

God tier Farm 571

Chapter 571: It's really you_3

"How can I do that?" Boss Qian said as he rubbed his hands, his expression slightly uneasy.

That was indeed the case. If it was anyone else who received such a big favor from others for no reason, if they didn't express anything, they would indeed feel bad in their hearts.

Qian Lijun also said, "ruofei, why don't you let us express our gratitude?" Regardless of the weight of the gift, it's still a token of our sincerity!"

"Yeah, yeah, yeah," boss Qian quickly said, "ruofei, where's your friend?" Li Jun and I will definitely pay him a visit to thank him!"

Xia ruofei said helplessly, "uncle Qian, there's really no need ... My friend doesn't care about these things ... Why don't we do this?" I'll give him a call now and convey your gratitude ..."

Xia ruofei did not wait for boss Qian and Qian Lijun to speak. He took out his phone and dialed song Rui's number.

Boss Qian and Qian Lijun looked at each other and tactfully moved to the side.

"RUO Fei!" Song Rui's loud voice came through the phone.

"Young master Song, thank you!" Xia ruofei smiled and said, "my friend has already received the money that was scammed. You're quite efficient this time. You deserve praise!"

Song Rui was stunned for a moment before he came back to his senses. He asked, "Is everything done?"

"You don't even know?" Xia ruofei did not know whether to laugh or cry.

"Hey! I didn't care about this after the call!" Song Rui said nonchalantly, "he's just an old liar. Do I have to go back to xiangnan to meet him personally?"

Xia ruofei thought about it and agreed. With song Rui's status, wouldn't he have hundreds of different ways to deal with an old scoundrel like Liu Jinsheng? He had casually greeted Liu Jinsheng, and if he did not die, he would have lost a layer of his skin.

.....

"No matter what, this is all thanks to you!" Xia ruofei said seriously, "my friend's family is also very grateful to you. They asked me to call them to convey their gratitude."

"I'm doing you a favor by helping you ..." Song Rui rolled his eyes and said, "if you want to thank someone, let them thank you!"

Xia ruofei also knew song Rui's carefree personality. He smiled and asked, "By the way, did you spend any money on this? Do you need me to reimburse you?"

"You're smacking my face!" Song Rui immediately shouted, "do I need to spend money on such a small matter? Aren't you underestimating me too much?"

“Then you didn’t casually use your father’s men to help you do this, right?” Xia ruofei was still worried and asked again. Then, he said with a smile, “don’t get scolded by uncle song because you’re doing something for me. I’ll feel guilty then!”

“No, I didn’t! I don’t have any!” Song Rui said, “I just greeted a few familiar friends! Ruofei, if you have nothing else, I’m hanging up! I still have to attend a meeting at the company later!”

“Hey! You’re really addicted to pretending to be an obedient baby!” Xia ruofei said, “fine! I won’t disturb you then, bye!”

After hanging up the phone, Xia ruofei walked towards Mr. Qian and his son with a smile.

In fact, boss Qian and Qian Lijun didn’t stay too far away, and Xia ruofei didn’t deliberately lower his voice. Therefore, although they didn’t mean to eavesdrop, they still heard some words.

For example, when Xia ruofei addressed him as “young master Song”, he seemed to have vaguely mentioned “young master song’s” father.

Boss Qian was also very curious about the identity of this “young master Song”. It sounded like this noble was most likely the son of a high – ranking official. There were not many high – ranking officials in Hunan with the surname song, but the most powerful one was undoubtedly the provincial head judge, song Zhengping ...

Could it be that Xia ruofei’s friend was the son of the head judge of the song Jin province?

Boss Qian’s heart was also in a great uproar. He thought about it, it seemed that only a noble with this identity could make Liu Jinsheng so obedient.

Even if that “young master Song” was not the son of provincial head judge song, his status must be quite noble. Otherwise, it would be impossible for him to handle the matter so beautifully and perfectly so easily.

Thinking of this, boss Qian looked at Xia ruofei, who was walking towards him with a smile on his face. His gaze was a little different, and there was even a hint of respect in his eyes ...

Chapter 572: There’s a kind of brother called comrade – in – arms (1)

“Uncle Qian, I’ve already told my friend. Let’s just leave it at that! It’s a happy ending!” Xia ruofei said with a smile.

Boss Qian’s face was filled with gratitude as he said, “”Ruofei, thank you so much. I thought that I would never get back the money in my life.”

Qian Lijun also patted Xia ruofei’s shoulder and said sincerely, “”Ruofei, thanks!”

He knew very well that Xia ruofei had done his family such a big favor without saying a word out of camaraderie.

Xia ruofei smiled and said, “uncle Qian, Li Jun, you don’t have to be so polite with me. Li Jun and I are good friends who love to fight. Furthermore, it’s all thanks to you guys that master Luo was sent to help. Otherwise, I wouldn’t know what to do with my iron – Skin Dendrobium fresh strips!”

"We've only done something so insignificant," boss Qian lamented. "Ruofei, you've helped us so much. This ... There's no comparison!"

Xia ruofei laughed and said, "we're family, so you don't have to be so formal!" Uncle Qian, we still have two comrades coming over at noon. You just have to accompany us for a few more drinks ..."

"Definitely, definitely!" Boss Qian quickly said.

"Oh, Pan Qiang and the others should be here soon. I'll give them a call and ask!" Qian Lijun also said.

Qian Lijun took out his phone to call Pan Qiang and Wang Zhihai while boss Qian personally went to prepare lunch. He could only express his gratitude to Xia ruofei by receiving him more warmly.

At around 11 O'clock in the afternoon, Xia ruofei's old comrades in the recruit company, Pan Qiang and Wang Zhihai, also arrived at the Qian family's iron – Skin Dendrobium base.

When comrades met, there was naturally a wave of excitement and sighs.

At noon, boss Qian prepared a sumptuous banquet for Xia ruofei, Pan Qiang, and Wang Zhihai. He also generously said that he had already booked a hotel in Anyue city. Tonight, Xia ruofei and the rest would have a larger gathering of comrades. He would cover all the expenses.

.....

During the meal, Xia ruofei, Qian Lijun, Pan Qiang, and Wang Zhihai were toasting each other and talking about the past in the Army. Everyone was very nostalgic.

They had joined the Army when they were 17 or 18 years old. In the iron – blooded military camp, they had laughed and cried, leaving an indelible Green Mark in their youth.

Now, they had all left the camp and entered society, but their camaraderie had not faded with the passage of time.

Boss Qian also frequently toasted the three of them, especially Xia ruofei's side. Boss Qian even toasted at least a dozen glasses of wine.

Xia ruofei was a guest, so Qian Lijun and the other two naturally drank with him.

However, Xia ruofei's alcohol tolerance was already very good when he was in the Army. Now, it was even more shocking. In addition, he was in a good mood today, so he did not reject anyone. He drank at least one or two catties of white wine during the meal.

As the banquet was coming to an end, Qian Lijun's face was flushed red from drinking too much. He was a little tongue – tied when he spoke.

He took a big glass and filled it with white wine. He walked to Xia ruofei and said, "Ruofei, you've done me such a big favor. There's no need to say any more words of thanks between us brothers, it's all in the wine. I ... I'll give you a toast!"

After he finished speaking, Qian Lijun raised his head and drank a glass of white wine that was two taels in total.

