

1. The Reincarnated Goddess is Fierce

2151 Chapter 2153-Liu Kang's Breakthrough

After Liu Kang and Liu Jiang sold the Red Benevolence Pills, they returned to inform Qi Xibei before returning to their own courtyard.

The two brothers still had a Red Benevolence Pill on hand.

This was a treasure!

"Big brother, eat it!"

Liu Jiang said seriously.

"This..."

Liu Kang's expression was a little complicated." If you let me eat it, what about you?"

"Big Brother, you are the pillar of our family. The stronger you are, the more others won't dare to bully us!"

Liu Jiang naturally understood the current situation and knew how to make a choice.

Liu Kang was much stronger than him, and he was the family head!

If they could have stronger strength, their Liu family would not be bullied.

These days, the Liu family's situation was very bad.

This good news gave them more confidence.

Liu Kang had been stuck in the fourth level Martial Honor realm for a long time, but he had no opportunity to break through.

With the Crimson Benevolence Pill, he would definitely be able to successfully break through this time!

"After you become stronger, we can find more materials and then find Master Maverick to help us refine pills! In that case, I can also improve!"

Liu Jiang revealed his plan.” So, you don’t have to worry about me. You are the foundation of our Liu Family’s progress!”

Liu Kang pondered for a moment and nodded.” Alright! Let’s do it this way!”

Anyway, Qi Xibei was still here. They still had a chance!

Thus, Liu Kang took out the bottle, poured out the Red Benevolence Pill, and swallowed it.

The Red Benevolence Pill melted in his mouth and flowed down his throat.

Then, a surge of power exploded in his body.

Liu Kang immediately sat down cross-legged and adjusted his aura.

Liu Jiang carefully left the room.

After he came out, he revealed a bright smile.

If Big Brother was promoted, the Liu family would not have to be afraid of the Xiao family’s suppression!

After eating the Red Benevolence Pill, Liu Kang did not come out for the entire night.

The next morning, the spiritual energy in Liu Kang’s room was restless for a while.

After the spiritual energy subsided, Liu Kang came out.

This time, the smile on his face was extremely bright.

He had finally become a marquis!

Right now, there were only two Martial Marquises in the city.

With such a top-notch expert in their family, they could intimidate the other families.

“Congratulations, Big Brother!”

After sensing the change, Liu Jiang immediately rushed over.

Along with him were Liu Kang’s son, Liu Yiyuan, and others.
Seeing Liu Kang’s change, everyone was very excited.

Their family had been suppressed for so long, but they finally had a breakthrough!

“Hahaha!” Liu Kang laughed out loud.” Thank you for your hard work!”

“It’s not hard!” Liu Jiang shook his head.” I should say that we should thank Master Maverick!”

“Yes, yes, yes!” Liu Kang nodded.” Should we give Master Maverick something?”

“Why don’t we go over and take a look? Or should we ask Xiao Ya?”

After all, Liu Yiya was Qi Xibei’s disciple now.

“Good!”

However, before they could go out, someone rushed in.

“Patriarch, bad news!”

“What’s wrong?”

The originally happy atmosphere was broken by this sound.

Liu Kang frowned and looked at his subordinate who rushed in.” What happened?”

“Our, our spirit herb store was smashed!”

” What?!”

The few of them gasped.” What did you say?!”

The spirit herb shop was smashed?

What a joke!

The man gulped and said loudly,””It’s true! Those mercenaries said that the spirit herbs they bought in our shop were fake, and then they started to make a fuss!”

2152 Chapter 2154-Smashing the Shop

There were not many mercenaries here. After all, this was only a small place.

However, there were also many mercenaries. As long as it was beneficial, they would not be missing.

Every time the mercenaries carried out a mission, they would prepare a lot of spirit herbs and weapons.

Without these things, it was easy to get injured, let alone complete the mission.

The spirit medicine store and weapon store were the places that mercenaries frequented the most.

In particular, there was no shortage of spirit herbs that could restore strength.

The mid-level alchemists in the Liu family's spirit medicine store had all met with problems. Two of them had been poached away, and one had an accident and was recuperating.

However, the Liu Clan still had a lot of spirit herbs stored up previously. This time, they could take them out and continue to sell them.

In order to prevent the spirit herb shop from closing down, they could only sell limited quantities every day.

However, he did not expect that there would be mercenaries causing trouble here.

One had to know that the Liu family was also a big family here.

Mercenaries usually did not dare to provoke such a large family.

It would be troublesome if he caused any trouble.

The mercenaries had no fixed residence and would not offend the locals.

However, they did it.

The Liu family would never believe that there was nothing fishy going on.

The person who came back to report looked anxious." They said that our family's alchemists are all gone, but there are still spirit herbs for sale. There must be a problem!"

As soon as this statement was made, the faces of the few of them darkened.

What did he mean by a problem?

The Liu family had been doing business for so many years and had always been conscientious.

But now, he had been splashed with dirty water. This was too much!

"Let's go over!"

Liu Kang's face immediately darkened. He did not bother to look for Qi Xibei and immediately walked out.

Now that something had happened at home, he had to resolve it immediately.

Moreover, he also wanted to know who was behind this.

Soon, they arrived at the entrance of the shop.

The Liu family's pharmacy had been a little deserted during this period of time, but now, it was not deserted at all.

There were a few people lying at the door, surrounded by a few people. Those people were tall and strong, and they looked very fierce.

When the mercenaries saw who it was, they sneered, "After beating up the dog, Master has finally come out."

These words made the faces of the Liu family members even uglier.

Even if it was really a dog, it still had to look at its owner!

These people obviously came with ill intentions!

"I wonder what we did wrong to make everyone so angry?"

Liu Jiang stepped forward to speak first.

"What did you do wrong?"

The man sneered. "You're selling fake medicine!"

When this voice came out, the other onlookers were in an uproar.

He actually sold fake medicine!

"Please be careful with your words!" Liu Jiang's expression was cold and hard. "Our Liu family has never done such a thing!"

"No?"

That person had a fierce look on his face and did not look like he was to be trifled with.

He threw a bottle on the ground.

With a bang, the bottle shattered, and two medicinal pills burst out from within.

“These are the Vitality Pills we bought from your shop. We spent so much money, but in the end, we almost ate my brother to death!”

The Vitality Pill was a second-grade spirit medicine, and its price was not low.

Everyone would eat one after consuming their spiritual energy.

This was especially true when adventuring in the forest. It was a life-saving item.

However, it would not be good if something went wrong with the spirit herbs.

“Impossible!”

Liu Jiang immediately shook his head.” Our medicine is all good!”

“Pah!” The man apologized with a bad attitude.” It seems that you’re not willing to admit it today!”

Before the Liu family could answer, he waved his hand.” Smash it! Smash this black market!”

2153 Chapter 2155-Attacking Without Saying a Word

“How dare you!” Liu Jiang’s face was aghast.

He did not expect this person to be so violent!

However, from this, it could be seen that he was here to stir up trouble!

Even if there was really a problem with the spirit herbs, no one would make such a big fuss right away.

The normal procedure was to first study the specific problem and then discuss the compensation method. Who would want to smash a shop the moment they arrived?

This was definitely not normal!

This person was coming for their Liu family!

“Of course I dare!”

That person had a fierce look on his face.” My brothers and I are friends who have gone through life and death! You dare to sell fake medicine and almost killed my brother, and you still want to pretend that nothing happened? Pah! Smash it!”

He waved his hand, and the people behind him immediately agreed and rushed forward.

“Stop!” Liu Jiang roared and rushed forward.

The people who followed behind also rushed up.

However, what shocked Liu Jiang was that these mercenaries were not weak. The weakest among them was a level-three mystic cultivator!

Don’t underestimate level-three mystic cultivators.

Sunnywood City was a small city in a small country, and the resources here were not rich.

Generally speaking, not many mercenaries would come here.

If it was a local mercenary here, it would already be considered pretty good to have a grade-3.

Moreover, mercenaries traveled far and wide, adventuring in danger. They were much stronger than people of the same level.

And the group of mercenaries that this man brought were all level-three mystic cultivators!

The man stopped Liu Jiang and gave him a punch.” Your opponent is me!”

Liu Jiang quickly retreated but failed to block the man’s punch.

The punch landed on Liu Jiang’s chest and he groaned.

This punch was too ruthless!

This was a fourth grade Revered Martial Artist!

Moreover, it was at the peak of his strength!

Liu Jiang was also a fourth grade Revered Martial Artist. However, there was still a big gap between his strength and this man.

This man came with the mentality of stirring up trouble, so he naturally played as ruthlessly as he could.

He didn’t know where this man came from, but his power was too brutal!

Liu Jiang stretched out his arm to block another punch from the man, and his eyes turned green.

Seeing Liu Jiang resist, the man laughed. His smile was fierce.” Good, you still dare to retaliate! How dare you be so arrogant when you’re selling fake medicine! Are you looking down on us pitiful mercenaries?”

Liu Jiang almost vomited blood.

Poor mercenaries?

