulder and returned to his own courtyard.

Wu Qiang, who had been in the Army before, was also very decisive. Since he had already made an agreement with Xia ruofei, he did not hesitate any longer. He quickly contacted his sister – in – Law and the lady and instructed them to rush to the provincial capital the next morning.

As for the things that Xia ruofei had mentioned, Wu Qiang had also reminded him several times over the phone.

The younger brother of his blind date happened to be studying in the provincial city. Therefore, Wu Qiang specifically asked the lady to ask her brother to take a half – day leave tomorrow to pick them up at the bus station and send them to the airport.

Wu Qiang's sister – in – Law and the lady had never been on a plane before. They were both excited and nervous. They even asked Wu Qiang how he could take a plane if he did not have one. Wu Qiang could only explain patiently, telling them that they could book a ticket online with their ID number and then go to the airport to change their boarding pass.

After the call, Wu Qiang immediately sent the ID number he had just received to Xia ruofei.

Xia ruofei immediately contacted Liu Qian and forwarded her his ID number. He asked her to book two tickets from Wu Qiang's hometown, the provincial capital, to the capital.

Xia ruofei didn't have a full – time assistant. If there were any matters, he would usually contact Feng Jing's assistant, Liu Qian, to handle them.

Naturally, Liu Qian had booked two tickets at 1 p.m. The next day at the fastest speed according to Xia ruofei's request.

Xia ruofei forwarded the flight details to Wu Qiang before taking a shower and resting.

Before going to bed, Xia ruofei took out the spiritual crystals as usual to prepare for cultivation. He was very close to a breakthrough recently, so unless there were special circumstances, he would not slack off in his daily cultivation.

As he sat down, Xia ruofei thought of Song Wei.

He thought for a while and took out his phone to send Song Wei a WeChat message. He felt that he would be leaving the capital in two days, so he had to let Song Wei know. It would be best if the two of them could practice together again.

Of course, he knew that Song Wei had been avoiding him for the past few days. Xia ruofei was well aware of the reason, but it would be bad for both parties if he made it clear.

After Xia ruofei sent the message, he put his phone aside and prepared to start cultivating.

Unexpectedly, as soon as he put down his phone, he heard a WeChat notification ...

?

Chapter 1776: A different song Wei (1)

“Leaving the day after tomorrow? Then, is it convenient for me to come over tomorrow for our joint training?”

Xia ruofei was surprised when he saw Song Wei’s reply, but he still replied quickly, “No problem! Come over for lunch! I’m free in the afternoon!”

“I’ll skip lunch. I’ll be in the laboratory in the morning and have lunch in the school canteen. I’ll be in siheyuan around one o’ clock.” Song Wei replied.

“Okay, see you tomorrow!”

“See you tomorrow!”

After a simple exchange on WeChat, Xia ruofei put down his phone. Although he was surprised by Song Wei’s sudden change in attitude, he quickly got rid of the distracting thoughts and entered a state of cultivation.

.....

The next morning, Xia ruofei went to the backyard after his cultivation. Wu Qiang had already prepared breakfast.

After Xia ruofei sat down, he picked up a deep – fried dough stick and dipped it in soy milk. He took a bite.

“Wu Qiang, is there any problem with your sister – in – Law and partner?” he asked as he chewed.

“President Xia, I called and asked them when I woke up. They have already taken the earliest bus to the provincial capital. They won’t miss the flight ...” Wu Qiang said.

Wu Qiang hesitated for a moment before he said, "President Xia, Chunyan ... Is not my partner yet! You ..."

Xia ruofei had just taken a sip of soy milk and almost spat it out.

He quickly swallowed the soy milk and laughed, "You little brat, are you shy now? She's already willing to come to you, so isn't this matter almost certain?"

Wu Qiang scratched his head and laughed, looking a little embarrassed.

Xia ruofei said as he ate, "the plane will reach the capital at about three o'clock. You can drive my car to the airport to pick them up in the afternoon. I'll also give you some money. You can take them around the capital for a while and find a good place to pick them up in the evening. You don't have to come back so early."

Xia ruofei was trying to create an opportunity for Wu Qiang and at the same time, he wanted to make him look good in front of his partner.

Xia ruofei had always spared no effort in helping his own people.

