When Qiao Yanyu completely disappeared, these people felt depressed.

A peerless man died just like that?

How ridiculous and laughable!

But no matter what, after seeing Qiao Yanyu's appearance, they all felt that this was for the best.

"Alright, let's go back."

The man nodded at the others and led everyone back.

The car left, and the seaside regained its peace.

On the other side of the sea, the sea suddenly fluctuated.

In the next second, a body emerged from within.

Before he could catch his breath, a figure pounced over.

"Qiao Yanjue!"

Qi Xibei excitedly jumped down from the rock and hugged Qiao Yanyu.

Qiao Yanyu opened his arms and hugged her.

The two of them hugged each other, unable to hide their excitement.

Qi Xibei was extremely excited. Even though she had arranged everything, she still could not calm down.

She hadn't seen Qiao Yanyu for a long time.

Although they had some contact before, the two of them could not meet at all.

This was also the first time they had met after arriving in this world.

"I missed you so much." Qiao Yanyu hugged her and said in a muffled voice. His eyes could not help but redden.

"I missed you too!"

Qi Xibei nodded frantically and then kissed her.

She couldn't care less about Qiao Yanyu's drenched body, so she just let loose her excitement and joy, as well as the joy of surviving a disaster.

This time, if not for their tacit cooperation, they would not have been able to escape so easily.

Princess MO Ya had a strong possessiveness towards Qiao Yanyu. She did not want Qiao Yanyu to leave her.

Moreover, Qiao Yanyu was still being restrained by the crown prince!

Previously, they had wanted Qiao Yanyu to come out of the princess's manor on his own so that Qi Xibei could help him get rid of the poison.

However, this was not a perfect idea.

If Qiao Yanyu took the initiative to escape, the princess would definitely not let them off.

In that case, they would have to face the princess's pursuit.

Oh right, other than Princess MO Ya, there was also the Crown Prince!

The Crown Prince would never let the duck in his palm fly away so easily.

At that time, they would have to face the pursuit of both sides.

Therefore, they changed their method.

They used this method to make Princess MO Ya release Qiao Yanyu.

Now that Qiao Yanyu was "dead", Princess MO Ya would not think too much about it.

As for the Crown Prince, he would definitely not believe Qiao Yanyu's death so easily. He would definitely not let the matter rest.

However, they would not let the Crown Prince have it easy.

Even if the Crown Prince didn't come looking for them, they wouldn't let him off.

Moreover, they still had to set up some obstacles for the Crown Prince.

Otherwise, they would have to face the threat of the Crown Prince in the future.

Fortunately, they had already reunited. With the two of them together, they had the courage and strength to face the Crown Prince.

The two of them hugged each other for a while before separating.

Qiao Yanyu looked at Qi Xibei and could not help but reach out his hand." You've lost weight."

"I didn't lose weight." Qi Xibei smiled and shook his head." I'm fine. I ate well, drank well, and slept well."

Although she was worried about Qiao Yanyu, she was also concerned about her own health.

How could one do more things without a good body?

Therefore, she took good care of herself.

"You, on the other hand, have lost weight."

Qi Xibei touched his face with heartache." What's going on?"

She was very curious about how Qiao Yanyu had become like this.

How did he go from a free man to the Crown Prince's subordinate?

Qiao Yanyu's smile disappeared at the mention of this..

Chapter 2302: Chapter 2304-Origin

Qiao Yanyu's expression turned ugly when he mentioned his relationship with the crown prince.

When he, Qi Xibei, and Jiang Rongguang had arrived in this world, they had separated. He had appeared in the Crown Prince's manor.

Thus, he was brought back by the Crown Prince.

At that time, he had lost his memory for a period of time.

“Memory loss?” Qi Xibei was shocked.” You lost your memory?”

Speaking of amnesia, Qiao Yanyu was also speechless.” At that time, I must have hit my head, so my memory was a little messed up. Thus, the Crown Prince told me that I was his subordinate.”

It was precisely because of his chaotic memories that he was tricked by the Crown Prince.

Because he couldn’t think of anything else, he could only stay there.

Of course, even if he didn’t stay there, there was nothing he could do because the Crown Prince wouldn’t let him leave.

“The Crown Prince told me that I was a death warrior that he trained.”

Qiao Yanyu’s face darkened.” Then, he even gave me medicine.”“

It was precisely because of these medicines that he was restrained by the Crown Prince.

Actually, he only lost his memory for a few days. After a few days, he remembered everything.

But at that time, he had already taken the medicine and was already under the control of the Crown Prince.

Therefore, he did not expose his situation and listened to the Crown Prince.

He could tell that the Crown Prince was ambitious. If his identity was exposed, it would be very troublesome.

Therefore, he had been staying put.

After that, he listened to the Crown Prince’s words while he secretly sent someone to find Qi Xibei.

Because he did not dare to expose his identity, he could only let the mercenary group he had saved find Qi Xibei in private.

It was precisely because they could only search privately and the scale was not large that they could not find Qi Xibei even after searching for a long time.

Who asked Qi Xibei to keep a low profile?

Qi Xibei kept a low profile because he was afraid of being discovered by Jiang Rongguang.

Both sides were so low-key that it was naturally difficult to meet up with each other.

Qiao Yanyu sent his mercenary group to find Qi Xibei while he feigned civility with the crown prince.

He also helped the Crown Prince get some special things like a faucet and a light bulb. He believed that if Qi Xibei saw him, he would know where he was.

"I saw those things, so I came here to look for them." Qi Xibei nodded. "Fortunately, I didn't do anything wrong." Qiao Yanyu nodded in satisfaction.

He was also very glad that he did not miss it.

"After that, the Crown Prince sent me to MO Capital, hoping that I would be together with Princess MO Ya."

Princess MO Ya had been to their country once before. There, Princess MO Ya met Qiao Yanyu and fell in love with him at first sight.

If Qiao Yanyu hadn't firmly rejected him, he might have already been given to the princess by the crown prince.

Of course, the situation was not much better after that. He still had to obediently listen to the Crown Prince and go to Princess MO Ya's side. However, he had been insistent, which was why he did not let Princess Moya succeed.

Fortunately, Princess Moya was a patient person. She wanted to play the game of mutual consent and not force herself on him. That was why he had been able to persist until now.

If Princess Moya were to use force, the situation would be even more complicated.

"Fortunately, I'm leaving now."

Qiao Yanyu heaved a sigh of relief.

Although he could risk his life to leave Princess Mo Ya, leaving the princess did not mean that the matter was over. Instead, it would cause more trouble.

If the Crown Prince caught up, it would be even more troublesome.

If the Crown Prince discovered Qi Xibei's whereabouts because of this, it would be even more troublesome.

That was why he had been holding it in until Qi Xibei arrived..

Translator: 549690339

The two of them talked for a long time and told each other everything they had experienced over the past few days. Only then did they feel satisfied.

"Alright, let's go back first."

Looking at Qiao Yanyu's wet clothes, Qi Xibei lowered his head and took out a set of clothes from his storage ring." Change first."

Qiao Yanyu was surprised." You have a storage ring?"

As a semi-native of this place, Qiao Yanyu naturally knew about the existence and benefits of the storage ring.

However, he did not expect Qi Xibei to have a storage ring.

After all, they had just returned to this plane. Where did she get the storage ring?

"I found the Space Token Stone." Qi Xibei smiled smugly.

"Space Token Stone?"

Qiao Yanyu widened his eyes in surprise." This is good stuff!"

"Of course." Qi Xibei smiled contentedly." So, I made a storage ring, but it doesn't have much capacity."

"It's okay. Leave it to me. I'll handle it."

Qi Xibei's main focus was on refining medicine, so he did not have much research on refining weapons.

Qiao Yanyu was different from her. Qiao Yanyu was an advanced Armament Master.

If he gave the Space Token Stone to Qiao Yanyu, he could refine a bigger and better storage ring.

Qiao Yanyu found a place that was sheltered from the wind to change his clothes and put on his mask. After making sure that he did not have any flaws, he left with Qi Xibei.

The marks on his body from before had been completely soaked away by the seawater.

This was all arranged by Qi Xibei.

These things could not be washed off with ordinary water. They could only be washed clean in seawater.

After Qiao Yanyu was immersed in the water for a period of time, these marks had all faded away.

Now, he had returned to his previous handsome appearance.

If Princess Moya were to see this, she would definitely not be willing to let go.

Therefore, he absolutely could not use this face to walk outside.

Beauty was a trap!

After everything was settled, Qiao Yanyu followed Qi Xibei back to MO Capital.

Although he was already "dead" the most dangerous place was still the safest place. At least, the Crown Prince would not have thought that he would go through so much trouble to leave Princess MO Ya's side and return to MO Du City.

Counting the time, the Crown Prince should have heard about the news here by now. Who knew how angry he would be?

At the mention of the crown prince, Qi Xibei could not help but reach out to touch Qiao Yanyu's wrist.

"You didn't take any other poison, did you?" Her expression was grave.

After carefully checking Qiao Yanyu's body and making sure that he was fine, Qi Xibei heaved a sigh of relief.

"It's not a big problem. I can solve it."

"Don't worry, didn't you inform me? I've been paying attention." Qiao Yanyu consoled her, "I'm always very careful when I eat. Not long ago, they wanted me to take medicine, but I managed to fool them."

He was not a fool. He had been controlled by them because he had lost his memory.

He was not that stupid now.

Moreover, even if he had lost his memory, he had not completely exposed his strength.

The Crown Prince only knew that he was a Level Four Revered Martial Artist and a beginner craftsman, but he did not know that he was already a Level Five Martial Marquis and an advanced craftsman.

If the Crown Prince knew that he had such strength, he would not let him leave, much less let him go through a marriage alliance.

After all, such a powerful genius would definitely be of great use to him if he really used him.

Qi Xibei heaved a sigh of relief. It was good that she did not take those pills.

Qiao Yanyu still had some toxins in his body, but they weren't a big problem. She could completely resolve them.

As long as Qiao Yanyu was fine, there was much less to worry about..

Chapter 2304: Chapter 2306-Boss Is Back

When Qi Xibei returned, an unfamiliar man followed behind him, which surprised everyone.

When they found out the identity of the other party, everyone's surprise turned into surprise.

"Boss! You're finally back!"

The team leader was the most excited. He immediately rushed to Qiao Yanyu, wishing he could hold his hand and cheer." We missed you so much!"

"I missed you guys too."

Qiao Yanyu said with a smile.

Even though he had changed his appearance, his tone and body remained the same. Everyone knew that he was Qiao Yanyu.

His smile made everyone happy." Are you okay? You were there for so many days. Did Princess Moya do anything to you?"

"Of course not." Qiao Yanyu shook his head." I'm fine. I'm fine."

"That's great!"

The captain circled around Qiao Yanyu.” We were so worried. We were just afraid...” Forget it, let’s not talk about it anymore. It’s good that you came back safely!”

Qiao Yanyu’s safe return this time was better than anything else.

“Well, you guys should be fine too, right?”

On the way back, Qi Xibei had already told her about this mercenary group.

Qi Xibei opened a cosmetics store in Modu City and ordered the mercenaries around.

They weren’t alchemists, nor were they Armament Masters, but it didn’t mean that they couldn’t help.

Other than some steps that required mental power, many steps could be simplified. They could help.

Because of their help, the cosmetics store could open so quickly.

They had all treated Qi Xibei as their sister-in-law and helped out as much as they could.

Moreover, Qi Xibei did not mistreat them.

When the cosmetic products were launched, the price was directly raised.

Qi Xibei’s goal was clear. She was going after Princess Moya.

Who was Princess Moya? She was a high and mighty princess!

As a princess, she had seen a lot of things. Those cheap and ordinary things did not enter her eyes.

If Qi Xibei had chosen the cheaper route, the princess would not have bothered with them.

If that was the case, how could she get to the princess ‘side?

Moreover, these cosmetics were not ordinary goods. They were all handmade. Of course, the price had to be raised.

The higher the price, the higher the income.

Qi Xibei took out most of the profits and gave them to them.

For Qi Xibei, she had already passed the stage of looking at money.

As long as she wanted to, she could make a lot of money.

Under such circumstances, she did not need to hold onto the money tightly.

After taking out the money and distributing it to everyone, everyone became even more enthusiastic.

To them, this was a great thing!

This was much more than what they could earn outside!

If possible, who would be willing to wander around and take risks?

However, who asked them to have no money?

Without money, they could only continue to work and risk their lives.

Now, with such a stable and good job, their income was higher and their lives were easier.

Moreover, they also had money to buy more pills and weapons. Even if they continued to be mercenaries in the future, they would be able to ensure their own safety.

Therefore, they had been living quite well these days.

If they weren't worried about Qiao Yanyu, they would have been happier.

They were even more grateful to Qi Xibei, who had provided them with all this.

