

## God tier Farm 2591

### Chapter 2591 The ridiculous truth (1)

"I really hope Mr. Xia's judgment is wrong!" Liu Qunfeng smiled bitterly and said, "but my rationality tells me that this might be the only answer ..."

Xia ruofei shrugged his shoulders and continued to look at Liu Qunfeng, waiting for him to continue.

Liu Qunfeng sighed and said, "Mr. Xia, please give me some time. I will definitely get to the bottom of this matter."

Xia ruofei smiled faintly. "Of course, no problem. However ... Elder Liu's current condition isn't too good. Although I've temporarily suppressed his condition with acupuncture, it's not a long-term solution."

"Also, I have to make it clear to chief Liu that because there was a problem with the storage of this batch of pills, the previous stage of treatment has been lost. Elder Liu's physical condition is even worse than before I intervened ..."

"I understand!" Liu Qunfeng quickly said, "Mr. Xia, we will definitely give you a satisfactory explanation! Please try your best to save my father's life ..."

Xia ruofei smiled noncommittally and said, "Then, chief Liu, check yourself first! I won't be accompanying you."

"Alright! Alright!" Liu Qunfeng said quickly and walked Xia ruofei to the door before returning to the room where the pills were stored.

His expression became very stern, and his eyes revealed a trace of coldness, making the burly Man in Black from earlier subconsciously move away from him.

Liu Qunfeng took out his phone and dialed a number, "Inform the core members of the family in the capital to come over immediately. I have something very important to discuss with everyone!" He said.

After making the call, Liu Qunfeng left the room. Before he left, he patted the Man in Black on the shoulder and told him to guard the room with all his might.

.....

More than an hour later, in a small meeting room on the first floor of the house, the last core member of the family in Jing, Liu Qunfeng's youngest sister, Liu Lifang, rushed into the meeting room and said, "There's a traffic jam on the road! Brother, why did you call everyone over in such a hurry? I'm busy at the company!"

Liu Qunfeng looked at Liu Lifang with a complicated expression. He didn't answer her question directly, but stood up and said, "Everyone who can be here is already here. Then ... Please follow me upstairs!"

Although elder Liu's cousin, Liu Chongli, was older than Liu Qunfeng, his status in the family was far lower than Liu Qunfeng's. Therefore, even in front of his own cousin, he didn't dare to take advantage of his seniority.

However, Liu Chongli still couldn't help but ask with a smile, "Qunfeng, what's the matter? Don't tell me big brother ..."

"My father's condition is stable for the time being," said Liu Qunfeng. "It's my idea to gather everyone here this time. It has nothing to do with my father." As for why I called everyone here ... You'll find out soon enough. Now, follow me upstairs!"

Seeing Liu Qunfeng's dark face, no one dared to ask any more questions. They all followed him upstairs with questions in their heads.

Liu Qunfeng led the group to the room next to elder Liu 'S. He went straight to the refrigerator where the pills were stored and said with a dark face, "We've found the reason for the deterioration of the old man's condition. About seven or eight days ago, someone tampered with the old man's life – saving medicine, causing the medicine to lose its effect. In other words, the old man has actually stopped taking the medicine for seven or eight days, which is why his condition is getting worse by the day!"

Liu Qunfeng's words caused the core members of the Liu family to turn pale.

If what Liu Qunfeng said was true, then the nature of the matter was serious. This was no longer a simple problem of treatment. Someone had tampered with the pill, which was murder! Old man Liu was like a pillar of support in the Liu family. Any slight change in his physical condition would have a huge impact.

"Qunfeng, this is no small matter. Can you confirm it?" Liu Chongli asked with a serious expression.

Liu Qunfeng nodded and said, "I'm at least 80% confident. Otherwise, I wouldn't have gathered everyone here."

"Then we must investigate thoroughly!" Liu Chongli said in a deep voice, "I'd like to see who has the guts to do this! Who is behind this?"

Liu Qunfei, Liu Liru, and the others also expressed their desire to find the murderer.

On the other hand, Liu Lifang's eyes flickered and her face turned pale after hearing Liu Qunfeng's words.

Liu Qunfeng glanced at Liu Lifang and said, "We'll definitely investigate! It's just that we're heavily guarded here, and there are even fewer people who can enter and leave this room. These pills are under 24 – hour surveillance, so who can come into contact with them without anyone knowing?"

"Big brother, aren't there surveillance cameras here?" Liu Liru asked calmly. Why don't we just check the surveillance cameras? Don't tell me ... The surveillance footage from seven or eight days ago has been covered up?"

"The server here can store at least a month's worth of surveillance data, so the surveillance video from seven or eight days ago must be there." Liu Qunfeng said, "I just hope that this person can step forward on his own, so that everyone won't be embarrassed!"

Everyone couldn't help but gasp. Liu Chongli squinted his eyes and asked, "Qunfeng, you mean ... There's a mole in our Liu family? And the mole is among us?"

## Chapter 2592 The ridiculous truth (2)

"Big brother, you can't say such things!" Liu Liru looked worried as she said, "this accusation is too serious! We're all the old master's closest people. What reason do we have to harm the old master? What good would it do to him? This didn't make any sense! If this incident causes suspicion between us, then wouldn't it be even more ..."

"I wouldn't have said that if I wasn't confident!" Liu Qunfeng said, waving his hand. And ... I didn't say that this person must be a mole! To be honest, I'm also quite curious about her motive. What exactly was the reason for her to kill her biological father?"

As soon as Liu Qunfeng said this, Liu Chongli and his two sons secretly heaved a sigh of relief. They had been cleared of suspicion. The faces of Liu Qunfeng's siblings changed.

Liu Qunfeng didn't pay attention to his panicking siblings. Instead, he stared at Liu Lifang and asked, "Little sister, what do you think? Why did this person do this? Or ... What benefits does she have for doing this?"

At this moment, everyone noticed that Liu Lifang's face was as pale as a sheet. Her hands were trembling uncontrollably, and her forehead was sweating profusely.

Liu Liru's eyes widened as she stared at Liu Lifang and asked, "Little sister! You did this? Why? Why are you doing this?"

"I didn't!" Liu Lifang instinctively shouted.

"No? If not, why are you so nervous?" Liu Liru stared at Liu Lifang and asked, "are you feeling guilty? I just thought that big brother was suspecting his own people, but I didn't expect that it was really ..."

Liu Chongli and his two sons exchanged a look, and they both chose to remain silent.

Obviously, this was a matter between Liu Qunfeng and his siblings. Since this matter had nothing to do with Liu Chongli's group, the best choice was to remain silent. After all, it was not appropriate to say anything.

"Sis!" Liu Qunfeng said coldly. I remember that when you came to visit dad eight days ago, you personally went to get the pills for him to eat to show your filial piety ... Then you came back the next day and opened the refrigerator to get the pills with the same reason. Little sister, do you need us to check the surveillance footage together to see what you've been up to in the past two days?"

