21. He heard that for some reason, the Xiao family had entered the forest. However, only a few people came out in the end. Other than Xiao Yongzhong and his son, almost everyone else was dead.
22. Although they had kept the news to themselves, how could the news not spread in such a small place?
23. Therefore, many people knew that the Xiao family's situation was not good.

35. He didn't know what the Xiao family had done, but many people from the Li family had died.
36. Two days ago, some spirit beasts suddenly ran into the Li family's residence.
37. These spirit beasts seemed to have lost their minds, completely ignoring the situation inside and rushing in.
38. Because of these crazy spirit beasts, many people from the Li family died.

39. Generally speaking, in order to have a better cultivation effect, large families would choose to build houses at the edge of the forest.
40. After all, the spiritual energy in the forest was the most abundant, and it was also the most suitable for cultivation.
41. However, it was precisely because of this that the Li family suffered heavy casualties.
42. There were actually quite a number of experts in the Li family, but when faced with such a crazy spirit beast, they panicked for a moment.
43. As a result, many of them died.
44. He had originally thought that it was just an accident and that the spirit beasts had gone on a rampage.

46. It was unknown where the Xiao family had obtained the medicine. This medicine could make spirit beasts lose their minds and attack humans.
47. The Li family immediately went crazy when they heard the news.

53. When the Xiao family and the Li family were in deep trouble, the Liu family also seized this opportunity to develop themselves.
54. The resources that were originally controlled by the Xiao family had been seized by them.
55. Hence, when Xiao Yongzhong and the others stopped, they realized that something was wrong!
56. The Liu family actually sneaked forward!
57. The Xiao family had already suffered a lot of losses because of the forest incident. This time, their losses were even greater!
58. The Li family was also very angry. They did not know why the Xiao family would suddenly attack them.
59. Because of these reasons that could not be said clearly, and because of the Xiao family's ruthlessness, the two families had turned from in-laws to enemies.
60. When they woke up, they realized why the Third Prince hadn't made a move even after fighting for so long.
61. Wasn't the Third Prince going to attack the Liu Family? Why was there no movement at all?
62. When they investigated, they discovered that many things had happened to the Third Prince in the past few days.
63. The Third Prince actually went to provoke the Crown Prince!
64. The Crown Prince was the Eldest Prince, born of the Empress. The Crown Prince was the eldest son of the Di family, so he had the advantage of status and was made the Crown Prince long ago.
65. Although the Third Prince believed that he was stronger, smarter, and more capable than the Crown Prince, he could not reveal his wild ambitions before he had fully grown up.
66. It was precisely because he had the ambition to fight for power that he immediately came over after knowing that there was a Flowing Spirit Rock here.
67. If they could use the Flowing Spirit Rock to arm a team, the competition would be much easier.
68. Who knew that there would be such a difference in the outcome? Under such circumstances, he should keep a low profile and develop slowly.
69. But who would have thought that he would suddenly go and provoke the Crown Prince?
70. He actually killed one of the Crown Prince's trusted aides!
71. Moreover, the method he used to do this was not secretive. As long as they investigated, they would be able to find out that he was the one who did it.
72. It was precisely because they knew this that Xiao Yongzhong and Li Zhiyan were stunned.

73. Was the Third Prince crazy? Why would he take the initiative to provoke the Crown Prince at this time?
74. Was he courting death?
75. No one knew why the Third Prince did this.
76. Everyone only knew that the Third Prince and the Crown Prince had a feud.
77. While everyone was discussing, the Third Prince held his confused head and leaned back in his chair. He listened to his subordinate's report for a long time before he reacted. His tone was a little hesitant.
78. "You said that bengong asked you to do it?"
79. The Third Prince looked at the subordinate in front of him in disbelief and felt that he must have heard wrongly.
80. "Yes, Your Highness, you asked me to do it previously!" The man knelt on the ground and answered clearly.
81. "Impossible!"
82. The Third Prince immediately shook his head.
83. As he shook his head, he felt a little dizzy again.
84. He frowned and his expression was not good.
85. "It was indeed your instructions, Your Highness," the man answered seriously.
86. Manager Zhang also knows."
87. Steward Zhang was one of the Third Prince's aides and usually gave the Third
88. Prince advice.
89. "What?"
90. The Third Prince immediately looked at Steward Zhang." You're not joking?"
91. "Your Highness, don't joke with us."
92. Manager Zhang's expression was also not too good, and he was about to kneel down.
93. It was clearly the Third Prince who gave the order, but now he refused to admit it. He was asking for his life!
94. Seeing that they did not seem to be joking at all, the Third Prince felt that it was ridiculous.
95. ".. Wait, what day is it today?" he asked. "Today is the 10th."
96. "Number 10? Isn't it number four?" The Third Prince gasped, his face pale..