Xia ruofei chuckled as he picked up his glass and drank a glass of wine as well. He then supported Qian Lijun and said, "Li Jun, are you sure you can do it? No, don't force yourself, go and sleep for a while, there's still a fierce battle tonight!"

Qian Lijun's neck stiffened as he said, "how ... Can ... Men ... Say ... No?" Qiangzi, Zhihai, let 's...To.....Toast.....RUO Fei!"

Xia ruofei quickly gave Pan Qiang and Wang Zhihai a look, signaling them not to join in the commotion. Then, he helped Qian Lijun to sit down and said, "There are plenty of opportunities to drink, why are you in such a hurry? We'll continue drinking tonight!"

Then, Xia ruofei said to boss Qian, "Uncle Qian, Li Jun drank quite a lot today. I think we should stop here for lunch!"

Boss Qian naturally wouldn't object. He quickly said, "Good, good, good! Ruofei, I've already arranged the guest rooms. You guys should go and rest for a while. I'll wake you up in the evening and we'll go directly to the city!"

Xia ruofei smiled and nodded. He suddenly remembered something and asked, "By the way, uncle Qian, give me your account number! I'll ask the company's finance department to send you the processing fee for this tin Kaede fight. "

"I can't accept this money, ruofei!" Boss Qian quickly said. You helped me get back more than 80 million Yuan. I'm just doing you a small favor. How can I accept your money ..."

After hearing this, Pan Qiang, who was a little tipsy, asked curiously, "Uncle Qian, what do you mean by 80 million?"

Boss Qian said with emotion, "qiangzi, it's all thanks to RUO Fei this time!" Didn't our family get scammed of a large sum of money a few years ago? RUO Fei got the money back through his friends. It's more than 80 million!"

Pan Qiang and Wang Zhihai were both surprised. Wang Zhihai looked at Xia ruofei and said, "Comrade ruofei, it looks like you're doing well in the local area! We've heard about uncle Qian's case. Even the court won't be able to get the money back!"

Xia ruofei smiled and said in a low – Profile manner, "I don't have that kind of ability! I just happened to have a friend in Xiang Nan Province. He's quite influential, so I helped uncle Qian out ..."

Chapter 573: There's a kind of brother called comrade – in – arms (2)

"In this day and age, connections are the greatest resource!" Wang Zhihai said half – jokingly, "ruofei, don't forget to help your brothers when you're rich in the future!"

Xia ruofei replied seriously, "that's for sure!" I've opened a company in the southeast province and hired a lot of retired comrades from our old army, but they're all security positions. You big bosses in Jiangsu and Zhejiang don't think they're good enough ..."

"That's not for sure. If there's a day when I can't make it, I'll guard the door for you!" Pan Qiang said with a smile.

"Come on, you guys! Why are you pretending with your brother?" Xia ruofei laughed and scolded, "Li Jun told me everything. You guys have started companies in the counties and your businesses are all quite big. Do you think I don't know?"

Pan Qiang and Wang Zhihai both laughed.

"Qiangzi, Zhihai, if there's a business opportunity in the future, you'll be the first ones I'll look for!" Xia ruofei said seriously.

"That's what I wanted you to say!" Pan Qiang laughed and said, "we'll remember that. You're not allowed to brush us off!"

"Absolutely not perfunctorily!" Xia ruofei said with a smile.

Then, he looked at boss Qian and said seriously, "Uncle Qian, that's a separate matter. We still have to follow the rules in business! Then the processing fee ..."

Boss Qian interrupted Xia ruofei and said, "RUO Fei, then let's follow the rules and settle the score with you! Now, most debt collection companies take more than 30% of the Commission, so I'll pay you 25 million first! After deducting the 100000 Yuan processing fee for fengdou, I'll transfer you another 24.9 million Yuan, and we'll be even. What do you think?"

Xia ruofei couldn't help but smile bitterly and said, "Uncle Qian, I don't run a debt collection company ..."

"But we're not doing technical output either!" Boss Qian immediately said.

At this moment, Qian Lijun, who was in a daze, seemed to have heard the contents of everyone's argument. He glared at Xia ruofei with his drowsy eyes and said, "RUO Fei ... You ... You brat ... Are you ... Are you slapping my face? I ... I'm telling you! If you dare to mention ... Mention the processing fee again, don't ... Don't blame me for falling out with you!"

.....

Seeing this, Xia ruofei knew that boss Qian would definitely not accept the money, so he smiled bitterly and said, "Alright, alright, let's not talk about this anymore. Uncle Qian, Li Jun, I thank you! A few of my company's employees are learning here, so please take care of them. "

"Don't worry!" Boss Qian said, "I will definitely arrange for the best master to teach them and strive to let them be able to operate independently within a month!"

Boss Qian was worried that he would not have a chance to repay Xia ruofei! Qin Xiaojun and the rest were studying here, so he naturally had to make proper arrangements.

Boss Qian helped Qian Lijun back to his room, while Xia ruofei and the other two went back to their respective guest rooms to rest.

After drinking two catties of white wine, Xia ruofei still felt a little drowsy despite his amazing alcohol tolerance. He had slept for the entire afternoon. After he got up, he took out a cup of spirit Heart Flower petal solution from the medium and drank it. His entire person suddenly felt a hundred times more energetic.

In contrast, the others looked a little dispirited, especially Qian Lijun. His face was a little pale, and it was obvious that he had drunk too much in the afternoon.

Xia ruofei, Pan Qiang, and Wang Zhihai laughed and teased Qian Lijun. Everyone got into the car that boss Qian had prepared and headed straight to the city center of Tong Yue.

There would be another fierce battle at night, and the scale of the battle would be even larger. Basically, all of the comrades in the same batch in Anyue city had been met.

Xia ruofei had wanted to ask Qin Xiaojun to come along, but when he considered the fact that Qin Xiaojun had joined the Army, most of his comrades had already retired. Moreover, Qin Xiaojun was not in the same Regiment as them. He reckoned that Qin Xiaojun would feel uncomfortable if he went over, so he gave up on the idea.

Boss Qian had booked a high – end restaurant in Anyue city. The average spending was at least 500 yuan. He had also put in a lot of money.

However, having gotten back more than 80 million in one go, boss Qian was in a state of excitement and did not care about the tens of thousands of Yuan for a meal.

Not long after Xia ruofei and the others arrived at the restaurant, their comrades started to enter one after another.

Since they were all in the same area, they had more or less contacted each other. However, this was the first time they had gathered together. It was all because of Xia ruofei.

Xia ruofei had not seen these comrades for many years. As he had only been in the company for a few months before being selected as the lone wolf assault team, he could not even remember some of their names.

However, they still hugged each other tightly when they met, and the big room was filled with a strong sense of comradeship.

There was a slight difference between a gathering of comrades and a gathering of classmates. Everyone rarely compared their current situation. Instead, they reminisced about the past. When they talked about things in the Army, their voices were a lot louder. Bottles of wine were consumed at a very fast speed.

As the organizer, Qian Lijun had also learned his lesson. He did not drink to his death and kept a small amount.

After everyone had their fill, Qian Lijun organized a group to go to a nearby KTV and asked for a large private room to sing.

Without a doubt, military songs were the most popular.

