

## God tier Farm 2211

Chapter 2211 Meeting\_ " I really didn't ..." Song Wei said shyly, " Qingxue, I'll tell you the truth! The reason why I was so eager to get rid of the peach blossom miasma was that I had made up my mind to stay far away from RUO Fei. I didn't want to destroy the relationship between you two ..."

Ling Qingxue raised her eyebrows in surprise and asked, " "Why do you say that? "

Song Wei sighed and said, " To be honest, I do have a good impression of RUO Fei. He saved my life back then, and I was grateful to him from the start. As we interacted more and more, I unconsciously developed a good impression of him ..."

Ling Qingxue had gradually accepted this fact, so she didn't overreact when she heard this. She only said indifferently, " " That's why you're so concerned about him. He's going to explore the ancient tomb, and you're going with him despite the danger? "

Song Wei nodded her head in embarrassment, but she continued to explain, " "You know what happened after that. The main reason for the accident was that I was too eager for success. I was in a hurry to get rid of the peach blossom miasma because I wanted to cut off my relationship with RUO Fei as soon as possible. I wanted to get far away from him and gradually forget him ... You may not know this, but after cultivating the "absolute beginning Heart Sutra" for a long time, the soul Frequency of the two people who practice together tend to be the same, and the resonance between the souls will be stronger. The more I stay by RUO Fei's side, the stronger my feelings for him will be. " At that time, you happened to go to Beijing and attend the groundbreaking ceremony of The Peach Blossom Spring Gathering with ruofei. I also saw the photo of the two of you on Weibo and so many netizens left comments saying that the two of you were a match made in heaven ... My heart was even more tormented. After a long struggle in my mind, I decided to take the risk to remove the peach blossom miasma in advance. I didn't expect that something like that would happen ..."

Song Wei said everything in one breath and felt much more relaxed. She looked at the screen and said sincerely, "Qingxue, I didn't even tell RUO Fei about this, so I won't hide anything from you today ... I know that I caused all of this, and I don't expect you to forgive me. But please don't blame RUO Fei, he really didn't know, it's all my fault! Don't worry, now that my sea of consciousness has been cleared and my body no longer has any hidden dangers, it doesn't matter whether I cultivate or not. I won't disturb you guys again in the future. I hope that in the long years to come, you will be able to help each other and be happy forever!"

After saying that, a trace of sadness flashed in Song Wei's eyes and she reached for the hang-up button on the screen.

At that moment, Ling Qingxue suddenly called out, " "Wait!"

Song Wei's hand stopped at the top of the screen. She looked at Ling Qingxue on the screen and waited for her to continue.

Ling Qingxue bit her lower lip and said coldly after a long while, ""Some things can't be clearly explained over the phone. Let's find a time to talk face to face! Can you come to the three mountains?"

Song Wei was stunned for a moment before she nodded. "Good! I'll try my best to follow ..."

"That's it then, goodbye!" Ling Qingxue didn't wait for Song Wei to finish her sentence. She said this coldly and hung up the video call.

.....

Yunan Province.

At the foot of a barren mountain.

There were several large tents set up here, and staff members came in and out from time to time.

A half – collapsed tomb had been found not long ago. It should have been dug by grave robbers in the early stage. Later, the rain continued to erode, causing the collapse of the tomb.

The archeological team had been at the site for some time. Their main task was to carry out a rescue excavation of the tomb. Now, the work was in the final stage.

Song Wei was one of the members of this team. Her job was to be an assistant to her postgraduate tutor, sorting out pictures and text materials. It was also because she had almost lost her life in the ancient tomb of Mount Yu that the teacher rarely asked her to go to the scene in person. She spent most of her time working in the tent.

Song Wei had video – called Xia ruofei and Ling Qingxue on a Ridge not far from the tent.

After Ling Qingxue hung up the video call, Song Wei didn't know what to do. She didn't know what Ling Qingxue's attitude was.

However, since Ling Qingxue wanted to talk to her face to face, she would definitely go and meet her.

Not only did he want to meet her, but the sooner the better.

Therefore, after Song Wei put away her phone, she immediately went to the biggest tent in the camp.

Many staff members were busy in the tent. An old man with reading glasses was talking to several staff members.

The old man was professor Zhao, Song Wei's postgraduate tutor.

"Professor." Song Wei walked up to professor Zhao and greeted him respectfully.

"Song Wei is here!" Professor Zhao greeted him with a pleasant smile.

"Professor, I need to talk to you about something." Song Wei said.

"Oh?" professor Zhao smiled. Let's talk outside!"

He could tell that Song Wei was trying to avoid the staff.

The two of them walked out of the tent side by side. Before professor Zhao could ask, Song Wei said,""Professor, I have something urgent to attend to at home. I was thinking ... Can I take a few days off?"

"That's it!" Professor Zhao replied readily. No problem! Anyway, the work here is almost done, so you can go first! You can just meet us at school ..."

Chapter 2212 Appointment\_“Thank you, professor!” Song Wei said gratefully. I’m so sorry ... I haven’t finished my work here, so I ...”

“I’m fine, I’m fine!” Professor Zhao waved his hand and said with a smile, “there’s only some finishing touches left. You’re mainly responsible for the entry work. Just leave it to your junior brothers and sisters!”

For this trip, professor Zhao not only brought a few of his graduate students, but also a few undergraduate students who performed well. Song Wei’s job this time was not very technical. She mainly needed to be serious and meticulous, so it was not a problem to leave it to the undergraduate students.

“Alright!” Song Wei replied. Thank you, professor! I’ll hand over the work. ”

“Yeah!” Professor Zhao smiled and nodded. You can go back to school after you’ve settled the things at home. Don’t worry. ”

The study time of graduate students was generally flexible, especially when they followed the professor to do research. A few days of leave was just a word from the professor.

“Alright, alright!” Song Wei said.

Professor Zhao thought for a moment and said, “we have a car going to the county to buy things in the afternoon. You should hurry up and hand over your work to Xiao Qian. It’ll be just in time to follow the car in the afternoon.” We’ll be able to board the plane in the provincial capital Tonight. ”

“Understood, thank you, professor!” Song Wei said sincerely.

Professor Zhao called out the undergraduate student, little Qian. After giving a few instructions, he had Song Wei take little Qian to hand over the work at hand.

In the afternoon, Song Wei left the campsite with the archeological team and took a bus to the provincial capital.

She had already booked a plane ticket on the way. As soon as she arrived at the provincial city Station, she immediately took a taxi and went straight to the airport.

At around 8 pm, Song Wei boarded the plane to Sanshan.

Before she turned off her phone, Song Wei sent Ling Qingxue a WeChat message. The plane will land at around 10:30 pm. Shall we meet tomorrow?

Before Song Wei could turn off her phone, Ling Qingxue’s WeChat message came in. Let’s do it today! I’ll pick you up at the airport.

Song Wei was stunned for a moment. She didn’t expect Ling Qingxue to be in such a hurry. However, this was exactly what she wanted. The longer this matter dragged on, the more uncomfortable it would be. She would have to face it sooner or later anyway, so it was better to solve it earlier.

Hence, she replied with an “okay” and turned off her phone without waiting for Ling Qingxue to reply.

In reality, Xia ruofei and Ling Qingxue had already returned to land.

They were no longer in the mood to play on the sea. After lunch, Ling Qingxue asked Xia ruofei to drive the yacht back.

The two of them didn't talk much along the way, and the atmosphere was very dull.

