The Reincarnated Goddess is Fierce – Chapter 2173 – 2200

2173 Flowing Spirit Rock (2) -

2173 Flowing Spirit Rock (2)

When Qi Xibei arrived at the Flowing Spirit Rock, he realized that there were people guarding the area.

It should be someone from the Xiao family.

They knew that there was a Flowing Spirit Rock here, but they couldn't make a move for fear of attracting the attention of others.

However, they couldn't just let it go.

If it was snatched away by someone else, that would be a trap!

Therefore, they could only hide and secretly monitor this place.

Qi Xibei hid at the side and observed carefully for a while.

She rolled her eyes and soon had an idea.

She stretched her body, and her spiritual power spread out like a spider web.

Soon, there was movement in the forest.

The leaves rustled.

"What happened?"

someone whispered.

This sound didn't seem like the sound of an ordinary wind blowing.

They had been here for some time and naturally knew the situation here.

However, the voice now...It was a little strange.

"It's just the wind." "Don't worry about it, just keep an eye on him," said another person."

"What's there to keep an eye on." That person did not care." Who would come here at this time?! Besides, we should be distributing the results now. If we stay here, no one will think of it."

"It doesn't matter whether you want it or not. We have to keep an eye on it. Otherwise, if anything happens, we won't be able to afford it!"

The man pursed his lips, but he did not dare to say anything. He could only change the topic." But, what's inside?"

"I don't know. Anyway, he just had to keep an eye on them and not let anyone come over."

"Alright then."

The conversation between the two came to an end.

However, the noise outside was getting louder and louder.

"Why do I feel that...Is this place still weird?" The man's expression was a little nervous as he looked around carefully.

"You're thinking too much." The man glanced at him." Focus on your work!"

"Alright then. Ah!"

That person suddenly screamed and jumped up. It was a huge commotion.

"What's wrong?"

The commotion here also attracted the attention of others.

"I was bitten!"

The man screamed, his face pale.

"Bitten?"

His companion looked down and gasped.

This was because there was a black centipede on the man's foot.

This centipede was not small. It was as long as a chopstick and had a dark black body. One look and one could tell that its poison was strong. This was a low-grade spirit beast, the Black Centipede. Its poison was extremely strong!

“Hurry up and find the antidote pill!”

The others immediately panicked and began to look for the antidote.

Things had just gotten chaotic here, and something had happened over there.

“Ah!”

Another scream.

This time, there was another spider.

“Ah!”

“Ah! There’s a snake!”

Screams rang out one after another, blasting everyone out.

Everyone was flustered and confused.

What was going on?

Why did the poisonous insects here suddenly go crazy?

They had clearly used some medicine that could block poisonous insects. Why was it useless?

“Are these things crazy?”

“Whether he’s crazy or not, we have to go back and find the antidote first!”

They were carrying ordinary antidotes, which were enough to deal with ordinary poisonous insects.

But who knew that these low-grade spirit beasts would also appear!

They were much stronger than ordinary poisonous insects.

If he was bitten and not treated in time, he would die very quickly!

The place was in a mess, and it was no longer as quiet as before.

While they were in chaos, Qi Xibei had already found an opportunity to slip into the small cave

2174 Chapter 2176-Underground River Crocodile

Qi Xibei took advantage of the time when the poisonous insects had attracted their attention and quickly slipped in.

This was a small cave with lush vegetation outside, so it looked ordinary and there was no problem at all.

However, no one expected that there would be the coveted Flowing Spirit Rock.

Qi Xibei's footsteps were very fast, and he quickly reached the bottom of the slope.

There was an underground river here. In the river, there were some fish swimming, faintly shining.

Although it was quite dark here, it did not affect Qi Xibei's vision.

After she arrived, she immediately released her spiritual power.

Soon, she discovered the existence of the Flowing Spirit Rock.

Underwater!

It was precisely because these Flowing Spirit Rocks were underwater that they had not been discovered for so many years.

Otherwise, they would have been dug out long ago.

Qi Xibei looked around carefully and stopped.

Because she found that there were a few crocodiles in the underground river!

These crocodiles were all second-grade spirit beasts, underground river crocodiles!

Moreover, there were several more!

The underground river crocodiles were very dangerous, especially when they hid in the water. They were the easiest to ambush.

It was also because of the crocodiles that the Flowing Spirit Rock was not discovered.

If it wasn't for the fact that someone had accidentally fallen into the water and brought out the stone while struggling and fighting, no one would have known that the ordinary-looking stone here was actually the Flowing Spirit Rock!

Even if the Flowing Spirit Rock was brought to a large country, it could still be sold at a high price!

This was also a treasure that everyone was fighting for!

Therefore, when they found out about the existence of the Flowing Spirit Rock, the Xiao family wanted to occupy this place completely.

If it wasn't for the ridiculous distribution system set by the few families decades ago, they wouldn't have to go through so much trouble. They would have been able to take these Flowing Spirit Rocks for themselves long ago.

It was also because of the existence of the Flowing Spirit Rock that the Xiao family did not fight so hard for the Space Token Stone.

Space token stones were also very expensive treasures. However, even if they had space token stones, they might not be able to refine storage devices.

However, with the Flowing Spirit Rock, even an ordinary blacksmith would be able to create a very good weapon.

Moreover, the production of Flowing Spirit Rock here was far more than the space token stone.

In summary, everyone knew how to choose.

Of course, before that, the Xiao family wanted both. He was an adult. He didn't need to make multiple choices. He wanted everything!

However, after the Space Token Stone was snatched away, they put all their energy into the Flowing Spirit Rock.

If it wasn't for the fact that he was afraid that his mining would attract the attention of the He family and the Liu family, causing them to compete with him, the Xiao family would have made a move long ago.

Qi Xibei did not know the ins and outs of this, but she knew that the Xiao family and the Li family had fought so hard for the Flowing Spirit Rock.

If these Flowing Spirit Rocks were completely mined, the two families' status would directly soar.

Only a fool would give up such a treasure.

Qi Xibei was not a fool. Of course, he would not let them go.

Qi Xibei smiled as he looked at the bright green eyes in the darkness. Then, he released his aura.

In the next second, the crocodiles moved.
They swam over quickly, as if they had seen some delicious food.

They quickly climbed to the shore with their short legs.

Then, they charged at Qi Xibei.

From the looks of it, it was as if they were charging forward.

Qi Xibei remained unmoved and stood where he was.

Soon, about ten crocodiles came to her side and started rubbing against her!

2175 Chapter 2177-Help
They were so strong that Qi Xibei almost fell.

She steadied her body and touched their rough skin with a bitter smile.” Don’t be agitated. Take your time.””

As a Nature Scholar, Qi Xibei’s aura was deeply loved by spirit plants and spirit beasts.

Even the ferocious and terrifying underground river crocodiles could not escape her charm.

Low-level spirit beasts were usually attracted by Qi Xibei’s aura and wanted to get close to her.

As for High Rank Spiritual Beasts, their resistance to her was much stronger.

However, even if it was a High Rank Spiritual Beast, it would still like her.

These crocodiles were only second-grade spirit beasts, so they naturally liked her very much.

In order to fight for the chance to be next to Qi Xibei, they squeezed past him seriously.

Looking at them, they were about to fight.

Qi Xibei comforted them one by one and touched them once before calming them down. They lay down on the ground contentedly.

Qi Xibei’s aura made them feel very comfortable and peaceful.

In just a short while, the ground was littered with crocodiles.

If anyone else had come in, they would have been scared to death.

With so many crocodiles running onto the shore, this was a deadly rhythm!

These crocodiles lived in the water and rarely came to the shore.

Even if they reached the shore, it did not mean that their combat strength was not good.

On the contrary, if they reached the shore, it meant that the situation was troublesome.

They were going all out!

Therefore, people who knew the ropes would not provoke them.

They even appeared in groups!

Therefore, this was also the reason why the Xiao family could not make a move here in private.

These aquatic crocodiles were a group. The difficulty was too high!

The underground river crocodiles that everyone was afraid of lay on the ground under Qi Xibei's touch.

He looked like a cat that had just taken a sip of catmint and was about to lose its soul.

Qi Xibei, who had caused this series of situations, did not realize it at all.

The skin of these crocodiles was indeed very rough, but in her eyes, they were very cute.

It could be said that as long as they did not hurt her, no matter how they looked, they would be very cute!

After stroking them one by one, Qi Xibei heaved a sigh of relief.

Thinking about the time, it was getting late.

"Sorry, I have something to do!"

She wanted to leave, but she was immediately blocked by the crocodile that stood up.

It opened its mouth and was about to make a sound.

Qi Xibei hugged its mouth." Don't scream!"

The crocodile was almost killed by her.

The other crocodiles also turned around and came to her side, asking her what she wanted to do.

"I want to go into the water...Hmm?"

Qi Xibei was stunned when he heard this.

That's right! Why did she have to go into the water!

Aren't there so many crocodiles here?

These crocodiles were the natives of this place!

Wouldn't he be able to take out the Flowing Spirit Rock quickly if he let them enter the water?

At the thought of this, she turned to look at them." Can I ask you for a favor?"

All the crocodiles looked at her with eager eyes.

"Can you help me find something in the water?"

What was the problem?

These crocodiles immediately expressed their willingness to help.

After figuring out what Qi Xibei wanted, they immediately nodded and returned to the water.

It was quite a shocking scene to see more than ten crocodiles enter the water at the same time.

Soon, a crocodile came out of the water.

It had a stone in its mouth.

Qi Xibei's eyes lit up when he saw the golden light.

"This is it!"

It was indeed the Flowing Spirit Rock!

2176 Chapter 2178-Giving In

At the competition venue, everyone was "splitting the loot."

Everyone from the Liu family was indescribably angry. In contrast, the Xiao family, the He family, and the Li family were happy.

Seeing the undisguised joy on their faces, the Liu family members only felt anger.

If it wasn't for the Liu family using those shameful methods, how could they have lost!

Liu Yiya was the angriest.

She had worked so hard and thought that she would definitely win this time. Who would have thought that the result would be like this!

"Brother Liu Kang, thank you for showing mercy." Xiao Yongzhong stepped forward and smiled at Liu Kang.

Seeing his proud look, Liu brothers wanted to punch him.

However, although the result was tragic, they could only admit defeat.

Especially since the Third Emperor was here. Moreover, he was on the Xiao family's side.

If they did anything, they would only offend the Third Prince.

This way, it would not be beneficial to the development of the Liu family.