The room was filled with impassioned and majestic tunes, "the day I leave the Army," "veteran, you have to leave," "when your hair brushed over my steel gun ..."

Although some people's singing sounded like ghosts wailing and wolves howling, everyone was singing very happily. Some people began to cry as they sang.

At midnight, everyone sang a song called “soldiers of the iron hard disk.”

Qian Lijun busied himself again. His comrades who lived in Anyue city took a taxi back, while Qian Lijun found a four – Star hotel for his comrades who lived in the county and arranged for them to rest.

Xia ruofei and Qian Lijun did not go back. They checked into a hotel room and slept.

The next day, Qian Lijun gathered his comrades again and went to Yandang mountain to play for a day. In the end, they returned home after having a great time.

Xia ruofei stayed at Qian Lijun’s house for another night and was ready to drive back the next morning.

He called Qin Xiaojun and the others over and instructed them to study the techniques diligently. Then, he spoke a few words to boss Qian and Qian Lijun before he got on the car and bade farewell to everyone. He then left the iron – Skin Dendrobium base.

.....

Just as Xia ruofei was driving south towards the southeast province, in the Four Seasons Hotel in Anyue city, Wang Jinsheng had already spent three days feeling uneasy.

He didn’t dare to go anywhere and just tossed and turned in the hotel all day. In three days, he had lost a lot of weight and looked very Haggard with his unshaven beard.

After waiting for three days, Wang Jinsheng finally couldn’t sit still anymore. He braced himself and went out to take a taxi, and then came to the Qian family’s iron – Skin Dendrobium base.

Boss Qian was still drinking tea in the living room and admiring the red Arowana. He had been in a good mood these days.

Wang Jinsheng stood at the door for a while, but boss Qian did not look over. He could only call out embarrassedly, “Old Qian ...”

Boss Qian then turned around. When he saw that it was Wang Jinsheng, he could not help but frown and asked, “Why are you here again? I don’t welcome you here!”

“Old Qian, I ... I don’t want to bother you anymore ... But ... You didn’t reply to me last time ... I didn’t dare to leave ... I’ve been waiting in the hotel ...” Wang Jinsheng quickly said.

Boss Qian then remembered that Wang Jinsheng seemed to have said that he would find a hotel in ou Yue and wait for him to reply to “Mr. Xia.”

When Wang Jinsheng saw boss Qian’s expression, he knew that he had forgotten about it.

Wang Jinsheng could not help but complain in his heart, but he did not dare to show it on his face. He could only smile and say, “Old Qian, can you ... Can you contact Mr. Xia? I ...”

Boss Qian said impatiently, “Alright, alright, I got it. You can go back first!” I’ll give him a call later. ”

Wang Jinsheng felt as if he had been granted Amnesty and quickly said, “Thank you, thank you ... Old Qian, I’ll be waiting for your call at the hotel ... My phone number is still the same!”

Boss Qian waved his hand coldly and did not even bother to talk to Wang Jinsheng. He directly turned his gaze to his beloved Red Arowana.

Wang Jinsheng was also tactful and did not disturb boss Qian anymore. He left with his tail between his legs.

Boss Qian would not bother Xia ruofei while she was driving for Wang Jinsheng's sake. He did not care about Wang Jinsheng's long wait!

Boss Qian waited until evening. He estimated that no matter how slow Xia ruofei drove, he should have returned to San Shan by now. He then picked up his phone and called him.

Chapter 574: in full swing (1)

Xia ruofei was in Feng Jing's office when he received the call.

When he drove back to Tao Yuan farm, it was already past two in the afternoon. He took a bath and slept until the evening, when he was about to get off work, and then walked to the complex building on the farm.

He had been away for a few days, so he naturally needed to hear Feng Jing's report. He also had some work to hand over to Feng Jing, mainly about the iron – skinned Kaede fight.

Feng Jing was focused on a report. Xia ruofei used his eyes to stop the newly appointed head assistant, Liu Qian, and directly knocked on the door before entering Feng Jing's office.

"What's the matter?" Feng Rao asked without raising her head.

She didn't get an answer for a long time, so she looked up curiously. When she saw that it was Xia ruofei who came in, she was surprised and stood up quickly.

Feng Rao said with a reproachful expression, "Chairman, you're back! Why didn't you make a sound? I thought it was Liu Qian ..."

Xia ruofei laughed. "I didn't say hello. That's the only way I can see CEO Feng working tirelessly."

"Chairman, it's working hours now. I can't say that you've forgotten to eat and sleep ..." Feng Jing blushed. "By the way, can I report to you the company's situation over the past few days?"

Xia ruofei waved his hand. "There's no rush. I have a few urgent matters to attend to. Let me tell you first ... You should arrange the work as soon as possible."

At this moment, Xia ruofei's phone rang. It was boss Qian.

"Chairman, do you want me to leave for a moment?" Feng Jing said with a smile.

Xia ruofei smiled and waved his hand. "I'm fine! I didn't do anything shameful ..."

.....

Xia ruofei then walked to the sofa in the office and sat down. At the same time, he picked up his phone.

"Uncle Qian!" Xia ruofei called out with a warm smile.

“RUO Fei! Are you home yet? Was your journey smooth?” Boss Qian asked enthusiastically.

“I arrived at two in the afternoon. It was quite smooth!” Xia ruofei smiled and asked, “what’s the matter, uncle Qian?”

“Oh ... It’s about that Wang Jinsheng ...” Boss Qian said, “that old bastard has been living in Anyue city for the past few days. He didn’t dare to return to xiangnan without your permission!” And now you’re here today, begging me to say hello ...”

Xia ruofei couldn’t help but laugh when he heard that. It seemed that song Rui was very hardworking! Wang Jinsheng was scared out of his wits.

Xia ruofei thought for a while and said, “uncle Qian, what do you think?” Should we give him some more suffering?”

Boss Qian sighed and said, “forget it!” To me, I’m already very lucky to have gotten my money back. I don’t want to have anything to do with him anymore. I’ll just pretend that I was blind and mistook him for someone else. ”

“Alright then!” Xia ruofei replied readily, “tell him that he can get lost now! I’ll let my friend know. ”

“Alright!” Boss Qian smiled and said, “ruofei! If you have time, come to visit us in Anyue city. We welcome you to be our guest at any time!”

“Alright! Uncle Qian, you’re also welcome to visit Sanshan city when you’re free!” Xia ruofei said with a smile.

After hanging up, Xia ruofei looked up at Feng Jing and said, “”President Feng, please wait a moment. I need to make a call.”

After that, Xia ruofei called song Rui and told him about the matter briefly. He asked him to inform the people in xiangnan province to stop all the actions against Liu Jinsheng. This matter would come to an end.

In Anyue city, boss Qian gave Liu Jinsheng a call. He did not waste time talking to Liu Jinsheng, but just said coldly, “”Mr. Xia has spoken. You can get lost now!”

Liu Jinsheng felt as if he had been granted Amnesty and repeatedly thanked him. However, boss Qian was not interested in listening at all and directly hung up the phone.

To loathe a person to the extreme, that was absolute indifference. Even talking to him made him feel uncomfortable. Boss Qian was in such a state.

After Liu Jinsheng finished the call with boss Qian, he packed his things and left Anyue city overnight. He did not want to stay a second longer after returning to xiangnan province.