Who had ever seen such an arrogant mercenary!

Normally, mercenaries wouldn’t cause trouble when they walked around. Especially not the local tyrants.

A powerful dragon suppressing a local snake!

If they offended the local tyrants, they might not be able to leave this place! However, this man was so cruel. He offended them right away and even said that they were bullying him?!

They were the bullies!

Liu Jiang gritted his teeth and condensed his Yuan Qi into a blade, slashing it at the man.

The man chuckled and waved his fist, shattering the saber!

Liu Jiang’s chest trembled and he almost spat out a mouthful of blood.

“If you apologize obediently, we can still forgive you!”The man sneered as he attacked.

“In your dreams!” Liu Jiang gritted his teeth.

“Then don’t blame us!” The man’s eyes flashed as he clenched his fist and swung it again.

There was a cruel smile on his face, and there was a faint flash of light in his fist. It was unknown what he was holding.

Just as the fist was about to land on Liu Jiang, a gust of wind swept over and blocked the man’s fist before kicking him away.

“Ah!”

The man screamed and flew backward.

When he raised his head, he could not help but gasp.

2154 Level 5 and Level 4

In front of Liu Jiang was a tall man.

The man's appearance was somewhat similar to Liu Jiang.

It was Liu Kang.

Liu Kang stood in front of Liu Jiang with a cold expression." Do you think I'm dead?"

Liu Kang had been standing at the side, watching Liu Jiang handle this matter.

However, he didn't expect that this man would actually attack without a word!

Moreover, this man and the group of people behind him were not weak!

Liu Jiang obviously couldn't block it.

Therefore, Liu Kang made his move.

As soon as he attacked, the man's pupils constricted and he was filled with shock.

This... This was the strength of a Fifth Grade Martial Marquis!

The man was already at the peak of Level 4, and he almost killed Liu Jiang.

However, in front of Liu Kang, he had no way to resist!

This shocked him.

Before he came over, he had already inquired clearly that the strength of the Liu family was not considered strong.

Liu Kang was indeed the strongest in the Liu Clan, but he was only at the peak of Level 4.

He wasn't afraid of the peak of the fourth level. After all, he was also at the peak of the fourth level.

If they really fought, it was hard to say who would win.

However, he did not expect that Liu Kang's appearance would shatter all his plans.

Liu Kang wasn't at the peak of Level 4, but a Level 5 Martial Marquis!

This change was beyond his expectations!

He was still at the peak of level-four previously!

If Liu Kang had broken through, the people in Linyang City would definitely know about it.

However, this news was not updated.

Then... Liu Kang had just broken through?

What fortuitous encounter did Liu Kang have?

The man's emotions exploded and he was about to be stunned.

Liu Kang didn't stop, but walked up.

Seeing him walk over, the man became anxious. He jumped up from the ground and swung his fist fiercely.

This time, he didn't hold back at all. He poured out all of his power, and with the weapon that increased his attack power, he should be able to fight Liu Kang.

However, Liu Kang had obviously noticed that something was wrong with everyone's injuries. He did not fight head-on with him. Instead, his palm moved like a snake, bypassing the man's fist and wrapping around his arm. He grabbed his arm and pulled it hard. He bent his knee and knocked him to the ground.

Before the man could react, he fell to the ground.

Then, he felt a sharp pain on his back, and his body seemed to be burnt.

"Ah!"

He let out another scream.

His brothers finally realized that something was wrong with their big brother, and their expressions changed.

Their big brother had actually been captured!

How was this possible?

Didn't they say that the Liu family didn't have much strength?!

Although Level Four and Level Five seemed to be only one level apart, if they really fought, the two sides were not on the same level at all!

"Stop!"

Liu Kang pushed the man down and kicked him hard on the back.

Everyone was stunned when they heard the loud voice.

The few people who were still fighting passionately stopped.

Everyone stared at Liu Kang and the man at his feet.

The man struggled but failed to move Liu Kang's foot away. He was extremely embarrassed.

"Don't move!"

Liu Kang's face was dark and solemn as he kicked the man's back again.

"Ah!"

The man grunted and spat out a mouthful of blood.

Liu Kang was too ruthless!

After subduing the man, Liu Kang coldly looked at the group of people." If you dare to mess around again, I'll kill him!"

As soon as he said this, everyone stopped.

"Now, can we talk properly?" Liu Kang looked at everyone with a dignified expression.

Because of his performance. No one dared to act rashly.

"Big Brother, this spirit herb doesn't belong to our shop at all!"

Liu Jiang had already picked up the bottle on the ground and checked it.

2155 Chapter 2157-Rescue
As expected!

This was the first thought that came to Liu Kang's mind when he heard this.

This was indeed a fake spirit herb, used to slander their Liu Family!

They had the idea of beating him into confessing, so they directly attacked.

Otherwise, no one would make the first move before things were clear.

That was not to solve the problem, but to cause trouble.

The Liu Clan's medicinal pills were also marked. This way, it was easy to distinguish whether they had refined them or not.

Now, it seemed that these people had used other fake medicines to cause trouble.

"Fake?"

Liu Kang sneered and stomped on the man again.

Xiong Liping, who was also the leader of this mercenary group, had a black and green face.

How could he have known that the Liu Family suddenly had a Martial Marquis!

If it wasn't for the addition of Marquis Wu, this matter would definitely not be a problem!

After all, with his strength, it was enough to settle it.

But now, the situation had changed. He had been caught.

The others also stood stiffly at the side with awkward expressions.

What should he do?

"Who asked you to come here?" Liu Kang asked coldly. Why did you do such a thing?"

If it wasn't for someone's instructions, these mercenaries wouldn't have done this.

"No one asked us to come over. There's indeed a problem with your spirit herbs!" Xiong Liping said indignantly.

"This is not our spirit herb at all!" Liu Jiang was furious. "Our Liu Clan's pills are all marked! This doesn't belong to our family at all!"

"Don't take us for fools." Liu Kang snorted. "Do you think I'll believe you?"

These people came with ill intentions. There was definitely a mastermind behind the scenes.

“I don’t know what you’re talking about!” Xiong Liping shook his head. “It’s just that my brother almost got into trouble, that’s why I’m here.”

“Is that so?”

Liu Kang didn’t press him any further. Instead, he waved his hand and said, “Arrest them all!”

Capture him and ask him about it!

He did not believe that they would not admit it no matter what!

The Liu family had suffered too much oppression these days.

If they didn’t deal with it in time, everyone would think that their Liu family was no longer a threat.

If everyone thought that the Liu family was easy to bully, then what would they do?

At that time, anyone would bully him. That would be too disgusting.

“Yes, sir!”

The Liu Clan members nodded.

They were also furious.

It was obvious that something was wrong, but they refused to admit it. How despicable! He had to vent his anger!

However, after the anger, it was replaced by excitement.

Who would have thought that their family head would suddenly advance!

This was a Fifth Grade Martial Marquis!

That was awesome!

With such an expert, their Liu family no longer had to worry about being bullied.

Thinking of this, they immediately became more motivated.

Just as they were about to capture those people, something unexpected happened!

A masked man suddenly rushed out from the side.

Liu Kang's pupils constricted. He reacted quickly and dodged immediately.

—

Liu Kang was shocked. Then, he saw that person grab Xiong Liping from the ground.

"Let's go!"

"Don't even think about leaving!"

Liu Kang immediately rushed up to stop them.

The man's face was covered, revealing only his eyes. His eyes were fierce, and he frowned as he punched out fiercely.

Their fists collided, and Liu Kang couldn't help but take a step back with a horrified expression.

2156 Chapter 2158-Another Marquis Wu

After all, Liu Kang had just advanced, and his strength was still unstable.

Compared to a fourth grade Revered Martial Artist, he was indeed crushing.

However, compared to a Martial Marquis of the same level, there was still a gap.

This person had obviously been a Martial Marquis for some time and was much stronger than him.

Liu Kang was at a disadvantage in this collision.

However, the other party obviously did not want to pester him. He directly dragged Xiong Liping away.

"Stop chasing!"

Liu Kang stretched out his hand to stop the people behind him and shook his head." You're not his match."

The other party was a marquis, and they could not compare to him.

If he chased after them, he would be at a disadvantage.

“Uncle Kang, are you alright?”

“Patriarch, how are you?”

Only then did everyone realize that Liu Kang’s expression was not right, and they all asked with concern.

“I’m fine.” He shook his head, but his expression was still very ugly.

“Are you injured?”

“No, I haven’t.” Liu Kang waved his hand.” Let’s talk about it when we get back.””

Liu Kang wasn’t injured, but his condition wasn’t good.

That person had the strength of a Martial Marquis and was stronger than him.

If the two of them were to fight, he would definitely be at a disadvantage.

Fortunately, that person did not fight with them.

If they really fought, the Liu family would also suffer.

Thinking of this, Liu Kang’s expression turned even uglier.

However, who was this person?

Although he had covered his face and couldn’t recognize him, Liu Kang knew that he wasn’t from Linyang City.

In that case, he was someone from somewhere else.

