

God tier Farm 1781

Chapter 1781: Get your wish (2)

"Sure!" Wu Xiujuan nodded. Qiang Zi, since we are here, we will listen to you!"

Xia Xiaolan, on the other hand, looked at the antique siheyuan with great interest and exclaimed,""Brother Qiang Zi, this courtyard is so big! I think it's even bigger than the big houses in our hometown!"

"Of course," Wu Qiang chuckled and said,"why else would the boss hire so many staff members?" Xiao LAN, this courtyard has three entrances in total. This is only the third one, and it's the smallest one. You'll know when you see the front. It's big!"

Xia Xiaolan's eyes widened as she asked,""Brother Qiang, have you been working here all this time?"

"Yup! An old leader in the Army introduced me to this job!" Wu Qiang said,"I'm just lucky to have met such a good boss like President Xia!"

As they spoke, the three of them arrived at Wu Qiang's room. Wu Qiang put down his things and said,""Sister – in – Law, Xiao LAN, change into the clothes you just bought, and then we'll go see President Xia! I'll wait for you guys outside!"

"Alright!" Wu Xiujuan replied.

Wu Qiang stood in the courtyard and smoked a cigarette. He saw Wu Xiujuan and Xia Xiaolan, who had changed into new clothes, walk out. The two women did not have the habit of putting on makeup. If it were a girl from the city, she would probably need at least half an hour to change her clothes.

Wu Qiang led the two of them through the corridor and arrived at the second courtyard where Xia ruofei was staying.

Xia ruofei was sitting on the sofa in the living room of the suite, watching TV.

In fact, Xia ruofei had also estimated that Wu Qiang would be back soon, so he sat here to kill time. He did not expect to wait for more than two hours.

Wu Qiang gently knocked on the door. Xia ruofei looked up and saw Wu Qiang standing outside the door through the glass window. There were two women who looked a little uneasy beside him.

Xia ruofei beckoned to Wu Qiang, who quickly pushed the door open and entered. Wu Xiujuan and Xia Xiaolan also followed suit.

Wu Qiang explained,"President Xia, my sister-in-law's flight was late. They only picked them up at Sixo' clock. That's why they were delayed and only came back now. I'm sorry!"

Xia ruofei looked at the two people who had obviously changed into new clothes and nodded with satisfaction."It seems that you're very determined to carry out orders. It doesn't matter if you're late. Come and sit!"

Wu Qiang quickly invited Wu Xiujuan and Xia Xiaolan to sit down.

Xia ruofei's courtyard house had an antique appearance but was very modern on the inside. The two of them sat on the soft sofa and looked at the obviously high – end decorations in the house. They were so nervous that they did not know where to put their hands.

Xia ruofei looked at the two of them with a pleasant expression. He first looked at Wu Xiujuan and smiled. ""You must be Wu Qiang's sister – in – Law!"

Wu Xiujuan quickly nodded. She was so nervous that she did not know how to answer Xia ruofei.

"President Xia, my sister-in-law's name is Wu Xiujuan," Wu Qiang said.

Xia ruofei nodded and said, "then I'll call you Auntie Wu!" Aunt Wu, I heard from Wu Qiang that in the village, which family is willing to invite you to cook for their wedding?"

"Yeah!" Wu Xiujuan quickly nodded. Boss Xia, although I've never learned how to cook, I'm still very good at cooking! The villagers are also more supportive. "

Xia ruofei nodded and turned to Xia Xiaolan. He smiled and said, ""Wu Qiang, aren't you going to introduce your partner?"

Xia ruofei's words caused Wu Qiang and Xia Xiaolan to blush.

Their relationship had not been confirmed yet and they were both thin – skinned people. After hearing Xia ruofei's words, they quickly looked at each other and then immediately looked away.

"President Xia, her name is Xia Xiaolan. She's ... She's not my partner yet!" Wu Qiang said.

Xia ruofei teased, "yo!" We're still from the same family! Maybe they were one family five hundred years ago!"

Xia ruofei's friendly attitude made Xia Xiaolan less nervous. She said, ""Hello, boss Xia!"

Xia ruofei chuckled and said, "our Wu Qiang is quite outstanding. Xiao LAN, you have to seize the opportunity!" If it's taken away by someone else, you won't even have a place to cry!"

Xia Xiaolan's face turned red from embarrassment, but Wu Qiang quickly said, ""President Xia, I'm not the kind of person who would two – time!"

Xia Xiaolan was even more embarrassed when she heard this. She glared at Wu Qiang and lowered her head to look at her toes, not daring to look at Xia ruofei.

Xia ruofei exchanged some pleasantries with the two of them and said seriously, ""Aunt Wu, Xiao LAN, I believe Wu Qiang has already told you that I need two staff members. One of them will be in charge of buying groceries and cooking, while the other will be in charge of the hygiene and taking care of the flowers, birds, insects, fish, and so on."

Xia ruofei looked at the two people who were looking at him nervously and continued, ""I believe in Wu Qiang's judgment. Since he recommended you guys, I think you guys will definitely be able to do the job. The monthly salary is 6000 Yuan, with food and accommodation, five insurance, and one housing Fund. At least double pay at the end of the year. If you think it's suitable, you can start work officially tomorrow!"

Wu Xiujuan and Xia Xiaolan didn't know about the five insurance and one housing Fund, or the year – end double pay, but when they heard that the monthly salary was 6000 Yuan and that food and accommodation were provided, they were more than willing to do it.

In the beginning, they were worried that the boss would not like them. They did not expect Xia ruofei to be so easy to talk to. The so – called interview was actually just a casual chat. He did not even mention the probation period and hired them directly.

?

Chapter 1782: Getting your wish (3)

Therefore, without any hesitation, the two of them said in unison, ""Boss Xia, we're willing!"

Wu Qiang also expressed his gratitude to Xia ruofei.

Xia ruofei waved his hand and said, "in that case, it's settled. You'll sign the employment contract with the peach blossom company under my name. Your salary will also be paid by the company. This way, it'll be more convenient for you to apply for medical insurance and social security." "Wu Qiang, I'll talk to the Human Resources Department and have them send the contract over by Express Mail. You can get Auntie Wu and Xiao LAN to sign it and send it back!"

"Yes, President Xia!" Wu Qiang hurriedly replied.

Xia ruofei smiled and said, "Wu Qiang, please arrange the accommodation. Among the three of you, Wu Qiang is the person in charge. When I'm not in the capital, you just have to listen to Wu Qiang's arrangements."

The three of them nodded.

"Director Xia, I would like to let sister – in – Law and Xiao LAN live in the backyard as well. It'll be more convenient for work," Wu Qiang said.

Other than the backyard, there were also many empty rooms in the front yard. However, Xia ruofei's big yard was in the middle, so in comparison, it was more convenient to live in the backyard.

Xia ruofei said, "you can decide on these things yourself. The bed and bedding are all ready – made. Wuqiang, take a look and see if you lack any daily necessities. Remember to buy them tomorrow." Keep the receipts for the expenses and the groceries. I'll reimburse you regularly!"

"Alright, director Xia!" Wu Qiang said, "then we'll go over first!"

"Go! Auntie Wu and the others have been on the road for the whole day and even caught up with the traffic control. They must be very tired, you should all rest early!" Xia ruofei said.

Wu Qiang and the other two left Xia ruofei's room.

Although Xia Rufe had been very gentle, Wu Xiujuan and Xia Xiaolan felt an inexplicable pressure. They only heaved a sigh of relief when they left Xia ruofei's courtyard.

