Chapter 2231 A happy gathering (1)

Coincidentally, when Xia ruofei and the others arrived at the backyard, Wu Qiang had also driven Qin Yanan and he Yu back to the siheyuan.

Xia ruofei smiled and called Qin Yanan over, then introduced her to Zhao Yongjun and the others. "This is our company's manager Qin. He's currently the head of my assistant team."

Then he introduced Zhao Yongjun and the others to Qin Yanan one by one. Of course, he didn't tell them who they were and only said that they were his good friends.

Qin Yanan graciously nodded at Zhao Yongjun and the others.

Then, the group walked to the dining room.

Song Rui poked Xia ruofei's waist. Xia ruofei slowed down and asked in a low voice, "What's wrong?"

Song Rui pointed at Qin Yanan and said in a low voice, "Aren't you afraid that your little girlfriend will be jealous if you keep a beautiful assistant by your side?"

Xia ruofei couldn't help but laugh, "what the hell is this?" Yanan is my Work Assistant! Also ... Which little girlfriend are you talking about?"

Song Rui was suddenly angry and said, "You can't beat people down like this! It's a good thing I already have Yiyi now, or else I'd be angered to death by you."

Xia ruofei laughed and said, "let's go!" Let's go eat!"

The two of them walked into the dining room, and Zhuo Yiyi asked with a smile, "Song Rui, what are you and ruofei whispering about?"

Song Rui was stunned. Xia ruofei immediately smiled and said, "Xiao Rui was showing off to me ... Saying that he's going to show off his affection to us tonight!"

Zhuo Yiyi's pretty face instantly turned red. She glared at song Rui and said, "You only know how to talk nonsense!"

"I didn't ..." Song Rui explained helplessly.

However, Zhuo Yiyi obviously believed Xia ruofei's words more. She glanced at him unhappily, then walked over to sit between Qin Yanan and he Yu.

Song Rui couldn't help but be startled. His girlfriend wasn't sitting with him? What the hell is this! He couldn't help but glare at Xia ruofei, who was smiling evilly.

Fortunately, he Yu was more observant and took the initiative to give her seat to song Rui.

Zhuo Yiyi naturally wouldn't change seats. A couple could throw a tantrum to please them, but it was also not too much. Otherwise, it would be considered unreasonable. After all, she knew that it was just a joke.

After everyone had taken their seats, Wu Xiujuan and Xia Xiaolan began to serve the dishes.

Wu Qiang and the others went to the staff cafeteria to eat. Xia ruofei saw that there were many people today and it would be crowded if he called them over. They would also feel uncomfortable, so he acquiesced.

Zhao Yongjun arranged for everyone to pour wine. The men all drank white wine, while the three women drank expensive rotten wine.

Zhao Yongjun smiled and said, "ruofei, say a few words!" You're the master today!"

Xia ruofei stood up with a glass of wine in his hand and said with a smile, "There's nothing much to say. We're all good friends, and we haven't gathered together in a long time. Yanan and he Yu, you've worked hard, so I'll just say one thing! Everyone, have a good meal tonight! There will be enough food and wine! Come on! Let's have a drink together!"

"Alright! Cheers!"

"Cheers!"

The white wine was held in a small glass, so Xia ruofei and the rest naturally toasted to it. Qin Yanan, Zhuo Yiyi, and he Yu also took a big gulp.

"Satisfying!" Xia ruofei showed the bottom of his cup and said, "come, come, come, let's eat! Everyone, try Auntie Wu's cooking!"

Everyone drank and ate while chatting, and the atmosphere at the table quickly became lively.

Zhao Yongjun sighed, "ruofei, your wine is still the most authentic!" And this dish today! Are you using the ingredients from your paradise Corporation?"

Xia ruofei laughed and said, "most of them are!" But I also bought it at Walmart! Now that our company's production capacity is gradually increasing, the major superpowers still have sufficient stock, so they can basically buy everything!"

"That's because your vegetables are too expensive!" Song Rui said, "it's at least a few times or even more than ten times that of ordinary vegetables. Most people's families wouldn't be willing to buy it to eat easily!"

"You get what you pay for, you know!" Xia ruofei chuckled. "The quality of our products is there for all to see!"

Xu Zi Xuan smiled and said, "there's nothing wrong with RUO Fei's words!" The ingredients of paradise Corporation, whether it's appearance or taste, are indeed much better than ordinary vegetables. They're not even on the same level!"

"Did you see? It's still Zi Xuan who has good eyes!" Xia ruofei said proudly.

Zhao Yongjun smiled. "It's really a pleasure every time I come to eat at your house. But there's one bad thing about it!"

"What's wrong?" Xia ruofei asked curiously.

“What else? We’ve been raised to be picky with our mouths!” Zhao Yongjun smiled and said, “every time I come back from your place, I feel like I’ve been eating for a few days! Wine is even more so, any kind of wine would feel as bland as water in the mouth!”

Xia ruofei couldn’t help but laugh. “Brother Zhao, you can’t praise people like this! I’ll be proud!”

Qin Yanan saw that Xia ruofei was chatting happily with Zhao Yongjun and the others. He wanted to give a simple report on work, but didn’t want to disturb them.

On the other hand, Xia ruofei was worried that he was giving the two of them the cold shoulder. After all, it was their first day meeting Zhao Yongjun and the others, so it was inevitable that they would feel reserved. Hence, Xia ruofei took the initiative to raise his glass to Qin Yanan and said, “Yanan! You’ve all worked hard today! Let’s have a drink!”

Chapter 2232 A happy gathering (2)

Qin Yanan quickly stood up and held the wine glass with both hands. “Chairman, I should be the one to respect you! I’ll drink first as a form of respect!”

After she finished speaking, she raised her head and drank the remaining half of the glass of noble rot wine in the quilt.

Xia ruofei quickly replied, “I’m fine!” It’s fine! Yanan, drink slowly! We’re not forcing them to drink, so we’ll drink as much as we can!”

After that, Xia ruofei also finished the glass of liquor.

Qin Yanan wiped her mouth with a tissue and said with a smile, “I’m fine. Thank you for your concern, Chairman!”

Xia ruofei nodded and asked, “Oh right, the meeting with xiangnan TV this afternoon, did it go smoothly?”

“It’s going quite smoothly!” Qin Yanan nodded. They’ve attached great importance to the Chairman’s participation in the program’s recording this time, and they’ve ensured and coordinated everything in place. We’ll continue to communicate the specific details tomorrow, and I’ll give you a detailed report tomorrow afternoon. The production team will start the full recording the day after tomorrow. ”

Xia ruofei nodded. “Alright. I’ll leave it to you. I’m very assured!”

“Thank you for your affirmation, Chairman!” Qin Yanan pursed her lips and smiled. “By the way, I also learned today that the first batch of supplies we promised to provide to the program group has all been delivered. The vegetable greenhouse attached to the mushroom house has also been successfully transplanted. After long – distance transportation, our vegetables still have a high survival rate!”

“That’s good!” Xia ruofei smiled and said, “come! He Yu, I also propose a toast to you!”

He Yu quickly stood up and said, somewhat overwhelmed by the unexpected favor, “Chairman, a toast to you!”

When Xia ruofei was talking to Qin Yanan and he Yu, Zhao Yongjun and the others had lowered their voices as well, so they could hear the contents of their conversation clearly.

After Xia ruofei and he Yu finished drinking, Hou Liang could not help but ask, "Brother Xia, why are you guys providing free supplies to the festival Group?"

Xia ruofei chuckled. "It's just some vegetable seedlings. There's also our Dahongpao tea leaves, Yushi cream, and so on. They're all our own products. They're also advertising for us!"

"How could Gao Jun do this?" Hou Liang frowned and said, "how can he take your things for free? Furthermore, didn't he know how valuable the Jade skin cream and Da Hong Pao were? It wasn't like the festival Group didn't have money, so these things should be bought with money! I'll give him a call later!"