"That won't do, chief Xia!" Wu Qiang quickly replied. "You've already helped us a lot! I'll take the afternoon off and take the train to pick him up. Also, my sister – in – Law and the others want to get back to work as soon as possible ..."

Xia ruofei did not even raise his head. "Wu Qiang, do as I say. Don't reject me anymore!"

"President Xia ..."

"Obey my orders!" Xia ruofei said, "I have a guest coming in the afternoon. Just take it that ... You're making space for me!"

Wu Qiang originally wanted to decline, but after hearing Xia ruofei's words, he swallowed his words.

After a moment of silence, Wu Qiang said, "Alright then! Thank you, President Xia ..."

"That's right!" Xia ruofei nodded.

After saying that, he took out a piece of tissue paper and wiped his hands. Then, he took out his wallet from his pocket and took out a stack of hundred – Yuan bills. Without even counting them, he handed them to Wu Qiang.

Xia ruofei said, "bring them to eat something good. Don't save money for me. They're my capable subordinates. I can't lower my status!"

"President Xia, I have money ..."

"Take it!" Xia ruofei shoved the money into Wu Qiang's hands and said, "buy two more sets of clothes for your sister – in – Law and partner. They'll be going out to buy groceries in the future, so they'll have to be more particular about their clothes. Just take it as the company's work clothes!"

The stack of money that Xia ruofei had given him was at least two to three thousand Yuan. It was more than enough to buy a meal and two sets of ordinary clothes.

Wu Qiang's eyes turned red. He clutched the money Xia ruofei gave him and said, "President Xia, I can't repay your kindness. In the future ... Just watch my performance!"

Xia ruofei laughed and said, "Alright, alright!" Why are you so emotional so early in the morning? Let's eat, let's eat!"

.....

In the morning, Xia ruofei saw that Wu Qiang was a little out of it and could not help but find it funny. He simply gave him half a day off and let him go out for a walk.

Xia ruofei finally had a free morning. He made a pot of tea in his courtyard and laid on the recliner in a daze.

Xia ruofei had been working non – stop for the past few days. It was rare for him to empty his mind and he felt very comfortable.

A pot of fragrant tea, a reclining chair, and a quiet courtyard. Sitting in front of the courtyard and watching the flowers fall, Xia ruofei felt that his heart seemed to have become a little clearer.

After lunch, Xia ruofei sent Wu Qiang out and told him to drive the car away. As for whether he would wait at the airport or go for a spin, it was up to him.

Xia ruofei, on the other hand, took a walk in the courtyard house as if he was digesting his food.

The siheyuan was huge. Xia ruofei walked around for a few rounds before he received a call from Song Wei. She was already at the siheyuan. She was at the main entrance of liuhai Lane.

Xia ruofei had just reached the front yard. He walked over and pressed the button. The door opened slowly and he saw Song Wei standing at the door with a complicated expression.

Xia ruofei smiled and said, "Song Wei, welcome!" Please come in!"

Song Wei looked at Xia ruofei, the corners of her mouth curved into a beautiful arc, and her eyes seemed to have softened.

She strode into the courtyard house. As Xia ruofei closed the door, he said, ""Let's make good use of our time to cultivate! I still have some things to deal with in the evening, so I won't be keeping you for dinner. "

Song Wei glanced at Xia ruofei and said, ""I'm not planning to freeload! You don't have to explain it so early, do you?"

?

Chapter 1777: A different song Wei (2)

Xia ruofei laughed awkwardly. "I'm just telling you in advance!"

"Let's go! The old place?" Song Wei did not dwell on this and asked directly.

"En!"

The two of them passed through the front yard and arrived at the courtyard where Xia ruofei was staying.

Xia ruofei felt that Song Wei didn't talk much today. He tried to find a topic to chat about, but Song Wei's attitude was always cold. Hence, he decided not to talk anymore. He went into the room and took out the time array flag from the space.

Then, Xia ruofei picked up a bag of food and water that he had prepared earlier. He held the bag in one hand and the array flag in the other and returned to the living room of the master suite.

Xia ruofei set up the time formation with ease and familiarity. Then, the two of them walked in and started cultivating.

Time flew by, and in the blink of an eye, more than ten days had passed in the formation.