"Qiangzi, it's done?" Wu Xiujuan asked in disbelief.

“Of course!” Wu Qiang laughed. I’ve told you that President Xia is very kind and doesn’t put on any airs! Sis – in – Law, Xiao LAN, you’ll find out later that director Xia is really good to his employees!”

“Brother Qiang, we’ll definitely work hard!” Xia Xiaolan said excitedly, “we definitely won’t let the boss down for giving us such a high salary!”

“En!” Wu Qiang smiled and nodded. I’ll arrange a place for you to stay! Sister – in – Law, Xiao LAN, there are six rooms in this courtyard. I’m staying in the easternmost room. You can each choose one of the other five rooms!”

Wu Xiujuan and Xia Xiaolan looked at the rooms prepared for the staff in the backyard. They were also beautifully decorated, with an independent bathroom and a soft bed. They felt like they were in a dream.

Yesterday, they were still in the mountain village in their hometown. Today, they had come to the bustling capital and lived in such a large courtyard. Even when they came to work, they could live in such a good room. It was simply a life like heaven!

The two of them discussed for a while. Xia Xiaolan asked for the room at the far west end, while Wu Xiujuan stayed next to Xia Xiaolan.

In this way, they and Wu Qiang would live on the opposite side of the room, which also reflected the difference between men and women. Moreover, Wu Xiujuan was separated between Xia Xiaolan and Wu Qiang, which was also suggested by the shy Xia Xiaolan.

After choosing their rooms, Wu Qiang moved their luggage into them and taught them how to use the water heater and other facilities in the house. He then told them to rest early and returned to his room.

That night, Wu Qiang, Wu Xiujuan, and Xia Xiaolan, who had met their blind date, tossed and turned, unable to fall asleep.

Xia ruofei, who was staying in the middle courtyard, was also suffering from insomnia.

Every time he thought about Song Wei, he would have a headache. Song Wei might come to see him again tomorrow. How could he make song Wei give up on the idea? Xia ruofei’s heart was in a mess when he thought about it ...

?

Chapter 1783: Compromise (1)

The next morning, after Xia ruofei finished cultivating in his room, he took a hot shower and walked to the courtyard feeling refreshed.

As soon as he went out, he saw Xia Xiaolan sweeping the yard with a big broom. The weather in the capital was quite cold in the early spring, but Xia Xiaolan’s forehead was already covered in fine beads of sweat. It was obvious that she had been working for a long time.

Xia ruofei was stretching his chest as he greeted her with a smile. “”Good Morning, Xiao LAN!”

Xia Xiaolan was focused on sweeping the floor when she heard Xia ruofei's voice. She was shocked and quickly said, "Good Morning, boss!"

Then, she asked nervously, "Did I ... Disturb your rest?"

Xia ruofei smiled and replied, "no, no!" I wake up at this time every day. "

Then, Xia ruofei said, "you're new here, but you're getting into work mode pretty quickly!" Actually, this yard is so big. You don't have to clean it every day. It's too tiring for you to do it alone ..."

"No!" Xia Xiaolan quickly replied. You're giving me such a high salary, how could I dare to be lazy! Besides, it's just a courtyard, and there's not much work ..."

Xia ruofei could tell that the honest Xia Xiaolan was speaking from the bottom of her heart. He smiled and nodded, not trying to dampen Xia Xiaolan's enthusiasm for work.

"Boss, sister – in – Law Xiujuan has been busy in the kitchen for a long time ..." Xia Xiaolan continued, "you can go over now and have breakfast!"

"Oh? Then I'll have to try aunt Wu's cooking!" Xia ruofei laughed and said, "you don't have to work too! Let's go eat first!"

"Boss, you can go first! I'll go after I'm done here!" Xia Xiaolan said.

"Alright then! "Don't tire yourself out ..." Xia ruofei said. "You can't finish your work. Come over for breakfast when it's about time!"

"Alright!" "Yes," Xia Xiaolan replied. She then wiped the sweat off her forehead and continued to clean.

Xia ruofei strolled to the backyard. The kitchen was indeed steaming. Wu Xiujuan was busy in there.

"Good Morning, Auntie Wu!" Xia ruofei said.

Wu Xiujuan quickly greeted Xia ruofei and said, "Boss Xia! You're up! Breakfast will be ready soon!"

"There's no hurry, I just came over to take a look!" Xia ruofei asked, "did you sleep well last night?"

Wu Xiujuan smiled and said, "You slept quite well! The conditions here are much better than in our countryside! It's just that the bed is too soft and I'm still not used to it!"

"You'll slowly get used to it!" Xia ruofei laughed.

Wu Qiang was also in the kitchen. Upon seeing the situation, he also came forward to greet, "President Xia, sister – in – Law doesn't know how to use some things, so I came over to help and teach her!"

There were many advanced kitchenware in the kitchen, which Wu Xiujuan had never even seen in the village, let alone used.

However, she had a solid foundation in cooking, so she learned it very quickly. After she learned how to use it, Wu Xiujuan felt that it was really convenient. She used the steaming pot, oven, and so on to cook, and her efficiency was much higher than before.

Xia ruofei smiled and nodded. "There's no hurry. Learn slowly. These aren't difficult."

Wu Qiang nodded and said, "don't worry, director Xia. My sister – in – Law is very smart. Especially in the kitchen. She learns very quickly!"

"Qiangzi ..." Wu Xiujuan was a little embarrassed.

"I'm telling the truth, sis – in – Law!" Wu Qiang said with a smile. By the way, President Xia, sister – in – Law also asked me to buy her a few Western food recipes!"

Wu Xiujuan explained, a little embarrassed, "Boss Xia, I only know how to cook Chinese food in the countryside. I'm afraid that you might want to eat Western food sometimes, so I'm going to learn ..."

Xia ruofei waved his hand and said, "it's okay, Auntie Wu. I don't have the habit of eating Western food. If there's a gathering of friends and I need Western food, I will hire a special Western chef from outside. You don't have to learn it now."

"I'll learn it first!" Wu Xiujuan said, "if I can learn it, boss, you don't have to hire any Western chefs. Those chefs are quite expensive!"

Xia ruofei could tell that Wu Xiujuan and Xia Xiaolan were both very enthusiastic about their work.

He thought for a moment and nodded. "It's fine if you want to learn more, but it's still difficult to self – study. You can use your rest time to attend a Western cuisine class. I'll reimburse your tuition!"

"Really?" Wu Xiujuan asked in surprise.

"Of course! It's a good thing to love learning!" Xia ruofei smiled and said, "Wu Qiang, I'll leave this to you! You're more familiar with Beijing, so find Auntie Wu a reliable training class!"

"Yes, President Xia!" Wu Qiang said.

Xia ruofei chatted with the two for a while. Wu Xiujuan had finished preparing breakfast.

In the dining room, Xia ruofei laughed and said, "Then I'll have a taste of Auntie Wu's cooking!"

He picked up a red sugar mantou, took a bite, and chewed carefully. Then he gave a thumbs up and said, "Not bad! Not bad! The taste was quite good! Auntie Wu, you should be very particular about your dough making, right? The chewy texture of this mantou is very good!"

Wu Xiujuan was actually very nervous when Xia ruofei tried the brown sugar mantou. She was worried that her country cooking skills would not catch Xia ruofei's eye.

If he made his boss unhappy on his first day of work, he would definitely not be able to stay in this job for long.

When Xia ruofei complimented her, Wu Xiujuan's heart finally settled down. She quickly said, "Boss Xia, I'm glad you're satisfied! If you like it, eat more!"