When Qin Yanan heard this, she couldn't help but be stunned.

There's such an operation?

Xiangnan TV used your product to advertise for you. It's already unprecedented that they didn't charge you for your advertising fees, yet you still want to charge them?

Qin Yanan felt that the skinny young man in front of him probably didn't understand the situation, so he made such a joke.

However, when she thought about it, she felt that something was amiss. Just now, Hou Liang had mentioned Gao Jun's name and even said that he would call him to scold him. This meant that Hou Liang knew Gao Jun and their relationship was obviously not ordinary. Otherwise, he would not have said such things.

However, she still found it unbelievable and couldn't help but look at Xia ruofei.

Originally, Qin Yanan thought that Xia ruofei would explain to Hou Liang what it meant to plant an advertisement. Unexpectedly, Xia ruofei just smiled and said, "Monkey! Don't make things difficult for station head Gao! These products were only expensive, but in reality, the production cost was not that high. It did not cost much! You didn't want me to be stingy, did you? You should know that you're the one who pulled the strings for this matter. Our paradise Corporation is so stingy, isn't that embarrassing for you?"

"Brother Xia, how much is my monkey face worth?" Hou Liang said, "Gao Jun didn't handle this matter properly! This is not giving you any face!"

Song Rui was also someone who wished for the world to be in chaos. He immediately echoed, "Monkey, that makes sense! That station head Gao dared to use ruofei's things for free, that's not giving us face! I say ... Find a chance to talk to your old man? When the time was right, he would make room for this guy! Xiangnan satellite TV's Deputy Director in charge of entertainment is a lucrative position!"

Qin Yanan felt as if his brain was about to crash. These young people were actually so boastful. A Deputy station head of a provincial station could be changed just like that? He didn't even drink a few glasses of wine! He was this drunk?

However, Qin Yanan quickly realized that he was wrong. Xia ruofei was not joking at all. He was serious.

Xia ruofei smiled and said, "no, no, no!" Don't you guys get on the hook! I have a good relationship with the high platform! Don't add to the mess! I'm doing pretty well, why should I change for no reason!"

To be honest, Gao Jun was indeed a good person. He had lowered his attitude to the extreme. However, he probably never thought that he would be remembered by Song Rui, Hou Liang, and the other Playboys just because the Paradise Corporation provided some products for free.

If that was the case, he would be too wronged ... How much were those things worth? How could it compare to the huge advertising effect?

Zhao Yongjun cleared his throat and said, "Ruofei is right. Xiao Rui, monkey, don't shout about killing for no reason! You guys don't understand the situation, so just do as RUO Fei says!"

Zhao Yongjun had absolute authority in their small circle. Hou Liang scratched his head in embarrassment and said, "Jun bro, I know ... Me too ... Wasn't I the one who pulled the strings? I just think that things weren't done well enough!"

Xia ruofei quickly smiled and said, "I'm fine!" He was fine! That's good enough. Monkey, thank you! Come, come, come, let us brothers have a drink!"

Qin Yanan's heart trembled. From Xia ruofei, Zhao Yongjun, and the others' words, she could guess that the people at this table today probably had terrifying backgrounds. Of course, in addition to the shock, she also felt extremely at ease that the chairman of Xuanji was brothers with these second-generation heirs who had a lot of power in Beijing. Then, the resistance in the company's development process would definitely be much less.

At this moment, Zhuo Yiyi gently touched Qin Yanan's arm, leaned over, and whispered, "Yanan, ruofei didn't tell you who these people are, did he?"

"No..." Qin Yanan shook her head slightly.

Zhuo Yiyi smiled and said, "I knew it just by looking at your expression!" If I didn't know them, I would also think that these people are definitely boasting and flattering each other!"

"So you're saying it's not?" Qin Yanan asked with a smile.

"It really isn't!" Zhuo Yiyi said, "do you know what that 'monkey' over there is for?"

"What are you doing?" Qin Yanan asked.

"It doesn't matter what he did!" Zhuo Yiyi smiled and said, "but his father is the executive Deputy Chief of the state radio, film, and television ..."

Qin Yanan suddenly understood. No wonder Hou Liang was so confident. So it was because of this layer of relationship.

Zhuo Yiyi smiled. "Since RUO Fei didn't tell you, I won't tell you the rest one by one. If you're interested, you can go ask your Chairman yourself."

"Thank you, sister Yiyi!" Qin Yanan said in a low voice.

On the other side, Xia ruofei and Zhao Yongjun's conversation topic had shifted to some anecdote in the circle of the capital.

Although Qin Yanan and he Yu were not in this circle, Xia ruofei still trusted them, so everyone did not avoid them.

"By the way, Xiao Rui, don't tell your old master about my return for now!" Xia ruofei said, "I'm about to start recording the show. I'll pay him a visit after I'm done!"

"I know!" Song Rui said lazily, "I don't usually go back!"

"Speaking of which ... Have you guys heard? it seems that the Liu family's young lady is not in good health ..." Song Rui added.

"Which Liu family?" Xia ruofei asked subconsciously, then immediately came back to his senses. "You mean that old man from Liu haofan's family?"

Chapter 2233 The crisis of the Liu family (1)

Song Rui chuckled and said, "of course." The entire Liu family is ..."

"Xiao Rui!" Zhao Yongjun suddenly interrupted song Rui, "don't speak without thinking!"

Song Rui also came back to his senses. He was actually just a little drunk, and it just happened that they were talking about it, so he blurted it out. Once Zhao Yongjun reminded him, he immediately felt that it was inappropriate.

Although the people present today were not outsiders, there were still two employees from Xia ruofei's company. Besides, even if they were people from their small circle, they could not say anything without restraint.

Just like Hou Liang and Wei Jun, their families were not that powerful yet. There were some things that could not be said in front of them. Otherwise, if word got out, it would have a negative impact on the song family.

Xia ruofei smiled and changed the topic. "Come on! Everyone, try this fish. It was very fresh when I bought it ..."

This dinner was a joyous one, and everyone was a little tipsy.

Zhao Yongjun and the others didn't regard Xia ruofei as an outsider, so they stayed in the courtyard house since there were many rooms here anyway.

Zhuo Yiyi went to the front yard to keep Qin Yanan and he Yu company, while Zhao Yongjun and the others went to the middle yard to find a few guest rooms.

After Xia ruofei returned to the master suite, he sat on the sofa in the living room and smoked a cigarette. Then, he stood up to wash up.

Just then, there was a light knock on the door. Xia ruofei looked up and saw Zhao Yongjun and song Rui pushing the door open and walking in side by side.

“Brother Zhao, you haven’t gone to rest?” Xia ruofei greeted him with a smile.

“I can’t sleep, so I came over to chat with you!” Zhao Yongjun smiled and said, “I ran into Xiao Rui the moment I went out!”

“Hahaha! Then come over and sit!” Xia ruofei smiled and said, “it just so happens that this tea has just been brewed. Let’s drink some tea to help with the alcohol!”

“Alright!” Zhao Yongjun and Song Rui walked over and took their seats.

Xia ruofei leaned over and poured tea for the two of them. Then, he smiled at them.

Zhao Yongjun laughed. “Xiao Rui almost let it slip when we were eating. It’s about the Liu family’s elder.”

“Hehe ...” Song Rui scratched his head and said, “I’m a little loose – lipped after drinking, hehe ...”

Xia ruofei smiled and said, “don’t worry, brother Zhao. Don’t you know what kind of person I am?” I won’t go out and talk about it. Qin Yanan and he Yu, they don’t know anything about the circle in Beijing, and they don’t know anything about the Liu and Zhao families. I’ll talk to them later, and they’ll definitely keep their mouths shut.”

