Chapter 2205: Leaving Sunnywood City -

In the end, Qi Xibei agreed to take them away.

He had no choice. Who asked the three of them to be his disciples? Yueya and Yueyuan had no parents and had nowhere to go.

Although Liu Yiya was a child of the Liu family, the Liu family was very open-minded.

How could an outstanding talent like Qi Xibei not follow closely behind?

This was a golden thigh!

He had to hug her!

Liu Yiya had been learning from Qi Xibei for a while, but she had made great progress.

Wouldn't he improve even more if he stayed by her side?

Liu Yiya was only a beginner alchemist, which was not bad in Sunnywood City.

However, if he really took it out, it would not be enough.

There were no outstanding alchemists here, so there was no way to teach Liu Yiya.

It was rare to find such a good master. How could he miss it?

Besides, if he wanted to go further, he had to travel ten thousand miles!

It was useless to keep working behind closed doors.

Therefore, Liu Jiang immediately nodded and agreed to let his daughter leave with Qi Xibei.

Even though he was very reluctant and worried about his daughter's safety. However, for the sake of his daughter becoming stronger, he could only endure the reluctance in his heart.

Liu Yiya's mother was reluctant to leave, but in the end, Liu Yiya comforted her mother, packed her luggage, and left with Qi Xibei.

Before he left, Qi Xibei left a few pills for the Liu family.

These pills were left behind when he helped those experts refine pills.

Occasionally, she would refine two pills, and she would keep one.

Those people were also very tactful.

Although they had found quite a number of materials, it was not an easy task to turn these materials into spirit herbs.

Wasn't the nearest high-grade alchemist here the Li Family's Old Master from the neighboring city?

However, after knowing Old Master Li's success rate, they cowered.

Such a pill success rate was very likely to make all their materials go down the drain!

Of course, in order to maintain his status, Old Master Li would not accept these materials casually.

Now, Qi Xibei was able to use one set of materials to refine two pills. Wasn't this a pleasant surprise?

Therefore, they tactfully gave the pill to Qi Xibei.

This way, there would be a second time.

Therefore, unless they had an urgent need, they would give the other pill to Qi Xibei.

Qi Xibei had accumulated quite a few fourth-and fifth-grade pills.

These pills were not considered very precious in a big city.

However, in Sunnywood City, he could do whatever he wanted.

If someone from the Liu Clan had reached the peak of Level Four, he could

break through after taking a pill.

The more experts the Liu Clan had, the safer they would be.

Liu Yiya left with Qi Xibei. She did not know when she would be back.

Qi Xibei did not want Liu Yiya to find out that the Liu family was gone when she returned.

After all, he was his disciple, so he had to spend some time.

Liu Kang and Liu Jiang were in tears when they received the pills from Qi Xibei.

This was the first time they had encountered such an approachable and generous high grade alchemist!

He was simply a god-like existence!

How could she be so considerate and passionate?!

With Liu Yiya by her side, she didn't have to worry about any grievances.

After making the necessary preparations, Qi Xibei left Sunnywood City with the three girls and a few masters, heading toward Xuan City.

With these experts by his side, the journey was very smooth.

However, as soon as they arrived at Xuan City, they encountered trouble..

When Qi Xibei left Sunnywood City this time, he even found a few masters to accompany him.

These experts were all at level four or five, which was already very powerful here.

Moreover, they had something to do in Xuan City, so they went with Qi Xibei.

Qi Xibei had no problem walking alone, and no one dared to provoke her.

However, she still had three disciples!

Even though these three disciples had the weapons she gave them for self-defense, they were still weak.

Liu Yiya was now a level-three mystic cultivator, so her strength was still passable.

The Yueya and Yueyuan sisters combined were comparable to a Level Two Mystical Warrior.

He could still protect himself with such strength.

However, no one could guarantee that there would be no danger along the way.

Therefore, with a few experts moving forward together, it also gave them a sense of security.

These experts were very happy to be able to escort a high-level alchemist like Qi Xibei to Xuan City.

To be able to form a relationship with a high-grade alchemist, that was such a good thing!

Previously, they wanted to find a high-grade alchemist but were unable to enter!

Now that he encountered such an approachable high grade alchemist, only a fool would miss it!

Thus, the group of people followed behind the Third Prince and arrived at Xuan City without any danger.

However, as soon as they arrived at Xuan City, they encountered trouble.

Xuan City was the capital. The city gates were tall and majestic. Everyone was queuing up at the entrance to enter.

Although Qi Xibei was an expert, she did not expect anything to happen here. She was not used to "acting like a big shot," so she obediently followed the queue.

The guard at the door stared at Qi Xibei for a while before waving his hand to let them in.

After entering, everyone was attracted by the magnificence of this place.

It was the first time that Yueya and Yueyuan had traveled far away, and it was also their first time in such a big city. Looking at the surrounding scenery, they were a little overwhelmed.

Qi Xibei only smiled and did not say anything when he saw how they looked like country bumpkins entering the city.

Knowledge and experience were all accumulated bit by bit.

As long as they stayed by her side, the sisters would have more time and opportunities to see more things.

At that time, they would not be surprised by these things.

While the sisters were busy looking at the surrounding buildings and people, an accident happened.

The sound of horse hooves could be heard from behind.

“Get lost! Get lost!”

A coquettish voice came from behind.

Everyone turned around and was stunned.

A young girl in red riding a tall black horse rushed over in high spirits.

Everyone’s heart skipped a beat and they immediately dodged to the side.

The young girl was holding a whip in her hand, and it made a loud sound in the air.

“Hurry up and get lost!”

The young girl shouted, her eyes sharp. She frowned and the whip in her hand was already swung out.

And the direction of the whip was...Moonfang’s face!

Yue Ya widened her eyes in shock.

“Be careful!”

Yueyuan turned pale with fright and immediately pounced on Yueya. The sisters fell to the ground.

But unexpectedly, the whip changed direction and flew towards the two of them.

The two sisters were scared out of their wits.

Just as the whip was about to land on the two of them, a miserable cry sounded.

On the limestone road, everyone looked in the direction of the scream and was stunned. They all took a few steps back.

The girl who was originally riding on the horse had already dismounted and fallen to the ground!

Looking at her expression, she was in great pain!

The other end of the whip was held in the hand of a beautiful girl..

When they saw the situation clearly, everyone gasped.

Then, everyone looked sympathetically at Qi Xibei, who was holding the whip.

She was dead!

Behind them, a group of people rushed over.

When they saw Hong Yi fall to the ground, they were all frightened.

“Princess!”

Princess, what’s wrong?”

The few of them were so frightened that they ran over and tried to help the young girl up.

They finally realized that the reason why the girl had fallen to the ground was because of the girl in front of them!

When they saw the girl’s appearance clearly, they couldn’t help but gasp.

What a beautiful woman!

However, when they thought of what would happen to her, they could only sympathize with her.

So what if she was good-looking? Offending Princess Ruyi would only lead to death!

Moreover, she was so good-looking!

That would be even worse!

“Catch her!”

Princess Ruyi got up from the ground and clutched her aching arm with a ferocious expression.

When she saw Qi Xibei's face clearly, her pupils constricted.

The next second, she was burning with anger." Arrest this b * tch! I want to teach her a lesson!"

Although she fell to the ground, she did not let go of the whip in her hand.

She pulled the whip hard and glared at him." Give me back my whip!" Qi Xibei glanced at her and moved his hand.

Before Princess Ruyi could rejoice, she felt a weight on her hand.

Then, the whip slipped out of his hand and Qi Xibei whipped it.

Qi Xibei pulled the whip over and grabbed the other end of it. Then, with a flick of his hand, the whip drew a semicircle, forcing the attendants to take a few steps back.

You still dare to resist?!"

Princess Ruyi stomped her feet in anger." Hurry up and surrender obediently.

Otherwise, don't blame me for being rude!"

"You're not polite?" Qi Xibei smiled. Then, the whip moved again and landed fiercely on her head.

Princess Ruyi saw the whip coming towards her and couldn't help but scream.

She thought that the whip was going to hit her face!

But in the next second, she felt a weight on her head, and then her vision turned black, blocked.

She raised her hand to touch it and was stunned.

Her hair bun was scattered!

Was this woman crazy?

At this time, she still dared to resist?!

"Catch her!"

Princess Ruyi stomped her feet." I must teach her a lesson!" She was a princess!

This country bumpkin from another city dared to resist?

"Yes, Princess!"

The attendants responded.

However, they did not dare to step forward.

They realized that Qi Xibei was too cruel!

Just by looking at the way she used the whip, one could tell that she was not to be trifled with!

Yueya and Yueyuan, as well as Liu Yiya, were stunned.

No one had expected things to turn out this way.

Seeing the situation turn out like this, Princess Ruyi was so angry that her face turned red.

Do you know who I am?"

"Of course I know." Qi Xibei curled his lips and smiled faintly."Princess." "You know that I am the princess, yet you still dare to resist?!"

"Not only do I know that you are the princess, I also know that there is something wrong with your brain and eyes!"

As soon as he said this, the crowd burst into laughter.

When Princess Ruyi turned around angrily, she did not find anyone laughing.

As soon as those people laughed, they immediately turned around and covered their mouths.

If Princess Ruyi found out that he was mocking her, he would really die without a burial place.

"How dare you!"

Princess Ruyi gritted her teeth at Qi Xibei..

Translator: 549690339

Princess Ruyi was also a little tyrant in Xuan City because she and the Crown Prince were cousins.

Moreover, her parents had a very high status here.

Everyone else knew that Princess Ruyi was not to be trifled with.

Therefore, no one dared to provoke her.

However, she did not expect that an outsider who had just entered the city would actually go against her.

Did he want to die?

After everyone laughed, they could not help but sympathize with Qi Xibei.

She was going to be bullied to death by Princess Ruyi!

It was a pity that she was so good-looking.

However, Qi Xibei's expression was very calm under everyone's sympathetic gazes.

So what if she was a princess?

How could a princess compare to a prince?

No matter how favored a princess was, she couldn't compare to a prince.

She even dared to trick the Third Prince, why would she be afraid of a princess?

Qi Xibei did not care about Princess Ruyi's threat at all.

If Princess Ruyi dared to attack, she would retaliate.

After all, it was Princess Ruyi who started this.

She was just defending herself.

"Hurry up and attack!"

Princess Ruyi roared at her followers.

The others came back to their senses, nodded, and immediately rushed forward.

Seeing that the situation was about to get out of control, Qi Xibei's eyes turned cold. Just as he was about to retaliate, a deep voice sounded.

“Stop!”

After the dignified voice sounded, everyone present was stunned.

Princess Ruyi’s followers also stopped.

When they saw the person’s appearance, they trembled and knelt down in unison.”
Your Highness, the Second Prince is lucky!” Qi Xibei looked over and was slightly stunned.

So this was the Second Prince!

The emperor had several sons, but the most famous were the crown prince, the second prince, and the third prince.

The fight between these three people was already known by everyone.

Qi Xibei had met the Third Prince before and even tricked him.

He did not expect to see the Second Prince so soon.

“Cousin

When Princess Ruyi saw the Second Prince, her eyes lit up.” Why are you here?”

The Second Prince’s mother, the Crown Prince’s mother, and Princess Ruyi’s mother were cousins.

Therefore, Princess Ruyi was also the Second Prince’s cousin.

It was because of this relationship that Princess Ruyi could act tyrannically in Xuan City.

Seeing the Second Prince appear in front of her, Princess Ruyi was immediately happy.

“What are you doing?”

The Second Prince walked over and asked with a frown.

These words made Princess Ruyi jump in anger.” I didn’t do anything! They’re the ones bullying me!”

The Second Prince turned around and saw Qi Xibei. A hint of surprise flashed in his eyes.

What a beautiful woman!

“With your temper, who would dare to bully you?”

The Second Prince turned around and said to Princess Ruyi with a serious expression.

Princess Ruyi was so frightened by her cousin's expression that she shrunk her neck." I didn't say anything wrong..."

“Alright, this place is blocking everyone. Everyone still has work to do.”

The Second Prince erased this matter with a few words.

Although Princess Ruyi was unhappy, she did not dare to resist.

She could only wave at her followers unwillingly.

The others bowed to the Second Prince, thanked him, and quickly left.

They didn't dare to get together with these royal descendants and nobles.

After everyone dispersed, the scene returned to order.

The Second Prince looked at Qi Xibei." Miss, I'm sorry. Please forgive Ruyi's intrusion."

Princess Ruyi puffed up her cheeks in anger." Cousin..."

The Second Prince glanced at her with a warning look in his eyes. She could only shut up..

‘ It's okay. I've forgiven her." Qi Xibei nodded.

These words almost made Princess Ruyi jump in anger. Who wanted her to forgive?!

Especially when she saw the Second Prince's gaze on Qi Xibei, she was so angry that she gritted her teeth.

This little vixen! He actually hooked Cousin!

If the Second Prince had not been here, Princess Ruyi would have already scratched Qi Xibei's face.

It was this face that could seduce people!

Qi Xibei glanced at Princess Ruyi indifferently." Since the matter has been resolved, I'll take my leave."

"Wait!"

The Second Prince was anxious. It had just begun. Why was he leaving?

"May I know your name?"

"I'm sorry, a woman's name cannot be casually known to outsiders." Qi Xibei shook his head firmly.

After saying that, she turned around and left.

Her suaveness made the Second Prince smile even wider.

Such a beautiful woman, and yet so carefree, had instead aroused the thoughts in his heart.

He did not believe that Qi Xibei did not know who he was.

After all, someone had already mentioned his identity just now.

He clearly knew that he was the Second Prince, but he still did not give him face. It really left a deep impression.

"Cousin!"

Princess Ruyi was very angry." Look at her!" Why isn't cousin angry?

The Second Prince glanced at her." I understand."

His expression turned serious." I remember telling you not to cause trouble. Don't you understand?"

His expression scared Princess Ruyi so much that she shrunk her neck." I really didn't..."

"Uh-huh?"

The Second Prince's eyes turned cold.

It wasn't the first time he had met Princess Ruyi, so how could he not know her personality?

This was Xuan City, and it should be their first time here.

Moreover, they were all women. How could they go around provoking others?

Therefore, it was impossible for him to believe Princess Ruyi's words.

Princess Ruyi bit her lip and didn't dare to refute.

She had never been confident enough in front of the Second Prince.

After all, the Second Prince was very dignified, and no one dared to act rashly.

She was a little afraid of the Second Prince, even more so than the Crown Prince.

"I don't want to hear anything about you anymore." The Second Prince left with these words and strode away.

Princess Ruyi was furious as she watched the Second Prince leave with his entourage.

Although she had been criticized, all her anger was directed at Qi Xibei.

If the Second Prince had not appeared today, Qi Xibei might have been captured and given a harsh lesson.

"Keep an eye on them and find out their identities!"

Princess Ruyi's expression was very ugly.

She did not believe that these little b * tches had any background!

Even if the Second Prince said so, she must teach them a lesson!

Otherwise, anyone would dare to climb over her head in the future!

Qi Xibei knew that Princess Ruyi would not let him off, but he did not care.

She quickly found a courtyard to stay in.

This was introduced to her by an expert from before.

Qi Xibei had a lot of money on hand. Even in the high-end Xuan City, he could still find some decent courtyards.

However, just as she was about to rent the courtyard, the owner came over with an awkward expression." Miss, I'm really sorry. Someone has already rented this place."

Someone rented it?

Qi Xibei's eyes turned cold.

How was this possible?

This place was quite a distance away from the bustling commercial district. It was very quiet, and not many people would come here to rent a house.

There was clearly no one here an hour ago.. Now that he said that it had been rented out, wasn't there a problem?

Chapter 2210: Chapter 2211-Faucet

Translator: 549690339

Although Qi Xibei knew that there was a problem, she did not argue with the landlord.

There must be someone who didn't want her to stay, and the landlord was helpless.

He couldn't get even with the landlord for this kind of thing.

"Alright then." Qi Xibei turned around and left.

As soon as she walked out of the house, her expression changed slightly and she turned around abruptly.

Behind a big tree, a shadow flashed past.

Qi Xibei raised an eyebrow and called Liu Yiya over.

The two of them whispered in each other's ears. Liu Yiya nodded and quickly found an opportunity to leave.

Qi Xibei led the Yueya sisters forward and continued to look for a house.

However, every time they found a house, they would be told that it had been rented.

It seemed that Princess Ruyi was indeed powerful.

Yueya and Yueyuan's expressions were ugly. They looked at Qi Xibei apologetically.

"Alright, don't worry about this." Qi Xibei comforted them. "It's not your fault.

She was the one who started it."

Wasn't this Princess Ruyi taking the initiative to stir up trouble?

Yue Ya and Yue Yue had never provoked Princess Ruyi, and they couldn't even resist.

Wasn't it all Princess Ruyi's own doing?

Qi Xibei's words of comfort made the sisters feel a little better.

"But... Where are we staying tonight?"

"Let's go to the inn first."

Qi Xibei brought the two of them to the inn.

Qi Xibei had chosen a very luxurious inn, and the exterior was very beautiful.

The price of such a beautiful inn was naturally not cheap.

There must be someone behind such a luxurious inn, and it was not something that Princess Ruyi could control.

Sure enough, they were not rejected when they arrived at the inn.

Yueya and Yueyuan heaved a sigh of relief.

