### **Chapter 1161: Hug into a ball for warmth**

With deep concerns, he was afraid that when Xu Yong saw one more person, he wouldn't dare to help.

If this is the case, let the eldest brother go first.

Bring the rescuers back later.

Then, Tong Xiaoguan said again:

"It's really impossible. Brother, if you go out first, you can count one by one."

An Xia said, "How many can go is counted as a few."

With Xie Chi Yan joining, An Xia was more relieved.

Compared with Tong Xiaoguan and the others, Xie Chiyan was bolder and had an idea. If something happened to her, Xie Chiyan could also take care of Tong Xiaoguan.

"I worry....."

Tong Xiaoguan hesitated whether to continue speaking, and then listened to An Xia calmly said: "Since she is sitting here, everyone is on the same boat. You can trust her for the time being."

The main body has said so, and Tong Xiaoguan is naturally not good to say more.

Nodded, "Okay, I listen to Big Brother."

Tang Chuye and Asicuo had no objection, and they followed their eldest brother.

After moving the seat over, An Xia motioned to put it to her left, and said to Tang Chu: "I have a few important things to talk with her, you can sit here after the talk."

"No, no, it doesn't matter to me." Tang Chu also waved his hand slightly, like a dough ball, soft and without a temper.

She really doesn't matter.

With the eldest brother here, Senior Sister Xie would definitely not dare to trouble her.

Besides, it was Senior Sister Xie who took the initiative to sit here, but it didn't make sense to take the initiative to trouble them.

I knew in my heart that Tang Chu really didn't mind sitting on the side.

An Xia sometimes has a headache and her limpness.

Follow what others say, and don't have too much thought of yourself.

But fortunately, I still have a temper, I really want to bully, knowing to resist.

Knowing to resist is it.

The temperament has been developed, but if you want to change, you can only tell her not to give in step by step.

Soon, Xie Chiyan came over.

Seeing that his seat was next to An Xia, he raised his eyebrows. Although there was an accident, he felt normal.

"I'm sorry to join you temporarily." After sitting down, Xie Chiyan said an apology, but there was really no apology on his face.

Provoked Tong Xiaoguan wanted to talk to her again.

An Xia was straightforward and asked her, "What are your thoughts?"

"You..." Xie Chiyan didn't talk nonsense, and raised his feet. "First remove the high heels to make it easier to run."

This, um, that's right.

Tong Xiaoguan immediately took off his shoes and began to pull off his high heels secretly.

She also wears thin high-heeled shoes, and she needs to walk slowly, let alone run.

"It's impossible, wrap this around your feet."

Xie Chiyan picked up the placemat cloth, square, the girls have small feet and can tie their feet.

The bottom is a little thinner.

This is the last resort.

Let's go for high heels first.

It's really hard to get it done.

It's hard to get it down right away.

An Xia naturally did not join, she also wore high heels, this thing can also be used as a killer weapon at a critical moment.

"What then?" She asked Xie Chi Yan again.

Xie Chiyan said, "The people above are afraid that they are going to clean up the door. When it is not absolutely necessary, we will not move."

"It's really going to run, jump into the sea."

"Jump into the sea?" An Xia smiled, sitting here is indeed full of sincerity, but...

Glancing at the few people who turned their high heels and turned their faces flushed, they joked at Xie Chiyan: "Two can swim, two can't."

"You said, how do you jump? How do you jump down? And oh, can you guarantee that no one is waiting for you on the bottom of the sea to find your own death?"

Speaking of Xie Chiyan's face gloomy, "Then hide, until someone saves us."

If you can't jump into the sea, and you can't stand and wait for death, you can only hide.

Hiding is indeed a way.

It was also the worst plan An Xia thought of.

### **1162: An Xia, who are you?**

Although it was the worst plan, Anxia didn't worry too much.

Fei Weiye also said just now that he would still return to Changgang frequently, and he did not intend to transfer all of Changgang's business abroad.

A solo show is hard to make a forest, and a canoe is sad to the sea. No matter how big the Fei family is, their foundation is abroad. Since they don't want to give up Changgang, he naturally restrains him from being too presumptuous.

He has restraint, and their safety is guaranteed.

He whispered to Xie Chiyan: "Fei Weiye won't go that far."

"The boats are all wealthy people in Changgang and Changhai. Since Fei Weiye still wants to be active in the two places, he naturally dare not let these people have trouble."

