Chapter 2411 Personally taking action (1)

There were cooperation and conflicts between these big families, but everything had a bottom line and rules.

Directly finding an overseas assassin organization to assassinate a competitor was obviously beyond the scope of the agreed rules.

It was like everyone fighting for food in the same pot. They might use some means to interfere with each other, such as using words to influence each other, or a few people might work together, or even find an opportunity to break the other person's scooping tools, etc. These were all within the scope of the rules.

However, when one of them suddenly broke the rules and killed the person who was snatching food from him, or smashed the pot, no one would tolerate it.

This was the nature of this matter, which was why eccentric song was so angry.

If all the families did this, or if others did the same, wouldn't everyone be in danger?

If this was Liu haojun's personal action, it would be fine. But if it reflected the will of the Liu family, then the matter was serious.

Of course, now that they had solid evidence, whether or not this matter was incited by the main figures of the Liu family, it would not be considered as Liu haojun's personal action.

As an experienced man, elder song naturally knew what to do to maximize the benefits. In fact, he did not think that this was the Liu family's behavior. Even if elder Liu did not have long to live, he would not be so crazy. Moreover, he had already seen the hope of survival and would not do anything to provoke the song family. After all, everyone in the family circle in Beijing knew about the relationship between Xia ruofei and the song family. Elder Liu had no reason to cut off his own path of survival.

However, at this point, the Liu family had no choice but to acknowledge it.

Eccentric song pondered for a moment before saying, "Ruofei, do you have the original data for this evidence?"

Elder song trusted Xia ruofei and believed that the evidence was not forged. However, if he wanted to confront the Liu family face to face, he would need the original evidence.

Xia ruofei thought for a while and nodded. "No problem!"

All the data was stored on the internal website of the mord organization and could be accessed directly through a fixed IP, provided that there was an encryption dog. Xia ruofei had all these in his hands, so it was not a problem to get the original information.

"Very good!" Eccentric song nodded. It's a little late today. I'll arrange for a reliable technical staff to meet you tomorrow and confirm the evidence. How about this ... You stay here tonight! Don't run back and forth!"

“Okay, Grandpa song.” Xia ruofei said. Then, he asked, “Grandpa song, how ... Do you plan to deal with this?”

“The Liu family doesn’t follow the rules, so of course we have to talk it out!” Grandmaster song sneered. But don’t get involved in this matter. I’ll personally meet old Liu and bring my technical staff to show him the evidence on the spot. So, you must hand it over clearly tomorrow. ”

“Understood!” Xia ruofei nodded.

He knew that this was elder song’s way of protecting him. After he reported this matter to elder song, he couldn’t get involved at all. He had to draw a clear line between himself and elder song.

Elder song looked at Xia ruofei and said, “The Liu family’s actions will anger the public. If I release the evidence in my hands, they will be very passive and may even be unable to recover. So ... We’re in control now. Old Liu has to bleed a lot this time ...”

Xia ruofei nodded. “You’re here personally. There won’t be any problems.”

Elder song smiled and looked at Xia ruofei. “You don’t seem to be in high spirits!”

Xia ruofei laughed in embarrassment and said, “That’s not it ... It’s just that I think ... Liu haojun has crossed the line this time. If it were any other person, they would be in jail for a long time even if they didn’t die. But as the young master of the Liu family, I’m afraid that he’ll still be able to let it go easily! When I think about this, I feel a little uncomfortable ... And I feel that Liu haojun has completely lost his mind. A madman like that is actually very dangerous!”

Elder song laughed and said, “ruofei, you’re feeling indignant for Qiming!” Do you also think that I’m a bad old man? I only think about benefits and balance, but I’ve never considered the feelings of Qiming and his family?”

Xia ruofei couldn’t help but smile. He didn’t expect elder song to know how to use internet slang. It seemed that this former high – Level leader was not out of touch with society.

He said, “I really don’t have that!” You’re far – sighted and consider the long – term and the big picture. I believe Secretary song will understand. ”

“You don’t have to pick the best words!” Elder song waved his hand. “Ruofei, you don’t have to worry too much about this. The Liu family probably won’t keep Liu haojun ...”

“Ah?” Xia ruofei could not help but cry out, “you mean ...”

“Based on my understanding of old Liu, he’ll be more decisive in dealing with it,” said elder song with a nod. “Your judgment is correct. Many details have shown that Liu haojun has gone completely crazy. The existence of such a person is not only a great threat to you and me, but also a huge hidden danger to the Liu family. He’s like a time bomb! Moreover, he had used underhanded means to kill Qiming. This matter could not be forgiven no matter what. The Liu family had to make their stance clear that this matter had nothing to do with the Liu family and was entirely Liu haojun’s own behavior. And what is the best way to express this attitude?”

Chapter 2412 Personally taking action (2)

Elder song looked at Xia ruofei with a meaningful look. The answer was obvious.

However, Xia ruofei was still in disbelief. He shook his head and said, "This ... This isn't possible! Even a vicious Tiger will not eat its Cubs ..."

"Liu haojun's father is Liu QUN FENG!" Elder song interrupted Xia ruofei and said, "as long as old Liu is alive, Liu Qunfeng will not be able to make the decisions in the Liu family!"

"I understand! But ... Liu haojun is also old man Liu's grandson!" Xia ruofei said, "you're even closer after a generation!"

Xia ruofei felt that elder song's conclusion was too crazy. It had subverted his three views.

He had thought that the Liu family would reprimand Liu haojun harshly, then send him abroad and never let him return to the country. In the worst case scenario, he could be brought back to his home in the capital and locked up, which was not much different from going to jail.

However, Xia ruofei did not expect elder song to tell him that the Liu family might "put righteousness before family". After all, blood was thicker than water!

"You're talking about the average family. For a big family like the Liu family, family ties are already very indifferent. I know old Liu very well. As long as he can help the Liu family get out of this crisis faster and better with less losses, what's the big deal about losing a grandson?"

Xia ruofei was speechless. Were these people from the big families all so crazy? He subconsciously glanced at eccentric song.

Elder song seemed to be able to read Xia ruofei's mind. He said angrily, "What are you looking at me for? Our song family is different from the Liu family! We have a good family culture, and what I value the most is that the siblings love each other and help each other!"

"I didn't say anything. Please don't get so worked up!" Xia ruofei quickly said.

"Enough!" Elder song snapped. "I'm a little tired, you should go rest too! Get Xiao Lu to arrange a room for you!"

"Okay, Grandpa song!" Xia ruofei said. Then, he suddenly remembered something and quickly said, "Oh right, Grandpa song, I have something else ..."

"Go ahead,"

"If you want to present the evidence tomorrow, you must access the internet directly and use hardware encryption." Xia ruofei said, "I've used that encryption dog before. Do you think ... It's better to get a new one?"

Eccentric song pondered for a moment before nodding. "You're right! We have to avoid any possibility of exposing you, so it's better to get a new one!"

"Then we'll need a new encryption dog and a burning device," Xia ruofei said.

There were also two types of encryption dogs. One was those that could not be modified by fixed programs. This type was generally not very safe. After all, the possibility of universal encryption

programs being cracked was very high. The other kind of encryption dog was empty. After buying it, one would need to burn the encryption program that they had written. The security performance of this kind of encryption dog naturally depended on the program that was burned. However, in any case, it was definitely safer than the first kind.

What Manzila used was the second type of encryption dog, and the encryption program was saved on the computer on the island.

"If you have any needs, let Xiao Lu know. He'll coordinate it for you immediately!" Elder song said.