Previously, he was only respectful to her because she was their boss's girlfriend.

But now, she was their God of Fortune! Of course he had to!

Qiao Yanyu was in a good mood after listening to their commentary..

Chapter 2305: Chapter 2307-Let Go

Qiao Yanyu's return made Hu Yanlin feel a little complicated.

She liked Qiao Yanyu. If he hadn't appeared in time, they would have died.

It was precisely because of this heroic act of saving the damsel in distress that her heart fell on Qiao Yanyu.

Of course, Qiao Yanyu was also outstanding enough to make her feel that liking him was the right thing to do.

But later, Qiao Yanyu wanted to find his girlfriend, which made her very unhappy.

After that, she met Qi Xibei and felt indignant.

However, after interacting with Qi Xibei, her attitude changed.

Qi Xibei had also saved her.

Being saved by two people in succession, this feeling was really too subtle.

Qi Xibei had saved her, so how could she continue to be hostile to him?

Moreover, Qi Xibei had taught her a lot these days.

Hu Yanlin was already in her twenties. This age was not considered old, but she had already passed the stage where she improved the fastest. However, she was only a beginner alchemist.

With such strength and age, he was not considered outstanding. His future would not be any better. He could only eat and drink.

Hu Yanlin's family background wasn't very good. She didn't have a strong background and couldn't find a good teacher. Naturally, she couldn't improve herself.

Now, Qi Xibei looked like he was only twenty years old, but he was already a high-level alchemist!

This was the difference between heaven and earth!

Most importantly, Qi Xibei was different from other high-level alchemists. She taught him without reservation.

As long as Hu Yanlin wanted to ask any questions, Qi Xibei would not hold

DaCK.

It was because of this that Hu Yanlin's mood was completely different.

Thanks to Qi Xibei's guidance, she had improved a lot. Most importantly, she knew how to make cosmetics.

Qi Xibei had even given her these skills!

Such an unreserved approach made Hu Yanlin's mood particularly complicated.

Her attitude towards Qi Xibei was clearly not good, so why was Qi Xibei so nice to her?

Hu Yanlin's mood had changed over and over again during Qiao Yanjue's absence.

When she saw Qiao Yanyu return, she was surprised to find that she no longer had any lingering feelings for him.

Of course, it was also possible that Qiao Yanyu had changed his appearance. Without that handsome face, her feelings for Qiao Yanyu were much less.

She also realized that Qiao Yanyu and Qi Xibei were very close.

Although the two of them had been separated for a period of time, their tacit understanding had not decreased.

However, with just a glance, they could understand each other's intentions.

Hu Yanlin suddenly smiled when she saw how intimate they were.

It was time for her to let go of this so-called relationship.

Qiao Yanyu chatted with the crowd for a while, not forgetting Hu Yanlin.

Initially, he didn't want to say anything to Hu Yanlin, but they were so happy. If he didn't say anything, it would affect their enthusiasm.

However, he was also afraid that Hu Yanlin would show her interest in him like before.

With such complicated thoughts, he did not smile when he faced Hu Yanlin. He was very serious.

However, he did not expect Hu Yanlin's attitude to be beyond his expectations.

She just smiled and did not say anything. She did not show any excitement and left after saying a few words.

Qiao Yanyu was a little surprised. Could it be that she had fallen in love with someone else?

No matter what, this was a good thing.

After chatting with everyone, Qiao Yanyu was brought back to his room by Qi Xibei to begin treatment..

Chapter 2306: Chapter 2308-There's Hope As Long As You 're Here

Translator: 549690339

Qiao Yanyu's treatment wasn't difficult.

Previously, Qi Xibei had informed Qiao Yanyu not to take the medicine the crown prince had sent over. Qiao Yanjue did as he was told.

Therefore, the difficulty was greatly reduced. "Did you leave that pill behind?" Qi Xibei asked.

"Yes."

Qiao Yanyu nodded and took out a small bottle.

The bottle was very small, about the size of a thumb. No one would be able to discover it even if he hid it on his body.

Even when Qiao Yanyu jumped into the water, he didn't fall out.

"Let me see." Qi Xibei reached out his hand.

"Alright."

Qiao Yanyu handed the bottle to her.

Qi Xibei had high attainments in alchemy, but this was not his specialty.

Qi Xibei opened the bottle cap, and a sweet smell rushed out.

The smell was quite sweet, not like poison at all.

However, after sniffing a few more times, one would realize that something was wrong.

Even if it was just a simple smell, it could still make people feel a little dizzy.

As expected, it was not a good thing.

Qi Xibei put away the bottle." I'll help you detoxify the poison first."

"Alright."

Qiao Yanyu nodded.

Although the poison did not take effect, it was hidden in his body like a bomb, making him uncomfortable.

Moreover, if he used too much strength, it would affect his body's condition. Therefore, he had to untie it. "Take off your clothes."

Qiao Yanjue did as he was told.

Looking at Qiao Yanyu's skinny back, Qi Xibei felt a little heartache.

He had really worked hard these days.

Since Qiao Yanyu had regained his memory, he would naturally be on guard. Then, he didn't dare to eat a lot of things, afraid that there was something inedible inside. After all, he was not Qi Xibei, who had such sharp discerning abilities.

He had lost weight.

Qiao Yanyu didn't turn around, but he knew what she was thinking. He smiled and shook his head." It's okay. At least we're safe.'"

He truly felt that way.

It was already very rare for the two of them to be alive, able to meet each other, and still be together after changing worlds.

Therefore, he did not ask for too much.

"Yes, it's best if we're all safe and sound."Qi Xibei restrained his low spirits and nodded.

As long as one was alive, there was hope.

She was most afraid that something had happened to Qiao Yanyu or that he hadn't come to this world.

If that was the case, she did not know what to do.

Now, Qiao Yanyu was fine in front of her, and that was the best outcome.

"Alright, lie down."

Qiao Yanyu nodded and lay on the bed.

Qi Xibei took out a silver needle and began to treat her.

When she came out, it was already two hours later.

Qiao Yanyu had changed quite a lot. His face had been sickly pale before, but now he looked much healthier.

However, these toxins still had some effect on his body. He still needed to use other medicines to repair his Yuan Qi.

It was already late, and the captain had already prepared a feast for the two of them.

Seeing them come out, the captain immediately cheered and brought everyone to serve the food.

“Boss, come, let’s nourish ourselves!”

The captain brought a bowl of soup made with tonics to Qiao Yanyu and even handed him a spoon.” Drink more. We’re careful!”“

“Thank you.”

Qiao Yanyu smiled and nodded.

He did not expect that the mercenary group he had saved before would have such a change.

“Let’s eat together.” He said to everyone with a smile.

“Good!”

Everyone nodded and started eating.

After eating, Qiao Yanyu and Qi Xibei went out for a walk to digest their food and understand the situation..

Translator: 549690339

MO Du City was huge, much bigger than Xuan City, and more prosperous.

After all, this was a medium-sized country, which was different from a small country.

Although Qi Xibei and Qiao Yanyu were taller than others, they looked too ordinary. Everyone only glanced at them and did not continue looking at them.

She wasn’t good-looking, so who would pay attention to her?

Their postures were also very normal and natural. There was no sign of nervousness or dispiritedness, and they would not attract anyone’s attention.

Qi Xibei was a little emotional.” I didn’t expect that we would have the chance to take a stroll like this.”

“There will be more opportunities in the future.” Qiao Yanyu consoled her.” As long as we’re together, there’s nothing to be afraid of.”

Qi Xibei nodded and said,””I’ve checked before. If we want to go back, we have to learn array formations.”

“Yes, I know.”

Of course, Qiao Yanyu understood this.

Previously, when they came over, they had come through the array formation. If he wanted to go back, he naturally had to go through the array formation. He couldn’t do anything about it if he was empty-handed.

However, formations were not so easy to learn.

“Previously... The young lady did not mention this.”

Even when Qiao Yanyu was locked up by Princess MO Ya, he had never given up on understanding these things.

He relied on Princess MO Ya’s patience and fondness for him to ask her about the array.

“She said that no one here learns these things. If you want to come into contact with these things, you have to go to a high-class country.”

Qiao Yanyu whispered.

“Actually, I’ve seen formations before.”

Qi Xibei’s words surprised Qiao Yanyu.” You’ve seen it before? What have you seen?”

“I’ve seen the existence of a formation somewhere before.’

Qi Xibei chuckled after making sure there was no one around. Qiao Yanyu was even more shocked.” Is it in the MO Lin Kingdom?””“

“No, too... Young Master’s place.”

Qiao Yanyu was even more shocked.” It’s him?!”

However, after the shock, he had a feeling that this was the case.

The Crown Prince's ambition was too great, so great that he could not ignore it.

Most importantly, the Crown Prince's performance did not match his true identity.

He was just the Crown Prince of a small inferior country, but the power he had was not ordinary. Even Princess MO Ya might not be able to compare to his power.

How could Qiao Yanyu not find it strange?

Previously, when he had interacted with the Crown Prince, he had felt the Crown Prince's ambition.

Now that he heard Qi Xibei say this, he felt that it was not unexpected.

"Then we can go back and take a look."

"Sure."

Qi Xibei also had to go back. After all, her disciples were still in Xuan City.

However, the most important thing now was to think about how to find some trouble for the Crown Prince.

As they walked, they discussed what to do next in low voices.

Because of their spiritual power, they were not worried that their conversation would be overheard, let alone that their conversation was quite careful and secretive.

When they reached a street and saw the lanterns outside the shop, Qiao Yanyu suddenly stopped in his tracks.

"What's wrong?" Qi Xibei stopped in his tracks and asked curiously.

"Something good happened." Qiao Yanyu smiled cunningly.

Qi Xibei followed his gaze and looked over. When he saw the lanterns, an idea flashed in his mind." It's too..." Young Master's?"

"Yes." Qiao Yanyu laughed heartily." It's Young Master's territory."

After all, he was the crown prince's " trusted aide ", so Qiao Yanyu knew about these things.

Since they had found the Crown Prince's branch, things were even easier to handle..

Chapter 2308: Chapter 2310 -Making a Move

Translator: 549690339

When Qiao Yanyu was treated as a trusted aide by the crown prince, he had also learned some things.

At that time, Qiao Yanyu's memory hadn't recovered yet, and his behavior was normal.

The crown prince was also afraid that his strange behavior would arouse Qiao Yanyu's suspicion. Therefore, he still told him some things that his confidant needed to know.

Qiao Yanyu finally understood a lot of the situation.

For example, the lantern outside the door was evidence of the Crown Prince's power.

As long as such lanterns appeared, it meant that this was the Crown Prince's territory.

Other than his trusted aides, no one else would know about this. After all, there was nothing special about it from the outside. It was just an ordinary inn.

In different places, the Crown Prince's power distribution was different.

In this day and age, there was no concept of a chain store. Moreover, the crown prince did not dare to build it into a chain store and had to be careful to hide it.

If anyone knew that the Crown Prince had come here, they would suspect that he was trying to do something bad.

This would also be beneficial to Qiao Yanyu and the others.

They had wanted to give the Crown Prince some trouble before, and now they had found the Crown Prince's territory. This was a good thing.

The two of them walked around outside and then went back. Their expressions were normal, and they did not seem to have any problems.

Although there were not many people going out at night, there were still some people who were strolling outside, so no one thought too much about it.

After the two of them returned to their residence, they began to discuss the next situation.

Fortunately, they had a mercenary group in their hands. They had more people, so they could come in handy at this time.

Soon, the roles were assigned.

The next day, they came back with news.

Because of the information provided by Qiao Yanyu, they quickly found the other territories of the crown prince.

When they understood the situation, they were shocked.

He didn't expect that the Crown Prince had secretly hidden so many people here!

Look, there are at least five shops here!

There were five shops in the city!

The five shops were located in the east, south, west, north, and middle of the city. They were not far from each other. If something happened, they could help each other.

This also showed that the Crown Prince was asking for a lot.

Otherwise, there wouldn't be so many people.

If Qiao Yanyu exposed his identity, he would be discovered very quickly.

Hence, Qiao Yanyu had always been traveling under another disguise.

Looking at this information, they quickly discussed a countermeasure.

The Crown Prince's five shops operated in different directions. There were simple restaurants, inns, and ordinary teahouses.

They were all places with more people. With more people coming and going, they could naturally gather more information.

Therefore, it was absolutely impossible to say that the Crown Prince did not have any intentions.

After investigating the situation of the forces here, Qiao Yanyu and Qi Xibei quickly thought of a solution.

They did not say that they would uproot the Crown Prince's power, but they would definitely make them suffer!

A few days later, a fire suddenly broke out in an inn. Thick smoke billowed up and attracted everyone's attention.

“It went off! Put out the fire!”

When the fire started, everyone was frightened and ran out crazily.

The staff in the inn went out to put out the fire.