However, when they saw the money Qi Xibei took out, they could not help but gasp.

This was too expensive!

The money they had earned in a month was not even enough to stay here for a night!

Fortunately, they managed to stabilize themselves in the end.

They couldn't embarrass their master.

After giving the money, Qi Xibei brought the two of them in.

Qi Xibei was stunned when he entered the room.

Because the furnishings in this room were very familiar!

She had stayed in many hotels before. Because of her job, she had to travel a lot, so she naturally had to stay in hotels.

Therefore, she was very familiar with the decorations in the hotel.

And now, the room she was staying in was actually very similar to the hotel she had stayed in before!

There was actually a faucet here!

When the waiter brought them in, he proudly introduced them to the usage of the faucet.

When it was opened, there was water. When it was closed, there was no water.

Other than their inn, where else could there be such a magical and convenient operation?

However, in Qi Xibei's eyes, these decorations represented a different meaning.

"When did this happen?" Qi Xibei asked the waiter, the excitement in his eyes almost bursting out.

The waiter was shocked by her reaction and stuttered." It was done half a month ago!"

Qi Xibei's eyes lit up even more.

"Who helped you?"

"Sorry, I don't know."The waiter smiled awkwardly.

Even if he knew, he couldn't say it!

Every guest who came to their inn would be attracted by these faucet. However, this was their inn's secret weapon. Naturally, they could not tell

anyone.

If it was seized by others, how would they make money?

Therefore, he would never say anything.

Qi Xibei was a little disappointed, but he did not continue to force the waiter to say it..

Translator: 549690339

But Qiao Yanyu must be here!

Other than Qiao Yanyu, no one else would make a faucet here.

Qi Xibei became even more excited.

She thought that it would take some time to find Qiao Yanyu, but she did not expect to find him here!

She hadn't seen Qiao Yanyu for a long time. She missed him too, but she did not dare to show her emotions.

After all, even if she revealed her emotions, no one would feel sorry for her.

"Master, this thing is so magical!"

Yueya and Yueyuan tidied up their things and looked around in surprise.

Especially the tap. If it wasn't for the waiter's repeated instructions not to touch it, they might have already turned it on and off again. This was too amazing. There was actually such a convenient tool! "Yes." Qi Xibei nodded. "It's indeed very convenient."

Qi Xibei took a few deep breaths and restrained his excitement.

At the same time, she felt a little more grateful to Princess Ruyi.

If not for Commandery Princess Ruyi's coercion, she would not have chosen this inn.

She had already decided to find a courtyard to stay in as soon as she came in and then slowly look for Qiao Yanyu.

After all, the inn was not as good as the place he lived in.

But now that she was forced by Princess Ruyi, she could only choose an inn.

Then, she discovered Qiao Yanyu's possible whereabouts.

Of course, even if she was grateful to Princess Ruyi for this matter, it did not mean that everything had been erased.

Moreover, Princess Ruyi wouldn't let things go so easily.

Qi Xibei took out two masks from his storage ring and handed them to Yueya and Yueyuan. "Go out and ask for some information. Be careful."

"Yes, sir!"

The sisters took the masks and nodded in unison.

They also wanted to know what this place was like.

Why was Princess Ruyi so arrogant?

After the two of them put on their disguises, they went out.

When they returned, it was already night.

Liu Yiya also came back with good news-she had bought a yard.

Although the price of the courtyard was high, Qi Xibei had paid a lot of money.

Qi Xibei did not lack money here.

After all, as long as she needed money, she could make a lot of money by refining medicine.

Moreover, he had to buy the house before Princess Ruyi found out. Otherwise, who knew what would happen next?

Yueya and Yueyuan also brought back a lot of news from Xuan City.

“Princess Ruyi is the only daughter of Prince Gong and is very doted on...The battle between the Crown Prince and the Second Prince has already reached its climax...”

The two of them had also heard a lot of news outside.

For example, Princess Ruyi's father, Prince Gong, was a Level Six Martial Arts Grandmaster, a rare expert. He had a very good relationship with the Emperor, and even his wife was a girl from the same family.

The reason why Princess Ruyi could be so arrogant was because Prince Gong and the Emperor were supporting her.

However, Prince Gong also had an opponent, General Wen.

General Wen was also a Level Six Martial Arts Grandmaster. He was powerful and was the guardian of this country.

However, he had been injured previously and his strength had dropped to Level Four.

It was because General Wen was injured that he could not restrain Prince Gong.

At the same time, the battle between the Crown Prince and the Second Prince was also gradually becoming more intense. Everyone knew that the two of them were not on good terms.

However, the Crown Prince had a greater chance of winning because he had many helpers.

I heard that he was even preparing to marry the princess of the neighboring country!!

Chapter 2212: Chapter 2214-Wen Family

Translator: 549690339

Qi Xibei quickly understood the situation.

Although the Emperor was not considered old, the children under him had already grown up and had their own thoughts.

Therefore, the current situation was a little chaotic.

Although this was only a small country, the strongest expert was a level six

Martial Arts Grandmaster. However, compared to his thoughts, he was not bad.

Moreover, the crescent sisters had also found out that the inn they were staying in was related to the Crown Prince.

In other words, Qiao Yanyu should be related to the Crown Prince now.

Otherwise, there wouldn't be a faucet here.

However, it wasn't an easy task to get information about Qiao Yanyu from the crown prince.

The Crown Prince rarely went out. Even though Qi Xibei was a high-level alchemist, he did not know how he would react if he took the initiative to visit.

Moreover, Qi Xibei did not want to get involved with the Crown Prince. After all, the situation was so chaotic now. If she was mistaken as the Crown Prince's subordinate, it would be troublesome.

Qi Xibei thought about it and quickly came up with an idea.

The next morning, Qi Xibei brought a few disciples out of the inn and went to the courtyard that Liu Yiya had bought.

The location of the courtyard was not bad, and the space inside was large enough for Qi Xibei to cultivate and refine medicine.

However, on the night they moved in, the place was robbed.

That little thief ran over in the middle of the night and was even preparing to set fire!

However, Qi Xibei was already prepared and quickly caught the thief.

Although they caught the thief, they didn't get any information about the mastermind.

Of course, there was no need to ask.

Other than Princess Ruyi, no one else would do such a thing.

Qi Xibei fed the thief some medicine and then let him out.

The next day, Qi Xibei brought a few disciples out.

They headed towards General Wen's residence with a clear goal.

That street was filled with the residences of officials and nobles.

Prince Gong and Princess Ruyi also lived here.

Prince Gong was actually a king with a different surname and had a good relationship with the emperor.

Furthermore, he was a powerful Level Six Martial Arts Grandmaster.

It was precisely because of this strength that he could run amok here without hindrance.

Princess Ruyi relied on her father's favor to be able to act tyrannically here.

The Gong Prince's mansion looked very luxurious and grand. The style was even more luxurious than the buildings beside it. One look and one could tell that the person inside was of high status.

Qi Xibei passed by from afar and took a deep look before walking towards General Wen's residence.

General Wen was a very famous general who often won here. However, when he was fighting with other countries, he fell into their trap and was poisoned.

After being poisoned, his strength had degraded from a sixth level Martial Ancestor to a fourth level Martial Honor.

The difference in strength before and after was like heaven and earth.

However, General Wen was the guardian of this place. He was very famous and respected by everyone.

However, due to the deterioration of his strength, coupled with the targeting of Prince Gong and the others, his situation was not too good.

Although the Emperor trusted him, the situation would only get more and more troublesome if this continued.

Qi Xibei had come this time for General Wen.

General Wen was actually a neutral party and did not have a close relationship with any of the princes.

It was precisely because of this that the Emperor allowed him to continue to stay in this position.

However, as long as he could not recover his strength, General Wen would be in more trouble.

However, they had found many doctors, but none of them could cure the poison in his body..

Chapter 2213: Chapter 2215 -Vixen Looking for Him

Translator: 549690339

Qi Xibei had come this time for the poison in General Wen's body.

On this mainland, physicians and alchemists did not have the same status.

Doctors were doctors, and alchemists were alchemists.

Doctors knew how to treat illnesses, but they didn't know how to refine medicine.

Alchemists knew how to refine medicine, but they also knew how to treat superficial illnesses.

Generally speaking, everyone had their own specialties.

The doctor first diagnosed the patient's condition, and then the alchemist provided the appropriate medicine.

Therefore, people like Qi Xibei who could treat illnesses and refine medicine were not very common.

When they arrived at General Wen's residence, Liu Yiya took the initiative to go up and report.

The gatekeeper was a little surprised to see Qi Xibei surrounded by a few people.

Where did this beauty come from?

After knowing Qi Xibei's intention, he immediately widened his eyes and sized her up suspiciously. However, he still said, "Please wait a moment. I'll go and report it now!"

After saying that, he immediately rushed in.

Liu Yiya had said that her master could cure the poison in General Wen's body.

Who wouldn't be shocked by this statement?

Although they were muttering in their hearts, did such a young lady really have a way?

However, no matter what, they had to inform him first.

The Wen residence had a good family style. Even the gatekeeper was very polite and would not look down on others.

Although he doubted Qi Xibei's strength, he had to seize the opportunity before he could determine whether it was real or fake.

Moreover, the Wen residence had not been doing well these days.

General Wen was the patron saint of the country and the Wen family.

Since he had a problem, his family naturally suffered a blow.

Moreover, the Wen family was dedicated to protecting the country and there were many casualties, so the Wen family did not have many people.

Everyone in the Wen family, even the women, were all generals. They were forthright and did not have any schemes.

Now that General Wen's body had a problem, they were also ostracized to a certain extent.

If this continued, the Wen family's status would only get lower and lower.

Although they were gatekeepers, they were the servants of the Wen family. Only when the Wen family was well could they be well.

As soon as there was hope, they immediately seized it.

Seeing the Wen family's gatekeeper rush in without stopping him at all, Qi Xibei knew better.

It seemed that the Wen family's situation was really too good.

While they were waiting, a figure flew back like the wind.

It was a young man who was not even twenty years old. He still looked very young.

However, at this moment, his face was filled with unconcealable anger.

When he passed by Qi Xibei, he stopped and turned around.

When he saw Qi Xibei's face clearly, he was stunned.

What a beautiful woman!

This woman should be around his age.

But what was she doing here?

Curious, he carefully sized them up.

Soon, his expression changed.

Such a young and beautiful girl suddenly came to the Wen residence. Could it be...

Thinking of that possibility, his expression turned even uglier.

"What is he thinking?" Yue Ya could not help but poke Yue Yuan." I keep feeling that his expression..." It's a little strange."

Yueyuan also frowned. This man's expression was indeed very strange.

Only Qi Xibei understood the man's expression.

He didn't know what he was thinking. He must be thinking the wrong thing!

Just as the man was about to explode, the gatekeeper came out, followed by a person who looked like a butler.

"Hello, you must be Master Maverick, right? Please come in!"

After the butler recovered from his shock, he immediately became warm and respectful.

His attitude also made the man's original anger stop, and his expression became a little stiff.

Wasn't this a vixen who came knocking on her door?

Chapter 2214: Chapter 2216-You're Poisoned

The man's expression was a little awkward.

He originally thought that this was a little vixen who was raised outside.

After all, Qi Xibei's appearance was too outstanding, and he could not help but have this thought.

Of course, now that he heard the butler say "master," this possibility naturally disappeared.

However, after he reacted, the man was shocked.

Master?

What kind of master was she?

Such a young woman was actually called a master?

The man's expression was very interesting. He was shocked and suspicious.

Qi Xibei glanced at him and did not say anything. He followed the butler in.

Qi Xibei was still very satisfied. This time, the Wen family was just like the Liu family. After she registered, they were so enthusiastic towards her.

From this, it could be seen that the Wen family's family style was very good.

Only such a person had the meaning of cooperation.

Liu Yiya and the others followed behind him and couldn't help but look at him carefully.

Seeing them enter, the man thought for a moment and followed them in.

He was also very curious about what kind of master this was.

Could it be that he was a master who could treat his grandfather?

The man shook his head when he thought of this.

How was this possible?

How could such a young woman solve his grandfather's problem?

Previously, they had looked for many masters, but none of them could solve his grandfather's problem. At most, it could only stop the poison from spreading.

That poison was a very special kind of poison from the neighboring MO Lin Kingdom. It would cause the strength of the poisoned person to continue to decline.

The master they found could only stop the poison from spreading and stop his strength from decreasing.

As for the others, there was nothing he could do.

The man had also experienced many disappointments and did not dare to have any hope.

Of course, even if he didn't have any hope, he still wanted to see who this beautiful woman was.

The few of them quickly entered.

At the entrance of the hall, a figure was pacing back and forth.

When the man saw Qi Xibei's appearance, he was shocked. "You... Are you Master Maverick?"

"Hello," Qi Xibei nodded politely and acknowledged his identity.

"You, you're not joking?"

That person was about forty years old, in his prime.

He looked simple and honest, like a man who was killing enemies on a warhorse.

At this moment, his face was filled with shock.

Just now the gatekeeper said that a woman who claimed to be a high grade alchemist had come to the door, so he immediately let the housekeeper bring this Grandmaster in.

However, he did not expect that this master was actually so young, and she was even a woman!

Although he had seen many geniuses, this genius was too young!

The corners of his mouth twitched, and his expression was a little stiff." This..."

Are you kidding me?"

"What's there to joke about?"

Liu Yiya stepped forward." Our master is a high-grade alchemist!"

The others were all shocked.

Whether it was the man who knew about it or the man who didn't know about it, they were all shocked.

High Grade Alchemist?

Such a young high grade alchemist?

Were high-grade alchemists so different from before?

"Don't worry, our master won't let you down!"

Liu Yiya patted her chest and promised.

Liu Yiya was very confident in Qi Xibei. After all, if it weren't for Qi Xibei, the Liu family would have been finished.

It was impossible for her to come here.

The expressions of the people opposite him were a little awkward, especially the middle-aged man. His expression was even more complicated.

After all, this statement was too unbelievable.

While they were struggling, Qi Xibei turned to look at the young man beside him." You were poisoned..."

Chapter 2215: Chapter 2217-Poisoned

Translator: 549690339

Poisoned?

The young man's face immediately darkened.

In his opinion, Qi Xibei was just making things up.

Even if he wanted to prove that he was a high-grade alchemist, he also wouldn't go so far as to spout nonsense like this, right?

Wasn't she afraid of being beaten up?

The young man's expression was ugly, but Qi Xibei was not affected at all. She even took the initiative to walk over to the man and grabbed his wrist.

"You!"

The man was shocked and immediately tried to break free from her hand.

But in the next second, his heart skipped a beat.

He was unable to break free from Qi Xibei's grip!

Qi Xibei clearly looked younger than her and should be a weak woman, but she actually made her unable to move!

"He was indeed poisoned."

As he struggled, Qi Xibei let go of his hand and said calmly,"

These words made the man's expression turn even uglier.

She had only touched his hand once, and she was already saying that she was poisoned. What a joke!

Who did she think she was? God?

"Young lady." The middle-aged man, Wen Juncheng, forced a stiff smile on his face." What do you mean?"

Although he forced a smile, the expression on his face was a little scary.

If a child was here, he would definitely be scared to tears.

Although he felt that Qi Xibei was fooling around and fooling them, he did not immediately turn hostile.

"It means poisoned." Qi Xibei glanced at the young man, Wen Guqun, and said.

"I'm not poisoned!"

Wen Guqun jumped up in anger.

He was clearly fine, but when he heard that, he almost exploded.

“You’ve been poisoned.”

Qi Xibei still insisted on his idea.

“Don’t think that I don’t hit women and that I’m so arrogant...”

Before he could finish, he felt his vision blur.

In the next second, he felt a pain in his wrist.

He looked down and gasped.

That was because a knife mark had appeared on his wrist at some point in time, and thick black blood was flowing out from it.

What was even more terrifying was that the smell of the blood was extremely fishy.

The stench rushed into his nose and almost made him faint.

Not only him, but the others also had the same reaction.

They were clearly a little far away from the group, but everyone could smell a stench that made their hearts suffocate.

It smelled like garbage that had been piled up for many days and then burned. The smell almost made everyone faint.

“You’re poisoned, that’s why you have a bad temper and can’t calm down. I think you can’t cultivate normally.”

Qi Xibei tapped around Wen Guqun’s wound, and the blood flow stopped.

This move also shocked Wen Guqun and the others.

What a powerful ability!

Moreover, Qi Xibei’s words made his heart beat wildly.

‘ How did you know?!’

Every time he cultivated, he couldn’t calm down and always felt restless.

Therefore, every time he cultivated, he could not sit still for less than fifteen minutes and had to run out.

Because of this, his family had beaten and scolded him, but nothing had changed.

Until now, he was only a Grade 2 Warrior.

Such strength was nothing in the Wen family.

In Xuan City, that was even less of a concern.

Because his strength was too weak, he could not go to the battlefield, nor could he fight for the Wen family's face.

It was also because of this that he was mocked by others.

They said that he was afraid of death, which was why he had been avoiding cultivation.

But now, Qi Xibei was telling him that he was poisoned?!

For a moment, Wen Guqun was stunned..

Translator: 549690339

Not only Wen Guqun, Wen Juncheng was also very anxious.

"Master Maverick!"

This time, he shouted sincerely, "May I ask, what's wrong with Gu Qun?"