"Alright!" Xia ruofei said, "Grandpa song, you should rest early. I won't disturb you any longer!"

"Mm, go!" Elder song said.

After Xia ruofei left elder song's study, he quickly found manager Lu in the room next door.

Xia ruofei told manager Lu that he would be staying the night and told him what he needed.

Manager Lu agreed without a second word. Then, he asked a staff member to arrange a place for Xia ruofei to stay while he went to find Xia ruofei an encryption dog and a burning device.

At this hour, those electronic cities would definitely be closed. It was not easy for an average person to buy an empty encryption dog, not to mention a ready – made burning device.

However, it was a piece of cake for manager Lu.

Xia ruofei waited in the guest room for about half an hour before manager Lu came over with the things.

Xia ruofei and elder song did not take the initiative to say anything, so manager Lu did not ask further. He left after putting down the things.

Before he left, he even told Xia ruofei to look for him if she had any needs.

Xia ruofei smiled and expressed his gratitude. He personally sent manager Lu to the door of the guest room, then locked the door and walked back to the room.

Out of habit, he used his mental power to check the whole room, and then took out two laptops and encryption dogs that he had seized from Manzila.

The encryption dog looked like a USB drive, but it had a chip inside and generally did not come with a storage function.

The two of them only looked similar, but they were actually two completely different things.

The encryption dog in his hand was what Manzila usually used, and it was originally from South Africa. Under normal circumstances, this encryption dog would not be used in China. If he really took it out, he might expose some of the situation.

This was the reason why Xia ruofei had specifically brought up the encryption dog.

He quickly connected the burning device to the computer on the island, found the encryption program stored in the computer, and burned the program into the chip of the encryption dog.

Then, Xia ruofei turned on the computer that was connected to the internet. He inserted the encryption dog into the computer and tried to access the internal website of the modr organization. After testing that everything was normal, he heaved a sigh of relief.

Xia ruofei kept the two laptops and the encryption dog in his storage space.

Xia ruofei would never take out these things when there were outsiders around.

After he packed his things, he went to the bathroom to wash up and went to bed.

It was not convenient for Xia ruofei to enter the medium as he was staying at the song family's place.

As for the 200 or so people locked up in the space cage, he would just let them stay up for another night. He hoped that no one would go crazy.

In any case, the second time they were caught in the realm, other than the mercenary group, it would be the assassins from the dark shadow Squad. These people were harder to tame than the rookies in the training camp, so it was necessary to let them wait for a day or two.

It was a quiet night.

The next morning, while Xia ruofei was having breakfast with elder song, manager Lu came in with a Lieutenant Colonel in a neat military uniform.

Xia ruofei glanced at the officer's collar and knew that he was probably a technician that elder song had called over. There was a difference between the collar of a commander and a Technical Officer. People who knew the ropes could tell at a glance.

"Chief, Xiao Liao is here," said manager Lu.

The Lieutenant Colonel quickly saluted elder song and said in a clear voice, ""Chief! Liao Jun reporting for duty!"

Eccentric song nodded with a smile, "Little Liao, you haven't eaten either, have you? Do you want to eat together?"

"Reporting to the chief," Liao Jun replied. "I already had breakfast before I came out. I'm ready to work at any time!"

"En!" Elder song nodded and looked at Xia ruofei.

Xia ruofei finished the milk in his glass and said, ""Chief, I'm full too. Let's start working!"

"Alright!" Eccentric song nodded. Xiao Liao, you follow RUO Fei! He'll demonstrate it to you. If there's anything you don't understand, don't be afraid of trouble, you must ask clearly!"

"Yes! Chief!" Liao Jun said.

Elder song then turned to Xia ruofei. "Ruofei, little Liao is a senior engineer at the garrison district's automation station. His major is computer and network. Show little Liao what you showed me yesterday in detail. Don't hold back!"

Chapter 2413 All together (1)

Xia ruofei immediately knew that Lieutenant Colonel Liao Jun was someone elder song trusted. Otherwise, he would not have said that.

Moreover, a Lieutenant Colonel in the field of technical skills, even if he was a senior engineer, would not be able to enter elder song's sight under normal circumstances. It was even more impossible for elder song to be so clear about his position.

Hence, Xia ruofei immediately nodded and said, ""Understood!"

"Engineer Liao, please follow me!" Xia ruofei said to Liao Jun.

Liao Jun nodded at Xia ruofei politely and said, ""I'll have to trouble you. "

A person who could eat at the same table as elder song was definitely not simple. Liao Jun naturally would not neglect Xia ruofei just because he was young.

Xia ruofei brought Liao Jun to the guest room where he had rested last night. As he turned on the computer in the room, he said, ""Engineer Liao, we're going to visit an overseas IP address. Please note it down."

"Alright!" Liao Jun said, and then immediately took out a pen and a small notebook that he always carried with him.

All technical experts had this habit. Many of them would carry a pen and notebook with them so that they could record information at any time.

Xia ruofei gave Liao Jun the IP address of the Morde organization's internal website and then worked on the desktop computer to figure out the address to access overseas. There were some procedures to be done first. Xia ruofei's method was simple. He bought a temporary VPN last night and successfully opened the internal website of the modr organization.

Of course, this was only a login interface, and no information could be seen.

Xia ruofei took out the encryption dog that he had burned last night and said to Liao Jun, ""This is a copy of the Ukey that we made after cracking it. You have to use the UKEY to log into the website. Remember to bring it with you later!"

"Alright!" Liao Jun said with a smile.

These were all basic operations. As a Senior Network Engineer, Liao Jun naturally did not need Xia ruofei to explain too much.

Xia ruofei inserted the encryption dog into the USB port of the computer. After entering the password, he started to enter the Manzila account password in the login box. At the same time, he also gave the password for the encryption dog and the account password for the modr organization's internal website to Liao Jun.

Liao Jun quickly recorded it down.

Xia ruofei had already opened the internal website of the modr organization. He combined the screenshots he showed elder song last night and showed them to Liao Jun. He demonstrated everything, including the specific address of the computer that was used based on the fixed IP.

Liao Jun's professional abilities had always been very strong. He was a somewhat famous Network Security Expert in the garrison District. As for the things that Xia ruofei demonstrated, he basically had an idea of what was going on after just one look.

Liao Jun was also a talent valued by the song family. He more or less knew about the internal affairs of the family, so when he saw the information, he knew what it meant. Before he came, manager Lu didn't disclose anything, but he emphasized that it must be kept absolutely confidential.

At this moment, a huge wave was set off in Liao Jun's heart.

This was the rhythm of breaking the heavens!

However, he was also a soldier. Even if he was a professional technical Officer, he was still well – trained. He did not lose his composure and quickly recorded all the information that Xia ruofei had provided.

In the end, Liao Jun even did it himself. He had to admit that his skills were very good. In the end, when he located the address through the IP, he was much more skilled than Xia ruofei.

After Xia ruofei finished watching, he smiled and said, ""No problem, engineer Liao. I'll leave it to you then. Also ... Please keep it a secret."

"Don't worry about that!" Said Liao Jun with a straight face. I'll keep my mouth shut!"

"Thank you!" Xia ruofei said.

The two of them left the room. Elder song was waiting in the hall. When he saw Liao Jun and Xia ruofei, he asked, ""There are no more problems?"

Liao Jun straightened his back and replied, ""Please rest assured, chief! I've already mastered it!"

"That's good. Hurry up and change into your casual clothes. We'll set off now!" Elder song said.

"Yes!" Liao Jun replied.

The staff brought Liao Jun to change his clothes while Master Song chatted with Xia ruofei in the hall.