"Now, both places know that Fei Weiye held a charity party, and who he invited will be reported by the media before boarding the ship."

"In the event of an accident, even if Fei Weiye does not return to Changgang or Changhai in the future, he will never want to escape if he goes abroad."

Xie Chiyan's frowned brows slowly loosened, "You mean, we'd better sit still?"

"Nor." Old God An Xia was talking, not hurriedly or slowly, making Xie Chi Yan have no patience.

She is so patient.

"Can you make it clear all at once?" Xie Chiyan gritted her teeth, "I was looking for you to take care of a few of them, so I came together. In front of me, I just want to leave peacefully, not come over and listen to your gods and gods."

Well, it's normal.

Xie Chiyan just now makes people uncomfortable.

An Xia bent her lips, "Fei Weiye didn't intend to embarrass the guests. He couldn't hold back someone who wanted to embarrass him."

"???" Xie Chiyan's heart sank, and his eyes fell on Yao Qiu who was on the stage.

NS!

Leak this guy out.

Since he has the guts to stand up to question Fei Shao's words, and to say that Fei is gone long ago, he must be backed by it!

There must be other plans.

And this plan is all about reducing Fei Shao. If she were President Yao, she would definitely...

Ms. Xie, who was born in a wealthy family and not a narrow vision, thought of the key.

Plant the blame!

The palms are sweating again.

So, all the guests tonight are in danger.

Yao Qiu can make trouble for all the guests, and then blame Fei Weiye on him.

The more I thought about it, the more heartless Xie Chiyan felt, and her brows were frowned to the point of knotting.

"We are now very dangerous, very dangerous," she said lowly, "it depends on whether Fei Shao has arrangements."

Just now I thought that fee less was the source of danger, but the result!

Yao Qiu is!

An Xia still had a calm face, and she could continue to smile, "What Yao Qi wants to do, Fei Weiye can do the same."

what!

Xie Chiyan suddenly raised her eyes and fixed her eyes on An Xia.

"The two can also be planted and blamed." An Xia smiled and pointed out, only Xie Chiyan's pupils tightened suddenly.

The corners of his mouth moved, Xie Chiyan said, "Do you know their plan?"

So calm, it seems to have known it a long time ago.

"That's not true." An Xia shook her head, "I'm just a guest, how can I know their plan."

Yes.

She was also a guest, and she knew about the charity party with low fees later than she did. How could she know those dark plans when she boarded the ship tonight.

Since she doesn't know, then she...

Xie Chiyan looked at An Xia, her head was covered with dim light, as if it was a thin gauze, blurring the face of the person covered in the gauze.

Looking at it like this, even at such a close distance, Xie Chiyan felt that he couldn't see through what kind of person An Xia was under the veil.

"How can you guess so well? Don't be afraid if you guess, An Xia, who are you? Who are you?"

He whispered softly, knowing the person in front of him clearly, but he felt that strange.

It seems that I have never known her before. Today is the first time I saw her.

It seems that I have never known her before. Today is the first time I saw her.

### **Chapter 1163: Borrowing the knife**

An Xia gently shook the glass of red wine, curled her lips and smiled.

"It is a common method to kill people with a knife, and plant the blame on others. Those with the surname Yao can do it, and so can those with the surname Fei."

"It's really going to happen, get down first, don't run in a hurry. Look at a few exits, everyone is guarding, and run? Are you sure you can get past theirs."

As he said, An Xia made a gesture with his index finger, pointed at Xie Chiyan with the tip of his index finger, and lightly said an onomatopoeia.

"boom--"

"Can you beat it?"

Asked with a smile, so relaxed as to say an unimportant thing.

Xie Chiyan was shocked.

Of course ran over.

But do these people really have guns?

Looking up in the direction of several exits, she had noticed that there were people guarding several exits, but she did not expect that these people would have weapons in their hands.

"Guns are banned in Changgang, are they afraid of being caught?"

After speaking, Xie Chiyan's face became stiff.

Are you afraid of being investigated if you intend to do this?

They naturally have a way to deal with it.

"Get down and not move? There is no follow-up?"

Just change the topic and ask.

An Xia smiled slightly and looked at the two people on the stage who were already incompatible. Cold words slowly poured out from her mouth, "Reduce her sense of existence, so as not to be used as a target."

"The most important thing is, don't mess around! Let me arrange it."

On Xu Yong's side, An Xia did not consider going with him.

"Okay." Xie Chiyan nodded, somehow she had a support, not alone.