Therefore, Liu Kang could only force a smile." Congratulations."

"Thank you! You guys will definitely win next time!"

Xiao Yongzhong's smile became even brighter.

The people from the He family were also happy.

Originally, they were at the bottom of the three families, but with the Liu family's defeat, they were much better now.

Following the Xiao family, they also received a lot of good things.

They were very satisfied with the distribution result this time.

It could be said that everyone present, except for the Liu family, was very satisfied.

This time, he finally got the ownership of that place again.

With the Flowing Spirit Rock, they did not have to worry about not being able to develop.

It was precisely for the Flowing Spirit Rock that they would resort to such unscrupulous means.

It was pretty good now, and the result was as they had expected.

“Your Highness.”

Xiao Yongzhong walked to the Third Prince’s side and bowed. He smiled and said, “We can go now.”

“Alright.”

The Third Prince nodded lightly, but there was also a hint of excitement in his eyes.

Even the unhappiness that Qi Xibei had caused him when he rejected him earlier had disappeared.

He had come to Sunnywood City for the Flowing Spirit Rock.

If he could take down the Flowing Spirit Rock, he would have more confidence in snatching the throne.

He could use the Flowing Spirit Rock to build an army to make himself stronger.

As for Qi Xibei, it was just a side effect.

A high-grade alchemist was very powerful, but in front of the Flowing Spirit Rock, there was no way to compare.

Seeing everyone leave, the Liu family members were dejected.

Especially the few men who had caused trouble and lost the competition this time. They all looked ashamed.

If they hadn’t been so impulsive, things wouldn’t have turned out like this.

Liu Yiya was not happy to see them so depressed, but she could only comfort them, “Alright, let’s keep working hard and try to win the next game.”

Although he said that, everyone was very dejected.

After all, this kind of competition didn’t happen every year.

Moreover, in three years, their family's development would be delayed again.

Because of this delay, it might cause more impact in the future.

After all, if the winners could get more and better resources, the losers would fall behind even more.

"Alright, cheer up!" Liu Yiya's face darkened and she shouted, "What are you crying for? We're not dead!" Isn't there still a chance!"

2177 Chapter 2179-Embarrassing

While Liu Yiya was reprimanding the crowd, Xiao Yongzhong had led the Xiao family, the Third Prince, and his entourage out.

Even the Third Prince could not remain calm in front of the Flowing Spirit Rock.

Soon, they arrived at the Flowing Spirit Rock.

However, looking at the chaos here, Xiao Yongzhong's face darkened.

When he came over just now, he thought that everything would go smoothly here and even boasted to the Third Prince.

But who would have thought that they would see such chaos the moment they arrived?

"Where's my antidote? F * ck! I was bitten again!"

"Where did these damn bugs come from? Why did it feel like they were going crazy?"

"Don't talk so much nonsense. Hurry up and get rid of them!"

Xiao Yongzhong's expression turned ugly when he heard the commotion.

He quickly stepped forward and shouted angrily, "What are you doing?!"

When he saw their faces clearly, he couldn't help but gasp.

This was because everyone, who had originally looked normal, had actually suffered varying degrees of injuries!

Especially a few people whose faces were dark. It was obvious that they had been poisoned.

This made Xiao Yongzhong very puzzled.

Shouldn't he be guarding here? How did it become like this?

When they saw Xiao Yongzhong, these people were stunned for a moment. Then, their expressions became awkward, but most of them heaved a sigh of relief.

“Master, we don’t know what happened either. A bunch of poisonous insects suddenly appeared here! They attacked us like crazy.”

Poisonous insects?

Xiao Yongzhong looked down and saw that there were indeed many bug corpses on the ground.

Moreover, many of them were natural enemies. Usually, they would not appear together.

Xiao Yongzhong’s expression immediately changed when he thought of this.” When you were here, did anyone go in?”

“No!”

Everyone immediately shook their heads.

“We’ve been guarding here, but we haven’t seen anyone come in or out.”

These words made Xiao Yongzhong and the others heave a sigh of relief.

“Alright, let’s deal with some important matters first.” Old Master Xiao’s words came from the side.

Xiao Yongzhong looked up and met his father’s gaze.

The old man gave a meaningful glance and pointed at the Third Prince.

Xiao Yongzhong’s heart skipped a beat, and he immediately reacted.

“Yes, it’s important!”

He didn’t pay any more attention to these embarrassing subordinates. He immediately went forward and led the Third Prince and the others inside.

“Your Highness, please come this way. The things are inside.”

The Third Prince nodded arrogantly, snorted through his nose, and followed them.

He didn’t care about the injuries of those people.

Xiao Yongzhong led the way while the others followed behind.

Soon, they were inside.

This cave looked very simple and unremarkable.

However, when they thought of the Flowing Spirit Rock inside, everyone felt their hearts heat up.

Soon, they arrived at the Dark River.

Xiao Yongzhong ordered his men to light a torch and even took out their weapons.

After all, there were many underground river crocodiles here. He had to deal with these crocodiles before he could mine the Flowing Spirit Rock.

The torches lit up and everyone gasped.

In front of them, there were indeed more than ten huge crocodiles!

However, the temptation brought by the Flowing Spirit Rock overwhelmed his fear of the crocodile.

But in the next second, they were all stunned.

Translator: 549690339

Originally, they had planned to attack these crocodiles. After all, they were blocking the way here. They could not go down at all, let alone bring the Flowing Spirit Rock up.

However, just as they were ready for a fierce battle, they saw the crocodiles swim to the side.

Looking at their leisurely appearance, they did not seem to want to start a war with them at all.

This shocked them.

Were these animals so humane?

“It must be because they knew that Your Highness was coming, so they were afraid and left.”

Lee Zhiyan immediately said.

These words made the Third Prince reveal a brilliant smile.

That’s right, they must have known that he was here, so they moved aside.

Otherwise, even if some beasts had some intelligence, they would not have moved away so easily.

When others invaded their territory, they would definitely resist.

Lee Zhiyan's words reminded the others.

"That must be the case!" Everyone complimented. These beasts were all attracted by Your Highness's glory and majesty, so they took the initiative to leave."

"That's right! When we came here previously, we injured a few brothers! But this time, they left on their own accord!"

"Your Highness is indeed powerful!"

"Who can compete with Your Highness? You're the one!"

Hearing everyone's flattery, the Third Prince's smile became even brighter.

However, he was able to hold his ground.

After a while, he raised his hand and said reservedly, "These are not the main points. Let's fish up the Flowing Spirit Rock first."

He could listen to flattery at any time.

However, he wanted to see the Flowing Spirit Rock immediately.

If there were more Flowing Spirit Rocks, then he would definitely win!

"Alright!"

The others nodded and put on their diving equipment.

Soon, there were more than ten fully armed men here.

"Alright, you may leave!"

Xiao Yongzhong said to them.

"Yes, sir!"

Everyone nodded and walked towards the river.

They had good eyesight. Although it was quite dark here, it did not affect their vision.

During the process, they still watched these crocodiles very carefully, afraid that they would suddenly explode.

If that was the case, it would be troublesome.

However, what made them feel relieved was that these crocodiles actually did not come over!

Perhaps they knew that there were too many people here, so they did not dare to approach and only wandered in the distance.

This made them heave a sigh of relief.

They were unwilling to make a move if there was no blood.

After all, compared to these animals, his own life was more important.

The fact that the crocodiles did not attack them was already the best news.

The few of them looked at each other and dived into the water.

On the shore, some people were staring at the water, while others were staring at the crocodiles, preparing to face their attacks.

However, the crocodiles ignored them and swam leisurely in the water. They opened their mouths and yawned from time to time, but there was no big movement.

This made everyone heave a sigh of relief.

It would be best if there was no conflict.

Soon, there was movement on the surface of the water.

A person emerged from below with a small golden stone in his hand.

“Found it!”

As soon as he said this, everyone was shocked.

He found it!

He found the Flowing Spirit Rock!

The Third Prince’s body trembled. He clenched his fists and was very happy.

He had finally found it!

There really was a Flowing Spirit Rock!

His dominance had taken another step forward!

“That’s great!”

The Third Prince was still a little reserved, but Xiao Yongzhong laughed out loud.”

There must be more below!

However, what happened next left them a little dumbfounded.

Chapter 2179: Chapter 2181-Nothing

Translator: 549690339

Other than the first person who found a Flowing Spirit Rock, no one else had any other gains for a period of time.

Occasionally, someone would pop up. Everyone was excited when they saw him return to the water.

He just came out to get some fresh air.

Because they were all martial artists, they could hold their breath underwater for a long time.

However, he still had to come out and take a breather.

This made the expressions of the people on the shore a little strange.

Just as he was filled with anticipation and joy, it was immediately shattered. This kind of disparity was really depressing.

However, it did not matter. This place was so big, so there would definitely be a lot of Flowing Spirit Rocks.

Everyone waited patiently.

The Third Prince’s attendant carried a storage ring. There were all kinds of fifth-grade items in the storage ring, which were all used by the Third Prince on a daily basis.

The attendants laid out all sorts of things to serve the Third Prince.

However, the Third Prince sat on the chair and did not care about anything else.

All his attention was on the water.

He looked forward to seeing the next Flowing Spirit Rock.

However, as time passed, the atmosphere became more and more strange. From time to time, people would pop up, but before everyone had any hope, they would go down again.

One by one, they rose up and went underground...Everyone fell silent.

An awkward atmosphere filled the air.

It couldn't be that he couldn't find a second Flowing Spirit Rock after searching for so long, right?

The Third Prince's gaze turned even colder, and there was no warmth in it.

His arm on the armrest tightened, and his veins popped out.

As time passed, the atmosphere became even more tense.

It was not until another person appeared and was about to go down that he could not help but speak.

"Come up."

Xiao Yongzhong's heart trembled and he immediately called that person up."

His Highness wants you to come and answer!"

The man was stunned for a moment and quickly got out of the water.

"Your Highness."

Looking at the person standing in front of him, the Third Prince's eyes were cold." There's no Flowing Spirit Rock down there?" Her words made the man's face turn pale." We're still trying to find her!" He was still looking, but he didn't seem to have found it.

It had already been an hour, but he still could not find the second Flowing

Spirit Rock. This made him unable to help but suspect the situation below.

The Third Prince said to a slightly plump man beside him,""Go down and take a look."

The man immediately nodded." Yes, Your Highness!"

Xiao Yongzhong and the others had ugly expressions.