When Liao Jun came out, elder song smiled at Xia ruofei and said, ""RUO Fei, leave the follow – up to me! You can go back now ... Oh right, don't tell Qiming about this yet. He's still recovering!"

"Understood!" Xia ruofei replied without hesitation.

Just as elder song and Liao Jun were about to leave, Xia ruofei's phone rang.

He took it out and looked at the caller ID, and his expression became a little strange.

Elder song turned to look at Xia ruofei and asked, ""RUO Fei, what's wrong?"

Xia ruofei waved his phone and said, ""It's commander Liu Qunfeng,"

Elder song couldn't help but laugh and tease, "Could the Liu family be good at fortune – telling? Ruofei, answer the phone first! Let's see what they have to say! I'm guessing it has something to do with Liu haojun ..."

According to elder song's judgment, the Liu family probably had no idea that Liu haojun, who was thousands of miles away in the Shaanbei province, was about to pierce through the sky. Therefore, Liu Qunfeng must have called for something else.

Xia ruofei nodded and answered the call. "Hello, chief Liu!"

"Mr. Xia!" "I hope I didn't disturb your rest," Liu Qunfeng said.

Chapter 2414 All together (2)

Xia ruofei smiled and said, "I've been up for a long time." Chief Liu, is there anything I can help you with?"

"Oh, it's like this ..." Liu Qunfeng said. "Mr. Xia, I don't know if you are free today, but we would like to ask you to come over and help my father with a follow – up examination."

It had been a few days since Xia ruofei's last consultation with old master Liu. During this time, Xia ruofei had been to Africa. Although elder Liu's condition had been stable for the past few days and the tumor had basically been suppressed without getting any bigger, he was still in good spirits. However, they were still a little worried and wanted to ask Xia ruofei for a follow – up every few days. Even if it was just a checkup, it would be good.

Xia ruofei looked at elder song and Liao Jun and asked, "Chief Liu, is elder Liu's condition acting up?"

"No, I didn't!" Liu Qunfeng said, "it's just that as his children, we're a little worried about our father's condition. It's been a few days since the last consultation, right? I was just thinking that if Mr. Xia could spare some time, please come over and take a look ... If you don't have time, then we can meet another day. "

"It doesn't matter. I'll come over today!" Xia ruofei said. He thought for a while and added, "I still have something to do. I'll come back later in the morning!"

"Alright! Alright!" "Thank you, Mr. Xia!" Liu Qunfeng said, overjoyed.

"Chief Liu, you're too kind." Xia ruofei said indifferently.

After hanging up, Xia ruofei smiled at elder song. "The Liu family invited me over for a follow – up. I agreed, but I told them that I would be a little late."

Elder song couldn't help but smile. He pointed at Xia ruofei and said, "You! Did he have to see for himself what old Liu's expression would be like later? You've got some bad taste, kid ..."

Xia ruofei laughed drily and said, "What are you saying! Am I that kind of person? A doctor has the heart of a parent. The patient's family has asked me so sincerely, how can I bear to refuse?"

Eccentric song couldn't help but laugh. "Alright! You can go if you want, we'll go first, you can go later!"

“Alright!” Xia ruofei said, “I’m going to get ready for a follow – up visit too! He had to make preparations in advance! Although I don’t know if I’ll be able to use it when the time comes ...”

Liao Jun, who was listening at the side, was confused. So this young man was also a doctor, and he even treated the chief of the Liu family? Why is the relationship here so messy!

Elder song interrupted Liao Jun’s wild thoughts and said, “Xiao Liao, let’s go!”

“Oh ... Yes! Chief!” Liao Jun quickly replied.

Manager lü accompanied elder song to the Liu family’s residence. Xia ruofei did not stay at the song family’s old residence. He drove the Land Rover that he had driven over yesterday and left the old residence with elder song’s sedan with the red flag.

However, elder song and the others went directly to the courtyard where elder Liu lived, while Xia ruofei went back to the courtyard in liuhai Lane. After waiting for about half an hour, he asked Wu Qiang to be his driver and took the Toyota Elfa to the Liu family’s courtyard.

When Xia ruofei arrived, he saw that the bulletproof red – flag car that elder song was in was still parked in the courtyard. As for the license plate number of elder song’s car, Xia ruofei, who had been in this car many times, naturally knew it very well.

“They chatted for quite a long time ...” Xia ruofei muttered in his heart.

Liu Qunfeng did not show up either. The one who welcomed Xia ruofei was a Butler of the Liu family named Liu Kuan.

He was also an elder of the Liu family and had been serving old man Liu for half his life. This time, in order to treat his illness, Grandpa Liu had moved to live in the courtyard, so Liu Kuan had come with him.

The electric car door of the Toyota Elfa opened slowly, and Xia ruofei stepped out.

Liu Kuan stepped forward, slightly bowed, and said, “Good day, Mr. Xia!”

“I’m here for elder Liu’s follow – up,” Xia ruofei nodded.

“Yes, eldest young master has already instructed.” Liu Kuan said, “but ... The young master and master are receiving an important guest. The young master asked me to ask you to wait for a while if you arrived ... I’m really sorry, Mr. Xia, this guest came at the last minute, and we didn’t know about it in advance, so we arranged ...”

Xia ruofei was well aware of this. He smiled and waved his hand. “It’s okay, I’ll go over after elder Liu is done with his work. ”

Liu Kuan was secretly relieved and quickly said, “Mr. Xia, this way please! You can have some tea and rest in the reception room first. I’ll immediately go and invite you after the old master has received the guests. ”

As Grandpa Liu’s trusted Butler, Liu Kuan knew the importance of this young man. In a sense, whether the Liu family could continue its past glory depended on this young man to a large extent.

Xia ruofei did not seem to be on good terms with the Liu family. She felt that he had a bad temper from their previous interactions. Liu Kuan was worried that Xia ruofei would leave immediately. He didn't expect Xia ruofei to be so easy to talk to today, and his attitude was so pleasant.

"Alright, thank you for your hard work!" Xia ruofei smiled and nodded.

Wu Qiang stayed in the car to wait for Xia ruofei, while Xia ruofei followed Liu Kuan to the guest room.

As soon as he entered, Xia ruofei saw manager Lu and Liao Jun sitting inside.

Obviously, the segment of presenting the evidence had ended. Now, it was probably elder song and the Liu father and son who were chatting.

"Manager Lu, you're here too?" Xia ruofei said, pretending to be surprised.

Everyone in the capital knew about Xia ruofei's close relationship with the song family, so he could not pretend not to know manager Lu. Otherwise, it would be more obvious.

"Yeah!" Manager Lu smiled and nodded. I accompanied the chief over. "

Then, Xia ruofei smiled and nodded at Liao Jun, who was standing beside manager Lu. They did not talk to each other. It was as if they were strangers who greeted each other with a polite smile.

After Liu Kuan served Xia ruofei a cup of tea, he bowed slightly and left.

Xia ruofei and manager Lu chatted casually. Of course, they would not mention what had happened last night. In fact, manager Lu did not know much about the whole thing.

Liao Jun, who was sitting at the side, had even less of a presence. He did not say a word and sat straight on the sofa like a statue.

After another 40 minutes, elder song walked out of elder Liu's room.

Xia ruofei and the others heard the noise and walked out of the guest room.

Xia ruofei saw Liu Qunfeng walking elder song out. The two of them were talking as they walked.

Liu Qunfeng's face was pale, and he looked like he had aged a few years.

Elder song saw Xia ruofei and asked, ""RUO Fei, why are you here?"