What surprised them was that the fire was actually not big. It was just that the smoke was very big, so it looked very scary.

Therefore, the fire was quickly extinguished.

However, when the fire was put out, their expressions changed drastically.

This was because there were suddenly some things in their inn that could not be seen by others!

Chapter 2309: Chapter 2311-Princess's Men

Translator: 549690339

The fire in the inn had been extinguished, but the real trouble had just begun!

Because of the fire, many people were attracted.

After these people helped put out the fire, they found a basement somewhere!

The basement was very big. Because of the fire, a big hole had been burned out, and the things inside could be seen clearly.

Thus, everyone saw that there were several young women here! When they saw the appearance of these women, everyone gasped.

“Eh, isn't this the person beside Princess Moya?!”

Someone shouted this, and the scene instantly became chaotic.

Everyone was stunned. Princess Moya's maid was here?

Judging from the appearance of the basement, it should not be an ordinary place.

In that case, the appearance of these people here...

Was the owner of this inn crazy? Why did they capture the people around Princess Moya?

Aren't they afraid that Princess Moya will be angry?

The shopkeeper also rushed over. When he saw this scene, his expression instantly changed.” Who did this?! We didn’t do it. We’re innocent!”

However, no one believed his words.

How could he have been wronged?

It was obvious that this basement was very special.

Wasn’t the basement used to do things that couldn’t be seen? In that case, it was normal for someone to be locked up here.

However, no one had expected them to be so bold as to attack Princess MO Ya’s men!

“I knew it. Two days ago, I heard that the people around Princess Moya disappeared. So it’s here!”

“Heavens! If it wasn’t for this fire, no one would have known that he had died!”

Everyone was discussing animatedly. Some of the smarter ones had already rushed out to inform Princess Moya.

The shopkeeper’s mind went blank when he saw all this. His legs went weak and he almost fell down.

It was over!

Although he was not sure why these people would appear here, since they were Princess Moya’s men, it meant that things were troublesome.

Who here didn’t know Princess Moya?

Princess Moya was the most powerful princess of their MO Lin Kingdom, and she was also a strong contender for the throne!

Under such circumstances, the people around her were not allowed to be bullied.

Although Princess Moya had a bad temper-princes and princesses were high and mighty, and did not need to have a good temper-she was still quite tolerant of the people around her.

But now, her own people were locked up here. How could she not be angry? It was over!

Even if they had a hundred mouths, they would not be able to explain this matter clearly!

They didn't know who was so ruthless. They were going to take their lives!

Thinking of this, the shopkeeper wished he could faint.

Everyone also stopped the people in the inn, not allowing them to leave.

What a joke!

This was a great merit!

If Princess Moya was in a good mood, she would even give them some rewards!

Thinking of this, everyone was a little excited.

He did not expect to see such a good show on his trip to the inn.

Even if the princess didn't reward them, it was more than enough.

Although Modu City was a big city, there weren't many entertainment programs in this world. Any gossip would immediately spread.

This was a good show right in front of them! Of course, he had to see it clearly!

Thus, everyone stood guard here, waiting for Princess Moya to arrive.

As expected, Princess Moya quickly brought her men over.

When she saw the unconscious maids, her expression was very ugly.." Arrest them! BenGong will interrogate them properly!"

Chapter 2310: Chapter 2311-Ruthless

Translator: 549690339

Two days ago, after sending Qiao Yanyu away, Princess MO Ya had been depressed for a while.

What a pity. He died young!

Qiao Yanyu was such a good man. Why didn't she get to eat him?

Seeing such a perfect man become so ugly and scary, she felt scared too.

It was precisely because of this disparity that she felt even more uncomfortable.

Although she was less obsessed with Qiao Yanyu, she still couldn't help but feel sad whenever she thought of him.

However, she only allowed herself to be depressed for a while before she had to pull herself together to solve other things.

After all, Qiao Yanyu had already said before he left that this was the Crown Prince's plan.

If Qiao Yanyu hadn't insisted on not being with her, she might have ended up in a tragedy as well.

The Crown Prince was actually so vicious! Both parties were clearly cooperating, but in the end, it turned out like this!

Unforgivable!

Therefore, she began to send people to investigate the Crown Prince's situation.

Previously, because the two of them had the intention to cooperate, she did not think too much about it, nor did she pursue it too much.

Although he knew a little about the Crown Prince, he didn't know much. If he investigated too deeply, the other party might not like it.

But now, the situation was different.

She had been too merciful previously and gave the other party too much respect, which was why the Crown Prince had almost tricked her!

Therefore, she had to investigate the Crown Prince's matter thoroughly!

However, he did not expect the Crown Prince to be so skilled that he hid many things so well. Even she would not be able to find out in a short time.

When she was fully engrossed in this matter, she realized that a few of the maids serving her had disappeared.

When she first found out about this, she was very angry. Who dared to leave without permission?

Wasn't he tired of living?

Princess Moya admitted that she was quite tolerant of the people around her, but she couldn't let them bully her!

She thought that those people had gone to play. However, as many people disappeared, she realized that something was wrong!

The companions beside these maids also said that they had not seen them for two days. After they went out two days ago, there was no news from them. He had thought that they were just going out for a trip, but now it seemed that something was wrong.

After Princess Moya found out, she immediately sent people out to look for him.

The person beside her could actually disappear?

Princess Moya was furious, but no matter how hard she tried, she could not find them.

This made her even angrier.

Wasn't this a slap to her face?

However, she did not expect that when she was angry, someone would tell her that the person had been found in the basement of a certain inn!

This news shocked her and she quickly rushed over with her people.

After seeing the situation clearly, Princess Moya's heart sank.

She went forward to take a closer look at the basement. There were some bottles and jars inside, and they did not look like ordinary seasonings.

"Find out! Don't let anything slip!"

When Princess MO Ya's face darkened, she was very dignified, causing everyone's hearts to tremble." Yes!"

The princess ordered people to bring the unconscious people back. She then walked to the shopkeeper with a slightly cold expression. She bent over and sneered," Are they Li Huangyu's men?"

Li Huangyu was the Crown Prince's name.

When the shopkeeper heard this name, his heart jumped and his expression changed drastically.

Even if he reacted immediately, it was already too late.

Princess Moya had already seen through his reaction.

"It really is him!" Princess MO Ya straightened her back, her expression turning even colder.

Li Huangyu!

How ruthless!

"Princess, please investigate. This has nothing to do with us!"

The shopkeeper was trembling as he knelt on the ground and kowtowed desperately, but he could not stop Princess MO Ya's anger.

"Take him away!"

Princess MO Ya took the lead and left the inn.

When the people behind saw this scene, they could not help but whisper to each other.

Among this group of people, there were two seemingly ordinary figures.

Both of them were men. One of them was relatively tall, while the other was the height of an ordinary man. In the crowd, he did not stand out much. After everything calmed down, the two of them exchanged a look and left.

When they returned to the residence, they heaved a sigh of relief.

Of course, they were Qiao Yanyu and Qi Xibei.

Ever since they had investigated the distribution of the Crown Prince's forces, they had been preparing to take action.

After some investigation, they also discovered that there was a basement beneath the inn!

There weren't many things in the basement, but it seemed to be a place where people were locked up. It was just that he didn't know who was locked up there.

This gave them a new idea.

Hence, they chose to start from Princess Moya.

It would be the stupidest thing to attack Princess Moya directly.

However, he could start with the people around her.

It was not difficult to bring the people around Princess Moya out without making a sound.

After all, Qi Xibei used to be Princess Moya's makeup artist!

Because Princess Moya valued her, the others were also very respectful to her.

After all, she was the princess 'favorite. After mingling in the palace for so long, which fool would become enemies with such a favorite?

In addition, Qi Xibei's attitude was usually very good, so the maids naturally greeted him with smiles.

Most importantly, Qi Xibei was a makeup artist. She knew many makeup tricks!

If they could learn these little tricks from her, they would be able to stand out and become Princess Moya's favorite.

After all, Qi Xibei had said before that she would not stay by Princess Moya's side forever. She still had her own things to do.

After the others learned these skills, she could retire successfully.

Princess Moya did not have any objections to her words.

Although she liked Qi Xibei's makeup skills, it was not irreplaceable.

Moreover, Qi Xibei was an outsider to the palace, so he did not know anything about it. It was still possible to use it for a while, but it would not be good if it was used all the time.

If he didn't know everything, he wouldn't know what would happen.

For people like them in the palace, safety was the most important thing. Therefore, she did not object to Qi Xibei's decision. As long as she taught him everything he knew, it would be fine.

Since the princess had said so, the others were even more eager to learn Qi Xibei's skills.

Half a month had passed, and Qi Xibei's skills were almost mastered.

Princess Moya had also become very beautiful.

She could also retire after accomplishing her mission.

However, Qi Xibei told a few of them that she still had some tricks to teach them.

As long as they found time to come out, she could teach them.

A unique skill!

Who wouldn't be moved by these words?

Thus, they were tricked by Qi Xibei.

After that, they were drugged and hidden.

Qi Xibei did not abuse them. He only let them sleep for two days.

After that, they found an opportunity to stuff them into the basement of the inn.

Things were going as smoothly as they had expected.

Now, all they had to do was wait for Princess MO Ya and the Crown Prince to face each other..

Chapter 2312: Chapter 2314-Something Happened

The Crown Prince realized that something was wrong.

Ever since the incident at the manor, the situation had changed.

When the manor was in trouble, he had sent people to investigate the mastermind, but after spending a lot of time, they could not find the person who came in to cause trouble.

They couldn't find her, and some people even escaped.

Although he managed to deal with it and no one else dared to continue investigating, he realized that the situation was starting to get out of control.

He wanted to work with Princess Moya, but he received bad news from the other end.

Something had happened to Qiao Yanyu!

Yes, Qiao Yanyu was dead.

This news made his heart skip a beat, and he vaguely felt that something bad was going to happen.

The reason why the Crown Prince had asked Qiao Yanyu to stay was because he was too good-looking and suited Princess MO Ya's preferences. She would definitely like him.

Moreover, Qiao Yanyu had a different ability that could bring him different benefits.

Most importantly, Qiao Yanyu had lost his memory, which made it easier to control him.

As long as Qiao Yanyu's identity was not a problem, he could create more opportunities and benefits for him.

She just didn't expect that Qiao Yanyu would lose control of himself now.

The crown prince felt that something was wrong and immediately sent someone to investigate Qiao Yanyu's condition.

However, the news he received in the end made his face turn black. The news he received was that Qiao Yanyu was really dead and his body was in the sea.

Dead?

How was this possible?

If it wasn't for the fact that it was inconvenient for him to leave, the Crown Prince might have gone over to investigate the situation himself.

However, he didn't expect that there would be news that something had happened to his shop in Modu City. Someone had found a few people who had been locked up in the basement.

And those people were Princess Moya's maids!

This made the Crown Prince's heart beat wildly.

He finally understood that this was definitely a conspiracy against him!

Thus, he couldn't care less about his own matters and immediately rushed to MO Capital.

He had to deal with it personally.

However, by the time he arrived at MO Capital, it was already the second day.

Princess Moya was no longer willing to see him.

This news made the Crown Prince's heart sink.

Princess Moya was unwilling to see him, which meant that the situation was already very bad.

This would not do.

However, no matter how much the Crown Prince requested, Princess MO Ya refused to meet him.

Thus, he could only return disappointed.

At the same time, he sent someone to find Qiao Yanyu.

He believed that Qiao Yanyu was definitely not dead. He might be hiding in some corner!

This matter was definitely related to Qiao Yanyu! Because Qiao Yanyu knew about his situation.

Thinking of this, the Crown Prince's expression turned ugly.

Previously, he had wanted to gain some benefits from Qiao Yanyu, but now it seemed that the gains did not make up for the losses.

But he didn't understand. Didn't Qiao Yanyu take poison before? Why could he still run?

No matter what he thought, he had to find Qiao Yanyu first.

However, while he was searching for Qiao Yanyu, something happened to his shop!

Looking at his shops being destroyed one by one, the Crown Prince's expression became uglier by the day.

However, Qiao Yanyu was nowhere to be found. He had spent a great deal of effort but was unable to find him.

Princess Moya was unwilling to see him, and Qiao Yanyu could not find him. The crown prince was at a loss.

What shocked him the most was that when he ran to Modu City, there was news from Xuan City that something had happened to the manor again!

This time, other than the manor, his other secret base was also in trouble!

This news was like a bolt from the blue, causing the Crown Prince to be dumbfounded.

Something happened to the base in the mountains?

Who exposed it?

Chapter 2313: Chapter 2315 -Crown Prince Captured

Translator: 549690339

To the Crown Prince, he had many secret bases, and that cave was just one of the three burrows of a cunning rabbit.

It took a lot of effort to make this, and there were many secrets inside.

He had also protected this place very well. There was also an array guarding it. Ordinary people could not enter.