Did the Third Prince not trust them when he sent his men down, or did he just want to see if there was really a Flowing Spirit Rock down there? Or was he suspecting that they had pocketed the money?

No matter what, this was not a good thing for them.

However, they did not dare to say anything.

The man quickly made his preparations and went down.

After a long time, he came up with a rather interesting expression. "Your Highness, we can't find the Flowing Spirit Rock down there."

As soon as he said this, everyone was shocked.

Even though they had a hunch before, when the truth was revealed, everyone was shocked.

There was actually no Flowing Spirit Rock left?

There was clearly a piece!

The production of Flowing Spirit Rock was usually not small. There would be two pieces if there was one.

Looking at the situation here, there must be at least a hundred catties of Flowing Spirit Rock.

A hundred jin of Flowing Spirit Rock was enough to arm a team.

But now, what about the Flowing Spirit Rock?

The Third Prince's expression was extremely ugly." So, there's only one Flowing Spirit Rock here?"

The Flowing Spirit Rock was only the size of a baby's fist.

The value was not low, but what use was it to him?!

Chapter 2180: Chapter 2181-Huge Gap

Translator: 549690339

After that, everyone spent half a day searching the entire place. They were only three feet away from digging the ground.

However, the result was very awkward.

Other than the Flowing Spirit Rock that he had found at the beginning, he couldn't find a second one.

The atmosphere at the scene was very stiff, as if it would explode in the next second.

The Third Prince's expression was very interesting.

The others had similar expressions.

Especially the Xiao father and son, their expressions were even more interesting.

They had spent so much time and prepared so much, and in the end, there was only one Flowing Spirit Rock?

If it was before, they would be very happy even if they found one.

However, the problem was that they originally thought that there were a lot of Flowing Spirit Rocks here and had very high expectations.

However, the final result was a slap to their faces.

This difference made them go crazy.

In the end, the Third Prince flung his sleeves and walked away with a dark face.

Everyone fell silent as they watched him leave.

This... Things were getting serious.

The reason why the Third Prince came here was because he heard that there were many Flowing Spirit Rocks here.

He had already made a plan in his heart and was waiting to implement it later.

But who knew that it would end up like this?

It was like a person who was planning how to spend the 10 million yuan prize, only to realize that the so-called 10 million yuan prize was fake. This feeling of falling from the sky almost made people collapse!

Li Zhiyan's expression was also very ugly.

The Third Prince had only come because of him, but the final result was infuriating.

Moreover, Qi Xibei had rejected the Third Prince today.

The two things added up was simply a deadly rhythm!

At the thought of this, Li Zhiyan's expression turned even uglier.

"What should we do?" Xiao Yongzhong frowned and asked with a solemn expression.

That was the Third Prince!

He had wanted to hug someone's thigh, but who would have thought that it would end up like this?

Wouldn't this thigh kick them to death?

"How would I know?" Li Zhiyan's tone wasn't very good either.

He gritted his teeth." Didn't you say that there are a lot of Flowing Spirit Rocks here?"

"It is a lot!" Xiao Yongzhong cried out," We came here to check before. There are many Flowing Spirit Rocks below! "

However, who would have thought that the Flowing Spirit Rock would actually disappear this time!

"What about the Flowing Spirit Rock?" Li Zhiyan asked with his eyes wide open.

"How would I know!"

Xiao Yongzhong was also very helpless." Could it be that those animals ate it?"

Li Zhiyan's mouth twitched and he looked at him as if he was looking at a fool." What do you think?"

These underground river crocodiles would not eat the Flowing Spirit Rock at all.

It should be said that no spirit beast would eat minerals. They only ate spirit plants.

"There were clearly a lot of them before!" Xiao Yongzhong was also on the verge of breaking down." Then what do we do now? His Highness must be angry!"

Who wouldn't be angry?

"We have to think of a way to appease His Highness." Li Zhiyan's eyes were fierce. "Otherwise, we'll be the unlucky ones."

"Then how do we appease them?"

"Of course I'm looking for that woman!" Lee Zhiyan said firmly.

That woman?

Xiao Yongzhong was stunned for a moment before he reacted.

He was talking about Qi Xibei!

However, he immediately agreed. "Yes, we'll look for her!"

Qi Xibei was the best present.

If Qi Xibei was sent to the Third Prince, he would definitely be happier and would not blame them too much.

"But how?"

Sending Qi Xibei over was not an easy task.

"I have my ways."

Li Zhiyan took out a bottle with a sinister smile on his lips..

Chapter 2181: Chapter 2183-Uninvited Guest

Qi Xibei did not know that they were after her. All her attention was on the Flowing Spirit Rock.

With the help of the underground river crocodile, they quickly brought the Flowing Spirit Rock up.

However, she still left a piece for them in case they missed it.

Although it was only a piece of Flowing Spirit Rock, it was still very precious!

However, he did not know if they were satisfied with the gifts he had left behind.

After returning to his courtyard, Qi Xibei closed the door and began to count the Flowing Spirit Rocks.

Fortunately, she had secretly found an opportunity to use the space token stone to refine a storage device.

Although the capacity wasn't large, it was enough to hold these Flowing Spirit Rocks.

It was also because of the storage device that she could easily bring the Flowing Spirit Rock back without attracting the attention of those people.

She placed the Flowing Spirit Rocks on the table and smiled brightly.

These were all treasures!

The Flowing Spirit Rock weighed about 50 jin.

It didn't sound like much, but these Flowing Spirit Rocks were enough to arm a team!

Of course, Qi Xibei was not that ambitious, but this was also one of her reasons for being confident.

However, this Flowing Spirit Rock could not be taken out here. If the Xiao family and the Third Prince knew about it, it would definitely cause a ruckus.

After admiring the Flowing Spirit Rocks, Qi Xibei put them away.

Outside, Liu Yiya and the two sisters came over.

They came to find Qi Xibei.

Today's competition made the entire Liu family very dejected. The entire Liu family seemed to be shrouded in a layer of low pressure.

This low pressure could not be dispelled in a short period of time.

Liu Yiya didn't want to be with those negative energies, so she came to Qi Xibei.

"Master."

The three of them shouted in unison.

"He's here." Qi Xibei nodded. "How is it? Are you feeling better?" Liu Yiya shook her head. "It will take some time to accept this reality." To be honest, she should be the angriest one.

She had gotten such a high score, but in the end, she was dragged down.

However, the others could not compare to her endurance at all.

At this time, she could not blame them. She could only let things pass slowly.

“What did your father say?”

“Not really.” Liu Yiya shook her head. “They are discussing something. They should be discussing what to do next.”

The result of this competition gave them a headache.

The Xiao family and the He family had both received the best resources, and the Liu family would fall behind again.

If it wasn't for the fact that the Liu Family had two more Level Five Martial Marquises, they would have been even more miserable.

“It's okay. Take it slow.” Qi Xibei said nonchalantly, “It'll get better.”

However, Liu Yiya smiled at his words.

“I'll listen to you, Master!”

Since Master said it would be fine, it would definitely be fine.

After chatting for a while, they went back to cultivate.

Although they had lost the match, it did not mean that the matter was settled.

They had to continue working hard.

By the time they left, it was already time to rest.

Looking at the moonlight outside, Qi Xibei closed the door and prepared to rest.

She had gained so much today, and her mood had fluctuated so much. She should rest for a while.

However, in the middle of the night, Qi Xibei's ears twitched. He suddenly opened his eyes, and his gaze was sharp.

She got up from the bed silently and saw a hole in the window. Then, she stuck an incense stick in.

Qi Xibei calmed down a little and immediately blocked out all his senses.

The effect of this fragrance was too overbearing!

Chapter 2182: Chapter 2184-Sending It Over

Qi Xibei's expression was grave.

If it wasn't for the fact that she was extremely vigilant and that there were spirit beasts outside who had tipped her off, she might have already fallen into the trap.

This kind of intoxicating fragrance was not an ordinary thing. Whether it was touched by the skin or inhaled, it would immediately faint.

Moreover, this smell would affect martial artists above Level Five!

Therefore, if she hadn't reacted quickly, she might have already fainted.

Once he lost consciousness, he would be at his mercy.

Qi Xibei's eyes were cold.

Other than the Xiao family, there should be no one else who would come at this time.

It shouldn't be the Third Prince who sent them here.

It wasn't that she trusted the Third Prince, but with the Third Prince's character, there was no need for him to make a move. Someone would naturally make a move.

Qi Xibei carefully extended his mental power and found two people outside.

The two of them waited outside for a while and felt that it should have taken effect. Then, they said angrily, "Is that enough?"

"There's no movement. It should be enough."

The two of them waited for a while more to make sure that the smell inside had dissipated before entering.

After entering, he saw a beauty lying on the bed.

Their smiles immediately brightened.

He had indeed succeeded!

This kind of incense was rare and very precious.

However, the effect was immediate.

“Take her away.”

Seeing that Qi Xibei had been drugged, their voices grew louder.

“Alright.”

One of them stepped forward and picked Qi Xibei up before quickly leaving.

Qi Xibei closed his eyes and used his mental power to pay attention to the situation outside. He only stopped when he knew that they had brought him over roofs and walls for a while. Soon, she heard other voices.

“You brought him?”

It was Xiao Yujie’s voice, and he sounded a little expectant.

The voice approached quickly.

Xiao Yujie lowered his head in front of Qi Xibei, his breath landing on Qi Xibei’s face.”
Not bad, very good!”

Qi Xibei almost couldn’t help but hit her when he felt the hot and sticky breath on his face.

However, she still did not move.

“Alright, send her over.” Xiao Yongzhong went forward to check and confirmed that Qi Xibei did not bring anything that he should not have before he spoke.

“Yes, sir!”

“What a pity.” Xiao Yujie sighed with regret.

Such a beautiful woman actually wanted to become someone else’s woman!

However, that person was the Third Prince. That was not something he could think of.

“Alright, stop talking!”

“Take it easy, don’t cause any more trouble!” Xiao Yongzhong said coldly.”

“I know!” “I didn’t do anything wrong!” Xiao Yujie said unhappily.”

“It’s best if you don’t cause trouble!” Xiao Yongzhong said coldly.

This was not an ordinary person. He was closely related to the Third Prince.

If Xiao Yujie did anything, even he wouldn't be able to save him!

Soon, Qi Xibei was sent out.

This time, there were four people escorting her, probably afraid that she would wake up.

Although she was already unconscious and they were not afraid of anything happening, they were still very cautious.

Qi Xibei had been paying attention to the situation outside. He knew that they had brought him to a courtyard.

