

God tier Farm 2761

Chapter 2761 An unexpected reunion (1)

"It's good that I can help you," Ma Jia said with a smile.

Then, Ma Jia couldn't help but sigh,""RUO Fei, you are the most promising soldier I have ever led! Of course, it's not only because you've made such a big career, but also because I, the old company commander, have benefited from you. More importantly, after you left the Army, you still made such a great contribution to the country and the Army, and you even have the honor of receiving second – Class merits. I'm sure I won't be able to do what you're doing in the future!"

"You're overpraising me, old company commander." Xia ruofei revealed a look of reminiscence."When I learned of the news of old Luo's death, blood also rushed to my head. In addition, it happened in the three mountains, so I'm responsible for it!"

Xia ruofei smiled and said,""Oh right, I've asked Lei Hu to arrange a meal for you tonight. I'll let you meet someone!"

"Oh? Who's there?" Ma Jia asked.

"You'll know tonight!" Xia ruofei said with a smile.

"You brat, you're still keeping me in suspense!" Ma Jia laughed and scolded," You're the boss now, I'll follow your arrangements!"

Since Xia ruofei had arrived, Ma Jia had the Veterans end their training early and return to the dormitory together.

The ex – soldiers had been away from each other since they were discharged from the Army. It was rare for them to get together, so they naturally had endless topics to talk about. In particular, a few of the ex – soldiers who were more familiar with Xia ruofei asked the questions that everyone was very concerned about, which was their future work.

Xia ruofei did not hide anything from everyone and gave them a brief introduction of the situation on the Paradise Island. Of course, he did not mention anything about the world of cultivation or the Taixu xuanqing formation.

The guards were mainly responsible for the daily Defense of the island. The Liu family had already set up a lot of weapons and equipment on the island, which needed professional people to operate. The guards were dealing with ordinary security threats, including Pirates and the like. In the event of civil strife in the agate, Paradise Island, which was relatively close, might be affected by the chaos.

If cultivators invaded, there would naturally be a large array to deal with it. When the time came, all the ordinary people would be transferred to the sanctuary in the mountain.

Regarding the weapons and equipment that the ex – soldiers were very concerned about, Xia ruofei also readily expressed that everyone could make a list according to their needs. As long as it was not too exaggerated, he would be able to satisfy them.

Everyone was naturally cheering. After being in the Army for so many years, especially in the Special Forces, they had come into contact with a lot of weapons and equipment. The Veterans were also very familiar with some foreign military equipment and had long been fascinated by some famous weapons. Thinking that they could use these weapons in the future, everyone was naturally happy from the bottom of their hearts.

After everyone chatted for a while, the 20 – odd veterans that Xu Yougang brought arrived at Taoyuan farm.

These were all his old comrades in the Army, and he knew them well. Their military quality was also very good.

Xu Yougang had gathered everyone together and then took the high – speed rail to come here.

According to Xia ruofei's instructions, Xu Yougang had contacted Lei Hu in advance, so the peach blossom company had sent a bus to Sanshan South Station to pick up everyone.

Xia ruofei looked at the travel – worn Xu Yougang and gave him a few words of encouragement. He then asked him to quickly bring the Veterans to the dormitory to settle down.

Soon, Xu Yougang came over and explained to Xia ruofei the situation of the recruitment of veterans.

He had brought a total of 23 comrades, all of whom used to be excellent Scouts. He had also carefully made a roster, listing everyone's basic information and service status.

Xia ruofei also trusted Xu Yougang very much. After a brief understanding, he accepted all the Veterans.

Of course, Xia ruofei still had to conduct a routine screening of everyone before he entered the island, including the old captain Ma Su. It was not that he did not trust them, but Peach Garden Island was too important to Xia ruofei. He could not allow any mistakes to happen.

Xia ruofei introduced Ma Jia and the other veterans from Lone Wolf to Xu Yougang. They were all from the military, so there was a natural sense of closeness between them. Soon, the two groups of veterans got along well and started to chat with each other.

In the Army, there would always be all kinds of relationships, such as fellow soldiers, common comrades, or the martial arts competition that they had participated in, and so on. Moreover, Lone Wolf's team members were mainly selected from various reconnaissance troops, and many of them could also interact with old troops.

Therefore, everyone soon began to chat with great enthusiasm.

Of course, they were all old comrades who had been trained by the Army for many years. Even though they had already retired, they still remembered the confidentiality regulations in their hearts. As for the secret missions they had carried out during their service, if they had not passed the confidentiality period, they would definitely not mention them.

The sky was getting dark. Lei Hu walked over and said to Xia ruofei, "Brother Xia, the canteen is ready!"

In order to ensure the food of the Veterans, Lei Hu had specially invited the wife of Cao Tieshu, who was originally in charge of the canteen, back to be in charge of the cooking.

After the peach blossom company's headquarters moved, the number of people eating at the farm's cafeteria had also decreased. Now, it was mainly the farm workers who ate lunch here. The company's headquarters 'cafeteria for the employees had also been built. Therefore, Cao tieshu's wife had already gone to work in the headquarters' cafeteria, leaving only a chef here.

This time, Xia ruofei had ordered to prioritize the food and lodging of the Veterans, so Lei Hu had transferred Cao tieshu's wife, who had the best cooking skills, back.

Chapter 2762 An unexpected reunion (2)

Xia ruofei nodded and asked in a low voice, ""Have you picked up the person?"

"Mm! He's already in the canteen!" Lei Hu replied.

"Alright!" Xia ruofei said. He then asked, "where's the wine? Are you all ready?"

"Don't worry! Brother Xia! Ensure that we have sufficient ammunition!" Lei Hu laughed and said, "I personally went to the winery's warehouse to get it. You're really respected! There are a lot of cars there waiting to be loaded. I heard that some of them have been waiting for two or three days. When I went over, they immediately gave me the wine first!"

The sales of the Drunken Eight Immortals wine had been increasing in popularity for the past two years. The most idle job at the winery was the sales post. There was no need to go out to find sales channels at all. The products were always in short supply. It was very common for some to wait for several days at the winery in order to get a batch of goods.

Xia ruofei laughed and said, "of course!" I'm a shareholder of the winery! Do I have to line up to get some wine? Besides, we won't be taking it for free! There's also money, okay?"

Xia ruofei had only informed the winery, and Lei Hu had bought the goods under the name of the Paradise Corporation. He had also settled the bill under the company's name. Of course, to Xia ruofei, this was just a matter of using his left hand to replace his right hand.

"That manager wanted it to be free of charge. Are we the kind of people who take advantage of others?" Lei Hu chuckled. She directly stuffed the check into his arms!"

Xia ruofei laughed and scolded, "Alright, alright! Don't get too cocky, kid! Hurry up and go to the cafeteria!"

"Yes!" Lei Hu said.

This time, Xu Yougang had brought along many of Lei Hu's old comrades. He was also quite excited today, even Walking with the Wind.

"My comrades!" Xia ruofei shouted. The canteen has already prepared the food. Everyone, go to the canteen and chat while eating! I've prepared a little wine today. It's been a long time since we've reunited, so let's get drunk tonight!"

"Good! We won't leave until we're drunk!"

"I've never been a coward when I drink! I'm going all out with this hundred Jin!"

“Hahaha! Old Yan, when did you ever drink more than me in the Army?”

“Who doesn’t know how to brag? We’ll see who’s the real deal at the table!”

“You have backbone! Then we’ll wait and see!”

.....

The ex – soldiers followed Xia ruofei to the canteen excitedly.

Just as everyone lifted the curtain and walked into the canteen, they saw two people coming up to them. Ma Jia was talking to Xia ruofei, but when she saw who it was, she couldn’t help but freeze.

These two people were monitor old Luo’s widow, Lin Yue ‘e, and their daughter, Nan Nan. After monitor old Luo passed away, Xia ruofei had specially made a trip to the monitor’s hometown to persuade Lin Yue’ e to work in his company. At the same time, he had also arranged for Nan Nan to study at San Shan.

Ma Jia looked very surprised and said after a long time,””Sister – in – Law? What are you doing here?”