The smell of the blood that flowed out of the group was too terrifying. Anyone could have noticed the problem.

"I was poisoned." Qi Xibei looked proud and confident. "He must have been poisoned when he was ten years old."

Ten years old?

The few of them were stunned.

Wen Juncheng was especially shocked.

Thinking about it carefully, it seemed that the group of scholars had really been different since they were ten years old.

Before the age of ten, Wen Guqun was still very serious in his cultivation. He admired the old man and wanted to go to the battlefield.

However, after he was ten years old, he began to fish for three days and dry the net for two days.

At that time, everyone said that he had grown up and had his own thoughts. He wanted to play, so that was why he was like this.

Moreover, he had also made some friends who liked to fool around outside. Naturally, there would be changes.

Therefore, from then on, Wen Guqun did not put his mind on cultivation at all.

The elders had said, scolded, and hit him, but they had not been able to pull him back to the “right path.”

In the end, everyone got annoyed and gave up on disciplining him.

Anyway, there were many people in the Wen family, so he was not lacking.

But now, someone told them that the reason why the Wen Gu Group couldn't concentrate on cultivation was because they were poisoned when they were ten years old?!

Even the butler was shocked.

Wen Guqun was a well-known silkpants of the Wen family. He did not have much strength and only liked to eat, drink, and play.

What was even funnier was that he would also spend time cultivating.

Although he ran out after a while.

Everyone felt that he was only doing this to put on an act.

Such an act was really laughable. Many people were still watching the joke!

Everyone said that if you want to be a silkpants, you should do it well. Don't waste your time on cultivation.

If he really wanted to cultivate, then he should cultivate properly!

Wouldn't he be a joke if he did the same thing later?

Only now did they know that the reason why the Wen Gu Group had such a contradictory approach was actually because they were poisoned!

These poisons prevented him from focusing on his cultivation, but he really wanted to cultivate.

That was why he was so conflicted and ridiculous.

After knowing the truth, their feelings were very complicated.

It could be said that the entire Wen family was already disappointed in Wen Guqun.

Only now did she know that he was actually a good child and was also motivated!

Otherwise, there was no need for him to spend time on cultivation every day. Even if it was just a little bit of time.

Such a situation made them feel extremely ashamed.

Especially Wen Juncheng, his heart ached even more and he was very ashamed.

He was the father of Wen Guqun. He didn't know that his child had been poisoned, but he blamed his child for not working hard.

He was clearly the one in the wrong!

The atmosphere at the scene suddenly became a little awkward.

Wen Guqun was stunned.

He had never thought that he was poisoned.

He had clearly been injured a few times before and had seen a doctor. However, no one had ever told him that he was poisoned.

"Master Maverick, can I trouble you to cure the poison in Gu Qun's body?"

A deep voice sounded.

Qi Xibei looked up and saw a tall middle-aged man walking out.

The man's facial features were somewhat similar to Wen Juncheng and his son, and his face was much older.

This should be her target this time-General Wen, Wen Luochun!

“Grandpa!”

Wen Guqun immediately shouted..

Translator: 549690339

Qi Xibei was not surprised to see Wen Luochun. He smiled and said, “Of course.””

She came here this time for General Wen.

General Wen was the best candidate to restrain Prince Gong and Princess Ruyi.

Qi Xibei did not think that he would stand in front of the stage and fight against Princess Ruyi.

Therefore, finding someone to suppress the other party was very important.

General Wen was magnanimous and generous. He was very loyal.

He was the best guardian of this country.

Even without Princess Ruyi, Qi Xibei would still be willing to help.

As for Wen Guqun’s poison, it was just an accident.

However, this accident brought about a different development.

The Wen family had very few children. Wen Luochun had four sons, three of whom had died on the battlefield.

Now, only Wen Juncheng was left.

As for his grandchildren, other than Wen Guqun, there were three boys and four girls. Almost all the girls were married.

These younger generations were unable to support the Wen family.

If anything happened to General Wen, the Wen family would decline.

Once the Wen family declined, no one would be able to restrain Prince Gong.

Moreover, this country would also be attacked by other countries.

Although Qi Xibei was not from this country and did not have a sense of belonging, she still admired those who protected their country with their lives.

“Thank you so much!”

Wen Juncheng immediately reacted and led Qi Xibei to his seat.” Butler, quickly serve tea!”

“Ah, yes!”

The butler also recovered from his shock and immediately nodded. He turned around and left.

His excitement was no less than the others.

The butler went out, and the group was still a little confused.

After all, it was not easy to accept that he had been poisoned for nearly ten years.

“Come over.” Qi Xibei said calmly.

“Come over quickly!”

Wen Juncheng looked at his son standing there foolishly and immediately became anxious.

He strode forward, pulled Wen Guqun over, and pressed him on the chair opposite Qi Xibei. Then, he said to Qi Xibei with a smile,””Master Maverick, I’ll have to trouble you!”

Looking at his passionate appearance, he did not look calm at all.

However, when it came to their own son, how many people could be steady?

“Master Maverick, sorry to trouble you.”

Wen Luochun also said. His voice was deep, as if it was coming from his chest, filled with power.

Qi Xibei looked deeply at Wen Luochun and said nothing. He turned to Wen

Guqun and said,””Hand.”

Wen Guqun stretched out his hand in a daze.

Qi Xibei checked Wen Guqun’s pulse and waved his hand. A bag of silver needles appeared in his hand.

Their eyes moved slightly.

It was actually a storage ring!

As expected of a high-grade alchemist!

In the Wen family, only Wen Luochun and Wen Juncheng had a storage ring.

The others didn't have one.

This also gave them more confidence.

After all, the identity of a high alchemist who possessed a storage ring was even more different.

Wen Guqun looked at Qi Xibei in a daze and then felt a pain in his arm. He looked down and almost pulled his hand back.

Because there were a few silver needles on his arm.

The silver needles that made one's heart tremble were inserted into it, and the ends were still swaying slightly.

This was too terrifying.

"Don't move."

Qi Xibei said indifferently, but he did not stop what he was doing.

"Don't move!"

Wen Juncheng held Wen Guqun down, not letting him move.

Wen Gu Group's face was numb. What was going on?

Although he did not understand Qi Xibei's technique, Wen Guqun still sat quietly in his chair..

Translator: 549690339

Half an hour later.

"Bring a clean basin over." Qi Xibei said.

"A basin? Good!"

Wen Juncheng immediately nodded. He gave a look to the person serving him at the side, and that person rushed out.

Soon, a basin was brought over.

Qi Xibei placed the basin next to Wen Guqun and took back the silver needles.

Then, she used a silver needle to cut Wen Guqun's wrist and made a cut. As soon as the wound appeared, blood immediately came out of Wen Guqun's hand.

After the thick black and sticky blood came out, everyone could not help but take a step back.

Even Wen Luochun, who had just come out, couldn't help but take a step back.

He had killed countless enemies on the battlefield and had seen all kinds of smells and scenes.

However, when the blood came out, the smell was really too terrifying!

If Wen Luochun was in the modern era, he would definitely think that this was the most terrifying biochemical weapon!

Even Wen Guqun's expression froze.

The smell of the blood was too terrifying. Due to the distance, the terrifying smell rushed straight into his nose, causing him to be in a daze. His vision almost went black and he fainted.

Liu Yiya and the other two also retreated until they were outside the door. They breathed a sigh of relief when they could breathe in the fresh air.

This smell was too terrifying!

Among so many people, only Qi Xibei's expression remained the same.

She already knew about the situation of the Wengu Group, and she had also forced out the poison inside, so naturally, she would not be attacked by these smells.

She had already blocked her sense of smell, so she naturally could not smell these scents.

She calmly tapped on Wen Guqun's hand a few times, and the blood flowed out crazily.

If there were medical students here, they would definitely feel terrified. This was a cut on the artery!

If this blood flowed too much, wouldn't people die?

As the blood continued to flow out, Wen Guqun's face became paler and paler.

He had lost so much blood that he was about to faint.

Looking at Wen Guqun's expression, Wen Juncheng was very nervous.

Did something happen?

However, he did not dare to say anything.

Since Qi Xibei had made a move, he naturally had to believe in her abilities. Qi Xibei continued to press down on Wen Guqun's hand, letting the blood flow.

"Master Maverick, is that enough..."

Seeing his son's pale face, Wen Juncheng's face also turned pale.

He could not help but remind her in a low voice. If this continued, even the healthiest person would die!

Qi Xibei glanced at him. His mouth moved, but in the end, he shut it.

"It's fine. Master Maverick, please continue."

Wen Luochun looked at his son and said to Qi Xibei.

Qi Xibei nodded and continued to press the acupuncture points on Wen Guqun's hand mercilessly, making more blood flow.

Wen Juncheng was also slowly becoming numb. Perhaps after the blood ran out, his son would die?

Just as Wen Guqun's face was about to turn as white as a sheet, Qi Xibei finally let go and tapped Wen Guqun's hand.

Then, Wen Guqun stopped bleeding.

"Master Maverick..." Wen Guqun's smile was very ugly, and his lips were pale.

Qi Xibei's hand moved, and a bottle appeared in his hand.

She poured out the pill inside and stuffed it into Wen Guqun's mouth." I ate it."

Wen Guqun was already exhausted, but he still opened his mouth and ate the pill.

After the pill slipped into his mouth, Wen Guqun felt that his originally weak body finally had a lot of strength..

Translator: 549690339

The contrast was so strong that even the people beside him could see it.

Wen Guqun's face was so pale just now, and he looked like he was going to die in the next second. However, in the blink of an eye, he regained his energy. This medicine was too good, right?

"Master Maverick, this...Are you done?" Wen Juncheng asked carefully.

He had lost so much blood just now. Could he recover so quickly?

"Not yet." Qi Xibei shook his head." He lost too much blood and needs to rest for a while. However, it was fine. He just needed to rest more."

"Not yet." Their hearts skipped a beat.

Before they could worry, Qi Xibei's next words made them excited again.

If it wasn't a big deal, then it was the best!

That was great!

"Then how do I rest?" Wen Juncheng asked. From the looks of it, it was as if he wanted to take out a small notebook and record Qi Xibei's words.

"Take care of your body." Qi Xibei handed him a bottle." There are already a few Essence Replenishment Pills inside. Take one a day and eat normally at other times." Eat more nutritious food.'

Wen Juncheng took the bottle and nodded vigorously." Alright! We know!"

When he turned back to look at the group, he felt that he was completely different.

"By the way, Master Maverick, will he be fine after this?"

"No problem." Qi Xibei shook his head." The poison in his body has been expelled. He can cultivate normally now."

These words made everyone from the Wen family who heard the news and rushed over happy.

Although Wen Guqun was very foppish, he was still a child of the Wen family.

The Wen family's current situation was not good. If they could have a little more power, that would be good.

Although Wen Guqun usually flaunted and caused trouble everywhere, no one wanted him to be poisoned.

Moreover, from what Qi Xibei said, he could continue cultivating after he was cured of the poison.

Although the Wen family did not have many treasures, they had accumulated many things over the years.

Although Wen Guqun was not young, he was only twenty years old. He was still a young man.

Such a young man would naturally be able to succeed if he spent more time and effort.

It would be great if he could increase the Wen family's strength a little.

The brothers of the Wen Gu Group couldn't help but pat his shoulder." You have to work hard after you recover!"

"Good! "

Wen Guqun nodded with tears in his eyes.

It wasn't that he didn't want to cultivate, but that he couldn't.

Now that his body was better, he was in the mood to focus on cultivation.

He would definitely be able to contribute to the Wen family!

"Master Maverick, this blood...

Wen Juncheng pointed at the basin of blood on the table and asked Qi Xibei.

When the blood just flowed out of Wen Guqun's body, it smelled terrible. But now, after the blood had coagulated, the smell was not as terrible. It should have evaporated.

However, the blood was poisonous.

Although they didn't know what kind of poison it was, it was poison. It wasn't anything good.

He did not know how to deal with it.

Qi Xibei looked at the basin of black blood and shook his head.” Keep it. I still have a use for it.

Was it still useful?

Everyone’s expressions were a little strange.

What use could this poisonous blood have?

As soon as this thought appeared in his mind, Qi Xibei looked at General Wen Luochun.

“I think that this poisonous blood should be able to be used on General Wen.”

As soon as he said this, everyone gasped.

What?

Could it be that he wanted General Wen to drink this poisonous blood?!

Thinking of this possibility, everyone’s faces darkened..

Chapter 2220: Chapter 2221-Able to Solve

Translator: 549690339

Qi Xibei looked at the strange expressions on everyone’s faces and was a little confused.

When he realized that their eyes were moving back and forth between the basin of blood and General Wen, he finally understood what they meant and could not help but laugh.

Their imagination was not small at all!

However, their guess was not completely wrong.

“General Wen, may I take your pulse?”she said to Wen Luochun.

“Of course you can.”

Wen Luochun nodded and sat on the chair in front of her.

Qi Xibei reached out to touch his wrist, then stopped there and pondered for a moment.

After a while, she opened her eyes.

“How is it?”

The others asked anxiously.

General Wen was their family’s anchor, and Qi Xibei’s appearance had brought them hope.

The move that Qi Xibei had just displayed had given everyone a lot of hope.

Such an outstanding divine doctor and alchemist would definitely be able to do

If she couldn’t do anything, then everyone really had no hope.

Qi Xibei frowned slightly when he saw everyone’s eager and pleading eyes.” The poison is very strong.”

These words made everyone’s expression stiffen, and their eyes instantly dimmed.

Did this mean that she couldn’t solve it?

Wen Juncheng’s heart, which was originally happy because of his son’s recovery, instantly sank.

However, he did not vent his anger on Qi Xibei. Instead, he forced a smile.” No matter what, thank you, Master Maverick.” This had happened too many times.

To them, such disappointment was normal.

General Wen was the most outstanding general in their country. Everyone was worried about his illness.

There were also many doctors who took the initiative to visit him, wanting to solve his problems.

However, more than half a year had passed, and the situation had not improved at all.

They were already disappointed.

It was normal that Qi Xibei could not do it now.

“The poison is strong, but it can still be resolved.”

Qi Xibei did not notice their reactions and continued.

These words stunned everyone from the Wen family.” W-what did you say?”

They were all dumbfounded.

Didn't they say that it couldn't be cured?

Or did they hear wrongly?

Qi Xibei looked at General Wen calmly." Fortunately, I found a suitable antidote today. Otherwise, it would indeed be very troublesome."

The appropriate antidote was, of course, the blood that flowed out of Wen Gu Qun's body.

Qi Xibei had noticed the problem when he saw General Wen earlier.

General Wen's situation was indeed different.

There was a black spot on his chin. This black spot was a little conspicuous, as it it was smeared with a piece of ointment.

As this black spot spread, General Wen's condition would become more and more serious.

However, the poison in the blood that flowed out of Wen Guqun's body was a good thing to resolve the poison in General Wen's body.

Fighting poison with poison was the best solution.

Actually, Qi Xibei was a little nervous before he came over.

Her medical skills were not bad. She could guarantee that there were not many people who could compare to her medical skills.

However, her medical skills were not bad, but her alchemy skills were not good enough!

If General Wen's poison was too difficult to cure and required a higher-grade medicinal pill to detoxify, then she would be at a loss.

However, he did not expect that the poison in Wen Guqun's body was mutually reinforcing and countering the poison in General Wen's body!

This coincidence was too timely!

General Wen also caught a different meaning from her words, and his expression changed.

“Gu Qun’s blood can cure my poison?”

Chapter 2221: Chapter 2221-Long Conspiracy

Translator: 549690339

“Yes.” Qi Xibei nodded.

Her admission made Wen Luochun’s expression turn even uglier.

This also explained his guess!

The poison in the Wen-Gu group was related to the poison in him!

But the scary thing was that Wen Guqun had been poisoned ten years ago.

In other words, at that time, someone wanted to stab the Wen family in the back.

He just didn’t know why that person attacked Wen Guqun. He was clearly just a child!

NO!

Wen Luochun’s expression changed instantly.” Is the poison that I’m poisoned with related to him?”

Qi Xibei raised his eyebrows. He did not expect him to be so sharp.

However, that was right. As a general who always won, if he did not have a sharp intuition, how could he win, let alone climb to such a high position?

“Yes.”

Qi Xibei nodded.” You were poisoned because of your contact with him.” As soon as he said this, everyone’s expression changed.

Especially Wen Juncheng, who seemed to have been struck by lightning.

His father was poisoned because of his son?!

When he thought of the connection, his expression immediately turned ugly.

Wen Guqun did not leave. When he heard this, he stood up in shock.

“Grandpa was poisoned because of me?!”

“That’s a little of the reason.” Qi Xibei nodded and did not continue to keep him in suspense.”General Wen was poisoned because he had been in contact with you for a long time and his resistance to poison had weakened. That was why he was poisoned. Otherwise, with General Wen’s strength, he wouldn’t have been poisoned so easily.”

As a Level Six Martial Arts Grandmaster, General Wen’s strength was naturally not that weak. His body was even stronger.

With such a strong body, it was naturally not easy to be poisoned.

However, he was still poisoned, and it was quite troublesome.

And this was because of Wen Guqun.

These words shocked everyone. Then, everyone became angry.

“In other words, someone started plotting this ten years ago and then attacked father?”

Wen Juncheng gritted his teeth.

They were not fools.