This incident had a huge impact on him. In addition to being forced to spit out a piece of fat meat in his mouth, his business had also suffered a serious loss. He didn’t know how long it would take for him to recover.

This was very similar to boss Qian’s state after he was cheated. This was also an eye for an eye!

Sanshan city, Taoyuan farm.

After Xia ruofei finished his call with Song Rui, he smiled and waved at Feng Rao. "President Feng, come over and sit here!"

Feng Rao personally made Xia ruofei a cup of tea and sat down on the sofa opposite Xia ruofei. She smiled and asked, "Chairman, what important instructions do you have for coming to my office as soon as you come back? Don't tell me you're trying to put pressure on me again!"

Xia ruofei leaned back on the soft sofa comfortably and said with a smile, "It's a must to carry the burden! An able man should do more work!"

"You're exploiting my labor! You have to raise my salary!" Feng Jing said coyly.

After getting to know Xia ruofei better, Feng Jing was no longer as reserved as before. She would even reveal her girlish side from time to time. There was a hint of gentleness in her mature office lady style. It was a unique style.

Xia ruofei laughed and said, "sure!" I'll give you a big red packet at the end of the year! But I don't think you'll care about the red packet anymore. The company's dividends will be the biggest part!"

Chapter 575: in full swing (2)

"Then I'll be counting on your blessings!" Feng Jing smiled and asked, "what's the matter? Chairman, don't keep us in suspense. "

Xia ruofei laughed and said, "don't worry!" It's a good thing!"

After speaking, Xia ruofei took a sip of the tea that Feng Jing had just made and asked, "Boss Feng, I asked a master from Jiangsu and Zhejiang to help me make the iron – skinned maple bucket some time ago. Do you know about it?"

"En," Feng Rao nodded, "didn't you also send Qin Xiaojun and the others to study in Jiangsu and Zhejiang? The matter you wanted to talk about today is related to this?"

Xia ruofei nodded and said, "I brought the iron – Skin maples that master Luo made for us to Jiangsu and Zhejiang Province. Qiantang city's Tongren Hall asked Jiangsu and Zhejiang Medical Research Institute to do a test. This batch of iron – Skin maples contains ten percent more dendrobe glucose than the best special products on the market. It's a treasure among treasures. This batch of iron – Skin maples brought in a total income of more than 20 million ..."

Feng Rao's beautiful eyes and mouth were wide open. After a while, she said in shock, "A 100 – kilogram Kaede's for 20 million?"

Xia ruofei smiled and nodded. "Of course, this is not the most important thing. The most important thing is that this is not a one – time deal. I have a way to get a stable supply of materials of the same quality, which means ..."

"That means our company will have one more product!" Feng Jing continued excitedly, "and it's a phenomenal product that can sweep the market!"

Xia ruofei nodded with a smile. "Yes. I've also reached a verbal agreement with CEO Lin of Qiantang Tongren Tang. Tongren Tang will be the sole distributor of the Ironhide maples produced by our company. At the same time, they've agreed to keep the trademark of paradise Corporation. We still need to discuss the specific cooperation model and other details."

Xia ruofei took another sip of tea and continued, "So, there are two things that must be done immediately."

Feng Rao sat up straight and said seriously, "Please speak, Chairman."

Xia ruofei said, "the first thing is the negotiation. President Lin of Qiantang Tongren Hall has been authorized by the main branch to be in charge of this cooperation. He will fly to Sanshan tomorrow and come to our company to discuss the details of the cooperation. I'm going to let you be in charge of the negotiation this time. You should get ready tonight."

Feng Jing nodded. "No problem, Chairman. You set the general principles. I'll try my best to fight for the company's interests within the framework of the principles!"

.....

Xia ruofei smiled and said, "I'm confident in you!" There are two types of cooperation. One is to sell it to Tongren Hall at a fixed price, and the market behavior after that has nothing to do with us. The other way is to sell on behalf of others. We supply Tongren Hall with goods and use their channels to sell the goods. Then, we give them a certain percentage of Commission. "

Xia ruofei looked at Feng Jing, who was taking notes seriously, and continued, "That's because the demand for iron – skinned fengdou is higher than the supply, especially for high – Quality fengdou. There's a price but no supply, so we can actually accept both models."

"Chairman, can you elaborate?" Feng Jing nodded. What's our bottom line for the two modes?"

Xia ruofei thought for a while and said, "if you want to resell it, I'll sell it at 150000 Chinese dollars per kilogram. If we use this model, it definitely can't be lower than that."

Feng Rao nodded and recorded the number seriously. She then asked, "Where's the sales commission?"

Xia ruofei pondered for a moment and said, "if it's for retail, we have to participate in the pricing. We can't let Tongren Hall decide the price. This can be further refined during the negotiation. As for the Commission ... It's acceptable if it's within 20000 Yuan per kilogram. After all, they have provided a ready – made and perfect channel!"

"Understood!" Feng Rao said straightforwardly.

Xia ruofei smiled and continued, "The second thing is to design a set of packaging for our Ironhide Kaede Dou as soon as possible. There's no need to divide it into too many levels because our products are all the highest end, so the packaging can be appropriately luxurious, but it must have good taste. It must highlight the trademark logo of peach blossom company. I don't know much about the specific design, but I'll leave it to a professional company to do it!"

"Alright," Feng Jing nodded. "I'll get someone to come up with a preliminary plan tonight. I'll show it to you tomorrow."

Xia ruofei laughed and said, "you're asking your employees to work overtime again?" Isn't it too hard on you?"

"Now that the company has enough manpower, everyone doesn't have to work overtime much. Everyone is holding back their energy to achieve a good performance! No problem!" Feng Rao said with a smile.

She then added, "many of the employees live on the farm. There aren't many entertainment facilities around here. Many of them go online in the office at night. It's nothing to do while they're at it."

"Alright! "You have the confidence ..." Xia ruofei said with a smile.

Feng Rao jotted it down in her notebook, then raised her head and asked, "Chairman, do you have any other instructions besides these two matters?"

Xia ruofei said, "the last time master Luo came over to help us make the iron – skinned maples, it was a temporary temporary temporary house. Since our company is going to make this a permanent business, we must build a few special houses." Boss Feng, please tell the construction team's manager Li that the farm is also under construction, so we'll build a row of bungalows over there, specifically for the production of iron maples in the future. "

Chapter 576: in full swing (3)

"Alright!" Feng ke said.

Xia ruofei thought for a while and said, "since we don't have any fresh Dendrobium strips now, we should tear down the row of houses and build houses on the spot!" In addition, the clay stove, iron pot, and all the other tools needed to make the iron – skinned maple bucket were also prepared in advance according to high standards. We have to hurry up. In one and a half months to two months at most, the new batch of Ironhide vessel strips will be delivered here. By then, master Luo will bring Xiaojun and the others to make the fengdou!"

"Alright, then I'll contact manager Li tonight and tell him to prepare in advance. We'll start work tomorrow!" Feng Rao said as she quickly recorded the information.

Xia ruofei was a little embarrassed as he said, "Boss Feng, isn't it a little unkind of me to give you so much work at once?"

Feng Rao looked at Xia ruofei with watery eyes and said, "I'm already used to being exploited by you, capitalist!"