Therefore, he did not expect that someone could actually touch that place!

It was Qiao Yanjue!

He immediately thought of it.

However, even Qiao Yanyu wouldn't know about its existence!

Although Qiao Yanyu was his "confidant" he would not have known about this place.

So, how did Qiao Yanyu know?

The Crown Prince was filled with absurdity and confusion, but he immediately rushed back.

To him, there were many very important things here. He could not make any mistakes!

Even if there was a problem with the MO Lin Kingdom, it could not compare to the other side.

As he rushed back, his expression was extremely ugly.

What exactly happened here? Why did it become like this?

He felt like everything was out of control!

This made him a little flustered.

When he returned to the country, the Crown Prince was shocked to find out that his father had found out about his matter!

Yes, the Emperor knew about this.

Because he had just returned to the country when he was stopped by someone.

The person who stopped him was Wen Luochun.

Wen Luochun was their country's general, and he only listened to the emperor's orders.

It could be said that he was only loyal to the Emperor.

The Crown Prince did not expect to be stopped by Wen Luochun.

This time, Wen Luochun had brought other people with him.

However, Wen Luochun's men surprised him.

That was actually Prince Gong!

Prince Gong and Wen Luochun were clearly enemies and opponents. No one expected them to join forces.

The Crown Prince would never have thought of this.

After all, Wen Luochun and Prince Gong had a deep grudge against each other, and they were waiting to resolve it one day.

It could be said that it was not impossible for them to suddenly fall out with each other one day.

Therefore, the cooperation between the two of them shocked the Crown Prince!

It was also because of this inconceivable fact that the Crown Prince was caught off guard.

There were many experts around the Crown Prince, and two of them were Level Six Martial Arts Grandmasters.

If it was just Wen Luochun alone, it would be easy to deal with.

However, Prince Gong was also a Level Six Martial Arts Grandmaster!

The two Martial Arts Grandmasters attacked together and restrained the experts beside the Crown Prince.

Other than Wu Zong, Wen Luochun also brought other people.

Although the Crown Prince was a Level 5 expert, he had no power to fight back in front of so many people.

“How dare you! ”

He was so angry that his face turned black.” You actually dare to treat bengong like this!”

“I’m sorry, Your Highness.”

Wen Luochun’s face was serious.” This is His Majesty’s order. We are also following orders. If you have any objections, you can tell His Majesty.”

The Crown Prince’s face darkened even more, and he almost stomped his feet.

“When bengong sees father, you’re dead!” he threatened.

“Go ahead.” Wen Luochun nodded without a care. He wasn’t worried at all that he would be taken revenge.

What a joke!

After discovering the Crown Prince’s wild ambitions, how could the Emperor still dare to treat him as his own child?

It could be said that from now on, the Crown Prince would be deposed. Wen Luochun’s expression turned ugly when he thought of the things he had seen before.

The Crown Prince that they had bestowed upon everyone actually had such terrifying thoughts!

He wanted the entire country to be buried with him!

If Qi Xibei and the others had not exposed the Crown Prince’s ambitions, who knew what would have happened!

A few days ago, Qi Xibei and Qiao Yanyu ran back to the Crown Prince's cave while the Crown Prince was being lured to the MO Lin Kingdom.

Although there was an array there, Qi Xibei had already memorized the way to get in and out when he came out.

Of course, this was not a guarantee.

The safest way was to get help from other spirit beasts.

Although spirit beasts did not know anything about formations, they had a different sense of smell and methods!

Most importantly, this formation was only an elementary formation. It could only operate on the ground and could not cover the underground. Qi Xibei had found an earthbound spirit rat and had it bring them in.

It had to be said that this was a good idea.

The Earthly Spiritual Rat was a second- grade spirit beast. It was not small and had the size of an adult house cat. Most importantly, they moved very quickly underground. In the blink of an eye, they could dig up a lot of soil.

Under the guidance of a few Earth Spiritual Rats, Qi Xibei and Qiao Yanyu quickly arrived inside.

When they popped their heads out in a corner outside, no one noticed their existence.

After all, this place was protected by an array formation. In addition, no one would expect that there would be a different existence here, so there were fewer guards here.

After the two of them entered carefully, they quickly realized that there was an acquaintance here.

It was Jiang Feiyang.

Qiao Yanyu was a little surprised when he found out that the man's name was Jiang Feiyang.

They were both surnamed Jiang? What was the relationship between Jiang Feiyang and Jiang Rongguang?

Regardless of whether they were related or not, they were not good people.

The two of them followed Jiang Feiyang carefully and soon reached a deeper underground area.

Thus, they discovered that there were many people imprisoned here.

These people looked even more terrifying than the previous ones.

These people had been fed something that made them look listless. Most importantly, their bodies had undergone various modifications.

Qi Xibei and Qiao Yanyu looked at the strange creatures with human heads and tiger bodies. They exchanged shocked looks.

Qi Xibei was even more shocked.

She already knew that Jiang Feiyang and the Crown Prince were up to something bad when they were in the manor.

However, the people in the manor were still alive. Of course, she did not see the dead people. Although those people were in pain, there were only some problems with their skin or their bodies, but they did not have such a strange appearance.

Looking at it now, this was too terrifying!

Should he say that they were indeed from the same family? Even the things they did were equally evil!

Qiao Yanyu and Qi Xibei exchanged a glance as they looked at these strange humans and beasts.

They must destroy this place!

However, before they could do anything, Jiang Feiyang made a new move.

He poured a bottle of medicine into a person's mouth and forced him to drink it. Then, he watched the person's reaction from the side.

After a while, he gave the man some instructions. The man did as he was told with a blank look in his eyes.

Jiang Feiyang was very satisfied." Alright, you can give it to the emperor now.""

Qi Xibei and Qiao Yanyu were shocked.

They were indeed ambitious!

The two of them didn't act immediately. Instead, they left the place.

From the moment they entered to the moment they left, no one had discovered them.

After that, they followed the old path and brought Wen Luochun over.

Wen Luochun saw the situation inside with his own eyes. Even though he had experienced many things, he was still scared out of his wits.

When they found out that they were going to attack the emperor, they were even more furious.

After that, he entered the palace.

No one knew what he said to the Emperor. After that, he worked together with Prince Gong to take down the Crown Prince..

Chapter 2315: Chapter 2317-High-Grade Royal Highness

Translator: 549690339

After the Crown Prince was arrested, he did not admit to their accusations.

Even if the evidence was placed in front of him, he would insist that he had never betrayed the country and would not harm his father.

He gritted his teeth. He was framed.

As for the people who wrongly accused him, they were naturally Wen Luochun and Prince Gong.

However, no matter how angry he was, he could not move the Emperor.

Because the things that had been revealed to the Emperor previously were enough for him to see the Crown Prince's wild ambitions!

The things in the cave were especially terrifying. Other than those strange monsters, there was another thing that was most terrifying. They were researching some drugs that could control people's hearts!

As long as he took those pills, he would be controlled.

The Emperor knew that if these medicines were successful, they would end up on him!

At that time, he would become the Crown Prince's puppet!

How could this be!

Even if the Crown Prince tried his best to explain that he was wronged, it could not make the Emperor soften his heart at all.

Although he loved the Crown Prince dearly, he was still his son.

However, when their own interests clashed with their son's, everyone knew what to choose.

Furthermore, with the medicine provided by Wen Luochun, the Crown Prince finally spoke the truth.

The Crown Prince's words stunned the Emperor!

This was because the person working with the Crown Prince was actually a King from an upper-class country!

Their country was only a small country, but the location here was not bad. There were not many resources, but there were also not many. As long as they could take down this place, they would be able to make a good profit. If he could control this place, then His Highness could expand his power.

Who wouldn't be willing to do such a thing?

And the Crown Prince would become the Prince's puppet here.

Jiang Feiyang's medicine was not only for the emperor, but also for other people.

For example, the royal brother of a high-grade country's king.

However, if he wanted to succeed, he had to first determine the effect of the medicine.

Therefore, he decided to start with the Emperor.

"Bastard! Damn it!"

After figuring this out, the Emperor was furious and shocked. He kept hitting the table in front of him.

He was filled with absurdity and panic.

He had never thought that there was such a terrifying truth behind this!

"What should we do?"

After figuring this out, the Emperor became anxious and immediately asked Wen Luochun for help.

After all, Wen Luochun was the Great General of the country, and he was very powerful.

Although he could not compare to the princes of the upper-class countries, he was still the most powerful expert.

Most importantly, Wen Luochun was very experienced and should know how to handle this matter.

Wen Luochun was also shocked when he learned of the Crown Prince's terrifying thoughts.

moreover, It was not Just the royal matter now. other countries were also involved. This was a headache.

"It's okay. Let's discuss it properly. We'll be able to get through this eventually." Wen Luochun smiled and comforted the Emperor.

"Then they won't really want my life, right?!"

The Emperor was still very flustered.

"There's no hurry. Let's take it slow. This lowly official will definitely think of a way." Wen Luochun could only say this.

After leaving the palace, Wen Luochun immediately went to find Qi Xibei and Qiao Yanyu and told them about the incident.

After hearing Wen Luochun's explanation, the two of them were stunned.

Although he knew that the Crown Prince's request was not small, he did not expect that it was actually related to the Upper Realm!

The two of them looked at each other, their hearts a little heavy.

This was not a simple matter. They were confident in dealing with an existence like Prince Gong, but they were not confident in dealing with a prince from a high-grade country!

This was an existence on two different levels!

Chapter 2316: Chapter 2318 -Depart

Translator: 549690339

This upper-class country was called Longfeng Country, and it was a famous strong country on the continent.

However, this country was also very famous for one thing.

The emperor here had no children.

It was not that the emperor could not give birth, but that his children had died for various reasons.

Now, he no longer had any children by his side.

Although he was young, he was still in his prime. However, after the imperial physician's examination, he found that his body had been destroyed long ago. In other words, he could not have children.

Once this news was out, the entire country almost fell into chaos.

After all, how could an emperor without a son guarantee the prosperity of the country?

However, the Emperor's methods were ruthless. After suppressing some of the people who had emerged, things became much better.

Although there were still many problems waiting to erupt, it was inevitable.

It was also because of this that the prince had other thoughts.

These medicines were all prepared to be used on this emperor.

After understanding this, Qiao Yanyu and Qi Xibei discussed and prepared to set off for Longfeng Country.

When they set off this time, they even brought the crescent moon and full moon with them.

They had no choice. Both of them were determined to follow her. After all, she was their master! Moreover, they had no family. Qi Xibei was their family.

As for Liu Yiya, she stayed behind.

After all, this operation was a little dangerous. Liu Yiya still had her family.

Although Liu Yiya insisted on going with them, she was still rejected. He would come back to look for her after this matter was resolved.

In the end, Liu Yiya could only cry and leave them.

Even though the sisters were here, they weren't too worried about their safety with Qiao Yanyu around.

When they saw Qiao Yanyu, they were also shocked. She didn't expect her master to already have a husband!

Looking at their sweet and loving appearance, it was obvious that their relationship was not shallow.

The two of them really looked like a good match. They watched from the side and felt very sweet.

Moreover, Qiao Yanyu's strength wasn't bad either!

Only such an outstanding person was worthy of their master!

Yueya and Yueyuan were now comparable to level-three mystic cultivators when they worked together. With the sisters working together, their improvement speed was very fast.

The others did not have such progress. Even Liu Yiya was only slightly stronger than them.

It was precisely because the two of them had some ability to protect themselves that Qi Xibei chose to bring them along.

Soon, everyone bid farewell to the Wen family and set off for Longfeng Country.

Before they set off, Wen Luochun also had a reluctant expression.

This time, if Qi Xibei had not been there, he might have been dead, let alone catching the culprit behind the scenes.

If they hadn't exposed everything, how would he know that the one who attacked the Wen family was actually the Crown Prince!

The Crown Prince was young, but he had such terrifying thoughts.

What was even more terrifying was that the Crown Prince had even joined forces with the King of Longfeng Country. This was treason!

Although there were still various dangers, the Crown Prince had already been captured and there was no other movement. It was much better than before. What they were worried about now was what the Prince of Longfeng would do.

Because of this, he and Prince Gong shook hands and made peace.

Although the two of them had been at loggerheads previously, this time, before the survival of the country, they could only join forces.

In order to express his attitude, Prince Gong even restrained his daughter, Princess Ruyi, to prevent her from flaunting and causing trouble.

Although he did not know how long this peace would last, nothing else would happen until the matter was resolved.

If they dared to cause any trouble, the anxious and nervous Emperor would definitely kill them first!

Qi Xibei and Qiao Yanyu brought the Yueya and Yueyuan sisters on a long journey and finally arrived at Qinglong City, the capital of Longfeng Country.