But why would they come to deal with the Liu family?

The Liu family had always been well-behaved in Sunnywood City. Why did they always encounter so many troubles?

Liu Kang’s mind was filled with all sorts of thoughts, and his face was extremely gloomy.

The others looked at each other and did not dare to speak.

The originally excited atmosphere instantly became much more depressed.

The other members of the mercenary group also took the opportunity to run away, leaving the scene in a mess.

The people passing by all avoided it and did not dare to get close, afraid of being affected.

The few of them packed up the things in the shop and returned to the Liu residence.

“Brother Yuan!”

Liu Yiya walked out from inside and saw everyone. She couldn’t help but shout.

However, when she saw Liu Yiyuan’s expression, she couldn’t help but frown.” What’s wrong? What happened?”

Looking at the others, their expressions were not too good.

“It’s okay. Go do your work.” Liu Jiang smiled at her and sent her out.

Liu Yiya frowned. She didn’t look fine.

However, she didn’t ask further and nodded instead.” Alright, I’ll go get busy.””

Seeing them enter, she rolled her eyes and found a place to eavesdrop.

In the room, the members of the Liu family discussed this matter.

“That person must be a foreigner! If it was someone from here, I would have recognized him!”

Liu Jiang said firmly.

Liu Jiang was in charge of the Liu family’s business. He often walked outside and interacted with many people.

Under such circumstances, he naturally knew many people.

That person’s strength and figure were not something he had seen before.

Right now, there were only two Fifth Grade Martial Marquises in the city. If there were others who were Martial Marquises, everyone would have known.

“He’s a foreigner.” Liu Kang also nodded.” I exchanged a palm strike with him. His strength is stronger than mine.”

In other words, that person must have become a Martial Marquis earlier than him.

However, there was no news here, which meant that he was not from here.

Liu Jiang’s expression was ugly.” Who is it?”

They had thought that Liu Kang's breakthrough would bring peace to the Liu Family.

But now, another Martial Marquis had appeared. This made their hearts sink.

2157 Chapter 2159-Looking for Master

The atmosphere in the room was gloomy. Outside, Liu Yiya frowned.

Although her strength was not strong and there was a great distance between her and Marquis Wu, she knew the distance between them!

Now, her father and uncle were having a headache, but she couldn't help much.

This made her feel depressed.

In the following cultivation, her emotions were also brought out.

"Focus!"

Qi Xibei's voice rang out and he knocked her head.

"Ah!"

Liu Yiya covered her head and finally came to her senses. She smiled awkwardly and said, "Sorry, I was distracted."

"What happened?"

Qi Xibei asked Liu Yiya as he tidied up the materials on the table.

"Something happened at home."

"Oh?" Qi Xibei raised an eyebrow at her. "What happened?"

If her guess was correct, Liu Kang or Liu Jiang should have already broken through.

As long as one of them became a Martial Marquis, the situation of the Liu Clan would be much better.

After all, there were experts, so there was naturally no problem.

However, the Liu family still had a big problem?

"This..."

Liu Yiya looked at Qi Xibei carefully." Something happened."

"Tell me." Qi Xibei lifted his chin." Let me see what's going on."

Although Liu Yiya felt that it was inappropriate to disturb Qi Xibei with family matters, she still spoke obediently in the end.

"I heard today that someone came to our spiritual medicine shop to cause trouble. He said that he ate the fake medicine in our shop... After that, a Fifth Grade Martial Marquis came out and even my uncle couldn't stop him!"Liu Yiya became angrier as she spoke." I don't know who that is. Our family didn't offend anyone!"

Hearing Liu Yiya's anger, Qi Xibei's expression did not change, but he began to ponder.

The ones who came to attack were outsiders, and even the mercenary group came from outside.

Logically speaking, no one would randomly attack others, especially the local big families.

However, things happened just like that.

Furthermore, there was an unfamiliar Marquis Wu?

Qi Xibei would never believe that this matter had nothing to do with him.

Those people should be related to the Xiao family.

After all, in Linyang City, the Xiao family had close ties with the families in other cities.

As for why the Xiao family would attack the Liu family... It probably had something to do with her.

Qi Xibei also knew that the auction yesterday was too coincidental.

The Xiao family must be furious that they didn't get the space token stone.

She also knew that they would definitely find someone to vent their anger on.

The Liu Clan would definitely become their target.

He did not need a reason to vent his anger on the Liu family.
In that case, he had to make sure that the Liu family was not injured in this matter...She had to think of a way.

After all, the space token stone was in her hands, and the one who took the blame for her was the Liu family.

In fact, the Xiao family definitely could not find evidence to prove that the Liu family was involved in this matter.

However, from the Xiao family's style of doing things, they were not people who were unreasonable.

No matter what, the Liu family was implicated because of her.

"Alright, I got it. Focus on your studies. I'll take care of it." Qi Xibei said.

Liu Yiya's eyes widened." Master! Are you willing to help?"

If Master was willing to help, that would be great!

Although she did not know what Qi Xibei was going to do, she had full confidence in her master!

"Alright, just mind your own business. Don't embarrass me." Qi Xibei knocked her head again." When you're not strong enough, you'll only be a burden!"

2158 Clear Essence Pill

Qi Xibei told Liu Yiya to focus on her cultivation while she went to look for Liu Kang.

Liu Kang was a little surprised to see her." Master Maverick, what's the matter?"

"Nothing. I heard that you guys encountered some trouble, so I came over to take a look."

"It's not a big deal. You don't have to worry about it."

Liu Kang was a little flattered, but he did not dare to make her care so much.

Sometimes, if he used too many favors, he would not be able to use them anymore.

"I heard that a Marquis Wu attacked you?"

".. Yes." Liu Kang did not hide anything.

At this time, there was no use in hiding it. It was better to be honest.

Moreover, Qi Xibei was their ally, so there was no need to hide it.

“Take me to your storeroom.” Qi Xibei suddenly said.

“Warehouse?”

“Yes.” Qi Xibei nodded. “Let’s see how many more materials we can find.””

Liu Kang was a little dumbfounded. Looking for materials?

After a while, he suddenly gasped and looked at Qi Xibei in shock. “You’re...”

“Lead the way.” Qi Xibei said calmly.

Liu Kang suppressed his excitement and brought Qi Xibei to the storeroom.

While Qi Xibei was inside, he was pacing around outside, extremely excited.

What was Qi Xibei trying to do?

She was helping him!

Previously, when she came out of the storeroom, she had two more Red Benevolence Pills.

Now, who knew what good things she would bring out!

Liu Kang’s face turned red at the thought of the outcome.

Soon, Liu Jiang also rushed over.

“Big brother, this is...”

“Don’t talk.” Liu Kang shook his head. “Let’s wait for Master Maverick to come out.””

Although Liu Jiang had some guesses, he didn’t dare to say anything.

If he said too much, Master Maverick might be unhappy.

But thinking about it, Qi Xibei would definitely do something good!

Soon, Qi Xibei came out.

“Go to the refining room.”

“Alright!”

The two of them immediately nodded.

Soon, Qi Xibei entered the alchemy room again.

“Franklin, did you see what Master Maverick was holding just now?” Liu Jiang was so excited that his face turned red and he wanted to jump up.

“Yes!” Liu Kang was also a little excited.

The materials Qi Xibei was holding were all treasures from their collection!

Moreover, these were all good things that could be refined into fifth-grade medicinal pills!

With Qi Xibei’s success rate, it was definitely a success!

Their faces turned red at the thought of the outcome. It was not in vain that they trusted Master Maverick so much!

After waiting for more than two hours, a sound came from inside.

After a while, Qi Xibei walked out with a bottle in his hand.

“Here you go.”

She handed the bottle over.

The two of them took the bottles, a little excited.

“This is...”

They couldn’t open the bottle immediately.

“This is the Tier 5 Clear Essence Pill for you.”

Essence Clearing Pill?

The two of them gasped.

It really was a fifth-grade medicinal pill!

The Essence Cleansing Pill could clear the heart and lungs, and remove the toxins and stains in the body.

Most importantly, it could also increase the probability of advancement!

Generally speaking, everyone would try their best to rely on their own strength to advance.

If he relied on medicinal pills to advance, his subsequent advancement would be much slower.

Therefore, people with great talent would usually choose to work hard on their own, such as Qi Xibei.

Even if she could refine a grade-5 medicinal pill, she would not choose to take a grade-5 medicinal pill to increase her strength. At most, she would only use pills to recover her strength.

However, if one's strength was not strong enough, they would choose to use medicinal pills.

For example, the Liu brothers.

The two of them were not very talented. Using medicinal pills to advance was the best thing.

2159 Chapter 2161-Another Marquis Wu
This Essence Clearing Pill was very useful to Liu Jiang.

It could expel the poison from Liu Jiang's body and increase his chances of advancing.

Liu Jiang was slightly weaker than Liu Kang. Even if he used the Red Benevolence Pill, he might not be able to advance.

However, he could guarantee that he could advance if he used the Essence Cleansing Pill.