“Company commander MA, long time no see!” Lin Yue ‘e said with a smile.

Squad leader old Luo had a lot of experience in the lone wolf assault team. Many of the Veterans who had come to work in Xia ruofei’s Peach Blossom Island guard were soldiers he had led before, so they were more familiar with Lin Yue ‘e. When they first saw Lin Yue ‘e, they were also very surprised. When they regained their senses, they all came forward to greet her.

“Sister – in – Law!”

“Good day, sister – in – Law!”

“Sister – in – Law, how have you been these past two years? We’ve all missed you!”

Lin Yue’ e smiled and said,” I’m very good!” I’m so happy to see you guys today! Little Xiao, little li ... You’re little Wang, right? I haven’t seen you for a few years and you seem to have grown taller!”

The veteran named Wang zhihang by Lin Yue’ e said with a bitter expression, ” “Sister-in-law, when you call’ Xiao Wang’, can you not add the word’ right’? ”

The seasoned soldiers instantly roared with laughter. Lin Yue’ e was stunned for a moment before she reacted. She couldn’t help but purse her lips and smile, saying, ” “It’s my fault! Little Wang, long time no see!”

Ma Jia separated the crowd and said,” sister-in-law, you still haven’t told me why you’re here!” We all thought you were in your hometown!”

Only Wolf King Guo Zhan knew that Xia ruofei had arranged a job for Lin Yue’ e. This was also something that Guo Zhan had asked Xia ruofei to do. Xia ruofei had not spread the news, so Ma Jia and the others naturally had no idea. That was why Ma Jia was so surprised when he saw Lin Yue’ e.

Lin Yue’ e looked at Xia ruofei and said, ” “I’ve been in the three mountains for the past two years! And he was working in RUO Fei’s company! RUO Fei had even arranged for Nan Nan to enter the best primary school in the three mountains ... Nan Nan, why are you hiding behind? Hurry up and call for

help! This is uncle MA and this is uncle Xiao. When I went to the Army, they always gave you delicious food. Have you forgotten? ”

Seeing that so many people were looking at her, Nan Nan could not help but feel a little shy. She kept hiding behind Xia ruofei. Although Xia ruofei did not spend much time at the three mountains, he seemed to have a high natural affinity with the children.

“Sister-in-law, it’s fine!” Xia ruofei laughed and said, ” maybe it’s because we haven’t seen each other for a long time. The child is a little shy. He’ll be fine in a few days! ”

MA Zhang was still digesting Lin Yue’ E’s words. After a while, he came back to his senses and looked at Xia ruofei with a complicated expression. ” ” Ruofei, I didn’t expect you to do so much for the old class monitor ... In fact, we also want to do something for the class monitor, but we don’t have the strength ... Ruofei, thank you! ”

Xia ruofei waved his hand and said,” no, no, no!” Old company commander, you’re being too serious ... Back then, I was brought up by old squad leader Luo. If it were in the past, he would be my master! It’s my duty to do something for the class monitor to the best of my ability!”

When ma su saw Lin Yue’ E’s state, he knew that she had already walked out of the grief of old Luo’s sacrifice. She was living very well in the three mountains, and her entire person was filled with a healthy and positive aura. This made him feel even more emotional.

The way the other veterans looked at Xia ruofei changed.

Xia ruofei’s act of helping Lin Yue’ E’s family had greatly improved his image in the hearts of the Veterans.

Xia ruofei felt a little uncomfortable under everyone’s gaze and quickly said, ” “Don’t just stare! Find your own seat and sit down! It’s getting dark, hurry up and start scrubbing! Old company commander, sister-in-law, you two sit here!”

Xia ruofei beckoned the Veterans to take their seats.

Lin Yue ‘e also smiled and said,’ everyone, find a seat! There’s a dish I made myself tonight! It’s a welcome for our comrades!”

“That’s great! I haven’t tasted sister-in-law’s cooking for years!”

“Let’s all guess which dish sister – in – Law made, okay?”

“I think it’s possible! If you’re wrong, you’ll have to drink three cups of wine as punishment!”

“It’s decided then!”

The seasoned soldiers responded noisily and found a place to sit down.

Although there was no clear division of ranks, everyone would find their more familiar comrades to sit at the same table. For example, Xu Yougang and his group of veterans were concentrated at two of the tables.

Xia ruofei, Ma Jia, Lin Yue ‘e, and a few others who had been in lone wolf for a long time sat together.

Cao tieshu's wife brought the staff of the canteen and quickly served the dishes.

Lei Hu, on the other hand, took out all the liquor that he had brought from the winery's warehouse today. They were all from drunken eight immortal's white liquor production team, and they generally liked to drink white liquor.

There were 15 boxes of wine and 90 bottles in total. If they finished all of them, each person would have nearly two bottles on average.

"My comrades! Eat to your heart's content! Drink as much as you want!" Xia ruofei stood up and raised his voice. "If there's not enough wine, I still have a lot at home. If you can finish it, we'll finish it all tonight!"

...

"Alright!" The seasoned soldiers responded loudly.

Even the horse Deputy was very active in responding to the ban on drinking in the Army, but it was allowed to drink during the holiday, so it was not against the rules.

Moreover, even if it was a little against the rules, Ma Jia would definitely not be a killjoy on such an occasion. He would drink when he had to.

Xia ruofei took a bottle of Drunken Eight Immortals from Lei Hu and filled it up with wine.

Today, he didn't use the thumb cup that was used to drink white wine, but a small glass that was used to drink beer in the South. One glass was about two taels.

Xia ruofei raised his glass high and said with a smile, "My comrades! All of you, fill up the wine! The first glass of wine, for our reunion, cheers!"

Chapter 2763 We won't go home until we're drunk (1)

Translator: 5496903 Today's gathering should be called a meal in the Army. The atmosphere was very lively. The Veterans had gathered again after such a long time and everyone was very happy. In this atmosphere, they naturally drank a lot.

Xia ruofei had drunk a lot as well, but he did not use his spiritual energy to disperse the alcohol. At this moment, if he did not get drunk no matter how much he drank, it would be tasteless. Of course, Xia ruofei's current physique was completely different from before. Even if he did not use his true energy to dispel the alcohol, his alcohol tolerance was much stronger than before.

Therefore, even though he was the host and had finished a bottle of white wine in a short while, he only felt a little dizzy, not even tipsy.

On the other hand, Ma Jia and the other veterans' eyes had already begun to wander after three rounds of wine.

It wasn't that Ma Jia and the others couldn't hold their liquor, but that Xia ruofei's alcohol tolerance was too good.

Ma Jia patted Xia ruofei's shoulder and said, "RUO Fei! You ... You brat ... After you left the Army ... Your alcohol tolerance has increased a lot! At ... At ... The ... At ... The ... Place ... You didn't ... Practice less, did you? "

Xia ruofei smiled and said," old company commander, I've always been good at drinking!" It's just that you used to be my leader, so I was too embarrassed to make you drink until you lie down!"

MA Yinlong laughed and said," you ... You're bragging!" I think you're also holding on ... Come! If you have the ability ... Have another big drink with me!"

"Company commander MA, you should drink less! " Both you and ruofei have drunk quite a lot tonight ..." Lin Yue' e persuaded.

Ma Jia was actually a little bit drunk at this time. He said, " "Sis-in-law ... It's ... Fine ... We ... We still have some left!"

Xia ruofei laughed and said," sister-in-law, if the old company commander wants to drink, then let him drink!" There's no one else here, and we're in our own territory. If he gets drunk, I'll just carry him back, he'll be fine!"

Lin Yue' e didn't drink at night, so she could naturally tell that Ma Jia had drunk too much. However, Xia ruofei was still sober. After all, Xia ruofei was the host. Since he had already said so, Lin Yue' e couldn't persuade him any further and could only nod helplessly.

"Ruofei, you'd better control yourself. Don't drink too much and cause an accident. If that happens, things might turn bad ..."She said after some thought.