When Liu Lifang heard that Liu Qunfeng was going to check the surveillance cameras, she immediately shouted, "No... Big brother! Stop looking at the surveillance, I ... I'll tell you ..."

"We're all listening. I hope you can give us a reasonable explanation." Liu Qunfeng said calmly.

Liu Lifang's lips trembled as she said, "I ... I didn't switch dad's medicine ..."

"Still not admitting it!" Liu Qunfeng's eyes widened. "Do you really think I won't punish you?" he said sternly.

"I really didn't!" Liu Lifang cried out with tears in her eyes, "big brother, I ... I just touched these pills and then wrapped them up again! I ... I really didn't think that this would have such a serious impact on dad!"

Liu Qunfeng frowned and said, "just touched?" Little sister, you're still quibbling at this point? And with such a ridiculous excuse! Don't you think you're insulting our intelligence? I advise you to be honest! I also believe that you wouldn't be so vicious as to harm your own father, so you were most likely bewitched by someone! If you tell me honestly, I can consider giving you a lighter punishment!"

Liu Lifang was at a loss for words. She said with a hint of despair, "Everything I said was the truth, and no one instructed me to do so! Even if you kill me, I'll still say the same thing ... There's no such thing, how do you want me to explain it?"

"Hmph! You won't shed a tear until you see your coffin!" Liu Qunfeng snorted and said, "then tell me, why did you touch every pill for no reason? Don't tell me you have some special fetishes? I'd like to see how you're going to cover up this lie!"

Liu Lifang hesitated for a moment. She bit her lower lip lightly and said, "I ... I know that you might not believe me, but this is the truth! I ... I came to visit dad that day ..."

"Which day? Explain clearly!" Liu Qunfeng interrupted Liu Lifang impatiently.

"Eight days ago ..." Liu Lifang stammered. "When I came over that day, I saw the nurse taking the medicine. I was going to dad's room, so I asked the nurse to pass the medicine to me. On the way to dad's room, my hand accidentally touched the pill ..."

Then, Liu Lifang looked at Liu Qunfeng and the other family members timidly, then said, "At first, I didn't pay much attention to it, but soon I remembered that Xia said that the pill shouldn't come into direct contact with my skin ... I wanted to go back and change the pill, but when I looked at it, although my hand touched the pill, it didn't change at all! I was also afraid of being scolded by big brother, so I kept this matter a secret and directly gave the pill to father to take. I was a little worried at first, but I saw that dad didn't have any side effects after taking the medicine, so I was relieved ..."

"Get to the main point!" "Our patience is limited," Liu Qunfeng said coldly.

Chapter 2593 The ridiculous truth (3)

Liu Lifang quickly nodded her head. Then, a strange expression appeared on her face. Her eyes were a little confused as she said, "After I went back that day, I suddenly realized that the allergic rhinitis that often flared up during that period of time seemed to have suddenly improved a lot. In the past, no matter how much I took medicine during this season, this allergic rhinitis had never been cured. This time, I didn't sneeze the entire night ... I thought about it, and I couldn't find any other reason except for touching the pill during the day. "

"So you came here again the next day and found an opportunity to touch every pill?" Liu Qunfeng asked coldly.

This was the first time Liu Lifang had seen her big brother speak to her in such a tone. She felt a sense of unfamiliarity and fear at the same time.

She dodged his gaze and nodded, saying, ""I just wanted to verify my guess. At the same time, it was also because the pill I touched the day before didn't cause any harm to dad, so I found an excuse to send the guards away. Then, I touched every pill, wrapped it up again, and put it back ..."

At this point, Liu Lifang said in a hurry, ""Big brother, I really didn't collude with any outsiders. If I lied just now, I'll die a horrible death! I ... I just touched the pill. I really didn't think there would be such serious consequences!"

Liu Qunfeng was a little uncertain. They had been brother and sister for so many years, so he knew Liu Lifang quite well. He knew that his sister was a little bit like a rich man, a little mean, and a little short-sighted, but he didn't believe that she would be so vicious as to kill his own father.

However, if what Liu Lifang said was true, then this matter was too strange ...

Just as Liu Qunfeng was hesitating, Liu Liru said coldly, ""Little sister! You'd better not make such a serious oath! What if it's effective?"

"What do you mean by that? You're still suspecting me of lying?" Liu Lifang questioned with reddened eyes.

Liu Liru laughed in disdain and said, "You should've made up a more reasonable story. You can make the effect of the medicine disappear just by touching it ... Do you think this is a fairy tale?"

"But that's the truth!" Liu Lifang said hurriedly, "I didn't do anything else other than touching these pills! I even suspect that I'm just unlucky to have encountered this. In fact, the medicine should have lost its effectiveness! Who knew what that Xia guy was up to? He has had many conflicts with us, the Liu family!"

At this moment, a teasing voice came from the door, ""So you're saying that you're going to throw this big black pot on me?"

Everyone turned around and realized that Xia ruofei had come out from the room next door. He was standing at the door and looking at Liu Lifang with interest.

"Mr. Xia!" Liu Qunfeng quickly stepped forward and said with a bitter smile, "I'm sorry ..."

Xia ruofei smiled faintly. He looked around and finally stopped at Liu Lifang. He said, "Secretary Liu, it's not that bad, but ... Your sister's way of thinking is a little different from ordinary people!"

#### Chapter 2594 Dumbfounded (1)

Liu Lifang was immediately indignant when she heard that. She shouted in exasperation, ""What do you mean by that! He's relying on me!"

Liu Lifang didn't dare to act rashly in front of Liu Qunfeng because of the prestige he had built up in the family over the years. It wasn't an exaggeration to say that even though Liu Lifang was elder Liu's daughter, Liu Qunfeng could easily take away everything she had now, including power, status, wealth, and even freedom ...

In front of Xia ruofei, Liu Lifang's unruly behavior as a Princess from a wealthy family could not help but reveal itself.

“Shut up!” “You’re the one who caused all this trouble,” Liu Qunfeng yelled. “Do you still think you’re in the right?”

Liu Lifang’s body trembled slightly, and her overbearing Shrew – like arrogance was immediately restrained. She lowered her head in fear and did not dare to speak anymore.

Xia ruofei laughed and waved at Liu Qunfeng. Then, he said to Liu Lifang, “You’re probably still very unconvinced, right?”

Liu Lifang raised her head, but when she felt Liu Qunfeng’s unkind gaze, she immediately retracted her gaze. However, the anger in her eyes did not diminish.

“I don’t dare!” She finally said.

She was cursing madly in her heart, “if it wasn’t for big brother backing you up, you little Shrew would be nothing!”

Xia ruofei looked around with a faint smile on his face and said, “I think, just by touching the surface of the pill with her hand, the medicinal effect of the pill was completely lost. This kind of thing is not only unconvinced by her, I think everyone here also thinks that the credibility is very low, right?”