The two of them practiced the "absolute beginning Scripture" together. The effect was naturally great. Song Wei's cultivation improved by leaps and bounds again. She had already entered the late stage of Qi disciple Level 3. Xia ruofei estimated that she only needed to practice two to three more times and she should be able to break through to Qi disciple Level 4.

If his grandnephew Li Yifu, who was far away in the US, knew about this, he would be shocked again. Li Yifu had been stuck at Qi disciple Level 3 for decades. If it wasn't for Xia ruofei's guidance, he would never have been able to break through to Qi disciple Level 4. Song Wei, on the other hand, was so young. She had only been on the path of cultivation for less than a year and her cultivation was almost catching up to his. It was really frustrating to compare!

This was the huge effect of cultivation resources.

The "Taichu Heart Sutra" was definitely a top – notch cultivation technique. The only drawback was that it required two people to practice together, so there were some restrictions. But it was definitely better than Li Yifu's cultivation technique. In addition, Song Wei had spirit crystals when she cultivated, which could provide her with an almost unlimited amount of spirit Qi. She could cultivate at any time and place, which was something that Li Yifu did not even dare to think about.

Whether it was a cultivation technique or a spiritual crystal, strictly speaking, they were all cultivation resources.

Of course, Xia ruofei did not know Li Yifu very well now. If Li Yifu's character and integrity were not a problem in the future, Xia ruofei would also help him on account of his relationship with his master.

Xia ruofei also benefited from the training with Song Wei.

As Song Wei's cultivation level increased, Xia ruofei gained more and more benefits when he cultivated the "absolute beginning Heart Sutra" with Song Wei. Now, he was slightly faster than when he cultivated the "great Dao Sutra" alone.

Through this phase of cultivation, Xia ruofei's cultivation had reached the peak of Qi disciple Level 5. He could clearly feel the barrier. As long as he could break through the barrier, he would naturally break through to Qi disciple Level 6.

Xia ruofei even had the urge to continue cultivating the great Dao technique and break through in one go. However, he also knew that every time he reached the 3rd, 6th, and 9th level, it was equivalent to a small leap in cultivation. The barrier of cultivation would be particularly tough, and it would not be so easy to break through.

Hence, Xia ruofei was not in a hurry to achieve results. Instead, he adopted a steady and steady strategy.

Even so, by Xia ruofei's conservative estimation, he would be able to achieve a breakthrough in a month at the latest, or a week at the earliest.

Just as Xia ruofei was about to keep the time array flag, Song Wei suddenly said, " " Ruofei, there's still some time. I think ... Let's try to see if we can get rid of the peach blossom miasma! "

Xia ruofei was stunned. He rubbed his temples and asked, " "Didn't we agree that we'll wait until you've broken through before we do it again? "

Song Wei did not say anything. She just looked at Xia ruofei. She looked weak but determined.

Xia ruofei asked, " is it because ... That peach blossom miasma has started to affect your life? " That's not possible! With your current cultivation, it should be very easy for you to suppress the peach blossom miasma! Could it be that it has mutated over time ..."

"Don't guess." Song Wei said, " there's nothing wrong with the miasma. I just want to get rid of it as soon as possible ..."

There was one more thing that Song Wei did not say. After she had removed the peach blossom miasma, she had stopped contacting Xia ruofei.

These few days, Song Wei had been thinking a lot. She even knew that Ling Qingxue had come to Beijing. She urged Xia ruofei to post a photo of the two of them at the groundbreaking ceremony on Weibo. Since their relationship was already public, Xia ruofei did not hide it anymore. Since Feng Jing said that Weibo had to be active to a certain extent, he felt that a photo with his girlfriend should be able to attract fans. Of course, it was true.

On one hand, Song Wei felt guilty. On the other hand, she did not see any hope.

More importantly, as the number of times they practiced the " Scripture of the primordium origin " together increased, their souls were almost in perfect sync, and Song Wei felt that she could not stop herself.

Song Wei didn't want to sink deeper and deeper, so she decided to cut the Gordian knot.

She just wanted to get rid of the peach blossom miasma today and never disturb Xia ruofei's life again.