When Ling Qingxue and Song Wei sent WeChat messages, Xia ruofei did not look at them but he used his spiritual power to spy on them clearly.

He was also a little nervous. He didn't know what would happen after the two women met. Now he felt like a prisoner waiting for his sentence, and his heart was very tormented.

However, Xia ruofei could not say anything. Since Ling Qingxue had no intention of telling him, he could only pretend that he did not know.

Now, Xia ruofei had let go of his worries. Anyway, he had said what he needed to say. As for the specific outcome, he would leave it to fate.

Xia ruofei was driving the Knight XV off – Road vehicle towards the Riverside Villa area. Ling Qingxue put away her phone and said lightly, "Send me to the company."

"Ah? You're back at the company so late?" Xia ruofei asked in surprise.

Ling Qingxue didn't say anything. She just leaned back in her seat and closed her eyes to rest.

Xia ruofei touched his nose awkwardly and said, "Alright then!"

After saying that, he turned the car around and drove in the direction of the Ling Ji restaurant headquarters.

In fact, Xia ruofei had already guessed Ling Qingxue's intentions. Recently, Xia ruofei had been the one who picked Ling Qingxue up and sent her to work. Ling Qingxue's own car had always been parked in the underground parking lot of the company's headquarters.

Now that Ling Qingxue was going to the company, it was obvious that she was going to get her car. Wasn't she going to the airport to meet Song Wei?

Naturally, Xia ruofei could only pretend that he did not know anything. He sent Ling Qingxue back to the Ling Ji F & B headquarters and watched her enter the building. Then, he smiled bitterly and drove back to the Riverside Villa area.

## Chapter 2213 Empathizing (1)

Xia ruofei returned home feeling uneasy.

Now, he regretted "peeking" at Ling Qingxue and Song Wei's conversation on the yacht. If he didn't know that Song Wei had come to the three mountains to meet Ling Qingxue, he wouldn't be so troubled.

Xia ruofei was also having an internal struggle.

Should he rush to the airport to take a look? Would these two girls fight? One of them was at refined Qi Level 4, while the other was at refined Qi Level 3. Their spiritual power cultivation was about the same. If they really had a conflict, the destructive power would not be small.

Besides, he would feel heartache no matter who he hurt.

Xia ruofei was confident that even though the two girls were cultivators, he would not be discovered if he were to “monitor” them without anyone knowing.

He hesitated for a long time, but in the end, he gave up.

Xia ruofei made up his mind. Do whatever you want! Anyway, things had already come to this. Now, it was equivalent to playing cards openly. As for the final result, he would let them discuss it among themselves!

After thinking it through, Xia ruofei decided to throw all the distracting thoughts out of his mind. He went to the master bedroom upstairs and filled the bathtub with water. He took off his clothes and stepped in, deciding to take a bath first.

After soaking in the bathtub with a massage function for more than half an hour, Xia ruofei finally got up and wiped the water off his body. Then, he changed into a comfortable Coral Fleece Bathrobe and went to the bedroom in his slippers.

He threw himself onto the bed and couldn't help but look out of the dark window again. He let out a long sigh.

Usually, at this time, Xia ruofei would have already gone to bed if there were no special circumstances.

Although he had left the Army, he still maintained a regular routine.

However, he had something on his mind today, so he didn't feel sleepy at all.

She leaned on the bed in boredom and read the news for a long time until there were no more new articles on the front page. Then, she threw her phone aside and closed her eyes in a daze.

After an unknown period of time, Xia ruofei seemed to have heard a knock on the villa door.

The vigilance he had maintained for many years made him sober up at once. He didn't move, but he instantly released his spiritual force.

His spiritual power had reached the level of spirit gathering, so he could easily cover the entire villa with his spiritual power.

The next moment, Xia ruofei's mouth was wide open in shock as he examined the situation. Ling Qingxue's car slowly drove in, and the doors on both sides opened almost at the same time. Ling Qingxue and Song Wei stepped out of the car together.

“What's the situation?” Xia ruofei had a question in his mind. “Why did they come back together?” Do you want to lay your cards on the table?”

Downstairs, Ling Qingxue and Song Wei had already entered the villa one after another. The sound of footsteps could be heard from the stairs.

Xia ruofei realized that they had gone upstairs.

At this moment, Xia ruofei quickly made a decision and pretended to be asleep.

It would be so awkward to see the two of them at this time! Xia ruofei did not know what to say.

He had imagined all sorts of scenarios where Ling Qingxue and Song Wei would meet, including the two of them getting into a fight over a disagreement, or one of them deciding to leave him, or even the worst case scenario where the two of them would never talk to him again.

However, he did not expect that these two girls, who were not as incompatible as fire and water, would come to his house together.

One had to know that it was already the middle of the night!

Xia ruofei closed his eyes and listened to their footsteps as they walked towards the master bedroom.

"This guy must be sleeping ..." Ling Qingxue's voice could be heard clearly. "We're both heartbroken, but he's acting like nothing has happened. I'm so angry ..."

"I don't think so," Song Wei replied weakly. His cultivation is much higher than ours, so how could he not hear us?"

"Could it be ... He's pretending to be asleep?" Ling Qingxue said immediately.

Xia ruofei couldn't help but sweat. Indeed, women shouldn't be together. How long had they been together? His IQ had obviously increased by a few percent!

He knew he couldn't pretend anymore. Even if he didn't get up now, Ling Qingxue and Song Wei would definitely come in.

Rather than that, it was better to take the initiative.

Xia ruofei sat up on the bed.

Outside the door, Ling Qingxue and Song Wei looked at each other. Then, Ling Qingxue took a step forward and was about to turn the doorknob to open the door.

At this moment, the ball lock on the door turned on its own, and the door opened gently without any wind.

The two of them looked into the room and saw Xia ruofei sitting at the head of the bed in his sleeping robe. He had an awkward but polite smile on his face.

After seeing the two of them, Xia ruofei laughed dryly and waved his hand at them. "Um ... Good evening!"

The moment Song Wei saw Xia ruofei, her face turned red and her eyes turned red.

Ling Qingxue glared at Xia ruofei and said, "What's so good about it? I'm very bad!"

Xia ruofei scratched his head and said, "yes, yes, yes. It's all my fault ..."

Song Wei's head was slightly lowered. When she heard Xia ruofei's voice, she quickly looked up at him and lowered her head again with a red face.

Ling Qingxue looked straight at Xia ruofei and said, "Hey! The guests are already at the door, is this how you treat them? You didn't even get off the bed to welcome us, nor did you invite us in. Are you just going to let us stand at the door and talk?"

Chapter 2214 Feeling the same (2)

Only then did Xia ruofei come back to his senses. He quickly lifted the blanket and got out of bed. He didn't even put on his slippers and walked to the door. He smiled and said, "Two beautiful ladies, please come in!"

After his shower, he had just casually put on a sleeping robe. He had gotten out of bed earlier, so the belt had long been loosened. His chest was exposed, and his strong pecs and well – defined eight – Pack ABS were all exposed in front of the two.

Song Wei was already embarrassed. Seeing Xia ruofei like this, she turned her face away.

Ling Qingxue was even angrier and said, "Please, can you put on your clothes properly?"

Xia ruofei quickly tidied up his sleeping bag and carefully tied the ribbon around himself. He wrapped himself up tightly and then made an inviting gesture. "Is it okay now? Let's talk inside!"

Ling Qingxue gave Xia ruofei a sidelong glance before she walked into the room.

Song Wei followed closely behind Ling Qingxue. She did not even dare to look at Xia ruofei as she walked in hurriedly.