?

Chapter 1784: Compromise (2)

The breakfast Wu Xiujuan prepared was quite sumptuous. Not only was there porridge, soy milk, deep – fried dough sticks, but there were also red sugar mantou and deep – fried dough cakes.

Wu Xiujuan had made all of them herself. Even the soy milk was ground on the spot, and she had fried the deep – fried dough sticks herself.

In the past, if Xia ruofei wanted to have such a sumptuous breakfast, the only way was to buy it from a breakfast shop. Otherwise, it would be quite difficult for him and Wu Qiang to make such a sumptuous breakfast.

Xia ruofei nodded and said while eating, ""You guys eat too! How can I eat when everyone is looking at me like that! Oh right, Wu Qiang, go to the front and call your wife back for dinner!"

Wu Qiang said, somewhat embarrassed, ""President Xia, Xiao LAN isn't my girlfriend yet!"

"Isn't that something that will happen sooner or later? Hurry up and go!" Xia ruofei smiled and said, "Auntie Wu, sit down and eat!"

"Boss Xia," Wu Xiujuan said quickly, "you can eat first. I'm not hungry yet!"

Xia ruofei said seriously, "aunt Wu, I don't have that many rules at home. Wu Qiang knows that there's no distinction between boss and employee here. Everyone eats at the same table!"

"Yeah, sis – in – Law!" Wu Qiang nodded. President Xia never put on airs! Please sit down and eat!"

Wu Xiujuan sat down and ordered a bowl of porridge, but she was still a little nervous.

Xia ruofei didn't say anything else and just ate his breakfast.

He knew that no matter what he said, Wu Xiujuan would definitely not feel at ease. After all, he was the boss. It might be better if he spent more time with her. For example, Wu Qiang was not as reserved as before.

Soon, Wu Qiang called Xia Xiaolan over and they had breakfast together.

Wu Xiujuan was busy cleaning up the dishes, and Xia Xiaolan continued to clean up. Wu Qiang, who couldn't stay idle, drove his car out of the garage and started washing it in the backyard.

Xia ruofei returned to the courtyard where he lived and looked at the news on his phone uneasily. He was still thinking about Song Wei. He knew that Song Wei was determined this time and would not give up so easily.

As expected, Song Wei arrived at the courtyard house before nine o' clock.

Xia ruofei came to the front yard. Song Wei was standing outside the gate of the courtyard. When she saw Xia ruofei, she said, ""Ruofei, I've thought about it all night and decided to give it a try!"

Xia ruofei couldn't help but smile bitterly and asked, ""Song Wei, you ... Why do you have to do this?"

Song Wei looked into Xia ruofei's eyes and asked, ""I've been very calm today, and there shouldn't be any problems with my mental state. I just want to ask you one thing ... Are you willing to help me?"

"Of course I'm willing to help you! Otherwise, what's the point of all our hard work?" Xia ruofei said, "but the timing is still ..."

"I'm asking if you're willing to help me get rid of the peach blossom miasma today?" Song Wei interrupted Xia ruofei and asked seriously.

Xia ruofei was silent for a moment before he asked, ""What if I say no?"

Song Wei shrugged her shoulders without hesitation. "Then I'll go back to school! I can't force you if you don't want to, can I? I can't get rid of the peach blossom miasma by myself ..."

Xia ruofei leaned against the door frame and asked Song Wei, ""There must be a 'but' after that, right?"

"Yeah!" Song Wei smiled.

"Tell me!"

"It's nothing ... If you're not willing to help me today, then I won't cultivate the 'absolute beginning Heart Sutra' anymore." Song Wei said calmly, "and ... He won't try to get rid of the peach blossom miasma."

At this point, Song Wei shrugged and said, "I think, if I don't want to cooperate, even if your cultivation is high, you should not be able to do anything to the peach blossom miasma in my sea of consciousness, right?"

"Aren't you being too cruel to yourself?" Xia ruofei widened his eyes.

"I'm not joking ..." Song Wei said.

Xia ruofei rubbed his temples and asked, ""Song Wei, do you know what this means?"

"You told me about it!" Song Wei nodded. Although I can suppress it with my current cultivation, the peach blossom miasma might mutate as time passes." Even if it remains the same, my cultivation will continue to decline because I stop cultivating. The final result will still be the same. My mind will be completely corroded by the poison ..."

Xia ruofei looked at Song Wei and did not say anything. After a long while, he sighed and said, ""You can come in!"

Song Wei's eyes brightened slightly at first, then a trace of sadness flashed across her eyes. She lifted her legs and walked into the courtyard house.

She knew that Xia ruofei was forced to agree. She should be happy that she had achieved her goal, but she could not.

The two of them walked one after the other through the front yard and arrived at the middle yard where Xia ruofei lived.

The two of them didn't speak along the way, and the atmosphere was a little depressing.

When they entered the master suite, Xia ruofei said, ""You can sit for a while! I'm going to the backyard ..."

After taking two steps, Xia ruofei turned around and explained, ""I've hired a few more staff members. I have to tell them not to come here and disturb ..."

In fact, Xia ruofei just wanted to calm down. Otherwise, he could have just called Wu Qiang and informed him. Besides, regardless of whether it was a success or a failure, it should not take too long to get rid of the peach blossom miasma. If they were in the time formation, only a few minutes would have passed in the outside world when the whole process was over. There was no need for Xia ruofei to specifically inform Wu Qiang and the others.

Song Wei gently nodded and said, "En!"

Xia ruofei sighed to himself. After he walked out of the door, he lit a cigarette and took a few deep puffs. He then casually snuffed out the cigarette in the trash can and walked to the backyard to give Wu Qiang and the others some instructions.

When Xia ruofei returned to the master suite, he saw Song Wei sitting on the sofa quietly and reading a magazine. She seemed to be calm.

Even when Xia ruofei walked into the house, Song Wei only raised her eyes and then focused on the magazine again.

Xia ruofei shook his head and didn't say anything. He went straight to the bedroom and took out the time array flag from the spirit map space.

He set up the time formation in the living room and said to Song Wei, "Go in!"

Song Wei nodded and put down the magazine. She followed Xia ruofei into the time formation.

Just like before, the two of them sat cross – legged facing each other. The only difference was that they had been cultivating before, but this time, it was a very dangerous attempt.

Xia ruofei did not ask Song Wei if she was mentally prepared for failure. He said, "Let's start!"

Song Wei nodded. The two of them reached out their hands at the same time, and their palms touched.

"First, circulate the" absolute beginning Heart Sutra "!" Xia ruofei said in a deep voice.

Since he had decided to take the risk, Xia ruofei quickly got rid of all distracting thoughts and focused on Song Wei. He could not persuade Song Wei to give up on the idea, so he could only try his best to increase the success rate.

The two of them tacitly began to merge their true Qi according to the cultivation method of the "Scripture of the primordium origin". This had been done countless times in the past. The two true Qi merged together, and they were in each other's bodies. They took turns to carry out the Qi circulation of the "Scripture of the primordium origin".

The soul frequencies of the two of them gradually synchronized after a few cycles.

One round, two rounds ... Until the true energy had reached the peak and the soul Frequency was almost the same, Xia ruofei said in a deep voice, "Song Wei, I'll be in charge of the rest. You have to let down all your defenses and let my spiritual energy enter your sea of consciousness."

"No problem, let's start!" Song Wei said calmly.

Xia ruofei nodded. He used a large amount of mental energy to weave an impenetrable invisible net and completely wrapped the ball of vital energy.