It was a small matter to lose face after drinking too much. Lin Yue' e was worried that if she drank too much, she might suffer from severe alcohol poisoning or stomach bleeding. That would be troublesome. As the organizer of the banquet and the boss of these people, Xia ruofei had to take responsibility. Furthermore, these veterans were all old squad leader Luo's comrades. Lin Yue' e definitely didn't want to see anything happen to them.

Xia ruofei smiled and nodded," don't worry, sis-in-law." I know what I'm doing, nothing will happen!"

The Veterans were all physically fit. When the military unit did not prohibit drinking, they would drink together a lot after training and missions. Xia ruofei was confident in their alcohol tolerance.

Even if someone did get sick from drinking too much, Xia ruofei would be there and nothing would happen.

After Lin Yue' e heard Xia ruofei's words, she nodded her head and stopped trying to persuade him.

Xia ruofei smiled and took the bottle of wine. He first filled Ma Jia's glass and then filled his own.

He picked up his cup and said,"old company commander, I'll toast this cup to you!" I want to thank you for taking care of me during my time in the Army. At the same time, I wish you all the best after you end your military career!"

Ma Jia nodded heavily and said,""Thank you, brother!"

The two of them clinked their glasses, then raised their heads and drank at the same time.

Xia ruofei drank the waiter's glass of white wine easily. Ma Jia, on the other hand, was a little forced. After drinking the large glass of white wine, the smell of alcohol suddenly surged up. However, he covered his mouth in time and forced it down. Then, he sat in his seat for a while, picked up the glass of juice, and took two big gulps to avoid the embarrassment of 'live broadcast'.

At this moment, another veteran came over to toast Xia ruofei.

Xia ruofei did not refuse anyone. He used his eyes to signal Lei Hu to pay attention to Ma Jia's condition while chuckling and pouring wine from the bottle. He started drinking with the Veterans again.

Lin Yue 'E's eyes were twitching. Xia ruofei's manner of drinking white wine as if it were water was really scary.

However, the ex – soldiers had all drunk to a certain extent and were not as observant as Lin Yue 'e. When they saw that Xia ruofei had finished his glass, they all gave him a thumbs up and went to find their close comrades to drink.

At nine o'clock in the evening, Xia ruofei saw that there was not much white wine left in Lei Hu's bottle. Some of the Veterans were already sleeping on the table. He felt that he had drunk enough. In fact, he was feeling a little dizzy as well. This was a sign of alcohol.

Hence, Xia ruofei stood up and suggested that everyone drink up.

The Veterans who were still sober raised their glasses and drank their last glass of wine. Then, they helped their drunk comrades back to the dormitory.

Ma Jia was already fast asleep in her seat. Xia ruofei walked over and gestured for Lei Hu, who was about to help her up, to move aside. Then, he easily carried Ma Jia on his back and turned to Lei Hu, saying, "Make sure someone stays in the dormitory at night. If anyone feels any serious discomfort, inform me immediately! Also, get the cafeteria to prepare some hangover soup for everyone to drink!"

Chapter 2764 We won't go home until we're drunk (2)

Translator: 5496903 "Alright!" Lei Hu replied.

In fact, Lei Hu and Xu Yougang were familiar with many of the Veterans, but he did not drink much tonight because he knew he had work to do.

In a sense, these ex – soldiers were all considered guests today, and he, Lei Hu, was first and foremost an employee of the Paradise Corporation. His task today was to ensure that he could provide good service. This was something that Lei Hu was very clear about.

Xia ruofei personally carried Ma Long to the dormitory to settle down. He then went to each room to let the Veterans rest early. At the same time, he also reminded them to take care of the drunk veterans.

After Lei Hu finished his arrangements in the canteen, he rushed to the dormitory.

Xia ruofei gave him a few more instructions before going downstairs alone. He went straight back to his small villa in Taoyuan farm.

Although he hadn't lived here for a while, the company had arranged for people to clean it regularly, so the cleanliness was maintained very well. He didn't have to clean it overnight and could move in directly.

After Xia ruofei took a hot shower, he still felt a little dizzy. He had drunk too much tonight. By a conservative estimate, he had drunk more than three bottles of high – Concentration white wine! Even though he had a strong physique, he still couldn't take it.

However, Xia ruofei only needed to slightly circulate his genuine Qi, and the alcohol in his stomach and blood instantly evaporated. He quickly regained consciousness.

Xia ruofei locked all the doors and windows of the bedroom and drew the curtains. He then summoned the spirit map scroll from his palm and entered the medium.

He first went to the mountain and sea realm. The time here was synchronized with the outside world. It was already around 11 pm, and the laborers in the realm were already resting in their temporary rooms.

However, Xia Qing was a spiritual puppet, so he didn't need to sleep. Those free laborers were sleeping, but he was still busy working.

After seeing Xia ruofei enter, Xia Qing quickly came forward to greet him.

Xia ruofei nodded."I'm fine. I'm just here to check on the progress of the construction."

Xia Qing replied,"master, with this batch of labor, the progress of a lot of work has been greatly accelerated. You see, the area of the medicine garden has been expanded to more than a hundred mu. There are also dozens of mu of rice fields over there. If I were to take care of it alone, I definitely wouldn't be able to manage it."

Xia ruofei was the absolute master of this space. He could see the situation clearly with just a sweep of his spiritual power.

Xia ruofei nodded and said,"well done!" Xia Qing, the performance of these free laborers is not bad, right? Is there anyone who's not behaving?"

"No one here dares to be dishonest!" Xia Qing smiled and said,"now they are already used to your point system. Every day, they will put in their best effort to perform, hoping to exchange for as many points as possible."

Xia Qing paused for a moment and continued,"you promoted a few team leaders, and the results are good. I intend to give points to these people. Now, in addition to satisfying their food and clothing, they can also enjoy some cigarettes, wine, and drinks. So, they are very motivated!" "The others saw that they were doing so well, so they also tried their best to perform, hoping to get an official position ..."

Xia ruofei laughed.""Where there are people, there will be competition. As long as we don't engage in egalism and eat from the big pot, we can always maintain vitality!"

"Oh, right ..." Xia ruofei said,"Didn't I tell you to use the time difference at the Archean realm to cultivate some oak trees? How's this matter going?"

The last time Xia ruofei brought out a few pieces of oak to make wooden barrels in Australia, Old West was full of praise for the new wooden barrels. He had already urged Xia ruofei several times, hoping to buy more oak as soon as possible.

This was also what Xia ruofei had promised him, so he had asked Xia Qing to consciously cultivate more oak trees.

Xia Qing answered without hesitation. "Master, I personally completed this task. There are already around 150 of them. They were all cultivated at the Archean realm using the difference in time flow before being transplanted here."

Xia ruofei followed the direction of Xia Qing's finger and sensed it. He saw a lush Oak Forest. These oak trees were growing very well in an environment rich in spiritual energy. The smallest one was twenty to thirty centimeters thick, which was enough to make oak barrels.

Xia ruofei nodded in satisfaction and said, "Well done! Xia Qing, in the next two days, organize some people to cut down this batch of oak trees, remove all the branches and leaves, and saw off the thinner parts of the tree branches. I only need the parts with a diameter of more than 20 centimeters!"

"Yes! Master!" Xia Qing immediately responded.

"That's right. I can bring some large branches to the Archean realm to continue cutting and cultivate oak saplings. They will be useful in the future." Xia ruofei said, "however, after cutting down this batch of trees, we shouldn't be in such a hurry. After nurturing them at the Archean realm for a period of time, we can directly transplant them here."

After all, the space at the Archean realm was limited. Xia ruofei couldn't use the precious space to plant the oak tree. However, he could use some space for cutting. After the saplings survived, it wouldn't be a problem to transplant them to the Archean realm. If there were a lot of them, he would just need to do a few more cuts and be patient.

What Xia Qing lacked the least was patience. He did these cumbersome tasks every day without sleep or rest, but he never got annoyed, nor did he quit halfway.

Xia Qing replied without hesitation, "Yes, Master. I'll send a group of people to complete the logging tomorrow morning." I'll personally cultivate the new saplings. "

The importance of the Archean realm far exceeded that of the mountain sea realm. Even though the area of the Archean realm was less than 1% of the mountain sea realm, Xia Qing would never let anyone else do the work that needed to be completed by someone at the Archean realm.