Xia ruofei raised his head and laughed. "Alright, alright. That's all I have to do."

Feng Jing stood up. "Chairman, please wait for a moment. I'll type out the latest report to you. Then, I'll report to you about the situation over the past few days!"

Xia ruofei looked at his watch and said, "Time to get off work! There's no hurry to report. It's not too late to report after the negotiations tomorrow. Let's go eat first!"

"I'm not hungry!" Feng Rao said with a smile. Besides, there were still a lot of things to deal with! Chairman, you go ahead and eat ..."

“How can I do that? If I starve you to death, wouldn’t that be insulting one of my generals?” Xia ruofei said, “eating is more important than anything else! The Emperor didn’t lack hungry soldiers! We’ll talk after dinner!”

With that, Xia ruofei dragged Feng Rao out without further ado.

Feng Jing felt that Xia ruofei’s palm was very warm and soft. She blushed and sneaked a glance at Xia ruofei. She only saw that Xia ruofei’s eyes were clear and had no other intentions.

Xia ruofei naturally did not have any improper thoughts. He only pulled Feng Jing a few steps before letting go of her.

.....

Feng Jing moved her fingers gently and followed Xia ruofei out of the office.

The canteen was much livelier than before. Many of the administrative team’s employees lived on the farm, so places with many young people were naturally full of vitality.

When the employees saw Xia ruofei, they all greeted him respectfully. Xia ruofei also had a gentle smile on his face and nodded to everyone.

When it came to food, Xia ruofei never made it special. He ate the same as the employees and used his credit card to eat.

Since Feng Jing and Xia ruofei were sitting at the same table, the other employees naturally did not join in the fun.

As Xia ruofei ate, he discussed with Feng Jing about the negotiation tomorrow. He wanted to convey his thoughts to Feng Jing so that she would be more confident in the negotiation tomorrow.

After eating, Feng Jing immediately went back to her office.

Xia ruofei had given her a few tasks in a row. She had to work overtime tonight.

At the same time, Feng Rao also appointed a few young employees to work overtime on the first draft of the design for the exterior of the tin bucket.

After Xia ruofei finished eating, he went straight back to the small villa.

He had been in Jiangsu and Zhejiang Province for two to three days, and it was not convenient for him to enter the realm since he was out. Xia ruofei also missed Blackie and the rest a little. Also, counting the days, he could take the pregnancy soup again today.

It had been a few weeks since he had tried to unlock the contents of the making method of the spiritual puppet. Xia ruofei wanted to quickly consume the soup and try to unlock the contents of the making method of the spiritual puppet.

As soon as he got into his room, he closed the door and windows tightly, and even drew the curtains tightly.

Then, he summoned the spirit painting scroll from his palm and disappeared from the room.

Chapter 577: Another breakthrough (1)

Xia ruofei first arrived at the new space.

In addition to the sound of running water, the sound of Blackie and fluffy one and two playing could be heard from time to time in the new space, which brought some vitality and vitality to the space.

As soon as Xia ruofei appeared, Blackie was the first to react. It pounced on Xia ruofei like a Black bolt of lightning and bit Xia ruofei's pants affectionately while wagging its tail at him.

Da Mao, er Mao and the rest were not willing to fall behind. They circled around Xia ruofei and whimpered from time to time. They shook their heads and wagged their tails very meekly.

Xia ruofei waved his hand and a big bag of dog food floated over. Xia ruofei took out the dog food and poured it into a plate. As he fed Blackie and the rest, he smiled and said, "Just bear with it for a little longer. When my farm is completed, I'll take you to the outside world!"

Blackie, fluffy one, fluffy two, and the rest had been in this spiritual Qi – rich space for many years. Their intelligence was no longer the same as before. They could understand simple words, so they ran around Xia ruofei excitedly, as if they were looking forward to the outside world that Xia ruofei had mentioned.

After Xia ruofei played with Blackie and the rest for a while, he drove the all – terrain vehicle to the giant metal fence that Xia ruofei had built personally in the Hornets 'habitat.

The hornet's peak was still moving in and out of the huge beehive. Each Hornet was huge, and their bright stingers were filled with killing intent. Even Xia ruofei felt a chill rising from the bottom of his heart when he saw them.

A stable ecosystem had formed within the huge metal fence. The insects that Xia ruofei had brought in previously had grown and reproduced rapidly in the rich spiritual energy environment, providing an endless supply of food for the Hornets.

Xia ruofei closed his eyes and sensed that there were almost 3000 Hornets inside the iron fence. The 200 or so Hornets that he had lost to Liang Haiming last time had been replenished, and the number had increased by a lot.

After an actual battle, Xia ruofei was more and more fond of these hidden and lethal Hornets.

He tried to control it. As he had been constantly drinking the spirit nourishment soup to enhance his mental strength, he could now control more than 400 Hornets, which was a lot better than before.

Xia ruofei couldn't help grinning as he imagined the scene of more than 400 Hornets swarming across the sky. If anyone were to be blind and provoke him in the future, these Hornets would be his ultimate killing weapon.

.....

After driving the all – terrain vehicle around the new space, Xia ruofei parked the car back to its original spot and teleported back to the original space.

Compared to the spacious new space, the original space was much smaller. In addition, there was a large area filled with large wine jars, which made it look even more crowded.

However, the Ling qi here was also extremely rich, and the air was filled with foggy ling qi. Although it was relatively narrow, taking a deep breath was still relaxing.

The harvested iron – Skin Dendrobium had begun a new round of growth, and a new round of harvesting should be ready in a month at the latest in the outside world.

The other crops, including wild ginseng, Phoebe zhennan wood, and the most authentic Dahongpao tea trees, were growing quite well under the nourishment of the spiritual energy.

The red Arowana in the big fish pond had grown a lot. Xia ruofei looked at the more than 70 Red Arowana and felt a sense of achievement.

At first, there was only one dying Red Arowana. Later on, Xia ruofei spent a lot of money to buy another one to mate with it. After that, it laid eggs and formed such a large school of fish.

Each of these top – grade Red Arowana was extremely precious. Red Arowana that were born and raised in the spirit map space were perfect in all aspects, so their price would definitely not be low.

Xia ruofei noticed that these red Arowana were around 60 to 70 centimeters long, which was slightly bigger than the pair he had given to Ling Xiaotian.

‘It’s time to sell some ...’ Xia ruofei thought.

Each of these precious ornamental fish could easily cost up to a million, or even several million, so it was naturally impossible to sell too many at once.

Xia ruofei thought that it would be best to get five or six of them the first time.

However, even if there were only five or six of them, it was already shocking enough. If he wanted to sell these blood red Dragons, he would need Ling Xiaotian’s help.

Ling Xiaotian had a group of fish friends, and these people were all very financially capable. Five or six fish were easily digested.

More importantly, he could make a name for himself in the circle. Everyone would know that Xia ruofei had the means to get high – Quality Blood Dragons. In the future, he could sell these fish slowly. As long as he kept a small number of reproduced fish, he could still earn a steady stream of income.

After making up his mind, Xia ruofei did not rush to do this because he had more important things to do.

The period of consumption for the body tempering soup and the spirit bearing soup was different, but today, it just so happened that both of them were ready to be consumed.