He urged his true Qi to follow Song Wei's meridians all the way up. Finally, he felt as if he had entered an empty world.

Xia ruofei used his spiritual power to sense and soon, the situation in this empty space was presented in his mind without missing anything.

This was Song Wei's sea of consciousness? Xia ruofei gasped.

?

Chapter 1785: All in one throw (1)

This piece of land was filled with chaotic air currents, as if it was a vast sea.

In this ocean of chaotic air currents, there was a small island that was faintly discernible in the air currents.

In these chaotic air currents, golden lights would flash from time to time, like golden fish swimming rapidly in the air current ocean.

Xia ruofei knew that this was Song Wei's spiritual power.

The "absolute beginning Heart Sutra" was a very magical technique. Although it didn't specialize in cultivating mental power, as one's cultivation level grew, one's mental power would also continue to grow.

Song Wei's current mental power cultivation had almost reached the middle stage of Spirit Movement, which was equivalent to Qi disciple Level 2, slightly behind her true Qi cultivation.

Of course, this was normal. After all, the "Scripture of the primordium origin" mainly focused on the cultivation of true Qi. Mental power was just a by-product of this cultivation technique.

This cultivation technique was already very heaven-defying to be able to increase one's spiritual power cultivation while cultivating.

Xia ruofei could feel that Song Wei's spiritual power was much weaker than his. After his spiritual power entered Song Wei's sea of consciousness, it also turned into a golden light. However, this golden light was much thicker than the one in the chaotic airflow ocean.

What shocked Xia ruofei was that besides the golden light that represented Song Wei's spiritual power, there were also pink lines mixed in with the chaotic airflow.

There were a lot of these pink threads, almost filling the entire sea of consciousness, and they were faintly emitting a lecherous aura.

After Xia ruofei's spiritual energy entered his sea of consciousness, the pink thread even started to erode his spiritual energy.

Xia ruofei understood that this was the peach blossom miasma that had been occupying Song Wei's sea of consciousness.

This was the first time Xia ruofei had felt the existence of the peach blossom miasma so directly. He was a little curious, but at the same time, he felt that this attempt might be very difficult.

There were a lot of these peach blossom miasma, and it was not easy to get rid of them all. Moreover, this was Song Wei's sea of consciousness. If she was not careful, she might hurt her Foundation. At the very least, her spiritual power cultivation would be destroyed, and at the very worst, she would lose consciousness and become a vegetable.

Xia ruofei also felt that his decision to wait for Song Wei and him to break through to the next level before getting rid of the peach blossom miasma was the right decision. However, because of Song Wei's insistence, there was no point in talking about this anymore.

Of course, since Song Wei's psyche had spread throughout the entire psyche ocean, the pink threads formed by the peach blossom miasma did not act rashly. They basically remained stubbornly in the psyche ocean and did not try to expand further.

Xia ruofei steadied his mind and began to try to clear the peach blossom miasma in his sea of consciousness.

These peach blossom miasma were very weak individually. Xia ruofei's spiritual power would burn them to ashes with just a slight touch.

He needed to pay attention to one thing, and that was to master the precision of control. When destroying the peach blossom miasma, he must not hurt the chaotic airflow. This was the foundation of Song Wei's sea of consciousness.

At the same time, Xia ruofei had to avoid Song Wei's spiritual energy. If such an overbearing attack was applied to Song Wei's spiritual energy, it would also cause her some damage.

Fortunately, they had made some progress in cultivating the "absolute beginning Scripture". Now, Xia ruofei's Soul Frequency was basically synchronized with Song Wei's. Therefore, their spiritual energy was similar to the same source. As long as Xia ruofei did not deliberately attack Song Wei's spiritual energy, he would not cause any harm.

What Xia ruofei needed now was patience. Although the pink threads formed by the miasma were very weak, there were many of them. Xia ruofei had no other choice but to clear them out bit by bit.

With a sizzling sound, green smoke rose and the pink threads formed by the peach blossom miasma were wiped out one by one.

Xia ruofei controlled his spiritual power to scan the outer area of his sea of consciousness. At the same time, he advanced towards the center.

In the ocean formed by the chaotic airflow, the small island was at the center. Xia ruofei could not sense the situation on the island at all, but he knew that it should be the core area of the sea of consciousness.

As the purge went on, Xia ruofei was shocked to find that the pink threads were not waiting to be killed. They were initially suppressed by Song Wei's spiritual power and did not act rashly. However, they could not be cautious anymore or they would be waiting for death.

Thus, the pink threads began to move slowly and began to devour each other, forming thicker and thicker pink threads.

In a short while, all the peach blossom miasma threads in the entire chaotic airflow ocean had combined into two.

When Xia ruofei tried to kill the strengthened pink threads again, it was obvious that it was harder than before.

The devouring and evolution continued. The pink threads formed by the peach blossom miasma continued to combine. Although the number had decreased a lot, the strength of the individual threads was getting stronger and stronger.

Xia ruofei gradually felt that it was getting more and more difficult. Because of the large number of absolute beasts, the peach blossom miasma that had not been cleared was still as numerous as the hair on an ox, even if it was cut in half.

His spiritual force was constantly being consumed and replenished at the same time.

Fortunately, his spiritual power cultivation was extremely strong. In addition, Song Wei's spiritual power was not idle either. She was also cooperating with him to eliminate the peach blossom miasma, so his spiritual power would not be exhausted in a short time.

However, the peach blossom miasma's desperate evolution made Xia ruofei very worried.

At first, it was a stalemate. The peach blossom miasma was suppressed by Song Wei's spiritual power and did not dare to make any moves. However, Song Wei and Xia ruofei were getting stronger after their cultivation. It was like Boiling Frogs in warm water. The peach blossom miasma would definitely fail in the end.

But now, it was activated in advance, and the peach blossom miasma no longer had any concerns in the face of life and death. It began to evolve without care, putting Xia ruofei and Song Wei in a very dangerous situation.

However, there was no turning back. Even if Xia ruofei and Song Wei gave up now, the evolution of the peach blossom miasma would not stop. By then, Song Wei would be in great danger.

The only way was to grit his teeth and persist until the last trace of peach blossom miasma was removed.

This was what it meant to be the brave man who met on a narrow road won.

Xia ruofei also began to speed up and push towards the center of the sea of consciousness.

The deeper he went, the denser the miasma became. He could vaguely sense the island. The island was surrounded by the miasma. From afar, it looked as if the entire Island had turned pink, making Xia ruofei's scalp numb.

One wisp, two wisps, three wisps ...

Xia ruofei couldn't remember how many miasma he had cleared. He only felt that he was getting more and more tired. As far as his eyes could see, there were still many miasma and they were getting stronger.

Xia ruofei could not help but feel despair.

At this rate, it was almost impossible for him to completely destroy the peach blossom miasma before his spiritual power was exhausted.

As Xia ruofei used his spiritual power to remove the miasma, his mind was racing.

He knew that this was not the way to go, and he had to make some changes.

Finally, Xia ruofei gritted his teeth and decided to take the risk.

He gave up on the idea of clearing the area bit by bit from the periphery and instead headed straight in the direction of the isolated island in the center of his sea of consciousness.

He knew that the core of the sea of consciousness was the most heavily guarded place. Now that Song Wei had opened up her sea of consciousness to him, as long as he could break through, he might be able to get a chance to breathe.

As for Song Wei's spiritual power, it was inevitable that it would be damaged in this fierce battle.

After making up his mind, Xia ruofei was determined to carry out Plan B. The speed of his progress had obviously increased.