Xia ruofei couldn't help but Mutter in his heart, ""Grandpa song is also a drama queen!"

"I'm here to do a follow – up examination for elder Liu. " Xia ruofei replied respectfully.

"Oh! It's time to take a good look. " Elder song said indifferently, "help old Liu recuperate! He doesn't look too good today!"

"Yes!" Xia ruofei promised.

"Xiao Lu, Xiao Liao, let's go!" Elder song continued.

After saying that, elder song walked out. Manager Lu and Jun Liao quickly followed.

Xia ruofei followed Liu Qunfeng and sent elder song to the yard.

“Uncle song, take care!” Liu Qunfeng said, lowering his head.

Elder song nodded lightly, but there was still anger in his eyes. He didn’t say anything to Liu Qunfeng and got into the red flag car.

Manager Lu and Jun Liao also quickly got into the car.

Xia ruofei and Liu Qunfeng stood in the courtyard, watching elder song’s Red – flag sedan drive away.

Xia ruofei clearly heard Liu Qunfeng sigh heavily.

“Chief Liu ...” Xia ruofei called out from the side.

Only then did Liu Qunfeng come back to his senses. He smiled bitterly and said, “Mr. Xia, I’m sorry! I’ve neglected you today ...”

Chapter 2415 The pain on the skin (1)

Xia ruofei said indifferently, “chief Liu, you’re being too serious. I’ve received the consultation fee. Naturally, I’m obligated to treat elder Liu.” But I have my own treatment plan, so I hope you won’t mess up my treatment plan next time. ”

Xia ruofei’s meaning was that he would come when it was time for a follow – up visit and not for them to call him on their own accord.

Liu Qunfeng couldn’t help but feel a little angry, but he was in a mess because of Liu haojun and didn’t have the time to be angry with Xia ruofei.

Moreover, he did not dare to offend Xia ruofei now, because the life and death of the White jade pillar of the Liu family, old master Liu, was in Xia ruofei’s hands!

So, Liu Qunfeng just nodded silently, gestured to Xia ruofei, and then led the way.

The two of them soon arrived at elder Liu’s room.

When Xia ruofei entered the room, he saw that old master Liu’s face was ashen and his spirit was quite dispirited. There was a frown between his brows that could not be resolved.

Xia ruofei knew very well that old man Liu’s condition was not due to illness. They must have paid a huge price for Liu haojun’s matter.

When old master Liu saw Xia ruofei, he forced a smile and greeted him. “Mr. Xia is here! You’ve worked hard ...”

Xia ruofei nodded with a smile and walked over to old master Liu.

“Elder Liu, you don’t look well. Did you not rest well these past two days? Or did you not take your medicine on time?” Xia ruofei furrowed his brows and said, “by right, after using the pills I provided, your condition shouldn’t be like this.”

Old man Liu revealed a bitter smile and waved his hand. “It has nothing to do with Mr. Xia’s medical skills. It’s me who has some things to do ... Sigh! I don’t need to say it! Mr. Xia, since you’re here, I’ll have to trouble you to examine me ...”

Xia ruofei didn't say anything. He nodded and walked to the bed. He reached out and placed his hand on elder Liu's pulse. He closed his eyes slightly and released his spiritual power to sense the situation in elder Liu's body.

In fact, every time Xia ruofei came for a follow – up, the only thing he needed to pay attention to was whether elder Liu's recovery speed was too fast.

After all, he had given the Liu family all the pills for a course of treatment at once. Although the possibility of the Liu family disobeying the doctor's order and increasing the dosage was extremely low, it could not be ruled out.

If old man Liu increased the dosage of the medicine, his recovery speed would be faster than normal.

Of course, even if this situation happened, Xia ruofei could also deal with the fact that Wanwan was providing the Liu family with one pill a day. If old man Liu took more, it would mean that he would have no medicine for a period of time.

Xia ruofei would wait until the pills he provided were all consumed at the rate of one pill a day before he continued to provide more.

If the Liu family had told him the truth, Xia ruofei could have used the excuse of them not following the doctor's advice and left without further treatment.

If the Liu family could come up with some excuse, such as accidentally destroying the pill, Xia ruofei could expose them by examining elder Liu's body. He could also say righteously that elder Liu had overdosed on the medicine because he did not follow the doctor's advice. The medicine had accumulated in his body and he was powerless to save him.

Even if he were to continue treating elder Liu, Xia ruofei could still delay his recovery.

In short, everything would be under his control.

After the examination, Xia ruofei found that elder Liu's recovery was in line with his plan. It was clear that the Liu family did not dare to make any changes to the medicine that elder Liu had taken.

Xia ruofei opened his eyes and said, "You're recovering well, but your mental state is very bad. Such a state is not good for the absorption of the medicinal properties. Right now, treatment should be your first priority. Don't let anything else interfere with your recovery."

Old man Liu glanced at Liu Qunfeng, then said to Xia ruofei, "Thank you for your advice, Mr. Xia. I'll be careful ..."

Xia ruofei nodded and said, "The pills from last time should be enough for you to take for a while," Wang Yao said. "I won't provide them to you this time. After all, keeping them for too long will cause the medicinal effect to be lost."

"Okay, I'll follow Mr. Xia's arrangements." Old man Liu smiled and nodded.

At this time, Liu Qunfeng said, "Mr. Xia, could you please perform acupuncture on my father ..."

"No need!" Before Xia ruofei could speak, elder Liu interrupted Liu Qunfeng, "Qunfeng, how many times have I told you? Mr. Xia should know how to treat him, so we laymen shouldn't affect the professionals!"

Xia ruofei looked back at Liu Qunfeng with a meaningful look, then smiled and said, "Elder Liu's current condition is indeed not suitable for acupuncture. Your mental state is too poor."

"Mr. Xia, don't care what Liu Qunfeng says. You can decide how to treat him!" Old master Liu looked at Liu Qunfeng sternly and then said to Xia ruofei in a friendly manner.

"Alright," he said. Xia ruofei nodded and said, "elder Liu, if there's nothing else, I'll take my leave." You should rest well. "

"Thank you! Thank you!" Old man Liu said with a smile, then he shouted, "Liu Kuan! Help me send Mr. Xia off!"

Chapter 2416 The pain on the skin (2)

"Yes, master!" Liu Kuan, who had been waiting at the door, walked in and said to Xia ruofei respectfully, "Mr. Xia, this way please!"

"Dad!" Liu Qunfeng quickly said. I'll do it!"

"You stay!" "I have something to say to you!" Old man Liu said indifferently.

Xia ruofei glanced at Liu Qunfeng, then nodded at elder Liu and left the room with Liu Kuan.

Although Xia ruofei had left, his mental strength was still in the direction of old master Liu's room, monitoring every move of the Liu father and son.

Even if Liu Qunfeng didn't invite him for a follow – up, he would have gone to the Liu family's courtyard and used his mental power to investigate. He wanted to at least know how the Liu family was going to deal with Liu haojun.

Judging from old master Liu's current attitude, Liu haojun's fate was most likely grim.

In the room, elder Liu looked at Liu Qunfeng sternly and asked, "Qunfeng, do you really want to tip off your son so badly?"

Liu Qunfeng had sent elder song out and immediately welcomed Xia ruofei in. They had not been alone for the entire time.

When Xia ruofei was checking on old master Liu, old master Liu did not let Liu Qunfeng leave.

However, the last two times, Liu Qunfeng was trying to find a chance to leave the room.