In just a few months of cultivation, Song Wei knew that this was a path to a magical world. Making this decision meant that her future cultivation would basically stop here. After all, if she cultivated the "absolute beginning Heart Sutra" alone, the effect would be too poor.

Even so, Song Wei still made such a difficult decision.

This was the reason why she accepted Xia ruofei's invitation.

Xia ruofei was silent for a while before he asked, ""Can you tell me the reason? I think you're already very clear that trying to remove the peach blossom miasma at this time is not a small risk. "

"I know ..." Song Wei nodded her head.

"I don't think you know!" Xia ruofei's tone was a little agitated. "Removing the miasma requires a high degree of compatibility between our souls, and all the operations will be carried out in your sea of consciousness. Do you understand what this means? If anything goes wrong, your sea of consciousness will be damaged, and you'll become a useless person who can't cultivate spiritual power. If it's serious ... You might even become a vegetable!"

"I know all of this. You've told me this many times." Song Wei said calmly.

"Then why did you decide to take the risk at this time?" Xia ruofei asked.

Song Wei nodded and said, "There's nothing in the world that's absolutely foolproof. No matter how well we prepare, we can't guarantee that there won't be any mistakes, can we?"

"How can that be the same? Qi disciple Level 4 and Qi disciple Level 3 were two completely different concepts! And I'm about to break through to Qi disciple Level 6! At that time, I can clear this damn peach blossom miasma. Although I can't guarantee it, I can at least guarantee a 95% success rate! If we take the risk now, the success rate will only be 70%!" Xia ruofei said.

"A 70% chance is not low." Song Wei remained unmoved.

Xia ruofei did not know whether to laugh or cry. He asked helplessly, ""Why? What is it that you can't even wait for such a short time? You're even willing to take such a big risk?"

"You don't have to ask ..." Song Wei's expression darkened.

After ten consecutive days of cultivation, Song Wei felt that she was addicted to the soul – fitting experience. Her soul seemed to be trembling when she cultivated. She could not guarantee that if she continued to cultivate like this a few more times, she would not be able to remain so calm when it came to Xia ruofei.

Therefore, she was very determined this time.

Xia ruofei and Song Wei stared at each other. After a while, Xia ruofei shook his head and said, ""No, this is irresponsible to you. I can't agree to this!"

Song Wei's eyes were slightly moist. She bit her lower lip and looked at Xia ruofei stubbornly.

After a long while, she suddenly burst out, ""Xia ruofei! I've already said that I can accept such danger! Even if something happens, it's none of your business! I don't even care about myself, who are you to me! What right do you have to make decisions for me? It's my own matter, so why are you taking responsibility! What right do you have to take responsibility! Every time, you put on a lecturing face. I've been tolerating you for a long time, you know! Are you done or not!"

Xia ruofei was dumbfounded when he saw Song Wei, who was usually gentle, suddenly forget about her image as a lady and almost break down ...

?

## Chapter 1778: A hundred turns and a thousand turns (1)

Seeing Song Wei like this, Xia ruofei could not help but feel helpless. Especially when he saw the tears in Song Wei's eyes, Xia ruofei did not know what to do.

After a long silence, Xia ruofei patiently persuaded, "Song Wei, I'm not joking. I'm just giving you advice as a friend. I'm not trying to change your mind. It's too risky ..."

Tears rolled down Song Wei's delicate cheeks. She felt wronged and wanted to give Xia ruofei a hard time. However, when she saw Xia ruofei's dazed look, she could not bring herself to do it.

Xia ruofei struck while the iron was hot and said, "Song Wei, you see ... You're a little emotional today. It's even more inappropriate for you to take such a dangerous risk. It's not a joke to get rid of the poison in your sea of consciousness. With your current condition, I think the success rate won't even exceed 50%..."

Song Wei wiped her tears, raised her head and said, "I know. I'll go back first today!"

Xia ruofei was overjoyed and quickly said, "That's the way!"

Song Wei glared at Xia ruofei with her red eyes and said, "I haven't finished yet! I do need to calm down. You have other things to do tonight, so ... I've decided to come and find you tomorrow!"

Xia ruofei couldn't help but be dumbfounded. Why was this lady so determined to remove the miasma when she wasn't prepared? what exactly happened?