What?!"

Xiao Yongzhong was stunned." How is that possible?!"

They had just fished out a piece of Flowing Spirit Rock!

There was only one Flowing Spirit Rock in such a huge underground river. This made all of them feel incredulous.

Because of this, the Third Prince was very dissatisfied with them.

But now, the old man said that Li Zhiyan had the Flowing Spirit Rock? What a joke!

‘Impossible!?’

Xiao Yongzhong shook his head frantically.” How could he have the Flowing Spirit Rock?”

If Li Zhiyan had the Flowing Spirit Rock, he wouldn’t have needed to cooperate with them at all!

“I saw it with my own eyes!”

The old man’s face was twisted.” I saw him take out several pieces of Flowing Spirit Rock with my own eyes. Each piece was as big as the one we found before!”

A few pieces?

Xiao Yongzhong was even more shocked.

Where did Li Zhiyan get so many Flowing Spirit Rocks?!

“That’s why we didn’t find the Flowing Spirit Rock before because they snatched it away in advance!”

“No way!” Xiao Yongzhong shook his head.” Didn’t we send people to guard that place? How could they take out the Flowing Spirit Rock from inside and not do anything?

There were underground river crocodiles in the cave, and there were people guarding outside. If they wanted to find the Flowing Spirit Rock from inside, it would definitely cause a commotion. However, there was nothing unusual so far.

“How is it impossible!”

The old man gritted his teeth.” He’s hooked up with the Third Prince!”

That’s right!

Xiao Yongzhong immediately reacted.

Lee Zhiyan had gotten close to the Third Prince, so he naturally had a different power.

After all, he was the Third Prince. He definitely had special people and all kinds of spiritual weapons.

With the help of a spiritual weapon and an expert, it was not impossible to take the Flowing Spirit Rock away silently from inside.

“And have you forgotten? When we went to the underground river this time, those crocodiles didn’t attack us at all.”

The old man continued.

Xiao Yongzhong’s eyes widened.

This was indeed very strange.

Those underground river crocodile brothers were ferocious to begin with. If they dared to approach, there was only the possibility of being bitten to death.

But this time, the underground river crocodile avoided them far away, not daring to approach them.

It was as if he was afraid of being beaten up, or perhaps he felt that some of them were familiar and did not need to be vigilant.

But no matter what, it meant that there was something fishy going on!

“The Li family!”

Xiao Yongzhong gritted his teeth.” But, why did they do this to us?”

“They must have taken away the Flowing Spirit Rock in advance and didn’t dare to let us find out, so they planned to get rid of us.”Great-Grandfather Li sneered.” If they can get rid of us, the Li family will be able to obtain more benefits. Isn’t Li Feifeng still at our house?”

If something happened to them in the forest, then the last ones left would be Xiao Yujie and Li Feifeng.

Although this was the Xiao family, Xiao Yujie was useless. In addition, Li Feifeng had the support of the Li family behind her, so Xiao Yujie was no match for her.

At that time, the Xiao family would fall into the hands of the Li family.

Even if his surname was still Xiao, it was already in name only.

After understanding this, the father and son felt a chill run down their spines.

“No! We can’t just sit and wait for death!”

Xiao Yongzhong slammed the table and stood up.

“Yes, we can’t be manipulated!”

They had already felt that this matter was strange. Now that they had discovered the problem, they would not let things develop like this.

Soon, the father and son came up with a solution.

The solution was simple-they wanted the Li family to pay with their blood!

He had to strike first before the Li family knew that they had discovered him!

The Third Prince felt as if he had fallen into a deep sleep.

When she woke up, she heard them report something.

Only then did he know that he had actually sent someone to kill the Crown Prince's confidant!

This news made him feel very ridiculous.

He had just taken a nap. How could he give such a stupid order? Was it an order given in a dream?

If he had the Flowing Spirit Rock, he might have dared to do so.

However, he didn't have the Flowing Spirit Rock and had to keep a low profile. How could he provoke the Crown Prince?

However, their serious expressions made him understand that they were not joking.

When he found out the time, he was shocked.

When he fell asleep, it was clearly number four!

From the 4th to the 10th, there was a difference of six days!

What had happened in the past six days?!