"Mm! There's a lot of tools like a saw and rope in the space. You just have to arrange them accordingly." Xia ruofei nodded.

"Yes! Master!" Xia Qing said.

"Alright then! You can go!" Xia ruofei said, "I'm going to the mountain to cultivate for a while."

With that, Xia ruofei appeared at the mountainside of the mountain in the mountain sea realm.

After several space upgrades, the small hill had now become a steep mountain. The top of the mountain was shrouded in clouds and mist, giving it a Fairyland feeling.

Of course, the clouds at the top of the mountain were actually formed by extremely dense spiritual Qi, which was fundamentally different from the clouds in the outside world.

Although the mountain kept growing, the caves and stone rooms on the mountainside did not change much.

Xia ruofei sat cross – legged on the platform outside the cave. He closed his eyes and started to practice the second level of the “great Dao technique”.

The concentration of spiritual Qi here was far higher than that of the outside world. Even the Peach Blossom Island’s spiritual Qi concentration was much inferior compared to this place.

As soon as Xia ruofei activated his cultivation technique, a steady stream of spiritual Qi poured into his body.

The true Qi in his body was also slowly transforming into vital Qi, and the efficiency of his cultivation was much faster than directly using Origin crystals in the outside world.

When he was cultivating, he could not feel the passage of time. When Xia ruofei stopped, he realized that it was already nine o’ clock in the morning the next day. He sensed and realized that about 30% of the genuine Qi in his body had been converted into Yuan Qi. After cultivating all night, the results were very obvious.

Xia ruofei let out a breath of air and stood up to stretch his muscles.

With a sweep of his mental power, Xia ruofei discovered that the free labor of the mountain sea realm had already started working. However, Xia Qing was probably worried that using a saw to cut wood would affect Xia ruofei’s cultivation. Thus, although she had organized a group of over ten people, she only distributed the tools to everyone and did not start cutting wood.

Xia ruofei used his mind to tell Xia Qing, “Xia Qing, I’m going back to the outside world! Organize the workers and start working!”

“Yes! Master!” Xia Qing hurriedly bowed in Xia ruofei’s direction and responded.

With a thought, Xia ruofei returned to the outside world.

He kept the spirit painting scroll in his body and went to the bathroom to wash up. Then, he threw the clothes that reeked of alcohol into the washing machine and changed into a set of clean and refreshing clothes. He then left the room and went straight to the staff dormitory where Ma Jia and the others were staying.

Chapter 2765 Follow – up arrangements (1)

The Veterans had also woken up, but they didn’t organize any training. Most of them had drunk too much yesterday, so they were a little dispirited today. Ma Jia simply let them rest for half a day.

Ma Jia's face was still pale from The Hangover. When he saw Xia ruofei, he smiled bitterly and said, ""RUO Fei, how did your alcohol tolerance become so high? Last night, I was so drunk that I blacked out ..."

Xia ruofei chuckled and said, "I've already told you that I can hold my liquor well. I was letting you have your way in the Army. But you didn't believe me!" If you insist on competing with me, don't blame me if you get drunk!"

"I didn't say anything when I was drunk last night, did I?" asked Ma Jia.

Xia ruofei laughed evilly and said, "I've said a lot!" I've recorded it. I'm going to play it for sister – in – Law the next time I see her ..."

"Nonsense!" Ma Jia's face was full of disbelief. "I usually sleep soundly when I drink too much. I never talk nonsense!"

Xia ruofei laughed and said, "I'm not joking with you!" Old company commander, I see that everyone's condition isn't very good, so I'll make some hangover soup for everyone to drink later!"

Ma Jia waved her hand and said, "the canteen has already sent over some hangover soup. However, it will take some time for him to recover. Drinking The Hangover soup is useless."

Xia ruofei smiled. "My hangover soup is different. It's definitely effective!"

"Don't you dare brag!" Ma Jia said, "I wanted to organize a five – kilometer run this morning, but my physical condition was really bad. I felt a little light when I walked, so I gave up on it after thinking about it."

"You guys, wait a moment!" Xia ruofei said.

He originally wanted to talk to Ma Jia about the follow – up work arrangements, but when he saw that Ma Jia and the other veterans were listless, he also knew that the feeling of a hangover was very uncomfortable. So, he decided to prepare a special "hangover soup" for everyone first.

Xia ruofei arrived at the canteen. Cao tieshu's wife was leading the staff to prepare lunch.

Xia ruofei called out, "sister – in – Law, do you still have The Hangover soup we prepared for the Veterans?" If you don't have any, please cook another pot!"

"There's still quite a bit left!" Cao tieshu's wife smiled and said, "they are all over there!"

She pointed at a large stainless steel bucket in the corner of the canteen and asked, ""Boss, do you want to drink some too? I saw that you drank quite a bit yesterday! You should have a bowl of hangover soup!"

Xia ruofei walked towards the stainless steel bucket with The Hangover soup and smiled. ""I'm not drinking it. It's for the Veterans!"

"They've already drunk it twice. " Cao tieshu's wife said, "this thing doesn't have much effect even if you drink too much of it. You can't drink too much wine. Otherwise, it will definitely take you a few days to recover!"

Xia ruofei smiled and said, "it's okay. It's not bad to drink anyway." Let them drink it again!"

As he spoke, he lifted the lid of the soup barrel and saw that there was still more than half a barrel of hangover soup that exuded a faint medicinal fragrance. It should be enough for everyone to drink a small bowl.

Xia ruofei said, "sister – in – Law, help me prepare the bowls and spoons. Also, bring the three – wheeled cart from the canteen here. I'll send it over for everyone to drink another bowl!"

Cao tieshu's wife didn't think much of it, but Xia ruofei was the boss. She didn't dare to refute her boss's words, so she quickly got the staff to prepare the stainless steel bowls and spoons.

These things were always in the cafeteria's disinfection cabinet, so they didn't need to be specially prepared.

"Boss, I'll have someone send it over. You don't have to do it yourself!" Cao tieshu's wife said.

Xia ruofei laughed and said, "it's okay, I'll just take it as training!" Hurry up and get ready!"

Most of the staff in the canteen were female. Xia ruofei was embarrassed to let them do such physical work. Most importantly, he had to add something to the food, so he had to deliver it personally.

"Alright then!" Cao tieshu's wife said, "then wait a moment, I'll go push the cart!"

Just as everyone was busy preparing, Xia ruofei used his body to block everyone's view. He took out a few drops of the spirit Heart Flower petal solution and some spirit pond water from his spatial pocket and poured them into The Hangover soup. Then, he pretended to be curious and stirred the soup with a stainless steel ladle, letting it mix evenly.

Soon, everything was ready. Xia ruofei lifted the soup bucket easily and placed it on the tricycle. The employees also moved the plastic boxes with stainless steel bowls and spoons onto the tricycle.

Xia ruofei rode on his three – wheeled motorcycle and headed towards the staff dormitory.

"Old company commander, here's The Hangover soup!" Xia ruofei shouted from below the dormitory. "Get everyone down!"

Ma Jia stuck her head out from the corridor on the second floor and took a look, then quickly gathered everyone downstairs.

"Ruofei, how come you're so fast?" Ma Jia looked at Xia ruofei and said with a smile, "you didn't bring The Hangover soup that Mrs. Cao made, did you?"

"How is that possible? I used my own secret recipe to make this!" Xia ruofei smiled and said, "the effect is not something that a normal hangover soup can compare to! Hurry up, one bowl for each of you! Everyone has to drink it!"

"Alright! You're the boss now, so we have to follow your orders!" Ma Jia said with a smile.

He was the first to walk over. He used a long ladle to scoop a bowl of hangover soup and directly gulped it down.

After a while, Ma Jia finished the bowl. He wiped his mouth and said, ""And you still say that it wasn't made by sister – in – Law Cao? Even the taste is the same!"

