

# 1. The Reincarnated Goddess is Fierce

## **The Reincarnated Goddess is Fierce – Chapter 2110 – 2150**

### **2110 Chapter 2111-No Such Person Found -**

2110 Chapter 2111-No Such Person Found

Qi Xibei glanced at Xiao Yujie, smiled, and decisively let him go.

However, before Xiao Yujie could say anything, she tapped his body a few times.

“You, what are you doing?” Xiao Yujie’s face immediately turned pale.

After being poked a few times by Qi Xibei, he could not move his body.

“It’s nothing. I just want you to rest for a while.” Qi Xibei shrugged. “Don’t worry. You’ll be able to move in two hours. However, if you act recklessly, I can’t guarantee the outcome.”

Two hours?

Xiao Yujie tried hard to move, but he found that he couldn’t move.

He became even more flustered. What kind of evil technique was this?

Qi Xibei glanced at the others. “I advise you not to move around. Otherwise, I can’t guarantee that your young master will be fine.”

The others immediately cowered.

This great beauty looked beautiful, but her methods were shocking.

“Alright, we’ll be leaving first.”

Qi Xibei left with Yueya and Yueyuan.

Looking at their backs, Xiao Yujie gritted his teeth. “Hurry up and get me a doctor!”

“Yes, sir!”

The others immediately rushed out. Some went to find a doctor, while others went to report to the Xiao family's old master and the others.

Soon, the doctor came over.

After a thorough examination, the doctor shook his head." I'm sorry, but I can't do anything about it."

Xiao Yujie's face darkened." Why are you so useless?"!"

The doctor's face darkened, but he still held back his anger and said,"This is the work of an expert. This old man is lacking in talent and knowledge, and there's nothing I can do."

After saying that, he left without waiting for them to say anything.

Looking at the old doctor's back, Xiao Yujie's face darkened even more.

Unfortunately, he couldn't move. Even if he jumped, it was useless.

Old Master Xiao waited for him angrily." How many times have I told you not to do anything rash?! Now, let's see how you cry!"

"Father..."

Xiao Yujie cried," I don't want to either! It's all their fault!"

"If you didn't do this, why would they harm you?"

Old Master Xiao was very angry." That person can treat you like this, which means she's not an ordinary person. This matter ends here. Don't mess around anymore!"

Grandpa Xiao was very angry and frowned." Have you found out the identity of that woman?"

The butler stood up and said," I've checked. The sisters saved a girl in the forest not long ago, but we can't find out the girl's identity."

These words made Great-grandfather frown." You can't find out? Why can't we find it?"

They were the natives of Sunnywood City, and the people and things here could not escape their intelligence.

"Yes, I am. She seemed to have appeared out of thin air. There was no information about her in the other cities nearby."

After all, she was so good-looking. It was impossible for her to not have any reaction.

Old Master Xiao helplessly said to the old master, "Father, that's enough. Since there's nothing else, don't bother anymore! It was already not bad that he did not argue with Jie!"

"How can we go over like this!" Great-Grandfather Fang slammed his walking stick on the ground with an ugly expression. "Who knows who this woman is and why she's here!" If...

Before he could finish, Old Master Xiao's expression changed.

From what they said, this woman was powerful and had an extraordinary personality.

Such a person was definitely not an ordinary person.

It would be strange if she said that there was nothing special about her!

Besides, they had something to do now.

"She even kicked me twice and punched me!" Xiao Yujie shouted from the side.

This time, he was really too miserable.

"Serves you right! Who told you to mess around!" Old Master Xiao glared at him.

2111 Honored Guest of the Liu Family (1)

Although Old Master Xiao was very dissatisfied with his son's mischief and wanted him to learn a lesson this time, Old Master Xiao was not willing to let him off so easily.

How could he not be angry that his grandson was ruined by a woman who had appeared out of nowhere?

These people from the Xiao family were not generous people.

Thus, Great-Grandfather Qi immediately sent people to capture Qi Xibei and the others.

Very soon, the servant who had received the order returned with a piece of bad news.

"What did you say?!"

Great-Grandfather Fang almost broke his walking stick.

In fact, the old man was only seventy or eighty years old, and he had the strength of a Martial Marquis. He did not need a walking stick at all.

However, he liked to act like a mature elder, and this walking stick was also his spiritual weapon.

Now, his walking stick almost shattered.

“Old Master, those three women...He ran to the Liu family.”

The Liu family?

It wasn't just Great-grandfather, the others were also very surprised.

Sunnywood City had three major families: the Xiao family, the Liu family, and the He family.

Among the three families, the Xiao family was the most powerful.

The He family was slightly weaker, and the Liu family was the weakest.

The Liu family did not have many talented descendants these years, so the situation was not very good.

However, he did not expect Qi Xibei to go to the Liu family.

“They know the Liu family? Or are they members of the Liu family?”

Old Master Xiao frowned and asked.

“This...” The man carefully raised his head.” According to the news I received, that girl is now treated as a distinguished guest of the Liu family.”

” VIP?!”

The few of them were surprised again.

Although the Liu family couldn't compare to the Xiao family, it couldn't be that bad, right?

He actually treated a little girl as a VIP?

What a joke!

“What exactly happened? Tell me clearly!”Great-Grandfather Fang slammed his walking stick hard.

“Yes, sir!”

Earlier, when Qi Xibei brought Yueya and Yueyuan out of Xiao Yujie's house, the sisters had started to worry.

"We... What should we do next?" Moonfang was very worried.

"Why don't we leave this place? To the next city?"

Yueyuan immediately had an idea.

To them, this was the best solution.

Xiao Yujie was the little tyrant here. If they continued to stay here, they would be captured and brought back!

Moreover, Qi Xibei had treated him like that before. How could he not be angry?

When Xiao Yujie recovered, he would definitely continue to deal with them. This time, Xiao Yujie did not have many masters with him, so Qi Xibei was able to bring them away.

If it was someone else, wouldn't it be troublesome?

Qi Xibei smiled at the sisters' worries." Are there any other big families in this city?"

In a place, no matter how powerful one was, they would never have the upper hand.

He wasn't the emperor, so how could he make everyone listen to him?

In such a small place, the competition would definitely be greater.

"Of course!" Yueyuan immediately nodded." Other than the Xiao family, there's also the Liu family and the He family."

"Tell me about their situation."

"The He family and the Xiao family have a good relationship. I heard that they are also related by marriage. As for the Liu family...The situation isn't too good."

Yueyuan spoke frankly, but he lowered his voice under Qi Xibei's teasing gaze.

"Why are you looking at me like that?" She was a little puzzled.

"No, I just think you're great." Qi Xibei smiled.

She didn't expect that Yueyuan would have the ability to inquire about the situation here.

"There's nothing we can do. If we didn't know anything, we wouldn't have lived until now." Yue Yuan smiled bitterly.

2112 Honored Guest of the Liu Family (2)

The two sisters had their own way of survival for being able to live until now.

Every time they went to a place, they would first inquire about the situation here so that they could prepare for it.

If they couldn't survive here, they would find another place.

Of course, every time they changed places, they would suffer a great loss.

Therefore, if they had no other choice, they would not run around.

After all, it was not easy for two fifteen-year-old girls.

"The Liu family and the Xiao family have a feud?" Qi Xibei asked.

"Yes." Yueyuan nodded. "I heard that the young lady of the Liu family had a marriage agreement with the young master of the Xiao family before, but in the end, the young master of the Xiao family broke the agreement and married another girl. After this incident, the two families became enemies."

"That's good too." Qi Xibei nodded. "The way that Young Master Xiao is acting, he's not with him. That's called escaping."

Yue Yuan spread his hands and did not comment on this matter.

The common people did not understand the matters of these big families.

Who knew how many grudges there were between these families?

"How's the situation with the Liu Family?" Qi Xibei asked.

"The Liu family was fine before. However, he heard that it didn't seem to be good now."

"How is it bad?"

"The Liu family originally had a spirit medicine store, but their family's alchemist was snatched away by the Xiao family, and now their business has started to decline."

This was the news that Yueyuan had received when she was setting up her stall.

After all, there were all kinds of peddlers coming and going in their stalls. These people had their own sources of information.

Everyone liked to inquire about the matters of these large families.

Although he didn't have money, he still had an appetite to listen to the gossip of the rich.

Therefore, Yueyuan also heard a lot of gossip.

"Alchemist..." Qi Xibei pondered for a moment.

"That's right, the Liu Family was already very unhappy because of the broken engagement. After that, they were robbed of a middle grade alchemist, and they became even angrier!" Moonfang said.

Yue Ya was not as sensitive as her sister in this aspect, but she had heard a lot of such news.

"Middle Grade Alchemist?" Qi Xibei raised an eyebrow.

"That's right!" Yue Ya nodded. "I heard that the Liu family originally had three intermediate alchemists, but one was snatched by the Xiao family, and the other was snatched by the He family!"

Therefore, the situation of the Liu family became more and more troublesome.

"Are there no high grade alchemists?"

"High Grade Alchemist?" The sisters looked at each other and shook their heads. "No!"

"A high level alchemist is such a powerful expert! There's none here!"

A high-grade alchemist was a distinguished guest of all clans!

Especially in such a small city, they could even establish a sect!

"I heard that the Xiao family's young lady's grandfather is a high-level alchemist!"

This young lady was the daughter of a family in another city, and then she had a marriage alliance with the Xiao family.

Qi Xibei nodded slowly. He roughly understood the situation.

It turned out that there were still these grievances and entanglements.

"Alright, let's go to the Liu family!" She made her decision.

“Liu Clan?”

The sisters were stunned.” To the Liu family? Why?”

Did they hear wrongly?

Qi Xibei’s tone made it seem as if she would be warmly welcomed by the Liu family the moment she arrived.

Yue Yuan suddenly gasped and shook his head seriously.””No! We can’t go to the Liu family!”

“Why?” Qi Xibei was puzzled.

“Don’t sacrifice yourself for us!”

Qi Xibei was speechless.

The corners of her mouth twitched.” You’re thinking too much.”

Was there a need to sacrifice?

“Don’t worry, if I go to the Liu Family, they will definitely welcome me very much.”

2113 Honored Guest of the Liu Family (3)

Qi Xibei had an idea after he roughly understood the situation.

This was a small city.

It was a small city, so the distribution of power was naturally different from that of a big city.

Here, high-grade alchemists were already at the top. They were the targets pursued by everyone and absolutely did not dare to act recklessly.

Coincidentally, she was a high-grade alchemist!

Actually, Qi Xibei had been stuck at the high-level alchemist level for quite some time.

In her first life, she was already a high grade alchemist.

With her age, to be able to become a high-grade alchemist, just how awesome of a talent was that!

Generally speaking, being able to become a high-grade alchemist at fifty years old was already very impressive.

Qi Xibei had become a high-grade alchemist before he was thirty years old. He had shocked many people back then.

Later, when she was trying to become an alchemist grandmaster, she was framed by Yang Mo. The cauldron exploded and she died.

After her rebirth, although her strength was much weaker, her experience was still there!

Unfortunately, in the previous world, because of the plane's suppression, she was unable to break through.

As a result, after returning to the Heaven Awaken Continent, she was still stuck at being a high-grade alchemist.

However, as long as she was given some time, she would be able to break through and become an alchemist grandmaster.

Of course, with her current strength, she could already hold the upper hand.

There were only middle-grade alchemists here. Wouldn't she, a high-grade alchemist, be able to do whatever she wanted?

Moreover, she had already offended the Xiao family. They would definitely not let her off.

Under such circumstances, he naturally had to find a place to hide.

If it was Qi Xibei himself, she would not have minded. He could hide anywhere.

However, who asked her to have two sisters by her side?

The two sisters were ordinary people and did not have the ability to protect themselves.

If he followed her everywhere, it would be too dangerous.

Therefore, Qi Xibei could only find a place with more protection. At the same time, she had to find a place to understand the current situation. After all, she had not been back for so long and did not know the changes in the world.

"This..."

Qi Xibei's confidence left the sisters at a loss.

However, the strength that Qi Xibei had displayed earlier had impressed them.

She was so powerful that they could only listen to her.

Thus, the three of them went to the Liu family.

Qi Xibei raised an eyebrow when he saw the tall and imposing entrance.

At first glance, the Liu family was a noble family.

However, if one looked carefully, they would discover that the Liu Clan was on the decline.

Although there were quite a number of nurses guarding the door, they looked dejected and dispirited.

A caretaker was also the face of a family.

Even the shop front was listless, what spirit could the main character have?

In other words, the main character was not in high spirits, which was why the shop was so dejected.

It seemed that the Yue Ya sisters were right. The Liu family's situation was not good.

At this thought, Qi Xibei turned around and said a few words to the sisters.

The sisters looked a little troubled.

They looked at Qi Xibei hesitantly." This..." Aren't you lying?"

"How could it be a lie? I'm really a high grade alchemist!"

Qi Xibei raised his head and puffed out his chest.

However, the sisters did not dare to believe her.

Although he knew that her martial strength was high, she was still a high-grade alchemist! What a magical existence!

To the two sisters, they were not from the same world!

Now, Qi Xibei was telling them that she was a high-level alchemist!?

What a joke!

Moreover, she even asked them to tell the Liu family this...Wasn't this killing him?

"It's okay. I'm here." Qi Xibei said confidently as he pushed the sisters out.

2114 Honored Guest of the Liu Family (4)

The sisters' bodies stiffened and their scalps went numb when they were suddenly pushed out and met the gazes of the guards.

Although they often set up stalls outside, they had seen many people. However, it was too difficult for them to suddenly talk to these people!

However, when they thought of what Qi Xibei had just said, they could only grit their teeth and step forward.

Yueyuan was steadier than her sister. She took a deep breath and put on a reserved and proud expression." Please inform him that our Master Maverick is here to visit!"

"Master Maverick?"

The guards were stunned for a moment. They looked at each other and asked,"May I know who Master Maverick is?"

If it weren't for the fact that these two people were young ladies, they would have already opened their mouths to chase them away.

Where did Master Maverick come from?

What kind of joke was this?

"Master Maverick, you're a high-level alchemist!"

"High Grade Alchemist?!"

They gasped.

The most powerful ones here were middle-grade alchemists. High-grade alchemists were extraordinary existences.

The Master Maverick they were talking about was actually a high-level alchemist?!

"Yes."

The more they talked, the more confident they became, although they did not know where their confidence came from.

“Our Master Maverick is a high-grade alchemist. This time, we came to visit your master and discuss something.”

“If you’re not willing, we’ll go to the He family.”

The guards were dumbfounded and exchanged a look of confusion and shock.

Could this be a little liar who came out of nowhere to extort money?

Looking at the clothes they were wearing, they were too ordinary! Even the worst servants in the residence wouldn’t wear these clothes!

If it was a high-grade alchemist’s attendant, it wouldn’t be so down and out, right?

They wanted to scold them for swindling, but they held back.

“Please wait a moment. I’ll go and report it now.”

After saying that, one of them turned around and went in.

Seeing that they didn’t chase them away and actually went to report it, the sisters heaved a sigh of relief.

Fortunately, it was not embarrassing!

The man went inside and came out a few minutes later.

The person who came out with him was a middle-aged man.

The man looked anxious.” Where is the master?”

When he heard that a high-grade alchemist was coming over earlier, he immediately rushed out.

Of course, this was based on the fact that it was true.

If it was fake, then don’t blame them for teaching a lesson to the scammers who dared to come and lie!

“Here!”

Moonfang immediately raised her hand and pointed to another place.

The man looked over and was stunned.  
There stood a young girl.

The little girl was young and very outstanding.

However, she was a high-grade alchemist?

What a joke!

Were these little girls here to cheat people?!

This was too much!

However, Qi Xibei walked over before he could curse at him.

Qi Xibei's expression was calm and collected. It was as if he was walking on a red carpet. His posture was proud and noble as he walked to the front door.

"Hello, I'm Master Maverick. I'm now a high-level alchemist."

The man was speechless.

The guards were speechless.

The guards were speechless.

Especially the person who had just gone in to report, his expression was even uglier.

If they had known earlier, they would have taken a good look at Master Maverick before reporting! Wasn't this a liar?

"You... A high grade alchemist?"

Although the man was surprised and shocked, he still suppressed the depression and anger in his heart.

"Of course." Qi Xibei nodded arrogantly. "You can verify it."

Seeing her so calm, the man's heart was complicated. In the end, he gritted his teeth and smiled. "Please come in!"

2115 High Grade Alchemist (1)

Seeing that they had really gone in, Yue Ya and Yue Yuan were both shocked.

No way! He really came in!

Shouldn't they ask about the situation before letting them in?

What if they were liars?

How would they know that the other party had already figured it out?

One had to know that alchemists and Armament Masters were not people who could be fooled casually. As long as he personally did it, he would naturally be able to distinguish between the real and fake.