At the same time, the national police knew that the signals of ships entering the high seas had been screened since they could not receive Mu Chenyuan's timely video.

Not only the mobile phone signal is screened, the GPS positioning of the ship, and the navigation positioning are all screened.

In other words, the cruise ship is missing.

The maritime patrol has received orders. Four maritime surveillance ships, two patrol boats, and two patrol assault boats are dispatched to the high seas.

Several ships sailed, breaking the silent sea in the night.

The sea waves are surging, and the waves are high, dividing a long trace on the water. As the ship leaves, the water surface recloses, leaving only the waves pushing on top of each other.

In the sky, stars twinkled, a bright moon shining on the sea, the dark sea seemed to be connected to the sky, the sea and the sky were the same color, with no end in sight.

Luxurious cruise ships have been surrounded.

It was sent by the second uncle Fei Weiye.

Yao Qiu was an insider, who responded and ended Fei Weiye on the high seas.

In the venue, Yao Qiu looked at the time, his expression even more proud.

"Fei Shao's explanation, I don't think many people are willing to listen. We don't need your explanation. Of course, Fei Shao really wants to explain it. I suggest that Fei Shao should go and explain to Fei Lao."

The audience was whispering.

"What's wrong? It doesn't feel right."

"Did you find that something is wrong now? It has long been wrong. The surnamed Cai, who dare to stand up and question Fei Shao, must have been instructed by someone."

"I'm afraid that the Fei family is fighting."

"It's not that I'm afraid, but I'm pretty sure. Yao Qiu is the wife and brother of Fei Shao's second uncle. He dared to come out tonight to slap her face and cost less. He must be instigated by others."

Everyone knows who the instigator is.

"Shall we just sit and watch? Don't take a stand?"

"Ding always has courage, so why don't you make a statement first? Which side do you support?"

"You!" Mr. Ding was so angry that he snorted with a deep face, "I naturally support less!"

The overwhelming majority of the guests at the venue supported Fei Weiye, and only a few people who vie with the direct line and were the second-in-chief of the family were successfully lobbied by Yao Qiu to join Fei Weiye's second uncle.

Wu Suishan received another gentle instruction from Xiangxian, "Mr. Wu, it's time for you to play."

### **Chapter 1164: Messed up**

He played?

How does he play?

"It's very simple, just need Mr. Wu to stand up and tell all the guests that our second uncle Fei Shao has done some bad things to let people in Changgang and Changhai know that Fei Shao was forced to make a helpless choice."

The headset is a single line, only for Xiangxian. Even if Wu Suishan has something to say, it can't reach Xiangxian's ears.

"Please, Mr. Wu."

The voice is always so gentle, but it can always force Wu Suishan to sweat.

Standing up, facing everyone's gaze, Wu Suishan said, "Mr. Yao, you are so pushing Fei Shao to force Fei Shao to leave Fei's house for the people behind you?"

"No, it's not about forcing Fei Shao to leave Fei Shao's house, it's just forcing Fei Shao to die. Last time, Fei Shao was in a car accident in Changgang and nearly died. It was also the people behind Mr. Yao who instigated him."

"On another occasion, Feishao glider malfunctioned in the air and almost had an accident. I think it was the person behind Mr. Yao who instigated it."

Xiangxian listened, smiled, and praised Wu Suishan, "Yes, Mr. Wu, continue."

Oh shit!

Go on!

Wu Suishan cursed in his heart, and he dared not delay any effort.

After talking about several more dangerous accidents, the guests were dumbfounded.

"No way! The car accident in Changgang turned out to be man-made?"

"The problem with the submerged oxygen cylinder is man-made?"

"The glass in the sky glass swimming pool burst, is it man-made?"

...

One accident after another, An Xia just wanted to say: Fei Weiye's activities are so many!

Tong Xiaoguan and the others are also stupid.

It's not that stupid encounters so many people accidentally, but stupid—

"I have never heard of the activities of the rich." Tong Xiaoguan said in a daze.

Xie Chiyan listened and tugged at the corner of her mouth coldly, "So what? I'm always worried about how tired my life will be and how tired I will be."

Why did the Fei family get into such a mess?

No, she has to tell the family.

In the future, the Fei family will deal less with them.

Upon hearing this, Yao Qiu on the stage glared at Wu Suishan who came on stage, cursing, "What a son of a bitch, what nonsense! Is this where you should stand? Get out!"