However, this also inevitably caused him to fall into a dangerous situation. As he continued to advance, he was now surrounded by pink threads formed by the peach blossom miasma. It could be said that he had fallen into a heavy siege.

If they failed, Song Wei would not be able to escape. Xia ruofei's spiritual power would be severely damaged too. It might even hurt his Foundation.

However, Xia ruofei did not have the time to think about that. He could only focus on pushing forward.

They were getting closer and closer to the island that was completely covered in pink.

Xia ruofei gritted his teeth and persevered. In such a bloody battle, whoever backed out first would basically be dead.

The peach blossom miasma did not have its own consciousness. It was reacting to danger completely by instinct, so it was impossible for it to retreat.

Xia ruofei's mind was also very firm. Even though his spiritual power began to show signs of difficulty, he was not affected in the slightest and did not hesitate to use his spiritual power.

The pink threads were annihilated by Xia ruofei and Song Wei's spiritual attacks. More pink threads came in like a tide.

Xia ruofei's spiritual energy formed a thick golden light and started to dim. Under such an attack, it seemed to be on the verge of collapsing.

The island was right in front of them. Through the layers of pink lines, Xia ruofei could see that there was a layer of almost transparent protective film around the island, which completely isolated the peach blossom miasma.

Advance, advance ...

Xia ruofei felt a sharp pain in his head. It was a sign of mental exhaustion.

There was still a distance between him and the island.

Was he going to fail? Xia ruofei gritted his teeth and persevered as this thought emerged in his mind.

No! Xia ruofei roared in his heart.

If he failed this time, it would mean that Song Wei had completely fallen and his vitality would be greatly damaged. No matter what, Xia ruofei would not allow it to happen.

He frantically gathered the remaining spiritual power in his sea of consciousness and attacked the peach blossom miasma in front of him.

As for the attacks from the peach blossom miasma on his side and behind him, he had completely ignored them.

Xia ruofei himself did not realize that during this risky advance, the peach blossom miasma around him was constantly eroding him. Now, the golden light formed by his spiritual power was even mixed with a faint pink color ...

Xia ruofei felt that his consciousness was about to blur. The last bit of spiritual energy in his sea of consciousness had been extracted by him and thrown into the fierce hand – to – hand battle.

The isolated island was just a few feet away. Xia ruofei roared in his heart. His spiritual energy was like a sharp sword, piercing towards the peach blossom miasma in front of him.

Hiss ... This peach blossom miasma, which had also become very thick, instantly turned into ashes and smoke.

Xia ruofei's vision turned black as if he was about to faint from overusing his mental energy.

He used the last of his strength to control his mental strength and charged forward. The remaining mental strength passed through the light film and entered the island in the center of Song Wei's sea of consciousness ...

?

Chapter 1786: A freak combination of factors (1)

The moment they entered the island, Xia ruofei felt the pressure disappear.

His remaining spiritual power was already dim and lightless, flickering as if it could disappear at any moment.

Outside the transparent light film, the pink threads formed by the peach blossom miasma were attacking and eroding Song Wei's spiritual power crazily. At the same time, many of the peach blossom miasma threads were attacking the transparent light film that protected the island.

In the outside world, Xia ruofei could feel the pain on Song Wei's face. He quickly said, "Song Wei, stabilize your mind and continue to circulate the absolute beginning Heart Sutra!"

Song Wei did not say anything but the speed at which they circulated their Qi increased. It was obvious that she had heard Xia ruofei's words.

Now, the only way to sustain Song Wei's spiritual power was to keep cultivating the "Scripture of the primordium origin". At the same time, Xia ruofei could also recover to a certain extent.

While he was cultivating the "absolute beginning Scripture", Xia ruofei's spiritual power quickly scanned the island in the center of his consciousness.

The small island was also filled with chaotic air currents, but the difference was that there were no pink threads formed by the peach blossom miasma.

The entire Island was like a piece of Black Rock. At the edge of the island, there was a black stone tablet that was also connected to the island.

On the stone tablet, there were two fine golden patterns.

It was Xia ruofei's first time entering the sea of consciousness. Before his spiritual cultivation broke through to the spiritual void realm, he could not enter his own sea of consciousness. This time, he could only enter the sea of consciousness by relying on the magical "absolute beginning Heart Sutra" and Song Wei's complete lack of defense against him.

However, when Xia ruofei looked at the black stone tablet, he had an epiphany. He knew that the two golden lines should represent Song Wei's spiritual power cultivation. There were two lines at the middle stage of Spirit Movement, which meant that there would be one golden line at each level.

Xia ruofei's spiritual power continued to explore the center of the island.

Xia ruofei's golden spiritual energy trembled. Even his body in the outside world trembled. He almost lost control of his genuine Qi while he was practicing the Taichu Heart Sutra.

Xia ruofei could feel that there was a small person sitting cross-legged in the center of the island. This small person looked exactly like Song Wei. If he was not wrong, it should be Song Wei's spiritual body.

However, that was not the main point. The main point was that this little person was completely naked!

Even though she did not have a physical body, she was a miniature version of Song Wei. It was just that she was scaled down, and everything was exactly the same as Song Wei.

Song Wei's body was already very attractive. Xia ruofei's nose almost bled when he scanned her with his spiritual power.

Song Wei's spiritual body seemed to have sensed something. She opened her eyes and looked at the Golden Ray of spiritual energy.

Then, Xia ruofei felt that Song Wei's state of mind seemed to have lost control. The "absolute beginning Heart Sutra" required close cooperation between two people to be cultivated. Song Wei's state of mind shook, causing her true Qi, which was already on the verge of losing control, to become even more violent.

Xia ruofei quickly concealed his spirit and Qi and said in a deep voice, "Song Wei, don't let your thoughts run wild. Guard your mind and focus on circulating your Qi cultivation!"

Song Wei's face was flushed red. She had already realized the awkward situation she was in. Xia ruofei's timely reminder had woken her up. She could not care less about her embarrassment and forced herself to get rid of all distracting thoughts. She stabilized her true energy, which was on the verge of going berserk.

In fact, the current situation was already very critical. In the sea of consciousness, except for the island protected by the transparent light film, which was temporarily safe, the peach blossom miasma was madly attacking Song Wei's spiritual power in the vast ocean of Qi.

Even though Song Wei was not completely defeated yet, her spiritual power was being depleted by the second.

Of course, the peach blossom miasma also suffered great losses. Even though Song Wei's spiritual power was not as strong as Xia ruofei's, this was her sea of consciousness after all. The source of her spiritual power was here. It could be said that she had the "home ground advantage".

The current attack of the peach blossom miasma was a typical case of damaging the enemy by 1000 while damaging the user by 800. Without Xia ruofei's sudden intervention, the miasma would not have attacked so crazily.

If he were to be distracted at this moment, he would be courting death.

Fortunately, both of them were determined and they managed to calm themselves down. They continued to practice the "absolute beginning Scripture". Song Wei's spiritual power was slowly replenished during this process. Although it was a drop in the bucket compared to the consumption, it was better than nothing. Xia ruofei's spiritual power was also slowly recovering.

As long as Song Wei's spiritual energy could hold on, there was still hope for this battle.

However, the small island in his sea of consciousness had changed again.

Just as Xia ruofei's spiritual energy sensed the existence of Song Wei's spirit body, he suddenly felt a suction force. His spiritual energy uncontrollably floated towards the direction of Song Wei's spirit body.

Xia ruofei was shocked. This was completely unexpected. Xia ruofei had made a lot of preparations, but he had never thought that something like this would happen.