That was the courtyard where the Third Prince was staying, and there were many people guarding it.

Moreover, there were many Level 5 experts there.

If he entered, he really wouldn't be able to come out.

Therefore, she made a prompt decision and immediately exploded.

"Little... "

Before they could finish their words, they stopped abruptly.

Several silver needles were inserted into their chests.

These silver needles made them unable to move, only their eyes could move.

They were shocked. Qi Xibei was awake?!

Moreover, where did she get the silver needles?

Chapter 2183: Chapter 2185-Giving a Beauty

Translator: 549690339

The Third Prince was in a bad mood.

If he hadn't restrained himself with his last bit of rationality, he might have already destroyed this place.

This was the biggest joke he had ever encountered!

He had originally come over with high hopes, but who would have thought that he would only get a Flowing Spirit Rock in the end.

That Flowing Spirit Rock seemed to be laughing at him for being a fool!

If not for the people around him trying to persuade him, he might have lost his temper already.

No matter what, he was still a prince. There was absolutely no reason for him to be played like this!

However, at night, Xiao Yongzhong came over and said that he had prepared a gift for him.

This time, he didn't have much hope. However, he couldn't just leave now.

Let's take a look at their so-called gifts.

If the gift was not good, he would not let them off.

How could a prince be fooled like this!

In the evening, someone came to report that they had sent a gift.

Looking at that person's reaction, his eyes were still a little ambiguous.

The Third Prince immediately understood.

The one who sent him was a beauty!

Moreover, for them to send someone to appease their anger at this time, it should not be an ordinary beauty.

Besides, the Xiao family and the Li family would know what he was thinking.

Therefore, Qi Xibei should have been the one who sent him here.

Yes, it must be her!

Thinking of this, the Third Prince's heart could not help but pound.

Qi Xibei's face had always been engraved in his heart.

She was a peerless beauty!

How could he miss such a beauty?

If not for the Flowing Spirit Rock, he would not have neglected Qi Xibei's existence.

But now, the Flowing Spirit Rock was gone, and Qi Xibei had made up for it...

They were quite good at doing things.

"Bring me there."

The Third Prince immediately stood up, a little restless.

As for how the beauty would react after he ate her, that was something he had to deal with later.

Although this beauty was a high-grade alchemist, and her identity was a little troublesome, it was not completely impossible to deal with.

After she became his, he would have to endure it no matter how angry he was.

Moreover, he believed that he was a prince, and his status and all aspects were outstanding. As long as Qi Xibei was not stupid, he would know what to choose. Thinking of this, the Third Prince's smile became even more confident.

Under the guidance of the servant, he went to another room.

This time, the Xiao family had prepared a very large courtyard for him. After all, he was a prince, so he had to be treated with the highest standards.

Along the way, he was filled with joy.

At the door of the room, the servant said, "Your Highness, the gift is already inside. It's just waiting for you to open it." The Third Prince's smile became even brighter.

"Good! Very good!"

In front of the beauty, all the depression that he felt today was not swept away, but it was also swept away by a lot.

He nodded in satisfaction and strode in.

The others wanted to follow him in, but he glared at them.

"Just wait outside."

He frowned. Why was she so tactless?

Was there a need for them at this time?

A few of his subordinates stopped awkwardly and stood guard outside the door.

The Third Prince was happy inside, so it was enough for them to guard outside.

The Third Prince let the others stand guard outside while he quickly walked in.

He had seen beautiful women before, but Qi Xibei was too seductive.

Looking at the big bump on the bed, his smile became even more rippling.

Beauty, here I come!

He lifted the blanket and turned the beauty around.

In the next second, his eyes widened in shock..

When the person on the bed turned around, the Third Prince smelled a strange fragrance.

This fragrance made him feel a little dazed.

When he saw the person clearly, he was stunned.

This wasn't the Qi Xibei he had imagined, but a face he had never imagined.

It was Xiao Yujie from the Xiao family!

Xiao Yujie had a strange smile on his face, which was a little scary.

He turned around and pounced at the Third Prince like a wild beast that had just been released from its cage.

The Third Prince screamed.

However, what shocked him was that he could only open his mouth but could not make a sound.

It was because of the fragrance just now!

The Third Prince immediately understood.

Xiao Yujie's eyes were strange and he looked absent-minded. He had obviously lost his mind. He pounced over as if the Third Prince was the most attractive thing.

The Third Prince was caught off guard.

The two of them collided and fell to the ground.

Xiao Yujie didn't feel any pain. He continued to touch the Third Prince's body.

His actions made the Third Prince feel extremely disgusted. Goosebumps appeared on his skin, and he almost vomited.

The next second, the Third Prince pushed Xiao Yujie away.

Xiao Yujie didn't feel anything and continued to pounce.

The Third Prince was furious. He was embarrassed and angry. He waved his hand and wanted to attack, but he realized that he had lost half of his strength!

His eyebrows twitched, and his face turned green.

The smell just now actually made him unable to make a sound, and his strength was also affected!

The Third Prince was also a Fifth Grade Martial Marquis, which was already very powerful in this place.

If it wasn't for this strange smell, he would have thrown Xiao Yujie away with just a lift of his hand.

Xiao Yujie didn't know what he was facing. He just followed his own thoughts and rushed towards the Third Prince.

The Third Prince's face was so dark that ink was about to drip out.

Originally, he only wanted to use his Yuan Qi to shake Xiao Yujie off, so he didn't have to touch him personally.

But now, he could only make a move.

With a bang, Xiao Yujie was sent flying. He hit the wall and spat out a mouthful of blood.

After spitting out this mouthful of blood, his originally confused expression finally returned to normal.

He shook his head and looked up. He was a little dumbfounded.

When he understood the situation in front of him, he was instantly stunned.

Why was the Third Prince in front of him?

Moreover, the Third Prince's expression was too terrifying!

Xiao Yujie saw the constipated expression on the Third Prince's face and felt a chill in his heart.

What exactly happened?

The Third Prince's expression was very interesting.

Although he didn't suffer any substantial harm, what Xiao Yujie did to him just now gave him goosebumps and made his stomach churn.

Thinking of this, he glared at Xiao Yujie coldly and then walked out quickly.

The people guarding outside were still watching. They did not expect that after a while, the Third Prince would come out. And from his expression, he was not happy at all!

What exactly...What happened?

The Third Prince opened his mouth and found that he could speak. He frowned and said, "Arrest the person inside!" Also, find Xiao Yongzhong!" His tone was filled with anger and coldness, giving everyone a fright.

Did the beauty inside make him so angry?

"Yes, sir!"

In the room, Xiao Yujie got up from the ground. He was in a daze and his face was pale.

What exactly happened?

Why was he here?

His heart was beating wildly, and he felt that things were beyond their control..

Translator: 549690339

When Xiao Yongzhong was called over, he was a little confused.

It had only been an hour, why was the Third Prince looking for him? Shouldn't he be enjoying himself with a beauty at this time?

Could it be the Third Prince...

He quickly shook his head and threw away this terrifying guess.

What are you thinking? How could the Third Prince be so useless!

After arriving at the Third Prince's residence, Xiao Yongzhong saw the tied up Xiao Yujie and immediately became anxious.

"Jie! This..."

He looked at the Third Prince in panic. "Your Highness, you..."

"This is the gift you were talking about?!"

The Third Prince sat on the chair and slammed the table. The teacup on the table bounced up and then fell down with a shocking sound.

Xiao Yongzhong's neck shrank back, and he was stunned.

"Your Highness, what exactly happened?" Xiao Yongzhong lowered his voice and said, "If there's anything, you can tell me."

"Tell me?"

The Third Prince sneered and glared at Xiao Yujie coldly, "You tell me." Xiao Yujie was shaking like a leaf and was covered in cold sweat. "Dad, help!"

"What exactly happened?!"

Xiao Yongzhong was also anxious.

He was suddenly called over in the middle of the night and his son was arrested. This gave him an ominous feeling.

"I don't know either!" Xiao Yujie complained, "I was clearly in my room, but when I woke up, I was already here!"

What was even more terrifying was that it was in front of the Third Prince!

Recalling the situation just now, Xiao Yujie trembled all over.

Looking at Xiao Yujie's appearance, Xiao Yongzhong's heart skipped a beat.

Right, where was Qi Xibei?

Moreover, the Third Prince even said 'gift'?!

Thinking of this, his eyes widened.

"Your Highness!"

"Shut up!" The Third Prince was burning with rage.

Xiao Yujie had almost taken advantage of him today. If this matter were to spread, it would definitely become a joke for decades to come!

Even he knew that this matter was definitely not done by the Xiao family themselves.

However, it happened.

And he was disgusted!

"Your Highness, this is all a misunderstanding!"

Xiao Yongzhong immediately knelt down, his legs turning to jelly.

"This is definitely the doing of that damned b * tch!"

Xiao Yongzhong was sweating profusely and was on the verge of tears.

He really didn't know that things would turn out like this.

Li Zhiyan also rushed over. Looking at the chaos at the scene, he was silent for a while.

When he found out what had happened, his expression changed.

He naturally knew that he had kidnapped Qi Xibei and given him to the Third Prince. Moreover, he was the one who had provided the medicine.

He had gotten that medicine from an alchemist.

The effect was great.

Even a high-grade alchemist would be knocked out too.

Therefore, he felt that there was absolutely no problem with this matter.

However, who would have thought that Qi Xibei would actually have the ability to avoid their schemes!

What was even more terrifying was that she even fought back!

This method of retaliation was too disgusting!

“Your Highness, please calm down.” Li Zhiyan quickly spoke up for them.” This is all Qi Xibei’s doing!”

The Third Prince threw the teacup out and smashed it into their faces. His expression was fierce.

‘ How can BenGong not know?!”

Of course, he knew that this had something to do with Qi Xibei.

However, he was still disgusted by Xiao Yujie!

Thinking of how Xiao Yujie hugged him, even if he didn’t do anything, he still felt goosebumps all over his body.

“Your Highness, don’t worry. We will definitely give you an explanation!”Li Zhiyan quickly spoke up for his in-laws..

“You said before that you would resolve this matter properly. What about now?!”

The Third Prince almost exploded.

The series of events that had happened today had infuriated the Third Prince.

One thing after another, nothing went his way. It only made him feel stifled.

It was already a very high level of self-restraint that he could endure until now before erupting.

“Your Highness, don’t worry. We definitely won’t let her off this time!”Li Zhiyan said quickly.