Chapter 2766 Follow – up arrangements (2)

Xia ruofei laughed and said, "you can even feel the minute differences in the ingredients?" Old company commander, don't be too full of yourself!"

Then, he said to the Veterans, ""Everyone, don't just stand there. Line up and come over. One bowl for each person. Not a single one less!"

The ex – soldiers quickly formed a line and came forward to drink the soup.

At first, ma su didn't think much of it, but soon his face changed slightly and said, ""Eh? It really does seem a little different ... My head doesn't hurt anymore! What the hell ... Why is the effect so fast?"

Xia ruofei smiled as he watched from the side. Of course, he knew what the effect of the soup would be.

The petals of the spirit Heart Flower could even cure a serious disease like old man Liu. The Veterans in front of him were only dispirited after drinking alcohol. They didn't get sick at all. Under normal circumstances, they didn't need to take medicine. They would recover after two days of rest. Hence, even though Xia ruofei had only added a few drops of the solution, the huge bucket of hangover soup had already diluted the solution by many times. However, the effect was still very obvious.

Xia ruofei had also added some spatial spiritual pond water.

The spirit pool water was a great help in recovering one's mental strength. After drinking The Hangover soup with the spirit pool water and the petals of the spirit Heart Flower, everyone's spirits were low. Naturally, they recovered quite quickly, and the effect was very good.

The ex – soldiers also finished the soup one after another. They also quickly felt the magical effect of this "unique hangover soup."

In a short while, the Veterans in the open space in front of the dormitory building became lively again. A few of them even clamored to go for a five – kilometer cross – country run.

Ma su was also eager to give it a try. He had been a company commander for so many years and was also a person who couldn't stay idle. Although this was no longer the Army, he couldn't help but want to stop everyone from training well when facing a group of soldiers who had led them before.

Xia ruofei stopped him and said, ""Old company commander, although everyone has recovered a lot, we still drank too much last night. Let's rest for half a day today! Besides, you just announced that you would rest in the morning, and now you're changing it to training. It's not the style of the Army to change your orders so quickly!"

"Alright then!" Ma Jia said, "then let's rest for half a day!"

In fact, Xia ruofei was the boss now, and his instructions had to be carried out firmly!

Xia ruofei smiled and said, "old company commander, come and sit with me." Let's have some tea, and I also want to talk to you about the upcoming work arrangements. "

“Alright!” Ma Jia said straightforwardly, “the day we arrived, they told me that the small villa over there is where you live. I haven’t been there to visit it yet!”

“Then what are we waiting for?” Xia ruofei smiled and said, “let’s go now!”

“Let’s go!”

It was not too far from the staff dormitory to Xia ruofei’s Villa, so they did not take a car and just walked for a while.

Xia ruofei invited Ma Jia to the coffee table in the living room and sat down. He then started to boil water and prepare tea.

Xia ruofei secretly took out a small jar of Da Hong Pao from his spatial space and took it out from his pocket. He used a tea spoon to scoop some tea leaves and put them into the pot.

As he waited for the water to boil, he smiled and said, ““Old company commander, have a good taste of my tea later!”

“I’ve heard that your company is also selling a type of Da Hong Pao. ” Ma Jia laughed and said, “the internet has a very high evaluation of your tea leaves. They say that the price is affordable but the quality is quite high!”

Xia ruofei chuckled. “The tea here is different from the peach blossom Da Hong Pao that our company sells on the e – commerce platform’s flagship store. The tea here is all precious for personal consumption. It’s much better than selling in bulk!”

In fact, this was the truth. Xia ruofei had harvested and made these tea leaves in the medium. Furthermore, they were from the few tea trees that he had cut from the mother tree, Da Hong Pao. These were the second – generation authentic Da Hong Pao. The tea leaves sold in the flagship store were mostly from the second or third generation cut tea trees.

“Then I’ll have to have a good taste!” Ma Jia said, “I’ve never even tried the tea leaves you sell in your online store ... On one hand, I don’t have money. On the other hand, your hunger marketing is too infuriating! Isn’t it bullsh * t that you want to snatch something to buy?”

Xia ruofei smiled awkwardly and said, ““I didn’t ask much about the specific sales. It’s all the strategy set by the management team. However, it wasn’t just marketing! The output of Taoyuan’s Da Hong Pao tea leaves is indeed a little low. We can’t just release all the tea leaves at once! If that’s the case, there won’t be any tea for sale for a long time, so we can only release some of our stock at a time. ”

By then, the water was already boiling, so Xia ruofei started to make the tea. In a short while, the unique fragrance of Wu Yi Rock Tea filled the living room.

Xia ruofei picked up a cup of tea and handed it to Ma Jia, saying, ““Old company commander, have a drink and see how it tastes!”

“Thank you!” Ma Jia said and took the cup.

He didn't even realize that his attitude towards Xia ruofei was not as casual as before. Of course, this wasn't to say that Ma Jia was snobbish. After all, they were no longer in the Army and Xia ruofei was going to be his boss. His attitude unconsciously became more polite than before.

After Ma Jia took a small sip, she said, "The fragrance of this tea is very special! Although I've never had any good tea before, I think it's really good! It's even more fragrant than the Wolf King's precious tea leaves!"

Xia ruofei laughed and said, "How dare you drink Wolf King's Tea!" I have to report to him the next time I see him!"

"Don't tell on me!" Ma Jia said, "besides, the Wolf King turned a blind eye to it. When did we not take something good from his office? Hahaha ..."

The two of them chatted for a while before Xia ruofei said, "I'm usually quite busy, and I can't keep an eye on the farm all the time, so I'll have to trouble you with the personnel Management."

Seeing that Xia ruofei was talking about work, Ma Jia also said seriously, "No problem! The Wolf King asked me to take a break and come here in advance so that I can help you manage your team."

Xia ruofei nodded and said, "actually, we don't have any special tasks during this period of time. Everyone is mainly resting and recuperating. I estimate that everyone will be able to arrive in two or three days. You can organize some basic training for everyone appropriately, but don't push it too hard."

Xia ruofei agreed with Ma Jia's idea of organizing everyone's formation and basic physical training.

After all, some of the Veterans had left the Army for several years, and the guards were basically considered a military unit. Some of the sloppy habits of the local area were naturally not allowed to be brought in.

Many people felt that the formation training was just for show, including the Army's very strict housekeeping standards, especially the matter of the quilt being folded into tofu blocks, which was often criticized on the internet. In fact, whether it was the formation training or the housekeeping, they were all good ways to cultivate a soldier's discipline. Our Army was established in the hearts of the soldiers through such means.

Ma Jia had been a company commander for so many years, so he was naturally very clear about this. He nodded and said, "Don't worry! I know what I'm doing!"

Xia ruofei said, "there are still a few things that I have to trouble you with, old company commander." "First, everyone's uniforms and equipment must be unified when we arrive at the guard. Old company commander, you're in charge of asking for everyone's opinions on the basis of seeing what kind of clothes everyone likes. American or British, it's fine. Our Army's clothes are also not a problem. In short, everyone's opinions are the main priority. At the same time, it must be convenient for work. When the time comes, make a list for me, and I'll think of a way to buy it."

"Alright!" Ma Jia replied.

"The second would be weapons and equipment." Xia ruofei smiled and said, "similarly, we'll first ask for opinions and then give me a list of equipment. In addition to a set of equipment, if you have any

weapons that you really like, you can also bring them up. I will try my best to satisfy everyone! Of course, it's fine as long as it's not too outrageous. For example, there's no need to deploy a set of Patriot missiles on the island!"

Ma Jia couldn't help but burst into laughter and said, "I know! If that bunch of kids knew about this, who knew how happy they would be! I'll tell them the good news when I get back!"

Chapter 2767 Reunion after a short separation (1)

Xia ruofei then explained some details to Ma Jia, including clothing, food, accommodation, and transportation. He was still very concerned about these veterans who came to seek refuge with him.

While the Veterans were in the three mountains, Lei Hu was in charge of coordinating all the security. As the temporary person in charge of the guards, Ma Su naturally had to intervene in this work.