Qi Xibei had explained it so clearly that they understood.

Ten years ago, Wen Guqun was poisoned.

Although Wen Guqun did not have much contact with the old master, after so many years, they had been in contact with each other.

In the process of contact, the old man was infected by the poison of the group.

Slowly, the old man’s resistance to the poison weakened a lot.

And half a year ago, the old man was easily poisoned.

The person behind the scenes had actually started to attack the Wen family so many years ago!

Thinking about the meaning behind this, everyone shuddered.

This was too terrifying!

The Wen family had many enemies, but they had always met on the battlefield.

However, he did not expect that someone would actually use such a vicious method!

His thoughts were too vicious!

Wen Luochun also fell silent, his face gloomy.

He did not expect that someone would play such a trick behind his back! In order to destroy the Wen family, he actually started with a child!

“Grandpa!”

Wen Guqun looked like he wanted to cry.” I’m sorry, it’s all my fault!”

“Don’t say that.”

Wen Luochun shook his head.” This is none of your business. You’re just a child. What can you do? The one who really went overboard was the mastermind!”

At this point, his eyes turned cold.

At this moment, his War God aura, which was revered by everyone, instantly erupted.

“Right now, we have to first remove the poison in your body.”Qi Xibei interrupted Wen Luochun’s anger.

“Alright, then I’ll have to trouble you, Master Maverick. “Wen Luochun said respectfully..

Chapter 2222: Chapter 2224 -Detoxification

Translator: 549690339

Next, Qi Xibei took out his various tools.

Other than the silver needles, there were also various utensils needed to refine medicine.

In order to better detoxify the poison in Wen Luochun’s body, she had to make all kinds of preparations first.

When she came over earlier, she wanted to figure out General Wen’s situation first before making her next move.

She had never thought that the poison in General Wen’s body would be removed so quickly.

However, he did not expect to discover the problem with the Wenguqun as soon as he arrived.

With Wen Guqun's blood, Qi Xibei was even more confident.

Wen Luochun provided Qi Xibei with a room and told her to go in and prepare.

Half a day later, Qi Xibei came out with a bottle in his hand.

The poison in the Wen Gu Qun's blood had been extracted and turned into pills.

"That's enough. " Qi Xibei said.

"Alright, thank you, Master Maverick."

Wen Luochun was lying on the bed. His shirt had been taken off, revealing his chest that was full of wounds.

Such a chest made people feel awe at first glance.

This was the body of a general!

The scars on it were like medals, making people unable to help but respect it.

Although he was a sixth grade Martial Arts Grandmaster, it did not mean that Wen Luochun had not been injured before.

After all, weapons had no eyes on the battlefield.

Moreover, he was not a Level Six Martial Arts Grandmaster from the start. He had also walked step by step until now.

Some of the wounds had already disappeared, but more remained.

He did not use any ointment to remove the scars.

These wounds made people understand what he had experienced before.

There was a table beside Qi Xibei with her silver needles on it.

This time, she took out several packets of silver needles. There were hundreds of them in total.

Previously, when she treated Wen Guqun, she only used dozens of silver needles.

Now, to solve Wen Luochun's problem, he would need to use hundreds of silver needles.

Looking at the pile of silver needles, everyone from the Wen family's faces turned green.

If these were to be pricked, his body would become a porcupine, right?

Water might splash out when he drank a mouthful of water.

Wen Luochun lay on the bed with a calm expression." You can start now."

His calm appearance did not look like he was going to receive treatment for detoxification at all. It was as if he was just sleeping.

"Alright." Qi Xibei nodded and poured the pills out of the bottle.

It was a dark red pill the size of a peanut.

Seeing this color, everyone's throat moved and they could not help but take a step back.

This medicine was terrifying!

Moreover, the blood of the literary group should have been added to it!

Just thinking about it was disgusting and terrifying!

"Eat it."

Qi Xibei handed the pill over.

Wen Luochun took the pill, glanced at it, and stuffed it into his mouth.

That straightforward appearance did not delay at all.

Moreover, he did not doubt that Qi Xibei would do something to the pill. Qi Xibei was very pleased to see such a look of trust.

After taking the pill, he felt as if his body was burning.

"Lie down." Qi Xibei said.

"Yes."

Very soon, Wen Luochun felt a sudden burst of flames crazily coursing through his body, from his throat to other places.

Soon, the flames had spread all over his body, as if they were going to burn him to ashes.

Even though he had experienced all kinds of hardships, he could not help but frown at this moment.

Seeing how uncomfortable he was, Wen Juncheng and the others could not help but bite their lips.

“Oh, right. All of you, get out.” Qi Xibei turned around and frowned..

Although Qi Xibei did not mind the presence of outsiders during treatment, no one's gaze could affect her.

However, if the patient's family stayed here, it was easy for something to happen because of worry.

“Please leave first. My master needs to focus on the treatment!” Liu Yiya immediately stood up and cleared the others out.

Although the Wen family was unwilling, they still left obediently.

The old man's life was in Qi Xibei's hands. How could they dare to disobey him?

Moreover, there were so many silver needles that they felt their bones go numb. They kept feeling that these silver needles were going to fall on their bodies in the next second.

It was a creepy feeling.

In the end, only Wen Luochun and Qi Xibei were left in the room.

Although Liu Yiya was studying medicine refinement, she could also learn medicine.

The Yueya and Yueyuan sisters were still cultivating, and it was not yet time to develop other skills. However, they could still learn from such a rare scene, even if they couldn't learn anything in their current situation.

The three disciples stood beside Qi Xibei and watched her operate the needles.

Qi Xibei picked up the silver needles on the table and started inserting them.

Her movements were very fast. One after another, the silver needles fell on Wen Luochun's body in a certain pattern. They lined up in a row.

Liu Yiya and the other two watched Qi Xibei's actions. Towards the end, they felt dizzy.

They felt like their eyes were going blurry, but Qi Xibei's movements did not stop or slow down. He was still as fast as ever.

She did not seem to be tired at all, and the speed of the needle was still so regular.

An hour passed, and hundreds of silver needles landed on Wen Luochun's body. Qi Xibei was also drenched in sweat.

Looking over, one's heart could not help but beat wildly.

With so many silver needles on it, it felt like his skin was about to be pierced.

However, Wen Luochun's frown had already relaxed.

As the person being treated, he could clearly feel the changes in his body.

After taking the medicine just now, he felt as if a fire had been ignited in his body, burning him all over.

However, after being pricked by the needles, he could feel that the burning pain slowly faded.

It was as if all the flames had gathered together and flowed out along with the river.

These flames gathered together with Qi Xibei's movements and were very obedient.

The huge rock that was pressing down on his dantian was also moved away bit by bit.

He could clearly feel these changes.

Wen Luochun was shocked, but he remained motionless.

Of course, he couldn't move.

For the next two hours, Qi Xibei's hand flicked the silver needles back and forth, keeping them swaying.

After two hours, she finally began to withdraw the needles.

Unlike when she dropped the needle, she retracted the needle very quickly.

She didn't pick them up one by one, but pulled them out one by one, as if she was pulling out radishes.

As she moved, Wen Luochun could feel his body getting better.

When the silver needles in his chest and dantian were pulled out at the same time, Wen Luochun felt his stomach turn upside down.

In the next second, Qi Xibei's palm landed on his dantian.

The strong impact made him sit up abruptly, and a terrifying feeling surged in his throat.

He could not help but open his mouth to the side, and the thing in his throat immediately sprayed out.

Qi Xibei had already taken a large basin prepared by the side and placed it in front of Wen Luochun to block the pile of vomit..

Chapter 2224: Chapter 2226 -Helping to Find Someone

Translator: 549690339

Qi Xibei held his breath as he spat out the blood.

Liu Yiya and the other two almost vomited.

This smell was too terrifying!

The taste of the literary group was already shocking enough.

However, he did not expect that the blood that General Wen spat out would taste extremely terrifying!

The degree of terror was several times stronger than that of the Wengu Group!

The three of them couldn't help but rush out.

The door and windows were opened, and the terrible smell finally dispersed a little.

Qi Xibei's expression remained the same. He continued to hold the basin and let Wen Luochun vomit properly.

Wen Luochun felt his stomach churning and he could not stop for a long time.

The terrifying smell made him feel disgusted. The more disgusted he was, the more he vomited.

After vomiting so much, he slowly got used to the smell.

After he vomited it all out, he felt refreshed. However, his expression was also very interesting when he saw the basin of blood in front of him.

After he was done vomiting, Qi Xibei took the basin away and put it aside.

She then checked Wen Luochun's pulse and confirmed that he was fine before nodding.

"No problem."

Even without her saying it, Wen Luochun could feel the difference in his body.

Previously, he could feel that there seemed to be a stone pressing down on his dantian, preventing him from fully displaying his strength.

But now, the original stones had been moved away, and he felt refreshed.

He moved his body and gathered a stream of Yuan Qi in his hand.

His eyes lit up when he saw the difference in this ball of vital qi.

As expected!

Previously, his strength had been hindered, and he could not continue to advance after reaching Level Four.

But now, he could feel that there was still plenty of energy in his body.

Although he couldn't use it for the time being, it was much better than before.

"The poison has just been detoxified. It will take a few days for me to fully recover my original strength." Qi Xibei said.

"Alright, thank you so much! I really don't know how to thank you!"

Although Wen Luochun was experienced and prudent, at this moment, his eyes were filled with tears.

He thought that he would be like this in the future.

He did not expect that it would actually be fine now!

The recovery came so quickly that he was a little dazed.

"If you want to thank me," Qi Xibei smiled. "I need your help with something."

"Please speak!"

Wen Luochun immediately nodded. "As long as we can help, we won't decline!"

Qi Xibei had saved his life!

"I need to find someone. He should be in Xuan City."

"Alright, if you provide us with the information, we will definitely look for it carefully!"

"There's no need to find him. I feel that he might be by the Crown Prince's side." Qi Xibei's words surprised Wen Luochun. "Crown Prince?"

"Yes."

Qi Xibei nodded. "He should be by the Crown Prince's side. I need your help to confirm this."

"Good!" Wen Luochun immediately nodded. "I understand. I'll get someone to investigate."

Since there was such news, it was even easier to find.

"Alright, you can tell them about your situation now." Qi Xibei added.

Unexpectedly, Wen Luochun shook his head. "I can't tell you yet."

Qi Xibei raised an eyebrow. "Why?"

The poison had already been cured, so why couldn't he say it? However, she quickly reacted. "You have a suspect?"

Wen Luochun's expression was a little complicated. "Yes."

He looked up at Qi Xibei. "So, I hope that Master Qi can tell them that my poison hasn't been cured."

"Alright." Qi Xibei had no objections.

As long as Wen Luochun was willing to help her find the person, it would be fine.

She would not participate in anything else..

Chapter 2225: Chapter 2227-Let's not talk about it first

Translator: 549690339

Qi Xibei also expressed his support for Wen Luochun's decision.

Wen Luochun's poison was related to Wen Guqun.

And the poison in the Wengu Group was something that happened ten years ago.

This meant that someone had been spying on the Wen family for a long time.

If he knew that Wen Luochun had recovered, who knew what he would do.

He had to take advantage of this period of time before the other party could react to find him.

If the other party did not find him, who knew what would happen next?

Wen Luochun didn't want anything to happen to everyone in the Wen family.

Thinking of this, he could not help but think of the children who had died on the battlefield.

Those children were in trouble because of him!

Therefore, he had to avenge the children!

Although he wasn't sure if the children's deaths were related to the person who poisoned them, he couldn't let them go.

"Then I'll have to trouble you, Master Maverick." Wen Luochun was very respectful.

After this incident, he was completely convinced by Qi Xibei.

He clearly looked about the same age as Wen Guqun, but his strength was not ordinary.

The youngest high- grade alchemist here was already at least fifty to sixty years old.

Qi Xibei had become a high-level alchemist at such a young age. Furthermore, he had such high attainments in medicine. This was incredible.

He did not know where she came from to have such strength.

“Yes.” Qi Xibei nodded and took out another bottle.” If you don’t want others to know that you’ve recovered, this can help you.”

Wen Luochun took the bottle and opened it. There were some yellow pills inside.

“After eating this, your pulse will be the same as before.” Wen Luochun was even more surprised.” There’s such a thing??”

This was really strange.

Previously, when Qi Xibei was making preparations, she had chosen to turn the remaining blood of the Wenguqun into this pill because there was still a lot left.

Although she did not know what it could be used for, she had always been used to storing all kinds of strange things.

Previously, she did not have a storage ring, so she could not use it.

But now, she had a storage ring and could store anything. She did not have to worry about storage at all.

Since that was the case, it didn’t matter if he did more.

Her hoarding habit could be put to use at this time.

“Although your pulse is the same, your strength is not affected.” Qi Xibei explained.

Wen Luochun nodded and solemnly put away the bottle.

It would definitely be useful in the future.

Next, it was time to find the others.

Wen Luochun put on a weak look, his face a little pale. Seeing him like this, the others were a little nervous.

“Master Maverick, how’s my father? Wen Juncheng asked nervously.

“This...”

Qi Xibei adjusted his expression and sighed helplessly.” I’ve tried my best.” However, there was no way to completely cure it now. This poison was too vicious.”

They had been hoping that their father would be fine, but Qi Xibei’s words immediately silenced them.

Even Master Maverick couldn't solve it?

Qi Xibei's eyes scanned the crowd and said seriously, "However, there is a way to cure the poison in General Wen's body."

"What can we do?"

Wen Juncheng immediately panicked.

"This will take some time." Qi Xibei smiled. "But now, he has already recovered his strength to Level Five. If he could find suitable herbs later, he would be able to cure it completely very quickly.."

Translator: 549690339

These words made everyone heave a sigh of relief.

Among this group of people, Qi Xibei noticed that there was someone who had an odd expression.

When he heard that Wen Luochun's poison had not been completely cured, he heaved a sigh of relief.

Later on, when Qi Xibei said that he could continue, his expression became a little nervous.

What Qi Xibei had discovered, Wen Luochun had naturally discovered as well.

After all, he wanted to do this himself.

At this moment, Wen Luochun's expression was a little silent and disappointed, but he couldn't tell what was wrong.

"Then I'll have to trouble Master Maverick!"

Although Wen Juncheng was disappointed, he still thanked him respectfully.

Qi Xibei was able to restore his father's strength to level-five, which was already very good.

The doctors from before could at most stop his strength from declining.

Previously, Wen Luochun had already reached the edge of the fourth level and was still going to slide down. The weakening of his strength was really unbearable.

Now that Qi Xibei was able to make Wen Luochun's strength return to Level 5, it was already a huge surprise for the Wen family.

It was just that Qi Xibei had completely cured the poison in Wen Guqun's body just now. That kind of proficiency and superb ability gave them a lot more hope.

It was precisely because his expectations were too high that he felt that the gap was too big.

Fortunately, Wen Juncheng was not an unreasonable person and quickly adjusted himself.

Wen Guqun looked at Wen Luochun guiltily.

If it wasn't for him, Wen Luochun wouldn't have ended up like this.

Wen Luochun's wise eyes scanned the crowd and quickly read their minds.

He patted Wen Guqun's hand comfortingly." Don't think too much. This has nothing to do with you.'"

What use could a child have in this matter? He had no idea that he was being used as a bridge.

"Yes."

Wen Guqun bit his lips, but he still felt very uncomfortable.

"Master Maverick, why don't you stay here today? It's already late."

"No, I have a place here too." Qi Xibei shook his head." It's just two streets away.

It's very close."

"Master, it's not safe there!" Liu Yiya immediately stood up.

"Not safe?" Wen Luochun was surprised." What's wrong?"

"That's right..."

"Yiya." Qi Xibei shook his head and interrupted Liu Yiya's complaint." Actually, it's nothing. I just offended someone, so I'm in a little trouble.'"

"Offended someone?"

Wen Guqun immediately jumped up,” You’re a high-grade alchemist! How could you offend someone!”

Qi Xibei was a high-level alchemist. Such an identity was sought after by everyone everywhere.

Of course, even if it was a high-grade alchemist, it also did not mean that there would not be people who offended them.

But the problem was that even if she offended someone, there would be more people who wanted to be on good terms with her!

Just like now, she had helped their Liu family, so she was naturally their benefactor.

Under such circumstances, who would dare to offend her?

Those with no problems in their brains wouldn’t go against a high grade alchemist over a small matter, right?

“It’s Princess Ruyi.” Liu Yiya said.

“Princess Ruyi?”

This name made everyone present frown.

Who didn’t know Princess Ruyi?

That was the unruly and arrogant existence of Xuan City!

Moreover, the Wen family and Prince Gong’s family were not on good terms.

Princess Ruyi was their enemy!

He did not expect Qi Xibei to provoke Princess Ruyi!

“So it’s her!”

Wen Guqun snorted,” You don’t have to worry about that.. We don’t get along with Princess Ruyi either! So, you guys should stay! She wouldn’t dare to come looking for me!”

Translator: 549690339

In the end, Qi Xibei did not stay.

Wen Luochun sent someone to follow her back.

These were the Wen family's personal guards. They were all loyal and their strength was not bad. They were at least at level four and above.

Such strength was considered an expert here.

With these experts, Princess Ruyi would not dare to act recklessly.

Of course, Qi Xibei believed that Princess Ruyi would not have time to harass her soon.