If one dared to pretend to be a high grade alchemist, after being exposed, that would be a dead end!

Therefore, no one dared to mess around.

Other things were easy to fool, but these things involved professional strength, so there was really no way to fool them.

Although Qi Xibei looked ridiculously young and good-looking, and did not look like a high-level alchemist at all, since she dared to say that, he naturally had to give her a chance to perform.

Of course, it was also because the Liu Clan's current situation was not too good. Having a high-grade alchemist suddenly come knocking on the door was also considered an unexpected gain.

As for whether the harvest was real or fake, it would have to be verified later.

If it was fake, then they couldn't be blamed! The Liu family was not easy to bully!

Of course, if she was really a high-grade alchemist, then they had also picked up a treasure!

The man introduced himself as he walked in.

The man was the second master of the Liu family, Liu Jiang.

He was usually in charge of the Liu family's business, and he was in charge of the spiritual medicine store.

However, these days, the business in the shop had been greatly reduced. More than half of it had been snatched away by the Xiao family and the He family. He had a headache.

Therefore, when he heard that a high grade alchemist had appeared, he immediately rushed out.

Although Qi Xibei had disappointed him, he still suppressed his emotions before seeing the final result.

“Master Maverick, may I know which city you were in previously...”

“Traveling around the world.” Qi Xibei waved his hand and said proudly.

Traveling around the world...

The corner of Liu Jiang’s mouth twitched as he suppressed the ridicule in his heart.

Such a young and beautiful girl, and she even traveled around the world!

What a joke!

However, he smiled and continued to ask, “I wonder what kind of pill you can refine?”

The medicinal pills that a high-grade alchemist knew how to refine were much more than that of a low-grade and middle-grade alchemist. Otherwise, how could one become a high-grade alchemist?

Moreover, the quality of the pills refined by high-grade alchemists would also be much stronger than other alchemists.

If they could have a high-grade alchemist, their Liu Clan would be rich!

Previously, the Xiao family and the He family snatched two middle-grade alchemists, and then they even started a price war. Now, their Liu family’s spirit medicine store was about to not be able to hold on.

Those two families were really too shameful!

“I know everything you say.” Qi Xibei’s attitude was still arrogant.

Yueya and Yueyuan carefully exchanged a look.

All of them?

Are you bragging?

If they were found out that they were bragging, would they be dead?

The two sisters were anxious, but they did not dare to say anything.

“That’s great!”

Qi Xibei’s words made Liu Jiang excited.

Of course, after the excitement, his heart was pounding.

This master was so arrogant. Could it be that he was really boasting?

Soon, they arrived at the hall.

There were a few people in the hall. When they saw them, their eyes widened.

“Which one of you is a high grade alchemist?” A young man asked.

Although Qi Xibei was very beautiful, far beyond their imagination, they were more concerned about the high-level alchemist!

“It’s me.” Qi Xibei stood up.

Their expressions turned even uglier.

Before they could say anything, Qi Xibei said, “Do you have the materials? I want to refine a strength increasing pill.”

2116 High Grade Alchemist (2)

As soon as he said this, everyone’s eyes widened.

Strength increasing pills were good stuff!

The Strength Boosting Pill was a fourth-grade spirit medicine. Even a Fifth Grade Martial Marquis could recover his strength quickly after taking it.

Martial artists often had all kinds of conflicts or sparring.

If everyone’s strength was equal, whoever had enough Yuan Qi would have the upper hand.

In a battle, other than one’s own strength, there were also external factors that played an important role.

Spirit herbs, spirit weapons, spirit beasts, spirit stones... These were all very important external objects.

Spiritual medicines were divided into nine grades. The higher the grade, the more energy they had.

The Strength Boosting Pill was a fourth-grade spirit medicine, and the energy contained in it was also more abundant.

The price of the strength increasing pill was also very high. It was not something that ordinary people could afford.

Moreover, only experts above the fourth grade Martial Honored Realm could take it. Otherwise, their bodies would not be able to withstand the energy inside.

Sunnywood City had several spirit medicine stores.

The Liu family, the Xiao family, and the He family all opened spirit medicine stores.

After all, it was the most reassuring to have these things in his hands.

Moreover, he could earn a lot from spirit herbs.

However, in Sunnywood City, there were only Grade-3 and Grade-4 spiritual herbs at most. There were very few of them, and they were rarely sold on the market. After all, no one would be so stupid as to sell them.

Beginner alchemists could refine tier one or two medicinal pills. The medicinal effects were not considered too strong.

Middle-rank alchemists could only refine medicinal pills that were Tier 4 and below. Moreover, they were not able to successfully refine them every time.

High-grade alchemists could refine medicinal pills below tier 6. If the pill success rate of tier 6 medicinal pills was stable, one could charge towards alchemist grandmaster.

As long as Qi Xibei could refine a Grade 4 spirit herb, she would be a mid-grade alchemist!

Regardless of whether she was a high-grade alchemist or not, her strength was worthy of their attention!

Her words dispelled the doubts in their hearts.

A swindler wouldn't dare to play this trick right from the start!

"Yes!" Liu Jiang immediately nodded. "We have enough spirit herbs here. We can have whatever you need!"

Liu Jiang was very excited.

If Qi Xibei was really a high-level alchemist, then they had really picked up a treasure!

"Alright, then bring me there."

Qi Xibei glanced at them indifferently and said nothing else.

Their hearts trembled. This little girl did look extraordinary!

“Oh right, I’ll have to trouble you to arrange for my two sisters.”

Liu Jiang looked at the sisters and nodded immediately.

“Okay, okay, okay, absolutely no problem! We will make proper arrangements. You don’t have to worry!”

After saying that, he immediately summoned the maidservants and asked them to bring the sisters to the guest room.

Yueya and Yueyuan were dumbfounded from the beginning to the end.

They came in just like that and saw that these people’s attitudes changed rapidly.

This was too fast!

However, after putting aside their worries, they felt warm.

Qi Xibei said that they were her sisters!

They thought that they had appeared as her maidservants!

If Qi Xibei was really a high-level alchemist, then he was from a different world from them!

She didn’t expect that she still treated them as her younger sisters!

Qi Xibei did not care about their reactions. He patted their arms and asked them to follow him. Then he lifted his chin.” Lead the way.””

Her cold and arrogant attitude did not make everyone unhappy. Instead, they felt that it was very natural.

This was the attitude that only a high-grade alchemist had!

Only people with strength would be so arrogant!

“Alright, please come this way!”

Soon, Qi Xibei arrived at their spirit herb garden.

There was already a girl in the ling herb garden.

2117 High Grade Alchemist (3)

After seeing the busy figures in the ling plant garden, Liu Jiang was a little surprised." Little Ya? Why are you here?"

The woman was startled when she heard the voice and immediately turned around.

When she saw the few of them, she was even more surprised. You, why are you here? Shouldn't you be outside?"

Liu Jiang frowned when he saw how nervous the woman was." What are you doing?"

"I... I didn't do anything, I just came to take a look at the spirit herbs here!"

Liu Yiya squeezed out a smile, but it was a forced one. It was obvious that something was wrong.

"Take a look?"

Liu Jiang took a few steps forward and quickly saw the situation behind her. He could not help but scowl." You're causing trouble!"

Behind Liu Yiya were a few spiritual plants that had their fruits plucked.

Looking at Liu Yiya's hand, Liu Jiang's face turned even uglier." You can't touch these! Put it away properly!"

"Why not!" Liu Yiya straightened her neck and explained,"I think I'm doing pretty well!" I can succeed on my own!"

"You child!"

Liu Jiang was furious." Do you think refining medicine is as easy as eating? If you try to control something beyond your own strength, it will kill you!"

Once a person overestimates their own strength, it was very easy for something to happen.

Low-rank alchemists casually coming into contact with middle-rank spirit medicines would kill people! The medicinal cauldron was going to explode!

Seeing his daughter's stubborn appearance, Liu Jiang felt very uncomfortable.

"I'm not afraid!"

Liu Yiya immediately shook her head." As long as my strength increases, our chances of winning will be higher!"

"Little Ya..."

Liu Jiang sighed helplessly.

"Sorry to disturb you."

Qi Xibei spoke up as he listened to the argument between the father and daughter.

Liu Yiya only noticed her after she spoke. She couldn't help but be surprised. What a beautiful woman!

However, what was she doing here?

"I'm sorry, Master Maverick." Liu Jiang then realized that Qi Xibei was still there and quickly apologized.

"Master Maverick?"

Liu Yiya's eyes widened.

Not everyone could have the title of master.

Only those who had outstanding performance in the fields of alchemy and weapon refinement could be called masters.

Qi Xibei didn't look like one of those masters!

"Hello," Qi Xibei nodded at Liu Yiya.

"H-hello!"

Being treated so politely by a master, Liu Yiya was a little flattered and nodded hurriedly.

"Can you tell me what happened?" Qi Xibei asked.

"This..."

Liu Jiang wanted to say something but hesitated. This was their family's matter, so it was not appropriate to say it.

Liu Yiya's eyes suddenly lit up as she looked at Qi Xibei." Master Qi, which field are you a master in?"

To be able to appear here, he should not be an ordinary master!

“I’m a high-level alchemist,” Qi Xibei said proudly.”

” High Grade Alchemist?!”

Liu Yiya took a deep breath and her eyes lit up.” Then can you take me as your disciple?!”

These words made Liu Jiang’s face sink.” Little Ya!”

Who would ask someone to take him in as a disciple the moment they met?

Moreover, if Qi Xibei was really a high-level alchemist, she might be angered!

Liu Jiang looked at Qi Xibei nervously and apologetically.

“You want to take me as your master?”

Qi Xibei was not angry. Instead, he looked at Liu Yiya.” Why?”

Her eyes swept across Liu Yiya’s hand.” Looking at you, I don’t think you can handle the Unscented Fruit, right?””

The Unadorned Fruit was a Grade 2 spiritual plant, and it was also one of the materials used to refine Grade 2 spiritual herbs.

But looking at Liu Yiya’s hands, she didn’t look like someone who could refine second-grade spirit herbs.

2118 Chapter 2120-Resource Assignment

Liu Yiya’s eyes lit up when Qi Xibei realized her level.” I don’t have the ability yet, but I’m working hard!””

“Little Ya!”

Liu Jiang’s face darkened.” Don’t talk nonsense!”

“I’m not talking nonsense!” Liu Yiya immediately shook her head.” I’m indeed working hard!”

Then, she felt a little embarrassed.” It’s just that I don’t have a master...”

Their family originally had three middle-grade alchemists who could usually give her pointers.

But now, out of the three intermediate alchemists, two had been poached away by the He and Xiao families. The other had encountered danger a few days ago and was injured. He was currently recuperating.

They all knew that this was a warning from the Xiao and He families!

Because of this incident, their family's spirit medicine store business was seriously affected.

If this continued, he would really be finished.

Therefore, Liu Yiya wanted to work hard to improve her strength.

If there was no alchemist at home, the influence in all aspects would be very great.

Like those middle-grade alchemists from before, if they were members of the Liu family, they would not have been poached away.

Unfortunately, not many people in the Liu Clan had the talent to learn alchemy.

Currently, Liu Yiya was the only one who had become a beginner alchemist.

It was just a pity that at this time, low-rank alchemists were unable to play any role.

"So, you want to take me as your master?"

"Yes!" Liu Yiya nodded. "I want to increase my strength and then participate in the competition..."

"A competition?"

"Yes!" Liu Yiya nodded. "Next month, Sunnywood City will have an alchemist competition. Each family will send one person to participate." This match concerns the future of our clan!"

They held a competition every three years, which was related to the distribution of resources in the city.

Therefore, all the families would work very hard.

Sunnywood City had three major families. Apart from the three major families, there were a few smaller families.

These families were also working very hard to fight for more resources.

The Liu family's previous battle results were not bad, so they obtained the development rights of a spirit stone mine.

However, in the past few years, the development of the Liu family had not been smooth.

Now, those few middle-grade alchemists either had an accident or left.

If this continued, the Liu family would be finished.

Of course, those who were sent to participate in the competition were all members of each family. They could not be outsiders.

As the most promising person in the family, Liu Yiya had to participate.

Otherwise, they would not be able to participate in the resource allocation.

"Resource allocation?"

Qi Xibei raised his eyebrows. "There's such a thing?"

Their resources weren't fixed?

"Master Maverick!"

Liu Jiang quickly interrupted their conversation. "This is nothing. You don't have to worry about it. Let's settle the business first."

The so-called official business was, of course, refining the strength increasing pill.

"How can it be nothing!" Liu Yiya widened her eyes. "This is very important!"

This was a matter that concerned the life and death of their Liu family!

"Little Ya!" Liu Jiang glared at her. "Go back first. I'll look for you later."

"I..."

"Go back!"

Liu Jiang glared at her.

Liu Yiya bit her lip. She was very unwilling, but she still left reluctantly.

If his father was really angry, it would be bad.

“Wait a minute.”

Just as she was about to leave, Qi Xibei suddenly spoke.

“Master Maverick, what’s the matter?”

Liu Yiya immediately stopped and turned around to look at her with sparkling eyes.

“I want to ask, who is engaged to Xiao Yujie?”

2119 Chapter 2121-Apprenticeship

“Xiao Yujie?”

Hearing this name, the father and daughter’s expressions immediately turned ugly.

“Why are you asking this?”

Liu Jiang looked at Qi Xibei warily.

“I’m just curious.” Qi Xibei smiled.

“It’s me!”

Liu Yiya didn’t hide anything and immediately raised her hand.

At the mention of the engagement with Xiao Yujie, her expression was very complicated, like disdain, but also like indignation.

“Master Maverick, why are you asking this? Our relationship with the Xiao family is very bad now!” Liu Yiya was very frank. “Ever since that scumbag canceled the engagement, our families have been on bad terms. However, this is also quite good. At least I don’t have to marry a piece of trash like him...”

Listening to Liu Yiya’s endless chatter, Liu Jiang’s face darkened.” Liu Yiya!”

Liu Yiya swallowed her words after being yelled at, but her expression was still a little unhappy.

She wasn’t wrong!

She was not with Xiao Yujie. This was a great thing and was worth celebrating!

She didn’t like Xiao Yujie, but she didn’t like Xiao Yujie’s wife, Li Feifeng, who was arrogant in front of her!

Every time she saw Li Feifeng's smug look, she was speechless.

Was it something to be proud of after snatching a playboy?

Seeing Liu Yiya's unconvinced look, Liu Jiang glared at her unhappily, then smiled at Qi Xibei and said, "Master Maverick, ignore her. Children are not sensible."

What child!

Liu Yiya was immediately unhappy.

She was already twenty!

Moreover, Master Maverick looked younger than her!

However, Master Maverick should be very old. It's just that he's powerful and has regained his youth, which is why he's so young.

To be able to become a high-grade alchemist, that was all old demons.

Moreover, high-grade alchemists had many ways to take care of themselves!

"It's nothing. It's pretty good." Qi Xibei smiled. "That's good. I hate Xiao Yujie too."

You hate him too?"

Liu Yiya was immediately happy. "I knew it. That scumbag must be hated!"

The corner of Liu Jiang's mouth twitched. "Master Maverick..."

"I can teach you how to refine medicine, but you have to promise me a few conditions." Qi Xibei said.

"Really? Sure, sure! I'll do anything you want!" Liu Yiya nodded immediately.

As long as Qi Xibei was capable enough to teach her how to refine medicine, she would definitely listen to him!

"Little Ya!"

Liu Jiang was a little dumbfounded. Why did he suddenly say that he wanted to teach medicine refinement?

"Alright, come on."

Qi Xibei did not delay any longer and strode into the spirit herb garden.

Liu Yiya followed behind.” Master, what can I do for you?””  
She was very smart and immediately changed the way she addressed him.

Qi Xibei glanced at her and said,”Let’s follow them and take a look first.””

“Good!”

Liu Yiya immediately nodded, her face filled with joy.

Then, under their watchful eyes, Qi Xibei picked several spirit herbs.

Liu Jiang had more faith in her ability when he saw how easily she plucked the spiritual plants.

Only alchemists knew how to use these spiritual plants!

Not all spirit plants used fruits as medicine. Many spirit plants had different uses for various parts.

If they were laymen, they would not be able to operate it correctly. At that time, he would be poisoned to death by the spirit plants!

From this, it could be seen that Qi Xibei really knew how to refine medicine!

Soon, the few of them went to the alchemy room.

In front of the refining room, the few people from before were already waiting.

“Little Ya?”

“Brother Yuan!” Liu Yiya smiled brightly.” I found Master!””

2120 Apprentice Disciple

“Master?”

Liu Yiya’s words stunned them. Why did she suddenly become their master? Also, who did he acknowledge as his master?

The few of them looked at Liu Jiang in confusion, but they received a helpless look from Liu Jiang.

The few of them quickly realized that Liu Yiya was referring to Qi Xibei!