The first time was when he suddenly suggested that Xia ruofei perform acupuncture on old master Liu. According to Xia ruofei's rules, no one was allowed to watch when he was officially treating old master Liu. This way, Liu Qunfeng could leave in a justified manner.

The other time, he offered to send Xia ruofei out. He had the same purpose.

Old man Liu was so happy that he was able to see through Liu Qunfeng's little plan. At the same time, he ruthlessly destroyed Liu Qunfeng's little plan.

Liu Qunfeng didn't dare to look at elder Liu. He looked down at his feet and said, "Dad, I didn't want to disclose anything ..."

"Hmph! You know best in your heart whether you've thought about it or not!" Old master Liu snorted coldly and said, "didn't you hear what Mr. Xia said just now? In my current state, I can't even accept acupuncture. If I continue in this state, the treatment will be greatly affected! The peaks! You guys are really filial! You're afraid that I'll recover too quickly? You're always looking for something to give me trouble, right? I don't think I'll be killed by the cancer cells. Instead, I'll be angered to death by you unfilial descendants!"

Liu Qunfeng's heart skipped a beat, especially when old man Liu's sharp gaze fell on him. He felt like he was being stared at by an ancient beast, and he felt uncomfortable.

"Dad!" Liu Qunfeng explained. I really didn't know about this ..."

"So, haojun made his own decision?" Old man Liu said coldly.

"Dad!" Liu Qunfeng quickly said. This might not be the case! Maybe someone was trying to frame him! Haojun and song Qiming have no grudges, how could he ..."

"No grudges? I don't think so?" "Song Qiming is the leader of the southeast province and Sanshan city. Liu haojun suffered a crushing defeat in the southeast province and came back with his tail between his legs. Doesn't Liu haojun hate song Qiming at all?"

"Even if he had an opinion, he shouldn't be so crazy as to assassinate song Qiming!" Liu Qunfeng retorted helplessly, "if we're talking about hatred, he should hate Xia ruofei the most. Why would he spend so much money on song Qiming?" This doesn't make any sense!"

"Are you trying to say that the song family is trying to frame you?" Old man Liu asked coldly.

"That's possible!" Liu Qunfeng said. Maybe the song family couldn't find the murderer, so they deliberately concocted these things to extort us ..."

"Enough! Do you think I'm an idiot?" Old master Liu slapped the bed and said sternly, "you don't have to say anything. You can stay here for the next two days and don't go to the office for the time being!"

It was obvious that elder Liu wanted to put Liu Qunfeng under house arrest, and the biggest purpose was to prevent Liu Qunfeng from disclosing any information.

Liu Qunfeng's face changed slightly, and he said, "Dad! Haojun is your grandson! How could you be so cruel ..."

"What nonsense are you talking about?" Elder Liu glared at Liu Qunfeng and said, "alright, calm down first!"

Then, old man Liu raised his voice and said, "Liu Yong! Liu Chuang!"

"Chief!" Two burly men appeared at the door.

Liu Qunfeng's expression changed when he saw the two of them. He knew that his father was serious this time.

"Take Qunfeng to rest!" Old man Liu said indifferently. You have to take good care of his life. "

"Yes! Chief!" The two of them replied in unison.

"QUN FENG, hand over your communication device!" Old man Liu said,"I hope you won't make the same mistake again ..."

Liu Qunfeng took out his two phones and put them on the bedside table. Then, he followed the two men out of elder Liu's room like a zombie.

Liu Qunfeng knew very well that there was no way he could hide his communication device in front of Liu Yong and Liu Chuang. Instead of being found by the two, he might as well hand it over himself, or it would be more embarrassing.

Old man Liu had mobilized the most elite force in the family to watch over him, which showed how determined he was.

Haojun, it's up to you whether you can get through this ... Liu Qunfeng said in his heart, I really can't help you anymore ...

Xia ruofei walked to the courtyard and prepared to get into the car. He had been monitoring elder Liu's room with his mental power all the way down the stairs, so he knew exactly what had happened.

"What an exciting show!" Xia ruofei muttered to himself.

Liu Kuan walked Xia ruofei to the car. When Xia ruofei got into the car, the electric door of Elfa slowly closed, and Liu Kuan still stood by the car.

The Toyota Elfa started the car slowly. Liu Kuan also bowed slightly to greet Xia ruofei.

After the car left the Liu family's courtyard, they drove for about a hundred meters. When the car made a turn, Xia ruofei suddenly said,""Wu Qiang, stop by the side."

"Boss, this seems to be a no – parking area ..." Wu Qiang could not help but remind him.

"It's okay. Just pull over to the side. I'll pay the fine." Xia ruofei said straightforwardly.

"Understood!" Wu Qiang no longer hesitated. He slowly pulled the car to the side and turned on the double flashing lights.

Xia ruofei leaned on the soft space capsule chair with his eyes closed as if he was half – awake, but in fact, his spiritual power was locked on to elder Liu's room.

From now on, he had to keep an eye on the Liu family. At least, he had to know how the Liu family would deal with Liu haojun.

If Liu haojun was really lifted up high and then put down lightly, Xia ruofei would not hold back. He would use his own methods to take Liu haojun's life.

In the room.

Old man Liu watched Liu Qunfeng being taken away by Liu Yong and Liu Chuang with a blank expression. Then, he sat on the bed silently and didn't move for a long time.

This time, he really felt the pain.

In just an hour, the losses of the Liu family could be said to be extremely painful, while the song family naturally made a lot of money.

Because of Liu haojun's matter, the Liu family had fallen into a completely passive situation. Elder song had personally come to question them, which put a lot of pressure on elder Liu. After an intense confrontation, the Liu family had given up a lot of benefits, and elder Liu had personally promised that he would severely punish Liu haojun and give the song family a satisfactory explanation.

When he thought of the huge amount of benefits he had given away today, his heart felt like it was bleeding. He couldn't help but curse again, "Bastard! He's an absolute bastard!"

No one knew if he was referring to Liu haojun or the greedy old song.

After a moment of silence, old man Liu picked up the phone on the bedside table and dialed a number. He said indifferently, "Come to my place immediately!"

Chapter 2417 Witness it with your own eyes the first Prince!

Xia ruofei sat in the car without saying a word. Wu Qiang did not ask much and just sat quietly in the driver's seat.

With Xia ruofei's spiritual power, he could see everything in the Liu family courtyard.

He could "see" Liu Qunfeng walking around like a trapped beast under the watch of Liu Yong and Liu Chuang. There were a few times when he wanted to rush out, but he was stopped by Liu Yong and Liu Chuang.

Liu Qunfeng's face was full of fear. He could already feel his father's killing intent. If he couldn't do anything, then Liu haojun would really be doomed.

As a father, how could Liu Qunfeng take such a blow?

From this, it could be seen that old master Liu was truly a formidable figure. Compared to the interests of the family, or to be more precise, the survival of the family, the affection of ordinary people was nothing in his eyes.

Xia ruofei's spiritual power also detected that old man Liu was slowly getting out of bed. He walked unsteadily to the window and looked into the distance.

He continued to probe with his spiritual power without making a sound.

In the Liu family's courtyard.

About twenty minutes after Liu Qunfeng was taken away by Liu Yong and Liu Chuang, a black Audi drove into the courtyard. A middle-aged man in a beige Tang suit hurried into the building.

Throughout the entire process, Xia ruofei patiently sat in the car and kept a close watch on her with his spiritual power.

The middle – aged man in the Tang suit quickly arrived at elder Liu's room.

Liu Kuan knocked on the door and walked in, then said softly, ""Master, Liu Feng has arrived."