Fei Weihua raised his eyes, put his little finger on the jade tail ring, and smiled casually, "Thank you, Mr. Wu, it's all trivial things at home, it's not worth mentioning."

"Fei Shao, the second master Fei in your family wants you to die, why are you still talking about trivial things?" Wu Suishan patted a flattery. "Fei Shao really has the style of Fei Lao, and I am broad-minded. I admire him."

"Fei Shaokan doesn't care about the same lineage. It's a pity, Fei Erye doesn't understand your painstaking efforts. No, he arranged for someone to board the ship to cause an accident."

I have already torn my face with Yao Qi, and I can't take care of both, so I can only abandon one side.

The transfer fee is less!

"Fei Shao be careful, I'm afraid it won't be a peaceful night tonight."

Fei Weiye sighed, "Mr. Wu has been worrying too much. My second uncle misunderstood me a little bit. After I go back, I will explain it to my second uncle."

"It's all a family, broken bones and tendons, presumably my second uncle can enter my explanation."

time up!

The alarm bell on the ship rang sharply.

The dumbfounded guests were in a mess.

"What's the matter? What's the matter?"

"Is there a fire? Quickly, go see what's going on!"

"Damn, the phone still has no signal!"

"Yao Qiu, did you do it! What tricks do you want to play!"

When there is some chaos, no one runs around.

The male guests were quite calm, and they were all veterans of the ups and downs in the business world. The lack of the situation before them made them tremble with fear.

The female guests were still a little panicked.

Close to the husband, do not speak, at this time, if you speak too much, you will lose!

Xie Chiyan asked An Xia, "Is it going to be on the ground?"

"Don't worry." An Xia picked up the knife and tried the blade lightly with her fingers.

If the cutting edge of the Western-style knife is not sharp enough, just use it.

### **Chapter 1165: There are people who want to protect**

[« PrevNext »](#) [≡ Table of Contents](#)

Seeing this, Xie Chiyan also picked up the knife.

This is a self-defense weapon.

Seeing that there was no movement in the beginning of Tang, Xie Chiyan turned to remind him, "What are you still doing, take a knife."

But seeing Tang Chu also pale and pale face, shoulders still shaking, good fellow, frightened silly.

"Pick you up, An Xia is really miserable! Take it, hold it tight!"

He vomited, stuffed the table knife in his hand into Tang Chuye's hand, and said without a good voice: "I'm afraid of what, I didn't listen to your elder brother, isn't it a big problem?"

Holding the knife tightly, Tang Chu, whose neck seemed to be rusty, turned his head little by little and looked at An Xia.

Trembling: "I, I, I saw the gun, brother, I, I, I saw the gun."

She just glanced in the direction of the exit accidentally just now, just to see the person guarding the exit, pulling out a black thing.

It's... a gun.

She knows.

It often appears on TV.

It can't be wrong.

Xie Chiyan's expression changed when he heard the words, and he looked at An Xia together, "Damn, there is a guy!"

"When I lie to you?" An Xia glanced at her, "You and Chuya change positions."

Xie Chiyan: "!!!"

What's so great about changing.

It's rare for anyone to sit next to her.

When the two changed positions, An Xia frightened the soft girl and said, "Get down, don't run around, don't scream, there will be nothing wrong."

"Okay, okay, okay, I remember, I remember."

Tang Chu, who was so scared to lose his soul, also sucked his nose vigorously, repeating in his mouth, "Don't run around, don't scream, nothing will happen, nothing will happen."

Seeing this, An Xia said in a deep voice, "Tang Chu also, look at me!"

It's like this before it starts. How can I have time to react later?

The brain and body can't keep up. If something happens, she is a living target.

At the beginning of Tang Dynasty, he couldn't even focus his eyes.

until--

Xie Chiyan's face was sullen, she covered Tang Chuye's mouth with her right hand, and squeezed her back arm with her left hand.

Very effective way to wake up.

An Xia looked at Xie Chiyan with cold eyes.

The two looked at each other, and Xie Chiyan was angry, "What are you looking at! She is so frightened, do you still have time to tell you if you don't take the medicine?"

Tang Chu also hurt his throat and wanted to scream, and finally he was covered in his mouth.

People really wake up.

An Xia, with dark eyes and cold eyes, looked at Tang Chuye, and said solemnly: "Grasp the knife and fork in your hand, don't scream, don't move, let alone be afraid!"