Xia ruofei did not pursue the matter further as he knew that it would be a waste of time. If Song Wei wanted to say something, she would have done so long ago. Why would she wait until now?

Although Song Wei looked weak, she was actually a very independent girl. No one could force her to say it if she didn't want to.

Xia ruofei thought about it. It was good to let Song Wei go back first. At least she could calm down. Who knew if she would change her mind after she calmed down?

Although he knew that the possibility was very low, it was better than taking the risk now, wasn't it?

Hence, Xia ruofei smiled bitterly and said, "Alright, I'll send you off first ..."

Xia ruofei stopped in the middle of his sentence as he remembered that Wu Qiang had driven the car out.

"You don't have to send me, I'll take a taxi back!" Song Wei said.

Then, she walked out. Xia ruofei quickly put away the time formation flag and followed her.

At the entrance of the courtyard house, Song Wei stopped and turned around, "Ruofei, don't send me off. I'll just take a taxi at the entrance of the alley!"

Xia ruofei smiled, "I'll send you out!" It's getting late, and this alley is quite dark. What if there's any danger?"

In fact, Song Wei was already a Qi disciple Level 3 cultivator. Although she had not learned any combat spells, just based on her physical strength, a few ordinary burly men would not be her opponent. What danger would there be?

Xia ruofei was still worried about Song Wei's mental state.

Song Wei opened her mouth but did not reject Xia ruofei's good intentions. She nodded silently.

The two of them walked out of liuhai Lane side by side, and neither of them spoke along the way.

On the road outside, Song Wei was wearing a down jacket and standing under the pedestrian tree. Xia ruofei was waving at her to stop a car.

It was busier to go out during the evening peak hour, and a few of the cars that passed by were all occupied.

Song Wei saw Xia ruofei standing by the roadside and waving at her. Her heart was in turmoil. The more Xia ruofei cared about her, the more conflicted she felt.

More than a dozen cars passed by, and after waiting for about seven to eight minutes, an empty car finally stopped at the side.

Xia ruofei quickly opened the back door of the car and motioned for Song Wei to get in. After Song Wei got in, Xia ruofei closed the car door and stuck his hand in through the window. "Song Wei, be careful on the road. I've already noted down the car plate number. Remember to send me a WeChat message when you reach school."

Seeing Xia ruofei's distrusting attitude in front of him, his brother rolled his eyes.

"I know, you can go back now!" Song Wei nodded and said.

Xia ruofei then straightened up and said to his brother, "Sir, please drive slowly to Capital University and be careful!"

"Don't worry, brother!" The taxi driver replied lazily.

The car started moving slowly and Xia ruofei waved at Song Wei. He only turned around and walked back to liuhai Lane after the car had merged into the busy traffic.

In the car, Song Wei sat in the back seat. The streetlights that flashed past her face flickered.

The eloquence of the Beijing brothers was well – known throughout the country, and this man was obviously a typical Beijing man.

His mouth didn't stop moving as he drove. "Young lady, that was your boyfriend, right? He's really concerned about you!"

Song Wei was stunned. She shook her head and said, "No, we're just ordinary friends."

The taxi driver laughed and said, "I don't think so." Even if we're just ordinary friends, I think we'll have endless possibilities in the future! This bro's eyes are very accurate! You and that young man just now look like a perfect match, and his concern for you is definitely from the bottom of his heart ..."

"I'm sorry, master!" Song Wei's brows furrowed. I'm a little tired and want to rest for a while. Please call me when we reach the place ..."

After she finished speaking, she leaned back in the back seat and closed her eyes to rest.

Having lost someone to chat with, the taxi driver could only stop talking. The car became much quieter, and only the radio was playing the famous Beijing Opera song "spring and autumn pairing" on an unknown channel.

?

Chapter 1779: A hundred turns and a thousand turns (2)

"His sincerity is definitely real, there's nothing going on between us ..."

Even though Song Wei didn't understand the story of the scene, the lyrics were very fitting, as if it was a portrayal of her mood at the moment.

As Song Wei listened, she couldn't help but feel a little dazed ...

Liu Hai Lane courtyard house. When Xia Ruofei returned home, the sky had already darkened. Xia Ruofei guessed that Wu Qiang and the rest would be back soon.