Old man Liu slowly turned around and said, ""Let him in!"

"Yes!"

After Liu Kuan finished speaking, he stepped aside and made a gesture of invitation.

The middle – aged man in the Tang suit strode in and stopped a few meters away from old master Liu. He bowed respectfully to old master Liu and said, ""Third great uncle, you were looking for me?"

"Oh," old man Liu said and slowly walked to the bed. Liu Feng quickly stepped forward and helped old man Liu to sit down by the bed. He covered him with the quilt and then stood aside respectfully with his hands down.

Old man Liu said in a low voice, ""Xiao Feng, go to xiabei province and help me kill someone ..."

Liu Feng nodded without thinking, ""Yes! Third great uncle, who is the target?"

"Liu haojun," Old man Liu said expressionlessly.

Liu Feng couldn't help but tremble with a look of disbelief on his face. He couldn't help but take a step back and then cried out, "Third great uncle! You ..."

The muscles on old man Liu's face twitched a few times before he said, ""You didn't hear wrong, and I'm not crazy ... Your mission target this time is my grandson, Liu haojun. Do you understand?"

"I heard you clearly!" Liu Feng subconsciously replied, then immediately waved his hand and said, "no, no, no... Third great uncle, what did haojun do wrong? You can teach him a good lesson! But ... But ... But there's no need to ... Kill him!"

This was simply too shocking. Even now, Liu Feng could not believe that those words had really come out of old man Liu's mouth.

Elder Liu didn't answer Liu Feng's question. He looked out of the window and the scene of the negotiation with elder song appeared in his mind.

In fact, there were only Master Song and master Liu in the room. Liu Qunfeng had only seen the evidence that Master Song had asked Liao Jun to show, and then master Liu had asked him to wait at the door.

Of course, someone had been watching over Liu Qunfeng since then.

The negotiation between the two of them was still fresh in old man Liu's mind.

After seeing the evidence, old man Liu was a little flustered. At the same time, he realized that this was the biggest crisis for the Liu family.

Old Liu didn't haggle over the conditions that elder song had proposed. He quickly agreed to them.

"Old Liu, there's one last condition. Liu haojun can't be kept ..." Elder song said.

"You're talking nonsense!" Old master Liu was furious. "Old song, don't push your luck!"

Elder song looked at elder Liu calmly and said, "You know it very well. You don't have to look angry. That can't hide your inner thoughts at all."

Old man Liu snorted and said, "This condition is too much. I can't agree to it! He's the eldest grandson of my Liu family!"

"Song Qiming is my most valued junior!" Elder song raised his voice. "What? Liu haojun's status was higher than song Qiming? Qiming can die, but Liu haojun can't?"

"Isn't song Qiming fine?" Old man Liu said vaguely.

"Hahaha! You call that fine?" Elder song laughed coldly. "If it wasn't for RUO Fei, Qiming would have been dead by now! Moreover, he was severely injured. Whether he could recover and how long he would need to recover, everything was unknown! They should pay the price for doing such an appalling thing! Or ... Is this the Liu family's will, and Liu haojun is just a chess piece that you pushed out?"

"Don't you slander me!" Old master Liu quickly said, "you know very well what the truth is! Why drag our entire family into this? Old song, haojun has indeed made a huge mistake this time. He can not be forgiven! But ... Couldn't he just let him live? We can immediately send him overseas! She would never let him return to the country! And by limiting his account, he will never do such a thing again!"

Chapter 2418 Witness with your own eyes_ "Do you even believe your own words?" Eccentric song smiled faintly and said, "you can restrict him for a while, but can you restrict him for a lifetime? Besides, even if we don't talk about the song family, isn't Liu haojun's existence also a thorn in your side? This guy had already gone crazy! He was a time bomb! Who knows when your Liu family might be blown to pieces ..."

Elder song glanced at old man Liu coldly and said, "That's all I have to say. As for what to do, it's up to you, old Liu ..."

With that, elder song stood up and left the room.

At this moment, elder Liu recalled the conversation between the two of them, especially elder song's last words. It was like a thunderclap that rang out, making elder Liu's determination grow stronger.

Liu haojun had almost made a big mess of things this time. It was also obvious that he had lost his mind completely. He was in a state of madness. Even if he was sent abroad, it would not make people feel at ease.

Even if the Liu family restricted Liu haojun's bank account and didn't let him have too much money, it didn't solve the root of the problem. As long as the madness in Liu haojun's heart didn't disappear, he would think of ways to get money and then put his crazy ideas into practice.

Moreover, the Liu family was a big tree that attracted the wind. Even if the Liu family was very United internally, and everything was done to protect Liu haojun's life, it was impossible for them to withstand

other people's ideas. Especially when they were abroad, as long as someone paid Liu haojun a small sum of money, song Qiming could be attacked again. The target might even be song Zhengping and Master song's son.

In this way, the song family and the Liu family might completely enter into an endless struggle to the death, and naturally, someone would be able to sit back and reap the benefits.

Old man Liu sighed in his heart, "old song was right, haojun ... Has really become a time bomb ..."

On one hand, it was for his own grandson, and on the other, it was for the benefit of the entire family.

Old man Liu had already weighed the pros and cons. He was just thinking back to elder song's words to make his decision more firm.

He raised his head and looked at Liu Feng, "Xiao Feng, there are many things that you don't understand. Of course, you don't need to understand. Among your group, you are the one I trust the most and feel the most at ease! That's why I'm giving you this mission. It's a difficult decision to make, but I've already made up my mind. You don't have to ask so much, and you don't have to persuade me. Just do your job well ... And that's all!"

"Understood!" Liu Feng gritted his teeth and said. Third great uncle ... Of course I will carry out your orders!"

"That's good ..." Old man Liu said. "You should hurry up and fly over. I've already sent people to guard the peaks, but it's hard to avoid a long delay. The result will be the same sooner or later. It's better to end it quickly!"

"Yes!" Liu Feng said, "third great – uncle, I'll book the earliest flight. We'll leave immediately!"

"Go!" Old man Liu said, "by the way ... Don't bring the ashes back. Just bury them in Shanbei!"

Liu Feng's body couldn't help but tremble. After a moment of silence, he slightly nodded and said, "Alright. Third great uncle, I'll take my leave ..."

.....

In the Toyota Elfa, Xia ruofei finally said, "Wu Qiang, let's drive! Let's go back ..."

Wu Qiang did not know why Xia ruofei had suddenly asked him to stop the car and rest for more than half an hour. Now that Xia ruofei had said that they would set off again, he did not ask much. He nodded, started the car, and continued to drive towards the courtyard house in liuhai Lane.

The car drove steadily. Xia ruofei pondered for a moment and took out his phone to check the ticket information.

The next flight to Chang 'an city in Shabei province would be in two hours.

Without much hesitation, he logged into a new account and bought a ticket for this flight.

Then, Xia ruofei looked up and said, "Wuqiang, find a place to stop the car. I suddenly remembered that I have something to do. You can go home after I get off the car." There's no need to wait for me. "

"Alright! Boss!" Wu Qiang said.

He found a place to Park his car. After Xia ruofei got out of the car, he waved at Wu Qiang, indicating for him to drive straight home.

Then, Xia ruofei found a public toilet nearby and changed into Xia Tian's appearance. He then changed his clothes from head to toe and walked out of the toilet in a short while. In just a few minutes, he had transformed back into the elegant young man Xia Tian.

Xia ruofei hailed a taxi and headed straight to the airport.

He had decided to personally go to Chang 'an city in Shabei province to take a look. Although old man Liu's words were very clear, he still felt a little uneasy.