Then, they were shocked.

In such a short period of time, he actually became a disciple?!

Was it so casual?

One had to know that regardless of whether it was a high-grade alchemist or a low-rank middle-rank alchemist, they were all full of arrogance.

To take in a disciple or something like that, one needed to go through a period of observation and consideration.

Moreover, the newcomer had to be talented and had to be an alchemist apprentice for a period of time before being accepted as a disciple.

Didn't Qi Xibei just go to the spirit herb garden? It had only been less than an hour, and he was already taking in a disciple?!

Although this disciple was a child of their Liu family, but... This was too casual!

Where was the pride of an alchemist?

Liu Yiya didn't care about their confusion and shock. She smiled and said, "I have a master now! At that time, I will let the Xiao family know that our Liu family is not easy to bully!"

The corners of their mouths twitched, and their expressions were indescribable.

What had happened today had left them a little confused.

A high-grade alchemist suddenly came to recommend himself, and then quickly took in a child at home as a disciple... They had never seen this before!

He had never even heard of it!

The few of them looked at Qi Xibei blankly, their hearts filled with absurdity.

What kind of mess was this!

Qi Xibei ignored their shock.

She indeed had the pride of a high grade alchemist, but she was also used to being casual.

After experiencing Yang Mo's incident, she became more casual.

Most importantly, she came to the Liu family to deal with the Xiao family.

Since that was the case, there was no need to be reserved.

Liu Yiya had a good personality.

Therefore, it was not a problem to guide her.

"I'll correct you, you're only my apprentice disciple now. It still depends on your performance. Only by passing can you become my official disciple." Qi Xibei reminded.

These words were like a bucket of cold water that was poured on Liu Yiya's head.

Liu Yiya was dumbfounded.

Apprentice disciple?

He was not even an official disciple!

However, she quickly became excited again.

It's okay, she can definitely do it!

"Master, don't worry. I'll definitely work hard!"

Listening to the two people's questions and answers, watching this rapid development, the Liu family members could not come back to their senses for a long time. Why was it so casual for a high grade alchemist to accept a disciple?!

"I'll go in first." Qi Xibei ignored their reactions and walked inside.

The few of them came back to their senses and quickly made way for her to enter.

"Master, can I go in and take a look?"

Liu Yiya followed behind and whispered.

"Sure." Qi Xibei nodded.

"That's great!"

Liu Yiya was excited.

Although the difference in strength between the two of them was a little too great, but watching Grandmaster refine medicine, he should be able to learn a lot of things.

The Liu family members looked at each other as they watched Liu Yiya follow Qi Xibei into the room.

Everything that happened today was beyond their understanding.

“This Master Maverick...”

Liu Yiyuan was a little hesitant.

“She must be really capable to let Xiao Ya follow her.” Liu Kang, Liu Jiang’s elder brother, the head of the Liu family, said.

Generally speaking, when alchemists were refining medicine, they did not allow outsiders to be around so as not to affect their own operations.

Those who could let people visit were all mentally strong.

2121 Chapter 2123-All Tricks

“She’s a high grade alchemist?”

In the Xiao family, Old Master Xiao, Xiao Yongzhong, had a look of disbelief.” Say it again? What is she?”

The man looked up at him in awe and continued,”A high level alchemist, that’s what she said.”

“Impossible!”

Xiao Yujie slammed the table and stood up.” Absolutely impossible! It’s impossible for her to be a high grade alchemist!”

Xiao Yujie would never believe this.

Although he had been taught a lesson by Qi Xibei previously, he did not believe that Qi Xibei had the ability to do so.

If she had such ability, would she need to do it herself? Which high-grade alchemist didn’t have people by their side?

Moreover, if she was a high grade alchemist, would the people around her be so down and out?

Moreover, with his many years of experience with beautiful women, he was certain that Qi Xibei was very young! Therefore, it was impossible for him to be a high-grade alchemist!

"It was the guard at the Liu family's door who said it. They said that it was the woman who ran to them and told them. After that, she was brought in and never came out. When I went over, I heard that the Liu family treated him as a VIP!"

These words made the Xiao family frown.

The Liu family actually treated Qi Xibei as a VIP??What kind of joke was this?

Could the Liu family be up to something?

As soon as this idea came out, they immediately felt that the possibility was very high!

"It must be the Liu family who is plotting something!"

Xiao Yujie was indignant." The Liu family just wants to make things difficult for us!"

"Yujie!"

Xiao Yongzhong glared at him.

However, this was really possible.

Because Xiao Yujie and Liu Yiya's engagement was canceled, the two families were now like fire and water.

In addition, they even snatched a middle-rank alchemist from the Liu Family. The relationship between the two families was even more off.

"Yu Jie is right! It's very possible!"

Great-Grandfather Fang nodded as well, a thoughtful look on his face.

"At this time, a high grade alchemist suddenly appeared, don't you guys feel strange?"

"The whole thing must be their trick!"The more Xiao Yujie thought about it, the more likely it was." I heard that the food at that stall was delicious, so I was attracted to it. Those two sisters were dressed too poorly, so I found out their true colors! After I attacked the sisters, that woman came over and made me like this. Now, she went to the Liu family and became a VIP of the Liu family... All of this was definitely their scheme!"

"Conspiracy?"

Xiao Yongzhong frowned and realized something was wrong." Why are you targeting the sisters?"

Xiao Yujie immediately snorted.” If everyone didn’t say that the food there was delicious, I wouldn’t have gone there!” However, their reputation has only risen in the past few days...”

These words made Xiao Yongzhong and Great-Grandfather Xiao frown.

This sounded... There really seemed to be a problem!

Lure Xiao Yujie over and then use this opportunity to attack him...

Now, those three women had gone to the Liu family and became their distinguished guests.

It would be strange if there was no problem at all!

But why did the Liu family do such a thing?

“I know!” Great-Grandfather Fang hit his walking stick.” It must be for...”  
His words came to an abrupt stop, his expression was forbearing and complicated.

Xiao Yongzhong finally reacted after being reminded by him.

That’s right! The Liu family had a plan!

The Liu family might have also discovered the treasure they had hidden!

The father and son looked at each other and immediately had an idea.

2122 Chapter 2124-Settle Her

Xiao Yujie didn’t know what his father and grandfather were talking about. He only knew that his father and grandfather believed his guess and asked foolishly,””What are you talking about?”

“You don’t have to worry about that!” Xiao Yongzhong glared at him.” Cultivate your body and mind properly. Don’t go out and wander around again! Also, don’t quarrel with Fei Feng anymore. Otherwise, I’ll teach you a lesson!”

“Father!”

Xiao Yujie complained bitterly,” How can I get along well with Li Feifeng!”

Speaking of Li Feifeng, Xiao Yujie was very unhappy.

Li Feifeng had a rough personality and was fierce. She was not his type at all.

If it wasn't for the Xiao family, he wouldn't have been with her at all!

However, even after they got married, he never liked Li Feifeng. Instead, he had been fooling around outside.

"Shut up!" Xiao Yongzhong glared at him fiercely." If the Li family comes, let's see what you'll do!"

Xiao Yujie flinched when he heard this.

If the Li family came...He would indeed be miserable.

However, it was too difficult for him to go against his heart and get close to Li Feifeng!

"Alright, stay at home. You don't have to worry about anything else!"Great-Grandfather Fang also spoke up," If I find out that you're still causing trouble, I'll break your legs!"

Although he said that, the threat was not strong at all.

If it wasn't for the old man's indulgence, Xiao Yujie wouldn't have become like this.

"Alright, you go back first." Xiao Yongzhong said to his son.

".. Alright then."

Xiao Yujie pursed his lips and left.

After he left, Xiao Yongzhong looked at his father." Father, the Liu family wouldn't really want to snatch it from us, right?"

"That's possible!" Great-Grandfather Fang nodded." Don't you think that this matter is very strange?"

"It is indeed strange."

It would be strange if this series of events were just a coincidence and had nothing to do with the Liu family.

"They must be here for the treasure!"Great-Grandfather Fang's face was solemn." They're trying to use scheming!"

Previously, they had snatched the Liu Clan's Middle Grade Alchemist and originally thought that the Liu Clan would be content with this. But never did they expect that they had even produced a 'High Grade Alchemist'.

There were high-level alchemists, but they wouldn't appear in a small place like Sunnywood City!

Moreover, it was also impossible for such a young little girl to be a high-grade alchemist!

If there was such a young high-grade alchemist, he would have long become famous throughout the entire continent!

If that young lady was a high grade alchemist, then she would directly reveal her identity, and no one would dare to go against her.

However, she went to the Liu family!

There was definitely something fishy going on!

"Liu tribe wants to tell everyone that they found a high grade alchemist so that no one would dare to fight with them!" Great-Grandfather Fang continued to ponder.

Xiao Yongzhong also felt that this made sense.

"Then what should we do?"

"Get rid of that little girl."

"What else can they do?" A sinister smile appeared on the corners of the Old Master's mouth. "The high-grade alchemist is no longer around. What other tricks can they have?"

"But, Liu clan..."

"We already have a grudge with the Liu family. Even if you don't do it, they won't forgive us! You must remember that this matter must not fail!"

".. Good!"

Xiao Yongzhong gritted his teeth and nodded.

For the future development of the Xiao family, killing a few people was nothing.

The only thing to blame was that little girl standing on the Liu family's side!

Xiao Yongzhong immediately called someone over and gave them an order.

2123 Chapter 2124-Perfect Grade Four Spirit Herb

Qi Xibei finally came out after spending the entire afternoon in the Liu family's alchemy room.

Liu Yiya came out with her.

Liu Yiya's face was filled with fanaticism as she looked at her with a crazed gaze. She wished she could pounce on her and hug her to give her a few bites.

She had witnessed Qi Xibei's refining process with her own eyes in the refining room.

There was a medicinal cauldron in the room, and there was also a Fire Spirit Rock below. They could all be used to refine medicine.

Under Qi Xibei's hands, all kinds of herbs and spiritual plants were quickly processed. It was too fast!

Moreover, no matter how complicated the materials were, it was not difficult for her to handle them at all.

Liu Yiya had seen the process of other alchemists before, but those alchemists could not even compare to Qi Xibei's finger!

The two mid-level alchemists who had left earlier kept saying that they wanted to break through to the high-level alchemist realm. However, their performance was nothing in front of Qi Xibei!

Moreover, Qi Xibei had also told her some methods of handling the materials during the refining process.

These methods were very simple, but if no one reminded them, they would never know that they could still be dealt with like this!

After such treatment, the medicinal effects of the medicinal herbs would increase by a lot! Moreover, this method was much easier.

When Qi Xibei's strength enhancing pill was out, Liu Yiya was even more impressed.

Looking at the black strength-enhancing pill, she was stunned.

Even if it was the same type of pill, there were grades. The quality of spirit herbs was reflected in their color and appearance.

Red spirit herbs were qualified. The darker the color, the better the medicinal effect. The black one was perfect.

Even if the same person refined the same medicine many times, it was not possible to refine a perfect black spirit medicine every time!

However, looking at Qi Xibei's relaxed expression, it did not seem like he was refining medicine at all. Instead, he was casually writing and was not worried about the outcome at all.

However, the final result of such a relaxed state made people kneel in admiration!

Liu Yiya wanted nothing more than to hug Qi Xibei's thigh and not let her leave after they left the refining room.

When the door opened and the two of them walked out, everyone was very curious and their stomachs immediately rose.

"How is it..."

Before they could finish their words, they stopped abruptly.

They saw the pill in Qi Xibei's hand.

The black pill looked very mysterious. The color was deep and perfect, and the smell that wafted out was even more refreshing.

Upon closer inspection, there were four circles of marks in the middle.

It was indeed a fourth-grade spirit herb!

Moreover, it was a perfect fourth-grade spirit herb!

Liu Yiya was about to go crazy!

From this, it could be seen that this was Qi Xibei's true ability. He definitely could not replace it with refined spirit herbs!

Of course, after understanding this point, everyone present was excited. They were not as calm as Liu Yiya at all.

They gasped and looked excitedly at the spirit herbs in Qi Xibei's hands." Master!"

From the looks of it, they wished they could rush up and hug his thigh.

He really was a high-grade alchemist!

Those who were able to refine fourth-grade spirit medicines were not necessarily high-grade alchemists. However, those who were able to refine perfect-grade spirit medicines, their strength was absolutely not bad!

Looking at Qi Xibei's calm expression, she must be a high-level alchemist!  
Everyone from the Liu Clan was excited.

There was actually a master who came knocking on his door!

After that, the Liu family became even more enthusiastic than before.

Liu Jiang was also very glad that he had not done anything disrespectful to Qi Xibei before. Otherwise, he would regret it to death!

2124 Chapter 2126-Teaching You All Cultivation

After Qi Xibei's strength was verified, the Liu family members were excited and immediately arranged for her to stay in a very beautiful courtyard.

Yue Ya and Yue Yuan were in the courtyard next to this one. It was also a good location.

However, the guest house Qi Xibei was staying in was the most beautiful and gorgeous one among all the courtyards of the Liu family. They had even prepared many maids.

This was also the Liu family's respect and flattery for her.

"Sister Bei, this..."

Looking at the pile of things in front of them and the exquisite clothes they were wearing, Yue Ya and Yue Yuan felt their hearts grow weak.

"It's fine. Take it." "You saved me," Qi Xibei said with a smile. "Now it's my turn to repay you." There's no need to be embarrassed."

As soon as she said this, the sisters blushed.

Especially Yue Yuan, he was extremely embarrassed.

She recalled what she had said to Qi Xibei and felt extremely embarrassed.

At that time, she just didn't want to get into trouble. Who would have thought that the situation would change in just a few days?

"Sister Bei, this...Isn't this inappropriate?" Yue Ya was very nervous. "This, why don't you send us out?"

They had never lived this kind of life before, so they naturally did not have such a good mental endurance.

They felt that they were out of place here.

“I’m fine.” Qi Xibei shook his head.” Just stay here in peace.””

The sisters were still very nervous.

It didn’t seem right for them to freeload with Qi Xibei here, right?

Although they had saved Qi Xibei, that was not the reason why they were trying to repay him.

Moreover, they were all ordinary people. Living in such a big place made them feel weak.

They were very afraid. They felt that they would be thrown out in the next second.

Qi Xibei smiled when he saw their nervous expressions.” Do you want to cultivate?”

“Cultivate?”

“Cultivate?”

The two of them spoke in unison and looked at Qi Xibei in shock.” We can cultivate?”

“If you are interested, I can teach you.”

“Of course!”

The two of them immediately went crazy with joy.

To them, this was a gift from the sky!

When the sisters were about ten years old, their mother passed away. After that, the sisters had been relying on each other.

In order to survive, they were busy running around.

Over the years, they had been bullied many times, but what could they do?

They were young and weak. They could only be bullied and escape time and time again.

As for cultivating to become a martial artist, who wouldn’t be willing?

Everyone knew that those martial artists were the most powerful. They were powerful, so they could walk around freely.

Looking at those unrestrained and magnanimous martial artists, as well as those honorable alchemists and Armament Masters, they were envious in their hearts.

However, they had no ability, no background, and no parents. What could they do? Cultivation costs money! Therefore, they had long abandoned these unrealistic thoughts.

They just wanted to live well.

He did not expect that a big pie would suddenly appear from the sky!

The two of them almost cried.

“Alright, let’s start tomorrow.” Qi Xibei nodded.

The sisters had good personalities, much better than Yang Mo.

After Yang Mo’s incident, Qi Xibei was no longer afraid of being bitten by a snake for ten years.

Of course, she would not completely trust her disciples.

Back then, she was too naive, that’s why she became like this.

But now, she knew how to control herself.

After letting the sisters cultivate, they would have the ability to protect themselves and would not have to be afraid of being hurt.

2125 Chapter 2127-Night Attacks

After Qi Xibei told Yueya and Yueyuan about cultivation, he gave them a test and told them to go back to rest. They would start cultivating the next morning.

Late at night, Qi Xibei suddenly opened his eyes.

There’s a guest!

The Liu family treated Qi Xibei very well and arranged many maids to serve her.

However, the strength of these maidservants was very ordinary. At most, they were Martial Apprentices.

Of course, those who were more capable would not run over to be an ordinary maidservant.

Therefore, these people were unable to discover and stop the foreign 'guests'.

Moreover, no one would have thought that someone would suddenly come to the Liu family. Wasn't this going to be an enemy of the Liu family?

Qi Xibei's intuition was very sensitive, which was why he was able to detect the unfamiliar aura outside.

This unfamiliar aura also carried a trace of killing intent, causing her face to sink.

She got up and walked to the window.

Outside the window, there were two unfamiliar auras.

Although the aura was hidden, it was very obvious in Qi Xibei's eyes.

The two of them were obviously used to hiding their auras, but their murderous aura would occasionally leak out, especially in front of Qi Xibei.