Seeing Song Wei acting like a little wife, Xia ruofei felt pity for her.

This was not an ordinary girl. She was the daughter of the top leader of San Shan and had connections with the song family. She was one of the top figures in the circle of the second generation in Beijing. She had a prominent family background, good upbringing, good looks, and a hot body. She was definitely a proud daughter of heaven.

It could be said that she had a large number of young masters pursuing her.

But now, she had to put herself in such a low position.

Xia ruofei sighed in his heart, 'what did I do to deserve this? To be able to make a proud daughter of heaven like Song Wei fall for him ...

Ling Qingxue did not stand on ceremony and sat down on the edge of Xia ruofei's bed. Then, she pointed at the lazy sofa beside the bed and said to Song Wei, "Wei Wei, you can sit here!"

Then, Ling Qingxue glanced at Xia ruofei, who was about to sit down on the bed, and said, "You just stand there!"

Xia ruofei was stunned for a moment, and a bitter smile appeared on his face.

This was the rhythm of a joint trial of three halls!

However, he also knew that he had to lower his attitude today. This was a hurdle. If he could get over it, he would naturally have a bright future. If he couldn't get over this, he would lose one of them or even both.

Hence, Xia ruofei did not take it to heart. He straightened his back and stood aside obediently.

However, Song Wei's heart ached when she saw this. She said in a low voice, "Qingxue, let him sit down and talk! I'm still not used to him standing so tall!"

Ling Qingxue then turned to Xia ruofei and said, "Since Wei Wei interceded, then you should sit down! It saves us the trouble of having to look up and talk to you ..."

"Thank you! Thank you!" Xia ruofei smiled apologetically and sat down at the end of the bed. He continued, "then ... Why did you guys come here together? Isn't Wei Wei out of town doing field research?"

Although Xia ruofei already knew that Song Wei and Ling Qingxue had arranged to meet, he still had to put on an act. If he did not act surprised, Ling Qingxue would be suspicious!

When Ling Qingxue heard how Xia ruofei addressed Song Wei so intimately, she could not help but feel a little sour. However, she quickly adjusted her mood and said, "Aren't you the one who provoked them? Wei Wei rushed back day and night, and has been on the road since this afternoon!"

"Oh ... Thank you for your hard work." Xia ruofei said.

He placed his hands on his knees like an obedient child. He looked at Ling Qingxue, then at Song Wei, and said hesitantly, "Then ... You're here to ..."

To be honest, it would be a lie if she wasn't nervous. However, the three of them had already met and Xia ruofei couldn't pretend to be confused. He had to ask.

Ling Qingxue looked at Song Wei and said, "Wei Wei, why don't you say it?"

Song Wei blushed and quickly said, "It's better if you say it!"

"That's good ..." Ling Qingxue did not decline. She glanced at Xia ruofei and said, "I met with Weiwei tonight and we have come to an agreement. I'm here to let you know."

Even though Xia ruofei was mentally strong, he could not help but feel his heart beat faster at this moment. He took a deep breath and said, "You say it! I'm all ears ..."

Ling Qingxue looked at Xia ruofei with a half – Smile and asked, "RUO Fei, what do you hope to be the result?"

Xia ruofei smiled bitterly, "isn't that asking the obvious?" My great aunt, don't keep me in suspense. Can you just tell me if you're Dead or Alive?"

Ling Qingxue and Song Wei looked at each other, and a hint of a smile appeared in their eyes. "So our overbearing Chairman can also be nervous sometimes!"

"Concern makes you confused!" Xia ruofei said shamelessly, "this shows that I care about you!"

This was supposed to be a good word, but the word “you” sounded a little harsh to Ling Qingxue.

She felt a burst of anger and bitterness. She bit her lower lip and then said indifferently, “Then I’ll be direct. Ruofei, after discussing with Wei Wei, we’ve decided to ...”

At this point, Ling Qingxue paused slightly and glanced at Xia ruofei, who was obviously nervous. Then, she continued, “Neither of us will be with you. We’ll let you, you greedy ghost, get nothing!”

Hearing this, Xia ruofei felt a buzz in his head, and an inexplicable emotion welled up in his heart.

Even though he was already mentally prepared for such an outcome, when Ling Qingxue said it herself, Xia ruofei still felt a stab of pain in his heart. The pain was hard to describe in words, but it was deeply engraved in his heart.

He tried his best to control his emotions, not wanting to show his weak side in front of the two.

After a long while, Xia ruofei finally squeezed out a smile that was uglier than crying. He said with difficulty, “Oh ... This is indeed my fault. I ... Will respect your decision. I ... I also wish you ... Happiness in the future!”

Ling Qingxue looked at Xia ruofei quietly. Although Xia ruofei did not cry or look as if he had lost his parents, she could clearly feel the pain hidden in his seemingly calm expression. Especially when his eyes suddenly lost their light, it made her heart hurt.

“I can’t feel bad for him!” Ling Qingxue said to herself, “I have to let this greedy bastard feel the pain. Otherwise, things will get out of hand in the future!”

Therefore, not only did Ling Qingxue not say anything, but she also used her eyes to stop Song Wei from speaking.

Xia ruofei took a deep breath and suppressed all his emotions. Then, he said calmly, “So ... You’re here to say goodbye to me tonight?”

Ling Qingxue’s white and neat teeth bit her lower lip lightly. She looked straight at Xia ruofei and only spoke after a long while. “Isn’t this feeling uncomfortable? But do you know how I felt when I heard you personally tell me that there was another woman who wanted to share a man with me? My cultivation just broke through and I was still immersed in great joy, but your words made all the joy disappear. My mood was even worse than riding a roller coaster ...”

“Qingxue, don’t say anymore!” Xia ruofei waved his hand and frowned. “I know it’s all my fault! “So ... Today’s outcome is my own fault. Since you’ve decided, I’ll definitely respect it ... Perhaps I need time to adapt, perhaps this wound will never heal, but don’t worry, I definitely won’t pester or disturb you ...”

Speaking of this, Xia ruofei suddenly remembered something and quickly said, “That’s right, your foundations are quite good, and your cultivation is also quite good. It’s not easy to embark on the path of cultivation, so it’s a pity to give up halfway. However, the “absolute beginning Heart Sutra” wasn’t suitable for individual cultivation. The efficiency would be too low. I’ll try to find a suitable cultivation technique for you as soon as possible and teach it to you. I’ll also prepare enough cultivation resources for you. This is the last thing I can do for you ...”

Ling Qingxue and Song Wei's eyes turned red when they heard Xia ruofei's words. Song Wei's tears started to fall.

Ling Qingxue's heart trembled. She gritted her teeth and glared at Xia ruofei "viciously." "What good things are you thinking about? It wasn't easy for us to get to where we are today, and you actually want to wash your hands of this? He even wants us to choose a new cultivation technique and start from the beginning? Don't even think about it! Who told you to lure us onto the path of cultivation? You have to take full responsibility!"

Xia ruofei was stunned and asked weakly, "Then ... What do you mean by that?"

Chapter 2215 A subtle relationship (1)

"What do you mean?" Ling Qingxue's face reddened slightly as she replied, "of course I mean what I said!"

Xia ruofei was still confused. At this moment, Song Wei could not stand it anymore. She suppressed her embarrassment and said with a red face, "RUO Fei, it's like this. I've discussed it with Qingxue. We'll only be friends with you for the time being, but ... But we'll continue to cultivate the" absolute beginning Heart Sutra "with you."