He wasn't sure if there was any code in the conversation between old man Liu and Liu Feng. What if old man Liu used a code to communicate with Liu Feng out of careful consideration? what he meant was to kill Liu haojun, but in fact, he was helping Liu haojun escape. Wouldn't that mean that Liu Feng had escaped from a disaster again?

Besides, missions were carried out by humans. Xia ruofei could clearly feel that Liu Feng was conflicted about this mission. He could also see that Liu Feng and Liu haojun seemed to have a good relationship.

In this case, they had to make sure that Liu Feng didn't carry out old man Liu's order determinedly. Instead of killing Liu haojun immediately after arriving in Chang 'an city, Liu Feng tipped off Liu haojun so that he had time to escape.

All these possibilities existed. Xia ruofei really wanted to kill Liu haojun, so he decided to take the fastest flight to Shanbei. He would only let go of this matter when he saw Liu haojun's soul pass away.

After Xia ruofei arrived at the airport, he successfully changed his ticket and went through the security check. He went directly to the waiting chair near the boarding gate and sat down. He leaned against the back and closed his eyes, as if taking a nap.

In fact, his spiritual power had been constantly spreading around.

Sure enough, after a while, he saw Liu Feng dragging a small suitcase to the gate. There were three more flights to Chang 'an today. One of the last two took off in the afternoon near evening, and the other took off at around 10 pm.

This flight was the fastest and most suitable time.

It seemed that Liu Feng had chosen this flight as well. This was not out of Xia ruofei's expectations.

After a while, the announcement started to indicate boarding time.

In order not to attract attention, Xia ruofei had booked an economy class ticket. He did not deliberately approach Liu Feng, but waited in line at the back.

After everyone boarded the plane in an orderly manner, Xia ruofei and Liu Feng's seats were quite far apart. However, his spiritual power could easily cover the entire cabin and monitor Liu Feng at all times. There was no problem at all.

The flight was smooth all the way and landed safely at around 12 noon.

Xia ruofei followed the crowd out of Xianyang International Airport. As soon as he stepped out of the airport Hall, he could not help but see Liu haojun!

At this moment, Liu haojun was talking to Liu Feng, who had walked out before Xia ruofei.

"Brother Feng, why did you suddenly come to Shanbei?" Liu haojun asked, "I couldn't believe it when I received your call!"

Liu Feng looked at Liu haojun with a complicated expression, then smiled and said, "I just happened to be here on business! That's why I thought of you, the host. If you didn't come, I wouldn't even have anyone to pick me up!"

Liu haojun laughed and said, "Brother Feng, I've been so idle these days that grass is about to grow! You're just in time, don't rush to go back, play with me for a few more days!"

"That'll have to wait until work is done first." Liu Feng said, "you also know that I don't have a choice most of the time."

"Understood!" Liu haojun laughed as he spoke. He didn't notice the hidden meaning behind Liu Feng's words.

Chapter 2419 without anyone knowing (1)

Xia ruofei had been standing behind a pillar not far away. There was a trash can there. Many smokers who had been on the plane all the way could not wait to take out their cigarettes and smoke after leaving the No – smoking zone of the airport.

Xia ruofei had a cigarette in his hand as well. He looked no different from a regular smoker, but his spiritual power was constantly spreading in the direction of Liu haojun and Liu Feng, paying attention to their every move.

It was only after the two of them exchanged a few words and went to the parking lot to get their cars that Xia ruofei put out the cigarette in the trash can. Then, he walked to the side of the road and queued for a while before getting into a taxi.

"Where are we going?" The driver was a big man from the Northwest. He looked at Xia ruofei and asked.

"Drive towards the city." Xia ruofei said indifferently.

The taxi driver glanced at Xia ruofei strangely. It was rare to see such a passenger. They did not even have a clear destination and just asked someone to drive them to the city ... However, as long as the other party paid, the driver did not want to ask too much. After all, they were all taking a taxi.

So he nodded, started the car, and slowly drove to the exit of the airport.

Xia ruofei's mental power was constantly monitoring Liu haojun and Liu Feng. He knew that they were in a white Buick GL8 and had just left the airport.

After leaving the airport, Xia ruofei pointed to the car in front and said, "Sir, follow the car in front."

The taxi driver finally couldn't help but say, "Brother, where do you want to go? Let me make this clear first! We won't do anything illegal!"

Xia ruofei replied indifferently, "don't worry, I'm also a law-abiding citizen!" However, the person in the car in front of me owes me a large sum of money. I've chased him all the way here from another city, so I should at least know where he went, right?"

The taxi driver muttered in his heart, 'could this guy be from a debt collection company? It didn't look like it! How could he have any deterrent power with his soft skin and tender flesh?

In his impression, the people in debt collection companies were all fierce-looking and fierce. If a person like this passenger were to collect debts, those debtors would probably not be afraid at all!

Just as he was hesitating, Xia ruofei casually took out a stack of cash from his wallet and said indifferently, "Follow that car and this money is yours!"

The taxi driver quickly glanced at the stack of money. It was all red hundred-Yuan bills. From the thickness, he estimated that the stack of money was at least one or two thousand Yuan.

How much did the person in the car in front owe him? "So much money for just following him ..." The taxi driver muttered in his heart and couldn't help but swallow his saliva.

"Sir, if we don't make a decision now, we're going to lose the car in front ..." Xia ruofei said.

The taxi driver came back to his senses and quickly stepped on the accelerator, speeding up the car.

He said righteously, "little brother!" I hate those who owe money and don't pay it back! Don't worry! I'll definitely keep a close eye on that car ..."

Xia ruofei wanted to laugh. Money talks. If it was not for the stack of hundred-Yuan bills, the taxi driver would probably have a different story.

The driver sped up the car and the distance between the two cars quickly closed.

Xia ruofei immediately warned, "don't get too close!" The other party will notice!"

"Yes, yes, yes! "I'm a little anxious ..."The taxi driver laughed dryly and slowed down slightly.

Xia ruofei's feeling was very accurate. Since old master Liu could send Liu Feng to carry out such a mission, it showed that he had absolute trust in Liu Feng. On the other hand, it also showed that Liu Feng must be very capable.

In fact, when the taxi suddenly accelerated and quickly approached the Buick minivan, Liu Feng, who was sitting in the car, had already felt that something was wrong. He looked back twice. Although the taxi was still many cars away from them, he still felt that something was wrong.

This was an instinct.

Liu Feng frowned and said to the driver, "Increase the speed!"

Liu haojun asked curiously, "Brother Feng, what's wrong? You're in a hurry?"

"I suspect that someone is following us ..." Liu Feng said with a serious expression.

"F * ck! Who's so bold!" Liu haojun immediately shouted.

"Maybe I'm wrong!" Liu Feng waved his hand. Anyway, there's nothing wrong with being careful. Let's speed up and see if the other party will catch up!"

"Lao Xu, speed up!" Liu haojun nodded and said.

Liu Feng added, "speed up a little more. If the distance between us is widened all of a sudden, the opponent will easily reveal his flaws!"

"Yes!" Old Xu nodded and said.

Then, he stepped on the gas pedal heavily. The engine of the Buick minivan roared, and the speed of the car suddenly increased.

In the car behind, the driver saw the Buick minivan suddenly accelerate and subconsciously wanted to speed up as well.

However, Xia ruofei shouted, "don't accelerate!" The other party might have already noticed that something is wrong. Once you accelerate, they will immediately get an accurate judgment!"