Just finished speaking, countless people broke in at various entrances and exits.

"Who? What? Don't go in!"

The staff guarding the entrance and exit sternly intercepted, but they were met with fists.

Yao Qiu's voice spread throughout the venue, "Everyone, tonight is the Fei family's housework, so you can watch it carefully."

"Who the \*\*\*\* dared to run around, don't blame me for being impolite!"

...

At this time, Earl Winsell's face was very bad.

He just came for the final auction item tonight, never thinking that he would be involved in the internal fighting of a small family.

Listening to the fighting, Winsier's eyes were cold, and he told Curry, "Go over and bring Miss An Xia."

"Master Earl, now..."

Curry didn't say anything, leaning forward, "Yes."

Earl Winsell's icy eyes told him that this was an order.

The venue is even more chaotic.

All the guests want to leave, what is the housework of the Fei family, \*\*\*\* it! It's all fighting, is it still called housework?

No one knew, but someone took advantage of the chaos and left the venue to go to the second floor.

Xiangxian is already waiting.

"Cai, please."

Suddenly it was the person who first stood up and questioned Fei Weiye.

In a cabin on the second floor, someone stood in the doorway of the lightly covered cabin, through a tiny seam.

It's Luo Zhong.

He saw Xiangxian as well as the businessman looking for Xiangxian.

"The goods have been prepared, there is not much time, please hurry up, Mr. Cai." Xiangxian whispered, and invited people into the room.

Then, at this moment, Tian Xinyuan woke up.

She saw a man squatting at the door.

**Chapter 1166: Hush, don't talk**

In the corridor, the man who received Mr. Cai suddenly turned his head, his eyes swept across the empty cabin corridor.

"Is there a situation?"

Mr. Cai was also very vigilant and immediately put on the torn mask again.

The man nodded lightly, stuck to the wall, and slowly pushed all cabin doors.

He seemed to hear a small sound.

Then he began to gently push each door to see if it was closed tightly.

One after another.

Finally stood still, raised his eyes, and checked the room number.

2-705.

The door is also closed tightly.

Knock on the door, pretending to be a waiter, "Hello guest."

The ears are also close.

At the same time, the force to push the door was significantly greater than before.

In the room, Luo Zhong's face was solemn.

People outside are very vigilant, a little bit, and they won't let go of small movements.

On the bed, Tian Xinyuan was struggling.

Fortunately, Luo Zhong flew forward to cover her mouth when Tian Xinyuan was about to scream.

"Hello, guest. I'm the waiter on the second floor. I heard that there seems to be some movement here just now. Are you experiencing difficulties? Do you need our help?"

Without giving up, the man continued to knock on the door.

And press the communication, "2-705 room door, send it here."

He needs to confirm whether there is anyone in the room.

The sound of knocking on the door and talking clearly floated into Luo's middle ear.

And Tian Xinyuan is still struggling.

"Hmm..."

Tian Xinyuan struggled with horror and wide eyes.

Help.....

Help.....

She is crying for help.

No one could hear the cry for help.

Memories of falling into the sea slapped across the sky, and despair on the brink of death instantly drowned her in an avalanche.

Is she dying again?

Was gutted to death?

do not want!

She don't want to die!

Help!

Help!

An Xia, save me, save me!

Desperate to the point where the tears kept coming from her eyes, Tian Xinyuan at this time fell into the horrified world she gave herself.

I didn't hear what Luo Zhong said at all.

The second Luo Zhong rushed to cover her mouth, he said, "Hush, don't talk, it's dangerous outside."

"An Xia can't rest assured that you are alone in the room, let me stay to protect you, don't talk, relax, relax."

After saying a few words, Tian Xinyuan didn't even listen to a word.

Still struggling.

She, who had already experienced death once, was scared, completely scared.

The courage was all shattered, and even a little bit of wind and grass felt like he was going to die.

Luo Zhong soon discovered that something was wrong with her.

I was frightened, but refused to hear outside voices, and closed myself in the horrible world I created.

After several failed attempts to wake up, Luo Zhong resolutely adopted the most primitive method.

Stun people.

It's not a problem to keep covering her mouth without fainting.

Will not faint for too long, at most three to five minutes can wake up.

"Ding....."

The sound of the room card swiping the door came, and Luo Zhong hid behind the door, breathing tightly.

Room 2-705 opens.

The man and the waiter who delivered the card quickly entered the room.

There was no one in the room.