“No, no, no!” Liu Qunfeng quickly said. Mr. Xia, it’s very clear that Liu Lifang was the one who caused this! It has nothing to do with the quality of the medicine you provide!”

Xia ruofei shook his head and said, “it’s better to make things clear so that everyone won’t have a knot in their hearts.” The more you argue, the more clear it becomes!”

“This ...” Liu Qunfeng looked at Xia ruofei hesitantly. He did not know how Xia ruofei was going to explain this.

To be honest, Liu Qunfeng did have some doubts. After all, it was a little unreasonable for the drug to be lost just by touching it. However, old master Liu’s life was hanging by a thread. The only person who had the ability to pull old master Liu back from the gates of hell was Xia ruofei.

If he had a choice, Liu Qunfeng would not want to offend Xia ruofei no matter what. Even if this matter became a mess or Liu Lifang was at fault, it would be better than letting Xia ruofei have a grudge or even quit.

If Xia ruofei really left now, they would not be able to say anything. As long as Xia ruofei said “he’s too sick and helpless”, they wouldn’t be able to force him to help. Furthermore, with Liu Lifang’s brainless behavior, even if Xia ruofei backed out now, the Liu family could not blame Xia ruofei for the failure of the treatment.

With the song family backing Xia ruofei, the Liu family could not openly denounce Xia ruofei in this situation.

Xia ruofei was well aware of Liu Qunfeng’s intentions, but he had no intention of letting this matter become a mess. If he didn’t clear things up, how could he ask for benefits from the Liu family? The early healing effects had all been reduced to zero, and so many pills had lost their effectiveness. The petals of the spirit Heart Flower were very precious, so who was going to make up for these losses?

"I have a few questions to ask Ms. Liu," Xia ruofei said with a smile.

Liu Qunfeng sighed and said,""No problem, Mr. Xia, if you have any questions, please ask!"

Then, Liu Qunfeng turned to Liu Lifang and said,"Just answer whatever Mr. Xia asks you! You're not allowed to hide anything, understand?"

Liu Lifang unwillingly nodded and said in a muffled voice,""I know ..."

Xia ruofei glanced at Liu Lifang and asked,""Eight days ago, you touched my pill for the first time. I think the effect should be very obvious, right? Otherwise, you wouldn't have been so eager to come back the next day. "

Liu Lifang's eyes flickered as she said,"My rhinitis symptoms did improve. At that time, I thought it had something to do with the pill, so I came over the next day to verify it. But now, I think that it's just my imagination. The improvement of my rhinitis is the result of my long – term medication ..."

Xia ruofei couldn't help but laugh,"don't you know whether it's the effect of the pill or not?" Seven days ago, you touched every pill once. How could you not feel the obvious effect? If I'm not wrong, you used to have serious gastritis and gout, but these symptoms have disappeared now, right?"

Liu Lifang could not help but widen her eyes. The young man in front of her was like a demon to her. His eyes were so sharp that they seemed to be able to see through her heart. In front of him, she felt as if she had been stripped naked and had no secrets at all.

Liu Qunfeng's eyes were sharp as he stared at Liu Lifang."Answer Mr. Xia's question! Don't even think about hiding it! We all know that you have gastritis and gout. As long as you go to the hospital for a checkup, everything will be clear!"

Liu Lifang's face was a little pale. In the end, she made up her mind and raised her head to meet Xia ruofei's playful gaze. She straightened her neck and said,""Yes! My gastritis and gout symptoms have disappeared, but what evidence do you have to prove that it was because I touched the effects of the pill?"

Chapter 2595 Dumbfounded (2)

"Are you trying to say that you've been taking medicine for a long time?" Xia ruofei laughed."That's strange. You've been recuperating for such a long time, but there's no effect at all. Why did all the symptoms disappear after touching the pill? How could there be such a coincidence?"

Liu Lifang was speechless. After a while, she said,"I just touched the surface of the pill with my hand. If this can cure diseases, wouldn't your medicine be divine? I've never heard of any medicine that can take effect just by touching it, and it's so effective! I don't think you've ever heard of such an outrageous thing!"

"You haven't heard of it because you're ignorant!" Xia ruofei said without any hesitation.

Liu Lifang glared at Xia ruofei."You ..."

Xia ruofei interrupted her and stared into her eyes. "Before I left, did I repeatedly remind you not to let the pill come into contact with your skin? If it wasn't for the fact that the medicine would quickly lose its effect after coming into contact with the human skin, why would I have to explain it so seriously?"

"Even if the medicinal properties were lost after I touched it, what does it have to do with the disappearance of my chronic symptoms?" Liu Lifang explained helplessly.

"Isn't that easy to understand? That's because a small portion of the lost medicinal properties has been absorbed by your body!" Xia ruofei sneered. "You're really something! That's elder Liu's life – saving medicine. As the old man's daughter, you actually destroyed such precious pills to treat some chronic diseases!"

"You can absorb the medicinal properties by touching it?" Liu Lifang sneered and said, "since that's the case, why do you have to give the pill to the old man? Why don't you just let the old man touch you?"

"Nonsense! Do you know how much medicinal properties you can only absorb through this touching method? I'm telling you, more than 90% of the medicinal properties have been directly lost!" Xia ruofei said, "a precious medicine that could have saved a late – Stage cancer patient was used by you to treat some chronic diseases! This is simply a waste of God's gift!"

Then, Xia ruofei looked at the pale – faced Liu Lifang and said, "But you should be glad that you only touched the pills. If you were stupid enough to swallow all these pills, I'm afraid you would have already been in the box!"

Then, Xia ruofei looked at Liu Qunfeng and said, "Why did I repeatedly tell you not to touch the pill with your skin? And they even asked you to strictly control the dosage? There was a reason for this. Chief Liu, do you guys understand now?"

Liu Qunfeng nodded awkwardly and said, "I understand! Understood! Mr. Xia, I've always attached great importance to your instructions and followed them strictly. This is all Liu Lifang's stupid mistake!"

Liu Chongli, Liu qunfei, Liu Liru, and the other core members of the Liu family also nodded.

From the verbal exchange between Xia ruofei and Liu Lifang, everyone could see clearly that this matter was caused by this stupid woman, Liu Lifang. Xia ruofei had nothing to do with the deterioration of old master Liu's condition.

There was only one word to describe Liu Lifang's actions, and that was Xuxu crying stupidly!

Like a defeated rooster, Liu Lifang stood at the side dejectedly, unable to say a word.

A few days ago, she was still a little complacent and secretly cheered for her own cleverness, even thinking that she had discovered some great secret. And when the old man's condition began to deteriorate, she was indeed a little worried, but she deceived herself and forced herself not to think that way.

Today, Xia ruofei had easily shattered her fantasy and mercilessly exposed her foolish behavior. At this moment, her heart was in a mess.

Liu Qunfeng glared at Liu Lifang and said, ""I'll settle this with you later! Now ... Immediately return to the old estate and kneel in front of the ancestral hall! You're not allowed to get up without my permission!"