After the two of them finished discussing work, Xia ruofei asked, "By the way, old company commander, when will sister – in – Law come over to meet you?"

"She has already submitted her resignation, but there are still some procedures to be done," said Ma Jia. "You also know that this is how the system works. Even if she resigns, she can't just leave as she wishes." It might take another three or four days! She'll go through the formalities and hand over the work ... In addition, she'll have to make some arrangements at home. She should be able to meet up with us within a week. "

Speaking of this, Ma Su asked, "ruofei, is it because the Peach Blossom Island is in a hurry to get people?" I can urge her. "

Ma Su's wife was a meteorological major, and Peach Blossom island's airport happened to need meteorological personnel, so Xia ruofei had asked her to resign and come to work. This way, not only would they meet more people than before, but it would also solve the problem of the two places being separated.

Otherwise, if Ma Jia went all the way to Peach Blossom Island to work while her lover stayed in China, she would definitely have emotional problems after a long time.

Xia ruofei said, "I've already asked the staff who were originally on Peach Blossom Island to return to their countries. The airport is now closed. However, it's a private airport and only our own planes can take off and land. It's fine if it's a few days later." There isn't even a tower supervisor on Peach Blossom Island now, but I can still take off and land my own plane. "

"The weather is different!" Ma Jia said, "if there is bad weather that is not suitable for landing, and there is no weather forecast here, wouldn't it be dangerous for the plane to fly over as usual? I'll ask my wife to speed up and come over in two days!"

Xia ruofei waved his hand and laughed. "I'm fine! It's fine! I've asked our pilot and he said that meteorological data is indeed important, but there's an airport near Peach Blossom Island where we can obtain meteorological data. It's just that they can't accurately predict the situation above our airport. It's not a big problem, and it can be overcome in the short term. And to be honest, the number of flights taking off and landing at Taoyuan Airport is quite low, so don't rush sister – in – Law over such a small matter. Let her deal with everything before coming over!"

Xia ruofei then added, ""Of course, if you can't wait to see your wife, so you're using this reason to urge her to hurry up, then it's a different story!"

"Nonsense!" Ma Jia laughed and scolded him, "am I that kind of person?"

"That's hard to say ..." Xia ruofei said with a smile.

The two of them made tea and chatted in Xia ruofei's Villa. When it was almost lunchtime, Ma Jia got up and left. He returned to the staff dormitory where the Veterans were staying and prepared to have lunch with them. Everything here was in accordance with the military management model. Before lunch, everyone had to line up and walk to the canteen. They also had to strictly implement the rule of singing before lunch.

After Xia ruofei entrusted the management of these veterans to Ma Jia, he did not stay at Taoyuan farm. He asked Lei Hu to send him back to the jiangbin villa in the city.

In the days that she had been away from the three mountains, Ling Qingxue had also arranged for some part – time cleaners to come over and clean the house, so it was very clean. There wasn't a layer of dust because it had not been lived in for a long time.

After Xia ruofei returned home, he first checked the refrigerator in the kitchen, then took out some ingredients from the spirit map space and put them in the refrigerator. Then, he drove to the nearby Walmart to buy some ingredients that were not stored in the spirit map space.

After that, Xia ruofei started to get busy in the kitchen.

After a while, there was a knock on the villa's door. Xia ruofei did not see anyone, but he heard Ling Qingxue's cheerful voice. "It smells so good! Ruofei, what delicious food did you make?"

Before Xia ruofei came back, he had called Ling Qingxue and asked her to make time to go home in the afternoon so that the two could have lunch together.

This time, Xia ruofei had left for quite a long time. When Ling Qingxue heard that he had returned, she naturally agreed happily. If Xia ruofei had not said that he had something to do in the morning and would only be home in the afternoon, Ling Qingxue would probably have run back from the company in the morning.

Ling Qingxue finally managed to get off work, so she couldn't wait to drive back to the jiangbin villa community.

As soon as she entered the kitchen, she could smell the alluring fragrance coming from the kitchen.

Xia ruofei poked his head out of the kitchen and laughed. "We'll have braised lamb and steamed kun fish for lunch. Isn't that a good standard?"

Ling Qingxue was bending down to change her shoes. She straightened up and gave Xia ruofei a thumbs up. "I must give it a like!"

Ling Qingxue wanted to help out in the kitchen, but Xia ruofei realized that she was getting more and more busy. She was clearly here to cause trouble! Hence, he chased her to the living room to watch TV without giving her a chance to explain.

Without Ling Qingxue by his side, Xia ruofei's cooking efficiency had indeed improved.

Very quickly, he had prepared three dishes and a soup. Other than the two "hard dishes", there was also a stir – fried vegetable. The ingredients were naturally the vegetables grown in the spirit map space. He also made a scallop and pork rib soup.

Chapter 2768 Reunion after a short separation (2)

These dishes were more than enough for two people to eat.

It had been a long time since Ling Qingxue had a taste of Xia ruofei's cooking. She enjoyed the meal and praised Xia ruofei's cooking skills as she ate.

Xia ruofei laughed and said, "eat slowly!" It's just the two of us today, no one's snatching your food!"

Ling Qingxue took a sip of the rib soup, then raised her head and said, "Tell me! Now that you've been away for so many days, don't tell me you've found me and Wei Wei a good sister again?"

Xia ruofei looked embarrassed and said, "Look at you ... I'm not that kind of person, okay?"

Xia ruofei didn't want Ling Qingxue to continue this topic, so he immediately said, "Speaking of which, the harvest this time was really not small! Qingxue, are you busy at the company? Can I take a few days off? I want to take you to a place!"

Ling Qingxue thought for a moment and said, "of course I'm busy every day, but my dad's here!" He's just lazy, so he wants to retire earlier. If I really need to take leave, he can take care of it himself!"

"Alright! Then I'll take ten days off first!" Xia ruofei said, "I'll take you to a good place!"

"What is this place? He's worthy of your praise!" Ling Qingxue asked curiously.

"This is a secret for now!" Xia ruofei laughed and said, "but I can tell you a little. This place is called a cultivator's heaven!"

The place that Xia ruofei wanted to bring Ling Qingxue to was naturally Paradise Island.

With the continuous operation of the Taixu xuanqing formation, the cultivation environment and the concentration of spiritual energy on the Paradise Island would be much better than the outside world. The entire Island itself was a priceless cultivation resource. Ling Qingxue also needed to absorb a large amount of spiritual energy for her cultivation. Although she could absorb the spiritual energy from spirit crystals or even origin crystals, it would be even better if she could cultivate on the peach source Island.

If there was still spiritual energy on earth, then the spiritual energy inside the Paradise Island was almost inexhaustible.

"In that case, it has something to do with cultivation?" Ling Qingxue's eyes brightened, and her interest was piqued.

However, she changed her mind and asked, "Then, will Wei Wei go?"

"You want her to go with you?" Xia ruofei was slightly stunned.

Ling Qingxue rolled her eyes at Xia ruofei and said coyly, ""Aren't you just asking the obvious? If we're going, I'll definitely be going with her! Otherwise, how am I going to explain it to her if she finds out?"

Xia ruofei thought for a moment and said, "of course, I can bring her along!" It was originally prepared for you. But I don't know if she'll be able to leave, or if she'll have to go to classes or take exams. "

Song Wei was still a graduate student. Xia ruofei was not sure if taking a long leave would affect her studies.

"She's a graduate student, big brother!" Ling Qingxue said. Now, even undergraduate students could take a few days off, and graduate students had more freedom! If you don't believe me, I'll give her a call right now and we'll get this done today!"

Without waiting for Xia ruofei to reply, Ling Qingxue took out her phone and dialed Song Wei's number.

Xia ruofei saw that Ling Qingxue had directly found the number in her call history and dialed it.

'It seems like the two of them have been in contact ...' Xia ruofei thought to himself.

Ling Qingxue's call had already connected.

Ling Qingxue had a sweet smile on her face as she said, ""Weiwei, it's Qingxue ... I want to ask you something! RUO Fei wants to take us to a place, and he asked me to ask you if it's convenient for you to take a leave of absence these days ... It'll probably take ten days to half a month ... No problem? That's great! Go and take a leave of absence now! This matter is settled!"