At this moment, he suddenly remembered the face he saw before he fell asleep.

He had thought that he was dreaming, but now that he thought about it, it wasn't a dream at all. It was real!

The Third Prince's eyes widened in shock.

It was Qi Xibei! It was her!

"What have I been doing these past few days? Tell me everything!"

The Third Prince grabbed Manager Zhang's collar and asked fiercely.

Manager Zhang was almost frightened by the Third Prince's expression.

This expression was too exaggerated, as if he wanted to eat someone!

"Your Highness, there's nothing special about you these few days. You've just locked yourself in your room and didn't allow us to disturb you. You only let us send you in during mealtimes..."

This kind of life was too regular, so regular that they could not help but mutter in their hearts.

After all, he was a prince, and he usually lived a luxurious and licentious life.

The Third Prince was quite disciplined. After all, if he wanted to fight for that position, he had to have strength.

However, other than spending time cultivating, he would also spend time resting!

This time, he had brought many beauties out just to make the Third Prince happy.

Therefore, the Third Prince had not asked for a beauty to serve him. Instead, he had hidden in his room to cultivate. This was very surprising.

Looking at the Third Prince's expression now...Something didn't seem right!

The Third Prince's expression became more and more interesting, as if he was about to explode in the next second.

"Bring Qi Xibei here!"

The Third Prince roared angrily with a ferocious expression.

"Your Highness..."

"Go!" He fiercely slammed the table, interrupting Manager Zhang's hesitation.

“Your Highness, no!” Manager Zhang looked bitter.” We can’t do this!”

‘ Why not?!”

The Third Prince’s expression was extremely ferocious. He looked at Manager Zhang with a terrifying expression.

“Master Maverick... Qi Xibei is different from before!”

Qi Xibei had helped many experts refine medicine in the past few days and had established a very friendly relationship with them.

Under such circumstances, how could they dare to act recklessly?

One had to know that a high-grade alchemist was already a very powerful existence.

Especially in a small country like theirs, high-grade alchemists were existences that could become the emperor’s honored guests.

If they were to deal with it privately, it would still be fine. Anyway, when the time came, the rice was cooked. They could explain however they wanted, and no one would fall out with them for a high grade alchemist.

But, making a move on a high-grade alchemist on the surface, this could not

Not to mention ordinary people, just those experts would definitely not let them do this!

That was a high grade alchemist!

Without a proper reason, who would dare to casually capture a high grade alchemist?

A high-grade alchemist had the support of many experts!

Translator: 549690339

“What?”

The Third Prince’s expression was very interesting.” What did she do?”

‘ These few days, she has helped some martial artists above Level Four refine spirit herbs. Therefore, those people have a good relationship with her now...” Manager Zhang’s voice became softer and softer, and finally, he stopped talking with an embarrassed expression.

The Third Prince’s expression turned even uglier.

In other words, in the few days that he was knocked unconscious, Qi Xibei had disguised himself as him, issued a wrong and fatal order, and even helped others refine spirit herbs.

Therefore, she now had the support of many experts by her side.

With so many experts guarding her, it would not be easy to make a move on her.

If they acted rashly against Qi Xibei and could not find a suitable reason, those martial artists might attack the palace!

The Third Prince could not help but curse.

At this moment, all of his gentleness had disappeared without a trace.

In the face of such a troublesome matter, he could not help but become irritable.

“Since you can’t catch them openly, then catch them secretly!” He took a few deep breaths, his chest heaving up and down as if it was going to explode in the next second.

“But...Alright!”

Manager Zhang opened his mouth and finally nodded.

He wanted to say that Qi Xibei was not easy to deal with.

However, looking at the Third Prince’s angry appearance, if he dared to refuse, he would be the one to die in the next second, right?

For his own safety, he had better keep his mouth shut.

He should work hard to complete the task given by the Third Prince.

Although it was very difficult.

However, Manager Zhang would not have to worry about it soon.

Just as they were about to attack Qi Xibei, a piece of news came.

The Crown Prince had made a move against their forces!

The Crown Prince struck out like lightning and cut off some of the Third Prince’s henchmen.

The Third Prince had quite a few businesses of his own. After all, only with money on hand could he achieve great things.

Some industries were open to the public, while others were hidden.

The Crown Prince had obviously been on guard against his brothers since long ago and knew their power like the back of his hand.

The Crown Prince's confidant was attacked. In just a day, the Third Prince's men were also attacked.

Moreover, the Crown Prince's heart and killing power were even more ruthless than the Third Prince.