At the same time, he frowned.

He did not expect Qi Xibei to be so slippery.

He had thought that he could take her down, but who would have thought that she would still escape! Moreover, he had even ruthlessly tricked them!

Even if no substantial harm had happened, this matter was still disgusting, especially for someone of the Third Prince's status.

"What do you plan to do?" The Third Prince's face was full of gloom. "It's already like this. Didn't she notice the problem?"

Under such circumstances, Qi Xibei had already noticed that something was wrong. How could he be controlled by them?

"Don't worry, Your Highness. She's not easy to deal with, but she still has a few disciples!" Li Zhiyan's lips curled into a vicious smile, and his eyes were fierce.

Originally, they did not intend to implicate the innocent.

After all, as long as they could take down Qi Xibei, there would be no problem. There was no need to involve her disciple.

But now, they realized that Qi Xibei was too slippery and difficult to deal with. They could only start with the others.

"Disciple?" The Third Prince was stunned.

"Yes!" Xiao Yongzhong saw that the Third Prince was a little moved and immediately nodded. "She has a few disciples! Moreover, those few disciples had just been accepted!"

He had just taken in a disciple and had just started cultivating. He did not have much strength.

Without strength, they were naturally at his mercy.

While they were discussing fervently, they did not know that Qi Xibei was watching from the side.

Hearing their plan, Qi Xibei lowered his head and sneered in his heart.

He was indeed ruthless!

These people were indeed more vicious than the last!

Since it was useless to do anything to her, he decided to do something to the others.

In fact, the reason why she brought Xiao Yujie here today was not to do anything.

After all, the Third Prince was a Fifth Grade Martial Marquis. It was not easy to deal with him.

She mainly wanted to know their specific plans from them.

As expected, she really found out the problem.

These people's hearts were all dirtier than the last!

This Third Prince was jackals of the same feather as them.

Hearing their heated discussion, Qi Xibei's lips curled into a cold smile.

After discussing this matter, the Third Prince's anger lessened a little.

However, looking at Xiao Yujie's disheveled clothes, he couldn't help it.

With a wave of his hand, an aura rushed over.

Xiao Yujie screamed and fell to the ground, spitting out a mouthful of blood.

Xiao Yongzhong panicked and immediately rushed over.

However, when he found out that Xiao Yujie was only injured and not fatal, he finally heaved a sigh of relief.

Although he was injured, he could still keep his life.

This result was already very good.

Even if Xiao Yujie was tricked, he still disgusted the Third Prince.

"Thank you for your mercy, Your Highness!"

Xiao Yongzhong still had to turn around and thank him.

"Don't let this happen again!" "I don't want to see such a thing happen again!" The Third Prince said coldly."

He looked at them and said coldly,""I only want the final result. Otherwise, your two families... Humph!"

He didn't say it clearly, but it made them shiver. If they made another mistake, they would be finished!

Chapter 2187: Chapter 2189 -Disciple

Translator: 549690339

At the same time, Xiao Yongzhong hated Qi Xibei even more.

Although it was the Third Prince who injured Xiao Yujie, he didn't dare to hate the Third Prince. After all, he couldn't blame him.

Therefore, he hated Qi Xibei for causing all of this!

If she hadn't done such a thing, things wouldn't have turned out like this!

Therefore, Xiao Yujie wanted to kill Qi Xibei immediately.

Xiao Yongzhong supported Xiao Yujie and left, and Li Zhiyan also left.

Seeing them leave, the Third Prince took a few deep breaths and left.

Qi Xibei followed beside the Third Prince with a calm expression. Like the other attendants, he did not seem to have any problems.

"Prepare the bathwater!" The Third Prince frowned and said to the people beside him.

"Yes, sir!"

The Third Prince walked into the bathroom with a trace of disgust.

He liked women, but he was pushed down by a man. This was a great humiliation to him!

After the bathwater was served, he sat in the bathtub and the maidservant scrubbed his back.

The service of those palace maids made the Third Prince feel much more comfortable.

A fragrant and soft girl was still better.

Qi Xibei stood at the side with his head slightly lowered, but all his attention was on the Third Prince.

When the Third Prince finished his bath and came out of the bathtub, her head lowered even more.

After the Third Prince went back to rest, she said to the others, "I'm going to the outhouse."

"Go, go. Hurry up."

The attendant waved his hand and didn't mind.

Qi Xibei ran away.

Then, she found the person she had knocked out earlier, fed him medicine, and hypnotized him again before leaving.

The man shook his head in a daze and returned to his original position.

The others glanced at him and didn't find anything wrong.

Qi Xibei did not return to the courtyard immediately. Instead, he went to the forest.

By the time the sky brightened, she had already returned to the courtyard.

At this moment, there were several plants in her hand.

These were the spirit herbs she had found in the forest.

Although it was only a low-level spirit plant, it was very helpful to her.

A few disciples came over, but they were given a cold shoulder.

Qi Xibei left them a message, telling them to cultivate on their own.

The three of them looked at each other and could only move on their own.

Qi Xibei locked himself in his room and began to fiddle with the things he had prepared.

At night, Yueya and Yueyuan were a little worried. Would something happen to their master?

Just as they were worried, Qi Xibei came out and told them to stay here and not leave. Even if someone came, they had to be careful.

These words made them panic. It sounded... It seemed a little scary! However, their Master's calm expression made them relax.

It should be fine!

No matter what, there shouldn't be a problem if they didn't go anywhere!

After dealing with his disciples, Qi Xibei went to look for Liu Kang and Liu Jiang.

The two of them looked a little sad.

Because they lost the game, the situation at home was not good.

Although it was only the second day, the impact of losing the game had already begun to ferment.

And for some reason, the Xiao family was actually chasing after them today!

This was too much!

While they were having a headache, Qi Xibei came over and asked them to send someone to protect his three disciples.

Although one of them was a child of the Liu family, he could not afford to lose.

This request made them a little confused, but they immediately agreed.

After settling this matter, Qi Xibei left the Liu family..

Translator: 549690339

No one knew that after Qi Xibei left the Liu family, he had rushed to the Third Prince's residence.

When she met a crowd on the way, she would hide in a tree and hide her figure so that no one would notice her existence.

He dodged and quickly avoided the guards and arrived beside the Third Prince.

There were a few beautiful young women beside the Third Prince. They accompanied him seductively and fed him all kinds of food.

Charming laughter, laughter that whispered in her ear.

Although he did not manage to take down Qi Xibei, he had a beauty by his side.

At the very least, his wounded heart received some care.

Qi Xibei's lips curled up into a smile as he looked at the Third Prince who was being embraced by both sides.

"Who is it?"

Sensing a different aura, the Third Prince's expression turned cold. He immediately pushed the woman beside him away and stood up.

However, when he stood up, he didn't notice anything wrong, as if it was just an illusion.

He sat down with a frown and shook his head with a smile. He was a little speechless at his own sensitivity.

Although this was not his territory, he was surrounded by his own people. No one else could enter.

Moreover, no one would come here to attack him. After all, he was a prince.

After thinking it through, he continued to enjoy the service of the beauties.

Qi Xibei's smile deepened when he saw how confident the Third Prince was.

However, she did not make a move. Instead, she continued to stand guard at the side and quietly observed his movements and expressions.

After half a day, the Third Prince finally lost his excitement and stood up from the beauty's embrace.

"Alright, you guys can leave first."

After all, the Third Prince was a prince, and a prince with ambition.

His self-control was very strong. He usually had self-control. When it was time to cultivate, he would not act rashly.

The beauties knew his attitude. Although they were unwilling, they could only leave.

After the girls left, the Third Prince began to cultivate.

However, after he sat down, he frowned.

He felt that this place was a little strange.

It was as if there was a different aura surrounding him.

He sat down and closed his eyes, preparing to cultivate.

However, in the next second, he stood up abruptly. His eyes were sharp as he began to search everywhere.

However, he still didn't notice anything wrong.

Was he being paranoid?

The Third Prince shook his head speechlessly, but he still let the guards outside come in to check.

The guards were a little confused, but they still did their job.

After confirming that there was no problem here, he heaved a sigh of relief.

Perhaps it was because he had encountered too many things in the past few days that it had become like this.

However, there was no problem now.

Qi Xibei remained motionless as he observed the Third Prince's movements.

The Third Prince felt uneasy, and he could not cultivate in peace.

Therefore, he only cultivated for a while before he stopped.

Next was to eat.

After the meal, the Third Prince met with his trusted aide and talked about some other things.

Although he was in Sunnywood City, which was quite a distance away from Xuan City, he couldn't let his guard down.

After all, he wanted to be the emperor.

Just like that, a day passed.

When the Third Prince lay on the bed, he suddenly sniffled and widened his eyes.

However, before he could get up, he felt his body go soft and the power in his body freeze.

His heart trembled. Just as he was about to take out the antidote pill, he felt his vision go black. His neck hurt, and he fainted.

Before he fainted, he vaguely saw a very beautiful face..

Translator: 549690339

After knocking the Third Prince out, Qi Xibei fed him another pill. After making sure that he would not wake up anytime soon, he sat on the edge of the bed.

Her fingers moved back and forth on the Third Prince's face for a while. Then, she took out something from her storage ring and carved it for a while.

After a long time, she finally stopped.

There was something in her hand.

This was a face that was the same as the Third Prince.

Qi Xibei already had a plan.

The current trouble was brought by the Xiao family and the Third Prince. If he wanted to solve it, it might be very complicated. After all, the Xiao family was not to be trifled with.

However, if he didn't solve it, wouldn't he have a headache?

Therefore, she quickly came up with a new solution.

She wanted to disguise herself as the Third Prince!

As long as he disguised himself as the Third Prince, these matters could be resolved in another way.

That was why she spent time observing the Third Prince.

It was not easy to disguise as the Third Prince. After all, he was a prince.

Moreover, there were so many people serving him. It was not so easy to disguise. If he was not careful, he would be discovered.

However, Qi Xibei was bold and had already thought of a way.

She knocked the Third Prince unconscious and turned herself into the Third Prince.

Fortunately, the Third Prince was only 1.8 meters tall. Although Qi Xibei was not that tall, a few centimeters of height was enough for him.

There was no problem with his height, and his figure was not much different. It was even easier to disguise.

Qi Xibei had wanted to kill the Third Prince after knocking him out.

After all, a large part of these things were caused by the Third Prince.

However, she gave up on this idea in the end.

After all, this was the Third Prince. If he really died like this, it would definitely attract the suspicion of the Imperial Family.