Ling Qingxue ended the call in a few words. She put away her phone and smiled smugly. ""How is it? Done!"

Xia ruofei shrugged and said, "no problem!" I'll take you two with me!"

At this point, Xia ruofei pondered for a while and said, ""How about this, tomorrow ... The day after tomorrow! I have something to do in Beijing, so we'll go there directly after I'm done!"

"I have no problem with that!" Ling Qingxue said, "I'll ask my dad in the afternoon to take ten days to half a month's leave to relax ..."

"Then it's settled!" Xia ruofei said.

His return to the three mountains this time was mainly for the matter of the Veterans. In addition, he also wanted to take a look at the Paradise company. After settling his matters, he could go to Beijing.

After they were done discussing the leave, Xia ruofei smiled at Ling Qingxue and said, ""Wife, how's your cultivation going? Although I can't practice the absolute beginning Heart Sutra together, I can't slack off in my daily cultivation! If you don't advance, you'll fall back!"

Ling Qingxue said, "I've been persevering every day!" However, it's true that that set of cultivation technique is only suitable for joint training. The efficiency of one person's training is really too low. "

"We can practice together today!" Xia ruofei said. He sized Ling Qingxue up and smiled evilly. "But before that, I have to check if your cultivation has improved!"

After he finished speaking, Ling Qingxue screamed in shock as Xia ruofei lifted her up by the waist and walked towards the stairs, heading straight for the master bedroom on the second floor ...

It was two hours later when the two of them really started cultivating.

When the two of them cultivated the absolute beginning Heart Sutra, they also had to be in close contact, and it was a direct contact on the soul level. The feeling was many times stronger than having sex in reality. After all, when they cultivated, they had no other thoughts, and in fact, they didn't have many thoughts in that aspect.

Very quickly, Xia ruofei had set up the array flags. Ling Qingxue had also put on her clothes. The two of them walked into the range of the array flags and began to cultivate the absolute beginning Heart Sutra after some slight adjustments.

The two of them had been cultivating in the array for almost a whole day. Of course, because of the difference in the flow of time, only about ten minutes had passed in the outside world.

After Xia ruofei's breakthrough in cultivation, Ling Qingxue had practiced the absolute beginning heart scroll with him. The benefits she had gained were even greater. After a whole day of cultivation, her cultivation had improved by a large margin.

Xia ruofei did gain something. On the contrary, Xia ruofei realized that cultivating the absolute beginning Heart Sutra could also promote the transformation of genuine Qi into Yuan Qi, and the transformation efficiency was not low.

After a day of cultivation, about 10% of his genuine Qi had been converted into Yuan Qi. Now, Xia ruofei's dantian had about 40% Yuan Qi. The remaining 60% was still genuine Qi. He needed to continue working hard.

Of course, the longer the cultivation time, the better it was. Otherwise, he would simply cultivate for a few days and nights without rest, and he could successfully complete the process of true Qi transformation. In fact, excessive training would not only reduce the efficiency, but it could also bring some danger.

Therefore, the two of them stopped after a day.

It was already three or four o'clock in the afternoon. There was no point for Ling Qingxue to go to the office anymore, so she gave Ling Xiaotian a call and told him that Xia ruofei was back and that she would not be going to the office in the afternoon. She also told Ling Xiaotian that she would be taking a period of leave. Of course, the reason was made up. She said that she was going on a trip abroad.

When Ling Xiaotian heard that his daughter was going on a trip with Xia ruofei, he agreed happily without a second thought. He even urged Ling Qingxue to spend more time outside so that she would not have to worry about the company.

Xia ruofei had wanted to go to his company in the afternoon, but it was obvious that he could not make it in time, so he decided to go tomorrow.

The two of them strolled along the min River until the sun was setting. Then, they returned to the villa hand in hand. Xia ruofei was still the one who cooked. They made a sumptuous dinner and opened a bottle of half – Lon.

After the meal, Ling Qingxue was still a little shy and felt embarrassed to stay the night. Besides, she had to go back to pack her luggage, so she went home after chatting with Xia ruofei for a while.

Xia ruofei had already cultivated in the afternoon, so he did not cultivate at night. After a shower, he went to bed early.

The next morning, Xia ruofei drove the Knight XV SUV towards the headquarters of the Paradise Corporation.

Chapter 2769 Company affairs (1)

The management of paradise Corporation had gotten used to Xia ruofei's laziness. Even if he did not appear in the company for two months, no one seemed to feel that something was wrong. The company continued to operate as usual.

Of course, Feng Jing, Dong Yun, and the director of the Taoyuan pharmaceutical company, Xue Jinshan, knew very well that even if Xia ruofei did not appear in the company for half a year or even a year, he was still the soul and core of the company. Without Xia ruofei, Taoyuan pharmaceutical company would not be able to last even a month.

All the formulas in Taoyuan pharmaceutical factory were developed by Xia ruofei. Up until now, he was also the one providing the raw materials. The production process was also personally written by Xia ruofei and sealed into the computer. It could be said that without Xia ruofei, Taoyuan pharmaceutical factory would stop production at any moment.

In addition, the precious truffles, Cordyceps, and Dahongpao tea leaves were all provided by Xia ruofei.

It could be said that Xia ruofei was the core competitive force of paradise Corporation.

Hence, even though Xia ruofei had stopped managing the company, his reputation in the company had not weakened.

As soon as Xia ruofei arrived at the company, Feng Jing immediately called for a meeting with all the management to report on their work. Within half an hour, all the senior management in San Shan had arrived at the small meeting room, including Xue Jinshan, who was busy at the construction site.

Xia ruofei listened to everyone's recent work reports and expressed his appreciation and encouragement for their work. At the same time, most importantly, he was here to solve their problems.

If there were any unsolvable problems in the field that they were in charge of or things that required Xia ruofei's approval, they could take advantage of this rare opportunity to raise it.

In fact, everyone had indeed accumulated a lot of problems, such as the large expenses for the purchase of vehicles and equipment, the construction funds from Taoyuan pharmaceutical factory, and the most important raw materials and medicinal herbs were about to be used up. The production scale was about

to expand by several times, so Xue Jinshan had been worried all this time. It was not easy for Xia ruofei to appear, so he naturally poured out his grievances.

Xia ruofei answered everyone's questions with a smile.

As long as the expenses were not too outrageous, he would directly sign and approve of them. In fact, Feng Jing was in charge of it. Basically, the expenses that could be reported to Xia ruofei were all relatively reasonable. Moreover, Xia ruofei had always given preferential treatment to his employees. For example, he generously agreed to the purchase of a bus as the company's commuting vehicle or to increase the employee's food subsidy.

Regarding Xue Jinshan's problem, Xia ruofei gave him a calming pill and told him that the new raw materials and medicinal herbs would arrive soon. He also asked him to contact the transportation vehicle. In addition, he also readily signed and approved the funds for the pharmaceutical factory to purchase equipment.

Xia ruofei was very efficient. In less than an hour, he had answered or solved all of their questions. The company's higher-ups were full of energy and threw themselves back into work.

Xia ruofei called Feng Jing to his office.

"Mr. Chairman," Feng Rao said with a half-smile, "it looks like you're going into seclusion again?"

Xia ruofei was very efficient at the meeting today. He asked everyone to report on what they had to say. He did not use any empty words. Some of the performance reports were also as simple as possible. He did not even finish listening to the financial report and already knew the total figure.

Feng Jing knew Xia ruofei very well. She could tell that Xia ruofei's schedule was very tight this time. He would probably disappear for many days after he appeared.

With that thought, Feng Rao couldn't help but feel a little resentful.

Xia ruofei laughed dryly and scratched his head. "I'm sorry, sister Che. I've been really busy recently. I really didn't mean to be lazy. Besides, the company has been developing very well under your leadership. I'm not an expert in business management, so I'll try not to interfere with your normal operations ..."