Qi Xibei was curious. Who wanted to harm her?

"Assassins!"

A woman's voice suddenly sounded from outside. Her voice was flustered and anxious.

Qi Xibei opened the door.

When Qi Xibei walked out, a knife suddenly appeared at the door.

The blade was extremely sharp, and it even glistened under the moonlight.

The knife was placed at Qi Xibei's waist, and he wished he could cut him in half.

However, Qi Xibei was already mentally prepared. Naturally, he would not be hit by them.

She moved her feet and jumped up lightly, quickly avoiding the big knife at her waist.

As she flew out, she launched a fierce attack at them. The vital qi was like a stick, striking towards them.

The two people who were preparing to launch a sneak attack outside did not expect that she had already discovered them, and they did not expect her reaction to be so fast.

When they saw Qi Xibei resist, they reacted quickly. They turned their sabers forward and blocked her attack.

The next moment, they grunted.

Qi Xibei's Vital Qi ball landed on the surface of their blades with such force that they were forced to take a few steps back!

Their expressions changed drastically.

Who said she was only a third-grade martial master?!

With such strength, he might not even be a Level Four!

Although the two of them were cursing in their hearts, they still desperately wanted to kill Qi Xibei.

What made them happy was that Qi Xibei did not shout, so no one was attracted to him.

However, before they could celebrate, they saw a flash of light in the air in the next second.

Then, they felt a pain in their chests and their breathing stopped.

Lowering their heads to take a look, their eyes widened in shock. That was because there was an additional wound on their chests that was bleeding profusely.

Soon, the two of them collapsed.

Qi Xibei wiped the sword clean and put it back at his waist.

Qiao Yanyu had prepared this flexible sword for her previously and had followed her here. When he was picked up by the crescent sisters, he didn't throw it away.

It came in handy now.

Qi Xibei looked at the two assassins who had died with their eyes wide open. He rummaged through their clothes and found a brand inside.

There were actually people in the Broken Bone Tower who hired assassins to kill her!

The Broken Bone Tower was a famous assassin organization here. As long as one had money, they could kill.

Qi Xibei looked at the moon in the sky and sneered.

The Xiao family!

## 2126 Obey the Rules (1)

Yueya and Yueyuan were very excited. They could cultivate now!

The next day, before dawn, they got up and ran to Qi Xibei's door.

The maidservant wanted to inform Qi Xibei, but the two of them rejected her.

They would wait here and not disturb their master!

The sisters had been discussing whether they should prepare a ceremony for Qi Xibei to become his disciple.

After all, they had heard that it was very difficult to become a disciple.

Cultivation was not a simple matter to begin with. Many of them were nurtured by their families.

Only when the clan had martial artists would they be able to bring out more martial artists.

If it was an ordinary family, it would be too difficult to find a good master. Even if he found such a master, others might not necessarily accept him.

The sisters had heard a lot of these things when they were setting up stalls outside, and they were very envious.

No matter what, it was a good thing that those people could cultivate, even if it was very difficult!

Qi Xibei was able to teach them cultivation. This was a godsend opportunity!

If others wanted to acknowledge a master, they could not find a master even if they knelt three times and kowtowed nine times!

Qi Xibei had given them such an opportunity, so they were naturally very grateful.

However, they had no money. When he left the Xiao family, he did not bring much money with him. Now, the clothes they were wearing were all provided by the Liu family.

Under such circumstances, how were they going to organize a ceremony to acknowledge him as their master?

The two of them were discussing this matter softly at the door. The door opened and Qi Xibei walked out.

The two of them looked up at Qi Xibei with reverence.

“Master!”

The two of them shouted in unison.

“Master!”

He called her Master again.

They turned around and saw Liu Yiya.

Liu Yiya quickly ran in and looked at the two sisters in surprise. She then turned to Qi Xibei and said shyly, “Master!”

The sisters looked at Liu Yiya in surprise. Qi Xibei had taken in a disciple?

Qi Xibei smiled as he looked at his three female disciples. “Alright, since you’re all here, let’s cultivate together.”

“Good!”

The three of them were immediately excited.

No matter what, being able to cultivate was the best thing!

However, the sisters looked at Liu Yiya with envy.

“Let’s...” said Yue Ya softly.

Yueyuan and her sister had a telepathic connection and understood what she was worried about.

He patted her hand and comforted her. “What are you afraid of? We just have to work hard!”

Even if Qi Xibei would only take care of them for a while, this was already the best opportunity!

“Only what is in your own hands is yours! Let’s not care about others and just take care of ourselves.” Yueyuan said seriously.

A young girl in her teens had said such mature and steady words. Qi Xibei, who was walking in front, could not help but laugh.

However, her impression of the full moon had also improved.

He was sensible.

Soon, the three of them arrived at the forest behind the Liu family.

Yesterday, Liu Jiang had told her that this was a good place for cultivation.

The Liu Clan occupied a large area, and there was a small forest behind it.

The more forests there were, the more spiritual energy there would be.

Even in the house, the greenery was in place.

Every rich person would plant spiritual plants inside and outside their house.

These spiritual plants could produce more spiritual energy, making this place more suitable for cultivation.

When they reached their destination, Qi Xibei stopped and looked at them.

“Since you want to become my disciples, you must abide by my rules.”

The three of them looked at her with serious expressions. They did not say a word and were very serious.

“One of the most important rules is that those who deceive their masters and destroy their ancestors will die!”

2127 Obey the Rules (2)

Qi Xibei’s voice fell heavily, causing the hearts of the three to tremble.

If they dared to betray their sect, they would die without a burial place!

However, this was a normal request.

The three of them looked determined.” Yes!”

“Other than this, the rest are not a big problem.” Qi Xibei smiled again after his serious expression.” If anyone bullies you, remember to look for me. We don’t cause trouble, but we’re not afraid of trouble, understand?”

“Understood!” He roared again.

“Also, you have to respect your fellow disciples. If both parties can’t get along, I won’t force you. However, you can’t hurt each other, understand?”

Qi Xibei made a few more simple requests.

The three of them listened to her request and nodded repeatedly.

Actually, Qi Xibei's request was very simple.

There was no need to say anything about betraying the sect, as they were all spurned by others. The skills learned from the sect would also be recycled.

However, other than this matter, the other conditions were very easy.

However, it was beyond their expectations that they did not ask everyone to love each other.

One had to know that many fellow disciples clearly did not like each other, but in front of their master, they still had to put on a loving appearance.

This way, both sides would be in too much pain.

He was smiling on the surface, but he stabbed her in the back!

This was the first time they had heard of Qi Xibei's request.

After explaining all the rules, Qi Xibei did not waste any time and began to teach them how to cultivate.

Among the three of them, Liu Yiya had a solid foundation.

She was twenty years old this year and was a second-grade warrior. She was still a distance away from becoming a third-grade martial master.

Moonfang and Yueyuan had zero foundation.

However, Qi Xibei had checked them yesterday and found that they were quite talented.

Although they did not have a foundation, their talent was enough to make up for it.

As long as they were given time and the aid of suitable medicine, they would improve very quickly.

However, Qi Xibei was using himself as the basis to measure the two's talents.

If someone else came to check on the sisters' talent, they would find that their talent was very good!

If they hadn't been running around, they might have been discovered long ago and taken in as disciples.

Qi Xibei did not expect to find two good seedlings.

However, it was certain that the two sisters were much more talented than Liu Yiya.

The three of them were in different situations, so Qi Xibei had prepared different lessons for them.

Liu Yiya's talent in martial arts was not very good. Moreover, her focus was on refining medicine, so she mainly focused on refining medicine.

Qi Xibei had prepared a cultivation technique for the two sisters to cultivate together. One plus one could be greater than two.

Back then, Qi Xibei's master had many cultivation technique manuals. Qi Xibei had read most of them. Although many of them were not suitable for her, she could use them now.

Qi Xibei taught the three of them separately.

Under Qi Xibei's guidance, the three of them began to cultivate.

Although Yue Ya and Yue Yuan had just started cultivating, their speed was very fast. In less than half a day, they could draw qi into their bodies. After a few days of hard work, he would be able to become a beginner Martial Apprentice!

Liu Yiya's progress wasn't bad either, especially in the aspect of refining medicine. She had improved a lot.

After giving the three of them pointers, Qi Xibei started cultivating on his own.

Once she started cultivating, the three of them stopped and looked at her.

When she opened her eyes, she met their gazes.

"What's wrong?"

"Master, just now...We can't absorb any more spiritual energy!"

Moonfang felt a little wronged.

"That's right. We can't feel the existence of spiritual energy. Is there a problem somewhere?" Yueyuan was also a little nervous.

They were clearly doing well at the beginning, so why did it not work out later on?

2128 Chapter 2130-Change of Place

Unlike the two sisters, Liu Yiya had a guess." Master..." Did you absorb all the spiritual energy around you when you were cultivating?"

As soon as he said this, the sisters immediately understood. That must be it!"

When they first started cultivating, it was clearly quite smooth.

However, after Qi Xibei sat down and started cultivating, they could no longer sense the surrounding spiritual energy. It was as if the spiritual energy had been sucked dry.

"This..."

Qi Xibei was also a little surprised. He felt it carefully and felt a little awkward." It seems like that's the case."

She was a little surprised. She did not expect such a thing to happen.

Previously, she had been cultivating by herself. There was no one else beside her, so naturally, such a situation did not occur.

"That's amazing!"

Liu Yiya exclaimed," Master, you're amazing!"

The sisters looked at her in confusion.

Qi Xibei was indeed amazing, but wasn't she too excited?

"This is the first time I've heard of such a thing! Master, you're too amazing!" Liu Yiya praised him crazily." Master, your talent is absolutely amazing. Otherwise, such a thing would never have happened!"

At least, this was the first time she had heard of someone who could absorb all the spiritual energy in the vicinity without leaving any gaps for others.

From this, it could be seen that Qi Xibei was indeed powerful!

Of course, if she wasn't powerful, she wouldn't have become their master!

"Master, you're amazing!"

The two sisters were enlightened and also praised him.

Qi Xibei could not help but rub his nose in embarrassment as he watched his three disciples farts around him.

It had been a long time since she had experienced something like this.

Actually, when she was a celebrity, her fans had been even more flattering.

However, it had been a long time since she had experienced this kind of rainbow fart.

Now that she was listening to their crazy flattery, she didn't know whether to laugh or cry.

"Alright, I won't fight with you for spiritual energy." She stood up and said, "You guys stay here and cultivate. I'll find another place."

The few of them looked at each other and finally had no objections." Alright, thank you, Master!"

It was not that they were unwilling to leave this place, but Qi Xibei was their master, so his decision would definitely be wiser than theirs!

Moreover, they wouldn't be able to withstand it if they went in!

The forest behind the Liu family's residence was located behind the mountain. After crossing the small mountain, it was the spirit beast forest that they had been to before.

Even if they had to cross a mountain before they could reach the true spirit beast forest.

However, what would they do if a spirit beast came down? They were too weak. They couldn't withstand it!

"Then you guys should cultivate well." Qi Xibei said.

"Good!"

Qi Xibei parted ways with the others and walked inside.

She released her spiritual energy and stretched her body, feeling the spiritual energy here.

Actually, she was worried about Qiao Yanyu.

She had been here for ten days and wondered how Qiao Yanyu was doing. Moreover, they did not have an appointment to meet, and they did not have a way to contact each other. It was not easy to find each other.

However, Qiao Yanyu would probably return to where their Great Yan Sect was located!

However, Qi Xibei had asked around and found out that the Great Yan Sect was very far from here. It would take a long time to cross two countries to return to the Great Yan Sect.

Those two countries were not easy to deal with. Moreover, there were no planes here, so it was not easy to go back.

Therefore, she could only take it slow.

As he pondered over this matter, Qi Xibei's ears suddenly twitched and he stopped in his tracks.

2129 Space Token Stone (1)

The sky was already bright, but the weather was not good today. It was a little gloomy.

Qi Xibei noticed that there were a few more people on the path ahead.

Those people looked hurried and even dodged a little. They carefully observed their surroundings and moved forward cautiously.

Although this was not the Liu family's residence, it was still considered the territory of the Liu family.

Normally, no one would come to someone else's house. They would be beaten out.

Moreover, these people were not good people at first glance, and they were definitely not members of the Liu family.

If it was the Liu family, they would not be so mysterious.

Qi Xibei's interest was piqued when he saw their expressions. He carefully followed them.

Encountering such a matter, those who did not have the strength should not step forward to get involved. Be careful not to get a bargain and get killed instead.

Only someone as brave as Qi Xibei would follow.

Qi Xibei followed them and carefully followed them with his mental power, not letting himself lose them.

Soon, they crossed the mountain and reached the back.

The few of them looked more and more excited, wondering what kind of treasure was in front of them.

Qi Xibei remained calm and followed carefully.

After walking for another hour or so, they finally stopped.

“This is the place!”

The man in the lead was delighted.” When the time comes, we’ll guard here!”

“Big brother, where is it?”

Someone asked softly.

“It’s not time yet!” The man in the lead patted him.” It should have happened in the past two days. At that time, the Space Token Stone would be able to come out.”

Space Token Stone?

Qi Xibei’s heart skipped a beat.

She was not unfamiliar with this name, although she had never come into contact with the space token stone.

Space token stones were the most important material used to refine spatial storage devices!

Only by adding the space token stone could he refine a storage device.

However, space token stones were extremely rare and difficult to find.

The space token stone was a very magical material, similar to ling plants.

Why was it similar to spirit herbs? This was because the space token stone was a type of ore that would mature!

Only by finding it within two hours of it ripening and digging it out from the ground could it be useful.

If time passed, it would run away.

This wasn't what ores that would stay in one place without moving should look like.

However, the space token stone was really magical. It was made of ore. As long as there was a little bit of it, it could be refined into a storage device.

If there was a lot of space token stones, it could be refined into a storage device with a very large space.

Even Qi Xibei could only have a storage device with a small space.

However, when the medicinal cauldron exploded, her storage device turned into ashes along with her.

Even Qi Xibei could not find more storage devices.  
It wasn't that she didn't have the ability, but that there were too few space token stones.

This kind of stone was like a treasure. It required a little luck to come across it.

Even her master couldn't have a storage ring with such a large space.

Therefore, Qi Xibei did not expect to encounter a Space Token Stone here!

From their tone, the Space Token Stone would mature in two days!

If it was not found within two hours, it would run away again and find a place to grow again.

Who could do anything to such a willful stone?

Qi Xibei did not expect that these people would actually be able to find the Space Token Stone!

Of course, she did not expect her luck to be so good.

If it was something else, she might not have taken action, but she definitely could not let go of the Space Token Stone!

2130 Space Token Stone (2)

In the previous world, Qi Xibei was not used to the fact that there were no storage devices anywhere.

Without a storage device, he had to carry a bag and drag a suitcase every time he went out. How tiring!

However, there was no Space Token Stone in that world.

Qi Xibei's heart skipped a beat.

She had seen the Space Token Stone before!

According to the description in the treasured book left behind by his master, the Space Token Stone was gray in color. There were some small, dense holes on it, and it looked like a sponge...She had seen this stone before!

It was something that happened not long ago!

Qi Xibei thought hard and quickly reacted.

It was Jiang Rongguang!

Jiang Rongguang had a Space Token Stone!

The last thing Jiang Rongguang had stuffed into the array as the eye of the array was the Space Token Stone!

Although it wasn't big, it was indeed a Space Token Stone!

This made Qi Xibei's heart beat wildly.

If they wanted to return to their original world, they would need to create an array like Jiang Rongguang.

Although that array required sacrifices, Qi Xibei thought that there should be other arrays that did not require sacrifices.

But no matter what array it was, if he wanted to travel between the two worlds, the Space Token Stone should be the most important key! After all, it was a spatial ore!

Qi Xibei became even more determined.

Initially, she did not intend to snatch it, but it concerned whether she could return to Earth, so she definitely could not miss it!

If he missed this, he would never be able to find the space token stone for the rest of his life. What should he do?

On Earth, she still had her friends and family.

There were so many people waiting for them to go back. How could they not go back!

Qi Xibei's heart ached at the thought of this.

When she had returned to Earth from the Heaven Awaken Continent, she did not have much attachment. Other than a little longing for her junior brother and her disciple, she did not care much about anything else.

However, it was different now!

Her family and friends were all on Earth!

She and Qiao Yanyu had suddenly come here. She didn't know how sad they would be!

She didn't dare to think about it before, but now that she thought about it, her heart ached.

She had to go back!

Go back with Qiao Yanyu!

Their families were waiting for them there!

Thinking of this, Qi Xibei made up her mind. She was going to snatch the Space Token Stone!

If someone else had encountered such a situation, they would also have made a move. Moreover, she was better than the others. She only knew how to rob and not kill.

Qi Xibei muttered to himself as he continued to stare at them carefully.