After all, he had been injured before, and the Essence Clearing Pill was the most suitable thing for him.

Qi Xibei had specially prepared this for him!

Liu Jiang was so excited that he could not speak.

"Master Maverick, you're..."

His chest was heaving up and down rapidly, and his breathing was heavy. He was very excited.

At this moment, the Clear Essence Pill had become the most precious treasure.

"Since I'm staying in your Liu Clan, I naturally hope that you can live well."

Qi Xibei smiled." If you were bullied, wouldn't that be a slap to my face?"

These words made both of them blush.

They did not expect Master Maverick to worry about them.

"Thank you!"

Liu Jiang did not decline. After all, this was indeed a treasure to him.

If he became a Fifth Grade Martial Marquis, his family would have two Martial Marquises.

Even if that person appeared today, it wouldn't affect them too much.

Even if they had just advanced, they were still Martial Marquises. Together, they could still fight against each other.

"You're welcome." Qi Xibei smiled faintly." You can settle the rest yourselves."

"Alright!"

The two of them nodded heavily and said sincerely.

As Qi Xibei left, the two brothers' thoughts surged.

"I didn't expect Master Maverick to be so good!"

The two of them sighed.

They had also come into contact with high-grade alchemists. However, those high-grade alchemists were all very arrogant.

Wanting them to help refine spirit medicines, who knew how much price they would have to pay.

However, Qi Xibei was so gentle and approachable.

She even took the initiative to help them refine pills!

This made them too flattered.

Encountering such a high-grade alchemist, that was a few lifetimes of fortune!

"If anything happens to Master Maverick, we'll do our best to complete it!"Liu Kang said.

“Of course!” Liu Jiang nodded.

Qi Xibei’s kindness to their family made them shed tears of gratitude.

With such a favor, even if their Liu family went all out, they might not be able to repay it!

“After that, if Master Maverick has any instructions, I won’t say anything!”
In fact, this was also nonsense, because before this, they did not have any objections.

“Alright, take the Clear Essence Pill first.” “I have a feeling that the situation is not right,” said Liu Kang.”

Everything that had happened in the past few days had given him a sense of urgency.

The changes outside were too great.

Ever since the Xiao family canceled the engagement, the surrounding situation had changed.

Today, that mercenary group had come to cause trouble, which made them even more flustered.

The Liu family had a high status in Sunnywood City, but a mercenary group had come to bully them!

If this continued, wouldn’t they be eaten to death?

To protect the Liu Clan, they had to increase their strength.

The younger generation had to work hard too.

However, the most important thing to protect a family was strength.

Only by possessing more of the strongest strength could he protect his own family.

The Xiao family had been able to run amuck in Sunnywood City for so many years because their grandfather was a Martial Lord.

Therefore, if the Liu Family had two Martial Marquises, they would not have to worry about being cheated.

“Good! I’ll go back now!” Liu Jiang couldn’t wait any longer. He turned around and left.

2160 Chapter 2161-Special Person

On the other side, the Xiao family, who learned of today’s development, was also stunned.

” Liu Kang broke through?!”

Xiao Yongzhong grabbed the other party with an anxious expression.

Liu Kang had actually become a Martial Marquis. This news had completely exceeded their expectations!

Xiong Liping’s matter was naturally done by them.

They wanted Xiong Liping to cause trouble for the Liu family and make the Liu family panic.

However, he did not expect Xiong Liping to be rescued in the end.

And the reason why things had turned out this way was because Liu Kang had broken through!

“Hasn’t he already been at the Supreme Realm for many years? Why did you suddenly break through?”

Not only did Xiao Yongzhong not understand, even the old master did not understand.

Great-Grandfather Fang’s expression was very ugly.

After all, he had always been the only Martial Marquis in the city, but now, Liu Kang had also become a Martial Marquis! This would affect his status.

“I don’t know, but I’m sure that he just broke through.”

That person was the one who had saved Xiong Liping today.

His appearance was ordinary and unremarkable.

However, he was also a marquis.

Although he was not as strong as the Old Master, he was still an expert.

“I just broke through...”

Xiao Yongzhong pondered for a while, and his expression became even uglier.” He wouldn’t have Red Benevolence Pills too, right?!”

Everyone was shocked when they heard this.

That's right!

Red Benevolence Pill!

If not for the Red Benevolence Pill, how could Liu Kang have broken through so easily?

The Red Benevolence Pill had just been auctioned off, and Liu Kang had already broken through.

Who would believe that there was no relationship between them?

"But didn't we already get the Red Benevolence Pill?"

"But no one can guarantee that there is only one Crimson Benevolence Pill!"

Everyone fell silent.

That's right. Although pills above grade-5 were very precious, who could guarantee that there was only one Crimson Benevolence Pill?

However, this guess shocked them even more.

There were actually two Red Benevolence Pills?

"If the Crimson Benevolence Pill was really taken out by the Liu Clan, then they still have one on hand. That would explain the whole thing."

Previously, they were still mocking the Liu Clan for being too stupid to take out the Crimson Benevolence Pill for auction.

However, if they still had a Red Benevolence Pill, they wouldn't be stupid, right?

However, this news shocked them even more.

Where did they get two Red Benevolence Pills?!

"Who gave them the Red Benevolence Pills?" Great-Grandfather asked coldly.

"I haven't found any special information for the time being." Xiao Yongzhong shook his head.

They had sent people to monitor the Liu family's situation, so they naturally knew that they did not have any dealings with others.

Moreover, the Liu family did not know of any powerful missions.

Under such circumstances, where did the Liu Clan get the Red Benevolence Pill? And two of them!

“No, something special has appeared in the Liu Clan.”

Lee Zhiyan interrupted them and reminded them.

“How could that be...” Xiao Yongzhong’s words came to an abrupt halt, and his expression froze. It was very interesting.

There was!

There was indeed a different person in the Liu family!

It was that woman, the young woman called Qi Xibei!

Moreover, she even took the initiative to introduce herself, saying that she was a high-grade alchemist!

Yes, a high-grade alchemist!

Only high-grade alchemists could refine a grade five medicinal pill!

Everything was connected. Qi Xibei was really a high-level alchemist. Moreover, she had taken out two Red Benevolence Pills!

A Crimson Benevolence Pill was auctioned off and ended up in the Xiao Clan’s hands.

The other one was given to Liu Kang, allowing him to advance.

They couldn’t help but gasp when they realized this.

That little girl was really a high grade alchemist!

Things were troublesome!

2161 Chapter 2163-No Way Out

The Xiao family had done so many things because Qi Xibei was not a high-level alchemist.

If Qi Xibei was not a high-level alchemist, they would not be afraid. It would be easy for them to deal with her.

However, if Qi Xibei was really a high-grade alchemist...

Things would be big!

Xiao Yongzhong and his father exchanged a shocked look.

They knew what they had done.

He had done so many things previously and completely offended Qi Xibei. This...

At the thought of this, the two of them had a very interesting expression. One moment, they were pale, and the next moment, they were green.

They had already offended Qi Xibei!

Moreover, they had hired assassins to kill Qi Xibei! Although he did not succeed in the end...

It would be better to succeed!

Now that they had offended Qi Xibei to such an extent, what would they do in the future?

Thinking of this, they were about to go crazy.

That was a high-grade alchemist!

They had paid such a high price to buy a Crimson Benevolence Pill.

But the Liu Clan could have a high-grade alchemist! Everyone could see the difference between them!

Li Zhiyan looked at the father and son who had ugly expressions and could not help but shake his head." It seems that the situation is not good."

"Of course not!" Xiao Yongzhong's tone was a little harsh." We've already offended her!"

At this point, he could not help but feel vexed.

They had offended Qi Xibei to this extent, so how could they still hope to repair the relationship between the two sides?!

Forget about repairing it, Qi Xibei would probably kick him out!

"Offended thoroughly?" Li Zhiyan smiled." Since that's the case, then let's not stop!"

When he found out that Qi Xibei was a high-level alchemist, he was also shocked.

Such a young little girl was actually a high grade alchemist. If this was told, how many people would believe it?

Li Zhiyan's father was also a high-level alchemist, but compared to Qi Xibei, he was far from being able to do so.

Who knew that the younger one was, the easier it was to achieve more results, and the better their future development would be.

After all, an old high-grade alchemist and a young high-grade alchemist, everyone knew who would have a better and broader development and possibilities.

If Qi Xibei was one of them, Li Zhiyan would not have any thoughts about it. Instead, he would be very happy.

But the problem was that Qi Xibei was their enemy!

Since they weren't friends, it was best to get rid of them.

It would be bad if Qi Xibei's matter affected them.

Moreover, Qi Xibei was too young, which made Li Zhiyan feel threatened.

She believed that even if the old man came over and knew about this matter, he would also make the same decision.

"What do you mean?" Xiao Yongzhong's heart skipped a beat. "What do you want?"

"I didn't want to do anything." Li Zhiyan smiled. His smile was fierce. "I should say, it's what you guys want to do."

After all, it was all up to them now.