All the rooms on the ship are small, and you can tell if there are any Tibetans.

"no one."

The attendant even checked the roof of the room and confirmed that no one was hiding.

The man looked around carefully again, so careful that he didn't even let the small place where the car-mounted refrigerator was installed.

"Thanks." The man didn't look for it any more, and turned to the waiter: "Keep the second floor well, no one is allowed to come over."

The waiter nodded, "Yes!"

2-705 The door closed again, and the sound of footsteps gradually moved away.

Luo Zhong exhaled a long breath.

He is 2-707.

It is separated from the 705 by a door.

Fortunately, there is no row of inspections, otherwise, they will only get out of the window through the window.

### **Chapter 1167: It's okay, it's all over**

He didn't know that the man hadn't gone far, he paused for a while, looked behind him again, and confirmed that there was no problem again before leaving.

Luo Zhong in 707's room didn't immediately move either. He waited quietly for a while, and moved slowly when he heard there was no movement outside.

When he glanced at the girl who was knocked out by him, Luo Zhong began to get busy cautiously.

Open the vehicle-mounted refrigerator in the cabin, take out a few bottles of iced drinks from it, one bottle is pillowed under Tian Xinyuan's cervical spine, and two bottles are placed next to her cheeks.

With a cold touch, don't wake up Tian Xinyuan quickly.

Time is running out and I need to take advantage of the chaos outside to quickly find out why Tian Xinyuan was thrown into the sea.

Soldier Mute only saw her being taken away, and did not see why she was taken away.

No one thought that the first accident would be a student.

Waking up quickly, Luo Zhong whispered when his eyes moved slightly, "Tian Xinyuan, I am An Xia's friend, she is very worried about you, can you hear me?"

"Don't be afraid, you are safe now, no one can hurt you anymore."

"An Xia has been waiting for you to wake up, can you hear me? Can you wake up and talk to An Xia?"

At this time, saying the name of the person Tian Xinyuan knows best can help her find a sense of security.

Finally it worked.

Tian Xinyuan was finally able to accept outside information on her own.

An Xia, An Xia, An Xia...

Slowly opening her eyes, she heard a gentle but dynamic voice, steadily speaking, before the panic in her eyes had dissipated.

"Is it better? An Xia said, after you wake up, contact her. Would you like to squint for a while before contacting her?"

How could Tian Xinyuan squint for a while.

Hearing this, his out-of-focus eyes gathered, and then he threw into Luo Zhong's arms with a "wow".

It doesn't count as if he rushed over, he hugged Luo Zhong tightly, seeking a sense of security.

Luo Zhong subconsciously hugged the frightened girl and whispered: "It's okay, it's okay, it's all over."

"Don't be afraid, don't be afraid, it's all over."

Very gentle, using the most gentle voice to convey the most powerful sense of security, and prop up a blue sky for Tian Xinyuan.

"Don't cry, it's still dangerous outside right now. We can't make too much noise. If someone hears it, it is very likely to be targeted."

"It's all over. With me, no one can hurt you again."

He kept talking, patted Tian Xinyuan on the back through the quilt.

The calm and calm national police used his own way to guard the people of Xia State he had been protecting.

Tian Xinyuan didn't cry loudly. She didn't even know that she had been biting Luo Zhong's shoulder until she calmed down and found that she had bitten someone.

Shocked and quickly let go.

The white clothes have bright red blood oozing out.

She bit someone.

"You...I..." Tian Xinyuan was determined to look at Scarlet. She raised her hand before she came out of panic and gently stroked the bite.

"It must be painful, you must be painful..."

Luo Zhong realized that he had been bitten on his shoulder.

Turning his head and glanced, Luo Zhong smiled.

The little girl's teeth are really good.

She was bitten and bleeding.

"It doesn't hurt. I don't feel it if you don't say it." Comforting her, and still smiling and speaking, "How about you, is it better?"

How can it hurt?

He is lying to himself.

Tian Xinyuan replied timidly, "I want to drink water."

The voice was weak, but Luo Zhong was relieved.

Able to talk, representatives can communicate normally.

After drinking the water, Tian Xinyuan hugged the quilt and sat curled up, her eyes locked on the man busying herself.

She has not seen him.

"Do you know An Xia?" took the initiative to ask.

### **Chapter 1168: Gentle and powerful person**

Luo Zhong placed the mineral water bottle and tightened the curtains completely.