On the other side, a man said casually, "Big brother, if the Xiao family finds out that we've found their treasure, what do you think their reaction will be?"

The Xiao family?

Qi Xibei's ears perked up again.

This had something to do with the Xiao family?

"Of course I'm going to die of anger!" "That's right!" The man in the lead chuckled. "So, we absolutely can't tell anyone! Otherwise, it would be troublesome! The reason why they canceled the engagement with the Liu family and cooperated with the Li family was because of the space token stone!"

"That's right! The Xiao family was quite ruthless. That woman from the Li family was so ugly and cruel. For the sake of the space token stone, they even offered up their own son!"

"I've often heard that Xiao Yujie and Li Feifeng quarreled and fought. It's a good show in Sunnywood City!"

"That's right. Who would have thought that the two of them would be so exciting together! Xiao Yujie was famous for his love for beauties!"

The few of them laughed, and their words made Qi Xibei's expression turn even colder.

So this was what the Xiao family wanted. That was even better!

2131 Space Token Stone (3)

Besides the Xiao family, no one else would have attacked her last night.

Qi Xibei had chosen the Liu family just in case.

However, he didn't expect that there would really be a 'what if' situation.

However, those people were targeting him. It was not bad that they did not target the Yueya and Yueyuan sisters.

After this incident, Qi Xibei and the Xiao family had truly become enemies.

It was even better if these space token stones were related to the Xiao family.

These ownerless natural treasures were originally for the capable.

Now that it was related to the Xiao family, that was great.

On the other side, those people were still chatting.

"Boss, isn't it a little unkind of us to do this?"

"What's there to be unkind about! Are you stupid?"

The boss slapped the man." Whose territory is this?"

"It's not anyone's territory..."

"That's right! This was a land without an owner! It was just close to the Liu family and did not belong to the Xiao family. Under such circumstances, is there a problem if we take it?"

"That's right! These things were originally for the capable! Who's still talking about being kind!"

“But our cooperation with the Xiao family...”

“Cooperation is cooperation. Benefits are the most important! If he got the Space Token Stone, he could work with anyone.”

“Yes, and the Xiao family and the Li family cooperated for these things!”

Listening to their discussion, Qi Xibei’s smile became even brighter.

She also learned a lot of information from these people.

For example, Xiao Yujie was the unfortunate one who was pulled out for marriage.

Moreover, they were still guessing that the girl from the Li family must have cheated on Xiao Yujie...

No wonder Xiao Yujie would go around snatching women.

It turned out that he had a terrifying wife at home.

Although this wife was ugly and violent, she had a strong background.

The Li family was a large family in another city. Because the family head was a high-grade alchemist, his status was very high.

Although the Xiao family was one of the landowners of Sunnywood City, they were still a distance away from the Li family.

It was the best thing that the Li family was willing to marry them.

Moreover, if the two sides cooperated, they could obtain more benefits.

The Xiao family had cooperated with the Li family, and then with the He family.

The few people in front of him should be from the He family.

They had come during the day.

If he came at night, it would be easier to be discovered because the Xiao family would also come at that time.

Everyone was quiet, not daring to let others find out and fight with them.

After a while, they took out the food from their bags and began to eat.

From the looks of it, they should be setting up camp here.  
Even if the Xiao family came, they would be dealt with by them.

After all, it was related to the Space Token Stone. Who would let go? He wasn't a fool!  
What a rare treasure!

Qi Xibei pondered for a moment as he looked at them.

Then, her expression changed.

Soon, she found what she was looking for.

A swarm of bees.

This was a forest, and there were snakes, insects, rats, and ants everywhere.

Qi Xibei found a swarm of bees on a big tree. Moreover, this swarm of bees was a  
Primary Stage Spiritual Beast!

Although their individual combat strength was not strong, they were social animals!

These bees generally wouldn't provoke humans, and other people or animals wouldn't  
provoke them. The poisonous thorns on their bodies were not fun.

The most terrifying thing was that they would always come out like a swarm of bees if  
anything happened.

Looking at the few people in the distance, Qi Xibei revealed a sinister smile.

2132 Space Token Stone (4)

Qi Xibei closed his eyes slightly and extended his mental power.

Soon, the bees flew out.

The few of them stayed where they were and discussed how to deal with it later.

They also learned from the Xiao family that the space token stone would mature in the  
next few days.

Because the space token stone was running around, the Xiao family was caught off  
guard and it escaped.

In addition, this was the Liu family's territory. The relationship between the Xiao family and the Liu family was very bad now, so they did not dare to move, afraid that the Liu family would discover their actions.

It was precisely because of this that they were able to find him.

Moreover, according to the Xiao family's previous instructions, they really found the space token stone!

Now, as long as he kept an eye on the Space Token Stone, he would be able to dig it out when it matured!

At that time, they would be rich!

However, just as they were imagining the future, they suddenly heard a buzzing sound.

The man in the lead suddenly stood up with a solemn expression.

"Boss, what's wrong?"

His actions made the others a little nervous, and they all looked at him.

"Listen!"

The boss frowned.

Everyone was puzzled, but they still listened carefully.

Soon, their expressions changed.

"It's a swarm of bees!"

"Oh no!"

Someone immediately wanted to escape.

"Stay steady! They should just be passing by. As long as we don't provoke them, we'll be fine!"

The man in the lead said.

This was not the center of the forest. Even if there were spirit beasts, their strength would not be high.

At least they could handle it.

The bees that would appear here were definitely not too strong.

Although the bees were a little difficult to deal with, it was not a big problem.

Moreover, generally speaking, as long as they were not provoked, they would not take the initiative to provoke other people or spirit beasts.

After all, who would have the time to provoke others if they could live?

When they thought of this, they heaved a sigh of relief.

“It should be some other animal that provoked the bees, so they came out.”

They didn’t have anything on them that would provoke the peaks, and they didn’t encounter their nests, so they naturally didn’t have to worry.

Everyone heaved a sigh of relief.

However, before they could sit back down, the bees ‘voices became louder.

“No! They’re coming for us!”

Boss’s expression immediately turned ugly.

Dozens of meters away, the swarm of bees became more and more obvious.

The bees did not fly very fast, but the black mass made people panic.

The most terrifying thing was that according to their flight path, they were the middle target!

“Hurry up and run!”

Looking at the large area, their faces turned pale.

With so many Initial Stage Spiritual Beasts, if they were to face them, they would definitely die!

Even Boss didn’t dare to speak.

These bees must be crazy!

“Dodge first!”

Boss made a prompt decision.

Now, the Space Token Stone had not matured yet. Even if they guarded this place, they could not pick it. Moreover, the Space Token Stone had already reached the final stage of maturity. It would not run away anymore. Even if it came back later, it would not miss it.

If they stayed here, they would be attacked by these bees!

This was not worth it.

Therefore, they retreated first!

“Good!”

The few of them responded and immediately rushed forward.

In order not to let the bees catch up, they even split up and fled.

After they were chased by the bees, Qi Xibei came down from a big tree.

She walked to the place where the group of people were just now. After carefully observing the situation here, she finally found the place where the space token stone was.

On top of the space token stone were ordinary and inconspicuous plants.

However, these plants were associated with the space token stone!

It was indeed the Space Token Stone!

2133 Chapter 2135-Just an idiot

Qi Xibei was a little excited as he looked at the Kong Ling Stones.

Finding Kong Lingshi meant that their chances of returning were even greater!

As for formations, that was something she had to learn.

This world had weapons, medicine, and beast taming that Earth did not have, as well as magical formations.

However, there were far fewer Array Masters than other professions.

Only some large countries had array masters.

Qi Xibei was currently in an ordinary small country. In these small countries, even high-level alchemists were top-notch existences.

As for array masters, they were legendary existences.

If he wanted to learn formations and return to Earth, he would need to go to a big country.

Qi Xibei had already made up his mind.

However, he had to get the Space Token Stone first.

Unfortunately, these Kong Ling Stones were not ripe yet.

However, just by looking at the accompanying plants on it, one could tell that it was about to mature.

Most importantly, the Kong Ling Stone below was definitely not small!

However, how to obtain the Space Token Stone was a problem.

After a while, those people ran back, cursing.

They did not know what was wrong with that swarm of bees, but they were actually chasing after them!

Fortunately, they had hidden in the water in time. Otherwise, they would not have been able to dodge their attacks.

Qi Xibei had already left.

Qi Xibei crossed the mountain and returned to his previous position.

The three of them were already waiting anxiously.

"Where did Master go?"

They were anxious. Even if he was cultivating, it shouldn't have taken him so long to come back, right?

They even went to look for Qi Xibei once, but they could not find him.

"Did something happen?" Moonfang was a little worried.

"Impossible!" Yueyuan immediately shook her head. "Master is so powerful. How could something happen to him?!"

Liu Yiya also nodded." Yes, Master is so powerful. Nothing will happen to him!" Perhaps Master had something to do, so he went out."

"Yes!"

Although they said that, they were still a little anxious.

Fortunately, Qi Xibei finally returned after waiting for 25 minutes.

Looking at her back, the three of them heaved a sigh of relief.

"Master!"

They went up to him.

"Are you guys done cultivating?"

"Yes!" The few of them nodded." We're waiting for you!"

"Alright, let's go back."

Qi Xibei walked in front, and the others could only follow.

Qi Xibei asked Liu Yiya to stay behind when he returned to his courtyard.

"Master."

Liu Yiya stood obediently in front of Qi Xibei." Do you have any instructions?"

"I want to ask about Xiao Yujie.

"Xiao Yujie?"

Liu Yiya frowned." Why are you asking this? He's not a good person!"

While they were cultivating, she had chatted with the Yueya and Yueyuan sisters.

Although it was the first time they met, the three of them were not difficult to get along with.

Although Qi Xibei said that fellow disciples did not necessarily have to love each other, generally speaking, if there was no deep hatred or unspeakable grudges, fellow disciples would be more friendly than others. After all, the same master would have a better relationship.

The three of them took advantage of the gap to talk to each other for a while. Then, they realized that each other's personalities were quite good.

Under such circumstances, they naturally chatted happily.

Therefore, Liu Yiya learned about what had happened from the sisters. She also knew what stupid things Xiao Yujie had done and how disgusting he was.

“Xiao Yujie is just an idiot with a brain full of sperm. What do you want to know?”

Liu Yiya still felt unhappy when Xiao Yujie was mentioned.

2134 Tier 5 Pill (1)

Liu Yiya and Xiao Yujie grew up together. However, Xiao Yujie was quite cute when they were young, and he wasn't that shameless.

But after he grew up, he changed.

He had been a gentleman before, but now he had become a pervert.

Every time she heard that he had snatched another beauty, she felt disgusted.

Especially after Xiao Yujie got married, it became even more disgusting.

Therefore, Liu Yiya's impression of Xiao Yujie was getting worse and worse.

If they were in the same space, they might not be able to resist spitting at him.

“I want to know more about Xiao Yujie and his wife.”

Liu Yiya was even more surprised.” Why do you know about this?” They are not good people!”

Qi Xibei was speechless.

” I know they're not good people,” she said speechlessly.” But I want to know the situation of their two families so that I can make plans.””

Liu Yiya was enlightened.” I see! That's fine. If you have anything to ask, just ask!”

“Tell me about their situation first.”

“Good!”

Liu Yiya pulled over a chair and sat down casually. She began to talk about the two families.

What she said was similar to what Qi Xibei had heard from those people.

Xiao Yujie and Li Feifeng had only gotten together before, so they had no emotional foundation.

However, because of the cooperation between the two families, the two of them had no choice but to come together.

After they got together, the two of them became a pair of resentful lovers.

Xiao Yujie was snatching women outside, while Li Feifeng was secretly making gigolos.

This couple was also a strange pair.

However, because of the cooperation between the Xiao family and the Li family, no matter how much they hated each other, they could not separate.

“Because of the cooperation between the two families, our Liu family is in trouble now.”

Liu Yiya was in a bad mood.

If it weren't for the cooperation between the Xiao family and the Li family, the Liu family wouldn't have become like this.

If Qi Xibei had not suddenly arrived, the Liu family would have been in even more trouble.

“It's okay, I'm here.” Qi Xibei laughed.

“Yes! With Master here, it will definitely be fine!” Liu Yiya's smile was bright, and she was even more confident in Qi Xibei.

How could he not have confidence?

Liu Yiya had learned from other alchemists before, but their standards were too low. Especially after learning from Qi Xibei for a while, the effect was even more obvious.

Indeed, a high-grade alchemist was a high-grade alchemist after all. Their strength was not ordinary!

“Alright, you can go back first.” Qi Xibei waved his hand and asked Liu Yiya to leave.

After Liu Yiya left, she pondered for a while before leaving the room.

She went to look for Liu Jiang.

Liu Jiang was pleasantly surprised to see her.” Master Maverick, your visit this time...”

“I need your help with something.” Qi Xibei went straight to the point.

“Help? Please speak!” Liu Jiang was very tactful.” If there’s anything you need help with, just say it!”

This was a high-grade alchemist. They naturally had to flatter her well.

“I want to refine a grade five pill.”

” Tier 5 medicinal pill?!”

Liu Jiang gasped and almost fainted.

He was too excited.

They should have asked Qi Xibei to refine the pills as soon as possible. After all, the Liu family’s situation was not good.

However, Qi Xibei was a high-level alchemist! With such an identity, she had to be praised by everyone. How could they rush her?

Therefore, they decided to let Qi Xibei stay here for a while. They would only speak when he was ready.

But he did not expect that she herself proposed to refine a fifth-grade medicinal pill!

This was too surprising!

2135 Tier 5 Pill (2)

After Liu Jiang’s excitement subsided, he immediately brought Qi Xibei to the storeroom.

There were many spirit herbs in the spirit herb garden, but to refine a grade five pill, the materials needed were different.

The Liu family had many years of history, so they naturally had a lot of treasures.

These treasures were all placed in the Liu family’s storeroom, and there were people guarding them outside.

Now, Qi Xibei needed to refine items and pills. Liu Jiang did not relax at all and immediately brought her over.

The Liu family's storeroom was not small, and there were many precious materials inside.

These materials were accumulated bit by bit by the Liu family.

Unfortunately, he had the materials, but he could not refine it.

After all, the most powerful person in their family was a middle-grade alchemist.

These materials were so precious that the highest grade could be refined into a fifth-grade medicinal pill. Under such circumstances, who would waste these materials?

Therefore, they could only preserve these materials.

Initially, he thought that there might not be any chance for these materials to see the light of day again, but now, Liu Jiang was extremely excited!

Liu Kang, who had heard the news, was also very excited.

A fifth-grade medicinal pill! What an awesome existence!

If they could take out a fifth-grade medicinal pill, their Liu Clan's status would be different!

The best in Linyang City was the fourth-grade medicinal pill. These fourth-grade medicinal pills were priceless.

Generally speaking, fourth-grade medicinal pills were all hidden by everyone for their own use, or brought to the city's auctions to sell.

The Black Smoke Chamber of Commerce in the city was the most famous Chamber of Commerce in the entire continent. It had a branch in every city. There were many treasures inside and there were even auctions.

Generally speaking, only big cities would have fifth-grade medicinal pills for auction. There were none in small places like theirs.

Liu Kang and Liu Jiang had only seen the auction of a fifth-grade pill in other cities. At that time, they were just onlookers and could not participate at all. In terms of wealth, they could not compare to others.

There were still many super rich people in this world!

They were rich and powerful families in Sunnywood City, but they were far inferior in other places.

This time, it was rare to be able to refine a grade five medicinal pill. They naturally granted all requests!

“Master Maverick, take whatever you need!” Liu Kang said to her with a smile.

He did not know what Qi Xibei was looking for. After all, a fifth-grade pill was too much for them to handle.

“Yes.” Qi Xibei nodded lightly and shuttled through the storeroom.

Her nose was sensitive and her reaction speed was very fast.

There were so many things inside, but she could quickly find what she wanted.

Seeing her actions, the two brothers were a little excited.

He was obviously a master level expert!

Thinking of this, the two of them immediately became more confident.

Soon, Qi Xibei got what he wanted.

Looking at the materials in Qi Xibei’s hands, the two of them felt a little pained.

Every single one of these was a treasure!

Even if these treasures were sold, they would be worth thousands of gold!

So many...If anything were to happen, his heart would ache to death!  
— What nonsense are you talking about! He would definitely succeed!

The two of them gave themselves a slap in the face as they smiled at Qi Xibei.” Master Qi, are we starting now?”

“Yes.” Qi Xibei did not keep them in suspense and immediately nodded.” Take me to the refining room.””

“Alright, this way!”

The two of them immediately brought Qi Xibei to the alchemy room and waited anxiously outside.

When Qi Xibei came out, it was already four hours later.

However, she also brought out an unexpected piece of news.