"You guys are the ones who offended her, not me." He shrugged.

These words made the father and son's expressions even more interesting.

Yes, Qi Xibei should know what they had done.

Now, Qi Xibei was in the Liu family and had even refined a fifth-grade pill for them...If she was given more time, wouldn't the Liu family be able to turn the tables?

Once the Liu family turned the tables, they would naturally have to deal with the Xiao family!

The Liu family and Qi Xibei were working together...

At the thought of this, Xiao Yongzhong's and Great-Grandfather Xiao's expressions were equally ruthless.

"Yes, we won't rest until we do it!"

At this time, they had no way out!

2162 Chapter 2164-Dealing With
Xiao Yongzhong and Great-Grandfather Xiao were very upset when they confirmed that Qi Xibei was a high-grade alchemist.

However, the matter was already set in stone, and they could not change it.

Since it was impossible for them to become friends, they should get rid of him as soon as possible!

"Moreover, I'm worried that if we don't act soon, she might bring more changes to the Liu family in the future."

Lee Zhiyan said lightly.

These words shocked the two of them, and their eyes widened in shock.

That's right!

This was the most terrifying part!

Having one more high-grade alchemist, that represented that there were infinite possibilities!

Even Liu Kang had advanced, so what about the others?

If everyone improved...Then the Xiao family's status would be seriously affected!

"Therefore, I need your help this time."Great-Grandfather Li looked at Lee Zhiyan with a serious expression.

"Of course." Li Zhiyan also nodded." We're all family. Of course I'll help."

For Li Zhiyan, he had to make a move this time.

In the few cities nearby, only their family had a high-grade alchemist.

With a high grade alchemist, their statuses were all different!

But now, an even younger high-grade alchemist appeared out of nowhere. This caused a strong impact on their Li Family.

He had checked before, but there was no news of Qi Xibei anywhere else, which meant that she had suddenly appeared.

This kind of high-grade alchemist without any backing, without any background, was either taken in for his own use or eliminated.

Otherwise, keeping her alive would be giving her opponent a chance to grow.

Li Zhiyan knew this very well, so he naturally wouldn't let it go.

"Alright then!" Great-Grandfather Fang's expression was fierce." Let's discuss how to resolve this matter quietly!"

Soon, they came to a conclusion.

"In a few days, it will be the competition." "Everyone will be present at that time, so there won't be many people left in the Liu Family."

They would hold a competition every few years and then decide the distribution of resources.

Other than the Space Token Stone, they also found a very good place. There was a very special material there.

If this material was used to refine weapons, it could be used to refine extremely hard weapons, and it had even more special effects.

However, the current situation was a little awkward.

In fact, these materials were in the Xiao family's previous domain and should have belonged to them.

However, a month before each competition, each family would hand over these places and not allow them to mine.

After the competition ended, they could then carry out the distribution.

Therefore, after the Xiao family discovered the difference in this place, they immediately had an idea.

However, they did not dare to move.

If the Liu family and the He family found out about this secret, they would definitely fight to the death.

At that time, the thing would fall into their hands.

This was something the Xiao family absolutely could not allow!
Therefore, even if they wanted to mine that material immediately, they could only endure it carefully.

However, they had to win!

If he couldn't win, then he would miss out on that thing.

Every time there was a competition, people from various families would attend.

At that time, Qi Xibei would most likely stay at the Liu family.

After all, she was an outsider and it was not appropriate for her to participate in these matters.

This also gave them a very good opportunity.

After discussing the details, the few of them dispersed.

"However, the Liu family can't be kept either." Before leaving, Great-Grandfather Fang frowned.

The Liu family was the most troublesome existence.

2163 Chapter 2165-Gotta Go Even If I Don't Want to
Previously, they wanted to cooperate with the Liu family.

However, those people from the Liu family were too strange.

Even if there were benefits, they would refuse to cooperate.

In addition, the Li family gave more benefits, so the Xiao family chose to cooperate with the Li family.

Since they had already chosen to cooperate with the Li family, they naturally would not show mercy to the Liu family.

According to the plan, the Liu family should have been having a headache during this period of time.

However, he did not expect that with the addition of Qi Xibei, there would be so many changes.

"It's fine. We'll deal with it together." Li Zhiyan said.

"Alright, it's only a few days left anyway."

Sunnywood City's competition was in a few days.

At that time, they would start the competition.

At that time, the victor would be decided.

Qi Xibei was someone they had to deal with.

At that time, he would deal with them together to avoid leaving behind so many future troubles.

However, they still wanted to do something to weaken the Liu Family.

However, they did not expect that before they could make a move, they would hear the news that Liu Jiang had also broken through!

The news shocked the entire Sunnywood City.

In just a few days, two Fifth Grade Martial Marquises!

This was too exaggerated!

After all, they were just a small city under a small country. A Fifth Grade Martial Marquis was already the peak here.

Now, the Liu Family had two more Fifth Grade Martial Marquises!

In this way, Sunnywood City's power would be reshuffled.

This news shocked everyone. What did this mean?

Where did the Liu family get such good fortune from?

If Liu Kang and Liu Jiang had that kind of talent, they would have broken through long ago.

But now, they had broken through so quickly one after another, indicating that they had used medicinal pills.

If they wanted to break through, they needed at least a fifth-grade medicinal pill.

However, with their strength, where could they find a fifth-grade medicinal pill?

For a moment, the city was in a hubbub. Everyone was discussing this matter.

This news also shocked the Xiao family and the Li family.

“Another one!”

Great-Grandfather Fang’s expression was extremely ugly.

Another marquis had appeared, which was a serious challenge to his status!

What was even more hateful was that they were all from the Liu family!

If each clan sent a Martial Marquis, it would not be too much of a problem. With their many years of experience, the impact was not too great.

However, those two Martial Marquises were from the Liu Clan! Then, if the two of them joined forces, the Xiao family would be in danger.
In this way, their previous plan could not be realized.

“It’s all that Qi Xibei’s fault!”

Grandpa Xiao’s expression was ferocious.” If it weren’t for her, things wouldn’t have turned out like this!”

They still wanted to make a move on the Liu family.

But now, there was another Marquis Wu. The situation was not so simple.

Marquis Wu’s battle was fierce. If he didn’t hit the target in one strike, he would attract the attention of others.

Without a crushing advantage, how could they easily deal with it?

Therefore, they had to be restrained again.

“I have a good idea.”

Li Zhiyan revealed a sinister smile.

“Good idea? What good idea?”

Seeing his expression, Xiao Yongzhong and the Old Master were anxious." Hurry up and say it!"

Li Zhiyan sneered and whispered to them.

After saying that, the father and son of the Xiao family were surprised and happy." You have contact with Xuan City?!"

Xuan City was their capital.

"Of course." Li Zhiyan smiled proudly." No matter what, our Li family has a certain status."

"That's great!" Xiao Yongzhong was so happy that he almost died of excitement." When the time comes, she'll have to go even if she doesn't want to!"

2164 Chapter 2165-Daily Life

Qi Xibei did not know how others were scheming against her. She had been very busy the past few days.

In the morning, he taught them how to cultivate.

At noon, he prepared medicinal herbs for them to bathe in.

With the addition of the medicinal bath, the disciples' improvement speed was very fast.

Liu Yiya's ability in refining medicine also improved very quickly.

After interacting with Liu Yiya, Qi Xibei realized that she was quite smart. It was just that he had not found a suitable master before, so he had been delayed.

After all, without an official master, he would often be hammering things here and there, unable to learn anything at all.

If she could find a suitable master when she first started cultivating, it would not be so troublesome now.

Liu Yiya still had some small bad habits, but Qi Xibei had forced her to change them, which made her very miserable.

In just a dozen days, Liu Yiya's strength had improved a lot.

Even though she was only an elementary alchemist, she could already refine a grade two medicinal pill.

With such strength, he could also obtain good results.

After all, not everyone was like Qi Xibei, who had such strength at such a young age.

As for Yue Ya and Yue Yuan, the two sisters were also very desperate.

It was as if they knew something. They were afraid that Qi Xibei would abandon them and work hard.

Even when they were resting at night, they did not stop cultivating.

Moreover, the two sisters were twins, so their hearts were connected. Their cultivation speed was also faster.

In the afternoon, Qi Xibei locked himself in the alchemy room.

She could not be satisfied just like that. Her strength was quite strong here, but it would not work in other places. Therefore, she had to cultivate as well.

A few days ago, she finally broke through and became a Fifth Grade Martial Marquis.

The strength of this Fifth Grade Martial Marquis was very real, and no one else could compare to him.

People like Liu Jiang and Liu Kang who relied on pills to advance were no match for her.

Moreover, she had also visited the Black Smoke Chamber of Commerce and the Mercenary Union during her break in cultivation.

The Black Smoke Chamber of Commerce was the most powerful chamber of commerce on the continent. They had branches everywhere.

The Mercenary Guild was also a very powerful existence. As long as one had money, they could naturally issue missions there.

Qi Xibei used the money he received to find Qiao Yanyu.