To outsiders, Wen Luochun had not recovered yet, but she knew clearly that Wen Luochun's body was no longer a problem.

Even if his Qi and blood were a little lacking, the Wen family had many tonics that they had treasured for many years. After eating them, Wen Luochun's body would get better.

After Wen Luochun recovered, he could start to deal with these things.

Although he didn't know who did it, it must have something to do with Prince Gong.

After all, everyone knew that Prince Gong and General Wen were sworn enemies!

Previously, when Wen Luochun was poisoned, Prince Gong had publicly expressed his schadenfreude.

Everyone knew that the two of them did not get along.

If General Wen had not been poisoned during the war with the MO Lin

Kingdom, everyone would have thought that this was Prince Gong's doing.

Wen Luochun did not suspect Prince Gong before. After all, the poison was made by the MO Lin Kingdom. No matter what, Prince Gong would not cooperate with the MO Lin Kingdom.

But now, after knowing that Wen Guqun had been poisoned by the same type of poison ten years ago, his thoughts changed.

The person who attacked him was definitely someone from the current dynasty.

Prince Gong was also very suspicious. After all, the two of them had been at odds with each other since ten years ago.

Now that Wen Luochun's health had recovered, he had to investigate this matter.

Moreover, he had also discovered someone who had a guilty conscience.

From these people, he could naturally find out the problem.

Qi Xibei returned home with a few disciples. The bodyguards found their own positions and stood guard over the residence. At night, Qi Xibei quietly stayed in his room.

She was thinking about Qiao Yanyu.

She wondered when General Wen would find out about Qiao Yanyu.

But thinking about it, they should be able to find it very soon. After all, the target was the Crown Prince.

If Qiao Yanyu was in Xuancheng, he would have heard about her.

Oh right!

Qi Xibei immediately had an idea.

She couldn't find Qiao Yanyu, but she could ask Qiao Yanyu to come and find her:

No matter what, she was still a high-grade alchemist. If her name was publicized, it would definitely attract more people's attention.

When that time came, Qiao Yanyu would probably hear about her and come to her personally.

However, she did not really want to do such a thing.

Her goal here was not to become famous. Otherwise, she would have accepted a bunch of disciples and established a sect.

She just wanted to find Qiao Yanyu and return to Earth with him.

If he became too famous, it would cause a lot of trouble.

Not to mention anything else, the Third Prince would definitely be lingering around.

However, if they couldn't find Qiao Yanyu, they could only do this.

However, before Qi Xibei could do that, Wen Luochun sent a message.

He had asked around and found out that there was indeed such a man by the Crown Prince's side.

However, before Qi Xibei could be happy, he threw another piece of news at him.

Qiao Yanyu wasn't in Xuancheng right now, but in MO Lin Kingdom.

As the Crown Prince's confidant, he was currently on an envoy to the MO Lin Kingdom!

This news stunned Qi Xibei.

Qiao Yanyu had actually become the crown prince's confidant?

What exactly happened?

Chapter 2228: Chapter 2230-Subordinate Relationship

Translator: 549690339

Qi Xibei was very surprised when he heard the news.

With Qiao Yanyu's character and strength, how could he possibly become the Crown Prince's trusted aide?

Before this, Qi Xibei had always thought that Qiao Yanyu had a friendship with the Crown Prince and had helped him out.

Their relationship was equal.

But he didn't expect that he would actually become the Crown Prince's trusted aide?

This was a subordinate relationship! A superior-subordinate relationship!

Qiao Yanyu had always been a superior and had never been a subordinate.

After he came here, he actually became a subordinate? What a joke!

Qi Xibei's brows were tightly furrowed.

Could it be that something had happened to Qiao Yanyu for him to be like this? For example, he had lost his memory?

Otherwise, as long as his brain was normal, he would not do such a thing.

Moreover, he was an Armament Master!

With Qiao Yanyu's strength, he should be a high-level Armament Master now.

As a high-level Armament Master, he could only be respected by everyone. It was impossible for him to become anyone's subordinate.

Could it be that something went wrong with his head when he crossed the plane channel?

Or perhaps, something unexpected had happened that allowed the Crown Prince to control it?

Qi Xibei's mind was filled with all sorts of thoughts, and his expression was very ugly.

If Qiao Yanyu was in Xuancheng, she could still go over and ask him directly.

But now, Qiao Yanyu was still in the imperial capital of the MO Lin Kingdom, which was very far away from here.

If she went over, she might not be able to meet him.

If the Crown Prince found out about their relationship, who knew what kind of trouble it would be?

Qi Xibei was a very cautious person, especially in this world.

This was not Earth, not a place where they could do whatever they wanted.

There were too many experts here.

Although Qi Xibei was confident in her own strength, there were many people who were stronger than her!

Facing those experts, there was really only death.

Before they understood everything, they could not be exposed.

However, when she thought about what happened next, her expression turned even uglier.

After hesitating for a while, she went to find Wen Luochun.

She wanted Wen Luochun to help her find out what was going on.

Fortunately, Wen Luochun knew that she was very concerned about this matter, so he didn't give up after finding Qiao Yanyu's whereabouts.

Wen Luochun soon got his answer.

"What did you say?"

After hearing Wen Luochun's answer, Qi Xibei's expression turned ugly.

What did he mean by ‘he was originally the Crown Prince’s side!?’

Didn’t Qiao Yanyu come with her? They had returned to this world for at most two months.

It had only been two to three months, so why was it said that Qiao Yanyu had always been the crown prince’s subordinate? What a joke!

Wen Luochun’s expression was a little serious.” That’s the news I received. The person you mentioned has been by the Crown Prince’s side for a very long time. However, he rarely showed his face and kept a low profile, so many people don’t know of his existence. But as far as I know, he was already by the Crown

Prince’s side ten years ago.”

Ten years ago?

Qi Xibei widened his eyes and blurted out,” Impossible!”

How could Qiao Yanyu have been by the crown prince’s side ten years ago? Ten years ago, Qiao Yanyu was on Earth!

Even with his identity as the youngest junior brother, it was impossible for him to be by the Crown Prince’s side ten years ago!

This was too ridiculous!

Wen Luochun didn’t say anything and just looked at her.

He had no choice. That was the news he received.

Qi Xibei fell silent.. Could it be because of the time difference?

Chapter 2229: Chapter 2231-Personal Investigation

Translator: 549690339

Qi Xibei shook his head as soon as he thought of this.

Impossible!

Although the plane channel was a little complicated, she could not guarantee that she would be able to understand the situation inside.

However, they had come together. It was impossible for her to have arrived at this time while Qiao Yanyu had returned to ten years ago.

If that was the case, wouldn't Jiang Rongguang be able to return to twenty years ago?

It was impossible for three people who came together to appear at different times.

In that case, why did Qiao Yanyu come here ten years ago and become the crown prince's trusted aide? This was very puzzling.

Or was this person not Qiao Yanyu, but someone who looked similar?

This thought lingered in Qi Xibei's mind, making her frown.

"Thank you for your help."

No matter what, she still thanked Wen Luochun.

It wasn't easy to find this information, especially when they had to investigate the Crown Prince.

Wen Luochun was a general and had a subordinate relationship with the Crown Prince. If the Crown Prince found out that he was investigating him, it was very likely that there would be a problem.

"You're welcome." Wen Luochun shook his head. "If it weren't for you, Master Maverick, I wouldn't be doing so well now."

It should be said that Qi Xibei had saved him, so he had the chance to help her.

"I will continue to investigate. If there are any problems, I will inform you." Wen Luochun said.

"Alright, then I'll have to trouble you." Qi Xibei nodded.

However, after handing this matter over to Wen Luochun, Qi Xibei had to personally investigate it.

She had to investigate this matter properly before she could rest assured.

She just couldn't understand why Qiao Yanyu had become like this.

He had thought that Qiao Yanyu was also looking for him, but he had not expected that he would become the Crown Prince's trusted aide and even go to other countries!

"By the way, did you receive news that someone is looking for a girl who looks like me?" She asked Wen Luochun.

Wen Luochun thought about it and shook his head.” No. These days, no one had heard of any missing girls, and no one needed to look for them.”

Qi Xibei fell silent.

Therefore, Qiao Yanyu had no intention of looking for her.

So, was this really Qiao Yanyu?

No matter what, Qi Xibei still chose to act on his own.

Previously, he had wanted Wen Luochun to help him investigate.

Now, she needed to do it herself.

The next day, Qi Xibei let his three disciples cultivate at home. After changing their appearances, they left the house.

Although she had been in Xuan City for a few days, she did not have time to understand the situation here.

Xuan City was indeed the capital. The streets were much more prosperous than Sunnywood City, and there were even more people than before.

Qi Xibei’s current appearance was ordinary and he still looked like a man.

In addition, she was slightly hunched over, making her look even more inconspicuous.

Few people would notice her when she walked on the street.

Soon, she arrived at the inn where she had stayed before.

The people who came and went in this inn were all rich people. From their clothes, one could tell that they were either rich or noble.

Qi Xibei paced back and forth not far from the door, carefully observing the situation inside.

After half a day, she also figured out the situation inside.

There were many waiters in this inn. Because they earned a lot, they were all very energetic.

After staring at them for a long time, Qi Xibei finally found his target.

In the evening, many of the waiters went home from work. Qi Xibei found someone and gave him some money to help him act..

Chapter 2230: Chapter 2231-Saving a Waiter

Translator: 549690339

Xiao Ma was a waiter in the Yiyang Inn. He usually ran errands for customers. Although it was tiring, he earned a lot.

Yiyang Restaurant was the most famous inn in Xuan City. If it wasn't for his good looks, eloquence, and knowledge of pleasing customers, it wouldn't have been so easy to enter.

It was just that he was very unlucky today.

They usually got off work at night, and it was quite late when they returned home.

Usually, no matter how late it was, there were no problems.

However, he did not expect to encounter a robbery when he passed by the alley that he usually passed by.

A third-grade Martial Master actually came to rob him?!

With that ability, becoming a mercenary or a guard was not a problem!

He was just an ordinary beginner martial apprentice. How could he defeat the other party?

Wasn't this life-threatening?

Fortunately, when he was screaming for help, a man came over and beat the robber away in a few moves, saving him.

The benefactor who saved him looked ordinary, but he was very powerful.

It wasn't easy for him to keep his life. Little Ma almost cried.

It wasn't easy!

He had a fifty-year-old mother above him, and below him...Ahem, he had not married yet and had no children.

But he was still young! He couldn't just die like this!

“Hero, thank you so much!”

Xiao Ma cupped his fists at the man.” If it weren’t for you, I really don’t know what I would have done!”

“It’s nothing. I’m just helping out when I see injustice.”

His benefactor looked ordinary and his voice was a little low, but there was not much of a problem.

“I still have to thank you. If not for you, I might have died here today!” Little Ma felt a lingering fear as he touched the silver notes in his pocket.

This was his monthly salary!

Perhaps it was because of this money that they provoked the robbers.

Fortunately, there were kind-hearted people helping!

“Where do you live? I’ll send you back.”

The man glanced at him and said,”You have so much money on you. It won’t be good if you meet someone blocking the way again. ”“ “How do you know I have money?”

Xiao Ma immediately covered his pocket vigilantly.

Could this be a robber too?

The man smiled.” Because I stayed at Yiyang House for a few days and saw you.”

These words shocked Xiao Ma.” You lived in Yiyang Building before?”

“But why haven’t I seen you before?”

Those who were able to stay in Yiyang Restaurant were all rich people!

However, he had no impression of this man!

“You haven’t seen me, but I’ve seen you. You’re in charge of Sky No. 2 Room, and I’m in Sky No. 1 Room.”

“I see!” Little Ma was enlightened, but he was still a little vigilant.

Who knew if he was lying to her?

Seeing that his suspicion was still there, the man smiled.” I like the faucet there. With this thing, it was much more convenient to use water.”

These words made Xiao Ma finally heave a sigh of relief.” That’s right! Our faucet is not ordinary!”

Those who had used the faucet should have indeed lived in Yiyang Building.

Otherwise, how would he know about such a treasure?

Even if others had heard of it, they would not have the concept of it if they had never seen it before.

“I originally wanted to buy a faucet, but your shopkeeper was unwilling to tell me where I bought it. “The man sighed.” I didn’t expect to meet you here

today. “”

As soon as he said this, Xiao Ma heaved a sigh of relief.

It was good that he had a request.. He was even more afraid that he was a robber who came for money!

Qi Xibei followed Xiao Ma and soon arrived at his house.

Xiao Ma lived on a street a little far from the city center.

There were many things and buildings here, and it looked very noisy. It was not as quiet and orderly as the city center.

Because of her ” honesty,” the pony believed her and was not as wary of her as before.

However, Xiao Ma also said that he did not know about the faucet. He only knew that these things were made more than a month ago.

“A month ago? Didn’t you use it long ago?”

Qi Xibei was surprised.” I thought I had already used it!”

“Of course not!”

Xiao Ma waved his hand.” This was just made a month ago. It was said that it was created by a master. It’s not easy!”

When talking about this thing that made them proud, Xiao Ma could not help but speak with confidence.

“Other than the faucet, you should have seen the lights in the room, right?

That’s good stuff...”

Qi Xibei nodded. The lights in the room were not ordinary either.

It could be said that the room she had stayed in before was somewhat similar to the hotel room she had stayed in on Earth.

At least in terms of convenience, they were somewhat similar.

For example, lights.

The inns here used kerosene and candles. Some of the more expensive inns used glowing ores.

For example, the luminous pearl.

However, there were not many of these things. Only high officials and nobles could use them.

However, there was a lamp that she was very familiar with in Yiyang

Restaurant!

Qi Xibei had been very concerned about the faucet, but he did not care about the lights.

“These were all made by the same master...”

Qi Xibei casually complimented him, and Xiao Ma continued blabbering on.

To be able to be a waiter in Yiyang Restaurant for so long and still be able to do well, Xiao Ma was also a chatterbox.

Seeing that Qi Xibei was interested in these things, he told him.

In any case, as long as Qi Xibei was not interested in his silver notes, that would be for the best.

From Xiao Ma's explanation, Qi Xibei learned that Yiyang Restaurant had been renovated in just over a month.

There were many special things added to it.

For example, a faucet that could only be used without fetching water, a lamp that did not require kerosene, and a soft mattress...

These were all done more than a month ago.

With this, their Yiyang Restaurant instantly became a popular inn in Xuan City.

The guests who came once wanted to come again.

After all, it was too comfortable here, unlike other inns.

After the other inns learned of the changes here, they also wanted to learn.

There were still people who came to investigate the situation.

It was just that the shopkeeper had hidden these contents tightly and absolutely did not let anyone know.

Xiao Ma did not mind being exposed because he did not know much!

What he said now was what he could say on a daily basis and what he often said to his guests.

Therefore, he did not feel any pressure telling Qi Xibei about this.

Qi Xibei laughed as he listened to his bragging. After he was done, he asked a few more questions before giving him a banknote and leaving.

Looking at the hundred taels of silver notes in his hand, he was dumbfounded.

What happened?

He had a fifty taels silver note hidden in his bosom. He was worried that others would covet his money.

However, he did not expect that the other party would directly give him a hundred taels!

This change left him dumbfounded.

Qi Xibei, who had gotten the information she wanted, did not care about the money at all. She was more concerned about the timing.

Xiao Ma's explanation confirmed her guess.

Qiao Yanyu's timeline was no different from hers!

Chapter 2232: Chapter 2233 -Meeting an Acquaintance

The changes in Yiyang Tower had only begun a month ago.

If Qiao Yanyu had always been by the crown prince's side, he would have started to change a long time ago. It was impossible for him to start changing now.

Hence, Qiao Yanyu's arrival time was definitely the same as hers.

Of course, if Jiang Rongguang didn't die, it would be the same.

Since he knew that Qiao Yanyu's timing wasn't wrong, he must have had some problems.

As for what the problem was, Qi Xibei did not know for a moment.

However, she didn't have time to think too much about it now because she discovered something unexpected on her way back.

It was a long journey from where Xiao Ma lived to where she lived. It would take a long time. If they did not travel at full speed or ride a horse, it might take an hour.

Qi Xibei walked back while thinking about something.

However, when she passed by a quiet street, she heard some strange sounds.

She turned around curiously and saw a familiar face.

Princess Ruyi.

It was actually Princess Ruyi?

This made Qi Xibei raise his eyebrows. What a coincidence!

She had been here for a few days, but she had only met Princess Ruyi once, and nothing good had happened.

With the protection of the Wen family, Princess Ruyi did not act rashly.

However, Qi Xibei also knew that there was no way they could just let it go.

However, he did not expect to meet Princess Ruyi here.

It was already late, and there was no one around.

There was no curfew here, but there were no streetlights. Not many people were wandering outside at this time, and it was so quiet here.

Therefore, it was very strange for Princess Ruyi and the others to appear here.

It was already so late. They must have something to do.

Qi Xibei jumped onto the roof, found a place to hide, and carefully listened to their conversation.

“Catch that bastard and bring him here!” Princess Ruyi was still dressed in bright red clothes. She swung her whip and said arrogantly, “How dare you snatch my things!”

The man who was caught by her subordinate raised his head and spat at her.”

Pah! Who said that thing was yours! Shameless!”

Princess Ruyi snorted.” This is my Imperial Uncle’s territory. Of course these things are mine.”