“You’re mistaken, ruofei,” Zhao Yongjun said with a smile. “It’s not appropriate to talk about this at the table. After all, there are too many people, so I stopped Xiao Rui in time. But you’re different. Is there anything I can’t tell you?”

Xia ruofei finally understood Zhao Yongjun’s intention. He was worried that he would be unhappy, so he came over to explain!

He smiled. “Brother Zhao, I’m not interested in these things. I’m just listening to it for fun. I don’t care.”

“I can’t not care!” Song Rui said, “Speaking of which, this matter has something to do with you!”

Xia ruofei couldn’t help but smile. “Related to me? Other than having some disputes with their good – for – nothing grandson, I don’t have any dealings with the Liu family at all! I’ve never even seen old man Liu before. He can’t blame me for his illness, can he?”

In fact, Xia ruofei had a history with the two “good – for – nothing” grandsons of the Liu family. They had even had a direct confrontation. However, the impact of him dealing with Liu haojun was too great, so he could not even tell Zhao Yongjun and the others.

Of course, this was also for their own good. Not knowing was the best situation for them.

Zhao Yongjun laughed and said, “look at you!” Ruofei, this is the general situation ...”

Then, Zhao Yongjun told Xia ruofei about the Liu family.

It turned out that the old man of the Liu family used to be quite strong, but the younger generation had been disappointing recently. They had been facing problems one after another, especially Liu haojun, whom he had high hopes for. His career was basically ruined because of such a stupid problem.

It was said that when he heard the news of Liu haojun’s accident, old master Liu shut himself in for three days and his entire person looked dejected.

It was normal for an old man to have a weak body, but old man Liu's condition was different. The routine physical examination not long ago had found that his body was not just aging.

During the physical examination, they discovered that there were a few abnormalities in his physical indicators. After further examination, they discovered that it was actually pancreatic cancer, which was the most dangerous disease!

This was undoubtedly a bolt out of the blue for the Liu family.

Pancreatic cancer, and it was even in the late stage. This was basically a countdown to his life.

Even if it was one of the largest families in China, it could not escape the laws of nature.

Not to mention in China, even in the world, there was no treatment for such a highly malignant cancer. It was difficult to even delay the symptoms.

It could be said that old man Liu didn't have much time left after the disease was discovered, and the process would be very fast.

Xia ruofei was still a little confused. He said, "I understand a little, but ... This doesn't seem to have anything to do with me!"

Chapter 2234 The crisis of the Liu family (2)

He thought to himself, 'could it be that the Liu family has already found out that I directed Liu haojun's incident?' Even if that's the case, you can't say that I'm related to old master Liu's illness, right? Even if he was angry, could he get pancreatic cancer?

Moreover, the Liu family had just gone through a huge change. They were busy preparing for all kinds of rainy arrangements, so how could they have the time to pursue who was responsible?

"Of course, elder Liu's illness has nothing to do with you," Zhao Yongjun said, chuckling. "But ... He's just thinking about your medical skills!"

Xia ruofei suddenly understood.

Back then, elder song was on the verge of death but Xia ruofei saved him. Not only did he recover, but his body was also much better than before. He looked better and his white hair was much less. It was no exaggeration to say that with elder song's current condition, he could live for more than 100 years.

Although this matter was strictly confidential, it was not without any clues. With the Liu family's ability, it was possible to find out Xia ruofei's role in this matter.

Song Rui said from the side, "ruofei, the Liu family is also anxious now. You can't say that they're desperate!" They're treating you as their last hope anyway. Yesterday, uncle Liu went to visit my grandfather in hopes of getting you to treat old man Liu ..."

"Then what did Grandpa song say?" Xia ruofei asked with a smile.

"The old man definitely won't agree to it so easily! And he didn't even admit that you were the one who cured him." Song Rui said with a smile, "we have to ask for your opinion on this matter. If you don't agree, even the Liu family can't force you!"

"Yeah!" Zhao Yongjun also laughed. With the song family as your strong backing, no one can force you to do something you don't want to do. Besides, if anything happens to old master Liu, the Liu family won't dare to act rashly. There are many people watching them!"

Xia ruofei nodded, deep in thought.

The Liu family had visited elder song yesterday, but no one had called him until now. This meant that elder song had suppressed the matter, and even the Liu family did not dare to disturb him.

Naturally, Xia ruofei did not want to get involved in this matter. He could not understand the complicated relationships in the four nine cities, and he did not want to understand them. This kind of thing would affect the whole situation. If he really saved old master Liu, he might offend many people without him knowing!

"Xiao Rui, what's Grandpa song's stance on this?" he asked after some thought.

"I don't know!" Song Rui smiled and said, "aren't you going to visit him in a few days? Let's see if he'll mention this when the time comes! Anyway, if he doesn't mention it, you can just pretend you don't know! In my opinion, why should we help for no reason?"

Song Rui didn't have a good impression of the Liu family. The younger generation of the two families often fought with each other. The two families didn't have the same political ideas. Competition in various fields was normal. It was normal for him to have such thoughts.

But Zhao Yongjun said seriously, "Xiao Rui, you can't say such things. Moreover ... You can't think about things so simply! You have to remember that the Liu family is the Liu family, and old master Liu is old master Liu. No matter what happened to the Liu family, old master Liu has made great contributions to our country! Whether it was during the war or during the construction period, he had made outstanding contributions!"

Zhao Yongjun then looked at Xia ruofei and smiled. "Of course, I'm not trying to influence your judgment. Ruofei, just as Xiao Rui said earlier, if elder song didn't mention this to you, just pretend that you don't know! But if the old man asks, uh ... And asks for your opinion, I suggest you consider it more maturely before answering. "

Xia ruofei nodded and said, "I know!" Thank you for your reminder, brother Zhao!"

Zhao Yongjun laughed and stood up, "Alright, we've drunk the tea and said what we needed to say. We should go back and sleep!"

"We're leaving just like this?" Song Rui asked.

"If you don't leave, do you still want to stay here for the night?" Zhao Yongjun laughed and said, "Xiao Rui, is it because Yiyi isn't with you and you're so lonely that you can't sleep? do you want ruofei to sleep with you?"

Xia ruofei and song Rui suddenly felt a chill. Song Rui quickly stood up and said, "Big brother Zhao, can you not speak in such a disgusting manner in the future ... Let's go! Let's go now ..."

"Hahaha!" Zhao Yongjun couldn't help but laugh.

Xia ruofei sent the two of them to the door and turned around to go back into the house.

He sat on the sofa in the living room and thought for a long time, but he couldn't come up with a final decision, so he simply gave up.

After all, this matter involved a lot of people. In addition to the fact that it might affect the interests of many parties, there was also a very important point. His "medical skills" would be known by more people. At that time, if these powerful elderly people in Beijing came to him for a headache, he would have a big head.

It's not appropriate to go or not. If I don't go, I'll definitely offend people. Why are you treating the song and Liu families but not me? However, if he went, there would be more and more such things in the future, and he would eventually be unable to bear the disturbance.

Since no one could find him now, he might as well wait until the recording was over.

Thinking of this, Xia ruofei got up and took a shower. Then, he sat on the bed and cultivated the "great Dao formula" for a while before he fell asleep.

The next morning, Zhao Yongjun and the others had breakfast in the courtyard and left one after another. The construction of the Xuanji paradise gathering was in full swing. They all had their own responsibilities and had been busy recently.

Qin Yanan and he Yu also left the siheyuan in Wu Qiang's car and continued to head to the hotel where the festival Group was located to discuss some details of the recording of the program.

Xia ruofei, on the other hand, was idle. In the middle courtyard, he lay on the recliner, reading, drinking tea, and enjoying the rare slow time.

Of course, he only had a leisurely morning.