With the efforts of these people, they should be able to find Qiao Yanyu faster.

In this plane where there was no information or internet, it was not easy to find a person.

However, now that Qi Xibei had money, it was much easier to find someone.

After breaking through to level-five, Qi Xibei also had thoughts of leaving.

If they left this place and returned to their sect, they might meet Qiao Yanyu!

However, she also promised Liu Yiya that she would wait for her to finish the competition.

Without her by her side, Liu Yiya said that she was very scared.

Since she had become her master, she naturally had to escort her and give her confidence.

Therefore, Qi Xibei decided to leave in a few days.

Soon, Sunnywood City's competition began.
Almost everyone in Sunnywood City came.

Although it was just a competition between a few families, the people here also liked to watch.

After all, everyone had so little entertainment. They would be happy to have some fun.

Hence, the venue was packed with people that day.

There weren't many matches, and they could be settled in a day.

Other than fighting strength, they were also competing in terms of alchemy and weapon refinement.

In the end, they could split the loot according to the total score.

2165 The Third Prince

On this day, Liu Yiya woke up early to make preparations.

This time, she was absolutely confident that she would succeed!

Other people of her age did not have her ability.

Moreover, under Qi Xibei's guidance, her strength had increased by quite a bit, and her self-confidence had also increased by quite a bit.

Under such circumstances, she was eager to start the competition.

At around seven or eight in the morning, the square was already filled with people.

Everyone was gathered outside, waiting to watch the exciting match.

This time, Liu Clan, Xiao Clan, He Clan, and a few other clans had sent people to fight.

Liu Yiya stood in front of everyone with her head held high and her chest puffed out. She was very confident.

Soon, she saw Xiao Yujie.

Beside Xiao Yujie was a young woman. That was his wife, Li Feifeng.

When Li Feifeng saw Liu Yiya, she couldn't help but snort and turn away.

Seeing her reaction, Liu Yiya's mouth twitched.

There was really no grudge between her and Li Feifeng. If it wasn't for Xiao Yujie, they wouldn't have had any interactions at all.

However, Li Feifeng had always hated her.

This made Liu Yiya feel that this couple was a match made in heaven!

After all, they were all brainless!

The strength of the He family's players was not much different.

Only after the younger generation came out did the elders come out.

Moreover, what made everyone feel strange was that the City Lord walked up with a smile on his face.

That smile made everyone feel very strange. It was too brilliant!

Every city had its own city lord, who was equivalent to the mayor.

The city lords were all sent by the royal family and were not considered locals.

The City Lord had his own team, which was enough to deal with the major events here.

However, generally speaking, the city lord would not get involved in too many local matters. After all, there were many local tyrants.

The City Lord would change every five years, so they generally wouldn't develop too much here.

The local snake families of every city would build a good relationship with the city lord. After all, many times, they still had to rely on the city lord.

The city lord of Sunnywood City usually did not get involved in the conflicts between the families.

However, the City Lord had to appear in every competition like this.

But this time, wasn't his smile too bright?

It was as if he had picked up gold. His mouth was about to reach the back. It was really too exaggerated.

The City Lord was called Huang Feiheng, and he was from Xuancheng.

The reason why he came here was also to gild himself.

He was usually quite cold and aloof.

But today, he was smiling as if he had picked up money.

The crowd couldn't help but whisper. Was there something wrong with him? Under everyone's gaze, Huang Feiheng said the same old words and changed the topic,"I have good news today! Our respected Third Prince has graced us with his presence! Let us warmly welcome His Highness the Third Prince!"

The Third Prince?

Everyone was shocked when they heard this name.

Everyone had heard about the prince.

I heard that the princes of the royal family are all very outstanding!

Of course, the royal family had so many resources. They would naturally nurture their descendants well.

However, the Third Prince actually came to their small place, which surprised everyone.

The Xiao family's smile was also very bright, looking like they were honored.

Beside Xiao Yongzhong, a few people from the Li family also came, and they were also full of smiles.

Only the Liu family's heart skipped a beat.

Something felt wrong!

Why did the Third Prince suddenly appear?

One had to know that the princes would not usually run to such a small place.

“.. Please welcome our Third Prince!”

Huang Feiheng took the lead and everyone applauded enthusiastically.

2166 Chapter 2168-Coming With Unfriendly Intentions
Soon, a man in sky-blue clothes walked out.

After seeing his appearance clearly, the people below could not help but gasp.

The woman's eyes widened. She seemed to have thought of something and lowered her head. Her face was red.

What a handsome Third Prince!

The Third Prince was 1.8 meters tall. He was tall and handsome. Coupled with his noble and elegant temperament, he was just like an elegant young master.

In addition to his special identity, everyone below almost fainted, especially some young women.

The sudden appearance of such a noble prince shocked everyone, and at the same time, they couldn't help but be tempted!

Especially those young ladies who were not married or engaged, their faces were even redder.

If only they could catch the Third Prince's eye!

That would be a matter of reaching the heavens in a single step!

Huang Feiheng was very satisfied with the enthusiastic response.

Everyone was still very enthusiastic, which was very good.

“Hello, everyone.”

The Third Prince stood in the center of the stage and smiled at the people below.

When he spoke, everyone fell silent and were shocked.

This Third Prince was not an embroidered pillow, but someone with real ability!

He was about twenty-five or twenty-six years old, but his strength was extraordinary!

When he opened his mouth, everyone heard his voice, even the people standing behind him.

To achieve such strength, one had to be at least a Fifth Grade Martial Marquis!

At such an age, he had such strength. It really made everyone extremely shocked.

However, after thinking about it carefully, everyone felt that it was normal.

After all, he was a prince! With so many resources from the royal family, how could they not have the strength?

No matter how poor one's talent was, with the accumulation of the royal family's resources, they could still rise.

Not to mention, the descendants of the royal family were generally not weak. After all, it was a combination of strong people.

The Third Prince, who was handsome, powerful, and had a noble status, immediately captured the hearts of most of the women here.

Who wouldn't want to become the Third Prince's wife?

Looking at the red-faced young ladies who did not dare to look at him, the Third Prince's smile became even more brilliant and meaningful.

However, when he turned around and saw Qi Xibei's calm expression, his smile froze.

But soon, his smile became bright again.

She was indeed a beauty!

Such a beautiful face was even more beautiful than the women he had seen before!

Such an outstanding face naturally had the capital to be proud.

The Third Prince said a few words of encouragement to everyone and then came down.

Seeing the Third Prince walking towards the Xiao family and looking very close to them, the Liu family's expressions were very ugly.

At the same time, he felt a little uneasy.

This Third Prince...Why did he suddenly appear?
Moreover, this was too strange!

They hadn't received any news before!

Could it be that the Third Prince wanted to interfere in this matter?

Everyone felt uneasy, but they had to force a smile.

If the Third Prince saw this, he would definitely offend him.

Therefore, no matter how much they thought, they did not dare to say anything and could only smile.

The Third Prince looked over, turned his head, and said something to Lee Zhiyan. Then, he revealed a warm and sunny smile.

When the Third Prince appeared, Qi Xibei's heart skipped a beat.

When she met his gaze, she immediately felt that something was wrong and became even more vigilant.

Now, seeing how good the Third Prince and Lee Zhiyan's Xiao family were, the uneasiness in her heart became even clearer.

They came with ill intentions!

2167 Chapter 2169-Third Prince's Invitation
Qi Xibei's premonition was quickly confirmed.

After the Third Prince came down, the competition quickly began.

Although the contestants were not very strong, the younger generation had the vitality and beauty of the younger generation.

The competition this time was divided into several segments.

One was a martial arts competition, one was an alchemist competition, and one was an armament master competition.

However, not every family had alchemists and blacksmiths. However, as long as there was a glimmer of hope, everyone would work hard.

Other things aside, Liu Yiya's performance in the alchemy competition was very eye-catching.

Before this, everyone knew that she was a low-level alchemist, but they did not expect that only a month's time had passed, and her strength was already different from before.

Such a rapid change shocked the others.

This also made the Xiao family's expressions solemn.

If this continued, something would really happen.

Qi Xibei looked very satisfied with Liu Yiya's performance.

However, her good mood was quickly shattered.

"Master Maverick."

A voice sounded beside him.

Qi Xibei turned around and saw Xiao Yongzhong's smile.

Xiao Yongzhong had a gentle smile on his face. He looked very gentlemanly and elegant, without any aggression.

However, Qi Xibei knew that he was not a good person.

At least, the assassins who had been sent to kill her had already proved that he was definitely not a good person.

"Hello," Qi Xibei smiled. "Master Xiao."

"Master Maverick, His Highness the Third Prince invites you."

Qi Xibei raised an eyebrow.

The Third Prince invited him?

Moreover, it was Xiao Yongzhong who came over to invite him. This was really giving him enough face!

Qi Xibei could still find an excuse if someone else had come, but Xiao Yongzhong was the head of a large family here, so she had to give him face.

Moreover, she also wanted to know what they were up to.

“Alright.” She nodded.