If the imperial family found out that something was wrong, even the Liu family would not be able to survive.

Therefore, Qi Xibei did not kill him.

Although he did not kill him, Qi Xibei had hidden him.

Qi Xibei realized that there was a small secret chamber under the bed.

Few people should know about this.

Moreover, this place had already been given to the Third Prince to live in. Naturally, no one would dare to enter.

This way, no one would find out if he hid.

Qi Xibei fumbled around on the bed and quickly found the switch.

After she pressed the button, the bed opened up, revealing the black hole underneath.

Qi Xibei smiled and placed the Third Prince inside. He then placed something beside him.

This smell could make the Third Prince fall into a deep sleep and not wake up.

Moreover, this smell was very, very faint. Unless one was lying on this bed, one would not notice the problem here, let alone discover the existence of the Third Prince.

After hiding the Third Prince, Qi Xibei changed into the Third Prince's clothes. After tidying himself up in front of the mirror, he smiled brightly.

The next day, when the maidservant came in, the "Third Prince" was already dressed in his middle clothes. With his flat figure, it was impossible to tell that she was a girl.

As the maidservant was helping him put on his clothes, Qi Xibei suddenly frowned and snorted." Alright, get down!"

The maidservants were shocked and immediately knelt on the ground. They had no idea what had happened and why His Highness was suddenly unhappy.

"I don't need you to serve me anymore."

Qi Xibei looked impatient. He tidied his clothes and strode out.

"Get Xiao Yongzhong here!"

"Yes, sir!"

Translator: 549690339

Xiao Yongzhong was still preparing to attack the people around Qi Xibei when he received the Third Prince's summons. Of course, he immediately rushed over.

"Your Highness, why are you looking for me?"

When he saw the Third Prince, he immediately bowed respectfully.

"How are things going now?" "It went quite smoothly!"

Xiao Yongzhong immediately said.

Although the matter hadn't really begun and there was still some distance to go before it was completed, he had to answer the Third Prince's question immediately.

Moreover, he had to express his confidence. Otherwise, the Third Prince would definitely be unhappy.

"Alright then." The Third Prince glanced at him indifferently. "I can give you a chance."

"Chance?"

Xiao Yongzhong's heart skipped a beat. He immediately raised his head to look at him, feeling a little uneasy.

There wouldn't be any problem with suddenly saying something about an opportunity, right?

"Seeing that you've put in so much effort, BenGong will give you a chance."

The Third Prince supported his chin and sat lazily on the chair. He looked at him. "An opportunity to make you rich."

Xiao Yongzhong's heart skipped a beat as soon as he heard this, and he immediately beamed with joy.

A chance to make a fortune?

One had to know that the reason why they were so eager to cozy up to the Third Prince was because they wanted to make a fortune.

He had originally thought that after doing so many wrong things, the Third Prince was already disappointed in him.

However, he did not expect that he would actually give him a chance!

Did he hear wrongly?

“What, you don’t want it?”

The Third Prince looked at him.

“Of course not!”

Xiao Yujie immediately shook his head.” It’s our honor to be favored by Your Highness!”

Xiao Yongzhong’s smile was flattering and warm.” I just don’t know, Your Highness, what opportunity are you talking about...”

“Isn’t there a forest nearby?”

“Yes, yes, yes! There is!” Xiao Yongzhong hurriedly nodded.

“Then do you know that there’s a fifth grade spirit beast, the Red-Gold Tiger?”

‘ Red Gold Tiger?!’

Xiao Yongzhong immediately gasped.

The red-gold tiger was a fifth-grade spirit beast.

Spirit beasts were usually stronger than martial artists of the same level.

Fifth-grade spirit beasts were about the same strength as a fifth-grade Martial Marquis, but slightly stronger. After all, the strength of spirit beasts was different from that of humans.

Therefore, they usually wouldn’t provoke spirit beasts of the same level. It wasn’t like they were tired of living. “Your Highness, this...It’s a little difficult.”

Xiao Yongzhong smiled bitterly.

It was not that he did not want this opportunity, but it was too difficult!

Unless their family moved out, otherwise, they would not be able to catch the red-gold tiger.

What was even more troublesome was that even if they caught the red-gold tiger, it might not be of much use.

They didn’t have a beast tamer at home, so they couldn’t make the red-gold tiger listen to them.

At that time, there would be heavy casualties, but there would be no gains... Wasn't this a trap?

"If you can't catch the red-gold tiger, can't you get its egg?"The Third Prince glanced at him indifferently.

' Egg?!"

Although the red-gold tiger sounded like it was born from a fetus, it laid eggs!

It should be said that powerful spirit beasts lay eggs.

After the eggs were laid, they would take a long time to hatch.

During the hatching process, the little spirit beast inside the egg would slowly absorb the spiritual energy outside and grow bit by bit.

By the time it hatched, the spirit beast had already grown.

The more powerful a spirit beast was, the more time was needed.

However, once they were born, the spirit beasts would be very powerful.

The child of a red-gold tiger was also a fifth-grade spirit beast!

Translator: 549690339

To Xiao Yongzhong, it was difficult to get close to the red-gold tiger, but its egg was easy to deal with!

Even if the little red tiger came out, it would still be a ferocious spirit beast. However, when it was inside the egg, it was a little cutie without any lethality!

An adult spirit beast was difficult to tame, but an unborn spirit beast was the best companion!

If he found the spirit beast's egg, he could spend time with the little cutie inside before it came out. That way, it would be able to familiarize itself with his aura.

Slowly, when the little spirit beast came out, it would be able to establish a very friendly relationship with that person.

Therefore, spirit beast eggs had always been in short supply on the market.

After all, the spirit beast that gave birth to the spirit beast egg would use all its strength to protect its child.

The spirit beast egg was not dangerous, but the mother spirit beast who protected her cub was very scary!

Unless something happened to the mother beast, it would be very difficult to get the spirit beast egg.

However, Xiao Yongzhong also knew what this spirit beast egg represented.

If they could get the spirit beast egg, their Xiao family's development would be smoother!

In Sunnywood City, no one had a spirit beast with them!

After all, spirit beasts were very difficult to tame.

However, spirit beasts were also very powerful existences.

The Third Prince's words made Xiao Yongzhong's thoughts extremely complicated, and he was a little dazed.

This was indeed an opportunity.

However, when he thought about the lethality of a Level 5 Red-Gold Tiger, he hesitated.

"What's wrong? You don't dare?"

The Third Prince glanced at him and said with slight sarcasm, "Wealth comes from danger. You don't even dare to do this?" Xiao Yongzhong smiled awkwardly.

Who didn't know what this meant?

However, how dangerous was this!

"BenGong also saw that you are wholeheartedly devoted to BenGong, so I told you this matter. If you don't want this opportunity, then forget it."

"Of course not!" Xiao Yongzhong hurriedly shook his head. "But, Your

Highness, why don't you take this spirit beast egg yourself?"

"BenGong doesn't need it."

"But a mere fifth grade spirit beast is not worthy of my attention." The Third Prince immediately said.

These words made Xiao Yongzhong's mouth twitch.

A mere fifth-grade spirit beast!

Merely!

However, it was understandable. In front of the descendants of the imperial family, a fifth-grade spirit beast was nothing.

"If bengong wants to sign a contract, no matter what, it has to be a spirit beast of the sixth rank or above." The Third Prince glanced at him.

These words made Xiao Yongzhong nod.

That's right, this is the Third Prince!

If he contracted a weak spirit beast with poor talent, wouldn't that be a burden to him?

As a prince, he naturally had the resources and confidence to choose.

"If you don't want it, then bengong will give the opportunity to someone else." The Third Prince said.

"No, no, no! Of course!"

"Your Highness, how can we not accept your good intentions?" Xiao Yongzhong hurriedly said.

He smiled. "We will definitely not let down Your Highness 'good intentions!'"

"Alright, you're still tactful." Only then was the Third Prince satisfied. "This

Golden Tiger is currently pregnant and is at its weakest. Be careful when you go in. If he wanted to ensure success, he could bring more people."

"Alright!"

Xiao Yongzhong immediately nodded. Then, he hesitated. "It's just that..."

"But what?"

The Third Prince glanced at him and then came to a realization. "You're talking about Qi Xibei?"

Yes."

"Let's deal with the spirit beast egg first. He could deal with the other matters at any time."

“Alright!”

The Third Imperial Prince had made the final decision, and Xiao Yongzhong was immediately delighted..

Translator: 549690339

What Xiao Yongzhong did not know was that there was indeed a Scarlet Gold Tiger there, but there was not just one, but two!

The two red-gold tigers were fifth-grade spirit beasts, which were far more powerful than warriors of the same grade.

The Xiao family only had one Fifth Grade Martial Marquis, and if they cooperated with others, they could still take down a Golden Tiger.

However, with the addition of an additional Red-Gold Tiger, things were different.

However, Xiao Yongzhong did not know Qi Xibei's intentions at all. Instead, he really put down what he was doing and prepared to snatch the red-gold tiger's egg.

If they could take down the red-gold tiger's egg, then their family would become the only family in the vicinity with a spirit beast!

Moreover, that was the egg of a Level 5 Red-Gold Tiger!

When a fifth-grade spirit beast grew up, its strength would become extremely powerful.

As for Qi Xibei's matter, he would put it aside for now.

Moreover, the Third Prince had also said that the matter of the red-gold tiger was more important!

Revenge against Qi Xibei could be delayed.

However, the red-gold tiger did not have much time to be weak. If he took this opportunity to take down the red-gold tiger's egg, he would not

have such a good opportunity in the future.

Xiao Yongzhong went back and told him. Great-Grandfather did not think much about it and quickly nodded.

This was a good opportunity.

Compared to Qi Xibei and the red-gold tiger, the red-gold tiger was naturally more important.

A fifth grade spirit beast was not comparable to a high grade alchemist. After all, a high grade alchemist could create many miracles.

But the problem was, Qi Xibei was not on good terms with them.

Such a high-grade alchemist that could not be used by him was simply inferior to an alchemist apprentice!

Therefore, the red gold tiger was more important.

Li Zhiyan also came over. After knowing what Xiao Yongzhong meant, he could not help but be surprised." Are you sure that it was the Third Prince who said

"Of course!"

Xiao Yongzhong nodded." His Highness specifically asked me to go over just to tell me about this matter. If we can successfully take down the red-gold tiger, we'll be rich!"

Xiao Yongzhong's expression was a little excited, as if he had already obtained the spirit beast egg.