2136 Tier 5 Pill (3)  
"Two Red Benevolence Pills?!"

When they heard Qi Xibei's words, both of them gasped and clutched their chests, almost fainting.

Two Crimson Benevolence Pills!

Were they hearing things?

These were two fifth-grade medicinal pills!

One had to know that the reason why medicinal pills were expensive was because refining them was too difficult.

Many alchemists did not have a high success rate.

Even high-grade alchemists were also not able to successfully produce pills all the time when refining grade five medicinal pills, let alone produce two at once!

To be able to refine one was already very good.

But who knew that Qi Xibei had actually refined two fifth-grade pills at the same time?!

The two of them felt dizzy and thought that they had heard wrongly.

When they saw the two jade bottles in Qi Xibei's hands, they gasped again. Their vision turned white, and they almost fainted.

"Master Maverick!"

Liu Jiang came back to his senses and was so excited that he wanted to grab Qi Xibei's hand.

Qi Xibei retracted his hand, not letting him touch it.

Liu Jiang didn't care. He was more concerned about the Red Benevolence Pill.

"Madam is too...That's great!"

His voice was extremely high-pitched and was about to break in the next moment.

"Master Maverick, can you let us take a look?"

Liu Kang held his breath and asked carefully.

Qi Xibei did not say anything and handed the bottle over.

The two of them each took a bottle, and their faces were so excited that they almost fainted.

They took a deep breath and carefully opened the bottle.

As soon as he opened it, a refreshing smell rushed out.

The smell instantly refreshed the two of them.

They carefully poured out the pills inside and placed them in their hands. After carefully looking at them for a while, they carefully put them back and closed the lids. Then, they covered their hearts and cheered excitedly.

“It really is a fifth-grade Red Benevolence Pill!”

” And it’s at the perfect level!”

The two of them were extremely excited.

He was already a man in his twenties, but he was jumping around on the spot. His excited look was even crazier than a child’s.

“That’s great!”

After dancing for a while, they were about to cry.

This was simply too awesome!

This was their first time coming into contact with a grade-5 medicinal pill at such a close distance! And two of them!

After a while, they slowly calmed down.

They looked at Qi Xibei.” Master Qi, this...”

Qi Xibei met their bright eyes and said calmly, ””Although it was refined using your materials, I think one of them should be mine.”

The two of them were stunned for a moment. They exchanged a look and then nodded.

“Of course! Of course!”

“If you want it, of course there’s no problem!”

How could there be a problem?

They originally only thought that there might only be one medicinal pill.

Oh no, they were still thinking that they might fail and all the materials would be gone.

But in the end, the result was out of their expectations. They didn't fail, and it wasn't just one, but two!

This was far beyond their expectations!

Since that was the case, it would not be a problem to give the extra one to Qi Xibei!

One had to know that wanting to refine a grade five medicinal pill, one had to hold a large amount of money to find a high-grade alchemist!

Moreover, even if they had money, they might not make a move!

Even if they made a move, they might not succeed.

However, even if they did not succeed, they had to endure it. After all, he was a high-grade alchemist.

The results that Qi Xibei had produced were much better!

Moreover, Qi Xibei was a high-level alchemist, so he had unlimited possibilities.

They would be fools to refuse!

"Alright." Qi Xibei smiled. "Then I'll auction this one."

2137 Auction (1)

"Auction?!"

The two of them gasped, thinking that they had heard wrongly.

"Master Maverick, you...Did you say something wrong?" Liu Jiang asked carefully.

After refining a fifth-grade medicinal pill, he didn't hide it for himself to use, but instead took it out to auction?!

What a joke!

A fifth-grade medicinal pill was a life-saving medicinal pill!

Especially when this was a Red Benevolence Pill that could save a life!

The effect of the Red Benevolence Pill was that as long as one was still breathing, after eating the Red Benevolence Pill, one would be able to recover by more than half. Moreover, the Crimson Benevolence Pill also had the effect of raising one's cultivation level.

Who would sell such a good thing!

Moreover, a fifth-grade medicinal pill was something that even a sixth-grade Martial Arts Grandmaster would fight over!

Only a fool would sell it!

Even a high grade alchemist would not easily sell it after refining a grade five medicinal pill. After all, no one could guarantee that they would be able to produce results every time.

Therefore, Qi Xibei's casual words stunned them.

"How about this, Master Maverick? We'll give you whatever you need!" "As long as you give us this Red Benevolence Pill!" Liu Kang immediately said."

Such a good treasure, who would let it wander outside!

After this village, there wouldn't be such a shop!

Even if they had to pay a huge price, they had to keep the Crimson Benevolence Pill!

Although they already had one Red Benevolence Pill, a few more would not be a problem!

"No." Qi Xibei shook his head. "I must auction it."

"This..." The two of them had complicated expressions. "Whatever you need, we can find it for you!"

"No need, I have my own plans." Qi Xibei waved his hand. "After the Red Benevolence Pills are sold, I'll take 80%, you take 20%."

These words stunned the two of them."

"Help me arrange the auction. I want to gather all the families here."

This request confused the two of them." What do you want to do?"

“You don’t have to worry about that. If everything goes well, I can help you refine other pills in the future. If you have the materials, I can also help you refine a tier 6 medicinal pill.”

As soon as he said this, the two of them sucked in a breath. Their pupils dilated and their breathing quickened.

“666...Rank-6?”

Was he joking?

They had come into contact with grade-5 medicinal pills before, although they could not get their hands on them.

But, a sixth-grade medicinal pill was really not what they could come into contact with!

Even in the Imperial Capital, there might not be a Tier 6 medicinal pill either!

Only in the big cities of great countries would there be Tier 6 medicinal pills!

Suddenly hearing the mention of a sixth-grade medicinal pill, the two people’s hearts almost had problems.

“So, this will depend on your performance.” Qi Xibei raised his eyebrows. “If you perform well and I’m in a good mood, the chances of success will be even higher. If it doesn’t work...”

These unfinished words woke the two of them up. They immediately straightened their backs and swore, “Don’t worry, we’ll definitely handle it well!”

At this time, why would he care about the Red Benevolence Pill!  
Tier 6 medicinal pills were the most important!

If they had a sixth-grade medicinal pill, they would definitely be able to advance to Wu Zong!

If he became a Wu Zong, he wouldn’t need to be afraid of the Xiao, He, and Li families! They were the most powerful family in Sunnywood City!

The more they thought about it, the more excited they became. Their faces were all red.

“We’ll deal with it now!”

“I want to hold an auction tomorrow night to sell the Crimson Benevolence Pill.” Qi Xibei added.

Tomorrow night?

Wasn't this too rushed?

However, thinking of the tier 6 medicinal pill, how could they still care about whether they rushed or not?

"Alright, we will definitely handle it well!"

After saying that, they rushed out.

2138 Auction (2)

Liu Jiang and Liu Kang didn't stop and immediately went to the Black Smoke Chamber of Commerce.

The Black Smoke Chamber of Commerce was a behemoth with branches in every city.

Even if the families in these places were to get into a fight or the countries were to fight, it would not affect the Black Smoke Chamber of Commerce.

If they offended the Black Smoke Chamber of Commerce, it would be difficult for them to move forward.

After that, he would be completely blacklisted!

Living in his own city was no problem, but in other cities, he was dead meat. As long as it was something from the Black Smoke Chamber of Commerce, he could not buy anything!

The Black Smoke Chamber of Commerce was much more capable than their families.

The Black Smoke Chamber of Commerce's auction was also famous.

The Black Smoke Chamber of Commerce held a regular auction every month. In addition, if they found good goods, they would also hold an auction.

This month's regular auction had already ended. Xie Hong Zhou, the person in charge of the Black Smoke Chamber of Commerce, wanted to relax a little. However, he did not expect that someone from the Liu Family would come to look for him.

When he heard that it was Liu Jiang and Liu Kang, he immediately walked out.

Those families didn't dare to offend the Black Smoke Chamber of Commerce, and the Black Smoke Chamber of Commerce generally wouldn't offend the local tyrants.

In business, harmony was the most precious.

Who would be so bored as to offend their own rich man?

Therefore, Xie Hong Zhou got along quite well with the people in charge of the family.

Even though the Liu Family wasn't doing too well these days, Xie Hong Zhou still treated them equally.

In any case, no matter how rich these families were, they could not compare to the Black Smoke Chamber of Commerce. There was naturally no need to treat them differently.

"Brother Liu Kang, Brother Liu Jiang, I wonder if the two of you have come..."

"We want to auction the Red Benevolence Pill."

Liu Jiang went straight to the point.

"Red Benevolence Pill?"

Xie Hong Zhou was stunned for a moment, thinking that he had misheard.

"Right, a fifth-grade Red Benevolence Pill!"

Liu Jiang handed over the bottle in his hand." This is it."

Xie Hong Zhou took the bottle and opened it.

When that smell floated out, he knew that they were not lying. This was indeed the aura and power of a fifth-grade medicinal pill.

But, where did the Liu Clan get a fifth-grade medicinal pill?

Moreover, who would be so foolish as to auction off a grade-5 pill after obtaining it??

Didn't they keep them for themselves?

What was the Liu Family doing?

Seeing Xie Hong Zhou's doubt, Liu Jiang straightened his back and coughed lightly," I wonder if you can proceed with the auction?"

"Of course!" Although Xie Hong Zhou didn't understand what the Liu Family was planning, only a fool would reject a business that was delivered to their doorstep!

If the families in the surrounding cities knew that there were grade-5 pills here, everyone would definitely swarm over!

“Well, we want to sell it tomorrow night.”

” Tomorrow night?” Xie Hong Zhou was shocked.” Isn’t this too rushed?!” This would not sell for a good price!”

If he was given enough time to operate, he would be able to attract the rich people from the surrounding cities.

That way, the medicinal pills could be sold at a good price.

However, it was only a day’s time and they were going to sell it tomorrow night. In such a hurry, wouldn’t only the people in Linyang City know?

There were many rich people, but it was still not enough!

“I know that too.” Liu Jiang nodded.” However, we want to sell it tomorrow night.”

“This...”

“Yes, just sell it tomorrow night.”Liu Kang nodded in agreement.

Xie Hong Zhou looked at his mother and brother, speechless.

Did these two brothers take the wrong medicine?

They didn’t know where they got a fifth-grade medicinal pill, but instead of keeping it for themselves, they took it out for auction. Moreover, they wanted to sell it in a day! Was it because he had too much money and was burning it up?

2139 Auction (3)

Although Xie Hong Zhou felt that it was strange, this was a customer’s request, so he naturally had to fulfill it.

Besides, there were rich people here.

No matter what, their auction would not take a small cut.

“Alright, we’ll arrange it now.”

Xie Hong Zhou took the bottle and examined it carefully. He was shocked.

This was actually a black perfect-grade fifth-grade medicinal pill!

This was valuable!

Without a few million taels, it would be impossible to get it.

If he could get the Red Benevolence Pill, he would have one more Fifth Grade Martial Marquis.

There was only one Marquis Wu in Sunnywood City, and that was the Xiao family's old master.

It was precisely because the Xiao family had Marquis Wu that they could maintain their status here.

If someone else snatched this fifth-grade Red Benevolence Pill...Then the Xiao family's position would be affected.

Thinking of this, Xie Hong Zhou couldn't help but laugh in his heart.

At that time, the situation here would change.

However, no matter how much they changed, it wouldn't affect their Black Smoke Chamber of Commerce. Moreover, they could even make a fortune!

"That's troublesome." "We're very relieved to leave the matter to your Chamber of Commerce," said Liu Kang and Liu Jiang with a smile."

"Don't worry, we won't disappoint you."Xie Hong Zhou smiled politely.

Then, he began to arrange the auction.

Soon, the news spread.

When they found out that the Black Smoke Chamber of Commerce had a fifth-grade pill to auction, everyone was stunned.

A fifth-grade medicinal pill actually appeared, and it was even the Red Benevolence Pill that could increase one's strength?!

After confirming that it was not a joke, everyone became excited.

Snatch! He had to snatch it!

Of course, those who didn't have the strength and wealth to fight for it wouldn't let go of this opportunity.

Even if they couldn't snatch it, it wouldn't be a problem for them to come and watch.

They also wanted to see what a grade five medicinal pill was.

As a result, the entire Sunnywood City became lively.

After hearing this news, the Xiao family members were stunned.

“A fifth-grade Red Benevolence Pill? Where did it come from?”

Grandpa Xiao’s expression was not too good.

As the only Marquis of Sunnywood City, he was naturally high and mighty.

But now, the Black Smoke Chamber of Commerce had produced a fifth-grade Red Benevolence Pill. This was not good.

Wasn’t this targeting them?

If the other families had a Martial Marquis, their status would be affected.

When there was a change in strength, the forces would naturally change as well.

Previously, there was no way to fight for it, but when there was a way to fight for it, no one would give up.

Needless to say, they already knew how complicated and difficult this auction was.

“I’ve sent someone to inquire.” Xiao Yongzhong said.

His expression did not look too good either.

As a member of the Xiao family, who would be happy when their own family was threatened?

Soon, news came back.

“I heard that after the Liu brothers went in and out, Manager Xie said that there were five grade medicinal pills to be auctioned.”

As soon as he said this, the Xiao family’s expressions turned extremely ugly.

“Liu Clan?”

“Impossible!”

It couldn’t be the Liu family!

It wasn't easy for the Liu Family to obtain a Tier 4 medicinal pill. How could they possibly have a Tier 5 medicinal pill!

Moreover, after they obtained the grade-5 medicinal pill, how could they possibly take it out to auction!

He didn't keep it for his own use, but instead used it to benefit others. Was there water in his brain?

"Could it be that woman from the Liu family?" Xiao Yongzhong's expression was ugly.

Until now, there was no news from those killers, which made him even more uneasy.

That woman...It was a little evil!

2140 Auction (4)

"I won't!"

Grandpa Xiao shook his head." That's impossible!"

Qi Xibei, who lived in the Liu family, had indeed said that he was a high-level alchemist, but was it that simple?

However, after Qi Xibei said that he was a high-grade alchemist, the Liu brothers went to look for Xie Hongzhou. Then, news of the fifth-grade pill spread. The connection between them made them not very happy.

He felt that there was something wrong with this.

"But this is too much of a coincidence!" Xiao Yongzhong said.

The appearance of the fifth-grade medicinal pill this time completely caught them off guard.

Even if their in-law, the Li family head, was a high-level alchemist, he might not be able to refine the Pentapearl Red Benevolence Pill.

Although he was a high-grade alchemist, the success rate was still hard to say.

Moreover, wanting to refine a fifth-grade medicinal pill required the use of many materials.

These materials were very expensive. If one did not have full confidence, it would be a waste.

If it was wasted, it would be a huge loss.

Even the Li family did not dare to act rashly.

Therefore, even if the two families were in-laws, they were also unable to obtain a fifth-grade medicinal pill.

Even their two families did not have such strength, so the Liu family did not have such financial resources.

"The assassin I found before has not replied yet. It should have failed." Xiao Yongzhong's expression was ugly.

"No reply?" Great-Grandfather Fang was shocked." Shouldn't it have already been resolved?"

It was because he felt that this matter was in the bag that he did not ask about the follow-up.

But who would have thought that the killers had all gone missing?

Great-Grandfather Fang's heart sank.

There was no reply, which meant that it had failed.

Judging from the way the Broken Bone Tower worked, they would report to their employer if they succeeded.

"No, I haven't." Xiao Yongzhong shook his head." So, that little girl should be extraordinary.'"

"It might not be that girl's matter. It might be the Liu family's help." Great-Grandfather Qi still did not believe that Qi Xibei had the ability to do so." I think they're deliberately mystifying things!"

"Pretending to be mysterious?"

"En, they should have heard that Xie Hong Zhou had a fifth grade pill in his possession, so they went to look for him. This way, everyone will think that the pill was provided by them."

The old man's explanation made Xiao Yongzhong realize." It's indeed possible!"

"The Liu family wants us to doubt their strength! It was good that he could obtain benefits in the upcoming competition!" Great-Grandfather Fang said with certainty.

“That makes sense!” Xiao Yongzhong nodded.” However, what should we do?”

“Of course we have to get it!”

No matter what the situation was, they had to snatch this Crimson Benevolence Pill.

If it was snatched away by other families, it would have a huge impact on the Xiao family.

They could not allow another family to have a Fifth Grade Martial Lord!

This was a bottom-line issue, and he could not back down!

“Alright, I’ll go and raise funds now.”

“Yes, I am. Go.” Great-Grandfather Fang waved his hand.” As long as we get the Space Token Stone, we’ll have more Red Benevolence Pills!””

“Good!” Xiao Yongzhong nodded.” However, the Space Token Stone...” Will there be any problems?”

“The Space Token Stone is in that area. I’ve already sent people to look for it. There’s still time. Besides, wasn’t the auction tomorrow night? “At that time, everyone will be gathered together. The people we send out will definitely be able to handle it.”