Liu Kang’s expression changed slightly and he immediately stood up.” Then I’ll accompany Master Maverick to take a look. I also want to see His Highness the Third Prince.””

Without waiting for Xiao Yongzhong to refuse, he smiled and said,””If we stay in this small place, we won’t have the chance to meet the princes. Such a rare opportunity, Brother Yongzhong won’t deny it to me, right?”

He had already said so, what else could Xiao Yongzhong say?

Moreover, he also understood that Liu Kang would definitely come along.

Since that was the case, there was no need to refuse.

Thus, he nodded, his smile still bright.” Of course you’re welcome. I think His Highness the Third Prince must be looking forward to meeting you.”

The few of them left their seats with a discordant expression.

Soon, they arrived at the Xiao family’s residence.

Qi Xibei’s expression was calm and composed. There was no sign of worry or nervousness.

As he walked over, Xiao Yongzhong could not help but carefully size up Qi Xibei.

What kind of reaction would such a young girl have?

Such a young man with such powerful strength was completely beyond everyone’s understanding.

If not for the fact that Qi Xibei’s identity had not been discovered after all the investigations, he might have already given up.

To be able to nurture such an outstanding person, it was definitely not an ordinary family.

Unfortunately, they had offended her before.

Otherwise, it would be good for everyone to be friends.

Since things had come to this, there was no way to regret it.

Soon, they arrived at the Xiao family’s territory.

As soon as they arrived at the Xiao family's residence, a hearty voice sounded.

"This is Master Maverick, right? I've heard a lot about you!"

Qi Xibei looked up and saw the Third Prince walking over with a smile.

That passionate look made people have a good impression of him.

2168 Chapter 2170-Rejection

Of course, Qi Xibei was not that stupid. He did not show any signs of movement on the surface.

She was just on guard.

This Third Prince was not a good person.

Even if he was a good person, nothing good would happen if he got together with the Xiao family and the Li family.

"Your Highness, Third Prince." Qi Xibei nodded slightly as a greeting.

She was now a high-grade alchemist.

With such a status, he did not even need to bow in front of a prince.

Even if she wanted to bow, would the Third Prince dare to accept it?

The Qi Ming Country that Qi Xibei was currently in was a small country. The emperor's strength was only level-6.

A Level Six Martial Arts Grandmaster was already a top-notch expert here.

However, a Level Six Martial Arts Grandmaster still had to rely on a high-grade alchemist.

If a high-grade alchemist entered the Imperial Palace, he would immediately become their honored guest.

As long as the Third Prince wasn't out of his mind, he wouldn't offend a high grade alchemist.

"Master Maverick, may I ask which family you're from?" The Third Prince smiled brightly.

"No roots, no branches." Qi Xibei shook his head with a calm expression.

This reaction was very intriguing.

Did he not have a family, or was he chased out by a family, or was there something wrong with this?

Such a reaction made everyone ponder in their hearts. They did not believe what she said.

After all, they had been investigating for so long, but they still could not find out Qi Xibei's identity. This was shocking.

"Ah, I was being presumptuous. "No matter what, we welcome Master Maverick to join us."

The Third Prince's attitude was very enthusiastic. He did not even mention the word "I" and directly used the word "I" to show his friendly relationship with Qi Xibei.

Then, he went straight to the point and made a request.

"Master Maverick, I'm shocked to see you today!" "I didn't expect Master Maverick to be so young and beautiful!" Forgive me for my rudeness."

His eyes were a little dazed as he looked at Qi Xibei. The affection in his eyes was so strong that it made people blush.

Unfortunately, Qi Xibei was not moved.

On the contrary, her heart turned cold.

However, she took a small step back and revealed a polite smile." I am indebted to the Third Prince's love, but I am not worthy of your love. Moreover, she was already engaged."

"An engagement?!"

Everyone was shocked.

She was already engaged? Are you kidding me?

"Miss Qi, you're..." The Third Prince's smile was a little awkward and a little embarrassed.

Didn't they say that he had no roots or branches? Where did this fiancé come from?

"Sorry, I don't dare to lie. She already had a fiancé and was waiting to get married." Qi Xibei continued as if he did not see their expressions.

Her calmness made everyone's faces turn ugly.

The Third Prince could not help but size up Qi Xibei, his expression turning ferocious.

However, he still smiled in the end.

"I'm sorry, I was rude. Please forgive me."

"It's fine. His Highness is a good person." Qi Xibei immediately sent her a good person card.

"But Master Maverick is powerful. If you're willing to join us, you can have whatever you want." The Third Prince was flexible and immediately changed his words.

Qi Xibei still shook his head.

"I'm sorry, I prefer my current life."

She was not stupid.

Although the Third Prince was a prince, he was not the Crown Prince!

Even the Crown Prince didn't dare to be so arrogant, so how could he, the Third Prince, be so arrogant?

It seemed that there was a different problem behind this!

The battle for the throne was already very intense, and the Third Prince had come here to recruit her. This meant that the situation was not quite right.

2169 Rejected

Qi Xibei was not interested in getting involved in these power struggles.

She was living a good life, so there was no need for her to get involved in this kind of thing. If he was not careful, it would be fatal.

Although she had the confidence to protect herself, there was no need for that.

She only wanted to find Qiao Yanyu and find a way to return to Earth with him.

During this period of time, she did not want to be involved in anything too complicated.

It was obvious that this Third Prince was not a good person.

Although he looked refined and handsome, his gaze made Qi Xibei unhappy.

His eyes were filled with ruthlessness and ambition.

He was indeed motivated, but he shouldn't drag her into this!

Moreover, he was also a person who could yield and stand up. He confessed in the beginning and was rejected in the end, so it became a matter of seeking talent.

However, she also understood that if she rejected the Third Prince's request, the situation would not be good.

However, there was no way she would agree to it.

Most importantly, the Third Prince still had the Xiao and Li families by his side!

"Sorry, my disciple should have finished the competition. I have to go out and take a look. I'll take my leave first."

Qi Xibei left immediately after he finished speaking.

Looking at her departing figure, the Third Prince's eyes darkened.

"Your Highness."

Lee Zhiyan looked at the Third Prince and wanted to say something, but he was interrupted.

"It's fine. I was just rejected. It's nothing."

Although he said that, everyone could see that the Third Prince's expression was not very good.

That's right. He had never been rejected since he was young.

But today, he was defeated by a woman.

What was even more detestable was that in order not to marry the Third Prince, this woman even said that she had an engagement!

If there really was an engagement, why would he come here?

Wasn't this treating them as fools?

The few of them looked at the Third Prince's expression and their hearts were in turmoil. However, they still obediently lowered their heads and did not dare to speak.

Xiao Yongzhong sneered in his heart.

Although he had only interacted with the Third Prince for two days, he could tell that the Third Prince had a personality that allowed those who obeyed him to prosper and those who resisted him to perish.

If Qi Xibei dared to reject him, he would die!

What was a high-grade alchemist?

Although a high-grade alchemist was very honorable, it was not irreplaceable.

After all, he was a member of the Imperial Family. Wanting to deal with a high-grade alchemist did not need to expend much effort at all.

Xiao Yongzhong heaved a sigh of relief.

Now, the anger directed at Qi Xibei had been transferred to the Third Prince, so there was no need for him to be conflicted.

At that time, he would just wait to watch a good show.

The Third Prince wasn't afraid of offending a high grade alchemist, but they were still a little guilty in their hearts previously.

If Qi Xibei used his identity as a high-grade alchemist to recruit others and then resisted, it would not be good.

Now that the Third Prince was unhappy with Qi Xibei, things would be easier.

"Alright, let's go back first."

The Third Prince said to his followers.

"Yes, sir!" Everyone nodded in agreement and followed him out.

After the Third Prince left, Xiao Yongzhong and his father looked at each other and exchanged a smug smile.

Li Zhiyan shook his head." You really don't know what's good for you!"

He was obviously talking about Qi Xibei.

He knew that Qi Xibei was doomed.

The Third Prince was not a kind and benevolent person. He would seek revenge for the smallest grievance.

On the other hand, Qi Xibei did not really take this matter lightly.

Moreover, she was also very curious as to why the Xiao family had asked the Third Prince to come over.

It couldn't possibly be for her, a high grade alchemist, right?

Qi Xibei was confident in himself, but he would not be too overconfident.

There must be something wrong here.

2170 Chapter 2171-Finding Out

For a prince to suddenly come to such a small city, if there was nothing wrong with it, Qi Xibei felt that there was something wrong with his brain if he believed such words.

Qi Xibei was very confident in her looks and abilities, but she did not think that her fame had already spread to Xuan City.

It would take at least two to three days to get from Sunnywood City to Xuancheng.

Therefore, it was impossible for the Third Prince to come all the way from Xuan City just for her.

Was this not a joke?

Moreover, she could see the expressions of Xiao Yongzhong and the others just now.

This matter definitely had something to do with them.

Then, if they used her as an excuse to invite the Third Prince over but were rejected in the end, the Third Prince would definitely be very angry.