Hearing this, Xia ruofei couldn't help but be stunned. After he came back to his senses, he couldn't help but look at Ling Qingxue.

Ling Qingxue nodded unhappily, confirming Song Wei's words.

Xia ruofei swallowed his saliva and asked, "Continue to cultivate the" absolute beginning Heart Sutra "? Then ... Is it only normal joint training, or ... Does it include spirit body joint cultivation?"

The two girls' faces heated up at the same time, like ripe apples. Even Ling Qingxue, who had been full of aura just now, suddenly became bashful.

The room was suddenly filled with a strange atmosphere.

Xia ruofei also realized that he had asked a stupid question. He laughed dryly to hide his embarrassment and said, "I understand ... I understand ..."

Ling Qingxue spat and said, "You know nothing!"

"It's not good for a girl to use vulgarities!" Xia ruofei said immediately.

"I already said, none of your business!" Ling Qingxue said unreasonably, "you're so evil. You only know how to bully us ..."

As expected, it was a stupid thing to reason with a woman.

Xia ruofei wisely shut his mouth, but after a while, he couldn't help but Mutter, "What's there to be embarrassed about? Who would buy a top – tier computer with an i7 processor and still want to use an antique 386?"

In fact, the extreme pleasure of the spirit body joint cultivation process was as big as the difference between a top computer and an antique computer from ten or twenty years ago when compared with the sex in reality.

This was the result of Ling Qingxue and Song Wei's discussion. Naturally, Xia ruofei let out a long sigh of relief.

However, he had forgotten one thing. Ling Qingxue and Song Wei were also cultivators. Even though his voice was very soft, the two of them could hear him clearly.

In reality, Ling Qingxue and Song Wei's agreement was a little self – deceiving, or perhaps she just wanted to give herself a reason to convince herself.

Hence, after hearing Xia ruofei's mumbling, the two of them could not help but feel embarrassed and angry.

Even song Wei could not help but glare at Xia ruofei and said, ""Qingxue, you're right! This person is really too evil ..."

Ling Qingxue nodded in agreement and said, ""You're just too soft – hearted, if it were up to me ... We should just leave him hanging for ten days to half a month, let's see if he still dares to be so fickle in love in the future!"

Song Wei's face heated up. She glanced at Xia ruofei and lowered her head without saying a word.

If Song Wei had not taken the initiative to tell Xia ruofei about the results of their discussion, Ling Qingxue would not have revealed it so easily.

Xia ruofei was in a good mood. He smiled and said, ""Isn't that good? It's fine as long as we make things clear! Qingxue, Weiwei, thank you!"

Ling Qingxue couldn't help but roll her eyes. ""Wei Wei, look, this guy is so proud!"

"Forget it, didn't we agree on this?" Song Wei pursed her lips and smiled.

Xia ruofei looked embarrassed. Whatever he said was wrong anyway. The two of them were probably still angry! Ling Qingxue, in particular, must have felt uncomfortable.

He could only slowly comfort her in the future.

Ling Qingxue rolled her eyes at Xia ruofei and said, "Alright, we came to inform you of this! If there's nothing else, we'll be leaving ..."

Xia ruofei quickly said, "go?" Where are you going this late at night? Just stay here!"

"What are you thinking!" Ling Qingxue said, "could it be that you want to take advantage of the night to plot something?"

"I wouldn't dare!" Xia ruofei said with a bitter smile.

"My house isn't far away!" Ling Qingxue replied. Of course, she was going home! In order to prevent you from bullying Wei Wei when I'm not around, I've decided to bring her to my house!"

Song Wei quickly nodded. She had to make her stand clear at this time! Otherwise, what if Ling Qingxue was overthinking things? Their agreement was to maintain a superficial balance, especially when they were together with Xia ruofei.

Xia ruofei said, "Oh ... Then I'll send you there!" The neighborhood might not be safe at this hour! Wait a minute! I'll change my clothes!"

"Xia ruofei, you look like you can't wait for us to leave!" Ling Qingxue said with a smile.

Xia ruofei replied innocently, "no way." Didn't ... Didn't you say that you wanted to leave?"

It didn't seem right! I can't live like this ... Xia ruofei said in his heart.

Ling Qingxue sat beside Xia ruofei's bed and said, "I suddenly feel that this bedroom is not bad! Wei Wei and I will be staying here tonight!"

Hearing this, Xia ruofei happily said, "that's great!" Just you wait! I'll go look for a blanket. This bed is big enough for three people!"

"What good things are you thinking of!" Ling Qingxue and Song Wei said in unison.

"Don't play dumb, ruofei!" Song Wei chuckled. What Qingxue means is that we're commandeering this room, so you can find your own room to sleep in!"

Chapter 2216 A subtle relationship (2)

Xia ruofei shrunk his neck and said, "Oh ... I thought you guys wanted to cultivate with me! Alright then ... Rest early! I'll sleep in the guest room next door ... Oh right, there are new toiletries in the cabinet under the sink. You can see them when you open the cabinet door! Then you guys should rest early! Good night!"

With that, Xia ruofei strode towards the door.

Ling Qingxue heard Xia ruofei's words and said, "Wait!"

Xia ruofei stopped in his tracks and turned to look at Ling Qingxue.

Ling Qingxue glanced at Xia ruofei and said, "You really reminded me ... It seems that you and Wei Wei haven't cultivated for a long time! Why don't you cooperate with her and cultivate today?"

Song Wei blushed and said, "Qingxue, forget it! It's already so late, let's talk about it another day ..."

"There's no better day than the present!" Ling Qingxue smiled and said, "furthermore, this guy has the time array flag. You guys won't take much time to cultivate, right?"

In fact, Song Wei wanted to cultivate with Xia ruofei. Not only was the efficiency of the spirit body combined cultivation very high, but the extreme feeling was also very enjoyable!

However, to cultivate with Xia ruofei in front of Ling Qingxue was a huge psychological barrier for her.

After all, although the two of them were sitting upright and still, the scene in their sea of consciousness was actually very embarrassing. Moreover, Ling Qingxue had also experienced it before, so she naturally knew what kind of scene the two of them were in during the process of cultivation.

How could Song Wei pull her face down?

"I don't think so ..." Song Wei said in a low voice.

"Weiwei, since we've already made our decision, you don't have to think too much about it, and don't worry about me overthinking it," Ling Qingxue said. If he couldn't even overcome this psychological barrier, then he still had a long way to go! Could it be that he would never cultivate again? Then what's the point of us discussing this for so long?"

After Ling Qingxue finished speaking, she saw that Song Wei was still looking down and not saying anything. She looked at Xia ruofei and asked, ""Ruofei, don't you think so?"

Xia ruofei was more shameless than Song Wei. He shrugged and said, ""I'm fine with anything! As long as you have the need, I will do my best to cooperate!"

Ling Qingxue pursed her lips and said, "you're making it seem like you've done more work than I have!" You should be so happy!"

Xia ruofei laughed dryly and didn't say anything.

Ling Qingxue held Song Wei's hand and said, ""It's decided then! RUO Fei, what are you doing? Go get the formation flags!"

"Oh!" Xia ruofei said, "wait! I'll bring it over immediately!"

With that, Xia ruofei strode towards the door of the room. Of course, he could not take anything out of the spirit map space in front of Ling Qingxue and Song Wei, so he could only pretend that the array flags were in another room.

As soon as Xia ruofei left, Song Wei said to Ling Qingxue nervously, ""Qingxue, do I really have to cultivate here with RUO Fei?"