“Good!” Xiao Yongzhong nodded in satisfaction.” Then I’ll make the arrangements now.””

They wanted the Space Token Stone and the Red Benevolence Pill!

2141 Snatching the Space Token Stone (1)

Everyone in Sunnywood City was on the move because of the grade-5 pill.

This was a major event that concerned the development of their family!

Even if he couldn’t win, he couldn’t miss this opportunity!

Moreover, what if something different happened at the scene and they were the ones who got the treasure in the end?

With this unspeakable thought in mind, everyone began to work hard to raise funds and wait for the auction at night.

Moreover, everyone was quite happy.

Although it was a little rushed, it was also because of the rush that the rich people in other cities did not receive the news.

Even if they received the news, they would not be able to rush over in time.

Compared to the locals, they had missed out too much.

If there were not many people, then the competition would be much stronger.

Therefore, their confidence grew.

However, many people did not know that there were other things involved.

After Qi Xibei handed the Red Benevolence Pills to the Liu brothers, he stayed in the medicine refining room, doing something unknown.

Liu Jiang and Liu Kang didn't know what she was going to do either. They only instructed the others to give her whatever she wanted. They couldn't say anything else.

After all, he was a high-grade alchemist. How many benefits could he bring them!

Therefore, they left everything to Qi Xibei.

Qi Xibei locked himself in his room and refined many things he needed.

When Qi Xibei came out in the afternoon, he was already prepared.

Liu Jiang and Liu Kang were waiting outside." Master Maverick, tonight's auction..."

"I'll leave it all to you to handle. I'm just waiting to collect the money." Qi Xibei's attitude was natural.

To her, this was just a way for her to divert everyone's attention.

"This... Aren't you going to take a look?"

"No thanks." Qi Xibei shook his head." I have something to deal with."

".. Alright then."

The two of them didn't ask much. Since Grandmaster said that there was something to deal with, then naturally there was something.

Therefore, they could only leave first.

They had also put in a lot of effort for this auction.

Although he had a Crimson Benevolence Pill on hand, no one would complain about having too many fifth-grade medicinal pills, right?

Moreover, Qi Xibei had also said that they would get 20% of the money that they would get later.

In that case, they were even more attentive.

If he could snatch this Crimson Benevolence Pill, he would have even more treasures at home. He could keep them as his last resort.

As for those two middle-rank alchemists who were snatched away, they could do whatever they wanted!

After the two brothers left, Qi Xibei also turned around and left.

She made all the preparations and left the courtyard, quickly heading up the mountain.

According to his previous calculations, the space token stone should mature in two hours.

And this time, it just happened to be the time of the auction. Presumably, the others wouldn't miss the auction either. After all, it was a fifth-grade medicinal pill.

Qi Xibei's footsteps were swift, and he did not hold back at all. He walked past like the wind.

Although the sky was already dark, it was a good time to hide.

Soon, she arrived at the space token stone.

There was no one here.

Of course, Qi Xibei knew that although there was no one on the surface, there were actually people hiding around, waiting to make a move.

Before the space token stone matured, they naturally would not act rashly.

Qi Xibei carefully extended his mental power and did not approach those people.

Although those people might not have spiritual power, martial artists were all very sharp.

If they were swept by spiritual power, they would feel it.

Qi Xibei focused his mental power on the surrounding trees.

## **The Reincarnated Goddess is Fierce - Chapter 2141 - 2141 Snatching the Space Token Stone (1) -**

2141 Snatching the Space Token Stone (1)

Everyone in Sunnywood City was on the move because of the grade-5 pill.

This was a major event that concerned the development of their family!

Even if he couldn't win, he couldn't miss this opportunity!

Moreover, what if something different happened at the scene and they were the ones who got the treasure in the end?

With this unspeakable thought in mind, everyone began to work hard to raise funds and wait for the auction at night.

Moreover, everyone was quite happy.

Although it was a little rushed, it was also because of the rush that the rich people in other cities did not receive the news.

Even if they received the news, they would not be able to rush over in time.

Compared to the locals, they had missed out too much.

She made all the preparations and left the courtyard, quickly heading up the mountain.

According to his previous calculations, the space token stone should mature in two hours.

And this time, it just happened to be the time of the auction. Presumably, the others wouldn’t miss the auction either. After all, it was a fifth-grade medicinal pill.

Qi Xibei's footsteps were swift, and he did not hold back at all. He walked past like the wind.

Although the sky was already dark, it was a good time to hide.

Soon, she arrived at the space token stone.

There was no one here.

Of course, Qi Xibei knew that although there was no one on the surface, there were actually people hiding around, waiting to make a move.

Before the space token stone matured, they naturally would not act rashly.

Qi Xibei carefully extended his mental power and did not approach those people.

Although those people might not have spiritual power, martial artists were all very sharp.

If they were swept by spiritual power, they would feel it.

Qi Xibei focused his mental power on the surrounding trees.

2142 Snatching the Space Token Stone (2)

There were many spiritual plants around. Although they were only low-level spiritual plants, they could react to Qi Xibei's mental power.

Soon, Qi Xibei found out where those people were from the spiritual plants.

Those people were all hiding in the surroundings, with the space token stone as the center.

Qi Xibei did not say anything when he found the hiding place of these people. Instead, he went into hiding.

It wasn't time yet.

Time slowly passed, but there was no movement from the other side. Even his emotions were not affected.

After fifteen minutes, there was finally some movement.

A few more people came.

After those people arrived, they quickly saw the space token stone.

“Found it!”

They were happy and excited.

Fortunately, they found the space token stone before it matured. Fortunately, they did not miss it!

The person who came was of course from the Xiao family.

Previously, the Space Token Stone had escaped. Now, he had finally found it.

They were not worried that the space token stone would be discovered. After all, no one would have thought that there would be a space token stone here.

The Space Token Stone was a very magical material. No one could predict where it would appear.

However, once they found it, they would know that it wouldn't run too far.

The Xiao family had searched the surroundings before, and they had indeed found it.

As for the others, they would definitely not know about the existence of the space token stone here.

After seeing the few people who had come over, the auras of the people hiding in various places fluctuated slightly.

However, they quickly calmed down.

After all, it was not mature yet. There was no need to rush out now.

Qi Xibei also hid in the back, not moving at all.

After another hour, when the moon climbed into the sky, there was finally some movement.

The seemingly ordinary green plant began to move.

It was as if the surrounding spiritual energy had turned into a river, surging towards the green plant.

The grass was surrounded by invisible spiritual energy, gently stretching its branches and leaves.

Soon, it began to glow.

The branches that were clearly green quickly turned transparent, and there was a faint liquid flowing in the middle.

This scene made everyone hold their breath.

This was the process of the Space Token Stone maturing!

This was the first time everyone had seen such a change.

When the branch turned completely transparent, the space token stone below would emerge. This meant that it had completely matured.

At this moment, everyone's breathing became a little turbid.

After all, this was a Space Token Stone. Who wouldn't want it?

Everyone looked at the space token stone with bright eyes, wishing they could rush up immediately.

The speed at which the space token stone matured was not fast, but it was not slow either.

In less than 15 minutes, the plant was completely transparent, and the space token stone below also emerged from the soil.

At this moment, the space token stone was transparent, like a crystal.

The crystal was very beautiful and crystal clear.

When they saw the crystal, everyone moved!

The He family came down from the tree.

They carefully rushed towards the Xiao family, careful not to step on the surrounding branches.

At this moment, a deep voice sounded." Brothers, charge! Snatch the Space Token Stone!"

As soon as this voice came out, the silence of the scene was instantly broken.

Everyone from the Xiao family and the He family changed their expressions.

F \* ck! Which bastard opened his mouth?

Wouldn't this shout alert the enemy?!

The He family leader's expression was very ugly.

However, no matter how ugly it was, it could not stop the Xiao family from reacting.

### 2143 Snatching the Space Token Stone (3)

This was because the sound that came out of nowhere caused the scene to become chaotic.

Everyone from the Xiao family waited for the space token stone to mature on the spot. They thought that no one had discovered it and that there would be no problems. They thought that they would be able to harvest it easily.

But who would have thought that there would be an ambush behind them?

The people from the He family were also dumbfounded and angry. They did not know which fool had shouted and woken up the people from the Xiao family in front of them!

If this attracted the other party's attention, how could he launch a sneak attack?!

Just rush up and start fighting?

F \* ck! How much energy would be wasted like this!

Originally, he wanted to use the least amount of strength to obtain the best result. But now, things were troublesome.

Everyone in the He family wanted to kill that person.

However, he could not find the identity of that person at this time.

Even if they found the other party, they couldn't make a move now.

This made the group of people furious and gnashed their teeth in hatred.

But now, the most important thing was to snatch the Space Token Stone.

The Space Token Stone was still in the soil, but it had already popped out and was about to completely come out.

It had no idea what was going on outside. Of course, it didn't have this awareness either.

Although it was different from ordinary ores, space token stones were still ores and had no consciousness.

It absorbed the air and continued to grow, maturing at its own pace.

On the ground, the He family and the Xiao family were already fighting.

Because the matter was very important, everyone was prepared. At the same time, they also covered their faces with face masks to cover their appearances.

If it weren't for the fact that their clothes were a little different, they might even fight with each other when they fought.

Qi Xibei smiled as he watched the fight below.

Of course, she was the one who shouted just now.

Without her, the Xiao family would have been dealt with by the He family.

Looking at the battle below, she waited for a while. Just as the Space Token Stone was about to fully mature, she jumped down from the tree.

Her movements were light and nimble, and she was the strongest in this group of people.

No matter what, she was still a fourth grade Martial Honor.

Because of the auction, all the important figures in the families had gone over.

Those who were here were all relatively ordinary people.

Among them, the strongest was a fourth grade Revered Martial Artist.

Qi Xibei's strength, which was almost at level four or five, was already considered top-notch here.

Most importantly, she didn't want to fight them head-on.

It was better to let them handle this matter by themselves.

Qi Xibei's movements were very fast. He directly passed through this group of people and rushed in front of the Space Token Stone.

"Be careful! Someone wants the Spear Space Token Stone!"

Someone noticed the problem and immediately shouted.

With this shout, everyone turned their attention to Qi Xibei. Someone actually dared to snatch his things?!

Unforgivable!

The Xiao family's fourth grade Revered Martial Artist pounced on Qi Xibei.

Qi Xibei shouted, "Big Brother, help!"

The strongest leader of the He family also rushed over.

The two fourth grade Revered Martial Artists immediately started fighting.

While they were fighting, Qi Xibei ran away with the Space Token Stone.

"Catch him!"

Qi Xibei was dressed like a man. He had a muscular figure and was covered with a face cloth. Most importantly, the color of her clothes was the same as the He family's, so they naturally thought that she was in cahoots.

The He family did not have the time to think about who it was. They could only try their best to stop the other party.

With someone stopping him, Qi Xibei naturally ran away quickly.

"Retreat!"

2144 Snatching the Space Token Stone (4)

Seeing Qi Xibei run away, the He family also had the thought of retreating.

Since he had already obtained the Space Token Stone, there was no need to continue staying here.

However, the Xiao family was not willing to let them off.

What should have been his was actually taken away by someone else. Who could bear it?

Hence, the scene became even more chaotic.

Amidst the battle, screams could be heard from time to time.

After these screams, a few corpses appeared on the ground.

Seeing that the place was getting more and more chaotic, the He family leader took out something from his pocket and threw it at the other party.

With a rumble, the thing exploded, and the strong impact caused the other party to be spat out.

Taking advantage of this opportunity, they immediately fled.

The people from the Xiao family reacted and chased after them crazily. However, because of the various things thrown out in front, they blocked their way.

After chasing for a while, the person in front of them had disappeared. They could only stop indignantly.

“F \* ck! Where did this bastard come from!”

They were about to go crazy.

What he thought was in his bag had actually been snatched away!

The cooked duck flew away!

This was a Space Token Stone!

The few of them were so angry that their faces turned red.

“Let’s go back first!”

The leader of the Xiao family waved his hand and returned to his original position.

Soon, they turned the corpse over.

However, these people all looked very ordinary and had never shown their faces. They should not be from here.

The leader of the Xiao family had an ugly expression.” Find him! Let’s see who it belongs to!”

Of course, he had his own guesses.

From the looks of it, they should be people from other cities. After all, there were only three powerful families here.

The Liu family did not have the ability to do so. The He family and the Xiao family were partners, so they should not do so.

Perhaps the news had been leaked!

“Found it!”

One of them shouted and took out something from one of their arms.

It was a handkerchief. From the looks of it, it was probably a gift from a woman.

There was a name embroidered on the handkerchief.

Li Yangxin.

Li...

F \* ck!

It was really those b \* tches from the Li family!

“Bring him back!”

The leader of the Xiao family, Xiao Yujie’s uncle, was furious.

Didn’t they cooperate with the Li family to obtain the Space Token Stone?

However, the Li family actually acted in private?

This was too much!

Soon, the few of them brought the two corpses back.

This time, they were going to settle the score with the Li family!

They had clearly discussed the cooperation before, so why did they end up stirring up trouble?

On the other side, after the He family escaped, they heaved a sigh of relief.

Although two of his companions had died, this was already the best outcome.

“Which bastard shouted just now?”

The He family leader was furious and started to dig up old scores.

If not for this shout, none of their brothers would have died!

“It wasn’t me!”

“It wasn’t me!”

“It wasn’t me either! I’m not that stupid!”

“That’s right! Who would be so stupid at this time! Isn’t this making yourself a target?”

They shook their heads.

They were not stupid. How could they do such a thing?

Who would shout in advance when attacking someone?

“Then who is it?”

The leader’s expression was extremely ugly.” It couldn’t be the other party shouting, right?”

“I don’t know.”

Everyone shook their heads.

It was so chaotic back then, who knew what had happened?

They only knew that the Space Token Stone was already in their hands.

“Oh right, where’s the Space Token Stone?”

“I don’t have it.”

“Didn’t someone snatch it away?”

“Yeah, where is he?”

“I don’t know...I don’t think so.”

2145 Snatching the Space Token Stone (5)

As soon as he said this, everyone’s expression changed.

Especially the He family’s leader, who was even more anxious.” Who is it? Hurry up and take it out!”

“If you don’t hand it over obediently, don’t blame me for being rude!” he threatened.”

They all understood that if they obtained the Space Token Stone, they would obtain many benefits.

However, if they took the Space Token Stone and hid it, they would be dead if they were discovered!

Although the Space Token Stone was very precious, they did not have the ability to hold it! It was better to exchange it for greater credit.

“Hurry up! Otherwise...”

“I really didn’t take it!”

“I didn’t take it either! Didn’t that kid run away?”

“Did you see what that kid looks like?”

“No! It was so chaotic just now!”

“That’s right! Who knows who that is!”

“++! Did he get scammed?”

“Of the seven of us, except for the two brothers who died, all five of us are here now.”

“This...”

Everyone realized that something was wrong.

There was a problem!

They didn’t know who took the Space Token Stone, but they definitely didn’t do it.

“Could it be the Xiao family?”

“Impossible! The Xiao family was about to attack him just now!”

“This...”

Everyone was dumbfounded.” Then who took it?”

He was originally happy to get the Space Token Stone, but now...They didn’t know that person at all!

” Who is it?!”

“I don’t know!”

“Hurry up and find it!”

With a command, everyone immediately dispersed.

However, Qi Xibei had already run far away. How could he give them a chance to catch him?

The few of them gathered together again and returned empty-handed. They could not help but curse.

“That kid ran away!”

“Then wouldn’t we be wasting our time?!”

“++!”

Everyone cursed.

The He family leader’s expression was extremely interesting.

He had never expected that person to be a thief!

And he even created an opportunity for that little thief to escape!

“No, we have to find out!”

This was a Space Token Stone!

It was not an ordinary thing.

In order to obtain information about the space token stone, they had spent a lot of effort. A brother had almost died in order to obtain information.

And today, two of their brothers had died!

Under such circumstances, the Space Token Stone had actually disappeared!?

How was he going to explain this?

However, no matter how unwilling they were, no matter how crazily they searched, they could not find the thief who stole the space token stone.

“Should we go back and look for Third Brother and the others?”Someone suggested in a low voice.

“Third Bro and the others must have been taken away.”

If the Xiao family couldn’t catch them, they would definitely bring the corpses of Third and Fifth back.

However, they were very cautious this time. They did not have anything on them that could prove their identity.

Moreover, they looked ordinary. When they moved earlier, they did not reveal their true appearance.

Therefore, even if they were brought back, their identities would not be exposed.

“.. If you believe me, let’s go back and take a look.”

After searching the entire area, they finally accepted the reality helplessly.

That person really ran away, and the item was gone!

They could only hope that No. 3 and No. 5 did not expose their identities.

“After we go back, make sure to take care of their family members.”

“Alright.”