They wouldn't have thought of this. After all, she was their enemy.

Even a fool knew that she would never agree to such a question.

Then, they must have already considered this point.

If she did not agree, the Third Prince would definitely be angry. The angry Third Prince was not so easy to pacify, especially the few people who took the lead. They would definitely be angered.

However, Qi Xibei realized that they were not worried at all.

In that case, they definitely had something to rely on.

As for what he relied on...

Qi Xibei laughed. Couldn't he just go and investigate?

At the thought of this, she turned her toes and directly turned to another place.

The competition this time was very grand. There were many participants, and it was very exciting. The people were very happy to watch.

Although they might not be able to understand it, everyone still felt that it was interesting to watch such an exciting match on the stage.

Qi Xibei's footsteps were very fast. After avoiding the crowd, he quickly reached the forest.

Fortunately, the competition venue was not far from the forest.

He advanced at full speed. In less than a minute, Qi Xibei had reached the edge of the forest.

Soon, she found a little bird inside.

It was a low grade spirit beast, Shadowless Bird.

It was very fast and silent.

Such birds could be used as scouts.

However, not everyone could come into contact with such a spirit beast.

If one wasn't a beast tamer, they wouldn't be able to come into contact with spirit beasts, let alone make them obedient.

Qi Xibei waved her hand, and Shadowless Bird came down from the top of the tree.

Standing on Qi Xibei's shoulder, the bird could not help but rub against her cheek affectionately.

Qi Xibei's aura made it very happy.

Qi Xibei patted its little head and gave it instructions." Do me a favor.""

Chirp chirp!

The bird hopped twice and agreed.

To the bird, it was the best thing to be able to help Qi Xibei.

The other spirit beasts couldn't help even if they wanted to!
Qi Xibei instructed it to follow the Xiao family and figure out what they wanted to do.

Chirp chirp!

Shadowless Bird nodded, then spread its wings and soared into the sky.

After dealing with Shadowless Bird, Qi Xibei returned to the arena.

However, when she returned, the atmosphere was a little strange.

Qi Xibei was puzzled by Liu Yiya's furious expression.

"What's wrong?"

"They've gone too far!" Seeing her master return, Liu Yiya felt even more wronged and almost burst into tears.

"What happened?"

It had only been a few minutes, but how did her joy turn into such a sad face?

"Master!"

Yueya and Yueyuan were also here to watch, so they naturally knew what had happened.

Thus, the few of them started talking at once.

Qi Xibei's face darkened after hearing the situation.

2171 Chapter 2173-Lost

It turned out that something had happened here when Qi Xibei had left.

The competition this time was divided into several segments. The final score would be combined and the resources would be distributed.

Liu Yiya naturally won. She performed very well and won the first place, getting the highest score.

If the others performed well, their Liu family would not have any problems this time.

As long as they got first place, the Liu family would be able to get the best resources.

However, before the competition, the Xiao and He families provoked the other Liu family members.

Among them, the Xiao family told a man from the Liu family that his fiancée was with him and even took out so-called evidence.

The children of the Liu family were naturally furious. After all, they were all green on the head.

Therefore, in his anger, he could not help but attack.

He had made a move. He was finished.

Because there was a rule that if they fought before the competition, they would be disqualified regardless of the reason.

As a result, this contestant who could have gotten a good result lost his qualification to participate in the competition.

Of course, this wasn't over!

There were still other members of the Liu family who could participate in the competition.

However, after they went on stage, the He family told one of them that what the Xiao family said just now was all fake. They were just fooling them and deliberately making them angry.

Once they got angry, they would lose their qualifications to participate in the competition.

These words made the children of the Liu family furious. In the subsequent competition, they were seized by the opponent and kicked off the stage.

This development stunned everyone from the Liu Clan.

The Xiao family and the He family were really too despicable. They actually used scheming!

It was precisely because of this method that they lost.

Losing the competition meant that the score was naturally not high.

Now that everything was considered, the one with the greatest chance of winning was the Xiao family!

After the Xiao family, it was the He family.

Although the Liu family was not ranked last, the situation was not good.

Speaking of this, Liu Yiya was very angry. She couldn't help but glare at the men who caused trouble.

Those people knew that they had made a big mistake. Their heads drooped to the ground and they did not dare to raise their heads.

If they hadn't been too impulsive, they wouldn't be in such a miserable state now.

However, since things had come to this, they had no other choice.

"Now, the Xiao family has taken first place!" Liu Yiya gritted her teeth.

The Xiao family was really disgusting!

Looking at their silent expressions and the depressing atmosphere, Qi Xibei could only pat Liu Yiya's shoulder. "Alright, just do your best."

"Master." Liu Yiya wanted to cry.

Master was still so gentle at a time like this.

However, their Liu Family still lost!

He had prepared so much, but now it had become like this. It was really a pity.

Liu Yiya looked at the Xiao family and saw Li Feifeng's smug expression. Liu Yiya's mouth twitched. Was there something wrong with this person's brain?

Qi Xibei comforted them and walked to the side.

Soon, Shadowless Bird flew back.

Seeing Shadowless Bird land on his shoulder, Qi Xibei smiled.

"Master, what bird is this?"

Yue Ya opened her eyes wide and looked curiously at this Shadowless Bird.

This wasn't an ordinary bird, was it?

This gaze, this action, it was obvious that they were not ordinary!

Qi Xibei smiled." I'll teach you all about this later."

"Alright."

Since she said so, they didn't continue to ask and could only nod.

Qi Xibei waved his hand and let them leave first.

Then, she learned about the situation from the sound of the shadowless bird.

After hearing Shadowless Bird's words, Qi Xibei's lips curled into a cold smile.

2172 Flowing Spirit Rock (1)

Flowing Spirit Rock was a very special material.

Using this material to refine weapons, the defensive ability of the spirit weapon refined was very strong.

What was even more amazing was that it could even return the strength of the opponent's attack.

As long as the opponent's attack did not exceed the defense of the Flowing Spirit Rock, he could return the favor.

The Flowing Spirit Rock could only be destroyed if it exceeded its defensive strength.

The more Flowing Spirit Rock there was, the stronger the defense would be.

If the spiritual weapon contained more than half of the Flowing Spirit Rock, it would be able to block the attack of a Level Six Martial Grandmaster!

If the spiritual weapon was held by a Sixth Grade Martial Grandmaster, it could even withstand the attack of a Seventh Grade Martial Emperor!

Therefore, the Flowing Spirit Rock was a very magical existence, and it was also a very expensive and rare resource.

Even if there was only a little Flowing Spirit Rock, the price was not low. If it appeared in an auction, it would fetch a terrifying price.

And the Flowing Spirit Rock was the reason why the Xiao family and the Li family fought so hard.

Shadowless Bird was hovering above the Xiao family and heard their conversation.

In fact, they were very cautious. They discussed in an open space. There were no humans around.

Therefore, they were not worried that their words would be heard.

Therefore, they did not hide it at all.

However, they did not know that there was a shadowless bird hiding above their heads!

Shadowless Bird couldn't understand their conversation but it could repeat it.

Qi Xibei had sent Shadowless Bird over as a spy because Shadowless Bird was very talented in this area.

Many beast tamers didn't know that Shadowless Bird could record other people's words.

Shadowless Bird was equivalent to a drone.

Xiao Yongzhong and the others didn't know about the existence of Shadowless Bird, so they chatted happily.

This time, they used all sorts of methods to control the outcome of the match.

Then, they would be able to obtain the Flowing Spirit Rock.

However, they didn't expect Shadowless Bird to hear them.

Shadowless Bird relayed these words to Qi Xibei.

After hearing Shadowless Bird's story, Qi Xibei smiled and patted its head, giving it some spiritual power.

Shadowless Bird squinted his eyes and rubbed her hand comfortably.

After a while, Shadowless Bird reluctantly left.

After Shadowless Bird left, Qi Xibei left immediately.

The competition was not over yet. After all, the final allocation had not been decided yet.

Regarding the development of their own family, these matters naturally had to be discussed properly.

It had to be known that it would take one or two days each time before he could clearly distinguish these things.

This time, there was naturally no lack of time.

Although Xiao Yongzhong and the others were very anxious, the more anxious they were, the more they could not expose themselves.

While they were "splitting the loot," Qi Xibei told Crescent Moon and the others that he would go back and rest.

Yueya and Yueyuan wanted to follow her back, but she persuaded them to stay. After that, Qi Xibei returned to his courtyard.

After taking out another set of clothes from the storage device, she quickly changed her appearance.

Then, without anyone noticing, she left the Liu family's courtyard.

She quickly rushed towards the place that Shadowless Bird had mentioned. It was in another mountain.

The Flowing Spirit Rock was different from the Space Token Stone. The Flowing Spirit Rock didn't need time to mature. It was just there.

In order not to let others discover the problem, Xiao Yongzhong and the others did not leave the venue, but stayed where they were and waited.

Taking advantage of this opportunity, Qi Xibei quickly arrived at the Flowing Spirit Rock.