Earning money was indeed important to Xia ruofei. After all, he still needed a steady stream of money to buy the Jade Pixiu. He had high expectations for the spirit map space, and the number of jade stones needed to upgrade the space was getting more and more terrifying.

Of course, if Xia ruofei could obtain the mysterious black stone from last time, it might be easier to upgrade the space.

But after all, it was something that could only be encountered and not sought, and there was no fixed channel to buy it.

Chapter 578: Another breakthrough (2)

However, compared to making money, Xia ruofei was more eager to improve his strength.

Therefore, he quickly returned to the spatial spirit pond after walking around.

Following the principle of sweet after bitter, Xia ruofei started to make the body tempering soup first.

Now that he was familiar with the process and the Chinese herbs he needed were all ready, Xia ruofei quickly brewed a big bowl of steaming hot body tempering soup.

Thinking of the pain after taking the body tempering soup, Xia ruofei's heart could not help but tremble. However, he did not hesitate to raise his head and gulp down the entire bowl of body tempering soup.

Xia ruofei was already used to the strong effects of the body tempering soup, but he still couldn't help but groan after taking it. The skin all over his body turned red in an instant, and his entire body seemed to swell up. Every inch of his skin felt as if it was being roasted by flames, and every pore on his body felt as if they were being pricked by needles.

Xia ruofei was already experienced. He immediately demonstrated the second set of movements demonstrated by the Golden Man.

This set of movements looked extremely strange. The body and limbs were twisted at a strange angle, which was more than an order of magnitude more difficult than yoga.

However, when Xia ruofei got into this position, the surging medicinal effect immediately began to relax and slowly entered Xia ruofei's muscles and bones.

Xia ruofei could even feel every Meridian, every inch of skin, and every bone in his body trembling. The medicinal properties of the body tempering soup were constantly being pushed into his body by a high pressure.

Usually, when he practiced this set of movements, he would have to endure the pain of his muscles and bones twitching all the time. However, Xia ruofei did not seem to feel the pain at all. He did not even feel the passage of time. He just maintained this strange posture and did not move at all.

Time slowly passed by.

Xia ruofei was in a state of complete oblivion. He did not know how much time had passed. Suddenly, he seemed to hear a light cracking sound, as if something had broken.

.....

Then, Xia ruofei felt something new in his mind.

Xia ruofei's heart was suddenly filled with joy. He had experienced the same feeling once before and naturally knew what this meant.

Xia ruofei closed his eyes to sense and immediately revealed a hint of joy. He had indeed remembered the third set of movements demonstrated by the little golden man.

He knew very well that this meant that he had already practiced the second set of movements to perfection.

It really wasn't easy! After practicing the first set of movements for a period of time, he successfully broke through the first time he took the body tempering soup.

The second set of movements took much longer, and he had been taking the body tempering soup almost non – stop during this period. It was not until today that he had a breakthrough.

It could be seen that the difficulty of the little golden man's demonstration had also increased exponentially.

He really didn't know to what extent his strength would increase after he finished cultivating all nine sets of movements.

Even now, Xia ruofei had never dared to think about his current strength.

He had never realized that a human's physical strength could reach such a terrifying height.

However, after he had consumed the body tempering soup and practiced the little golden man's movements time and time again, he had continuously achieved new breakthroughs.

Sometimes, Xia ruofei even wondered if there was a group of people in this world who were as powerful as him, but these people rarely appeared in the secular world.

Anyway, up until now, Xia ruofei had not met any particularly strong opponents. The only one that made Xia ruofei feel threatened was Black Panther, who had kidnapped Ling Qingxue last time.

Be it strength, speed or reaction, Black Panther gave Xia ruofei a sense of danger. Furthermore, Black Panther's moves were obviously better than the general fighting techniques that Xia ruofei had learned in the Army.

Hence, when Xia ruofei was fighting against Heibao, he was in a dangerous situation. Of course, he still managed to defeat Heibao in the end.

Xia ruofei suddenly recalled Heibao's last words before he died, saying that his master would avenge him.

How powerful would Black Panther's master be?

Xia ruofei was suddenly interested. He was not afraid or fearful. Instead, he was filled with fighting spirit.

Xia ruofei had a feeling that Heibao's master was the same as him, someone who had great personal strength.

By now, the effects of the drug had decreased by a lot, but it was still very violent. Hence, Xia ruofei's thoughts disappeared in a flash. He did not have time to feel emotional and quickly began to practice the third set of movements.

Xia ruofei had already experienced these strange movements. After failing three times, he was able to make the correct posture.

The pain he felt while cultivating came again, and at the same time, the speed at which the medicinal properties in his body were being consumed increased greatly.

Feeling the familiar pain, Xia ruofei's expression relaxed because the violent medicinal effect had been completely cleared.

After a few minutes, the last bit of the medicine was absorbed by Xia ruofei's body.

After the effects of the drug disappeared, Xia ruofei only managed to hold on for a few seconds before he could no longer maintain the third set of practice posture. With a muffled groan, he fell to the ground.

However, he quickly got up and moved his hands and feet. He could feel the surging power in his body after he had broken through the second set of movements.

The stench started to spread. Xia ruofei did not even need to check to know that the breakthrough had forced out a lot of impurities in his body.

Naturally, he could not brew the gestation soup with his body covered in dirt and impurities.

Hence, Xia ruofei temporarily left the spirit map space and rushed into the bathroom to take a thorough shower three to four times. When the last trace of dirt had been washed away, he changed into clean and comfortable clothes and re – entered the spirit map space.

Xia ruofei, who had achieved a breakthrough in his physical strength, was full of energy. He immediately started to brew the pregnancy soup with ease.

After a while, Xia ruofei arrived at the stone room in the new space with the soup in his hand.

He raised his head and drank all of the soup. Then, he jumped onto the stone bed and sat cross – legged on the Jade futon.

The medicine of the pregnancy soup was very gentle. A faint warm current slowly gathered. Xia ruofei felt as if he was bathing in a hot spring. His whole body felt lazy.

He had just experienced the pain of purgatory, and now he was enjoying the extreme pleasure on the spiritual level. Xia ruofei felt that the pleasure seemed to have multiplied. He even let out a comfortable sigh.

The medicinal properties of the soup were slowly and silently absorbed by Xia ruofei, and not a single drop was left in his sea of consciousness.

He sat on the Jade futon for a while to adjust his state to its peak. Then, he waved his hand and the booklet on the stone platform flew into Xia ruofei's hands.

He turned to the fourth page with practiced movements.

This was Xia ruofei's nth time trying to unlock the fourth page.

He focused his mind, and his mental force began to continuously enter the page. The Golden stripes on it slowly began to move, assemble, and disassemble.....And finally formed a series of golden words.

One minute, two minutes ...

As time passed, Xia ruofei's body started to tremble.

In the end, he heaved a long sigh and withdrew what little spiritual energy he had left.

The Golden words on the page also quickly disintegrated, and in a very short time, they turned back into disorderly golden stripes.

He had failed.

However, Xia ruofei was not disappointed. It was not only because he had successfully broken through the second set of the little golden man's demonstration. More importantly, he was infinitely close to unlocking the fourth page.

He knew very well that he only needed to consume the soup one more time, at most two more times, and he would be able to solve the contents of the fourth page.

By that time, the method of making the spiritual puppet that had whetted Xia ruofei's appetite would be completely open to him.