However, it was hard to say. It was the evening peak hour in the capital. If Wu Qiang followed his instructions and brought them out for a walk after picking them up, then came back for a meal, even if the schedule was tight, they would probably be stuck in traffic at this time.

Xia Ruofei did not expect the traffic control at the airport.

In fact, Wu Qiang had been waiting at the airport for a few hours. He had just received the announcement of the landing of the flight.

The entire flight was only two hours long, but due to the air flow control at Beijing airport, the pre-flight from Beijing was delayed by a lot. Due to the chain reaction, and the need to line up in circles when they landed in Beijing, the flight was delayed for a whole three hours.

On the other hand, Wu Qiang had arrived at the airport an hour before the landing time. In other words, he had waited for four hours.

After the announcement was made that the plane had landed, Wu Qiang stood at the exit of the domestic flight and kept looking inside. He was a little excited, but at the same time, a little nervous.

After about ten minutes, Wu Qiang saw a group of people coming down from the escalator through the glass wall. He knew that they were probably the passengers of his sister-in-law's flight.

Sure enough, Wu Qiang quickly found his sister-in-law, Wu Xiujuan, and his blind date, Xia Xiaolan, in the crowd. Both of them were dressed in a rustic style, and they were carrying a woven bag of luggage. They were so conspicuous in the well-dressed crowd, where almost everyone had a suitcase.

Wu Qiang kept waving excitedly, but Wu Xiujuan and Xia Xiaolan looked a little confused. They held the woven bag tightly and followed the crowd nervously. They did not notice Wu Qiang among the people who were picking them up.

It was only when the two of them walked out of the restricted area that Wu Qiang, who was waving and shouting, attracted their attention.

After seeing Wu Qiang in the crowd, the tension on Wu Xiujuan and Xia Xiaolan's faces eased a lot. Wu Xiujuan shouted happily, "Qiangzi!"

Xia Xiaolan's face turned slightly red. She walked up to Wu Qiang and said awkwardly, "Brother Qiang ..."

Although the two of them were from neighboring villages and knew each other in the past, they were not familiar with each other before. Some time ago, through a matchmaker, the two of them had chatted on WeChat for a while and even video – called a few times.

Strictly speaking, this was the first time the two of them had actually met since the blind date.

After observing her secretly, Wu Qiang realized that Xia Xiaolan was even more beautiful than she had seen in the WeChat video. Although she looked a little uncouth compared to those city girls who knew how to dress up, her natural beauty without any makeup still had a unique style.

If she were to dress up a little and put on a set of fashionable clothes, Xia Xiaolan's looks would score at least 85 points.

Wu Qiang was also a little embarrassed. He was not an extrovert to begin with. Although he was in his early thirties, he was still a Virgin when it came to love. Therefore, he only smiled and nodded, then took their luggage.

Wu Xiujuan couldn't help but laugh when she saw the two of them. "Qiang Zi, you're a man, why are you being so shy? You know Xiao LAN!"

"Let's go, sister – in – Law, Xiao LAN!" Wu Qiang chuckled. The car is outside ..."

"Qiangzi, you even drove the car?" Wu Xiujuan asked, "it seems that our qiangzi is doing well in Beijing!"

Wu Xiujuan looked at Xia Xiaolan as she spoke.

Xia Xiaolan's big eyes were also looking at Wu Qiang with anticipation.

"Sis – in – Law, it's the boss' car!" Wu Qiang quickly said. He told me to drive here to pick you up!"

In the eyes of Wu Xiujuan and Xia Xiaolan, there was no concept of luxury cars and ordinary family cars. It was already impressive to have a car.

With Wu Qiang's income, there was no problem with a mortgage to buy a car. It was just that there was no need to do so.

Wu Qiang wasn't someone who liked to show off, so he didn't explain much. Instead, he asked, "Sister – in – Law, Xiao LAN, did your journey go smoothly?"

Speaking of this trip, Wu Xiujuan's interest was piqued. She said excitedly, "Qiangzi, thanks to you, we also got to take a big plane this time! Good fellow! He's flying really high! At first, I could still see the car on the ground turning into a Matchbox, but then it simply flew up into the clouds. Its two big wings were trembling, and my palms were sweating all the way, afraid that this iron lump would fall down ..."