This was just one of the Liu family's residences. They had moved here for the convenience of treating old master Liu. The Liu family's residence was much larger than this one. One of them was a room specially used to place the ancestral tablets. It was called the "ancestral hall" in the Liu family.

As a traditional wealthy family, the Liu family naturally had many rules.

As a woman, Liu Lifang was not allowed to enter the ancestral hall. She had made a grave mistake this time. If anything were to happen to old man Liu, it would be a magnitude 10 earthquake for the Liu family. This earthquake was caused by Liu Lifang.

Liu Qunfeng was furious.

However, it was not the time to look into Liu Lifang. The most important thing now was to ask Xia ruofei to quickly treat old master Liu. No matter what, he had to keep old master Liu alive.

Therefore, Liu Qunfeng asked Liu Lifang to go to the old house first and kneel down in front of the ancestral hall.

"Oh ... I know ..." Liu Lifang did not dare to talk back at all. She lowered her head and said in a low voice.

Liu Qunfeng snorted coldly, "when you get back, you'd better stay on your knees!" If he still dared to play tricks at this time ... Hmph! I'll let you know the power of the family rules!"

"I don't dare ..." Liu Lifang lowered her head and said.

The entrance of the small ancestral hall was full of surveillance cameras. She had made such a big mistake. If she still dared to play tricks with such a punishment as kneeling in the ancestral hall, she would really be courting death.

Liu Qunfeng turned his eyes to Liu Kuan, and his expression softened a little. He said, ""Uncle Kuan, please send Liu Lifang back to the old mansion. Tell the family that no one is allowed to help Liu Lifang! Just let her kneel! Also ... This was a critical period. Liu Lifang was a good example for anyone who dared to cause trouble during this period of time! Let them consider whether they can bear the punishment of the family rules!"

"Alright," he said. Liu Kuan said as he bowed slightly.

With Liu Kuan's "escort," Liu Lifang went downstairs and took a car back to the Liu family's old house.

The other core members of the Liu family looked at each other. They did not expect such an explosive thing to happen before they came. Some of them were still in a daze even after Liu Lifang was taken away.

Of course, there were also people who were secretly on alert and told themselves to be careful with their words and actions during this period of time, so as not to bump into the muzzle of a gun and become an unlucky person like Liu Lifang.

After Liu Lifang left, Liu Qunfeng immediately put on a smile and said to Xia ruofei, "Mr. Xia, you know my father's condition the best. The previous stage of the treatment was also effective. This time ... I'll have to trouble you again ..."

"Chief Liu," said Xia ruofei, looking troubled. "Elder Liu's current condition is much more serious than when I first took over the treatment. To be honest, I'm not very confident ..."

"As long as you do your best, no matter what the result is, we, the Liu family, will be very grateful!" Liu Qunfeng quickly said.

"That's true, but I'm also in a very difficult position right now!" Xia ruofei frowned slightly and said, "to be honest, this should not have happened! Now, not only did the previous stage of treatment go down the drain, but the condition had also become more troublesome! Most importantly, those pills should have been able to cure elder Liu's illness, and the medicinal herbs used to make these pills are very precious. Several of them can't be bought even with money. I've gathered them with great difficulty to make this batch of pills, but they were used by a stupid woman to treat chronic rhinitis! Even if I wanted to continue treating elder Liu, it wouldn't be easy to gather all these herbs! And you all know elder Liu's physical condition. He can't wait!"

Liu Qunfeng's heart sank. He was not worried that Xia ruofei would not be willing to receive treatment. He knew Xia ruofei well. Since he had accepted the treatment, he would not let old man Liu die. What he was worried about was what Xia ruofei had said. Even if he wanted to treat her, he did not have the conditions to do so.

"Mr. Xia," Liu Qunfeng blurted out. "What herbs do you need? why don't you make a list? house Liu is quite powerful. If we work together, we might be able to get all the herbs we need."

After that, Liu Qunfeng quickly explained, "Mr. Xia, please don't misunderstand. I don't mean to pry into your prescription. It's just now ... Isn't this an urgent matter? If we, the Liu family, were to join in the search for the herbs, we would be of some help! What do you think?"

Chapter 2596 Everything is under control\_1

Xia ruofei had expected Liu Qunfeng's reaction.

To be more precise, when Xia ruofei confirmed that Liu Lifang was the one who had caused the whole incident, he had already thought of how to deal with her.

In this matter, he had the absolute initiative. The key to the problem was how to grasp this scale.

But before that, he had to lay the foundation.

After hearing Liu Qunfeng's words, Xia ruofei did not reject his proposal as Liu Qunfeng had worried.

Xia ruofei smiled and said, "If the Liu family can help us find the herbs, that would be the best."

Liu Qunfeng was stunned, unable to believe his ears.

He had thought that Xia ruofei would reject his suggestion and did not have much hope. He did not expect Xia ruofei to agree so easily. This was really beyond his expectations.

Liu Qunfeng quickly said, ""Thank you, Mr. Xia! Thank you, Mr. Xia!"

Xia ruofei smiled. "Don't thank me so quickly. The herbs needed to make these pills are extremely rare. You can't find them just because you have money or power ... Chief Liu, please prepare a pen and paper for me!"

"Alright! Alright!" Liu Qunfeng quickly turned to Liu Liru and said, "Liru! Quickly get a pen and paper!"

"Oh!" Liu Liru came back to her senses and quickly walked out of the room.

After a while, she came in with a stack of A4 paper and a pen. She handed the paper and pen to Xia ruofei respectfully.

Xia ruofei didn't beat around the bush. He sat down and wrote down a dozen medicinal herbs. Then, he handed them to Liu Qunfeng and said, ""Chief Liu, these herbs are necessary for making pills. If the Liu family can find them, the more the better!"

Liu Qunfeng didn't agree with Xia ruofei's words. He thought that Xia ruofei would definitely add some irrelevant and precious herbs to the list to protect the prescription. At least, it would be able to confuse people.

What he did not expect was that none of the medicinal herbs had anything to do with making pills. In fact, every medicinal herb was used to confuse people.

Of course, Liu Qunfeng didn't show it. Instead, he acted like he was convinced. He took the list from Xia ruofei with both hands and said sincerely, ""We'll do our best to find it and try to get ..."

Liu Qunfeng stopped in the middle of his sentence. He stared at the list that Xia ruofei had written. He was dumbfounded. He knew every word on the list, but when put together, they were names of herbs that he had never even heard of.

Although Liu Qunfeng wasn't a professional Chinese medicine practitioner, as the eldest son of a rich family, he had received a traditional education since he was a child. He knew the names of many Chinese medicinal herbs.

However, after looking at Xia ruofei's list, he couldn't even recognize a single herb. Furthermore, the names of these herbs were obviously very precious and rare.

Liu Qunfeng looked at the names of the herbs on the list, such as heart condensing grass, purple crystal blood vine, and green spirit fruit, and couldn't help but feel a headache.