However, Li Zhiyan felt that something was wrong. Why would I tell you this?"

"Of course it's because His Highness wants to reward us!" Xiao Yongzhong raised his chin proudly.

"But..." There was something wrong here." Why didn't Your Highness take the spirit beast egg himself?"

"His Highness said that he only wants spirit beasts above the sixth rank." These words stunned Li Zhiyan for a moment, and he felt that it made sense.

After all, he was the Third Prince!

"Alright, I'll help too." Li Zhiyan said.

However, Xiao Yongzhong shook his head." No need. We can go by ourselves."

It's just a scarlet-gold tiger. Our family can deal with it."

If the Li family also interfered, how would they distribute the spiritual beast eggs after they obtained them?

They couldn't open the egg and eat one bite each.

Although they were partners, they were also competitors.

Li Zhiyan understood Xiao Yongzhong's meaning and couldn't force him. He could only nod." Alright then, be careful."

"Of course we will be careful!"

Xiao Yongzhong nodded and called the rest of the family over.

These members were the elites of the clan, and the weakest among them was a third-grade martial master.

With so many experts working together, they would definitely be able to take down the spirit beast egg.

After they finished their preparations, they entered the forest valiantly.

However, when they reached the forest, they realized that things were completely out of their control!

Translator: 549690339

Xiao Yongzhong and his father originally thought that it would be very easy to obtain the spirit beast egg this time.

After all, the scarlet-gold tiger was already very weak. The group of them could definitely deal with it.

However, who would have thought that after a few days of arduous trekking and finally stepping into the territory of a fifth-grade spirit beast, they would encounter a scarlet-gold tiger!

It was a male red-gold tiger. It was huge and muscular, at least two meters tall!

The appearance of the red-gold tiger, which was like a small mountain, immediately stunned everyone.

Furthermore, this was a male Red-Faced Gold Tiger!

After the shock and panic, everyone immediately began to join forces to counterattack under the command of the old master.

However, this was a peak fifth-grade Red-Gold Tiger. They, as fourth-grade Martial Honors, really had no way to deal with it.

If it wasn't for the fact that the Old Master was here, many people might have died.

The Xiao family had been living in luxury all these years.

To them, the Xiao family was so rich and powerful that they did not need to worry about anything else.

Therefore, some people did not even put in much effort in their cultivation.

Even though they were already fourth grade Revered Martial Artists, they did not have much actual combat experience.

See, when they faced the red gold tiger, they all suffered a huge loss.

If it wasn't for the Old Master's efforts to turn the tide, coupled with the various spirit tools they had prepared, there might have been a large number of casualties.

Even so, they did not cause too much damage to the red-gold tiger in the end because the red-gold tiger was very smart. When it realized that it could not

beat them, it fled.

When the red-winged tiger left, they were almost exhausted.

At the same time, they were shocked.

Wasn't there only one Golden Tiger here?!

Great-Grandfather asked Xiao Yongzhong.

"Your Highness...He only said that there was a female tiger here and nothing else!"

Xiao Yongzhong was also gasping for breath, looking extremely pained.

He covered his scratched wound and applied medicine as he spoke.

"But this one isn't a female!" Great-Grandfather Fang's expression turned ugly. "We might be in danger!"

Xiao Yongzhong's face turned pale. "This..." Then what should we do?"

If it was just a scarlet-gold tiger, they could still fight it.

However, what if there were two red-gold tigers here? If they came together, wouldn't they be finished?!

Not long after this thought passed, they heard a terrifying sound coming from afar.

“It’s a red-gold tiger!”

One of them turned pale and screamed, “And there are two of them!”

Oh no!

Everyone’s expression changed.

Everyone could tell that those were indeed two red-gold tigers!

Two red-gold tigers coming over at the same time, this was a deadly rhythm!

Just now, a red-gold tiger had already made them so sad. Now, another one had come?

“Could it be that the Golden Tiger didn’t lay any eggs at all?! “Someone suddenly exclaimed.

This time, everyone’s expressions turned even uglier.

That’s right! Hearing that roar, the two red-gold tigers weren’t weak at all!

Then, the probability of one of them laying eggs was even lower!

Moreover, a spirit beast that had laid eggs would not come out to cause trouble unless someone hurt its child.

Everyone was shocked by this possibility. ‘ Patriarch, what should we do?!’

Everyone looked at Xiao Yongzhong.

Some people were already preparing to run away.

He couldn’t wait until the red-gold tiger was in front of him before leaving, right?

Before Xiao Yongzhong could finish his words, the red-gold tiger’s voice came closer.

Everyone’s expression changed..

Translator: 549690339

Seeing the two huge red-gold tigers running over, no one dared to stay where they were.

Everyone screamed and fled frantically.

However, these two red-gold tigers had come with the intention of revenge, so they didn't have the idea of "don't chase a cornered enemy". They roared and rushed over. With a fierce swing of their tails, a person screamed and flew out, landing on a tree.

The two Level 5 Red-Gold Tigers were already very powerful existences. Their charge immediately frightened everyone.

Even though Great-Grandfather shouted, "Don't panic," few people were willing to listen to it.

He was a Fifth Grade Martial Marquis, so he wasn't afraid.

But they weren't! Of course they were afraid!

The fiercer the red-gold tiger was, the more afraid they were.

The more afraid they were, the happier the red-gold tiger became and the more ferocious it became.

With such a vicious cycle, more than half of the Xiao family members who came this time were instantly killed or injured.

Many of them had already been injured just now. The scarlet-gold tiger didn't gain much either.

But who knew that it would be so vengeful!

Now that there was an uninjured red-gold tiger at its peak, they were in even more danger.

Originally, everyone was only injured, but now, several of them had died!

Xiao Yongzhong's eyes reddened as he looked at the chaos and mess at the scene.

All his original plans were completely shattered at this moment.

Most of the people who came this time were the elites of the Xiao family, and they were also the foundation of their development.

But now, these people were all dead!

The Xiao family's foundation was destroyed, and the Xiao family was finished!

Great-Grandfather Fang was also filled with shock and regret. However, he was more concerned about his son's safety.

Seeing the two red-gold tigers appear, he knew that he had fallen into a trap this time!

They had been tricked to death by the Third Prince!

The Third Prince had just casually given them a so-called opportunity, and they had come here to die!

The Third Prince was too ruthless!

They just made some mistakes. Was there a need to treat them like this?! Great-Grandfather Fang gritted his teeth and his eyes turned red.

“Run!”

But at this time, they had to save their lives first!

Xiao Yongzhong fled frantically with his father. In addition, there were people behind him who delayed the red-gold tiger’s footsteps. Therefore, after an hour, they finally escaped from the red-gold tiger’s pursuit.

However, there were only two people left by his side, and they were heavily injured.

They had brought nearly twenty people with them this time.

These twenty people were all elites of the Xiao family. This time, he brought them out to let them train more.

But who would have thought that so many people would die in the end!

“Third Prince!”

Xiao Yongzhong gritted his teeth. He was about to go crazy.

“Stop talking, let’s go back first!”

Great-Grandfather Xiao’s situation wasn’t too good either. He was also very angry, but he also knew that the Xiao family and the royal family were not on the same level.

Even if they suffered such a huge loss, they would not be able to take revenge!

Even if they hated him to death, they could not act rashly!

When they came out, they realized that the sky outside had changed!

It turned out that after they entered the forest, the Xiao family had lost quite a number of people.

Even if Xiao Yongzhong's younger brother stayed behind to take charge of the overall situation, because of the lack of so many elites, the Xiao family was naturally not as strong as before.

The other families did not take this opportunity to attack them. However, the Liu Family had done something beyond their expectations.

The Liu Clan had actually started to sell third and fourth-grade spirit herbs!

That was a third or fourth-grade spirit herb!

Moreover, the price was not expensive!

Translator: 549690339

Tier 5 medicinal pills could already be auctioned off, and they could even be auctioned off for an extremely high price.

Although third and fourth-grade medicinal pills were not as rare and precious as fifth-grade medicinal pills, there were not many of them either.

The number of first and second grade medicinal pills was the most. However, these first and second grade medicinal pills were of no use to experts.

Tier 3 and 4 medicinal pills had much better effects, and their prices were also much more expensive.

However, there were not many people in Sunnywood City who had level-4 pills. Level-4 pills were usually held by the heads of the big families.

The elixir stores in Sunnywood City usually sold level-1, 2, and 3 elixirs. Level-4 elixirs would occasionally appear, but they would be snatched away as soon as they appeared.

Even the Xiao Clan didn't have many Tier 3 or 4 medicinal pills.

But these few days when Xiao Yongzhong and the rest left, the Liu Clan suddenly launched several kinds of medicinal pills. Moreover, they were all Tier 3 and Tier 4 medicinal pills!

The news excited the entire Sunnywood City.

Who didn't want to buy a Tier 4 medicinal pill?

But the problem was that this kind of thing was priceless!

Although it wasn't as precious as a fifth-grade pill, it wasn't much.

But the Liu Clan was so generous as to take out a Tier 3 or 4 medicinal pill. Were they crazy?

The Liu Clan had lost the competition previously. They were so pitiful, but they turned around and took out a third or fourth-grade medicinal pill. This was too exaggerated!

No matter how suspicious everyone was of the origin of these medicinal pills, they did not stop their pace of buying them.

Who knew when the next batch of pills would be sold out!

While they were frantically buying, the Liu family spoke again.

As long as they had enough materials, the high-grade alchemists in their shop would refine medicinal pills for them. The upper limit was a tier six medicinal pill.

Everyone was shocked by this statement.

A sixth-grade medicinal pill?

The previous fifth-grade medicinal pill had made everyone go crazy for quite a while. Even until now, the aftershock had not completely dissipated.

But the moment he turned around, even a sixth-grade medicinal pill actually appeared?

This made everyone excited.

Many people would also find some materials when they were adventuring outside to cultivate.

Some materials could not be used, so they would keep them.

Some people had been saving materials for decades, but they had never used them.

This time, because of the Liu Clan's explanation, everyone was excited. They immediately took out the treasures they had treasured for many years, all for the sake of concocting a medicinal pill!

The Liu Clan actually had a high-grade alchemist! This was huge news!

After that, someone brought the materials over and really got a fifth-grade medicinal pill.

When he came out with this pill, that person was so happy that he cried. He knelt on the ground and cried crazily.

After eating the medicinal pill, he still advanced on the spot!

This made everyone even more excited!