"Of course!" Ling Qingxue said.

"But ... I feel weird ..." Song Wei blushed and said.

"Do you want me to leave?" Ling Qingxue asked with a faint smile.

"Don't misunderstand!" Song Wei said, "I'm not saying that you're in the way. I'm just ..."

Ling Qingxue laughed and said, "Wei Wei, you don't have to explain so much. I understand!" How about this! I'm just about to take a bath, so I'll go to the bathroom after you enter the array. According to the flow of time, I estimate that by the time I'm done with my bath, you'll have finished your cultivation!"

Song Wei felt a little more at ease after hearing this.

If she had to cultivate with Xia ruofei Under Ling Qingxue's "observation", it would be a little unbearable. Although all the embarrassing process happened in her sea of consciousness, her physical body would also show a satisfied expression. Every time she finished cultivating, her face would be flushed red.

If Ling Qingxue were to see this, she would be too embarrassed ...

Song Wei lowered her head and pondered for a moment. Finally, she nodded gently and immediately said, "Alright! But after I'm done with RUO Fei, you'll have to do the same with him!"

This time, it was Ling Qingxue's turn to be embarrassed. She looked at Song Wei unnaturally and said, "I'll pass ... I just cultivated with him ..."

"This won't do! We must be fair!" Song Wei said, "only absolute fairness can make our relationship last! Didn't we agree on this?"

Of course, Xia ruofei did not go far. He went to the room next door and took out the array flags from the medium before returning to the master bedroom.

Therefore, he had heard about 70 – 80% of the conversation between Ling Qingxue and Song Wei.

Xia ruofei pushed the door open and walked in with the array flag. He laughed bitterly in his heart. In the end, this brother had become a resource for their cultivation! And to maintain absolute fairness ...

However, Xia ruofei did not reject such alluring labor at all.

As he skillfully set up the array flags, he smiled and said, "I think Wei Wei's right. Qingxue, I'll cooperate with Wei Wei's cultivation first. After that, it'll be your turn!"

"Can you do it?"

Ling Qingxue's words made Xia ruofei feel insulted. He glared at her and said, "Can you please remove the" is "word? Whether I can do it or not ... Aren't you the one who knows best?"

Xia ruofei smiled evilly and continued, "Whether it's the spirit body combination cultivation or in reality ..."

Ling Qingxue and Song Wei couldn't help but blush. Women were always at a disadvantage when talking about dirty topics with men.

Ling Qingxue glared at Xia ruofei and said, "If you want to cultivate, then cultivate. What's the point of talking so much? Since you're not afraid of overusing your spiritual energy, what should I be afraid of? It's decided!"

Then, Ling Qingxue turned to Song Wei and said, "Wei Wei, I'm going to take a shower first. You and RUO Fei should focus on your cultivation!"

Ling Qingxue found her home clothes in the closet and gave Song Wei an encouraging smile before walking into the bathroom.

Only Xia ruofei and Song Wei were left in the master bedroom. Song Wei seemed to be nervous and shy. She did not even dare to look at Xia ruofei in the eye.

Xia ruofei held Song Wei's hand gently and said, "Wei Wei, thank you!"

Song Wei looked up and said seriously, "You should thank Qingxue. Don't be fooled by her unforgiving words. She actually cares a lot about you ..."

“You two have to thank me!” Xia ruofei said,”but ... Are we going to cultivate in the array first? Otherwise, Qingxue will be out soon ...”

“Oh!” Song Wei said nervously.

Xia ruofei held Song Wei’s hand and walked into the time formation.

In the bathroom, the shower head was spraying warm water, but Ling Qingxue was still standing outside the shower room, completely undressed. She stared blankly at her own reflection in the mirror, her expression complicated, and didn’t move for a long time.

In fact, she had already extended her spiritual power out and sensed that Xia ruofei and Song Wei had already entered the time formation.

Ling Qingxue knew exactly what was going to happen in Song Wei’s consciousness.

Therefore, she was feeling rather complicated at the moment. There was a faint sorrow, but at the same time, she felt relieved.

No matter what, since he had decided, then he would walk down this path bravely! Ling Qingxue said to herself.

Then, she took off her clothes and walked into the shower room.

In the time formation, Song Wei, who had not cultivated with Xia ruofei for a long time, finally calmed down after a long time.

Xia ruofei took out the crystals and the two of them started to cultivate.

Once the heart technique of the “Scripture of the primordium” was activated, Song Wei had no other distracting thoughts. The two of them focused on controlling the true Qi to form and flow in their meridians.

After a few cycles, Xia ruofei took control of the Qi. A stream of mental energy followed the Qi and entered Song Wei’s consciousness without any obstacles ...

## Chapter 2217 Fairness and justice (1)

After two hours, Xia ruofei and Song Wei opened their eyes.

Song Wei was still shy. She quickly glanced at Xia ruofei and quickly lowered her head.

It was not her first time cultivating with Xia ruofei’s spirit body. However, today’s situation was special. Although she was focused during cultivation, she could not suppress the shyness in her heart when they finished their cultivation.

After all, Ling Qingxue was in the bathroom just a wall away.

In reality, the two of them had only been cultivating for two hours, which was only a few minutes in the outside world. Ling Qingxue definitely couldn’t have come out so quickly, but that different kind of stimulation was still very strong.

Song Wei felt her legs go soft. Of course, this was all a psychological effect. In fact, after the spirit body combined cultivation, her cultivation had improved again. Moreover, her body was not involved in any exercise, so she naturally did not feel tired.

Song Wei quickly stood up and said with a hint of panic and shyness, ""RUO Fei, let's go out!"

"Weiwei, why do I feel like I'm guilty?" Xia ruofei asked with a smile.

Song Wei blushed and said, "don't say anymore!" Qingxue should be out soon, let's go out!"

Xia ruofei spread his hands and said, "I need to rest for a while." I'm so tired just now ..."

"No way!" Song Wei glared at Xia ruofei and said, "I see that you're full of energy!"

Xia ruofei laughed and said, "I like this description!" What a sense of accomplishment!"

Song Wei blurted out and blushed again. She pinched Xia ruofei's arm and said, "Are you going out or not?"

Xia ruofei shrugged and said, "I really need to recover my mental strength!" You're done with your cultivation, but I still have to serve student Qingxue later! You don't want any accidents to happen to us while we're cultivating, do you?"

"Don't think that I don't understand!" Song Wei said in a low voice. Your spiritual power is much stronger than ours, why would you need to recover!"

Then, she pulled Xia ruofei up and pushed him out of the time formation.

Xia ruofei kept the time array flag with a smile and pointed at the bathroom where the sound of water came from. ""Did you see? Qingxue would definitely not be that fast! What's the hurry?"

Song Wei's face was red as she walked to the bed and sat down.

Xia ruofei also sat down on the sofa at the head of the bed and sank into it without any care for his image.

"Weiwei," he said, "you rushed back from Yunan. It must have been a hard journey, right?"

"Isn't this for our sake?" Song Wei said faintly. No matter how hard it is, I have to get it!"

Xia ruofei's seat was a little low. He looked up at Song Wei and could not help but reach out to grab her hand. "It's been hard on you ..."

Song Wei retracted her hand in a panic and said, "Ruofei, I promised Qingxue. We can't ..."

Xia ruofei smiled bitterly and waved his hand. ""I understand ... I will respect your opinions."

What the hell is this? Xia ruofei said in his heart.