Xia ruofei had not scribbled. Every medicinal herb he had written, including the heart condensing grass, were actually spiritual herbs that could only be used in the cultivation world. A portion of them were spiritual herbs that could be grown in the heart Island medicinal garden in the mountain sea realm, but they had not ripened yet. There were some that even Xia ruofei did not have. He had only read about them in some ancient books. Even in the world of cultivation, these herbs were extremely precious.

If the Liu family could really find three or five of the spirit herbs on the list, then what harm was there in treating old man Liu again for free? It was just a few petals of the spirit Heart Flower. Xia ruofei's current stock of spirit Heart Flower petals was quite sufficient.

Of course, under such a tight time, it was almost impossible to find any of the medicinal herbs on the list.

Then, Xia ruofei could naturally state his conditions. The huge Liu family had tried so hard but could not find even a single medicinal herb. The value of this pill was evident. If they wanted Xia ruofei to save old master Liu's life, the Liu family would have to pay the corresponding price.

Although Xia ruofei could demand an exorbitant price now, he did not choose such a violent method. Not only did he want the Liu family to give him enough benefits, but he also wanted them to be convinced and even grateful. This was the goal that Xia ruofei wanted to achieve.

Liu Qunfeng looked at the list again and confirmed that he didn't recognize a single herb. He couldn't help but smile bitterly to himself. Now, this list had become a hot potato.

Of course, he could not rule out the possibility that he did not have enough knowledge of Chinese medicine. After all, he did not graduate from a professional Chinese medicine course. In the traditional education he received back then, most of the topics related to Chinese medicine were memory songs and riddles about Chinese medicinal herbs. It was very likely that there were knowledge gaps.

Liu Qunfeng could only hope that he was lucky. He handed the list to Liu Chongli and said solemnly, "Uncle Chongli, I'll leave this matter to you. You must mobilize the entire clan's power to find the medicinal herbs on this list!"

Liu Chongli was mainly in charge of the Liu family's family business. The branch company could be said to be spread all over the country, even abroad. So, if you wanted to get these medicinal herbs, you must find them all over the country and even the world through the family business.

Chapter 2597 Everything is under control (2)

Liu Chongli took the list from Liu Qunfeng and looked through it carefully. His eyes revealed a trace of difficulty, but he concealed it very well.

"Good! I'll go back today and assign the tasks!" Liu Chongli said.

"Thank you for your hard work, uncle Chongli!" Liu Qunfeng said politely.

Then, Liu Qunfeng turned to Xia ruofei and said, "Mr. Xia, we'll do our best to find the herbs, but my father's current condition ..."

"I will use traditional acupuncture to stimulate Mr. Liu's acupuncture points. I hope it can stabilize his body for the time being and stop it from getting worse!" Xia ruofei said, "but don't get your hopes up. No matter what, the longer elder Liu is in bed, the more danger he will be in. So ... The speed at which you find the herbs will determine elder Liu's chances of survival. I hope everyone will do their best!"

"Alright! Alright!" "Then I'll leave it to you, Mr. Xia!" Liu Qunfeng said.

Xia ruofei said indifferently, "due to the lack of medicinal herbs, the medicine I'm using now can only temporarily stabilize the condition. This is a temporary solution. As time goes on, the condition will continue to deteriorate. By then, even I will be powerless to save her." I'll also try to contact some of my friends here. Some of the medicinal herbs I bought last time were bought from my friends at a high price. "

“Thank you! Thank you!” Liu Qunfeng said sincerely, “Mr. Xia, thank you so much for this! Moreover, this matter was completely caused by our own reasons. We’ve caused you a lot of trouble. We’re really sorry! No matter what the result is, we are grateful to you from the bottom of our hearts. We, the Liu family, will never be ungrateful. There may have been some disputes in the past, but that’s all in the past. I hope that you won’t hold any grudges against us, Mr. Xia. In the future ... Just look at our performance!”

This time, Liu Qunfeng was truly grateful to Xia ruofei from the bottom of his heart. The other core members of the Liu family were also touched.

The treatment last time was considered a deal. Although Xia ruofei’s miraculous hand of rejuvenation had saved the Liu family from turmoil, the Liu family had paid the corresponding price. Hence, they were not very grateful to Xia ruofei. Some people, such as Liu Lifang, were even a little unhappy. They felt that Xia ruofei was asking for too much by taking away the entire Pharmaceutical Group.

This time, it had nothing to do with Xia ruofei. He could just say “I can’t do anything” and leave. The Liu family could not say anything. However, Xia ruofei did not care about the past and spared no effort to think of a way for the Liu family. He even revealed some of the precious prescription in order to gather the medicinal materials as soon as possible.

Xia ruofei’s performance elevated the Liu family’s impression of him. Some of them even felt a little ashamed of their prejudice against Xia ruofei.

Of course, this was just a temporary emotion. If elder Liu really didn’t want to be treated, or if his condition stabilized or even recovered, then the Liu family might have a different attitude. After all, emotions prevailed now, but when that time came, rationality would definitely prevail.

Xia ruofei nodded and said, “I’ll go see elder Liu first. You guys can go back to your work!” We must hurry up in finding the medicinal herbs!”

“Alright!” “We’ll definitely mobilize the entire family’s power,” Liu Qunfeng said solemnly. “We’ll find these herbs at all costs!”

Xia ruofei returned to the ward next door where elder Liu was. She did a thorough check and had a more detailed understanding of elder Liu’s health.

After making up his mind, Xia ruofei flipped his hand and took out a small bottle of diluted solution from the spirit Heart Flower petals.

Then, he used his mental power to extract a small ball of liquid and slowly transferred it into old man Liu’s stomach through the nasal feeding tube.

Xia ruofei’s calculations were very accurate. After the spirit Heart Flower petal solution was consumed, it could basically stop the cancer cells from spreading further. At the same time, it would repair old man Liu’s organs that had started to show signs of failure.

Simply put, he was going to use this liquid to keep old man Liu alive.

Then, Xia ruofei waited for a while before he took back the silver needles on elder Liu’s acupuncture points. After carefully disinfecting them, he put them into the needle bag and kept them in the medium.

Xia ruofei used his spiritual power to check on elder Liu's condition. After confirming that there was no problem, he stood up and walked out of the room.

Liu Qunfeng had already sent the core members of the Liu family away. Everyone's priority now was to find the herbs on the list.

Liu Qunfeng chose to stay behind so that he could have someone to call the shots when Xia ruofei needed him.

He didn't dare to go far, so he just paced back and forth in the corridor outside the house. As soon as Xia ruofei left, Liu Qunfeng immediately came up to him and asked carefully, "Mr. Xia, how's the situation?"

Xia ruofei showed a trace of "fatigue" and said, "It's stable for now ... There shouldn't be any major problems in the next two to three days. However, if we want to get through this difficult time, we still need to find the medicinal herbs as soon as possible ..."