The so-called imperial uncle was naturally the emperor.

Her mother and the emperor’s concubine were sisters, but her father and the emperor were also brothers of the opposite sex, so she called the emperor uncle, which was closer.

In her eyes, she was the most favored princess. Although she was only a princess now, she had everything she wanted.

As long as she took a fancy to it, it would definitely be hers!

“Hurry up and hand it over. Otherwise, haha...”

The man turned his head stubbornly when he saw Princess Ruyi’s cold smile.” You can kill me or cut me up if you want!”

“Is that so?” Princess Ruyi smiled.” Bring him back!”

“Yes, sir!”

Soon, this person’s mouth was covered and he was brought back.

The place returned to silence.

Qi Xibei’s interest was piqued when he saw this, and he followed them back.

He thought they were going back to the Gong Prince’s residence, but he didn’t expect them to go somewhere else.

Along the way, it was not that no one discovered their whereabouts, but no one dared to disturb them.

Especially when they saw the red dress, everyone shrank their heads back, afraid that they would provoke this willful little devil.

Thus, they arrived at their destination smoothly.

It was a quiet little house, a little far from the surroundings..

Seeing that he had been brought here, the man’s expression was very ugly. However, his mouth was covered and he could not speak.

As the distance between them deepened, his expression became even uglier.

After entering the room, they finally stopped.

The cloth covering the man’s mouth was also removed.

However, before he could say anything, a pill was stuffed into his mouth.

His expression changed drastically. He wanted to spit it out, but his mouth was blocked. Then, he lifted his chin and the pill slipped into his throat.

His expression turned even uglier.

“What did you feed me?”

“Of course, it’s something that can make you tell the truth.” Princess Ruyi stood in front of him arrogantly. “Hurry up and tell me what you know, and I’ll let you die quickly!”

“I don’t...Ah!”

Before the man could say anything, he felt his stomach churning.

The pain made him curl up and almost vomit.

Princess Ruyi smiled when she saw him rolling on the ground.” You’d better tell me quickly. Otherwise, you’ll suffer even more! “”

“I won’t!” The man gritted his teeth.

However, no matter how determined he was, he could not stop the pain in his body.

The corrosive properties of the pill were especially strong. It was like sulfuric acid, slowly corroding his muscles and bones. The pain went straight into the depths of his soul.

The man’s face was pale and cold sweat broke out.

During this time, Princess Ruyi had gotten someone to give him a lot of medicine.

In the end, the man couldn’t help but reveal the location of the item.

“.. The thing was... In Jiaoyang Manor...In the backyard...In the second room, under the third drawer...

Three, three inches underground...”

The man said the address with difficulty and gritted his teeth.” Give me a quick death!”

After getting the information she wanted, Princess Ruyi smiled.” Very good.

When I find it, I will naturally give you a quick death.”

The man was almost out of shape and only wanted to die quickly.

“Go and find it.” Commandery Princess Ruyi immediately sent someone to get the things.

“Yes, sir!”

The others immediately nodded and left quickly.

After a quarter of an hour, the few of them returned with ugly expressions.

“Princess, the thing is gone!”

What?!”

Princess Ruyi was immediately enraged.” What did you say?! What do you mean by gone?”

“When we went over just now, the thing there was already gone! The soil has just been dug up!”

In other words, the item was inside, but it had been taken away in advance.

Princess Ruyi’s expression immediately turned ugly when she heard this.” Are you lying to me?”

The few of them immediately knelt on the ground.” I really didn’t! The little ones went over together and saw this situation!”

The miserable person beside him suddenly laughed. Serves you right!” It would be great if someone took it away!

Although he couldn’t bear the pain and told them the place. However, it was also a good thing that the item was taken away in advance.

“Bastard! ”

Princess Ruyi swung her whip and it landed on the man’s neck.

With a thud, the man quickly lost his breath.

Princess Ruyi stomped her feet in anger.” Investigate! Someone must be up to something!”

As for who the culprit was, it was not so easy to find out.

Seeing that Commandery Princess Ruyi was about to go berserk and punish these people, a man stepped forward.” Commandery Princess, don’t be angry. The Clear Ice Rainflowers are about to ripen. Let’s get down to business first.”

These words made her rage instantly stop..

Chapter 2234: Chapter 2236 -Level 6 Spiritual Plant

That’s right! Ice Rain Flower!

That was the level-six spiritual plant, Ice Rain Flower!

This was an extremely rare spirit plant.

Even though she was a princess and her father was a prince, she rarely had access to such precious spiritual plants.

If he could obtain the Level 6 Clear Rainflower Ice for his father, his father would have a high chance of advancing!

As long as his father became a Seventh Grade Martial Emperor, his status would be even more different!

Prince Gong was originally the prince here. If he was stronger, then he would be even more awesome.

Thinking of this, Princess Ruyi's anger finally subsided a little.

Clear Rain Flower had also ripened in the past few days.

Originally, Princess Ruyi had thought that she would first obtain the treasure map and then obtain Purity Rainflower. That would make her father even happier.

However, he did not expect that someone would take the treasure map away in advance!

Fortunately, there was still Purity Rainflower.

Princess Ruyi took a few deep breaths and suppressed the anger in her heart." Alright, you guys continue to investigate this matter. The rest of you, follow me to find Purity Rain Flower!"

They already knew where Purity Rainflower was.

However, there were still a few more days before the Transformed Ice Rain Flower would mature, so there was no rush.

Furthermore, Purity Rainflower had a guardian beast by her side.

They had wanted to get rid of this guardian beast as soon as possible, but that damned beast was too cunning and did not give them a chance to get close at all.

Both sides were waiting for the time when Clear Rain Flower would ripen, and then they would decide the victor.

Next, everyone split up.

Some of them were responsible for finding the treasure map that had been stolen, while others were responsible for finding Purity Rainflower.

However, Princess Ruyi was still very angry when she thought about the treasure map.

If it wasn't for the fact that she still had to deal with Purity Rainflower, she might have already punished these servants.

If they had not arrived too late, the treasure map would not have been stolen!

She didn't know which d * mned b * stard had actually snatched her things!

If she found that person, she would definitely tear him into pieces! He actually dared to snatch this great aunt's things!

Qi Xibei, who had snatched the treasure map, got up from the ground with a silent expression. He lowered his head quietly and listened carefully to their conversation.

The one who took the treasure map was, of course, Qi Xibei.

Before these people went over, she had already gotten the item.

It turned out to be a treasure map, and the material was very strange.

After that, she did not leave immediately. Instead, she disguised herself as one of the guards and returned to Princess Ruyi.

She received another piece of good news.

They actually had information on Purity Rainflower!

Purity Rain Flower was good stuff!

It seemed that he could obtain another treasure.

Qi Xibei might not have snatched it from someone else.

However, who asked Princess Ruyi to discover these things?

Moreover, weren't these kinds of natural treasures all for the capable?

Qi Xibei sneered in his heart and followed the others back to make preparations.

Next, they had to go into the forest.

After all, it was a level-six spirit plant. It grew in the depths of the forest, and there were many dangers around it.

Therefore, he had to make all kinds of preparations before he dared to go deep.

Furthermore, the guardian beast guarding Purity Rain Flower was definitely a sixth grade spirit beast.

Even Qi Xibei could not guarantee that he would be able to deal with a sixth-grade spirit beast. Therefore, she was prepared to stay by their side. When the situation was more or less the same, she would come out and reap the benefits.

For the next two days, Qi Xibei locked himself in his room and carefully made all sorts of preparations. After filling up his storage ring, he changed his appearance and went to Princess Ruyi's side.

Then, everyone set off together..

Chapter 2235: Chapter 2237-Flying Cloud Leopard

There was a large forest outside Xuan City. On the other side of the forest was another country.

On this continent, there were green forests everywhere.

The forest provided abundant spiritual energy, allowing both humans and spirit beasts to cultivate.

Therefore, no one went to Clit down the forest-

The more forests there were, the more spiritual energy there would be, but there would also be more spirit beasts.

Clear Rain Flower looked like a glass flower, very beautiful.

It could be said that danger and opportunity coexisted in the forest.

For example, this time's Purity Rainflower.

However, there was a guardian beast beside her.

Guardian beasts were usually very ferocious and would never let their things be taken away by humans.

This time, Princess Ruyi's men discovered the Icy Rain Flower and immediately reported back.

After knowing the existence of this thing, Princess Ruyi immediately sent people to guard it, but she did not tell her father.

Because she wanted to use the Ice Rain Flower to please her father and give him a surprise.

However, if he didn't tell his father, there wouldn't be such a strong expert in their group.

Fortunately, they were humans and did not need to fight alone. They could move together.

As long as the team worked well, they would naturally be able to snatch the item from the Guardian Beast.

This time, they had set off before Clear Ice Rain Flower matured.

There were a total of thirty people who set off together this time.

Qi Xibei was among these thirty people, and he was not eye-catching at all.

Because there were too many people, the surrounding spirit beasts did not dare to approach them.

After all, they couldn't defeat so many people.

Moreover, these people did not attack him, so they naturally would not act rashly.

Thus, they successfully arrived at the place where Purity Rainflower was.

There were already ten people guarding this place.

Among these ten people, there were two Fifth Grade Martial Marquises, and the rest were Fourth Grade Martial Honors.

After the two sides met up, there were more than forty people in total.

Even though they might not be able to guarantee victory against a Sixth Grade Spirit Beast, it shouldn't be too much of a problem.

Besides, they couldn't deal with this spirit beast, so they just had to restrain it and take down Purity Rainflower.

"Princess."

Seeing Princess Ruyi, the man in the lead immediately stepped forward.

“Well, how is it now?”

In front of this Level 5 expert, Princess Ruyi was not as arrogant as before.

Although she was willful and arrogant, she was also sensible.

When facing an expert, he naturally wouldn't show any expression.

“It will mature tonight.” “Fortunately, you're here. Otherwise, we wouldn't be able to guarantee success,” the middle-aged man said seriously.”

That damned leopard was hiding somewhere else, not showing its head at all. It was just waiting for Clear Ice Rain Flower to ripen.

If it suddenly appeared at the moment it matured, they would not be able to deal with it.

After all, this was really too difficult.

“Alright, I'll do it. What about the Flying Cloud Leopard?”

The Flying Cloud Leopard was the guardian beast of Purity Rain Flower. It was also a sixth grade spirit beast.

A sixth grade spirit beast's strength was not ordinary.

If he was strong enough, he could even match a Seventh Grade Martial Emperor!

Princess Ruyi could be arrogant in Xuan City, but here, she was not the boss.

“Not far away, it's hiding.”

“Alright, then let's settle it first. “Princess Ruyi said,” Once it's settled, the rest will be easy.”“

“Alright.” The man nodded. “I've already found its hiding place these few days.”

“Alright, let's go together.”

If they worked together, they would definitely be able to get rid of this Flying Cloud Leopard before it matured!

Chapter 2236: Chapter 2238-Finding the Flying Cloud Leopard

The Flying Cloud Leopard was a very fast spirit beast, but it was relatively less aggressive.

However, it was a Sixth Grade Spiritual Beast after all. It was a piece of cake for it to fight against warriors below Fifth Grade.

If it wasn't injured, it would have killed these humans long ago.

However, the Flying Cloud Leopard was injured.

He was injured when he fought with other spirit beasts.

It was precisely because it was injured that it did not kill these humans in advance.

He did not expect that there would be so many humans now.

It was precisely because of the appearance of these humans that the Flying Cloud Leopard had hidden itself. It would not appear before the Ice Rain Flower matured.

However, Princess Ruyi would not let the Flying Cloud Leopard stay here. What if he appeared at that time?

She had only just found out that the Flying Cloud Leopard was injured.

Since he was injured, it was even easier.

If he did not take this opportunity to destroy it, when would he wait?

Originally, she only wanted to restrain the Flying Cloud Leopard and then take the spirit plant.

But now, their plans could be changed.

The leading Fifth Grade Martial Marquis looked at the group of people. After understanding their strength, he began to give orders and distribute them.

Qi Xibei was one of them, so he naturally had to act together.

She held the weapons that were distributed to her, and her expression was the same as the others, nervous and excited.

The man said to find the Flying Cloud Leopard first, and the group of people immediately used medicine to attack it. Then, the others attacked with all kinds of weapons, and some people used nets to trap them.

If the Flying Cloud Leopard knew what was good for it and ran far away, that would be fine.

If it didn't listen and insisted on fighting with them, it would be dead meat.

Princess Ruyi was very satisfied after hearing the man's plan. Sure enough, with experts around, things were much simpler.

"Alright, we'll do that later!"

She said to everyone, "If you can get the Ice Rain Flower, I will reward you handsomely." If I fail..."

Her face turned cold and she sneered. Her attitude was fierce.

She was determined to win this time.

If they failed, everyone would be punished!

Everyone knew her personality, so they naturally knew that her threat was not fake.

Everyone nodded, not daring to say anything.

"Yes, sir!"

"Alright, let's begin. It'll be dark soon."

With Princess Ruyi's order, everyone began to move.

Qi Xibei, as one of them, naturally had to act together.

However, the forest was so big that it was not easy to find a Flying Cloud Leopard inside.

Everyone spread out. If there was any news, they would immediately inform the others.

Qi Xibei spread out his mental power and carefully checked his surroundings.

After searching for a while, she suddenly froze.

Because she felt a different aura.

She looked up and was shocked.

The Flying Cloud Leopard was above!

The Flying Cloud Leopard was actually hiding on a big tree!

The tree was very tall, at least twenty meters tall.

The tree shade that blotted out the sun covered this place.

Moreover, the sky had already begun to darken. It was naturally even harder to discover the Flying Cloud Leopard hiding above.

Only Qi Xibei's sharp senses and powerful spiritual power could discover the Flying Cloud Leopard's existence.

The others were still searching the ground, but they couldn't find any trace of the Flying Cloud Leopard.

The Flying Cloud Leopard lowered its head and met Qi Xibei's eyes.

In the next second, its gaze became dangerous.

Qi Xibei's heart skipped a beat, and he immediately released his aura.

Then, the dangerous look in the Flying Cloud Leopard's eyes instantly softened..

It was useful!

Qi Xibei's tensed heart instantly relaxed.

Qi Xibei was a rare Nature Scholar, much more valuable than a Beast Tamer. Even here, there weren't many nature knights. Such an identity was very popular in front of spirit beasts and spirit plants.

If one was strong enough, they could even tame spirit beasts of the seventh or eighth grade and above.

With Qi Xibei's current strength, he could at most tame a sixth-grade spirit beast.

Of course, the seventh and eighth grade spirit beasts would not be hostile to her—if she did not do anything to provoke them.

The aura on her body was very peaceful, and they liked it very much.

Qi Xibei thought that if his aura was useless against the Flying Cloud Leopard, he would have to fight it head-on.

Fortunately, this Flying Cloud Leopard also liked her aura and immediately softened.

Originally, the Flying Cloud Leopard had put on an extremely vigilant appearance. Now, it immediately softened.

"I'll look here for a while. You guys go over there!"

Qi Xibei said to them. Her voice was hoarse, and one could not hear her original voice at all.

"Good!"

The others nodded and left the area.

This place was so big that they had to spread out to find the whereabouts of the Flying Cloud Leopard.

Since there was someone here, the others would go search elsewhere.

After the others left and made sure that there were no more problems, Qi Xibei sent her mental power toward the Flying Cloud Leopard.

The Flying Cloud Leopard was still on top of the tree, but it had already descended a distance and was no longer high up.

Although it felt that Qi Xibei's aura was very friendly, it did not dare to come down. After all, there were too many dangers here.

Of course, Qi Xibei did not let it down.

They could communicate using spiritual energy.

The Flying Cloud Leopard was a sixth grade spirit beast, and its mental power was very strong.

"Humans?"

"Hello,"

Qi Xibei was very polite." We can cooperate."

Her straightforwardness surprised the Flying Cloud Leopard.” Cooperation?”

Spirit beasts were very frank and straightforward. They would not beat around the bush, so Qi Xibei naturally would not beat around the bush. Besides, time did not allow it.

“Yes, cooperation. Let’s work together and take down Purity Rainflower.”

Upon hearing the name Clear Ice Rain Flower, the Flying Cloud Leopard’s aura immediately changed.

This human also wanted the Ice Rain Flower?

Sensing its change, Qi Xibei immediately said, “”Don’t worry, we can split it equally after we get our hands on Purity Rainflower. I believe that this should be a good cooperation.”

After all, it was a level-six spirit plant, and the energy it contained was not small.

Moreover, after the Clear Ice Rain Flower matured, there would be two fruits.

Therefore, each of them could have one.

“Although one may not be enough for you, if I don’t cooperate with you, I think you won’t be able to get one.”

Qi Xibei was not exaggerating.

Judging from Princess Ruyi’s determined reaction, this was the highest possibility.

Most importantly, there were so many people on Princess Ruyi’s side, and the Flying Cloud Leopard was injured.

Under such circumstances, it would not be easy for it to obtain the item.

The biggest possibility was that Princess Ruyi had caught it and then obtained the Pure Rainflower Ice.

Of course, there was another possibility-the Flying Cloud Leopard could choose to leave and not participate in the fight for the Ice Rain Flower.

However, that was impossible. The Clear Ice Rain Flower was extremely beneficial to it.

Now that it was injured, how could it be willing to give up just like that?