After lunch, Xia ruofei took a short nap. Not long after he woke up, Qin Yanan and he Yu returned.

Gao Jun, the Deputy Director of xiangnan satellite TV, also came to the courtyard with them.

As soon as he entered, Gao Jun greeted him with a smile, "President Xia, I'm here uninvited. You won't not welcome me, will you?"

Xia ruofei was stunned for a moment, then he smiled gently and said, "Gao tai, you must be joking. Your presence brings light to my humble dwelling!"

Gao Jun's eyes widened exaggeratedly and he said, "President Xia! Can I take this as your fancy way of showing off your wealth? If the central area of the capital, the big siheyuan with three entrances to the front and back, is a Peng Peng Peng, then the place where people like us live is simply a cave of primitive people!"

"Hahaha! Gao tai, you're exaggerating!" Xia ruofei said, "come on! Please come in!"

Xia ruofei let Gao Jun into the courtyard. The few of them went to the master's courtyard in the middle and sat down around the stone table.

Qin Yanan immediately started preparing the tea. Xia ruofei saw that Qin Yanan's movements were quite skilled and handed this task to her with ease.

"Station head Gao, when did you arrive in Beijing?" Xia ruofei asked with a smile.

"I just arrived this morning!" Gao Jun said, "after I got off the plane, I went to the hotel to check on the preparation work of the festival team. I happened to see manager Qin coming over to take over the work, so ... I followed the two beautiful ladies and came to visit directly!"

"So director Gao only arrived today!" Xia ruofei smiled and said, "it would be great if it was yesterday. Some of my good friends were having dinner at my house! That's right, that brat Hou Liang is also here ..."

Gao Jun couldn't help but feel a little regretful. If only he had come a day earlier. It was only natural for him to visit Xia ruofei. Then, wouldn't he have been able to get closer to young master hou?

Chapter 2235 Start of recording_Gao Jun and Xia ruofei had a good conversation. Of course, his visit was just to show his attitude. He did not talk about the details with Xia ruofei. After chatting for about an hour, he got up and left. He did not stay for dinner.

"Director Gao," Xia ruofei said with a smile, "I'll invite you over after the show is over!"

"I should be the one treating you!" Gao Jun quickly said. The station is very grateful for your selfless support for the festival Group!"

Xia ruofei laughed in his heart. Because of this "selfless support", Gao Jun almost had a connection with Hou Liang. Although Hou Liang's father couldn't just leave Gao Jun alone, it would have a great impact on Gao Jun if he left a bad impression on the leader.

This possibility was very high. After all, Hou Liang was considered a younger brother in Xia ruofei's small circle, including Wei Jun 's. Their families were much weaker than Zhao Yongjun, song Rui, Liu Jian, and Xu Zixuan. Hou Liang's family was very happy that they could follow Xia ruofei and his group.

If Hou Liang really went back to get some fresh air, his father would definitely pay a lot of attention when he found out that it was because of Xia ruofei.

Xia ruofei naturally wouldn't tell Gao Jun about yesterday's incident. He just smiled and said, ""We're all friends, so it doesn't matter who's treating who!"

"Yes, yes, yes! We're friends!" Gao Jun said happily, "President Xia, please wait! Please wait!"

Xia ruofei smiled. "Alright then. Director Gao, I won't see you off. Yanan, help me see director Gao off!"

"Yes, Chairman!" Qin Yanan said.

Then, she smiled at Gao Jun and said, ""Director Gao, this way please!"

.....

After Gao Jun left, Qin Yanan and he Yu went to Xia ruofei's room and reported to him about the progress of the docking in the past two days.

Xia ruofei listened attentively. After all, the details were related to the filming of the show. He was not like some celebrities who were arrogant. Since he had promised to record an episode of the show, he would do his best to cooperate. After all, it was not easy for the festival team. It was very hard to coordinate so many things.

In the end, Qin Yanan said, "Chairman, that's the general situation. As for the details, if there are any problems during the recording process, we'll deal with it at the last minute." When you're recording the program, he Yu and I will be accompanying you the entire time."

"Alright, you've all worked hard!" Xia ruofei said with a smile.

"Oh! By the way, the TV station said that the production crew might be coming earlier tomorrow morning." Qin Yanan said, "but they said that you should just follow your normal daily routine. It's best to pretend that they don't exist. That way, it'll be the most natural for the photos to be filmed."

Many people's hearts would more or less change when they were in front of the camera. Whether it was the tone of their speech, their expressions, or their actions, they would be different from usual. When it was broadcasted on television, it did not look natural.

Professional actors would not have such a problem. After all, they had been specially trained. They were only afraid of guests like Xia ruofei who had never learned how to act but could not be offended. If they could not get any useful material, the post – editing would be troublesome. After all, they did not dare to ask Xia ruofei to cooperate and re – record.

Xia ruofei laughed, "understood!" It was like the camera did not exist! No problem!"

His mental fortitude had been specially trained by the Army, and with his business growing in the past few years, he had seen all kinds of big scenes. How could he have stage fright in front of a camera?

As they were about to participate in a day and a half of filming, Xia ruofei and the others had a simple chat about the filming tomorrow after dinner. Then, Qin Yanan and he Yu diligently helped Xia ruofei clean up his originally clean room before returning to the front yard to rest.

.....

The next day, Qin Yanan and he Yu woke up very early because the xiangnan TV crew would be arriving very early. They had to start filming from the morning until Xia ruofei arrived at the mushroom house.

Very quickly, a business car from xiangnan TV arrived at liuhai Lane. He Yu, who was waiting at the entrance, led the car to the front yard and parked it.

Qin Yanan stood in the courtyard, greeting the editors and photographers of xiangnan TV. These past two days, she and he Yu had gone to the hotel to work with the program team, so they were already very familiar with these staff.

The head of the team, Liu Yan, smiled and said, ""Manager Qin, let's start work right away!"

"No problem!" Qin Yanan smiled. "President Xia has already instructed that you can shoot as many photos as you want today! Come, teachers, this way please! President Xia is staying in the second courtyard ..."

Qin Yanan led Liu Yan and the others to the master's courtyard in the middle. A few cameramen had already started recording with their cameras.

The courtyard in the early morning was very quiet. Although it was in the city center, it was more than a hundred meters away from the main street of Desheng Gate, which was full of traffic. Moreover, the courtyard was very deep, so the noise from the outside world couldn't reach here at all. It was really quiet in the midst of chaos.

When Liu Yan and the others arrived at the master's courtyard, they couldn't help but tread lightly.

The door to Xia ruofei's suite was tightly shut. Qin Yanan and the others thought that Xia ruofei was still sleeping. After all, the crew had arrived too early.

Chapter 2236 Start of recording (2)

However, when everyone passed through the courtyard and arrived at the door, Xia ruofei, who was neatly dressed, opened the door and walked out with a smile.

"Welcome, teachers from xiangnan TV!" Xia ruofei said with a smile.

Xia ruofei's appearance made Liu Yan and the others' eyes light up. Even Qin Yanan and he Yu's eyes were slightly stunned. Today, Xia ruofei was wearing a set of handmade casual clothes from Ferragamo. He had a dark blue plaid long jacket on the top and a denim shirt on the inside. He matched it with loose gray breeches and a pair of yellow Martin Boots.

Ferragamo's custom – made clothes were cut very exquisitely, and the materials used were of the highest quality. At the same time, they did not have a very conspicuous LOGO. Unless one was very familiar with the brand and could recognize it at a glance, it would feel like ordinary casual clothes, but overall, it gave people a feeling of quite a high class.

To put it simply, it was low – Key luxury.

This set of clothes was specially commissioned by Ling Qingxue's friend in Hong Kong to get a designer from Ferragamo to tailor – make for Xia ruofei. There were several sets of clothes at once, both formal and casual.