Longfeng Country was an upper-class country. Its imperial capital was even more powerful, and its city was also even larger and majestic. Standing outside and looking at the thick city walls, one could not help but feel intimidated.

The guards at the city gate were also Grade 3 Martial Masters. These people could be considered as influential figures in the small towns of low-grade countries, but here, they were just ordinary people.

It was the first time Yue Ya and Yue Yue had come to such a place, and they couldn't help but look around with their big eyes.

If he didn't know that he couldn't lose face, he might have already shouted.

The few of them had disguised themselves, and no one here knew them, so they quickly entered and even found an inn to stay in.

The inns here were also more expensive than other places, and the people walking around looked more proud.

After settling down, he instructed Yue Ya and Yue Yue to cultivate well inside before the two of them left.

The environment here was not bad, and the spiritual energy here was very abundant, even more abundant than other places. Cultivating here would also be faster.

The two sisters knew that they couldn't drag their masters down, so they cultivated seriously.

Qiao Yanyu and Qi Xibei left the house and began to stroll along the street. They also perked up their ears to listen for information around them.

He couldn't just do whatever he wanted here. He had to gather all the information before he could proceed to the next step.

Fortunately, the two of them quickly gathered a lot of information.

The emperor of Longfeng Country was called Long Jinxing. He was already in his sixties this year and was a level eight Martial Sovereign. He was also a peerless genius.

He was only in his sixties and did not even have a single strand of white hair. Under normal circumstances, he would be able to reign for at least a few decades.

However, Longfeng Country was not stable because Planet Longjin had no descendants.

How could an emperor without a son pass on his great cause?

Therefore, there was a commotion in Longfeng.

Other than the matter on Planet Longjin, Qiao Yanyu had also discovered the existence of the Jiang Clan.

Yes, the Jiang family!

It should be Jiang Rongguang and Jiang Feiyang's Jiang family!

When they thought of Jiang Rongguang, the two of them were filled with anger. If it wasn't for Jiang Rongguang, they wouldn't have come here.

She just didn't know how Jiang Rongguang was doing now. Had he returned?

The Jiang family's residence was not far from this street. The two of them looked at each other. "Go take a look?"

"Alright."

Soon, they arrived outside the Jiang family's mansion.

The Jiang family's mansion occupied an extremely large area, comparable to a large modern park. Moreover, the style and decoration were especially luxurious. It was obvious that the Jiang family was not an ordinary family.

Of course, a big family from a high-grade country was definitely not an ordinary family.

Qiao Yanyu and Qi Xibei didn't go in directly. If they did, they might die.

They carefully observed for two days and finally found a gap.

They knocked out a servant who had come out to buy food, turned into their appearance, and swaggered in.

In order to enter the Jiang Clan, they had spent a lot of effort. In the past few days, other than keeping an eye on people outside, he had been making preparations in the inn.

After entering, the two of them were extremely careful. They absolutely did not let any of their aura leak out. Otherwise, they would be finished. The strongest expert in the Jiang Clan was a Seventh Grade Martial Emperor!

Although they had advanced to the sixth level of Martial Arts Grandmaster, they were still far from the seventh level of Martial Royal Realm.

The two of them were careful and fortunately did not attract any attention.

Finally, they arrived at a courtyard that was obviously the residence of an important person.

Then, there were some sounds coming from inside..

Chapter 2318: Chapter 2321 -Dragon Mark

Translator: 549690339

Qiao Yanyu and Qi Xibei looked at each other, then carefully hid to the side and held their breaths.

Qi Xibei carefully attached his mental power to the plants inside, acting as his eyes and ears.

There were a few people inside, and their auras were very powerful.

Qi Xibei's heart skipped a beat. As expected of the Jiang family, there were many experts in it.

Among them, the strongest was a Level Seven Martial Emperor, while the rest were Level Six Martial Grandmasters.

Qi Xibei and Qiao Yanyu were both level six Martial Arts Grandmasters. If they were discovered, they would definitely die.

The two of them looked at each other carefully and remained silent.

The people inside didn't notice that there was someone watching them from outside. They surrounded a sleeping youth and discussed.

“We’ve worked hard for so many years, and it’s finally time to reap the rewards!” A man with a medium build stroked his chin and said.

“Isn’t that so!” The other man also laughed. “We didn’t disappoint His Highness!”

“We can take action after we confirm his identity!”

“Hahaha...”

The two of them listened carefully to the conversation inside, and their hearts were in turmoil.

The few of them might have thought that this was the Jiang family’s internal affairs and that no outsiders would dare to enter, so they chatted very unscrupulously.

Thus, the two of them heard their conversation clearly.

The Jiang family and a prince were engaged in a very secret affair—a plot to usurp the throne.

As mentioned before, the emperor of Planet Longjin had no children, but he could still reign for decades.

However, his younger brother, Long Jinying, was not willing to wait any longer. He only wanted to seize the throne as soon as possible.

Therefore, other than getting people to develop all kinds of drugs to control people’s hearts, he also found a young man.

He wanted this youth to “acknowledge his ancestors”.

Planet Longjin did not have any descendants. If they suddenly found a descendant who had been wandering outside for more than ten years, they would definitely be very happy.

Of course, this so-called prince was fake. He was found by the Jiang Clan.

The Jiang Clan had used some medicine on this young man, causing him to display the characteristics of the royal family.

There were many women on Planet Longjin, and they were all famous figures in the past.

More than ten years ago, he had a one-night stand with a woman.

The woman had disappeared long ago, but they could start from here.

Thus, this youth appeared.

The young man's appearance was similar to that of Planet Long Jin, and his age matched that of Planet Long Jin's. It was the perfect disguise for a child from Planet Long Jin.

In addition to the medicine the Jiang family used on him, he could definitely hide it from the world!

Planet Longjin's desire for children had reached its peak, but he couldn't give birth anymore. If they found this 'son', they would definitely be thrilled to death.

Things would be easier once the young man arrived at Planet Longjin.

As a great contributor, the Jiang Clan would definitely have a different kind of reward.

The Jiang Clan was a big clan, but they were not satisfied. They wanted to improve!

Long Jinying was the person they were clinging onto.

".. The dragon pattern on it should be fine, right?"

After the few of them laughed, one of them pointed at the youth's waist and said.

"Of course not!" "This is a birthmark!" One of them said confidently."

When the word "birthmark" was mentioned, everyone laughed tacitly.

When he saw the 'birthmark' clearly, Qi Xibei's heart skipped a beat and he almost cried out.

Fortunately, she immediately restrained herself. Otherwise, she would have been discovered.

After the two of them carefully came out, Qiao Yanyu said worriedly,""What's wrong?"

"I... I think I've seen this birthmark before!"

Qiao Yanyu was shocked.." Really?! Where?"

Yueya and Yueyuan stayed in the small courtyard of the inn and cultivated peacefully.

Although they were worried about Qi Xibei and Qiao Yanyu's safety, they knew that they could not help much. They were already very willful by pestering them to come over. They could not continue to affect their work.

Therefore, the sisters worked hard to cultivate, hoping that they would not be a burden.

If it weren't for them, Qiao Yanyu and Qi Xibei wouldn't have to go through so much trouble, right?

Although they had many thoughts in their minds, they still cultivated seriously.

However, she did not expect Qi Xibei and Qiao Yanyu to suddenly return. Moreover, Qi Xibei's expression was a little strange.

"Master."

The sisters immediately went forward to greet him." Is everything going well?" "It went quite smoothly." Qi Xibei had a strange expression on his face as he sized them up and stared at them.

The sisters felt strange and could not help but shiver." Master, what's wrong?"

"Come in with me." Qi Xibei said.

"Enter!"

The two of them looked at each other, but they still followed him in obediently.

Qi Xibei wouldn't do anything, would he?

However, when they heard Qi Xibei's words, they immediately tightened their grip on their clothes." You, you, you, you..." Who exactly are you?" Why did he ask them to take off their clothes the moment they entered?!

Thinking about how Qi Xibei liked to pretend to be someone else, it was possible that the Qi Xibei in front of him was someone else in disguise!

Qi Xibei did not know whether to laugh or cry at the sisters' vigilance, but he also realized that his behavior was indeed a little strange.

She shook her head and laughed." Of course I'm your master!"

"Impossible!" Yue Ya frowned, her expression solemn as she pulled away." Tell me the truth. Who are you?"

Qi Xibei was speechless. His face darkened.” Alright, stop joking.” I have something to confirm.”

Seeing her stern face, as if she really was their master, the sisters asked in fear,”But why do you have to take off your clothes?”

“Because I want to confirm one thing.””This might be related to your origins,”

Qi Xibei said seriously.”

“Family background?”

The sisters were shocked.” What background do we have?”

They had lived with their mother since they were young. After her mother passed away, the two sisters had been relying on each other until now.

Now, Qi Xibei was telling them that it had something to do with their background? What was going on?

“I’ll confirm it first.” Qi Xibei shook his head.” I remember that you all have birthmarks on your bodies, right?”

. Yes.”

Hearing her mention the birthmark on her body, the two of them heaved a sigh of relief.

This was really his master!

When the two of them were cultivating, they needed to take a medicinal bath. As their master, Qi Xibei had naturally seen their bodies. Knowing that there was a birthmark, it was even less strange.

“Let me see. I want to see it clearly.”

The sisters looked at each other and carefully took off their clothes.

When he saw the long marks on their waists, Qi Xibei was shocked.

It was true!

Qi Xibei had seen the birthmarks on the sisters before, but he did not take them seriously. Now that he took a closer look, this long snake-like birthmark actually had a few claws.

This must be the dragon pattern that the Jiang family was talking about!

For a moment, Qi Xibei's emotions were very complicated.

The Yue Ya and Yue Yue sisters were about the same age as the young man, and they had these marks on their bodies... There were more and more coincidences.

"Master?"

Their careful voices woke Qi Xibei up.

"It's okay. I'll confirm it first."

Before the two of them could continue asking, she had already gone out..

Translator: 549690339

"Really?" Qiao Yanyu was shocked.

"Yes."

Qi Xibei's expression was serious." They do have dragon patterns on their bodies."

"In other words, they might be princesses?"

Qiao Yanyu was stunned. Was there really such a coincidence?

The little disciple Qi Xibei had taken in elsewhere was actually the daughter of the Emperor of Longfeng Country? And there were two of them?

"It should be." Qi Xibei nodded." However, we have to confirm it first."

If Yue Ya and Yue Yue were confirmed to be Planet Longjin's daughter, then there would be a different solution to the matter.

Previously, when the two of them came to Longfeng Country, they also gritted their teeth and came.

Longfeng Country had the most complete array formation cultivation method. If they wanted to go back, they had to find the array formation cultivation method here.

However, this place was too dangerous.

Not to mention Prince Long Jinying, just the Jiang family represented a lot of danger.

They hadn't found Jiang Rongguang yet, but he should be in the Jiang family.

If Jiang Rongguang found out that the two of them were here, there would be another storm of blood.

Of course, the most important thing was that the two of them were too weak.

Although they were geniuses, geniuses also needed time to grow. They didn't have enough time.

If they returned after they finished cultivating, no one knew what would happen when they returned to their original world.

Their strength of the sixth rank was nothing in this place.

Any few people from the Jiang Clan would be able to crush them.

But now, the tables had turned!

Yueya and Yueyuan might be the emperor's daughters!

If that was the case, things would turn around.

Wasn't the reason why Long Jinying was so sneaky because Planet Longjin didn't have any children?

But now, Planet Longjin had two daughters. Things were different.

The people of this world did not favor boys over girls. Regardless of gender, as long as they had the strength and talent, they would provide resources for them.

Strength was always the most important thing here.

There were many countries with empresses here.

Therefore, as long as the Yueya and Yueyuan sisters appeared, many problems would be solved.

However, they still had to confirm everything first. They couldn't let Yueya and Yueyuan take the risk.

"Let's investigate the matter first."

"Alright. "

Soon, Qi Xibei and Qiao Yanyu moved again. This time, their target was Planet Longjin.

Planet Longjin was the emperor of this place, and there were too many experts guarding it. It would be much more difficult to get close than before.

The two of them walked around the city for a few days before they finally found an opportunity to get close.

Planet Longjin would hunt in the forest outside at a fixed time every month.

This was the only chance for them to observe Longjin Planet up close.

On this day, Qi Xibei and Qiao Yanyu were hiding in a very tall tree.

Then, Qi Xibei controlled a few little butterflies to fly past Planet Longjin.

The little butterfly posed no threat to them, and Planet Long Jin was a master, so they didn't care about the small animals here.

Qi Xibei finally saw Planet Longjin's appearance.

When she saw it clearly, she heaved a sigh of relief.

Long Jinxing was a handsome middle-aged man who had maintained a good figure. Most importantly, his eyes looked exactly like the Yueya and Yueyuan sisters.

In other words, they were really related by blood!

After confirming this situation, the two of them left carefully and returned to look for the sisters.