After hearing Tian Xinyuan's question, he sat on the side of the bed and said gently: "Yes, she is my friend's sister."

"An Xia has a brother?"

"No brother." Luo Zhong didn't answer too carefully.

Tian Xinyuan herself understood as her cousin and cousin, "Is her family very rich?"

The topic is far off.

But Luo Zhong followed her and answered one by one, "Yes, very rich. How did you know?"

Isn't it just listening to a few words about the dishes, is it guilty to throw her into the sea?

Aggrieved and sobbing, she did not see Luo Zhong's eyes passing by when he heard the word "sea cabbage".

Sea cabbage, this is a code word!

The reason why the girl Tian Xinyuan was thrown into the sea is because she heard "sea cabbage".

Seeing that she was still sobbing, Luo Zhong handed over the mineral water bottle again, as carefully as he even unscrewed the bottle cap ahead of time.

"Come on, drink some water. Next we need to talk about this."

"However, you have to promise me not to cry anymore, because we are still in danger."

Already a college student, with a bit of self-control, Luo Zhong didn't conceal what was going on outside.

To tell in advance, one is to make Tian Xinyuan psychologically prepared, the other is to make her realize that it will only be more dangerous if she keeps on crying, and the third is to make her understand that the problem is solved now.

"Also, from now on, our range of activities can only be in the room. Come, listen carefully, do you hear the alarm bell?"

"It's messy outside now, but we are safer in the room."

Tian Xinyuan heard the words and listened carefully, and she really heard it.

### **Chapter 1169: Did a stupid thing**

With Luo Zhong's guidance, Tian Xinyuan finally knew that she had done a stupid thing.

"Next, no matter who asks you, you must kill yourself and don't hear anything, you haven't heard a word!"

Luo Zhong was talking the whole time, and Tian Xinyuan nodded her head in a pecking manner.

Oh oh oh...

She promised not to run around.

Make sure not to talk to people indiscriminately.

I also absolutely promise that I will not tell anyone, I have listened to something.

I didn't hear it, she really didn't hear a word.

It's messy outside, and it's safer in the room. She remembered it, really remembered it.

As Luo Zhong said, it is indeed chaotic outside.

On the surface, Yao Qiu controlled the venue.

He did not immediately clean up Fei Weiye.

Fei family members, his in-laws really didn't have the guts to come forward to clean up, even if he was Fei Erye's wife and brother, that wouldn't work.

It took Fei Erye or Fei Erye's son to come forward.

Fei Weiye can't be cleaned up, there is no problem to clean up Wu Suishan.

Wu Suishan was horrified when he watched Yao Qiu walk towards him.

This idiot!

He wants to come over, won't he die faster?

"Yao Qiu, what are you going to do, you, you, stop!"

Wu Suishan also wanted to drink the other party, and retreated to Fei Weiye's side.

In front of them, as long as they are close to Fei Shao, forgive them for not detonating their time bomb!

It's a pity that the little abacus in his heart is clearly seen by others.

The voice of the dedication came again with a smile, "Mr. Wu, Fei Shao is still not good at Mr. Wu. I am afraid that if I am nervous, pressing the remote control will cause Mr. Wu to lose his life."

Oh shit!

If you can't go there, you can always go to other places.

"It's better not to move, Mr. Wu, by the way, let us listen to what Mr. Yao will say."

Xiangxian stood in front of a huge electronic screen and looked at the entire venue.

Here, he can see everyone clearly, including the "fee less" on stage.

In the room, on the couch with seats facing the sea, some people are sitting with their legs up, admiring the sea engulfed by night.

Outside the glass, the sea is vast, and the waves of the sea can be seen under the starlight and moonlight. Apart from that, there is nothing to see.

"They are all here?"

The sitting person finally spoke, lazily, and seemed to wake up after a nap.

Xiangxian immediately condensed his breath and became respectful, "Second Lord did not come over."

"The second uncle is so busy, how can there be time to come over." The man got up, then turned to look at the electronic screen.

In the bright light, the man suddenly looked exactly like Fei Shao standing in the meeting place.

Not only do they look exactly the same, but they also have exactly the same voice and language behavior.

This is the real Fei Shao Fei Weiye.

Fei Shao in the venue is just Fei Weiye's careful selection, who can become his stand-in after plastic surgery.

The real Fei Weiye rarely shows up.

Whenever Fei Weiye was seen by others, he was his stand-in.

Only Xiangxian and four other close confidants knew about the stand-in.