This time, Xia ruofei considered that he was going for an outdoor leisure activity and it would not be right to dress too formally. Besides, in the show, the guests often had to do some work within their ability, such as chopping firewood, starting a fire, picking vegetables, and so on. This set of casual clothes happened to be loose, so Xia ruofei chose this set without much consideration.

It was also Qin Yanan's first time seeing her boss wearing clothes of this style. The moment they saw Xia ruofei, all the girls, including her, could not help but feel their hearts beat faster. This set of clothes almost perfectly complemented Xia ruofei's calm and composed temperament.

Xia ruofei's body was well – built but did not give off the feeling of a muscular man. It was the kind that was well – proportioned and often had a gentle smile on his face. He gave off the image of a gentle and modest gentleman. The style of this dress was casual with a hint of casualness, which suited Xia ruofei's temperament very well. At the same time, the Martin Boots and the denim shirt brought a slight contrast, making Xia ruofei have a unique masculine charm.

Liuyan was also stunned for a moment, then she quickly stepped forward and said, ""Hello, President Xia! Sorry for disturbing you ..."

Before they came, Gao Jun had repeatedly reminded Liu Yan, who was leading the team, to give Xia ruofei the greatest respect.

As the director of the entertainment channel all these years, Liu Yan had seen countless big stars. But this was the first time the station head had come to the filming location personally and had even repeatedly reminded her, so how could Liu Yan dare to slight him?

"I'm not disturbing you, not disturbing you." Xia ruofei smiled. "Everyone, come in and take a seat!"

Several cameras were filming Xia ruofei from different angles, but he was not affected at all. He acted very naturally, which made Liu Yan feel a little relieved.

The group of people followed Xia ruofei into the house and sat down in the living room. Qin Yanan came up to Xia ruofei and introduced Liu Yan and the others.

"Mr. Liu, how should I cooperate with you for the next shoot?" Xia ruofei asked with a smile.

"President Xia, I'm not a teacher!" Liu Yan quickly said. "You can just call me little Liu!"

Xia ruofei looked at Liu Yan and estimated that she should be older than him. He smiled and said, ""That's not appropriate. How about I call you scenarist Liu?"

"Yes! I can!" Liu Yan quickly said.

She continued, "President Xia, just do your best. Wash up and eat. If you have anything to say to the audience, just say it to the camera." After you have your breakfast, we have a segment where you can call the mushroom house to order. After recording, we'll take a short break and then head to the mushroom house. "

Qin Yanan had already told Xia ruofei about this yesterday, and Xia ruofei had a plan in mind.

For example, during the phone call segment, only he Jiong knew Xia ruofei's identity in advance. After all, as the main star, Youyou had to do some preparation work in advance, while the other three did not know who the guests for this episode were. So, during the order ordering segment, one of the other three permanent guests had to answer the phone. What Xia ruofei had to do was to make sure that they did not guess his identity. He could change his voice, accent, and other means to confuse the public.

To put it bluntly, it was for entertainment.

Xia ruofei smiled and nodded. ""Alright, I understand."

After that, Liu Yan and the others left the house, leaving behind the cameraman and necessary staff. Another group of cameramen went to the backyard in advance to set up cameras.

Xia ruofei sat in the house for a while before he got up and went to the backyard for breakfast.

The cameraman followed them all the way and Xia ruofei was very natural.

In the dining room in the backyard, Xia ruofei introduced his breakfast to the camera with great interest, showing that he enjoyed the delicious breakfast in the capital city. At the same time, he complained about the weird taste of the soybean milk.

Liu Yan, who was standing at the side, was very happy. She thought that Xia ruofei's performance did not seem like an amateur at all. Instead, he seemed like an experienced artiste who knew where to put on the show.

At least until now, the quality of the material was very high, and a lot of content could be edited out.

This included the contrast between the luxurious courtyard house that Xia ruofei lived in and the simple breakfast of soy milk, eggs, and deep – fried dough sticks. This also included his complaints about soy milk and so on.

After breakfast, Xia ruofei returned to his room and leaned back on the sofa. He took out his phone and dialed the fixed phone number provided by the festival Group.

.....

In Xiaotang town, in the mushroom house of the peach blossom gathering, the recording of the show was also going on simultaneously.

The two main stars, He Jiong and Huang Lei, had already arrived at the mushroom hut earlier with the two popular young students, Peng Chang and Zhang Xing.

After they put down their luggage, they began to explore this new residence. Naturally, there were all kinds of exaggerated cheers and praises.

The environment of this season's mushroom house could be said to be far better than the previous two seasons. Furthermore, there was a beautiful Little Lake in front of them, which gave them an invincible view.

In addition, everyone in the festival Group, including the four permanent guests, found this place to be very comfortable. It was as if there was a different smell in the air, which made them feel refreshed.

For urban people who had been in a state of sub – Health for a long time, coming here was simply a boost to their spirits, so everyone's working condition was quite good.

After familiarizing themselves with the terrain, the two “parents,” He Jiong and Huang Lei, began to assign tasks to everyone.

Huang Lei, the well – deserved chef of the show, first asked Zhang Xing, who had just joined this season, to clean up everyone's rooms, while Peng Chang was arranged to chop firewood in the yard.

After that, Huang Lei invited He Jiong to the long shed on the side of the courtyard near the lake to sit down and drink tea together. In Huang Lei's words, this was called stealing a half-day's leisure. Once the guests started to go on the show like a horse lantern, it would be difficult for the two of them to have such leisure time.

Although this was a reality show that focused on the slow life of the countryside, He Jiong and Huang Lei, who were the permanent guests, could be said to be both parents in the show. Especially Huang Lei, who took on most of the kitchen work, it was very hard for the entire season of the show.

Many fixed cameras had been arranged in the mushroom house to film the guests 'every move from various angles.

There were also two cameras in the pergola.

He Jiong sat down on the bamboo chair beside Huang Lei and sighed comfortably. He then said, "Huang Laoshi, how about we make some tea?"

"Sure!" Huang Lei laughed. I know we're in for a treat this season!"

He Jiong blinked his big eyes and chuckled, "That's a must! This is because our quality of life has significantly improved this season. Everyone, look ... Clang clang clang!"

As he spoke, he picked up the beautiful tea can on the coffee table and showed it to the camera. Then he said in an exaggerated tone, ""Dear audience and friends, do you see this? This season, our director team has actually prepared the precious Dahongpao from paradise for us!"

Chapter 2237 Entering the mushroom house (1)

Huang Lei also made an exaggerated expression and said, ""Waa! These are internet famous tea leaves!"

He Jiong gave him a thumbs up and said with a smile, "You know your stuff! Actually, I've tried to get one online before, but I can't get it every time. "

"Your hand speed is still not as good as the netizens!" Huang Lei laughed.

"Hehe, I didn't think that recording a show would have such a benefit!" He Jiong said happily, "I can't wait! Teacher Huang, you're good at making tea. Quickly give me a cup!"

"Alright!" Huang Lei rolled up his sleeves and took out a small bag of Da Hong Pao tea leaves from the tea can. He began to skillfully boil water and make tea ...

For the convenience of brewing tea, the tea leaves sold on the internet in Taoyuan Dahongpao were all packed in small bags. One small bag was enough for each tea.

While the two hosts were making jokes, they had actually already advertised for paradise Corporation.

Of course, this was all planned in advance in the program proposal.

It could be said that xiangnan TV was really sincere towards Tao Yuan company.

After a while, the fragrance of tea wafted out from the pergola. Even Peng Chang, who was chopping firewood in the courtyard, couldn't help but come over and ask for a cup of tea.

Just then, a phone rang in the mushroom house.

He Jiong shouted, "little Xing!" A call came in! Quickly come down and answer it!"

Zhang Xing, who was cleaning up the house on the second floor, immediately replied, ""Oh! Alright ..."