"Do you still remember what your mother looked like?" Qi Xibei went straight to the point..

Although they were puzzled by Qi Xibei's question, the sisters were very cooperative.

They took out a pen and paper and drew the appearance of their deceased mother.

It was obvious that the two of them looked similar to their mother. At a glance, it was obvious that they were related by blood.

This gave Qi Xibei more ideas.

"Do you want to find Father?" she asked.

“Father?”

The sisters were stunned.” You...” What do you mean?”

They had no father since they were young and had only followed their mother around.

The answer to the question of whether she wanted to see her father was a definite. Of course, they only wanted to see which lover had abandoned them, but they did not want to reunite with their father. “If your father was the emperor, what would you do?” This question made the two of them gasp.” Emperor?! ”

Was Master joking?

Next, Qi Xibei told them what she had heard.

Hearing that they might be related to the emperor of Longfeng Country by blood, the sisters were stunned. What kind of development was this?

After listening to everything, they fell silent.

“.. If we return to his side, will we be able to help you?”

After a while, Yue Yuan suddenly said.

Qi Xibei was stunned.” You..

“If we can help you, we’re willing to go back! “Moonfang nodded and made the most important decision.

Their reactions made Qi Xibei and Qiao Yanyu fall silent.

“We’re not...” Qi Xibei wanted to say something, but Moonfang said seriously, ””Master, don’t worry. We understand that you’re doing this for our own good! ”

Although they had not been master and disciple for long, they knew how well Qi Xibei treated them.

It had only been a few months since they had gone from being ordinary people to being martial artists now. However, their lives had undergone earth – shaking changes.

If not for Qi Xibei, they did not know what would have happened. They might have been snatched back and humiliated by others long ago.

Therefore, although they had saved Qi Xibei, Qi Xibei had brought them more happiness.

“Yes, if our father was the emperor, then we would be princesses! “Yueyuan was also a little excited.” If I become a princess, that would be great!”

“That’s right. After becoming a princess, you can eat whatever you want and have whatever you want. Isn’t that great?”

Qi Xibei silently watched the sisters excitedly talk about the benefits. After a moment of hesitation, he said, “However, you will also face many dangers.”

She told them about Long Jinying and the Jiang family. She didn’t want to hide it from them. If they were too naive and fell into their trap, it wouldn’t be good.

The sisters were a little surprised when they heard the danger, but they quickly shook their heads.

“It’s fine. You often told us that there’s no such thing as having the best of both worlds in the world. Besides, nothing ventured, nothing gained. It’s already very good that we can have such a life.”

“That’s right. We’re not children. We know what kind of danger we’ll face. We’ll protect ourselves.”

“Besides, no matter how bad the situation is, it can’t be worse than now, right?”

“No matter what, we’re princesses. There must be someone protecting the princess.”

Seeing the sisters’ serious expressions, Qi Xibei heaved a sigh of relief. “Alright, since you’ve agreed, let’s discuss what to do next.”

“Alright..”

Although they had confirmed their identities, they couldn’t just run to the Emperor and tell him that the sisters were his children.

He would be beaten out of the room!

Therefore, after a discussion between the few of them, which was actually just Qiao Yanyu and Qi Xibei’s discussion, they finally came up with a solution. After all, the two of them were more knowledgeable and had more tricks up their sleeves than the sisters.

A few days later, when one of the Emperor’s trusted aides was on a trip, Yue Ya was walking on the road with a painting in her arms when she was knocked over by

someone. Then, the painting fell to the ground and scattered, revealing the beautiful face inside.

“Mother!” Yue Ya cried out in alarm and hurriedly picked up the scroll.

However, that person was already stunned by the face in the painting.

This confidant was called Xu Qing Quan. He had followed the Emperor for many years and knew many things about the Emperor.

It could be said that if he was captured, the Emperor would lose one hand and one leg.

Of course, Xu Qing Quan’s strength was formidable, not what ordinary people could deal with.

Besides, he had the emperor behind him. Who would dare to mess around?

Moreover, he liked to travel around in disguise.

Today, the person in the painting had stunned him.

This person’s appearance! So familiar!

When he saw what the crescent moon looked like, he gasped.

This face was very similar to the woman in the painting, but the overall outline was also very familiar. It was quite similar to His Majesty!

Xu Qing Quan was shocked in his heart, but his expression remained unchanged as he carefully followed behind the crescent moon.

Soon, he arrived outside a courtyard and watched Yue Ya hurriedly enter.

He looked around, carefully gathered his Qi, climbed over the wall, and sneaked in.

This was a very ordinary courtyard. There was nothing unusual about it.

The little girl he saw earlier was holding a painting and entered with a worried expression.” Sister, Mother’s portrait is ready.”

“How is it dirty?” The voice of another little girl rang out.

Xu Qing Quan was shocked and carefully stuck his head in.

When he saw the faces of the two people inside, he was stunned.

They were actually twins!

And this appearance!

He was a little shocked and anxious, but he could only endure it.

"It fell to the ground just now and was almost stepped on!" The little girl from before snorted and took a handkerchief to wipe.

"Fortunately, I wasn't stepped on." Another little girl nodded. "If it's broken, we won't know where to find Daddy!"

Looking for her father?

Xu Qingyuan's heart shook violently, and his breathing changed.

Fortunately, the two little girls inside did not notice him and continued to discuss.

"Sis, can we really find that man?"

"What do you mean by that man!" His sister's face darkened. "That's our father!"

"I don't want to!" The younger sister frowned and was very unwilling. "I've never seen him before. Moreover, it's because of him that Mother has suffered all her life!"

"Younger sister, didn't mother say? He has his reasons."

"What difficulties could there be? We're already fifteen years old, and we haven't even seen him once!"

Fifteen years old?

Xu Qing Quan's heart jumped again, and his pupils constricted.

"Didn't Mother say it? Back then, she was in danger and was threatened by someone, so she separated from her father." His sister sighed. "Besides, we've gone through a lot to get here. We have to find someone and ask them, right?"

"Do you really believe what Mother said about danger?" His younger sister snorted coldly. "Don't you think that's Mother's excuse? That man is so irresponsible. Let's..."

"Crescent Moon!" His sister glared at him. "We haven't figured out the truth yet.. Don't spout nonsense!"

“You know what kind of life we’ve been living all these years. “The elder sister’s face was stern and dignified.” No matter what, we have to fulfill Mother’s last wish!”

“Sis!” The younger sister looked hesitant.” But we’ve been looking for him for so long. Can we really find him here?”

“Definitely!” The elder sister nodded.” Mother once said that our father is a very powerful hero! And he’s a very powerful person!”

“Hero...” the younger sister muttered softly.

“What did you say?”

“It’s nothing!” The younger sister looked up.” I was just thinking, should we hang Mother’s portrait out so that he can find us?”

Before the elder sister could speak, the younger sister shook her head.” No, that’s not appropriate. If he didn’t come, it wouldn’t be good if the person who had harmed his mother back then came looking for him.”

“Yes.” The elder sister nodded in approval.” This will be dangerous.”“

“What are you talking about?”

When Xu Qing Quan was eavesdropping seriously, he was shocked by the sudden voice and almost jumped up.

Fortunately, he was able to keep his composure. He only looked at the man and woman who suddenly appeared with lingering fear.

The man and woman looked ordinary, but their auras were different.

Most importantly, they looked very young.

They were so young, but he did not notice their appearance. This meant that they were powerful.

The sudden appearance of such a person made people suspicious of their intentions.

Moreover, there were two children who were suspected to be the Emperor’s daughters.

“Master! Grand Master! ”

The two of them turned around and shouted in unison.

“What’s wrong? Didn’t you go to get your mother’s painting?”

“Done.” The two of them nodded and showed the painting.” But what should we do next?”

“What do you mean?” The tall woman asked in a deep voice.

“How are we going to find daddy?” “Why don’t we find someone to make a few copies and then post them everywhere?”“

“Not good.” The woman shook her head.” This is the Imperial City. You can’t just casually put it up. Moreover, no one could guarantee that this would lead to any danger.”

“Yes.” The man nodded.” Besides, we might have enemies here. If he was followed up, it would be troublesome.”

“Then...What should we do?” The little girls were immediately dejected.

“It’s okay. Let’s take it slow. Anyway, you’ve already waited for so many years. Can’t you wait any longer?”Master smiled.

“Alright, let’s take it slow.”

Slowly? How could this be!

After listening to the conversation inside, Xu Qing Quan immediately became anxious.

Those two little girls are suspected to be His Majesty’s daughters. This is big news!

His Majesty did not have a son, and the throne had been coveted for many years. This was a huge worry!

Now that two daughters had suddenly appeared, they were heavenly treasures!

Moreover, he also discovered that these two little girls were not weak.

Most importantly, the master inside said that the sisters had only officially cultivated for half a year!

He had reached Level 2 in half a year. Wasn’t this progress and talent inherited from His Highness?

It would be even better if he could confirm that the sisters had dragon patterns on their bodies!

However, he couldn't just peep at the little girl changing her clothes. If she was really a princess, what he was doing would be so disrespectful!

Even if he wasn't a princess, he wasn't a pervert!

Fortunately, Xu Qing Quan quickly thought of a way.

Therefore, two days later, when the sisters went out, they were drenched by water falling from the sky..

Translator: 549690339

A bucket of water poured down. The people upstairs were immediately shocked. They rushed down to apologize and took the sisters in to change their clothes.

After all, there was still a distance to go back from here. How ugly would it be to walk back wet?

The sisters were furious, but since the other party was so polite, they could only endure their anger and go in to change.

The two of them were served to change their clothes. No matter what they said, they could not get the maidservant to leave. They could only endure and ask the other party for help.

Behind them, a few maidservants who had come to help were shocked when they saw the dragon patterns on their bodies. They almost tore their clothes.

After changing their clothes, the sisters went back.

The maidservants went to Xu Qing Quan to report the situation. After learning that the two of them really had dragon patterns on their bodies, Xu Qing Quan immediately became excited.

It's really His Majesty's child! And there were two of them!

Did the heavens take pity on His Majesty and send two children?!

Xu Qing Quan did not stop. He immediately wanted to rush back to the Emperor and tell him the good news.

However, on the way, he met a youth who was beaten up.

The young man was only in his teens. He did not know how he provoked those bad people and was surrounded and beaten by them.

During the beating, his clothes were torn apart, revealing his thin waist.

Then, Xu Qing Quan stopped in his tracks.

That was because there was a familiar dragon pattern on the youth's body!

"Stop!"

Xu Qing Quan immediately went forward and chased this group of people away.

The young man covered his swollen face and looked at the middle-aged man in front of him with difficulty. "You..." Who are you?"

Xu Qing Quan's expression was ugly. This was also what he wanted to ask. "Who are you? Why were you beaten up by them?"

Those who had dragon patterns on their bodies were all descendants of the royal family. However, Xu Qing Quan had never seen this youth before. Moreover, from his cowardly appearance, he did not look noble at all.

"Me?" The young man's tears quickly fell. "I was originally here to look for my father, but I didn't expect to be robbed of my money and beaten up by them!"

"Looking for Father?"

Xu Qing Quan's heart jumped. Why was there another one looking for his father?

"Who is your father?"

"I don't know." The young man shook his head. "Before my mother died, she said that my father was the most outstanding man. As long as I see him, I will be able to recognize him!"

The most outstanding man?

Xu Qing Quan's mind was in turmoil, but he did not show it. "I'm more familiar with this place. Let's find a place to talk slowly. Maybe I can help you find your father?"

"Really? That's great!" The young man immediately became excited and left with Xu Qing Quan.

Soon, Xu Qing Quan learned about the situation from the youth.

The young man was fifteen years old this year. He had been relying on his mother for survival. His mother had passed away not long ago, and before she passed away, she asked him to come here to look for his father.

His mother didn't tell him what his father looked like. She only said that his father was a very noble person.

Looking at the young man's childish face and his slightly flickering eyes, a very terrifying thought surfaced in Xu Qing Quan's heart.

This young man's father was also His Majesty?

But this was impossible! Although His Majesty was sentimental, it couldn't be such a coincidence!

Xu Qing Quan asked some more questions in detail. The youth seemed very innocent. He didn't shut his mouth and answered everything he asked.

The more he asked, the clearer Xu Qing Quan's thoughts became, and his heart was in turmoil.

This was because the mother that this young man was talking about was actually the same person as the mother of the two sisters!

As an elder who had been by the Emperor's side for so many years, Xu Qing Quan immediately understood that there was definitely a problem here!

However, he did not act rashly. Instead, he first settled the youth down, then returned to the Imperial Palace and told the Emperor about the matter..

Chapter 2325: Chapter 2328-Speculation

Translator: 549690339

As the emperor of Longfeng Country, Planet Longjin was confident that he could control the entire country.