The rest of the Fei family, including Fei Erye, are not clear.

Xiangxian lowered his head slightly and said, "You mean, Yao Qiu is all alone holding it this time?"

"Not necessarily." Fei Weiye chuckled, standing in front of the screen, his eyes sharply sweeping everyone in the venue.

He is looking for someone.

Find a very important person.

This person is his first goal to solve tonight.

The guests in the venue, including Yao Qiu and Wu Suishan, were nothing but chess pieces.

Especially Yao Qiu and Wu Suishan, two abandoned chess.

After the envoy tonight, there will be no second chance to use it.

Xiangxian stood behind Fei Weiye, and followed the screen one by one.

I have been with Fei Weiye for many years, and at this time, I have guessed what he is looking for.

"You mean, Febaiyne is hiding here?"

### **Chapter 1170: Wings are hard to escape**

Fei Baiyan, Fei Weiye's cousin.

He is also the eldest son of Uncle Fei Weiye.

Mrs. Fei gave birth to three sons, and Mrs. Fei was the eldest son.

Fei only had Fei Weiye.

The other two brothers are three sons and two daughters.

This is one of the reasons why some people are no longer optimistic about Fei Weiye.

It is difficult for a single tree to become a forest, and it may be "cut down" at any time.

"My cousin is good with everything, but one day was not good, and he was a little overconfident." Fei Weiye smiled and said, his eyes burst fiercely, "Too confident is arrogant."

"And arrogant people usually have a fatal problem. They always think that they are the smartest.

"As for me, I finally returned to the second long port and held a party on the cruise ship. The traitor around me revealed in advance that the ship would go to the high seas."

"You said, can Febaiyne sit still?"

Xiangxian also laughed, "I can't sit still. After all, this charity party was made by him secretly, and the cruise ship was provided by his side."

"Now you, in his eyes you are the prey in the pit, you can't escape with your wings."

After speaking, I heard Fei Weiye laugh.

"Yes, it seems that you know my cousin very well." Fei Weiye laughed louder when he patted Xiangxian's shoulder. "But my cousin thinks his plan is perfect."

Xiangxian followed Fei Weiye's steps, and stood in front of Ruoda's floor-to-ceiling glass with him.

"Then you, do you want to see it again?"

he asks.

Fei Weiye stood with his hand shouldered, and a hostile expression was enveloped in the handsome face of the dark bird, "Wu Suishan's things have been tied for too long, so I can use it well."

"Good." Xiangxian understood.

In other words, no matter how much Wu Suishan cooperates tonight, it will be a dead end.

In the venue

An Xia leaned forward slightly.

The line of sight fell in Wu Suishan's ears.

What she found was strange.

Wu Suishan has a concealed headset device. Whatever someone says, he sits with him.

Just now, he was clearly prepared to approach Fei Weiye, but he stopped abruptly, and changed his footsteps to walk to the left side of the stage.

There is an exit over there.

This person's expression is also very wrong.

He was scared and forced to calm down.

Especially the limbs are very stiff.

Normal people's turning around is a systemic movement, but Wu Suishan is not.

He turned around, his body stiffened, his legs turned stiff.

It's a bit like hurting the waist, with a fixed board tied to the waist. You must be careful to ensure that your waist cannot twist in any way.

It's weird.

An Xia squinted her eyes.

The harsh alarm bell stopped, Yao Qiu walked to Wu Suishan, raised his hand, and slapped Wu Suishan directly in front of everyone.

Wu Suishan: "!!!"

At a young age, and a bit of a small reputation in the Changgang business community, this slap is comparable to the insult of the next step.

The anger surged, and his face turned pig liver color.

But he didn't dare to make big moves.

An Xia stared at him closely, frost was already condensed.

There is something on his waist.

There are things that scare him.

What could it be?

An Xia, who has a lot of actual combat experience and even experienced suicide attacks, only thought of one thing.

Mu Chenyuan also thought of it.

Sitting behind him, his thin lips moved slightly, picked up the napkin, and gently wiped his hands.

After wiping, put the napkin on the right hand side, and at the same time, put the right hand into a fist with the palm facing down, put it on the napkin, open the thumb, and then release the five fingers four times in a row.

There are situations, there are bombs.

He has no way to move around, and can only use the panic at the scene to convey useful information.

He was already controlled by Yao Qiu's people, and even the waiter could not walk around at will. The face of a Changgang National Police who received the information changed slightly.