Qi Xibei did not charge anyone for refining the medicine, but no one dared to underestimate her.

This kind of free medicine refinement was a huge favor!

Moreover, they previously wanted to build a relationship with a high-grade alchemist but were unable to do so. Now that they had such an opportunity, they were all going to be overjoyed.

Therefore, the experts from other cities also came over with their savings.

Every expert who came out of it held Qi Xibei in high esteem.

Some people compared Qi Xibei to Old Master Li.

They were both high-level alchemists, but why was Master Maverick so approachable and so powerful?

After understanding some of the grudges between Qi Xibei and the Li family, all the experts who had obtained the pills decided to stand on Qi Xibei's side!

When Xiao Yongzhong and the others came out of the forest, the situation in Sunnywood City had changed drastically!

Translator: 549690339

Because of Qi Xibei, Sunnywood City had changed a lot.

Before this, Sunnywood City was led by the Xiao family. The Xiao family's various industries and strength were stronger than other families.

But this time, the Liu Clan had leaped up and occupied an important position.

Qi Xibei had refined pills for so many experts, so he had become their benefactor. These experts could also become the Liu family's helpers.

The benefits that a high-grade alchemist could bring were extremely great!

This was also the reason why the Xiao family wanted to attack Qi Xibei.

High-grade alchemists could bring a lot of benefits. But once they could not be used for themselves, it was equivalent to a great loss!

If Qi Xibei helped the Liu family, the Xiao family would be affected.

It was precisely because of this that they wanted to get rid of Qi Xibei.

However, they did not expect Qi Xibei to take action before they could finish him off.

Now, everyone knew that the Liu Clan had a high-grade alchemist with formidable strength.

No matter what materials were used, they could be refined into medicinal pills. The success rate was very high.

Her success rate was even higher than the Li family's old master.

Such a pill success rate was truly shocking.

To be able to become friends with such a high-grade alchemist, they would have one more life in the future!

Everyone was willing to befriend such a powerful high-level alchemist who was willing to help them. Since they owed Qi Xibei a favor, they naturally cared more about her.

With Qi Xibei's help, the Liu family rose to become the most powerful family in Sunnywood City.

At this time, the Xiao family suffered a strong blow. Countless elites of the family were killed or injured.

Under such circumstances, the gap between the two families widened.

The Xiao Family only had middle-grade alchemists, but ten middle-grade alchemists could not compare to one high-grade alchemist.

Now, the trouble that a high-grade alchemist could bring had already surfaced. Listening to the discussion outside, Xiao Yongzhong and the old man almost fainted.

He originally thought that this operation would make the Xiao family stronger.

However, the result had made them so miserable.

"Looking for the Third Prince!"

Old Master Xiao had no choice but to ask the Third Prince about this matter.

However, when they reached the Third Prince's residence, they were stopped. "His Highness is resting and cannot be disturbed by outsiders!"

“Please inform us that we really have something important to discuss with His Highness!”

The old man swallowed his anger and squeezed out a smile.

However, the pain and anger on his face could not hide from the eyes of others.

“You want to harm His Highness, right?” The guard shook his head, his face full of disgust and displeasure. “You can’t go in! Get lost! Otherwise, we’ll make a move!”

These words made the father and son even angrier, but they could only grit their teeth and leave.

What else could they do?

Previously, when the Liu family was at their peak, they did not dare to resist the Third Prince.

Now that things had turned out this way, how could they still have the ability to resist?

If the Third Prince was angry and directly sent people to deal with them, they would be finished.

Therefore, they could only endure the anger in their hearts and return home. However, as soon as he returned home, another piece of bad news hit him.

“Father! I want to divorce Li Feifeng!”

Xiao Yujie rushed in with a furious expression.

“Stop!”

Xiao Yongzhong roared angrily. His expression was extremely fierce, as if he wanted to eat his son up.

Xiao Yujie was shocked and almost jumped up.

“Father...”

‘What happened this time?!’

Chapter 2197: Chapter 2199 -Li Family’s Thoughts

Translator: 549690339

Xiao Yongzhong felt very tired, and there was a surge of anger in his chest that almost made him vomit.

At this time, his son was still causing trouble. It was simply too much!

“Father! It’s not that I’m messing around, it’s that Li Fei Feng who’s too much!

She, she, she actually found a gigolo!”

” What?

These words made Xiao Yongzhong and the old man’s expressions change at the same time.” What did you say?” What did he mean by a pretty boy?

“That b * tch actually cuckolded me!”

Xiao Yujie was so angry that he stomped his feet.” I just caught her and that female god husband!”

Speaking of this, Xiao Yujie almost died of anger.

The marriage between him and Li Feifeng was arranged by his family.

He didn’t like Li Feifeng. After all, Li Feifeng’s looks could barely be considered average. She was not on the same level as the beauties he had seen before.

Moreover, Li Feifeng’s personality was not good either. She would beat and scold him.

Most importantly, Li Feifeng was stronger than him, so every time the two of them had a conflict, he was always the one being suppressed.

With such a fierce wife, of course he preferred those beautiful and gentle little girls outside.

That was why he often went out to look for other beauties.

However, as a man, he could go out and flirt with bees and butterflies, but his wife could never do that.

His wife had cheated on him. This was too much!

Previously, he had also heard that Li Feifeng was with another man, but at that time, he had not seen it with his own eyes.

But this time, when Xiao Yongzhong and the others entered the forest, he realized that Li Feifeng was acting strangely. She was completely unwilling to be with him and did not care if he was at home or not.

He felt that it was strange, so he followed Li Feifeng out.

Then, he discovered that Li Feifeng was actually hanging out with a pretty boy!

The two of them were close, and they were even discussing making a move on the Xiao family!

What?!"

After hearing Xiao Yujie's story, Xiao Yongzhong and the old man's expressions changed again.

"You want to attack the Xiao family?"

"Yes!" Xiao Yujie nodded heavily. "I heard it with my own ears. They said that they would kick us down after something happened to the Xiao family!"

These words made the two of them change their expressions.

Wait for something to happen to the Xiao family?

How did they know that something had happened to the Xiao family?

"When did you say that?" The old man asked.

"A few days ago!" "At that time, they said they wanted to cause trouble for the Xiao family!" Xiao Yujie said."

A few days ago!

At that time, they were all in the forest, and it was when they met the red-gold tiger!

The Li family outside the forest already knew that they would be in trouble?

So, this matter was really the work of the Li family and the Third Prince?!

At the thought of this, Xiao Yongzhong and the old man's expressions instantly changed.

That's right! This was highly possible!

The Third Prince had been invited by Lee Zhiyan, so it was also possible that the Third Prince had made a move on them!

After figuring it out, Xiao Yongzhong and the old man gasped in shock.

The Li family actually wanted to attack the Xiao family!

But why?

“Bring Li Feifeng here!”

The old man made a prompt decision and immediately got someone to capture Li Feifeng.

Soon, Li Feifeng was brought over with a dumbfounded expression.

“Why are you looking for me?”

As soon as she came over, Li Feifeng’s attitude was a little tough and cold.

She knew everything that had happened in the Xiao family over the past few days.

The Xiao family had suffered heavy losses, so as a member of the Li family, she could naturally dominate them.

Such an attitude made Xiao Yongzhong and the old man’s hearts sink..

Chapter 2198: Chapter 2200-What Are You Thinking?

Translator: 549690339

Li Feifeng’s attitude made Xiao Yongzhong and the old man’s hearts sink.

This matter was really related to the Li family!

If not for this, Li Feifeng would not be so arrogant.

Before this, even though Li Feifeng and Xiao Yujie didn’t have a good relationship, their attitude was still very gentle.

But today, Li Feifeng was so arrogant and despotic.

How was it possible that there was nothing fishy going on?

The two of them exchanged a look and did not ask anything else. Instead, they forced a smile.” Nothing, I just wanted to see you. How are you doing at home?”

Li Feifeng was a little stunned. Their attitude...It seemed a little strange! However, they did not scold her, so she naturally would not put on a bad attitude.

However, the sense of superiority in her heart made her speak with a little arrogance." It's pretty good. I'm pretty happy."

It was pretty good.

Looking at Li Feifeng's radiant face, of course, they knew that she was indeed doing well.

After all that happened in the Xiao family, she was living better than before. There was definitely something wrong!

Therefore, their hearts became even heavier.

"That's good." Xiao Yongzhong squeezed out a smile." Then there's nothing else. You can go out first."

"Are you alright?"

Li Feifeng frowned.

"It's okay. You can leave first."

"Father..."

Xiao Yujie wanted to say something, but Xiao Yongzhong glared at him, so he could only shut his mouth.

"Alright, then I'll leave first." Li Feifeng looked at them inexplicably, then turned around and left.

I don't know what's wrong with them!

She found me, asked me a few questions, and then let me go. What the hell!

Xiao Yujie almost jumped up when he saw her leaving.

"Father!"

Why did he let her go just like that?

"Shut up!"

Xiao Yongzhong glared at him fiercely." I know what I'm doing!"

At this time, it was not good to directly turn hostile.

What he could be sure of now was that this matter had something to do with the Li family!

If it wasn't for the Li family's instigation, the Third Prince wouldn't have treated them like this.

However, they had a cooperative relationship with the Li family. Why did it become like this?

Could it be...

Xiao Yongzhong's heart skipped a beat. After figuring out the situation, he immediately thought of the Flowing Spirit Rock.

Could it be that the Li family suspected that he had taken the Flowing Spirit Rock, so they attacked them?!

The possibility of this was not low!

After all, other than this matter, the two families did not have any grudges!

No matter what, Xiao Yongzhong could not let this matter go.

Soon, the subordinate he sent out came back to report the news.

"Master, the Li family's master has just come out from the Third Prince's place."

This news made Xiao Yongzhong's expression turn even uglier.

They actually cooperated!

When they went over just now, the Third Prince said that he was busy and was unwilling to see them.

But now, Li Zhiyan came out from inside?

What a joke!

"Alright, I got it."

Xiao Yongzhong waved his hand and dismissed them.

"Father..."

He looked at Great-Grandfather.

“I’ll go take a look!”

The atmosphere around the old man was also very low.

What had happened in the past few days was completely out of their control.

Now, they had to figure out why things had become like this. Otherwise, he would be tied up and unable to solve the problem.

“Alright, sorry to trouble you.”

Great-Grandfather went out and soon returned with a furious expression. He even brought back a piece of very bad news.

“I know what the Li family is up to! They actually seized the Flowing Spirit Rock in advance!”