As a sixth grade spirit beast, the Flying Cloud Leopard’s intelligence was not low.

It hesitated for a while. After considering all aspects, it finally nodded..”

Alright, we can cooperate!”

After discussing the next course of action with the Flying Cloud Leopard, Qi

Xibei continued to ‘search’ for the whereabouts of the Flying Cloud Leopard.

In the end, the sky darkened, but they still could not find the whereabouts of the Flying Cloud Leopard.

Princess Ruyi was furious.

“How can there be none? Are you guys slacking off?”

She angrily pointed at everyone and scolded.

Everyone lowered their heads. Someone tried to explain in a low voice,” Princess, we really did our best. That Flying Cloud Leopard probably knows that we’re looking for it, so it doesn’t dare to come out!”

” You still dare to quibble?!”

Princess Ruyi’s expression instantly turned ugly. She pointed at the person who spoke and almost whipped him.

Fortunately, the master next to her immediately stopped her.” Princess, please calm down.” Actually, they weren’t lying. If they had really found the Flying Cloud Leopard, they would not have been able to hide it. Perhaps that beast already knows that we have so many people and doesn’t dare to confront us head-on, so it left.’

After being comforted, Princess Ruyi’s mood finally improved a little.

This was not impossible.

After all, there were more than forty people here.

With so many people gathered together, how could the Flying Cloud Leopard dare to come over?

After all, it was a sixth grade spirit beast. Its intelligence was already very high, and it knew how to weigh the pros and cons.

Of course, if the Flying Cloud Leopard really left, that would be the best news.

“Although the Flying Cloud Leopard might have left, we can’t let our guard down. If it ran out halfway, that would be bad.”

The man said to everyone with a straight face.

They couldn’t let their guard down before they got their hands on Purity Rainflower.

“Yes, sir!”

“Alright, get ready to move! The sky was already dark, and the flowers would bloom soon.”

“Yes, sir!”

Everyone nodded and walked towards Purity Rainflower.

Before the spirit plants matured, they would not be picked.

Although many parts of the spiritual plants could be used before they matured, the best part was still their fruits.

The ripe fruit contained a lot of energy, far more than the leaves and roots.

It could be said that the energy in the fruit was more than twice that of all the leaves and roots combined!

If it wasn’t a last resort, no one would make a move before the spirit plants matured.

Ice Rain Flower grew by the river.

Under the bright moonlight, Ice Rain Flower stood by the river. Her petals were crystal clear, like a beautiful crystal flower.

The leaves and branches of Clear Rain Flower were white and transparent, and the flower was the most transparent.

In the middle of the flower, there were two different white flowers.

It was as if all the light had gathered on these two fruits, waiting for them to ripen.

This scene made everyone hold their breaths.

This was too beautiful!

Of course, beauty was beauty, but what everyone cared more about was whether they could win Purity Rain Flower.

Clear Rain Flower had its own consciousness. If it was willing to be picked, the energy inside would be preserved to the best.

If it was forcefully plucked by someone, the energy would be much less. However, no matter how little it was, it was still more than the energy in the leaf.

Of course, no one cared about the mood of a spirit plant.

More than forty people formed a circle, waiting to get close to Purity Rainflower and pluck it.

As he approached, Qi Xibei suddenly frowned and looked at the lake.

She had a feeling that there was something down there.

This was really too strange.

What could be in this water?

Could it be a spirit beast?

She could not help but shake her head and laugh.

But soon, she knew what was hidden there.

There were more than a dozen people hiding there!

Chapter 2239: Chapter 2241-Air Bottle

Translator: 549690339

The moon rose higher and higher, and the flowers became more and more transparent. They could see the scenery on the other side from one side. The two fruits in the middle of the flower also became brighter and brighter.

This scene let everyone know that it was about to mature!

The moment the light officially dimmed, it would be the moment of maturity!

Picking the fruit within ten minutes of ripening would ensure that it was in good condition.

Looking at the beautiful glass flowers, Princess Ruyi's smile deepened.

The Flying Cloud Leopard didn't dare to come out, so this thing was hers!

The light of the fruit grew brighter and brighter.

Then, after the light reached a certain point that was comparable to an incandescent lamp, it began to dim slowly. Just as the light dimmed, it matured!

"Attack!"

"Attack!"

Two voices sounded at the same time, and everyone rushed out.

Qi Xibei did not move. Instead, she took a step back.

When everyone was rushing forward, her reaction was very obvious.

Of course, no one cared about this. After all, everyone was focused on the fruit of Purity Rainflower.

However, their expressions quickly changed.

Hula hula...

More than ten figures suddenly emerged from the water!

Those people carried some strange things on their backs. When they emerged from the water, they threw these things onto the shore.

Then, they charged at Purity Rainflower.

Princess Ruyi and the others were stunned by this scene.

Since when were there so many people hiding in the lake?!

How long had they been in the water?

There were already people guarding this place before the Frost Rain Flower matured.

However, they did not notice anyone in the water.

During this period of time, no one came out of the water, and there was no movement in the water.

Although it was said that as a martial artist, the strength of holding one's breath was still very good. The stronger one's strength was, the longer one could hold one's breath.

However, they could only hold it in for an hour at most!

However, these people actually held it in for an entire day!?

What kind of joke was this?

What kind of monsters were these?

While Princess Ruyi and the others were shocked, Qi Xibei's reaction was not any better.

She realized that what those people had thrown away was something similar to an oxygen tank!

Yes, that appearance, that shape, they were all like oxygen tanks!

Although he did not know what material it was made of, he was sure that it was filled with oxygen!

Otherwise, it was impossible for these people to hide inside for so long without suffocating!

Qi Xibei was stunned!

Is there an oxygen tank here?

This was too amazing!

In the next second, an idea flashed across her mind, and she could not help but widen her eyes.

Could it be!

After this thought flashed through her mind, she also rushed forward.

However, she didn't attack the people who came out of the water, nor did she attack Princess Ruyi's side.

On the contrary, she took advantage of the time when they were fighting to rush towards Purity Rainflower.

Before this, she had originally planned to take advantage of the busy crowd to pluck the Ice Rain Flower.

However, he did not expect that more than a dozen men in black would suddenly appear, and they were hiding in the water.

With the addition of these people, the attention of Princess Ruyi and the others was drawn over.

When the snipe and clam fought, the fisherman benefited!

Qi Xibei's footsteps were strange and swift.

Soon, she passed by the people fighting and arrived in front of Purity Rainflower.

Princess Ruyi was excited when she saw her people approaching the Ice Rain Flower.

"That's great. Hurry up and bring it over!" But the next second, she was stunned..

Princess Ruyi was very excited when she saw her people arrive at the side of Clear Ice Rain Flower.

Seeing that person pluck the fruit, she became even happier.

But he finally got it!

But the next second, she was dumbfounded.

After plucking the fruit, the man wanted to run to the side, but he was surrounded by people.

What was even more terrifying was that a figure suddenly appeared out of nowhere and pounced over.

Then, the man screamed and slipped. The fruit in his hand was thrown into the sky.

The figure bit the fruit and flew away in the air.

It flew away!

This scene made Princess Ruyi so angry that her eyes turned red. She was speechless for a long time.

When she came back to her senses, the figure had already disappeared.

"Ahhh..."

She screamed crazily and hated that damn Flying Cloud Leopard!

Yes, she recognized it. It was a Flying Cloud Leopard.

The Flying Cloud Leopard appeared out of nowhere and snatched the fruit away!

Although it could only fly for a short distance, it was enough.

“Damned idiot! What’s the use of having you!”

She screamed crazily, but she couldn’t stop the Flying Cloud Leopard from snatching the item.

Seeing the Flying Cloud Leopard snatch the item, the two groups didn’t have time to fight.

They turned around and charged at the Flying Cloud Leopard.

However, they didn’t know what happened in the middle. They kicked each other and punched each other. It was a mess again. No one could chase after the Flying Cloud Leopard.

Seeing the Flying Cloud Leopard leave just like that, Princess Ruyi’s face darkened.

They had spent so much effort, but the item had been snatched away!

Damn it!

“Kill these people!”

If it weren’t for these troublemakers, things wouldn’t have turned out like this!

He did not know where these people came from. Damn it!

Princess Ruyi wished she could spit out fire.

This was too detestable!

The two sides started fighting again, so they had no time to look for the Flying Cloud Leopard.

Looking at the mess, Qi Xibei quietly hid his achievements and fame.

Now that the Flying Cloud Leopard had taken the item away, things would be easier.

She believed that the Flying Cloud Leopard would not go back on its word.

Spiritual beasts were much more honest than humans in this aspect.

Taking a step back, if Feiyun really took these fruits for himself, then it didn't matter. At least, they didn't end up in Princess Ruyi's hands.

There was no problem with this result.

It would be best if he could get it, but if he couldn't, it would be best if he could cause trouble for Princess Ruyi.

Qi Xibei sneered in his heart, but he still tried his best to look like he was going to attack.

Seeing that the fruit had been snatched away, the other party did not have the mood to continue pestering.

"Let's go!"

One of them shouted, and those people began to retreat.

"Stop them!"

Princess Ruyi screamed.

However, after those people shouted to leave, they obviously had a different action.

The others did not notice, but Qi Xibei did not miss their actions.

Seeing one of them take out something from his pocket, her heart skipped a beat. She immediately squatted on the ground and her vital qi circled around her, forming a protective vital qi ball.

Then, the man took out something and threw it over.

With a rumble, a cloud of smoke exploded on the spot and instantly spread out.

Everyone could not help but close their eyes.

When they opened their eyes, those people had already disappeared.

"Find them all! They definitely couldn't have run far! If you can't find it, all of you will die!"

Princess Ruyi screamed in anger, her face turning red.

This was too detestable!

When everyone split up to search, they didn't realize that there was one person missing from their group.

Qi Xibei had already used his spiritual power to follow one of them when they attacked..

Translator: 549690339

When these people used smoke grenades, Qi Xibei immediately had a different thought.

It must have something to do with Qiao Yanyu!

After all, she had never seen people here make oxygen tanks and smoke bombs before.

Other than Qiao Yanyu, there should be no one else with such strength and knowledge.

Regardless of whether it was true or not, Qi Xibei would not let this lead go.

She carefully followed behind these people to understand the situation.

They moved very quickly. It was obvious that they were very familiar with this place. Even in the dark, it did not affect their progress.

After a while, they stopped in a cave.

Princess Ruyi and the others would not be able to find this place.

Qi Xibei carefully hid his figure. He absolutely could not let them discover him.

Then, these people checked the surroundings. After making sure that there was no one around, they began to speak.

“He actually failed!”

One of them was furious.” That damned Flying Cloud Leopard!”

“Forget it, don’t be angry.” Another person consoled him.” Anyway, it’s already a good result that the item didn’t end up in Princess Ruyi’s hands.”

The others nodded in agreement.

It seemed that these people had a grudge against Princess Ruyi! Otherwise, things wouldn’t have turned out this way.

Qi Xibei thought to himself as he continued to listen to their conversation.

“But, how are we going to explain this to Boss?”

“Boss gave us so many things, yet we failed..

Two of the women reacted differently from the others.

“Boss said before that as long as the item doesn’t fall into the hands of Princess Ruyi, it’s enough. He won’t blame us.”

“He doesn’t blame us, but we can’t do this!” A woman frowned. “Boss, it’s so hard.”

“Boss has worked hard, but you don’t have to worry about him.”

“What do you mean?”

“I don’t mean anything, I’m just saying.”

“You...”

“Alright! Stop arguing!”

The man in the lead reprimanded with a straight face, “We’re already in this state. What’s the point of arguing?!” Let’s leave this place first and report to Boss.”

After he spoke, although the others had different reactions, they did not quarrel anymore.

“By the way, when is Boss coming back?”

“I don’t know. He’s been gone for more than half a month. I don’t know how things are over there.”

“I heard from Fifth Brother that Boss is doing well over there. It’s just that the princess over there is unwilling to let him go.”

“That’s true! Boss is so handsome and outstanding! Which girl doesn’t like Boss?”

A young man said this and even gave a look to the woman who had spoken earlier, almost causing the woman to jump up.

“However, the princess of the MO Lin Kingdom is so beautiful. It’s hard to guarantee that Boss won’t be tempted!”

“Boss won’t stay there!” The young woman was very angry and glared at the man. “Boss isn’t like you!”

“Alright! Stop arguing!”

The man shouted again, “Stop talking nonsense! Let’s just complete the mission Boss gave us!”

“Yeah, didn’t Boss ask us to find someone? We haven’t found it yet!”

It was the young man from before who continued to speak to the woman in a strange tone.

“The woman Boss asked us to find is so beautiful. She should be his wife, right?”

“Bullshit!”

The woman was so angry that her face turned red.. She immediately scolded, ” Who told you that she was Boss’s wife?! Couldn’t she be Boss ‘sister?’”

“How could that be?”

That person sneered.” If it’s not Boss ‘wife, why would he ask us to find her?

And didn’t you notice Boss’s expression? That’s not how you treat your sister.”

Listening to the discussion inside, Qi Xibei’s expression became more and more complicated.

“Are you kidding me? Boss is so outstanding, how could he have a partner so early! Don’t talk nonsense!”

The woman was obviously interested in Boss and was furious.

The young man did not know if he had a conflict with this woman. He sneered and continued, “That woman is so beautiful and doesn’t look like Boss at all. How can she be Boss’s brother and sister? The possibility is too low!”

“So what if she’s beautiful? Who knew if he was a wimp? Without strength, wouldn’t he only be a burden to Boss?”

The woman was no longer bothered by the problem of whether she had a partner or not. She started to worry about the problem of strength.

“Do you know that he doesn’t have the strength? Maybe he was a genius like Boss? Two geniuses, what a perfect match!”

The woman’s face turned red as she listened to the man’s words.

“Alright, stop arguing with him. He’s just trying to anger you on purpose!”

The woman next to her said to her little sister, "Boss is so outstanding, how could he have a partner so early! Don't worry about his nonsense!"

"Even if Boss doesn't have a partner, his standards won't be so low!" The man raised his eyebrows.

"Sixth Brother!"

Listening to their conversation, the captain was obviously angry. "If you continue to make noise, I'll kick you out!"

Seeing that the captain was really angry, Sixth Brother restrained himself.

The two women did not continue to argue with him, but their expressions were not too good.

Especially the young woman, her expression was extremely ugly. It was obvious that the man's words were a blow to her.

"Alright, let's rest for a while. We'll leave when dawn comes." The captain said after seeing that everyone had quieted down.

The sky was still dark outside. If they went out at this time, they would easily encounter danger.

"Alright." Everyone nodded.

After that, everyone began to rest on the spot.

This cave was obviously their base, and it had been cleaned up quite well.

The two girls found a quiet corner and began to whisper.

"Don't worry, don't listen to Sixth Brother's nonsense. Who knew who that woman was? Even if she really is Boss 'girlfriend, we're not afraid. Other than you, who else is worthy of Boss, right?" The older woman comforted the younger woman.

"But, Boss is so concerned about that woman..."

"Aiya, don't worry so much. Who knew if that woman was still alive?" The woman raised her eyebrows and whispered, "Maybe that woman died a long time ago?"

While they were chatting, Qi Xibei's expression was a little complicated.

This group of people was obviously very assured about this place and said everything.

She caught a different message from their conversation.

Their boss was looking for a woman. That woman might be his partner!

Moreover, their boss was now in the MO Lin Kingdom!

All of this information made Qi Xibei's eyes light up.

If her guess was correct, it was really Qiao Yanyu!

Because Qiao Yanyu was currently in the MO Lin Kingdom!

Qi Xibei was so excited that he forgot to disguise his aura.

In the next second, the man who was resting on the ground suddenly stood up. With a move of his hand, his vital qi was like a knife as it attacked fiercely. With a rumble, a crater was blasted open, and dust flew everywhere.

"Who is it? Come out!"

Translator: 549690339

Qi Xibei was so excited that he forgot to hide his aura.

This attracted the other party's attack.

If it was before, Qi Xibei would definitely have escaped.

But this time, she was very curious.

Was the person they were talking about Qiao Yanyu?

Although she was 90% sure, who could guarantee that there were no coincidences in this world?

Hence, she walked out.

When everyone saw an unfamiliar man walk out, they immediately became vigilant.

When he saw the other party's appearance clearly, he was instantly shocked.

"It's Princess Ruyi's men!"

'He actually caught up?!'

'How is this possible?!'

Princess Ruyi's men could actually find this place?

"Are the others following behind?"

They immediately panicked.

If this person was only the vanguard, wouldn't there be others coming from behind?

If that was the case, it would be troublesome.

The man in the lead should be in his forties. He looked ordinary, but his expression was steady." Catch him first!"

Everyone agreed. Just as they were about to make their move, they heard the other party shout," Don't be agitated! I'm not Princess Ruyi's man!"

As soon as these words were said, the originally restless attack suddenly froze.

"Aren't you Princess Ruyi's subordinate?" The captain frowned." Are you lying to us?"

"Of course not." Qi Xibei shook her head." I'm really not her..." In the next second, her feet were like the wind as she left the spot.

A hole appeared in the ground.

While she was talking, the other party attacked.

"Capture him first!" The talkative man had a serious expression on his face." Don't let him escape. Otherwise, we're done for.'"

After all, there were so many people on Princess Ruyi's side. If they were to fight, they would be in trouble.