Feng Jing could hear the sincerity in Xia ruofei's tone. Even though she couldn't figure out why Xia ruofei would be so busy if she left a company with such huge potential, she was a smart woman and knew when to stop. She also knew that she couldn't get to the bottom of things at this time.

So, Feng Jing only smiled and said, "Don't mind me, I'm just complaining out of habit. Since you've handed the company over to me, I'll definitely do my best to help you manage it. You can rest assured about that!"

"En!" Xia ruofei nodded and said, "It's all thanks to sister Che's hard work that the company can develop to this scale today! I'm thinking of transferring some shares to you at the end of the year as a token of my gratitude ..."

Xia ruofei didn't value worldly wealth as much as he used to. When money had accumulated to a certain extent, it was just a string of numbers. With Xia ruofei's current wealth, he wouldn't be able to spend it all even in ten lifetimes.

Most importantly, ever since he started on the path of cultivation, Xia ruofei felt that worldly wealth was not so important anymore. Some good cultivation resources could not be bought with money, at least not with worldly money.

Besides, if he really wanted to make a fortune, as long as he asked for it, Qingfeng Luo would definitely transfer the entire Corporation to him without hesitation. However, he did not do so.

Chapter 2770 Company affairs (2)

After Feng Rao heard this, she waved her hand and said, "The shares you've given me are enough, and my salary is higher than many CEOs in the world's top 500. I'm already taking too much."

Xia ruofei smiled and said, "compared to sister Che's efforts, I think the company's return is still not enough." I have my own plans for this matter. I haven't thought about how many shares I'll give you yet, but you're not allowed to refuse!"

Although Xia ruofei's tone was gentle, Feng Jing could feel that there was no room for doubt. Even if she was a "Iron Lady" in the company, she couldn't help but nod after hearing Xia ruofei's words, even if it didn't fit her values.

Xia ruofei immediately said, "since you've agreed, it's settled. When I have time, I'll get this done!"

Feng Jing snapped out of her daze. She didn't know why she had agreed so readily. According to her temper, even if Xia ruofei was the boss, even if he was giving her money, as long as it didn't match her value, she would firmly refuse. However, she seemed to be possessed today. It was too strange.

Xia ruofei chuckled to himself. In reality, he had done a little trick. It was just a small application of spiritual hypnosis. Feng Jing was just an ordinary person. Naturally, she had fallen into his trap without realizing it.

Words that had been spoken were like water that had been spilled. Feng Jing couldn't immediately go back on her words, so she could only reply with a confused expression, "Then we'll talk about it later ..."

Feng Jing decided not to think about it for the time being. After all, Xia ruofei wasn't going to transfer the shares to her immediately.

She thought for a while and said, "ruofei, there are two more things that are related to you personally. That's why I didn't say it directly at the meeting today. If you have time now, I will report it to you."

Xia ruofei looked at his watch and said, "There's still a little time. Sister che, you can tell me!"

Xia ruofei's main purpose today was to make a trip to his warehouse in the city. On one hand, he wanted to receive the wine from the winery, and at the same time, hand over the processed Drunken Eight Immortals wine to the winery. On the other hand, it was naturally to take out the raw materials from the space, so that Xue Jinshan's pharmaceutical factory would have rice to put into the pot.

If he hadn't made an appointment with the winery in advance, he would have plenty of time today. But now, he couldn't. He had to get to the warehouse in advance and take the wine out of the space.

However, today's meeting was very fast, so he should still have about half an hour.

Feng Rao nodded and said, "Then I'll make it short. "The first thing is about the Spanish clubs. They hope to sign a strategic cooperation agreement with our company. The two sides will form a deep cooperation in brand promotion, product promotion, and other aspects. Considering the special relationship between you and this club, as well as their hopes of competing in the European arena next season, after our president's office has studied it, we are inclined to agree to this proposal. Of course, this all depends on you to decide. "

Xia ruofei raised his eyebrows and said, "European war?" Did Spain have a chance to enter the European tournament? I thought they weren't leading by that much?"

The last time Xia ruofei helped Espanyol with Valencia, he scored three brilliant goals and helped Espanyol beat her by a narrow margin of four to three. After that, he left Spain and returned to China. He remembered that Espanyol's situation at that time could only be said to be more optimistic about their chances of staying in the league. They were still quite far from the European region!

Feng Rao was speechless. "You are also one of the shareholders of Espanyol! How much do you not care about your team!"

Ever since Xia ruofei played in the match between Espanyol and Valencia, many people in paradise Corporation had become fans of Espanyol. The Spanish football Association was also very generous by adjusting the kick – off time for Espanyol's subsequent matches. It was basically at noon local time, which was around 7 or 8 p.m. In China, and the latest was around 11 p.m. For those who watched the game, this was considered the prime time. Their viewership ratings in China naturally increased greatly, and their influence also increased greatly.

Therefore, many people in paradise Corporation knew about the current points, ranking, and future trends of the Spanish team like the back of their hands. Feng Jing did not expect Xia ruofei to not pay attention to the Spanish team's situation at all, and she could not help but laugh.

Xia ruofei scratched his head and smiled awkwardly. "Didn't I just say it? I've been really busy recently ..."

He had been busy with the construction of peach source Island, activating the Taixu xuanqing formation, and taking in Aurous core stage cultivators as his servants. In comparison, he naturally did not care about the results of the La Liga club that he had invested in out of interest.

Feng Rao shook her head. "With your help, they won against Valencia. The Spanish team's momentum is like a rainbow. They won the next two rounds in a row. The rankings of the lower – tier teams in La Liga have always been in a stalemate, so they are only four points away from the European region. With seven rounds left in the league, the four – point gap is not that big. Of course, this is on the premise that Barcelona has a high chance of winning the Kings 'cup. As long as they catch up with this gap, they can get a place in the UEFA Europa League qualification. "

Feng Rao was not a fan of Espanyol, but she knew so much about the situation of Espanyol. It was clear that she had done her homework after the Espanyol club had sent out their intention to cooperate.

She had to admit that Feng Jing was a very serious and responsible person at work.

Xia ruofei nodded and said, "the owner of the Spanish team is a good person. He has a good eye and a good personality. Just based on this, we can deepen our cooperation with them. As for whether they can enter the European tournament next season, it doesn't matter much." I agree to it!"

Feng Jing had already guessed that Xia ruofei would give her this answer. She smiled and nodded. "In fact, the strategic cooperation is also very simple. The initial plan is that our company will launch a customized version of tea leaves, Cordyceps, and other products from the Spanish clubs, as well as the Jade skin cream that is very popular abroad. They hope to design a special version with the Spanish club's badge. As for the Spanish clubs, they will hang our company's LOGO on the home stadium, the peripheral product stores, and other occasions, and indicate our strategic partners. At the same time, they will also give us a certain refund discount for advertisements on the chest of their jerseys. "

Xia ruofei nodded without hesitation. "No problem! It won't cost much and it's a win – win situation. Agree to them!"

"Alright!" Feng Ye paused and continued, "in addition, Spain also proposed that in order to increase the probability of the team entering the European zone, they hope that you ... Can represent the team as much as possible in the remaining rounds of the league tournament this season, if conditions allow."

Xia ruofei couldn't help but laugh. "So you were waiting for me here! I was wondering why they suddenly wanted to work with us on some strategic collaboration!"

"Who asked you to be so eye – catching in that match?" Feng Rao pursed her lips and smiled. A lot of fans are protesting on RCD Espanyol's official Weibo. Why did President Xia, who performed so well, not make it into the squad list for several games in a row?"

Xia ruofei couldn't help but laugh, "it's all my fault!" How about this ... You can reply to them directly. If I have time, I can play a few games on behalf of RCD Espanyol, but you have to contact me at least three days in advance. "

"Alright!" Feng Rao nodded and said, "in fact, the domestic fans have high hopes for you! The second thing I want to say is also related to this. "

"You're not going to let me join the national team, are you?" Xia ruofei couldn't help but ask.

Feng Rao laughed and said, "you're right!" The fans spontaneously launched a vote on Weibo, hoping that the national team would draft you. Now, more than 80 million people have participated in the vote, and 99% of the participants have chosen to draft you!"