When Wu Qiang heard this, he found it a little funny. However, he came from the countryside and understood the novelty of his sister-in-law's first flight. Hence, he only said, "Sister – in – Law, planes are the safest means of transportation in the world. The probability of accidents is very low!"

"Sis – in – Law Xiujuan, brother qiangzi is right," Xia Xiaolan said. "I remember when I was in high school, my teacher said that the probability of an accident on a plane is lower than winning the lottery!"

"I don't understand the probability you're talking about," Wu Xiujuan said. "I'm just worried about flying in the sky!" Also, qiangzi, Beijing's airport is too big! When we got off the plane, we were all stunned. There was a big brother sitting next to us who brought us out ..."

"Then I really have to thank that big brother!" Wu Qiang said with a smile.

As the three of them spoke, they had already passed through the parking lot and arrived next to the Land Rover.

Wu Qiang took the remote control and unlocked the door. Then, he opened the trunk and put their luggage in.

Wu Xiujuan walked around the Land Rover, looking very curious. After Wu Qiang asked them to get in, Wu Xiujuan carefully touched the genuine leather seat and asked, "Qiangzi, this car isn't cheap, right?"

While starting the car, Wu Qiang nodded and said, "I think it's more than three million!"

"How much?" Wu Xiujuan was so scared that she almost jumped up. "Qiangzi, how much did you say?"

"Over three million!" Wu Qiang said, "sister – in – Law, cars of this brand are basically all priced at this price!"

Wu Xiujuan took a deep breath and said, "Be good! This car cost more than three million Yuan? Could it be made of gold? I saw boss Qi from the beverage factory in town driving a Buick off – Road. I heard it's only three hundred thousand Yuan! This car is worth ten Buicks?"

Wu Qiang smiled and said, "sister – in – Law, different brands have different prices. However, no matter how expensive this car is, it doesn't matter to me. This is the boss's car. I'm just an employee!"

Wu Xiujuan carefully touched the car window, then immediately retracted her hand and said, "Your boss is really good to you! You're going to let you drive such an expensive car? But qiangzi, you have to be careful, if you really rub it, we can't afford to pay for it!"

Wu Qiang was speechless, but he still said, "I know, sis – in – Law ..."

"Qiangzi," Wu Xiujuan asked, "what's your boss's attitude toward work?"

Xia Xiaolan, who was standing at the side, could not help but prick up her ears. She really needed this salary. Moreover, she had a good impression of Wu Qiang. If the two of them worked together, they could deepen their understanding and cultivate feelings. It could be said to be the best of both worlds.

Wu Qiang said, "there shouldn't be any problems. Director Xia still trusts me more. He will meet you all in a while. If there are no problems, this matter can be settled today."

When Wu Xiujuan heard that her boss wanted to see them, she couldn't help but feel a little nervous.

Wu Qiang saw this scene through the rearview mirror of the car. He smiled and said, "Sister – in – Law, President Xia is a very nice person. He doesn't put on airs at all, so you don't have to be nervous! Also, we're not going back right away. President Xia said that he'll take you around after picking you up, buy some clothes, and then have a meal ..."

?

Chapter 1780: Get your wish (1)

"What?" "Your boss hasn't even decided if he's going to treat me and Xiao LAN, and he's already buying us clothes?" Wu Xiujuan asked, feeling a little confused.

"Didn't I already tell you?" Wu Qiang said with a smile. The boss was a very good person! "But, sister – in – Law, Xiao LAN, the flight is late, so we might have to change our original plan. I can only take you to Chang 'an Street and show you the gate of serenity and the monument. Then, we'll find a place to buy some clothes and have a meal before we go back. We can't keep our boss waiting for too long!" In the future, if you stay and work, there will be plenty of opportunities to take you out for sightseeing!"

"Qiangzi, since it's so late, let's go back!" Wu Xiujuan quickly said. It's not good to keep the boss waiting ..."

"Yup! Brother Qiang!" Xia Xiaolan chimed in, "serious business is more important."

"Just listen to my arrangement!" Wu Qiang said with a smile. I understand President Xia's temper. If he doesn't complete his orders, he will definitely be very angry! Don't worry, the boss's house isn't far from the Tian 'an gang's Guang Quan square. If we hurry, we'll definitely be back before 8:30, and the boss won't be asleep by then!"