What made Xia ruofei even more dumbfounded was that as his spiritual power floated towards Song Wei, its form was also slowly changing.

Originally, this mental energy was just a Golden ray of light, but now it slowly began to change shape.

Head, torso, hands, feet ...

In a short while, this spiritual force actually took the shape of a human.

The whole process was quite strange, and as the transformation continued, the human body became clearer and clearer. Even eyebrows, eyes, mouth, and other things began to appear.

Xia ruofei was shocked to find that the human figure that he had transformed into looked exactly like himself!

When the human figure was getting closer and closer to Song Wei's spiritual body, Xia ruofei's last hope disappeared. Yingluo was indeed looking at him. It was scaled down to his eyebrows, nose, eyes, mouth, and body lines. Every detail was exactly the same as him.

What was going on? Xia ruofei was a little confused.

He had never heard of mental power being able to condense into a human form. Even after reading so many cultivation classics, he had never heard of such a strange phenomenon.

This spiritual power was very close to the state of a spiritual body. Even the frequency of the spiritual body was consistent with Xia ruofei's spiritual body.

What made Xia ruofei want to break down was that the spiritual body formed by his spiritual power was the same as Song Wei's spiritual body. It was also naked.

He had never thought that he would meet Song Wei 'naked' under such special circumstances.

What shocked Xia ruofei even more was that after his spiritual power had formed a human form, it still floated towards Song Wei's spiritual body uncontrollably.

At this moment, Song Wei's spirit body opened her eyes. When she saw the miniature version of Xia ruofei who was completely naked, she looked embarrassed and embarrassed.

All of Xia ruofei's efforts were in vain. This miniature version of him floated towards Song Wei's spiritual body.

Although it wasn't a physical body, it was indeed awkward to meet under such circumstances.

When the miniature Xia ruofei floated in front of Song Wei's spiritual body, he sat down cross – legged and extended his palm to Song Wei.

Song Wei's spirit body was in the same position as her physical body in the outside world. She was sitting cross – legged with her palms stretched out.

Xia ruofei's spiritual body was in the same position as the outside world. Soon, the palms of the two spiritual bodies touched.

The moment the spirit body touched him, Xia ruofei felt an explosion in his head, as if something had exploded.

This kind of direct contact on the soul level was far more wonderful than the love between a man and a woman. Xia ruofei felt a kind of thrill that made him tremble.

Song Wei's face was also red and her body was trembling. It was obvious that she had the same feeling as Xia ruofei.

Xia ruofei had not noticed it before. In fact, when the chaotic airflow was approaching the island, his spiritual power had been unconsciously eroded by the peach blossom miasma. The golden light had a faint pink color.

The moment their spiritual bodies touched, Xia ruofei's spiritual body was covered in a strange pink halo. It spread out quickly and wrapped around both their spiritual bodies.

This was the first time the two of them had experienced such intimate contact on the soul level. They were already a little delirious. This peach blossom miasma taking advantage of the weakness was like pouring a spoonful of hot oil on a fire, instantly igniting the most instinctive desires of the two ...

Without any struggle, the two spirits were driven by their instincts and entangled together.

In the outside world, Xia ruofei and Song Wei's faces were blushing and their breathing became heavier.

However, the strange thing was that although the two of them had lost their minds, the "absolute beginning Scripture" heart cultivation method was still running smoothly. The speed of the operation was even faster than when the two of them were fully focused and cooperating.

What was even more amazing was that in Song Wei's sea of consciousness, Song Wei's spiritual body and Xia ruofei's spiritual body were intertwined and doing the most primitive movement. However, they also started to cultivate the "absolute beginning Scripture".

The only difference was that the meridians of the two people outside were circulating true Qi, while in the sea, the meridians of the two Spirit bodies were circulating mental energy.

Moreover, the efficiency of the spirit body cultivating the "absolute beginning Heart Sutra" seemed to be higher. The two people's mental power merged together and circulated over and over again at an extremely high speed. Their spirit bodies were also undergoing subtle changes.

It was as if it was God's will. Perhaps this was the most correct way to cultivate the "absolute beginning Heart Sutra". However, it was never mentioned in the information that Xia ruofei had.

Perhaps this was the first time the two of them had tried this kind of cultivation, but the effect was surprisingly good.

After a short while, the black stone tablet in Song Wei's sea of consciousness started to shine with a golden light. There were three golden lines on the stone tablet.

In other words, in just a few short minutes, Song Wei's spiritual power had broken through a small realm and reached the late stage of the spiritual movement stage!

?

Chapter 1787: Can't control my emotions (1)

Similarly, Song Wei's sea of consciousness was also changing.

When Song Wei's spiritual power broke through, the golden light of her spiritual power in her sea of consciousness also became thicker, and the pressure on her to fight with the peach blossom miasma was also relieved.

Song Wei was not the only one who benefited. Xia ruofei's spiritual power was also recovering rapidly and slowly growing.

Perhaps it was because the outside world and the sea of consciousness were cultivating at the same time. Although Xia ruofei's mind was not very clear now, his spiritual power gathered on its own and once again attacked Song Wei's sea of consciousness. Together with Song Wei's spiritual power, they started to strangle the peach blossom miasma.

On the island in the core of the sea of consciousness, the two spirits were still intertwined, carrying out the most primitive and instinctive movement.

The moment the spiritual bodies started to circulate the "absolute beginning Scripture", the pink mist that was surrounding the two spiritual bodies started to melt like snow under the sun. In just a short while, they were all gone.

However, the intimate contact on the soul level made them unable to resist the thrill. Even without the help of the peach blossom miasma, the two spirits were still fighting on the island by instinct ...

As time passed, Song Wei and Xia ruofei's spiritual power continued to grow. Xia ruofei subconsciously directed more and more of his spiritual power into the battlefield in his consciousness.

In the ocean of chaotic air currents, the situation of the battle had also begun to reverse.

As Xia ruofei and Song Wei's powers continued to grow, the battle in the sea of consciousness was also difficult to determine. The peach blossom miasma no longer had the advantage it had at the beginning. The pink threads were constantly being strangled by Xia ruofei and Song Wei.

Of course, the two of them were completely immersed in the pleasure of their souls. They had no idea what was happening in Song Wei's sea of consciousness. Their spiritual power was only instinctively trying to destroy the invader in her sea of consciousness.

After an unknown amount of time, the two of them gradually regained consciousness.

The experience just now could be said to be the happiest moment of their lives, as if they were floating in the clouds.

Song Wei had never had a boyfriend before and did not know what it felt like to have sex. However, Xia ruofei was no longer a Virgin. He could clearly feel that the experience just now was many times more pleasurable than when he was with Ling Qingxue.

This was not because Xia ruofei was a Playboy or anything. It was because of the intimate contact on the spiritual level. Physical contact was on a completely different level.

The two Spirit bodies were reluctant to part, and their expressions were very complicated and awkward.

The spiritual body formed by Xia ruofei's spiritual power quickly turned into a Golden Ray but it was much thicker than before. Song Wei's spiritual body remained in the same form and this made her even more embarrassed.

Xia ruofei scanned the island with his spiritual power. The first thing he noticed was the black stone tablet. There was a slightly thick golden line and two thin golden lines.

After some thought, Xia ruofei knew that this meant that Song Wei's spiritual power had reached the middle stage of the spirit throb realm.

From the looks of it, only when one had reached the spiritual movement stage and broken through to the spirit throb stage would the three golden threads combine into a slightly thicker golden thread.