However, after learning that he could not have children, he realized that the situation had changed subtly.

The people below began to move.

Of course, these abnormal movements were not too big of a problem for him. As long as he spent some effort, he could suppress them.

However, he still couldn't help but feel sad.

After all, as an emperor, it was simply too tragic that he could not have any descendants.

However, his previous children had all died because of various things.

Now, no matter how much medicine he used, he could no longer have children.

After so many years, he was already in despair.

Therefore, when Xu Qing Quan told him that he had one or two fifteen-year-old children, he was stunned.

His Majesty, who had always been confident of victory, almost fell off his chair!

“What did you say? Say it again?”

Long Jinxiang looked at his trusted aide, feeling that he might have heard wrongly.

Or perhaps, he was lying to her!

Long Jinxiang's face darkened at the thought, and his aura changed.

“Your Majesty, I found a few children with dragon patterns on their bodies. They were both fifteen years old, but according to them, their mother...It should be Li Qinghe, whom you favored sixteen years ago.”

Xu Qing Quan immediately said in a deep voice. His attitude was correct and his expression was serious. He did not seem to be joking at all.

Long Jinxiang took a deep breath and suppressed the shock in his heart.” How many children?” What do you mean?”

As the emperor, he quickly recovered from the initial surprise. After all, he had experienced too many things.

Although he was happy that he had a child, he could not be careless about his children.

He also noticed that Xu Qing Quan's reaction was a little strange.

“This is exactly what I wanted to say.” Xu Qing Quan cupped his hands and slowly told him what he had encountered.

His tone was gentle and clear. He told her everything that had happened in the past two days without hiding anything.

After listening to his explanation, Planet Long Jin's mood changed from shock and joy to confusion.

He actually had three children.

But from what Xu Qing Quan said, there must be one party that was fake.

Planet Longjin understood this as well. After calculating the time, only Li Qinghe's time matched.

She should only be able to give birth to one or two children. It was impossible for her to have three children.

"Then which side do you think is fake?" He asked in a deep voice.

"I dare not make wild guesses." Xu Qing Quan lowered his head. "That's why I told you about this, Your Majesty."

Long Jinxing understood what Xu Qingquan meant.

This matter was of great importance and was not something that Xu Qing Quan could decide alone.

"Then tell me your opinion."

"I feel that the twin sisters are more like the real thing."

"Oh? Why?"

"There are several reasons. First of all, I found them myself. Even if I wanted to fake it, it wouldn't be such a coincidence."

"Won't they know your identity and put on an act in front of you?" the Emperor asked.

"That's possible. After all, that's what the young man did. However, when I met the sisters, I was disguised. No one could recognize me."

Long Jinxing immediately understood."

"Secondly, I feel that if I want to harm Your Majesty, I shouldn't have brought out the sisters.. After all, it would be troublesome if the two of them had to speak the same words!"

Chapter 2326: Chapter 2329 -Jiang Clan

Translator: 549690339

After the Jiang Clan sent the youth out, they did not dare to contact him again.

After all, Planet Longjin wasn't easy to fool. If they found out that they were in private contact, they would definitely find out that there was something wrong!

They had spent so much time to create a 'child' on Planet Longjin. How could they let all their efforts go to waste?

Therefore, after the youth was brought into the residence by Xu Qing Quan, they did not act rashly anymore.

However, he did not expect that there was still no movement over there after so many days.

"It can't be that Xu Qing Quan kid playing tricks, right?"

A middle-aged man from the Jiang family said with a stern expression and displeasure.

"I won't." The other man shook his head. "Xu Qing Quan is the most loyal lackey of that person. When he encountered such a thing, he definitely wouldn't dare to hide anything."

"But it's been a few days. Why hasn't there been any news? You must have recognized him by now, right?"

They had not only done superficial work, but they had also spent a lot of effort to make the young man flawless from beginning to end. Even if Planet Longjin wanted to check, they would not be able to find any problems.

As long as they did not give themselves away, they would not be discovered.

"That's right. Logically speaking, he should have known by now!" The others frowned.

In their plan, after the young man was discovered by Xu Qing Quan, he would quickly realize that his identity was different and then bring him to Planet Longjin.

Once the young man arrived in front of Planet Longjin, his identity would be confirmed very quickly.

At that time, the young man would be the only son of Planet Longjin and the only heir of the country.

After a few months, when things had calmed down, they would contact the young man. At that time, he could carry out the next step of the plan.

They had a good plan, but there was still no news from Planet Longjin.

“How about... Should I ask his highness?” They carefully suggested.

Long Jinying was the mastermind behind this matter. If they wanted to understand the situation, they would have to look for him.

“Don’t.” The leader of the group, the old man of the Jiang Clan, shook his head.”

Before we know the situation, we can’t act rashly. We can’t contact His Highness either, lest we expose ourselves.”

“But...”

“No buts! Let’s wait and see!”

Since the old master had spoken, everyone could only nod.

Soon, the few of them dispersed.

After they left, a man walked over.” Father.””

“What’s wrong? Why aren’t you resting in your room? What are you doing here?”The middle-aged man looked at his son kindly.

If Qiao Yanyu and Qi Xibei were here, they would definitely recognize the man.

This was the Jiang Rongguang who had brought them here!

Jiang Rongguang was the son of the man in front of him, but the father and son had not seen each other for many years.

Although both of them looked middle-aged, they were indeed father and son.

After returning, Jiang Rongguang received his father’s love.

“I’m fine now.” Jiang Rongguang looked sincere.” I also want to help my family.”

“I don’t need your help.” His father shook his head.” We have already made arrangements. Just relax.”

“Alright then.” Jiang Rongguang nodded helplessly.” Father, I want a few people. I want to find someone.”” “Alright, you can choose your own people.”

“Alright, thank you, Father!”

Jiang Rongguang was very happy. His injuries were more serious. He had rested for a long time and had only recovered now.

After he recovered, he finally had time to look for Qiao Yanyu and Qi Xibei.

Although he hoped that they were already dead, he could not rest assured until he was sure that they were dead..

Jiang Rongguang quickly found a few people. He even drew portraits of Qi Xibei and Qiao Yanyu and asked them to look for them based on the portraits.

However, this was not the information age after all. It was not that easy to find someone.

However, Jiang Rongguang was not in a hurry. As long as he could find the person, it would be fine.

What he cared about more was the big plan that the family had planned.

He had been away from home for many years and had already left the center of the family.

Now that he was back, he could not allow himself to be excluded.

Therefore, while he was searching for Qi Xibei and Qiao Yanyu, he spent time trying to understand the situation.

Although this matter was very important and no one would spread it, he was still a member of the Jiang family. His father did not hide it from him and slowly told him about it.

After figuring out the Jiang family's plan, Jiang Rongguang was stunned.

The clan's plan was too big!

However, he was also very happy. If he really succeeded, the Jiang Clan would be completely different! If he could help, that would be even better! A few days later, he really received a mission from his family. The family head had asked him to contact that youth!

Because the young man had sent a message saying that he had something to tell them.

When Jiang Rongguang received this mission, he was very excited. Only by being accepted by the family would he be qualified to participate in this kind of thing.

After all, the young man's identity was different. No one dared to act rashly.

Now, he had received such a mission. It was simply too great!

Therefore, he quickly made his preparations and carefully contacted the young man.

After learning that everything was going smoothly on the young man's side and that he was just waiting to reunite with the Emperor, the entire Jiang Clan heaved a sigh of relief.

However, he didn't expect that the Emperor would summon the head of the Jiang family into the palace a few days later.

This sudden edict shocked the Jiang Clan.

Had he been exposed?

This thought flashed through everyone's mind, and they all laughed. How could they be exposed so easily?

Soon, the head of the Jiang family brought a few people into the palace.

Everyone in the Jiang family was waiting at home for the return of the patriarch.

However, they did not expect that what they had been waiting for was bad news-the family head had been killed!

At the same time, the Jiang Clan was surrounded by the Royal Guards!

When they realized that they were surrounded outside, the entire Jiang Clan was dumbfounded and then shocked.

What was going on?

However, before they could resist, they were suppressed by the royal guards who rushed in.

The Royal Guards were not weak, and they had dispatched many experts. In addition, they had brought many spirit weapons and medicines, so they quickly captured the Jiang family.

No matter how powerful the Jiang Clan was, they could not compare to the Emperor's power.

When they realized that they had been captured, everyone was dumbfounded and begged for mercy.

“Sir, may I ask what happened? The entire Jiang Clan is loyal to His Majesty! Was there a misunderstanding?” The eldest son of the head of the Jiang Clan cried out in pain.

“There is no misunderstanding.”

“Bring them all back!” The leader of this operation said coldly.

“My lord!”

“We’re innocent!”

Everyone cried out in alarm, but they were unable to change their fate.

When they were locked up in prison, they were still puzzled. What went wrong?!

This question was quickly answered.

A few days later, even the prison guards were very happy.

Listening carefully, it turned out that the emperor had found his biological child and was now announcing it to the world!

This news made the entire Jiang Clan happy for a while, but it quickly turned into horror.

Because the jailers said that the emperor’s children were a pair of twin sisters!

Twin sisters? Then where was the youth they had arranged?

The entire Jiang family was stunned by this news.

Although they had been captured, they still had hope in their hearts. After all, they still had two ways to retreat.

First, it was Prince Long Jinying, and then the young man they had arranged.

As long as the two of them were fine, even if the Jiang Clan was in danger, it would not be too much of a problem.

However, why did a pair of twin sisters suddenly appear?!

Where was the young man they had arranged?

What exactly happened here?

Also, what about His Highness? Something happened to His Highness?

Everyone was panicking.

It was only at this moment that they understood that the glory and wealth they had thought of back then were not so easy to obtain.

They had always felt that as long as they worked hard, they would have a different kind of beauty.

However, they did not expect that when the Emperor really made a move, they would not be able to withstand a single blow!

The Jiang Clan was indeed one of the most powerful clans in Longfeng Country. However, no matter how powerful a clan was, they were like ants in front of a

country. They had no ability to resist at all.

When the Emperor really wanted to settle scores with them, no matter how eloquent they were, the Emperor would not pay attention to them!

“What should we do?”

“Are we really going to die?”

In the prison, hundreds of members of the Jiang Clan were gathered together, shivering.

They were all wearing various shackles that suppressed their strength, turning them into ordinary people.

There were many guards outside. The security was tight. Even a fly could not enter.

The head of the Jiang Clan and important figures were not in this prison. They were imprisoned elsewhere.

Jiang Rongguang looked at the disheveled clansmen around him, his heart filled with absurdity and disbelief.

He had worked so hard and used so many methods to get home. He had finally recovered from his injuries and wanted to show off his skills.

Then he ran back here...Why?

Jiang Rongguang's mind was blank, his hands and feet were cold, and he was muddleheaded.

When he returned home, he should have been rich and had an endless lifespan!

Why did it become like this?

Jiang Rongguang gasped as he looked at his clansmen who were crying, shouting, or jumping. His vision went black and he fell back.

By the time he woke up, everything was set in stone.

As soon as the verdict was announced, the prison was filled with tears.

However, no matter how much they cried, there was nothing they could do.

When Jiang Rongguang was brought to the execution ground, his heart was still filled with absurdity.

How did things turn out like this?

He looked around the execution ground in a daze and saw many onlookers.

Suddenly, his eyes froze.

He looked at the man and woman not far away in front of him. His eyes widened in disbelief, and his chest rose and fell rapidly because of fear.

"You, you, you, you..."

"You what you!"

The executioner behind him pressed him down and raised the butcher knife in his hand.

Jiang Rongguang tried hard to raise his head and finally saw the two extremely beautiful faces. The two of them looked energetic and outstanding. Even when they stood among a group of ordinary people, they did not lose their composure.

They met Jiang Rongguang's gaze and revealed a meaningful smile.

"It's you guys-"

Jiang Rongguang's eyes were about to pop out. A flash of inspiration flashed in his mind. He finally understood the reason why the Jiang family would end up like this.

However, no matter how much he understood, he could not stop the butcher's knife that was falling from behind.

He screamed and stopped breathing..

Qiao Yanyu and Qi Xibei both heaved a sigh of relief when they saw that Jiang Rongguang's head had fallen off and that there was no possibility of him being resurrected.

He had finally gotten rid of Jiang Rongguang!

They had worked hard for so long and finally solved this big problem in their hearts!

In fact, they had wanted to tell Jiang Rongguang the truth so that he would know how the Jiang family had fallen to such a state.

However, this thought flashed across his mind and was immediately rejected.

As the saying goes, villains die from talking too much.

Whether he was a villain or not, he died from talking too much.

They only wanted Jiang Rongguang to die, not themselves.

If Jiang Rongguang knew that they were here, he would definitely tell others about their origins.

If others knew that they came from another world, they would be in huge trouble.

Therefore, both of them shut their mouths.