When he was cultivating with the spirit bodies in his sea of consciousness, he had experienced all kinds of madness. Now that he was back in reality, he couldn't even hold hands. Wasn't this self – deception?

The two of them were silent for a while. Xia ruofei took the initiative to ask, ""By the way, you haven't gone home yet, have you?"

"Mm! Qingxue came to the airport to pick me up. After we chatted for a while, she came straight to your place." Song Wei said, "but it's fine! My parents don't know that I'm back! I'll just go back tomorrow and give them a surprise!"

Xia ruofei nodded. "That's fine. It's already so late. We'll disturb their rest if we go back!"

The two of them chatted for a while until the sound of water in the bathroom stopped. After a while, Ling Qingxue came out in cotton home clothes, drying her hair with a bath towel.

She saw the two of them sitting by the bed and chatting. She asked nonchalantly, "You're done with your cultivation so quickly?"

Song Wei immediately stood up and said, "Qingxue, it's ... It's your turn to cultivate with ruofei ... I'll find a room to sleep in and won't disturb you guys!" He said.

"Don't!" Ling Qingxue quickly said. "You can't leave! I still have to go rest with you later!"

"It's fine, you can rest here with RUO Fei!" Song Wei was stunned for a moment. "I'll sleep in the guest room alone!"

Ling Qingxue said seriously, "Wei Wei, our agreement doesn't only apply to you. It also applies to me!" Of course I can't stay overnight! Not only that, you have to be there to supervise me!"

Xia ruofei and Song Wei looked at each other and didn't know whether to laugh or cry.

Ling Qingxue thought for a moment and said, "That's not right! Didn't we use this room? Where are you going! It's that guy who should be leaving later!"

As Ling Qingxue spoke, she pointed at Xia ruofei, who had an innocent expression on his face.

Xia ruofei smiled bitterly and nodded. "Yes, yes, yes, I should be the one leaving! Wei Wei, why don't you go take a shower too? I'll be able to rest in a while!"

"But ..." Song Wei hesitated and said, "my clothes are still in the suitcase!" I left the suitcase in the car ... I'll go get a change of clothes!"

Chapter 2218 Fair and just (2)

"Don't bother, we have the same figure, you can wear mine!" Ling Qingxue said, "I'll help you find one!"

Even though Ling Qingxue did not live here often, she still kept a few sets of home clothes with Xia ruofei.

She quickly found a set of home clothes and passed it to Song Wei. She squinted her eyes and said in a low voice, "I've already wrapped your undergarments inside, so our sizes shouldn't be too different. Just make do with it! I'm going to take it off when I go to sleep anyway ..."

Song Wei blushed and quickly took the clothes from Ling Qingxue. She said in a low voice, "I know ..."

This time, it was Ling Qingxue's turn to cultivate with Xia ruofei. Meanwhile, Song Wei hid in the bathroom.

Xia ruofei smiled bitterly and said, "Qingxue, don't you ... Don't you feel awkward?"

Ling Qingxue replied nonchalantly, "it's awkward!" But what can we do? Am I really going to ignore you, you womanizer? That's why! Even if it's awkward, you'll have to slowly get used to it. Maybe you won't be awkward in the future ..."

After Xia ruofei heard this, he felt the softest part of his heart being touched. He couldn't help but reach out and pull Ling Qingxue into his arms.

However, before he could say anything, Ling Qingxue pushed him away gently and said, "What are you doing? What was he doing? Don't even think about touching me! Wei Wei and I have an agreement ..."

Xia ruofei couldn't help but break out in a cold sweat. It was this stupid agreement again ...

"But you're my wife ... No, my girlfriend!" Xia ruofei said.

"That was in the past!" Ling Qingxue said, "from today onwards, I'm not your girlfriend ..."

"What happened?" Xia ruofei's eyes widened. "You still want to find another boyfriend?"

"That's hard to say ..." Ling Qingxue said, blinking.

"Then what am I?" Xia ruofei could not help but ask.

"They can barely be considered as cultivation partners!" Ling Qingxue said indifferently, "the reason why Wei Wei and I are cultivating with you is mainly to improve our cultivation. Don't think too much about it!"

Xia ruofei held back his laughter and said seriously, "Alright, alright, alright! I promise I won't think too much! Daughter – in – Law ... That ... Qingxue, should we start cultivating? Otherwise, Wei Wei will be done with her bath soon ..."

Hmph Hmph! 'I'll let you have a taste of my power when we cultivate together ...' Xia ruofei thought to himself.

Ling Qingxue, who had been going against Xia ruofei the whole night, did not object this time. After all, Song Wei had already cultivated with Xia ruofei once. It was reasonable for her to cultivate with Xia ruofei.

Thus, the two of them walked into the time formation hand in hand ...

After another two hours of cultivation, Ling Qingxue's face was flushed red as she exited her cultivation state.

She glanced at Xia ruofei and asked, "When you cultivate with Wei Wei ... Will it be the same as just now?"

"Do you want to hear the truth or a lie ..." Xia ruofei said with a strange expression.

"Forget it, I don't want to hear it!" Ling Qingxue said dejectedly, "I don't feel good hearing the truth, but if it's a lie ... Even I don't believe it!" Let's go! Let's go out ..."

"Alright then!" Xia ruofei said.

After the two of them left the array, Xia ruofei quickly kept the time array flag.

Ling Qingxue looked at Xia ruofei and raised her eyebrows. "Why are you still standing there?"

"Ah?" Xia ruofei didn't react immediately. He asked tentatively, "then I should ..."

"You're done cultivating, shouldn't you go back to your room to rest? Don't forget that Wei Wei and I have already taken over this room!" Ling Qingxue said.

Xia ruofei did not know whether to laugh or cry. This was really killing the donkey when the grinding was done ... Putting on his pants and not giving any face! No... Where were the pants! The spirit body joint cultivation was always open to each other ...

Just as Xia ruofei's mind was filled with all sorts of messy thoughts, Ling Qingxue asked with a faint smile, "Don't tell me ... You're waiting to admire the beauty coming out of the bath?"

Xia ruofei quickly replied, "no!" I'm just afraid that you'll be bored, so I want to talk to you. Since there's nothing else, I'll leave first! You guys should rest early too ..."

With that, Xia ruofei hugged the time array flag and left the master bedroom that no longer belonged to him.

He randomly chose a room on the second floor. After entering the room, he first put the time array flag into the spirit map space. Then, he opened the cabinet, took out a clean bed sheet and bedding, and started to make the bed.

Before Ling Qingxue and Song Wei came to the house, Xia ruofei had already dozed off for a while. Now that they were in the house, he was completely awake.

She wondered how they were getting along in the house. What would they talk about? Xia ruofei's mind was filled with all sorts of weird thoughts.

She tossed and turned for a long time, unable to fall asleep.

Xia ruofei sat cross – legged, took out a crystal from the space, and started to cultivate the great Dao technique.

In the past two days, he had already combined his spirit and body three times. Two of them were with Ling Qingxue, and one was with Song Wei.

Although the effect of the combined cultivation of the spirit and body was more obvious for Ling Qingxue and Song Wei, it was also quite helpful for Xia ruofei.

He was already on the verge of a breakthrough, so he planned to increase his cultivation in the near future and strive to break through the bottleneck in one go and break through to refined Qi level 9.

Xia ruofei's cultivation lasted until the next morning.

A hint of white appeared in the East, and the light of the sky shone in through the window.

Xia ruofei, who had been sitting cross – legged the entire night, opened his eyes. He slowly stood up and stretched.