"I understand!" Liu Qunfeng quickly said, "we've already mobilized the entire family to search for it. I believe we'll have news soon."

Liu Qunfeng was very confident in the Liu family's abilities.

Of course, Xia ruofei did not think much of it. He just smiled noncommittally.

"Mr. Xia, I'll get someone to prepare a room for you." Liu Qunfeng quickly said. You've flown all the way here from the three mountains as soon as you received the news. It's been too hard on you ..."

Xia ruofei waved his hand. "There's no need to prepare a room. There's nothing else to do here. I won't be staying here."

"Ah?" Liu Qunfeng was stunned, then immediately said, "Mr. Xia, my father's current situation ... Without you here, we really can't explain!"

Xia ruofei said indifferently, "elder Liu's condition is indeed not very good. However, I've just said that he's temporarily stable. His condition shouldn't continue to worsen in the short term." If you can't find all the herbs, there's no point in me staying here. And ..."

Xia ruofei paused for a moment and looked at Liu Qunfeng. Then, he said, "To be honest, I don't have much hope that you can find the herbs on the list, so I need to contact some of my old friends. If necessary, I have to personally check the herbs. If I stay here, I won't be able to do anything!"

Liu Qunfeng was very hesitant. With old man Liu's situation and Xia ruofei not being here, he was not confident. However, Xia ruofei's words made sense. Besides, the treatment was all up to Xia ruofei now. How could he dare to force Xia ruofei at this time?

So, after a fierce struggle, Liu Qunfeng finally nodded and said, "Mr. Xia, I respect your personal wishes. But ... If anything happens to my father, I hope ... You can come over as soon as possible to help us ..."

"Don't worry, I won't leave the capital." Xia ruofei said calmly, "if there's anything, you can call me anytime ... Of course, I don't think anything will happen. At least within three days, elder Liu's condition will be more stable, unless ... You don't trust my medical skills!"

"I don't dare! I don't dare!" Liu Qunfeng quickly said, "I have absolute trust in your professional judgment, Mr. Xia ... Then ... I'll arrange for a car to send you right away ..."

"No need, I've already called my driver. He should be here soon." Xia ruofei smiled and said, "chief Liu, you should take good care of elder Liu! In addition, it was still the same sentence, the matter of finding medicinal herbs must be seized! Time waits for no one!"

With that, Xia ruofei strode towards the stairs.

After he went downstairs, he sat in the courtyard for a while and waited for Wu Qiang to pick him up.

Liu Qunfeng didn't dare to disturb Xia ruofei. He only told the staff to wait at a distance so that they could immediately provide any service if Xia ruofei needed anything.

When Liu Qunfeng was having a meeting with the core members of the family, Xia ruofei had already called Wu Qiang. Hence, he did not wait long after he went downstairs. Wu Qiang had arrived at the house in the Toyota Elfa business car.

#### Chapter 2598 Meeting again (1)

Liu Qunfeng quickly ran down to bid Xia ruofei farewell and watched as he got into the car and left.

Last time, Liu Qunfeng was more or less reserved in front of Xia ruofei. At least, he was reserved in his heart. This time, he was not reserved at all. He was very humble.

"Where are we going, boss?" Wu Qiang asked while driving.

Xia ruofei thought for a while and said, "Let's go to the peach blossom gathering first!"

Since they were already in the capital, Xia ruofei felt that Song Rui and the others would definitely reprimand him if he hid in the courtyard house. Rather than that, it would be better to take the initiative to go over.

Besides, the Paradise Club had just opened recently. As one of the major shareholders, Xia ruofei should go and understand the situation.

"Alright!" Wu Qiang nodded.

The car drove all the way to Xiaotang town. The traffic in the capital city was as congested as ever, but Xia ruofei was not in a hurry. He leaned against the soft leather first-class seat and chatted with Wu Qiang. Occasionally, he would tease Wu Qiang about his relationship with Xia Xiaolan.

After leaving the city, the car gradually picked up speed.

It took Xia ruofei about an hour to get from the Liu family's residence to the Paradise gathering.

All the security guards of the Paradise Club recognized Xia ruofei's Toyota Elfa car, so they let the car through when it arrived at the entrance. The security guard even saluted the car and quickly used the walkie-talkie to inform the people inside the club.

When Alphard arrived at the main building of the club, song Rui and Hou Liang were already waiting with the club manager. Xia ruofei sat in the car and saw song Rui and Hou Liang looking forward to it from a distance. She couldn't help but feel warm inside.

Although this group of brothers were a little foppish, they really treated him well.

The car had just stopped when song Rui and Hou Liang came up to them. The electric car door slowly slid open with a beeping sound, revealing a smiling Xia ruofei inside the car. Since the brothers were so enthusiastic, he had to be more enthusiastic too!

Before the car door was fully opened, Xia ruofei laughed and said, ""Xiao Rui! Liangzi!"

Song Rui and Hou Liang finally saw that the person in the car was indeed Xia ruofei. Song Rui's face lit up and he looked extremely happy. On the other hand, Hou Liang was slightly dejected.

Xia ruofei was confused.

Just then, song Rui extended his hand toward Hou Liang and said, ""Pay up! Don't try to renege on your debt!"

Annoyed, Hou Liang took out his wallet, counted three 100 – Yuan bills, and slapped them on song Rui's hand. He then said, ""I'll bet with you again that I'm the grandson!"

Song Rui flicked the notes in his hand and said, ""This flag is raised too early! Don't slap your own face when the time comes!"

At this moment, Xia ruofei finally found a chance to speak. He asked, ""Can you two tell me what's going on?"

"It's nothing," song Rui said loudly. "I made a bet with liangzi two days ago. I said that you would definitely come to Beijing in three days, but he said that it was impossible. So, we made a small bet! Hehe! Liangzi, this bro's divine foresight, do you accept it?"

"Brother Rui, don't take advantage of me!" Hou Liang said gloomily.

Song Rui couldn't help but laugh out loud.

Xia ruofei was speechless. I was so naïve to think that the two of them were here to welcome me. I was even a little touched when I saw how they were looking forward to it. What the f \* ck!

Xia ruofei walked to song Rui and took the money from him.

In front of Xia ruofei's speed, song Rui could not resist at all. When he came back to his senses, the money in his hand was already in Xia ruofei's hands.

"Al! RUO Fei, give me back my money!" "That's my trophy!" Song Rui shouted.

Xia ruofei symbolically counted, then took out a card and handed it to song Rui. ""We're all Good Brothers, what's there to split? Old rules! We'll split it in half when we meet!"

"Why are we following the old rules? Why do you want half?" Song Rui shouted, "there's no such thing! Hurry up and return the money to me!"

Xia ruofei folded the notes and put them in his pocket. Then, he said, ""You guys actually dared to use me as a bet, you're getting more and more gutsy! What's the big deal with me giving you two hundred Yuan? This is my appearance fee! Do you know how popular I am on the internet now? An appearance fee of two hundred Yuan is simply a low price!"