However, Jiang Rongguang's shocked and confused expression before his death made the two of them satisfied.

Letting him die in confusion and anger was another form of revenge.

This matter was actually related to them.

They had put in a lot of effort to help Yueya and Yueyuan acknowledge their ancestors and solve the Jiang family's problem.

Because of the appearance of the two sisters, the Emperor and Xu Qing Quan began to suspect the identity of the youth who appeared later. After all, compared to that young man, the two sisters were less threatening, and they seemed more real.

After sowing the seeds of doubt in their hearts, things became easier.

In order to lead their suspicions to the Jiang family and Long Jinying, Qi Xibei and Qiao Yanyu had done many things behind their backs.

For example, they had privately informed the Jiang Clan that the youth had something to contact them about. At the same time, they also sent a letter to the young man in the name of the Jiang family.

After that, the Jiang Clan sent someone to contact the youth.

However, they did not expect the Jiang Clan to send Jiang Rongguang.

Although the Jiang Clan was very cautious, how could they hide the things that the Emperor wanted to know?

After all, the emperor was the emperor and controlled the power of the entire country.

Although there were many small movements below, he was not in the mood to pay attention to them. When he really wanted to pay attention to it, no one else could escape.

Very soon, the Emperor found out everything and was furious.

He knew that someone was coveting his throne, but he did not expect them to use such a method!

He actually wanted to find someone to disguise as his child and then give him a ruthless blow!

Not to mention that they were still developing all kinds of terrifying drugs just to control him!

Unforgivable!

As a result, Prince Long Jinying, who had planned this, and the Jiang family, who had participated in this matter and was the main force, were arrested. Long Jinying had many masters around him, but no matter how many masters he had, they couldn't compare to the power of the emperor.

As for the Jiang Clan, it was even simpler.

As long as the Emperor gave the order, could they still resist?

After the execution of the Prince and the Jiang Clan, Longfeng Country was also in turmoil.

But now that the Emperor had two daughters, he was in high spirits and was no longer as dispirited as before. He quickly suppressed the turmoil.

As for the Yueya and Yueyuan sisters, they had officially become the princesses of Longfeng Country.

From then on, the two of them had many more guards around them, as well as palace maids and nannies who were in charge of various matters. At the same time, they had many more masters.

Of course, no matter how many masters there were, they could not replace Qi Xibei's position.

Long Jinxing was very grateful to Qi Xibei for taking care of his two daughters, so he told her to make her request. Qi Xibei's requirements were not high. He only wanted array techniques..

Chapter 2330: Chapter 2333-Returning (End of Main Text)

If he wanted to return to his original world, he had to learn array formations.

And the cultivation method of array formations was only available in high-grade countries.

Qi Xibei had discovered some arrays before, but those were only low-level arrays. They were not on the same level as arrays that could travel through time and space.

The array was one of the reasons why they had worked so hard to let the crescent sisters return to the royal family.

Long Jinxing was also stunned when he heard that the two of them wanted a formation.

"Formation...It's not easy." "I might not be able to improve even if I spend decades," he said seriously."

If arrays were so easy to learn, there wouldn't be so few array masters until now.

One had to know that Longfeng Country was an upper-class country with many experts.

However, there weren't many array masters.

However, the royal family's array techniques were still well preserved.

"It's okay. We'll work hard." Qi Xibei and Qiao Yanyu had the same attitude.

No matter what, they had to work hard.

Even if they couldn't go back, they had to fight it out!

"Alright, since you are so determined, I will comply."

Long Jinxing immediately made the decision and ordered his men to bring the two of them to the royal library.

There were all kinds of cultivation techniques inside.

Considering what they had done, they were allowed to enter and leave Planet Longjin as they pleased. At the same time, it also provided them with a cultivation place with abundant spiritual energy.

After all, they had brought back their children.

With the emperor's permission, Qi Xibei and Qiao Yanyu began a new cultivation journey.

When Yue Ya and Yue Yuan came to find them, they could only meet them twice out of ten times.

Now that the Yueya and Yueyuan sisters had someone to rely on, Qi Xibei felt relieved and only wanted to go back.

Originally, she wanted to go back to her original sect to take a look, but she

received news that the sect had already disappeared ten years ago.

There were not many people in their sect to begin with. The important members were her master and the two of them. Her master had passed away long ago, and her disciple, Yang Mo, had harmed her. Her junior brother had also passed away.

Now that she was with her junior brother, Qiao Yanyu, it didn't make any difference whether she went back or not.

In another world, there were more people and things that they cared about.

In the next two years, the two of them rarely went out and buried themselves in cultivation.

When the Yueya and Yueyuan sisters had completely stabilized their positions in the palace, the two of them finally came out of seclusion.

When they heard that they had taken the initiative to look for them, Yueya Yueyuan and Liu Yiya, who had come not long ago, their hearts skipped a beat.

It was time to part!

As expected, Qi Xibei and Qiao Yanyu came over with complicated expressions.

Happiness, anticipation, reluctance, and nervousness.

“Master.” Crescent Moon tried her best to smile.” No matter where you are, you must remember that we miss you!”

After two years, they had all guessed what Qi Xibei and Qiao Yanyu were doing.

This was because they were learning formations related to time and space.

It had to be said that the two of them had amazing talent. They quickly mastered formations that others did not know.

In just two years, the two of them had made great progress.

Even Planet Long Jin was stunned by their learning speed and wished they could stay.

However, they all firmly refused.

Qi Xibei was stunned when he heard his disciple’s words. He took a deep breath and smiled.” Don’t worry, I’ll miss you.””

“I’ll miss you too!”

Yueyuan had already rushed up to hug Qi Xibei and cried. Liu Yiya did not want to fall behind.

A few days later, after everything was arranged, Qi Xibei and Qiao Yanyu held a stone and stood in the middle of the array that they had drawn. They waved at the disciples outside.

“You must be well! I’ll come back to see you when I have the chance!”

There was a flash of light, and the two people inside disappeared.

The three senior sisters hugged each other and cried their hearts out.

In another world, a bolt of lightning streaked across the sky above a deserted island. In the next second, two figures appeared on the ground.

Qi Xibei and Qiao Yanyu looked up at the planes flying by in the sky and then at the familiar scenery around them. They hugged each other, tears streaming down their faces.

They're back!

Chapter 2331: Chapter 2333-Side Story (1)

The weather was hot, but SY Company's office was icy cold.

Beast Taming: I Can Even Breed Gods and Demons

"Brother Pan, 'Best Buddy' rejected our company's artiste."

"Brother Pan, 'Extraordinary Rankings' has pushed back Sister Qiao Na's schedule. They said that they have already made arrangements."

"Brother Pan..."

Pan Yan was expressionless as he listened to the employees' careful reports.

"Alright, I understand. You guys can leave."

The few employees heaved a sigh of relief and quickly left.

After leaving the office, they exchanged a helpless look.

The company's current situation was a little bad!

They had no choice. Who asked the other companies to join forces to suppress SY Company?

Most importantly, their head actress and the Godly Sea Steadying Needle, Qi Xibei, had not appeared for a long time.

Now, the artists who had been suppressed by Qi Xibei finally had the idea of making a comeback.

If those companies worked together, SY Company would have a headache.

“Brother Pan, I heard that quite a few programs have rejected our artistes?”

Pan Yan was fretting in his office when a young woman walked in.

“Yes.”

Pan Yan looked at the young Song Jiaren with a helpless expression.

After getting confirmation, Song Jiaren was instantly furious. They are determined to make things difficult for us!”

Song Jiaren was currently doing an internship. She was originally studying another major, but in the end, she came to SY for an internship.

Although it was an internship, she knew Pan Yan, so she had some backing.

SY Company was Qiao Yanyu and Qi Xibei’s company, and they wanted to develop the company for the better.

However, in the past two years, the company’s development had not been smooth.

Originally, Qi Xibei had laid a very good foundation, but two years ago, Qi Xibei and Qiao Yanyu had disappeared without a trace. They had searched for a long time but could not find them.

Although Qi Xibei had left behind some works, she had never shown her face. She had said that she would not be in the entertainment industry, but now, she had retired from it.

No matter how outstanding a person was, if they did not have enough appearances, they would be forgotten.

As a result, Qi Xibei’s influence gradually weakened.

The other companies did not dare to make any big moves. If Qi Xibei was angry and came back, they would not be able to handle it.

However, because Qi Xibei had not appeared for too long, they gradually let down their guard.

After some discussion, they decided to join forces to suppress SY!

Right now, SY Company’s best artists were Mu Qiaona and Gu Lan. The two of them had been growing with the company.

Some of the other artistes who were signed later were poached by other companies.

The most infuriating thing was that other companies had even joined forces to snatch away the opportunities for their artistes to participate in the event!

Although SY Company had financial support, it was not a good feeling to be dealt with by so many companies.

Especially Lu Tianqi's company, which was their arch-enemy.

Pan Yan shook his head and sighed." It's fine. Let's continue to work hard. I don't believe that they can cover the sky with one hand!"

"If Bebe was here, how would they dare to act so arrogantly?"Song Jiaren said.

Speaking of Qi Xibei, the two of them stopped, looked at each other, and sighed.

She didn't know what had happened to Qi Xibei and Qiao Yanyu, but there was no news about them.

Just as the two of them were in a low mood, Song Jiaren's phone rang.

"Luo Luo?" Song Jiaren picked up the phone. "What's the matter..." What?"

Her expression changed and her voice was extremely sharp..

Chapter 2332: Chapter 2335-Side Story (2)

Translator: 549690339

'Extraordinary Chart' was a music chart show. Every episode, there would be singers performing and promoting their songs.

The singer for this episode was Lu Tianqi.

After jumping down from the stage, Lu Tianqi took the tissue from his assistant and wiped the sweat off his face. He looked exhausted.

"Sister Qi, you're amazing!" the assistant praised sweetly. The audience and fans below were extremely excited! If the security guards hadn't stopped them, they might have rushed up!"

Lu Tianqi smiled reservedly and didn't say anything. He was just in a good mood.

The assistant followed behind him." Tomorrow is the recording of

'Indomitable'. The company has already made preparations..."

Lu Tianqi was in a good mood as he listened to his assistant's chatter.

With so many jobs, it meant that she was famous.

Although many of these resources were bought by the company, she would sooner or later live up to her name and become the most popular idol! “.. Tomorrow, SY Company's Gu Lan will be joining you...”

The familiar name made Lu Tianqi frown and look coldly at his assistant.

The assistant was shocked.

“I don't want to see SY.” she said directly.

“.. Alright, I'll tell Brother Qiang.”

Brother Qiang was Lu Tianqi's manager. He had something to do today, so he didn't come along.

After giving the order, Lu Tianqi continued to walk forward.

The assistant's mouth twitched, and his expression was twisted.

Everyone knew that Lu Tianqi hated SY.

SY was Qi Xibei's company after all!

Back then, Qi Xibei had severely criticized her. If it weren't for her family's financial resources, Lu Tianqi would have left the industry long ago.

After all, not everyone could go against their conscience and praise her for being amazing.

Now that Qi Xibei had not been heard from for a long time, everyone in the entertainment industry was starting to get restless again.

It was strange. Qi Xibei did not receive many awards, but she was feared by everyone.

Of course, Qi Xibei himself was a monster.

Lu Tianqi and Qi Xibei had the deepest grudge between them, so she had spent a lot of effort to suppress SY's artists. SY artistes were not allowed to attend any of her events.

It was also because Qi Xibei was not around. Otherwise, she would not have been so arrogant.

Unfortunately, he did not know where Qi Xibei had gone. He had not made any movements for a long time.

After such a long time, even if she came out again, there shouldn't be many people who would remember her, right?

The next day, the assistant followed Lu Tianqi to the recording studio of Indomitable."

The show was still as strong as ever, and the audience was still as large as ever.

Moreover, the brutality of this show was increasing day by day. The various activities made the participating artists complain endlessly. However, this show's viewership ratings were too good. No matter how much they complained, they would not give up on this opportunity.

Although it was a little bitter, it could still attract fans!

Today, the guests were all prepared and had arrived at the venue.

There were ten quests for this episode. When they arrived at the scene, everyone realized that there were only nine people.

What about the other one?

Coming out so late meant that their status was different!

The guests could not help but guess the identity of this big shot.

Lu Tianqi was in a better mood when he didn't see SY's Gu Lan. However, the guest who didn't appear put her in a bad mood.

Who could be more popular than her? She couldn't even become a special guest, so who was qualified?

After waiting for more than ten minutes, just as everyone was getting impatient, a car drove over.

The cameramen also perked up and excitedly aimed their cameras at the car.

Lu Tianqi vaguely saw the person in the car and his heart skipped a beat.

When the car door opened and that peerlessly beautiful face appeared in front of everyone, everyone gasped.

Qi Xibei?!"