Xia ruofei smiled bitterly.

As expected, it was not easy to break through from the eighth level to the ninth level. However, the amount of spiritual energy required was probably more than the previous levels combined.

After a night of cultivation, Xia ruofei could feel that he was getting closer and closer to a breakthrough. However, he might need to work hard for a few more days before he could reach the critical point of a breakthrough.

Of course, Xia ruofei was in a good mood. He did not feel dejected because of this. He simply washed up, changed his clothes, and went downstairs.

Ling Qingxue and Song Wei did not wake up. Xia ruofei felt guilty towards the two girls, so he came down early to prepare breakfast.

When Ling Qingxue and Song Wei got up and washed up, they went downstairs together. Xia ruofei had already prepared a sumptuous breakfast. Thick rice porridge was kept warm in an electric pressure cooker, heart – shaped poached eggs, delicious side dishes, crispy toasted bread, butter, milk ... It could be said that everything was available here. Whether they wanted to eat Chinese or Western food, they could have it.

After the spirit body joint cultivation last night, the atmosphere between the three of them didn't seem as awkward as when they first met. They finished their breakfast while talking and laughing.

Song Wei had to return to the provincial Hospital in the morning to meet her parents. Xia ruofei wanted to drive Song Wei home and then send Ling Qingxue to work, but was rejected by both of them.

Ling Qingxue said that she would send Song Wei home before going to the company. She also told Xia ruofei that they would no longer be a couple, so she did not need Xia ruofei to send her to and from work.

Xia ruofei didn't know whether to laugh or cry, but he still expressed his respect for their opinions.

Since he didn't need to send them off, he was happy to be free. After the two left, he took a short break and drove to the Tao Yuan building.

Xia ruofei received a call from Feng Jing not long after he arrived at the office.

"Sister che, how did you know that I was in the company?" Xia ruofei said with a smile.

"You just got on the elevator, and all the female employees in the company were already talking about you ..." Feng Jing said. "RUO Fei, don't you know how popular you are?"

"I didn't expect the employees to support me so much." Xia ruofei chuckled.

"Get this straight, it's a female employee, okay?" Feng Jing laughed. "Your popularity right now is almost on par with that of Mr. Wang's National husband ..."

Xia ruofei laughed drily and said, "It's not as exaggerated as you said! Right, let's talk about serious business! What's the matter?"

"If you didn't come to the company today, I would have called you. There's really something!" Feng Jing said, "it's like this, director Gao from xiangnan satellite TV is going to visit you at Sanshan. His flight will be tomorrow, so I have to report to you first!"

Chapter 2219 Assistant Dong's team\_Xia ruofei was stunned and asked, "director Gao?" Didn't we agree to meet in Beijing in a few days? Besides, he's the Deputy station head, and he's going to be personally involved in the recording of a show?"

Feng Rao laughed, "this means that they value you!" There was no need for the stage to personally attend to the usual guests! Moreover, wouldn't paying a personal visit make it seem as if he's of higher importance?"

With xiangnan TV's status in the entertainment industry, even if it was a top star, there was no need for a leader at the level of the Deputy Director to personally contact them. However, Xia ruofei's identity was not just a popular star, even though his popularity was indeed very high.

The most popular company in China in the past year was definitely paradise Corporation. Perhaps paradise corporation's scale was not very large, and its profitability was not worth mentioning compared to those giant companies, but it was extremely popular on the internet. No other company could compare to it.

Every product was a hit, and their fame had long reached overseas. They were also quite a hot topic. How could such a company not be popular?

As a young entrepreneur, Xia ruofei was in charge of a company that was famous and had endless potential. How could his status be compared to that of an ordinary celebrity?

Moreover, Xia ruofei's personal relationship with Hou Liang and his status in the circle of the second generation in Beijing were enough for xiangnan TV to take him seriously.

"Alright ..." Xia ruofei smiled bitterly. "Since he wants to come, we can't stop him. Let's do our job of receiving him!"

"Alright!" Feng Jing replied crisply, "can I arrange for you two to meet tomorrow afternoon?"

"No problem!" Xia ruofei asked, "at the office or the hotel?"

"Gao tai said that he wants to visit the company. Let's arrange the meeting place to be the guest room on the top floor!" Feng Jing said, "you don't have to show up during the interview. You can just show up during the meeting."

"OK!" Xia ruofei said.

After Xia ruofei hung up the phone, he picked up some documents that he needed to sign.

Paradise corporation's working model was already very mature. Feng Jing could directly make decisions for most things, but she had always been cautious with her duties. For some relatively sensitive matters, such as financial and human resources problems, even if Xia ruofei was not in the company, she would often call to ask for instructions and report. She would only carry out the work after getting Xia ruofei's approval. These work procedures also required Xia ruofei's signature and approval. Hence, every time he returned to the company, there would be a pile of documents waiting for him to sign.

After dealing with some work, Xia ruofei stood up and stretched. He walked to the window and looked at the scenery to relax his eyes.

Just then, someone knocked on the door. Xia ruofei walked back to his desk and sat down. He called out, ""Please enter!"

The office door was pushed open, and Feng Jing walked in with a female office worker.

This white – collar woman had short hair and was wearing a black professional suit. She looked valiant and heroic.

"Chairman." Feng Rao greeted him with a smile.

The office lady beside her also bowed slightly to Xia ruofei and said, ""Good day, Chairman!"

Xia ruofei smiled and nodded. ""Is there something you need, President Feng? Let's sit down and talk!"

Feng Jing sat down in front of Xia ruofei's desk with the office lady and smiled. ""Chairman, let me introduce you. This is Qin Yanan from the administration department. She just got promoted to the M5 manager level in the year – end evaluation."

The peach blossom company's personnel grading system had been very smooth since the implementation. After the first personnel grading and the comprehensive assessment at the end of the year, everyone's rank was basically in a stable state. The future career advancement path had also become very clear. Whether it was a technical position or a management position, as long as one had the ability, there would be enough room for promotion.

The M – Series were all management positions. For Qin Yanan to be able to get an M5, it meant that she was quite capable. One should know that an M6 was basically the level of a department's Deputy Director. Therefore, this M5 manager should be a middle – ranking reserve that Feng Jing valued.

Xia ruofei smiled and nodded at Qin Yanan. He could tell that Qin Yanan was a little nervous in front of him, so he said gently, ""Hello, manager Qin."

Qin Yanan quickly stood up and said, "Good day, Chairman!"

Xia ruofei didn't expect Qin Yanan to be even more nervous when he wanted her to relax. He couldn't help but smile bitterly to himself. Then, he turned to Feng Jing for an inquiry.

Feng Jing laughed. "Chairman, it's like this. The company has formed a small team in the administrative department. Of course, the staff will be transferred from the marketing department, public relations department, and even finance department. The administrative department is in charge of managing and coordinating, while this team is in charge of your personal affairs, including social account maintenance, crisis public relations, and some external activities. In short, it's like your Secretary team! Manager Qin is the person in charge of this team, so I brought her here to meet you today. If you have any work in the future, you can directly give her instructions. "

Xia ruofei was slightly stunned and said, "CEO Feng, is this necessary?" You also know that I'm a lazy person, and I rarely come to the company. Isn't it a waste of resources to raise a team to serve me?"

Chapter 2220 Assistant Dong's team\_When Qin Yanan heard this, she couldn't help but feel nervous.