Originally, the Crown Prince had only lost one of his trusted aides, but now, several of the Third Prince's trusted aides had died, and his business had also suffered all kinds of attacks!

This news made it impossible for the Third Prince to stay in Sunnywood City in peace.

If he didn't handle these matters properly, he would be finished!

Therefore, he did not have the time to care about Qi Xibei anymore. Instead, he immediately packed his luggage and left.

As for the Li family and the Xiao family who were fighting, they were even less of his concern.

However, this matter was caused by Qi Xibei. Although the Third Prince was unable to deal with her for the time being, he would definitely not let her off when he recovered.

After learning that the Third Prince had left Sunnywood City, Qi Xibei quickly decided to leave as well.

Everyone in the Liu family was on the verge of tears when they heard that Qi Xibei was leaving.

"Master, are you really leaving?!"

Liu Yiya was about to cry." You must be joking! ""

"I'm not joking." Qi Xibei shook his head." I really have to go.""

"Master..."

Liu Yiya's tears came out." Do you have to leave?"

"Yes." Qi Xibei nodded." I've been here for too long. Besides, I still have things to do."

She had just received news that Qiao Yanyu was finally here!

Chapter 2204: Chapter 2206 -Leave Together

Translator: 549690339

Qi Xibei had previously spent money to get the Black Smoke Chamber of Commerce and the mercenary group to help find Qiao Yanyu's whereabouts.

However, this continent was too big. She didn't know where Qiao Yanyu would appear, so she had no news of him.

Qi Xibei was almost disappointed. Perhaps Qiao Yanyu was in another country?

If that was the case, it would take a long time to find him.

However, he didn't expect the Black Smoke Chamber of Commerce to send news a day ago-they had found Qiao Yanyu!

Although he wasn't sure if it was Qiao Yanyu, from the portrait Qi Xibei had provided, it should be him.

Qiao Yanyu was currently in Xuancheng, the capital of this country.

Although he wasn't completely sure that Qiao Yanyu was there, the possibility was very high.

Qi Xibei would not let go of any information.

Therefore, she immediately decided to set off for Xuan City!

Moreover, if she continued to stay here, it would not be good for the development of the Liu family.

She knew that what she had done to the Third Prince had been discovered.

Of course, she didn't plan to hide it from him. Otherwise, she would have killed the Third Prince long ago.

The reason why she provoked the Crown Prince was also to make the Third Prince unable to take care of himself.

As long as the Third Prince had no time to deal with her, she would be safe.

However, if she killed the Third Prince, it would cause a lot of trouble.

The current situation was quite good. At least the Third Prince was beaten dizzy by the Crown Prince and had no time to care about her.

If Qi Xibei left Sunnywood City, the Liu family would not be affected too much.

Because the Third Prince hated her the most.

Now, the Xiao family and the Li family were at loggerheads. They had become a joke in both places.

With such a joke, the strength of the two families weakened a lot.

They used to be in-laws, but now, after what had happened, they naturally could not continue to be harmonious.

After all, so many people from both families had died. Even if they knew that there was something fishy going on, they would definitely not stop. However, they did not know that this matter was related to Qi Xibei.

The Xiao family had been tricked into the forest by Qi Xibei.

Qi Xibei had also given Li Zhiyan the Flowing Spirit Rock. Of course, Qi Xibei had already retrieved the Flowing Spirit Rock.

Under such circumstances, they had already caused such a ruckus. The other families were all kicking them when they were down. Naturally, they could not have any thoughts about Qi Xibei.

If the Liu family wanted to seize this opportunity to make a move on the Xiao family, it would not be a problem.

Under such circumstances, there was no need for Qi Xibei to continue staying here.

"Master, are you really leaving?" Liu Yiya's eyes were filled with tears." Why don't I go with you?"

"No need."

Qi Xibei shook his head." It's better for you to stay at home."

Liu Yiya immediately shook her head." I'm your disciple! How can I not serve you by your side?"

Qi Xibei's mouth twitched.

Because her background was different, she did not have the idea that a disciple had to serve her teacher.

Even here, she didn't want them to serve her. After all, he was used to doing things himself and did not need others to guard him.

However, the rule here was that before they graduated, the disciples were all by their master's side.

"We'll follow Master too!"

Yueya and Yueyuan immediately expressed their stance, their attitudes very firm.

To them, they had to follow Qi Xibei. Otherwise, they would not know where to go.

Qi Xibei was the focus of their lives..