Zhang Xing ran down the stairs. The phone was in the corner of the lobby on the first floor. It had been ringing a few times. Zhang Xing was worried that the other party would think that no one had answered the call, so he ran over in a hurry and almost tripped over his slippers.

All these were recorded by the camera and would be edited into the show, so that the fans could see their idol's real embarrassment, which could also improve the ratings.

With one hand on the table, Zhang Xing quickly picked up the phone with the other. Before he could catch his breath, he said, ""Hello!"

An unfamiliar voice came from the phone, ""Is this the mushroom hut?"

"Yeah!" Zhang Xing scratched his head and said. Yes! Who are you?"

It was Xia ruofei on the other end of the line. According to the show's rules, he was not allowed to reveal his identity and he had to try his best not to let the other party guess.

Hence, Xia ruofei changed his voice slightly to make it rougher. He said, ""What happened? You can't even recognize my voice!"

Zhang Xing had always been an obedient boy, like a harmless little sheep.

Besides, he really didn't know who the guest for the first episode would be, so he didn't need to act at all.

Zhang Xing scratched his head in embarrassment and said, "I ... I can't guess ..."

Xia ruofei purposely used a thick northeastern accent and even changed his voice. On top of that, he was not from the entertainment industry to begin with. No matter how hard Zhang Xing racked his brain, he would not be able to guess who he was.

"I heard that we can order at your gada?" Xia ruofei asked casually.

"Yes! Yes, I am!" Zhang Xing quickly asked, "what do you want to order? I'll record it down ..."

At this moment, He Jiong, Huang Lei and Peng Chang also walked into the house. They gathered around the phone.

Huang Lei was also very curious about who the guest for the first episode was. He couldn't help but ask, ""Little Xing, are you here to order?"

Zhang Xing quickly nodded and said, ""Yes, yes, yes!"

"Who is it? Who is it?" Peng Chang asked curiously.

"I ... I can't tell!" Zhang Xing said with a blank face. But ... It seems to be a northeast accent ..."

At this moment, Xia ruofei said on the phone, ""Then I want to order a pork stewed with vermicelli!"

He spoke with a strong northeastern accent, so Zhang Xing couldn't tell for a while. He was stunned for a moment and then said, ""Leanyou (pork)... W – what is leanyou?"

Seeing Zhang Xing's confused look, Huang Lei could not help but say, ""Come on! I'll do it!"

Zhang Xing passed the phone to Huang Lei as if he had been pardoned.

Peng Chang quickly pulled Zhang Xing to the side and asked about the characteristics of the person who made the call. He Jiong, on the other hand, put his ear close to the phone receiver to listen to the conversation between the two.

After Huang Lei took the phone, he said, ""Hello! What did you say you wanted?"

"Pork stewed with vermicelli!" Xia ruofei continued to say casually, "can you make this dish?"

Huang Lei immediately understood. He said, ""Pork stewed with vermicelli! Aiyo...This...Might be a bit difficult!"

When Zhang Xing heard this, he suddenly came to a realization and said, "Pork with vermicelli? He kept saying 'rent and rent', 'rent and rent', I can't think of pork at all ..."

With his adorkable look, his fans would probably love him to death with some sound effects and subtitles later.

Xia ruofei said, "no way?" You don't even have pork stewed with vermicelli? Then what kind of restaurant are you opening?"

He Jiong knew that the guest for the first episode was Xia ruofei. When he heard Xia ruofei deliberately speaking with a northeastern accent, he could not help but burst out laughing. He moved closer to the microphone and said loudly, "This student, we don't own a restaurant!"

He Jiong deliberately added a xiangnan accent in his Mandarin, which made it sound very funny.

"You just want to eat pork stewed with vermicelli, right?" asked Huang Lei.

Chapter 2238 Entering the mushroom house (2)

"Yeah!" Xia ruofei said.

"That's good! We'll try our best to think of a way!" Huang Lei said, "the main problem is the ingredients ... But it doesn't matter. You're the guest for the first episode, and this is the only dish you ordered. We'll satisfy your request even if we have to sell everything we have!"

Xia ruofei laughed and said, "why does this sound so scary?" You want to sell everything you have to eat pork stew with vermicelli? Why don't you just sell a kidney?"

He Jiong couldn't help but burst out laughing when he heard this.

Huang Lei didn't know whether to laugh or cry as he said, "our living conditions are really tough!" You'll know when you come over in the morning ... Then ... If you don't have any other requests, I'll hang up first!"

"Alright!" Xia ruofei said, "let's go!"

Huang Lei hung up the phone. Peng Chang and Zhang Xing quickly came over and asked, ""Huang Sensei, do you know who it is?"

Huang Lei revealed a trace of confusion and bitterly smiled, "I really can't tell. The accent is from the northeast, and the northeast accent is very pure. But the range is too wide ... And I can't be sure. After all, the northeast accent is relatively easy to imitate ..."

"Brother Xing, do you think ... It could be Brother Sun?" Peng Chang looked at Zhang Xing and asked.

The brother Sun that Peng Chang was talking about was Sun Honglei, the movie star. He was from Northeast China and had a strong northeastern accent. Zhang Xing had also recorded many shows with Sun Honglei, so he should have known him better.

Therefore, Zhang Xing immediately shook his head and said, "It doesn't sound like Brother Sun's voice. I don't think so. Otherwise, I would have been able to tell."

"Teacher he, tell us!" Peng Chang ran over to He Jiong and asked, "who could this guest be?"

He Jiong said with a smile, "I didn't hear it clearly just now!" This is hard to guess ..."

Huang Lei exposed He Jiong's lies mercilessly and said, "Come on! You must've already known who came today!"

He Jiong put up his hands with an innocent expression and said, "I really don't know! The director team had done a great job of keeping this a secret! He didn't reveal anything at all! If you don't believe me, you can ask director Zhou. Do I even know who the guests are?"

The director of the set was in the room. Once He Jiong finished speaking, one of the cameramen also cooperated by shaking the camera over. Director Zhou immediately nodded with a smile.

"What do you mean by nodding?" Huang Lei asked. Do you know or not?"

He Jiong said from the side, "alright, alright, alright! Why was he so conflicted about this? The guests will be here soon, so let's quickly discuss how to prepare this 'rented and stewed vermicelli'!"

Guessing the identity of the guests in the show was a very good thing to watch, so there were all kinds of guessing games in every episode.

At the mushroom house, Huang Lei and He Jiong began to think of ways to prepare the ingredients for the pork stew and vermicelli. At the courtyard at Liu Hai Lane, Xia Ruofei had also completed his task of making a phone call and was ready to set off.

He took out a Rimowa aluminum suitcase and put his change of clothes, pajamas, and some daily necessities in it.

These were all prepared in advance the day before. Yingying put all the things he needed in the spirit map space, and it was just for show when he went out to bring his luggage. However, he definitely couldn't bring an empty box to the recording this time, so he packed up the things he needed to bring today and took them out of the spirit map space yesterday.

Very quickly, Xia Ruofei was done preparing his luggage. He dragged his luggage to the front yard and, under the camera's recording, sat in a Buick luxury business car that the Jiumo team had prepared.

Buick was also an important sponsor for this season. All the vehicles used by the festival team were new commercial vehicles launched by Buick. They were still very popular.

Of course, other than providing vehicles for the show, Buick also paid a high advertising fee. In fact, their exposure was not as high as that of paradise company, so their treatment was much worse.

Xia ruofei sat in the most comfortable seat in the middle while a cameraman sat in the front passenger seat with a camera. The cameraman had to continue shooting some material.

In fact, the car had already been equipped with a high – definition camera, but sometimes they needed to take some close – up shots, so a cameraman was specially in the car.

Qin Yanan, he Yu, Liu Yan, and the other staff members got into several other cars and then drove out of the liuhai Lane courtyard house.