Regardless of whether this person was telling the truth or not, it had to be under their control.

Moreover, they were also a little shocked.

It was clearly a sudden attack, but this person was able to dodge it immediately.

His reaction speed and strength were truly shocking.

Fortunately, Qi Xibei had always been on guard and was not so foolish as to completely relax.

That was why she was able to dodge their attacks immediately.

She was not angry. After all, she was a stranger to them. They were just thinking about their own safety.

"I just have something to ask you." She raised her hand with an innocent expression.

"Ask what?" The other party did not believe her innocence.

"I want to ask, do you know someone called Qiao Yanyu?"

Qi Xibei could clearly see that the other party's expressions changed.

"You know our boss?" "You're looking for our boss?"

"Who are you?"

The few of them shouted at the same time. After saying that, their expressions changed again.

They had exposed their identities?

How much did this person know?!

The other party's reaction also made Qi Xibei's heart relax.

It really was Qiao Yanyu!

It really was him!

However, before she could rejoice, the other party had already attacked.

"We can't let him go!"

"Whether it's a friend or a foe, capture him first!"

Qi Xibei's mouth twitched when he saw their murderous expressions.

At this time, they still didn't believe him.

In the next second, their attacks arrived.

Qi Xibei was speechless. He could only dodge their attacks.

These people were even more shocked.

This person actually dodged their attack?!

Just as they were about to increase the intensity of their attacks, they heard the other party shout.

“Don’t do anything. I should be the person you’re looking for!”

Everyone was dumbfounded..

Qi Xibei’s words stunned everyone.

The next second, the young woman sneered.” Are you kidding me? Who’s looking for you?”

Wasn’t this a young man? How could he be the person they were looking for?

The others were also speechless.

They were looking for a woman!

Moreover, this man looked too ordinary.

Was he bullying everyone for not being able to differentiate between male and female?

Even the captain had the same reaction.

Seeing everyone’s reaction, Qi Xibei rubbed his nose. He knew that if he did not explain properly, these people would really think that she was a fool.

As soon as she raised her hand, the people opposite her immediately pretended to attack.

This made her a little speechless.

“Don’t worry, I’m not trying to do anything.”

After saying that, she felt around her face and took off a mask.

When the mask was taken off, everyone’s eyes lit up.

A beautiful woman appeared in the dark cave!

The woman’s stunning appearance stunned everyone.

Her features were like a painting, her lips were red, her teeth were white, and her skin was delicate. What a beautiful woman!

Wasn't he a man?

Soon, everyone's eyes widened.

They realized that Qi Xibei's appearance was exactly the same as the image their boss had given them!

"You..."

"I should be the person you're looking for."

Qi Xibei's voice returned to its original tone.

As soon as this voice came out, everyone no longer had any doubts.

She was really a woman!

Moreover, she was really the person their boss was looking for!

Everyone was stunned.

How could it be such a coincidence?

If they hadn't seen all of this with their own eyes, they would have thought that they were dreaming.

"Why are you here?"

However, they did not immediately believe Qi Xibei's words.

Who knew if she was a liar?

If she knew their purpose, it was not impossible for her to lie to them.

Besides, this was too much of a coincidence.

In this kind of environment, in this kind of situation, he actually found someone?

"I was in Princess Ruyi's team just now." Qi Xibei smiled.

"You really are Princess Ruyi's subordinate!"

The woman screamed.

“But I’m not Princess Ruyi’s subordinate.” Qi Xibei smiled brightly at them. “I’m going to cause trouble.”

“I remember now! You are the one who plucked the fruit!”

One of the men finally remembered.

At that time, he was closer to Qi Xibei, so he still remembered her situation.

He was about to get the fruit, but he did not expect Qi Xibei to take it away.

After all, it had just happened, so he would not forget it.

“Yes.” Qi Xibei nodded. “The fruit was taken by the Flying Cloud Leopard.” Everyone was dumbfounded again.

“You and the Flying Cloud Leopard...cooperation?” they asked hesitantly.

“Yes.” Qi Xibei nodded. “I have a grudge against Princess Ruyi, so I came here to cause trouble for her. I just didn’t expect to meet you guys. Moreover, you guys even used oxygen tanks to hide.”

The moment the oxygen tank appeared, everyone’s expression changed. She actually knew that it was an oxygen tank!

When they threw away the oxygen tank just now, they did not care. After all, there was no oxygen inside.

Boss also said that if they needed it in the future, he would get it for them.

However, other than them, no one knew that it was an oxygen tank!

“You... Is he really the person we’re looking for?”

“If this is your boss, then it should be.”

Qi Xibei moved his hand, and a portrait appeared in his hand..

Translator: 549690339

When they saw the person in the portrait clearly, their eyes widened.

“Boss!”

It really was Boss!

The portrait in Qi Xibei's hand was the one she had previously provided to the others.

After all, it was not easy to find a person in such a big place.

If he had a portrait, he would be more confident.

Qi Xibei's drawing skills were not bad, and his sketching skills were not bad either.

Therefore, she drew Qiao Yanyu's face and handed it to the others.

That was why there was news so quickly.

She still had a portrait of Qiao Yanyu in her hands, which she could use now.

Seeing the portrait in Qi Xibei's hands, everyone finally believed her words.

She was indeed the person their boss was looking for!

Such a beautiful woman was indeed rare.

"Who can guarantee that you didn't get the information in advance and then lie to us?"

However, the young woman was filled with hostility towards Qi Xibei.

"Oh?" Qi Xibei looked over and smiled. "How can I convince you of my identity?" She had already provided such proof, yet she still did not believe her identity?

Oh, no, it was not that she did not believe her identity. She just did not want to believe it.

Qi Xibei's lips curled into a cold smile as he recalled what the woman had said to his companion.

Without waiting for the woman to answer, she struck out with her palm.

The palm wind whistled past, and with a rumble, a palm print appeared on the stone wall.

The palm print was very deep, directly ten centimeters in!

This scene shocked everyone.

"I feel that in my situation, if I want to deal with you, I don't need to lie to you, right?"

Qi Xibei retracted his hand and looked at everyone with a smile.

After being swept by her smile, everyone felt a chill run down their necks.

This was too brutal!

If this palm landed on their bodies, their bones would probably break!

This palm also let everyone know that she was really very cruel!

This was at least the strength of a fifth-level!

Otherwise, how could he have such offensive power?

A Fifth Grade Martial Marquis. With such strength, who would lie to them?

No wonder she was able to dodge their attacks just now.

The woman was also frightened by Qi Xibei's move.

He looked so young, but he did not expect him to have such terrifying strength!

Previously, they had always thought that the woman Boss was looking for should only be beautiful, but in fact, she was just a vase without any strength.

After all, he looked so young. He was only twenty years old. How could he be so powerful?

However, he did not expect Qi Xibei to display such shocking power the first time they met.

A Fifth Grade Martial Marquis was not an unattainable existence, but a twenty-year-old Fifth Grade Martial Marquis was terrifying.

They had thought that their boss, who was a Martial Marquis in his twenties, was already very cruel. They did not expect this little girl to be even more cruel!

"Hello,"

The captain quickly stepped forward and squeezed out a warm smile." We believe in your identity!"

The captain was also shocked.

He was also stunned by Qi Xibei.

As expected of the person Boss was looking for. He was indeed ruthless!

This was too brutal!

At this moment, he no longer had any doubts.

Only such a woman was worthy of Boss!

“Do you believe me now?” Qi Xibei smiled. “That’s good. I don’t have to continue proving it.”

Everyone was speechless.

How else could she prove it?

Chapter 2246: Chapter 2248-1 Don’t Have Time to See You

Translator: 549690339

Since there was no doubt about Qi Xibei’s identity, it was time to move on to the next step.

“Your boss is in the MO Lin Kingdom now?” Qi Xibei asked the captain.

“Yes.” The captain nodded. “Boss is in the MO Lin Kingdom now. If not for that...

If she pressed him down, he might have returned long ago.”

“Then who?” Qi Xibei did not let him avoid her. “Is it the Crown Prince or someone from the MO Lin Kingdom?”

The captain was surprised. “How did you know?”

“I just heard some news and wanted to go to the MO Lin Kingdom to look for him. I didn’t expect to meet you here.”

Qi Xibei’s words enlightened the captain. “However, even if you go to MO Lin Kingdom, you might not be able to see Boss.”

“How is he now?” Qi Xibei was worried. “What’s your relationship with him?”

They had only been separated for two months, and Qiao Yanyu had so many followers?

Looking at their appearance, they looked more like mercenaries who traveled the martial world.

“Boss saved us.”

Speaking of Qiao Yanyu, the captain was a little agitated and had a look of admiration on his face.” If it weren’t for Boss, we would be dead by now.”“ Back then, they had encountered a fifth-grade spirit beast in the wild.

That fifth grade spirit beast was extremely ferocious, and they had already suffered serious injuries at that time. Many of the brothers were already exhausted.

If Qiao Yanyu hadn’t appeared, they would have been wiped out long ago. From then on, they treated Qiao Yanyu as their boss.

The captain was the boss of their team, but after he was rescued, he willingly became Qiao Yanyu’s subordinate.

“What is his relationship with the Crown Prince?” “How long has he been with the Crown Prince?” Qi Xibei asked.”

Since he was Qiao Yanyu’s underling, he should know about Qiao Yanyu’s situation.

The captain frowned.” Actually, Boss only stayed by the Crown Prince’s side for a few months. However, the Crown Prince said to the outside world that Boss had always been his subordinate, and... Boss really listens to him.”

As expected!

Qi Xibei nodded in his heart. She was right!

Qiao Yanyu’s timeline was correct. He had only been back here for a few months.

“Why would the Crown Prince say that?”

“I don’t know.” The captain shook his head.” Boss didn’t tell me either. It’s just that he doesn’t want us to reveal our relationship with him. We are still the same mercenary group as before. Moreover, he even asked us to search for your whereabouts in private.”

It was precisely because they had been searching in private that they had not been able to find Qi Xibei’s whereabouts.

After all, Qi Xibei was not very high-profile. Moreover, this place was so big, and they did not have many people, only a few dozen people.

Dozens of people added together might seem like a lot, but compared to the entire country, it was pitifully few.

Therefore, they were of no use at all.

If Qi Xibei hadn't jumped out himself, they really didn't know how long it would have taken them to find him. Qi Xibei was silent for a moment.

She was indeed very low-key.

Otherwise, with her looks and strength, she would have long been famous throughout the country.

However, because of Jiang Rongguang's existence and various other factors, she did not dare to make it public. This also added a lot of difficulty to the search this time.

However, from the captain's tone, it was quite appropriate for her to keep a low profile.

"Your boss wants you to look for me in private?"

"Yes." The captain nodded. "He doesn't want us to be too ostentatious. Also, after we found you, we told you to keep it a secret."

Qi Xibei nodded.

It seemed that their methods were the same.

"Then when can I see him?" Qi Xibei asked.

"This..." The captain was a little troubled. "Boss might not be free to see you now.."

Translator: 549690339

These words made Qi Xibei frown. "What is he doing?"

"The Crown Prince asked him to go to the MO Lin Kingdom to discuss cooperation. The princess of the MO Lin Kingdom..."

The captain hesitated.

Qi Xibei's face darkened. "The princess of MO Lin Kingdom is interested in him?"

. Err... Yes."

The captain hesitated for a long time before nodding awkwardly. Then, he quickly explained, "But don't worry, our boss won't be tempted!"

Their boss was so outstanding that there must be many girls who liked him.

Not to mention girls, even some boys would like him.

Therefore, it was normal for him to be targeted by the princess of the MO Lin Kingdom.

However, Qiao Yanyu kept refusing.

Previously, the captain didn't understand why Qiao Yanyu would reject the favor of the princess of the MO Lin Kingdom. After all, the princess was good-looking, powerful, and outstanding!

Now that he had seen Qi Xibei, he realized that his boss had already found a more beautiful partner!

When Qiao Yanyu had provided them with the portrait, they had been a little suspicious.

After all, the person in the portrait was so beautiful. If she really existed, she would have been famous long ago.

However, they had never heard of such an existence when they traveled all over the world.

Therefore, they doubted the authenticity of this woman.

But now, after seeing Qi Xibei, they knew that it really existed!

It had to be said that even in such a harsh environment, Qi Xibei's beauty was not concealed by his ordinary clothes.

She sat there, as if her entire body was glowing, making it impossible for people to 100K away.

While they were talking, the others resting at the side could not help but peek at them.

What a beautiful woman!

With such a young and beautiful partner, it was no wonder that Boss did not like the princess of the MO Lin Kingdom.

Oh, right, he's not old, but he's already a Martial Marquis!

He was good-looking and strong. How outstanding!

Although the princess of the Molin Kingdom was rich, in an environment where strength was respected, it did not mean that they would not be as good as the princess of the Molin Kingdom in the future.

“Don’t worry, Boss is definitely waiting for you!”the captain said sincerely.

Qi Xibei smiled.” Of course I’m assured. If he dares to fall in love with someone else, I’ll make him regret it.”

His casual words made the captain’s heart turn cold. He could not help but laugh dryly.” That’s impossible. Didn’t our boss ask us to look for you? He cares about you very much.”

After laughing, he quickly changed the topic.” However, I’m afraid that they will use some despicable means! After all, Boss was in their territory. This... We can’t guarantee it.”

Qi Xibei nodded. This was indeed a problem.

When one was under the eaves, one had no choice but to lower one’s head!

“Take me to your boss.”

These words made the captain hesitate.” But even if I bring you there, you might not be able to see him.”

“You don’t have to worry about that. As long as you confirm his location, I’ll think of something else myself.”

Qi Xibei was most worried about not being able to find out Qiao Yanyu’s whereabouts.

She was afraid that Qiao Yanyu would come back when she went over, and the two of them would miss each other again.

Now, with the existence of these people, the situation was much better.

“You should have a way to contact him, right?”

“Yes, but Boss doesn’t allow us to use it casually.”

“Now that I’m here, I shouldn’t be using it casually, right?”Qi Xibei smiled at the captain.

The captain shivered and quickly shook his head.” How can it be casual! No problem!”

Oh my god, she’s so beautiful, but her aura is as strong as Boss!

Chapter 2248: Chapter 2250-Poisoned

Translator: 549690339

Although she had promised to contact Qiao Yanyu, she had no choice now.

They were now in the forest, and Princess Ruyi's men were still searching for them outside.

Therefore, he could only contact her after he left.

While they were chatting, the others could not help but look over.

Qi Xibei noticed that the only two women in the team were looking at him very frequently.

Qi Xibei could not help but laugh when he saw them looking around.

Wasn't that young woman interested in Qiao Yanyu?

Now that she saw her real girlfriend, her reaction was a little funny.

Seeing Qi Xibei looking at his reunion, the captain looked over as well. Then, he looked a little embarrassed." Don't misunderstand. Boss only treats us as brothers. "

Qi Xibei smiled and glanced at him." I'm not worried. I don't need to worry."

There was no room for others to interfere in her relationship with Qiao Yanyu.

Moreover, this woman could not compare to him.

Of course, even if Qiao Yanyu really fell in love with someone else, she wouldn't force him.

Therefore, she really didn't care about what this woman thought of Qiao Yanyu.

Moreover, this woman was obviously hot-headed.

"We can leave soon. "The captain looked at the sky outside and said.

"Yes." Qi Xibei nodded." Commandery Princess Ruyi's men might still be nearby. We have to be careful."

"We know." The captain nodded. They didn't want to face such trouble either.

They didn't want to face Princess Ruyi head-on.

"Oh right, why are you looking for Purity?"Qi Xibei asked.

"Boss needs it."

At this point, the captain immediately said, "Boss needs Purity Rain Flower!"

"Why?" Qi Xibei frowned and asked, "'Is he poisoned?"

These words made the captain's heart skip a beat and he almost cried out, "How did you know?"

Qi Xibei's expression did not look too good. "Ice Rain Flower is a good antidote."

With Qiao Yanyu's strength, he was also a Fifth Grade Martial Marquis.

If a Level Five Martial Marquis wanted to advance, he couldn't eat Level Six spiritual plants directly.

They could only eat the Clear Ice Rain Flower after it was made into a Dill.

Otherwise, the abundant energy would affect their bodies.

Most importantly, if he used medicinal pills to advance, it would be even more difficult to advance in the future. After all, medicinal pills still had pill poison and could not be eaten in large quantities.

Using medicinal pills to advance would have a great impact on his future development.

Qiao Yanyu definitely knew about this situation. Besides, he clearly had such a good room for development. How could he do such a thing?

Therefore, other than this possibility, there was only poisoning. The captain looked around and whispered, "'This news cannot be spread." Other than him, no one else knew that Qiao Yanyu had been poisoned.

"I know." Qi Xibei nodded.

She finally confirmed her guess.

The reason why Qiao Yanyu was related to the Crown Prince was probably because he was poisoned.

Otherwise, why would he listen to the Crown Prince?

However, he needed to understand what was going on later.

"Alright, I know what to do." Qi Xibei looked at him. "Don't tell anyone."

"Of course!"

The captain patted his chest and nodded." I'll definitely keep it a secret!"

"I'll go out and take a look at the situation. If there's no problem, you can retreat."Qi Xibei stood up.

"This...'

"Wait here."

"Alright then." The captain nodded helplessly..