Now, it was a thick line and two thin lines. It was obvious that Song Wei had not only broken through the realm of her spiritual power in the strange experience just now, but she had also advanced two levels and reached the middle stage of the spirit throb realm!

Xia ruofei couldn't help but be dumbfounded. Even the "great Dao Arts" didn't have such an effect! This was too heaven – defying.

Although he had been lost in the extreme pleasure of the soul, he still had an impression of the whole process. He knew that the reason why he could achieve such an effect was because his physical body and spirit body were cultivating the "absolute beginning Heart Sutra" at the same time.

It seemed like the "absolute beginning Heart Sutra" was not as simple as it seemed on the surface! Xia ruofei said to himself.

He didn't spend too much energy to think about this problem, because he was more concerned about the peach blossom miasma in his sea of consciousness.

After sensing it, Xia ruofei was surprised to find that there was no longer any peach blossom miasma in Song Wei's sea of consciousness. In the continuous battle, the peach blossom miasma was finally completely wiped out.

In fact, it was an unfair battle. As the defender, peach blossom miasma's strength was constantly decreasing as it was constantly strangled. As for Xia ruofei and Song Wei, who were the attackers, they had accidentally entered the "advanced mode" of the "absolute beginning Heart Sutra" cultivation. Their spiritual power had increased rapidly, and the number of troops they had invested had increased instead of decreasing.

One side was constantly losing members, while the other side was constantly increasing their numbers. Moreover, the reinforcements they sent were stronger than the previous one. How could there be any suspense in the outcome of the battle?

Since the miasma had been completely destroyed, Xia ruofei did not dare to stay in Song Wei's sea of consciousness for too long. She was sitting there naked! Although it was just a spiritual body, Xia ruofei felt very uncomfortable, especially when their spiritual bodies had a passionate collision just now ...

Hence, Xia ruofei quickly retracted his spiritual energy.

In the outside world, the two of them naturally stopped cultivating.

Xia ruofei tried to sense it and was so surprised that his mouth was wide open. He realized that he had broken through to Qi disciple Level 6. What made him even more shocked was that his spiritual power had also increased by a large margin and reached the late stage of spirit evolution realm. In terms of true energy cultivation, he was already at Qi disciple level 9.

?

Chapter 1788: Can't help it (2)

Xia ruofei's spiritual power had once again surpassed his own genuine Qi cultivation.

And all of this had actually happened without him being aware of it! One must know that Qi disciple Level 6 was a small threshold. If one cultivated normally, it would not be easy to break through this bottleneck.

Since when did breaking through become as easy as eating and drinking?

Xia ruofei couldn't help but have a strong interest in the "absolute beginning Heart Sutra".

However, now was not the time to think about this, because Song Wei, who was sitting opposite him, slowly opened her eyes.

Xia ruofei also noticed that Song Wei's Qi refining stage was only at Level 4!

With his own example as a reference, Xia ruofei was not too surprised. In the cultivation of the "absolute beginning Heart Sutra", the one with lower cultivation would get more benefits. If he could use this cultivation to break through the bottleneck of Qi disciple Level 6, then wouldn't it be normal for Song Wei to break through one level?

Moreover, Song Wei's spiritual power had already reached the middle stage of the spirit throb realm. In terms of true Qi cultivation, she was equivalent to Qi disciple Level 5.

Previously, Song Wei's spiritual power cultivation was behind her true energy cultivation, but this time, it had surpassed her.

This meant that the new cultivation method of the "absolute beginning Heart Sutra" that the two of them had discovered by chance seemed to be of greater help to their mental power cultivation.

Of course, Xia ruofei had no time to think about it. He had to think about how to face Song Wei.

Song Wei, who was blushing, glanced at Xia ruofei and avoided his gaze in a panic.

She wanted to cry but had no tears. She had wanted to cut off all contact with Xia ruofei, which was why she was so determined to deal with the peach blossom miasma in advance. However, he didn't expect that such a thing would happen in his sea of consciousness ...

Even though Song Wei was still a Virgin in terms of her physical body, the erotic scenes in her sea of consciousness were still vivid in her mind.

Moreover, the thrill that made her soul tremble had left an indelible mark in her heart.

In fact, Xia ruofei felt the same way. Even though they did not have any physical contact, the intimate contact of their souls was even more deadly, okay? It was simply addictive!

What was worse was that because of the intimate relationship on the spiritual level, Xia ruofei seemed to have a very close feeling towards Song Wei. This feeling was very similar to the feeling he had towards Ling Qingxue, or perhaps even stronger ...

As for Song Wei, her heart was already attached to Xia ruofei. Now that the two of them had developed this relationship, she was even more entranced.

Actually, Song Wei had wanted to clench her teeth and leave. After all, the peach blossom miasma's hidden danger had been completely eliminated. Everything was going according to her wishes, as long as she did not contact Xia ruofei in the future.

However, she couldn't bring herself to do it. Even the thought of it made her feel so much pain that she wanted to die. Tears were about to fall, and her heart was in so much pain that it felt like it was being pricked by needles.

How did this happen? Song Wei was at a loss.

The two of them didn't know what to say, and the silence made the atmosphere even more awkward ...

"I ..."

"I ..."

The two of them spoke at the same time, as if the tacit understanding of cultivating the "absolute beginning Heart Sutra" still existed. They either didn't speak, or they both spoke when they opened their mouths.

"You go first!" Xia ruofei quickly said.

Song Wei's chest heaved up and down. In the end, she took a deep breath and gritted her teeth. "What happened today was just an accident! You'd better forget it! I ... I'll be leaving first!"

After she finished speaking, Song Wei quickly stood up and walked out of the door. The moment she turned her back to Xia ruofei, her face was already covered in tears.

It was a sorrow that came from the depths of her soul. No matter how strong the moral constraints of the world were, no matter how rational Song Wei was, she could not suppress this emotion.

Xia ruofei felt as if a knife had been stabbed into his heart. The excruciating pain made the muscles on his face tremble.

Xia ruofei realized that after Song Wei left, the two of them might not meet again.

As soon as he thought of this possibility, Xia ruofei felt as if the sky had turned dark.

He did not hesitate and stood up subconsciously. He caught up with Song Wei and hugged her from behind.

Song Wei's delicate body trembled violently. Then, as if all her strength had been sucked out of her body, she fell limply into Xia ruofei's arms and started sobbing silently.

Xia ruofei's actions had shown his attitude.

Song Wei already had feelings for Xia ruofei. In addition, they had a strange combination in the sea of consciousness. She should be very happy.

However, she was in a very complicated mood at the moment.

On one hand, she was secretly happy, but on the other hand, she was constantly being condemned by her morals. It was as if a voice kept saying in her heart, "You're the third party! What a shameful third party!"

Xia ruofei did not say anything. He just quietly hugged Song Wei's delicate body. The expression on his face was extremely complicated.

Compared to Song Wei's dilemma, Xia ruofei felt more guilty.

In reality, he had also had a one night stand with Monica. However, he did not fall in love with Monica. It was more of a physical attraction. This time, strictly speaking, Xia ruofei did not physically betray Ling Qingxue. However, the situation was more serious than the physical betrayal.

Xia ruofei's mind was in a mess ...

Song Wei was conflicted for a long time, but in the end, she decided to follow her heart.

Chapter 1789: Can't help it (3)

Translator: 549690339

Xia ruofei and Ling Qingxue were not married, so there was no reason for her to give in. Although it seemed like an unfair victory in this situation, there was no such thing as gentleness, humility, and humility in love. Perhaps this was destined?