Song Rui couldn't help but exclaim, "even if we split it in half, it's not as much as 200 yuan!" It's only three hundred Yuan in total!"

"Do you want me to tear half of it off and give it to you?" Xia ruofei said unhappily. Then, he laughed and said, "how can we split the three notes evenly? It would definitely be one more person and one less person! What's wrong with me taking a little more? If we round it up, wouldn't it be the same for the two of them?"

"There's such a way to round things up?" Song Rui widened his eyes and said, "you are the most shameless person I have ever met!"

Xia ruofei laughed nonchalantly and said, "You flatter me! You're too kind!"

"I'm complimenting you!" Song Rui couldn't help but say, "besides ... Why don't I take more and you take less?"

"Because I'm more handsome than you!" Xia ruofei laughed and said, "besides, are you as popular as me?"

"Blargh ..." Song Rui made an exaggerated vomiting gesture, then waved his hand and said, "fine, fine, fine. I'll let you take advantage of me!" As long as you don't disgust me, it's fine!"

#### Chapter 2599 Meeting again (2)

The two of them quickly reached an agreement. Hou Liang, who was at the side, wanted to cry but had no tears. The 300 yuan was his, okay?

Xia ruofei and the other two chatted as they walked into the main building of the club. They went straight to a luxury private room reserved for the shareholders. Song Rui ordered the manager of the club to prepare some fruit platters, snacks, and various alcoholic drinks.

After the three of them finished a can of beer, Xia ruofei told Hou Liang, ""Liangzi, are you an idiot? To make such a bet with song Rui ... He must have heard the news before he made the bet with you!"

The Liu family would definitely try their best to hide the news of old master Liu's serious illness so as to not cause any turmoil. Therefore, it was normal for Hou Liang to not know about the situation. However, no matter how the Liu family hid it, the song family would definitely have their own channels to get the news. Song Rui was no longer the good – for – nothing son he used to be. He had more or less participated in the family's Affairs, so it was not surprising that he heard about the Liu family's situation.

Song Rui knew very well that Xia ruofei had treated elder Liu. Hence, he knew that Xia ruofei would definitely come to the capital soon.

After listening to Xia ruofei's analysis, Hou Liang felt like crying even more. "Didn't you just happily split the money?" And you're the one taking the biggest share!

Song Rui asked with a smile, "ruofei, how's the Liu family's young master?" Can you make it?"

"It's alright! However, it's hard to say if he can survive this." Xia ruofei said.

"There are times when you can't be sure?" Song Rui grinned and said, "why do I not believe you?"

Then, Song Rui asked again, "by the way, why did the old man's condition suddenly worsen?" You're his attending doctor. The Liu family didn't cause you any trouble, right?"

"This has nothing to do with me, and it's not a mistake in my treatment." Xia ruofei said casually, then immediately asked, "let's not talk about these boring things. Let's talk about our paradise chapter! I heard that business has been good since the opening?"

"What do you mean it's alright? That's simply too good, alright?" Song Rui exclaimed exaggeratedly.

"Brother Xia, if our business is called 'not bad', then all the other clubs in Beijing are on the verge of closing down!" Hou Liang laughed.

"Woof! It's inflated!" Xia ruofei smiled and pointed at the two of them. "Then tell me, how many new members have we gained in the past month that I wasn't around?"

"The number of members didn't increase by much!" Song Rui said, "but that's under our control. We raised the entry conditions so that the members' spending experience won't be reduced. After all, with the scale of our club, if there are too many members, it will become a farmer's market every day. It won't look like a high-end club anymore!"

"That's right!" Hou Liang also said. Otherwise, I'm afraid that the people who apply for membership cards alone will be able to step over our threshold!"

Xia ruofei couldn't help but tease them. "The two of you are singing the same tune. You two can go and do a crosstalk!"

"It's the truth! Brother Xia!" "Of course!" Hou Liang said, "our Paradise club's KPI definitely can't be calculated by the increase in the number of members!"

"Then tell me, how do you want to calculate it?" Xia ruofei asked on purpose.

"Of course it's the member's activity!" "Yes." Hou Liang said, "some clubs might seem to have a lot of members, but not many members spend their money there every day. I have quite a number of such membership cards, but I didn't have a deep impression of them after going there. Basically, I've never gone there again after going there once!"

"Our paradise gathering is different!" From the first day of its opening, the number of members who had come to spend money had always maintained a high proportion. Basically, all the members had been here several times. That's right, sister-in-law's family's private restaurant has a lot of business every day! Especially the Buddha Jumps Over the Wall dish, which has become very famous in the capital. Nowadays, they have to prepare the ingredients for the Buddha Jumps Over the Wall dish in large quantities every day!"

Song Rui also said, "that's right!" From the opening to now, there was not a single day where the turnover was less than two million! A few of our buddies have used this place as their gathering point,

and they've almost used up all the money they've spent on their membership cards. Yesterday, one of us topped up another 300000!"

"We should upgrade such a high – Quality member!" Xia ruofei said with a smile.

"We've been studying this recently!" Song Rui said, "you and brother Yongjun have the same idea!"

Xia ruofei could tell that the peach blossom society's overall business situation was quite good. Of course, he didn't care about the daily profits that the Paradise Club generated. Although this level of profit was already quite good in the eyes of many people, it paled in comparison to the speed at which the Paradise Corporation was making money.

Xia ruofei was even more pleased with the changes that the club had brought to song Rui and the others.

This place had already created an excellent high – end social environment. The frequent visits of high – Quality members had formed a virtuous cycle. Being in such an environment every day was a good exercise and improvement for song Rui and the others.

Xia ruofei could clearly feel that Qianqian, song Rui, and Hou Liang had given him a different feeling this time.

Moreover, this kind of subtle influence would become deeper and deeper with the passage of time.

The three of them sat in the private room, drinking and chatting. Soon, Zhao Yongjun, Wei Jun, and the others who knew that Xia ruofei had come to the capital arrived at the club. Hence, they simply ordered a table of food at Ling Ji private kitchen and sent it directly to the private room.

After knowing that it was their son – in – Law who wanted to order a meal, the chefs of the Ling Ji private restaurant of the peach blossom Association naturally did not dare to be negligent. They went all out and brought out their best skills. Soon, a table full of wine and food was prepared and delivered to the private room.

Xia ruofei and his brothers drank and chatted until the sky turned dark. Then, he politely declined everyone's invitation to go to the sauna. He took the car back to the courtyard in liuhai Lane, a little tipsy.

As soon as Xia ruofei got off the car in the backyard, Xia Xiaolan came up to him and said with a smile, "Boss, miss song came over this afternoon and just had dinner. I saw that she didn't plan to leave tonight, so I arranged a guest room for her in your courtyard."