This team had an extraordinary position in the company. Although it was managed by the administration department, it was actually the Chairman's direct team. They usually handled all matters related to the chairman, such as the maintenance of social accounts. It could be said that they were the most direct of the direct subordinates. Being able to be in charge of such a team was quite good for her development prospects in the company.

If this newly formed team was disbanded because of Xia ruofei's words, wouldn't she want to cry but have no tears?

However, Qin Yanan also knew that as a small manager of M5, he had no place to speak in front of the chairman and the president. He could only be anxious.

Fortunately, Feng Jing was the one who personally pushed for this project. Logically speaking, Feng Jing wouldn't compromise so easily. Everyone in the company knew that she was CEO Xia's most trusted subordinate, so her words carried a lot of weight.

As expected, Feng Jing smiled. "Chairman, it's necessary to set up this team. Let's not talk about other things. Just based on your social media account, how can you guarantee that you'll keep getting exposure and popularity if you don't update it once every few days?" Also, as the company's reputation and scale get bigger and bigger, there will naturally be more and more matters related to you. All of these will require a professional team to handle!"

Xia ruofei shrugged and said, "Alright! Then I'll listen to you!"

The company's profitability was shocking, and Xia ruofei was not a petty person. Naturally, he would not reject Feng Jing's decision just to save costs and hire fewer employees.

In the company, Xia ruofei was still very concerned about maintaining Feng Jing's prestige. After all, he couldn't be tied down by the position of Chairman for a long time. Feng Jing was responsible for most of the daily operations of the company.

Qin Yanan heaved a sigh of relief when she heard that. She thought that President Feng's position in the Chairman's heart was indeed important. He was convinced with just a few words.

Feng Rao chuckled, "Chairman, have a chat with Qin Yanan!" I'll go back to the office first. If you have any instructions, you can tell her directly. "

Xia ruofei stood up and said, "okay!" Boss Feng, you've worked hard!"

Feng Jing waved her hand with a smile and walked out of the office.

Xia ruofei and Qin Yanan were the only two people left in the office, and Qin Yanan looked even more uneasy.

When Xia ruofei got up, Qin Yanan stood up subconsciously as well. Now, she stood there helplessly.

In fact, Qin Yanan was a Standard Elite white-collar worker. She studied in a famous university for her bachelor's degree and even obtained a postgraduate degree in the United States. At the beginning of the year, when the Paradise company expanded its scale, she gave up many opportunities to work at a BAT-Class company and resolutely came to the Paradise company, which she thought had endless potential.

Even in front of Feng Jing, Dong Yun, and other company executives, Qin Yanan could maintain a calm and appropriate response. However, when it came to Xia ruofei, she always felt a sense of nervousness for no reason.

Even though Xia ruofei always had a gentle smile on his face, he seemed to have a faint majestic aura that made Qin Yanan a little timid in front of him.

Xia ruofei smiled at Qin Yanan. ""Manager Qin, don't just stand there, sit down and talk!"

"Chairman, you can just call me little Qin or Yanan," Qin Yanan quickly said.

This team was Xia ruofei's personal service team. Qin Yanan was also trying to get closer to Xia ruofei. The way she addressed him as "manager Qin" made them seem a little distant.

Xia ruofei smiled as he looked at the resume that Feng Jing had left behind. Qin Yanan was about the same age as him, so he couldn't bring himself to call her 'little Qin'. Hence, he smiled and said, "Alright! Then I'll call you ya Nan!"

Qin Yanan revealed a look of joy and sat down opposite Xia ruofei's desk. ""Chairman, I'll report to you about our team's situation first!"

Xia ruofei nodded.

Qin Yanan said, "there are a total of six people in the whole team now, two of whom are responsible for operating your social media account. At this stage, it's mainly your Weibo account. In view of your international popularity is also rising, especially in Australia, you are even a well – known figure, so we suggest that you open Facebook, ins, and other overseas mainstream social media accounts in the future. By then, we expect the operation team to increase to about four people."

Xia ruofei nodded. "Sure. You can handle this. Oh, by the way, is it convenient for Facebook, Twitter, and ins to operate in China?"

For reasons that everyone knew, some overseas social media platforms could not be used directly in China.

Qin Yanan smiled and said, "we've conducted an investigation in the beginning, and there's no problem at all." All he had to do was to purchase a VPN. "In addition, regarding the issue of the platform's account being banned, for a well – known public figure like you, even if the big data hit you, the platform generally wouldn't ban your account knowing that you logged in in China, so there's definitely no problem!"

Xia ruofei nodded and said, "that's good!" Just work according to your ideas!"

"Yes, Chairman!" Qin Yanan said, "currently, the remaining three people in the team are responsible for Public Affairs, logistics support, and some other work. Of course, this division of labor is not absolute. I will coordinate the strength of the tasks that are more important."

Qin Yanan looked at Xia ruofei and said, ""Chairman, I'm the person in charge of your service team and your Work Assistant, so ... I hope you can approve of me moving to the secretary's desk at the entrance from today onwards."

Although the workstation was in front of Xia ruofei's office, most of the area on the top floor was Xia ruofei's office area. It was only connected to Feng Jing's president's office by a single passage. The two offices were relatively independent, so the workstation in front of Xia ruofei's office was actually a separate office. It was only connected to the chairman's office's exclusive elevator and was the only way for guests to reach Xia ruofei's office.

Xia ruofei raised her eyebrows and said, "You're the person in charge of the team. You don't have to personally do this kind of specific work, right?"

"Chairman, it's our team's important mission to serve you. As the team's leader, of course I have to be the closest to you. That way, I can get first-hand information!" As for the team's work, I'll be working on this floor, so I can make arrangements for it as well. "

Xia ruofei thought for a while and said, "okay!" If you think it's appropriate, then do it! But I'm not in the office most of the time. "

Qin Yanan smiled and said, "it doesn't matter. Whether you're here or not, we still need someone to take care of this place!" Someone has to do the sending and receiving of documents. "

Ordinary employees were not allowed to enter the chairman's office at will, including this floor. When Xia ruofei was not around, Feng Jing or Dong Yun would personally deliver the documents that required his signature to his desk.

If he had an assistant, he could indeed sort out a lot of work relationships.

"Alright then!" Xia ruofei said after some thought.

"Thank you for your support, Chairman!" Qin Yanan happily said. Then I'll bring the things over in a while!"

Xia ruofei smiled and nodded.

Qin Yanan then flipped open the book in her hand and said, "Chairman, regarding xiangnan TV's Deputy Director Gao Jun's visit to the company and his meeting with you, we've contacted xiangnan TV. I'd like to communicate with you about the specific schedule."

"Okay, go ahead!" Xia ruofei nodded.

"It's like this. Station head Gao and his group of four will be taking the 8:30 am flight tomorrow and will arrive at San Shan at around 11 am. The other party said that the southeast radio and television station will be responsible for receiving them and making hotel arrangements. They don't need our guarantee. " Qin Yanan said, "President Gao's initial plan is to arrive at the Tao Yuan building at around 3 p.m. The vehicle will be protected by the southeast radio and television station. President Feng will personally receive President Gao and his group and take them on a tour of the company's headquarters. At around 3:30 pm, director Gao and his men will meet you in the guest room on the top floor. "

Xia ruofei nodded and asked, "what's the main purpose of their visit?"

Qin Yanan reached out to tuck her hair behind her ears and said, "Chairman, we've already communicated with the people from xiangnan TV. The main purpose of this trip is to discuss the

recording of the first episode of the third season of life you yearn for. There might also be some other cooperation intentions that need to be communicated.”