He put the booklet back in its original place and drank a cup of the spirit Heart Flower petal solution that he had prepared earlier. Then, he sat on the Jade futon to recover his spiritual power.

Xia ruofei waited until his body and mind were at their best before he left the spirit map space.

After returning to his room, Xia ruofei kept the spirit painting in his palm and took out his phone. He was going to call Ling Xiaotian to tell him about the red Arowana.

Just as Xia ruofei was about to make the call, his phone rang.

Xia ruofei looked at the caller ID and could not help but laugh out loud. The call was from Ling Xiaotian.

It seems that I have a tacit understanding with my future father – in – Law! Xia ruofei muttered to himself.

Xia ruofei didn't dare to dawdle. He immediately pressed the answer button and greeted her with a smile. "Uncle Ling, how are you?"

Chapter 579: Three delicacies of Yangtze River (1)

Ling Xiaotian's forthright voice came from the phone, "RUO Fei! Are you free tomorrow afternoon? I'll buy you a drink, haha!"

Xia ruofei smiled and said, "I should have the time!" Uncle Ling, I also have something to discuss with you!"

"Oh? What was it? Is there another good project?" Ling Xiaotian chuckled as he asked.

"Let's talk in detail when we meet tomorrow! I need your help with a small matter. " Xia ruofei said.

Since they were going to meet tomorrow, Xia ruofei was not in a hurry to talk about the red Arowana.

“Alright! “Then we’ll talk when we meet, haha ...” Ling Xiaotian said.

Xia ruofei continued, “uncle Ling, I’ve received a sum of money these days. The funds for the farm’s construction are already sufficient. So, I don’t need to advance the winery’s dividends for the time being.”

Ling Xiaotian was stunned for a moment. “Ruofei, the winery has plenty of funds, and the capital chain is very healthy. If you need it, you can go to the front and get an advance. I’ve already spoken to the finance department. There’s no need to find money from elsewhere!”

Xia ruofei laughed and said, “uncle Ling, I didn’t go to borrow money!” It just so happens that our company has received a sum of money, which is more than enough to pay for the farm infrastructure, so we don’t need to withdraw it from the winery. Our Drunken Eight Immortals has just begun to seize the market, and there are many places where we need to spend money on publicity and promotion. It’s better to keep it!”

Xia ruofei and Ling Xiaotian did not plan to mass – produce the wine. Instead, they planned to use the quality of the wine to win against Lao Ai. Due to the limited conditions, 100 tons of wine per month was close to the limit unless Xia ruofei made some changes to the space so that the wine jars could be stacked together.

To put it bluntly, the final strategy was somewhat similar to hunger marketing, especially the higher – grade three – month, five – month, and one – year white wines. The monthly output was very small, and it was impossible to sell them all.

However, hunger marketing did not mean that there was no need for advertising costs.

On the contrary, using such a sales strategy would require more planning in terms of marketing, and it would need to cooperate with all kinds of hype. The cost of advertising and marketing would even be higher than traditional sales strategies.

.....

Ling Xiaotian didn’t mind when he heard this and chuckled, ““Alright then! Ruofei, you don’t need to be polite with me when you need cash flow. Even if the winery can’t get the money for the time being, it’s still easy for the head office to withdraw millions or tens of millions. ”

“I understand. Thank you, uncle Ling!” Xia ruofei said sincerely.

Ling Xiaotian laughed and said, “we’re all family, what’s there to be polite about?” Remember to bring a few bottles of good wine tomorrow!”

The good wine that Ling Xiaotian was referring to was the Drunken Eight Immortals, which Xia ruofei had added a spirit Heart Flower petal solution to. The added white wine was of a much higher grade than the ordinary spatial wine. Ling Xiaotian was also an expert in alcohol, so he could taste even the slightest difference. Naturally, he would be able to taste it after eating it.

“No problem. I’ll bring a few more bottles tomorrow.” Xia ruofei said with a smile. Then, he asked curiously, “by the way, uncle Ling, why did you suddenly think of treating me to a meal tomorrow?”

Ling Xiaotian said mysteriously, "there's good food to eat. Now, it's very hard to eat. So, of course, I can't leave you behind. Otherwise, Qingxue will be very angry with me." Hahaha!"

Xia ruofei was stunned for a moment. He asked in a low voice, "Good stuff? Uncle Ling, could he be ... A protected animal? You can't be muddleheaded!"

Ling Xiaotian laughed and said, "RUO Fei, what are you thinking?" I've received military education, how can I do something illegal?"

"Oh! "It's good that you're not ..." Xia ruofei heaved a sigh of relief. However, his curiosity was piqued and he could not help but ask, "what is that good thing?"

Ling Xiaotian laughed and asked, "Have you heard of the three delicacies of Chang Jiang?"

"I don't know much about it ... Can you give me some general knowledge?" Xia ruofei said with a smile.

"The three delicacies of Yangtze River refer to three kinds of fish produced in the lower reaches of the Yangtze River, namely Pomfret, Grenadier anchovy, and pufferfish." Ling Xiaotian said, "because of the over – harvesting in the past few years, the wild three delicacies of the Yangtze River have almost gone extinct. If you want to eat authentic wild Pomfret or Grenadier anchovy, you have to rely on luck."

"Uncle Ling, this time ..." Xia ruofei asked curiously.

"Today, I got two pure – wild Yangtze River pomfrets. They're the best of the three delicacies in the Yangtze River and are known as the 'King of fish'!" Ruofei, Pomfret's meat is especially tender and fat, and wild ones are even more delicious. You're in for a treat, kid ..."

"Uncle Ling, I'm drooling now that you've mentioned it ..." Xia ruofei said with a smile.

Ling Xiaotian laughed heartily. "Then come over earlier tomorrow. I'll let our Ling Ji F & B's Executive Head Chef handle it personally. He's from the Sunan province. Whether it's knife fish or Pomfret, he has a unique skill. I guarantee that you'll have an endless aftertaste after eating it!"

"Then I'll be looking forward to tomorrow's Chinese perch banquet!" Xia ruofei said with a smile.

After Xia ruofei hung up the phone, he became more and more curious about the three delicacies of Yangtze River that Ling Xiaotian had mentioned. He turned on his computer and searched for information about the three delicacies of Yangtze River, especially pomfrets. He felt that his horizons had been broadened.

The three delicacies of Yangtze River had been very famous since ancient times. Since the six Dynasties, the scholars and scholars had been promoting them. There were a lot of poems and articles about them, as well as some popular anecdotes, such as Su Dongpo risking his life to eat pufferfish and so on.

Chapter 580: Three delicacies of Yangtze River (2)

The kun fish was tender and delicious. It had a high fat content under the scales and was rich in saturated fatty acid. It had the effect of reducing cholesterol and was good for preventing vascular hardening, high blood pressure, and coronary heart disease.

Of course, the “King of fish” also recognized the deliciousness of the Chinese perch, so there was a saying, “braised Chinese perch is fresh on both sides, while steamed Chinese perch is attractive to the gods.”

Not only was pomfrets one of the three delicacies of the Yangtze River, but they were also known as the “four famous fish” in Chinese history along with Yellow River carp, noodlefish from Lake Tai, and Song River bass. They had become a delicacy as early as the Han Dynasty.