Xia ruofei was slightly stunned. He had sent Song Wei a WeChat message when he got off the plane to let her know that he was in the capital. However, considering that it was the weekend tomorrow, Xia ruofei had planned to bring Song Wei over. He did not expect her to come to the courtyard house this afternoon without telling Xia ruofei.

Xia ruofei could not help but feel guilty when he thought about how he had spent the entire afternoon drinking and chatting with his friends at the Paradise society while Song Wei was waiting for him at home.

However, Xia ruofei did not show it in front of Xia Xiaolan and Wu Qiang. He just nodded and said, "I know, thank you for your hard work!"

With that, Xia ruofei strode towards the courtyard in the middle of his residence.

The workers in the courtyard house were familiar with Xia ruofei's friends in Beijing. It was not Song Wei's first time staying over at the courtyard house. However, they did not gossip and were very careful not to enter the owner's courtyard when Xia ruofei had guests.

The design of the courtyard house had taken into account the privacy of the owner, so the front yard and the backyard could be connected by a corridor on the side. This way, the middle yard would be relatively independent.

Wu Qiang, Xia Xiaolan, and the other experienced security guards all cherished the job that offered them great benefits. At the same time, they were also very grateful to Xia ruofei. Naturally, they would pay attention to their behavior and not go against the rules.

Xia Xiaolan's way of handling things today was very clever. How could she not have guessed the relationship between Xia ruofei and Song Wei? It was impossible! They were all smart people and could more or less tell what was going on, but she could pretend that she didn't know anything. She even arranged a guest room for Song Wei in Xia ruofei's courtyard.

This way of handling things was very comfortable.

Xia ruofei went through the moon gate and returned to the courtyard where he lived.

He scanned the room with his psychic power and found Song Wei sitting on the sofa in Xia ruofei's room. She did not look impatient at all. She was reading a magazine lazily. She looked quiet and elegant, like an orchid that was blooming quietly.

Xia ruofei's heart skipped a beat and he couldn't help but pick up his pace.

The door was pushed open, and Song Wei raised her head.

When she saw Xia ruofei standing at the door with a smile on his face, her eyes slowly brightened. A bright smile appeared on her face, like the sun, and it infected Xia ruofei.

Chapter 2600 Heavy mountains and heavy waters recover (1)

Song Wei gently put down the magazine in her hand and brushed her hair behind her ear. She smiled and said, "You're back?"

She didn't look particularly surprised. From the beginning to the end, she was calm with a touch of joy, like a wife welcoming her husband back from a long journey. This calmed Xia ruofei's heart.

Xia ruofei, who was still a little tipsy, nodded and said, "I'm back!"

"Why didn't you tell me that you were coming? I could've rushed back!" He asked.

Song Wei raised her head slightly and said with a smile, "I didn't have any plans this afternoon, so I came over! You're definitely going home anyway, so why did I tell you in advance? I didn't want to disturb you!"

"But I've been drinking with brother Zhao and Song Rui the whole afternoon ..." Xia Ruofei said with a trace of guilt.

"I smell it ..." Song Wei smiled and said, "you brothers haven't seen each other for a long time. It's nice to have a drink together!"

Then, Song Wei sniffed playfully and said, "But the smell of alcohol on you is a little strong! Hurry up and take a shower ..."

With that, she pushed Xia Ruofei in the direction of the bathroom.

Xia Ruofei was still puzzled in the bathroom.

Song Wei had always been a quiet person. To people who were not familiar with her, she might even look a little cold. However, in front of him, Song Wei was still a delicate young girl. Today, she was a little too virtuous!

After a quick shower, Xia Ruofei put on a bathrobe and walked out of the bathroom while drying his hair.

.....

After a long time, when the storm finally calmed down, it was already late at night.

"Thank you, Ruofei!" Song Wei said softly.

"Why are you thanking me again for no reason?" Xia Ruofei asked with a smile.

"Thank you!" Song Wei's eyes were misty as she said, "even though I know this is very formal, I still can't help but thank you after seeing you ... Ruofei, you must have put in a lot of effort to teach my father how to cultivate!"

Xia Ruofei finally understood why Song Wei was so virtuous today.

He could not help but laugh, "silly girl!" Helping Uncle Song embark on the path of cultivation, didn't we agree on this long ago? He's your father, and now he has the physique to cultivate. Isn't it right for me to help him take this step?"

"I'm just so touched!" Song Wei said coyly.

"Okay, okay ..." Xia Ruofei smiled and said, "but Uncle Song is still in the dark!" I still don't know how to explain it to him in the future ..."

"My dad's very opinionated, but that doesn't mean he's stubborn," replied Song Wei with a smile.

"Before he really takes that step, no matter how much we talk about it, we might not be able to move him and make him break the world view that he has formed over the years. However, when he has a certain level of cultivation and can truly feel the changes brought about by cultivation, it won't be so difficult to persuade him. "

Song Wei paused for a moment before she continued, "Ruofei, don't worry!" I'll talk to him when the time comes!"

"En!" Xia Ruofei nodded and said, "it's late. Weiwei, go to sleep!" I'll train with you tomorrow!"

“En!” Song Wei nodded.

With a wave of his hand, Xia ruofei pressed a switch not far away with his spiritual power. The room fell into darkness. In a short while, the room was filled with the sound of their heavy breathing ...

For the following weekend, Xia ruofei and Song Wei were like hermits.

During the day, the two of them would cultivate in Xia ruofei’s house. Other than going to the backyard to eat, they would occasionally go out to the courtyard to get some fresh air, make tea, and chat. Most of the time, they would be immersed in cultivation and their own world.

After two days of cultivation, Song Wei’s cultivation had improved again. However, Xia ruofei’s benefits were not as obvious. There was a gap of several levels between his cultivation and Song Wei’s. If the two of them cultivated together, Song Wei would definitely benefit more, while Xia ruofei’s cultivation was not as effective as his own cultivation of the great Dao technique.

However, Xia ruofei was not too bothered by it. After all, he did not spend much time with Song Wei and Ling Qingxue. When they were together, he would seize the opportunity to help them improve their cultivation. He also had plenty of time to cultivate. Now that he had reached the ninth level of the Qi refining realm, it was not easy to break through to the next realm. Hence, Xia ruofei was not in a hurry.

On Monday morning, after having breakfast at the courtyard in Liu Hai Lane, Song Wei was ready to return to school.

Xia ruofei asked Wu Qiang to send Song Wei back in the Toyota Elfa. He went back to his house to make some preparations. Two to three days had passed. It was time for him to visit the Liu family. Based on old master Liu’s condition at that time, the medicine he used would only stabilize his condition for three to four days at most.

Besides, after two to three days of searching, the Liu family was probably feeling helpless. According to Xia ruofei’s estimation, they might not even be able to find a single medicinal herb on the list.

In fact, Xia ruofei had not thought of asking the Liu family for any benefits.

Of course, he didn’t need to think too much. As long as elder Liu woke up and understood the whole story, he would naturally give him a satisfactory offer.