The driver immediately retracted his foot that had already been stepped on. The engine of the taxi rumbled and the sound immediately became softer, but the speed of the car did not increase significantly.

The taxi driver looked at the Buick minivan in front of him, which was getting smaller and smaller, and said anxiously, "Little brother, if we don't speed up, we won't be able to see that car!"

Chapter 2420 without anyone knowing (2)

"Don't worry about it," Xia ruofei said calmly. "Just keep driving at the current speed!"

The taxi driver said unwillingly, "I'm going to lose him ..."

"If you lose him, it's on me!" Xia ruofei said, "this stack of money is all yours!"

"That's good!" The taxi driver said with a smile.

Anyway, he just wanted to make this money. As for whether he would lose the car or not, he didn't care at all. Maybe it's even better if we lose him! After all, there was a certain risk in tracking, especially if the target was an extremely evil person.

The taxi driver maintained his speed and drove steadily along the ring line, while the Buick minivan became smaller and smaller in their field of vision. After turning a corner, it completely disappeared from their sight.

"Little brother, I can't see that car anymore ..." The taxi driver said with a bitter smile.

"It's okay, just keep driving and listen to my instructions." Xia ruofei said calmly.

Although the curve blocked his vision, the distance between the two cars was not very far. At least, it was not beyond the range of Xia ruofei's spiritual sense. So, even if the car had disappeared from his vision, Xia ruofei could still accurately sense its position and driving movement.

The taxi driver nodded and said, "Alright! Boss, whatever you say!"

In the White Buick GL8, Liu Feng looked back several times. He found that after his car suddenly accelerated, the taxi did not react and was still driving at a steady speed. Until the last taxi disappeared from his vision, he did not see anything wrong.

"Am I being too suspicious?" Liu Feng muttered to himself.

"Brother Feng, did you find anything?" Liu haojun asked.

Liu Feng shook his head and said, "I haven't found anything wrong for the time being ... Forget it, let's not care about this!" Master Xu, you can slow down a little. It's not safe to drive too fast. "

"Alright!" The driver, old Xu, nodded and said with a smile.

The Buick GL8 had also ended its racing mode and was once again driving on the ring line at a relatively safe speed.

In the car, Xia ruofei suddenly said, ""Enter the side road at the intersection ahead ... Then exit at the second exit of the wheel ... Then turn left!"

The taxi driver found it strange that this passenger seemed to be coming to Chang 'an city for the first time! He doesn't sound like a local, but why does he seem so familiar with the roads?

Xia ruofei was sitting in the front passenger seat. The driver could see that Xia ruofei was not using his phone to check the map.

"Alright!" Although the driver was a little curious, he immediately responded.

After that, Xia ruofei would give the taxi driver an order from time to time, directing the car to turn left and right in the city for a full 40 to 50 minutes.

In the end, Xia ruofei raised his eyebrows. His spiritual power had already sensed that the Buick GL8 had stopped in front of a restaurant. At this time, the straight line distance between the taxi and the business car was only a few hundred meters. Of course, because of the winding roads, the two cars were probably one or two kilometers apart.

"Sir, let's find a place to Park!" Xia ruofei immediately said.

The taxi driver felt that today's work was the strangest. The passengers were also eccentric. They directed him to circle around the city. At first, they said that they wanted to track the business car, but they lost it after a while. From then on, the shadow of the business car had never appeared in their vision again.

If it wasn't for the fact that he couldn't see the MPV, the taxi driver would have thought that Xia ruofei was instructing him to track the MPV. Although that was the truth, Xia ruofei would not tell the driver so much. Even if he did, the driver would not believe him.

The driver found a parking spot and stopped the car by the side.

Xia ruofei passed the stack of money to the driver and smiled. ""It's been hard on you, master!"

When the driver received the stack of cash, he naturally smiled and thanked her repeatedly.

After Xia ruofei got out of the car, he observed the terrain. He could basically tell that if Liu Feng wanted to complete the mission without anyone knowing, he would not choose this place to attack.

This was because there were many people coming and going here, and there were many surveillance cameras. In addition, he had just come out of the airport when he was picked up by Liu haojun. If something happened to Liu haojun here, he would definitely be suspected.

However, Xia ruofei had enough patience.

It was noon, and the business of the restaurant seemed to be good. There were many customers coming in and out.

Liu haojun had already walked into the restaurant with Liu Feng.

Xia ruofei's spiritual power detected that Liu haojun and Liu Feng had come to a large private room on the third floor of the restaurant. Liu haojun had ordered a table of good dishes to welcome Liu Feng.

Xia ruofei could not help but laugh in his heart, "if Liu haojun knew that Liu Feng's mission was to get rid of him, I wonder what kind of expression he would have!"

There was a café opposite the restaurant. Xia ruofei walked into the café and ordered a cup of cappuccino. Then, he sat by the glass window on the side of the road and enjoyed the view of Chang'an city while sipping his coffee.

Of course, he kept his spirit energy in a constant state of diffusion. The target of his surveillance was Liu haojun and Liu Feng in the big room on the third floor of the opposite restaurant.

The two of them ate from around 12:30 pm until past 2 pm, and both of them had some alcohol.

Xia ruofei's spiritual power did not relax. He kept monitoring the situation in the private room.

Therefore, he knew very well that Liu Feng did not reveal anything to Liu haojun, not even a hint.

Xia ruofei couldn't help but sigh. "He's indeed old master Liu's trusted confidant. Liu haojun calls him brother Feng so affectionately. He even personally went to the airport to pick him up and then to the luxury restaurant to welcome him back. Yet, he's thinking about how to kill him."

After Xia ruofei had changed to his third cup of coffee, Liu haojun and Liu Feng finally came out.

Xia ruofei took out two hundred – Yuan bills and placed them under the coffee cup. Then, he stood up and left the coffee shop.

This time, the two of them didn't go anywhere else. Liu haojun sent Liu Feng to the Wanhao hotel where he stayed, then took his leave and returned to Pingan County in a Buick business car.

Just as Xia ruofei had expected, Liu Feng did not make a move when they were in contact.

Xia ruofei had been keeping an eye on Liu Feng outside the hotel the whole time. He did not bother about Liu haojun because as long as Liu Feng followed old man Liu's orders, Liu Feng would definitely go to Liu haojun in the end. Hence, he did not need to follow Liu haojun at all.

Xia ruofei's spiritual power detected that after Liu Feng returned to the hotel room, he immediately lay down and slept. He only ordered a meal with the room phone when night fell.

After the meal, Liu Feng took a very formal bath and changed his clothes, looking very ritualistic.

Of course, when Liu Feng was taking a bath, Xia ruofei retracted his spiritual power. He did not have a special habit of peeking at a man taking a bath.

After Liu Feng changed into clean black clothes, he shaved his beard and finally took out a pair of shiny black leather shoes from the suitcase.

After changing, Liu Feng left the room with a small suitcase.

Xia ruofei spent the entire afternoon in an old residential area not far from the hotel. He found a residential building facing the hotel that did not have strict security. He went straight to the rooftop and sat there, maintaining his spiritual power.

It was not until Liu Feng had tidied up and left the room with his suitcase that Xia ruofei stood up from the rooftop opposite and went downstairs with light steps.

Liu Feng stopped a taxi downstairs and headed to Pingan County, where Liu haojun was, overnight.

Xia ruofei had been using his spiritual power to monitor Liu Feng. Naturally, he "heard" Liu Feng's destination, a high – end apartment District in Xuanji's Pingan County. It was Liu haojun's temporary residence.

Therefore, he immediately hailed a taxi and rushed to Pingan County.