Since the Wanli period of the Ming Dynasty, the Chinese perch had become a tribute. By the time of the Kang Xi period of the Qing Dynasty, it had been listed as an important dish in the Manchu Han Imperial Feast.

Su Dongpo had once written a poem to praise the Chinese perch: With the spring air of peach flowers, this kind of flavor was better than bass.

After browsing through the information on the internet, Xia ruofei finally had a direct understanding of the preciousness of the Chinese perch that Ling Xiaotian had mentioned.

He searched for the price of Chinese perch and was shocked to find that the price of a man – made United States perch was around 300 to 500 yuan per catty. The pure wild Chinese perch had almost gone extinct in recent years, so he could not find a price for reference.

However, Xia ruofei knew that if it was a pure wild Chinese perch, the price would definitely be staggering.

At this point, Xia ruofei suddenly had an idea.

The farm’s big fish pond had been idle for a long time.

This was because Xia ruofei could not decide what kind of fish he wanted to raise. There was no point in raising ordinary fish for food. Whether it was the economic benefits or the reputation it would bring, it would not meet his expectations.

Xia ruofei would occasionally check the information of some precious fish. Some of the approval procedures were more troublesome. For example, salamander needed to be specially reported to the Ministry of fishery for multiple layers of approval before it could be cultivated. As one of the three delicacies of Yangtze River, Blowfish, because it carried a Strong Poison, it had to be cultivated without poison, which had an extremely high approval threshold.

Most of the more expensive fish were saltwater fish, and there had never been a suitable species of freshwater fish.

.....

This time, when Ling Xiaotian mentioned the pomfrets, Xia ruofei’s heart was moved.

Without much hesitation, he immediately took out his phone and called Ling Xiaotian.

After Ling Xiaotian picked up, he asked curiously, “RUO Fei, what’s wrong? What’s the matter?”

“Uncle Ling, I suddenly want to know, how much did you spend to buy those two wild Chinese perch?” Xia ruofei asked.

Ling Xiaotian could not help but laugh, “just this?” I thought something had happened! RUO Fei, let me put it this way! Now, pure wild pomfrets are almost impossible to find, so there’s no clear standard for the price. I bought these two pomfrets at 3000 Yuan per 500 grams, so the total is about 15000 Yuan!”

Ling Xiaotian’s tone was unconcerned. 10000 Yuan for two fish was an unbelievable amount to an ordinary family, but as the head of Ling Ji restaurant, a billionaire, this amount of money was really nothing.

Xia ruofei couldn’t help but take a deep breath and said, “So expensive!”

Ling Xiaotian chuckled, “ruofei, if you can buy two pure – wild Chinese perch for 15000 RMB, you can go ahead and laugh!” And this pair of pomfrets has been personally checked by my Executive Head Chef. They are definitely pure wild, and they were caught in the lower reaches of the Yangtze River. They can’t be more authentic. ”

Xia ruofei’s eyes brightened. He took a deep breath and asked, “Uncle Ling, are these two pomfrets a female and a male? Are they still alive?”

Ling Xiaotian was a little curious as to why Xia ruofei was so insistent on getting to the bottom of things, but he still smiled and said, “You child ... If I didn’t go to see it in person today, I would have been stumped by your question! Ruofei, those two pomfrets are really a male and a female. They just happen to be a pair!”

At this point, Ling Xiaotian paused for a moment, then said with a trace of excitement, “And the two fish are alive! Do you know? This was a miracle! The Chinese perch was the most delicate. It was said that once a fisherman touched a fish’s scales, they would immediately stop moving. They were very timid and could easily be frightened to death by the slightest movement. But this pair of rays were alive! I couldn’t believe it when I saw them!”

Xia ruofei’s voice had changed. He asked, “Uncle Ling, then ... They haven’t been killed yet, right?”

“No, I didn’t! I told them to take care of it carefully and not to disturb them!” Ling Xiaotian smiled and said, “let’s eat and kill tomorrow! That’s the freshest, haha ...”

Xia ruofei heard Ling Xiaotian’s excitement and said embarrassedly, “That ... Uncle Ling, I ... Can I have a small request?”

“Why are you being so polite, child? Say what you have to say! Are you lacking money again?” Ling Xiaotian asked.

“No, no!” Xia ruofei quickly said, “uncle Ling, that pair of Chinese perch ... Can you give it to me?”

“Give it to you? RUO Fei, what do you mean?” Ling Xiaotian asked curiously.

“Just ... Just don’t eat them. I ... I have other uses for them.” Xia ruofei said, a little embarrassed.

However, Xia ruofei was no longer embarrassed after hearing the most difficult request.

He quickly continued with the reason he had thought of, "Uncle Ling, it's actually like this. Didn't you just tell me about the Chinese perch? "I went online to show it off to my friend, and my friend ... Oh, right, he was the one who helped cultivate paradise vegetables. He's very good at planting and breeding techniques. My friend has been studying artificial breeding of Chinese perch recently. He heard that there was a pair of pure wild Chinese perch, so he wanted to study them. He said that they were living specimens and would greatly promote his research, so he asked me to help him with this ..."

"Is that so ..." Ling Xiaotian was slightly hesitant.

Xia ruofei quickly added, "uncle Ling, this friend of mine is only obsessed with technology. He has no interest in doing business. He has already agreed to continue working with our paradise Corporation after the development of the pomfrets cultivation technique. In the future, we will engage in high – Quality imitated wild pomfrets cultivation."

Xia ruofei had already put it this way. Moreover, Ling Xiaotian was also a beneficiary of the peach Garden vegetables. He had heard that the person who wanted the pomfrets was the one who was cultivating the peach Garden vegetables with Xia ruofei. Although he was a little reluctant, he still agreed.

"Since that's the case, I'll give it to you!" Ling Xiaotian said straightforwardly.

Xia ruofei was a little embarrassed as he asked, ""Uncle Ling, you didn't invite any other guests tomorrow, right? Otherwise, it wouldn't be good if I stood her up. "

"It's fine, I only called you!" Ling Xiaotian said, "ruofei, since you have use for it, take it! What's wrong with me missing a fish meal?"

Xia ruofei said happily, "uncle Ling, I thank you on behalf of my friend!" When we've cultivated a simulated Chang Jiang Pomfret, you'll be the first one to try it!"

"Alright! I'll be waiting for that day!" Ling Xiaotian laughed as he spoke.

To be honest, Ling Xiaotian had not tasted the Chang Jiang Chinese perch for 20 to 30 years. When he was young, Chinese perch was not that expensive, so he had naturally tried it before. The taste was still lingering in his mind, so he was full of anticipation this time. The fish had been taken away by Xia ruofei, so he would be lying if he said that he was not disappointed. However, since it was for the career of his future son – in – Law, his desire for food was nothing.

Xia ruofei was also worried that an accident would happen tonight and cause the deaths of the pomfrets, so he simply told Ling Xiaotian, ""Uncle Ling, I want to come over and get the pomfrets now, can I?"

"No problem!" Ling Xiaotian laughed. These two Chinese perch are in my kitchen. Come over now!"

"Alright! Then I'll see you later!" Xia ruofei quickly said.

He jumped up from the bed, put on his coat haphazardly, and jogged downstairs. He drove the Knight XV straight to Ling Xiaotian's Villa.