As Wu Qiang spoke, he skillfully drove the Land Rover and turned on the radio.

Soon, the car entered the busy city center of Beijing.

It was Wu Xiujuan and Xia Xiaolan's first time in the capital. It was also their first time seeing so many cars, as well as the rows of high – rise buildings and colorful lights on both sides of the road. Their eyes almost popped out.

The car drove to Chang 'an Street. When they passed by the square that every Chinese person was extremely familiar with, Wu Xiujuan and Xia Xiaolan did not even blink. They looked at the gate and then at the monument opposite it. They were very excited.

Wu Qiang had stayed in the capital city for many years and was very familiar with the place. Therefore, he was responsible for explaining while driving. Even when the car had left the square, the two of them were still somewhat unsatisfied.

Xia Xiaolan sat in the back seat and looked at Wu Qiang, who was talking with fervor and assurance. Under the flickering street lamp, the side of his face was clearly angular. An inexplicable feeling seemed to gradually grow in her heart ...

Xia Xiaolan had heard of Wu Qiang back in her hometown, but she only knew some superficial information. For example, Wu Qiang's family situation was rather difficult, and Wu Qiang went out to

serve in the Army for a few years before working in the capital. He seemed to have earned some money recently and often sent money back home ...

After getting to know him for real today, Xia Xiaolan realized that Wu Qiang was a little different from what she had imagined. His calmness after the military experience had given him a lot of bonus points. Besides, Xia Xiaolan could also see that Wu Qiang's job was not bad. From some details, she could tell that Wu Qiang's boss valued him very much.

Unconsciously, Wu Qiang was no longer the poor village boy who had no way out. Even in their hometown, Wu Qiang was definitely considered a successful person.

Such a man would naturally be more attractive to girls.

Moreover, Xia Xiaolan had a very good impression of Wu Qiang after a period of contact with him.

After leaving Tiangang gate's Square, Wu Qiang drove to the vicinity of Wangfujing. After parking the car, he brought the two of them to the shopping mall to buy clothes.

A set of clothes that cost more than 1000 Yuan per person, including jackets, pants, and shoes, could be said to be very ordinary. It was not quite possible for a slightly well – known brand in the country to buy a set of clothes with that little money.

However, Wu Xiujuan and Xia Xiaolan were still dumbfounded by the price. They quickly declined, thinking that it was too expensive and dared not accept it.

After much persuasion, Wu Qiang finally brought up Xia ruofei, their boss, saying that this was the work uniform that the boss had given them and that he would be angry if they did not accept it. Thus, the two of them accepted it uneasily.

However, it was a woman's nature to love beauty. Both of them held the bags of clothes tightly, and the joy in their eyes could not be hidden.

After they left the mall, Wu Qiang brought the two of them to eat at Quanjude.

The roast duck in Beijing was very unique, and Quanjude was the most famous restaurant. Although the roast duck of bianyi square had a long history and was loved by the locals, Quanjude was not as famous as it was.

It was Wu Xiujuan and Xia Xiaolan's first time eating Beijing roasted duck, and it was from the famous Quanjude restaurant. Both of them were very happy and ate with relish.

However, when they saw the bill of more than 500 yuan, the two were shocked again.

He was only 70 – 80% full from this little roasted duck, but it cost more than 500 yuan! With so much money, he could eat several meals in his hometown, and he would definitely be full!

But no matter what, from the moment they got off the plane until now, it was an eye – opening experience for the two.

They were about to return to the courtyard house in liuhai Lane, and the two of them began to feel nervous again.

On the way back, Wu Qiang kept talking to them, trying to make them relax. However, this kind of tension came from the bottom of their hearts. Before they met Xia ruofei, it would be difficult to relieve them. Wu Qiang could only try his best to make them relax.

Soon, the car arrived at the courtyard house. Wu Qiang drove in from the back door and parked the car.

After the three of them got out of the car, Wu Qiang helped them to carry their luggage and said, ""Sister – in – Law, Xiao LAN, please leave your things in my room! If the boss agrees to let you stay and work, you will have your own room in this yard!"