The car headed out of the city.

Because they had set off earlier, the morning peak in the capital had not yet formed. Although there was a little traffic on the road, the overall speed was still acceptable, and they did not encounter a situation where all the roads were blocked.

The convoy drove for more than 40 minutes before finally leaving the Main City and heading towards little Tang town. They were driving much faster.

Along the way, Xia ruofei looked at the scenery outside the window with great interest. When he was in the mood, he would talk to the audience through the camera, acting very naturally.

Soon, the convoy arrived at little Tang town. When they passed by the hot spring resort not far from the peach blossom Association, Xia ruofei could not help but look out the window.

He saw that the piece of land that they had bid for back then was now very different.

On this side, many workers could be seen busy at the construction site, and some trucks were in and out transporting construction materials.

When the car drove off the main road and turned a corner to the other side of the Paradise gathering, the scenery changed again.

Xia ruofei saw that the construction in this direction was basically completed. With just a glance, he could roughly distinguish the layout and planning of the clubhouse. After all, Xia ruofei had seen the design plan. With his current level of brain development, he would naturally not forget it as long as he had seen it.

Not far away, the surface of the lake was sparkling, and there were a few small and exquisite villas by the lake.

Xia ruofei paid special attention. At the location he had specified, which was the relic, a villa had been built. From the outside, the villa was basically completed. The decoration of the outer wall was also done.

His gaze moved from the lakeside to the inside of the club, and he soon saw the mushroom house.

In fact, there were two buildings here. One of them was a small two – story building that took up an area of about 500 to 600 square meters. It was the mushroom house where the show would be filmed. Behind the mushroom house was another building, which was the station of the program team. There were dormitories for the staff and a studio with optical fiber. It was equivalent to the Logistics Support Center of the program team.

The car stopped about two hundred meters away from the mushroom house.

The electric car door opened slowly with a beeping sound. Xia ruofei got out of the car, went to the back, opened the trunk, and took out his suitcase.

The cameramen had already chosen their positions and started shooting.

There was also a cameraman carrying a camera on his shoulder. He was to follow and film the entire journey.

Xia ruofei dragged his luggage and walked along the asphalt road towards the mushroom house. As he walked, he said to the camera beside him, ""I didn't expect this place to change so much in just a few months! I've told you that the scenery here in little Tang town is as beautiful as a painting, and it'll be fine with a little construction! Now it seems that my eyes are quite accurate! Now, this place has become a paradise ..."

After he finished speaking, Xia ruofei even revealed a smug smile.

In the later stages, the festival team would definitely add some subtitles to tell the audience that this was actually a leisure entertainment club and that Xia ruofei was the major shareholder. Then, with some special effects, it would immediately become a topic of discussion and satisfy the audience's curiosity.

Xia ruofei dragged his suitcase and walked to the bottom of the mushroom house. The mushroom house was on higher ground so the view was quite good. In front of him was a beautiful lake, so the shooting effect was quite good.

Xia ruofei carried his luggage and walked up more than 20 stone steps. He came to the wooden door of the mushroom house and knocked on it. Then, he asked loudly, ""Is anyone home? Is there anyone there?"

Chapter 2239 A warm welcome_The mushroom house.

He Jiong, Huang Lei and the rest were all busy with their own matters.

Huang Lei was in the kitchen, arranging the ingredients provided by the festival Group.

Xia ruofei ordered pork stew with vermicelli, but there was no pork or vermicelli here. However, according to the rules of the show, there was a 100 yuan daily food fee. There was also a public market in little Tang town, but with so many people, 100 yuan a day was not enough to buy too many ingredients, so they had to make careful calculations.

Everyone stopped what they were doing when they heard someone knocking on the door.

He Jiong shouted in an exaggerated tone, "students!" The guests are here! Time to receive guests ..."

“I’ll open the door!”Zhang Xing said quickly.

As this season’s newcomer, although Zhang Xing was a popular young hunk, he had always kept a low profile. Of course, this also had to do with his personality. He was a very gentle person, and even seemed to be a little submissive.

Zhang Xing quickly walked over and opened the wooden door.

Xia ruofei held onto the handle of his luggage with one hand and waved at Zhang Xing with a bright smile on his face.”Hello, Zhang Xing!”

Xia ruofei already knew who the regular guest of the show was. Besides, Zhang Xing was very popular on the internet, so not many people did not know him. Although Xia ruofei did not pay much attention to entertainment news, he could still recognize Zhang Xing.

When Zhang Xing saw Xia ruofei, he was stunned. He pointed at Xia ruofei with his eyes wide open and stuttered,””You ... You ...”

Xia ruofei raised her eyebrows and asked,””You ... You know me?”

Only then did Zhang Xing come back to his senses. He shouted excitedly,””I know her too well! President Xia! You’re my idol!”

Xia ruofei couldn’t help but be stunned. He touched his nose and said humorously,””Zhang Xing, if you say that ... Will your fans kill me?”

Zhang Xing had tens of millions of fans on Weibo.

Zhang Xing scratched his head in embarrassment and said,”No, no... Not only am I your fan, but I’m also a loyal user of your company! It’s just that your jade skin cream is too hard to get ...”

Fine! There was another wave of invisible advertising.

Of course, this was not arranged by the festival team. Zhang Xing had no idea that xiangnan TV had invited Xia ruofei over. What he had just said came from the bottom of his heart.

As a popular artiste, Zhang Xing knew that he could not casually mention the specific brands of the products during the show. However, this was a recorded show after all, and there were still post – editing to be done, so he did not pay much attention to this.

However, Zhang Xing did not expect that not only would his speech not be cut out, but it might even be highlighted in the post – production.

Xia ruofei did not expect Zhang Xing to be so honest. He was stunned for a moment before he laughed and said,””Our company will take care of all the jade skin ointment you use in the future!”

“Really?” Zhang Xing asked excitedly. That would be great! Then there was no need to rush! Thank you, President Xia ... I’ll help you promote your products more in the future!”

To be honest, even if Zhang Xing were to slightly promote the Jade skin cream of paradise Corporation on his Weibo, the advertising fee would be worth a lot of Jade skin cream.

“Then I’ll have to thank you first!” Xia ruofei laughed.

As the two of them were exchanging pleasantries, He Jiong, Huang Lei and Peng Chang also walked over to the source of the voice.

“Little Star! Why was he standing there and chatting? Please invite our guests in!” He Jiong laughed as he walked over and said, “let me see who this mysterious guest with a northeast accent is ... Wow!” 哇哇哇.....我没有看错吧! Oh my God ...”

He Jiong looked extremely surprised and surprised, as if he did not know the guest’s identity in advance.

Otherwise, why would they call him a professional?

“President Xia!” Huang Lei was also surprised. “The production team is amazing! I can’t believe they actually invited you to participate in the recording ...”

He Jiong also chuckled and said, “the director wants to add chicken legs!” This guest is tough!”

Naturally, Peng Chang recognized Xia ruofei. However, as a newcomer, he did not approach her. Instead, he stood at the side and smiled shyly.

Xia ruofei grinned and said, “teacher he!” Huang Laoshi! Peng Peng! How are you ...”

“Hello, President Xia!” He Jiong said enthusiastically, “President Xia actually knows us! I’m really surprised!”

Peng Chang also smiled, showing his white teeth. “Yup! That’s right! I didn’t expect President Xia to know me! I’m really flattered ...”

Huang Lei smiled at Xia ruofei and said, “President Xia, welcome, welcome! Please come in!”

“Yes, yes, yes! Let’s go in and talk!” He Jiong said, “Pengpeng, what are you standing there for? Hurry up and help President Xia with his luggage! You have good eyes!”

“Oh! Oh! Oh!” Peng Chang hurried over to take Xia ruofei’s luggage.