Song Wei had been giving herself such psychological hints, and it was indeed effective. She felt much better.

"How long do you want to hug me?" Song Wei asked softly.

"I'll hug you until you promise me that you won't run away anymore ..." Xia ruofei whispered in Song Wei's ear.

"Rascal!" Song Wei said coyly.

However, she was secretly happy and said, "Let me go! I'm not leaving ..."

Xia ruofei let go of her but he turned Song Wei's body around. They were now facing each other.

Song Wei panicked and avoided Xia ruofei's gaze.

After a long while, Song Wei sighed and asked, "What about Ling Qingxue?"

Xia ruofei's expression darkened. "Song Wei, give me some time ..."

"I'm not forcing you, so don't feel pressured ..." Song Wei quickly said.

"I know, it's me who can't get over this hurdle in my heart!" Xia ruofei said in a low voice, "and ... We have to face this problem!"

"I'm sorry ..." Song Wei lowered her head and sobbed.

"Why are you saying sorry!" Xia ruofei smiled bitterly and said, "we didn't expect this situation. It was a complete accident ..."

"If I didn't force you to get rid of the miasma in advance, this wouldn't have happened. I was too stubborn ..." Song Wei said.

Xia ruofei shook his head and said, "actually ... I've underestimated the strength of the peach blossom miasma. Now that I think about it, even if we had all broken through at that time, we wouldn't have had much confidence in dealing with the peach blossom miasma in that situation. If the battle situation was unfavorable, my only choice would be to hide in the island in my sea of consciousness. Perhaps the result would be the same."

"You don't have to comfort me ..." Song Wei said dejectedly, "we ... After we cultivated like that, we each broke through a level, and then the peach blossom miasma was swept away, right? Your previous judgment was correct. It was caused by my willfulness ..."

Xia ruofei patted Song Wei's hand and said, "Since it has already happened, don't think too much about it ... I'll say the same thing again, give me some time, I'll handle it!"

Song Wei bit her lower lip and thought for a long time. Then, she raised her head and asked, "You ... Love Ling Qingxue very much, don't you?" he asked.

Xia ruofei's body trembled and he said in a low voice, "She's my first love, we ..."

Song Wei looked into Xia ruofei's eyes and said, "You don't have to say anymore, I know ... First love is very beautiful! Furthermore, Ling Qingxue is such a good girl. She loves you with all her heart and soul. This is so unfair to her ..."

Xia ruofei sighed and said, "It's all too sudden. I'm a little confused right now. I hope you can understand!"

"I understand! I've never blamed you. If I want to blame someone ... I can only blame myself!" Song Wei laughed at herself and said, "I'm the shameless third party. And ... Before this happened, I already liked you! I think ... You're not so slow that you didn't notice it at all, right?"

Xia ruofei smiled awkwardly but did not say anything.

Song Wei lowered her head and was silent for a while. Then, she seemed to have made up her mind. She looked up at Xia ruofei's eyes and said, "Ruofei, let me give you a suggestion to solve this matter!"

Chapter 1790: Song Wei's suggestion (1)

Translator: 549690339

Xia ruofei was stunned for a moment. Even he could not solve this problem. It was a complete mess. What solution could Song Wei come up with in such a short time?

However, he still said, "Oh?" Tell me. "

Song Wei bit her lower lip and said, ""Do you think ... We can let her start cultivating the" absolute beginning Heart Sutra "? Then ... After she reaches the third level of the Qi refining stage, you and she will use ... Use that kind of cultivation method. I think ... Maybe she will be able to understand us and accept my existence ..."

Xia ruofei couldn't help but feel disappointed. He smiled bitterly and said, ""Song Wei, not everyone has the physique to cultivate! What if Qingxue was unable to cultivate? Doesn't everything you're saying ..."

At this point, Xia ruofei suddenly stopped and looked at Song Wei with his eyes wide open. He stuttered, ""Wait! You ... You ... What did you just say? Make Qingxue ... Accept your existence? You ... What ... Do you mean by this?"

Song Wei sighed and glanced at Xia ruofei. "It's the literal meaning!"

"No... I ... I don't quite understand." Xia ruofei said.

Actually, it wasn't that he didn't understand. He was just too shocked.

What kind of person was Song Wei? She was the child of a Provincial Minister and a top student of Beijing University. She was a proud daughter of heaven in the whole country. Now, it seemed that she was willing to accept Ling Qingxue's existence and even subtly placed her position below Ling Qingxue. How could Xia ruofei not be shocked?

"You heard me right. If sister Qingxue can accept my existence, I ... I don't mind you being with her ..."
Song Wei sighed.

"Song Wei, you ... Let me go!" Xia ruofei said, "this is too shocking!"

Song Wei took a deep breath to calm herself down and said, ""Ruofei, this isn't an impulsive decision. I've already thought it through. This is like an unsolvable question. No matter what you choose, I won't feel good about the result ..."

Song Wei paused and said, "if you choose me, the guilt in my heart will accompany me for the rest of my life. A voice will keep telling me that I am a shameful third party!" Although this was an accident, I've liked you since a long time ago. If it wasn't for this accident, you and sister Qingxue would be a match made in heaven. I've already made up my mind to give you my blessings. If you and sister Qingxue part ways because of today's accident, I'll be a sinner!"

"Song Wei, don't say that ..." Xia ruofei felt bad.

"Let me finish, ruofei!" Song Wei waved her hand. If you had chosen sister Qingxue, to be honest, I'm not that magnanimous either. If it was in the past, I might have just left quietly, but after today's incident ..."

At this point, Song Wei looked a little shy, but she quickly raised her head and said, ""After today's events, I know that I can't leave you in this life! If you choose sister Qingxue in the end, I don't think I'll be able to live!"

At this point, Song Wei finally revealed a relieved smile and said, ""So, instead of being tangled up in this, it's better to make up my mind! This is the solution I want to give you!"

Xia ruofei looked into Song Wei's eyes and asked, ""Do you know what this means?"

"I know ... The pressure from family, public opinion, and ... Perhaps we'll never have a proper status ... And many other problems!" Song Wei said, "but I've already thought it through. All of this is not important. Let's leave the future to decide!"

Xia ruofei would be lying if he said that he was not tempted by Song Wei's suggestion.

Which man didn't dream of having three wives and four concubines? However, that was just a fantasy. In real life, such situations were rare and Xia ruofei had never dreamed of it.

However, the reality was right in front of his eyes. On one side was his first love, Ling Qingxue. The two of them were stuck together like glue. On the other side was Song Wei. Because of today's special situation, Song Wei's position in the depths of Xia ruofei's soul was no less than Ling Qingxue's.

No matter which one he gave up, it would be a heartache for Xia ruofei.

If Song Wei's suggestion could be realized ...

Xia ruofei could not help but let his imagination run wild.

However, after thinking for a long time, he still said with a bitter smile, ""Song Wei, your suggestion is too shocking. I need to think about it ... Also, it's rare to have a body for cultivation. I don't think Qingxue has the talent for cultivation ..."

"Even if she can't cultivate, I still hope that you ..." Song Wei hesitated for a moment and said, "work hard in the direction I'm talking about! I won't have any problems ..."

Xia ruofei was deeply touched. He hugged Song Wei's shoulder and lowered his head. He placed his forehead on Song Wei's and said softly, "I know ... Song Wei, no matter what, I won't let you down ..."

Song Wei's face was flushed red, and her eyes were overflowing with happiness.

Everything that happened today felt like a dream. Song Wei would not even dream of this ...