Qi Xibei had no choice but to end the matter. On the other end, he was very happy after obtaining the Space Token Stone.

For tonight’s operation, she had used a lot of drugs that could eliminate her own aura.

In addition, she ran faster than them. Now, the people behind her could not keep up.

2146 Chapter 2148-Successful

As for the handkerchief on that person’s body, Qi Xibei was the one who had placed it there.

Taking advantage of the chaos, she placed a handkerchief on the man.

Her movements were very fast. Before the others could react, she had already settled it.

No one would know that she was the one who put the handkerchief in.

Qi Xibei only heaved a sigh of relief when he ran to a safe place and made sure that no one was chasing after him.

After changing his clothes and making sure that there were no problems, he took the space token stone back.

No one knew that she, who looked so calm, had actually caused such a big thing.

He wondered how furious the Xiao family and the He family would be when they found out about this.

Fortunately, the quantity of the fifth-grade Red Benevolence Pill was still very sufficient. At least, it tied down Old Master Xiao and did not make a move.

Otherwise, her operation this time would not have gone so smoothly.

It was precisely because the strongest among the group was a fourth grade Revered Martial Artist that her strength could suppress them, which was why she could go so smoothly.

As for how angry they would be, it was none of his business.

Moreover, she felt that the Xiao family would probably focus their attention on the Li family in the future.

Previously, the two families were in-laws, but after this incident, after the space token stone was snatched away, they would definitely not be able to continue loving each other.

But what did this have to do with her?

Qi Xibei smiled and returned to his room.

It was very peaceful here. Nothing had happened.

She didn't light the lamp. Instead, she began to size up the space token stone in her hand under the moonlight.

This space token stone looked very ordinary.

At the mature stage, it was transparent and looked as beautiful as crystal.

However, after it came out of the ground, its color turned gray and it looked very inconspicuous.

There were indeed many small holes on it, looking like a sponge.

Who would have thought that this was a treasure that everyone was fighting over?

Moreover, this was a key item for making a spatial storage ring and returning to Earth!

This space token stone was not small, but it was not big either. It was only the size of a fist.

As long as he used a little, he could refine a storage ring.

As for how big the space was, that would depend on the amount of space token stones and the ability of the Armament Master.

Qi Xibei hesitated for a moment before deciding to refine a storage ring first.

Her refining ability was not considered strong, but she felt that she could still refine a storage ring.

Even if the space wasn't big, it should be useful.

With the storage ring, it would be much more convenient for him to travel in the future. He did not have to carry a suitcase everywhere like before. It was so troublesome.

As for the space token stone she needed to use when she returned, she felt that there shouldn't be a problem.

She hadn't even learned formations yet, so how could she think so far ahead?

Most importantly, without a storage ring, the space token stone would be easily discovered.

At that time, it would be another bloody storm.

Outside, Liu Jiang and Liu Kang had already returned with excited expressions. When they arrived at Qi Xibei's courtyard, they realized that the lights were not on, so they naturally did not enter.

They could only suppress the excitement in their hearts and return to their rooms.

Early the next morning, they arrived before Qi Xibei brought Crescent Moon and the others to cultivate.

"Master Maverick, the Crimson Benevolence Pill was sold at a very good price last night!"

The two of them could not help but be excited.

That was the Red Benevolence Pill!

Although they didn't get the money in the end, it was a lot of money.

Anyway, they already had a Crimson Benevolence Pill on hand, so it was not too bad.

Most importantly, they had fulfilled Qi Xibei's request.

2147 Chapter 2149-Falling Out

"Alright." Qi Xibei nodded. "Who bought it?"

"Xiao family."

This result was within Qi Xibei's expectations.

The Xiao family was the strongest family in Linyang City and had the most wealth.

Moreover, Grandpa Xiao would definitely not allow others to steal his limelight. He would definitely snatch the item.

No matter how much it cost, they would definitely make a move.

"Alright." Qi Xibei nodded. "Not bad."

Hearing her praise, the brothers were very excited and handed over a card.

"This is the Black Smoke Chamber of Commerce's money card. There are three million taels of silver in it. You can use it to withdraw money from any branch of the Black Smoke Chamber of Commerce."

"Did you take your share?" Qi Xibei asked.

"No, I haven't." They shook their heads. "This is all your credit, Master Maverick. We don't dare to take credit for it."

Qi Xibei looked at them but did not persuade them. Instead, he smiled. "Alright then. If you have other materials, I can help you refine spirit herbs."

These words made their eyes light up.

This was their goal!

20% of three million taels was not a small amount. It was still quite a large sum.

But what they cared about more was still the friendship of a high grade alchemist.

If they could make Qi Xibei have a better impression of them, they would be able to gain more!

Therefore, they didn't care about this small profit at all.

Now, it seemed that the result was good.

Qi Xibei's attitude was so good now!

Thinking of this, their smiles became even brighter.

"Thank you, Master Maverick! If we need anything in the future, we'll look for you."

"Yes." Qi Xibei nodded. "Alright, I'll go cultivate now."

"Good!"

The two of them immediately nodded and left to gather all kinds of materials for Qi Xibei.

Not long after Qi Xibei left, the brothers received another piece of news.

"The Xiao family and the Li family are fighting?"

Liu Kang was stunned when he heard the news from his subordinate. "Why?"

Didn't he just get the Pentapearl Red Benevolent Pill? Although it cost a little more money, the result was good!

Isn't the Xiao family and the Li family's marriage relationship quite stable? Why did they make a fuss?

"I'm not sure." The subordinate shook his head. "I only know that they are about to fight."

"A fight?" Liu Kang's eyes lit up and he stood up excitedly. "That's great!"

His subordinate corrected him. "We didn't fight. We almost fought, but we didn't succeed."

Because in the end, he was stopped by the Old Master.

As for the specific reason, he was not sure.

Liu Kang didn't know what had happened, but he was sure that the Xiao family and the Li family had a conflict!

How good was that!

If the two families fought, it would be a good thing for them!

Thinking of this, they were even happier.

"Alright, you can leave first. Continue to keep an eye on them. If there are any problems, remember to report them." Liu Kang waved his hand.

"Yes, sir!"

After the man left, Liu Kang couldn't stop smiling.

This was awesome!

Meanwhile, Qi Xibei, the initiator of all this, had a normal expression on his face. There was no problem at all.

After teaching Yueya and Yueyue to cultivate for half a day, she brought them back to the courtyard and prepared a medicinal bath.

Combined with the medicinal bath, it could make their progress even faster.

After obtaining the space token stone, she became even more anxious.

As long as she could bring the two of them through the door, she could leave and go look for Qiao Yanyu!

Moreover, she had money on hand, so she could spend money to get someone to look for Qiao Yanyu.

While she was busy teaching the three of them cultivation, the Xiao family and the Li family were about to fall out!

2148 Chapter 2150-Who Did It?

Xiao Yongzhong and his father went to the auction venue. After all, this matter concerned the development of their Xiao family. How could they not be there?

Fortunately, when they arrived at the scene and found that others wanted to compete for the fifth-grade Red Benevolence Pill, they decisively raised the price.

Otherwise, the Red Benevolence Pill would have ended up in someone else's hands.

At that time, their Xiao family would be affected.

After all, they all knew that there were several fourth grade Revered Martial Artists from other families who were waiting to advance.

However, it was not that easy to advance, especially the later it got.

If not for that, Sunnywood City wouldn't have only one Level 5 Martial Lord.

If the Red Benevolence Pill was added, the chances of advancement would be much higher.

If someone else's family had an additional marquis, it would be troublesome.

Therefore, they decisively snatched the Red Benevolence Pill.

Although the process was a little bumpy, the result was still very beautiful.

He had thought that this was good news.

When he returned, he should be able to receive another piece of good news.

However, who would have thought that what happened next would shock them.

The Space Token Stone was stolen?

The Kong Lingshi that they had originally regarded as something in their pocket had actually been snatched away?!

Who did this?

After figuring out the situation of the person who did it, they felt even angrier.

It was actually the Li family?

Alright! They were really ruthless. One side was cooperating with them, but the other side was doing such petty tricks!

Xiao Yongzhong and his father were furious. When Li Zhiyan of the Li family came to find them, they almost exploded.

Li Zhiyan was Li Feifeng's father and the current head of the Li family. There was also an old master above him.

Li Zhiyan and Xiao Yongzhong had a good relationship. After all, they were in-laws, so their relationship was naturally good.

However, he did not expect that Li Zhiyan would almost be beaten up by Xiao Yongzhong the moment he arrived.

"Brother Yongzhong, what do you mean?"

Looking at Xiao Yongzhong's angry appearance, Li Zhiyan was very confused. Didn't they say that they had won the bid for the Red Benevolence Pill?

Regarding the matter of the Red Benevolence Pill, Li Zhiyan also happened to catch up.

Even if the family's Old Master was a high-grade alchemist, it was also not always able to take out fifth-grade medicinal pills.

Firstly, the medicinal herbs were hard to find.

Secondly, the success rate was a problem.

Therefore, even if there was a high-grade alchemist at home, it might not be much better than others either.

However, if other people found the medicinal herbs and came to ask for help, they could also gain a lot.

The Crimson Benevolence Pill this time also attracted their attention.

If they managed to obtain the Crimson Benevolence Pill, that would be a good thing.

Unfortunately, the time was too short.

She rushed over from home but couldn't make it in time. She could only make it in time. However, it was a good thing that the Crimson Benevolence Pill had fallen into the hands of the Xiao family. At least it would not affect the Li family.

Previously, the Li family chose to cooperate with the Xiao family because the Xiao family was powerful enough.

If the Xiao family's status was challenged, as allies, they would naturally not be in a good position.

Li Zhiyan came looking for him. He originally wanted to congratulate Xiao Yongzhong, but who knew that he was almost beaten out.

He was dumbfounded.

"You still dare to come!"

Xiao Yongzhong and Xiao Yujie were indeed father and son. They were both equally impulsive.

If not for his father watching from the side, he might have already attacked.

“What do you mean by that?” Li Zhiyan was confused.” What happened?”

“What happened?” Xiao Yongzhong sneered and then gave a look to the person beside him.

In the next second, a corpse appeared in front of her.

2149 It Must Be The Liu Family

The appearance of this corpse gave Li Zhiyan a fright.

His body shook slightly, which made Xiao Yongzhong even more suspicious of him.

Was he feeling guilty?

“Brother Yongzhong, this is...”

Li Zhiyan looked at the ordinary-looking corpse in confusion.

“Don’t you recognize it?” Xiao Yongzhong’s face was gloomy.

“You recognize him? Of course I don’t know him!” Li Zhiyan exclaimed,” Who is this!?””

“They took the Space Token Stone.” Xiao Yongzhong didn’t continue to keep them in suspense and said directly.

Li Zhiyan’s heart skipped a beat.” What?! The Space Token Stone was stolen?”

He was so excited that his voice cracked.

“Don’t play dumb.”

Xiao Yongzhong threw the handkerchief in front of him.

Lee Zhiyan picked up the handkerchief. The surname written on it made his eyes widen.

He understood the surname Li!

“This is definitely a setup!”

His expression was ugly.” This is definitely not someone from the Li family!”

He finally understood what Xiao Yongzhong meant.

He was doubting himself!

It was because of this man and this handkerchief that he suspected her!

Li Zhiyan's expression was serious." Don't you know the relationship between our two families? If we did such a thing, I wouldn't be here now! Besides, my daughter is still at your house!"

Xiao Yongzhong's expression was still very ugly.

The loss of the space token stone made his heart ache to death.

This was a Space Token Stone!

This was no ordinary item!

He might not even be able to find the Space Token Stone in his lifetime!

Because of the uniqueness of the space token stone, its value was incomparably expensive.

Generally speaking, space token stones would grow in places that were rarely inhabited.

To be able to find Kong Lingshi here, that was a great blessing!

But who would have thought that such good luck would come to an abrupt end on this day?

The Crimson Benevolence Pill in their hands could not reduce the pain in their hearts.

"Other than us, no one else should know about this."Xiao Yongzhong didn't really believe Li Zhiyan's words and said coldly.

"Brother Yongzhong." Li Zhiyan sighed." That's not right. Even if only we know about this, can you guarantee that no one else knows?"

Xiao Yongzhong was stunned.

He wanted to say that he could guarantee it, but before he could say it, he froze.

Can you really guarantee it?

Li Zhiyan's expression was very serious." Besides, didn't you say that the Space Token Stone ran away?" In the process of it running away...Was it certain that no one else saw it?"

These words made Xiao Yongzhong's expression turn even uglier.

Yes, Li Zhiyan was right.

It was precisely because he could not guarantee the situation in this period of time that he did not really make a move.

“Who else knows about it besides us?”

“How would I know?” Li Zhiyan was also very helpless.” But the Space Token Stone is missing. I’m also very anxious!”

At this point, Li Zhiyan was very angry.

To him, this was the most hateful thing.

The space token stone was a very important treasure for their cooperation.

But who would have thought that the item would disappear!

“Moreover, although this person’s surname is Li, a person with the surname Li... That’s too much!” Lee Zhiyan was speechless.

Just based on this handkerchief, he suspected them. This was too much!

He couldn’t help but wonder if the cooperation with the Xiao family was really reliable.

This kind of unstable collaborator was a little dangerous!

Xiao Yongzhong didn’t know that the other party despised him in his heart. He just frowned.” Then who did it?”

“It must be the Liu family!”

2150 Chapter 2152-Absolutely Not Letting Go  
The old man’s voice sounded from the side.

The old man did not say anything just now. He just watched them argue from the side.

Grandpa Xiao was very willful when it came to Xiao Yujie.

However, when it came to matters related to the family’s development, he was clearer than Xiao Yongzhong.

This matter should have nothing to do with the Li family.

The Li family was their ally. There was no need for them to do such a thing.

If the Li family snatched the Space Token Stone, they would definitely make a move later.

If they found out that the other party had done such a thing, both sides would only fall out.

The Li family would not be so stupid to fall out with their allies for the space token stone.

Then, other than the Li family, there were other families.

After all, the Xiao family wasn't the only one in Linyang City.

"Liu Clan?" Xiao Yongzhong turned to look at his father." Why?"

"Don't you think today is too strange?" The old man had a wise expression on his face." Don't you find the timing of today's auction strange?"

With that, they reacted.

"It is indeed strange!"

The time of this auction should be the time when the space token stone matured!

At this time, those who could speak in Linyang City had all rushed to the auction venue.

Then, the space token stone naturally relaxed a lot.

During this period, he could do many things!

"But...The Liu family wouldn't do that, right?" Xiao Yongzhong frowned.

"It's very possible!" "After all, that place is behind the Liu family!" Li Zhiyan echoed."

Speaking of which, the reason why the Xiao family suppressed the Liu family was because the space token stone appeared behind the Liu family.

If the Liu Family had the heart to go there, they would have discovered the existence of the Space Token Stone.

"Tonight's timing is too coincidental." The old man held his walking stick with a serious expression." Otherwise, how could a Red Benevolence Pill suddenly appear today?"

After all, this was a fifth-grade medicinal pill. How could it appear so easily?

“This... “Wasn’t it caused by the Black Smoke Chamber of Commerce?” Xiao Yongzhong still felt that something wasn’t right.

It would be quite reasonable to say that this matter was caused by the Black Smoke Chamber of Commerce.

“I’ve asked around. The Crimson Benevolence Pill was provided by the Liu Clan.”

These words shocked Li Zhiyan and Xiao Yongzhong.” Is it really the Liu family?!”

This was too exaggerated!

Where did the Liu Clan get a fifth-grade medicinal pill?

Moreover, they wouldn’t be so foolish to even take out a grade-5 medicinal pill to sell!

Who would have such a treasure and not hide it for their own use?

Unless there were more benefits later!

“It’s the Liu family.” Great-grandfather nodded.” I got the exact news from Xie Hong Zhou.”

Moreover, the other party did not ask for such a thing to be kept a secret. Of course, even if they wanted to keep it a secret, who were they? Of course, he could find out.

Thus, Great-Grandfather was very certain that it was the Liu Clan that provided the fifth-grade medicinal pill.

“So, this is the Liu family’s doing!”

Xiao Yongzhong gritted his teeth.

“They used the Red Benevolence Pill to slow us down and then snatched the Space Token Stone! If he was willing to take out just one Crimson Benevolence Pill, he must be asking for a lot!”

After thinking it through, he became even angrier.

So the Liu family was also so cunning!

The Space Token Stone was a treasure. Although he did not know how big the Space Token Stone was, he was certain that it was definitely not small.

That was much more valuable than the Crimson Benevolence Pill!

Of course, the Space Token Stone could only be put to use when it was in the hands of a truly capable Armament Master.

“No, we can’t let them off!” Xiao Yongzhong immediately made a decision.

Of course, regardless of whether it was done by the Liu family or not, they would not let the Liu family off!