“Thank you!” Xia ruofei said with a smile.

Xia ruofei walked into the courtyard of the mushroom house, surrounded by He Jiong and the rest.

He looked at the building with some curiosity.

This was a small two – story building. There was a very spacious courtyard outside, and there were sheep pens on the side. A long pergola was built on the outermost side of the courtyard. There was a coffee table, a deck chair, and so on inside. It was very enjoyable to look at the scenery here.

The entire building was built in the style of a small farmhouse. Straw capes, bamboo hats, and some farming tools were hung on the outer wall under the eaves. There were two sheep in the sheepfold, bleating.

Chapter 2240 A warm welcome (2)

In addition, there were two dogs running around happily in the yard, and a cute duck was also pacing around in the yard.

The roof of the pergola was made of thatch. Of course, it was waterproof during the construction, so the thatch was more of a decoration. In addition, the bamboo used to build the pergola was verdant and green, giving off an aura of original ecology.

Xia ruofei knew that after the entire season of the show had been recorded, everything in the mushroom house would remain the same. This area would become a special experience area for the club, dedicated to letting guests experience village life. When the time came, the entire building could be rented out for the members of the club who came with their families for a vacation.

Hence, Xia ruofei was also very careful.

He Jiong and the rest invited Xia ruofei into the mushroom house. He looked around. Other than the kitchen and tool room on the left side of the entrance, the rest of the area was basically a Hall that had been connected to the entire building. The kitchen and the living room were separated by a Bogu shelf.

Half of the hall was elevated, and the first and second floors were completely accessible.

There was a comfortable sofa in the living room, a large soft carpet, and a small table on it. The guests could sit on the floor and chat, drink tea, or play some card games.

“President Xia, please take a look around first!” He Jiong said with a chuckle.

“Alright!” Xia ruofei replied.

He walked up the wooden stairs to the second floor and exited from the staircase. The first room was designed with a large shared bed. Zhang Xing, who had been accompanying Xia ruofei, introduced it as the bedroom of the regular guests.

After passing through the shared bedroom, there was a corridor. One side of the corridor was suspended in the air, and one could directly see the living room below. This area was the elevated area of the living room. Xia ruofei even leaned on the railing and waved at He Jiong, who was downstairs.

After passing through this corridor, there were two symmetrical rooms on the left and right. The furnishings inside were also very simple. There were only the most basic furniture, such as a large bed, a wardrobe, and a desk.

“Director Xia, these two rooms are for the flight guests when they come to film the show,” Zhang Xing said with a smile. “There are times when male and female guests will take part in the recording at the same time, so we’ve specially prepared two rooms. But you’re the only guest for the first episode, so you can choose any room you want!”

“What’s the difference between the two rooms?” Xia ruofei asked, chuckling.

Zhang Xing smiled and said, “Pengpeng and I did study this this this morning!” One of the rooms is near the courtyard. If you open the window, you can see the situation in the courtyard, so we call it the ‘courtyard view room’. The opposite room is near the back of the mountain, and when you open the window, you can see lush vegetation, so ...”

“So it’s a ‘Mountain View House’?” Xia ruofei smiled and continued Zhang Xing’s sentence.

“Correct!” “Mr. Xia, which one do you like?” Zhang Xing asked.

Xia ruofei pointed to the ‘courtyard view room’ on the left without thinking and said, “Then we’ll stay in this room!”

This room was not just a room with a view of the courtyard. After all, there was a beautiful lake in front of the small courtyard. Standing by the window, one could completely see the lake and mountains. In fact, this was a room with a view of the lake.

“Alright!” Zhang Xing said, “then I’ll help you bring your luggage in!”

“Thank you for your trouble!” Xia ruofei said with a warm smile.

He followed Zhang Xing into the room and went straight to the window to take a look. He could see the sparkling surface of the lake not far away.

After putting his luggage down, Xia ruofei went to the room opposite and took a look. The view was much worse than the one on the left. After all, there were only some small hills here. The so – called back hill was just a little higher than this one. Looking into the distance, he could faintly see the dusty construction site.

Of course, the cameras were all designed so that they would not capture the busy construction site in the distance.

The bathroom was just a few steps away from the room.

For the convenience of filming, there were also two bathrooms on the left and right, men’s left and women’s right.

In the middle of the room was a large mirror and a long sink, enough for several people to wash up at the same time.

Xia ruofei took a look and realized that the jade skin ointment had been placed in the most eye – catching position.

The cosmetics here were said to be for the guests to use, but in fact, it was a kind of embedded advertising.

If it wasn’t for the fact that the Paradise company only had one product in this area, the Jade skin cream, then they would probably be the only products in this season’s show.

Unfortunately, this wasn’t the case now. After all, paradise corporation’s products were a bit monotonous, so there were other brands of shampoo, shower gel, face wash, and so on on.

The brands that could appear here must have paid advertising fees. For Xia ruofei to be able to insert so many advertisements without spending a single cent, the treatment was incomparable.

After a round of shopping upstairs, Xia ruofei followed Zhang Xing downstairs.

While Xia ruofei was looking around, there were also cameramen who were constantly filming.

In fact, other than the guests, there were also many other staff members in the mushroom house. However, they were all in designated areas and would never appear in front of the camera.

Even when he Jiong and Huang Lei were brewing tea earlier, they looked very relaxed. In fact, there were at least ten to twenty staff members not far away from them. They were drinking tea under the watchful eyes of the public and chatting with natural expressions. If it were any other person, they would have felt uncomfortable all over.

But after all, He Jiong and the rest were all professionals. They came from specialized courses and Xia ruofei could not compare to them in this aspect.

However, Xia ruofei was still very calm and relaxed. He did not look like a newbie who was recording for the first time. He treated the staff outside the camera range as air. He was like how he usually was during the recording.

He Jiong saw Xia ruofei walking down the stairs and immediately came over to greet him, "President Xia, teacher Huang has gone to prepare lunch!"

Xia ruofei smiled and said, "really?" It's been hard on you, teacher Huang!"

Xia ruofei continued, "teacher he, please give me some work too!" Although I'm here as a guest, I can't just sit back and enjoy the fruits of others' labor! I need to find some work!"

He Jiong said happily, "President Xia, guests who take the initiative to find work are the most popular here!" You don't know, but last season, there was a popular talk show artiste named Li. I won't say his name! Leave him some face ... This Li is simply too lazy. Basically, as long as he can lie down, he will never sit. Even if he sat, he would be swaying left and right. And when he was given work, he either couldn't do it or didn't have the strength ..."

When he Jiong said this, he turned to the camera beside him and said, "Li! Look at how hardworking President Xia is! This is the difference!"

He Jiong was actually on good terms with this popular talk show artiste in private. That was why He Jiong joked about his laziness.

In fact, the other party wouldn't mind such a joke between friends at all. And it wasn't an exaggeration to say that if your name was mentioned on the show, then there would be a short interaction through the air, which would also increase the popularity of the other party.

This was a little like the "hackling" in crosstalk, which was also a form of teasing. Only those who had a particularly good relationship with him would be smashed on stage by a crosstalk actor.

Xia ruofei was a little embarrassed by He Jiong's praise. He said, "Teacher he, you're being too serious ... Why don't you tell me what kind of work you're giving me?"

He Jiong laughed and said, "let me think!" Pengpeng is in charge of splitting the firewood, and he's very experienced in this, so we'll leave the firewood to him. We don't have to worry about it ... Little Star has to clean the sheep pen and feed the animals living in the mushroom house, so ..."

He Jiong paused at this point before he continued, "There are two more tasks left. One is to go to town with me to buy vegetables. Didn't you want to eat pork stew with vermicelli? We have to go buy

ingredients! Or go to the greenhouse to water the vegetables and pick some at the same time. President Xia, you can choose one yourself!”
